Star Lites

By Bill Ellis

THE RIVALRY OF certain Texas cities will not be diminished by a report we received recently, which rated metropolitan areas across the nation on the basic costs of owning a house over a year's time.

The factors considered included annual average utility bills, annual average property taxes and annual average mortgage payments.

Two Texas cities in the Rio Grande Valley led the way for the state, ranking second and third, respectively. The places were McAllen-Edinburg-Mission area and Brownsville-Harlingen.

Two other state communities in the north and northeast Texas area, Texarkana and Sherman-Denison, ranked 12th and 13th in the study.

Waco ranked 25th in the homeowner cost survey; Laredo was 28th, Abilene was 33rd on the list, Beaumont-Port Arthur came in 38th, and San Angelo placed 40th.

Coming our way, Wichita Falls was number 46, and Amarillo was 58th. The surprising factor was that Lubbock, generally considered close to Amarillo price-wise, ranked 100th on the list.

Other Texas cities ranked between Amarillo and Lubbock included Longview-Marshall (62nd); Odessa (70th); San Antonio (93rd) and Corpus Christi (96th).

The Lubbock-Amarillo-Wichita Falls rankings sound good when you locate Fort Worth-Arlington on the list and find that it is 174th in the study; Dallas, which came out 256th, and Houston, which ranked 269th out of the 329 "metro" areas in the United States.

It may come as no big surprise that among the cities ranked the "300" mark were Anchorage, Alaska, 307; New York City, 312; Washington, D.C., 314; Los Angeles, 316; San Diego, 321; Anaheim, 324; Honolulu, 326 and San Francisco, 327.

The report also gave some interesting figures, such as the fact that apartments comprise 56 per cent of all living units in New York City. Apartments make up 43 per cent of all dwellings in Austin.

West Palm Beach, Florida, is the condominium capital of the nation, as 33 per cent of its dwellings are in this category.

Ten Texas cities were among the top 11 cities in air conditioning needs. Phoenix, Arizona led the list, followed by Laredo, Galveston-Texas City and Corpus Christi.

Tucson, Arizona, Mimi-Hialeah, Florida and Las Vegas, Nevada, were 5-6-7, followed by four more Texas spots: Dallas, Sherman-Denison, Brownsville-Harlingen and McAllen-Edinburg-Mission.

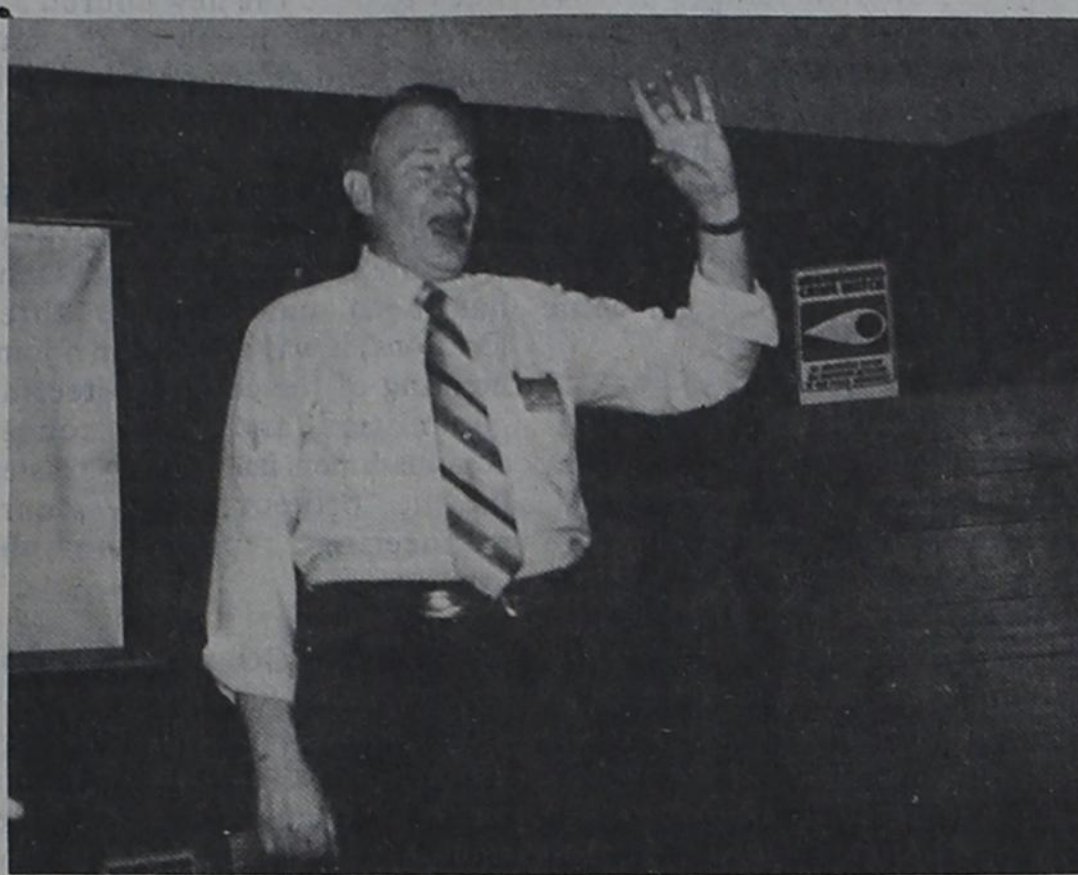

On the other side of the coin, it was not surprising to see that in the "heating needs" category, the study had Anchorage, Alaska, at the top of the list, followed by Grand Forks, North Dakota, Duluth, Minnesota and Fargo-Moorhead, N.D.

Other cold-weather kings were Bismarck, N.D., St. Cloud, Minnesota, Bangor, Maine, Wausau, Wisconsin, Eau Claire, Wisconsin and Minneapolis-St. Paul, Minn.

In the ratings for property taxes, cities in Louisiana and Alabama took all ten ratings in the lowest taxes, while those in Connecticut, Massachusetts, New Jersey and New York paid the highest taxes.

Judge to defendant: "Colonel Watson, why are you called 'Colonel'?" I don't think you were ever in the army. What regiment were you in?"

"Well, sir, it's like this. The 'Colonel' in front of my name is like when someone calls you the 'Honorable' Judge Wilson. It doesn't mean a thing!"

