Mrs. J. B. Edwards' Charming Hostess With Bridge Party

1928 Bridge Club And Guests Enjoy Bridge Games Yesterday Afternoon In Edwards' Home.

Entertaining the 1928 Bridge club, Mrs. J. B. Edwards was charming hostess yesterday afternoon with a six-table bridge party in her home at 2123 Broadway.

High score prizes for club members and guests were placed on Italian marble statuary. Mrs. W. B. Hearrell made high score among club members and Mrs. Paul Barber had top count among the visitors.

The hallowe'en motif was used in plate favors and attractive decorations in the house while bouquets of fall flowers were attractively arranged. A delicious refreshment course was served.

Club members attending were Mesdames Leo Edwards, J. C. Powell, O. A. Terry, J. L. Holt, F. L. Lindsey, W. B. Hearrell, J. A. Phipps, Jr. and M. N. Hale. Guests attending were Mesdames Robert Bean, R. A. Mills, F. R. Friend, J. H. Hankins, Earl Sproule, R. D. Benson, L. S. Mack, E. E. Haskley, Paul Barber, M. D. Shelton, Ralph Bedford, Misses Sue Bryan, Blanche Bean, Ivo Wilson, Gussie Sugg and Esther Cooper.

YOUR CHILDREN

by Olive Roberts Barton
 ©1928 by NEA Service, Inc.

Have you just received a note from the teacher that William is not getting along in school? That he won't pay attention and can't get his work, that he sits and looks out of the window and won't study? He has been late twice in a week. He plays in school and disturbs the children around him.

You are thinking up things to say to William. Perhaps you have even gone into the closet under the stairs to see if that old witch is still hanging on his hook, and wondering if a little dressing down now would not do William some good.

The two switchings William got in the spring mellowed him a bit for the time being, but as nearly as you can remember three days after his last trouncing William played hooky and was gone.

William! William! William! The apple in your eye, but a long sharp thorn in your side! You—how could it have happened? It was all right for other people to have-bee-boys but not for you!

You would have thought of playing truant about as much as you would have thought of murdering your pet dog. When could William have gotten in?

The chances are about 99 to 1 that your William is as fine a fellow as ever lived.

His tardiness and his bad marks, his laziness about his lessons, even his one day of truancy, have been for countless ages, characteristics of boys who turned out to be anything from presidents down.

William is growing, and he doesn't like books and lessons—there isn't any doubt of that, but books and lessons are not always criticisms of a boy's worth. He likes to stop and play marbles, and waste his time standing before score-boards, and sneak off to swim, or go to too many movies, but aside from these heinous crimes, your William may be pure gold.

Watch yourself, stern parent, not William. Don't beat him and nag him and scold him until he hates both you and home.

Talk to him and explain your hopes to him, and make a companion of him. Above all things, have understanding and sympathy for him. And not until then had you better hang up your sign, "God Bless Our Home."

NINE-TENTHS PREVENTABLE

Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial loss. Herbin, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from Lubbock Drug Co.

Owl Cleaning Fluid

moves spots from the most delicate fabrics; cleans gloves and satin slippers. It will not burn or explode. A 6-oz. bottle costs only 40c and saves its weight in gold.

How to Achieve Beauty

A DIET FOR THE FALL AND EARLY WINTER MONTHS

I have talked to you a great deal lately on the subject of diet, and the more I talk, the more emphatic I become, for there is no more important subject to the woman who is interested in keeping up the beauty of a clear skin and a youthful figure, for this can only develop when good health has been cultivated, and good health, as you know, comes from the inside.

Naturally, with the frost creeping in, the appetite takes on new energy, the light foods which were appetizing in the summer are most insistent now, for the early winter winds put a sharp edge on the most blasé appetite. Nature knows exactly what she is doing. When you desire heavier foods in the winter time you may be very sure that you need them. Your body creates heat if it is to maintain the normal temperature without which, of course, we would be victims of all sorts of cold and disease.

All body heat is created from the inside, and you know we must eat to create this heat. As a consequence, in the winter months, your system will require more carbon-

hydrates and sugars to balance the large percentage of minerals and vitamins which were such a large part of your summertime diet. But don't make the mistake now, because you are a little bit hungrier, of overeating. Too much self-indulgence in the matter of foods will result in stretching the capacity of your stomach, enlarging your appetite and eventually developing too much surplus poundage. Eat more nourishing and more energy producing foods, but don't eat too recklessly of them.

In planning your winter diet remember that the food should depend on age, height, sex and occupation. For instance, adolescents need more food and fuel than adults do. Men require more than women. Manual workers more than desk workers, and large adults more than small ones. It is a good thing to know just exactly what the caloric content of your maintenance diet should be. The usual way of computing this diet in calories is to multiply the ideal weight for your size and height by fifteen. This will give you the approximate number of calories you should take daily to maintain exactly the same weight that you are now. If you are heavier than this weight, subtract from 500 to 1,000 calories from this maintenance diet until you are down to normal. If you are underweight reverse the process. It is estimated that a woman engaged in housework requires from 2,200 to 2,300 calories a day. From 1,800 to 2,000 is the allowance for the average woman of sedentary occupation.

Tech Forum Is At Home On Tuesday Evening In Home of Dr. and Mrs. P. Horn; Several Hundred Girls Attend

Delightful and Informal Program of Music, Readings Is Given At Reception Tuesday Evening.

An unusually lovely reception was given at the home of Dr. and Mrs. Paul W. Horn, Tuesday evening when members of the Forum were at home to all college women from 8 until 10 o'clock.

Miss Sylvia Wilson, president of the Forum, stood at the head of the receiving line and introduced the girls to Dr. Horn who in turn introduced them to Mrs. Mary Doak. Others in the line were Misses Irene Connor, Iva Burdison, Nell Goodloe, Anna Belle Collins and Margaret Turner.

After the guests had been served spiced tea, sandwiches and mints they mingled in rooms of the house and listened to a program given at intervals by Jimmie Allen, pianist; Mrs. Kenneth Knickerbocker, violinist, accompanied by W. R. Washburn; Miss Mary Gresham, pianist; Misses Zena Stiles and Mary Genie Harborsner, and Mrs. Henry Mobley, readers. Little Marjorie Ann May gave several classical dances accompanied at the piano by Miss Margaret Baikin.

These preceding at the tea table were Misses R. A. Chitwood, H. T. Kimbro, E. L. Deany, John C. Chesney, Misses Weeks and Ruth Horn.

Young ladies in the house party were Misses Ruth Officer, Kate Pressley, Ruth Letford, Nora Cooke, Mammie Wellforth, Novella Hemphill and Margaret Williams. Several hundred attended.

TO HONOR CONLEYS

Three Parties Are Announced For This Week

A number of parties are being given for Mr. and Mrs. Elmer Conley, who are moving to Hillsboro. Mrs. J. B. Crisler and Mrs. Claude Huribut entertained last evening in the Huribut home, 2010 Broadway, and Mr. and Mrs. Louis Stevens will entertain this evening at their home 2217 17th Street. A bridge luncheon is to be given Saturday afternoon at 2315 13th Street by Mrs. Hub Jones and Mrs. George Field.

MEET FRIDAY

Mrs. E. W. Camp's Class To Meet With Her

The First Methodist Sunday school class, taught by Mrs. E. W. Camp is to have a business meeting on Friday evening at 6:30 o'clock at Mrs. Camp's home 2503 21st St.

ON TIPPING

Tipping is heatedly assailed by Ethelbert Stewart, Commissioner of Labor Statistics.

"It is an utterly insane feature of the American industrial system," he says. "It is demoralizing both to the giver and the receiver. People should rise up and refuse to give tips. We are fools to stand for this nonsense. Why should I in a restaurant be asked to pay waiters check boys and the bell-boys? Shouldn't the work of these people be included as part of the service?"

He is absolutely right, of course. Any of us would prefer to pay as much extra on our bills as we spend in tips, if that extra were given in increased wages to those who serve us, so that they are not dependent on tipping for a livelihood. Surely employees themselves would prefer the dignity of a decent wage for work rendered than to be dependent on

Delightful Party Given by Matrons In City Wednesday

Mesdames Riggs, Parsons Entertain With Two Bridge Parties This Week.

With Mesdames E. J. Parsons, K. L. Riggs and O. W. English as hostesses, a delightful bridge party was given yesterday afternoon in the Parsons home, 1917 Fifteenth street, on Wednesday afternoon.

After the bridge games, a palatable refreshment collation was passed. Cheese balls were made into the form of pumpkins and other appointments were in the hallows' mode.

Mrs. Lawrence Bacon scored high yesterday and Mrs. Herbert Maxwell was high in a cut.

Those who participated in the games were: Mesdames R. G. Shelton, Herbert Maxwell, O. L. Sinton, A. B. Conley, Harry E. Miller, Byron Brown, Owen McWhorter, Dorrance D. Roderick, W. O. Stevens, Alvin Hendricks, Kenneth I. Kimbro, Frank Jones, Louis Howard, Lawrence Bacon, E. B. Adcock, B. F. Condray, D. K. Bondurant, G. H. Higginbotham, Floyd Bowen, Ames Howard, Fred Standefer, Carl Patton, J. H. Stiles, O. L. Peterman, Fred Taylor, R. L. Stevenson, Ross McWhorter, H. B. Hawkins, J. A. Porter, Homer Pharr, Loula Quillen and Miss Della Wilkinson.

Tea guests will be Miss Mary Meador, Mrs. T. H. Carter and Mrs. Charles Gordon, of Amarillo.

MRS. SIMMS HONORED

Mrs. K. Carter Entertains Yesterday Afternoon

Mrs. K. Carter, assisted by her daughter, Mrs. Garwood Bowers, of Abilene, entertained with a forty-two party yesterday afternoon, complimenting Mrs. C. P. Simms, of San Bernardino, Cal.

