"Cancer: The Winners" Cable TV Special Thursday

On Thursday, March 31st—the eve of the 1983 Cancer Crusade—the ACS, the National Cable Television Association and Turner Broadcasting Systems will once again join forces to present a very important program, a 60-minute TV special entitled "Cancer: The Winners." The show will be telecast live during prime time (8:05-9:05 p.m., for Hansford County area cable viewers) on cable channels all over the country.

"Superstation" WTBS of Atlanta will originate the program and carry it via satellite to cable operators throughout the country.

Three Americans who survived cancer to regain active lives will be the subject of "Cancer: The Winners." The program, which is the third annual to be sponsored by the American Cancer Society, the National Cable Television Association and Turner Broadcasting Systems, will also air several other national cable systems during the first week of April.

Profiled will be Cleveland radio personality Rena Blum-

berg; mountain guide Glenn Exum; and American League umpire Bill Kunkel. Blumberg had a mastectomy five years ago, followed by two years of intensive chemotherapy when it was discovered that the breast cancer had metastasized. Exum, in his 70's, climbed the Grand Tetons again, one year after surgery for prostate cancer, on the 50th anniversary of his first ascent. Bill Kunkel was operated on for colorectal cancer in the fall of 1981 and was back behind the plate for the 1982 season. Their stories, told through filmed reports and in-studio interviews, are examples of the advances being made in treating and rehabilitating cancer patients today.

The show will be hosted by Bob Neal, WTBS broadcast personality. Joining Neal in the interview segments will be Willis J. Taylor, M.D., president of the American Cancer Society and head of Radiation Oncology at the Virginia Mason Hospital and Mason Clinic in Seattle, Washington. Members of a studio audience will be able to ask questions also.

Want to save money on desserts your family will love? Keep cocoa pudding mix on hand for economical, delicious chocolate puddings.

Just one cup of unsweetened cocoa is enough to make twelve servings of chocolate pudding...and that's real economy, especially if you have a whole family of chocoholics!

To make the mix, simply combine one cup Hershey's Cocoa, two cups sugar and two-thirds cup cornstarch until well blended. Store this mix in a covered jar. When you need a hurry-up dessert, for each serving use one-fourth cup of the powder, two teaspoons butter or margarine and one-half cup milk. Combine the ingredients in a saucepan, then stir constantly over low heat until the pudding thickens and bubbles. Pour into serving dishes, cool and chill until ready to serve. Add a dollop of whipped topping, if desired.

Dahlia Flower Club Meets

The Dahlia Flower Club met Mon., March 28 at the Hansford Library. Nelle Evans, president, called the meeting to order. The Pledge of Allegiance was given in unison. Roll call was answered with a Flowering Weed. The slides from the Texas Highway Dept. on Flowers of Texas were shown by Nelle Evans. Each slide was explained and discussed.

Cleo Denman brought a lovely arrangement of daffodils.

At the close of the meeting lovely Italian Cream Cake and coffee were served to the following members: Hollie Riley, Cleo Taylor, Mabel Edwards, Nelle Evans, Cora Smith, Margaret Shedeck, Ruth Mary Whitson, Sada Hoskins, Hazel Loftin, Martha Batton, and Myrna Biggers.

The next meeting will be April 11th with Ruth Mary Whitson.

Spearman Music Club Meets

The Spearman Music Club, a member of the State and National Federation of Music Clubs, performed for the Twentieth Century Club at the First United Methodist Church on Thursday, March 24th.

Janie Kunselman and Audrey Leighnor began the program with a piano and organ duet entitled "Christ Arose." The club chorus, consisting of Myrna Biggers, Fran Glass, Sammie Goehring, Janie Kunselman, Celia Krug, Audrey Leighnor, Bonita Reimer and Margy Schoenhals, then sang "Were You There," "Easter Song," and "I Believe." Sammie Goehring closed out the program with a violin solo "A Perfect Day" accompanied by Janie Kunselman.

The next meeting will be at 7:30 p.m. on Tuesday, April 5th at the home of Mary Brock. The District President of the Federation of Music Clubs, Mrs. J.B. Caraway, will be at this meeting and present the program.

