Block grant approved

Senator John Tower has announced that Colorado City has been awarded a Community Development Block Grant from the Department of Housing and Urban Development in the amount of \$800,000.

Application for the grant was submitted November 22, 1982 after much consideration and

discussion by the City Council, Mayor Elmer Martin, City Manager Rick Crowley and the engineering consultant firm of Freese and Nichols, Inc.

Using the guidelines set forth in the grant application, the Council decided upon the target area in which the money could best be used; the

area chosen is bounded by 7th Street, Cherry Street, McKenneth Street, 500 feet north of Moreales to Rogers Road.

The budget for the grant is as follows: housing rehabilitation—\$165,000; code enforcement and demolition—\$50,000; street and drainage improvements—

\$318,000; sewer line construction—\$159,000; park development—\$38,000; administration—\$70,000.

The use of these funds in the target area will

not only supply a better appearance to that area, but will also allow some paving and will give sewer service in areas where it has not

been available before. Under the terms of the grant, the funds cannot be used to build or improve sewage treatment plants.

City Council votes to increase water supply

In a called meeting of the Colorado City Council on Thursday night, the Council members voted unanimously to "move ahead" with the proposed plans to improve the water supply in the north part of town.

The plans called for 4,000 feet of six and eight inch PVC pipe to be installed in a "loop" that would cross Interstate 20 near Bob and Bobby Nobles Dirt Contracting and near Hickory Street, going out close to the Dairy Queen.

Implementation of this proposal would result in a large volume of water for that area which has had problems with low volume as well as low water pressure for several years.

Although the plan, which will cost an estimated \$30-35,000, was designed solely to provide a larger volume of water for the area, Director of Public Works Buzz Rich noted that the simple fact that more water will be available may have a slightly positive effect on the water pressure.

The Council's decision to improve the water supply encouraged O. J. Tilley, a contractor employed by Alladin Huesain of Houston, to obtain a permit to build a 52 unit motel north of the Dairy Queen.

Tilley said that the motel would be built to Best Western specifications, though it would not be a Best Western, and would have a pool and laundry facilities.

Projected completion date of the \$850,000 structure is May 20.

Brewer seeks to clean up Loraine

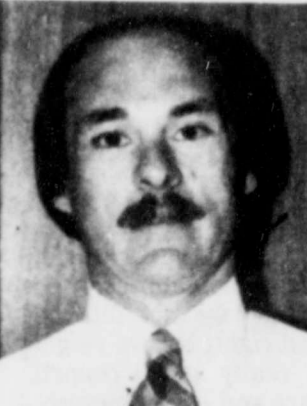

Jack Brewer
"The main reason I'm running," said Jack Brewer of his filing for a

second term on the Loraine City Council, "is that I'd like to see this town cleaned up—get all of these junk cars and all of this trash cleaned up. I think that would help the city more than anything in the world."

He concluded, "It needs to be done and somebody has got to help see it through."

Brewer and his wife, Malverna, have five children who are grown and live away from home.

Continuity important to Don Bennett

Don Bennett

After having served one term on the Colorado City Council, Dr. Don Bennett has decided to run for another term. "We've started some major projects during this last term and I feel that members that are on the Council now are naturally more knowledgeable of the things that we've had to contend with," he stated.

He added, "I'd like to see those things followed through. Therefore, I feel like it's in the best interest to run a second term."

Bennett is a member of the Masonic Lodge and of the First Baptist Church.

He and his wife, Judy, have one daughter, Melissa, age 6.

CAP to begin dispensing Energy Aid Wednesday

The Mitchell County Community Action Program, Inc., under the direction of Ann Gregory, will begin taking applications for the funds provided by the Texas Electric Service Company's Energy Aid Program on Wednesday, March 9.

Mrs. Gregory said any Mitchell County resident who wishes to apply for help under this program, which is designed to help people who have severe financial hardships pay their essential energy bill, must call for an appointment because applica-

tions will be taken only on Wednesdays from 1 p.m. to 5 p.m.