Score cards and tables were decorated with black cats and other appointments were in keeping with the hallowe'en season. Refreshments of pie, pumpkin pie, whipped cream and coffee were served.

Guests for the games were: Mesdames J. A. Wilson, J. C. Street, Fred Stokes, T. H. Ellis, F. V. Brown, Bas. Arnett, James L. Cowe, C. Young, Sam T. Davis, C. F. Samuel, Jim Kimmell, Frances Baker, E. P. Newwood, G. P. J. Stephens, M. O. Owens and John Moore. Mrs. C. L. Adams was a tea guest.

MORNING CIRCLE MEETS

Non-Denominational Unit To Meet On Wednesdays

The Wednesday morning prayer circle met yesterday with Mrs. C. O. Akard and seven women were in attendance. Mrs. R. A. Mills led the devotional. This prayer circle is non-denominational and the next meeting is to be with Mrs. C. W. Alexander at 2327 Sixteenth street, at 10 o'clock next Wednesday morning. Mrs. J. O. George will be the leader.

THE FAMILY

They are still talking in this country about "community kitchens," "state care of children," Soviet Russia stopped talking these things sometime ago and actually put them into effect. Having tried them out, it has changed its mind. The children who were in the care of the state have been farmed out to private families. Community kitchens are being discouraged by the Soviet, and they are publicly admitting that the family is "the cell" of future society. Instead of feeling superior to the Soviet, however, we should give thanks that they acted as a pioneer laboratory for experiments in which society of all nations is vitally concerned.

There is no heat like Clow Gasteam as thousands of Texas installations prove. Clean, economical, safe, comfortable, and simple.

AAUW To Sponsor Meeting Monday

College Women of Lubbock To Be Guests of AAUW On Monday Afternoon At Tech Practice House.

All college women of Lubbock are invited to attend the A.A.U.W. open meeting at the Technological College home economics practice house next Monday afternoon at 4 o'clock. Mrs. A. H. Leidigh, president of the A.A.U.W. chapter here, announced yesterday.

Mrs. H. C. Burke, Jr., of Fort Worth, who is state president of A.A.U.W., and regional director, and Mrs. E. H. Sellers of Austin, are expected to be in Lubbock on Sunday and Monday and Mrs. Burke will speak at the Monday afternoon meeting, after which there will be an informal social hour.

Members of the local chapter are to meet in the home of Mrs. Leidigh, 2107 17th Street, from 4 until 5 o'clock on Sunday afternoon for an informal conference with Mrs. Sellers and Mrs. Burke.

These women expect to come to Lubbock from Amarillo where they are to attend a meeting of the state association on Friday and Saturday. Several Lubbock women expect to attend the Amarillo meeting, leaving this evening or in the morning, and several are on the program. Among those who expect to attend are Mrs. Leidigh, Miss Margaret Weeks, Miss Flora McGee and Mrs. William Dinsus, Miss Elizabeth West, Tech librarian, and state publicity chairman of A.A.U.W., may attend the meeting.

Today In Society

The K. Carter Parent-Teacher association is meeting at 3:30 o'clock at the school.

Mrs. W. M. Young is entertaining at 3 o'clock at 2014 Twenty-first street, complimenting her mother, Mrs. T. H. McWilliams, of Milwaukee, Wis.

Mrs. Oscar Nislar is entertaining the London Bridge club at 3 o'clock at 1412 Avenue O.

Mrs. W. H. Abbitt is entertaining a bridge party at 3 o'clock at 207 Seventeenth street.

GUARDIANS MEETING

Miss Lattimore Lecturing At Local Church

Meetings for Camp Fire guardians and leaders, which were held in the Tech administration building on Monday and Tuesday evenings, are being conducted at the First Presbyterian church at 4 p. m. daily. Miss Ruby Lattimore, national Camp Fire secretary, who is holding the classes, announced. If further changes are made in the meeting time or place, they will be announced in The Avalanche and Journal, she stated.

Miss Lattimore is holding conference with high school and college girls and offering her course in leadership to anyone who is interested. She came here through efforts of the local Camp Fire council.

SUPPER DANCE

A supper dance is to be given at the UP-Town Dance Palace at 9 o'clock on Friday evening for members of the Dancing club. Hostesses are Mesdames George Field, Frank Jones, Chas. L. McAfee, John B. Crisler, R. D. Erwin, Valtan Spikes, B. C. Dickinson and Charles Reed.

Mrs. J. E. Garrison and Mrs. Temple H. Ellis will entertain the First Presbyterian Bible class at 3 o'clock tomorrow afternoon in the home of Mrs. Garrison, 1402 Main Street.

Here Is A Real Coat Offer

PICTURED above is one of the greatest coat values we have been able to offer in years. Drop in the first time you walk by and see for yourself just what we mean by real value.

\$22.50 Value for \$18.75

W. O. Sheely
 911 Broadway

The Morning Avalanche Menu for the Day

BREAKFAST: Grapes, cereal, cream, broiled lamb cutlets, bran muffins, milk, coffee.

LUNCHEON: Tapioca tomatoes with cheese, hearts of celery, peanut butter bread, apple sauce, cookies, milk, tea.

DINNER: Ham baked in fresh sweet cider, martinique potatoes, creamed cauliflower, endive, grape pie, milk, coffee.

Any amount of ham, from a whole one to a slice is delicious baked in sweet cider. Choose a slice cut two or three inches thick and parboil it for 15 minutes before baking. Then rub with 1 tablespoon brown sugar thoroughly mixed with 1-3 teaspoon mustard. Stick cloves into rim of fat and put meat in casserole or roaster. Pour over 1-3 cup sweet cider and bake 1-2 hours in a slow oven. Watch closely for the last half hour as the brown sugar and cider mixture will burn easily when reduced.

Tapioca Tomatoes with Cheese
 Four tomatoes, 1 tablespoon sugar, 1 teaspoon salt, 1-8 teaspoon pepper, 3 tablespoons butter, 1 tablespoon minced onion, 1-2 cup diced celery, 6 tablespoons minute tapioca, 1-2 pound American cream cheese, 4 tablespoons buttered crumbs.

Peel and chop tomatoes. Combine with celery and onion and simmer for 30 minutes. Add sugar, salt, pepper and butter. Stir in tapioca and when mixture thickens cook over hot water until clear. Put a layer of tomato mixture into a well buttered baking dish. Add a layer of finely chopped or grated cheese. Continue layer for layer until all is used. Cover with buttered crumbs and bake 30 minutes in a moderate oven.

Parent Night Is Fostered by PTA

Patrons of Hunt School Attend Special Meeting On Tuesday Evening At The School Building.

Patrons of the George M. Hunt school were acquainted with school work in that institution Tuesday evening when Parent Night was observed under the sponsorship of the Parent-Teachers' Association of the school. An amusing and instructive program was arranged for the evening.

The fathers and mothers of children in the school wore juvenile clothing to the school and were sent to the various classrooms where teachers explained the routine work. At the close of the evening, lunch was served in the school cafeteria.

For disobedience and other causes, those in attendance were sent to the principal's office to pay fines, the money going into the P.T. A. treasury. The largest attendance was noted in Miss Elizabeth Koen's room.

TO HAVE PARTY

Mesdames Garrison and Ellis Will Entertain

Mrs. Hurd Jones, 1516 Avenue M, is entertaining on Saturday evening with a hallowe'en party for her two children, Buddy and Anesth.

Technical Topics From Texas Tech

BY MARGARET TURNER Tech Correspondent

CALENDAR

Band rehearsal, 8 o'clock, E. 208. Pep rally and bonfire at the gymnasium followed by box supper, sponsored by the Arena-Rittas. Tennis club room 206, at 2 o'clock.

LUBBOCK CLUB ORGANIZED

A masked Halloween party was given at the college gymnasium last night, following the pep rally, by members of the Lubbock high school club.

Last Friday night elections of officers were held and the following were selected: president, Robert Kennedy; vice-president, Dorothy Cripp; secretary, Mary Frances Gale; treasurer, Frances Stahl, and reported, Alva Douglas.

ELECTIONS TO COUNCIL

Class representatives from the four schools to the Student Council have been elected and the first meeting was held last night.

Jack Maddox is president of the association; Vaughn Corley, vice-president, and Miss Margaret Trigg, secretary-treasurer. Four class presidents who became members automatically are: Senior, Scott Pike; Junior, Denis Vincent; Sophomore, Mancel Hall, and Freshman, James Whiteide (honorary).

Members elected are from the school of Liberal Arts; Senior, Ethelridge Egan; Junior, J. D. Waller; Sophomore, Derwood Dodgin; from the school of Home Economics; Senior, Anna Belle Collins; Junior, Nora Coker; Sophomore, Mrs. Millard Speer. From the School of Agriculture: Senior, John Burroughs; Junior, J. M. Teague; Sophomore, Hal Yoder, and from the School of Engineering: Senior, W. E. Street; Junior, Carey Lodal; and Sophomore, J. E. Speer.

TO CONDUCT PLAY CONTEST

The Sock and Buskin dramatic club of the college is making tentative plans for an inter-collegiate one-act play contest to be held at Lubbock some time this winter. All colleges in West Texas are to be invited to compete, either with well known plays or with original productions.

Miss Ruth Pirtle, sponsor, was the first sponsor the club had in its organization when Tech started, and has a very interesting program planned for the year.

Upper classmen who have an antipathy for working off their "P. T." hours should enroll in some of the freshmen training classes as according to a report, it requires from 15 to 20 minutes to call the roll. With 50 minutes given the class at the start, minus 20 minutes only 30 minutes are left for stretching of muscles and the coveted two years' work is quite easily made.

