Haskell sales tax rebate shows 61-percent increase

Haskell's sales tax rebate check from the state comptroller this month was in the amount of \$15,442.66, a whopping 61-percent increase over the \$9,590.76 received in June of last year.

For the year to date, the city has now received \$111,538.86, or 49 percent more than the \$74,854.97 received in the first six months of 1991.

The increase is attributed to the

new half-cent tax increase which went into effect in October of last year.

This month's payment represented taxes collected on April sales and reported to the comptroller in May by businesses filing monthly tax returns. Only other Haskell County city to receive a check this month was Rule, which received \$1,045.16, up from

\$724.53 for the same period last year.

For the year, Haskell, O'Brien, Rochester, Rule and Weinert have received \$128,843.46 in sales tax rebates during the January-June period. Last year, the same period brought in \$91,193.80.

Rochester's six-month total stands at \$4,680.89, up 43 percent over last year's \$3,267.28 for the same period.

Weinert has received \$1,674.96, compared to \$1,400.73 for the first six months of 1991; and O'Brien has received \$1,433.60, compared to \$1,184.56 last year.

Only Rule shows a decline from 1991, \$9,515.15 this year compared to \$10,486.26 last year.

The sales tax rebate to Stamford this month was \$24,320.62. While this is an 8.49-percent increase over June 1991 when Stamford got \$22,416.73, Stamford's six-month total has decreased from \$177,782.32 last year to \$121,830.92 this year. Stamford has had a 1.5-percent local tax rate for two years.

Two other Jones County cities, which like Haskell, increased local tax rates in the past year, registered corresponding increases this month. Hamlin received \$8,014.03 this month, compared to \$5,478.95 in June 1991, while Anson received \$7,136.36, compared to \$3,695.49 last June.

As a result of the tax increases, Anson's six-month total is up by 55 percent (\$52,477.20 vs. \$33,829.27) and Hamlin's by 40 percent (\$64,399.08 vs. \$45,871.97).

Mary Jane Short in study program

Mary Jane Short, 11, of Rochester attended "Shake Hands With Your Future" on the campus of Texas Tech University in Lubbock from May 31 to June 13.

"Shake Hands" is a residential summer study program for gifted and talented students sponsored by the Institute for the Gifted.

The program aims to develop the whole person by exposing students to academic experiences not commonly found in schools, by providing a supportive environment in which students share experiences and stimulate each other's thinking and creativity, and by providing a broad overview in an area of interest.

University faculty, staff and graduate students serve as instructors who guide students through investigations of complex,

diverse subject matter and research process.

In addition, students interact with other outstanding professionals and take part in small group work and field trips as they participate in two classes of their choice. Choices were Aerodynamics, Archaeology, Architecture, Business, Photography, Psychology, Art, Atmospheric Science, Computers, Creative Writing, Law and Theater Arts.

Students attend two three-hour classes each day. All students were housed on the Texas Tech campus. Several times, students went to the recreation center which has an Olympic size pool, tennis courts, racquetball courts and other indoor sports. Additional evening activities

Four teams to compete in tournament

A baseball tournament for 13- and 14-year-olds will be played June 18-20 at Haskell's Pony League field.

Teams from Haskell, Hamlin, Hawley and Rotan will compete in doubleheaders on Thursday and Friday in the double elimination tournament.

Finals will be played Saturday.

Rotan and Hawley will play the first game at 6 p.m. Thursday. Haskell and Hamlin will match up for the second game, beginning at about 8:30.

Admission will be \$1 for adults and 50 cents for children.

Mothers of Haskell players will provide a concession stand. Betsy Nanny and Jo Pogue are coordinators of the stand which raises money for the program.

"We will have hot dogs, nachos, Frito pie, candy and drinks," Mrs. Pogue said.

Coaches for the Haskell team are Glenn Pogue and Joel Nanny.

