Poppy Day This Saturday Nov. 7

This Saturday, November 7, as on every Saturday before Armistice Day, poppies will be worn in memory of the men who lost their lives in the World Wars. Voluntary members of the American Legion and the Legion Auxiliary are joining hands this year to work together in pinning a poppy on all passersby who remember the meaning of this day.

This year more money is needed to carry on the program of the Legion and Legion Auxiliary than ever before in our history. There are more veterans in our hospitals who need our help for rehabilitation for a brighter future; the veterans families need us. In our time of need they did not fail us. Have we forgotten them? As you pass the poppy tables Saturday show them that this is not so. Vision in your mind the hands of the man who made these poppies, the man in a veterans hospital who by fashioning this poppy from paper has been able to make a little money and by so doing has occupied his mind for a while on something worthwhile. Think of the fatherless families who need our help too. As you think of these things the meaning of this day will be understood and from this understanding will come a desire to do all we can to help the men who helped us so bravely. Wear a poppy and wear it proudly.

FARM NEWS

from the County PMA Committee

COTTON ACREAGES FOR 1951, 1952 and 1953:

The acreage planted to cotton in 1951 was 53,414.3 acres, in 1952 there was 54,053.4 acres and the acreage for 1953 was 56,359.3.

Out of the 1953 planted acreage of 56,359.3 acres a total of 37,720.6 acres is still standing. The drought and hard winds destroyed 18,638.7 acres. This acreage, even though it was destroyed, will be counted for history basis, because it was destroyed beyond the producers control.

The 1954 Cotton Listing Sheets are in the PMA Office, and the 1954 Cotton Allotments will be established as soon as the County Allotment is received from the State Office.

DROUGHT EMERGENCY FEED:

To date there have been 18 cars of Drought Emergency Feed received in Donley County. Out of the eighteen (18) cars received there have been 5 cars of Corn, 5 cars of Oats, 5 cars of Cottonseed Pellets, and 3 cars of Cottonseed Meal. As soon as the County Office records of the Drought Emergency Feed have been brought up-to-date, more feed will be ordered for Donley County. Second applications are being taken now and will probably be filled by the latter part of this month.

RELATED DEVELOPMENTS

The 1953 crop of Sudangrass seed ranks as the largest since 1944 and is 41% above the 1942-51 average.

The second largest U. S. alfalfa seed crop ever harvested is estimated for this year. The forecast of 140,640,000 pounds of clean seed is 22% below the record crop of 1952, but 71% above the 1942-51 average.

Jaycees To Launch Scotch-Lite Drive

The Jaycees will launch an all out drive to sell Scotch-Lite bumper tape starting this Saturday afternoon. "We've got a lot of this stuff to sell to finish paying for the linoleum at the College and you will be doing your self and us a favor if you will buy some", said A. R. Henson, Scotch-Lite chairman. "If we don't see you Saturday we will be selling it through next week." You can also buy it at Watson & Antrobus Hardware and at A. R. Henson Tire Co. Save that costly rear end collision and buy bumper tape for your car. Only a buck.

American Legion And Auxiliary To Make Up Gift Box

Members of the American Legion and Auxiliary are now making up a gift box to be taken to Veterans Hospital in Amarillo. This annual project enables patients of the hospital to send gifts and remembrances to their loved ones. These gifts are taken to the Gift Shop at the Hospital where Veterans personally make their selections.

At a joint meeting of the two organizations Tuesday night, members brought gifts for this box. Anyone desiring to contribute to this worthy cause may do so by calling Essie's Beauty Shop or leaving their contribution there. Gifts are needed for all members of the family and must be turned in by November 15th in order that the Veteran will have time to choose a gift and send it on its way.

Highlighting the meeting Tuesday night was a talk made by Mr. G. F. (Cowboy) Sanders, guest speaker from Childress. Mr. Sanders gave a very timely and inspiring address on "Membership," the local membership drive now being underway.

The meeting was opened with a buffet supper featuring chicken and dressing with all the trimmings. All attending reported a most enjoyable evening.

The next regular meeting of the Auxiliary will be held Tuesday, November 17, at 8 o'clock in Essie's Beauty Shop. All members are urged to be present.

Cyclones Defeat Bronchos, 27-0

The Memphis Cyclones sucked the Bronchos into their funnel last Friday night and dropped them out on the tail end of a score of 27-0. The visitors had been picked to win but local fans or the Broncs didn't expect a four touchdown margin. In this game, as in the two previous encounters, the Broncs played a much better game than the score indicated. Long runs or long passes that took place in just a few seconds accounted for most of the scoring.

Two of the Cyclone scores came on sensational plays; one was a 90 yard scamper by D. Davis who took the kick-off on the first play of the second half and went all the way. A short time before the end of the first half, Davis was on the receiving end of a 60 yard pass that found his outstretched arms on the goal line and he floated on over. This was as pretty a pass to be seen on any football field, especially a high school game. The ball traveled the full 60 yards in the air. Frisbie, the passer, had plenty of time to allow the receiver to get down field before he cut lose with the long pitch.

Outstanding plays on the part of the Bronchos, was Kidd's punting ability throughout the entire game. He was booting them fifty and sixty yards all the way through which helped considerably in slowing down the Cyclone attack.

Kittens Defeat Colts In District Play-off

The Canadian Kittens defeated the Clarendon Jr. Colts in their game last Thursday night at Lefors which decided the winner of the 1-A Jr. High conference. The final score was 27-0. The Kittens' size and experience was just too much for the Colts to handle. The local boys played a good game and tried their best all the way through. This placed them second in the district which isn't a bad record.

CLARENDON BOY SCOUTS TO SELL XMAS TREES

The Clarendon Boy Scouts are making preparations to provide Christmas Trees for sale to any one and every one. A wide variety of trees will be available for your selection. Also trees will be delivered to your homes, at no extra charge. Make your plans now to select a tree from the Scouts.

MYSTERY FARM NO. 14—Here is the Leader Mystery Farm of the Air for this week. Rules governing this guessing contest and prizes are as follows: 1st in town and first living and receiving their mail in country to identify the mystery farm will receive a one year subscription to the Leader. The fifth to identify the farm, both town & rural will receive a free ticket to the Mulkey Theatre. The owner or tenant identifying his farm at the Leader office will receive a mounted picture free. Hours for making identification are 8 to 12 and 1 to 5 starting Thursday morning. Last weeks Mystery Farm is identified on page Three of this issue through the courtesy of the sponsor, Clarendon Furniture Co.

Only 13 Identify Mystery Farm No. 13

Thirteen seemed to be the number last week as we had only thirteen persons to correctly identify the Leader Mystery Farm of the Air No. 13. This one was more difficult to identify and there probably will be more in this same category, so if you can recognize Mystery Farm No. 14, be sure to call or come in, for you may be the winner. We had barely enough names on the list to receive all prizes this past week with only five making correct identification here in town and eight on the rural list.