Bits Of News And Personal Mention

Marriage licenses issued yesterday were to, Henry Brown and Miss Lizzie Franklin and to Ben Seago and Mrs. Neva Seago.

New car licenses issued yesterday by the county tax collector were as follows: M. W. Dickinson, Lubbock; Oldsmobile coupe, Mrs. A. G. Tarrant, Slaton, Chrysler sedan, Perfection Store Co., Lubbock, Chevrolet coach.

Mrs. C. M. Hinds has returned from a short visit in Houston.

Slaton Ginning Well Under Way; 700 Bales Ginned

(Special to Avalanche) SLATON, Oct. 24.—More than 700 bales of this season's cotton have been ginned by the six gins of Slaton. This is slightly ahead of the total on this date a year ago, but cotton was planted a month earlier this year.

On account of heavy rains in July and August, totalling more than 11 inches, a larger cotton acreage this year will give a smaller yield than was realized last year, estimates say. Five Slaton gins and three in nearby communities received 13,000 bales in 1927. Slaton has six gins this year and these with the three in adjacent communities are estimated to receive 9,000 to 11,000 bales.

'Feed crops, including maize, biggers, fetterita and other crops, are excellent.

Cotton picker shortage is being gradually relieved as pickers arrive from Central and South Texas.

TOWN IS BEHAVING

Two Days Pass and No Marks On Blotter

Twice in succession, the town's getting good. Tuesday not a scratch was made on the record book of fines assessed and paid at the city police station.

Wednesday only one scratch was made, and that was because some automobile driver failed to observe a red traffic light. The fine was \$3.

- \$49.50
- \$58.00
- \$69.50

Matadors Leave Today For Clash With T. C. U. Frogs

High School Gridder's Depart For Conference Battle With Electra Tigers

Tech Primed For Tilt With Frogs On T. C. U. Field

Prospects For Victory In Contest With Conference Eleven Brighter Than Even Before.

Twenty-nine determined Matadors together with Coaches Freedland and Payne leave at noon today for Fort Worth where they will clash with the T. C. U. Horned Frogs Saturday in the most crucial game on their 1928 schedule.

The Matadors took only a light workout in their final session Wednesday and were in excellent mental and physical condition for the fray with the Bellman. Tech is considered the best chance to defeat the Frogs they have ever had.

Coach Freedland will send the same line against the Frogs that held the Texas Longhorns to 12 points two weeks ago. This combination has the ability to hold its own against any forward wall in the conference and may prove the deciding factor in the tilt Saturday.

Although the starting lineup is not yet known, J. D. Walker is likely to get the call at quarter. Brothers and Capt. Walker will probably be at the halfback positions and Charles Woodruff at fullback.

Hume Is Not Only Threat of Ponies

Fincher and Johnson Are Proving Features In S. M. U. Running Attack; The Workouts Secret.

DALLAS, Oct. 24.—Rival Southwest conference coaches who believe that if Redman Hume can be stopped, Southern Methodist's scoring threat will be smoothed.

Coach Ray Morrison is making no predictions as to what these ball carriers may do, but workouts this week have indicated that they will bear much of the brunt against the four conference teams to be met before the season ends.

Fincher is just coming into his own after being handicapped with a heavy cold that kept him out of two contests. Johnson, a second string back, revealed such elusiveness against Rice that he is being counted on strongly in the Mustang mentor's plans.

Word coming from secret sessions of the Ponies indicates that the team will use much more of a running attack against both Trinity and Texas that will be expected.

Await Ruling On Athens Grid Star

ATHENS, Oct. 24. (AP)—Texas class A high schools await with interest the meeting of the executive committee of the intercollegiate league at Austin tomorrow at which a decision is expected to be made as to whether Truxton Shaw, Athens high school fullback, is eligible.

On the verdict of the status of many other players hinges.

The point in question involves all players who have stayed out of school a year and who seek credit for this year on their eligibility standing.

Because of widespread interest in the case questionnaires have been sent to officials of almost every class A school and replies indicate many players fall into this classification. If the executive committee should decide that the year spent out of school consumes one of the players years of eligibility and that the player's eligibility expires four years after he entered school, some of the outstanding stars on the leading teams would be disqualified.

LOS ANGELES, Oct. 22. (AP)—J. Langford Stack, 34, internationally renowned sportswriter, died at his home in Hollywood today after a long illness.

Japan has now more than 60,000 automobiles, or nearly 70 times as many as in 1914.

Strolling Down Sports Lane

With Allan Carney, Avalanche Sports Editor

"Tria T. C. U." "On to Cowtown" and other similar slogans have been predominant on the Tech campus and on the streets of Lubbock this week. Unlike the recent invasion of Austin by the Matadors, the game with the Horned Frogs has aroused local enthusiasm as has no other contest this season.

The rates for the special train are unusually low this year and Lubbock should be represented by at least 300 persons when the Bull Fighters engage the cohorts of Matty Bell Saturday afternoon at the T. C. U. stadium. An impressive exhibition by a well-organized student body at the game will go far toward determining the recognition Tech will receive.

Already favorable comment has come from Fort Worth for the performance of the pep organizations who have appeared in the two previous games in that city.

An organization which deserves the support of the entire Tech student body, as well as the city of Lubbock, is the Arena Ritas pep squad, directed by Miss Anna Belle Collins. This group of college coeds have been working hard on their formations for the T. C. U. game and is expected to attract considerable attention with their new uniforms and new drills.

The point in the above is this: Following the bonfire tonight, a box supper will be given in the college gymnasium by these girls to help pay their expenses to the T. C. U. game. Plenty of good eats and hungry girls are promised all who feel the urge.

Contrary to the original report as to when the Matadors were leaving for the Horned Frog clash, Coaches Freedland and Payne, together with their hopeful squad of plucky warriors, will leave at 12:55 today on their long trip to the Panther city.

The Westerners of Lubbock High leave early this morning for Electra, where they will engage the Tigers in their first important football game of the year. The gridgers are probably in the best physical condition they have enjoyed this season.

Amarillo and Wichita Falls have taken the lead in the race for honors in district No. 1—Amarillo by sweeping the Plainview Bulldogs, and Wichita by winning from the powerful Electra Tigers. Vernon and Lubbock are the other undefeated teams in the district.

Standing of the Teams.

Team	G.	W.	L.	Pct.	Pts.	Op.
Lubbock	1	1	0	1.000	25	0
V. Falls	1	1	0	1.000	12	7
Wernon	1	1	0	1.000	25	0
Amarillo	1	1	0	1.000	25	0
Electra	1	1	0	1.000	25	0
Quannah	2	2	0	.000	7	53
Plainview	2	2	0	.000	0	120

Games to Date.

Lubbock 25, Quannah 0. Vernon 25, Plainview 0. Electra 18, Quannah 7. Wichita Falls 12, Electra 7. Amarillo 45, Plainview 0.

The above standing is due for several abrupt changes this week. Lubbock should be able to win from Electra and Vernon is likely to whip the Wichita outfit. If the Westerners do come out of the Tiger Tilt with the large end of the score, they will have a play better football than they have shown so far this year, but when the time comes for those Gold and Black warriors to strut their wares, they are able to make themselves felt as never before.

A great battle is in store for the Vernon fans when the Lions and Coyotes tangle up there Saturday afternoon. The teams are ancient rivals, and have no special love for each other. That the Coyotes would rather trounce Vernon than win the district title is a foregone conclusion. The same may be said of Vernon.

Those Lions are going to bear watching this year. Coaches Weir and Loyles have developed a formidable eleven from a group of green football candidates which have their eyes set on the topmost rung in district No. 1.

Junior High Team Meets Slaton Fish

In their fourth game of the season, the Junior football team of Slaton high school will meet the Slaton high school freshman team on Merrill Park field this afternoon. It was announced last night by officials of the school. The game starts at 4 o'clock.

Frogs Train For Clash With Tech Eleven Saturday

Coaches Work On Weaknesses Shown In Tilt With Farmers Last Week; Lack Of Smoothness Evident.

FORT WORTH, Oct. 24. (AP)—In preparation for the Texas Tech game here Saturday, Coaches Bell and Kubale and T. C. U. have set themselves to work to correct four weaknesses of the Frog machine, inaccuracy in forward passing, inability to break up passes, lack of co-ordination on running plays, and development of a weak center.

Although pleased by the drive his men showed against the Aggies, the Frogs' head tutor didn't like the lack of smoothness exhibited. Being drilled to support Noble Atkins at center.

Toads Expect Stiff Game From Matadors

FORT WORTH, Oct. 24. (Special)—With the first hurdle of their conference race successfully passed, the Texas Christian University Horned Frogs began hard work the first part of the week in preparation for Texas Tech Matadors who will invade Fort Worth Saturday for a game with the Purple.

The Bull Fighters are always tough for Frogs has been evidenced by the close scores of yesterday. Last year the score was 16-6 and was one of the bitterest battles waged on the Frog field.

This year with a score of veterans back, the Matadors are making a bid for entrance into the Southwest Conference. They have won three games and lost one, and the game with the Purple will be the high spot on their schedule.

If they succeed in downing Bell's warriors, the prospect for admission will be greatly aided.

The Frogs came through the Aggie fray with only one injury, Clyde Robertson, end, suffering a wrenched leg on the first play of the game. From indications, however, Clyde will be available Saturday. The remainder of the Frog squad is in perfect condition. Bell has been exceedingly lucky this year on the score of injuries, a bugaboo that has hung over his camp during past seasons.

All-Conference Talk.

A great deal of all-conference talk is going on among the Frog followers with the names of Atkins, Grubbs, Griffith, Toler, Williams, Brumblow and Reynolds predominating. The work of Noble Atkins, 200-pound Frog center, is the outstanding in every game the Frogs have played this year. Atkins is tall and fast, covering line plays with ease and sizing up plays with the accuracy of a veteran although this is his first year on the team.