CRIME WATCH....John Bradshaw of Amarillo, a Crime Prevention Coordinator, will be in Friona on Tuesday, July 16 at 7:30 p.m. at the Friona Community Center. He will explain how our community could protect itself from burglaries. Everyone is urged to attend.

HERE JULY 16

Bradshaw Sets Crime Meeting

John Bradshaw, crime prevention officer from Amarillo College, will conduct an area-wide meeting in Friona on Tuesday, July 16, at 7:30 p.m. at the Friona Community Center.

This will be a followup of Bradshaw's earlier meetings, which have been designed to get the city's "Crime Watch" program organized. All residents of the area are urged to attend the meeting, and find out what they can do to hold down the level of crime locally.

Rex Williams, Friona city patrolman who is the spokesman for the local Crime Watch, says he still needs workers in the eastern part of Friona, to collect \$5 donations to provide decals and neighborhood Crime Watch signs.

"We still need workers to cover the area from Main Street to the east," Williams said, adding that he appreciated the work which has been done by local volunteers on the crime watch situation.

IN AMARILLO

Nuclear Waste Program Is Set

Residents of the Friona area are invited to a meeting Tuesday, July 23, in Amarillo, to learn more about the high-level nuclear waste repository that may be located in Deaf Smith County.

The program is scheduled from 4 to 9:30 p.m. in Exhibit Hall of Amarillo Civic Center, with the first part of the session devoted to giving the public an opportunity to visit with and question persons present to explain aspects of the project. Speakers will make formal presentations beginning at 6:30 p.m.

The Department of Energy is sponsoring the meeting, the first of its kind to be held in Amarillo, and more than 30 government representatives will be present to outline plans and answer questions about the proposed facility.

Also present will be spokesmen for citizens opposed to locating the nuclear dump in a nine-square mile area in northern Deaf Smith County, one of three sites designated as "finalists" in the search for a place to store the nation's most dangerous nuclear garbage.

Mrs. Beulah Lee Carter of Amarillo, chairman of a temporary committee organized last month to fight choice of the Deaf Smith site, announced plans for the groups' representation at the upcoming meeting.

Among spokesmen for the group, she said, will be Wayne Wyatt, manager of Hi-Plains Underground Water District No. 1, of Lubbock; Wayne Richardson

of Richardson Feeds, the nation's largest producer of certified seeds, and which is located within the proposed site for the nuclear dump; Don Hancock of Albuquerque, joint technical assistant to both POWER and STAND, anti-dump organizations formed in Deaf Smith and Swisher counties, respectively; Carl King of Dimmitt, president of the Texas Corn Growers Association; and Angela Lamb, head of the Amarillo office of the Texas Agriculture Department.

Also expected to be at the meeting to ask and answer questions on effects of a nuclear waste repository in this area will be representatives of a variety of agriculture, agribusiness and livestock interests, according to Mrs. Carter. Tonya Klueskens of Hereford, president of POWER, and Delbert Devin of Tulia, president of STAND, plan to attend, along with Panhandle legislators and other public officials, she said.

The temporary committee will be seeking to recruit members for a permanent organization to join groups already formed in Tulia and Hereford to fight location of the repository in the Panhandle.

"A good attendance from a wide area will help convince the DOE that our people don't want that dump," said Mrs. Carter.

"People need to see that DOE has no answer to many of our questions about dangers of dumping nuclear garbage in our area," she said.

Court Discusses Highway 60 Work

Rhea Bradley, resident engineer for the State Department of Highways and Transportation, met with the Commissioner's Court at its June 24 meeting, to discuss the widening of U.S. Highway 60 through Parmer County.

Bradley has indicated that purchase of right-of-way is underway on the northeast side of the project, at Summerfield community in Castro County. He stated that it was ironic that there will be more property owners involved in the highway project in the Castro County community than from that point on in to Friona.

The right-of-way procurement has not begun in Parmer County as yet, and Judge Porter Roberts says that he expects the county's share of the cost in the project to be approximately \$200,000.

Roberts said that the Highway Department seems to be working at a steady pace on the paper work involved in the widening of the road to four lanes, and that we might see some physical evidence of the project by fall.

Gerald Baker met with the court to explain coverage available through Travelers Insurance Company. The court agreed to study the proposal.

Sheriff Bill Morgan met with the court to discuss implications of the Garcia decision by the U.S. Supreme Court considering the time and overtime for county employees. It was decided that guidelines would be drawn up as soon as information is received, so that a county policy on the situation can be formulated.

Prairie Acres Fund Drive Is Successful

Prairie Acres Nursing Home's "Kangaroo Court" raised over \$3,000 toward building the garage and storage for the van.

If you received a subpoena and were out of town or unable to "go to jail" on July 3, Prairie Acres officials are still accepting donations, to pay for your fine.

Jo Blackwell, administrator, the staff and residents, of Prairie Acres, send a big "Thank You" to everyone who participated and made the "Kangaroo Court" such a fun and successful day.

Plans Are Underway For Pageant

Activities for the 1985 Miss Friona Pageant are gearing up.

All young ladies who will be seniors or juniors this fall are invited to attend a swimming party Monday, July 15 at 5:30 p.m. at the City Pool.

Refreshments will be served following the swimming party and the pageant entry forms and regulations will be handed out as well as discussion on talent, evening gowns, photographs and practices.

The steering committee of the Women's Division of the Chamber of Commerce and Agriculture will be hosting this and other activities during August and September leading up to the pageant scheduled for September 21.

Steering committee members are Jeanie Tucker, Becky Riethmayer, Teri Carthel, Veda White, Karene Cass, Connie Willard and Marsha Lewis.

Entry forms are also available at the Chamber of Commerce office. Anyone interested in sponsoring a contestant, please call Kathy Beard at 247-3491.

A delegation from the county's branch office of Central Plains MH/MR Center gave an annual report on the MH/MR Center in Plainview.

A statement was received from Sherrill Lumber Company of Bovina, stating that the work of renovation on the ladies' restroom had been completed. A motion was passed to pay the remainder of the contract for the renovation work.

A delegation from the Farwell Convalescent Center met with the court requesting ideas for help for one of its residents. Judge Porter Roberts promised to try to find avenues of assistance for the person involved.

A motion was passed to renew a certificate of deposit for the Farm

to Market funds, from June 28 to July 31, 1985, in the amount of \$200,000.

