Man Dies in One Vehicle Accident

Robert Karl Jager, Sr., 52, died in a one-car accident at 12:51 a.m. Thursday, Sept. 4, .8 mile east of the Wellington City limits on Highway FM 338. He was alone.

He was a minister of the Church of the Living Word and lived at 709 Bowie St.

Patrolman Herb Duncan said the car driven by Jager was traveling east when it crossed the center stripe of the highway, went off the left side of the pavement and struck a concrete abutment on a small bridge and stopped facing north in the bar ditch. Duncan said the man received head and chest injuries.

Jager was pronounced dead at the scene by Beatrice McKinney, justice of the peace.

His body was taken to Nelso Funeral Home and later sent to Oklahoma City for services.

Jager was a native of Shawnee, Okla.

Survivors are two sons, Robert Karl Jager, Jr., of Oklahoma City and Stephen Jager of Casper, Wyoming; one daughter, Frances Paulette Jager of Oklahoma City; his mother, Mrs. E.J. Jager of Midwest City, Okla.; two brothers, Joe K. Jager of Walnut, Miss. and Richard Jager of Midwest City; and three sisters: Mrs. Clarice Saiz of Campbell; and Mrs. Mary Piotrowicz of Midwest City and three grandchildren.

SMALL ANIMALS

Cody Phillips was the Grand Champion winner with his cat and four kittens at the County Fair small animal show Saturday. DeJon Lindsey had the Reserve Champion, a toy poodle. Thirty-three youngsters entered their pets.

County and City Agree on Rural Firefighting Cost

An agreement whereby the county will share with the city the cost of rural fire protection was signed during the commissioners court meeting Monday, Sept. 8.

Under this agreement, the county will pay to the city, \$150 for each fire call, with \$25 of this to go to the Volunteer Fire Department and the remaining \$125 to the city, which maintains the department, said County Judge Bob Watson.

The city and county will share 50-50 the cost of major repairs to the jointly owned rural pumper truck.

In addition, the county will provide for the insurance and upkeep on the rural tanker truck. The Wellington department bought the tank and the truck on which it was mounted was donated by

Robert Owens.

Danny Gray represented the fire department in the negotiations.

Wellington city council had asked \$200 for each fire call, up from the \$75 charged for several years. The county had been paying \$125 for the rural calls since the increase was asked.

Kenneth Martindale represented the Samnorwood Volunteer Fire Department, and Watson said the commissioners will work out some type of cost agreement with that department. It has two firefighting units and answers calls in the north half of the county.

In other action, the

commissioners turned down the only bid submitted for construction of the elevator shaft due to be installed in the court house. Wiley Hicks Construction Co., Amarillo asked \$41,500 in its bid, more than twice the amount budgeted by the county for this work. That figure was \$18,500. Watson

did not say what the next step will be in getting an elevator shaft put in. This is in compliance with federal requirements relating to access to offices in public buildings.

The cost of the elevator will be borne by the Texas Department of Human Resources.

Wellington Plays at Panhandle

Wellington Skyrocks play their first Texas game of the 1980 season Friday, Sept. 12 when they meet Panhandle on the Panthers field. Game time is 8 p.m.

Panhandle played in District 2A for two years and a fierce Rocket-Panther rivalry developed as Wellington won the district championship in 1978 and Panhandle followed with the district title in 1979.

When the district was changed to AA status, Panhandle was moved to District 1AA, but the rivalry that was developing remained and this is going to be one of the key non-conference games of the season.

"They have a good team and it will be a good test to see what we can do," said Head Coach James Williams.

He conceded the Rockets made some mistakes in their game against Hollis.

"We're glad to get our first game under our belt and cut down on those mistakes."

Panhandle has a lot of returning lettermen, including their quarterback Todd Mayfield, a 165 pound junior, whom Williams considers an excellent thrower who puts his passes where he wants them.

With their experience, this game will be a real test for some of our kids who came off the B teams, the coach believes.

Besides Mayfield, the Panthers have senior runningback, James Whitt, a 180-pounder; all-district guard Johnny Crawford, 175; tackle Ralph Shemwell, 185 and senior all district linebacker Dan Ray Duncan, 180.

These are the Panthers key people.

"Coming off the Hollis game, we felt we moved the ball pretty well," said Williams. "Darrell Thomas would have had three touchdowns if it had not been for an official's

mistake in blowing the whistle early on a play."

