THE JUNCTION EAGLE

Volume XL.

Junction, Kimble County, Texas, Friday, March 28, 1924.

Number 49.

THE MAN WHO CAN- NED THE COYOTE.

There is a saying, "bad fences make bad livestock;" likewise, "poor wolf-proof fences make bad wolves."

How many men would not give one hundred dollars a mile to rid his pasture of wolves, and feel free to lie down at night without fearing that something would harm his sheep?

There is a man at Arden who invented a wolf-proof fence. He can feel free to sleep any time and not fear the coyote. He has tried it for two months or more and he knows what it will do. So I shall explain it for you:

Use the 3-foot net fence with four barbed wires, four inches apart. This is plenty high. Put the posts forty feet apart and dispense with all of the stays. Tie barbed wires to the fence every five feet, with number fourteen wire; be sure barbed wires are spaced properly and don't sag down when tied. Make sure the fence is very close to the ground in crossing "draws." Always put the fence on the lower side of posts, and don't staple within two feet of the ground. Take number fourteen wire at ground and give one twist. Then when floods come, trash and water can pass out and the fence is not hurt.

Take three tin cans to the panel and put three large gravel in the can, mashed flat at the top. Punch hole in the bottom of can so water can pass out. Then punch hole in the top and use number sixteen wire to tie it to fence. Tie one on top wire four feet from post; then tie one in middle of panel two and one-half feet from ground; tie one also on other side of panel as before.

When "Mr. Wolf" comes to climb over or scratch under he rattles the can. If you have ever canned a dog, well—you know the rest. He just "leaves town."

Bells would be a failure, because they would ring when the wind blew. Then the wolf would get accustomed to it. When the fence is running north and south, put the cans on west side of fence, because the west wind would blow them against the fence and they wouldn't rattle.

Be sure not to brace corners of fence and around gates as the wolf would jump upon the braces and over the fence.

The best and cheapest way to anchor a fence is to put in dead-men. The best way to put in a dead-man is to dig a ditch seven feet long and two and one-half feet deep, use seven-foot post as straight as possible for dead-man, and use eight strands to the dead-man.

Tie wires 3½ feet from the ground on all corner posts, as it has more power there than any other place. Be sure not to use rocks for dead-men as rocks will sweat under ground and soon rust the wires.

This is the cheapest fence, because it doesn't take stays and you can put the posts forty feet apart.

If you make it like he says you can turn your herder and sheep loose the same day.—The Sheep and Goat Raisers' Magazine, San Angelo, Texas.

Mrs. Josie McDonald and her daughter, Estelle, of Sonora, passed through Junction last Saturday on their return from the cattlemen's convention at Houston. Mr. and Mrs. W. P. Riley returned in the car with them. Mr. and Mrs. Riley had also been attending the convention, and report a most enjoyable trip.

Senator Oscar Underwood, of Alabama, is looked upon with great favor in the South as the logical candidate for the Democratic Presidential nomination.

NEW GROCERY STORE TO OPEN NEXT WEEK.

As announced in this paper some weeks ago, the grocery department of Alex J. Hamer Co. will be discontinued and the stock sold to the Messrs Butt & Garrett of Kerrville, who will move what remains of the present Hamer stock into the concrete building just west of the present location, and new stock will be added to bring it up to the standard required of a first class exclusive grocery and feed business.

On another page will be found the opening announcement of the new firm, which will be ready for business in the new location Tuesday, April 1st.

These gentlemen are coming to Junction because they have faith in the future development of the town and country, and because they feel that there is an opening here for the up to the minute line of goods that they will handle and the excellent service they will be able to give their customers.

Mr. Garrett will move here and become active head of the business and will become identified with the business and social activities of the town, and with his family, will be a splendid addition to our citizenship.

P. T. A. MEETING.

Monday afternoon the Parent-Teachers' Association had a regular meeting at the Baptist Church.

After the reading of the minutes by the secretary, the reports of the committees were called for, after which unfinished business was taken up.

A motion was made and carried to sell pie at the Admiralty Coffee demonstrations here after.

Mrs. W. P. Riley was appointed delegate to the Parent-Teachers' convention in Miss Durst's place, since the latter cannot conveniently attend.

A committee was appointed to advertise the Chautauqua which will be here next month.

It was decided to give a loving cup to the school, on which will be engraved the names of the winners of first places at the Hill Country meet.

Superintendent Miller made a short talk concerning the Kimble County meet which will take place here Friday and Saturday of this week.

It was decided to serve a barbecued dinner at the school house Saturday for the visiting contestants of the county meet.

A committee was appointed to form a vote of thanks and send to the people of Kerrville, for their generous hospitality to our entrants in the meet while there.

The sixth grade was again fortunate in getting the picture and flag, but since they are allowed only one of the two, the seventh grade came next and was given the flag.

The next meeting will be held at the Baptist Church Monday, April 28th.

did addition to our citizenship.