Reps. Buchanan & Clark win milking contest

Gem and Sweetie are cows, not lobbyists, but they captured a lot of attention in the state capitol.

The two prize-winning Jerseys were the prime players in a cow-milking contest between the state Senate and House that was staged to kick off Texas Agriculture Week.

In the end Monday, State Reps. J.W. Buchanan, D-Dumas, and Jerry Clark, D-Buna, were the hands down winners. The two representatives pulled out a decisive victory over the team of Sens. Bill Sarpallus, D-Herford, Ted Lyon, D-Mesquite, and Bill Sims, D-San Angelo.

For finishing second in the two-team race, Agriculture

Commissioner Jim Hightower presented each of the senators with copper cow bells signifying the "Ding-A-Ling" Award.

C-Days A-Comin!

C-Days A-Comin!

What are "C-Days"? Here in Hansford County, these will be the special days when American Cancer Society volunteers will ring the doorbells of friends and neighbors as part of a month-long educational and fund-raising Cancer Crusade which begins April 5th and lasts through April 20th for our area, according to Mrs. Pat Holt, Gruver, Crusade Chairman for the Hansford Unit said today.

A special feature of C-Days will be the distribution of a new ACS pamphlet, "Check Your Health." This little red, white, and blue pamphlet might help save some lives right in our Hansford County area it was noted. "It offers a quiz on one's risk of developing cancer. The risk increases with age, and it depends on lifestyle, and one's medical history," she said. "The

folder contains different questions for men than for women, and also lists safeguards that anyone can observe to improve the chance of not getting cancer."

C-Days also will provide an opportunity for people to contribute toward the support of the Society's overall cancer control program, which include research, public and professional education and patient services and rehabilitation.

"This is an important year in cancer control because the Society has launched a massive study concerning the relation of lifestyles and the environment to cancer," Mrs. Holt said. "We urge everyone to take action against cancer. Join the C-Day volunteers!"

Don't forget to cast your vote during April for a cure for cancer—give when a volunteer calls on you anytime from April 5 through April 20.

Tennis Boys Win Meet

The Annual Spearman Invitational Tennis Tournament was held over the weekend, March 25 and 26, with the Lynx team doing a whale of a job. The Tennis teams, both boys and girls, are coached by John Roller.

The Team Champion was the Spearman Lynx with 35 points, Dalhart was 2nd with 28 points, Gruver was 3rd with 25 points, Perryton was 4th with 15 points, Canadian placed 5th with 3 points, and those teams that did not score at all placed 6th, were River Road, Stratford and Sanford-Fritch.

In the Semi-final of the Singles Dalhart's Gentry defeated King of Gruver with a score of 6-3 and 6-1. Then Beasley of Perryton defeated Cooper of Gruver with a 6-1 and 6-3 set match.

In the Consolation Singles Final, King defeated Cooper by default—both of Gruver. In the Singles Finals, Gentry of Dalhart defeated Beasley of Perryton in a very tough hard 3-set match, 6-2, 3-6 and 6-0.

The Doubles were very exciting to watch. In the first Semi-final Doubles Match, Mark Pearson and Ross Donahue, Sophomore Lynx Stars, teamed up to defeat Martin and Duncan of Gruver with a 2-set match of 6-2 and 6-2. In

the other Doubles Semi-final, Jay pack and Greg Meek—both Senior Lynx Stars, defeated Welch and Fields of Dalhart in one of the tougher matches played all day with a 3-set match of 2-6, 7-5 and 6-3.

In the Consolation Doubles Final, Martin and Duncan of Gruver defeated, soundly the Dalhart duo of Welch and Fields with a 2-set match of 6-2 and 6-3. In the Doubles Finals, JAY PACK and GREG MEEK defeated the Championship team of ROSS DONAHUE and MARK PEARSON with a 3-set match consisting of 2-6, 6-2 and 6-4!!

Coach Roller was proud of his Boys Tennis teams!! Winning the Team Championship is an honor, but it is a greater honor to win the Team Championship at your own Tennis Meet, especially with all that fine talent up against you!! The Tennis teams will be competing in the Amarillo Relays this weekend on April 1 and 2. There will be even more challenging, talented opponents against the Spearman teams, so they will have to work twice as hard to win!!

