THE SNYDER DAILY NEWS

VOL. 6, No. 284 — SNYDER, TEXAS, WEDNESDAY, MARCH 28, 1956 — EIGHT PAGES — PRICE 5c

WHEN POLICE reported yesterday that a pickup had ran into a house, they meant it literally. This is the 1953 Chevrolet pickup which was driven through the front wall of a house in the Negro section of Snyder yesterday. The pickup finally stopped with the front in the kitchen, the back in the bedroom. Driver was Ernest (Montana) Newsome, 65, who said his accelerator stuck when he was turning around in the street. The house is owned by Mrs. Eula Scott but was not occupied. (Dale Walton photograph)

Yarborough Becomes Sixth To Enter Texas Governor's Race

Identified With Liberal Element

AUSTIN (AP)—Ralph Yarborough announced today as a candidate for governor and pledged what he called "the restoration of honor, integrity and dignity" in state government.

The Austin lawyer, identified with the liberal elements of the Democratic party, was beaten in 1954 and 1952 by Gov. Shivers.

Yarborough is the sixth candidate for governor.

"The people of Texas want a new state government, free of entangling alliances and partnerships with the out-going administration," Yarborough asserted.

He has been a constant critic of the present state administration.

"Texas wants a state government free of the policies of the past and capable of independent action. I pledge the people of Texas the restoration of honor, integrity and dignity in their state government," Yarborough said.

"Humbly I accept the commission of duty you have given me in tens of thousands of messages, oral and written, during the past nine months, to lead the fight for the good name of Texas," he said.

"We will rally the forces of decency and democracy in Texas for a victory that this state will be proud of for a hundred years to come.

"We do not seek a mere personal, political triumph; we seek an historical verdict of honesty in government for all the people of Texas in the eyes of men everywhere. This year we will win."

In the 1954 run-off, Yarborough polled 683,132 votes and Shivers 775,088.

"To every one of the 683,132 Texans who worked and voted with us in the hard campaign of 1954, I extend my thanks and gratitude. I urge each of you and all Texans who believe in the triumph of honesty and morality, to join us in this crusade for a new administration in Texas," Yarborough said.

Yarborough said his platform "includes water conservation, drought relief, higher old age pensions, improved schools with adequate teacher pay and adequate retirement pay, adequate classroom space, a youth development program, a juvenile delinquency program, and is built on broad general humanitarian principles."

His statement continued:

"We will build a structure of morality in the state house—both personal and official—to which the people of Texas can point with pride. This is the year of redemption for Texas. This year the people of Texas will wrest control of their captive government from the entrenched machine which holds it in chains.

"This year the people will win."

Yarborough, 52, is a serious-minded, work horse citizen.

Yarborough pledged a "campaign of truth, free of mud-slinging and free of sham and hypocrisy. I pledge a campaign giving the people of Texas the true facts in a straight-forward and honest manner."

Other candidates are Reuben Senterfitt, Sen. Price Daniel, W. Lee O'Daniel, J. J. Holmes and J. Evetts Haley.

Daniel announced Monday night. Other possible candidates are James Hart, former Supreme Court justice, and Agriculture Commissioner John White.

RETURNS OT U.S.—Herman Field former Cleveland architect who spent five years as a Polish prisoner, poses with his wife, Kate, and two sons, Hugh, 12, second from right, and Allen, 10, on their arrival in New York aboard the liner Queen Mary. It was Field's first trip to the U.S. in almost seven years. The Poles released Hermann in October, 1954. He said his brother, Noel, is a "pretty sick man" in Budapest, Hungary.

Cat Cry Is Made By Snake

By HAL COOPER

LONDON (AP)—Ever hear a snake "meow?"

A British newsman reports that he has, in Rhodesia, and this has made Tracy Philipps the happiest man in London. After 23 years, vindication is his.

After all, if one snake can meow, then there's no reason why another can't go "hoo!"

The London Times correspondent in Rhodesia wrote a piece recently telling how he saw at close quarters a clutch of young cobras which mewed like kittens.

Philipps, who had been quietly fuming for upwards of two decades, sprang to his writing desk and dashed off a letter which appeared in the Times today.

"In your issue of Sept. 7, 1932," he wrote, "I ventured to record an observation of mine that certain African snakes, in addition to their hiss of fear or anger, are capable of producing a prolonged and repeated high-pitched liquid note, a subdued but very clear belling 'hoo.'

"The director of the East African Agricultural Research Station, Mr. Leechman, replied to you on Sept. 12, 1932, that my statement was 'A direct challenge because all snakes known to science are unable to make any other sound than hissing or rattling.' He was therefore rather unkind about it."

The unkindness of Mr. Leechman, Philipps indicated, was such that it had silenced the Londoner, ever since. However, he did not fail to note:

"In your issue of Sept. 27, 1932, Mr. David Freeman, after 23 years in Malaya, described, as the cry of a cobra, 'a very faint and exceedingly shrill note, so high - pitched as to be barely audible by human ears.'

"In March, 1933, in the periodical, 'East Africa,' a Northern Rhodesian reported killing in his orange-packing house two snakes whose sounds he described as a 'hoo.' He adds that local Africans state that these snakes can 'crow.'

"Subsequently, Dr. J. O. Shircore, after 30 years in Nyasaland, described in 'African Affairs' (page 183) another snake 'unhooded and not a cobra.' He adds that 'the male crowed like a cock. Both (male and female) have a warning note — chu, chu, chu, chu, which is repeated in quick succession.'"

Missiles Get Top Priority

WASHINGTON (AP)—The Pentagon has ordered top priority for development of a missile powerful and accurate enough to deliver a shattering hydrogen charge, at supersonic speed, to targets thousands of miles away.

Secretary of Defense Wilson took this action yesterday in appointing Eger V. Murphree to be a new assistant with broad authority to direct the job of striving for victory in the missile race with Russia. Murphree, 57, is president of the Esso Research and Engineering Co. He will serve without pay while on leave from Esso Research.

Wilson said in a formal directive that Murphree would "devote major emphasis to missiles of the long-range type, particularly ballistic missiles."

The defense secretary designated Murphree to speak for him in all matters pertaining to new missiles within the defense establishment and before the National Security Council and the President.

Wilson said Murphree will start work next week and stay on the job for at least a year. Within this period, the secretary said, he thinks "a great contribution" can be made toward achieving an effective rocket-powered ballistic missile.

Some Democrats in Congress have been critical of Eisenhower administration efforts in the missile field, contending this country has been lagging behind Russia.

Sen. Jackson (D-Wash), one of these critics, said of Murphree's appointment "Better late than never. . . I hope he will take a strong administrative control of the missiles work."

Jackson had urged a single civilian official in the Pentagon to coordinate and supervise the missile program.

Murphree will have more authority than any other previous official who has had the job of organizing and directing missile research and development operations.

In spelling this out, Wilson clothed his new special assistant with powers to utilize and cut across existing lines of responsibility in the areas of research, development, engineering and production.

Theft Of Automobile Reported To Police

Theft of a 1955 Chevrolet car from Eiland Motor Co. on the East Highway sometime last night was reported to police early this morning.

Travis L. Steele, police chief, said that the theft is being investigated by Leamon Land, police captain, and Alfred Kohl, sergeant.

No trace of the car had been found by mid-morning, however.

STUDENTS TO START HOLIDAY THURSDAY

Pupils and personnel of the Snyder Public Schools will begin their Easter holidays at the conclusion of classwork Thursday afternoon.

The school calendar calls for holidays from Friday through Monday. Consequently, pupils and teachers will not report again until Tuesday morning, after classes are dismissed on Thursday afternoon.

Battling Officers Nab Berserk Negro

CALLANDS, Va. (AP) — Police early today captured asleep in a creekbed a beserk Negro who had held them off with gunfire for 10 hours and then escaped them in the darkness.

Lum Harris, about 46, was tracked to some reeds by bloodhounds soon after they were put on the trail near the farm home from which Harris had escaped. He fled when a police armored car smashed down the walls of the house.

Harris, sought by police for battering his aged father critically with a hammer, wounded four police of the 20 police on the siege.

Eight tear gas grenades fired into the house failed to dislodge him, although witnesses said the house was so full of fumes it appeared to be on fire. A reporter said this morning the air in the house was still acrid.

The bloodhounds made a beeline for Harris and stood over him as he lay sleeping. He awoke and reached for his deadly four-pound hammer and chain with which he had beaten his father. Two state troopers grabbed him and shackled his hands.

After that Harris, a former mental hospital inmate, was meek. He was suffering from a shotgun pellet wound in his right eye, and a wound in the right leg.

The siege took place about 22 miles northwest of Danville, in southern Virginia.

The father, Johnny Harris, 87, was taken to Lynchburg Hospital last night with critical head injuries. Hospital attendants said he had a fractured skull.

State police and other officers gave this account of the battle:

Pittsylvania County Sheriff Henry O. Winn and Deputy Sheriff Edgar Cooper were called to the remote farm home late yesterday by neighbors, who reported Lum Harris was "trying to kill" his father.

Sheriff Winn was struck on the head with a hammer when he tried to arrest Harris. He was not hurt seriously.

During an ensuing gun battle, Chatham Town Officer Pink Winn—a nephew of the sheriff—was struck in the foot and ankle by a shotgun blast and Deputy Sheriff Tommy English was wounded in the thigh by another shotgun blast.

The sheriff said he and Cooper had managed to get the older man outside the building and into an ambulance but met resistance when they went back to arrest the son.

Later, additional deputies and 12 to 15 state troopers hemmed Harris inside the building. Harris in turn kept officers pinned down with shotgun fire. Tear gas failed to rout him out.

The armored car, brought from Wytheville, 100 miles away, battered down the walls about 4:15 a.m., and Harris fled into darkness.

Negro Enters Board Race

WEST COLUMBIA, Tex. (AP)—The entry of a Negro candidate for a School Board post in this coastal plain hamlet has caused five of the nine white aspirants to withdraw from the race.

A sixth later withdrew, leaving three white candidates and the lone Negro, Traversia Viola, an undertaker.

White withdrawals seemed to be based on hope the vote would not be split, thereby insuring election of the usual all-white board.

Some quarters said the withdrawals of white candidates had solidified a 232-vote Negro bloc for Viola.

Viola said he was entering the race in hope of improving the teaching staff at Charlie Brown School, a 12-grade Negro school for which a new building is under construction.

