Sometimes it's easy to take the scenes around us for granted.

We come and go in our busy lives, hurrying to do the work we have to do, hurrying to get somewhere, or simply hurrying because it has become a habit.

And, all around us, the world we live in is on display, rich and full and frequently beautiful.

Every now and again it's nice to notice the way where we live looks.

Some of us live on tree lined streets as shady and all-American looking as a movie set. Children play, lawn mowers growl their low songs, and birds spill counterpoints of chirps and trills into the air.

Others live in apartments with neatly groomed stretches of lawn and shrubs, tended by people we seldom see, but who keep things looking pleasant.

Some of us live near main streets so small there is only one side to them, others live on city streets that boast soaring glass towers that reach for the heavens.

Some of us live in-between, in a suburban development with houses that stand close together, yet each expresses the individuality of its occupants. Big trees or small ones, line the front lawns of suburban dwellings to create summer scenes of serenity.

Others live out in the country, in old frame houses or new brick ones, isolated and proud of it, with cattle grazing about and tall brambles punctuating the fields.

And yes, some of us live in run down, low-income neighborhoods. And even those are not without their graces. Here a flower pot of bright blooms, there a cluster of youngsters oblivious to their surroundings, it all adds up to make the poorest neighborhood prettier.

As we make our way around in our world, whether our world be large and full or small and somewhat lonely, we are confronted daily with the slide show of our lives...the pretty things, the special things that keep our souls from withering.

And, while we seldom make a conscious effort to appreciate what we are seeing, somewhere, deep within, our inner self is aware...and appreciates, the beauty to be found in our individual world.

Cold Front and Rain Bring Welcome August Weather

Although rainfall amounts have varied over the area from an inch or two to only about a half an inch, the moisture was all welcome, and the cloudy skies and cool temperatures have been even more welcome.

A thin cloud layer moved in on

Sunday, bringing the mercury down from its near-100 degree mark. Monday's heavier clouds and threat of rain continued to bring relief to residents old and young alike.

Tuesday resulted in more moisture, intermittent, slow and gentle.

People used to the high ninety degree temperatures actually shivered in the cool breezes that blew across north east Texas.

The pleasant interlude should end by Thursday, as skies will clear and temperatures once more climb up the thermometer.

Two Down, Remainder Up In Sales Tax Figures

State Comptroller John Sharp today sent checks totaling \$151 million to 1,167 Texas cities and counties that collect local sales taxes, with the state's top six recipients showing an average increase of 5.2 percent over last year's total rebates at this time.

"Even though some areas in Texas show only a slight increase, while others' rebates are down, overall the state's economy is strong and healthy," Sharp said.

In all, 1,062 Texas cities received \$136.6 million as their August rebates for 1991 total of \$841.6 million and an increase of 10% over last year's total rebates at this time.

Bogata received \$4,398.18 for its payment for a 13.91% increase. Clarksville received \$23,399.55 for a 4.36% increase and Detroit received \$1,766.28 for a 4.87% increase.

Mt. Pleasant received \$134,057.30 for a 13.53% increase.

Talco received \$1,669.46 as its payment, for a 2.05% increase.

Blossom received \$2,775.85 for a 22.79% increase while Paris received \$2,026.40 for a .23% decrease.

Deport showed the only other decrease locally, with a payment of \$2,026.40 for a .90% decrease in total payments to date.

Houston received the largest check statewide, \$24 million.

Rivercrest-Talco-Bogata School Buildings To Be "Smoke Free"

Meeting in regular session Tuesday night, August 13, the Talco-Bogata CISD Board of Trustees adopted a smoke free buildings policy. A copy of the policy appears elsewhere in this paper.

After touring the Bogata School campus, the Board held their meeting in the school cafeteria. In addition to the Board and Superintendent Freddy Wade, the three campus principals, Ray Miller, Jimmy Lee and Ben Tyler and Tax Collector Kay Ross were present.

A number of items were discussed and acted upon in the meeting with the major items being the smoke free policy, installment payments of delinquent tax, gasoline, bread, milk and ice cream bids and the hiring of teachers' aides at the Bogata campus. Some 16 or so other items were on the

lengthy agenda, but they primarily were preschool opening activities and minor changes in school calendar and policy handbooks.