Mr. Garrett has been manager of a wholesale grocery house at Kerrville for the past four years, and before that time was credit man for a large wholesale grocery house in North Texas.

The other member of the firm Mr. Butt, is active head of a successful grocery business in Kerrville and has been identified with the grocery and feed line practically all his life and knows this business thoroughly.

Judge Curtis Wilbur, California Supreme Court Justice and a graduate of the Naval Academy in 1888, has accepted the role in President Coolidge's cabinet as the new Secretary of the Navy.

JUNCTION SCHOOL AT HILL COUNTRY MEET.

Some forty or fifty students and teachers from the local school spent the week-end at Kerrville attending and taking part in the second annual Hill Country Meet.

Field and Literary events were participated in by students from schools in the eight counties in the Hill Country district, and the friendly competition developed at the first and second Meets has brought out some remarkable talent.

Bernice Chenault and Velma Fleming, both students of the Junction High School, won first honors in the debate. They were first matched against Medina, and after defeating Medina's debaters, on the affirmative side of the question, "Resolved that the United States should join the League of Nations," they were then matched with debaters from Kerrville for the Championship, and won, fortunately drawing the same side of the question in the second debate. Roach won first place in the 100 yard dash.

Students from here participated in practically all the

JUNCTION CHAUTAUQUA PROGRAM ANNOUNCED

Large four page circulars, giving detailed information about the performers on the Cadmean Chautauqua, recently secured by the Parent-Teachers Association, have been received and are being distributed to the public.

The Parent-Teachers are to be congratulated on their efforts to secure clean and high class entertainment and instructive numbers for the benefit of the people of this community and from a study of the persons making up the program, it appears that the seven numbers will be well worth the time and money spent to attend.

The support given this attempt on the part of the local school organization will largely determine whether we will have future engagements of this kind in Junction.

The program follows:

First Day:

Evening:—Grand Concert by The Loveless Concert Party; exponents of real harmony—Two Pairs of Twins. Admission 50c

Second Day:

Afternoon:—Popular Prelude by Kringsberg and Company; "Stunts, extraordinary." Address: "A Pod of P's" by Dr. Harry S. Scott. "A Live Wire Lecturer." Admission 50c.

Evening:—A Night in Wonderland by Kringsberg the Mystic, assisted by the Girl with the Radio Mind. "Spiritualism exposed." Admission 50c.

Third Day:

Afternoon: Skits and Sketches by The Hardaway Players. "Bob Hardaway's Original Company." Admission 50c.

Evening:—"The Gorilla," by The Hardaway Players. "The Greatest Mystery Play Since The Bat." Admission 75c.

Fourth Day:

Afternoon:—Musical by Tobias-Harper Company. Lecture: "Danger Signs," by Hon. J. H. Norton. "A real dirt farmer, who has made good in politics." Admission 50c.

Evening:—Concert De Luxe by Tobias-Harper Company. "Accordian, Violin, 'n' everything." Lecture: "Blocs and Blocks," by Hon. J. H. Norton. "Just what you need to hear." Admission 50c.

Children's tickets, both season and single admissions, will be sold for approximately one-half the adult ticket price. Season tickets are transferable within the family only and each ticket admits only one person to a program.

Chautauqua is a service which is bought and paid for in exactly the same manner as all other legitimate commodities in your community. A group of the most loyal citizens have purchased this service, expecting each individual to buy the season tickets necessary for his immediate needs. A season ticket represents fully fifty per cent saving over the single admission prices and helps to show your appreciation for those who are making the community a better place to live in.

events of the two days.

Fredericksburg school students won the greatest number of points.

All those who took part were greatly benefitted and will be in better position to make a stronger showing at their next entries. The winners are to be congratulated, and especially the young ladies who carried off the honors in debating.

Misses Modelle Jones and Elsie Mathis spent the week-end as guests at the Bessey home.

THE PASSING DAY.

(Will H. Mays, Department of
Journalism, Texas University.)
By far the most important
and significant undertaking that
is now under consideration is
the proposition to hold monster
Texas Centennial celebration
within the next few years to
appropriately celebrate the first
one hundred years of Texas
progress and development. Un-
questionably Texas has a histo-
ry that appeals to the pride of
every patriotic citizen and that,
when properly understood,
makes every one glad to share
even in a remote degree the
glorious heritage received by us
from our forefathers, but it is
not so much the victories of
battlefields that we would cele-
brate; the greatest achieve-
ments of Texas have been those
victories of peace and progress
that have made ours the richest
State of the Union, a develop-
ment achieved in the short pe-
riod of a century. It is now
proposed to show first to Tex-
ans, and then to the entire
world, the beginnings and the
progress of Texas history and
development in such a way that
every one may be properly im-
pressed with the greatness and
resourcefulness of the State.

