Number 38

Stolen car wrecked after armed holdup

A station wagon, stolen at gunpoint from two local youths Saturday night in downtown Post, was completely demolished Tuesday morning when it was wrecked on US-87 south of Amarillo during a high speed chase following an armed robbery of an Amarillo 7-11 store.

The Post youths were sitting in the 1972 Ford station wagon owned by Harper's grandfather, Cephas Bilberry, 208 East Seventh, parked in the middle of the street in the 100 block of East Main.

They told The Dispatch that two men, dressed in jeans, simply came out of nowhere and climbed into the back seat of the station wagon, put sawed off shotguns to the back of their heads and told them to drive east out of Post on US-380.

The intruders ordered Harper, who was driving, to turn around at the cemetery and then told him to stop the vehicle a short distance away from the Long Branch.

Only one of the intruders spoke to the boys during the robbery. (See Crime spree, Page 10)

HELD UP ON MAIN STREET — Mark Brooks, 16, left, and Michael Dean Harper, 14, shown above were the two Post youths held up Saturday night by two strangers armed with sawed off shotguns who stole the 1972 Ford station wagon in which the two youths were sitting. — (Staff Photo)

Steve Sloan to be speaker here

Texas Tech Football Coach Steve Sloan will be the featured speaker for Post's All-Sports Banquet Monday night, April 25, in the Post Community Center.

Jimmy Redman, president of the Antelope Booster Club which sponsors the annual affair honoring all high school athletes, announced the acceptance of Coach Sloan as the banquet speaker this week.

He revealed that the banquet also will honor members of Post High's district and bi-district championship football team of 1976.

Redman said the booster club also has a number of the large Antelope mats for sale to merchants or any who want them.

All Dunn pigs are winners

Lance Dunn, Post 4-Her and 14-year-old son of Mr. and Mrs. Ronnie Dunn of Post, won Reserve Breed Champion in the El Paso Junior Livestock Show held Feb. 5-12.

Lance took three pigs to the show and won with everyone of them.

He placed two lightweight Hampshires in the show and won first and second in a class which had approximately 50 to 60 pigs.

Lance also placed third with a lightweight cross in a class with 70-80 pigs.

His first place pig in the Hampshire class won the reserve breed champion.

Lance raised all three pigs. The show set a record for the number of barrows and lambs, and only the first three places could sell in the sale which saw 40 cents floor price and a \$1.25 per lb. premium.

Slaton FFA student Curt Burkett won the Grand Champion barrow which sold for a record \$4,125.

Soil awards banquet Monday

The Garza Soil and Water Conservation annual Awards Banquet will be held Monday, Feb. 21 in the Post Community Center at 7 p. m.

Speaker for the banquet will be Duncan Ellison, with Water Inc., of Lubbock.

Awards presented at the banquet will go to the Rancher of the Year, top three winners in the recent essay contest and top three winners in the poster contest held in January.

Master of ceremonies will be Sam Ellis, chairman of the board of directors.

The banquet will be catered by Jackson's Cafeteria.

Contracts are extended for 3 principals

Post School trustees extended contracts of Post's three principals through the 1978-79 school year Monday night at the board's March meeting and called the spring school election for three positions on the board for Saturday, April 2.

Principals who had their contracts extended were Billy Hahn, high school; Lee Davis Jr., junior high; and Jack Alexander, elementary school.

Teachers and coaches will be considered for contracts at the April meeting.

Positions 4, 5, and 6 on the board will come up for filling in the spring election.

Presently these are held by A. C. Cash, position 4; K. W. Kirkpatrick, position 5; and formerly Silas Short, who resigned effective Feb. 1 to move to Hale Center, position 6.

School trustees are elected for three-year terms. The filing deadline will be March 2.

The term for position 6 will be for one year only as it is to fill a vacancy. The normal position 6 term would expire in 1978.

Since Short's term had only two months to run, the board has not appointed anyone to fill the position, leaving only six trustees until the April 2 election.

In the school election, candidates file for numbered position, and run for that single position.

Trustees Monday night spent about two hours discussing whether or not to launch a delinquent tax collection campaign and whether or not to protest the high valuation.

(See School board, Page 10)

Lucas buys Kendall Motel

Harold Lucas has purchased the Kendall Motel property from Mrs. Erva I. Kendall in the 100 block on South Broadway next to his automobile agency.

He plans to sell the closed cafe and motel buildings off the 150 by 190 foot property and convert it into a new car lot.

The property has two or three trees on it and Harold told The Dispatch he plans to keep the trees right there on the lot after trimming them up a bit.

Lucas hopes to open the new car lot with a new car Warehouse Sale early in April.

VALENTINE SWEETHEART AND COURT — Shown following the Sweetheart Contest held Saturday night in the Primary Auditorium, are the reigning sweetheart and runners-up. Left to right, first runner up, Peggy Jackson, FHA Beau, Tracy McAllister, FHA Sweetheart, Cindy Kirkpatrick, and second runnerup Kerri Pool. (Staff Photo)

The last thing we write each week in this column, which accounts for its normal shortcomings and general rundown condition.

By last, we mean just before noon on Wednesday just two hours before we hop into the Vega and shove off for Snyder to get The Dispatch printed.

Two reasons exist as to why the column comes last. There are too many other things for us to do in The Dispatch office up to Wednesday noon to find the time to do it. That's the first reason.

The second is that usually we don't have anything to write about so by waiting until the last minute we hope that something will come along to make a few column items.

We usually grab a hamburger from next door and take ten minutes to eat at our desk on Wednesday noons. This Wednesday our meal was interrupted by six or seven people with a

(See Postings, Page 10)

Cindy crowned FHA sweetheart

Cindy Kirkpatrick, daughter of Mr. and Mrs. K. W. Kirkpatrick was crowned winner of the 1977 FHA Sweetheart Contest Saturday night in the Primary School Auditorium by Tracy McAllister, FHA Beau. Cindy was picked from among 20 contestants.

First runner-up was Peggy Jackson, daughter of Mr. and Mrs. Bo Jackson, with second runner-up honors going to Kerri Pool, daughter of Mr. and Mrs. Bill Pool.

Seven finalists were selected from the 20 contestants by the out-of-town judges. The other finalists were: Andrea Hope Johnson, Lisa Cowdrey, Kelly Mitchell, and Patricia Posey.

Miss Kirkpatrick did a puppet show for her talent competition. She was sponsored by the Senior Chapter of the FFA.

Miss Jackson, sponsored by the junior class, did a classical piece, "Nocturne in E flat", on the piano. Miss Pool, sponsored by the FCA, did a twirling routine to "Watching the Girls go By."

The other finalists presented the following talents: Andrea Hope Johnson sang "Killing me Softly with His Song," Lisa Cowdrey did a reading, "Gossip a la Mode," Miss Mitchell did a song and dance routine to "Rock a bye Your Baby," and Miss Posey did a dance routine to "Steppin' Out with My Boogie Shoes."

Other contestants were: Rosie Harper, Vickie Darling, Jodie Tipton, Brenda Weaver. (See Cindy crowned, Page 10)

Mrs. Williams' rites Tuesday

Services for Mrs. W. N. Williams, 89, of Post were held at 3 p. m. Tuesday in the Post Church of Christ here with Robert Elliott, minister, officiating and assisted by Syd Wyatt.

Mrs. Williams died Saturday in Twin Cedar Nursing Home. Born in Lampasas, Mrs. Williams moved to Garza County in 1936. She was married to W. N. Williams Oct. 31, 1906, in Abilene. Her husband died in 1975. She was a 67-year member of the Church of Christ.

Survivors include eight daughters, Mrs. Ruth McAfee and Mrs. Billie Poole, both of Post, Mrs. Anna Meek of New Braunfels, Mrs. Opal Rodden of Oklahoma City, Okla., Mrs. Agnes Templeton of Dublin, Mrs. Evalena Shepherd of Houston, Mrs. Jimmie Odum of Bullhead City, Ariz., and Mrs. Wanda Brown of Dallas; 29 grandchildren; 38 great-grandchildren; and three great-great-grandchildren.

Burial was in Terrace Cemetery under the direction of Hudson Funeral Home.