Congratulations to Jay Pack and Greg Meek for winning the Doubles Championship and to Ross Donahue and Mark Pearson for winning the 2nd Place Trophy!!

Volunteers needed for rape crisis and domestic violence program

The newly merged agencies of Rape Crisis and Domestic Violence of Amarillo, will hold their 1983 Volunteer Training Programs from April 18 through May 12 at Amarillo College.

Volunteers are needed from all area towns to train and begin counseling with victims of Rape and Sexual Assault within their own communities. Men are especially needed to counsel with fathers and husbands of rape survivors

and to work with male children of sexual abuse of assault. Other volunteer assistance is needed for the Speaker's Bureau and the Court Observer programs.

Some of the events scheduled for this year's training include a simulated rape—from the first contact through the Mock Rape Trial; Police and court room procedures; Psychology of people in crisis; Dynamics of incest and the Sexually abused child; the

battered spouse—myths and realities; and the history of domestic violence.

Eligibility requirements for volunteers are successful completion of the training program and must be 18 years of age or older. Each applicant must complete an application, furnish references and pass a screening process.

Volunteers may elect to serve with either the Rape Crisis or the Domestic Violence Program.

Many area professionals donate their time to assist in the Rape Crisis/Domestic Violence Center's training, and this years team promises to be

the best ever. All volunteers will receive continuing education credits from Amarillo College on completion of the training.

For further information regarding volunteer applications and requirements contact Carole McDaniel for the Rape Crisis program or Elaine Basham for the Domestic Violence program. Call Now! The need is urgent! 373-8022.

Farming Accounts for 20% of GNP

"The amount of money spent of U.S. agricultural products, including exports, accounts for about 20 percent of the nation's gross national product and more than 22 percent of the jobs," says Elva Reeves, President of Texas WIFE (Women Involved in Farm Economics) and a supporter of the annual National Agriculture Day observance on March 21.

Mrs. Reeves said that these calculations have been made by the United States Department of Agriculture and other government economists and statisticians. They are being given greater exposure in the educational materials for Agriculture Day developed by the Agriculture Council of America Education Foundation.

Gross national product, or GNP, is a commonly used statistic that measures the glow of goods and services in the economy. The flow of agricultural products—including food, clothing, tobacco, shoes, cut flowers, seed and potted plants—generates more than \$156 billion in production

agriculture and \$765 billion in the economy off the farms, the studies show.

Likewise, 85 percent of the 23 million jobs in the "food chain"—from farm suppliers to consumers—are off the farm. Food and clothing manufacturing alone accounts for 4.8 million; with transportation, trade, and retailing providing 7.2 million jobs.

Farm exports alone are a major source of new jobs, with an estimated 31,600 jobs created by each additional \$1 billion in increased exports. However, the value of those exports fell in 1982 by about \$4 billion, from the 1981 peak of \$43.3 billion. That was the first significant drop in 13 years, due largely to changes in world trade patterns as a result of four selective embargoes in the last decade and to the world-wide recession.

"Not surprisingly, farm income also fell sharply, for the third straight year, to a level lower than that of the depression years. The point we want to make is that the futures of 2 the only futures at stake when farm income falls below production costs. All those jobs and all that business activity mentioned above depend on an agriculture that is as prosperous as it is efficient, productive, and top-quality," Mrs. Reeves says.

Agriculture Day is a nationwide tribute to the entire food and agricultural system and an opportunity for the public to focus on agriculture's central importance to the economy.

Much of the volunteer organizing efforts each year at the local and state level are undertaken by associations and groups such as Texas WIFE. The agriculture Council of America Education Foundation, a non-profit organization supported by all segments of agriculture, coordinates the program at the national level.

Further information about Agriculture Day and the Texas WIFE organization can be obtained by contacting President Elva Reeves, So. Seda Rt. - Box 552, Dalhart, Texas 79022, or by calling 806-377-6160.

Fish orders being accepted

Farmers and ranchers, are you interested in stocking fish in your tailwater pit or pond this spring? If so, contact the Ochiltree Soil & Water Conservation District in Perryton.