Ike Meeting Is Described As Success

WHITE SULPHUR SPRINGS, W. Va. (AP)—President Eisenhower was reported today to regard his experiment in informal diplomacy as such a success that it may set a pattern for similar talks in the future.

His meeting with Canadian Prime Minister Louis St. Laurent and Mexican President Adolfo Ruiz Cortines came to an end last night with no agreements sought or made and no problems solved.

But Eisenhower was said to feel the three heads of government and their foreign ministers had gained good will and understanding which would be helpful in future negotiations. The meeting opened Monday night in the swanky Greenbrier Hotel.

"This meeting has achieved exactly what it was called for," said White House Press Secretary James C. Hagerty. "That purpose has been most successfully carried out here and the President and Secretary of State Dulles feel just that."

Ruiz Cortines and St. Laurent were reported to hold similar views.

Officials said it is now certain that Eisenhower will entertain Prime Minister Nehru away from Washington, in similar informal style, when Nehru visits him in July.

St. Laurent told reporters it is to be assumed there will be another round of Canadian-American-Mexican talks sometime but that no plans had been made.

School Board Filings Close

A total of 29 men will be candidates April 7 in school board elections in the county to fill a total of 12 places.

Deadline for filing candidacy in any of the school board elections passed yesterday, and there are races in every election except that for the county school board.

Candidates for the county board are Buford Browning, precinct 2; Blake Walker, precinct 1; Hugh Taylor, county-at-large, all incumbents. Remaining on that board are D. Z. Hess, precinct 4, president, and Perry Echols, precinct 3.

The Snyder school board has the longest list of candidates, nine on the ballot for three places. They are Paul Keaton, Clyde Godwin, Wayne Boren, Ross Hemphill, Gene Best, Stanley Noah, Jack Contella, Max Dyer, and Earl Kirk. Keaton, Godwin, and Boren are incumbents. Remaining on that board are E. H. (Ab) Williamson, president, Max West, J. B. Turner, and Bill Grimmett.

Next in number of candidates is the Fluvanna election with eight to fill two places. Candidates are H. B. Lemons, Burl Belew, A. R. Marley, Bobby Warren, W. C. Reeder, C. A. Daugherty, Harry Kingston, and J. H. Stansell. Lemons and Belew are incumbents. Remaining on the Fluvanna board this year are Leo H. Beaver, president, N. L. Beaver, Joe Landrum, O.M. Martin, and Dee Pylant.

The Irs board election will have five candidates, Houston Kimbrel, Marvin Sorrells, Clarence Payne, W. A. Alexander, and Lewis Drum. Two places will be filled. Kimbrell and Sorrells are incumbents. Remaining on that board are M. L. Wilson, president, Whit Farmer, Jim Stirling, Clifton Thomas, and J. H. Kimmell.

At Hermleigh, there will be four candidates to fill two places. They will be Albert J. Kuss, Jr., T. E. Shelburn, Dudley Mays, and Glenn Foster. Kuss and Shelburn are incumbents. Remaining in the board there will be James Davidson, president, Grady Williams, E. L. Vandiver, G. E. Chorn, and O.C. Darden.

Caprock Materials Firm Burglarized

About $12 in cash and some merchandise was stolen from the Caprock Materials Co., 2300 Avenue Q, when the business firm office was broken into by burglars last night, Travis L. Steele, police chief, said.

In addition to the cash, four boxes of candy and one box of cigars were stolen.

Police are investigation today, but no arrests have been made.

Mud Floods City

ZAMBANA, Italy (AP)—A flood of mud and stones continued to flow into this Alpine town today. The slide already has buried much of the town in muck 18 to 20 feet deep. There have been no casualties because the population of 800 had evacuated the town.

She Has Good Arm

DALLAS (AP)—A burglary suspect was in jail today after being nabbed by a wife who throws a straight ashtray. Mrs. Leslie Miles, 34, discovered the man in her front room. She threw the ashtray. He went to the hospital and then to jail.

6 States Covered By Veil Of Dust

DENVER (AP)—An eerie wall of dust shrouded a six-state area of the prairie West today along an 800-mile path from Cheyenne, Wyo., to Waco, Tex.

The first severe windstorm of the year sent grimy clouds boiling to 20,000 feet and forced rerouting of some airline flights.

In its wake was untold damage to spring crops, grazing land and range animals. In Eastern Colorado alone, federal agriculture officials estimated up to 75 per cent of the state's 3,400,000 acres of winter wheat was blown aloft.

The weatherman predicted relief for southern Wyoming, Colorado and New Mexico today. But there was little letup in the ferocious winds that battered Kansas, Oklahoma and north Texas.

Several eastern Colorado towns reported wind gusts to 85 m.p.h. Gusts were clocked at 75 m.p.h. at Cheyenne, and at 54 m.p.h. in Denver.

The Colorado highway patrol closed U.S. 40-287 and U.S. 24 between Limon and the Kansas border for more than eight hours. Three hundred motorists were given emergency shelter at Kit Carson, where residents reported visibility cut to less than a city block.

As the winds receded at dark yesterday, all roads in Colorado were reported open. Some Colorado schools had been closed during the day.

Bus drivers reported dust drifting two and three feet high along fence rows in eastern Colorado and western Kansas, agriculturally rich areas which have been hammered for four years by severe winds and drought.

United Air Lines reported some westbound flights delayed as much as 80 minutes by strong headwinds and rerouting. Pilots reported a huge dust cloud 20,000 feet high over southeast Colorado.

The area is the same as that inspected last year by Secretary of Agriculture Benson on a flying trip West. Much of it is in the same left in desert wastelands during the Dust Bowl years of the 1930s.

Choking dust prevailed over wide expanses of West and North Texas today. An early spring norther was moving toward the coast.

The cold front toppled temperatures into the lower 20s in the upper Panhandle after a day in which heat records fell in North Central Texas.

A few showers developed ahead of the cold air mass in northeast and East Texas. Texarkana had .17 of an inch and Lufkin .16.

Soon after the sun rose, the front extended from south of Lufkin and San Antonio to the Mexican border near Del Rio.

Small craft warnings fluttered along the Texas coast and boats were warned to remain in port.

Winds up to 45 miles an hour scooped up top soil by the tons. Dalhart visibility was 1-16th of a mile most of yesterday. Temperatures sank to 22 at that Panhandle town.

Laredo had a scorching 98, Del Rio 97, Fort Worth 96 and Dallas 95. Presidio and Waco both had 93 and Abilene 91.

The dust crippled highway traffic in many parts of West Texas.

During the night Amarillo had 31 degree weather, Lubbock 39, El Paso 47, Wichita Falls 48, Abilene 51, Dallas 56, Texarkana 57, Waco 59, San Antonio 65, Beaumont 69 and Corpus Christi 70.

Auto Registration Deadline Is Nearing

As the deadline for auto registration gets nearer, lines are getting longer in the office of the county tax assessor-collector.

Deadline for registration are subject to penalty.

Geral Green, chief deputy tax asesssor-collector, said this morning there had been a total of 7,675 vehicles registered so far. These included 5,273 passenger cars, 618 farm trucks, 79 truck-tractors, two farm truck-tractors, 368 trailers, 10 house trailers, 17 motorcycles and scooters, 18 dealers, and 1,290 trucks.

The tax office will be open from 8 a.m. to 5 p.m. during weekdays, including the noon hour this week.

Snyder Man Injured In Fall From Ladder

Marvin Ray Smith, 2105½ Avenue S, was injured when he fell from a 12-foot ladder and landed on a patio at 3710 Austin Avenue about 11:15 o'clock yesterday morning.

Smith was repairing a television antenna at the time of the accident, attendants at Bell Funeral Home, who took him to Cogdell Memorial Hospital, said.

Smith was reported to have received a broken elbow and facial injuries in the fall, but was not considered in serious condition.

WEATHER

SNYDER TEMPERATURES: Yesterday's high 80; Low 48. Today's 7:30 a.m. reading 48.

WEST TEXAS—Fair and mild this afternoon and Thursday. Cool tonight with lows 24-30 in Panhandle and upper South Plains and 34-44 elsewhere.

Big Spring Children Are Burned To Death

BIG SPRING (AP)—Three children burned to death early today when fire destroyed their home.

The victims were sons of Mr. and Mrs. Cleveland Gossett. The parents and six other children escaped when they awoke at 1:50 a.m. to find their home in flames.

The boys who burned to death were Jessie, 13, Johnny, 8, and Joseph, 3.

Investigators said the blaze could have been started by faulty wiring. The cause had not been definitely determined.

The modern five-room house was recently built in a new Negro residential section here.

Long Denunciation Of Stalin Published By Red Party Organ

MOSCOW (AP)—The Soviet government announced today that Prime Minister Tage Erlander of neutral Sweden will tour Stalin's native Georfia and neighboring Armenia, where rioting has been reported as a result of the current Kremlin denunciation of the late Soviet dictator.

The announcement of the Swedish leader's tour was taken as an indication that all is quiet in the two southern republics and that the Soviet government feels it has nothing to hide there.

Erlander's trip was announced less than 12 hours after the Communist party organ Pravda published the first broad-scale Soviet newspaper denunciation of Stalin. It said his drive for glory took "monstrous forms" which harmed the Communist cause.

In a 7,000-word article spread over 12 columns, the newspaper brought home to the general Russian public for the first time the new Soviet leadership's campaign to chop down Stalin's historical stature.

Pravda paid tribute to Stalin's work in the first years after lenin's death.

"But then certain features and qualities began gradually to appear in Stalin's practice of leadership which later developed into the cult of the individual," Pravda charged.

"The gigantic successes in building a new society, achieved by the Soviet people under the leadership of the Communist party, on the basis of laws of history discovered by Marxism-Leninism, were strongly attributed to one man — Stalin — and were explained by his special merits as a leader.

"He, lacking personal modesty, did not cut short the glorifications and praises addressed to him but supported and encouraged them in every way.

"As time went on, this cult of the individual assumed even more monstrous forms and did serious harm to the cause."

(The Pravda article appeared only the opening gun in a newspaper campaign against Stalin. It made no mention of the most sensational charges which reports reaching the West have said the new Soviet high command has leveled against their former chief—that he maintained a continuous reign of terror, murdered thousands of his party associates and the flower of the Red army officer corps and placed the nation in danger of Hitler conquest.)

Pravda assured the Russian people that the Soviet Union now is on the right track.

