*"A WORMS EYE VIEW?".....*No, just the Muleshoe Mules Varsity offense team, looking good. Spirits and enthusiasm are running high as the Mules harness up for another good football year.

Long-Range County Program Published

A long-range program about Bailey County has been developed and published, according to Joe Wheeler of Goodland, Chairman of the County Program Building Committee.

"The document, developed by committee members, contains detailed description and analysis of county situations, points out problems and program areas of concern, and provides long-range objectives for continued growth and developement in economic and social area important to county citizens," Wheeler said.

Wheeler urges all interested individuals and groups to become familiar with the Long-Range Extension Program and to support the Bailey County Program Building Committee in helping achieve the long-range objectives. The document will serve as the blueprint for the program building committee in developing annual educational programs through the local office if the Texas Agricultural Extension Service.

The Program Building Committee is composed of county citizens who work closely with the County Extension Agents to develop and carry out educational programs needed, according to Spencer Tanksley, County Extension Agent. Besides the chairman, Committe officers include: Vice-Chairman Donald Harrison and Secretary Mrs. Helen Redwine.

Tanksley said the contributions of county citizens through the program building committee "are vital to an effective Extension program. All members of the county committee are listed in the new *Long-Range Extension Program.*"

in developing the *Long-Range Extension Program*, program area committees of the County Program Building Committee helped in studing the county situations. These committees are Livestock, Crops, Family Living, and 4-H and Youth.

The committees gather-

Football Tickets On Sale August 17

Persons who held reserve seat tickets for the 1980 football season may pick up their options on these tickets at Damron Drug starting Monday, August 17, 1981 and ending Monday, August 31, 1981. Only those persons whose names appear on the chart (or their spouse) may pick up the reserve tickets.

Beginning September 1, 1981, all remaining tickets will go on sale on a first come, first serve basis. Reserve tickets may be purchased at the School Business office during regular office hours from 8:00 a.m. to 5:00 p.m.

The cost of a Reserve Season Ticket for five home games will be $15.00 each. Any Reserve Seats remaining after the season starts will be $3.50 each for each home game.

Large schedule placards with a place to record scores may be picked up at the School Business Office or at the Athletic Office. The Athletic Department expresses the hope that all businesses will pick up the free schedule placards and buy season tickets with the $15.00 they ordinarily buy advertising for commercial football schedule placards.

The rates this year are: $15.00 for reserved seat tickets, $5.00 for student season ticket, $2.50 for adult general admission, and $1.50 for student general admission.

Gasohol Bill Passes Texas Legislature

Sponsors Jubilant Over Major Victory

Texas farmers will have finished a major battle at 2 p.m. Friday, August 14 with the signing of the gasohol bill by Governor Bill Clements in Austin. Although the bill does not go into effect until January 1, 1982, plans are already underway for the building of gasohol plants in Muleshoe and Dumas, according to Senator Bill Sarpalius, who has been a strong sponsor of this bill.

Coinciding with signing of the new gasohol bill in Austin, Senator Sarpalius held a press conference in Amarillo at 2 p.m. Friday to answer questions and express his elation at the passing of the bill. The Senator indicated to the local media that he was very excited about the winning of a long, hard-fought battle. "The panhandle will receive many benefits from this new law, in that it will boost our economy and create more jobs. Your own local economy will benefit a great deal from a plant in the Muleshoe area."

"I fully expect building to begin in the near future, since the feasibility studies have already been completed. We have just been waiting for the passing of this bill to go ahead with the plans for development and building," Sarpalius explained.

Senator Sarpalius stated: "Rumors are that Plainview will come back into this cooperative, however, that is still an unknown factor at this time." With the signing of the bill, cooperatives who have already made plans ahead will proceed with actual building of the plants.

Texas Farmer's Union President Mike Moeller declared: "After six years of effort, the bill which will provide a temporary five cent exemption of gasohol from the state motor fuels tax was sent to the governor on the final day of the 30 day special session.

According to statements made by Moeller, the gasohol bill was passed with a broad base of support from both rural and urban legislators. "As a leading agriculture and energy producing state, Texas should now come to the forefront

Mules Ready For '81 Season Play

The Muleshoe Mules have acquired several new coaches for the upcoming fall season. According to Coach Windy Williams, "they are looking good and we have a great potential here. We are really looking for big things from our young men this year."

Backing up Williams this year will be five new members of the coaching staff at Muleshoe High. Williams first assistant is Kevin Wiseman who is originally from Sudan. Wiseman is married and has two children. He and his family are now residing in Muleshoe.

Adding his expertise to the staff will be Jim Pope. Jim comes to Muleshoe from a successful five years at Friona. He is married and has three children, two of which will attend Muleshoe schools. The third member of the family, a son, is a junior at West Texas University in Canyon.

Leslie Soto is another

Local Students Attend Camp

Two Muleshoe High School students have received awards at the West Texas State University Summer Speech and Theatre Camp.

Danny Seales, the son of Billy and Chris Seales, won the Best Actor award for his performance as Jim Curry in a one-act version of "The Rainmaker," by N. Richard Nash.

Michael Issac, the son of Mr. and Mrs. Charles Issac was named to the All-Star Cast for his performance a File in the same production.

The two-week camp was designed to give high school students an opportunity for practical experience in drama, debate, interpretive reading and public speaking and attracted 119 students from Texas, Oklahoma and New Mexico.

Both Seales and Issac are juniors at Muleshoe High School.

Teachers Inservice Scheduled August 19-25

Mr. Harold Horne, superintendent of the Muleshoe Schools, announces that all administrators, teachers, and aides will begin inservice training Wednesday, August 19, at 8:00 a.m. in the High School Cafeteria.

On Wednesday Mr. Horne will update the personnel relative to new legislation, school policies, the ten-year long range planning document and other pertinent information. Directors will explain Special Education, Federal Programs, the new Elementary Math Leveling Program, the Gifted/Talented Plan and the Five-Year Accreditation Plan. Consultants will instruct teachers concerning the new reading series adopted by Muleshoe for grades 1-8.

On Thursday, August 20, and Friday, August 21, Mrs. Ann Bacon, consultant from Lubbock, and Mrs. Judd Powell, testing consultant, will direct workshops on "Learning for Mastery."

Mrs. Judy Wiebusch with the Lubbock Schools will meet with junior and senior high science and social studies teachers and Mrs. Jean Wills, consultant from the Education Service Center will instruct teacher aides.

"Dealing With Emotionally Disturbed Children in School" will be the topic that Dr. Ray Brown, psychologist from Lubbock will discuss.

Dr. Ivan Fitzwater, president of Management Development Insitute, San

81 Crop Wheat Deemed Eligible For Reserve

County ASCS Executive director, Rusty Williamson has issued a statement on the new wheat reserve available. According to the notification, 1981 crop wheat is eligible for immediate entry into the reserve. General provisions for entry are: a) Interest shall be charged through the first year of the three year reserve agreement. Waiver during the second and subsequent years of the reserve loan program, unless the national five day average market is at or above the release level of $4.65 per bushel for two announcements. The current loan interest rate is 14.5 percent.

b) The release and call price is $4.65 per bushel. The reserve will not be called unless an extreme emergency requires such action. c) There will be a $.30 per bushel premium added to the county loan rate. In Bailey County this adds up to $3.51 per bushel. d) Annual storage will age will not be paid when the national five day average market price is equal to or above the release level for two consecutive announcements.

In other ASCS news Williamson Stated: "We have been informed by FCIC in Lubbock that August 31, 1981 is the final day to sign up for wheat insurance in Bailey County. If the rates and yields have not been established by

Vollyball Workouts Scheduled

Muleshoe High School volleyball coach, Christi Phelps has announced that volleyball practice will begin Monday, August 17 at 10:30 a.m. All girls who are interested in this sport need to make a special effort to attend these practices. Cuts will be made prior to the start of fall school classes, and those not attending practice will

Private Pesticide Applicators Recertify

The more than 9,800 Texans currently certified as private pesticide applicators in the Texas Department of Agriculture (TDA) Amarillo and Lubbock districts will be receiving recertification forms soon, Commissioner Reagan V. Brown has reported

The forms will help TDA update department files on licensed applicators.

The TDA Lubbock district includes the following counties: Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Kent, Stonewall, Gaines, Dawson, Borden, Scurry, Fisher, and Jones.

The recertification program, begun in June, terminates with these last two districts, Brown said. All 116,000 private applicators in the state will be recertified.

Candlelight Ceremony Unites Miss Kelly Foley, Heinrich

In a candlelight ceremony Miss Kelly Jeanenne Foley of Goodland and Clif Patrick Heinrich of Slaton were united in marriage Friday, August 14 at 7 p.m. in the Three Way Baptist Church at Mapel. Harold Abney read the double ring vows.

Parents of the bride are Mr. and Mrs. Bob Foley of Goodland. The groom's parents are Mr. and Mrs. Roy Lee Heinrich of Slaton.

The couple stood before spiral candlelabras, with beige candles, covered with greenery and bows in the bride's chosen colors.

Mike Sowder of Lubbock soloist, sang the traditional wedding songs.

Given in marriage by her father, the bride wore a formal length gown of white Chantilly lace over white satin, featuring a fitted bodice of Chantilly lace, and scalloped neckline adorned with seed pearls. The skirt was accented with 13 tiers of Chantilly lace that cascaded into a chapel length train. She carried a cascading bouquet of brown and beige poppies accented with baby's breath.

De'Aun Foley, sister of the bride, served as maid of honor. Bridesmaids were Shelby Foley of Ft. Margam, Colorado, Cousin of the bride; Trina Heinrich, sister of the groom, of Slaton; and Mrs. Jarrol Layton of Enochs. They wore identical brown floor length gowns featuring long sleeves gathered into zippered cuffs overlaid with beige lace. The bodice was overlaid with lace and featured a Queen Anne neckline and formed a point at the waist. The skirt gathered with a wide ruffle and was accented with tiny beige lace.

Carrie Kindle, cousin of the bride, of Maple was the flower girl. Her dress was identical to that of the maid of honor and the bridesmaids.

Burt Heinrich, brother of the groom, of Amarillo served as best man. Groomen were Dean Heinrich, and Eric Heinrich, brothers of the groom of Slaton, and Jarrol Layton of Enochs.

Ring bearer was John Damron, cousin of the bride, of Sudan. Bradley Damron, cousin of the bride, of Sudan and Marty Joplin of Slaton were the ushers. Candlelighters were Ron Foley, brother of the bride, of Goodland and Gina Heinrich, cousin of the groom of Slaton.

For her daughter's wedding, Mrs. Foley chose a mauve floor length gown of silesta fabric featuring a front lap bodice tied at the shoulder, long sleeves and a pleated skirt.

Mrs. Heinrich, mother of the groom, chose a long beige gown with a bodice accented with French lace and pearl buttons.