The coaches agree that Jody Coleman did a good job quarterbacking the game and that Channy Wood and Paul Estes played well in defensive line positions.

So far, the Rockets remain uninjured. There were some bruises in the Hollis game, but nothing that will keep a man out of the Panhandle game.

"Our boys are excited this year, and especially excited about Panhandle," the coach commented.

One reason is that Panhandle opened against River Road, Amarillo Friday and won 20-13. Wellington-River Road meet a little later in the season.

After the Panhandle game, the Skyrocks will be off for the following week.

The Skyrocks bore the brunt of their rebuilding program during the 1979 season, and this year are much improved.

This is apparent, in the high spirits of the team, and also in the enthusiasm being generated among the fans--both those at home and those who follow the team from other towns.

Schools Must Admit Illegal Alien Children

Wellington School board heard a report Tuesday that the school, along with other public schools in Texas, must now admit illegal alien children to its classrooms. The order comes from a decision by U.S. Supreme Court Justice Lewis Powell who ruled that Texas cannot postpone a federal judge's order to admit illegal alien children to its public schools.

The board also accepted Ed Hale's high bid on two used school busses. Hale bid \$501 for a 1967, 36-passenger bus and \$601 for a 1968, 48-passenger bus.

Present were board members Harold Wayne Moore, Kirby Campbell, Frank Coleman, Jr., Jim Ingram (who was appointed to fill the unexpired term of Jerol Morris), and William O' Rear. Absent were Carroll Nunnelle and Benson Long.

Country Club to Host Partnership Tourney

Wellington Country Club men's low ball partnership golf tournament gets under way at 8:30 a.m. Saturday, Sept. 13, and play will continue through Sunday afternoon.

This is the second major tournament of the summer, and will be played with the greens in excellent condition and the course is in better shape than those at most clubs in the lower Panhandle this summer, according to members who have

played in area towns.

It is the first tournament for the club's new golf pro, Randy Cole, who will be in charge. He will be assisted by tournament chairman Gary Brewer, and Bill Long.

It will give Randy an opportunity to meet some of the better golfers in this part of Texas-Oklahoma, Brewer said.

Tee off time will be 8:30 a.m. and 1:30 p.m. both Saturday and Sunday.

There will be a meal at the

country club for those playing in the tournament on Saturday evening at 7:30. Other members may attend but there will be a charge for those not playing, Brewer said.

Approximately 50 teams are expected, coming from Wichita Falls, Amarillo, Childress, Memphis, Shamrock, Wellington and other area towns.

There will be four flights, championship, 1, 2 and 3.

The reception table was covered with a sheer white cloth, with an elaborate applique design. The wedding cake topped with doves and a spray of fresh flowers, was the centerpiece and crystal appointments were used.

Mrs. Farr, Mrs. Knighton and Beth Green served the guests.

Guests called between two and four o'clock.

Cicero Gulley and Kitty Belle Preuit were married Sept. 7, 1930 at Hollis. They recall that all their friends knew they were getting married and a large group gathered to see them leave, showering their 1930 Ford coupe with rice.

After the ceremony at the Methodist parsonage, they drove on to Medicine Park, near Lawton, for their honeymoon. The trip took much of the day.

Both are active in First Baptist Church and in the community Gulley is a past president of Wellington

They have more than the reception given in their honor with which to remember their golden anniversary year. Just a few months ago their first grandchildren, twins, were born. They are Matthew Cyle and Miranda Lee Gulley. Gulley is still active as a barber, but he has retired from farming and ranching.

O.W. Cunninghams Observe 40th Wedding Anniversary

When Mr. and Mrs. Orville Cunningham observed their 40th wedding anniversary at their home in Reed, Okla., August 29, it was their wish that there be no celebration.

Their daughter, Dr. Karon Cunningham-Lawler, agreed.

But in a quiet way, it was observed through letters, one from daughter to parents, the other from husband to wife. These have been made available and represent love, loyalty and devotion, to people and to institutions, which many in this area know.

Orville Weldon Cunningham and Ruth Aileen Williams were married in a Baptist Church in Eldorado, Ok., August 29, 1940.

Almost half their married life was spent at Samnorwood, 18 years, while he was superintendent of

ORVILLE AND AILEEN CUNNINGHAM
1980 & 1943

schools. This is a record believed not equalled in this part of the panhandle.

