Skeletal remains that of Sue Noel

Remains found south of Monahans brings closure to missing person case

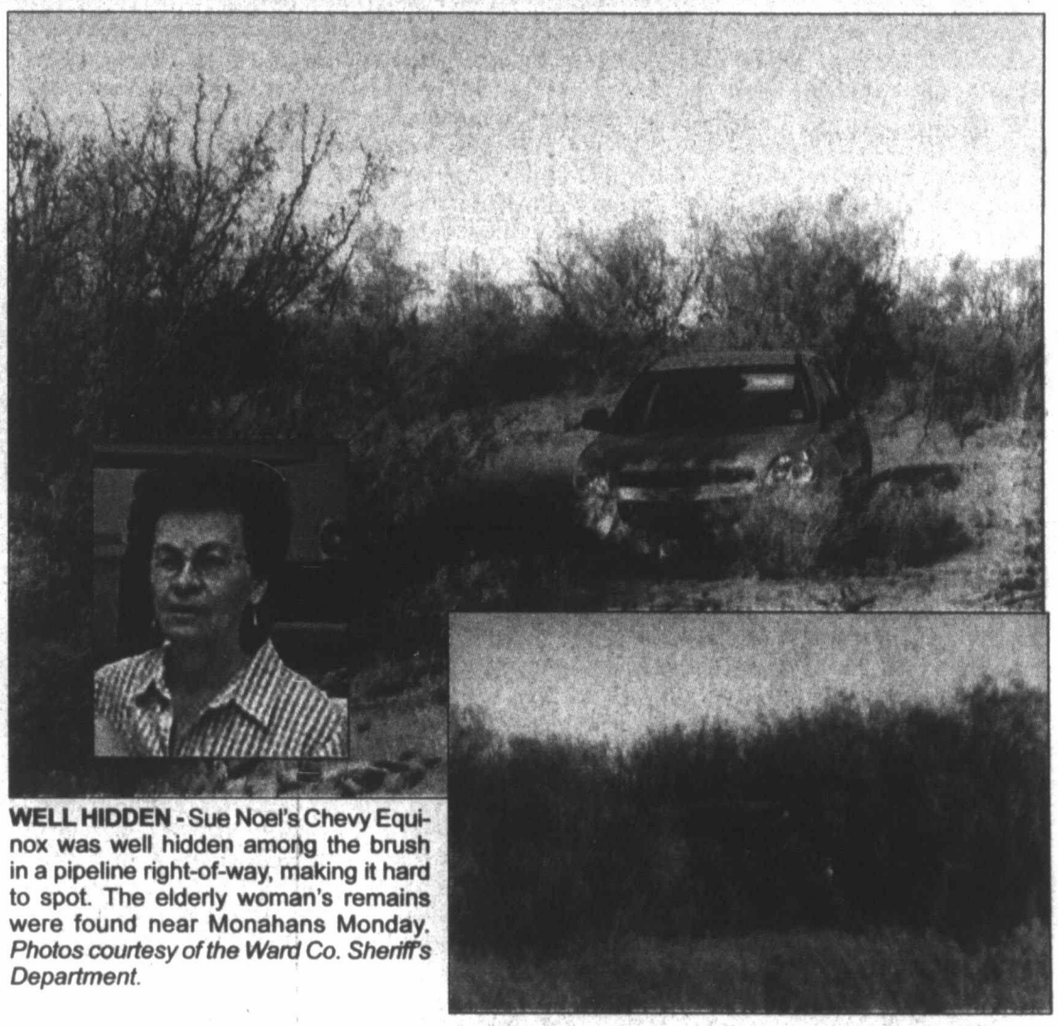

The skeletal remains of a Colorado City woman were found Monday, October 16th, a few miles south of Monahans. Sue Noel was reported missing two years ago in September, and law enforcement officers believe the remains to be that of Noel. Foul play is not suspected.

Colorado City Police Chief Charles Rice said he was contacted by a ranger out of Monahans around 4:45 p.m. Monday afternoon, saying a vehicle registered to Noel had been found about 4.5 miles south of town, near the intersection of Hwy. 18 and FM 1776. The 2012 gold Chevrolet Equinox was found in a brushy area, essentially in a depression much like a dry stock tank, with embankments hiding the car from sight.

After a search was organized, it didn't take long to find the remains about 150 yards from the car. Rice said the Ward County Sheriff's Office organized the search and some "wonderful volunteers" from the Monahans Fire Department helped search the area. The woman's remains were found about 10 p.m. Monday night.

Due to severe decomposition, it was impossible to identify the remains at the scene. However, Noel's cellphone, purse, vehicle and other personal belongings were found in the same spot. The remains have been sent to University Medical Center in Lubbock for autopsy and will then be sent to the University of North Texas for a DNA

Ghosts and gunslingers to inhabit downtown in Main Street event

Colorado City's Main Street program is a volunteer-based program that plays an integral part in preserving the history of downtown. It's the history of Colorado (City) that will be the superstar of the next Main Street event, Gunslingers & Ghosts.

Gunslingers & Ghosts will be held Saturday, October 28th, and it promises to bring the colorful history of Colorado alive! After a delicious meal of homemade gumbo at the Colorado City Civic Center at 7 p.m. that evening, a walking tour of the sites where there were saloons, hotels and true-life wild west adventures begins.

Those wishing to eat gumbo and not go on the tour can do so. Tickets are $15 per person before October 23rd. Tickets will cost $20 at the door.

Main Street Director Mary McMullen said she has lined up a cast of speakers who will tell some of the wild and crazy tales of things that really happened

Annual coat giveaway to be held Thursday

The Kiwaniannes have been busy collecting coats to be given to any citizen in need. Now that the collection is finished, it's time to give them away.

Members of the civic club are coordinating with Community Mission staff to make the giveaway possible. Anyone needing a coat can go by the mission, located at 301 E. 3rd Street, on this Thursday, October 19th anytime between 3 and 6:30 p.m. to find a jacket for the oncoming cooler weather.