A motion was passed to allow soil work by county machinery on several county farms, when the machinery is not otherwise in demand. Cost of such work is paid by the individuals.

Those approved for the work were Norvell Strawn, C.N. Treinen, Richard Steelman, Dee Chitwood, Don Gerles, Bruce Billingsley, E.W. Bass, W.D. Howard, Fred Chandler, C.R. Dale, Bill Martin, Joe White, Adolph Haseloff, Gene Hardage, David Routon, K.E. Johnson, C.W. Dale, Wayne Clark, Royce Barnes, Bill Hunt, Rusty S. Whitt and Max Steinbock.

Calvary Baptist Has Anniversary

Calvary Baptist Church of Friona will be celebrating their 25th anniversary on Sunday, July 14. Special activities have been planned for the day, and everyone is invited to come be a part of their activities.

Regular church services will be held starting with Sunday School at 9:45 a.m. and church services at 11 a.m. with Rev. Vergil Ichtertz, pastor, in charge.

A covered dish luncheon will be served at noon in the Friona Community Center.

Rev. Murle Rogers, pastor of the First Baptist Church of Lockney, and a former pastor of Calvary Baptist Church, will deliver the afternoon message at 2 p.m. at the church. He will give a challenge to the future. Music will be provided by the youth choir and children's choir.

Former members and pastors, and church members will be given an opportunity to share what Calvary Baptist Church has meant to them.

A history of the church will be read by Mae Magness, charter member.

Calvary Baptist Church was founded in July of 1960 with seventy-one charter members. Since that time the accumulative Sunday School enrollment has been 6,864; accumulative Baptisms, 600; accumulative budget, \$1,014,000; and accumulative money given to missions, \$179,000.

Calvary Baptist Church has also sponsored and helped to organize St. Esther's Baptist Church and has licensed and ordained ten men to the ministry.

COMMEMORATIVE PLATES....Immanuel Lutheran Church of Rhea Community will be observing their 75th anniversary on Sunday, July 28. Shirley Schueler is shown holding the two commemorative plates, one featuring the first Immanuel Lutheran Church built in 1910, and the second plate featuring the new church built in 1964. The

Lutherans Have 75th Anniversary

The Immanuel Lutheran Church of Rhea will be observing their 75th anniversary on Sunday, July 28, with a full day of activities.

Regular church services will be held at 10 a.m. with Rev. Leonard Riddle, pastor, in charge of the service.

A barbecue lunch will be served in the Rhea Community Center at noon, and the anniversary service will be held at 3 p.m.

Guest speaker at the 3 p.m. service will be Rev. Wayne Schueler of Albany. Rev. Schueler is the son of Walter and Martha Schueler of Rhea and grew up in the Rhea Community. His great-grandfather, C.W. (Charles)

Gallmeir, was one of the charter members of Immanuel Lutheran Church.

Two decorative plates, one featuring the original church that was built in 1910 and the other plate featuring the present church that was built in 1964 will be on sale the day of the celebration.

There will be a reception and time for visiting following the 3 p.m. service in the Rhea Community Center. Everyone is invited to attend the day's activities, or any part of the activities.

Theme for the anniversary is "The Lord Hath Helped Us Hitherto."

Results Are Given In July 4th Events

The July 4th activities locally were well-attended. Following are some results of contests young people participated in during the day:

JULY 4th RESULTS

TURTLES

Wildest: Alicia Baker.
Most patriotic: Leslie Fangman.
Best rebel: Lana Fangman.
Best decorated: Chesley Ray.
Dirtiest: Barry Procter.
Smallest: Leslie Fangman.

TURTLE RACES

Medium-sized: 1. "Johnson," Misty Drake; 2. "Fat Daddy," Lana Fangman; 3. "Tommy," Freida Lafuente; 4. "Jamie," Kyle Mars and Chris Hill.

Small: 1. "Snapper," Carson Blaygrave; 2. (tie) "Herman," Wes Drake and "Sam," Cory Hamilton; 3. "George," Gerrad Salyer; 4. "Tom," Barry Procter.

Large: 1. "Spike," Landon and Daniel Wiseman; 2. "Sickey," Tara Rector; 3. "Firecracker," Daylen Gallman.

Tiny: 1. "Amanda," Lindsay Jennings; 2. "Sam," Lana Fangman; 3. "Peanut," Leslie Fangman.

SPLASH CONTESTS

Biggest splash, over 12: 1. Ken Smith; 2. Steve Smith; 3. Annabell Alaviacy; 4. James Norman.

Best dive, over 12: 1. James Norman; 2. Steve Smith; 3. Ken Smith.

Baton relay race, under 12: 1. Senora Alvarado, Rebecca Rushing, Julie Bracken and Sarah Rushing; 2. Marian Rushing, Michael Rushing, Bowie Hand and Eddie Wilson.

Biggest splash, under 12: 1. Senora Alvarado; 2. Sarah Rushing; 3. Michael Rushing.

BABY POOL

Diving for pennies: Jack Wilson.

Baton relay race: Robin Rushing, Sarah Rushing and Schera Alvarado.

Biggest splash, under 12: 1. Josh Sneed; 2. T.J.; 3. Nathan Brockman.

Best dive, 12 and under: 1. Nathan Brockman; 2. Valerie Brockman; 3. Boone Hand.

SOFTBALL THROW WINNERS.... Winners of the softball throw held July 4th are shown above. In the back row are the winners of the 10-15 age group, Julie Howard and Andre Duran. In the front row, left to right, are Ruben Diaz, Jeff Hamilton and Diandra Lafuente.

I'M READY NOW.... Patches Fleming is shown playing a game of ping pong in the tournament held during the local July 4th activities.

Friona Flashbacks

....from the files of The Friona Star

55 YEARS AGO--JULY 11, 1930

Mayor J.L. Landrum received notice from the census department last Saturday giving word that the census report showed the present population of Friona to be 730, with only 17 persons out of employment. This falls within estimates, which ranged from 700 to 800. The report shows that Friona's population has almost quadrupled since the 1920 census, which gave it nearly 200. This increase has practically all come within the last five years.

50 YEARS AGO--JULY 13, 1935

On Monday of last week, Mrs. Ray Springer and Mrs. Oscar Bell, who have been operators at the local telephone central office for the past two years, relinquished their positions, and the city is now being served by two new operators. The new operators are Miss Ruth Staggs and Mrs. Velma Lippard, assistant. Both are from Ropesville, and are experienced operators, genial and courteous in manner.