In the game with Austin College, Noble got no less than five passes tossed by the opposition. In the game with the Aggies he grabbed another that aided the Frogs materially as well as knocking down several that would have gone for good yardage. It is his place kicking, however, that causes him to loom as all-conference material.

Noble does all of the toe work for the Frogs and his aim is deadly.

Howard Grubbs, fast little quarterback, is also making a great bid for a berth on the mythical eleven. He is being held in high esteem against the Aggies that put the ball in scoring position, and it was his deadly passing eye and his ability to run the Frog ship that resulted in a Frog victory. Austin Griffith, the man who plunged the Aggie line.

Scenes Lived Over Big Bonfire Burns At Tech Tonight

The ancient story of how thousands of Egyptian slaves labored under the burning Sahara sun at the command of the Pharaohs of the time, building up gigantic pyramids from the ground, is being lived over in Lubbock this week as Tech Freshmen—hundreds of the so-called "lowly slimy fish"—work almost unceasingly at the command of haughty Sophomores in building up a mountain of wood in preparation for the big bonfire tonight.

Boxes Are Piled High. Boxes, barrels and wooden structures of all kinds that are movable have been heaped on the bonfire pile. In its heyday growth the heap daily becomes higher.

The bonfire will be tonight on the Tech square as a send-off for the Texas Tech Matadors who leave today for Fort Worth where they play the T. C. U. Horned Frogs Saturday. The pep rally around the bonfire will be the final one before the game.

Seems a Family Affair

The Hanley, three brothers, are making Northwestern football a sort of family affair this year as Dick is head coach, Pat is an assistant coach and Lee plays quarterback. Experts predict the youngest Hanley will give Northwestern the best field generalship it has had in years. Dick is at the left here, Lee in the center and Pat at the right.

COLEGE STATION, (AP)—Texas peanuts, which attained a peak production of 7,117,000 bushels in 1918 because of the war-time demand for vegetable oil, have declined materially.

Post Will Battle Slaton On Friday

SLATON, Oct. 24.—Slaton is making elaborate plans to welcome Post citizens when they accompany their football team to this city Friday afternoon, at which time a conference B. district 2 tilt will be played with the Slaton High Tigers. One pep rally has been held here and one is set for Thursday night to complete the welcoming plans.

Boxing Group To Stand Secession

CHICAGO, Oct. 24. (AP)—The National Boxing Association is not going to the rocks because of threatened withdrawal of two or three eastern states or Canada, said Phil Fritin, chairman of the Illinois State Athletic Commission and newly elected president of the N. B. A. today.

The present internal dissension in the organization is "just a controversy between several former officeholders," Fritin said. He added this controversy would not deter the association from pushing its plans to promote the sport.

The situation was scoured, Fritin said, by the failure of Thomas Murphy of Toronto, Canada, to become elected to the presidency or to a vice-presidency. Fritin revealed an effort was made a year ago to have the constitution amended so Canada could be given equal representation on the question of votes and offices, but that Larry Coswell, of Maryland, secretary of the N. B. A. took no action on the suggestion.

It was therefore impossible to amend the constitution at the Toronto meeting so we could give the Canadians what they deserve," Fritin said. He was surprised to learn that Thomas E. Donahue of Bridgeport, Conn., retiring president of the N. B. A. was now signed with Murphy, president of the Canadian Boxing Federation in the threatened uprising. He said Donahue had pledged his support to Fritin at the convention held in 1927 at Toledo.

Bigger pensions for families of aviators killed in French civilian service is sought by filers of the country.

Forty thousand tons of limestone were blown up in a single blast at a Llyfarch, Wales, quarry, recently.

to pieces, is one of the most powerful backs to perform for Bell in many moons. Austin is the best line plunger so far uncovered in the Conference.

To Lay Plans For City Basketball League Next Week

Women's Teams To Enter Competition This Season; Many Teams Already Organized For Entry.

Plans for the 1928-29 City Basketball League will get under way next Monday night when representatives from approximately 15 local business concerns and a number of organizations meet in the auditorium of the Lubbock Business College.

Schedules for the ensuing year are to be worked out and officers for the league will be named.

The feature of the City League this year will be the addition of women's teams to the competition. Four women's teams have already completed their organization and two more are expected to enter when the schedules are arranged.

The teams who have already signified their attention of entering the league are: Myrick Hardware, Montgomery Ward, Lubbock Business College and Bell Telephone company.

Eight men's teams are expected to take part in the race for honors this year. Representatives from the following are expected at the meeting Monday night: Super Service Station, Montgomery Ward, Hemphill-Wells, Fixky Wiggy, Bankers Wholesale, City Teachers and National Guard.

Indications at present point to the most successful season Lubbock has ever enjoyed in this sport. Business firms and organizations who are interested in entering the league are requested to be present at the meeting.

Rice Works Hard For Longhorn Tilt

HOUSTON, Oct. 24. (AP)—Football workouts at Rice Field indicate the lineup to start Saturday against the Longhorns will be different from the one Coaches Rothgeb, Daugherty and Schultz started last Saturday against Southern Methodist.

The coaches will stress defensive ability in their choice of a starting lineup. The Longhorn running attack is not as deceptive as that of the Ponies, but in sheer power it excels the Mustangs.

It will take a fighting forward to repulse "Ramin' Ruger," King, Longhorn captain and perhaps the Southwest conference's greatest line-plunger.

The Ponies get the jump on the Owls and whipped the inexperienced eleven before Rice realized the game had started. It will require the contest at Austin to indicate whether the Longhorns or the Mustangs are the strongest, but the Owls may make a much better showing against Texas than they did against S. M. U.

The Nut Cracker

By Joe Williams

Benny Leonard has bought a hockey team. It's hard for a man to break away from the habit of mayhem.

Leonard's training in the ring qualifies him to give the lads excellent tips on the nicest ways of knocking out a member of the opposing team.

The hockey season is just getting underway. Only about 15 deaths have been reported so far.

After Leonard has gone thru one or two hockey seasons he can run for coroner.

Walter Hoy could save money if he owned a hockey team. Walter's an undertaker and could do his own embalming.

(Note: For confirmation of Hoy's efficiency, ask anybody in St. Louis.)

O'Grady gave Benny a training idea for his boys the other day. The members of the team will get into condition by standing on the tracks and taking nudges from the Twentieth Century.

St. Louis fans, however, don't mind rain any more. A permanent cloud has settled over their lives.

The crutches that the crippled Yankees used are to be saved for the Olympic games—we mean for the American runners.

A headline from a Cleveland newspaper says "205 Umpires and Their Friends Enjoy Post." We suppose places were set for about 205.

AUSTIN, Oct. 24. (AP)—Straight football, with the main offense carried by Captain King and Leo Baldwin, probably will be the extent of Texas University's efforts Saturday against Rice Institute at Houston.

Strategy and finesse being cooked up behind closed stadium doors in practice this week will be reserved for Southern Methodist University in other leading conference tilt scheduled in the game here two Saturdays hence.

Coach Littlefield of the Longhorns is not expected to risk injury to Dexter Shelly and Eddie Seubler by putting them into the Rice game.

Westerners Will Have Full Power For Electra Tilt

Team Will Spend Night In Vernon and Resume Journey to Electra Friday Morning; Expect Hard Game

Having wound up training for their first hard clash in the race for honors in district 1, the Lubbock high school Westerners leave this morning for Electra where they will tangle up with the hard hitting Tigers Friday afternoon.

Coschie Friska and Morgan are taking nine members of the high school squad on the 250 mile jaunt.

Leaving Lubbock at 8:30 this morning by bus, the squad will reach Paducah by noon and arrive in Vernon in time to take a walk-out at the City Park in the Lion's stronghold. After spending Thursday night in Vernon, the gridgers will resume their journey to Electra Friday morning.

The Westerners face one of the heaviest and hardest hitting defenses in this section of the state in the Electra aggregation. Their report showing against Wichita Falls has stamped them as a dangerous scoring machine which plays a bang-up game of football from whistle.

The two teams appear to be evenly matched, with slight odds favoring Lubbock. The Westerners are considerably lighter than the Tigers, but are considered a faster and more aggressive eleven than Electra. The breaks of the game will have no little bearing on the outcome of the contest.

Those who will leave for Electra this morning are: H. A. Castleberry, Robert Hill, Will Ed Watson, Raymond Barton, Rex Wright, Great Frizell, Fred Kerr, Ray Leaverton, Moody Smith, George Pierce, Dub Lawson, Ovie Teal, Edward Pangburn, Joe Powers, Elmer Calhoun, Yancy Price, Charley Wilson and Horace Buckingham.

A balloon 86 feet in diameter built in Berlin, is expected to reach a height of nine miles.

175 BROKEN REST

Caused by Bladder Irritation in Nature's Danger Signal

C. R. Kidney, Ontario, N. Y., says "Lithiated Bunch has done more for me than all other remedies combined. Some days I had almost a constant desire with a terrible burning sensation. Would be bothered about six times at night. Will tell or write my experience to any one."

Don't take strychnine for this. You may get the habit or be forced continually to sit on the toilet. Lithiated Bunch (Keller Formula) acts on the bladder as a tonic, soothes the inflamed mucous membrane, dissolves uric acid, thereby relieving irritation.

The tablets cost 25 each at drug stores. Keller Laboratories, Mechanicville, Ohio. Locally at Brown Drug Store.

TO MANAGE BEARS

Steve O'Neill Is New Toronto Pilot

TORONTO, Oct. 24. (AP)—Steve O'Neill, former Toronto catcher, will manage the Toronto Bears in the Toronto International League baseball club, announced today. O'Neill also will be a first string catcher on the local team. He has been with the St. Louis Americans for the past two years.