If you need a coat or jacket and can't stop by the mission at the designated time, don't despair. Kiwanianne Jan Lemons said all extra coats will be left at the mission, so people can get one when the mission is open.

If you still have a donation to make to the coat drive, take it to City National Bank sometime before 1 p.m. on Thursday.

Fall festival fun at the Railhead this weekend

The annual St. Ann's Fall Festival is set to be held this Saturday, October 21st at the Railhead Building, and everyone is welcome to come out and join in the fun!

This year, the event will be held in the Railhead Building downtown, at the corner of 1st and Elm Streets. The large venue will provide plenty of room for the food, games and fun that will be happening from 10 a.m. that morning until 10 p.m. Saturday night.

While a few things have changed throughout the years, the best things about the festival have remained the same, like the delicious food you can get to eat there. Homemade Mexican plates and menudo will be served, and, if you're a winner, you can go home with a homemade cake from the cake walk or treats from the sweet shoppe.

Tickets are being sold for several raffles, and winners of those drawings will be announced during the day. Those attending will also have the chance to bid on some silent auction prizes, and bingo-lovers will have a chance to enjoy the game during the festival as well.

The day just wouldn't be complete without live music to entertain and plenty of games for the kids.

Make plans now to bring the whole family down to the Railhead Building on Saturday and enjoy the family-style fun at the St. Ann's Fall Festival!

Friends of State Park kick off new year, elect officers

The Friends of the Colorado City State Park held the 2nd annual kickoff meeting in the latter part of September. Officers were elected and plans for the future were made.

The "friends" group is a non-profit organization, and their activities benefit the local state park. Officers elected were: Sheryl Johnson, president; Scooter McGaha, vice president; LeeAnn Moore Kuhel, secretary; and Debbie Gilbert, treasurer.

With officers elected, a business meeting got underway. The group voted to bring three students into the volunteer group to form a youth advisory council. They are hoping to get one student from Colorado City, one from Westbrook and one from Loraine.

The positions would be open to all students, public schooled and home schooled, in grades 7th through 12th. Group leaders think the students will help identify ideas, bring enthusiasm and volunteerism to the organization. The term of the council would be one school year.

Applications are available at the schools and at the Mitchell County Library. Once completed, applications can be turned back in at school or taken to the library. Group president Johnson said it is not necessary for students to pay dues and join the friends group to be on the council.

State park friends are also conducting a raffle. Tickets are now on sale to win a $100 Texas Parks & Wildlife Department gift card. The drawing will be held on Sunday, November 19th on the last day of Railhead Trade Days around 3 p.m.

Tickets can be purchased from all members, including Scooter and Rayanna McGaha, Debbie Gilbert at 505 Chestnut, Sheryl Johnson at the library, Larry Johnson, Kevin Gilbert, LeeAnn and Gene Kuhel.

Members of the friends group are also promoting the purchase of the TPWD Annual Pass. Johnson said $70 gets a carload of people into every state park in Texas for free all year long. While camping and cabin rentals are a separate fee, good discounts on those activities are offered through the card program.

The friends group supplies ice for campers at the park, which is available for donations. Many campers and park visitors have enjoyed the convenience of not having to go into town to get ice.

With donations, the organization has been able to purchase a log splitter for the park. State park employees use the log splitter to split wood for campfires, which is also available to campers for a donation.

There have been quite a few donations made to the group that helps them help the park. Johnson said that Gil's Fried Chicken in Snyder, Hochheim Prairie Insurance and the ornithology association in Midland have all been big supporters of the park and the friends group.

Friends of the Lake Colorado City State Park meet the 3rd Thursday of every odd-numbered month. The next meeting will be held Thursday, November 16th in the Hesperian Room at the library, and meetings usually last about an hour or less.

If you've ever wanted to be part of a group that promotes the outdoors, make plans to join the Friends of Lake Colorado City State Park.

Herbert grew up in the Hill Country of McCulloch and Mason Counties. He loved farming, hunting and fishing in the San Saba and Llano rivers. He never lost his love for these activities or playing his fiddle and harmonica. Juanita was the love of his life and they married on December 23, 1948. Together they organized the Hill Country Jamboree. This musical provided many hours of entertainment for real country music lovers.

After suffering polio in 1955, Herbert had to leave farming, but he continued his love for agriculture by raising a large garden which he shared with friends and family.

Studying by correspondence courses, Herbert learned TV and radio repair. He serviced the people of Mason County until circuit boards and solid state replaced tubes and diodes. Herbert then learned to cut and polish topaz. His specialty was the Lone Star Cut. Many of the topaz became gifts to friends and family.

After a year they moved to Massachusetts where they lived for five years before coming back to Texas.

Peter spent the majority of his life in Colorado City raising his family, serving his God, Jehovah, and enjoying the work he loved, laying brick, tile, and pouring concrete. He loved the vast openness of West Texas and considered it to be a beautiful creation. He also loved the community in Colorado City where he knew and liked so many people. He was dearly loved by his family and all his spiritual brothers and sisters who knew him. He was a straight-forward, practical man who "didn't beat around the bush" but would always be honest with people. He loved talking to anyone who would have a conversation with him and really cared about people, which was evident throughout his life.

Peter was not only a hard worker for his family, he also worked hard to help care for the congregation he loved being a part of, volunteering his time and skills sharing the Bible with others and helping on many construction projects. "Feed a Wildcat" program begins

Members of Westbrook First Baptist Church and the surrounding community have started the "Feed A Wildcat Lunch Program". This program came from a desire of many in the Westbrook area to ensure that all kids at Westbrook ISD have the opportunity to have a hot lunch from the school cafeteria, regardless of circumstances.

Westbrook ISD decided a few years ago to no longer participate in the government funded program for free and reduced lunches in order to gain the ability to provide better and more varied food choices to the students of the district. This has provided an opportunity for the community to help families in need within the school district.

Donations help families who would have qualified for free and reduced lunches without running up a charge that cannot be paid. These donations also assist the school in not being forced to feed a sandwich to those kids who cannot pay, while those who are current on their account receive a hot meal. With the Feed A Wildcat Program, all students will be able to have the hot, prepared meals the cafeteria offers.