Following the ceremony a reception was held in the Three Way Home Economics Room. Cheryl Foley, cousin of the bride, of Ft. Morgan, Colorado registered the guests.

Members of the house party were Robin Kindle, Sandy Feagley, Cristie Feagley and Susan Dupler.

The bride's table featured a four tiered cake with four small cakes surrounding it, and gold, crystal and brass accessories.

A German chocolate cake was served from brass, gold and crystal accessories at the groom's table.

After a wedding trip to Ruidosa the couple will make their home in Slaton. For traveling the bride chose pleated kackki pants with a cream and kackki blouse laced with gold stitching.

The bride is a 1979 graduate of Three Way High Shool and a 1981 graduate of South Plains College in Levelland, with an associates degree in applied science.

Heinrich is a 1979 graduate of Cooper High School at Lubbock and a 1981 graduate with an associates degree in diesel machanics and is currently employed at Diesel Injection Service in Lubbock.

A rehearsal dinner was held in the Three Way Home Economics Room.

The bride is the granddaughter of Mr. and Mrs. R.R. Kindle, Sr. of Maple and Mr. and Mrs. Art Foley, Sr. of Littlefield.

The couple were married on the 22nd anniversary of the bride's parents.

SMILES

Try Halt

A candidate for the base--police force was taking a verbal exam.

"If you were alone in a patrol car and a gang of of desperate criminals in another car was chasing you down Sherman Avenue at 60 miles an hour, what would you do?"

"Seventy," came the reply.

Society Deadlines Set

Weddings must be in the office by Monday noon for the Thursday paper and by Thursday noon for the Sunday paper. Any wedding more than two weeks old must be edited and only the basic information included.

No shower picture will be taken without a 24 hour notice and copy must be in the office by Monday at 5 p.m. for the Thursday paper and by Thursday at 5 p.m. for the Sunday paper. An honoree's picture will be taken at only one shower.

All club stories for following edition of paper must be in 10 a.m. on Tuesday and Friday preceding the next issue of the paper.

agri-facts

By *Bill Wooley*

Farmers are taking steps to stop providing free room and board. Insects - who hole up in stored wheat, are going to have to look elsewhere for a boarding house because of preventative measures. The measures will be used by farmers and storers since many growers are holding wheat. Measures include removing all old grain, chaff and debris from inside and around bins. Wheat held for a month or more will be treated with malathion. To control meal moths, many will hang a dichlorvors (DDVP) plastic resin strip per every thousand cubic feet of overspace in the top of each bin. These strips will be replaced every six to eight weeks until the grain mass cools down to about 50-degrees. For infestation which has already occured, the dichlorvos strips will be used and, in addition, bacillus thuringiensis is recommended, raked into the grain surface to control larvae. Finally, grain in wooden bins will be sealed off with covers of polyethylene plastic sheeting.

Miss Clay Lloyd Exchange Vows In Big Spring

Miss Brenda Clay became the bride of Larson Lloyd, Jr. at 7:30 p.m. August 14 in the 14th and Main Church of Christ in Big Springs. Royce Clay, father of the bride read the wedding vows.

Parents of the couple are Mr. and Mrs. Poyce Clay of Big Springs, formerly of Muleshoe; and Mr. and Mrs. Larson Lloyd, Sr. also of Big Springs.

The altar was decorated by a large tree multibranch candlelabra with two smaller ones on each side. The seven branch candlelabras and unity candle completed the altar. The bridal archway and pew bows marked the aisle for the bride.

Seven vocal selections were sung by the "Mountain Toppers" from Texas Tech University Bible Choir. "The Lord's Prayer" was sung by Herman Nesser of Hobart, Oklahoma.

When presented in marriage by her father, the bride was formally gowned in a princess silhouette of silk organza, cluny, knottingham and vanise laces. Ruffled cluney lace filled the stand-up neckline, created the cuff of the fitted lace sleeves and outlined the deep oval lace yoke and fell into a bouffant fullness sweeping to the back in a chapel length train. Applied Venise lace motifs enhanced the flared skirt above the deep lace hemline flounce.

An unusual, special design hat held her veil. The hat was completely covered in matching lace, silk bridal illusion formed a puff in the back and then flowed to fingertip length.

The bridal bouquet was composed of pink roses with ivory lace.

Lorie Little of Big Spring served as maid of honor. Bridesmaids were Frantonya Berryhill of Muleshoe, Carol Morehead of Big Spring and Lisa Lloyd, sister of the groom, also of Big Spring.

Flower girl was Rebecca Van Wagner, cousin of the bride, of Altus, Oklahoma.

Groomsmen were Royce Don Clay, brother of the bride, Todd Stallings, Joe Goodwill, Lewis Wolf, Les Lloyd and Rusty Touchstone.

Matthew Cave was the ring bearer. Candlelighters were Helena and Sinda Speer, cousins of the bride.

Following the ceremony a catered reception was held in the fellowship hall of the 14th and Main Church of Christ. A three tiered ivory cake, decorated with pink sweetpea flowers, topped with a bride and groom, highlighted the brides table. It was adorned with an arrangement of pink silk flowers and silver candlelabras.

The groom's table featured a two layer chocolate cake topped with frozen grapes. The table featured silver appointments and a pink and ivory floral arrangement.

The houseparty included Mr. and Mrs. Jimmy Morehead, Mr. and Mrs. George Weeks, Mr. and Mrs. Guy Griffiths and Mr. and Mrs. Jerry Avery.

After a wedding trip to Puerto Viarta, Mexico, the couple will make their home in Big Spring.

The bride is a graduate of Big Spring High School and attended Howard College. She is employed as assistant bookkeeper at Dora Roberts Rehab Center.

Lloyd is a graduate of Big Spring High School and is presently attending Howard College. He is employed at the First National Bank at Big Spring.

Special out of town guests included the bride's grandparents, Mr. and Mrs. Billy J. Darnell of Muleshoe and Bryce L. Clay of Shamrock; Mrs. C.R. McAdams of Dallas, grandmother of the groom; Mr. and Mrs. Bill Darnell and Lindsey of Amarillo; Captain and Mrs. Ralph Van Wagner, Rebecca and Ryan of Atlus, Oklahoma; Mrs. Ed Spears, Helena and Sinda of Houston; Mr. and Mrs. Herman Nessey and Nancy of Hobart, Oklahoma; and Mr. and Mrs. L. Ray Adams of Dallas.

A rehearsal dinner for the families and the wedding party was hosted by Mr. and Mrs. Larson Lloyd, Sr. on Thursday night at the Branding Iron. Assisting with the dinner honoring Brenda and Larson were Mr. and Mrs. Ray Adams, sister of the groom. Approximately 40 guests were present.

Kasey Jack Frazier

Mr. and Mrs. Milton Frazier of Earth are the proud parents of a son born August 11, at 8:05 p.m. in West Plains Medical Center.

The young man weighed seven pounds and three ounces and has been named Kasey Jack. He is the first child for the couple.

Grandparents are Mr. and Mrs. Max Jones of Friona and Mr. and Mrs. Jack Frazier of Idalou.

Great grandmother is Mrs. Ragland of Roaring Springs, Texas.

Joseph Manzanares

Andrew Manzanares would like to announce the birth of his new baby brother, Joseph, born on August 11 at 8:19.

Joseph weighed seven pounds and eight ounces and was 20 inches long. Parents are Mr. and Mrs. Toby Manzanares of Roswell.

Paternal grandparents are Mr. and Mrs. Arcenio Manzanares of Needmore. Maternal grandparents are Mr. and Mrs. Julio Plerrera of Roswell.

Great grandparents are Mr. and Mrs. Antonio Plerrera of Roswell and Mr. and Mrs. A.G. Sisneros of Needmore.

MRS. DANITA THROCKMORTON

BIBLE VERSE

"The wise man's eyes are in his head; but the fool walketh in darkness."

1. Who was the author of this wise saying?
2. Who was his father and mother?
3. For what architectural masterpiece is he best known?
4. Where may the above saying be found?

Answers to Bible Verse

1. King Solomon.
2. King David and Queen Bethsheba.
3. Solomon's temple, at Jerusalem.
4. Ecclesiastes 2:14a.

End Of An Era'

He may be just a little boy at heart, but you can't amuse him with lollipops and marbles.
-Gosport, Pensacola.

Prenuptial Shower Fetes Miss Throckmorton

Miss Danita Throckmorton, bride-elect of Tom Fischback, was feted with a prenuptial shower Saturday, August 8 from 2-4 p.m. in the home of Mrs. Royce Turner.

Gereta Meissner registered the guests. Guests were greeted by the honoree and her mother, Mrs. Millie Throckmorton.

Faye Poyner and Linda Latham served thumbprint cookies and lime punch from brass and crystal appointments.

The serving table was covered with an ecru cut work and crochet tablecloth An arrangement of daisies in spring colors adorned the table.

Special guests were Valorie Dodd, sister of the bride; Millie Throckmorton, mother of the honoree; Belinda Caswell, sister of the honoree and Margaret Pointer, grandmother of the honoree.

The hostesses gifts were a kitchen center and her corsage, made of spring colored daisies.

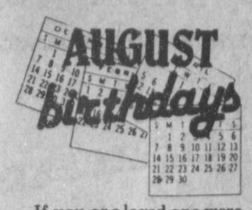

Hostesses for the occasion included Sandy Turner, Gereta Meissner, Cherry Estep, Betty Campbell, Patsy Poyner, Dorine Harbin, Margaret Gleason, Dani Heathington, Margaret Hamilton, Bobbie Dunham, Gladys Wilson, Linda Latham, Faye Poyner, and Robin Taylor.

Professionals Needed

An expert is the fellow called in at the last minute to share the blame.
-Record, Mankato, Kan.

That's Like

The first thing for a man to do after he finds he's been born equal, is to try to outgrow it.
-Record, Columbia, S.C.

If you or a loved one were born in August, you share your birthday with these famous people:

August 1: Herman Melville, American author of sea stories, who is perhaps best remembered for his immortal *Moby Dick*, was born on this date in 1819.

August 15: On this date in 1888, Thomas Edward Lawrence was born. He is better known to the world as Lawrence of Arabia.

August 18: Virginia Dare is born at Roanoke Island, North Carolina, the first child born in America of English parents, in 1587.

August 27: Was the birthday of Theodore Dreiser, American novelist, born on this day in 1871 at Terre Haute, Indiana.

Miss Young, Atwood Exchange Doublering Vows

Miss Pamela Dee Young and Mrs. James Lee Atwood, both of Muleshoe, were united in marriage in a candlelight ceremony on Saturday, August 1, st 8:00 p.m. in the First Baptist Church in Muleshoe. Rev. Doug Dubose of Pampa read the double ring vows.

Parents of the couple are Mr. and Mrs. Jack Young and Mr. and Mrs. Lee Atwood, both of Muleshoe.