TO LAY PLANS FOR CITY BASKETBALL LEAGUE NEXT WEEK

Women's Teams To Enter Competition This Season; Many Teams Already Organized For Entry.

Plans for the 1928-29 City Basketball League will get under way next Monday night when representatives from approximately 15 local business concerns and a number of organizations meet in the auditorium of the Lubbock Business College.

Schedules for the ensuing year are to be worked out and officers for the league will be named.

The feature of the City League this year will be the addition of women's teams to the competition. Four women's teams have already completed their organization and two more are expected to enter when the schedules are arranged.

The teams who have already signified their attention of entering the league are: Myrick Hardware, Montgomery Ward, Lubbock Business College and Bell Telephone company.

Eight men's teams are expected to take part in the race for honors this year. Representatives from the following are expected at the meeting Monday night: Super Service Station, Montgomery Ward, Hemphill-Wells, Fixky Wiggy, Bankers Wholesale, City Teachers and National Guard.

Post Will Battle Slaton On Friday

SLATON, Oct. 24.—Slaton is making elaborate plans to welcome Post citizens when they accompany their football team to this city Friday afternoon, at which time a conference B. district 2 tilt will be played with the Slaton High Tigers. One pep rally has been held here and one is set for Thursday night to complete the welcoming plans.

The coaches will stress defensive ability in their choice of a starting lineup. The Longhorn running attack is not as deceptive as that of the Ponies, but in sheer power it excels the Mustangs.

It will take a fighting forward to repulse "Ramin' Ruger," King, Longhorn captain and perhaps the Southwest conference's greatest line-plunger.

The Ponies get the jump on the Owls and whipped the inexperienced eleven before Rice realized the game had started. It will require the contest at Austin to indicate whether the Longhorns or the Mustangs are the strongest, but the Owls may make a much better showing against Texas than they did against S. M. U.

Boxing Group To Stand Secession

CHICAGO, Oct. 24. (AP)—The National Boxing Association is not going to the rocks because of threatened withdrawal of two or three eastern states or Canada, said Phil Fritin, chairman of the Illinois State Athletic Commission and newly elected president of the N. B. A. today.

The present internal dissension in the organization is "just a controversy between several former officeholders," Fritin said. He added this controversy would not deter the association from pushing its plans to promote the sport.

The situation was scoured, Fritin said, by the failure of Thomas Murphy of Toronto, Canada, to become elected to the presidency or to a vice-presidency. Fritin revealed an effort was made a year ago to have the constitution amended so Canada could be given equal representation on the question of votes and offices, but that Larry Coswell, of Maryland, secretary of the N. B. A. took no action on the suggestion.

It was therefore impossible to amend the constitution at the Toronto meeting so we could give the Canadians what they deserve," Fritin said. He was surprised to learn that Thomas E. Donahue of Bridgeport, Conn., retiring president of the N. B. A. was now signed with Murphy, president of the Canadian Boxing Federation in the threatened uprising. He said Donahue had pledged his support to Fritin at the convention held in 1927 at Toledo.

Bigger pensions for families of aviators killed in French civilian service is sought by filers of the country.

Forty thousand tons of limestone were blown up in a single blast at a Llyfarch, Wales, quarry, recently.

to pieces, is one of the most powerful backs to perform for Bell in many moons. Austin is the best line plunger so far uncovered in the Conference.

Boxing Group To Stand Secession

WHIRLWIND

THIS HAS HAPPENED

SYBIL THORNE, recently widowed, and involved in many scandals, is experiencing the biggest thrill of her life. And Sybil—as usual—is playing with fire.

For 10 years she has mourned as dead, **JOHN LAWRENCE**, her childhood sweetheart. In the apartment of her dearest friend, **MABEL MOORE**, she meets him—back from the grave. The reunion is dramatic and harrowing. John Lawrence has been a victim of amnesia. Until he saw Sybil, his mind had been a total blank since the dreadful day they carried him from a battlefield in France.

Following his discharge from the Walter Reed Hospital he began an entirely new life. Having forgotten his own name, he took a new one—**ROGER CALDWELL**. Having forgotten Sybil, he took a new sweetheart—**KITTY BURNS**. He and Kitty are about to be married—but now there is Sybil!

The girls are totally different. Kitty is very young and innocent and sweet—as Sybil was 10 years ago. And Sybil is a charming sophisticate. A little hard, maybe, sparkling and polished, and very charming.

She goes to John's apartment, despite the pleas of her good friend, **MABEL MOORE**, who warns her that any resumption of a 10-year-old romance is apt to be a failure. Mabel reminds her, too, that John has a fiancée now—and begs her, also, to think of **TEDDY**, Teddy is Sybil's small son, and the adored of her life.

They sit in front of the fire in John's attractive suite, and talk of dangerous things. John tells Sybil that she is extremely provocative.

"Tremendously desirable, my dear," he says. "I'm absolutely crazy about you."

"I never would have dreamed it!" retorts Sybil.

And then John faces her.

"Sybil," he says, "I hate evasions. What do you want me to do?"

NOW GO ON WITH THE STORY

CHAPTER XLVI

A boy, knocking discreetly, saved Sybil from answering. He laid a table in front of the fire with white with snowy linen and gleaming with silver.

Then the waiter came with a chafing dish and coffee pot, and all the pleasant little hours drouver on a silver platter.

Sybil bowed herself with the

me—the first time you'd ever kissed me?

"Remember, John?—Oh, my dear, you held me as though you could never let me go! And you buried your face in my hair—and I shook it all down around my shoulders and you sifted it through your fingers . . . and kissed it."

He put his hands on her shoulders, and gripped them so tightly that his fingers hurt her soft flesh.

"There's no use—talking like that," he said. "You're not playing fair, Sybil."

He tipped her head back and kissed her lightly on the mouth.

"The reddest, cruellest lips in town," he said.

"John!" she protested. "I think you're horrid."

"I think you're beautiful," he retorted. "Now eat your chicken like a good girl—and stop your yapping."

"You're so darn good," she complained. "You make me sick! . . . I think you don't care for me any more—not really, I mean."

"She thinks," he remarked, "that it'll be Mrs. Caldwell—Mrs. Roger Caldwell. She's had cards engraved—announcements, you know."

"Funny, isn't it?"

"You haven't told her yet?"

"Oh, Lord, Sybil! I don't know. Yes, I suppose so. Here, sit down, won't you? Your coffee'll be cold. Did you put the sugar in?"

She took the cup from him, and dabbed at it with her spoon.

"Get me a pillow for my back will you, John? That little puppy one on the divan, please. . . . And I don't believe I want any coffee after all."

He reached for the cup, and bent to slip the pillow beneath her shoulders. From her sleek small head there rose the breath of verbenas.

"Sybil," he told her sternly. "I've a good mind to give you a champagne."

"Why?" she asked him innocently.

"That confounded verbenas," he muttered. "As long as I live I'll associate it with all the sweetness and all the horror of my whole life. It's the scent of love's young dream in my nostrils. And it's the smell of the girl at Maxm's who darn near drove me crazy."

"It doesn't make you think of Deven's—and the apple orchid?" she asked him softly. "It doesn't bring back that night on the beach? That night at Wamma when you took me in your arms and kissed

me—the first time you'd ever kissed me?"

"Remember, John?—Oh, my dear, you held me as though you could never let me go! And you buried your face in my hair—and I shook it all down around my shoulders and you sifted it through your fingers . . . and kissed it."

He put his hands on her shoulders, and gripped them so tightly that his fingers hurt her soft flesh.

"There's no use—talking like that," he said. "You're not playing fair, Sybil."

He tipped her head back and kissed her lightly on the mouth.

"The reddest, cruellest lips in town," he said.

"John!" she protested. "I think you're horrid."

"I think you're beautiful," he retorted. "Now eat your chicken like a good girl—and stop your yapping."

"You're so darn good," she complained. "You make me sick! . . . I think you don't care for me any more—not really, I mean."

"She thinks," he remarked, "that it'll be Mrs. Caldwell—Mrs. Roger Caldwell. She's had cards engraved—announcements, you know."

Lubbock Morning Avalanche

MEMBER OF ASSOCIATED PRESS FULL LEASED WIRE SERVICE

Published every morning except Sunday and Monday, and discontinued on Sunday morning only in the Sunday Avalanche-Journal by the Avalanche-Journal Publishing Company, Inc., 1211 Texas Avenue

Entered at the Postoffice at Lubbock, Texas, for transmission through the mails as second-class matter.

Advertising Representatives: Texas Daily Press League Dallas, New York, Chicago, Kansas City.

The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or otherwise credited to any news agency, and also the local news published herein. All rights of publication of special dispatches herein are also reserved.

NOTICE-It is not the intention of the Avalanche to cast reflection upon the character of anyone knowingly, and it is through error or oversight that the management will appear having our attention called to same, and will gladly correct any erroneous statement made.

The Avalanche is an independent Democratic newspaper, supporting in its editorial columns the principles which it believes to be best for the country, and it will not be swayed by the views of any party, publishing the news fairly and impartially at all times.

SCRIPTURE: Deliver me, O my God, out of the hands of the wicked, and of the hands of the unrighteous and cruel man.

THE WELL-BALANCED CITY

Cities like people, sometimes grow lopsided. That is they become unbalanced for the reason that they take more interest in certain things than others.

THE DESIRE FOR FAME

The desire for fame very often makes people foolhardy. We do not say that this is the case in all instances, some are promoted by higher motives.

THE SAFEST CRIME

Even with the juries of the United States seemingly inclining toward the idea that severe punishments must be dealt out in return for cold blooded murders in this country, murder seems to be about the safest crime to commit and get away with it.