It said the Communist party is the leader and organizer of the Soviet people "and the collective leader of the party, guarding and interpreting its principles, is the Central Committee."

The campaign to destroy the Stalin myth has touched off by Communist Party boss Nikita Khrushchev last month in a secret address to the party's 20th Congress.

But Pravda's broadside was the first public expression at home of the campaign against Stalin personally. The newspaper had this to say of the Communist hierarchy's decision on the late dictator.

"Giving Stalin all the credit due him, soberly evaluating the big role he played in the revolution and the establishment of socialism the Communist party at the same time decided to liquidate the cult of the individual so as to re-establish Lenin's principales and norms of life in government work and to establish the best conditions for the construction of communism."

AREA OIL ROUNDUP

SE Scurry Well Shows In Canyon

Midstates Oil Corp, Midland, No. 1 Earnest Estate, Southeast Scurry County wildcat, recovered gas and shows of oil on drillstem test of Canyon sand stringers from 6,440 to 6,505 feet.

Tool was open 3½ hours. Recovery was 950 feet of gas in drillpipe, 500 feet of fluid, which was 230 feet of slightly gas-cut mud and 270 feet of heavily oil and gas-cut mud.

Hole was being made below 6,546 feet in shale and sandy lime.

Earlier, a drillstem test from 6,243 to 6,263 feet, in Canyon sand, open 3½ hours, recovered 900 feet of gas and 210 feet of heavily oil and gas-cut mud.

Location is at the center of the northeast quarter of the northeast quarter of section 31, block 3, H&GN survey, eight miles southeast of Snyder.

Sinclaire Oil & Gas Co No. 1 Kate C. McAdams, multipay prospect ½ mile southeast of Sweetwater in North Nolan County, flowed oil on a drillstem test of the Ellenburger form 6,480 to 6,510 feet.

The test, open four hours, surfaced gas in 16 minutes and oil in one hour. The wildcat flowed 31.6 barrels of 47.2 gravity oil in three hours. Reversed out was a full string of oil. Recovery from below the circulating sub was 260 feet of heavily oil and gas-cut mud and no water.

Logs were being run preparatory to setting casing for completion attempt. It topped the Ellenburger at 6,442 feet with initial test at 6,445-6,480 feet returning 40 feet of drilling mud with no shows.

Earlier, it had shown on two tests of the Canyon sand between 5,143 and 5,202 feet and yielded oil on tests of the Caddo at 6,350 to 6,365 feet and Mississippian at 6,395-6,405 feet.

Location is 880 feet from north and 1,650 feet from west lines of section 60, block 22, T&P survey.

Ray Smith Drilling Co Dallas, No. 1 Don J. Loving, Southwest Stenewall County wildcat, has been completed as a pumping discovery from the Strawn.

Operator reported a daily potential of 64.8 barrels of oil through perforations from 5,620 to 5,636 feet, after 1,000 gallons of acid.

Location is 1¾ miles northeast of the Lena M. Green field of North Fisher County, 660 feet from east and 1,981 feet from south lines of section 299, block 2, H&TC survey.

J. M. Huber Corp and John P. Wagner Exploration Account will re-enter and clean out to 4,100 feet for completion attempt at Hunt Oil Co of Dallas No. 2 R. L. Gray, wildcat failure in Southeast Borden County.

It will be drilled as No. 1 Borden Gray, et al. Location is 1,980 feet from north and 660 feet from east lines of section 228, block 97, H&TC survey and seven miles southeast of Gail.

The project was plugged by Hunt at total depth of 8,474 feet in March, 1952.

Paul C. Teas of Dallas No. 1 J. B. Slaughter, wildcat in South Garze County, is drilling ahead after a drillstem test of an unidentified formation between 5,058 and 5,070 feet.

Tools was open one hour. There was a weak blow for 15 minutes. Recovery was 60 feet of oil and gas cut mud with no water. Flowing pressure was zero and 20-minutes shutin pressure was 875 pounds.

Location is nine miles south of Post and 330 feet from north and 530 feet from west lines of section 39, block 2, T&NO survey. The prospector is five and one-quarter miles south of production in the Garza field.

Snyder Auto Dealer Goes To Meeting

Theo Lamb of Lamb Chevrolet Co. has returned from Dallas where he took part in a meeting of the Chevrolet dealer planning committee for this zone.

Lamb was elected to the committee by fellow dealers under a nationwide program by which Chevrolet keeps in touch with retail selling conditions. In his position he acted as spokesman for other Chevrolet dealers in his district.

The dealer committee system of operation was pioneered in 1937 by Chevrolet and has been widely used since that time in the automotive and other merchandising fields. The program serves as another means by which dealers and the company exchange views on industry developments and discuss mutual problems.

The system was revised early in 1955 to give individual dealers a more direct and closer representation on zone, regional and national committees. Dealers in each of the nearly 500 Chevrolet districts in the United States now elect from their group a committeeman were elected by zones only.

Each of the 43 zone or branch committees formed under the new set up then elects a regional representative. Finally, each of the eight regional committees selects a member to serve on the eight-man national committee which meets with company executives in Detroit. Dealer meetings are held two times annually to zone, regional and national levels with new committeemen serving each time.

Lubbock Man Fined On Driving Charge

A fine of $73.50, including court costs, was assessed against Hurshel F. Goodgion, 53, of Lubbock this morning when he pleaded guilty in county court to a charge of driving while intoxicated.

Goodgion was arrested yesterday by Sheriff Homer Whisnand and Leonard White, deputy.

County Judge Edgar Taylor presided in court, and Wayland Holt, county attorney, was prosecutor.

Prisoners Clean Up Cemetery In Snyder

The fourth annual cleanup of Snyder's oldest cemetery was completed yesterday by prisoners of the county jail.

Five prisoners in the jail volunteered to do the work at the cemetery, Sheriff Homer Whisnand said. The cemetery is located on Avenue E between the East Highway and Twenty-fifth Street.

The cleanup included raking up rubbish and grubbing mesquite.

Snyder Man Endorsed For Legion Post

Hilton Lambert, Snyder Postman and former commander of the Snyder American Legion post and of the Legion's 19th district, was unanimously endorsed by the 19th district as a candidate for commander of the Fifth Division of the American Legion in Texas in the district convention here last weekend.

A new division commander will be elected in a convention of the division to be held in Lubbock April 7 and 8.

In an address to the district Legionaires Sunday morning state representative Waggoner Carr, Lubbock, outlined his ideas of some if the outstanding problems facing Texas in the future.

One if the problems which Carr said needs immediate is finding methods of providing water for Texas, and another problem he outlined was the schools of the state. He suggested that the state needs immediately to start a building program which would call for construction of at least $10,000,000 worth of new public schools each year.

The next semi-annual convention of the district was scheduled for Colorado City to be held sometime in October.

Good Start Is Made By Water Group

BIG SPRING —The Colorado River Municipal Water District is off to a good start for the year, records of the first two months indicate.

Total revenues for February amounted to $93,137, boosting the year's total to $193,590. This compares with $88,156 for February of 1955, or a total of $137,844 for the first two months a year ago, said E. V. Spence, general manager.

Sale of water in February accounted for $91,788, including $27,125 from Odessa, $18,798 from Big Spring, $9,362 from Snyder, $27,888 from SACROC, $6,089 from the Sharon Ridge Unit. Rural users and the Texas Gulf Producing Co. supplied the remaining water revenues. Receipts from the recreational facilities amounted to $1,349.

Total expenditures for February stood at $23,859, and for the first two months of the year at $52,369. Excess of revenues over disbursements for Feburary was $69,273 and for the first two months $141,221. The net excess to be transferred to the net revenue fund was $135,[illegible] for the period.

During February Odessa required 116,762,000 gallons of water, Big Spring 89,308,000, Snyder 36,539,000, SACROC 232,408,000, Sharon Ridge 50,744,000, others 2,699,000. Bulk of the production was supplied by Lake Thomas, from which was pumped 408,999,000 gallons, the remainder coming from the Martin County well field.

Five Local Residents To Attend Convention

At least five Snyder men will go tomorrow to Mineral Wells to attend the annual convention of the West Texas Chamber of Commerce.

The convention started today and will last through Friday, but the main part of the program will be held tomorrow.

Those going will include Nolan von Roeder, Claude McCormick, Grady Elder, J. T. Hughes, and Hebert Feather.

McCormick is a director of WTCC.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD - JONES

ADMISSION: Roland Arnold, 601 East Twentieth Street; Mark Holmes, Hermleigh; Floyd Buckley, General Delivery; Mrs. J. E. Davis, Ira; Marlin Overman, Clairemont Route; S. W. Orr, 2210 Sunset.

DISMISSALS: Mrs. Cecil Reaves, 1411 Avenue T; L. M. Swisher, General Delivery; Mrs. LaVerne Martin, 2300 Avenue G; Curtis Waller, Troup, Tex.

COGDELL MEMORIAL

ADMISSIONS: Ernest A. Geaslin, Fluvanna; Marvin Ray Smith, 2105½ Avenue S; Mrs. S. T. Kennedy, Box 215 A; Mrs. J. A. Dodson, Arah Route.

Wreck Kills 13

STOCKHOLM, Sweden (AP)—Thirteen persons were killed today in a train wreck in northern Sweden, police reported. A freight train collided head-on with a railway diesel car.

Don't Let Carpet Cleaning Floor You

Now you can clean all types of wall-to-wall carpets quickly and easily with the new Blue Lustre Carpet and Upholstery Cleaner.

This very gentle foam cleaner is brushed into the carpet without sogging or matting, leaving the pile open and lofty. The original colors spring out like magic as you apply the foam with a long handle brush. (Easy as playing shuffleboard.)

Blue lustre leaves no rings. You can remove spots or traffic lanes in a jiffy. Works beautifully on upholstery too. It's economical as ½ gallon of Blue Lustre conentrate cleans three 9x12 rugs.

Wheat Needs Good Shower

AUSTIN (AP)—A good rain is needed by wheat in the Plains area, the U.S. Department of Agriculture reports.

The USDA said dry land wheat made poor development as moisture became short in the northwest.

Cross timbers wheat was jointing and needing moisture. North Texas small grains were slowly overcoming recent low temperatures.

Cotton planting moved northward but warmer weather was needed for South Texas cotton to start growing rapidly. Most southern counties received much needed moisture for corn.

Rice seeding was started. Corn planting was active with several North Texas growers expecting to complete the job next week. Many blacklands counties need moisture for germination.