The couple stood before a wrought iron archway of white candles, decorated with emerald greenery and white satin bows. The archway was flanked with wrought iron spiraling candledabras also decorated with emerald greenery and satin bows. The couple knelt on a white wrought iron knelling bench accented with emerald greenry and bows. The steps of the podium were marked by two palm trees. The couples unity candle was atop an antique white pillar and was decorated with greenry, white bows and lily's of the valley. The church windows were adorned with three tiered tulip top glasses containing blue voitive candles and nestled in beds of silk flowers in shades of blue and blue satin bows. The pews were marked with satin bows and wedding bells. The mothers pews were marked by isle candelabras.

Sherri Booker of Goodwill, Oklahoma, soloist, sang "Sunrise, Sunset" as the mothers were ushered in. Each mother carried a candle which she placed beside the unity candle. Ms. Booker sang the theme from "Ice Castles" as Kevin Atwood, brother of the groom and Michael Dunham lite the candles at the front of the church. Ms. Booker also sang "There I Love" as the couple lite the unity candle and "The Lord's Prayer" as they knelt for the benediction. She was accompanied by Mrs. Elbert Hamilton on the organ and Mrs. J.R. Johnson on the piano. The musicians presented musical selections as the guests were seated before the ceremony.

Given in marriage by her father, the bride wore the traditional formal length white gown featuring a Queen Anne collar and scooped neckline. The satin bodice was covered with alencon lace. The back waistline was accented by a silk organza bow. The double skirted gown cascaded into a chapel length train and was trimmed with alencon lace. The bride chose a picture hat of organza accented by open roses and seed pearls. The chapel length veil was ribbed with rolled satin ribbon. The wedding attire was completed by white silk pumps, fashioned by the mother of the bride, which were trimmed with lace matching the bridal dress accented by hand sewn seed pearls.

The cascading bridal bouquet of blue silk roses, white carnations, blue primroses and white gardenias was accented by satin bows, lace, blue satin ribbon, satin rope and seed pearls was resting on the Bible carried by her mother on her wedding day. Intertwined in the bouquet were a handkerchief belonging to the bride's fraternal grandmother and a new keepsake handkerchief which was a gift from the bride's mother.

The bride carried out the traditions by wearing a gold locket belonging to her maternal grandmother and a diamond engagement ring of her fraternal grandmother's as something old. Her something new was a diamond ring from the groom, something borrowed was a diamond ring belonging to her mother and something blue was her garter which was made by her mother on which was a tiny pocket holding a penny minted in the year they were married. She wore pennies minted in the year of their births and a lucky six-pence in her shoe.

The bride presented her mother with a long stemmed silk white rose as she entered the sanctuary and presented the grooms mother with a matching rose as she and the groom left.

Prisca Young of Amarillo, sister of the bride, served as maid of honor, her other attendants were ReNay Cooper of Elkharf, Kansas; Monica Dale of Muleshoe; and Rhonda Atwood, sister of the groom, also of Muleshoe. The attendants wore ice blue formal length dresses of polyester lace over taffeta gowns featuring a blousan top and according pleated skirts. They carried nosegays similar to the bridal bouquet in which votive white candles were nestled in the center. Each also wore gold necklaces with floating hearts which were a gift from the bride.

Emily Christian Ojeda, cousin of the bride, of San Antonio, served as flower girl. Her dress was of blue sateen with a ruffle at the bottom and a white ruffled eyelet embroidred penifore. She carried a basket of tulle trimmed with blue silk rose buds and dropped rose petals.

The guests were registered by Debra Stevens of Muleshoe as they entered the vestibule. They were each presented with a scroll of gratitude from the couple by Stacey Hill, cousin of the bride, from San Antonio.

The groom was attired in a solid blue tuxedo with long tails and a white ruffled shirt. Terry Burton, of Muleshoe, served as bestman. Groomsmen were Wade Wilson of Muleshoe, Gayon Strahan of Rogers, Arkansas, and Mike Henry of El Paso.

Curtis Elder, Sam Whalin, Lee Elder and Cody Crittenden all of Muleshoe served as ushers for the occasion. Greg Atwood, brother of the groom served as ring bearer.

All of the male attendants wore ice blue tuxedos with white shirts trimmed in blue.

For her daughters wedding the bride's mother chose a formal length gown of blue polyester featuring a V-neckline gathered on the shoulders and cascading into a draped collar. She wore a corsage of blue and white silk flowers.

The mother of the groom chose a daphne rose formal gown of silk chiffon featuring a capelet of matching chiffon. The gown had spaghetti straps and was gathered at the bodice falling into self-cording pleats. She wore a silk corsage in shades of pink and daffney rose.

Following the wedding a reception was held in the Fellowship Hall of the church. Sandi Donaldson of Los Alemos, N.M. registered guests as they entered the reception hall.

Linette Newman, Nancy Garcia and Mrs. Kanetha Foster, all of Muleshoe served at the bride's table. A centerpiece of three brass candlesticks with white candles in a bed of greenry in which the bridesmaids nosegays rested adorned the table. Almond punch was served from a silver and gold flowing fountain in crystal appointments. The three tiered white wedding cake accented by blue rosebuds sat atop a light blue bubbling fountain. Atop the cake sat the traditional bride and groom enshrined in a inverted crystal brandy sniffer which had been used on the bride's parents wedding cake.

The grooms table consisted of two hors d'oeuvre tables of fresh fruit, cheese, Irish meatballs, chicken Carolines, and smoked salmon with lemon pepper toast all made by the bride's mother. Coffee was served from a silver coffee service on china appointments.

For the wedding trip to Ruidosa the bride chose a navy skirt and jacket with a light blue monogrammed shirt. After the honeymoon the couple will make their home in Muleshoe where the bride is employed by Smallwood Insurance and the groom is employed by GTE.

On Thursday, July 30, the couple were honored with a formal dinner party at the Muleshoe Country Club by the bride's aunt and uncle Mr. and Mrs. Roger C. Hill of San Antonio.

The groom's parents hosted a rehearsal dinner at Leal's Restaurant on Friday, July 31.

Sunday Visitors In The Home Of Mae Provence

Sunday visitors in the home of Mrs. Mae Provence were her great niece and family, Sandra and Blaine Jozepowez and sons Bobby and Lexie of San Jose, California.

Also visiting were Paula and Travis Clements, Douglas, Dean, Damon, and Darin of Lubbock; a nephew and family, Oran and Karon Sain and sons Jason and Jeremy of Springlake and Nan Gatlin of Muleshoe.

The Jazepowez family are on a six weeks tour of famous places in the U.S. They reported seeing car tags from 36 states including one from Alaska and one from France, in one parking lot.

WOTS

Weekly Meeting

WOTS (Women of Tolk Station) had their weekly covered dish luncheon August 13, in the meeting room of Tri-County Savings and Loan, with Mildred Williams and Doris Fightmaster as hostesses.

members present were Doris Fightmaster, Lois Martinec, Zellma Toler, Mildred Williams, Faye Welborn, Ruth Daivs and Jason, Rhonda Hugg, April and Aimee and Eva Cruz.

The next covered luncheon

The next covered dish luncheon will be on August 20 at Tri-County with Zellma Toler and Doris Fightmaster as hostesses.

You may call Mildred Williams at 272-5260 or Lois Martinec at 272-3019 for more information on the WOTS Group.

Miss Bralley, Milburn Exchange Vows In Amarillo

Miss Tony Lynn Bralley and Billy Jack Milburn, both of Amarillo, exchanged wedding vows at 11 a.m., August 8 at the St. Lawrence Cathedral in Amarillo. Father Joseph Tash read the double ing vows.

The bride is the daughter of Mr. and Mrs. Bill Bralley of Amarillo. Milburn is the son of Mrs. Barbara Milburn of Muleshoe and Jack Milburn of Wichita, Kansas.

Baskets of blue and white gladiolas and mums decorated the altar.

The bride chose a formal length white gown of chantilly lace, featuring a Sabrina neckline edged with scalloped lace sparkled with pearls. The fitted bodice was enhanced by a sheer yoke adorned with lace appliques. The long fitted sleeves came to petal points over the wrists and were bordered with pearls. The full skirt fell from a natural waistline and was accented with tiers of cascading ruffles which swept to a cathedral length train. Her cathedral length veil of illusion was edged in Chantilly lace and attached to a lace covered Juliet cap scattered with pearls. The pearls were hand sewed by the bride's grandmother, Mrs. B.B. Joiner of Clarendon.

In keeping with tradition, the bride wore pennies in her shoe, minted in 1959 and 1957 for something old. She wore pearls belonging to Mrs. H.K. Stanfield for something borrowed, a blue garter and her wedding ring was something new.

Suzanne Bralley, sister of the bride served as maid of honot. Bridesmaids were Cathy Wood of Quanah, Sherri Smith of Groom and Jenny Oliver of Muleshoe, sister of the groom.

The identical attendants dresses were of pastel blue taffeta overlaid with white illusion accented with brussels. They carried white lace fans with assorted blue silk flowers.

Misty Homen, daughter of Mr. and Mrs. John Homen of Amarillo served as flower girl.

Bestman was Bud Reding of Whitharral. Groomsmen were Ricky Roberts of McPherson, Mike Grant of Levelland and Tommy Thompson of Amarillo. Ring bearer was Chip Albracht, son of Mr. and Mrs. Billy Albracht of Bushland.

Ushers were Steve Olibralley, brother of the bride, of Groom; and Tye Bralley, brother of the bride, of Amarillo.

For her daughter's wedding, Mrs. Bralley chose a blue chiffon gown. Mrs. Milburn, mother of the groom, chose a peach chiffon gown.

A reception was held at the Holiday Inn in Amarillo. The serving table was decorated with baskets of spring flowers. A brunch was served with champagne while music was provided by Marie Howard

After a wedding trip to Port Aransas and Mexico the couple will be at home in Amarillo.

The bride is a senior student at West Texas State University and Milburn is employed in professional landscaping.

Mrs. L.D. Littlefield of Groom hosted a shower for the bride, in Groom. The bride was also honored with a shower in Muleshoe in the home of Mrs. Pat Gunter. She was also honored with a lingerie shower in the home of Mrs. Sam Scott of Amarillo

A bachlorette party was given by Mrs. Don Homen of Amarillo.

Connies Cabbage Soup

Total cooking time: 1 hour 27 minutes

- 1 pound beef shank, cut crosswise in 1-inch pieces
- 5 cups water
- 1 6-ounce can tomato paste
- 1 medium onion, finely chopped
- 2 tablespoons packed brown sugar
- 1½ teaspoons instant beef bouillon granules
- ½ teaspoon salt
- ¼ teaspoon sour salt
- Dash pepper
- . . .
- 1 small head cabbage, shredded
- 1 medium apple, pared, cored, and finely shredded (½ cup)

In 3-quart casserole, combine beef shanks, water, tomato paste, onion, brown sugar, bouillon, salt, sour salt, and pepper. Cook, covered, at **HIGH** for 12 to 15 minutes or till boiling. Cook, covered, at **MEDIUM** for 45 minutes. Add cabbage and apple. Cook, covered, at **MEDIUM** for 30 minutes or till meat is tender. Remove meat from bones. Discard bones. Chop meat and return to soup. Season to taste with additional salt, pepper, and sour salt. Makes 6 to 8 servings.