The meal account is set up through Westbrook First Baptist Church, allowing both people and businesses who donate to receive a charitable donation receipt upon request. The funds are distributed weekly to the school cafeteria to be applied to accounts as needed.

All funds given to this account are used solely for this program. Funds will be requested and needed on a year-round basis to allow for the Feed A Wildcat Program to continue from year to year. Anyone wishing to donate should make checks payable to WFBC and mark all donations for Feed A Wildcat.

Any questions regarding the program can be directed to Westbrook First Baptist Church at 325-644-3321.

Local 4-H members recognized at State Fair

Last week at the State Fair of Texas in Dallas, two Mitchell County 4-H members were recognized for their accomplishments.

As part of Ag Awareness Day, Kyler Hardegree, son of George and Tammy Hardegree, was recognized as a member of the Texas 4-H Council. He is the first member from Mitchell County to be on Texas 4-H Council in 37 years. Kyler became a member of the council when he was elected as the District 2 President in July.

It has been Kyler's and his family's dream for him to wear the iconic green jacket Texas 4-H Council is known for.

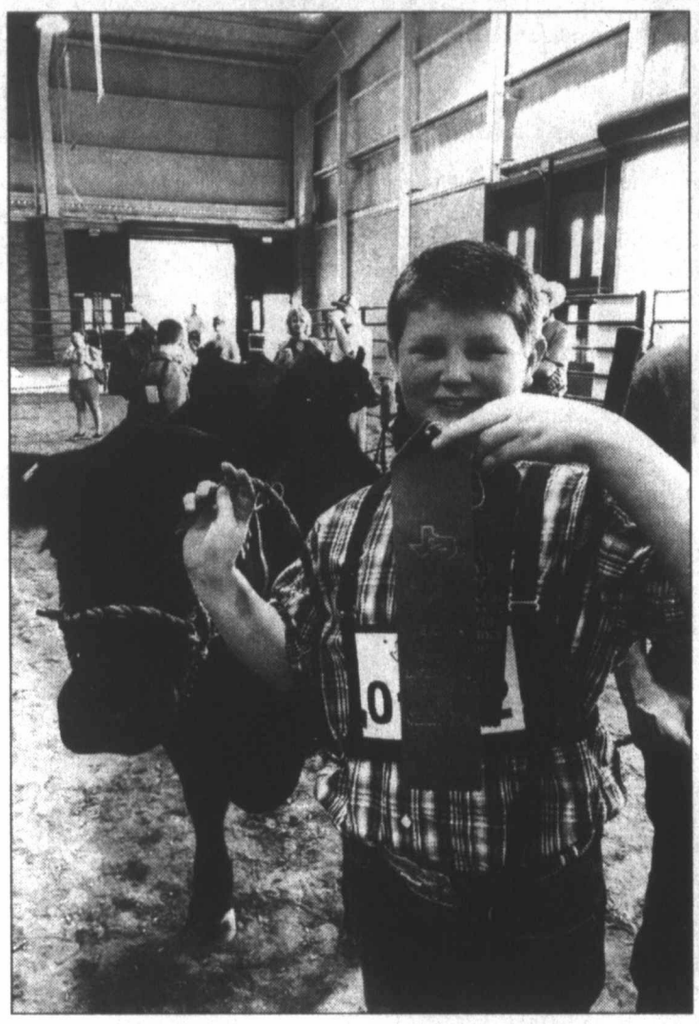

"There has never been a time where I do not remember having the dream and goal of being a member of Texas 4-H Council. Those who have worn the green jackets before me have been an inspiration, and I feel confident I can follow their lead and make the most of this opportunity to share my passion for 4-H with others. The pursuit of the green jacket helped shape me into the person I am today and the opportunity to wear it will help shape who I am in the future. I feel so humbled and honored to be given this once in a lifetime opportunity," Kyler said.

His term is for a year, and members are allowed only one term as a Texas 4-H Council member. During his time on both councils, he will help plan and host Texas 4-H Roundup, Texas 4-H Congress, leadership projects and camps, trainings, and community service projects. He will also give presentations throughout the year regarding 4-H, Texas 4-H Council, and his projects.

Brandon Barkley, son of Michael and Mandy Barkley, exhibited his heifer, Exar Princess 5939, in the Junior Open Heifer Show and the Pan-American Angus Show. Brandon was awarded Champion Senior Heifer in both shows.

The Junior Open Show is for youth enrolled in 4-H and/or FFA. The Pan-American show more difficult as exhibitors can be any age and come from universities, big breeding ranches/ programs, or their livestock projects for 4-H and/or FFA.

For more information about 4-H or to request a presentation from Kyler or any 4-H member, please contact Audra Graves, CEA-FCS, at the Extension Office at 325-728-3111 or by coming by the office at 440 E. 2nd St.

OPINION & COMMENTARY

TUMBLEWEED SMITH
A piece of Italy in Dallas

If you want some fresh pasta imported from New York or some buffalo mozzarella imported from Italy, you can find them and wines to match at Jimmy's Food Store at the corner of Bryan and Fitzhugh in East Dallas. Jimmy DiCarlo and his son, also named Jimmy, opened a mom and pop grocery in South Dallas in the 40's and stayed there until 1966 when they moved to the present location.

Grandsons of the founder, Paul and Mike DiCarlo, run the store now. They both grew up in the store, stocking merchandise and learning to work the cash register. "People like our sausage and meatballs," says Paul. "We added sandwiches later and they have gone over real well. At lunchtime we have people sitting on boxes, in the break room, outside, just all over the place enjoying our sandwiches. My sister also makes some wonderful pastries."

Paul's wife has just joined Jimmy's to do bookkeeping. Paul and Mike both have sons who make their living from the store. It is definitely a family business. You don't find many independent grocery stores like this one. As the neighborhood changed over the years, different ethnic foods were added. The store burned in 2004 and a neighboring liquor store let the DiCarlos have some space to sell groceries. When the store was rebuilt and reopened, Paul and Mike decided to concentrate on selling only Italian food and wine. "That's what we know best." About a third of the store's merchandise space is devoted to wine. "We have wines from all 20 wine regions of Italy." Paul goes to a wine show in Verona, Italy twice a year that has a million square feet of wine. His number one seller is Chianti from Tuscany.