In spite of the magnitude of
this proposal for a proper Tex-
as celebration, it is surprising
that so little interest has yet
been shown in the efforts being
made to secure a committee or
commission with a vision big
enough to make the centennial
what it should be. We are so
busily engaged in our personal
affairs and in petty politics that
we are likely to forget that on
April 12th, conventions will be
held in every county in the
State to select delegates to sen-
atorial district conventions that
in turn will be expected to se-
lect the commissioners from
those districts to handle this
great event. The exposition
proposed, if it does justice to
Texas, must be on a grand scale
equalling in extent any World
exposition ever held, and if this
is done, the ablest citizens of
the State must be enlisted.
Brains and executive ability
must be commandeered for this
purpose, and every Texan
should be interested in securing
the best.

If one may judge from news-
paper reports the practice of
influence has become a great
profession in this country, of
such magnitude as to threaten
our governmental system. Law-
yers especially have flocked to
Washington in recent years and
have thrived, not so much be-
cause of their legal talent, as
because of their ability to in-
fluence government officials. One
of the favorite fields of the "in-
fluence" is in securing the re-
fund of Federal taxes. In 1923,
263,320 persons secured refunds
from the treasury amounting to
\$123,992,820.40 on claims of ex-
cessive taxation, according to a
report made by the House Ways
and Means Committee. The
largest refund, amounting to
\$5,368,548.00, was made to
Whitney Payne and associates.
Of course, no one would charge
that the treasury is unduly in-
fluenced in making these re-
funds, but parties having such
claims naturally prefer to have
them presented by persons of
recognized influence.

Mail order business is grow-
ing in this country at a tremen-
dous rate, and especially are
the small towns suffering from
the encroachment of this kind
of trade. The mail order hous-
es send out attractive catalogs,
quote close prices, and keep the
buying public constantly re-
minded that they can buy thru'
the mails as satisfactorily as
in the stores. The greatest ef-
forts are made to secure the
business of those places where
the merchants do the least ad-
vertising, and the richest re-
turns are reaped from such
communities.

The mail order business would
die in a few months if the mail
order firms were not persistent
in keeping their business and
their prices before prospective

buyers. They know that per-
petual vigilance is needed to
build and hold trade. They
spend money as freely for adver-
tising as for rent or clerk hire,
and would no more try to do
business without it than they
would to run their places with-
out capital or help. Local mer-
chants who advertise liberally,
persistently and intelligently,
have no reason to fear the mail
order concerns.

The members of a church at
McCoy, near Floydada, have
rented 75 acres of land and are
going to plant and cultivate it
in cotton co-operatively, the
money to be used to build a
church. The plan should suc-
ceed and it goes to show that
where there is community effort
and hearty co-operation almost
anything can be accomplished.
Any town, any community, can
do almost anything it really
wants to do. All that is needed
is an all-together pull.

To The Citizenship of Kimble County:—

I herewith announce my with-
drawal from the race for Coun-
ty Judge of Kimble County. I
do this because of the fact that
I am moving back to Seguin to
engage in the general practice
of law.

I wish to express my sincere
thanks to my many friends who
encouraged me during my candi-
dacy for Judge.

Respectfully submitted,
Fred E. Knetesch.

JUNCTION, TEXAS

WATSON DIVIDE NOTES.

Conditions with us are good. Goats and sheep in best condition for many years. "Lambing on flowers" this year. Very little cattle feeding necessary.

Good shearing, and herding afterward, is our chief pastime at the present time. Two square feet of shed per goat, every goat under the shed every night and near it all day every cloudy day," is our motto.

To take for a ten hour stroll a "couple" thousand producers of Palm Beach trousers and delectable chevon loaf is a sure prescription to keep your eyes bright, your step elastic and to give you a nimble brain.

Mohair prices have been highly satisfactory this season and most clips in this community were contracted before shearing, some selling for 55 and 80 cents, the freight paid by the purchaser.

Acting on the urgent advice of the Sheep and Goat Raisers' Association, several of our prominent ranchmen have body branded their goats, using the ranch brand. It is plainly visible after shearing and can be located at any time.

H. W. Rieck, as is already widely known, does not subscribe to the above mentioned goat men's motto. He says, "a coat for every goat," and the flock out on good range away from the shed.

The entire calf crop on two Divide ranches have been fed through the winter on cake, as an investment. One pound a day at first, two later when an unusually spring was assured. Patterson and Rieck fed over three hundred, and the Cardwell ranch over two hundred. Kansas City commission men have strongly urged this feeding of all young stuff to be marketed, and these ranchers expect a two hundred per cent return on cake expenditures.

The usual number of cattle have been dehorned this winter and only one worm case heard of so far. The unusual warm winter last year and the resultant number of worm cases did not discourage us, as we had dehorned many times before, and that was the first time to doctor. Horns are not to be tolerated. One dehorning crew this winter averaged, by the

watch, 40 seconds or less per calf. A sharp saw was used and the long hair was sheared off the head so that it could not hang over the wound and afford protection for flies. No cotton or dressing was used.