Bond Being Offered For Name Of Union

AUSTIN (AP)—Organized labor in Texas is offering a $200 savings bond to the letter writer suggesting the best name for the merged AFL-CIO state organizations.

The merger committees from the two present state labor organizations closed a two-day session yesterday with another meeting scheduled April 11.

All Texas residents are eligible to enter the name finding contest.

Entries must be postmarked by May 1. Suggested names may be sent to Merger Committee, 413

Daily Worker To Continue Publication

NEW YORK (AP)—The Daily Worker, voice of U.S. communism, vowed today to go on publishing despite a government seizure of the newspaper's editorial and business offices on back-tax claims.

In sudden raids yesterday, internal revenue agents snapped padlocks on the newspaper and Communist party offices in five cities. The government said the party owed $389,265 in income taxes for 1951 and the Daily Worker $46,049 for 1951, 52 and 53.

The party took the position that it was tax exempt. The Daily Worker claimed the government move was an effort to force the paper to disclose names of its financial backers.

Though its editorial offices were locked, the Worker was able to roll an estimated 14,000 copies off the presses today because the paper's typesetting and press work are handled by a private firm.

"Our Office Seized — Here We Are," read the paper's headline.

The government crackdown also hit the worker's regional office in Chicago, and party headquarters here and in Philadelphia, San Francisco, and Los Angeles.

Communist centers in Newark, N.J., and Detroit were also tabbed for seizure if their assets had any resale value. They were not raided.

The swift raids caught Red leaders by surprise. They quickly protested them as "outrageous ... Gestapo-like ... lawless ... infamous."

Alan Max, managing editor of the Daily Worker, said the Treasury action was "an outrageous attack on the freedom of the press."

Eugene Dennis, general secretary of the U. S. Communist party, sent a telegram to President Eisenhower saying the raids were a "lawless attempt to muzzle political opponents by police force."

The action was ordered by Donald Moy Sey, New York District revenue director. "We're not picking on anybody," he said. "They're (the Communists) just the same as all taxpayers."

Woman, 115, Avoids Contact With Yankees

NASHVILLE, Tenn. (AP) —When a woman gets to be 115 she has to be more careful about what she eats and with whom she associates.

"That's why," says Mrs. Betty Talley, "I try not to eat anything that's not hog meat or batter cakes, and work to avoid meeting with the Yankees." She was born a Negro slave on a Tennesse farm.

Most locomotives are overhauled every 60,000 miles; trucks 20,000 and planes 30,000.

Soviet Union Submits Plan

LONDON (AP)—The Soviet Union has proposed a new plan for world disarmament omitting the usual Communist demand for renunciation of atomic weapons.

Emphasizing cuts in convential arms, the Soviet proposal was reported to have urged only a ban or strict control on atomic tests. Demands for outlawing of nuclear weapons—immediately or eventually—had been high on the Russian proposal list during previous disarmament negotiations.

To some Western observers, the change seemed to indicate that the Russians believe they have reached nuclear parity with the West—and can depend on their atomic arsenal rather than enormous standing armies for protection and to carry out their policies.

The new Soviet plan was submitted to the five-power U.N. Disarmament subcommittee, where the United States already has proposed conventional arms cuts to reduce U.S. and Soviet armed forces to 2½ million men each.

Deputy Foreign Minister Andrei Gromyko presented the Russian plan and discussed it for an hour at yesterday's session.

Details of the Russian proposals were not made public. But informants said they included "substantial" suggestions regarding the limitation of conventional arms.

Problem Of Bedbugs Tackled By Professor

NORMAN, Okla. (AP)—A professor at the University of Oklahoma is scratching for bedbugs and has called on his students for help.

However, the students have been little help so far to Dr. Cluff Hopla of the university's department of zoology.

Hopla says the bedbug is one of the vanishing Americans and he offered an "A" to the student who turns up a collection.

The professor said no scientist ever pinned anything on bedbugs. Hopla wants to study the bugs but they proved so scarce, a search is under way.

Students, hoping to hike their grades, turned to advertising. Hopla said improved insect extermination has reduced the bugs.

5 big reasons why the really new Plymouth gives you more for your money than any other low-price car

1 You get exclusive Push-Button Driving

Touch a button and off you go! This positive mechanical control is the safest and easiest selector ever devised. Foolproof! Only Plymouth has it among low-price cars.

2 You get the biggest car in the low-price three

Inside and outside, Plymouth is the "big boy" in its field. This 17-foot beauty outmeasures the "other two" in every important dimension. More room for everyone!

3 You get the only really new styling of the year

Don't let other low-price cars fool you with warmed-over versions of '53, '54 and '55 models! Get the car that's *really* new—the all-new Aero-dynamic '56 Plymouth.

4 You get the greatest array of safety features

The "other two" can't match Plymouth when it comes to safety. Only Plymouth offers you Safety-Rim wheels, electric windshield wipers and twin-cylinder front brakes.

5 You get the biggest deals around

Plymouth's lead in value has sent sales soaring, enabling dealers to give you the best deals ever. Come see how *easy* it is to own a big, beautiful value-packed Plymouth!

P09

PLYMOUTH costs less

From the day you buy it . . . through all the years you own it . . . you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

WOMEN

FOR GOOD EATING

DINNER MENU
Slavic Oven Stew
Whole wheat popovers
Buttered Broccoli
Pickled Crab Apples
Lettuce with Roquefort Dressing
Ambrosia

SLAVIC OVEN STEW
10 medium onions, minced
8 to 10 large tomatoes, sliced
½ cup uncooked rice
6 to 8 potatoes, pared and sliced
5 lamb chops
5 pork chops
1 eggplant
6 green peppers
1 cup diced okra
salt and pepper
2 tablespoons butter

Cover bottom of roaster with onions; arrange half of tomatoes on onions and then spread rice over tomatoes. Then add potatoes; then chops, alternating pork and lamb. Pare and dice eggplant. Remove seeds from peppers and cut into fine rings. Cover chops with diced eggplant and sliced peppers; add another layer of sliced tomatoes and top with okra. Sprinkle with salt and pepper and dot with butter. Cover roaster and bake in very hot oven (450 F.) 1 hour. Remove cover from pan and continue roasting in moderate oven (350 F.) 30 minutes longer. Serves 5.

WHOLE-WHEAT POPOVERS
2-3 cup sifted flour
½ teaspoon salt
1-3 cup whole-wheat flour
2 eggs, 1 cup milk
1 tablespoon melted shortening

Sift flour and salt together and stir in whole-wheat flour. Combine unbeaten eggs, milk and melted shortening and add to dry ingredients. Beat well. Fill greased custard cups or heavy metal muffin pans about 1-3 full. Bake in very hot oven (450 F.) 25 minutes, reduce temperature to moderate (350 F.) and bake 10 to 20 minutes longer. Makes 8 to 10 popovers.

Hi-Travelers Bridge Club Holds Meeting

The Hi-Travelers Bridge Club met Monday night with Mrs. Marvin Hanback at 408 Twenty-ninth Street.

Mrs. Landis Lee was high score winner, Mrs. Charlie Hoosier won traveling prize and Mrs. Dean Strack won the bingo prize.

The next meeting will be April 9 at 7:30 p.m. in the home of Mrs. Landis Lee, 203 Thirty-sixth Street.

Officers Are Named By Elementary P-TA

The North Elementary P-TA met recently in the North Elementary cafeteria and elected officers for the incoming year of 1956 and 57.

Those officers are Mrs. Kenneth H. Snyder, president; Mrs. Fred Kizer, vice-president; Mrs. J. N. Hazel, secretary; Mrs. W. S. Groves, treasurer; Mrs. Paul Malone, historian; and Mrs. Bert Sellars, parliamentarian.

Miss Ila Fern Warren was the guest speaker at the meeting and she spoke on Mental and Physical Hygiene.

Police Find House Is All Heated Up

FORT SMITH, Ark. (AP)—Police got a long distance call from a man who said he thought he had left town without turning out the burner under his water heater. He told police where a key could be found and asked them to check for him.

Police found all stoves in the house burning, a water heater with no thermostat and a can of boiling water on a circulating heater in the living room.

Officers Chester Bean and Adolph said they couldn't decide whether the water heater would have exploded before the heat from the stoves set fire to the house.

Driving Need

DES MOINES, Iowa (AP)—A Des Moines man whose wife was out of the city found he was spending much of how after-work hours driving his children here and there. In the midst of his extra duties he saw in a clothing store window an item he considered appropriate. He bought it. It was a chauffeur's cap.

Top Hatters Wear Flower On Bonnets

By DOROTHY ROE
AP Women's Editor

America's 10 best-hatted women, as chosen by New York millinery designers, will set the pace for the rest of the country by wearing, almost unanimously, big flowered hats in the Easter parade.

Heading the hatters' list, as usual, is Mamie Eisenhower, named by Sally Victor, because "her hats are an integral part of a smartly costumed whole, expressing her exuberant personality with quiet good taste."

The First Lady has ordered a number of gay flower hats for spring, proving that she anticipates the national preference.

Others in the best-hatted list ar as follows

Mrs. Cornelius Vanderbilt Whitney, named by Mr. John because "she is one of the few women I know who hasn't got a nervous wardrobe."

Grace Kelly, named by Robert Dudley because "she brings a fragile womanly appeal to the new hats reminiscent of the turn of the century . . . and because, being Irish, she knows that a beautiful hat can beat the Irish themselves at flattery."

Rise Stevens, opera star, chosen by Walter Florell because "she hits a high note in hats as confidently as in an aria."

Mrs. Francis T. Hunter, the former Continental film star Lizette Verea, chosen by Gustavo.

Mrs. William Randolph Hearst Jr., named by John Frederics; Dorothy Kilgallen, named by Lilly Dache; concert soprano Mary Bothwell, named by Margaret Cody; Heddy Hopper, named by Laddie Northridge; Arlene Francis, named by Emme.

No Light Reaction

NEW BRUNSWICK, N. J. (AP)—A woman patient got a surprise when she flipped a switch in the corridor of Middlesex General Hospital. She expected a light to go on. Instead, four fire engines responded. She had turned in a fire alarm.

Mrs. Clark Is Nominated For Baptist Mother Title

The WMU of the First Baptist Church has nominated Mrs. G. B. Clark, Sr. to be a nominee for the "Texas Baptist Mother of the Year."