MICRO TIP: To soften cheese spread, place an 8-ounce room temperature jar of cheese in the microwave oven. Heat, uncovered, at LOW for 4 to 5 minutes. For a 5-ounce jar, heat, uncovered, at LOW for 2 to 3 minutes.

Exchange Students Present Program

Three Rotary Exchange Students presented the Rotary program recently and the Rotarians were treated to music and native costumes.

Junko Otami of Japan played a piano composition which is a favorite in her home land and also told about herself.

She is 16 and an eleventh grade student. She lives with her father, mother, two sisters and a brother and a dog named Lucy.

Shin-Iche Minakata of Japan told the Rotarians his name in Japanese meant he was the number one genuine in the south.

In his home land rice, tomatoes and cucumbers are the main crops. He cites "much clean water" as an asset to his land which is used to make "tasty Japanese rice wine. He is a college freshman at Kona University which, according to Shin, is "number one in Japan." He likes swimming, sking, skating and music and "dance the best". He lives with his family and is the eldest of three brothers.

Doris Grabner of Austria stayed in Muleshoe only 10 days and had visited in Connecticut, Michigan, Alaska, San Francisco, and New York.

She has a sister and brother and her father works in a tool factory. She presented the club with a banner from the Rotarians at home.

K.K. Flowers whose family is hosting Shin, explained she had learned a lot from Shin stating "My name in Japanese means mesquito. Shin has learned a lot of English and fits right in."

Stacey Campbell who is the Muleshoe Rotary representative to Norway has played host to Junko. "She taught us how to use chop sticks. She has been writing down all the expressions we have. If anyone has a chance to have an exchange student, take advantage of it," she said.

new member of the coaching staff for the Mules. He and his wife, Annette have been employed by the Muleshoe Schools. Annette is the seventh grade basketball and track coach for girls in 1981. Soto graduated from Wayland Baptist College this past year.

Coach Scott Murray is the fourth member of the new staff. Murray was formerly on the coaching staff at Lubbock. He is originally from Panhandle. Murray's wife will be teaching in high school. The Murray's have one child.

Rounding out the coaching staff this year is Ross Dodson. Ross is unmarried as of yet, but describing himself as "looking. He is orginally from Stinnett.

According to Coach Williams, the Mules will have approximately 15 returning seniors who will see action this year.

Mule Mania seems to be alive and well, as the teams gear up for the fall pigskin battle. The mules will start off this year with two scrimmmages. The first one will be on Thursday, August 20 against Shallowater on home ground. The second scrimmage will be against Denver City.

"Our team looks good and displays a lot of "get up and go", according to the coaching staff. "We have a good outlook and a good record to start the season with." they said.

All of the coaches exressed their appreciation and hopes that the community will really get behind these boys again this year as they have in the past and help to make the football season a big success.

Hole-In-One Luck Or Skill

It was either luck or skill last week on the Country Club Golf Course when two holes-in-one were posted.

Tommy Gunstream was playing with Calvin Wood of Earth, Demp Foster of Lazbuddie, Jess Wynne and Ken Garrison, both of Muleshoe August 5 when he had a hole-in-one on hole number seven. The hole was 175 yards long.

On August 7, Father Paddy made a hole-in-one on number nine. The hole is 118 yards long. His partner was Mrs. Jo Rempe.

The two skilled golfers received one dozen balls from the Country Club.

Program...

ed and analyzed background information and noted changes and trends in order to identify major problems and opportunities. From these they established long-range objectives. Additionally, the Program Building Committee appointed special study groups that collected information which related to other aspects of county program needs.

"The booklet contains information and data on such things as county history, population trends, family living, youth, agriculture, natural resources, community services and facilities and major income sources. There is probably no other single reference that contains such a broad description of our county and its people," the agent said.

If you want to know more about your county and the Extension program, you will find the new document an informative and valuable reference. If you would like a copy, contact you county Extension agents office at the Bailey Co. Courthouse.

"TDA has been certifying applicators for five years," noted Brown. "We're sending renewal notices to applicators to update files with current addresses, and delete persons that are inactive, deceased or no longer farming. In addition, the current list will enable us to send theses applicators timely information and keep them up to date on current laws.

Brown noted, "Although many of the applicators have moved and may not have received their forms, they are not relieved of their responsiblity to get recertified."

"Only private applicators currently certified by TDA are involved in the program," Brown emphasized. "Commercial and non-commercial applicators are not included, as they are required by law to have their licenses renewed annaully."

Applicators do not have to be retrained or attend meetings, and there is no fee involved, Brown continued. Even new applicators who have recently received their pink certificates need to fill out the application. The new certificates are blue and will be dated.

"If an applicator charges a fee and sprays for the public, he needs to get a commercial or non-commercial license," Brown said. "Certificates are issued to individuals, not to a farm, ranch, or nursery. The certificates are also valid in New Mexico, Arkansas, Louisiana, Colorado, and Nebraska."

Qestions on these and/or other areas should be directed to the Texas Department of Agriculture, attention Charlie Rogers, P.O. Box 12847m, Austin, Texas 78751 or any of the twelve TDA district offices.

Present Day Farming Topic Of Meeting

"The economics of present day farming will be the topic of a talk by Dr. Wayland Bennett, Associate Dean of the School of Agricultural Sciences, Texas Tech University to members and guests at the South Plains Association of Soil and Water Conservation Districts' meeting," said L.G. Thuett, Jr., president of the organization.

The meeting will be held August 18 in Brownfield in the High School Cafeteria. Registration will begin at 10 a.m.

During the business session proposed resolutions to be presented at the state meeting of soil and water conservation district directors will be discussed.

Frank Gray of Lubbock, member, Texas State Soil and Water Conservation Board; W.Q. Richards of Paducah, director, Association of Texas Soil and Water Conservation Districts and Carl Spencer of Temple, executive director, Texas State Soil and Water Conservation Board, will present reports on the activities of each organization.

Current officers of the organization are:L.G. Thuett, Jr., Post, president; Dean Elms, Littlefield, vice president and Sam Ellis, Southland, secretary-treasurer.

Hosting the meeting is the Terry Soil and Water Conservation District.

Gasohol...

Cont. From Page 1

in alcohol fuel production from renewable sources of energy."

The exemption from the five cent motor fuels tax begins January 1, 1982 and lasts until 1987 when it will be phased in once again at the rate of one cent per year.

Area farmers could see as much as $9.00 per 100 pounds on their grains if they sign up their wheat and milo for production in the plant. "It would be like getting two checks for the crop instead of one," Sarpalius said. The $9.00 price almost doubles the current rate received.

Guy Austin who is president of Grain Producers International, a cooperative of area farmers stated, "the plant could wel be one of the biggest boosts in the agricultural, industrial and economical fields to come to Texas in a long time."

All in all Sarpalius and others who have promoted this bill from the start have declared its passing as a "major victory" for farmers and cooperatives considering the building of gasohol fuel plants.

Miss Bass, Davenport United In Doublering Ceremony

The First United Methodist Church of Muleshoe was the setting for the candle light double ring ceremony uniting Cara Evonne Bass and Michael Lewis Davenport on June 20, at 7:30 p.m.

Miss Bass is the daughter is the daughter of Mr. and Mrs. E.A. Bass Jr. of Muleshoe. Davenport is the son of Mr. and Mrs. Calvin Miessner also of Muleshoe.

Officiating the ceremony was Rev. Bill Kent of Muleshoe, with Pastor Herman Schulter of Lariat assisting.

The altar decorations were of two fifteen branch candelabras decorated with purple tapers, various greeneries including myrtle, Leather and lemon, with large orchid bows of satin finishing the candelabra arrangements. A white frost memory candle with two orchid tapers sat on a tall white pedastal surrounded by greenery with yellow, pink, blue and orchid daisies and also orchid satin loops which completed the altar decorations.

Musical selections for the ceremony were, "We've Only Just Begun" and "You Light Up My Life". Miss Sherri Henry of Muleshoe accompanied soloist Miss Susan Glover also of Muleshoe on the piano. Mickey Cloud of Muleshoe presented the traditional wedding march on the organ. Miss Starla Black and Miss Susie Pierce, both of Muleshoe, registered the wedding guests

Each mother of the couple carried a lit candle as they were escorted into the sanctuary to light a taper on each side of the memory candle for the bride and groom to use for lighting the memory candle symbolizing their unity.

The bride given in marriage by her father wore a white satin formal length gown. The fitted bodice featured a lace yoke with a jewel neckline accented by alencon lace and a tiny white satin ribbon. The lace yoke also fell into off the shoulder caplet sleeves accented by the same alencon lace and ribbon. Four rows of alencon lace surrounded the bodice and was accented in the front center by a white silk rose and satin ribon. The fitted V-shaped waistline fell into a full gathered skirt of satin with an overlay of lace trimmed with alencon lace at the hem of the skirt. The bride wore her hair in an upsweep of curls with baby's breath in among it. She carried a bouquet of cascade design made from yellow, blue, white, orchid, purple and pink daisies. Used for highlights on the bouquet were orchid satin loops and ribbons.

For something old the bride wore a set of wedding rings belonging to her late grandmother which were 55 years old. For something borrowed she wore pearl drop earrings belonging to Gereta Meissner, the grooms mother. Something blue was her garter and something new was her dress.

Miss Leslie Wagnon of Muleshoe, served as maid of honor. Miss Michelle Bryant and Miss Paula Williams also of Muleshoe attended as bridesmaids. Each of the attendants were adorned in princess style gowns of orchid sateen cotton with an overlay of orchid eyelet lace. The dresses featured a scoop neckline accented with a wide ruffle. The v-shaped fitted waistline was set off in the back center with a wide sash tied in a bow. The fully gathered skirts were complimented by wide ruffles at the hemline. The attendants each carried nosegays made of yellow, pink, blue, and orchid daisies, baby's breath and orchid satin bows.

Miss Misty Davenport, neice of the groom, served as the flower girl. She is the daughter of Mr. and Mrs. Raymond Davenport of Muleshoe. She was adorned in a white satin, miniature of the brides gown, with a white organza overlay. A wide orchid organza sash tying in the back and orchid bows at the scalloped hemline enhanced the formal gown. She carried a wicker basket filled with orchid love knots.

The groom wore a Silver Blake Tail tuxedo with a white formal shirt. His boutineere was of multi-colored daisies.