S. S. Bundy's device for dehorning small calves before the horn buttons have attached themselves to the skull, or even within thirty to forty-five days after birth, is the most progressive method yet offered, his friends are sure. The wound is altogether a skin wound if done at the proper time, and heals quickly. The shape of the head will develop correctly and a natural poll will result. The pain and damage to the calf will be a minimum.

Let's boost! Boost the price of chevon by eating "worlds" of it! Boost mohair prices by wearing Palm Beach clothing in the summer! It is fifty-fifty, cotton and mohair; is cool, it sheds dirt, is extremely durable and not expensive. Boost the cattle business by eating at least one calf per winter. Buy it, you town men, by the quarter from your country customers; hang it on the back porch and have some real eating.

The difference between a pessimist and an optimist reads thusly: the pessimist asks, "Is there any milk in that pitcher?" the optimist smiles and says: "Pass me that cream, please." Reporter.

CALLS NEWSPAPERS BEST ADS. FOR CITIES.

"Most people look on a newspaper," says the Tyrone Times, of Tyrone, Pa., "as the business of a single individual. If it thrives, that is the owner's or the editor's business. If it fails, that also is the owner's or editor's business. As a matter of fact, the success or failure of a paper is a matter of grave concern to an entire town."

"Newspapers are the best advertisements a city has in the outside world. Other cities judge a town by the kind of newspaper it has. If it is supported well, given the news and advertising patronage it ought to have, it thrives and is able to present an appearance of prosperity for the town to the outside world. If it does not thrive outsiders are inclined to look on

the town as undesirable to live in, and so move on to other cities.

"Thomas Jefferson once said that if he had to have government without newspapers or newspapers without government, he would take the newspapers, because through them he felt that the state could be run with at least fair success."

"If some of us appreciated more fully the value of our newspapers, we would make greater efforts to see that they get the news and advertising and so become successful. Modern society cannot get along without newspapers any more than it can without schools and churches."—Linotype News.

NOTICE OF SALE OF BANK STOCK UNDER EXECUTION

THE STATE OF TEXAS,
County of Kimble.
In the District Court of Kimble County, Texas.
Henry R. Hodges, plaintiff, against F. M. Chase, O. B. Fleming, A. F. Hodges and Jinks Coleman, defendants.
By virtue of an execution issued out of the District Court of Kimble County, Texas, on a judgment rendered in said court on the 15th day of February, A. D. 1924, in favor of the said Henry R. Hodges, and against the said F. M. Chase, O. B. Fleming, A. F. Hodges and Jinks Coleman, I did on the 25th day of March, A. D. 1924, at 5 o'clock p. m. levy upon the following described Bank Stock owned by O. B. Fleming, to-wit: Ten (10) shares of the Capital Stock of the Junction State Bank, Junction, Texas, belonging to O. B. Fleming, and on the 28th day of April, A. D. 1924, being the second Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said O. B. Fleming, in and to said property.

Dated at Junction, this 25th day of March, A. D. 1924. DEE GIBBS, Sheriff of Kimble County, Texas.
I have a few young registered Hereford bulls for sale at right price, or will trade for other cattle. See 47-tfc. Roy Williams.

Glycerine Mixture Prevents Appendicitis.

Simple glycerine, buckthorn bark, etc., as mixed in Adlerika is excellent to guard against appendicitis. Most medicines act only on lower bowels, but Adlerika acts on both upper and lower bowels and removes all gases and poisons. Brings out matter you never thought was in your system. Helps any case gas on stomach in TEN minutes. By all Druggists. (7-4)

ABOUT OUR NEW SUITS FOR MEN

Never before have we had a line of Spring Suits for Men that surpassed our present stock of

Shield Brand

Clothes in Gray and Blue Serges. The coat fits easily ---hanging (not too full) but loose and straight from the shoulders padded but slightly. Trousers are wider in hips, legs and the bottom and are long enough to cause a slight break at the instep.

Absolutely All Wool, 3-Piece Suits.

Shield Brand Suits are of unusual values at regular prices, but we are making a price of

\$25 and \$27.50

on our splendid blue serges that would cost \$35 elsewhere.

Wonderful values in Gray Stripe suits, made to fit, of the best material and at prices lower than you could expect. See what we are offering you at

\$22.50

lication must sign it, but name will not be
used unless requested.

TO THE PEOPLE OF JUNCTION TRADE TERRITORY

We take pleasure in announcing that on the first of April we will open our grocery business in the concrete building adjoining the store of Alex J. Hamer Co., having purchased the grocery department of this company.