A Washington Bystander

BY KIRK L. SIMPSON WASHINGTON, Oct. 25.—It is a noteworthy circumstance that the two leading practitioners before the supreme court of the United States are men defeated in a presidential election.

Davis Pleadings Brief. Davis has established a remarkable record for supreme court work. Hardly a week goes by when the court is in session and he is not down from New York to present an argument.

This habit of brevity no doubt is appreciated by the justices. Their time is valuable and crowded to a degree that imposes heavy burdens on their advanced years.

Clerks Relieve Strain. Law clerks of the justices help in the routine of getting cases ready for study by their respective chiefs.

Merit of Vaccines for Colds is Unproven. The natural history of such infections is such that immunity created by an attack of cold is very brief so that it is reasonable to believe that inoculations are not likely to be developed that will be of service.

Smallpox Immunity. Vaccination against smallpox has been shown definitely to have virtue in protecting many people throughout life against this disease.

Seven Cities, No Deaths. In diphtheria the use of toxin-antitoxin to prevent the disease has become exceedingly general.

Laughs. His Subject. Young Smith had a reputation to maintain. He was regarded by his fellow students as a "wit."

commit murder there and you'll find that they value life more highly than money.

The Handy Needle in the Political Hay Stack

SO THINK WE

We think there will be a great sigh of relief when the presidential campaign is over. The people are getting worked up to a pitch that it is not best for business interests or social life.

Your Health

After a person has been vaccinated twice with a good vaccine and the vaccination has failed to take, it should be understood that the person is immune to smallpox.

Laughs

His Subject. Young Smith had a reputation to maintain. He was regarded by his fellow students as a "wit."

The Way Of The World

The Greek orator Demosthenes once said that our affections are subtle persuaders. Argument is not of much value when we talk to our best friends.

Public Opinion

The amendment to the constitution of the State of Texas, exempting from taxation property owned by churches and strictly religious societies, for the exclusive use as dwellings for the ministry.

Meditation

THURSDAY, Scripture Lesson, read Psalm 57:1-11. Meditation for the day: "My heart is fixed, O God, my heart is fixed."

News Papers

The best newspaper is simply defined. It is the newspaper that contains the greatest amount of accurate information and which treats news with the greatest fairness.

Today's Poem

Sleep on, and dream of Heaven awhile— Though shut so close thy laughing eyes.

History Of Presidential Elections

BY FEDERIC J. HASKIN Author of "The American Government"

XXIII—WHAT OF TODAY?

WASHINGTON, D. C., Oct. 23.—On the sixth day of November more than thirty million Americans will cast their ballots for the electors who name the next President of the United States.

It is not sufficient to say that the difference lies not in the parties but in the candidates. Granting this to be true, the parties pick out the candidates, and to some extent they follow the candidates.

One obvious sign of this campaign has been the shifting of leaders from party to party, and where a few leaders, made cautious by long political experience, are willing to shift their allegiance, it is certain that many followers have changed.

One obvious sign of this campaign has been the shifting of leaders from party to party, and where a few leaders, made cautious by long political experience, are willing to shift their allegiance, it is certain that many followers have changed.

Who's Who in Timely Views

TRAFFIC PROBLEMS DISCUSSED

By ARTHUR W. BERRETFORD President of the American Engineering Council

As there is great variation in the state laws regarding signs and signals, it is obviously impossible to make recommendations that can be universally adopted until many such laws are amended.

This date in AMERICAN HISTORY

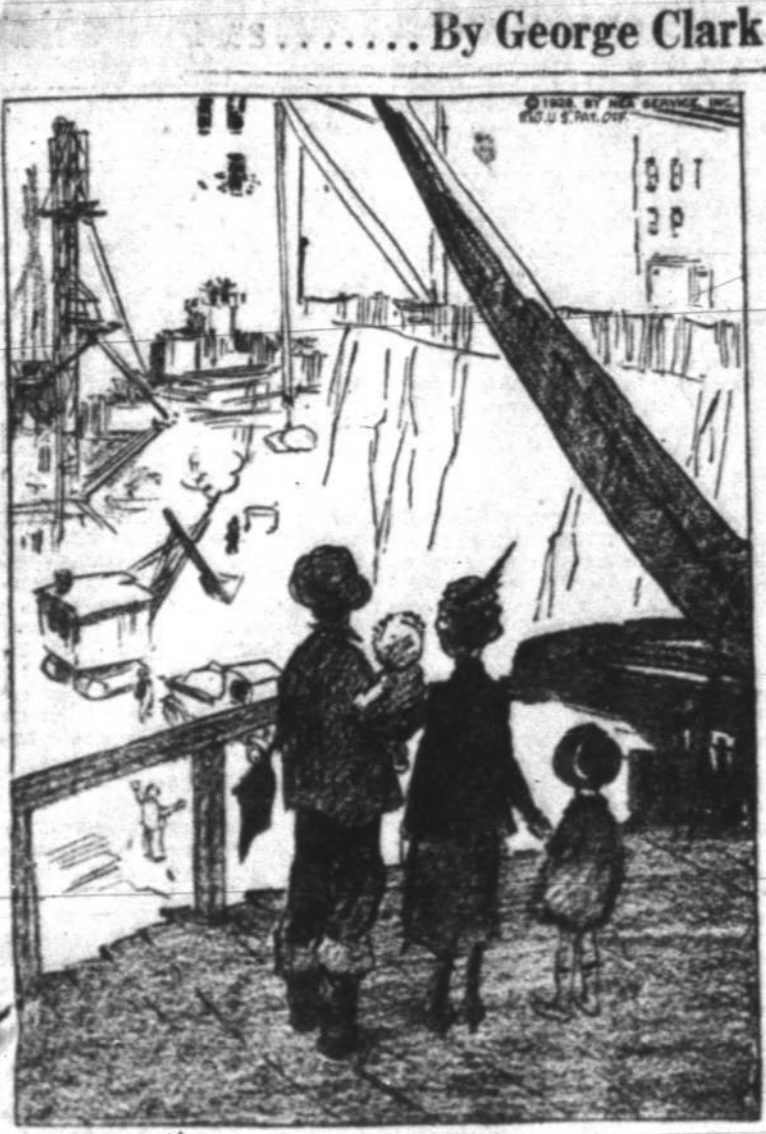

- 1684—Massachusetts sent a remonstrance against tyranny to the king. 1774—Colonies unrepresented at first Congress invited to join the second. 1778—Washington went into winter quarters at Morristown, N. J. 1780—John Hancock chosen first governor of Massachusetts under the new Constitution. 1911—Orville Wright kept a biplane stationary in air in the face of a gale.

THE SLEEPING BEAUTY

Sleep on, and dream of Heaven awhile— Though shut so close thy laughing eyes. Thy lips still wear a smile And move, and breathe delicious sigh!

Cotton Market Report

By Norman Mayer & Company 1318 Texas Avenue

NEW ORLEANS FUTURES

Table with columns: Month, Open, High, Low, Close. Rows for Dec, Jan, Feb, Mar, Apr, May, June, July, Aug, Sept, Oct, Nov.

NEW YORK FUTURES

Table with columns: Month, Open, High, Low, Close. Rows for Dec, Jan, Feb, Mar, Apr, May, June, July, Aug, Sept, Oct, Nov.

LIVERPOOL FUTURES

Closely: Dec. 1927, Jan. 1915, Mar. 1914, May 1910, July 1907, Oct. 1930. One three to six penny points higher Thursday. Sales 6,000. Receipts 1,000.

AMERICAN SPOTS

New York 2010, sales 600. New Orleans 1897, sales 2,913, Dallas 1850, sales none, to arrive 12,260. Houston 1910, Galveston 1225.

The local spot basis is at present very cheap, being 17 1/2 to 20c off. According to our firm the reason for this cheap basis is that the staple of the cotton is rather poor. The large firms are becoming heavy purchasers. A good deal of cotton was bought last night at 190 to 200 off.

Summary

Market up three to six points from last night's close, nine to 15 points from today's opening. Liverpool was worse than the domestic market. The weekly weather and crop review was about a stand-off and for the most part the entire season was dull and featureless. The last night however, showed more activity than high for the day being made on evening up before tomorrow's opening report due to come on the opening. Private estimates range from 7,967,000 bales to 8,526,000 bales. Norman Mayer & Company wired, "Private estimates range from slightly under eight million to eight million five hundred thousand. Market may have further reaction but advise buying on any break."

WEEKLY WEATHER AND CROP REVIEW

WASHINGTON, D. C., Oct. 24.—Frequent rains in the east delayed picking and ginning east of the Mississippi except in Atlantic coast areas where generally a good advance was made. The harvest is about completed in the southern portions and is well along in most northern districts. There was also some interruption to picking in Louisiana but generally good progress was made in ginning. Very good advance was reported from Arkansas where the weather was favorable for developing late bolls in low lands. In Oklahoma opening and picking advanced rapidly because of the weather being in the center and eastern parts. In Texas the crop is mostly out in the southern and central portions and fair to good progress was reported from the northwest. In the western belt frost occurred as far south as northern Texas.

COTTON MARKET REPORT

Crop advice received: Quantities. Texas: This county will make less cotton than it did last season owing mainly to a late start in growth. Boley, Okla.—Cotton picking again making good progress and only a few more days of good weather needed to wind up. No top crop. Yield about same as last year. Little Rock, Ark.: Cotton plant throughout and there is no top crop. Crop pos-

15 YEAR GOITER REMOVED

Mrs. N. A. Holman, Homegrove, Tenn., says, "I will tell or write how I was quickly relieved of the terrible misery with Sorbol-Quadruple, a complete relief, easy to swallow, and—most expensive—will give more information at Bowen Drug Company, or write Sorbol Company, Mechanicsburg, Ohio. Sold by all druggists.—Adv."