R. A. Hay was the first on the city list and Mrs. Hubert Rhoades was the first on the rural list. Both will receive free subscriptions to the Leader. Winners of the free tickets to the Mulkey Theatre were Pete Borden, city, and Mrs. Lloyd Reid on the rural list.

Those making correct identification were: City—R. A. Hay, Ray Heckman, Mrs. Stella Goode, Mrs. Pete Borden and Pete Borden; Rural—Mrs. Hubert Rhoades, W. A. Poovey, John White, Mrs. Pete Land, Mrs. Lloyd Reid, Doyce Graham, Mrs. Carl Barker and Mrs. J. H. Helton.

REBEKAH'S ANNUAL MEXICAN DINNER SATURDAY NIGHT

Everyone is reminded again of the Rebekah's Annual Mexican Dinner Saturday night, Nov. 7th. The dinner will be served from 5 until 9 p. m. at Lions Club Hall. The ladies have announced that a ticket booth will be set up on Main street Saturday and tickets will also be available at the door. Everyone who likes Mexican food be sure to keep this date in mind and enjoy this dinner with the Rebekah's Saturday night.

Investiture Services Tonight at 7:30 For Local Girl Scouts

Investiture services for the Clarendon Girl Scouts will be held at the Canteen this evening (Thursday) at 7:30 o'clock. The public is invited to attend the services, which will be quite brief to enable those attending to go on to other activities if they wish. A short social hour will be held following the Investment.

Mrs. S. M. Black is leader of Troop Number One and will present several awards to members of her troop. Leader of Troop Number Two is Mrs. J. Alfred McMurtry who will "pen" the girls of her troop and award various badges to those girls who have completed special work. She will be assisted by Mrs. Bray Cook.

A complete list of the girls and their individual awards will be carried in next week's Leader. It is impossible to give the listing at this time as some of the girls will be working right up to the last minute, hoping to add another badge to their list.

Special Day At Martin Sunday November 8th

The Martin Baptist Church and entire community will be favored by a very special day Sunday, November 8th. The Volunteer Mission Band of Wayland College, Plainview, will have charge of both services. There will be special music, testimonies, and a youth to preach Sunday morning at 11 o'clock. Some of the students will be teaching Sunday school classes and leading departments.

This same group will visit in the homes of church members Sunday and will render a very well known and effective play, "The Challenge of the Cross", Sunday evening during the preaching hour. This play was presented in a number of churches last year and is said to be very outstanding. Everyone is invited to these services. The pastor, T. H. Harmonson will be taking part in a Revival in Immanual Baptist Church at Tucumcari, N. M. and will be absent for the next two Sundays.

The Remarkable Dungill Family

Dungill Concert Co. To Appear Here Sunday Afternoon

The Donley County Mutual Concert Association will present the Dungill Concert Company Sunday afternoon at 3 o'clock at the College Auditorium. Admission by concert membership only.

Mr. and Mrs. DoyleDungill and seven sons and daughters make up this remarkable company; Harriet Dungill, soprano and saxophonist; Elaine, mezzo soprano and trumpet soloist; Gloria, contralto, plays the bass tuba; these three compose a vocal trio rivaling any on the radio. Gerald, baritone is a trumpet soloist, having studied in Germany at the Heidelberg University; Alexander, baritone, plays five instruments, specializing on the trombone. Charles, the tenor soloist, makes his drums talk strange rhythms. Melody is the vibraharpist.

Their varied program consists of songs from every nation; they are presented with special arrangements and telling drum effects. Members of the association are urged to attend this program; the comments from other towns where this group has appeared are lavish in their praise.

Activity Expected Soon On Highway Projects

The Leader was informed this week that activity on local highway projects was not far off if everything goes along as it should at the present time. There's a good possibility that the contract will be let soon for the street widening project through Clarendon and also for the widening of 287 to Hedley. We have understood that both projects are to be under one contract. If plans for the contract go through, actual work should be started within the next few weeks.

There is also a good chance that the new Farm-to-Market road leading out toward the JA Ranch will be surveyed within the near future which will give us a better chance of getting the road completed sometime within the next year. This project is set up under a two year period and it will be nice if we can get this road completed along with curb and gutters within the city limits at an early date.

It was learned also that the [illegible] paved gap in the highway [illegible] shall tween Brice and Silverton w[illegible]d with hard surfaced within the c[illegible] P. M. year. That was the as[illegible] given a group from th[illegible] Amarillo when they met with [illegible] avis Saturday last week.

[illegible]. G. Gregory of [illegible]e weekend with [illegible]r. and Mrs. A. O. [illegible]nd Geffory re[illegible]m them.

School Va[illegible] Next Th[illegible]t

There wi[illegible]g Variety Show next [illegible] night, Nov. 12th at 7[illegible] in the High School [illegible]um. The program will be [illegible] by students of the *Clarendon Public Schools and Jr. College.*

The program will feature a variety of musical numbers, skits, dances, etc. The show, arranged by various teachers and students in the Clarendon Public Schools, will be put on under the Co-sponsorship of the Clarendon Chamber of Commerce, Jaycees, and Lions Club. All proceeds from the show will be used to help buy instruments for a Colored Drum and Bugle Corps in the Clarendon Colored School. This is one event that will be very entertaining as well as for a worthy cause. Everyone should make plans now to attend this show.

Advance tickets will go on sale shortly and will be available at the school, or from various Jaycees or members of the Lions Club. Plan to buy your tickets early for this entertaining as well as worth while event. Tickets will be 50c for adults and 25c for students.

Orderly Halloween In Evidence Here

Sheriff Truett Behrens reported a most orderly Halloween here Saturday night with not even one complaint of vandalism being reported. The youth of Clarendon and this area are to be highly complimented on their conduct in every respect, Behrens stated. Even soap markings on store windows was limited this year and we didn't hear of a single car having the air let out of its tires, he added.

It is good to know that we have this type of youngsters in our community and parents that are taking an interest in what their children are doing. Very few places can print such a report as this and we know the citizenry of Clarendon as a whole is indeed proud of this record.

EPISCOPAL LADIES TO HOLD BAKE SALE

Members of the Episcopal Women's Auxiliary and Altar Guild will hold a Bake Sale Saturday morning at the West Texas Utilities Company. Food will go on sale at 10 o'clock.

The usual fine cakes, cookies and pastries will be yours to choose from. Settle that problem of Sunday dessert by shopping with these ladies.

Bronchos To Play Tigers At McLean Friday Night

The Bronchos will take to the road again this Friday night to meet the McLean Tigers at McLean. Game time has been set for 7:30.

This is expected to be another hard one for the Broncs as the Tigers have one of the heaviest and most potent squads in the district. Canadian handed them their only defeat and it was considered an unexpected upset. The Tigers defeated White Deer last Friday night 20 to 16 which from the scoring angle gives them an edge of several touchdowns over the Broncs. You can never tell what the outcome of a game may be until the last whistle is blown and the Tigers may be ripe for another upset Friday night. The Bronchos are scrappers and have offered plenty of opposition in previous games. They will be in there Friday night doing their [illegible]st to get back on the winning [illegible]de of the ledger again and the [illegible]gers certainly won't have a [illegible]sh-over by any means.