This is not a popularity contest but is an opportunity to honor a Texas Baptist Mother and tell others of her contributions to her family, community and denomination through her church, E. S. James, editor, Baptist Standard, said.

The mother who is selected will receive a tribute plaque and the story of her life will be written as a feature article for the Baptist Standard. She will also receive wide publicity through newspapers and other publications.

Mrs. Clark, who lives at 1700 Twenty-sixth Street, has been a member of the Baptist Church since 1885. She was president of the WMU in 1931 and 32, teacher of Lydia Sunday School Class in 1933 and 34, and she now belongs to the TEL Sunday School Class. Wide Awake Training Union and the Reid Circle of the WMU.

Mrs. Clark is the mother of seven children, six of whom are still living. Mr. Clark died in 1942.

According to Mrs. Curtis Hays, president of the WMU, Mrs. Clark was nominated for "Texas Baptist Mother of the Year" because of her rendering of a special service by providing her home for visiting ministers and workers. "She has been unselfish and thoughtful in every opportunity to her Lord," Mrs. Hays said. "She has also given financial support to all activities of the church missions, building funds and other activities of the church."

Plainview 4-H Club Conducts Meeting

The Plainview 4-H Club met Monday in the home of Mrs. Roy Staton Route 2, with eight members and one guest, Mrs. W. C. Staton, present.

After the discussion of business Patsy Hammett and Betty Staton gave a demonstration on peanut butter cookies.

The next meeting will be held April 9 in the home of Mrs. T. J. Hillis, Hermleigh.

Provide Child With Special Wash Tray

Set up his own special wash-up tray in the bathroom to make a child take more pride in doing a good washing job. Let him select his own soap at the store and give him his own soap dish. Also on the tray can be a soft nail brush, his own drinking glass, toothbrush, and dentifrice.

Lots of the spilling and smearing occurs around the wash-bowl and down his own front because the child isn't quiet tall enough to reach the top or soap with ease. Get him a sturdy little footstool to bring him up to a proper level and this problem will be solved.

Kindergartin Pupils Get First Train Ride

LA SALLE, Ill. (AP)—It was only a 17-minute train ride but it was the first for 149 kindergarten pupils attending La Salle schools.

Teachers learned in class discussions that only a few of the students had ever ridden a train. A bus carried them to nearby Ottawa where they boarded a special railroad car.

Guests in the Leonard Mason home Sunday night were Roy Cox, Mr. and Mrs. Jim Cox, Mr. and Mrs. King Mason and Mr. and Mrs. G. I. Vicary and children.

HERMLEIGH NEWS FROM

By MRS. BUELL LEWIS

Mr. and Mrs. D. Hess and Dale Hess attended the funeral of Mrs. Ruby Johnsin at Dunn Saturday afternoon.

Mrs. Dave Ammons underwent surgery Saturday in the Young Hospital in Sweetwater.

Donnie and Judy Spykes visited over the weekend in Lubbock with Patsy Ann Davidson, who is attending Texas Tech.

Orville Hess returned home recently after undergoing surgery in Abilene.

Mrs. Buell Lewis received word recently that her niece, the former Mrs. R. L. Hooks, was injured when the oven of her stove blew up.

Tommy, Ronnie and Powers Boothe and Kenneth Reeves of Snyder, visited Sunday with James and Roy White.

Mr. and Mrs. H. E. Robbins and children visited her mother in Slaton Sunday.

Mr and Mrs. W. G. Lee visited their son and family in San Angelo over the weekend.

Mr. and Mrs. Joe Roemisch visited their children in Odessa Wednesday and Thursday.

Mr. and Mrs. Luke Crumbly and children of Oregon, and John Crumbly visited relatives in Mangum, Altus and Reed, Okla. last week. The Crumblys have been here visited his father, John Crumbly.

A pre-Easter revival will be held at the Methodist Church with the Rev. James Futch doing the preaching. The revival will begin Thursday night.

The Luke Crumbys left Sunday morning for Los Angeles, Calif., to visit relatives there before returning to their home in Forrest Grove, Ore.

A spring revival will begin Easter Sunday at the Central Baptist Church and will continue through that week.

Those who attended the birthday celebration Friday night for Jess Holdridge were Mr. and Mrs. James White and sons, Mr. and Mrs. Hubert Starnse and sons of Snyder, and Mr. and Mrs. Luke Crumbly.

Mr. and Mrs. S. K. Shelburn of Norton, visited Saturday night with Mr. and Mrs. T. E. Shelburn.

Those visiting in the Lloyd Reeves home Sunday were Mrs. Joe Davis of Wichita Falls, Mr. and Mrs. Mutt Fisher and Mrs. George Loper of Oklahoma, Mr. and Mrs. Tom Reeves of Colorado City, Mr. and Mrs. Fred Crabtree of Brownfield, Mr. and Mrs. Vestal Boothe and family of Snyder, Mr. and Mrs. Jess Brown of Dunn, Mrs. Stanley Hilckey and children of Hampton, Va., Mrs. Frank Roemisch, Mr. and Mrs. Joe Parks of Snyder, Mr. and Mrs. J. M. Boothe, and Mrs. Bill Humble and family of Lovington, N.M. and Mr. and Mrs. A. Brown of Colorado City.

Mr. and Mrs. Marvin Hanson, Mr. and Mrs. M. U. Vernon, and Mr. and Mrs. Serah Gillum attended a mail carrier meeting at Colorado City Saturday night.

Mr. and Mrs. Buck Craft and girls of Post visited over the weekend with his parents, Mr. and Mrs. T. D. Craft.

Mr. and Mrs. Bobby Stroud of Sweetwater and Jimmy Don Williamson of Snyder visited Mr. and Mrs. Ocie Vest Sunday.

Mr. and Mrs. Carl Peper and children of Odessa vistied her sister, Mrs. Jim Farr.

Frank Senkerik had an accident Saturday night and is now in the Shannon Hospital in San Angelo.

Ed Maraz and son of Texas City, spent Sunday night with Mr. and Mrs. Jim Farr. They were returning from Big Spring where Mrs. Maraz had gone to be with her mother who is ill.

The Rev. and Mrs. H. P. Bishop visited their children in Lubbock last week. One of their daughters underwent surgery and they are keeping her children.

Those attending the family reunion of Mr. and Mrs. Jim Cox Sunday were Mr. and Mrs. Jimmy Mason and children, Mr. and Mrs. Leonard Mason and girls, Mr. and Mrs. King Mason, Mr. and Mrs. Kenneth Dacus and son, Mr. and Mrs. Jim Cox, Jr. and Roy of Calif., Mrs. Ella Seals, Mrs. Annu Dickerson, Mrs. J. C. Eeddo and Jean and Charles Hallaway of Ballinger, Mr. and Mrs. Hubert Davis and children and Mr. and Mrs. Garland Davis.

WHAT'S GOING ON

Mrs. John Nelson of Texarkana spent the weekend in the home of Mr. and Mrs. Myron Miller. Mrs. Miller is the daughter of Mrs. Nelson.

Mr. and Mrs. Glendon Bynum and Harley, 1901 Fifteenth Street, have returned from a short trip to Fort Worth, where they attended the Ice Capades.

Mrs. Sandy Owens of Lamesa visited in the home of Mr. and Mrs. Albert Owens, west of city, Monday and Tuesday. Mrs. Owens is the daughter-in-law of the Albert Owens.

Mrs. Stanley Callis of Aspermont is spending the week in the home of her brother and his family, Mr. and Mrs. Wade Adams, Fifteenth Street.

Mr. and Mrs. Reed Simpson of Abilene left this afternoon after visiting in the home of the Herbert Simpsons, southwest of city.

Mrs. Ab Smith of Plainview recently spent five days in the home of the S. G. Townsends, south of city. Mrs. Smith is the daughter of the Townsends.

Mrs. Ross Carroll Sr. of Harleton arrived Monday to spend a week in the home of her son and his family, Mr. and Mrs. Ross Carroll, Jr., Lemons Lease Camp.

Bob Smith, Cecil Holmes, Bill Warneke, Harold Warneke, Buster Smith, and Slick Long attended a Safety Convention in Big Spring Tuesday night.

GALVESTON MAN LOST 20 POUNDS WITH BARCENTRATE

Mr. Ernest Ban, 4224 Ave. T, Galveston, Texas, wrote us as follows:

"On our company's semi-annual physical examination, I was told that I would have to take off 20 pounds. Asking around for the best way to lose weight, a friend suggested that I try Barcentrate. I did so and the 20 pounds were lost in a little over a month. I did not diet at all while taking Barcentrate.

Get four ounces of liquid Barcentrate from any Texas druggist. Take according to directions. If the very first bottle doesn't show you the way to take off ugly fat, return the empty bottle for your money back.

Bible Thought

Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer. Psalms 19:14

EDITORIALS

Unsolicited Packages

There has recently been noted throughout the country the rise of a racket that started a good many years ago and then seemed to fade away for a time—sending merchandise through the mail to people who had not ordered it, did not want it, and had no intention of buying it.

People who have been annoyed by this strong-armed peddling tactic have asked for laws against it, but it would be technically difficult to make or enforce such laws.

Unless we misread his comment recently, the postmaster general has a simple and direct way of dealing with this problem. He said he simply dumped all such stuff in the wastebasket.

Much of this stuff bears no return postage, or guarantee of the same, which is adding insult to injury. People who throw it away or simply put it by somewhere usually get tough letters demanding its return, but as we understand it there is no law requiring anyone to return unordered or unsolicited merchandise.

The average householder is pestered enough with direct-by-mail advertising matter without being imposed upon by this dubious kind of forced selling. A large percentage of the mail that goes into everyone's box is direct-by-mail advertising matter which he has never asked for and seldom welcomes. There is the trouble and bother of gathering it up and throwing it into the trash barrel.

It costs the postal service practically as much trouble and expense to handle these throw-aways as it costs to handle a first-class letter, and it is particularly burdensome on the man who walks your postal beat with a pack on his back.

Most people don't like to be bothered with it, just as they don't like to be bothered by telephone calls soliciting their business.

In the end, the best way to effect a cure in both instances is for people to show their resentment of it. That should get quick relief.

No More Dust Bowls?

Any notion that the United States is undergoing any great climatic change, that it is drying up and blowing away and becoming so hot that palm trees will be common in New York City, is the bunk.