Luthern church to be 60 here

The Faith Lutheran Church of Post will observe its 60th birthday Sunday and will honor the surviving charter members at both its 10:45 a.m. morning service and at a special 2 p.m. afternoon service which will follow a church dinner.

The public is invited to the dinner as well as the two Sunday services, according to Don Neumann of Lubbock, the church's lay pastor.

It was on Feb. 20, 1917 that a small but devoted group met in the home of the late Mr. and Mrs. P. N. Nelson to organize Garza County's first Lutheran Church and one of the first in this section of Texas.

The Nelson home where the church was organized is still standing six miles west of Post. (See Lutheran church, Page 10)

Dispatch Editorials

Page 2 The Post (Tex.) Dispatch Thursday, Feb. 17, 1977

Candidate time again

City, school district and hospital district voters will all go to the polls here Saturday, April 2, to elect a mayor, two city councilmen, three school trustees, and two hospital board directors.

Besides that they will be voting on the vital proposition of raising the tax limit on the hospital district from a very small 25 cents per \$100 valuation to 75 cents.

A lot will be said between now and election time on this particular proposition because the operating future of Garza Memorial Hospital obviously rides on the outcome. In this day of high hospital operating costs, there is no foreseeable way the hospital can keep its bills paid without more tax money.

The Dispatch views this election with certain misgivings. In this newspaper's mind, there is little doubt of tremendous support throughout the community to keep the hospital operating. At the same time, when anybody

talks about raising taxes that brings out every silent no vote to the polls on election day. Getting out the yes vote always is the problem.

But this editorial is about "candidate time." Eight important community positions come up for voter selection on April 2.

In the next two weeks, the candidates who seek those offices must come forth and file for office. The deadline is March 2 for city and school candidates and five days later (we think) for hospital candidates.

That doesn't leave much time for contemplation if you are thinking about becoming a candidate.

The Dispatch is not encouraging everybody to run just to have a voting free for all. All we're saying is this is "candidate time." It's a time for serious thought, and a time to think about our community's future and the men and women who will make community decisions on three of its most important boards.

Hospital has real support

The highly successful benefit pancake supper staged by the Post Rotary Club Friday night raised \$2,500 for financially troubled Garza Memorial Hospital.

That would indicate our 26-bed hospital has a lot of solid community support.

The crowd of 500 who turned out to eat cakes, chat and have fun together, and listen to the "musical" proves that our hospital is a recognized community asset local citizens aren't about to give up without a fight.

Up to \$100 was paid for one of those \$3 donation tickets. There was a \$90 donation, some \$50 donations, several more \$25 donations, and a lot of extra money put in the pot.

One Rotarian simply bought his 15 tickets for \$45 and gave them to his friends.

The hospital is going to need this kind of support April 2 when the issue of increasing the taxing limit from 25 cents to 75 cents per \$100

valuation is presented voters for decision.

And it may be needed again — and again in the months ahead, if the hospital is to pay its way through the current fiscal year.

Right now it appears the hospital is going to "make it" in one piece through February. The bills generally have been paid, the first payroll made, and there is money in the bank toward the second monthly payroll with time left to find more.

The two young physicians from Manila who came in January are "on the verge" of receiving their Texas licenses. One may be practicing before the week is out.

Medicare is coming back to make another audit. We can hope for some solution here.

Actually, we have no idea how the hospital can work its way out of its financial bind, but we have the very warm feeling that with all the community support behind it, a way will somehow be found.

No weather complaints

The weather at both ends of the country has been terrible — and terribly expensive.

The coldest winter in high on 200 years has crippled the every day life of the northeast, closed factories and schools for days, idled workers and students, and left virtually everybody shivering.

They handed out several million dollars worth of food stamps in a week in one snow-locked New York county. Just digging out the streets in Buffalo necessitated flying in heavy equipment from the south.

You know all about that. It's been on the TV screens for days and days — and days.

You're probably not quite so aware of the drought which at the same time has gripped California and the Northwest. The huge power dams of the Northwest are holding so little water that there is virtually no water left with which to make electricity. The snow didn't fall

in the mountains, so it won't be melting and coming down to fill up those dams either.

This week's daily headline reported two states were threatening legal action against each other over cloud seeding in an effort to squeeze a little extra badly needed moisture from what clouds there were. By golly, one state, Idaho, didn't want Washington to "rustle" its rain.

Well, this means we're pretty lucky right here in dry old west Texas. We got better than average moisture last year. Of course we got practically nothing at all in January, but that is normal. We are in other words having normal weather.

We haven't had too much like the northeast, or too little like the northwest. We wouldn't say it is just right because nobody ever says that about the weather.

But we certainly don't have a whole lot to complain about.

CUPID'S DART — May have found its way to Gina Basquez, left, as she looks lovingly at Gilbert Valdez, in the Sweetheart Contest held at the Holy Cross Catholic Church Sunday afternoon. Others in the picture are the Queen and King, Angie Castillo and Danny Storie, and second place runnersup, Eloise Martinez and Jessie Sanchez. Shown with the group is Father Jim O'Connor, pastor.

Remember When

10 YEARS AGO:

William F. Shiver, superintendent of the Post schools, and Mrs. A. C. Surman, chairman of the Garza County Historical Survey committee, honored as the year's "Outstanding Man and Woman" at the Chamber of Commerce banquet. Post Antelope, AAA district champions, and the Dimmitt Bobcats, champions of District 3AA to meet in Lubbock for the bi-district game; Marcia Newby chosen Valentine sweetheart with Beth Peel and Linda Altman as first and second runner-up; Cheryl Martin, head cheerleader at South Plains College in Levelland, nominated for homecoming queen; Wesley Scott, speaker at Brotherhood meeting; outbreak of mumps continues in the Southland area; Donny Windham inks Texas pre-enrollment; Supt. Shiver reports last summer and early fall repair bills for school vandalism \$1,410.51; Mrs. Weidon Reed crowned Valentine Sweetheart by Mu Alpha sorority; Ricky Spinks, Debra Britton crowned King and Queen at Trinity Baptist Church sweetheart banquet.

15 YEARS AGO:

Mr. and Mrs. Robbie Joe Oakley announce the birth of a son, Timothy Allen. Mr. and Mrs. H. C. Drake announce the birth of a son, Lennie Jay; 52 attend annual FFA, FFA party; Gary Welch is area Golden Gloves heavyweight titlist; Does upset the Tahoka district champions, 40 to 33 with Nita Wilson scoring 27 points; Marian E. Duncan, senior economics major at West Texas State College, named to fall semester honor roll; Mu Alpha and Xi Delta Rho chapters of Beta Sigma

Phi Sorority crown Valentine sweethearts, Mrs. Wynelle Holland and Mrs. Jo Cash; Mr. and Mrs. Hilario Puentez announce the birth of a daughter, Carolina.

25 YEARS AGO:

Post beats Slaton in tournament game; engagement of Miss Joy Stewart to Glen Huffaker announced; Leonard Short installed as new president of PHS science club; Post schools faced with critical shortage of classroom space; Tom Power receives Ford Dealer Award; Pat Walker announces for county attorney; Jess Cornell, candidate for county commissioner; Post Junior Class presents "Take a Chance"; C. R. Childress resigns as hospital head after two days work; tea-shower given for Mrs. Floyd Payne.

Post student into honor society at WTC

SNYDER — Joni Huffman of Post has been initiated into the Psi Zeta chapter of Phi Theta Kappa at Western Texas College.

Phi Theta Kappa is the only nationally recognized honor society for students in two-year colleges. Qualification for membership is based on the student's overall grade point average and is by invitation.

Grassland planning pork supper Feb.

There will be a roast pork supper at the Grassland Community Center Tuesday, Feb. 22 at 7 p.m. in the Grassland Center. Plates will sell for \$3.50 for adults and children years of age \$2. All proceeds will go to the community center. The public is invited.

Twin Cedars Nursing Home News

By FLETA WALLS

Sunday services were brought to us by the Assembly of God Church with Rev. Richard Harrison officiating. Next week's services will be by the Bethel Church.