Larry Beene of Muleshoe served as best man. He wore a Silver Blake tuxedo with a white formal shirt. Groomsmen were Brad Poynor and Mickey Long both of Muleshoe. They were dressed in the same tuxedo as the best man. Raymond Davenport of Muleshoe, Marvin Davenport of Houston, both brothers of the groom and Marty McGuire of Muleshoe, brother-in-law of the bride, served as ushers. Dustin Elliott, son of Mr. and Mrs. Gary Elliott of Muleshoe attended as ring bearer. Serving as candlelighters for the occasion were Greg and Chris Young. They are the sons of Mr. and Mrs. Jim Young of Muleshoe. The father of the bride and all of the men attending the couple wore tuxedos identical to those of the groomsmen. Their boutineers were of daisies and greenry.

Mrs. Bass, mother of the bride, wore a floral print formal length gown of pastel colors. Her corsage was made of multi-colored daisies and orchid loops. The mother of the groom wore a formal length gown of blue Quiana. Her corsage was also of multi-colored daises and orchid loops. The grandmothers corsages were similar to the mothers of the couple.

A reception was held in the fellowship hall of the church.

Mrs. Hal Hilton, Mrs. Marty McGuire, and Mrs. Dave Engelking, sisters of the bride, served at the bride's table.

Mrs. Raymond Davenport, sister-in-law of the groom and Mrs. Dennis Novasad, sister of the groom served at the reception.

Rhae and Shae McGuire and Heather Engelking, nieces of the bride, and Kyle Helton, nephew of the bride passed out the rice bags during the reception. Members of the houseparty were Mrs. Royce Turner, Mrs. Jim Young, Mrs. Lewis Dale, Mrs. Ronnie Black and Mrs. Melvin Daniel.

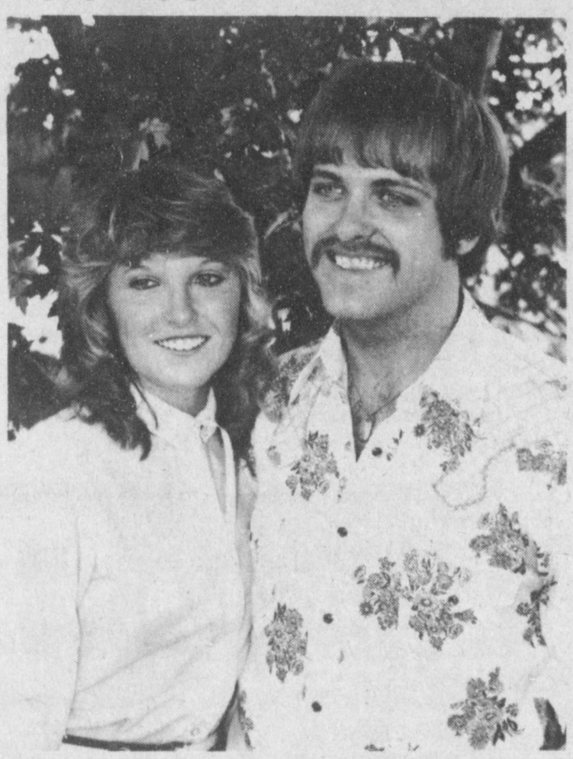

For travel the bride chose a white chino two piece suit with the brides new initials embroidered in purple thread on a pocket on the blazeer. A purple silk chamisole and a purple silk handkerchief completed the ensemble.

After a wedding trip to Ruidosa, New Mexico, the couple will be at home at Route 2 Muleshoe. The groom is employed with Muleshoe Antenna and the bride is employed in the business office at West Plains Medical Center.

Out of town guests included, Mr. and Mrs. Roy Davis of Plainview, Mr. and Mrs. Melvin Daniels of Lubbock, Mr. and Mrs. Raymond Gage of Sudan, Mr. and Mrs. Dale Hanna of Sudan, Mr.and Mrs. Pete Edwards of Sudan, Mr. and Mrs. Gaston Gage of Morton, Mr. and Mrs. Hal Helton and Kyle of Clovis, New Mexico, and Mrs. Dennis Novasad of Lubbock.

The rehearsal dinner was given by Mr. and Mrs. Calvin Meissner at Leal's Restaurant June 19, 1981. The tables were covered with white tablecloths. The centerpieces used on each table were of multi-colored flowers and greenery arranged in brass vases with purple tapers and purple satin loops.

A bridesmaids luncheon was held in the home of Mrs. Dave Engelking, sister of the bride on Saturday June 13. The tables were covered with white lace cloths. The centerpieces on the tables were of various spring flowers and purple loops. Two orchid tapers complimented the arrangement on the main table. At each place setting were name cards attached to long stemmed single daisies. A short devotional was presented in honor of the bride.

OCTOBER DATE SET.....Mr. and Mrs. Bill Black of Plainview announce the engagement and approaching marriage of their daughter, Terri Dee to Eddie Don Fortenberry, son of Mr. and Mrs. Travis Recer of Lubbock. Miss Black is a 1979 graduate of Plainview High School. Fortenberry is a 1977 graduate of Lubbock Cooper High School. They are both attending West Texas State University where she is a junior elementary education major and he is a senior physical education major. The couple will recite their marriage vows October 3 at the First United Methodist Church in Plainview. Miss Black is the granddaughter of Mr. and Mrs. L.R. Black and Mr. and Mrs. Clyde Holt, all of Muleshoe.

In The Market For Used Sewing Machine

In the market for a used sewing machine?

A "good" used sewing machine can be the best buy in several cases, says Becky Saunders, a clothing specialist on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

They're a wise choice for homesewers whose budgets won't stretch to cover the cost of a new machine, Saunders says.

They're ideal for people who just do simple sewing or repairs, and they're a cautious choice for beginners or "returners" to sewing who aren't sure how much or what they'll be sewing, the specialist adds.

Used sewing machines are available at retail stores that sell reclaimed or trade-in machines as well as new ones. Household auctions, garage sales or want ads are other sources, Saunders suggests.

A reconditioned sewing machine purchased from a retail dealer should carry a warranty, she says.

On the other hand, when buying from an individual, you may pay a lower price, but usually you must take the machine "as is."

Before buying, consider a number of factors. Answer these questions:

Does the machine sew well, and is it in good condition?

If not, can it be repaired, and what will needed repaires cost?

Are parts and additional attachments available?

Is the operating manuel included?

Will it meet your sewing needs?

Is the price right for your pocketbook?

In order to answer some of the above questions, try out the sewing machine---with thread.

As you sew, notice how it operates--does it make even stitches? Does it run smoothly without much noise or vibration?

Check the ease of threading and adjusting controls, such as tension, pressure and stitch length.

If possible, test stitches on different weights and thicknesses of fabric.

Be sure the electrical [illegible] loose, they will need replacing.

After you've checked out the used machine, be sure you know the total purchase price.

Don't allow offers or deals to tempt you beyond what you can -- or want -- to pay.

If you are not paying cash, remember the sale price does not include interest charges.

Bailey County Farm Bureau Supports G.S.P.A. and Corn Growers Association In Their Action Against Commodity Credit Corporation

The C.C.C. shipped 45 million tons of corn into High Plains area from the midwest corn belt. This corn was to be shipped to Russia prior to President Carter's embargo. C.C.C. is now selling this corn on the local market and it is depressing the market by at least 50c a bushel. Bailey County Farm Bureau believes this to be unfair to the farmers of the High Plains area so Bailey County Farm Bureau Board of Directors recommend our members and all other farmers support G.S.P.A. Corn Growers Association in their efforts against C.C.C. in this matter.

EDITORIAL

Uncontrolled Spending

The often-heard excuse offered by elected officials including recent presidents, that most federal spending today is uncontrollable, is an expensive myth--in the view of Eric Hemel. Hemel has done a study on that subject (Journal of Contemporary Studies, 260 California St., San Francisco. California, 94111).

Seventy-five percent of today's federal expenditures are "entitlement" programs. Since 1967, Hemel shows, the entitlement share of the federal budget has grown from 36 to 59 percent. Most of this increase resulted from automatic upward adjustment of federal payments keyed to the Consumer Price Index.

Social Security, created in 1935, and indexed to the CPI, as a minimum retirement program, now costs $140 billion a year. Longer lifespans continue to increase costs. Welfare payments are keyed to the price index. Because of this, recipients have kept abreast of inflation better than the American labor force. The after-tax income of the U.S. labor force, in fact, has sunk ten percent since 1977!

Hemel believes the answer to this self-fed inflation, and inequity, is to peg federal entitlement program adjustments to the Labor Department's index of hourly earnings.

He says this would be more logical, since the CPI is faulted on the high side. If the indexing was so changed, the 1980 Social Security increase would have been 8.5 percent, rather than 14,3 percent. Many other federal payment programs would have likewise been affected, thereby decreasing inflationary pressure.

Further, Hemel says, Congress can curb entitlement programs any time it has the will to do so. The myth that entitlement spending is uncontrollable is just that, a myth, he says. The real reason is that there are so many recipients of federal checks these days Washington lawmakers lack the will to anger them.

It's Congress, more than U.S. presidents, who have failed to curb spending, Hemel suggests. His study is dead on the target and should be mandatory reading for all members of Congress.

Anne Gorsuch, Environmental Protection Agency head, on easing auto emission standards:

"The air will continue to improve under the broad principles we have addressed."