Players are Joseph Andress, Matt Blanks, Corey Breckel, Harrison Druesedow, Mik Everett, Lyle Fouts, Jamie Hodgins, Casey McDaniel, Ryan Nanny, Chancey Pogue, Eric Reid, Greg Rodriguez, Joe Salinas and Justin Stewart.

Rain! Rain! Rain!

It rained on nine of the first 14 days of June, Sam Herren, weather recorder, reported Tuesday.

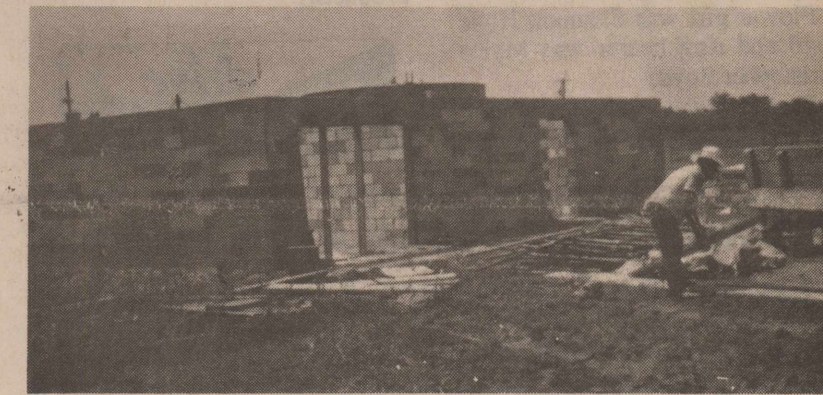

Here are the totals:

June 1: .66,
June 2: .32,
June 6: .34,
June 7: .10,
June 8: .03,
June 9: .61,
June 10: .17,

June 12: .42,
June 14: .46.

The total for the 14-day period came to 3.11 inches, boosting the year-to-date rainfall total to 20.16.

Much heavier rains were reported in other parts of the county as the unusually wet weather continued to play havoc with the unharvested wheat crop and the unplanted cotton crop.

Fire training site

Workmen this week are erecting a 30x40-foot building near the airport as the first phase of the Tom Watson Memorial Fire Training Field. The building will be used as a "smokehouse" to train Haskell and area firemen in structure fires.

Rule designates first clean up day

The City of Rule and the Rule Chamber of Commerce have joined together to initiate a concerted effort by everyone to "Clean Up Rule." The first designated cleanup day will be this Saturday, June 20. Everyone is asked to join in and help make this a successful day.

A 30-yard capacity trash container or dumpster is in place in the City Hall parking lot (adjacent and northeast of the City Hall). Everyone is asked to pitch in and help abate the trash problem that now exists. The large dumpster is being made available for large items of trash, household appliances (washers, dryers, water heaters, etc.).

Rocks, bricks, soil, cement or batteries should not be placed in the large dumpster.

Citizens also are asked not to put tree trimmings and limbs in the dumpster. These items may be stockpiled on the vacant space to the east of SH 6 between Lisle Gin and the WTU substation.

There will be no charge to anyone for use of the large dumpster. However, if anyone desires to make a contribution to the cleanup fund, it would be welcome to help defray the expense of making the large dumpster available (monthly rental: \$80; pickup fee: \$65; landfill fee: approximately \$90).

TAX PLANNING

Written By
Gerald Rodgers, CPA

REPORTING REQUIREMENTS FOR NEW BUSINESSES

If you're a new entrepreneur, we would like to welcome you to the business community and wish you every success in your new venture. We would also like to offer some guidance to help you navigate the new and sometimes confusing area of small business reporting and recordkeeping.

All businesses need a federal taxpayer identification number. Corporations and partnerships must file form SS-4 with the IRS to receive an Employer Identification Number (EIN). Unincorporated business that hire outside workers also file form SS-4. Unincorporated businesses whose only workers are its owners may use the owner's social security number to identify the business instead of filing form SS-4.

Businesses paying wages to any individual will be required to withhold income tax and social security (FICA) tax. The states and the IRS also require unemployment tax reporting on a quarterly basis. Ask the IRS to send you Circular E, which describes the filing requirements for employers. You should also call your state's tax office to request information about unemployment taxes.