Rev. Glenn Reece of the First Baptist Church visited our residents last Friday. He then had services and group singing which was enjoyed by all.

Rev. Fox also visited Friday and brought church bulletins to each resident. We appreciate the interest and concern all the ministers are taking in our residents.

Mrs. Clayton visited with her daughter this weekend. Mrs. Tom Harmon and family, Evelyn Leistikow was out with her daughter, Martha Compton and family. Irene Wheeler went for a ride and refreshments Saturday with a friend.

Monday afternoon our residents were visited by members of the Graham community. The ladies brought cakes for the residents and had group singing, then they visited individually. Those visiting were Renee Fluit, Sue Maxey, Jewell Parrish, Nona Lusk and Viva Davis.

Our hearts are with the family of Mrs. Lela Williams who passed away Saturday night. Mrs. Williams had been a resident here for two and one-half years. We will miss her very much.

Visitors this week included Ruby Carpenter, Mrs. A. O. Rosenbaum, Imogene Rosenbaum, Hotter Terry, Rena Perrin, Kate Pirtle, Henry and Charlotte Bartlett, Walter and Myrt Mathis, and Nina King and Nertha Campbell from Spur.

Until next week.

We're the only bank you'll ever need.

We've got every banking service you'll probably ever need . . . and then some. In your life together you'll make some big loans, and some small loans. Your savings account will go up and down like a yo-yo as you struggle to get ahead and you'll write thousands upon thousands of checks.

You'll make some interest on your money and you'll pay some interest on your loans. And if you listen to one of our helpful professional bankers — you'll come out ahead.

But, it's a long road and most of your financial decisions will be on your own. Remember though, that we're always here to help and advise you. To loan you money when you need it and to do all we can to make your life together as happy as possible.

You'll have enough things going against you — we think you should have a good bank on your side . . . ours.

Tickets on sale for junior play

The junior play, "Dirty Work in High Places" is well under way. The date is set for February 26. The time will be 7:30 in the Post Primary Auditorium.

As the play has got under way, a few members of the junior class has begun to sell tickets. The cost for the tickets are: \$2 for reserved seats, \$1.50 for general adult admission, and \$1 for general student admission.

If you want to go ahead and get your reserved seat tickets, look for the following people: Neida Reyna, Bryan Elliot, Patricia Maddox, Steve Shedd, Brent Terry, Rodney Josey, Evans Heaton, Sherri Bishop, Bruce Waldrup, Tricia Posey, Donna Josey, Danna Giddens, and Vickie Darling.

Also selling tickets are: Julie Raymundo, Janice Bradbury, Brad Shepherd, Ron Bratcher, Peggy Jackson, Debbie Wyatt, Nancy Clary, Bud Jones, Gloria Martinez, Karla Kennedy, Kelly Mitchell, and Sharon Johnson.

Lunch Menus

The Post schools lunchroom menus for the coming week are as follows:

Monday — Chicken pot pie, lettuce salad, Reese cups, orange juice, half pint milk.

Tuesday — Hamburger, lettuce, tomatoes, pickles and onions, baked beans, peach cobbler, home made buns, half pint milk.

Wednesday — Teacher work-day. No school.

Thursday — Ham and gravy, green beans, whipped potatoes, chocolate no bake cookies, hot rolls, half pint milk.

Friday — Frito pie, lettuce salad, pinto beans, cowboy bread, cornbread, orange juice, half pint milk.

The Post schools sandwich menus for the coming week are as follows:

Monday — Turkey sandwich, lettuce wedge, apple, Reese cups, orange juice, half pint milk.

Tuesday — Peanut butter and jelly sandwich, carrot sticks, peaches, cookies, half pint milk.

Wednesday — Teachers work-day. No school.

Thursday — Chicken salad sandwich, lettuce, raisins, potato chips, peanuts, cookies, half pint milk.

Friday — Bologna, celery sticks, banana, cookies, orange juice, half pint milk.

Spanish Club 'Bake Sale' helps raise trip money

For the past three weeks the Post High School Spanish Club has been having a bake sale during the Wednesday lunch period. They have been selling all kinds of sweets such as candy, cookies, and cakes.

The group is working hard to raise enough money to take a trip to El Paso toward the end of the year.

Officers for the club are: Cindy Kirkpatrick, president; Mark Kirkpatrick, vice-president; Tiana Shiver, treasurer; Jodine Tipton, secretary; Gloria Martinez, PASF reporter; Darlene Gunn, student council representative; and Perry Rogers, reporter.

Other members involved in the bake sale are: Debbie Beauchamp, Rudy Gonzales, Evans Heaton, Bobby Macy, Patricia Maddox, Charlotte Medlin, Rodney Owen, and Soila Reyna.

Also selling are: Isela Rosas, Larisa Shiver, Donna Simecek, Carolyn Strawn, Sheri York and Rodney Teaff.

The sponsor for the group is Miss Mary Richardson.

The "A" boys lost to Ropesville 92-32. High scorer for Southland was C. Wheeler who threw in 22 points. Valdez made 16.

The "B" boys were also beaten by Ropes 61-41. Sable Rodriguez made 12 points; Chris Flores put in 8; and John Sertuche added 7.

Sr. Citizen News

By WINNIE HARRELL

Things have been buzzing around my house. So many good reports to pass along. Hope you all had a good Valentine's Day. Many of my friends enjoyed the Sweetheart luncheon with the Trail Blazers club last week. I enjoyed the Homemaker Service Aide sweetheart poster. It included just about all the clients. My thanks go out to Mable Dunlap and the girls for their time and work put into that poster.

Mable has a new "gal Friday". Daisy Britton has been working for about three weeks now. This program has a contagious attitude with it. Daisy caught it after the first week. She really enjoys working with the Homemakers and the clients as well.

I'm so sorry to hear of the passing of Mrs. Lucy King. My sympathy goes out to each of the relatives.

So glad to hear that Mrs. Freida Reeves and Mrs. Eva Mae Kennedy are home from the hospital. Both of these ladies are much improved.

Mrs. Nona Rogers and Mrs. Iva Sanders have been ill this week. Hope both of you will be feeling better soon.

Have you heard a good Trade Last this week? Be sure to pass it on to me. I've heard several this week on my own homemaker, but she's shy and won't let me tell you about them.

In answer to my last letter, Mable Dunlap returns the compliment. She says the success of her program goes entirely to the homemakers and the fine job they are doing. Mable has received a real blessing through each of these workers.

A phone call, card or visit sometimes means more than we realize to other people. Even a smile. Have you given someone one of yours today?

Rotarians hear about Post

Postex Plant Manager Ed Bruton traced the major market changes in sheets and pillow cases for Post Rotarians Tuesday at their first luncheon meeting in the Post Community Center and explained how Postex Plant has found a new production position because of it.

In the last five years, Bruton said, consumer demand which earlier changed from all-cotton to a no-iron variety of cotton-polyester blend, have turned from all white to a wide variety of colors and prints.

Burlington now makes bedspreads and drapes out of the same patterns or colors as sheets and pillow cases to provide attractive bedroom combinations. "Of course all this is more expensive, but the changes also are more profitable," Bruton said.

Postex Plant has made the change to the no-iron sheets with a cotton-polyester blend, but it just isn't economically to build a "print shop" here, Bruton said, to turn out printed sheets.

"Knowing our direction," he said, "we are now competing for the institutional sheeting business."

He said the sewing room was "down" very little the past quarter.

"Our plant performs well in comparison with others in the company and that's probably why we made it through the tough times of a few years ago," he explained.

Bruton said Burlington now

Lyntegar granted
\$1,287,000 REA loan

WASHINGTON, D. C. - Congressman Omar Burleson announces the approval of a \$1,287,000 Rural Electrification Administration loan to the Lyntegar Electric Cooperative, Incorporated, with headquarters in Tahoka. The Counties served are Lynn, Borden, Garza, Andrews, Gaines, Dawson, Hockley, Lubbock, Martin, Terry and Yoakum.

The purpose of the loan is to finance service for 491 additional consumers; finance 82 miles of distribution line; and finance system improvements.

Trail Blazers crown pair

Garza Trail Blazers met Feb. 10 in the Post community center for a regular semi-monthly luncheon with 59 persons attending.