The smoke free building policy was adopted abolishing absolutely any smoking by student, teacher, administrator or campus visitor inside any building on any of the three campuses. A designated smoking area outside the buildings will be available and the Board authorized strict enforcement of the policy. The policy shall be in effect during school hours as well as during extra curricular activities and basketball games.

Kay Ross, School Tax Collector, met with the Board inquiring direction in the form of policy for requests she has received concerning people wishing to pay their delinquent taxes in installments. It was the opinion of

the Board that justification and authorization for these privileges should come from a tax legal authority and Superintendent Wade was instructed to seek such advice and report back to the Board. In the meantime Mrs. Ross was instructed to not accept any installment payments of delinquent taxes until further notice.

All bids for gasoline were rejected and Superintendent Wade was authorized to re-bid for gasoline when it is needed each time.

The bid for bakery products from Mrs. Bairds was accepted as was Oak Farms bid for milk and ice cream.

Two teachers aides were employed for the Bogata campus, they being Marilyn Garretson and Judy Couch. The next regular board meeting is scheduled for September 10 at Rivercrest.

Smoke-Free Policy Adopted By Talco-Bogata

The following is a policy adopted by the Talco-Bogata CISD at their meeting held August 13, 1991.

The Talco-Bogata Consolidated I.S.D. recognizes the harmful effects of tobacco smoking and the secondary inhalation of tobacco smoke. To protect our students and employees with a smoke free environment, smoking of tobacco products within our school buildings is prohibited. This prohibition includes extra curricular activities held within any of our indoor facilities.

Familiar Faces

By Denise Wood

The strongest, deepest root of a successful school system starts with the superintendent. Like a captain of a ship the job requires someone with an overall vision of the operation as a whole. The captain of the Talco-Bogata CISD is Mr. Freddy Wade.

Next week Mr. Wade will begin his second year as superintendent for the school district. Although this is his first job in this position he finds it his most challenging and exciting job so far. Every day he is developing new skills to help him become a stronger and more effective administrator.

Mr. Wade has a long history in education. It was the last two years of high school that he became inspired to go to college. With the drive and support from his coaches, he received scholarships to continue his education before receiving his degrees and his teaching and coaching certifications.

His first teaching job was in Corsicana where he taught physical education and coached football and baseball for eleven years. Then for seventeen years he was the principal of Mt. Pleasant High School. His decision to become superintendent for the Talco-Bogata CISD was influenced by his love of East Texas, the location of the school, and of course the District's reputation for a balance of academics and extra-curricular activities.

Mr. Wade feels that whatever role

you play in public education, it is an important one. He would like to be remembered as having a positive impact on our students and our teachers. Mr. Wade tries to help the staff enjoy their profession so they can be better educators.

With so many changes taking place in the State Legislature, it makes it difficult to see a complete vision. But Mr. Wade has made several goals for the upcoming 1991-92 school year. He hopes to maintain high achievement scores and continue updating the maintenance program. The positive changes that are taking place in the football program with the coaches and the number of players is just one of the many programs he is excited about. The new program that will begin this year, ZERO'S ARE NOT PERMITTED (ZAP), has his complete support. The program is designed to help eliminate the uncompleted work that many students experience in the school year.

Although Mr. Wade might not be sure what direction the State is heading in education, we know that with Freddy Wade at the helm of our ship the Talco-Bogata CISD will be everything it can be and more.

Bogata City Council Discusses Grants

Monday night a public hearing took place at Bogata City Hall to discuss the proposed 1991 Texas Community Development Program application. Tom Harrigan, KSA Engineer, explained the application to the council. The application would offer the city \$250,000 in grant funds for water and sewage lines repair. The city would have to pay additional \$28,000, making the total of \$278,000 for the water and sewage improvements. The council voted to proceed with the project and passed a resolution authorizing the submission of the Texas Commu-

nity Development Program application to the Texas Department of Commerce.