45 YEARS AGO--JULY 12, 1940

A very sad occurrence took place at the home of Mr. and Mrs. W.E. Donaho, who live on the A.H. Boatman land a mile and a half south of Hub last Sunday afternoon when their fifteen-month-old son, Kenneth Earl, was found drowned in a stock tank near the house. Efforts were made to restore respiration, without avail, and Mr. Boatman rushed the child to Dr. Stover, but too late to revive the spark of life.

40 YEARS AGO--JULY 13, 1945

On Saturday of last week, Betty Jean Gore, daughter of Mr. and Mrs. Milt Gore, came to the Star office with an exploded weather balloon which she had found near her home. It contained radio instruments and had been sent up by the weather bureau at Clovis, to which the balloon and box were returned.

35 YEARS AGO--JULY 7, 1950

Making Friona easily accessible to the vast trade territory lying south between Friona and Muleshoe, the last 12-mile gap in the north-south road ending at Friona has been paved. This strip has long been a headache for residents south of Hub and in the Lazbuddie area, who wished to trade in Friona or use this direct route to Amarillo and points north.

30 YEARS AGO--JULY 8, 1955

Potato harvest probably will get underway in seriousness next week, local growers and processors predict. Eleven growers this year are producing some 650 acres in the immediate area, the Herman Neff Company reports. Growers are Neff, G.H. Whitaker, Kenneth Neill, Gordon Massey, Earl Lance, Jimmie Jesko, Roy Botkin, Buck Barnett, Kenneth Christian, Lloyd Oswald and Hardy May.

25 YEARS AGO--JULY 7, 1960

A new Baptist Church will officially organize Sunday at the American Legion Hall in Friona. This new church will be organized by those attending the services,

which have been held since June 12 in the Legion Hall. The new church has been designated as the Calvary Baptist Church of Friona, and the home church voted last week to deed the new church 3.9 acres of land north of the city limits on which to construct their church.

20 YEARS AGO--JULY 8, 1965

The site of a multi-purpose structure on Running Water Draw has been narrowed to three locations, it was revealed in a joint meeting of the county's steering committee and the county commissioners last week. Next step in the project is to secure engineering reports on the locations.

15 YEARS AGO--JULY 9, 1970

Friona High School will have an Australian girl for its exchange student for the 1970-71 school year, it was announced this week. Janet Wallis from the town of Indooroopilly, Queensland, will arrive in Friona in early August, to make her home with the Carl Schlenker family. Miss Wallis will

be the second exchange student from Australia, as the community, along with the E.G. Phipps family, hosted Brenda Hawker during the 1964-65 school term.

10 YEARS AGO--JULY 6, 1975

The Friona Star was the winner of a second place award in the "appearance" contest at the 96th annual summer convention of the Texas Press Association last weekend in El Paso. There were 24 newspapers from across the state in Friona's population bracket.

A new business, Lakeside Parts & Machine, opened in Friona on July 1 at the former Panciera Tire Co. location on West Highway 60. Owners of the new parts house are Arlen May, C.H. Veazey and Fred Ferguson.

SCS Tillage Field Day Set July 16

A Conservation Tillage Field Day is scheduled for July 16 at 9 a.m. The location of the field day is six miles southwest of Friona on Highway 60 or five miles northeast of Bovina on Highway 60.

"It's on the north side of Highway 60," said Bill Donham of the Soil Conservation Service. "You can't miss it!"

Plans are to start plowing wheat stubble at 9 a.m. Equipment on display will include stubble mulchers from B&H Farm Supply (Flexking) and Broadview Gas Company (Versite). Coulter chisels from Fry-Cox Equipment (Lisston and Hesston) and Herring Equipment (Krause) will also be displayed. Connally Supply Company will demonstrate the paraplow built by Howard. USA Fertilizer will have a planter-drill manufactured by My-D Han-D, and Ag Engineering will demonstrate the Dammer Diker. Farmer County Implement Company will furnish a tractor for some of the displays.

Lunch will be served in Bovina following the field day courtesy of Riverside Terra Corp. of Bovina.

This event is sponsored by the Farmer County Soil and Water Conservation District in cooperation with local businesses to allow the public to become acquainted with different aspects of conservation tillage. For more information you may call 247-2220.

KEG FRESHNESS

All beer is susceptible to spoilage that is caused by micro-organisms. The problem generally is not serious with draft beer dispensed from kegs. Draft beer usually is consumed long before the micro-organisms can ruin the brew. Beer sold in bottles and cans, on the other hand, takes a slow route from brewery to belly. Unless it is pasteurized, it could be undrinkable upon opening. The pasteurization process, which is not used for genuine draft beer, partially cooks the beer and, therefore, negatively alters its flavor. Many beer aficionados recognize the difference in taste between pasteurized and unpasteurized beer. As a result, consider buying a suitable-size barrel of beer for your next party.

Welcome to our weekly column!

If your gathering is too small for a whole keg of beer, perhaps you should consider a half keg. Come into THE STORE and tell us how many people you are expecting and we will use our knowledge and experience to make sure you have the right amount of beer. Stop by 400 N. 25 Mile, 364-7802 and become familiar with our inventory and with our staff. Open: Mon.-Sat. 10-9, use our drive up door until midnight for beer and wine, on Sun. only beer and wine are available from 12-12.

VOLLEYBALL ENTHUSIASTS....Several young people joined in on the fun in the volleyball tournament held July 4th during the local activities.

Reeve-Cain Winners Given

Reeve-Cain Oil Company held their grand opening July 1-6 and door prizes were awarded to: Rex

Hand, 100 gallons of gasoline; Jan Chesher, 50 gallons of gasoline; Dale Mann, Wayne Knapp and Neola Reed, each won a case of oil and Priscilla Pruitt and Monty Allen each won a car wash.

On Wednesday, July 3, Glenn Reeve, Jr., Joe Reeve and Ron Cain, owners, and Regina Peek, manager, served free ice cream from 2-5 p.m. and served about 275 people.

"We really had a good turn-out during our grand opening and appreciate each and everyone that came by," said a spokesman for the company.

SCS Sets
Field Day

The Parmer County Soil and Water Conservation District and the Soil Conservation Service will sponsor a field day to demonstrate different types of tillage equipment.