Following a short business meeting, pictures were presented of the Homemakers Aides and their clients.

Rev. Gene Prevo and his wife, Jan, were crowned as the club's male and female Valentines.

Those having birthdays in February were seated at a special table and presented with small cakes.

Following the club meeting, Nancy Gandy conducted a class in physical fitness. This class is being offered each Saturday morning at 9:30 and anyone interested in attending may do so free of charge.

Music for the meeting was by Mrs. D. H. Bartlett and group.

The next club meeting will be at noon February 24.

TRAIL BLAZERS SWEETHEARTS — Selected as the Trail Blazers Valentine Sweethearts are Rev. and Mrs. Gene Prevo shown above. The two were honored at a luncheon held Feb. 10 in the Post Community Center.

Shower honors Cindy Conoly

A miscellaneous wedding shower honored Miss Cindy Conoly, bride elect of Ronnie Pruitt, in the home of Mrs. Margie Pennell, Thursday, Feb. 10.

Special guests for the occasion were Mrs. Molly Conoly, mother of the honoree, Mrs. Beatrice Dodson, grandmother of the honoree, Mrs. Maritta Pruitt, mother of the prospective bridegroom, and Mrs. Anita Tidwell, Mrs. Diana Poe and Mrs. Karen Palmer, all sisters of the groom.

The bride elects chosen colors of orchid and white were carried out on the serving table.

Hostesses for the shower were Mmes. Terry Patterson, Martha Compton, Pat Heidelberg, Linda Waldrup, Rita Nelson, Kay Lamb, Lanella Clary, Delores Redman, Jackie Lester, La Gayluah Feagin, Pam Humble, Vearl McBride and Pennell.

The couple will wed February 25 in the Holy Cross Catholic Church.

Valentine party for Garden club

A Valentine party was held for the Green Thumb Garden Club members and their husbands, Thursday, Feb. 10 in the home of Mr. and Mrs. Robert Cox.

Games of "42" and Skip Bow were played, and refreshments of cherry pie, coffee, mints and Valentine candy were served by hostesses, Mrs. Robert Cox and Mrs. James Mitchell to:

Mr. and Mrs. Donald Windham, Mr. and Mrs. Dough Buchanan, Mr. and Mrs. Lewis Herron, Mr. and Mrs. N. R. King, Mr. and Mrs. Jess Hendrix, Mr. and Mrs. Hansford Hudman, Mr. and Mrs. Ivan Jones, Mr. and Mrs. Dan Cockrum, Mr. and Mrs. Victor Hudman, Mrs. Jack Burruss, Mr. and Mrs. Preston Mathis, Mr. and Mrs. Homer McCrary, Mr. and Mrs. Lawrence Epley, and hostesses, Cox and Mitchell.

Three seafood workshops here

Seafood can add delicious variety to our menus. The nutritive value of seafood is equal to beef, pork, poultry, and cheese. Seafood provides a high quality protein essential for growth and repair of body tissues.

Are you interested in gaining knowledge in buying and preparing seafood? If you are, please attend one of the Home Demonstration Club meetings on seafood. Everyone is invited to attend. The meetings will be held as follows:

Graham HD Club-Friday, Feb. 18, 2:00 p.m. at 603 W. 10th.

Close City HD Club-Tuesday, Feb. 22, 2:00 p.m. at 603 W. 10th.

Barnum Springs HD Club-Thursday, Feb. 24, 2:00 p.m., 603 W. 10th.

For more information contact the County Extension Office (495-2050). There is no charge for attending.

Mr. Johnny Rogers hosts Needlecrafters

The Needle Craft club met Feb. 11 in the home of Mrs. Johnny Rogers.

A "Get Well" card was signed for Mrs. Minnie Graeber by members present.

Mrs. Linda Malouf read an article by Abraham Lincoln titled "Words of Wisdom."

Refreshments were served to members Mmes. Margie Dietrich, T. L. Jones, Lucy Callis, Analou Clinesmith, Bess Bowen, Sadie Storie, Helen Richards, Inis Thuet, Linda Malouf, Catherine Johnson and Marcy Lee Demming.

Sorority, husbands attend Hayloft show

Gamma Mu Sorority members and husbands attended the Hayloft Dinner Theatre Feb. 12 and saw the play "Barefoot in the Park."

Those attending were Jane and Lewis Mason, Kathy and Delwin Fluit, Sharlot and Bud Sparlin, Ruth Ann and Tommy Young, Cindy and Jimmy Mitchell and Julie and Curtis Hudman.

The sorority's next meeting will be Feb. 28.

4-H leaders in clothing meet

4-H Adult Leaders met recently in the home of Mrs. Paula Cawthon, County Extension Agent, to receive training on 4-H Clothing projects.

The leaders were given information on 4-H objectives, clothing objectives, and 4-H clothing materials. The leaders suggested a basic construction workshop to provide more training. Those attending the training meeting were Patsy Sanderson, Jewel White, Orabeth White, Sheila Melton, Marie Odum, Betty Striblin, and Winnie Harrell.

4-H Clothing projects give opportunities to youth ages 9-19 to learn about buying selection, and care of clothing, consumer rights, accessory selection, poise and modeling, and construction.

There are many 4-H girls who need leaders. Would you be interested in working with one 4-H girl? If so, call your County Extension Agent.

Layette shower to Mrs. Flanigan

A layette shower honored Mrs. Mike Flanigan and infant son, Ira Douglas, Jan. 29 in the home of Mrs. Mickey McMeans from 10 to 11:30 a. m.

Special guest for the occasion was Mrs. Glenn Norman, mother of the honoree.

Cookies, and spiced tea were served from a table of blue covered with a lace cloth, featuring a centerpiece of blue carnations and baby's breath.

Hostesses for the occasion were Mmes. Mickey McMeans, Tom Bouchier, L. G. Thuet, Thelma Thomas, Harold Craig, W. C. Caffey Jr., Evelyn Neff, Darion White and Arnold Parrish.

Post Art Guild learns of glazes

The Post Art Guild met in the community room of the First National Bank Feb. 14 with Joy Greer as hostess.

The program was given by Marie Neff who presented "Oil Glazes over Acrylics."

The next meeting on Feb. 28 will be a workshop using these same techniques.

Members attending the meeting were Geraldine Butler, Marie Neff, Evelyn Neff, Mineola Stewart, Lil Conner, Ann Bratcher, Lois Williams, Ruby Kirkpatrick, Kathie Morris and one visitor, Rita Lynn Tudbury.

HD CREDIT TRAINING

Home Demonstration Club women participated in a training meeting on credit recently. The club women learned about types of credit, do's and don'ts of credit, credit authorities and wise use of credit. The purpose of the training meeting to equip HD members to teaching credit at their community HD club. Members attending were Mary Peel, Myrtle Peel, Shirley Bland, Onetta Gunn, and Faye Payton.

Dinner dance for sweetheart

The Xi Delta Rho chapter of Beta Sigma Phi sorority honored their Valentine sweetheart, Miss Christi Morris with a dinner and dancing Saturday, Feb. 12 at the South Park Inn.

Members and husbands attending were Jerry and Joan Smith, Scott and Rochelle Rombakas, Bernice Eubank, Joy Orr, Glenda and Charles Morrow, Danny and Nancy Shaw, Roy and Joyce Teaff, Tom and Margaret Price, and Pete and Janis Smith.

Valentine party held at ranch home

Mrs. Maudie Smith hosted the Priscilla Club Valentine party in her ranch home at Justiceburg Friday, Feb. 11.

Needlework and visiting were enjoyed throughout the afternoon.

Refreshments of Valentine sandwiches, cake, coffee and punch was served to members, Mmes. Margie Compton, Irene Mitchell, Nettie Barrow, Odie Kemp, Vada McCampbell, Lilian Nance, Vi Terry, Sybil Cockrum, Anna Laura Francis, Thelma Epley and hostess.

New Arrivals

Mr. and Mrs. Roy Britton of Carlsbad, N. M., announce the birth of a son, February 13, at 8:40 p.m. in Garza Memorial Hospital, weighing 7 lbs., 9 1/2 ozs.