To make an appointment, call 728-5060 or 728-5897 and a time will be set for you to make the application.

In order to qualify for this program, Mrs. Gregory said the applicant must have a letter of disconnect and also proof of need of assistance.

Texas Electric customers who wish to make donations to the fund may do so when they pay their electric bills. Donation amounts

should be written in the space provided on the upper portion of the electric bill. This amount should be added to the amount due and one check written to the company.

Sewer treatment plant

Proposal would benefit river

One of the reasons Colorado City has to have extensive work done on the sewer treatment plant is because the Texas Department of Water Resources, the department that is designated by Texas law to protect the quality of the state's streams and rivers, determined that the present method of disposing of the sewage is detrimental to the quality of the Colorado River.

The method being used now is simply discharging the effluent into the Colorado River after it has been treated with chlorine.

The problem started about two years ago

when the city lost a contract with a local citizen, leaving the city with only one alternative—discharging the sewage into the Colorado River.

City Manager Rick Crowley said, "We knew at the time that we were operating the plant with a no-discharge permit and that we could not legally discharge sewage into the Colorado River but we also knew that we didn't have any other alternative."

There were also other problems at the plant, See BENEFIT, Page 2

Green says council is voice of people

Tommy Green
Tommy Green, a member of the Loraine

City Council for the last two years, has filed to run for another term.

A life-long resident of Loraine, Green stated, "The issues have sometimes been very difficult, but I have always think the council should be a voice of the people, doing things in the people's best interest and not just a governing body."

He seeks re-election because of "my interest

Kent Boyd

Kent Boyd was recently elected to Loraine's City Council in a special election, but since he was taking over the office of Calvin Forbus whose term would have expired this April, he will have to run again to retain the position.

Boyd stated that he was still very interested in city government and "I still think I can help."

Lillian Hallmark refiles

Lillian Hallmark, a candidate in special election of the City Council recently held in Loraine, has filed again to run for a position on the Council.

She said, "We need to do a lot of things around here and we can do it if we work together."

She added, "There are a lot of changes which could be done in the city of Loraine and that's why I decided to run again—to see if I could get on there and help them."

She and her husband, Edgar, have three grown children.

which is of 1938 vintage; there were problems with the trickling filter and with the clarifiers.

In February of 1982, the city was informed that the plant was in violation and that enforcement proceedings were underway and Cr-

owley and Mayor Elmer Martin began making trips to Austin to work out the problem.

After making six trips and consulting with the engineering firm of Freese and Nichols, Inc., the Colorado City Council had five propo-

sals to consider that would bring the plant up to standard.

Two of the proposals were discarded because they were financially impractical for Colorado City; two others, the construction of a new plant or the const-

ruction of a new oxidation ditch (racetrack plant), would have allowed 100 percent of the effluent to be discharged into the Colorado River.

The proposal agreed upon by the Council would allow no more than 50 percent of the effluent to be discharged into the river.

Under the terms of this proposal, the city would purchase or lease 80 acres of land on which to discharge the effluent for at least 20 years.

According to Crowley, the citizen with whom the Council would have the agreement if the bond election is passed indicated at a public hearing in Abilene that he could use 80 to 100 percent of that water. In any case, the maximum amount of effluent that could be discharged into the Colorado River would never be more than 50 percent.

Thus, the impact of the sewer treatment plant on the Colorado River would be minimal.

Three buildings in Colorado City were condemned by the Housing

Standards Commission when they met Tuesday night.

Those buildings are an unoccupied residence at 305 Hickory owned

by E. M. Hardegree, the old Baker Hotel owned by Fitch, Holdridge, Bisone & Holcomb, Inc. of Houston and an unoccupied residence at 1802 Peach owned by Secundino Cuellar.