The field day will start at 9 a.m. on July 16, at the Hewitt Estate, Section 24, six miles southwest of Friona and five miles northeast of Bovina on Highway 60.

Several different types of equipment will be used to till wheat stubble and representatives will be on hand to answer your questions.

For more information contact the Soil Conservation Service at 1306 West Ninth Street in Friona or call 806-247-2220.

Mrs. L.R. White, 806 Ashland Ave. 44-tfnc

West Plains Medical Center will be conducting a CPR Instructors Class for the American Heart Association. If you have a current Basic Life Support Card and would like to be an instructor, please call 272-4524. The class will be from 6:30 to 9:30 P.M. on the following dates: July 16, 23 and August 6th. Fees for the class including materials will be \$25.00. 40-1tc

Did You Know....
(1)...that there are 114 channels of television available via satellite? (2)...that of these 114 channels, only seven have expressed any interest in scrambling? (3)...that of these seven, only one service actually has the equipment in place to scramble their signal? (4)...that a bill has been introduced in Congress to stop scrambling for two years? (5)...that a second bill has been introduced in Congress to guarantee reasonable access by all Americans to any programs that do scramble?

CHRISTMAS 1964....In 1964, the Friona Star had this picture of Brenda Hawker, Friona's A.F.S. student from Australia. She is shown with her American family, left to right, Judy, Shirley, Patricia, Brenda Hawker and DeLoris, sitting in front is Myrna. Brenda is visiting in Friona this week and there will be a reception on Sunday, July 14, from 3:30-5 p.m. at the Friendship House, to give her friends a chance to visit.

Special Guest To Be Feted

There will be a reception honoring Wayne and Brenda Hawker Baxter of New Zealand on Sunday, July 14, from 3:30-5 p.m. at the Friona Senior Citizens Friendship House, Fifteenth and Washington.

Brenda Hawker was an A.F.S. student from Australia. She attended Friona High School during the 1964-65 school term and made her home with E.G. and Betty Phipps and their daughters.

Everyone is invited to come by and visit with Brenda and Wayne.

VIDEO TAPES....Late titles, old classics. Something for all age groups. Over 200 titles to choose from. Bill Ellis, 1201 Maple St., Phone 247-3053.

**FRIONA, TEXAS
FEDERAL
CREDIT UNION**

SHERI BETH RATCLIFF graduated from Texas A&M University on May 3 with a degree in Industrial Engineering. Sheri began work July 1 at Southwestern Bell Telephone in Dallas. She is the daughter of Hal and Charlotte Ratcliff.

HAPPY REUNION.... Carmen Perez of Friona had a nice surprise this week when her sister and brother-in-law, Aurora and Bert Marglon of San Jose, California, came to Friona. This was the first time that the sisters had been together in 34 years. Pictured, left to right, are Carmen Perez, Aurora and Bert Marglon.

Volunteers Needed At Nursing Home

BILLY DON THOMAS, son of Annie Mae Thomas of Friona, graduated from Midwestern State University in December of 1984. He received his Bachelor of Science in Education degree at commencement exercises held May 18 at D.L. Ligon Coliseum, Wichita Falls. While at Midwestern, he was a member of Phi Alpha Theta, honorary history society. He will coach seventh and eighth grade girls basketball and teach history this fall at Henrietta Junior High School, Henrietta, Tex.

Prairie Acres Nursing Home is in need of volunteers to help some of the residents that are unable to feed themselves, and do not have family to help them.

There are about twenty residents that need help during meal time, and there just aren't enough on staff to take care of this growing problem.

If you could volunteer to come to Prairie Acres and help with meals just one day a week, one meal a week or any schedule that you would be willing to do, then

call Debbie Sweatt, 247-3922 and set up a time.

Also the residents enjoy fresh fruits and vegetables. If you have a surplus in your garden and would be willing to spare produce, it would be greatly appreciated.

If you would provide the produce, the residents would also be willing to help snap beans or shell peas for your use, in exchange for fresh vegetables for Prairie Acres.

Basketball Camp Is Set

The Friona Girls Basketball Camp will be held July 15-19 at the Friona High School Gymnasium. Camp will begin at 8 a.m. the first day, and then will be held at 8:30 a.m.-12 noon the rest of the week.

The camp is for girls in the fifth through eighth grades. The girls will need to bring their swim suits, also, according to Vicki Hatton, camp director.

Sisters Are Together After Thirty-Four Years

Monday, July 8, was a momentous day for Carmen Perez of 304 Woodland Avenue in Friona and Aurora Marglon of San Jose, California. These two sisters, who hadn't seen one another since 1951, met at Amarillo International Airport.

Aurora and her husband, Bert, flew from Los Angeles to Amarillo by way of Dallas and have been here all week. They plan to make the return flight.

The father of these two was Ricardo Garcia. Aurora's mother's name was Petra and Carmen's was Magdalena. They were all natives of Mexico. When Aurora was twelve and Carmen was two, Aurora immigrated to the United States. After living in El Paso, where she was married, several years, she moved to the West Coast and has lived there ever since.

For a number of years these two sisters lost contact with one another, but re-established contact three years ago. Since that time they've corresponded and visited by telephone. Several times Aurora

made plans to make a trip to Texas, but each time family or job responsibilities interfered, so visits were postponed.

Aurora said, "My husband tricked me. I've always been afraid of flying, but he persuaded me to fly to Las Vegas, Nevada for a weekend. I began to plan for that trip and we had already bought the tickets before I knew we were flying to Amarillo instead of to Las Vegas."

The two sisters had exchanged pictures, but weren't sure they'd recognize one another at the airport, so they described the clothes they would be wearing to one another.

Bert offered this suggestion to Carmen on the telephone, "Just look for a Mexican woman with a Gringo man."

Aurora's five children, David, Rick, Seta, Henry and George Corona, were all working with Bert in getting Aurora to Friona.

Aurora said, "My children were very excited for me to come over here. They wanted me to come three years ago."

Carmen and her husband, Augustine, lived in Las Vegas, New Mexico when they first came to the United States. They have lived here thirteen years. Their children are Belen, 14 and a high school sophomore; Edward, 13, a freshman; Carmen, 10, a fifth grade student; Elva, 5, a beginning kindergarten student; and Emma, who is two.

"The last time I saw Carmen before I came to Texas was when she was the age Emma is now," Aurora said.