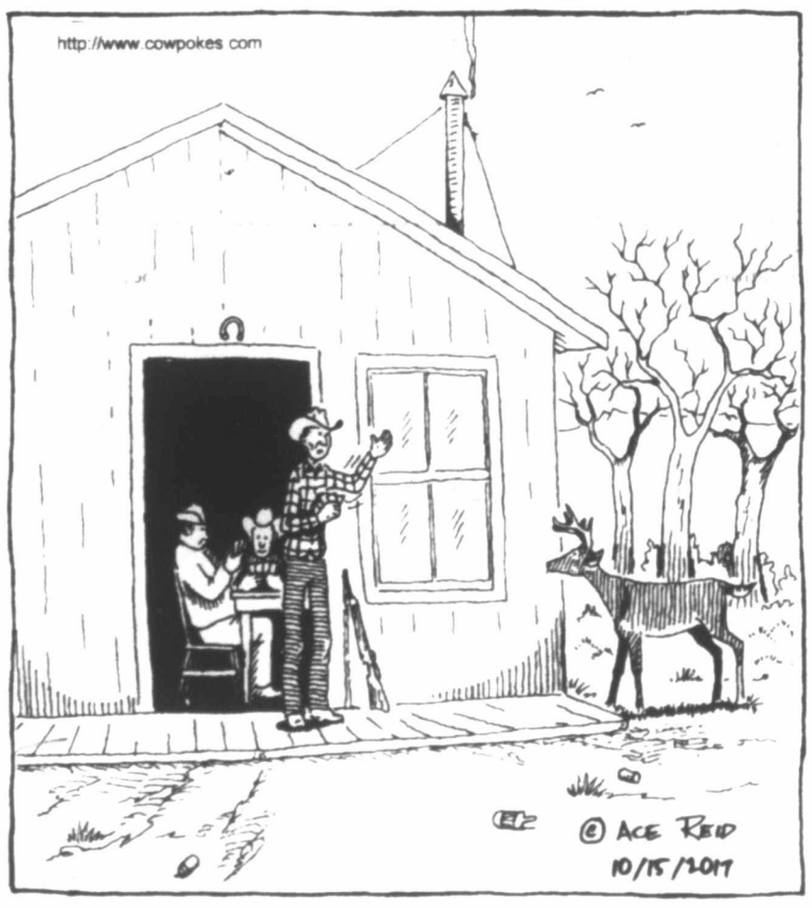

Wine tastings occur every Saturday afternoon at the store. When winery owners from Italy come to town, they end up at Jimmy's as the honored guest at a dinner with wine pairings. People sign up for these at the store's website and newsletter. "When you can hear a winery owner talk about his wine, it's special."

The event takes place in the store's break room in the rear of the store. The walls are covered with photos of those dinners. Paul says some are formal, some are casual. One long wall in the room (which holds about 50 people) has a mural of Mount Etna in Sicily, marking Paul's first trip to the place of his ancestors.

Jimmy's sausage is made from a recipe Paul's grandfather developed. Meatballs are made from his grandmother's recipe. "My mom made the meatballs until her death 10 years ago. She was known as the meatball lady. A lot of restaurants in town use our sausage. Customers see it on the menu so they come to the store to get some."

Paul's brother Mike is in charge of the produce. Paul says he gets up at three or four in the morning and goes to the farmers market to meet with the farmers and get the best fruits and vegetables. "Dallas has gone tomato crazy so Mike makes sure we have really good tomatoes." The store is open every day but Sunday.

MCHD reminds citizens that October is Breast Cancer Awareness Month

This October, Mitchell County Hospital is proud to participate in National Breast Cancer Awareness Month. Breast cancer is the second most common kind of cancer in women. About 1 in 8 women born today in the United States will get breast cancer at some point.

The good news is that most women can survive breast cancer if it's found and treated early.

• If you are a woman age 40 to 49, talk with your doctor about when to start getting mammograms and how often to get them.

• If you are a woman age 50 to 74, be sure to get a mammogram every 2 years. You may also choose to get them more often.

Talk to a doctor about your risk for breast cancer, especially if a close family member of yours had breast or ovarian cancer. Your doctor can help you decide when and how often to get mammograms.

Covenant Mobile Mammography visits MCHD every other month bringing their screening services directly to you. The next visit is scheduled for November 20, 2017. To make an appointment, please call 1-877-494-4797. Most insurances are accepted as well as Medicare and Medicaid. Financial Assistance is also offered through a partnership with the Susan G. Komen Foundation.

"Mitchell County Hospital District is committed to building a healthy community and is proud to participate in National Breast Cancer Awareness Month. It is important to us to help bring awareness and promote the importance of early detection and yearly screenings," said Robbie Dewberry, MCHD CEO.

For more information please schedule an appointment with your family physician or call us at (325) 728-3431.

LETTERS TO THE EDITOR

Letter to the Editor:

If you pray in privacy, you are humble and sincere. If you pray in the presence of others, you are arrogant. In either case, you are deluded about "God" and me.

Drugs are used to create a state of delusion, for those who need a crutch. Wise men do not use or condone. Atheists and agnostics anger the deluded and the weak and suffer the hatred of both.

We infidels must face complete mortality and the adversity of nature without divine intervention and with wrath of the deluded as well.

I identify with Albert Einstein who, when asked "Do you believe in God?" said "no" but that he was fulfilled with the privilege of life and a small contribution to knowledge.

If you ask me, as surely as you have your own mind there in lies your "God." I cannot know your "God" as words are not sufficient and their meanings are not precisely shared. Each man has his "God."

The word is shared, but there the correlation diverges.

My "God" is nature; and, like the doctor, I feel privileged enough with a life to explore and report. It behooves me to be honest and accurate foremost with me so that I can be so with thee, and to call your bet about "God."

Tea anyone?