Coach Moore reported most of [illegible]e Broncs in good condition for [illegible]e game with two regulars on [illegible]e doubtful list. They are Bill [illegible]ll and Howard Hensley who [illegible]ave been out with a virus in[illegible]ection. In all probability they will be ready for action Friday night, he added.

The probable starting line-up for the Broncs will be Lamberth, B. Johnson, Fred Clifford, M. Johnson, Martin, Landers, Hill, Philley, Wallace, Kidd, Wilson, Hensley, Lane and Spivey.

It's not far over to McLean, so go along with the boys Friday night and let them know you are still behind them all the way.

Duck Season Opens Friday, Nov. 6th

Duck and goose hunting season in Texas starts Friday at noon to continue thru January 4, 1954. Hunting hours Friday will be from noon until sunset. After the first day, shooting hours will be from one-half hour before sunrise until sunset.

Limit on ducks will be five per day and not more than 10 in possession. The limit on geese will be five per day or in possession, to include not more than two Canada geese, two white-fronted geese, or one of each. Repeating shotguns must be permanently plugged to hold not more than three shells in magazine and chamber combined.

Hunters 16 years old or older must have Federal Migratory Waterfowl Stamps and hunters 17 years or older must have Texas hunting license when hunting outside the county of their residence.

Duck hunting is expected to be pretty good on opening day although fewer ducks are reported than last year. There are more lakes and ponds for them to gather on this year. More duck hunters are expected out this year, for the quail hunting looks quite slim and most nimrods will want to bang away at something to round out their favorite fall sport.

One of the most important things for all hunters to remember is to be careful. Your family had much rather have you return home, safe and sound, than to have all the ducks that fly. Hunting permission is another important factor and all hunters should secure permission to hunt on any property and while hunting, be considerate of the owner's cattle, gates, etc. Most likely, you will be welcome back again next year if you keep this in mind.

Parent - Teacher Talk

The Carnival last Saturday night was thoroughly successful. The shows were good, the prices were reasonable, everyone had fun, and the PTA came out with lots of money.

It's too soon yet to know exactly what the Carnival netted, but Mrs. Messer, PTA treasurer, said the figure would top that of last year by more than a hundred dollars.

The lunchroom, with new low prices straight down the menu, served more than 500 people and turned the most money into the Carnival fund. Women brought food and more food. In many instances, they showed up with more than they had promised.

Mr. Bradshaw, without being asked to, got the Borden Company to donate the ice cream and popsicles ordered for the evening —a very nice gesture on the part of Mr. Bradshaw and the Borden Company. Mrs. Walter Lowe dashed in with an unsolicited pint of coffee cream. Others sent luscious-looking cinnamon rolls, doughnuts, cream puffs, and brownies, to liven up the menu.

Mrs. D. F. Cook, cafeteria chairman, and a crew of twenty women, including Mrs. Aten and the lunchroom regulars, seemed to have a good time serving the crowd and carrying trays and washing dishes.

The Tom Thumb wedding, the Minstrel Show, and the used hat stand were the biggest money-makers in that order.

Little Cindy Lowe, pre-school by at least three years, decided to get into the act at the first wedding performance. When she saw the ushers seating the first grade wedding guests on the stage, she marched right up the steps and happily took a seat beside the weeping mother of the bride. Grandpa Sam spoiled her fun when he retrieved her amidst clapping and cheering from the audience.

The Minstrel Show had capacity crowds at each performance and could have packed the house with an additional show, but the performers were completely worn out.

The used hat stand was a sleeper on the Carnival list. No one expected it to make such a hit, least of all Mrs. Todd and the fifth grade mothers who gathered up the unsightly headgear. But Flip Breedlove donned one of the chapeaus and "hawked" the others so successfully that the stand made over forty dollars before the last hat was sold. Everyone who bought the hats seemed to have fun wearing them. After such a smashing debut, the used hat stand is probably on the Carnival list for good.

Mrs. John Head, as Carnival co-ordinator, deserves a great big handful of credit for the smoothness with which things went off. Anyone who thinks the Carnival runs itself should volunteer for that job next year—that would be learning the hard way. And, of course, Mrs. Head could not have made such a success of the Carnival without the wholehearted cooperation of every teacher and the parents.

The only complaints about the Carnival center around the fact that while there was entertainment galore for young and old, there was nothing in the program to appeal to the high school and college groups. This gives PTA something to think about in planning next year's Carnival.

BORED BEAR—After a hard day of lying around and being stared at by his visitors, Mischa, the polar bear, lets out a mighty yawn and prepares to retire for the night. Mischa can be seen daily at his home, the London, England, Zoo.

For a real bargain—get a real truck!

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions *before* you buy:

Does the truck give you a GMC's 105 H.P.? That's up to 19% *more* power than comparable sixes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine-sparing Truck Hydra-Matic*? With it, you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action?

If all the answers are "yes," you have a *real* bargain—a GMC. And there are 19 handsome ½- to 1-ton models to choose from. How can you lose?

*Standard equipment on Package Delivery chassis; optional at moderate extra cost on all others.

Pyeatt – Smith Vows Exchanged In Church Ceremony

Miss Scharlean Pyeatt, daughter of Mr. and Mrs. Owen Pyeatt, became the bride of Joe Carol Smith, son of Mr. and Mrs. C. A. Smith of Goodnight, in a ceremony read Thursday, October 22, at 7:00 o'clock at the First Baptist Church in Clarendon. Rev. J. E. Byers officiated at the double-ring service.

The altar was decorated with a wedding arch entwining Salal and yellow pompon Mums with wedding bells tied with yellow ribbon as the center of the decoration. Candelabra with white Cathedral tapers were in the background and flanking the wedding arch. To either side of the tapers were baskets of yellow Mums and white pompon Chrysanthemums. The entire decoration was placed against a background of fern.

Candles were lighted by Mrs. Buster Bain wearing a pastel orchid frock and Miss Fanchon Allred wearing a pastel blue frock. Both dresses were of taffeta. Their headdresses were bandeaus of feathered carnations matching their dresses.

Harold Clampitt, organist, played a nuptial prelude including "Because," "O'Promise Me," "At Dawning," and "Always," and accompanied Miss Shirley Aten who sang "I Love You Truly."

Mrs. Bill Chilton attended the bride as matron of honor. She wore a yellow taffeta dress styled identically to that worn by the bride, with a headpiece and wristlet of yellow carnations.

Attending the groom as best man was G. T. Mayo. Ushers were Gayle Pyeatt, El Ray Pyeatt, Ivan Miller, and Dudley Trussel.