Karon Cunningham-Lawler who teaches in West Texas State University, and her husband J.C. Lawler, joined her parents for the anniversary.

Here are the letters that became a cherished part of the celebration.

Dear Mom and Dad,
Congratulations on your 40 years together in a tenaciously loving relationship. What better example of persistence and love could you have given for your children.

Your children are legion. You were allowed to adopt only one child to rear. However, through your 40 years, you have been a temporary family for many, many young people.

As these young people have grown up, they have extended to others some of your teachings. Your legacy lives on!

Here's to 40 going on 50! When you achieve that golden year, the rubies of this year will be dimmed by the love and tribute you have so graciously earned.

Love,
Karon and J.C.

To My Dear Loved One and Wife,

Forty years ago, I carried you over the threshold from your mother's home to ours, and ours it has been for all these years. When we crossed the threshold, it was an answer to a prayer devoutly and faithfully made by me, and it was a dream come true.

We have witnessed and shared many things together. We have been in the valleys, and we have been on the mountaintops. We have had little sorrow and much joy; sharing has divided the sorrows and multiplied the joys.

A Bilingual Problem

The Department of Education has set Oct. 6 as
deadline for accepting comments on proposed
regulations specifying when primary and secondary
school systems are required to offer classes in
languages other than English.

In addition, there will be hearings in several cities
next month before the rules are put in final form.

The need for clarification of what schools must do
has been evident ever since 1974 when the Supreme
Court ruled that the San Francisco school system
had violated the Civil Rights Act of 1964 by failing
to take positive action to help students (in this case
Chinese-Americans) who were not fluent in English.

But the court did not spell out remedies, leaving
such options as extra teaching of English or instruc-
tion in the student's first language.

But later federal civil rights enforcers were in-
structed that bilingual education was not necessary
required to carry out the law.

So a clear set of guidelines, arrived at through
vigorous public participation, will be welcome.
Education Secretary Shirley Hufstедler has offered
sound principles for the pending regulations: "First,
students must be taught English as quickly as pos-
sible. Second, they should not be permitted to fall
behind their English-speaking classmates while they
are learning English."

The proposed rules would require that students
clearly less proficient in English than in another
language be offered classes in the other language;
they would shift to regular classes as they improve
their English.

Still undecided is whether the same provision
should be made for students performing at the same
relatively weak level in both languages. Here is
where it will be particularly important to reach con-
clusions that will encourage students to move for-
ward in English, the language they will have to have
to take full advantage of the opportunities offered
by America.

We're with Rep. Hyde of Illinois in decrying the rush
to find euphemisms for those who violate the law.
Calling an illegal alien an "undocumented person," he
complains, is like calling a bank robber "a holder not in
due course."

If we spent more time enforcing the laws and less time
polishing the semantic image of those who break them,
we'd all profit.

a thought

FROM HIS WORD

In our daily walk we often question our ability
to continue the very difficult Christian walk. Jesus
never promised it would be easy, in fact he points to
hatred, persecution, and those who wish to kill
His disciples (Mt. 10:22-23; 28)

The Christian walk is not a bed of roses, nor are
we borne with a silver spoon in our mouth. Yet,
we do have some very special promises given by
God to His children.

"Greater is He who is in you than he who is in
the world. (1 Jn. 4:4b)"

"And because you are sons, God has sent forth the
Spirit of His Son into our hearts, crying, 'Ab-
ba, Father!' Therefore you are no longer a slave
(to sin), but a son (through the blood of Christ);
and if a son, then an heir through God. (Gal. 4:6-
7)"

Paul seemed to sum it up best in Romans 8:31;
35; 37; "If God is for us, who is against us? Who
shall separate us from the love of Christ? Shall
tribulation, or distress, or persecution, or famine,
or nakedness, or peril, or sword? But in all these
things we overwhelmingly conquer through Him
who loved us."

REO

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—A new tax re-
volt may be brewing in Tex-
as.

At the grassroots level,
taxpayers are upset with lo-
cal tax increases—and their
complaints are communi-
cated to the State Capitol
along with the question: what
happened to the promised
tax relief?

In 1978 voters approved
the Tax Relief Amendment
which authorized the Legis-
lature to follow up in 1979
with tax relief legislation.
Taxpayers were expecting to
benefit from new tax breaks
this year, but they are en-
raged to find their property
valuations are going up, in
most places.

Find the Scapegoat

For the average taxpayer,
no explanation is readily
available, which adds to the
frustration.