The Marglons report they've had a marvelous visit. Bert is a boilermaker and plans to retire soon. When the couple left home they could see the forest fire near Los Gatos burning and fire extinguishing experts had predicted that the fire could continue to burn at least one more week.

Although Carmen had no recollection of Aurora having ever lived in the family home, she's been excited about renewing their acquaintance and has thoroughly enjoyed the past week.

MAYBE THE BIG ONES GOT AWAY.... Ray Jackson and a brother-in-law, Larry Pulliam of Independence, Kansas, may have let some of the biggest fish get away, but they pulled in a nice string of frying pan-sized ones several times during a vacation at Hidden Trails Resort near Kenora, Ontario, Canada, and the twelve member family group had all the fish they could eat on several different occasions.

IT'S ALL MADE OF CORN.... The Corn Palace in Mitchell, South Dakota, which was visited by Ray and Nancy Jackson in late June, is made of ears of corn. In addition to a gift shop, there's a large space, which can be used for a gymnasium or auditorium in the building. Many college and high school basketball games are played here and many famous entertainers have performed here. Some of them are Bob Hope, Jim Nabours and the Lennon Sisters.

Senior Citizens Set Luncheon July 16

The Friona Senior Citizens will hold their regular monthly covered dish luncheon on Tuesday, July 16 at the Friendship House, Fifteenth and Washington.

The Beltone representative will be at the meeting about 10:30 a.m. to check hearing aid equipment and test your hearing. Games will also be played before lunch.

Mary Johnston, R.N., will also

be there to check your blood pressure.

The covered dish luncheon will be served at noon, followed by a program by Chris Drager and E.W. Vogler.

A game session will follow the program. All Senior Citizens are invited to bring a covered dish and spend the day.

Jacksons Report On Motorcycle Trip

Late Sunday, Ray and Nancy Jackson arrived back in Friona after spending ten days vacationing. During this time these two left their duties at Friona Ford Sales, where Ray's a salesman, and Parmer House Restaurant, which the couple own and operate, for a three thousand, three hundred eighty-one mile motorcycle ride.

They left here June 20 and their first stop was in Kansas City, where they met up with the rest of their twelve member party, which included Ray's parents, Mr. and Mrs. A.W. Jackson of Dalhart and his sister and brother-in-law, Mr. and Mrs. Larry Pulliam of Independence, Kansas.

Other party members travelled in a van, which was pulling a camper and Ray and Nancy continued on to Hidden Trails Resort near Kenora, Ontario, Canada, where they fished and relaxed for several days, by motorcycle.

Ray reports good fishing in several lakes including Lake of The Woods. They caught Northern Pike, Small Mouth Bass, Perch and Catfish. Enroute home the Jacksons came through Winnipeg, Manitoba, Canada, Sioux Falls, South Dakota and Mitchell, South Dakota.

In Mitchell, they spent some time at the Corn Palace, which is constructed entirely from ears of corn. Many things which are on display and are for sale in the palace are made of ears of corn.

One of the things Nancy liked best was a display of pictures of every state in the nation, which had been made by the Agriculture Department and featured different crops grown in each of the fifty states.

J. Gonzales Attends OST

Jessie A. Gonzales is among the 1,833 students enrolled for the summer trimester at Oklahoma State Tech, Okmulgee, Oklahoma.

Tech, the residential, technical branch of Oklahoma State University, is recognized nationwide for the quality of its instructional programs.

Students may select a career area from 48 college-level programs of study offered. All programs earn college credit.

More than 4,400 full-time students enroll annually at the post-secondary technical college campus. Students enrolled for the summer trimester represent 71 of Oklahoma's 77 counties, 25 other states and five foreign countries.

Gonzales is majoring in culinary arts. He is the son of Ms. Frances Gonzales of Friona.

Ray is a seasoned motorcycle traveller, but this was Nancy's first trip. The two travelled on the same vehicle, which pulled a small trailer. Packing the trailer was one of the couple's biggest jobs. Making decisions about the most needed items was quite a chore.

They took a portable heater, a tent, two pillows, blankets, two sets of jackets, extra clothing and needed personal items. Nancy said, "It was raining so much of the time that we never did get to use the tent."

Then, she added, "Going up it rained on us all the way from Des Moines, Iowa, to Kenora and most of the way home."

On the way home, they had to stop in St. Augustine, Manitoba, early in the afternoon and stay until the following morning due to a downpour of rain.

Nancy reported that their helmets and shields protected their faces and eyes from the rain, but the amount of rain on the highway hampered their travel.

The Jacksons travelled through eight states, including Texas, Oklahoma, Kansas, Iowa, Minnesota, South Dakota, Colorado and Nebraska; and two Canadian Provinces, Ontario and Manitoba.

Nancy reported, "The thing I liked the least on the whole trip was the wind in Minnesota—it was much worse than anything I've ever seen in Texas."

She went on to say, "I enjoyed the bike trip and even though I was real glad to get home, I'd go again any time."

NEW ZEALAND VISITORS.... Visiting in the home of E.G. and Betty Phipps are Wayne and Brenda Hawker Baxter of New Zealand. Brenda was an A.F.S. student in Friona in 1964-65 and made her home with the Phipps. Standing, left to right, are Wayne and Brenda Baxter, Shirley Phipps Wilson and Betty Phipps.

E.G. Phipps Family Has Special Guests

Visiting in the E.G. Phipps home this week are Brenda and Wayne Baxter of New Zealand.

Brenda was an A.F.S. student from Australia and attended Friona High School in 1964-65. She has lived in Wanganui, New Zealand for the past twelve years.

The Baxters have three children, Sally, eleven years old, Travis, nine, and Nicola, four years old. Baxter is employed by the

Ministry of Agriculture in Wanganui and also runs sheep and beef cattle on an 82 acre farm. Brenda is a homemaker and part-time teacher.

A reception for the Baxters will be held Sunday, July 14, at the Friona Senior Citizens Friendship House, to give everyone a chance to stop by and visit, from 3:30-5 p.m.

Trey Collier To Visit Nat'l Laboratory

Trey Collier of Friona High School gets his reward next week for being a winner of the U.S. Department of Energy's Special Award at the 36th International Science and Engineering Fair held in Shreveport-Bossier City, Louisiana, May 13-17.