The bride, given in marriage by her father, chose for her wedding a gown of white satin fashioned with a fitted bodice, rounding neckline, cap sleeves, and a circular skirt in ballerina length. Her shoulder length veil of nylon tulle was attached to a band of braided satin. She wore white satin mitts and carried a sunburst bouquet of white roses. Carrying out tradition, she wore something old, new, borrowed, blue, and a penny in her shoe. Her only jewelry was a single strand of pearls.

For her daughter's wedding, Mrs. Pyeatt wore an aqua faille dress with black accessories and a corsage of yellow roses. The groom's mother, Mrs. Smith, wore a black faille suit with pink and black accessories and a pink rosebud corsage.

Following the ceremony a reception was held in the Church parlor. The refreshment table was covered with a lace cloth and centered with an arrangement of yellow roses flanked by yellow tapers. The tiered cake was also decorated in yellow and white. Misses Sue and Lou Smith, sisters of the groom, presided at the crystal punch service and served the wedding cake. Mrs. Benny Pyeatt of Memphis registered the guests.

Mrs. Smith is a graduate of Memphis High School and Clarendon Junior College. For the past two and a half years she has been employed by the West Texas Utilities Company. Mr. Smith graduated from the Goodnight High School, served four years in the U. S. Marine Corps, and is now a student at Clarendon Junior College.

The couple are at home in the Piercy Apartments, Clarendon.

WEDDING PARTY ENTERTAINED AT REHEARSAL DINNER

Members of the Pyeatt-Smith wedding party were entertained at a rehearsal dinner in the home of the bride's parents, Mr. and Mrs. Owen Pyeatt, Wednesday evening, October 21.

The dinner was served buffet style. Present were Mr. and Mrs. C. A. Smith, Misses Sue and Lou Smith, Mrs. Buster Bain, Miss Fanchon Allred, Mrs. Bill Chilton, G. T. Mayo, Gayle Pyeatt, El Ray Pyeatt, Ivan Miller, Dudley Trussell, the honorees, Miss Scharlean Pyeatt, Joe Carol Smith, and the hosts, Mr. and Mrs. Owen Pyeatt.

1926 BOOK CLUB

Members of the Book Club met in regular session at Patching Club House Tuesday afternoon. Hostesses were Mrs. C. B. Morris and Mrs. Barcus Antrobus. Decorations of dahlias and Chrysanthemums made an attractive entertaining room.

During the business meeting, a letter of resignation from Mrs. M. R. Allensworth was read. An acceptance was regretfully made by the club.

The nominating committee presented names of club officers for the ensuing year. The following were elected: President, Mrs. Clyde Hudson; Vice-President, Mrs. Ralph Porter; Recording Secretary, Mrs. William Lewis; Corresponding Secretary, Mrs. Frank Phelan, Sr.; Treasurer, Mrs. L. N. Cox; Parliamentarian, Mrs. W. C. Thornberry; Federation Counsellor, Mrs. C. M. Lowry.

Drill on the Constitution was not given due to the absence of the Parliamentarian, Mrs. Rolle Brumley.

After the business meeting, Mrs. W. J. Lewis reviewed a most unusual short story, "A Mother's Tale," by James Agee, author of a number of books, short stories, screen plays and magazine articles.

"A Mother's Tale" was the story told by a mother cow to her inquisitive baby calf as told to her by an escaped victim who had been riding a crowded cattle train to the slaughter pens.

Other members present were Mesdames E. S. Ballew, C. W. Bennett, Homer Bones, L. N. Cox, Glenn Hoggatt, Clyde Hudson, Lloyd Johnson, Alvin Landers, C. M. Lowry, Homer Parsons, Nova Mears, Frank Phelan, Sr., Rayburn Smith, W. C. Thornberry,, Frank White, Jr., J. R. Gillham, James R. Ross, L. T. Shelton, and Miss Lucile Polk.

CIRCLE NO. 1 OF W.S.C.S.

Circle No. 1 of W.S.C.S. met Oct. 28, with Mrs. Abbie Warner, with Mrs. Victor Smith co-hostess. Mrs. Victor Smith led an interesting lesson on the Book of Proverbs.

Refreshments were served by the hostesses to twelve members and one visitor.

PRESBYTERIAL HELD IN HAPPY

The annual conference of District 5 of the Dallas Presbyterial was held in the Presbyterian Church in Happy with Miss Mable Mongole presiding over a very interesting program.

"You Shall Be My Witness in Jersualem" was the theme of a talk given by Mrs. Meritt Drane, Jr. of Dallas, Presbyterial President. Mrs. Elwin Ponder, of Amarillo, vice-president of Presbyterial spoke on "Echoes of MO-Ranch." Mrs. W. G. Word of Clarendon sang a solo.

An enlightening talk, "Looking Ahead-Ways We Can Witness in 1954," a review of the work of the board in preparing literature, was given by Miss Evelyn L. Green of the Board of Women's Work, Atlanta, Georgia. Mrs. Frankie Stanford of Amarillo gave the offertory and dedication prayer.

Reports were heard from the presidents of the district. "We Would Like to Know", a question box, proved interesting and many problems were cleared up in answers given. Mrs. Kuykendall of Happy rendered a piano solo. Concluding the program, Mrs. Leighton M. McCutcheon of Nashville, Tenn., a member of the Board of World Missions, gave a talk on the theme, "And In All Judea, Samari, to the End of the Earth." Rev. Mr. Charles B. Yeargan pronounced the benediction.

Forty-three were present including 13 from Amarillo, 9 from Clarendon, 17 from Happy, 1 from Atlanta, Ga., 1 from Nashville, Tenn., and two from Dallas.

Attending from the Clarendon Presbyterian Church were Mesdames G. L. Green, Ed Dishman, W. G. Word, Guy Wright, Melvin Cook, Judson Cook, Nova McClure, Miss Mable Mongole, and Rev. Wm. A. Cockerell, pastor.

TENNISON CIRCLE

The Tennison Circle met with Mrs. J. C. Arthur, with 9 members and 3 visitors present. Meeting was opened with prayer.

LES BEAUX ART CLUB

Les Beaux Art Club will meet Friday, Nov. 6th at 3:30 at Patching Club House. Some of Harold Bugbee's paintings will be shown at this time.

Thanks, Kids!

Halloween has come and gone and one of the most noticeable things to everyone was the lack of vandalism and malicious mischief on the part of our Young people. I think every business man and Citizen of Clarendon was impressed with this and would be very happy for me to extend our thanks and appreciation to all Students of our Clarendon Public Schools. They have on this Halloween set an example for Young people in the future.

Thanks Kids, and don't think that it wasn't appreciated on the part of everyone.

Maurice Lane, President
Clarendon Chamber
of Commerce.

CARD OF THANKS

We wish to thank our many friends for your many acts of kindness, sympathy and beautiful flowers in the recent death of our loved one. May God's richest blessings be with each of you.

The E. P. Hahn family
Mrs. R. E. McCauley
and family.