In coming to Junction we want to assure the people of Junction and Kimble County that we are coming as a Junction institution, to be one of you, and to do our part toward developing the wonderful possibilities of your town and county. We have much confidence in the future of Junction—it is on account of our vision of the certain progress of your town and county that we are coming here. Any profits which we may derive from our business in Junction will be re-invested in Junction; we don't expect to take Kimble County money out of Kimble County.

In the operation of our store, we will at all times endeavor to give you the biggest possible value for your dollar—in quality groceries, good service and low prices. Our stock will be complete and clean, especially will we feature the handling of fresh vegetables, fancy groceries and feeds of all kinds.

We will operate our business in a manner somewhat similar to that adopted by Mr. Hamer, in that we will give the very best clerk service, deliver orders at 10 a. m. and 4 p. m., and in short, serve you in a clean, up-to-date grocery in the way we believe the people of Junction want to be served.

We will open for business on April 1st—phone us your order that day, or, better still, call on us in person and select your groceries and vegetables.

Yours for Service,
BUTT & GARRETT, Inc.

FOR SALE OR TRADE.

One four-year-old Spanish Maltese jack. See 49-3tc J. N. Hodges.

Mrs. Turk Kendrick accompanied her mother, Mrs. Henry Taylor, to her home at Goliad and will visit there for a few days.

YOU TELL

Where can a man buy a cap for his knee?
Or a key to the lock of his hair?
Can his eyes be called an academy?
Because there are pupils there?
What gems are found in the crown of his head?
Who travels the bridge of his nose?
Can he use, when shingling the roof of his mouth,
The nails on the end of his toes?
Can the crook in his elbow be sent to jail?
If so, what did it do?
How can he sharpen his shoulder blades?
I'll be hanged if I know, do you?
Can he sit in the shade of the palm of his hands?
Or beat on the drum of his ear?
Does the calf of his leg eat the corn off his toe?
If so, why not grow a corn on the ear?
—Anon.

We expect Lynch Davidson to be nominated by the largest majority ever given a candidate for Governor in this State.

When government is taken out of business and business put into government, times are going to be better in this country.

Nearly all the bills introduced in the House when the present session opened a short time ago were bills appropriating public money.

As we see it, one of the best things that could happen in this country, would be election of men like Lynch Davidson to public office.

We need a change in governmental affairs and that change can only come about when the people take more care in the selection of men for public office.
—Boerne Star.

SOUTH LLANO NEWS.

Recent showers we have had are fine on oats and the valley shows spring is near.

We had a little rise of about 5 feet in South Llano last week. The rise at Telegraph was just enough to take all the foot-logs away and the children are having to miss school on account of this.

Miss Edith Richardson spent the week-end with home folks. Mr. and Mrs. R. M. Stevenson and son, Pierce are visiting with relatives in San Antonio.

Miss Dewey Brown spent the week-end at the Huffman ranch. Mrs. Lane Hodges was successful last Saturday night in catching 28 pounds of fine catfish; one yellow cat weighing 22½ pounds.

The neighbors enjoyed singing at J. J. Richardson's.

F. M. Hodges has been on the sick list the past few days.

Chas. Henderson has been quite ill for several weeks, but able to be out again.

Mrs. F. Dupuy has been on the sick list, but is better at present.

E. B. Scarborough, Brady, Texas. 49-1tc

MANY RATTLES KILLED.

F. H. Dunk from the divide near Segovia holds the record, so far, this spring, for the number of rattle snakes killed at one place. 11

While out in the pasture a few hundred yards southeast of his house Tuesday, he saw five six of the big snakes in a small draw. He had a target rifle with him and was able to kill one before they disappeared in a small cave. 11

The next day, Mr. Dunk and his son, Willie, went back to the place, prepared to dig them out and upon digging into the cave where the snakes had gone the afternoon before, found it literally "alive with them." They killed twenty, many of which were very large ones with as many as ten rattles. 11

Mrs. W. P. Riley spent the week-end in Fredericksburg attending the District Meeting of the Parent-Teachers' Association. Mrs. Riley is president of the local organization and represented Junction at the District Meeting. 11

MISSIONARY SOCIETY

The Woman's Missionary Society of the Methodist Church held an interesting meeting at the church Friday afternoon. An interesting social service program was given with Mrs. R. H. Mayfield presiding. Pleasing features of the occasion were the duet, "Swing Low, Sweet Chariot," by Misses Effie Roy and Merle Blackburn, and Mrs. Mayfield's story of her visit to a Methodist school maintained for negroes in Mississippi. 11

The meeting closed with a study in the book of Acts, led by Mrs. Ada Dockery. 48-2tc

LONDON LOCALS.