The three buildings, found unsafe by Director of Public Works Buzz Rich and City Health Officer Dr. Thomas Aguilon, will be posted with a notice stating that the owners will have 90 days to repair or to begin substantial repairing before the city takes action.

The owners had been previously notified by the city that the buildings were in violation of city codes and that a hearing would be held in which they could state their objections, if any, to the decision made by the Housing Standards Commission.

Mr. and Mrs. E. M. Hardegree were the only owners to appear before the Commission, but when contacted later by phone they declined to comment on the situation.

City discourages the keeping of rattlesnakes

The annual Rattlesnake Roundup that is held in Sweetwater is coming up March 11, 12 and 13 and with the roundup comes an increase in the number of people in Colorado City who catch and keep the reptiles to take to the show or to sell.

City Manager Rick Crowley urges citizens to practice extreme caution if they intend to keep live snakes on their property.

He stated, "I do not think a person has the right to put snakes in his back yard and not pen them properly. If they should get out of the pen and into a neighbor's yard, then I think he (the person who caught the snake) is personally liable."

Currently, City Attorney R. L. Pete McKinney is working on a city ordinance regarding sn-

akes kept within city limits.

Crowley noted, "A number of cities have banned the keeping of snakes within the city limits; others have just placed restrictions on

the type of cages and hold people responsible for keeping the snakes and subjecting them to fines if the snakes are not kept properly and manage to get onto someone else's property or bite someone."

In conclusion, Crowley said, "Being this close to the river and being in West Texas, there is always the possibility that we're going to have some snakes in the city limits without bringing them in. From the city's standpoint, we want to strongly discourage people from keeping snakes in the city and certainly discourage those who do not know the proper procedures for handling rattlesnakes."

Check Social Security on tax forms

If you worked for two or more employers during 1982 and received wages totaling more than \$32,400 IRS suggests you check the Social Security amount on your W-2 form. If it shows more than \$2,170.80, you can claim the excess as a credit on your tax return, the IRS says. However, if you file a joint return, you and your spouse must make separate computations.

Bank closed loan fees reduced by Land Bank

The Federal Land Bank of Texas announces a decrease in Bank closed loan fees to 2 percent on farm loans and 4 percent on rural residence and farm-related business loans, effective immediately.

"The loan fee reduction was made possible by the recent decrease in our cost of funds," said Thomas H. Benson, Land Bank president.

This reduction follows the Jan. 1, 1983 variable interest rate reduction to 11.25 percent (from

11.50 percent) on farm loans, and to 11.75 percent (from 12.00 percent) on rural residence and farm-related business loans. Bank closed loan fees had been 4 percent on farm loans and 7 percent on rural residence and farm-related loans.

The Federal Land Bank of Texas makes long-term real estate loans throughout the state through its 55 Federal Land Bank Associations. The Bank has \$2.4 billion in loans outstanding.

GIRL SCOUT MARCIA CAWTHRON of Troop 182 (left) and Brownie Cole Marie Latimer of Troop 180 (right) look on as Colorado City Mayor Elmer Martin signs a proclamation designating March 6-12 as Girl Scout Week.

PROCLAMATION
WHEREAS, Girl Scouts of the U.S.A. observes the 71st anniversary of its founding on March 12, 1983; and
WHEREAS, SINCE 1912 Girl Scouting has opened new worlds of thought and action to more than 45 million members; and
WHEREAS, the organization reaffirms its commitment to addressing the constantly changing needs of girls as they meet contemporary challenges; and
WHEREAS, Girl Scouting is girls discovering new worlds, creating new roles, and exploring new options; and
WHEREAS, Girl Scouting helps girls learn to walk in worlds where no woman has walked before; and
WHEREAS, Girl Scout Week will be celebrated by the Girl Scouts of our community from March 6 to 12;
NOW, THEREFORE, I Elmer Martin, by virtue of the authority vested in me as mayor of Colorado City, hereby proclaim March 6 through 12, 1983, as Girl Scout Week in Colorado City. I do further call upon all citizens of Colorado City to give their continued interest, cooperation, and support to the Girl Scouts through 1983.