PALMER IMPLEMENT CO. IN NEW LOCATION

Announcement is being made in this issue of the Leader of the new location of the Palmer Implement Co. The moving job was completed last week. Pete Darnell, manager of the business, stated that he was happy to have the task finished and be in position to handle regular business again in a more convenient location. The business which handles Ford Tractors and Dearborn Farm equipment is now located in the north portion of Eddie's Conoco Service Station one block west of the Palmer Motor Co. It was previously located next door to the Clarendon Hatchery on main street.

IN ARIZONA SCHOOL

Mr. and Mrs. W. Carroll Knorpp of Clarendon have been in Tucson, enrolling their son Wesley in the Southern Arizona School for Boys, an outstanding ranch prep school, and visiting their daughter Dodi at the University of Arizona.

Wesley has joined the freshman class at S.A.S. and although the polo squad hopes to get him interested, thinks he will stick to Western riding in the school's range of outdoor activities.

TO MY FRIENDS:

The handicaps of age plus those of multiple incurable maladies forces me into St. Anthony's Hospital for an indefinite stay. I deeply regret leaving Clarendon and this community; that has been so gracious to me for the more than 43 years I have lived among this people.

I wish for each of you a long, peaceful and happy life; and God's richest blessings ever attend and abide with; that you may labor for the incoming of his kingdom, is the earnest wish and prayer of your friend.

Dr. B. L. Jenkins

CARD OF THANKS

I wish to thank my friends for their help, get well cards, letters and flowers during my recent illness. This kindness will always be remembered and appreciated by me and my family.

Sybil Koen.

"HEY THERE, MR. BAGPIPER"— Three-year-old Bobby Jo Bailey of Dallas ran to the side of Scottish Bagpiper Bobby Laidlaw and tugged his kilt in a vain attempt to get his attention while he shrilled a tune on the lawn of the Texas Scottish Rite Hospital for Children. Laidlaw and 21 other members of the Plymouth Kiltie Band gave a concert at the hospital in Dallas before 40 tiny patients, including Bobby Jo who is undergoing free treatment for a crippled hand. P. S. There was a happy ending for the two Bobbys. As soon as Sgt. Piper Laidlaw finished the tune ("The Eyes of Texas," no less), he laid down his pipes and talked to the little girl.

Navy Announces Examination For NROTC Training

NEW ORLEANS — The Navy has announced that the nationwide competitive examination for its 1954 college training program, the Naval Reserve Officers' Training Corps, has been set for December 12, 1953. The Navy emphasized the date as final. Examinations will not be given at any other time, regardless of circumstances.

Successful candidates will participate in four years of college training as Midshipmen USNR, and commissioner as officers in the Navy or Marine Corps upon graduation. While in college, Midshipmen's tuition, books and normal fees are paid for by the Navy. In addition, Midshipmen are paid $600 a year and provided with the required uniforms.

Applications for examinations are available to male U. S. citizens who are high school seniors or graduates, between the ages of 17 and 21. Quotas have been assigned to each state and territory, based on its high school population. Applications may be obtained at any high school, college, or Navy Recruiting Station. Completed applications must reach the Educational Testing Service in Princeton, N. J., by November 21, 1953.

Those passing the aptitude test will be interviewed and given physical examinations. If qualified, their names will be submitted to state and territorial selection committees composed of naval officers and prominent citizens for final selection.

The Navy expects to enter about 2000 students into the program for the fall term of college, 1954. Those selected by the competitive examinations will be assigned, if possible within quotas, to schools of their choice among universities and colleges which maintain NROTC units.

Between academic years, summer cruises of six to eight weeks are taken in ships of the fleet to provide practical shipboard training.

After commissioning, NROTC graduates serve on active duty for three years before applying for retention as career officers.

Mr. and Mrs. Earnest Beck visited with Mrs. A. J. Garland Saturday evening, who had returned from the hospital in Memphis, Texas.

SHERIFF BEHRENS HAS NEW AUTO

We are happy to announce that Sheriff Truett Behrens is equipped with a new auto. It was rigged up with the 2-way radio system last week and is now in operation. If you missed seeing that familiar green Ford the past week end it was because the sheriff was in the new green and cream Mercury. Those anticipating law violations had better take a second look and slow up a bit until you get better acquainted.

Mrs. John Humphrey of Pampa visited Sunday with her mother, Mrs. N. L. Jones.

Mr. and Mrs. Fred Helton, Carolyn and Kay and Frances Helton of Amarillo spent Sunday in the J. H. Helton home.

Mr. and Mrs. A. C. Pendly of Lancaster, Calif. were weekend guests in the home of their cousins, Mr. and Mrs. Joe Terry.

Mrs. Clyde Butler is in Borger where she is helping to care for her grandchildren, children of Mr. and Mrs. J. R. Cowan.

Jim Butler is a patient in Northwest Texas Hospital at this time.

Fines Hit Pollution

AUSTIN— The Assistant Executive Secretary of the Texas Game and Fish Commission reported 94 pollution cases were prosecuted during the twelve month period ending August 31.

Fines totaled $9,243.75 and court costs amounted to $198.95, making a combined sum of $9,442.70.

The largest number of cases in any one month was 17 listed for July.

The Assistant Executive Secretary said the cases ranged from cases involving industrial firms to those against individuals.

He said game wardens work with local authorities in detecting pollution of public waters and added that most firms cooperate to avoid tainting lakes and streams. Some companies have spent hundreds of thousands of dollars to install pollution control plants.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Concern grows over Administration drive to stop inflation. No one seems to argue over the goal, just results.

* * *

Treasury Secretary Humphrey takes stand easy credit creates inflation, cheapens money. Many preventive measures are being taken including Federal Reserve Board stopping price support of government bonds. Banks and lending institutions therefore, cannot get new cash by selling government bonds at par.

C. W. Harder

* * *

With lending money in shorter supply, banks are cutting down on loans, terms. This has affected sales of everything from appliances to new homes. Thus the same thing has been achieved as under now defunct government credit regulations, with one important difference.

* * *

Here is the difference. Under regulations, all dealers had to abide by the same terms. With present credit control brought about by Treasury manipulation of money supply, independent business is required to combat inflation, while a few huge retail outlets escape burden.

* * *

Here is how it works.

* * *

With lending money at a premium, banks are requiring independent dealers to get a down payment, write contract calling for payment of the balance over a comparatively short period before accepting contract.

* * *

But a few huge retailers daily advertise "no money down."

* * *

The procedure is this. Huge corporate retailers go to banks and borrow millions at a time to finance customer's installment purchases. They in turn, charge a higher rate of interest than banks charge to make profit from finance charges and goods, too.

* * *

In addition, some retailers have adopted what might be called permanent installment payment plans whereby a customer can buy goods up to any certain limit, pay so much monthly, and can continue buying to the limit of his credit plan. This could also be termed "keeping-customer-in-hock" plan.

* * *

This method of merchandising is denied average independent retailer, largely because he is not a big stock corporation with stockholders assets to pledge.

* * *

But there seems to be no question that easy lure of "no money down" is customer bait which is harming independent dealer volume, while unknowingly consumers pay huge interest rates.