That is the word of Dr. Hurd C. Willett, who isn't just any old meteorologist but the meteorologists' meteorologist. He is professor of that subject at the Massachusetts Institute of Technology, and a vehement sunspot man. He wrote in last week's Saturday Evening Post.

Way we gather Dr. Willett's theory, weather is largely made on the sun through the influences it exerts on earth's atmosphere, thus affecting the wind system which in turn makes our weather.

As we gather the Willett theory weather moves in cycles of about 80 years. The country is now passing out of the hot-dry phase of that cycle and entering the wet-cold phase. He says that except for a period about 1975-80, when there will be a brief hot-dry time in the southern parts of the country, the balance of the Twentieth Century will be wet and cold. There will be no more "dust bowls," he declared flatly—at least not for what is left of this century.

He says that at the "risk of being impulsive, I warn you to lay in a good supply of stove wood and keep your ear muffs handy" for the next 44 years.

Okay Doc; you're the doctor. But we know a brave man when we see one, and for our money Doc Willett is the bravest of the brave.

When we write a weather prediction nobody takes it seriously.

We never could see the use of dirtying up our mind with a lot of facts and figures, such as real weathermen must be hep to; we act on impulse only. And it is a great personal satisfaction for all us wishbone weather prophets to know that Doc Willett has his impulsive moments too.

If it is any comfort to him, we concur in his diagnosis. The witch doctor gives the nod to his colleagues of the American College of Physicians and Surgeons, the crow applauds the peacock, and ignorance bows to knowledge.

Easter Bonnet?

East Texas District Attorney Finds Model-T Ford Meets Modern Demands

By TIM PARKER
Associated Press Staff

Bob Murphey and Napoleon Fallapart have been together almost 15 years now. Bob probably wouldn't be willing to guess which will outlast the other.

In the halls of East Texas courthouses, Murphey goes under the longer name of Dist. Atty. Robert W. Murphey of Nacogdoches, Texas.

Napoleon Fallapart is his Model T Ford. Murphey calls it "my T-Model."

Napoleon is no freak. Murphey uses it daily in his duties in Angelina, Cherokee and Nacogdoches counties. he looks on it as "a good, serviceable automobile." Murphey's feelings are a little bit hurt when people want to borrow it for a parade.

It's a 1925 model, in excellent running condition, and there isn't a dent in its sleek body. Murphey calls its color "a dignified black" and says its cream-colored wire wheels and coil-spring shock absorbers are "optional equipment." They didn't come with the original Napoleon.

Murphey said "Napoleon and I have been in some places where a 1956 model wouldn't last as long as a paper shirt in a bear fight." The long story began when Murphey was studying law at the University of Texas in Austin in 1942.

"I had a full time job as assistant sergeant at arms in the Texas House of Representatives," Murphey recalls. "This meant I had to walk some 8 to 10 blocks back and forth from law school to the Capitol about five times a day.

"I bought Napoleon Fallapart, my T-Model, to keep my feet from wearing out up to my knees. When I rushed to the Capitol, there usually was no parking place, so I talked Governor Coke R. Stevenson into letting me park in his reserved place in front of the building.

"This was not too hard to do since Mr. Coke always walked to work anyway, and besides he is my uncle. Folks around the Capitol stop with open mouths and look at my T-Model quietly parked in the space which proclaimed in big letters, 'RESERVED FOR GOVERNOR.'

"I used to make the trip from Austin to Nacogdoches, a distance of 240 miles, regularly on holidays, vacations and other occasions. It took me 9 hours and 9 gallons of gasoline. These trips were not without incident. It is amazing how much more you notice about your surroundings when you travel in a T-Model. I was on waving terms with farmers, store-owners, filling station hands, etc.

"I made the trip in the heat of summer, the cold of winter, rain, sleet and snow. For some reason, people thought it unusual for me to make the trip in a T-Model. Actually, I was a lot surer of getting home than some of those dual-exhaust cowboys who like to have blowed me off the road when they went by."

One of the perils of driving a T-Model is volunteer advice from folks who drove one in the "GOOD OLD DAYS." This advice often includes instructions on how to crank a T-Model without breaking your arm. Murphey, who knows how to crank, let one old gentleman demonstrate his faulty memory. Sure enough, the old gentleman did it wrong and left with "a bump the size of a hen egg on the side of his arm."

Murphey does agree with one old saw about T-Models—that a good kick in the side will restore them to running order when something goes wrong. "A good, stout kick, used along with proper language, never hurt any T-Model," Murphey declares. If a kick in the side doesn't correct a minor breakdown, a pair of pliers, some bailing wire and a monkey wrench will take care of it "if you don't have too much advice while you are working on the thing."

Murphey almost weaned his T-Model off gas during World War II rationing days, when it "ran mighty good on pure Texas kerosene." He spends a lot of time telling folks he doesn't want to sell it. At strange service stations he has to tell attendants where to find the openings for oil, gas and water.

"When I leave a filling station," the district attorney says, "I feel like the attendants should have tipped me for educating them about automobiles."

Murphey plans to keep Napoleon Fallapart for a long time to come.

"I like the 'T' for a lot of reasons," he says. "First, it helped put me through school. Second, it looks and sounds like an automobile. It ain't too fancy, but it's all car. I like it because it smells like an automobile, too."

Girls, Here Is A Choice Goal For Leap Year Race

By RELMAN MORIN

NEW YORK (AP)—This being Leap Year, ladies, I thought you might like to know about a particular bachelor with an unusual story.

His name is Martin Lerman. He is 25, tall, slim, dark and handsome, with an engaging—no pun intended—personality, which is an important part of his story, and, for a young fellow just getting started, his prospects look pretty bright.

He owns an oil company.

Now they tell me it is always a good idea to get a man talking (A) about himself and (B) about his work. And if a girl can come in here and there with a knowledgeable comment, so much the better. So here is young Lerman's story

He was a sophomore at Washington U. in St. Louis when, during the Christmas holidays of 1952 his father entertained at dinner. One of the guests was a Greek, a former resident of Athens. He began talking about oil.

He told about the island of Zante, in the Ionian Sea, where perhaps the oldest producing oil field in the world is located. The historians, Pliny and Herodotus, described the lake of pitch which is there. It may be that the ships that carried the Greek army to Troy to rescue fair Helen were calked with pitch from Zante. They probably used it, too, for their fearsome siege weapon, "Greek fire."

"I was fascinated," Lerman says.

He went back to college but he didn't do much studying, that is, on his classroom subjects. He began reading about oil. He wrote to Greece for information about Zante. His geology professor helped him understand the technical terms.

That was the end of his regular college days. He had planned to study business law and perhaps join his father's machinery and steel-brokerage firm in St. Louis.

Instead, at 21, he left college, determined to drill for oil on Zante.

He went to Greece and began knocking on official doors. The American Embassy helped, he said. He ingratiated himself with Greek government officials and with people on Zante. He is learning the language.

He leaves soon for Zante and will stay until the drilling is fully under way.

Marriage?

"I'm all for it," he said, "but I've been too busy the last few years."

Well, there you are, girls. Start up on commercial crudes, asphalt bases, specific gravity, and BTUs. They tell me Zante is a nice place for a honeymoon.

BUCKLEY

"THESE MOSQUITOS ARE KILLING ME!"

Justice Department Will Take New Law And Try To Unravel Some Red Plots

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The Justice Department, armed with a new weapon just handed it by the Supreme Court, will now go ahead with the job of trying to make reluctant witnesses unravel some Red conspiracies in the United States.

The court yesterday upheld the immunity law passed in 1954 by Congress to make unwilling witnesses, Communists or non-Communists—testify in court cases involving national security. Spying, for instance.

This law says that if a witness before a federal grand jury or congressional committee investigating a case involving national security refuses to testify—on the grounds he might incriminate himself—then:

He can be guaranteed that he won't be prosecuted. What if he still refuses? He can be cited for contempt and jailed.

But the court limited itself to saying this law could be used by the Justice Department in making grand jury investigations. It did not—and specifically said it did not—say it was all right for congressional committees to use it. The court may rule later in the committees' favor.

Grand juries and congressional committees have been hampered in their inquiries into communism by witnesses' use of the Fifth Amendment, which says a man cannot be forced to testify to anything which might incriminate him.

Once a man clams up behind this amendment neither a jury nor a committee can tell whether he really has anything to fear or is just refusing to talk to protect friends or acquaintances.

Yet, the amendment is intended to protect only the witness himself from saying anything which might lead to his own prosecution.

Congress two years ago passed the immunity law, which applies only when a witness in a national security case invokes the Fifth Amendment before a grand jury or congressional committee. This can be done: the Justice Department or the committee can ask a federal judge to promise the witness he will not be prosecuted for anything he says, even though he involves himself in a crime in the security case in question by his testimony.

This wipes out any need for the Fifth Amendment in his case. The promise of immunity takes the place of the Fifth Amendment in protecting him from prosecution.

Having been offered immunity in exchange for his testimony, if he still won't talk he can be cited for contempt and jailed. This is what happened when a federal grand jury, making the first use of the 1954 law, questioned William Ludwig Ullmann about a wartime Washington spy ring.

He invoked the Fifth Amendment, was granted immunity, refused to talk, was sentenced to six months in jail, and appealed all the way up to the Supreme Court.

Now, with the court upholding the law, a Justice department spokesman said it will go ahead with its investigations.

WASHINGTON LETTER

Congressman's Family Full Of Speechmakers

By JANE EADS

WASHINGTON — Rep. Hale Boggs (D-La) overlooked a real politico in his family when he jokingly kept needling his daughter Corrinne, 12, because she didn't follow his footsteps to the speakers' platform as had his wife, older daughter and young son.

"Co," he prodded, "you are the only Boggs who can't get up in public and talk. I'm always making speeches, Your mother makes speeches. Your sister Barbara (aged 17) is captain of her high school debating team. Tommy (15-plus) is on his school's debating team. How come?"

Co kept mum, but went to work. She promoted a debating team in her seventh grade. Furthermore she and a partner won the first debate, arguing the affirmative. The subject "Resolved that the states have the right to declare an act of Congress unconstitutional." On the opposing two - member team was pretty Libby Miller, also 12, daughter of Rep. William Miller (R-NY).

When Secretary of the Air Force Donald Quarles was late arriving at a party given in his honor by the American Newspaper Women's Club, his wife firmly acclaimed him "AWOL."