Screwworm cases decrease

Progress in eradicating screwworms in Mexico is good news for Texas livestock producers, Dr. John W. Holcombe, executive director, Texas Animal Health Commission, said today.

"We had only six confirmed cases of screwworms in Texas during all of 1982, and that, too, is good news. But as we move into 1983, livestock producers should

continue to be on the lookout for possible screwworm infestations, especially those producers along the Texas-Mexico border," Dr. Holcombe said.

He said sample submission of screwworms to the fly laboratory at Mission is only about 30 percent of the 1982 figures. "That means we may be a bit complacent about the screwworm situation, and there is a need to be on our guard," he said.

The overall goal of the screwworm program is to have a barrier zone along the Isthmus of Tehuantepec in Mexico during 1984. That area

would be seeded with sterile screwworm flies to prevent migrations northward. The Isthmus of Tehuantepec is about 1,200 miles out of the Texas-Mexico border.

Three states in Mexico—Baja California, Chihuahua, and Sonora—have been declared screwworm free.

However, there were isolated outbreaks of screwworms in 1982 in Mexico within 150 miles of the Texas border. "This is why it is important for Texas' livestock producers to check livestock regularly for possible screwworm infestation," Dr. Holcombe said.

VARSIITY SPRINT AND 1600 M RELAYS will be competing in Odessa at the West Texas Relays this Saturday. L-R are Kevin Norman, Billy Jackson, Perry Conner, and Joey Ritchey.

'Sophs key to Wolves track success

The success of the Colorado High School boys track team lies in the performance of their underclassmen, especially the sophomore class.

This year track coach Rick Robinson has 23 trackers, opposed to only 12 last season. The Wolves will have a young squad with only three seniors, six juniors and 14 sophomores. "We have more people out, and with the sophomore class, we have more kids that have been successful in track," commented Robinson.

Seniors Tracy Tarter, Chris McKinney and Mike Green will be looked upon to add leadership to the squad. Tarter is a high hurdler, while McKinney throws the discus. Green is a newcomer to track, and expected to run the 800 meters.

Junior 3200 meter runner Jay Claxton is the lone returnee who qualified for the Regional track meet last year. He took second place in district last season with a best of 10:54.

Other juniors on the squad are sprinter Larry Hamilton, shotputter Franklin Marsh, high jumper and hurdler Dennis Rivera, and distance people Charles Iglehart and John Gils-trap.

Last year as freshmen, the sophomores won all of their track

meets, including two district meets. These young men are blessed with an abundance of talent and speed.

The sprint relay team will be comprised of sophomores, they are Billy Jackson, Kevin Norman, Perry Conner and Joey Ritchey. Last year they clocked under the 45 second mark in the relay. Wolf coach Mel Gierhart thinks the sophs are capable of running in the low 44's or high 43's before the season is over.

The same foursome will run the 1600 meter relay. Gierhart feels that a sub 3:30 time will get the group to the Regional meet.

Conner and Ritchey clocked 54's for the 400

meters last year, while Jackson and Norman were around the 52 second mark. Ritchey and Conner will run the 400 meters while Jackson and Norman will run the 200 meters. Jackson clocked a 23.5 and Norman 23.0 last year.

Sophomores Doug Chitsey, Donny Davenport and Don Randle are expected to bolster the Wolves scoring in the 300 meter hurdles and the 800 meters. Last season Chitsey ran in the low 43's in the hurdles, while Davenport clocked a 2:10 in the 800 meters. Last year Randle ran the 800 meters at a track meet for fun, he turned in a 2:12 time, and will be running the event for real this season. Distance coach Bill Bernard thinks that both Davenport and Randle will be around

the two minute mark by the end of the season.

Sophomores rounding out the team are pole vaulters Armando Rivera and Jay Piland and weight people Johnny Rivera, Freddie Pineda, Wylie Stice, David Britton, and Larry Hearn.