* * *

Therefore, it appears Treasury has decided independent business must fight inflation, while others can increase inflation willy-nilly.

* * *

Installment buying has long been, will continue, as a debatable subject.

* * *

But the important immediate point is that present treasury policy is to restrict consumer credit to combat inflation.

* * *

Yet a few stockholder owned retailer operations are using the situation to take business away from independent competition, and also, if there is any validity to Treasury position, heap coals on the fires of inflation.

* * *

It is contradictions as this cause apathy toward government objectives so often deplored by Washington officials. But robbing Peter to pay Paul has never been a good basis on which to build goodwill and influence people.

NOTICE OF HEARING
TO
APPROPRIATE
PUBLIC WATERS
OF THE
STATE OF TEXAS

No. 1822

Notice is hereby given, to whom concerned, that W. H. COOKE, JR. COMPANY, the postoffice address of which is Clarendon, Texas, on the 26th day of October, 1953, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate of the unappropriated waters of the State of Texas, from Jesse Arroyo, a tributary of the Salt Fork of the Red River in Donley County, Texas, not to exceed 87.5 acre-feet of water per annum, for the irrigation of not to exceed 35 acres of land out of Section 93, Block 21, H. & G. N. R. R. Co. Survey, more fully described in said application; water to be diverted by means of two pumping plants located at points which bear (1) South 63 degrees 26 minutes West 2907 feet from the Northeast corner of Section 93; and (2) South 41 degrees 13 minutes West 3962 feet from the Northeast corner of Section 93; Block 21, H. & G. N. R. R. Co. Survey on the East bank of Jesse Arroyo, in Donley County, Texas, and is distant in a Northeasterly direction from Hedley, Texas, about fourteen (14) miles.

A hearing on the application of said W. H. COOKE, JR. COMPANY will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, DECEMBER 14, 1953, beginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, *until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.*

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this the 26th day of October, 1953.

Covered Huts Help Catfish

AUSTIN—Houses inundated by the new man-made lake behind Falcon Dam will not be entirely wasted because they probably will be utilized as spawning beds by the big, yellow cats for which the Rio Grande River long has been famous.

Game Warden Supervisor Herbert Ward of Catarina, suggested that the humans' loss would be the catfish's gain.

This was verified by Bob Wynn, superintendent of the state's largest fish hatchery at San Marcos. He said the abandoned houses, especially those in the shallower water, would likely be utilized for spawning by the catfish.

Wynn said that, although most of the abandoned homes were adobe type and may crumble, the fish would use the ruins. He said special spawning dens provided hatchery brood cats leave an opening at one end, or some such design as provided amid the subterranean piles of rubble.

All agreed that anything that would aid catfish spawning in the big new lake would be timely since the Rio Grande cats suffered heavily from last summer's record low water.

BLOWIN' Out the CORNERS

by Uncle Zeb

You can get into a lot of things these days by knowing the right people; like going to the Fair with someone who has a big booming Pass written on his windshield. You can also get into a lot of trouble; like the time our county agent talked us into judging a beauty contest in his stead, and the outcome as far as we were concerned was a terrible decision for us to make; confusing and heartbreaking to decide between so many pretty girls. Anyway, last week because we knew this same county agent, the same being our neighbor Foster Whaley, we got into the Annual Banquet of the Pampa Chamber of Commerce.

We almost didn't make up our mind to go along with Foster. We could just feature an old country boy like ourselves going to an affair like this. We could imagine that it was at least a three fork affair with all the trimmings. But we finally decided to go just to humor Foster and to our surprise it was all different. Just a homey affair served in the school cafeteria by a whole flock of high school girls; served with the neatness and completeness of a well trained crew. The food was good, the friendliness of the folks made you feel like you were at a family get-together. We couldn't have felt anymore at home if we had been home drying the dishes for Mama.

The speaker for the occasion had just about anything tee-rowed that we have ever heard. He was William J. Bird who is manager of the Southwestern Division of the U. S. Chamber of Commerce. He may have been talking to a group of business men on how to build a better town and a more successful business but we were inspired to try to build a better circle wherever we are whether in our home, our church, or in our community. Anyhow, a good meal, a good talk, but above all a good fellowship with a group of friendly folks. We have long been impressed with the mig-hearted neighborliness of the folks from the Top-O'Texas.

Speaking of the speaker, he was one of the most unusual usual kind of fellows that we have ever met. He looked like the quarterback on our favorite college football team; he talked like the guy who had just finished writing the text book on salesmanship. The subject of his talk was entitled "Toasting Marshmallows While the Town Burns", and the points brought out would fit most any problem. Participation by everyone in a common problem was his solution. Stating; "He who helps in the community enjoys the community more." "He who chops his own wood gets warm twice." "He who shares, cares", etc. Anyhow, it was a great evening and thanks to these fine folks for letting us come, and I would not have felt any more at home with our local Farm Bureau. Thanks, Pampa.

—:—

Last week the Happy Music Club put on a raffle, a bazaar, a rummage sale or whatever you call those things. The following was the punch line of their campaign; "A good time to get rid of any old thing that you have around the place and don't want, but that is too good to throw away bring your husband". Surely they meant to have a period in there someplace. Kinda cute, we would say.

—:—

Speaking of good friends and friendliness; one of my good friends sent me the following little poem written by one of her good friends. We will make it our scrap book suggestions for now. It is called

"HOWDY"

By Mrs. John Blackwell

We hear greeting of "Good Morning,"
Sometimes just a plain word "Hi",
Then again a smiling "Hello,"
As we pass each other by;
All these greetings serve their purpose
Making life a better way.
Yet, somehow a good old "Howdy"
Seems to fit in any day.
Makes one feel there's real interest,
As we shake each others hand
So it's "Tops" for any meeting
Understood in many a land.
Young and old are well acquainted
With this friendly southern drawl,
And I like the old time "Howdy",

CHAMBER SPECIALS

By Johnnie Allen

In recent weeks we have had two new Ministers move into Clarendon. In behalf of the Clarendon Chamber of Commerce I would like to say "Welcome to Clarendon" to Rev. C. E. Townsend, Pastor of the Nazarene Church and Rev. Charles Wells, Pastor of the Church of Christ and their families.

This may be a little early but Fall always reminds us of Thanksgiving, and Thanksgiving always reminds us of the things we are thankful for. Wouldn't we be better Citizens if we always had Thanksgiving in our hearts. We have had a severe drought and the rains came. We have income taxes but we also have incomes. Have you ever thought of this, "what if we lost all we ever had—then got it back again"?

With the farmer and everyone else waiting and wondering what kind of farm program the Republicans are going to have for 1954, you might get a kick out of this verse that is actually a Thanksgiving verse. "Then all of us prepare to rise and hold our bibs before our eyes, and be prepared for some surprise when father carves the duck."