Dr. Jack Troutt gave a review of a meeting he attended held by Calame Lineberger and Graham, the law firm that represents the Red River County Appraisal District, about struck-off property.

The council also approved the purchase of a new chlorinator for the city.

A budget workshop date was made for September 7 at 9AM.

Amendment One Passes, Two Fails In Light Turnout

In light voter turnout on Saturday state voters narrowly approved the amendment which would clear the way for school property tax exemptions.

A second amendment that would have sold bonds to finance college student loans failed.

People came away confused, or else stayed away without voting because of the murky way the election was set up.

The confusion stemmed from lumping the homestead, elderly and disabled exemptions in with approval

of personal property taxes.

After that amendment passed, voters on a county level seem to vote against the personal property tax.

Apparently, more people "figured out" how to vote and make it count if they were against a personal property tax and for the homestead, elderly and disabled exemptions.

That meant voting yes on the state ballot, where they were combined, and no on a county level.

Many people had to vote in two locations, which added to the confusion of the situation.

After All That Work...We Messed It Up For Denise!

By Nanalee Nichols

Denise Wood, the new Bogata News editor, is doing a super job. Denise has put herself out to cover everything that she could find in Bogata. Just this past week she attended the Lions Club special night, snapping pictures of the Lion of the Year and other special awards.

She attended the Fulbright ice cream supper and took pictures of the folks there.

She took a picture of the new pastor in Bogata, and her familiar faces column picture. In short, Denise worked long and hard gathering pictures as well as news.

Proud as punch, Denise turned in the film and waited to see her photographs.

What happened...we blew it. We misprocessed her roll of film. That's right folks, Denise's work was all for nothing.

I never hated to make a phone call any more in my life. When I called their was a long silence. Then, Denise got herself together and tried to make us feel better!

To all those folks who expected to see their picture, or those of relatives and friends, we make our apologies. And, to Denise, we extend our most heartfelt apologies! It happens, but how much better it would have been if it had to someone not in their first few weeks as a reporter!

GETTING HER UTENSILS ready to prepare her Blackberry Cake is Maurine Mankins, who is sharing this week in the Country Cooking column. (Staff Photo by Gerrie Bankhead)

Country Cooking

By Gerrie Bankhead

The Country Cooking column is coming this week from the kitchen of Seb and Maurine Mankins of Bogata. Seb, retired, and Maurine, semi-retired, have been married for 27 years and have lived all this time in the Bogata area where they attend the First Baptist Church.

Maurine works part time as an Inservice Coordinator at Red River Haven Nursing Home. She has made this her career for the past five years of her 22 years at the home.

Hobbies of Maurine's are cooking, yard work, gardening, going on tours, playing 42 and entertaining, painting T-shirts, sewing, shopping for an collecting cookbooks and recipes.

Maurine's favorite food to prepare is desserts. She enjoys taking desserts to the sick, church activities an wherever needed. Seb doesn't like to cook at all, but he does run errands for her. She also enjoys making snack foods to serve her 42 guests.

Painting special scenes or flowers on T-shirts is another hobby Maurine enjoys. She gives these as gifts.

Bus tours to Palo Duro Canyon and Branson, MO are enjoyed by both Seb and Maurine. They make each trip every year.

Maurine has chosen a variety of food recipes to share with you this week and we hope you enjoy them.

Her Broccoli Casserole recipe originated from a friend, Marie Early, from Longview some two years ago. The Pepper Relish recipe came from her sister-in-law, Dorothy Henderson of Longview. The Pear Preserves came from a friend, Jettie Bond of

Bogata. She says this is the best pear preserves she's ever tasted.

While attending a luncheon at Longview about a year ago, Maurine tasted a piece of the Blackberry Cake and then asked for the recipe. She says it is delicious. The Vegetable Salad recipe was given to her by her neighbor, Brenda Gunter of Bogata. Brenda made the salad and shared it with Maurine and she certainly enjoys it.

I also want to share a cake recipe that I found during my travels this summer. I've made it twice and all my family loves it. Another reason I like it is because it's so easy. I have timed myself and can have the cake completely ready to eat in nine minutes, including cleaning the strawberries.