Robinson says that Wolf track is on the upswing. "The kids all have a good attitude, and are well coached by all coaches," he said.

Other Wolf coaches are Ronnie Gainey hurdlers, Mike Hart high jumper, Tom Ramsey pole vaulter and Raymond Zamarrippa freshmen track. Robinson feels that Ozona is the team to beat in district, with Ballinger and Sonora having good teams. The Wolves first meet will be March 11-12 at the West Texas Relays in Odessa.

Senior citizens enjoy meal

A Saint Patrick's Day theme was used at the Senior Citizens' noon meal at the Wallace Center on Thursday, March 3, as the Wilson Wyatt VFW Post 9178 and its Ladies' Auxiliary furnished centerpieces of white trees, green shamrocks and leprechaun hats for the tables.

The 102 Senior Citi-

zens were also treated to a large cake decorated with green icing and centered with a shamrock; green take-home cupcakes were given to the 16 March birthday honorees.

Crocheted shamrocks were handed out by Auxiliary representative Ann Ingram and Virgie Mosley.

Gas, oil discoveries down

Railroad Commission Chairman Mack Wallace has announced that Texas operators reported 96 gas and 58 oil discoveries in February 1983.

One year ago, 107 gas and 44 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in February included 48 in deep South Texas, 18

each in Southeast Texas and the Refugio area, three each in East Texas and the Midland area, two each in West Central Texas and the Panhandle, and one each in the San Angelo and San Antonio areas.

Oil discoveries included 12 in West Central Texas, nine in deep South Texas, eight each in North Texas and the Refugio area, five each

in Southeast Texas and the San Angelo area, three in the Midland area, and two each in East Texas and East Central Texas and the Lubbock and San Antonio areas.

In February, operators reported 577 exploratory and field tests would up as dry holes. New applications for permits to drill oil and gas tests totaled 2,156 in

February compared with 2,279 in February of 1982.

Applications to drill, deepen, plug back and for service wells in February amounted to 2,453 against 2,571 a year earlier.

Operators filed 723 amended applications to drill. A year earlier they submitted 770 amended requests.

Golden Years Jubilee applications available

Applications can be picked up at the Chamber of Commerce office for Ruidoso's Golden Years Jubilee May 14-22.

According to Chamber Manager Linda McCombs, a bus will take

passengers to Ruidoso, New Mexico if 43 people from Mitchell County decide to take the trip.

Local interest has picked up on the trip, with several people already willing to make the trip.

Anyone 50 years or

older is eligible for this vacation. It is the first time the event will be held, and it is hoped it will be an annual trip. The sponsors are the Ruidoso Business Association and senior citizens from Texas, New Mexico, Southern California, Nevada, Oklahoma, Arizona and Colorado are expected to be present.

Ruidoso is a small scenic mountain resort offering a wide variety of activities and attractions. It is the home of the World's Richest Quarterhorse Race—boasting three one million dollar races during the summer.

Ruidoso also has the most southern major ski area in the United States, numerous art galleries, many historic attractions within driving distance. It is also adjacent to the Mescalero Apache Indian Reservation and resort area.

The vacation will have such activities as bus tours to various tourist sites such as White Sands Space Museum and Smokey Bear Lava Flows. There is much more fun and games throughout the vacation.

For more information, go by the chamber office or phone Chamber Manager Linda McCombs at 728-3403.

Vets to receive more benefits

Some Vietnam-era veterans may obtain extensions of eligibility for Veterans Administration education benefits.

Public Law 97-306 now allows the VA to extend the eligibility period of certain Vietnam-era veterans (August 5, 1964-May 7, 1975) beyond the usual 10-year delimiting date, said the Director,

Waco VA Regional Office.