The Quarles and other honor guests, Air Force Chief of Staff and Mrs. Nathan Twining, were delighted and amused at the decorations and drinks the newsgals introduced for the party — a model plane with a 16-foot wing spread, a mannequinn in a high altitude flying suit, a "Mighty Mouse" cocktail made of vodka and California wine and a "Cloudburst," of sherry and gin!

Mrs. Myron Cowan, wife of the former ambassador to the Phillippines has launched a movement to introduce talent and mobile museum tours in the republic similar to those developed here by Unofficial Ambassadors, Inc.

Many American Children Get Education Overseas

WASHINGTON, March 24 (AP) — The United States has a small but growing army of youngsters—a total of 85,127 this year—who are getting their basic schooling abroad at government expense.

They are the children of Army, Navy and Air Force men and of personnel of the career foreign service.

A check with the State and Defense Departments showed today the average cost of educating these children in elementary and high schools is fairly close to the average for such education in the United States.

It also showed a wide range of cost, depending on where in the world a child sets out for school.

The Defense Department's program is an old one, dating back to 1821 when the armed forces first gained legal authority to establish schools abroad.

But the State Department is just rounding out the first year of its program. It leans heavily upon the well-established facilities of the armed services.

The Pentagon's schools abroad are expected to total 263 in the fiscal year starting next July 1. This includes for the Army 125 elementary and 22 high schools, for the Air Force 84 elementary and 16 high schools and for the Navy five elementary, three elementary-junior high and eight elementary - junior and senior high schools.

Congress has allowed the Defense Department schools an average of $240 per pupil.

The 1956 estimated total of 85,127 students — including 1,731 whose parents are State Department personnel—is expected to go up to 90,681 in the fiscal year 1957, which starts July 1. And for that year the services are asking an increase to $255 per pupil.

The theory behind the service schools is that a school is built wherever there are a sufficient number of students. Where the number is too few, the childrn are transported to the nearest available school.

The Army estimates its schools this fiscal year averaged $255.66 per student whereas it cost $278.69 to send children to private schools where no army schools were available. For the Navy these figures are $257.15 and $200 43. For the Air Force the averages are $273.50 and $248.49.

Only slight changes are expected in these figures for fiscal 1957.

American Industry Not Exactly Standing Still

By SAM DAWSON

NEW YORK (AP)—The growing industrial and military strength of Soviet Russia sends shivers down some American spines. But American industry hasn't been exactly standing still either.

And it's newly announced expansion program — while aimed primarily at production of still more civilian goods — isn't without its defense potentialities.

One of the great victories of last war was won in the factories of the United States, as Francis Walton points out today in his book "Miracle of World War II," published by the Macmillan Co. The story of their conversion from peacetime to wartime output, despite many snafus, should buck up many of today's faint hearts.

But many of the peaks of production so miraculously achieved some 10 or more years ago could be dwarfed today if the new industrial capacity of the United States need once more be turned in that direction.

This new production potential except for the spurt of the Korean War period—was accomplished by American industry working on its own, motivated as much, or more, by the civilian demands of a growing and prospering population as by the defense goals of the government.

Take steel, for example. The first year the United States was in the war, 1942, Walton says nearly 77 million tons of steel of different kinds was produced. By 1944 the industry had raised production to 90 million tons and brought capacity up to 94 million. Walton's story stops with VJ Day.

But in peacetime 1955 the industry turned out 117 million tons, and now the capacity stands at 128,363,090 tons a year. Since the end of the war the industry has added around 40 per cent to its potential for output.

American factories have mushroomed too. In the 35 years before World War II, Walton says, plant building for American manufacturing had totaled 45 billion dollars, and he adds: "The cost of the plants erected in the war years alone was 30 billion dollars."

Industry's spending on new plants and enipment has climbed since the war. This year alone business spending is expected to total 35 billion dollars—although much of this will be for tools and equipment, and only part of it for factories themselves.

Bobcat Special

NINETY SIX, S. C. (AP)—Ray Voiselle, driving home after a night high school football game, hit and killed three bobcats during his trip.

LITERARY GUIDEPOST

MY SHIP IS SO SMALL, by Ann Davison (Sloane)

This is the most convincing argument I ever read against sailing across the Atlantic alone.

The author, Ann Davison, doesn't seem too sure herself why she became the first woman ever to do so. Previously she and her husband had tried it together in another boat. That one was wrecked and her husband killed almost before they got started.

For her solo attempt she bought a little 23-foot sloop -something you'd hardly see out in Long Island Sound in rough weather. Yet it was a boat that could and did live through some pretty rough weather on the high seas.

Mrs. Davison sailed from Portsmouth to France to Spain, Gibraltar, North Africa, the Canary Islands, and then on to Dominca in the West Indies.

That last jump took 65 days. Sixty-five days of too little wind, too much wind, water shortages, poor food, insufficient exercise and physical exhaustion.

Maybe Mrs. Davison, like many another sailor, likes the life because it feels so good when you stop. She says on one occasion that she thought the venture would offer freedom, travel and a home into the bargain. At the end she mentions it had been a quest for courage. Quite possible she herself didn't know exactly what she sought.

The book sounds vaguely familiar from previously read newspaper and magazine stories, but it makes pretty good reading for the armchair navigator.

Joe Wing

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP)—Some program changes affecting almost every night of the week are in the works for next season on CBS-TV.

Trade reports indicate that three are big programs of an hour or longer. But most are half-hour shows, on film, the creations of Hollywood.

The most ambitious undertaking will be Playhouse 90, a 90-minute weekly dramatic show to be produced by Martin Manlius. Variety, the weekly trade journal of show business, says this is slotted for 9:30 p.m. (Eastern Time) Thursday evenings and will include eight film entries to be made by Columbia Pictures. CBS has not commented on details.

One of the hour shows will be called The Big Record with format, time and other details a big secret. Actually the idea for this program was given a show-casing several weeks ago when Shower of Stars presented "The Golden Record," a program in which stars who had sold more than a million recordings of specific songs did their stuff. The public liked it — and so, apparently, does CBS, now.

The other weekly hour program, announced previously, will be a Herb Shriner variety show. This may move into a Friday night spot, with the hope of giving that currently rather dead evening a shot in the arm.

Here are some of the half-hour film programs reported in the works:

A series on air power; a weekly color cartoon series; a series about helicopter pilots, one on use of medicine in solving crimes, a Perry Mason series based on the Erle Stanley Gardner mystery stories, a cavalry series, one on activities of the Chicago ire Department, at least three new situation comedies. All of these are on film and nearly all will originate in Hollywood.

Tigers Drop 8-6 Tilt To Westerners

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IF YOU NOTED THE results of the West Texas Relays in the high school division last weekend, you probably noted the similarity of the WT and Canyon Reef Relays results.

In three events, the shot put, discus and 100-yard dash, the four boys who finished 1-2-3-4 here also figured in the first four places at Odessa—although in a different order.

Jim Windham of Colorado City won the shot put title here but finished second at Odessa. E. J. Holub of Tom S. Lubbock won the shot at Odessa but finished second here. The third and fourth places were also switched. Gene Cox of Amarillo finished fourth here and third at Odessa while it was reverse for Ed Strickland of Pampa.

Windham's winning toss here, however, was somewhat better than Holub's winning heave at Odessa. Windham put the shot 52 feet 1¼ inches to Holub's 51-1¼ winning toss at Odessa.

McClellan, Hollis 1-2 In 100 Both Times

Mike McClellan of Stamford and Billy Hollis of San Angelo finished 1-2 in the 100-yard dash in both meets and Johnny Janak of Big Spring and Dan Blair of Tahoka rounded out the top four in each race. Janak, however, was third here and fourth at Odessa with Blair being the reverse. McClellan's winning time in both meets was 9.9.

The third near duplicate event, the 440-yard relay, saw Colorado City win at both meets with Amarillo, Odessa and San Angelo rounding out the top four both times but in different order. Ranking 2-3-4 in the Canyon Reef were Armarillo, San Angelo and Odessa while at the West Texas Relays San Angelo, Odessa and Amarillo was the order.

In several other events the winners and placers at the Canyon Reef were also winners and placers at Odessa.

A. W. Hammock of Midland and James Harvey of Sweetwater finished 1-2 in both the Canyon Reef and West Texas Relays in the 180-yard low hurdles. Hammock's winning time at Odessa was .5 seconds better than his winning time here. He was clocked at 20.4 here and 19.9 seconds at Odessa.

Amarillo's Cox and Midland's Wahoo McDaniel finished 1-2 in the discus here and 2-3 at Odessa. Had Cox hurled the platter as far at Odessa as he did here he would have also won the West Texas Relay discus title. Cox got 157'3¼" here but fell off 10 feet at Odessa to 147-3. Bill Mitchell of Abilene won at Odessa with 156-10, about five inches shy of Cox's winning mark here.

Highs, Mile Relay A Near Duplicate

Midland's Hammock and Sweetwater's Harvey finished 2-3 in both meets in the 120-yard high hurdles. The Tigers' Powell Berry finished first in the highs here but didn't place at Odessa. Berry qualified for the finals at Odessa but hit a hurdle in the championship race and finished out of the money.

Another near duplicate event was in the mile relay where three of the top four here were in the top four at Odessa. Stamford finished first here and third at Odessa while San Angelo and Amarillo finished second and fourth respectively in both meets.

Abilene won the mile relay at the West Texas meet.

There was one oddity in comparing the Canyon Reef and West Texas results. Colorado City won the 880-yard relay at Odessa but didn't place here. And to make it more odd, Odessa won the 880-yard relay here but didn't place at Odessa.

The old expression "that's the way the ball bounces" may be changed to "that's the way the baton bounces" in this case.

The only event at Odessa that was completely void of fellows who placed here was in the broad jump.

The winning difference at the two meets in the broad jump however, was only one inch. Joe Kennedy of Levelland leaped 21-9½ to win here as compared to 21-10½ by the Odessa winner, Donnie Denham of Andrews.

Kennedy entered at Odessa but had a bad day and didn't place.

Baylor, TCU In SWC Wins

BBy THE ASSOCIATED PRESS

The Southwest Conference's budding baseball race Wednesday sees three of its teams taking on outside foes after the first round of loop play.

Rice is hist to Nebraska at Houston, Texas Christian journeys to Huntsville to engage Sam Houston State and Texas entertains Brooke Medical Center of San Antonio at Austin.

The TCU Horned Frogs and the Baylor Bears eked out victories in two conference tilts Tuesday.