Strom Thurmond, Senator, (R-SC), on Voting Rights Act:

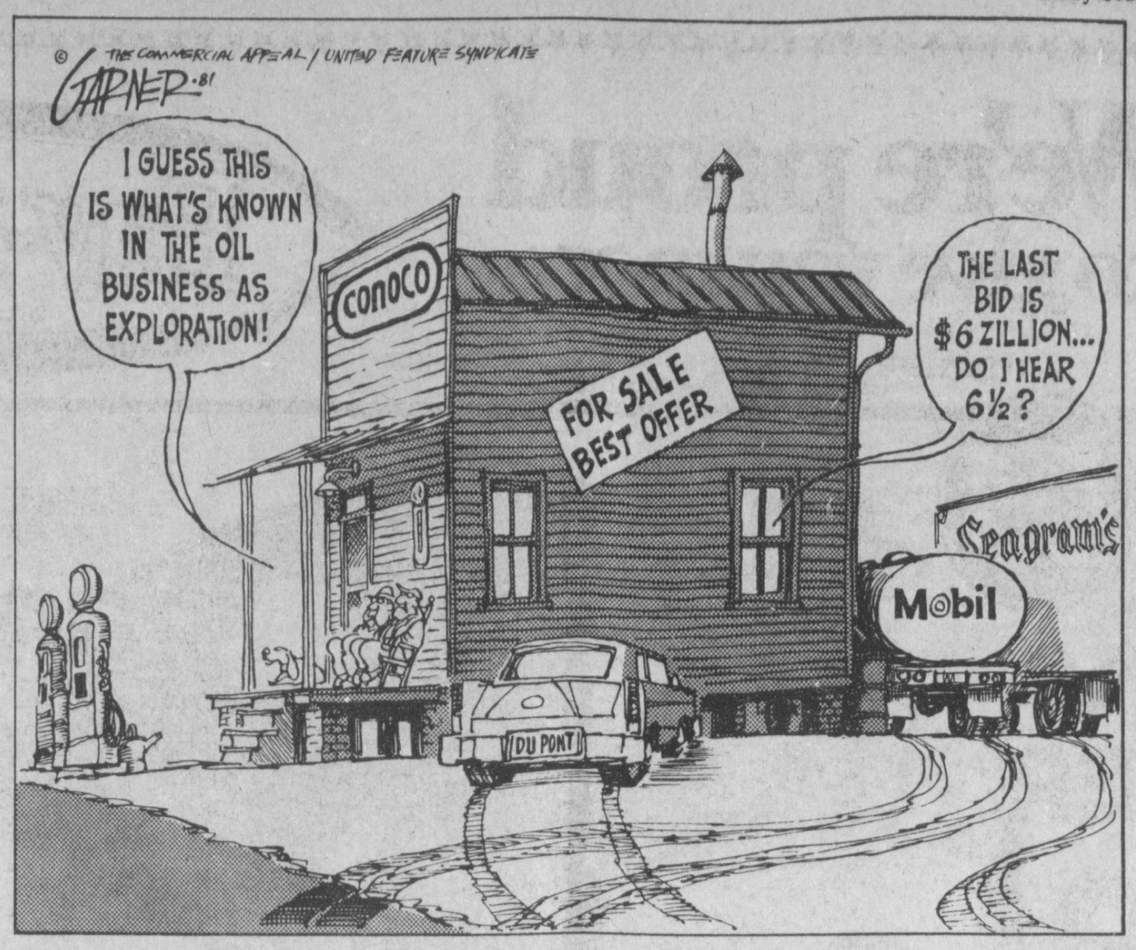

"It is my hope that the president will withhold complete judgment on this matter until the attorney general has completed his study."

WASHINGTON NOTES

ABOLISH DEPARTMENT?

Secretary of Education Terrel H. Bell has recommended that President Reagan abolish the Department of Education and turn over its functions to a new federal foundation of less than Cabinet rank, government sources said recently.

SADAT & REAGAN

President Reagan and Egyptian President Anwar Sadat concluded two days of talks recently with expressions of good will but clearly at odds over bringing the Palestine Liberation Organization to the Mideast negotiating table.

REARMING AMERICA

Defense planners have forged a record five-year budget program totaling more than $1.6 trillion for fiscal years 1983 through 1987, Pentagon sources said recently. At that rate, the nation's security would cost close to $4 per day for every man, woman and child.

BLACKS & GOP

The Reagan administration's highest ranking black official, Samuel R. Pierce Jr., the secretary of housing and urban development, predicts that the president's economic policies will not only revive the economy but lure blacks into the Republican Party the way Franklin Roosevelt's Depression-era programs persuaded them to become Democrats.

ON AUTO EMISSIONS

The administration called for less stringent auto emissions standards recently, but insisted the change would not stall progress toward cleaner air.

ON VOTING RIGHTS ACT

President Reagan says that his present inclination is to support a 10-year extension of the Voting Rights Act without seeking to extend it nationwide. The president's change of mind appeared to clear a major obstacle to renewal of he act first passed in 1965.

OWN MILLICAN?

MILLICAN, ORE. -- Pay $150,000 and this sagebrush-covered high desert town is yours. Bill Mellin is selling the gas station, store, odd buildings and 80 acres that comprise Millican.

ROCKET BLOWS UP

ROCKPORT, TEXAS -- Engineers involved in America's first privately financed satellite program tentatively blamed a frozen liquid valve for an explosion that wrecked their only test rocket.

DESIGNER DIES

PISA, ITALY -- Corradino D'Ascanio, the Italian engineer who designed one of the first workable helicopters and the popular Vespa motorscooter, died recently at age 91. The helicopter he designed flew successfully Oct. 13, 1930 in Rome.

RESTS AFTER SURGERY

ROME -- Doctors operated successfully on Pope John Paul II recently, terminating the colostomy that had been installed as part of the emergency operation after the pontiff was shot May 13.

ON RICH AND POOR

WASHINGTON -- The World Bank predicted recently that the gap between rich and poor countries will grow in the 1980s. In its annual World Development Report," the bank said some 750 million people already are living in "absolute poverty" and their numbers could grow to 850 million by 1990.

CAPITOL UPDATE

John Tower

U.S. SENATOR for TEXAS

142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

After months of discussion and weeks of congressional debate, the Administration's tax cut proposal is finally law. What will this mean to you the taxpayer?

The first difference you will notice will be a 5 percent reduction in the amount withheld from your paycheck beginning October 1. Then you will see additional decreases of 10 percent each year in 1982 and 1983.

A family of four earning a total of $30,000 will pay more than $900 less in 1984 than now. A single person earning $20,000 will pay more than $700 less.

The tax cut package also reduces the so-called "marriage tax," which requires two married wage earners filing jointly to pay more in taxes than two single people earning the same total amount. The tax plan adopted does not completely eliminate the difference, but it does offer deductions to make the situation more equitable.

Those of you who do not itemize your deductions will be able to deduct 25 percent of the first $100 you contribute to charity, and that amount will grow. This provision will allow private citizens to give more to charity, and will benefit charitable organizations.

Also starting next year, everyone will be able to take advantage of the individual retirement account deduction. Money in such an account is not subject to taxes until it is withdrawn. Another provision of the tax package includes benefits for interest income from savings accounts.

A provision to reduce the unfair tax burden for oil royalty owners will benefit many taxpayers.

One of the most significant longterm effects of the tax package will come from tax indexing. Many people end up paying larger and larger shares of their income in taxes because wage increases designed to keep up with inflation push them into higher tax brackets. So if your income is just keeping up with the cost of living, you actually lose because you are paying taxes at a higher rate.

Under the indexing provisions of the tax cut, beginning in 1985 the income level to be taxed at a given rate will rise each year according to inflation. Thus, if inflation is 10 percent, and your salary rises by 10 percent, you still will pay the same percentage of your income in taxes.

The personal exemption, now at $1,000, also will be adjusted yearly for inflation, as well as the zero bracket amount.

This provision obviously will benefit every wage earner. But it also will have a healthy effect on the federal government. For years, the government has been able to increase its revenues dramatically simply because of the "bracket creep" phenomenon, which has the effect of increasing taxes without the Congress having to act.

In the future, when Congress wants to increase spending, and thus feels the need to increase revenues, we will have to act to raise taxes. Faced with this prospect, I predict that Congress will think twice before they increase the size of government by spending more.

MRS. SENA BUHRMAN

Mrs. Buhrman Services Held Here Friday

Funeral services for Sena Christina Buhrman, 92, were held at 2 p.m. Friday, August 14 in the Ellis Chapel of the Chimes with Rev. Bill Kent, pastor of the First United Methodist Church officiating.

Interment was in the Muleshoe Cemetary under the direction of Ellis Funeral Home. Mrs. Buhrman died at 2:07 a.m. Thursday in West Plains Medical Center.

She was born August 18 1888 in Lancaster County, Nebraska and moved to Muleshoe in 1928 from Sprague, Nebraska. Her husband, Edwin Buhrman, died in 1928. She was a member of the First United Methodist Church in Muleshoe.

Survivors include two sons, Dale and Kline both of Muleshoe; two daughters, Mrs. Gladys Maddox of Muleshoe and Mrs. Edwina Eubanks of DeKalb; two sisters, Mrs. Minnie Hile of Lincoln, Nebraska and Mrs. Hannah Bachman of Santa Monica, California; one brother, Roy Vanderhook of Beatrice, Nebraska; 15 grandchildren and 25 great grandchildren.

Golden Gleams

Praise ye the Lord; for it is good to sing praises unto God; for it is pleasant: and comely.
-Psalms 147:1.

— — — —

He who refuses praise only wants to be praised again.
-Le Rochefoucauld.

— — — —

Praise makes good men better and bad men worse.
-Thomas Fuller.

— — — —

He who loves praise, loves temptation.
-Thomas Wilson.

— — — —

The sweetest of all sounds is praise.
-Zenophon.

Too much talk loses most arguments.

Nursing Home News

By Joy Stancell

Thursday Aug. 23rd at 2:30 p.m. the Needmore Community Club will host our monthly Birthday party. Residents having a birthday this month are Keith Fuller, Edith Bruns, Marie Patton, Arthur Bradley, Archie Scarlett, Bertie Hendrix, and Lula Brinker. We invite the families and friends of these to attend and anyone who would like to.

*****

Thursday morning the Church of the Nazerene came to have a Devotional with the residents. Bro. Williams, and Fay Huston sang special music.

*****

Thursday afternoon Maud Kersey, C.W. Wilhite, Doc. Goucher, and Mrs. Shipp came to play 42 and dominoes with Alma Henley, Jerry Mudgett, Edith Bruns, Grace Kemp, Betta Lancaster, and Bertie Hendrix.

*****

Friday ladies from the Assembly of God Church came to give a Devotional to the residents. Refreshments of ice cream and cake were served afterwards.

*****

E.B. Wilson came Sunday morning to have Bible Study with the residents. Mrs. Wilson also gave the residents fresh peaches.

*****

Sunday afternoon the Needmore and Circle Back Singers came to have a "Song Fest" with the residents.

*****

Tuesday afternoon the Nursing Home and Hospital Auxillary came to shampoo and set the ladies hair.

*****

Wed. afternoon Glenda Jennings, Bro. and Mrs. Louis Crenshaw, from the Lazbuddie Methodist Church came to have a Sing-A-Long with the residents. Guests at the singing were Mr. and Mrs. Kenneth Precure, guest of Keith Fuller, Mrs. Maude Kersey, Mrs. Berry, guest of Murphy Berry, Mrs. Bartlett, guest of Thurmon Bartlett.

*****

Lena Bell Thomas moved to Lubbock Friday. She was going to attend a family reunion over the weekend. Mrs. Thomas became a resident of a Nursing Home Monday.

*****

Russ Duncan was visited by her son Mr. and Mrs. Hillis Duncan from Fairview Tuesday.

HIS TROUBLES WON'T GET HIM DOWN

Forgetting his incapacitation, he is happily determined to plan ahead. His spirit is not easily crushed. Life is always full of hope and excitement. The Lord and this young man's Christian friends have taught him to have such an outlook on life.