Take a 16 oz. carton of Cool Whip, add 2 tablespoons powdered sugar (this makes it thicker), add 1 pint of sliced strawberries. Mix well. Take a bought pound cake (I like the ones that are tall and in a bundt pan), take it out of the pan and cut it in half. Make two layers. Put half your Cool Whip mixture on the first layer, put on second layer and finish icing the cake. This is like a strawberry shortcake. I don't know a name for it, so I decided to call it the 9-minute cake. Keep in refrigerator. I hope you'll enjoy it. This cake is beautiful in a glass cake pan.

If you've enjoyed the article, request a recipe or have a recipe to share or suggest a feature, please call 652-6032 or write Rt. 1, Box 67A, Deport, TX 75435.

Mr. and Mrs. Jimmy Lewis

Wilkerson-Lewis Exchange Vows

Angelia Wilkerson and Jimmy Lewis were married in a semi-formal ceremony on August 3 at the Assembly of God Church in Talco. Angelia is the daughter of Sammy and Jody Wilkerson of Bogata and Cheryl and Wayne Rogers of Irving.

Jimmy is the son of Charlotte Brumbalow of Talco and the late Mr. and Mrs. W.E. Lewis of Talco. A reception followed the ceremony at the church. The couple will make their home in Clarksville.

Mrs. Howard Harper, Jr.

Harper-Varner Exchange Wedding Vows

The double-ring wedding vows of Deanna Jo Varner and Howard Harper, Jr. were exchanged in a formal ceremony at 7:30 p.m., Friday, July 12 at the United Methodist Church in Bogata. The Rev. Randy Newkirk of Commerce officiated.

The bride is the daughter of Mr. and Mrs. J.F. Varner of Bogata and the granddaughter of Maggie Hunsaker of Bogata and Sudie Varner of Lone Star. The bridegroom is the son of Mrs. Helen Harper of Bogata and the late Howard Harper.

The bride was escorted to the altar by her father and given in marriage by her parents. The ceremony took place before an arch decorated with ribbon in the bride's chosen colors of peach, teal and ivory. Two doves atop the arch held the ribbon which fell to two large side bows and streamers in peach and teal. The arch was flanked by two seven-branch candelabras with ivory candles and peach and teal ribbons. A fern on each side completed the decorations.

For her wedding, the bride chose a gown of antique white lace with a sweetheart neckline accented by handwork and sequins. It was framed by double ruffled capped sleeves. From the basque waistline the gown fell to floor length. The bottom of the skirt featured a tripled tiered flounce of antique white organza formed into scalloped ruffles. The back of the gown featured a large bow at the waistline. To complement her wedding gown, the bride chose a headpiece of a large ivory bow which featured baby's breath and fingertip scalloped veiling. The bridal bouquet was a collage of peach and ivory roses accented by teal roses and bits of ribbon. It was surrounded by ecru lace. Small pearl hearts and teardrop pearls, along with bits of lace and tiny peach bows, completed the bouquet, which was designed and made by the bride.

Matron of Honor was Linda Gray of Bogata, cousin of the bride. She wore a tea length dress of peach satin with a sweetheart neckline, capped puffed sleeves and a basque waistline, with a large bow at the back. Lacy Harper of Bogata, daughter of the groom, was junior bridesmaid. Her dress was a tea length floral print with short puffed sleeves. The high waistline was accented by a belt of peach satin and tied at the back in a bow. They each carried a teal rose adorned with greenery and peach, teal and ivory ribbons.

Danielle Varner, daughter of the bride, of Bogata served as flower girl. Kacy Harper, daughter of the groom, of Bogata, served as ringbearer. They each wore floral print tea length dresses with peach satin belts.

Talco-Bogata Schools Taking Applications For Lunch Program

The Talco-Bogata School District takes part in the National School Lunch Program/School Breakfast Program. Meals are served every school day. Students in grades K-8 may buy lunch for \$1.05 per day or \$5.25 if they purchase a weekly ticket. Students in grades 9-12 may buy lunch for \$1.20 per day or \$6.00 if they purchase a weekly ticket. Students in grades K-8 may buy breakfast for 55¢ and high school students may buy breakfast for 65¢. Meals are also available free or at a reduced price.