As a general rule, when
the taxpayer inquires at the
local tax office, he is told
the blame lies with the Texas
Legislature, a charge which
many legislators are quietly
preparing to throw back into
the faces of local officials.

Another scapegoat is the
newly-enacted property tax
reform law, also known as
the Peveto Bill, after its au-
thor, Rep. Wayne Peveto of
Orange.

The Peveto Bill was al-
ready somewhat of a legend
on the day of its passage last
season. Peveto had worked
on the property tax code re-
form for six years, research-
ing and polishing after each
defeat until it was finally
approved by two House
votes and one Senate vote
last year.

Clements Endorsement

The bill was hailed as both
a blessing and a curse at the
same time. Governor Clem-
ents listed it as his foremost
legislative achievement of the
session, and it had the back-
ing of several labor groups
as well. Other legislators felt
the reform might cause con-
fusion which would inevita-
bly lead to higher taxes, not
lower taxes.

The Peveto Bill definitely
contains some advantages for
taxpayers, notably a provi-
sion for a local referendum

to roll-back taxes and pro-
visions for truth-in-taxation.

The controversial part is
the creation of a central
property appraisal district for
each county. Each county is
required to create one by
1982, and many counties are
already setting up such of-
fices.

The central appraisal
board will value local prop-
erty for all local taxing en-
tities, such as school boards,
city councils, county com-
missioners' courts, etc.

These central appraisal
boards must also evaluate all
property at 100 percent by
1982, but may choose the
option of valuing at 100 per-
cent this year.

Evaluations Up

Many new boards opted to
go to 100 percent evaluation
this year, and the results are
startling. When taxpayers
open their notices, they are
shocked, in many cases, to
find the value of their prop-
erty has been driven up con-
siderably. Their first reaction
is to wonder how much high-
er their property taxes will
be this year . . . and they
begin to seek the answer.

The answer is this: the
amount of tax will depend on
the tax rate set by local of-
ficials. Although the prop-
erty valuation is hiked, actual
taxes can be kept at last
year's dollar figure if local
officials opt to drop the tax
rate low enough.

Here's the rub: in this pe-
riod of inflation, local gov-
ernments are as hard-pressed
to meet rising costs as local
homeowners. To acquire ex-
tra revenue, local govern-
ments cannot go out and
moonlight . . . they must
raise taxes, and that is not a
popular action these days.

Blame Anyone Else

Hence, the tendency by
some local officials, not all,
to place the blame on the
Legislature.

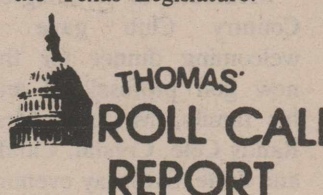

Unfortunately, legislators
are up for re-election in two
months, and they do not like
being saddled with what they
feel is an undesired stigma.

They have, up to now,
avoided throwing the charge
back on local officials, much

out of sympathy for fellow
elected officeholders. How-
ever, activity in Capitol of-
fices indicates several legisla-
tors are preparing to fight
back.

As one solon put it, the leg-
islature did its best to cut
taxes in 1979. Now it's the
time for local officials to
tighten the belt and hold
down spending.

And it may happen that
spending will be held down.
It's easier for a taxpayer to
attend a city council or
school trustee meeting than
to wait four months and
travel to Austin to argue with
the Texas Legislature.

HOUSE

HEALTH RESEARCH By
a vote of 292 for and 48
against, the House passed
the Health Research Act of
1980, whose most contro-
versial feature was the
clamping of tighter congres-
sional control over the
National Institutes of
Health.

The NIH has 11 institutes,
each of which conducts
biomedical research into a
disease or group of
diseases. Presently, only
two of the 11 must come to
Congress periodically to get
their funding authorizations
renewed. The bill requires,
in part, that the budgets of
all 11 institutes receive
annual scrutiny on Capitol
Hill. The bill (HR 7036),
which authorizes \$4.07
billion for the NIH in fiscal
1981, was sent to conference
with the Senate.

tional amendment that would
authorize the Legislature
to permit banks to estab-
lish and operate un-
manned teller machines
within the county or city
where the banks are lo-
cated and to share the use
of teller machines on a
basis consistent with anti-
trust laws, if it finds such
operation will serve the
convenience of the public.
The Legislature has al-
ready passed enabling leg-
islation (H.B. 1510) for
this proposed amendment.