George M. Pearl, a prosperous Saline farmer, was in our city Friday. 11

Mrs. Otis Ivy and little Miss Talmadge were the guests of Mrs. D. G. Adams this week. 11

Mrs. Tom Baker of Fort Worth passed through London Saturday enroute to Yates to visit her sister, Mrs. Simp. Pearson. 11

John Massey is here from San Antonio. He has installed a radio in the home of his father, Ed Massey, in the northern part of town. 11

Mr. and Mrs. Rufus Nelson and Miss Irene Wimberly were in from the Saline community last Friday. 11

Mrs. Henry Summers and children were Red Creek visitors last Saturday. 11

Mr. and Mrs. Russell Hamilton, Mr. and Mrs. Arthur Adams and Mrs. F. M. Adams went to Junction last Friday. 11

Albert Rogers and mother, and grand mother, Mrs. Ford were in from Little Saline last Thursday. 11

James Walton and daughter made a business trip to Junction Monday. 11

Prof. and Mrs. Deering visited in Mason Saturday. 11

Miss Victoria Brewer was a guest at the Jones ranch near Yates Sunday. 11

JUNCTION, :: :: TEXAS.

WILL THE BONUS BREAK US? THEN READ THIS.

Never in the world's history has such a financial feat been performed as by the United States in reducing its debt forty-eight hundred million dollars in the four and a half years since the Great war ended.

Under the wise and able administration of Secretary Mellon, our debt fell over nine hundred million dollars in the last twelve months.

It is an extraordinary coincidence that forty-eight hundred million dollars is the amount of the debt which Great Britain incurred during the long Napoleonic wars. In the ninety-nine years between 1815 and 1914 Great Britain had only succeeded in reducing this debt by half. That is, in 1914 there were still 2,400 million dollars of British consols outstanding.

In other words, this country in paying off its war indebtedness went twice as far in four years as Great Britain went in ninety-nine years.

Pretty sound and strong country we have, isn't it?

And it doesn't look as if this kind of a country could be bankrupted by paying to its World war heroes a bonus such as has been paid by all the other victorious nations.

We still have 21,782 million dollars to repay to the patriotic Americans who contributed money to the winning of the war.

We have already repaid them 4,800 million dollars. It will take less than one-third of this sum—namely, 1,500 million dollars—to meet our indebtedness to the boys who staked not their money, but their lives, in their country's cause.

DO NOT HAVE TO PAY ALL TAXES AT ONCE.

Austin, March 19.—In denying an appeal in the mandamus case of Hoffman vs. Mood from Washington County, the State Supreme Court has in effect, held that a taxpayer may pay the tax on one particular tract of land, whether such tax is delinquent on that tract or not, without being compelled to pay the tax on any other tracts of land that may be owned by such taxpayer, also without being compelled to pay personal or poll taxes.

This holding is considered as important, in the opinion of Assistant Attorney General W. W. Caves, as he pointed out that this decision is contrary to rulings of the Attorney General's Department.

Previous to this holding by the Supreme Court, it has been the general custom by tax collectors throughout the State to uniformly decline to accept from any tax payer the taxes on any special or particular tract of land unless the taxes due on all tracts and also the poll tax is paid at the same time. Many taxpayers desire to pay their poll taxes but defer payment of their property tax and under this ruling they would be enabled to do so, it is stated.

Hoffman is tax collector of Washington County, and refused to accept payment of taxes on one tract of land unless taxes on all were paid. Wood obtained a writ of mandamus compelling the collector to accept the tax on one tract, this being in the District Court. The Court of Civil Appeals at Galveston affirmed the action of the District Court and now the Supreme Court has denied an appeal from the decision of the

District and Appellate Courts. "The action of the Supreme Court has settled in Texas," said Assistant Attorney General Caves, a very important proposition."

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI
The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui.

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

A complete Ford Truck with all-steel body and cab
CHASSIS ONLY, \$270.00
Price as shown, Detroit

The new Ford all-steel body and weather-proof cab on the Ford worm-drive chassis makes world's lowest priced complete one-ton truck.

A New Ford Steel Truck Body

The Ford Motor Company announces the production of a new all-steel body and steel weather-proof cab, mounted on the famous Ford one-ton worm-drive chassis, forming a complete haulage unit at the remarkably low price of \$490.

Steel flare boards and end gate with sockets permit the use of stakes and high side boards or the mounting of a canopy top.

making the body readily adaptable for general use. Screen sides and end doors may easily be installed. This new body, built of heavy sheet steel strongly reinforced and riveted, is designed to stand up under the most severe usage. Loading space is four feet by seven feet two inches.

The weather-proof cab is fitted with removable, door-opening curtains.

FACTS ABOUT THE TEACHERS' INSTITUTE.

In his announcement as a candidate for County Judge, Hon. J. B. Randolph made a political issue of the Kimble County Teachers' Institute by making the following public accusation against the teachers of our county:

"I am opposed to the Kimble County Teachers' Institute and maintain that it should be abolished, as it is a cheap courting school and a foolish expenditure of the children's money."