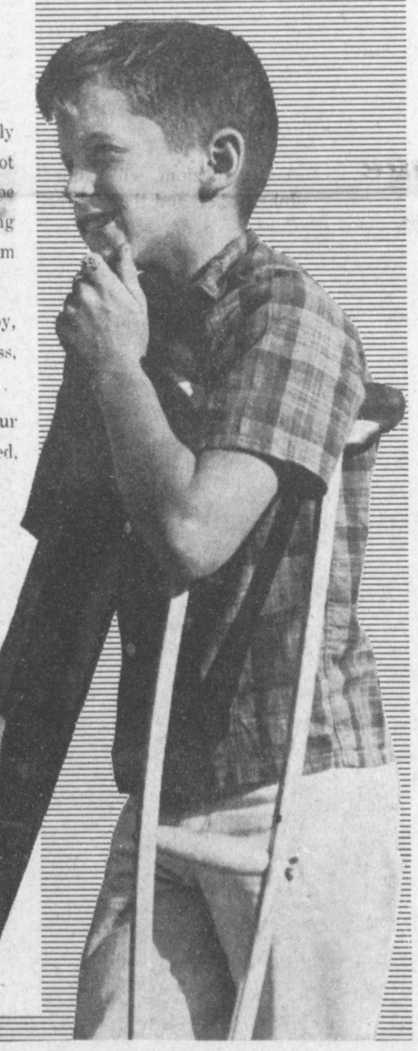

"But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith." Galatians 5:22.

We invite you to attend the church of your choice regularly to worship, to be uplifted, encouraged, and blessed.

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Malathion Found In Most Households

Malathion, the insecticide used to combat the Mediterranean fruit fly in California, is a chemical that can be found in most households, said an entomologist at Texas Christian University.

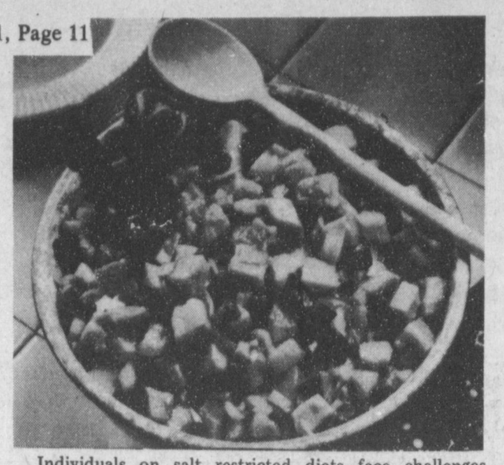

"If you look on the container of the sprays that you buy at your grocery store or any spray that you use in your garden, malathion is one of the chemicals that is used in many of these sprays," said Dr. Nick Wilson, assistant director of the Ranch Management program at TCU. "It has a tremendous record of safety and we've all used it if we've done any insecticide work at all.

"What we see happening in California is simply the spraying of the trees or fruit so the insecticide will come into contact with the larva or adult medfly, thus breaking the life cycle," he continued.

"On the other hand, the fumigation effort is when gas is used in a closed container or closed area so it more or less drowns the insect because it cannot get oxygen. With fumigation, we know that every fruit moving into an area will be treated so that it does not have the Medfly," Dr. Wilson added.

"The fruit fly is a medium-sized fly, somewhat smaller than the typical housefly, but it is a very prolific breeder," he said. "It is a tremendously damaging pest. It can move in and destroy a crop very quickly. I would like to see us take all the steps we can to make sure this pest doesn't get into our crops here in Texas. I recognize the fact that not all of the fruits and vegetables in California are infested. On the other hand, In think it is our obligation to protect the producers of fruits and vegetables here in Texas."

The fruit fly has been a problem in other parts of the U.S. long before the recent episode in California. In the 1950's and even earlier there were problems with it in Florida and some small problems in Texas, the TCU professor said.

Individuals on salt restricted diets face challenges whenever they plan meals. But the situation becomes more difficult when planning a low-sodium picnic menu that the whole group will enjoy.

Studies show that most Americans consume far more salt than they need to maintain good health. A good place to start reducing salt in everyone's diet is by substituting new Fleischmann's Unsalted Margarine for butter or regular margarine. It is now available in the dairy case, and is kosher and parve (milk free), too.

When it is necessary to follow a low-sodium diet, many of us are led to believe that food will be bland and boring. This is not the case. The accompanying recipe for Calico Potato Salad combines Fleischmann's Unsalted Margarine with a variety of seasonings in an unusual variation of a favorite dish where no one will miss the salt. Served warm or at room temperature, it is an ideal dish to pack for a day's outing.

CALICO POTATO SALAD
Makes 10 Servings

- 1/2 cup (1 stick) Fleischmann's Unsalted Margarine, melted
- 1/4 cup cider vinegar
- 1 tablespoon sugar
- 1/4 teaspoon dry mustard
- 1/4 teaspoon ground black pepper
- 1/3 cup finely chopped green pepper
- 1/3 cup finely chopped onion
- 1/4 cup chopped pimiento
- 6 medium potatoes, peeled, diced and cooked

Thoroughly combine Fleischmann's Unsalted Margarine, vinegar, sugar, dry mustard and pepper. Mix in green pepper, onion and pimiento. Pour over warm potatoes. Toss lightly and serve warm.

Share Your Recipes In TDA *Quarterly*

AUSTIN--Recipe swappers continue to share their favorite cooking secrets in the pages of TDA Quarterly and Agriculture Commissioner Reagan V. Brown encourages readers to join the culinary fun in the upcoming Fall issue of the magazine.

TDA Quarterly, a publication of the Texas Department of Agriculture, features recipes from readers as well as recipes featuring specific Texas agricultural products. The colorful magazine also contains features about Texas agriculture of interest to consumers and producers alike.

"Readers recipes have become a special feature of the Quarterly as they provide a forum for sharing favorite ways of utilizing the wide variety of Texas agricultural products," Brown noted. "We also try to help cooks find that recipe they've been searching for through contact with other recipe collectors."

Horse Contest Feature Of Fair

The deliberate and methodic work of cutting horses will be on display during contests approved by the National Cutting Horse Association at the 64th annual Panhandle South Plains Fair in Lubbock.

The contests, to be stage

The contests, to be staged in Fair Park Livestock Pavillion, are slated for Oct. 1, according to Steve L. Lewis,fair general manager.

The fair run is Sept. 26-Oct. 3.

Randy Upshaw has been named superindent of the show and A.L. Wilson of Lubbock will represent the national association during the events, co-sponsored by the fair and Lubbock County 4-H Clubs.

Entries will be accepted up to one hour before each contest.

The youth contest will begin at 6 p.m. A $25 cattle and office charge will be assessed. First through third place winners will receive buckstitch halters while fourth through sixth place winners will receive trophies.

Open championship cutting is tabbed for 7 p.m. Entry fees of $15 plus $75 cattle and office charges will be assessed. There will be $1,500 purse plus entry fee in the competition. There will be one go-round plus finals.

Approximately $75,000 in premiums are being offered in the many facets of the exposition this year. It represents an all-time high.

In addition, seven stage shows have been booked for Fair Park Coliseum, headed by Charley Pride, who will be making a record 10th appearance here.

Mickey Gilley, who has been enjoying a meteoric rise to stardom, will bring Johnny Lee and the Urban Cowboy band here Sept. 28.

He'll be followed by Don Williams, Sept. 29; Marty Robbins and Little David Wilkins, Sept. 30; Slim Whitman and Boxcar Willie, Oct. 1; Mel Tillis and the Maines Brothers, Oct. 2; Jacky Ward and the Kendalls, Oct. 3.

Show times are 5 p.m. and 8 p.m. daily except for Williams, who will be on stage only at 8 p.m.

All seats are reserved and tickets for all shows are $6, $7, and $8.

Mail order reservations are being accepted by the fair association at P.O. Box 208, Lubbock, Texas 78408 Requests are being filled in the order in which received Mail order reservations must be accompanied by a stamped, self-addressed envelope.

State Grants Encourage Heritage Preservation

Lawmakers of the 67th Texas Legislature turned their attention to the past as well as the future of the Lone Star State, and passed a bill creating a $250,000 state fund to aid qualified historic preservation projects.

The State of Texas has long been a national leader in heritage conservation programs, but this is the first time state funds have been allocated for a preservation grants program. And in light of reduced federal preservation assistance, the Texas program is again likely to be a pioneer in this field of state cultural resource conservation.

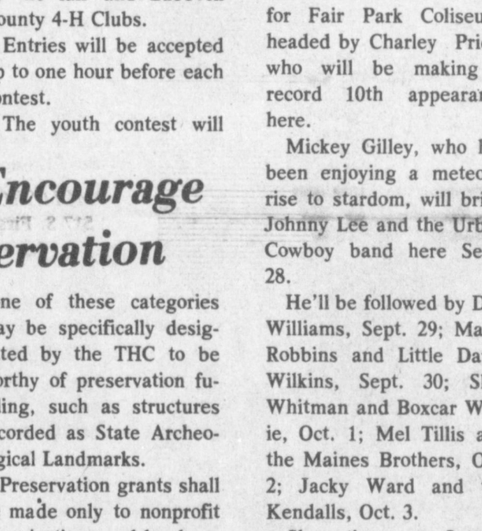

The Texas program authorizes the Texas Historical Commission to make matching grants to nonprofit and local governmental entities for the preservation of significant historic sites and structures.

Detailed grant guidelines have been formulated to assure that state monies will be distributed to the most feasible preservation projects in Texas. Key elements of the guidelines are that every state dollar granted must be matched by two dollars cash from other sources; that applications and expenditures of fund awards conform to a prescribed timetable; and that project properties meet specific criteria to determine historical significance.

To be eligible for grant assistance a property must: 1(be included in the National Register of Historic Places; or 2(be designated as a Recorded Texas Historic Landmark; or 3(be determined by the THC to be eligible for inclusion in none of these categories may be specifically designated by the THC to be worthy of preservation funding, such as structures recorded as State Archeological Landmarks.

Preservation grants shall be made only to nonprofit organizations and local political subdivisions of the state. Deadline for 1981 grant applications is September 15. Grants will be awarded in October, and recipients must spend their funds by July, 1982. All grant allocations will be at least $2,500 but not more than $50,000.

Detailed grant guidelines and application forms are available from the Texas Historical Commission, P.O. Box 12276, Austin, Texas 78711.

TEST RESULTS

CERTIFIED TEST RESULTS

ALL WEATHER COMPUTER DESIGNED TREAD
A quiet running, computer-designed tread channels water away to provide excellent gripping action for any type of road condition — wet or dry. New tread compounding remains flexible in cold weather for extra traction on ice or snow.

ARAMID BELTS
Provides a more comfortable ride than steel. Aramid belts increase your protection from cuts, punctures, and other road hazards.

POLYESTER RADIAL PLIES
Polyester cord radial plies run from bead to bead. These strong body plies absorb bumps and road shock. Radial construction keeps the tread flat on the road for great control, even on curves.