Dealing with the myriad of local, state, and federal taxing authorities is often confusing. However, complying with these requirements from the beginning can save time, money, and frustration in the long run. We can assist you in registering your new business, applying for the appropriate identification numbers, and setting up your books and records. Call our office for assistance.

THE DRUG STORE

--Library Notes--

By Joan Strickland
The library will be closed Monday and Tuesday, June 22-23, for installation of new book shelves.

So far we have about 48 children registered for the summer reading program. If you have not registered, please come on in and get signed up.

The ages this year are from preschool to 13 years, and each time you come in to check out books remember you can register for the drawings for prizes and savings bonds. Our first story time will begin on Wednesday morning, June 24, from 10 to 11.

A reminder to children and parents: Your books may be checked out for two weeks. If they are late there will be a five-cent-per-day fine. If the books are damaged or lost you are responsible for them. You must pay for the book plus the processing fee of getting the book ready for circulation; this is usually a \$5 charge.

If you have lost or misplaced a book please always try to find it rather than just offering to pay for it. Some books are irreplaceable and I'd much rather have the books back than the money unless it is impossible to locate it.

If you owe a fine or have not returned books in the past I urge you to please bring these books to the library. I won't bite your head off--I'll be very appreciative. I may not let you check out any more books for a while, but a month's suspension from the library may make you more appreciative of our services.

If you cannot get your books in on time, please give me a call and I can renew them over the phone for another two weeks if necessary (864-2747). If you are ill or the weather is too bad I will be happy to deliver your books or pick them up if you will just let me know.

-LETTERS-

Dear fellow Haskellites: I wanted to say a great big "Thank You" to all of you who supported us (McMurry University cheerleaders) at this past Super 2nd Saturday.

Your help and generosity will allow us to better support our school by attending out-of-town games and going to camp. A special thanks to Wendell Faught, First Baptist Church and to KVRP for help promoting our activities. Also a special thanks to Doris and Max McMeans for their hospitality.

Haskell was very supportive and receptive to us, and for that we especially thank all of you. Haskell is truly a great place to call home.

Melissa Phemister
And the McMurry Cheerleaders

I will work with you any way possible to keep good relations with the library but I do expect you as a patron to be responsible and do your part also.

Donations to the Memorial Fund: Florence Peden in memory of J. W. Aycock; Pam Mathis in memory of Cecil McDaniel.

Library hours: Monday, Tuesday, Thursday and Friday, 1 to 5 p.m. Wednesday, 9 a.m. to 5 p.m.

Correction

The names of the First National Bank of Haskell and Farmers National Bank of Rule were omitted from the list of sponsors for the Texas Chiefs Model Airplane Club's open house in a story in last week's Free Press.

BY WENDELL FAUGHT

Most newspapers in Texas were founded in the late 1800s, during the time when most of the towns and cities were being established.

And most of them had names such as News, Tribune, Journal, Times, Gazette, Post, Courier, Democrat, and the like.

Unlike many other businesses, newspapers retain their names through ownership changes. There may be a few exceptions, but I know of not one newspaper that ever changed its name--completely.

There have been many that have taken on hyphenated names--Abilene Reporter-News, San Angelo Standard-Times, El Paso Herald-Post, etc. These names are the results of mergers where one newspaper merges with another and both names are retained.

At least a couple of Texas newspapers have double-hyphenated names. The names of the Wichita Falls Times-Record-News and the Tyler Courier-Times-Telegraph indicate a couple of mergers in their histories.

While the Tribunes, Posts, Journals and Couriers are still numerous in Texas, there are some other newspaper names which reveal a little more imagination and creativeness among their founders.

Some offer lessons in geography, like the State Line Tribune in Farwell, The Valley Star in Harlingen and The International in Presidio.

Others take on the name of a local inhabitant--The Slatonite of Slaton, The Vidorian of Vidor. A couple even use the name of their towns as newspaper names--The Texas Spur of Spur and The Rising Star of you-know-where.