The law of our State in regard to teachers' institutes reads as follows:

"The County Superintendent shall organize and hold, with such assistance as may be necessary, within the first four months of the scholastic year, one institute of five consecutive days for white and for colored teachers, respectively, and he shall require the attendance of white teachers upon the institute for white teachers and the attendance of colored teachers upon the institute for colored teachers; provided, that a failure of the county superintendent to comply with these requirements shall be sufficient cause for his removal from office; provided further that the county superintendent shall be authorized to cancel the certificate of any teacher who willfully and persistently absents himself from attendance upon the county teachers' institute."

The teachers of Kimble County, at their last institute were asked for an expression of their opinion of the value of the institute, and the following resolution was adopted by a unanimous vote:

"Whereas our State Superintendent of Public Instruction has asked for an expression from this body on the subject of the value of the County Teachers' Institute;

"Therefore, be it resolved that we believe that the coming together of teachers at least once a year for the purpose of self improvement and counsel, is vital to their professional life; that the money spent for the time thus spent is well invested for the benefit of Texas school children, and that attendance at these institutes should be compulsory, and that the time thus spent should be considered as a regular part of the school term."

"Signed: L. E. Stockard, W. Z. Miller, A. R. McHaney, Special Committee on Resolutions."

Further in his announcement Mr. Randolph says: "If at any time during the campaign you desire to know my position upon any important issue, you may be informed by applying to the undersigned, as I am plain, frank and easy to approach."

Accepting this invitation on behalf of the teachers who approved the above resolution, and regretting that their reputation has been made an important issue in this campaign, I ask Mr. Randolph to answer the following questions through the paper:

If elected County Judge, will you obey the law or abolish the Institute?

Will you name the teachers whose conduct at the Institute

was such as to justify your wholesale public accusation against the teachers' body?

L. E. STOCKARD,
Roosevelt, Texas.

(Political advertisement)

APRIL 4 DESIGNATED AS TEXAS FIRE HAZARD DAY

Austin, March 22.—April 4 has been designated as fire hazard day in the program for Texas health promotion week of March 30 to April 5, under the direction of the State Board of Health, assisted by the Texas Public Health Association, bureau of extension of the University of Texas and the Texas Fire Insurance Commission with other State-wide agencies co-operating.

Each community in the State is requested to appoint committees to inspect fire departments, and general fire hazards and to examine electric wiring, including attics, basements and garrets, to see that no insulation is broken, that no wire is resting on nails or wood, that there are no fuses bridged with pennies or other metal and that there are no knotted lamp cords.

Suggestion is made that community, mass or committee meetings means for the extension of waterworks systems, urging connections and enforcing the plumbing ordinances, improving fire control and fire-prevention work.

HOW CLOSE CAN YOU ESTIMATE SHRINKAGE

Wool and mohair growers who are not quite sure of their ability to make close estimates of the value of their clips on a clean basis, will find it worth while to send representative samples to the Texas Agricultural Experiment Station Wool and Mohair Scouring Plant, at College Station, Texas. Such samples, when sent by Texas producers, will be scoured free of charge. They will also be graded and a detailed report will be sent to the grower immediately, and at the close of the season the scoured samples will be sold and the proceeds paid to the sender of the samples. It is required that transportation charges be prepaid on samples sent to the Scouring Plant and that full detailed information be supplied with reference to the class of animals the samples represent, and the conditions under which the flocks were managed during the six-month or twelve-month period previous to shearing.

Full instructions and convenient blanks for supplying this information will be sent by J. M. Jones, Chief, Division of Animal Industry, Texas Experiment Station, College Station, Texas, upon request.

Mr. Jones plans to spend the month of April in the field, visiting as many wool and mohair producers as possible for the purpose of advising in the matter of the selection of representative samples. Those planning to have samples scoured this season should advise him immediately. With this information he may possibly be able to arrange for a personal visit when full instructions can be given for selecting and sending samples.

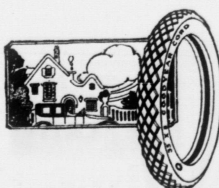

SPRING TIME

Spring is here and the prospects for a good year could not be better. Are you prepared to get the best out of it? Remember we are here to serve you. If you need fencing, either for new fields or pastures, or just a roll or two for patching we have it in stock. If you need a windmill, piping, or anything necessary for water supply we can help you.

If your house or barn needs painting we can supply your wants in the paint line. We carry a full up-to-date stock of everything in the Hardware line and you can get it when you want it. When you are in town make our store your headquarters. You are welcome whether you want to buy or not.

Society.

MERRY WIVES CLUB.

Mrs. U. D. Kendrick happily entertained the Merry Wives Club and a number of guests last Saturday afternoon at her home north of town in honor of her mother, Mrs. Henry Taylor of Goliad, who has been visiting her for some weeks.

Six tables were arranged in the large living room for the game of bridge. Mrs. Conrad T. Holekamp received a pair of hand painted shoe tree as the Club prize, and the guest prize a box of pretty colored linen handkerchiefs, went to Miss Blanche Gottlich of San Antonio. Mrs. Fletcher Sullivan of Flatonia, was consoled with a little green wire snake.