An orientation week, July 14-19, at the DOE's Lawrence Livermore National Laboratory in Livermore, California--both for the winner and for his project advisor, Richard Tullis--is the reward for submitting one of the ten best energy-related projects in the country. Collier's project was: "Fluidized-Bed Combustion: A Hot Idea."

During his visit, Trey will work with Lab scientists in his field of interest, learn about preparing for science careers and meet with top Lab scientists and engineers to discuss the future of science and its contribution to society.

In addition, a number of outside trips and activities are planned, including visits to the Lawrence Hall of Science in Berkeley; The Exploratorium in San Francisco; and Sandia National Laboratory in Livermore.

More than 600 students competed in the International Science Fair this year. More than 15 per cent of them had projects which were related to some form of energy. They represented the best local and regional science fair projects in the United States and twenty foreign countries.

Collier is a 1985 graduate of Friona High School and is the son of Mr. and Mrs. G.A. Collier of Friona.

Youngsters Attend WTSU G&T Session

West Texas State University hosted the third annual Summer Institute for the Gifted and Talented in three sessions during the month of June. Students ages 9-11 participated in two sessions which took place June 9-15 and June 16-22. The third session, June 23-29, was for students ages 12-14. The program, partially funded by a grant from Rockwell Fund, Inc., gave students the opportunity to participate in classes in mythology, science, math, art, creative dramatics, and living biographies. In addition, the students chose elective classes from chess, creative problem solving, puppetry, story telling, world culture, racquetball, swimming and golf.

Further, sponsors of the Institute planned extra activities such as a tour of the Amarillo Art Center, a tour of the amphitheater plus a viewing of the "TEXAS" production, a lesson in graphoanalysis, and a lecture on relaxation and stress-reduction. One of the highlights was a workshop with Robert York, world-class juggler.

At the end of each session, all students received certificates, and awards were given for outstanding performance.

James Warren of Friona and Kelly Christie of Summerfield attended these sessions.

The Institute will hold a similar program on Saturdays, September 21 through November 16, from 9:30 a.m. until noon.

Should You Consider Investing In Tax-Free Municipal Bonds?

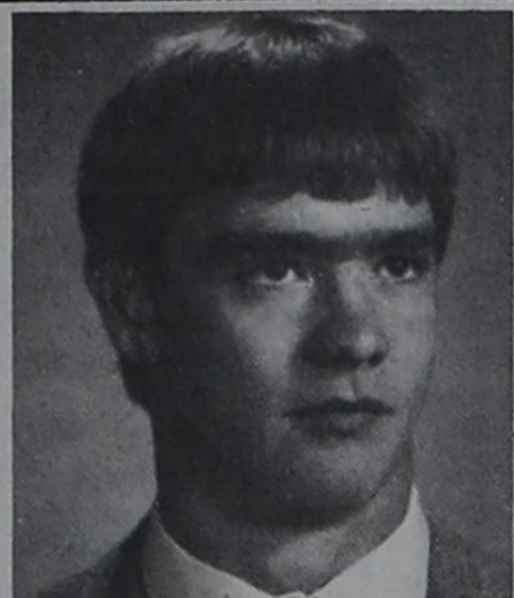

Maybe the following comparison can help you decide.

\$10,000 Invested at 9.0% Tax-Free (Insured-AAA Rated)	\$10,000 Invested at 10% (Taxable) Assuming a 40% Tax-Bracket
\$10,000 x 9.0%	\$10,000 x 10%
\$900 Per Year No Tax	1000 - 400 Income Tax
	\$600 per year after tax

Remember: It's not what you MAKE that counts; It's what you KEEP, after tax.

TREY COLLIER

D. Scheefs Have Girl

Mr. and Mrs. David Scheef, the former Cinda Johnson, of Duncan, Oklahoma, are parents of a baby girl.

Whitney Lenore was born July 1 at 1:33 a.m. in Duncan Regional Hospital.

She weighed seven pounds, two and one-half ounces and was twenty-one and one-half inches long at birth.

Whitney has two older brothers, Brian, ten years old, and Andrew, four years old.

Grandparents are Leroy and Christine Johnson of Shallowater, formerly of Friona, and Walter and Barbara Scheef of Lorenzo.

Great-grandparents are Mrs. Hattie Burkett and Mr. and Mrs. L.A. Hill, Sr., both of Lubbock.

Local Riding Club Makes Rodeo Plans

The Friona Riding Club held its monthly meeting at the Club House on Saturday evening, July 6.

The club went over the preparations for the Junior Rodeo to be held July 19 and 20 at 8 p.m.

The rodeo is one of the High Plains Junior Rodeo Association events.

The High Plains Junior Rodeo Association has ten shows through the summer with the contestants accumulating points toward the high point award at the finals.

A work day was held Sunday afternoon to get the arena grounds and new pens ready for the rodeo.

Those present for the meeting were Mr. and Mrs. Ray Jackson, Mr. and Mrs. Floyd Rector, Mr. and Mrs. Randy Highsmith, Michelle and Randal, Frances and B.J. Parvin, Amelia Wright, Roy Trimmell, Jim Tucker, Joe Mueller, Lyn and Lana Allemand, Mr. and Mrs. Robert Zetzsch.

Academic, Vocational And Technical Programs

A MESSAGE TO ENMU-CLOVIS STUDENTS

Facing the challenges of a future will require an enormous information exchange, the flexible system of higher education, high quality instruction, and the desire on the part of the American people to improve the quality of life for society as a whole. ENMU-Clovis is a place where students are treated as individuals, where faculty and staff are concerned about student welfare and subscribe to opportunity with excellence. An atmosphere for lifelong learning is characteristic rather than unusual (for part-time and full-time students).

The Clovis campus, as an "open door" institution, is continuing to provide the highest quality instruction and an incomparable climate for teaching and learning. The following listing of programs, courses, and admissions information offers variety, challenge, and educational opportunity at an affordable cost.

Plan to enroll this fall and bring a friend!

Dr. Jay Gurley
(Provost ENMU Clovis)

COUNSELING

Individuals desiring information about various courses offered and their relationship either to employment goals or degree plans are encouraged to visit with the counselors in Room 136. Counseling, Testing, and Advising Office also has available various inventories and tests to aid the student in course selection or career goals.

FINANCIAL AIDS

Various financial aid programs and scholarships are available at ENMU-Clovis. If you need financial assistance while attending ENMU-Clovis and need further information, contact Financial Aid Office at 769-2811 ext. 110.