The proposed amend-
ment will appear on the
ballot as follows:

manned teller machines
within the county or the
city of their domicile on
a shared basis to serve
the public convenience."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution
97 proposes a constitu-
tional amendment that would
grant the State and the
accused the right to an in-
terlocutory appeal from
the following trial court
rulings in criminal cases:
pretrial rulings on the
constitutionality of a state-
ment, or a motion to quash,
dismiss, or set aside an
indictment; and on a mo-

The proposed amend-
ment will appear on the

"The constitutional
amendment authorizing
appeal of certain pre-
trial rulings of a trial
court in a criminal case
by either the state or
the accused."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution
98 proposes a constitu-
tional amendment that would
require a single appraisal
of all property subject to
ad valorem taxation and
would provide for a single
board of equalization with-
in each county. The con-

stitutional requirement
that the county commis-
sioners court sit as a
board of equalization
would be eliminated, and
elected officials of the
county or governing body
of the taxing unit would
be prohibited from serv-
ing as members of the
board of equalization.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional
amendment requiring a
single appraisal and a
single board of equal-
ization within each
county for ad valorem
tax purposes."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution
18 proposes a constitu-
tional amendment that would
allow the Legislature to
authorize the conduct of
bingo games by certain
specified groups for char-
itable purposes, subject to
the limitations that opera-
tion of the games must be
approved in local option
elections and that all pro-
ceeds must be spent in
Texas.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional
amendment to authorize
bingo games on a local
option election basis if
the games are conduct-
ed by a church, syna-
gogue, religious society,

ment, nonprofit veterans
organization, fraternal
organization, or non-
profit organization sup-
porting medical research
or treatment programs
and if the proceeds are
to be spent in Texas for
charitable purposes of
the organizations."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution
86 proposes a constitu-
tional amendment that would
allow the Legislature to
authorize the Governor to
exercise fiscal control over
the expenditure of certain
appropriated funds, sub-
ject to any conditions and
limitations provided by
law and subject to the ap-

proval of a budget execu-
tion committee that would
be composed of the Gov-
ernor, Lieutenant Gov-
ernor, Speaker of the House
of Representatives, Chair-
man and Vice-chairman of
the Senate Finance Com-
mittee, and Chairman and
Vice-chairman of the Com-
mittee on Appropriations
of the House of Repre-
sentatives.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional

amendment to grant the
governor power to exer-
cise fiscal control over
the expenditure of ap-
propriated funds as pro-
vided by law."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution
8 proposes a constitu-
tional amendment that would
allow the Governor who
appointed a previously
confirmed official to re-
move that official from
office subject to the ad-
vice and consent of the
Senate; and if the Legis-
lature is not in session, to
call a special session of
the Senate which may last
no longer than 2 days for
consideration of the re-
moval.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional
amendment to authorize
the governor to remove
appointed officers with
the advice and consent
of the senate."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution
121 proposes a constitu-
tional amendment that
would authorize counties
with a population of 5000
or less to construct and
maintain private roads if
they impose a reasonable
charge for the work. The
Legislature by general
law may limit this au-
thority. Revenue received
from private road work
may be used only for the
construction, including
right-of-way acquisition,
or maintenance of public
roads.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional
amendment authorizing
counties with a popula-
tion of 5000 or less to
perform private road
work."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution
36 proposes a constitu-

al amendment that would
change the jurisdiction
and authority of the
State's appellate courts.
The amendment would
change the name of the
Courts of Civil Appeals to
Courts of Appeal and pro-
vide that these courts
have intermediate appel-
late jurisdiction over both
criminal and civil cases.
The amendment would
change titles for the As-
sociate Justices of the Su-
preme Court to Justices
and would require mem-
bers of the Supreme
Court to be attorneys li-
censed in this state while
holding office.