SPECIAL SIDEWALL REINFORCEMENTS
A special high modulus apex strip is positioned above the tire bead. This stabilizes the sidewall for more positive steering action and recovery on sharp turns.

RADIAL CONSTRUCTION
Radial construction minimizes friction and tread distortion for long tread life. You benefit with better gas economy, improved traction and handling and superior control on curves.

NEUTRAL CONTOUR TIRE SHAPE
New three-line neutral contour has been designed to relieve internal stress points at belt edges. Engineered for qualified strength and performance.

MAKE YOUR OWN COMPARISON

We have compared the Michelin XW to our ARAMID tire using the Michelin performance as a base of 100. Any number above 100 indicates better performance than the base tire.

	CORDOVAN SOVEREIGN ARAMID BELTED RADIAL SIZE P215/75R-15 RATING	MICHELIN XW STEEL BELTED RADIAL SIZE GR78-15 RATING
TREADWEAR	118	100
HI SPEED TRACK (TIRE'S ABILITY TO WITHSTAND EXTREME STRESS)	100	100
HI SPEED TEMPERATURE BUILDUP	122	100
HANDLING TEST	97	100
FUEL ECONOMY AT 55 MPH	104	100
HYDROPLANING AT 50 MPH (TIRE'S TRACTION ON WET ROADS)	135	100
LABORATORY PLUNGER TEST	99	100
RIDE	105	100

OUR BEST SOVEREIGN

For years Steel belted radials have been the established standard of the industry . . . now

Aramid — the space-age tire cord material has been developed by Dupont laboratories to replace steel as a belt material in radial tires

Aramid is the ideal material for tires because it combines the toughness and durability of steel at one fifth of the weight with the comfort and smooth ride of a fabric belted radial.

MILEAGE
Stronger than steel Aramid gives equal performance with less weight. Lighter weight reduces internal friction and heat build-up.

SMOOTH RIDE
The flexible lightweight Aramid belts plus super tough Polyester cord radial body plies deliver a smooth, comfortable ride.

SKID RESISTANCE
Sovereign's computerized tread pattern effectively drains out water and improves traction on wet or dry weather. Radial construction keeps the tread flat on the road with a surfaced grip. Flexible sidewalls absorb lateral force on curves and ensures the tread remains in contact with the road.

ALL WEATHER TRACTION
Special tread rubber compounding stays flexible in cold weather to deliver improved traction on any kind of road condition. New computer-designed tread improves traction by channeling water away on wet roads.

IMPACT PROTECTION
Aramid is the strongest tire cord ever developed. Pound for pound it's five times stronger than steel. Two Aramid belts over strong polyester radial radial body plies provide flexible strength for grip or durability.

ALL SEASONS CORDOVAN PREMIER IV

A new kind of tire for year round driving

Wherever you drive, whatever the season — no matter what the conditions — the new Cordovan Premier IV ALL SEASONS radial is the perfect answer to your driving needs.

If you live where it's sunny and drive to the snowy mountains, or live where one type of tire is needed for winter driving and decide to vacation in the sunny south you'll have the right tires on your car.

No matter where you live, weather can surprise you — slippery downpours of rain or muddy areas can suddenly turn dry roads into very dangerous driving conditions.

The Cordovan Premier IV ALL SEASONS Radial gives you freedom! No need to worry about unexpected weather changes or road conditions. Go where you want to go — at any time with complete confidence in tire performance.

Animal Health Commission Warns Of Screwworm Threat

A screwworm disaster for Texas this Fall?

That's not a prediction of things to come, but it is a distinct possibility, warns Dr. J.E. Holcombe, executive director, Texas Animal Health Commisiion. "The potential for an outbreak of screwworms is in place, and we must take steps now to thwart it," he said.

He urges all livestock producers to perform routine inspections on all livestock, and submit suspected screwworms samples to the fly lab at Mission. "Pet owners and veterinarians need also to be alerted to this task," Dr. Holcombe said.

An increase in the number of confirmed screwworm outbreaks in Mexico near the U.S. border is one of the major reasons for fearing a screwworm disaster in Texas this Fall. Twenty-seven known screwworm cases in Mexico, all well within the insect's flying range of this state, were reported during July.

"This is not our only worry. A wetter than usual spring and summer caused an explosion in the number of Gulf Coast ticks which feed in ears of cattle in large numbers, leaving wounds when they drop off; these are made-to-order targets for screwworms. Shearing of sheep and goats is underway, and this will create wounds which will be ideal for screwworm infestation.

"But perhaps our biggest problem is complacency. The screwworm eradiction program has been so successful that we forget that continued checking of livestock for possible screwworms is essential to an eradication program. Producers along the Rio Grande River need to be especially watchful; in fact, producers throughout the state need to get back in the habit of submitting suspected samples to the fly lab at Mission," Dr. Holcombe explained.

Mailing kits for sending in the samples are available free from a number of outlets, including veterinarians, county agent's offices, and Texas Animal Health Commission area field offices.

The confirmed cases in Mexico are from 50 to 120 miles south of the Texas border. "Now is the time to be looking for screwworms. We need to know where the screwworm is in order to take appropriate measures to wipe out infestations which may occur in great numbers in Texas this Fall," Dr. Holcombe said.

NEWS VIEWS

Dan Rostenkowski, Congressman, (D-Ill), on tax-cut compromise:

"I prefer to think we are in agreement much more than in disagreement...Things have gotten brighter."

Business Exposition Scheduled September

The 2nd Annual West Texas Business Exposition is scheduled for September 25th and 26th in the Exhibit Hall of the Lubbock Memorial Civic Center. The primary purpose of the Exposition is to allow small and mid-size businesses to exhibit goods and services to the public and to provide factual information concerning topics vital to business owners.

Outstanding speakers such as: Robert T. Sakowitz, Sakowitz, Inc., Robert Boykin, President, Federal Reserve Bank of Dallas, Michael Cardenas, Administrator of U.S. Small Business Administration, Washington, D.C., Ted Eck, Chief Economist, Amaco Oil Co., Houston, and Charles Shuman, Jr., Farmers Home Administration, Washington, D.C., have been chosen to motivate, inform, and clarify existing problems of today's business world.

Ben Brown, Exhibit Chairman, strongly encourages interested businesses to reserve exhibit space now. Space confirmed by August 15th costs $125.00, and includes a six foot skirted table and one 7"x14" identification sign. Mr. Brown says "The West Business Exposition offers an excellent opportunity for many area businessmen to exchange information, and to acquaint others with their products and services. This year we estimate that over 10,000 people will attend".

For application or further information, contact: Ben Brown, Exhibit Chairman, P.O. Box 1646, Lubbock, Texas 79408, or call 744-0152.

Cannon Air Force Base Scheduled Appreciation Day

The 1981 edition of Community Appreciation Day is August 30.

The gates will be open to the public in an effort to express the 27th Tactical Fighter Wing's appreciation for the support the communities have given all year.

Activities will begin at 11 a.m. and continue until 5 p.m. People will have an opportunity to visit some of the base facilities, see static aircraft displays and much more.

Some of the unique capabilities of the wing's F-111D, also known as "Whispering Death," is one of the fastest aircraft in the Air Force inventory.

Last year, the U.S. Army "Golden Knights" precision parachute demonstration team fell to earth as part of the festivities. This year, the U.S. Navy will take a turn. The Navy "Leapfrogs" parachute team will take a whirl at plummeting to Cannon soil.

When jumpers are not falling to earth, suspended from silk and cord, the U.S. Air Force "Thunderbirds" aerial demonstration team will perform their magic.

To add to the festive occasion, the contemporary unit of the Air Force Band of the West, from Lackland AFB, Texas will provide the music.

*THUNDERBIRDS AT CANNON AFB.....*The U.S. Air Force "Thunderbirds" aerial demonstration team recently made a brief stop at Cannon AFB, N.M. The "Thunderbird" will be back here for Community Appreciation Day, August 30. (U.S. Air Force Photo by AIC Jeffery Johnson)

Soybean Situation Highly Volatile

Soybeans, a cash crop of growing importance in Texas, will likely face ups and downs in the marketplace this year.

Extended wet weather this spring dealt a hard blow to the Texas soybean crop, causing some farmers in coastal and eastern areas to replant as many as three times. This means considerable added expenses plus low yield potentials from these late plantings.

"The fact that the average price of beans to farmers is about a dollar higher per bushel now than at this time last year should encourage producers to forward contract at least part of the crop," points out Johnny Feagan, economist with the Texas Agricultural Extension Service, Texas A&M University System. "This would assure a profit on part of their crop and reduce their risk.

"How much of a moneymaker Texas soybeans prove to be this year will depend on the weather during the rest of the growing season, the overall U.S. crop and export demands," points out Feagan

The total U.S. crop will likely exceed 68.7 million acres, with some double planting behind wheat still under way. That acreage is 2 percent below last year. About 15 percent of the acreage is estimated to be double-cropped, and these acres usually produce lower yields. This, in conjunction with expected lower yields from late plantings, should keep the national average yeild somewhat below earlier USDA predictions of 29.5 bushels per acre.

The Texas crop will likely total 700,000 acres, about the same as last year. It would have been up considerably with favorable spring weather.

Regarding exports, world demand for oilseed crops is up about 4 per-

beans are exported. However, the demand for soybeans and soybean products has slowed somewhat in recent weeks due to reduced livestock feeding and higher vegetable oil stocks. Meal prices are currently just under $200 per ton.

"The strength of the dollar against foreign currencies and high interest rates also have contributed to curtailing exports of soybeans and soybean products," notes Feagan. "In addition, inventories of soybeans and their products are much higher than earlier estimated. Of course, the general state of economic conditions around the world also is having a dampening effect on the soybean market."

The Soviet Union, a major importer of U.S. beans in the past, is currently negotiating with Brazil for its soybean needs, so the U.S. will have to look elsewhere. China has not filled its needs and could brighten the export picture, notes the economist.

RECIPE

Vegetable Soup

1 medium sized soup bone
2 onions sliced thin
3 carrots sliced thin
1 c celery diced
2 turnips diced
1 c butter beans
2 c okra sliced
2 cans tomatoes
Salt and pepper to taste
Sugar to taste

Place soup bone in 2 quarts of water, add onions, carrots, celery, turnips and butter beans. Cook about 2 hours. Add okra and tomatoes. Cook 30 minutes or until vegetables are tender. Season with salt, pepper and sugar. Add water if needed.

Fruit Sherbet

2½ c water
1 small can orange juice frozen (diluted)
2 c sugar
1 large can crushed pineapple
6 bananas (mashed)
5 lemons (juice only)

Combine the above ingredients, place in freezer and stir several times until frozen. After freezing, this mixture can be spooned into parfait glasses and kept in the freezer or dipped into sherbet dishes when served. This recipe keeps well for several days in freezer. Food coloring may be added for special occasions.

Makes about three quarts.