Information on courses, course schedules and the new degree plan requirements are available in the Office of Admissions and Records. Come in and pick-up the Fall Schedule and the new 1985-87 Catalog.

Individuals applying for admission or re-admission should visit the Office of Admissions and Records between 8:00 am and 4:30 pm, Room 126, Monday through Friday to complete the necessary forms.

This should be accomplished as soon as possible and not later than August 23, 1985 in order to process your application before classes start.

The Fall Schedule will be published in the Clovis News Journal on Tuesday, August 20th and Sunday, August 25th.

If you haven't seen the 1985 "Texas" extravaganza in Palo Duro Park, you've really missed a treat. Think it had been a couple of years since I had attended a production and many changes have been made. It seemed to me that the sound was better and I had thought that it was superb before.

This time, there are many new colorful costumes, some new sets and several new routines even though the general story remains the same.

There's a new Calvin Armstrong and he almost stole the show from Tucker Yeldell, who has been one of my favorite characters.

I'm always amazed to see the large number of out-of-state residents and persons from foreign countries who attend. Another thing which amazes me is the large number of persons living in the Texas Panhandle who have never been.

Spending a few hours in the canyon late in the afternoon is always refreshing, so seeing "Texas" is the icing on the cake for a real fun time.

Troy and Mona Sharrock, who have been commuting from Portales to the Hub Community, where they operate Hub Fertilizer for several months, have moved back to Friona.

They're at home in their house out on the north end of Etta. Jeff, their youngest son, graduated from Portales High School this spring and plans to attend Eastern New Mexico University in Portales this fall, so he stayed over there. Think their other son, Terry, also lives in Portales.

Mr. and Mrs. Donald Beiderwell of Seal Beach, California, arrived in Amarillo by plane Wednesday afternoon. They were met there by Mr. and Mrs. Roscoe Ivie.

Mrs. Beiderwell and Mrs. Ivie are sisters.

Betty Louise and Lloyd Rector returned home Wednesday after spending an interesting week vacationing in Missouri and Oklahoma. They went to Branson, Missouri for a few days and attended several musical presentations including a Ray Stevens show.

In addition to getting to shake hands with the star of the show, the Rectors also enjoyed chatting with him for quite some time.

Enroute home the couple stopped at Claremore, Oklahoma for a tour of the Will Rogers Museum and in Oklahoma City they toured the Cowboy Hall of Fame.

They also visited in the home of Mr. and Mrs. Buford Todd. Mrs. Todd is the former Esther Boatman and Betty Louise's aunt.

Saturday visitors in the Rector home were Mr. and Mrs. James Miles of Huntington Beach, California. Mrs. Miles, the former Iva Dell Parsons, and Betty Louise grew up together and had kind of lost contact for several years. They

had corresponded and talked on the telephone but Saturday's meeting was their first in thirty-seven years.

James and Iva Dell were enroute to Hereford, where they visited his mother, Mrs. Flossie Miles.

Other Saturday guests of Lloyd's and Betty Louise's were former Friona residents, Gene and Gladys Autrey of Ulysses, Kansas.

The Autreys were on their way to Muleshoe for an all school reunion.

Bud and Arvilla Elmore had a rare treat Saturday. All three of their children and their spouses were at their home at the same time. Dale and Dolores Spivey came up from Comanche, Texas, for the 1960 Friona High School graduating class reunion.

Larry and Sherry Elmore and daughter, Renee, came up from Sundown, Texas, and Tim and Debbie Elmore and daughter, Lexie, were here.

Two different family groups were in the Quartz Mountain area of Oklahoma, which is near Altus, last weekend for reunions.

Mr. and Mrs. C.W. Bradley, Mrs. Edward White and Sami White attended the annual reunion of the Bradley family, which has met there once a year for many years. Two of the first generation members of the family, who helped get the family reunions started, were present.

They were Daisy Bradley of Altus, who is 90, and Dixie Bradley of Dimmitt, who is 85.

The Frionans went down on Friday and returned Monday.

Then all the Friona descendants of the late Jud Shott, along with spouses and offspring, attended a reunion there.

Going from Friona were Mrs. Mildred May, Mrs. Ross Miller, Mr. and Mrs. Sterling Graham, Mr. and Mrs. Ky Graham and Mr. and Mrs. Curt Miller.

Also present were Mr. and Mrs. Kendall Burton of Wolforth, Texas; Mr. and Mrs. Kent Miller and children, Linette, Emile and Ross of Duncan, Oklahoma; and Mrs. Stan Dement and daughters, Ashley and Chelsea, of Taos, New Mexico.

Mrs. Dement is the former Gail Graham. She and her daughters are visiting her parents, Sterling and Joy Graham.

Linette and Emile Miller had been here visiting their grandmother, Nelda Miller, and great-grandparents, Roy and Eva Miller and Mildred May.

Randy Weatherley and daughter, Kassie, drove to Celeste, Texas, Wednesday afternoon for a visit in the home of Mrs. Owana Weatherley. Randy returned home Sunday, but Kassie remained for a longer visit.

Mrs. Hazel Baxter spent the weekend visiting kith and kin in Altus, Oklahoma.

The Lakeview Community southeast of town has three new residents and one native, who has returned. Cathy Chesher Shields and her husband, Craig, and their two young sons, Eric and Cal, recently moved from Lelia Lake to the farm house east of the George A. Jones farm.

Cathy, who is the daughter of Lloyd and Linda Chesher, grew up a few miles southeast of where she's now living. Craig is associated with Chesher Farms and Cathy is a full time homemaker.

Think the Silver Anniversary of the 1960 graduating class was most enjoyable for class members and their spouses and children as well as parents and friends who went by

Friendship House Saturday afternoon.

Our oldest daughter, Geneva, and her husband, John Osborn and daughter, Heather, came from Tipton, Oklahoma, Friday afternoon. The parents returned home Sunday, but Heather spent the week with me.

Festivities for class members began Friday evening with an informal visitation session at the Community Room of Friona State Bank and concluded with a banquet at Friendship House Saturday evening.

Another daughter, Frieda Dickson, and her son, Brandon, of Garland, Texas, and her mother-in-law, Mrs. Jack B. Dickson of El Paso, spent Wednesday night here.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$ 025	\$ 015
7	14 miles	B	035	021
14	21 miles	C	050	030
21	28 miles	D	070	042
28		E	090	054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.