Letter to the Editor:

Ok! Today was my last day of school. I was very sad when I had to say goodbye. My teacher's names are Mrs. Toombs, Mrs. Roach, Mrs. Gainey and Mrs. Hammond. My favorite teacher was Mrs. Toombs. To all of my teachers it was not my choice to leave. If I could, I would go back in time and stay with you guys. But as you said, I will make a lot of friends and have new teachers. I will always come and visit during the summer.

To all of my friends, I will truly miss you guys. To Lucy, thank you for supporting me and being a great friend. I will miss you and remember I will always come and visit you during the summer. Shaylah, thank you for being my friend. I know you and Alexies are mad at each other, but you know how me and Lucy are, please you guys be friends again. Aspyn, can you please look after Lucy for me? Mrs. Flores, thank you for always calling me to the office when I needed it. To everybody in the school, from all of my classmates to teachers, to Mr. Russell and Mr. Spencer, thank you for being there for me even during the rough times.

Like I said, every part of life you have to experience new things so if you find out that you are moving, don't deny it, you got to let it be. That means Regina, you have got to let your mom make that happen, even if you do not want to, because you have to experience new things. So, I will always come visit you guys, so don't forget about me. I mean, it's me, Miranda Mahan, how can you forget me!

Miranda Mahan, 5th grade

NOEL

cross-reference.

A rancher, who goes out on the property to check things out about twice a year, was walking along a pipeline right-of-way when he noticed the sun glinting off something just behind the embankment. When he climbed the hill, he saw it was reflecting off the windshield of what turned out to be Noel's vehicle.

Rice said it appeared the Equinox had been driven off the road onto an oilfield pipeline right-of-way. There was damage to the front of the vehicle, such as a missing grill, missing fog lamps, and a missing undercarriage guard.

Chief Rice said Ward County Deputies told him the area is notorious for car accidents, and seeing random car parts there is part of everyday life. Rice said the embankment hiding the car stands at about 10 feet, with a wall of trees on top of it.

"It's an odd set of circumstances that led to her ending up where she did," Chief Rice said.

Law enforcement officers were able to rule out foul play, as Noel's car was locked with her money tree she had received as a gift safely inside. Also found were her wallet, cellphone and other personal belongings. Rice said it appeared as if she had been in and out of the vehicle a few times.

The area is rough terrain, with lots of love grass and loose sand. Rice said the Equinox was stuck in the sand up to its frame. There are many possibilities as to what may have happened to Noel, and the details of her death may never be known.

When the 80-year-old Noel left a family member's residence in Abilene on September 20, 2015, no one knew it would be the last time she would be seen alive by her family. Despite a $10,000-reward being offered and numerous searches for the C-City woman, she had been missing for more than two years.

Those attending will hear from characters such as Texas Rangers Jeff Milton, A.W. Dunn, Deputy Sheriff Wayne Potts, Rowdy Kate and W.P. Patterson to name a few.

Colorado (City) was once a rough and rowdy place, where saloons, shootouts and wild nights were not uncommon. It was a thriving town, and the population boom brought all types of people to this place.

Sales tax rebates show economic improvement

If monthly sales tax rebates are an indicator of the economy, things are looking better in West Texas. There were more increases in payments sent to this area in October than decreases when comparing 2016 and 2017.

The City of Colorado City's rebate for October was up by almost 3% at $50,415.90. The recent increases in allocations is helping the city's bottom line for the year. Last year, the city's rebates at this time totaled about 5% more than this year's, but more higher rebates in November and December could see the city finish 2017 with much the same total as in 2016.

The smaller cities on the list are the ones still seeing the bigger decreases in sale tax rebates. Loraine's $1700 rebate was down nearly 20% from last year's $21,000 October payment. Roby's payment was also down about 20%. However, Roby's higher totals from earlier in the year are offsetting the recent decreases, and the Fisher County town is still up for the year.

Mitchell County's October allocations continues a trend of rebate increases, as the county's $23,648 payment received recently is over $1,600 more than what was received at this time in 2017. For the year, rebates are up over $12,000 when compared to 2016.

Officials from the city and county couldn't offer a reason for the recent increases, but they all are glad to see it and hope the increases totals continue to come. The price of WTI crude oil rose above $51 Friday, and the new motels around Colorado City are seeing more guests. These things certainly contribute to more sales, and the combination could account for the rise in sales.

Westbrook has been paying back an overpayment to the State of Texas for over a year now. Last year at this time, Westbrook had received over $11,000. It could be estimated that the same amount has been paid back to the state throughout the course of the year.

Texas Comptroller Glenn Hegar announced last week that his office sent cities, counties, transit systems and special purpose taxing districts $660.4 million in local sales tax allocations for October, 1.6% more than in October 2016. These allocations are based on sales made in August by businesses that report tax monthly.

Retired school personnel hear program on scams from local police chief

The Mitchell County Retired School Personnel met Tuesday, October 3rd at noon at La Fe's Restaurant. Guest speaker was Colorado City Police Chief Charles Rice.

Rice addressed the group, informing them about several scams local residents have been hearing about. One is a scam call from someone who claims to be from the IRS. The person says the resident owes money to the IRS and needs to send a payment. Rice said the IRS doesn't communicate by phone, only mail.

Another popular scam Rice told the group about is the "grandparent scam." Citizens receive a call from someone saying he or she is a grandchild or someone the person knows and they're in trouble and need money right away. If anyone gets this type of call, citizens should ask questions only the grandchild would know answers to before sending any money.

Lastly, Rice warned to be careful about giving out personal information. "If something seems too good to be true, it's probably not true," the police chief said. He went on to say the entire police department is here to help.

The regular business meeting was presided over by President Susan Farr. Reports were given by Secretary Martha Anderson and Treasurer Joan Lemons. Committee chairs also gave reports. Janet Mayo provided legislative information. Farr, chair of the Informative and Protective Committee gave a handout about Guarding Your Digits.

Francis Godwin gave an update on community service, and Mayo handed out a printout about organic eggs. There was also a discussion about the upcoming book distribution for all Mitchell County 2nd and 3rd graders.