Still other newspaper names promote a local attraction, such as the Bluebonnet Banner of Brookshire, or a local occupation, such as the Ozona Stockman and the Woodville Woodsman.

Some offer a play on names--the Hereford Brand, and my favorite of all: the Pflugerville Pflag.

And how about these unusual names? Port Aransas South Jetty, Schulenberg Sticker, Springtown Epigraph, Adobe Press of Stinnett, Jefferson Jimplecute and In The News of Garrison.

Some of the hyphenated names are a blend of the common and the odd: New Braunfels Herald-Zietung, Rosenberg Herald-Coaster, Wharton Journal-Spectator, Corpus Christi Caller-Times and Stephenville Empire-Tribune.

Other unusual names: Bonham Favorite, Brazosport Facts of Clute, Huntsville Item, Carrizo Springs Javelin, Panola Watchman of Carthage, Donna Events, Floyd County Hesperian of Floydada, The Golden Spread of Follet, Fredericksburg Radio Post, Goliad Advance Guard, Hebronville View.

And Hemphill Rambler, Hico Update, Luling Newsboy (and Jasper News Boy), Karnes Citation of Karnes City, Liberty Vindicator, Marble Falls Highlander, Merkel Mail.

Others: Plains Pride, Riesel Rustler, Duval County Picture of San Diego, Springtown Epigraph, Trammel Trace Tribune of Tatum, Weimer Mercury, Tyler County Booster of Woodville, and Yoakum Four-Star Reporter.

Farm Master Universal Oil Eliminates Misapplication

PREMIUM PROTECTION FOR MOST FARM EQUIPMENT

Farm Master is a universal oil. This one multi-purpose oil replaces the two or three products normally used to lubricate modern and older farm equipment. Farm Master Universal Oil is formulated to protect the engine, transmission, hydraulic system and rear axle. And it's performance guaranteed when used as directed.

Farm Master Universal Oil can be used in most farm equipment including tractors, harvesters, threshers, combines and balers. It can also be used as an engine oil in pickup trucks, but it is not recommended for use in automatic transmissions requiring Dexron II or Mercon, or in differentials requiring GL-5 quality gear lubricant.

Farm Master has been thoroughly field tested to ensure safe and effective use for the recommended applications. It is available in SAE 15W-40 viscosity grade.

Farm work is made simpler with Farm Master Universal Oil. There's less inventory of lubricants and less chance of misapplication. Plus, servicing of equipment is made easier.

Mary Jane...

Continued from page 1
included workshops, a talent show, dances and miscellaneous recreational activities.

Mary Jane chose classes in Psychology and Theater Arts. The Psychology course let the students experience the struggles and excitement of early psychologists as they "became a psychologist" in role playing. They learned how to make decisions, impress other people, choose a job or a friend and

even found out how psychology affects the designs of cars. The students visited settings where psychology is used. They met and discussed with professionals job opportunities in the field of psychology.

In the Theater Arts class, students learned basic techniques (voice, movement, diction, and even steps in how to conquer stage fright). Many performance skills were learned from directing to the important technical aspects. Guest actors, technicians, directors and playwrights helped round out the

exciting and rewarding experience.

On Friday, June 12, during the closing ceremonies, the students of each class presented skits, pertaining to their course, to parents and friends.

Mary Jane is the daughter of Larry and Linda Short of Rochester. She is the granddaughter of E. L. and Bernice Hilliard of Haskell and Warren and Jane Short of Rochester, and the great-granddaughter of Ira and Tennie Mae Short of Rochester.

--Paint Creek--

by Mabel Overton

Paint Creek surely hates to lose some of our fine faculty. Mr. and Mrs. Mike McCoy are moving because Mrs. McCoy has completed her nurses training, and since Paint Creek has no hospital, they want to move where she can nurse people back to health, and he can coach boy's athletics in the school. We surely hate to lose them. Mr. McCoy said they were going to stay right there on faculty row until some new teacher needed their house. He and Mrs. McCoy will live in Wall, Texas next year.