Noticed in the Globe News that Memphis is unhappy because the Highway Department is wanting to straighten Highway 287 out and thereby missing the business district. Even if they did straighten the highway out it would benefit some people in Memphis and it would also be a time saver for people driving on 287. Don't you think that some of the people living on the road by the railroad tracks would benefit from increased worth of their property, etc.?

The only President of the United States to die in the Capitol was John Quincy Adams.

You're in the driver's seat for less than you think

It's your money, of course—but we'd like to see you make the most of it.

That's why we want to show you the price of the big Buick SPECIAL illustrated here—to make Point #1: *you can buy this great performer for just a few dollars more than the "low-price three."*

But Point #2—the *smart* point—is this:

When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss *extra* power—more satisfying power—walloping Buick Fireball 8 power—highest ever found in a Buick SPECIAL.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy *extra* satisfaction—more solid satisfaction—in the ride of this big, broad, road-steady traveler that's cushioned by coil springs on all *four* wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, *at no extra cost,* a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

If you're aiming for the driver's seat of a hard-to-beat buy—*for a lot less than you think*—come in and see us soon.

Hardware and Farm Equipment

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

SUBSIDIES:

The subject of subsidies has received much discussion in the past several years. Many people have been lead to believe that the farmers were recipients of tremendous subsidies that were causing deficit financing and contributing in a large part to the increase of the public debt. The fallacy of this belief is evident when the actual facts are known.

In eighteen years of operating, 1933/51, the farm price support program has resulted in a net loss to the Commodity Credit Corporation of $982,000,000. By far the largest single item in this loss is the Irish potato program; this program resulted in a loss of $478,000,000 or 45 percent of the total. Other major losses were the program for eggs ($156,000,000), wool ($92,000,000), peanuts ($81,000,000), wheat ($69,000,000), and flaxseed and linseed oil ($60,000,000). On the other hand, the domestic cotton program resulted in a net gain to the Commodity Credit Corporation of $268,000,000. This gain more than offset the losses of the other basic commodity programs (corn, peanuts, rice, tobacco, and wheat) so that for basic commodities as a whole, there was a net gain to the Commodity Credit Corporation of $41,000,000. The group of designated non-basic commodities, which includes dairy products, honey, Irish potatoes, and wool, had a total net loss during 18 year period of $701,000,000. Other non-basic commodities (30 in all) resulted in a net loss of $321,000,000, nearly half of this being accounted for by the egg program loss.

In considering the matter, there must be remembered that the farm programs have accounted for the production of tremendous material wealth and purchasing power to the entire people of the United States. Material wealth and purchasing power that causes many small businesses as well as large businesses in other segments of economy to show a profit. Contributing also a substantial amount in income taxes paid by farmers and those businesses in farm communities as well as manufacturers and suppliers of those businesses.

The amount shown, of course, appears large until we consider them in comparison with some of the other items that have been paid by the Federal Government in the nature of subsidies to businesses wholly disconnected with farming.

The United States Maritime Commission carries out two distinct subsidy programs; construction differential subsidy and operating differential subsidy. If you want to indulge in a little mental gymnastics, I suggest that you try to figure out the exact subsidy being paid by the Government to the shipping industry. I suggest that you not try it unless you have a box of headache powders near by. For the sake of brevity I will quote from two budget messages to the Congress. First, in the budget message from the President for the fiscal year 1951, the President stated:

"In the fiscal year 1951, operating subsidies alone are estimated to accrue in the amount of $63 millions, about five times the average annual level before the war."

Secondly, two years later in the budget message for 1953, the President stated:

"The Federal Maritime Board now has under review the subsidy determinations for postwar years and is developing improved procedures for determining such subsidy rates in the future. As these determinations are brought up to date, operating subsidy expenditures will reflect substantial retroactive payments for past years, as well as a more complete coverage of current obligations. Expenditures for this program are estimated at 60 million dollars for the fiscal year 1952 and 75 million dollars for 1953."

In the Post Office Department, it is interesting to notice that the deficit in 2nd Class mail has continuously increased. Beginning with the year 1946 we find a deficit of $138 million which increased each year and in 1951 was $188 million $567 thousand. This simply means that the deficit on 2nd Class mail in 6 years was as much as the over all cost of the farm price support programs for a period of 18 years.

There are many, many other subsidies. Interesting don't you think?

Attorney General Lists All Opinions For September

AUSTIN — Attorney General John Ben Shepperd has released a list of all opinions of his office during the month of September. The office received 196 requests for advice or opinions and closed 194 opinion files during the month.

The office has won 97 per cent of all cases tried or appealed since the first of the year. A total of 959 cases have been won out of 988 tried. During the month of September 41 cases were tried, none of which were lost.

Opinions of general interest included the following:

A veteran is not entitled to register in Texas schools as a "resident" simply because he was stationed in Teras for one year. However, if he moved his family to Texas or bought a home in this State, the school receiving his application for enrollment should consider these facts in deciding whether or not he is a resident of Texas and therefore entitled to use the smaller registration fee.

The county service officer, county librarian, county health officer, county health nurse, deputy county clerks, deputy sheriffs and deputy county tax collectors are county employees and are covered b ythe County Workmen's Compensation Act.

The county agricultural agent and the county home demonstration agent are State employees and are not included by the County Workmen's Compensation Act. However, they are covered by the Federal Workmen's Compensation Act.

The county welfare case worker employed by the commissioners' court to help determine which persons should receive county support as paupers, idiots or lunatics, is a county employee, and as such is covered by the County Workmen's Compensation Act.

Tank trucks used by farmers to haul water over public highways are entitled to the 50 per cent reduction in registration fees as farm trucks. Their drivers must have driver's licenses, and if their gross weight exceeds 6,000 pounds, the drivers are required to have commercial operator's licenses.

The University of Texas may air-condition its existing buildings.

The county commissioners' court may contract with a city within the county to iperate fire-fighting equipment owned by the county. This equipment may be used to protect rural areas in the county. The city may use such equipment within the city limits to an extent equal to the services rendered the rural areas.

State legislative restrictions on travel expense do not apply to officers and employees of the Texas Employment Commission, if they travel under regulations approved by the proper federal agency. The Commission may also authorize reimbursement for laundry, cleaning and pressing and tips by issuing appropriate regulations.

Texas Press Association

AUSTIN—Thirty of the conservative Democratic leaders held a private meeting here and laid plans to retain control of the party in Texas through the precinct, county, and state conventions next year.

Among those present were Wallace Savage of Dallas, state democratic committee chairman; George Sandlin of Austin, secretary; and Claud Gilmer of Rocksprings, chairman of the Texas Democrats for Eisenhower campaign in 1952.

This session came three months after organizers had begun their work, looking to next year's struggle with the liberal Democrats.

Governor Shivers was present, but according to reports coming out of the meeting, he gave no indication as to whether he would be a political candidate, and if so, in which race.

—tpa—

Texas Young Democrats have become a new focal point in the old political feud.

Dormant since 1947, the organization is being built up again, says Boyd Taylor, a University of Texas student.