Mayo and Farr reported on the District 18 Fall Conference they attended in Midland in September. Association Members Benefit Advisors representative Libby McCrone talked to them about benefits available to retire school personnel, detailing each item.

The MCRSP's next meeting will be held Tuesday, November 7th.

THE NEW ADDITION – Dr. Jade Ireland (far right) has a couple of months of working at Family Medical Associates under her belt. She was invited to talk to the Colorado City Lions Club Friday by Ann Marie Molina (far left) and brought her nurse, Jennifer Jones.

New FMC physician speaks to Lions Club

Dr. Jade Ireland started seeing patients at Family Medical Clinic on August 1st, and she took the time to speak to the Colorado City Lions Club on Friday.

The young physician and her husband, Jason, moved to Colorado City from the Panhandle. Dr. Ireland grew up in Hale Center, as the child of a cotton farmer. Her husband is a mechanical engineer, and he is currently working for Ludlum Industries.

Dr. Ireland said she had no idea what she wanted to do when she finished high school, but she had a good high school science teacher and enjoyed her high school and college science classes. She considered the program to become a Registered Nurse, but med school was the final decision.

Family practice was the area she chose, and she said she's happy with the choice.

"I've always wanted to do rural family medicine," Dr. Ireland said.

Because she grew up in a small town, Ireland was looking for a rural setting to work. She said she wanted to practice medicine in a small town but one that had a hospital, as she enjoys inpatient medicine also.

"It was a perfect fit," Dr. Ireland said of Colorado City and Mitchell County Hospital District.

Family medicine provides a varied subject matter, and Dr. Ireland gets to see young patients with typical childhood illnesses, patients with broken bones, elderly patients with chronic diseases and more. She said she never gets bored with her career.

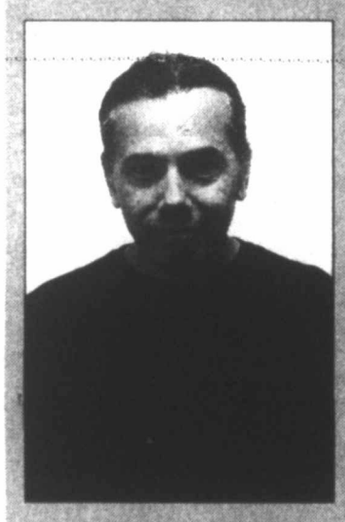

Ireland's grandmother owned the country club in Hale Center and her mom managed the swimming pool. Ireland and her sister spent a lot of time "helping" at the pool. She said she can still vacuum a pool. Her sister is a nurse at Covenant in Lubbock, and she's in charge of the nursing education for the labor and delivery department.

Dr. Ireland sees between eight and 15 patients per day at Family Medical Associates. The clinic has started a new walk-in clinic program where the physician sees walk-in patients from 8 to 9 a.m. on Mondays, Wednesdays and Fridays. Walk-in patients are seen on a first come, first served basis.

Serving in the emergency department is something Dr. Ireland is looking forward to, as she's planning to learn the ins and outs from ED Physician Assistant Chip Payne.

Dr. Ireland brought her nurse, Jennifer Jones, with her to the meeting. Jones said she had been working in the cardiac rehabilitation department and decided to change positions because she enjoys clinic work.

CHS band headed to UIL marching competition

The Colorado High School Marching Band will be competing in the UIL Marching Contest in Abilene Wylie on Monday, October 23rd. The band is looking for that Division 1 Superior rating in its performance.

Students will load the instrument and uniform truck during 1st period band class. They will be dismissing from class after 3rd period and traveling to Wolf Stadium for rehearsal.

After rehearsing, students will travel Wylie Bulldog Stadium where they will perform at 3:45 p.m. After the performance, instruments and uniforms will be loaded in the truck, and students will return to the stands to hear ratings.

After ratings are announced, the group will stay to watch the 4A bands and eat at the stadium. After that, they will return home.

There are a few things Band Director Sam Hale wants students to remember to bring: band t-shirts, athletic shorts, and long black socks are a must. No fountain drinks or glass bottles will be allowed on the bus.

Earlier in the week, Hale announced the results from the Big Country Marching Festival. The CHS Marching Band earned a division 1 from all the judges at the competition. The color guard was also recognized as the Outstanding Color Guard.

If the band continues its stellar performances drawing superior ratings, they may have the chance to advance. If they receive a division 1 at the region contest on Monday, they will have the opportunity to play at the UIL Area Contest in Amarillo on Saturday, October 28th.

Good luck to the Pride of Wolf Country Marching Band!

Wolves open district play with rout of Idalou, 28-0

The Colorado Wolves wanted to send an opening statement to the rest of the teams in the District 2-3A, Division II, race on Friday night when they took to the field with a simple mathematical formula.

It was this: D > URO.

Idalou is certainly a believer that the Wolves' defense is better than their offense.

Backed by another dominating performance from the district's top defense, Colorado City moved a step closer to a potential showdown with longtime rival Coahoma for the district lead by pounding out a convincing 28-0 shutout of the Idalou Wildcats in front of a large crowd at Wolf Stadium.

Just how good was the C-City D, you ask? The Wolves limited Mark Caballero and the Wildcats to just 221 total yards – and only nine first downs - en route to notching their second shutout in as many weeks.

Colorado City flexed its defensive muscle early on against Idalou. The Wolves held Caballero and the Wildcat offense in check for much of the first half. Caballero entered the showdown as the district's third-leading rusher, having gained more than 500 yards in Idalou's first six outings.

Bubba Williams and the Wolf offense repaid the defense's efforts with points early in the second quarter. Williams capped the first of C-City's four scoring drives just 3:34 into the second quarter by taking a handoff and racing 14 yards for a touchdown. Jacob Munoz's extra-point staked Colorado City to a 7-0 advantage.

That turned out to be all the CHS defense needed. Colorado City, which has yielded just 36 points over the previous six weeks of play, extended its shutout string to eight consecutive quarters by blanking the Wildcats over the final 26 minutes of play. The Wolves have not allowed an opposing offense to score since the fourth quarter of their Sept. 29 matchup with Iraan.