Mr. and Mrs. Paul Duren Sr. of Post announce the birth of their great-grandson, Christopher Dale, born Sunday, Feb. 13 at 1:15 p.m. to Mr. and Mrs. Carl Word of San Angelo, Christopher weighed 8 lbs., 8 1/2 ozs. Mr. and Mrs. Paul Duren Jr., of San Angelo are grandparents.

LEBANON GUESTS

Visiting in the home of Mr. and Mrs. Mitchell Malouf last week was his brother and wife, Mr. and Mrs. B. J. Malouf of Lebanon. Also their sons, Mitchell Jr. and son Mitchell III of Plainview and a friend, Shirley of Lubbock, Mitchell III was honored on his birthday. The Maloufs of Lebanon are now visiting in Dallas and will return to their home around the first of March.

VISIT IN PLAINS

Mrs. Wesley Stephens, Don Cowley and son, Jerry Don and Ron Cowley, visited in Plains Saturday, Feb. 13 with the Bo Stephens family to help celebrate Bos' birthday.

1977 TEXAS EASTER SEAL CHAIRMAN — Dr. Willis Tate, of Dallas, President Emeritus of Southern Methodist University, has accepted the position of Texas Easter Seal Appeal Chairman for 1977 for the Easter Seal Society for Crippled Children and Adults of Texas. Shown with Dr. Tate is Jason Daniels of Houston, the 1977 Easter Seal Child for the State of Texas. Jason, 7 years old, is the son of Mr. and Mrs. Darrell Daniels of Houston. A first grader, Jason, a victim of spina bifida, has been in the Easter Seal program in Houston since he was 2 years old. He is one of 10,768 children and adults who received 338,352 units of services from the Easter Seal Society in Texas in 1976.

It Is Not Necessary To Spend A Hundred of Your Hard Earned Dollars for a Good Bar Stool!

Discover how versatile and comfortable our classic bar stool is for your bar, entertainment center or desk. Our most popular stool is our 18" stool with swivel on solid maple finished legs and a fully upholstered seat and back. The seat and back are covered in durable, washable vinyl in a variety of colors. This is the correct size for table or table height bar or desk. We have been using one here at one of our desks for three years and like it better than a regular desk chair.

ORDINANCE NO. 318
AN ORDINANCE AMENDING THE PLUMBING CODE OF THE CITY OF POST, TEXAS, TO PERMIT THE UTILIZATION OF SCHEDULE 40 PCV-DWV OR ABS-DWV PLASTIC PIPE FOR WATER, SEWER AND GAS SERVICE, ESTABLISHING LIMITATIONS THEREON, PROVIDING FOR SEVERABILITY, REPEALING CONFLICTING ORDINANCES, AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF POST, TEXAS:

SECTION I. AMENDMENT OF THE PLUMBING CODE TO PERMIT USAGE OF PLASTIC PIPE FOR WATER AND SEWER:

That the Plumbing Code of the City of Post, Texas, is hereby amended to permit the use of plastic pipe and fittings, Schedule 40 PCV-DWV or ABS-DWV or better, for the purposes of:

- Building sewers and building drains subject to the provisions of Chapter 21 of the Code of Ordinances of the City of Post;
 - Water service;
 - Soil and vent stacks;
 - Drainage and vent branches;
 - Special and indirect wastes.
- Such shall not be utilized or permitted under concrete and all installation shall be in accord with factory recommendations.

Plastic pipe shall not be utilized for hot or cold water distribution but only for cold water yard lines commencing six inches (6) from the meter and ending at the building line.

Polypropylene, flame-retardant, pipe and fittings, ASTM D-2145, with heat fused joints only may be utilized in accessible places without approval of the plumbing inspector. When utilized in inaccessible places, such shall be permitted only upon the plumbing inspector's approval. The same pipe, with mechanical (threaded) joints can only be utilized in accessible places and then only with the approval of the plumbing inspector.

SECTION II. AMENDMENT OF PLUMBING CODE TO PERMIT USAGE OF PLASTIC PIPE FOR NATURAL GAS:

Plastic pipe, or tubing and fittings manufactured in compliance with the specifications ASTM D 2513-73 and the following material specifications may be used for natural gas service in consumer's piping system between six feet (6) from the gas meter and ending six feet (6) from the building structure itself.

Material and Designation	ASTM Std. Specification
Polyvinyl Chloride, Type I	
Grade 1	
(PVC-1120)	D-1794-69
Polyvinyl Chloride, Type I	
Grade 2	
(PVC-1220)	D-1794-69
Polyvinyl Chloride Type II	
Grade 1	
(PVC-2110)	D-1794-69
Polyethylene, Type III	
Grade 3, Class C	
(PC-3306)	D-1248-70A
Polyethylene, Type II	
Grade 3, Class C	
(PE-2306)	D-1248-70A

When plastic pipe or tubing is used it shall be used with compatible fittings for outside natural gas piping underground only, and shall be buried to a minimum depth of eighteen inches (18).

Plastic pipe, tubing, or fittings, shall be joined by either the solvent cement method, heat fusion method, or by means of compression couplings, or plastic flanges. The joining method used shall

be compatible with the materials being joined. The recommendations of the manufacturer shall also be taken into consideration when determining which method is to be used. The following shall be observed when making such joints:

1. Plastic pipe or tubing shall not be threaded.
2. Solvent cement joints, adhesive joints, and heat-fusion joints shall be made in accordance with approved procedures which have been established and proven by test to produce gas tight joints at least as strong as the pipe or tubing being joined.
3. Solvent cement or heat fusion joints shall not be made between different kinds of plastics.
4. Heat-fusion or mechanical joints shall be used when joining polyethylene pipe, tubing or fittings.
5. Plastic Flanges, flared joints, or special joints may be used providing they are approved and properly utilized.
6. When compression type mechanical joints are used on polyethylene, the gasket material in the fittings shall be

compatible with the plastic piping and with the gas distributed by the system. An internal tubular rigid stiffener shall be used in conjunction with the fittings and the stiffener shall be flush with end of the pipe or tubing and extend at least to the outside end of the compression fittings when installed. The stiffener shall be free of rough or sharp edges and shall not be a force fit in the plastic. A split tubular stiffener shall not be used. Insert plastic nipples w-stainless steel bank type clamps shall not be used.

7. The joint shall be designed and installed to effectively sustain the longitudinal pullout forces caused by contraction of the piping or by external loading.
8. Plastic compression fittings may be used to join P.V.C. to steel pipe.
9. P.V.C. pipe and fittings shall be cleaned with a cleaner recommended by manufacturer before joining.

When connecting plastic pipe to a metallic riser, there shall be a minimum of twenty-four inches (24) horizontal length of metallic piping underground at the end of any plastic piping installed, and such section of metallic piping shall be suitably protected against corrosion. The connection between the metallic piping and the plastic piping shall be a mechanical joint type as described in paragraph 6 and 8 above, or plastic-to-steel transition fitting as recommended by the plastic piping manufacturer.

Plastic piping shall not be used when operating gas pressures are in excess of 15 PSIG.

All plastic pipe for use with natural gas shall be marked so that all markings remain legible and visible under normal handling and installation practices with the manufacturers' name or trademark, pipe size, plastic pipe material designation code, standard dimension ratio number (SDR) and the ASTM Specifications to which the pipe conforms, D-2513, and the production code number used in manufacturing.

The wall thickness of all polyethylene plastic pipe shall not be less than that specified in ASTM specifications for SDR II Series of nominal pipe sizes. Pipe conforming to an SDR Series of a larger number shall not be used.

Plastic tubing shall be used only to convey natural gas to gas lights and gas grills installed outside of buildings. Plastic tubing shall be marked so that all markings remain legible under normal handling and installation practices with the manufacturers' name or trademark, nominal tubing size, plastic tubing material designation code, the ASTM specification to which the tubing conforms, ASTM-D 2513, and the production code number used in manufacturing.

When used for supplying as to gas lights and grills, plastic tubing size shall be sized as per manufacturers' recommendation, run underground and buried to a minimum depth of

twelve (12) inches.