Daily Markets

NEW YORK STOCKS

NEW YORK, Oct. 24 (AP)—A broad upward movement of stock prices, which carried more than two score issues including U. S. Steel common, Anaconda Copper and Sinclair Oil to record high levels, was checked just before the close of today's market by a heavy selling movement.

The reaction followed the marking up of call money rates from 6 to 6 1/2 per cent. Several commission house observers also attributed part of the selling to the endorsement of Governor Smith's candidacy by Senator Norris, Republican of Nebraska, although previously politics had not been regarded as an important market factor.

Merger, dividend and earnings reports provided the background for the early advance. Several corporations published third quarter earnings reports during the day which made unusually favorable comparison with last year, including General Electric, Packard and Graham-Paige Motors, and the Northern Pacific Railroad. Directors of the Packard company declared an extra dividend of \$1 in cash, in addition to the regular quarterly payment of 2 1/2 per cent on the \$10 par common stock.

For the first time in several weeks, the rails moved forward as a group on buying stimulated by the increase in freight traffic and the splendid September earnings statements now being published. St. Louis Southwestern advanced 7 1/2 points to a new high at 122 and Rock Island moved up 5 points to a new peak at 126 3/4, but each lost a point of its gain on realizing.

Time money was easier, being quoted as low as 6 5/8 per cent for the shorter dates, as against 6 3/4 per cent yesterday and a ruling rate of 7 per cent for all dates last week.

A further advance of 20 points in Japanese yen to 48 3/8 cents, making an extreme gain of 120 points since the first of the month, was the only development of interest in the foreign exchange market. Sterling cables ruled slightly easier around \$4.84 31-32.

PORT WORTH LIVESTOCK

PORT WORTH, Oct. 24 (AP)—Steers continued scarce on the cattle market here today, and that division was mostly a nominal affair. Yearlings selling up to \$12.50.

CHICAGO GRAIN

CHICAGO, Oct. 24 (AP)—Oncoming of the 1928 corn crop in greater volume at terminal markets today put all grain prices under a hand-grip. Nearly half of today's arrivals of corn in Chicago were new crop, and with excellent weather prevailing over the corn belt the rural offerings of corn soon to be shipped were much more plentiful than heretofore.

Closing quotations on future deliveries of corn were unsettled, 1-3c to 1c a bushel net lower. Wheat finished nervous, 8-8c to 3-8c off, and provisions unchanged to a rise of 4c.

WHEATHER

Temperatures were mostly above normal in the northwestern districts and in north Carolina and below normal elsewhere. Minima were 36 to 50 degrees in most interior sections of the western and central districts with frost mostly light reported locally in central districts. At noon the eastern belt weather was clear and cool, the capital belt was mostly clear to somewhat warmer, and the western belt was mostly fair. Forecast: Fair and warmer generally throughout. Eastern belt, fair and colder generally. R. E. STRONG, Mgr.

History of Presidential Elections

(Continued from Page 8)

question whether that majority will be a majority of those who could and should vote. There are a few outstanding issues. There are many other grave problems just ahead. There are well qualified and well known candidates. Here is a nation, leader of the world in intellect, liberty, wealth, culture. Is it going forward through the will of its population of today, or drifting on the momentum given by driving forces of a generation past? Are we making our nation, or accepting but

resources and blessings handed to us by nature and by our forebears? It is too soon to pass any sort of judgment other than temporary on the candidates and the issues of the hour. It is not too soon to realize that unless our elections are a complete and free expression of the whole body of the people, our democracy is slipping backward, our Republic is in danger. The size of the vote on November sixth will perhaps be as important as its result. Tomorrow: Elections Return.

Students of government see a great danger in this neglect of the ballot, and partisan workers see in it the opportunity to increase their party showing and win the election. Will the public this year respond to the joint cry of patriotism and of partisanship, and take part in the election? Will the women of the nation accept the duty and privilege conferred on them after a long struggle through the 19th amendment, or will but 35 percent of them participate, as in the recent past? Will America come to consider its elections once more as the serious occasion for demonstrating the ability of our people to maintain self government, or have our elections in fact degenerated into a sort of sporting contest between rival groups of politicians, with half the population as amused but disinterested bystanders? In this Republic alert, improving, progressive, or satisfied, contented and decadent? Do we want government by the majority or to be governed by a minority? It seems probable that our electoral system, archaic as it may be in some respects, will work out as desired in this election, and give expression to the will of the majority of those who vote. It remains a

ple are eligible to vote in the United States. Qualifying laws regarding illiterates, poll taxes, early registration, and other requirements cut down this number, yet it is safe to say that if every person eligible by mid-summer would qualify for voting, there could be fifty million ballots counted in November. If more than thirty million people vote it will be the greatest number in history.

Get Out The Vote In recent years the practice has been more and more neglected. Theoretically about 60 million people

were ready. She stock was off with cows traded \$7.00 to \$8.00. Bulls were steady, bringing from \$6.75 to \$7.75. Calves recorded a drop of from \$5c to 8c, the bulk trading from \$10.00 to \$11.50. Hogs were steady to 10c higher. The top paid was \$9.30, with the bulk selling from \$7.50 to \$9.25. Sows brought from \$7.25 to \$9.00, and pigs from \$7.00 to \$8.00.

The sheep market was steady, yearlings selling top \$9.25 and wethers for \$7.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Oct. 24 (AP)—U. S. D. A.—Finished beef steers and yearlings around the 11-market circuit held fully steady but weak to lower values prevailed on short fed descriptions and grassers; country demand for steers and feeders was narrow at all points, with prices the lowest of the season; packers have been picking up heavy western steers which ordinarily would go to feeder buyers; Kansas City had a liberal supply of well bred stockers and stock calves; trade at this point was especially slow on stock calves with values on these 50c to \$1.00 under last week, choice yearling steers on the Chicago market stopped at 17.25, while best heavy steers stopped at \$6.25, aggregate receipts were estimated at 47,900 against 48,273 a week ago and 57,169 a year ago.

Hogs were unevenly steady to 2c lower, most centers showing loss of 10 to 20c, the day's top of 9.5c was paid at Chicago; total offerings were around 91,600 as compared with 76,052 last Wednesday and 90,029 a year ago.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you eat food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mr. James F. Campbell, of 1012 W. Fifth St., Little Rock, Ark., says: "I had bloating after eating. My rheumatism was so bad I could hardly raise my arms. Now I can eat anything and do a good day's work."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.

IN ALL THE WORLD No Other Low-Priced Six Like This

Study as thoroughly as you please the entire range of automobiles produced today, you must finally conclude that in all the world there is no other low-priced six like Pontiac.

For all the sizes available at as little as \$745 only Pontiac offers bodies by Fisher—a 186-cubic inch engine—the cross-flow radiator—a fuel pump—the famous G-M-R oil-in-lead head. Only Pontiac offers such stamina and long life. And only Pontiac offers special factory equipment including six wire wheels and tires with the two spares cradled in fender wells at slight additional cost.

With all these exclusive features Pontiac Six has established itself as foremost among all low-priced sixes. And with good reason, for where else can you find such advantages for as little as \$745!

3-Dow Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Dow Sedan, \$815; Sport Sedan, \$815. All prices at factory. Cash Oakland-Pontiac delivered price—they include license handling charges. General Motors Time Payment Plan available at minimum rate.

History of Presidential Elections

(Continued from Page 8)

question whether that majority will be a majority of those who could and should vote. There are a few outstanding issues. There are many other grave problems just ahead. There are well qualified and well known candidates. Here is a nation, leader of the world in intellect, liberty, wealth, culture. Is it going forward through the will of its population of today, or drifting on the momentum given by driving forces of a generation past? Are we making our nation, or accepting but

resources and blessings handed to us by nature and by our forebears? It is too soon to pass any sort of judgment other than temporary on the candidates and the issues of the hour. It is not too soon to realize that unless our elections are a complete and free expression of the whole body of the people, our democracy is slipping backward, our Republic is in danger. The size of the vote on November sixth will perhaps be as important as its result. Tomorrow: Elections Return.

Students of government see a great danger in this neglect of the ballot, and partisan workers see in it the opportunity to increase their party showing and win the election. Will the public this year respond to the joint cry of patriotism and of partisanship, and take part in the election? Will the women of the nation accept the duty and privilege conferred on them after a long struggle through the 19th amendment, or will but 35 percent of them participate, as in the recent past? Will America come to consider its elections once more as the serious occasion for demonstrating the ability of our people to maintain self government, or have our elections in fact degenerated into a sort of sporting contest between rival groups of politicians, with half the population as amused but disinterested bystanders? In this Republic alert, improving, progressive, or satisfied, contented and decadent? Do we want government by the majority or to be governed by a minority? It seems probable that our electoral system, archaic as it may be in some respects, will work out as desired in this election, and give expression to the will of the majority of those who vote. It remains a

ple are eligible to vote in the United States. Qualifying laws regarding illiterates, poll taxes, early registration, and other requirements cut down this number, yet it is safe to say that if every person eligible by mid-summer would qualify for voting, there could be fifty million ballots counted in November. If more than thirty million people vote it will be the greatest number in history.

Get Out The Vote In recent years the practice has been more and more neglected. Theoretically about 60 million people

were ready. She stock was off with cows traded \$7.00 to \$8.00. Bulls were steady, bringing from \$6.75 to \$7.75. Calves recorded a drop of from \$5c to 8c, the bulk trading from \$10.00 to \$11.50. Hogs were steady to 10c higher. The top paid was \$9.30, with the bulk selling from \$7.50 to \$9.25. Sows brought from \$7.25 to \$9.00, and pigs from \$7.00 to \$8.00.