At the present we are trying to get enough orders placed so we can arrange for delivery of the fish in late April or early May. Orders are being taken for bass (Florida & Native), Channel Catfish, Bluegill, Hybrid sunfish and fathead minnows. This spring we will

also be taking orders for red-ear perch which are much better suited for muddy waters and small ponds of this area than the Blue gill. Along with Ochiltree County orders will also be accepted from the surrounding counties of Lipscomb and Hansford.

All orders must be placed by April 29. For more information, contact the Soil Conservation Service office in Perryton at 101 S.W. 4th Street or call 435-4322.

"Well, I'll tell you what I'm doing. I'm cutting back on my corn acres. How 'bout you?"

"Planting less corn, but more XL-73 and XL-72aa."

"Do you really have that much confidence in them?"
"Sure do. Can't beat them for the way they yield and stand up in the weather. And that XL-73 produces top-quality grain every time."

"Sounds good to me. But do you have any kind of performance data?"

"Right here. And take a look at T1230 while you're at it. It's another consistent hybrid you'll want to try."

"I see what you mean. This is mighty convincing."

"You'll be even more convinced when you plant them on your own farm, and prove it to yourself."

Local corn grower talks with his DEKALB-PFIZER GENETICS dealer about top-yielding hybrids.

NON-VIOLENT

Attorney General William French Smith said recently the Justice Department is looking for ways to punish non-violent criminals without putting them in prison. At the federal level, most non-violent crime is white-collar, such as embezzling, fraud or corporate price-fixing.

"TEXAS" Opens

June 15

Canyon, Texas...If Mother Nature leaves well-enough alone, lightning will strike 59 times in the same place this summer. Sound like a site to avoid? Not at all - because the location of all those thunderstorms is Palo Duro Canyon's Pioneer Amphitheatre, home of the "Texas" Musical Drama.

All that rumbling sound and exploding light is just one of the carefully perfected special effects in Paul Green's story of grit and determination shown in the settling of the Texas Panhandle. The show which has played to 1,408,083 people in previous summers, will open its eighteenth season on June 15 and run through August 20, 1983.

The storm, of course, is not real, but all that crashing and rolling against the canyon's gullies and cliffs often startles unsuspecting campers settled farther down the canyon and sends them scurrying for their cars. People in the audience have been known to open their umbrellas, much to the dismay of those seated behind them.

Maybe better than any other part of the show, the storm demonstrates the harshness and severity of the elements that faced Panhandle pioneers of the 1880's. Life is so much easier for travelers to Palo Duro Canyon today; paved roads lead directly to the theatre where many conveniences are available. Barbecue dinner is served every night, and a well-stocked souvenir shop has just the right gifts for those left at home.

Even though flash floods have occurred in the Canyon, visitors to the theatre have never been in danger from rising water since it is located well above the water line. In seventeen years, and more than 976 performances, only 24 have been lost to rain.

Palo Duro Canyon is located near Canyon and Amarillo, Texas. It is only 25 miles off I-40 on Texas 217.

For reservations or information call 806-655-2181 or write "Texas", Box 268, Canyon, Texas 79015.

NOTE FROM SPORTS DESK: The Spearman 8th Lynxettes won 3 First Places in a row--that is amazing, especially in 8th grade competition. Another fact, the 8th grade Lynxettes had 9 of 14 First Places, now they are gonna try to improve in the Fritch Meet and then in the District Meet! The first 1st Place won from the 3 in a row was the event of the 200 METER DASH, Melissa McLain won that with a time of 29.29--she smoked on past everybody!! Fritch's Wilson was 2nd with a time of 30.99 and Gruver's Potts was 3rd with a time of 31.24.

Jennifer Yarbrough had just finished running the 800--two times longer than the 400, which she then ran the 1200 METER RUN and came up the overall winner with a time of 5:13.32--doing a great job coming out as the winner. Kelli McWhirter followed

Jennifer to the finish line, as she finished 2nd in the 1200 Run with a time of 5:13.42. Guymon's Brown placed 3rd with a time of 5:16.57.

The Final First Place that the 8th Lynxettes got was in winning the 1600 METER RELAY with a time of 4:55.06. The members of the Relay team are Donda Pool, Kerri Ann Holt, April Abston and Melissa McLain. Perryton came in second with a time of 5:06.78 and Stinnett finished 3rd with a time of 5:26.05.