SECTION III. SEVERABILITY

If any provision, sentence, clause or phrase or wording of this ordinance should be declared invalid or illegal, such shall not affect the validity of the remainder of this ordinance which remainder shall continue in effect.

SECTION IV. REPEAL OF CONFLICTING ORDINANCES.

This ordinance repeals any existing ordinance to the extent such conflict with its terms.

SECTION V. EFFECTIVE DATE:

This ordinance shall be effective as of the date of final passage.

Passed on first reading January 3, 1977.

Passed on second reading February 7, 1977.

Peach Freeze Protection
"During four of the last five years, South Plains peach growers have lost either all or a significant part of their peach crop to late freeze in the spring. Although in some years growers are able to produce a good crop, they risk losing everything during a crucial two to three-week period in late March

and early April." This conclusion led Dr. Bill Lipe, research horticulturist with the Texas Agricultural Experiment Station at Lubbock, to try an old-fashioned remedy known as evaporative cooling which would delay blooming until freeze danger is passed. "The peach tree goes dormant in October," explains Lipe, "and remains in winter rest until early January on the South Plains. At that time, buds begin developing during periods of favorable temperature, or above 45 degrees. If a freeze

**SORE GUMS
FEVER BLISTERS**
For temporary relief, try DUEHAM'S ANAESTHESIA MOP. Also a wonderful mop for Sore Throat and Tonsil Irritation due to colds. At
Bob Collier, Druggist

occurs after blooms begin to open, they are lost." By wetting the trees during periods of warm temperatures between January and March, Lipe found that buds are kept cool by the evaporation of water, retarding their development into fragile blooms.

Oliver Newton, National Weather Service agricultural meteorologist, and Dr. Otto Wilke, Experiment Station agricultural engineer, assisted Lipe in determining water requirements and microclimate modification potentials. Microclimate modification has to do with changing the immediate climate surrounding a given subject.

Lipe used an intermittent sprinkling device during the post-rest, pre-bloom period to wet the buds.

A single lawn-type sprinkler head was placed in each tree at four feet above the ground, and was controlled by a thermostat-timer-solenoid valve system. After the trees had completed their winter rest, the system was activated. Anytime the temperature rose above 45 degrees the trees were sprayed

for 15 seconds, followed by a three-minute, 45-second "off period" during which evaporative cooling took place.

Lipe says that cooling the tree in this manner resulted in a two to three-week delay in this manner resulted in a two to three-week delay in bloom.

Two years ago, Lipe reports, in an experimental orchard near Seminole, the last damaging freeze occurred March 24 when 80 percent of the blooms were open. Treated trees had only 40 percent blooms open. A more than adequate crop was saved from the treated trees.

The next year, in 1975, a severe freeze occurred March 27 (18 degrees F) when 100 percent of the blooms were open in the orchard, but only 65 percent in treated plots. While the rest of the orchard was entirely lost, an adequate crop was saved from the treated trees. Later, other freezes occurred April 2 and 3 (25-26 degrees), and April 9 (28 degrees), reducing the treated crop to one-half bushel per tree compared to none in the remainder of the orchard. This year, says Lipe, the last

damaging freeze occurred March 20 (22 degrees F) while more than 95 percent of blooms were open on check trees and less than 10 percent were open on treated plots. In the resulting crop, 24 fruits per tree were counted on check plots compared to 206 fruits per tree on treated plots. This amounts to a 900 per cent yield increase over the unprotected trees.

"In terms of water use efficiency, we have found that the best time to use such a system on the South Plains is January 1 to March 1," says Lipe. "During that period in 1976, water consumption by spraying was estimated at 17 acre inches. In addition to cooling the trees, adequate amount of water reached the ground to satisfy irrigation requirements."

The researcher points out that the mechanism of evaporative cooling has potential in semi-arid regions with low relative humidity and adequate supplies of quality water. It has been adopted on apples in several western areas and has potential for peaches as well, he says.

Antelopes, Does open track practice

10 lettermen returning, first meet is March 5

Coach Lane Tannehill has issued the first track call for the Post Antelopes for Monday afternoon. That will give basketballers who played football a few days training break for the first time since last August.

The Lopes will return 10 lettermen, several of whom performed in regional competition last spring, to spearhead defense of Post's SAA district track crown.

The Lopes have won the district track championship for the last three consecutive seasons.

The Lopes will have but nine days of practice before opening a busy spring season at the Idalou Relays Saturday, March 5.

The remainder of the schedule includes:

March 12—Abernathy Relays.
March 18—Floydada Relays.
March 26—Bulldog Relays at Plainview.

April 1-2—San Angelo Invitational.

April 8—Stamford Relays.

April 16—District 5AA meet at Denver City for varsity and freshmen.

April 23—Regional qualifiers meet, site not selected.

April 29-30—Regional track meet at Lubbock.

May 7—State qualifiers meet, site not selected.

May 13-14—State track meet at Austin.

Lettermen returning for the Lopes include Jimmy Dorland and Evans Heaton, who went to the regional in the pole vault; Randall Wyatt and Steve Davis who ran legs on the mile relay team at regional and Butch Booth who was the team's alternate; Brent Terry, Kohn Josey, Steve Shedd, Randy Baker, and Mike Waldrup.

Six coaches will help coach the track squad.

Coach Jackie Brown will handle the sprinters and 440

Postex Relays set March 19

Invitations have been sent out to 10 schools to participate in the Postex Relays here Saturday, March 19. Coach Lane Tannehill, director of the relays, announced this week.

First acceptance is back from Floydada in all four divisions—seventh grade, eighth grade, freshman, and junior varsity.

The relays were moved from Friday to Saturday to provide better viewing to local track fans, many of whom also serve as volunteers in running off the biggest junior high track meet in West Texas, which is what the Postex Relays have become.

Two knee injuries are key to Doe track hopes

A couple of knees are going to go a long way in determining the success of the Post Does' spring track season.

One belongs to Brenda Price, a state ranking sprinter, and the other to Jodine Tipton, also a returning letter performer.

Jodine had an operation on her knee and it is still stiff. Brenda injured hers in basketball, but did not have an operation and it appears to be improving.

It's too early to tell how well

the two girls will be performing on those knees in a few weeks.

Coach John Morrow already has 15 girls out for track and expects several others to report. Included in the 15 are eight letter winners from 1976.

The Does were second in district last year due to a dropped baton on the 880 yard relay which gave Roosevelt the crown. All the district schools have track squads, but it is too early to judge their relative strengths. Roosevelt, defending district champion, is expected to have a good team.

In fact, Coach Morrow isn't sure as yet what girls will be in what events for Post.

Other letter winners back are Dana Babb, Dana Bird, Danna Giddens, Hope Johnson, Karla Kennedy and Karen Perkins.

Also reporting are Kathryn Bullard, Robin Stewart, and Karla Duren, plus four freshman girls, Donna Baumann, Carolyn Pringler, Christie Workman and Deanna Bridgeman.

The Does will open their season Saturday, March 5, in the Sweetwater relays.

Also on the schedule for either invitational or relay meets are Slaton, March 11; Abernathy, March 12; Spur, March 18; Friona, March 25-26; Snyder, April 2; Roosevelt, April 9; and the district meet at Frenship, April 15. The regional and state meets will follow for qualifiers.

Missionary to tell of work

Dr. Birch V. Rambo, Presbyterian medical missionary to Zaire, Africa will be the guest speaker at the First Presbyterian Church of Post, 910 West 10th, next Tuesday night at 6:30. He will show slides of his work at Good Shepherd Hospital near Kananga, Zaire.

A missionary of the Presbyterian Church in the United States, Dr. Rambo uses medicine as a tool to show Christ's compassion and to make Christ known to those who do not know Him.

Good Shepherd Hospital was built through gifts contributed through the Women of the Church of the Presbyterian Church, U. S., in 1969, and Dr. Rambo says he finds it amazing that the building was completed and medical practice has gone on in spite of deficiencies in equipment, staff, water and electricity. He also feels that if dedicated Christians will act with concern for others, many problems of poverty, hunger, and poor health will greatly lessen.

The public is cordially invited to the covered dish supper and the program which follows.