Taylro reports that according to the rules, state organizations must get a new permit every two years from the National Young Demos and pay a $100 fee.

This requirement has been carried out by his group, Taylor says. As evidence, he shows a telegram from John F. McCarthy of Bridgeport, Conn., treasurer of the national organization.

Taylor's associates are the Adlai Stevenson type of Democrats, as opposed to the Shivers type.

Several young Texans met with Stephen Mitchell, chairman of the National Democratic Executive Committee, when he was here last July, says Taylor, at that time Mitchell suggested that the young Texans get a charter.

—tpa—

Now let's get to the other side of the argument.

George Sandlin of Austin, seretary of the Texas Democratic Executive committee, says he never officially heard of Boyd Taylor.

According to Sandlin, Taylor's group failed to follow the prescribed procedure, which is to be certified by the state Democratic chairman, the national committeeman and committeewoman.

"None of these had certified Taylor's group," Sandlin said.

As far as the State Democratic Executive committee is concerned, the present head of the Texas Young Demos is Max Triplett of Hillsboro, who occupied that position in 1947, and for whom no successor has officially been chosen.

—tpa—

So - - here we go again, the so-called liberal democrats versus the so-called conservative Democrats.

Boyd Taylor and his Young Demos, on the liberal side, plan a state convention in San Antonio Friday and Saturday, Oct. 30-31.

Among the speakers will be Ralph Yarborough of Austin, who lost to Shivers in the race for governor last year; and Byron Skelton of Temple, who has opposed Shivers' party leadership.

—tpa—

Texas Republicans, meanwhile, were carrying forward their own election plans for 1954.

But Senator Price Daniel, in a speech at San Antonio, said he does not think they have much chance.

"Texas is a Democratic state," the senator said. "I don't think the Republicans are going to win any (statewide) offices next year."

Eisenhower's victory in Texas in 1952 was not a Republican triumph, but a personal victory for Ike, in Daniel's view.

Lads Kill Deer To Cite Prowess

AUSTIN—The strange case of how three north Texas teen agers who illegally killed a deer to prove their prowess as hunters was reported to the Director of Law Enforcement of the Game and Fish Commission.

Game Warden W. V. Riddle of Lubbock, who cracked the mystery said the trio took only the feet and tail from the carcass to use as "the convincing evidence" for their play mates.

Riddle worked several weeks on the case after finding a seven point deer in Yellowhorse Canyon north of Slaton. It had been killed with a .22 rifle. The carcass lacked only the feet and the tail.

The Game Warden finally pinned the solution to a foot print. There was a cowboy boot track near some empty .22 shells, and also at the carcass. The sole of the right foot had a break in it.

Riddle went on from there and finally summoned the lads and their parents into juvenile court. The youths were placed on probation for two years.

President Grover Cleveland vetoed more than 300 bills, for an all-time record.

THE JAYCEES SPEAK

There is a saying that has been going about for many years that a man cannot be dishonest with himself. It is a nice thought, but unfortunately it is not true. I know many people and so do you that have convinced themselves that they are in step—it is the rest of mankind that is out of step. Where they learn this I have no idea. I do know they don't learn it in church. In the average worship service men of high and low estate are given an opportunity to see the broader aspects of life. The Christan message is dedicated to do two things, first to strip a man of all his pretensions, making him conscious of all the worst that is in him, and second, to show him that in the sight of God he is an individual who with the help of God can contribute something worthwhile to the world. Men are dishonest with themselves, but they can never be with God. Dishonest men worry about what others will think of them; honest men worry about what God will think of them. There is a difference, for those that think of the latter are men, and therefore feel the need to examine their every action and thought. To be dishonest with your fellow man is inexcusable; to be dishonest with yourself is to play the fool, and to be dishonest with God is to mark yourself as dead in a world that needs life. (Reprint from the Texas Jaycee paper, Tom Dye, writer)

--- let's get right down to this matter of personal loans. It is foolish to borrow, when it can be avoided. However, there are times when a personal loan makes all the difference in the world. When you need a personal loan. stop in.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The junior girls' shelf has two recent books. These are "The Gray Menace" by Betsy Allen, and "Perils Over the Airport" which is one of the Vicki Barr Flight Stewardess Series.

Yerby's new book is "The Devil's Laughter." It has the French Revolution back ground. His books are always popular.

The two books given in memory of Jerome Price are excellent editions. They are "The Friendly Phoebe" by Bertha and Elmer Hader and "Jupiter and the Cats" by Alice Coudey .This book will truly amuse the little people of the third and fourth grades. There is a very attractive story by Walter Farley that is for these grades. The adventure horse story is "Big Black Horse." The illustrations are as fascinating as the story.

We were given a copy of "The Boyds of Black River" by Walter D. Edmunds. He wrote "Drums Along the Mohawk" you likely recall. This is a family chronicle story copyrighted in 1935 by the Curtis Pub. Co., but copy righted in 1953 by the writer—probably the Curtis Pub. let their copyright expire, or something.

We are planning for your reading interest this winter, so don't discard your recent periodicals when completed, and read some of our books.

Donley Farm Bureau Installs New Officers

New officials were installed at the Farm Bureau Chilli Supper at Lelia Lake, last Thursday night. For President, Mr. Henry Moore, of Hedley; 1st Vice Pres. Bill Clay and 2nd Vice Pres., Doyle Messer, both of Helley; Sec-Treas., Mrs. Howard Hensley, Naylor Rt., Clarendon. All of the old Directors were chosen to remain, and some additional ones were added to the staff.

The New Directors are: W. W. Ferris, N. R. Simmons, Malcom Glass, George Bulman, Roscoe Land, O. L. Hill, Raymond Waldrop, Bill Wadell and Pete Land added to the old group which were Lee Shaller, Holly Wood, A. P. Brown, Oscar Anderson, C. C. Ayers, W. H. Clay, H. S. Mahaffey, Oscar Moore, Geo. Shoop, Glen Williams, Henry Wilson, Leo Wallace, and O. L. McBrayer. A rising vote of appreciation, was extended to the outgoing president, especially for his untiring efforts in Farm Bureau leadership for Donley County.

Eleven or twelve resolutions were recommended for the State Convention, which will be held in Mineral Wells, Nov. 9, 10, 11. Delegates to the Convention, elected were: Henry Moore, 1st alternate, H. S. Mahaffey, 2nd alternate, Lee Shaller. Our membership only gives us one voting delegate at this time; we plan however, to get it increased by the time of the convention, with additional members, many of which have expired, and have not been contacted.

Any one desiring to attend the State Farm Bureau Convention at Mineral Wells, please get in touch with Henry Moore, H. S. Mahaffey, or Lee Shaller. There will be a meeting of the above mentioned Directors at Lelia Lake schoolhouse Thursday nite, November 5th at 7 p. m.

This promises to be a good year for Farm Bureau. There is much that Farm Bureau can do for you, and you can help Farm Bureau by giving it your support.