Overall the 8th Lynxettes scored 219 points!! That is excellent, as their closest opponent came in with 98 points by Fritch.

The 8th Lynxettes will be participating in the Fritch Relays--they plan to bring home the Team Championship Trophy, and maybe the 3 Relay 1st Place Trophies. Then it will be the District Track Meet to be held at Canadian on April 8 - 9.

So you try and make it to the Meets and cheer on these Champs!!

A "Center Piece"

by Alma Remy

Well, March 24 has come and gone and the Radiothon held at the Golden Spread Center under the direction of KRDF-FM radio station, was great even though there was some trouble staying on the air. But with the able help of Coy Palmer, Frances Loftin, Marsha Murphy, Tony Reeder, David Nuckles and Pearl Pierce at the mike—none of which were lacking in telling the public just what we were doing on the air—All went well.

It was Senior Citizen Day so proclaimed by our Mayor Ralph Blodgett—and a day to be remembered for the generosity of the people of Spearman and the surrounding area.

This is a one day annual affair when everyone gets behind the program to help

raise money for keeping our Golden Spread Center open. It takes a lot of hard work and preparation for a program of this sort, and it takes teamwork for the organization to be a success.

The program, began with the awards presented by Marsha Murphy to three outstanding citizens, Senior Citizen of the Year went to Dora Womble, Volunteer Citizen of the Year went to Marilyn Cline and a "Special" award to Rosa Lee Butt for all her help and encouragement over the years since the center was started and was made possible.

The program is all home talent and it makes us proud to find out just how much talent Spearman and the surrounding area is capable of producing. For anyone who failed to come down to the center or to tune in on your radio missed a lot of fun and a lot of talent—saying nothing of missing R.L. McClellan's rendition of "A Huggin' and a Chalkin'". He had to sing the song three times before his "Public" was satisfied. All in all it was a Gala Day. Although the weather outside was gloomy and thick with fog, inside it was cheerful and gay. The telephones kept ringing.

the donations kept coming in and at closing time the total amount surpassed last year.

It was great! It was teamwork, it was Spearman business people, merchants, farmers, organizations, our churches, the newspaper, in fact it was just a case of people helping people that made it all so wonderful.

Isn't it great to be living in a caring community like Spearman? A big "Thanks" goes to everyone who in anyway helped to make it the success it was.

In closing, I just want to say Jettie Davis, our faithful helper over the years, accidentally broke her kneecap the day before the Radiothon and was unable to attend. Better luck next year Jettie. We missed you!

Let us not forget Dwayne Smith and Friday Wise who worked at the station, the ladies Alva Garner and Claudene Laxton who answered the phones, the treasurer, Thelma Scott, to Bob Boxwell, Lois Gibner and Helen Etter for picking up donations, the ladies who baked so many cookies, also remember one of our Senior Citizens Knox Pipkin who not only made a generous donation but baked a big batch of his famous sugar cookies for refreshments—and to Pearl Pierce who must have done everything right, we say Thanks "Ya All".

WILSON McCLELLAN CANDIDATE FOR CITY COUNCIL

Many persons of different interests asked me to run for the position of Alderman of the City Council. These persons seemed to be concerned only with fair and equal representation.

As to my qualifications, I am part owner of a local business and am a local home owner. This also makes me a taxpayer. I have had experience as a public servant on the Spearman School Board. I am a farmer with business experiences that I believe help me to identify myself with the general public. Except for 3 meetings, I have attended the last 13 months of City Council meetings as an observer.

It is my belief our city government should be continually improved as I believe in our community should be continually improved, while at the same time keeping the cost down as low as practical.

It is my desire as an independent person to work with the current administration for the goal of having a well balanced municipal government.

It is my feeling that all of our community can best have and maintain Spearman as a good place to live in by working together for the future of our town.

In summary, if elected, I will try to do my best in consideration of all the citizens and taxpayers of our town. I will work to keep our citizens informed and involved in our city government and I will listen to all sides of any issue.

I will appreciate your vote in the City Election April 2nd.

Wilson McClellan