Denver City voters okay school, pool

DENVER CITY — School district voters have overwhelmingly approved a \$4,800,000 bond issue to construct a new elementary school plus carpeting of high school and intermediate school and football stadium improvements.

At the same election they also approved by almost a 4 to 1 margin \$800,000 in additional bonds for construction of an enclosed olympic-sized swimming pool.

Lopes, JV boys both walloped at Slaton

Both the Post Antelopes and the Post JV boys almost got blown off the Slaton court Tuesday night as they dropped a twin bill to mark the end of Post's cage season.

Coach John Alexander's Lopes, managed only two field goals in the entire first half and but 13 points and for all practical purposes were out of the game by halftime intermission.

The score at that time was 33 to 13 for Slaton's Tigers. When the final buzzer sounded it was 39 to 43, which meant the locals outscored Slaton 36 to 26 in the

final two meaningless periods.

What happened? Nobody, but nobody in a Lope uniform could hit the hoop and make it go through.

Mike Waldrup managed 11 points and nobody else got over six as Coach Alexander cleared the bench and gave everybody playing time.

In the preliminary, the Slaton JVs ran away with an easy 77 to 42 decision, jumping out in front 25 to 5 in the first period. Jimmy Couch led Post shooters with 10 points and was the only one in double figures.

The loss gave the Lopes an even split for the season, 12 wins and 12 losses in 24 starts.

Death blow to screwworm in Texas planned in '77

COLLEGE STATION — The battle against the screwworm has been long and hard, and now a special campaign is being planned to deal a final death blow to the tenacious livestock pest.

Called "Mission '77: Stamp Out Screwworms," the campaign is designed to create a new vigilance on the part of livestock producers in handling and treating livestock to eliminate the screwworm completely from Texas in 1977. The special effort will be launched at a conference called by Gov. Dolph Briscoe in Austin on Feb. 24. The conference will be at 9:30 a.m. at the Municipal Auditorium.

"Through a concerted effort by producers and an effective educational program to promote this campaign throughout the year, this goal can be reached," emphasizes Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service.

"The Extension Service is totally dedicated to this effort and will continue to support the screwworm eradication program to its utmost," he points out. "Our county agents will continue to work closely with producers to emphasize regular livestock inspections, treatment of wounds and the sending of worm samples to the Mission Lab for identification."

Pfannstiel believes the campaign against screwworms can be successful this year due to several factors:

- The cold winter will reduce the number of screwworm flies this spring.
- The new screwworm plant in Tuxtla Gutierrez, Mexico, which opened last July will double the sterile fly production capacity.
- A new strain of sterile flies has been developed which should be a significant improvement over earlier flies.
- "With these factors working to our advantage, we appear to be on the threshold of stamping out screwworms in Texas," contends Pfannstiel. "If we can all join together and get the jump on the battle against screwworms this spring, then our fight should be successful. This will be a tremendous victory for Texas agriculture."

note this campaign throughout the year, this goal can be reached," emphasizes Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service.

ACTUAL USE REPORT

workshops at 4-H center during March

used in Texas. He has first-hand experience with 4-H record books on a state-wide basis. Mr. McArthur will be assisted by Floyd Key, Comanche County Extension Agent.

A knitting workshop will be taught by Mrs. Austin Kerley, a teacher and elementary school principal from Bryan. Mrs. Kerley has developed teaching materials and has taught knitting to both youth and adults. Her experience includes both school and hobby-center audiences.

Workshop on "Finding Summer Jobs" will be offered by Dr. Richard Floyd, an economist-business development specialist with the Agricultural Extension Service. He has helped plan and conduct job placement programs in various counties. Dr. Floyd has a special interest in this area.

The camp counselor workshop will be under the direction of Carolyn Gilbert, and Extension Service 4-H and Youth Specialist. Miss Gilbert's experience in working with camping programs at the Texas 4-H Center gives her a wealth of background in this area.

4-H volunteer leaders, both youth and adult, interested in attending one of these workshops will be limited in number of participants.

Baptists plan 'Living Proof'

DALLAS—Texas Baptists are about to sweep the state with "Living Proof," an unparalleled media evangelism campaign featuring testimonies by well-known Americans who have experienced changed lives through commitment to Jesus Christ.

Among celebrities spotlighted in the \$1.5 million media campaign are Billy "White Shoes" Johnson of the Houston Oilers; actor Dean Jones; former militant Eldridge Cleaver; and Country & Western Star Jeannie C. Riley.

Living Proof will move across the state in four-week periods of intensive multi-media advertising beginning February 20 in North Texas; March 6 in South Texas; and March 27 in West Texas.

Before ending in April, the campaign is expected to reach every Texas resident at least 40 times through TV, radio, newspaper, magazine, outdoor display and transit advertising.

With nondenominational appeal, the 2.1 million member Baptist General Convention of Texas seeks to raise spiritual and moral awareness through the program, according to Dr. Lloyd Elder, co-chairman of Living Proof.

Mrs. Wheatly to head event here

Mrs. Marian Wheatly of Post, has accepted the chairmanship of the Annual Spring Special Event on behalf of the Cystic Fibrosis Foundation. She will be recruiting volunteers within the Community to plan an entertaining activity to take place this spring. The purpose of this Special Event will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children affected by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis, and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive C-F gene. Cystic Fibrosis is inherited when both parents carry the recessive gene.

Cliff Laws promoted to senior airman

GWINN, MICH.—The U. S. Air Force has promoted Clifford D. Laws, son of Mr. and Mrs. Dean Laws of Rt. 3, Post, Tex., to the rank of senior airman.

Airman Laws is serving at K. I. Sawyer AFB, Mich., as an avionics communications specialist.

The airman, a 1973 graduate of Tahoka (Tex.) High School, attended West Texas State University, Canyon, Tex.

17 ambulance calls made in January

Seventeen calls were made by the city-county ambulance service during January with \$560 being billed for the runs, the city council has been informed.

A total of \$559.20 was collected in the same month for ambulance billings, Katherine Johnson reported.

School board—

(Continued From Page One)

placed on the Post school district by the Governor's Committee is presenting current school aid legislation before the legislature.

Although tax delinquencies are rising, trustees took no definite action on the matter Monday night. Currently the school district has some \$116,054.28 delinquent taxes on its books.

Several trustees voiced the opinion it may be better to wait and see what direction the legislature is going to take on school aid before deciding on whether to protest.

Supt. Bill Shiver pointed out it has been so many years since the school district had a property revaluation that until it did so, it probably couldn't really argue much of a case on the Governor's Committee evaluating the district too high.

The higher the district valuation, the less amount of state aid which will be received according to the governor's formula.

It was pointed out that it might be a waste of money to order a revaluation of school district property now at a cost of around \$50,000 and then have the legislature come up with new requirements which would require the job to be done all over again.

Shiver explained to trustees that some thermostat control work on the elementary school boiler is costing around \$3,700.

Trustees received copies of a letter from Pritchard and Abbott, valuation engineers, which said Peveto's Tax Reform Bill now before the legislature should be entitled, "An Act To Straitjacket Local Government."

The letter contended the bill would produce an annual confrontation between taxpayers and local officials because taxing jurisdictions will be under extreme pressure to operate on the same amount of revenue as the previous year unless they put themselves in a showcase position against their taxpayers.

FIRST CHAIRMAN — Mr. and Mrs. P. N. Nelson are pictured in an early day photograph. Mr. Nelson was elected chairman of the Faith Lutheran Church when it was organized 60 years ago.

Garza Fair—

youth will be awarded. Rosette awards will be presented to the adult winning the greatest number of points, the youth organization with the best education exhibit, the youth winning the greatest number of points and the youth organization whose members win the greatest number of points on individual exhibits and the Home Demonstration Club woman winning the greatest number of points. 4-H youth winning the greatest number of points. Adult organization winning greatest number of points.

Kerr Premium Awards will be presented in fruits, vegetables, pickles, and relishes, and jam and jellies.

FIRST PASTOR — First pastor of Faith Lutheran Church was the Rev. A. I. E. Weber, who was a victim of the flu epidemic which swept the United States in 1918.