The extension may be granted to veterans who

Estimated tax is sometimes advisable

Do you expect to owe the Internal Revenue Service on your 1983 individual income tax return? Do you expect to receive income not subject to withholding in 1983 (i.e., royalty income, rental income, etc.). If so, you may need to file a declaration of estimated tax for 1983, says the Internal Revenue Service.

Whether you must file a declaration of estimated tax, Form 1040ES, for any year depends on how much you estimate your income tax will be for that year. The IRS says not to include income exempt from tax in deciding whether you must file a declaration.

Further information is detailed in IRS Publication 505, "Estimated Tax and Tax Withholding," which can be obtained by using the order form in the tax package.

Long-term credit that's productive.

Cook's Corner

Ruth Moore has been cooking a long time

"I've been cooking as long as I can remember," says Ruth Moore. "I'd come in from school and Papa would say 'You better get in there and cook supper' because Mama would be milking."

She didn't mind doing the cooking, except for one problem which still plagues her now: "The worst thing is figuring out what to cook to be different. You go through peas and beans routine and then you start over," she laughs.

What is her favorite kind of cooking? "The quick kind," Mrs. Moore states without hesitation. Although she doesn't work outside the home, she stays very busy; her three children

are all married and live away from home but they bring the grandchildren by to visit pretty often and of course she has her husband, Martin, to take care of when he's not busy on their farm, in addition to working in their garden.

Mrs. Moore is sharing three of her family's favorite recipes.

OPTI-MS. CLUB OFFICERS-For the 1983 year are left to right Jeanie Bell, Gloria Erwin, Becky Manning and Billie Forbes.

OPTI-MS. LEAGUE PLAY--Action was fast and furious last Saturday as the Celtics defeated the Rockets. The league is sponsored by the Opti-Ms. Club.

Opti-Ms. Club does much with few members

The saying that "dynamite comes in small packages" best typifies Colorado City's Opti-Ms. Club. They may be few in number, but the organization does big things for the youth in Mitchell County.

The Opti-Ms. Club is 14 ladies in Mitchell County who strive and work in their off time providing activities for youth ranging from kindergarten to high school.

The officers are: Billie Forbes, president; Jeanie Bell, vice-president; Becky Manning, treasurer and Gloria Erwin, secretary. Members are Queetie Ausbie, Sally Beavers, Elia Gonzales, Barbara Gray, Ann Gregory, Gladys Hayes, Doris Jones, Margaret Nelson and Carolyn Shaw.

Right now the group is in the middle of the Opti-Ms. Basketball League for children kindergarten thru sixth grade. The program was started in 1981 and only had 10 teams, now the program is on the upswing with 16 teams and has created numerous interest in the county, as indicated by a packed gym on Saturdays at the Administration Building where the games are played.

Treasurer Becky Manning can be thanked for coming up with the idea of a youth league. "Several interested people in the community suggested it, and it sounded like a good idea because we had never had anything like this in the county," explained Manning. Mrs. Manning would like to thank all the people who have helped with the league.

So the league was formed and it has been growing by leaps and bounds, along with community interest. At first, officials had to be paid to referee the games, but now everyone does it for no charge. Opti-Ms. members prepare the food and work the concession stand with all

funds going toward three \$400 scholarships given to one senior at Colorado High School, Loraine High School and Westbrook High School.

Sally Beavers had been a member of the Opti-Ms. for only seven months, and says the basketball program was what got her interested. "The work they did with the basketball program and the work they do for kids around town got me interested," she said.

Mrs. Beavers also has two children, Jody and Cody playing in the league, plus her husband Larry is a coach. Many people may wonder how long the Opti-Ms. has been around. The group was formed in November of 1978 with 10 charter members. It began as an extension of the Optimist Club, but eventually became an independent organization. They are a local organization and have to pay no dues to any district. "All the money that we make stays in Colorado City," explained Gloria Erwin.

The club's first project was free skating at the Wallace Center. They also entered a float in the Christmas Parade. In '79 the club disbanded for a short time, but was later reorganized in November. The group promptly went to work having various activities to raise money to provide toys for needy children. As one club member put it, "It brought tears to my eyes to go into those homes and give toys to the children, and just see the joy in their eyes."