The C-City defense may not have needed any additional points, but Markis Monroe didn't leave anything to chance.

He highlighted a 14-point outburst in the third quarter by reeling off a pair scoring runs – both coming within a span of 2:25.

After Monroe had put the Wolves up 14-0 with a 23-yard scamper just 2:25 into the second half, the CHS defense forced one of its three turnovers and set up Monroe's next trip to the end zone – a 15-yard romp that inflated the Wolf lead to 21-0 with 7:10 left in the quarter.

Colorado City didn't take its foot off the pedal from there. Williams tacked on a 3-yard scoring run on the first play of the fourth quarter and stretched the CHS lead to 28-0.

As a team, Williams and Monroe helped the CHS offense roll up 303 total yards in the contest, including a staggering 230 yards on just 25 rushing attempts.

With the win, the Wolves ran their recent win streak to six straight games and, more importantly, head into their bye week at 1-0 in district play. Colorado City will face off against Coahoma on Oct. 27.

Coahoma, thanks to a 34-0 shutout of Stanton on Friday, is 5-2 overall heading into Friday's matchup with Idalou.

The Bulldogs will roll into their showdown with Colorado City with the district's top scoring offense. Through Friday, the Bulldogs are averaging 33.4 points per contest.

Defensively, Colorado City is the district's best defense, allowing opponents just 8.1 points a night. The CHS offense is the district's second-best scoring unit, having tallied 172 points in the last six weeks.

Wolves enjoy week off from play

The Colorado City Wolves will enjoy a week off as they rest up and heal some bumps and bruises during this week's open date.

A big win over pre-season favorite Idalou last week puts the Wolves in the driver's seat as they prepare for the final three district games.

On October 27th, the Wolves travel to Coahoma, then host Lubbock Roosevelt and end the season on the road against Stanton on Nov. 10th. Four of the five district teams will enter the playoffs to represent District 2-3AII.

Light work-outs, along with weight lifting and film watching are in order this week according to head Coach Dan Gainey. Several players are nursing bumps and bruises and a week off will hopefully allow these players a chance to recover.

The league-leading Wolves' (6-1, 1-0) path to the playoffs is simple at this point – win and you are the district champs. Looking at the Wolves' schedule, their three remaining games are winnable, but next week's opponent, Coahoma, is much improved over last year and could present some problems to the Wolves. The Bulldogs return most of their starters on offense and defense from last year's 3-7 team.

Colorado City Lady Wolves continue winning streak

The Lady Wolves varsity volleyball team is on a roll, as they remain undefeated in district. Last week, Colorado City traveled to Jim Ned and came away with a win in three sets, 26-24, 25-16 and 25-14. On Saturday, Coahoma gave the Lady Wolves a challenge, but C-City hung on for the win, 25-11, 25-15 and 25-19.

Coach Mitzi Bell said the Lady Wolves have been working on defensive skills, and the improvement has the team playing better and better.

"We had really great plays on Saturday. Defensively, we are really working hard to dig up every single ball," Coach Bell said. "They (Lady Wolves) are diving and hitting the floor better now than early in the season. We are refusing to let balls hit the floor without us hitting the floor and fighting for the point."

Deanna Wooddell had an outstanding defensive performance in the Coahoma match. Coach Bell said Wooddell had 13 "huge" defensive digs for the Lady Wolves.

Taylor Epperson can also be included in the outstanding defense category, as she got 10 digs herself. Epperson also had 9 kills and an ace in the match.

Kaitlyn Kimball added 6 kills, 5 blocks, 1 ace, 1 assist and 2 digs to her stat sheet, and Jadyn Griffith remains a defense queen with 19 digs to her credit along with 2 kills. Clancy White got 6 kills, 2 blocks and 5 digs in the match, and Kristina Parker got 3 kills, 3 blocks and 2 digs.

Sara Roach is credited with 13 assists and 3 digs, while Alexa Garza had 10 assists and 3 digs. Coach Bell said Chloe Castillo got 5 big digs at just the right time for the Lady Wolves, Jalessa Williams had 3 blocks, Kaci Phariss had 2 kills and Harlee Haag added a kill as well.

After an away-game in Clyde on Tuesday, the Lady Wolves will play the last two games at home. Jim Ned comes to Colorado City on Saturday and Coahoma will be back here on Tuesday, October 24th. Games begin at 4:30 with the younger teams, and varsity games begin about 6:30 p.m.

Wildcats open this week; open district against Bearkats

The Westbrook Wildcats, with new head coach, Homer Matlock at the helm, haven't missed a beat thus far this season as the Wildcats are now in second place with a 5-2 record.

An open date Friday night will allow the Wildcats extra time to prepare for state ranked and preseason district favorite, Garden City. The Bearkats are ranked in several polls at number 4. Garden City is 5-1 with their only loss coming at the hands of the Balmorhea Bears.

"We're certainly happy to be where we are as we enter district," Coach Matlock said earlier this week. "We are in one of the toughest districts in DI, with Garden City ranked 4th, Sterling City ranked 9th and last week Robert Lee entered the top 20. Anything can happen on a Friday in West Texas and we look forward to the challenge facing us when we go to Garden City next Friday," Matlock said.

Munoz tops x-country runners

Colorado Middle School's boys' and girls' cross-country teams competed in the 5-3A Cross-Country Meet at Wolf Creek Golf Course last Tuesday. Natalie Muñoz of Colorado City won the 7th grade girls race.