Smith rites—

(Continued From Page One)

Osby, Mae Arthur Porter, Cleave Harper, Shannon Harper, Willie Burleson, Marvin Cruse Jr., and Edgar Earl Osby.

Honorary pallbearers were Ocie Bell Sr., William Scott, Joe Cruse and Joe Roy Roberts.

The services were under the direction of Hudman Funeral Home with burial in Terrace Cemetery.

Lutherans are—

(Continued From Page One)

in the Close City community.

The Rev. A. E. Weber of Plainview was in charge of the meeting. After a short service, the congregation was formally organized the Ev. Lutheran Trinity Church of Post. The name was changed to Faith in 1963 when the present church property was acquired. Faith is a member of the Texas District of the Missouri Synod.

Present for the organizational meeting were Mr. and Mrs. P. M. Nelson, Mr. and Mrs. John Nelson, Mr. and Mrs. Helmer Nelson and Oscar, Edna, Annie, Ruth, and Emma children of P. M. Nelson family.

Also, Mr. and Mrs. R. A. Horn and their children; a Mr. Graeber and his wife; C. E. Mail and his wife and Carl Sjoquist and Ole Hagen.

P. M. Nelson was elected chairman; Horn, secretary and Mail, cashier of the congregation. Rev. Weber continued his work with the group until August 29 when Rev. R. C. Schlueter was installed as pastor by Rev. Weber.

The installation service was held in the Post Presbyterian Church which years later was to become the congregation's home. This property is the oldest in Post which has been used continuously as a church since it was constructed in 1918.

The original building has been restored to its original interior but extensive improvements have been made since its ownership passed to Faith Lutheran in 1963. A historical marker adorns the front of the church and outlines its contributions to the religious life of Post and Garza County.

The history of the congregation has paralleled that of other early day churches and even that of pioneer life in this section of Texas. Problems over the years have been numerous but through devotion to God and his teachings successes have also been noted, including a noticeable increase in church membership and participation in church activities.

Rev. Schlueter served the congregation until mid-1918. Rev. Weber agreed to serve as pastor until another could be called. In August 1918, he and Miss Edna Nelson were married. She is still a very loyal and faithful member of Faith Church. In December 1918, her husband fell victim to the influenza epidemic which swept the nation.

Other pastors who served the congregation from 1918 to the present included Revs. A. B. Weiss, J. Holm, Roth, Keller, Kamrath, Fred Neumann, Geo. Ascher and present lay pastor Don Neumann of Lubbock. Each made many contributions to the church and its programs, as well as to the religious life of the community and the county.

While relatives of the church founders are many, only four daughters of Mr. and Mrs. P. M. Nelson; namely, Miss Annie Nelson and Mrs. Edna Pierce of Post, Mrs. Ruth Martin, Seagraves and Mrs. Esther Stanley, Tahoka survive and the first named three are still members of Faith Lutheran.

Mrs. R. H. Strofer of Post, a daughter of Mr. and Mrs. Helmer Nelson, and her husband Spike and family have played major roles in keeping the church doors open and serving as an inspiration to the congregation in many of its most trying times. Both Mr. and Mrs. Strofer have served as officers for many years in the congregation.

St. Pauls Lutheran Church of Wilson assisted the local church in many ways.

The present membership of Faith Lutheran numbers 45 and the present church officers are Larry Self, chairman; J. W. Potts, vice chairman; Mrs. Frank Bostick, secretary; and George Self, elder.

FAITH LUTHERAN CHURCH TODAY — The attractive early day church building at 10th street and Avenue K will be the scene of Sunday's 60th birthday service. Built by the Post Presbyterians, it was purchased by the Lutherans in 1963.

Crime spree—

(Continued From Page One)

hoiup. He had a Georgia accent, Harper said.

The man ordered both boys out of the station wagon and told them they just wanted the vehicle.

Sheriff Jim Pippin tells the rest of the story. The pair were Robert Wayne Clower, 26, of Benjamin, Tex., who had been released from the Alabama penitentiary in September and Gary Wayne Filmore, 24, who came from Alabama but had escaped from the Wynne Unit of the Texas Prison system at Huntsville only a short time before.

Sheriff Pippin said the story Clower told him from a cell in the Amarillo jail where they are awaiting trial for armed robbery is that the two met at a "rendezvous house in Lubbock for criminals" and decided with two girls from Muleshoe they met there to go on a crime spree to a hideout in Alabama.

With this in mind, Clower and Filmore "hitched" a ride with another from the Lubbock criminal rendezvous who was going to Snyder and got out in Post to steal a car for the trip to Alabama.

After the theft of the station wagon, Clower told Pippin they drove up US-84 to the Wilson cutoff, drove over to Wilson and worked their way back into Lubbock from the west to avoid roadblocks which had been set up trying to apprehend them.

At the Lubbock hideout, which Clower refused to locate, the two men picked up the two girls and drove to Amarillo where they pulled off the 7-11 robbery with their sawed-off shotguns, getting only \$40.

They headed out of Amarillo on US-87 toward Canyon and met a sheriff in one car and a state highway patrolman coming up US-87 looking for them.

In the high speed chase which resulted, Clower who was driving noticed the law enforcement cars were gaining on them and turned to ask his companion if he wanted to stop and "shoot it out."

That's when he lost control of the vehicle, which rolled over several times coming to rest on its roof.

The four inside were uninjured, but had no fight left and crawled out and gave themselves up.

Sheriff Pippin said he has placed a hold order on the pair to be returned here on the car theft charge after the wheels of justice gets through with them on the armed robbery of the Amarillo 7-11 store.

Sermon topics for Sunday announced

Edgar L. Fox, minister of the First Christian Church has announced his sermon for the 11 a. m. worship hour Sunday will be "Sowing and Reaping."

Church school begins at 9:45 a.m.

The public is invited to attend.

Postings—

(Continued From Page One)

whole variety of things they wanted done when there was nobody here to do them. So you see this column is coming out of the typewriter at 12:53 instead of "just before 12."

Dr. Harry Tubbs, the city health officer, did come in late this morning with an article on the rabies epidemic at Laredo with some pertinent comment about all the stray local dogs and some suggestions on being careful with them. He pointed out the rabies they were facing at Laredo isn't the "foaming at the mouth kind," that it had spread to a variety of animals, and so on. Since trapping has become a new "way of life" here for some and stray dogs are always a problem, he figures everybody should be careful when bitten by anything to have the animal checked out (which usually means sending in the head to Austin for analysis.)

We did want to make one comment about a Dispatch ad too. The First National Bank ad

County Co

(Continued From Page One)

Awarded the Bank of Post to become the county funds and O Robinson had bank's bid. County Dalby absorbed the proceedings consideration of Felipe Vargas purchase a used county precinct. Heard Tom Alford of Southland for county assessor around the school building to secure paving estimates and the court for location.

Everybody needs this week has mezzotint picture. It isn't a picture, but in of screening picture different effect.

TENDER LAWN CARE FERTILIZER

15-10-5

Lawn Feeder-Greener

Product formulation 15-10-5 LC refers to percentage of Nitrogen, Phosphorus and Potash. The LC means LOW CHLORINE content for healthier feeding and less danger of plant toxicity.

PHOSPHORUS—needed to stimulate growing and thick root system. Without it, leaves are stunted and plants fail to mature properly.

NITROGEN—needed to produce healthy vigorous green turf and plants. TLC is a combination of three sources of nitrogen for longer-lasting feeding.

POTASH OR POTASSIUM—NEEDED TO PROMOTE STURDY, FIBROUS LEAF STALKS FOR THAT VELVET APPEARANCE. It also helps build strong root system, aids in disease resistance and improves the ability of the grass and shrubs to withstand cold weather and drought.

CHELATED IRON SULFATE—means needed iron for that lush green color and important sulfur for proper control of soil pH.

SOIL CONDITIONER—this unique additive allows the soluble nutrients and iron to be rapidly absorbed into the grass and plant roots for that improved appearance almost overnight.

TLC Lawn Feeder and Greener is concentrated and easy to apply. One gallon, when diluted according to simple directions is enough to cover 8,000 sq. ft. Just apply it with a lawn and shrub sprayer when you water and have the greenest and most beautiful lawn in the neighborhood.