The proposed amend-
ment will appear on the
ballot as follows:

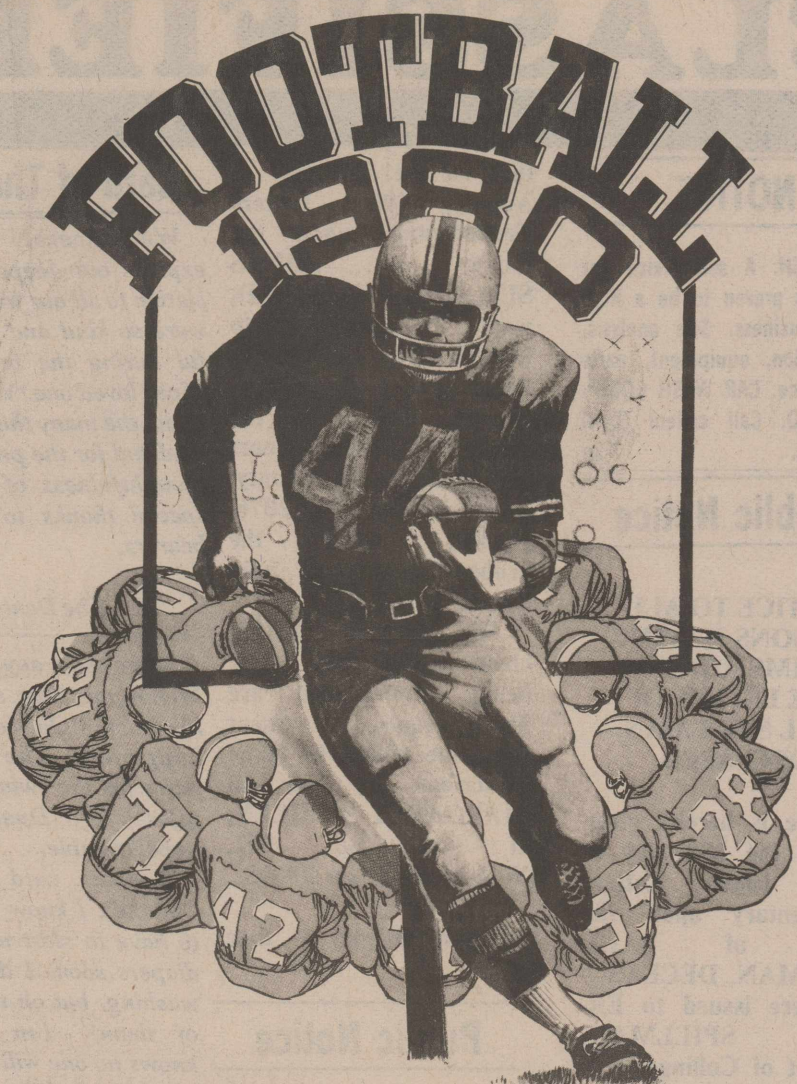

"The constitutional
amendment to change
the name of the Courts
of Civil Appeals and the
names and qualifica-
tions of the justices of
the Supreme Court and
to prescribe the juris-
diction and authority of
the appellate courts."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution
54 proposes a constitu-
tional amendment which
defines separate property
owned by either spouse as
all property, both real and
personal, of a spouse
owned or claimed before
marriage, and that ac-
quired afterward by gift,
devise or descent. Persons
about to marry and
spouses, without the in-
tent to defraud pre-exist-
ing creditors, may by
written instrument from
time to time partition be-
tween themselves all or
part of their property.
Spouses may exchange a
community interest in
property owned or to be
acquired for a community
interest in other commu-
nity property. The amend-
ment would allow spouses
to agree in writing that
income or property arising
from any separate prop-
erty is to be separate
property rather than as
community property as it
would be in the absence
of an agreement. The
amendment proposes that
a gift from one spouse to
another is presumed to
include all income or prop-
erty deriving from such
gift.

The proposed amend-
ment will appear on the
ballot as follows:

"The constitutional
amendment allowing
spouses to agree that
income or property arising
from separate prop-
erty is to be separate
property."

Card of Thanks

We sincerely wish to express our deepest appreciation to all our friends who were so kind and thoughtful during the recent loss of our loved one. We wish to thank the many that brought food and for the prayers and thoughtfulness of all. Our special thanks to the pall bearers.

The Denton Family

There isn't any town but Wellington that something like last night could have happened. The pamper party for the twins and the gifts for Dusty were unbelievable.

Denise said to me "mother, I know I'm going to have to start using cloth diapers soon. I don't mind washing, but oh the folding of them!" I'm sure she knows no one will ever have to fold a diaper for her babies. Thanks to each and everyone of you.

The family of
Denise Holland

We want to thank everyone for the food, flowers, cards and kindness shown us during the death of our loved one.

May God Bless each and everyone of you.