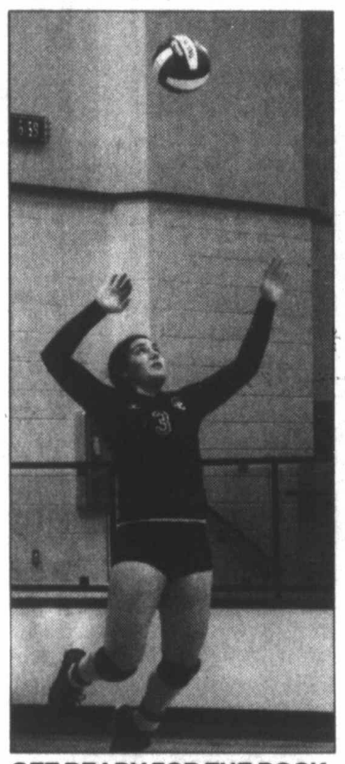

Vanessa Betancourth-Torres, 7th grader at CMS, came in 2nd and Kennedy McNeal placed 10th. Jeffrey Fox placed 9th in the 7th grade boys' division, while Jaxson Pharris finished 3rd and Jayce Komppa placed 5th in the 8th grade boys' race. Individual results follow.

Loraine takes week off to prepare for district game against Blackwell

Loraine has an open date this week as they will begin preparations for district action starting October 27th in Blackwell.

Speaking of Blackwell, the Hornets are rolling along atop the standings with a perfect 7-0 record.

Preseason expectations are now questionable as the Bulldogs have run into a wall and have only three victories to show for their efforts.

It's not too late to turn things around as all teams enter district play with a clean slate and the Bulldogs try to keep their seven-year streak of play-off appearances alive. "I am extremely proud of all the athletes in the program for their efforts this year. They continue to work hard and improve each day. District is going to be tough with both Blackwell and Highland on a roll going into district play. I still believe we have a good shot to make the play-offs this year. Hopefully, we will have everyone back healthy for district play coming up next week," Coach Eric Sanchez said.

We support the Bulldogs all the way to the playoffs!

CARD OF THANKS

Card of Thanks

We were humbled and overwhelmed by the outpuring of love and support at the passing of our husband and father. We want to express our sincere appreciation to Doctors Roach, Scott, and Sherwood and all the nurses and personnel at the Mitchell County Hospital for the kind and good care they gave him.
We wish to express our utmost appreciation to Dr. Jerry Shields and Royce Clay Jr. for the kind words and message of hope, and to the ladies of the First Baptist Church who provided a wonderful meal for the family. We also want to thank the Kiker-Seale staff for their help and conducting the services. Our heartfelt thanks to all those who called, visited, sent cards, brought wonderful food and paper goods, and for all who lifted us up in prayer throughout his illness and passing.

Hunters Appreciation Dinner planned for November 3rd at Railhead Building

Preparations are being made for the annual Hunters Appreciation Dinner which has been set for Friday, November 3rd in the Railhead Building. The dinner is sponsored each year by the Colorado City Area Chamber of Commerce.

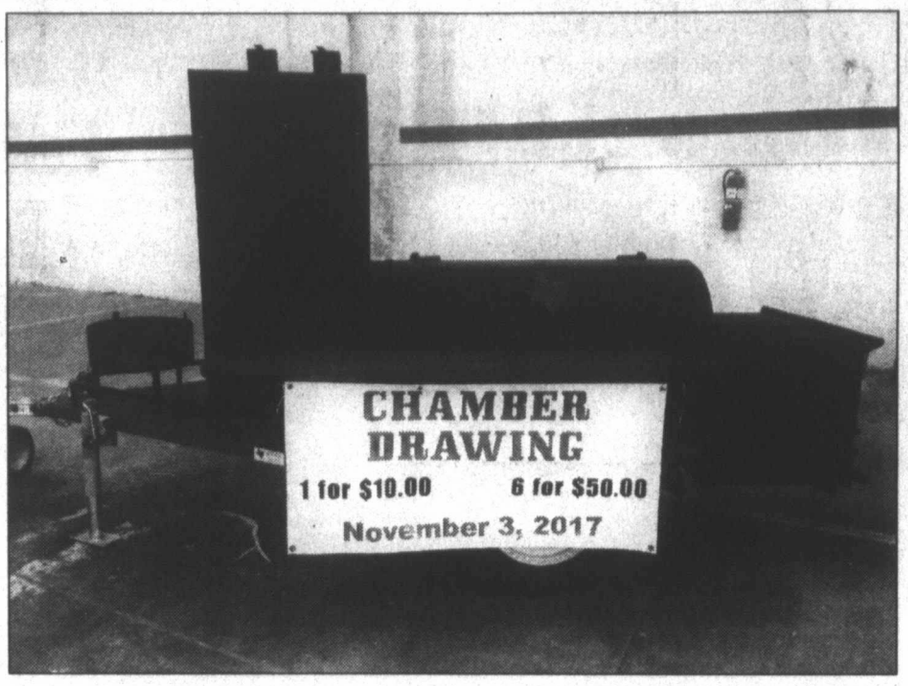

Chamber Manager Amanda Jo Ritchey said doors open at 6 p.m. that evening, and tickets are $10 each at the door. A delicious meal of beef and chicken fajitas will provide sustenance for the event, but the hunters and their families will be there for the spectacular prizes.

The chamber usually sponsors the grand prize for the dinner, and this year it's a 22" barbeque pit on a trailer. The pit has a three-shelf smoker, barbeque area, fire box, wood holder, wok stand and propane bottle holder.

Tickets are $10 each or six for $50 and can be purchased at the chamber office at 157 W. 2nd Street. They can also be purchased from any chamber board member, including Audra Hoback, Ricky Womack, Sherry Dockrey, John Chaney, Jerry Shields, Kody Wood, and Starla Casares. Tickets can also be purchased from Amanda Jo and Ray Ritchey.

Many guns are raffled off at the dinner each year, and buying a meal tickets gets you a free ticket to put in one of the prize boxes for the drawing. Extra tickets may be purchased.

Save the date now! Hunters Appreciation Dinner November 3rd in downtown Colorado City.

CAN YOU WIN THIS BAD BOY? Only if you buy tickets. The Colorado City Area Chamber of Commerce is sponsoring a drawing for this 22" barbeque pit on a trailer. The drawing will be held at this year's Hunters Appreciation Dinner on Friday, November 3rd. The pit has a three-shelf smoker, barbecue area, fire box, wood holder, wok stand and propane bottle holder. Tickets are $10 each or six for $50 and can be purchased at the chamber office at 157 W. 2nd Street.