Mr. Howard Brass and Mr. Rineheart are retiring from teaching. Mr. Brass is one of the best science teachers in West Texas, but he has taught for many years, and I imagine he wants to do some other things for awhile. He surely made a good speech at senior commencement. Mr. Rineheart, our science teacher is retiring after years of teaching.

I spent last week on the A&M campus at the state 4-H annual meeting. Our granddaughter, Paige, represented her county. It was so much fun, and that campus has grown so that I could hardly recognize the place. Some of the old buildings are gone. New buildings have been built, and girls are all over the place. They look like smart, serious, studious girls. My daddy, Lennis Jones, finished A&M in 1915, Gene graduated in 1933, our three sons all went there, Wallar graduating in 1961, and Mike graduating in 1966, William spent his freshman year there, but was more interested in drama and English so he transferred to North Texas. I was named Mother of the Year in 1966. I hadn't been back on campus since Mike graduated. It is amazing how many changes have been made.

J. B. Nanny was buried in the Paint Creek Howard cemetery

Monday afternoon following a funeral service in Arlington. The ladies at the Baptist church served a sandwich meal at the church after the service, and the family members were able to rest a bit before they returned home.

The youth of the Paint Creek Baptist Church sponsored a lunch at the church to raise money for their camp at Lueders. They served 55 people and sent some lunches out to members who could not come to the church. Mrs. Darlene Walton will be the assistant director of the Lad and Lassie Camp at Lueders Baptist Encampment.

Mrs. Wanda Thompson was able to return home Saturday following surgery at Hendricks Hospital in Abilene.

Sammy Griffith has moved to Rice Springs Care Home.

Brother and Mrs. Sinclair sang with the Golden Age choir at Stamford Baptist Church Sunday evening. Several members of their Paint Creek Church went to hear the special music. Mrs. Jim Adams, and Mrs. Callie Mae Kuenstler attended the service.

Mrs. Thelma Shaw is in the Humana Hospital. She awoke Monday morning to find that she had a blood clot in her arm. She will have to undergo surgery.

Many of you Paint Creekers may not know that one of our own Paint Creek boys is running as an Independent write-in candidate for United State Representative (against Charles Stenholm, no less). One has to admire his nerve, and his resolve that there needs to be some changes made.

Joe Bob graduated from Paint Creek and from Abilene Christian University, and has been teaching school ever since. I know from the times I have substituted at Stamford that the faculty and students love and admire him. He is a fine man.

So let's all of us Paint Creekers get behind Joe Bob and help him all we can.

from the small person," he said. But I'll bet he will gladly accept any large contribution from a large person.

I don't believe any graduate at Paint Creek High had as many relatives attend graduation at Paint Creek High as our valedictorian Rodney Tsoodle. He had his parents, Vern and Laurel Howard, and sisters Cindy and Capella, grandparents from Lawton, Oklahoma, Gale Misner, an aunt from Oklahoma City, Okla., Nancy Hutchins, his aunt from Stillwater, Oklahoma; Brennon and Mattie Tsoodle great aunt and uncle from Mountain View, Okla.; and Freddie Tsoodle, a cousin.

Most of these people were also present Thursday night for Rodney's sister, Capella's 8th grade graduation, and attended a celebration for both brother and sister at the home of their parents on Thursday after 8th grade graduation.

The Paint Creek School board members attended two days of special training last Friday and Saturday at Jim Ned School.

PHARMACY NEWS

By Elbert Johnson,
Registered Pharmacist

New Approach Advocated for Weight Control: The relatively low long-term success rate of weight control programs that concentrate on changing eating and exercise habits has led two Texas researchers to suggest that perhaps obesity should be treated with measures similar to those used for substance abuse. They note that those who relapse may go on repeat dieting cycles, which could be even more harmful than obesity. They recommend focusing on the emotions related to obesity and developing social support from peers.