If you now get food stamps or AFDC for your children, your children can get free meals. If your total household income is the same or less than the amounts on the Income Chart below, your children can get free meals or reduced price meals. A foster child may get free or reduced price meals regardless of your income. The reduced price is 40¢ for lunch and 30¢ for breakfast.

To get free or reduced price meals for your children, you must complete an application and return it to the school.

If you are getting food stamps or AFDC for the children you are applying for, the application must have the children's names, a food stamp or AFDC case number for each child, and the signature of an adult household member. If you are applying for a foster child, the application must have the child's name, the child's "personal use" income and an adult signature. If you do not list a food stamp or AFDC case number for all the children you are applying for, the application must have the children's names, names of all household members, the amount of income each person got last month and where it came from, the signature of an adult household member and that adult's social security number or the word "none" if the adult does not have a social security number.

Your eligibility may be checked at any time during the school year. School officials may ask you to send papers showing that your children

should get free or reduced price meals.

You may talk to school officials if you do not agree with the school's decision on your application or the results of verification. You also may ask for a fair hearing. You may do this by calling or writing: Freddy Wade, Box 130, Bogata, TX or by calling 632-5205.

If your children get free or reduced price meals because of your income, you must tell the school if your household size decreases or your income increases by more than \$50 per month or \$600 per year. If your children get meals because they get food stamps or AFDC, you must tell the school when you are not getting AFDC or food stamps for them. You may then fill out another application giving income information.

School officials use the information

Rebel Football Program Grows

Last year, Coach Tommy Jo Green was hired to rebuild a football program at Rivercrest High School.

As in any steady building, an adequate foundation had to be laid. Green and his staff poured that foundation last year in installing a completely new offense and defense. The numbers were small, with apprehension in each player's mind and a concern on each Coach's face.

Could this Green-led program work at Rivercrest? Was he the type of coach these kids could learn to respect and appreciate? Would they take his hard-nose constructive criticism, his demand for proper conditioning, and his absolute requirements for sportsmanship second to none, and help him reincarnate a football program that had died on the vine?

All of those questions were answered in the affirmative last Wednesday when some 45 young men showed

up for their first team meeting of 1991.

This number almost doubled the roster from last year and the smiles across the faces of Green, his coaching staff and the players told the story. "We're getting there." It may or may not come this year. A winning season seems more than what should be expected this year but one thing is for certain, the desire and enthusiasm has arrived. Who knows, stranger things have happened and with a fumble recovery here or there, a pass interference going our way, or one of

the many other variables in high school football, the Rebels could make a run at the play-offs.

Regardless, just to see the program

waking back up is encouragement enough. Let's support these coaches and players this year. Let's make this a Rebel Year.

Locals Heroes Save Young Boy's Life After Accident

By Denise Wood

It's easy to get discouraged in the world today. In today's society it takes a lot to survive. Every once in a while though, something happens and it reminds us how giving someone can be.

Monday, August 5 around 5:00 PM, fourteen year old, Joseph Fleming was trying to enter his house through a window because he had left his keys. The window glass shattered and fell on his arm, severing a major artery.

Bleeding at a tremendous rate, Joseph ran to his neighbor, James Minshew. Mr. Minshew didn't worry about "getting involved" instead he was going to rush Joseph to Clarksville to the Red River General Hospital. Enroute Mr. Minshew pulled into Huddleston Grocery for

more assistance. Employee, Rosie Jasso volunteered her co-worker, Stacy Horton, to go with Joseph and Mr. Minshew to apply pressure to Joseph's arm on the way to the hospital.

The Red River General Hospital personnel stated that the applied pressure definitely saved Joseph's life. Joseph was then transported to St. Joseph's Hospital where a vascular microsurgery was performed. The accident required the young man to have seventeen staples and a couple of units of blood.

Life can throw some awful curves at times. But, thanks to the quick actions of neighbors and friends, this curve was fielded. Luckily, there are still people in the world who will unselfishly lend a hand to someone who needs it.