Margaret Nelson says she just likes to see kids happy. "I got interested in the club when my sister Pam was in it. It helps people progress. The scholarship may help some young man or woman get a start in the world. The club is not to satisfy ourselves, but to help others."

Ann Gregory has been a member of the group

for three years, and says she joined because she loves helping children. "We need things in

put it to good use. It's a good thing to do and the kids enjoy it a lot. The basketball program is

good because it gives the children something outside of school to do," she commented.

In 1982 the Opti-Ms. held a bar-b-que for all league coaches, referees and scorekeepers

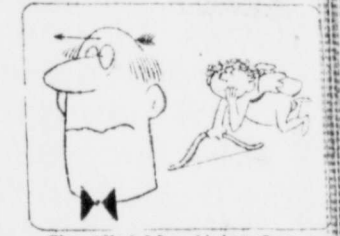

to show their appreciation for their work. The scholarships were raised to \$400 and they also painted a tree for the Gazebo Christmas decoration, plus having a Halloween skating party where prizes were given for the best costumes.

The year 1983 has started off successful for the Opti-Ms. with the basketball league going over well. Other future plans include sponsoring another girls softball team, skating party and another toy project, not to mention numerous other activities.

Gloria Erwin, another member who has been with the organization since its beginning best summed up the history of the club with this: "Membership has gone up and down, just as finances, but one thing has stayed the same--what we do for the kids. A remark was made to me the other day that it was amazing what project ideas that we come up with--with no more

than a few members. The remarkable thing to this person was the number of kids that we've reached."

It takes a lot of work to make a project a success, and we are fortunate enough to have the workers. We have cooperation from merchants when we need items and are grateful for everyone for their generosity. All in all, the greatest satisfaction is in watching the kids have fun. My personal reward comes when a child tugs on my sleeve and tells me that his team won, or whatever the accomplishment. We must be doing something right." And it's no doubt the Opti-Ms. won't get an argument about that.

the community for the kids to do," she added.

The Opti-Ms. started off 1980 by having a concession stand at the Optimist's football game. The skating at Wallace Center was extended to two nights a week. By May 20, pairs of skates had been purchased with club donations and proceeds from the skating project. The club also made donations to the Wallace Center, Mitchell County Day Care Center and the Library, not to mention sponsoring a girls softball team and providing 42 children with toys at Christmas.

Barbara Gray, who has been with the club since it originated, says the Opti-Ms. is one organization that does a lot of good for the community. "We are more than just a social club, we do a good job working with the youth of Mitchell County. I think it would be wonderful if more parents would join."

In 1981 the Opti-Ms. presented their first scholarships of \$250 to local seniors and 26 children were helped at Christmas with toys, fruit and candy.

President Billie Forbes took her new office in January and says she has enjoyed every minute of it, especially the youth basketball. "My grandson Kevin plays in the league, so I haven't missed very many games. I have always liked children and saw what the club was doing, so I wanted to help out. It's hard work, but when you see how happy it makes the children, it's worth it."

Vice-President Jeanie Bell has been an Opti-Ms. member for three years. She says she got interested because her husband Danny was an Optimist member. "I used to help my husband with his work in the club. When the Opti-Ms. was formed, I had some free time so I decided to

Plaintiff(s) and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including Plaintiff(s), defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon, may, upon request thereof, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the 25th day of February, 1983, same being the 11th day of April, A.D., 1983 (which is the return day of such citation), before the honorable District Court of Mitchell County, Texas, to be held at the courthouse thereof, then to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the Plaintiff(s) and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit. Issued and given under my hand and seal of said Court in the City of Colorado City, Mitchell County, Texas, this 25th day of February, A.D., 1983.

B. H. Erwin
Clerk of the District Court,
Mitchell County, Texas, 32nd
Judicial District