The sheep market was steady, yearlings selling top \$9.25 and wethers for \$7.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Oct. 24 (AP)—U. S. D. A.—Finished beef steers and yearlings around the 11-market circuit held fully steady but weak to lower values prevailed on short fed descriptions and grassers; country demand for steers and feeders was narrow at all points, with prices the lowest of the season; packers have been picking up heavy western steers which ordinarily would go to feeder buyers; Kansas City had a liberal supply of well bred stockers and stock calves; trade at this point was especially slow on stock calves with values on these 50c to \$1.00 under last week, choice yearling steers on the Chicago market stopped at 17.25, while best heavy steers stopped at \$6.25, aggregate receipts were estimated at 47,900 against 48,273 a week ago and 57,169 a year ago.

Hogs were unevenly steady to 2c lower, most centers showing loss of 10 to 20c, the day's top of 9.5c was paid at Chicago; total offerings were around 91,600 as compared with 76,052 last Wednesday and 90,029 a year ago.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you eat food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mr. James F. Campbell, of 1012 W. Fifth St., Little Rock, Ark., says: "I had bloating after eating. My rheumatism was so bad I could hardly raise my arms. Now I can eat anything and do a good day's work."

Sample Ballots Distributed Here

Charles F. O'Neal, chairman of this senatorial district Anti-Smith organization, announced yesterday that 5,000 sample ballots, of that to be used in the general election of November 6, have been received by the Hoover group. These will be distributed throughout the South Plains between now and election time.

Indictments

(Continued from Page 1)

uty Sheriff Ramsey, who is also the jailer here, when he frustrated an attempted jailbreak on Tuesday of last week.

Ramsey was badly beaten with an iron bar, said to have been in the hands of the negro, Edmondson, when he entered the jail to take the prisoners, and Benson is said to have directed the negro in this attack. At the time of the attack Ramsey called for his daughter, who came to his aid in quelling the attack.

Ramsey's Life Threatened
Current opinion here is that the shooting of Bracken by Deputy Sheriff Ramsey occurred as a result of the disorders in the jail, while Ramsey had not made any statement about the affair. Ramsey's life is said to have been threatened by Bracken prior to the fatal shooting.

Ball of \$7,500 was set for Ramsey, which was made quickly. He will probably go to trial on Monday, November 12, in the 106th district court, with Hon. Gordon B. McGuire, of Lamesa, presiding. Vickery-an-Campbell, of Lubbock, and A. R. Anderson, of Post, will perhaps represent Ramsey's defense before the court.

District Attorney Tom L. Price will be in charge of the prosecution, aided by Leon O. Moses, county attorney and Meade F. Griffin, of Plainview. Former county judge J. M. Brown, now engaged in ranching, was foreman of the grand jury that returned the indictments.

HOOVER FOR SMITH
Houston Man Joins Democrat Club; Is Cousin

HOUSTON, Oct. 24. (AP)—Mr. and Mrs. Herbert Hoover of Houston have joined the Al Smith club here. Hoover claims to be a third cousin of the Republican presidential candidate.

Nature Thought of Everything
Nature thought of everything when the human body was made. When the body is about to become ill, nature rhymes "finger" against "worm."

Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from LUBBOCK DRUG CO.

Baby Gets Fined Father Lays Speed To His Child

EVANSTON, Ill., Oct. 24. (AP) You know how it is with a baby; anything to amuse the little tike, even unto the accelerator of daddy's motor car. Carl Deutsch of Hammond, Ind., a proud papa explained the situation to Magistrate Franklin, yesterday when arranged for speeding.

"I was speeding," said Deutsch, "because the baby wouldn't let me go slow. The little fellow was having a lot of fun pushing the accelerator. I spoke to him sternly, admonishing him to stop. Every time I pulled him away from the accelerator, he cried lustily. He was having so much fun, judge, it seemed cruel to stop him. If you ever raised a child, judge, you know how it is."

The Court, having raised a family, fined the baby \$5, which father paid.

Cotton Yield

(Continued from Page 1)

than has been figured. Maturity is earlier

"I found the cotton around the towns named further matured than that in the immediate vicinity of Lubbock and in the eastern part of Lubbock county," Mr. Nelson stated. "It seems to be an earlier crop and the past several days of unblemished sunshine has hastened the maturity."

Information received yesterday from Fort Worth headquarters of the government employment bureau Mr. Nelson said, was to the effect that, as a result of the publicity given in the papers in the larger cities of central Texas, a great many truck loads of cotton pickers had started the trek in this general direction. Many of them are headed for the route by way of Wichita Falls and Quanah, and a large number of these are to be expected to be in this territory within the next very few days.

Need Pickers Also
The need of pickers in the vicinity of the towns visited yesterday by Mr. Nelson is said by him to be greater than that in the eastern half of the county.

The labor shortage will more than likely be met by the middle of the coming week, Mr. Nelson seemed to think.

Floydada Hears Salkeld Tonight

Dr. E. D. Salkeld, pastor of the First Christian church of Abilene, will speak at Floydada tonight, in the interest of Herbert Hoover for president, officials of the Hoover organization announced here yesterday.

On Friday afternoon at 3 o'clock Dr. Salkeld will speak at Slaton and on Friday night will speak at Lubbock. The Lubbock meeting will be held either in the District courtroom or at the open-air auditorium on Texas Avenue, owing to weather conditions.

STARTS TO PRISON

PARIS, Oct. 24. (AP)—L. H. Scherer, sentenced to 18 months when he pleaded guilty to embezzlement of bank funds at Denton, is to be taken to federal prison Friday to start serving his term, Phil E. Baer, U. S. marshal, said here today.

Scouts Plan For Regular Monthly Court of Honor

With a board of review held for Boy Scouts, who are up for advancement in scout work, Tuesday night, and another one held last night, preparations for the regular court of honor, which will be held Friday night, are complete.

Because of the district courtroom being scheduled for use Friday night for holding this court of honor, it was not known yesterday afternoon at scout headquarters just where Friday night's session of the court will be held. Judge Clark M. McTullican will preside at the court and quite a number of local scouts are to receive certificates of advancement and merit badges.

Warren P. Knox, scout executive, has been spending several days in area work at Sudan, Littlefield and other South Plains communities.

Army Drive

(Continued from Page 1)

to give," Mr. Gamel said, "we feel that there are many others desiring to make donations to the cause of the Salvation Army. And people should be interested enough in the campaign to bring their gifts to headquarters, should workers fail to see them."

Smith Speech

(Continued from Page 1)

shouts and laughter a moment later, when the governor added: "Well, how do the members of congress feel who voted for the development of Muscle Shoals by the government?"

The nominee said that in a "few minutes" in the Madison Square Garden address his rival for the presidency had placed in the "Socialist party" many of those aligned under the Republican banner.

"Senator Borah ought to return home tonight," he went on, "because he has been discovered by the leader of his party." The governor then asked where he had heard the expression of Socialism before, and in almost the same breath answered the question. "It was applied directly to me," he said, "why it is the stock argument of the power lobby."

Call the Roll.
The governor said he had a picture of Chairman MacHold of the New York state Republican committee telling Mr. Hoover to refer to Smith's proposal as Socialistic. "If they are Socialistic," he added, "what do you say we call the roll and see who will come under such a classification?"

When laughter and applause had died down, the nominee introduced "Socialist No. 12," who he said was the late Theodore Roosevelt. "We have another distinguished Socialist, the Hon. Charles E. Hughes," he continued. "If I am a Socialist, he is a Socialist." Again the audience cheered, laughed and applauded. "And I shall tell you frankly," he added, "that in a great many of my written messages and spoken speeches on this question of water power development, I used the identical language of Governor Hughes."

Smith then said: "Let us proceed with the roll call," and he named former Governor Miller of New York, Owen D. Young, and others as those who said would come within the "Socialistic" classification set up by Mr. Hoover.

Curtis Changes Vote.

the governor argued that the Republican candidate's inclusion of "Socialism" would include Vice President Dawes, while Senator Charles Curtis, of Kansas City, Hoover's running mate, was "only 50 per cent Socialist," as he had first voted for the McHenry-Haugen farm bill and then voted to sustain President Coolidge's veto.

There was more applause and laughter when the Democratic nominee had his audience cheering again when he insisted Hoover's definition also would include Frank O. Lowden of Illinois, one of the farm group leaders. Several times the governor had to appeal to his audience to quiet down so as not to lose time over a 30-station radio hookup.

Appeals for Silence
"Now, if you orators in the gallery will outside" was one of his appeals for silence. Again he asked that the cheering be put off until the end.

"It won't cost anything then," he said.

Near the end of his address, however, the crowd got out of control and for a time refused to be silenced. The governor had started on a statement as to what the country "really and actually" needs, but he got no farther, for somebody back in the crowd interrupted with a shout: "Al Smith!"

Wilson's Daughter Introduces Him.
The governor was introduced by Mrs. Frances Wilson Sayre, daughter of Woodrow Wilson, who in brief speech said her father had uttered what she described as "these prophetic words."

"I hope and believe that you will not be disappointed in him. He is a man who has stood apart in a great many ways. I believe he feels in an unusual degree the impulses and compulsions of the nation and the world's affairs."

She then added that Governor Smith's record "amply shows that my father's trust in him was more than justified."

Police received word from their comrades battling on the outside of the arena that a dozen or more persons had been injured in the crush around the doors. Several of these, the officers in the press stand section of the hall said, were sent to hospitals. Of the number injured, two were reported to be policemen.

Before reaching the arena the governor had made brief addresses to gatherings which filled Mechanics building and Symphony hall.

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood stream through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one way safeguard against these dangers — washing every cut, matter how small, thoroughly with Liquid Borosene, the anti-antibiotic. You can get Liquid Borosene at LUBBOCK DRUG CO.