Refreshments of green jelled fruit salad, sandwiches, hot tea, green and white angel food cake were served. The plate favors little green flags, and score cards carried out the St. Patrick's Day motif.

The guests were Mesdames Dr. Wright, W. W. Buck, Dug. Nance, John Martin, M. Wilkinson, J. B. Randolph, Earl Tracy, Omer Wright and Fletcher Sullivan of Flatonia, Misses Fay Taylor of Goliad, Blanche Gottlich of San Antonio, Mary and Elsie Martin.

REED-OLIVER

The many friends of Miss Lois Oliver were agreeably surprised recently to learn that she and Mr. R. C. Reed of Childress had married in that city on March 8th.

The bride is a daughter of Y. P. Oliver of this place and has made a most enviable record as a teacher during the past three or four years, and is a very accomplished young woman.

Mr. Reed is a railroad man of Childress and The Eagle is informed that they will continue to make their home there.

Congratulations are extended.

JETTON-NEWMAN.

Their many friends were surprised last week-end to learn that Clarence Jetton and Miss Louise Newman had quietly driven to Kerrville Saturday and were married.

They were accompanied by Mrs. L. H. Jetton, mother of the groom, who will visit relatives in Center Point for a while.

The groom is a Kimble County product and a very creditable one, too. For several years he has been in the employ of the Junction Hardware Co. and still holds a responsible position with this progressive firm.

The bride is a sister of Mrs. George Cavaness, and has made her home here with her sister for the past two years, and has made many close friends among the younger set.

The happy couple spent their honeymoon in San Antonio this week, and after the first of the month will be at home to their friends in Junction.

The Eagle extends congratulations and best wishes for a long, happy and prosperous life.

NOTICE OF SHERIFF'S SALE.

THE STATE OF TEXAS.
County of Kimble.
By virtue of an order of sale issued out of the Honorable District Court of Kimble County, on the 10th day of March, A. D. 1924, by the Clerk thereof, to the effect that Chas. Schreiner Bank, of Kerrville, Texas, versus J. L. Wright, P. E. Dunderstadt, G. M. Smith and George Ricker, No. 844, and to me, as Sheriff, directed and delivered, I will proceed to sell, to cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in May, A. D. 1924, being the 6th day of said month, before the Court House door of said Kimble County in the town of Junction, the following described property, to-wit:
Tract No. 1: A part of abstract No. 812, Survey No. 748, made for Kimble County School Land by virtue of Certificate No. 2, patented to Kimble County by Pat. No. 542, Vol. 24, July 28th, 1886, the entire survey hereby conveyed being described by metes and bounds as follows: Beginning at the S W cor of said survey No. 748, thence east 6670 varas; thence North 1625 varas to North line of said survey No. 748; thence west 6670 varas to the N W corner of said survey No. 748; thence south 1625 varas to the place of beginning, containing 1920 acres of land.
Tract No. 2: Part of abstract No. 812, survey No. 748, made for Kimble County School Land by virtue of certificate number 2, patented to Kimble County, by patent No. 542, vol. 24, dated July 28, 1886, the entire survey containing 4428 acres. The portion herein conveyed being described by metes and bounds as follows: Beginning at the S E cor of a 1920 acre subdivision out of this survey, conveyed to F E Dunderstadt by F E Dunderstadt Sr., deed dated March 29, 1911, recorded in book 32, page 586, deed records of Kimble County, Texas; thence east with the south line of said survey, 1991 1/2 varas to the S E corner of a 2125 acre subdivision out of this survey conveyed to Fred E. Dunderstadt Sr. by W. L. Payne; thence north 1625 varas to N line of this survey; thence west 1991 1/2 varas to the N E cor of said 1920 acre subdivision; thence south 1625 varas to place of beginning containing 308 acres of land, being on as the property of J. L. Wright, to satisfy a judgment amounting to \$5,925.14 in favor of Chas. Schreiner Bank of Kerrville, Texas, and costs of suit.
Given under my hand, this 10th day of March, 1924. DEE GIBBS, Sheriff. 47.3tc

Looking Forward

THE COMMON Honey Bee furnishes us a fine example of preparation for the future. In the spring and summer when the flowers are laden with sweets, these tireless little workers lay in a supply for the days when it will be difficult to find food. If they followed the idea of letting each day take care of itself, they would naturally feel that there was and would be plenty of food.

SO IT IS With us. There appears to be a period of prosperity with us. Wool and mohair are selling at splendid prices; range conditions are good and all kinds of livestock are doing well; a good season is in the ground and the future looks bright.

NOW IS A Mighty good time to plan that crop of feed stuff for it will be needed this winter. Don't overstock your range because it is showing up so well, but conserve it and raise feed to help it out.