The family of
Ludie T. Carey

With grateful hearts, we thank each of you who did so much to help us in our time of grief. The kindness and thoughtfulness shown us was indeed appreciated.

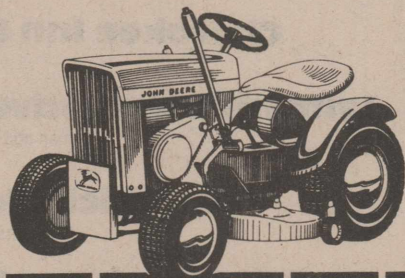

Johnny Roberts

IMPORTANT SAFETY WARNING to owners of older John Deere Lawn and Garden Tractors

Maintaining the safety equipment on your older John Deere Lawn and Garden Tractor can be especially important. The original boot (or cover) for the battery's positive post on Model 60, 70, 100, 110, 112, 120 or 140 Tractors manufactured from 1963 through 1974 may have suffered from age or may have been lost or damaged. And if that positive battery post is not properly covered, there is danger of a spark causing a fire and bodily injury if you accidentally touch a metal gas can to the positive battery post when refueling the tractor. A more serious fire can result if you are not using a safety-approved gas can.

If you own one of the above models, John Deere wants to make absolutely certain that your tractor has the battery's positive post properly isolated. To make it easy—and safer—for you, we will send you a new cover, free. Just fill out the coupon provided below and mail it to the address shown. It comes complete with installation instructions and is not difficult to install. But if you prefer, after you have received your kit, make a date with your John Deere Lawn and Garden Tractor dealer and he'll install it for a small service charge.

Remember, safety and maintenance go hand in hand. The operator's manual can help you. Read it again. Keep your tractor as safe as it was when it was delivered. It could be the most important thing you do today.

Skyrockets Slip by Hollis, 21-14

Nineteen seconds showed on the Powell Field scoreboard clock. The Hollis Tigers had a fourth down and 10 yards to go on the Skyrocket 31 yard line.

Hollis quarterback Russell Riley lofted a pass, Tiger end Danny Soto pulled it in, and the play ended at the Rocket 2 yard line.

There were 10 seconds left to play. Hollis was out of time-outs. The official spotted the ball and cranked the clock and time ran out before Hollis could get off another play.

It was a close call, but the Rockets walked away with a 21-14 victory over Hollis in the traditional season opener.

Rand Johnson set the Hollis quarterback down for a 12 yard loss on the Tigers' opening offensive play of the game, and stops by Paul Estes and Kenneth Warren forced Hollis to give up the ball.

A couple of downs later, the Rockets faced a punting situation and Darrel Thomas punt was blocked. But Thomas scooped up the ball and dashed for the first down to set up the Rockets first scoring drive.

From his own 46, quarterback Jody Coleman found Darrel Thomas open along the left sideline. Thomas scampered in to put the Rockets on the board. Thomas extra point kick was good and the rockets never trailed again.

Thomas one-handed another Coleman pass and took it into the end zone in the first quarter, but that play was called back, and the Rockets found themselves on Hollis 43 yard line.

BLOCKED

Hollis' Danny Soto blocks Skyrocket Darrel Thomas' punt as Tim Anderson tries to block him. But Thomas grabbed the blocked ball and scrambled for a first down, one of sixteen first downs the Rockets made during the season opener.

Wood's block around right end for 8 yards. Then Tim Anderson and Chris Lynch carried in short ground series to the 2 yard line. From the 2 Tim Anderson

took the ball in for the Rocket's second score, early in the second quarter. Jody Coleman's extra point pass was incomplete and the Rockets led 13-0.

Pass interceptions by Lennie Archie and Chris Lynch halted the Tigers twice before halftime and the Rockets held their 13 point lead.

Hollis scored on their first possession in the fourth quarter on an 18-yard run by tailback Charles Whitfield. Riley's pass to James Franklin for two was good and the Tigers trailed 13-8.

The Rockets took the kickoff and marched through a 65-yard scoring drive that ended when Darrel Thomas again followed Channy Wood's block from the 4 yard line for the score. Kenneth Warren caught Jody Coleman's extra-point pass and tiptoed in for two to make it 21-8.

Hollis came back with a reverse from the Rocket 40 and James Franklin took the ball in for Hollis. Hollis' extra point kick failed, and the score was 21-14 with 2:15 to play.

Hollis recovered an on-side kickoff that set up their final drive. But the drive died at the 2 yard line as time ran out.