At Dallas the Bears took an 11-10 victory over Southern Methodist after racking up all of their 11 runs in the first four innings. The game gave the Bears a 1-1 record in conference play while the Ponies have dropped both of their first two conference tilts.

Stolen bases helped give the Horned Frogs a 3-2 victory over the Rice Owls at Houston Tuesday. Bob McDaniel was credited with the victory for the Frogs, his second conference win of the season. Rice had lost both of its first two loop tilts.

Errors Costly; Bengals Host BS Tomorrow

The Tiger defense had its worst day of the season Tuesday when the Bengal baseballers dropped an 8-6 non-district decision to the Tom S. Westerners at Lubbock.

The Tigers were charged with five errors, two more than their previous single game high this season.

Lubbock, too, had a bad day afield, the Westerners booting the ball six times. Earned runs in the game favored the Westerners, 4-3.

Tuesday's loss evened the Tiger season record at 4-4. The Bengals will swing into action again tomorrow afternoon when they host the Big Spring Steers at Pony League Park.

Tomorrow's game will start at 3:45.

Alan Snead is scheduled to open against the Big Springers. The Tigers will continue their week's play Friday and Saturday, meeting Plainview at Plainview Friday and San Angelo here Saturday, the latter in a doubleheader.

Lubbock was never behind in yesterday's game but the Tigers tied the count on one occasion, 2-2 in the second. Then Tom S. moved ahead 7-2 with one in the third and four in the fourth but the Tigers got back in the game in the fifth win a four-run flurry to narrow the gap to only one run, 7-6.

The Tigers outhit the Westerners, 8-7. Two of the Westerner base raps, however, were home-run blasts by centerfield Robert Benton and that was the difference of the game. Benton was credited with three RBI's.

Catcher Pat Fowler and second baseman Joe Reaves led the Tigers hitting attack, each collecting two hits in four trips.

Dwayne Prince opened on the mound for the Tigers and left during the Westerner's big fourth inning in favor of Ronnie Baker who finsihed up.

Benton's first homer put the Westerners ahead, 2-0, in the first, the blow driving in Bill Dean, who had walked.

The Tigers tied it up quickly in top of the second when Pat Fowler singled, moved to second when Kenneth Williams errored on Gary Vice's grounder and scored on a single by Joe Reaves. Vice went to third on Reaves' hit and scored when the throw-in from the outfield hit him in the back at third and rolled out of play. Reaves went to third on the error.

Starting and winning pitcher Dewey Bryant then got out of trouble when third baseman Joe Austin speared Milton Ham's hot liner and then doubled Reaves off unnassisted.

After the Westerners had gone ahead 7-2, the Tigers came back in the fifth with their biggest inning of the afternoon with four runs to pull within one run of catching up. The Tigers loaded the bases on a walk to Baker, a single by Snead and a walk to Taylor. Then came timely singles by Don McNew and Fowler to drive in three markers with Fowler later scoring the fourth run.

Cards Own Best Exhibition Mark

By BEN OLAN
The Associated Press

Considering that the Pittsburgh Pirates put together the best record among major league teams last spring, there's no reason for the St. Louis Cardinals to rejoice because they're making a juicy showing in the Grapefruit League.

But the fact is that the Cards, woefully weak in pitching the past few years, are getting loads of good chucking in the exhibition games. They've won 11 games and lost 7 for the best spring mark among National League teams.

And improved pitching has been evident in just about every one of their 18 outings. In no game did the Cards have more than seven runs scored against them. They've won by 1-0, 2-1 and three times by 3-2. Their losses, too, were squeakersby 1-2 (twice), 1-3 and 3-4 (twice).

Luis Arroyo and Tom Poholsky each have picked up two victories. The others went to Vinegar Bend Mizell, Larry Jackson, Ellis Kinder, Ben Flowers, Stu Miller, Harvey Haddix and Gary Blaylock.

Yesterday Arroyo got the win as the Cards nipped the Milwaukee Braves 2-1. The St. Louis trio Mizell, Arroyo and Kinderlimited the Braves to two hits. The Cards picked up the winning run in the seventh inning on singles by Joe Cunningham and Bill Virdon and an infield out.

Trailing the Cards in the National League grapefruit standings are the Cincinnati Redlegs, New York Giants and champion Brooklyn Dodgers with 10 victories against 8 setbacks. Pittsburgh, which led with a 19-11 record last spring, is 9-8 this time as are the Chicago Cubs. The Braves are 8-9 and the Philadelphia Phillies bring up the rear with 7-10.

The New York Yankees, idle yesterday, top the American League with 11-6. Then come Chicago with 10-6, Cleveland 11-7, Kansas City 8-7, Boston 7-9, Washington 5-9, Baltimore 5-12 and Detroit 4-13.

The White Sox were knocked out of the lead yesterday, by dropping a 7-2 decision to the Red Sox. Jim Piersall paced a late Boston rally, driving in three of the fiur runs the Red Sox scored in the seventh and eight innings.

In other games, the Dodgers beat the Phillies 6-2, the Pirates downed the Redlegs 5-4, the Cubs outslugged the Giants 13-10, the Athletics dumped Detroit 7-2 and Cleveland nipped Baltimore 8-7.

Tiger Netters Host S'wter

The scheduled tennis match between the Tigers and Big Spring here yesterday was postponed until Thursday because of Tuesday's high wind.

The Tigers netters, meanwhile, will host Sweetwater today on the Towel Memorial Park courts, weather permitting.

It will be the first meeting between the Tigers and Sweetwater netters. The Tigers and Big Spring have met once before, the Bengals winning, 4-0.

INFIELD MAY BE BEST IN NL

Chicubs Look Good On Paper

By BOB MYERS

MESA, Ariz. (AP)—There is enthusiasm and optimism with Stanley Hack, highly regarded manager of the Chicago Cubs, when he discusses his pitching prospects, the infield and the catching department.

But Stan comes to an abrupt stop when queried about his outfield.

"Right now, if the National League season started play, I couldn't tell you who would be in the outfield. We're still studying the problem," he said with pleasing frankness.

There is no dearth of candidates for the outer garden. The question is whether such stalwarts as big Hank Sauer can return to the form he had in 1954 as the league's most valuable player, or Monte Irvin displayed in that same period as a New York Giant.

Will Walter Moryn, obtained from Brooklyn, deliver the goods, or will it be Solly Drake, Eddie Miksis, Gale Wade or someone else?

Hack is set with his infield, which he considers the best in the loop — Dee Fondy at first, the smooth keystone duo of Ernie Banks and Gene Baker, and Don Hoak, another ex-Dodger, at third.

The club now has five regulars listed as starting pitchers, as against the four it struggled along with last year. Hack reeled off the list—Bob Rush, Warren Hacker, Sam Jones, Paul Minner and Russ Meyer, the latter still another acquisition from Brooklyn.

Hack, one of the Cubs' brightest aluminus as a gifted third baseman, has six catchers in camp, but Harry Chitl and Hobie Landrith, late of the Cincinnati Reds, along with veteran Clyde McCullough, are the most prominent.

Actually, the Cubs have more good-looking talent in camp than has been their luck in several years.

Don Eaddy, Ritchie Myers, Bob Speake, Owen Friend, Ed Winceniak, Bob McKee and Frank Kellert are infield candidates.

Bob Thorpe, from Des Moines, has impressed Hack with his pitching promise. The same is true of two hurlers from the Cubs' Los Angeles club, Jim Brosnan and George Piktuzis, and bonus kid Don Kaiser.

Veteran Turk Lown returned to Chicago from Los Angeles to bolster the relief pitching department by Jim Davis.

Offensively, the Cubs lead off with Banks, who hit .295 and whose 44 home runs were third best in the league. Potentially, such fellows as Irvin, Wade (.310 with Los Angeles), Moryn (.248 before joining Brooklyn from St. Paul late in the season), Sauer, Miksis, and Fondy are capable of breaking out into a rash of hitting.

Irvin was shipped to Minneapolis by the Giants after a third of the season last year. He was hitting .253 or New York. He proceeded to bat .352 with Minneapolis in 75 games.

Bears, SMU, Texas In Triangular Meet

WACO (AP) — Baylor and Southern Methodist are expected to provide stiff competition for the Texas Longhorns as the three squad get together here today for a triangular track and field meet.

Jr. Hi Track Meet Here

Snyder Junior High will host Sweetwater in a dual track and field meet today at Tiger Stadium.

The meet will get underway at 4 p.m.

Sweetwater will be favored to win the meet judging from Saturday's invitational meet at Stamford. Sweetwater finished second in the meet in the eight grade division with 30 points as compared to Snyder's 6½ points.

The local junior high thinlies will go to Sweetwater for an invitational meet Saturday.

Mantle Setting Grapefruit Afire

By JOE REICHLER

ST. PETERSBURG, Fla. (AP)—Mickey Mantle, prepping for his sixth season in the major leagues, appears ready to reach the superstardom predicted for him since he joined the New York Yankees at 19.

Judging from his amazing exploits during spring exhibitions, the Oklahoma strongboy ought to tear the American League apart with his bat.

It would be no surprise if he captured the triple crown—batting, home run and runs-batted-in titles—as well as the league's Most Valuable Player honor.

Not since Babe Ruth trained here more than 20 years have local fans been as excited over a player.

Buddy Lewis, an old catcher with the Boston Braves, after watching Mantle for the first time, could hardly believe some of the drives Mickey hit.

"He ought to be the greatest player who ever lived," Lewis said.

Terry Moore, for years regarded as the top center fielder in the National League when he was with the St. Louis Cardinals, says:

"Mantle has more power than anybody I've ever seen, and that includes Babe Ruth and Lou Gehrig. I played against Ruth and Gehrig and I never saw either of them hit a ball as hard as Mickey has hit this spring.

"And hitting with power isn't the only thing he can do. He beats you four ways—hitting, fielding, running, throwing. He's just the best, that's all."

At 24, Mickey unuestionably has been the most exciting performer in the Grapefruit Circuit. In the Yankees' first nine exhibition games, he walloped five home runs, two triples and three doubles. His batting average was .484. None of his homers traveled under 400 feet.

In a game against the Cardinals, he poled a pitch by right-hander Larry Jackson clear over a light tower in back of the 410-foot sign in right center field. The tower extends 75 feet. No tape measure was available, but old-timers agreed it was the longest ball ever hit at Al Lang Field.

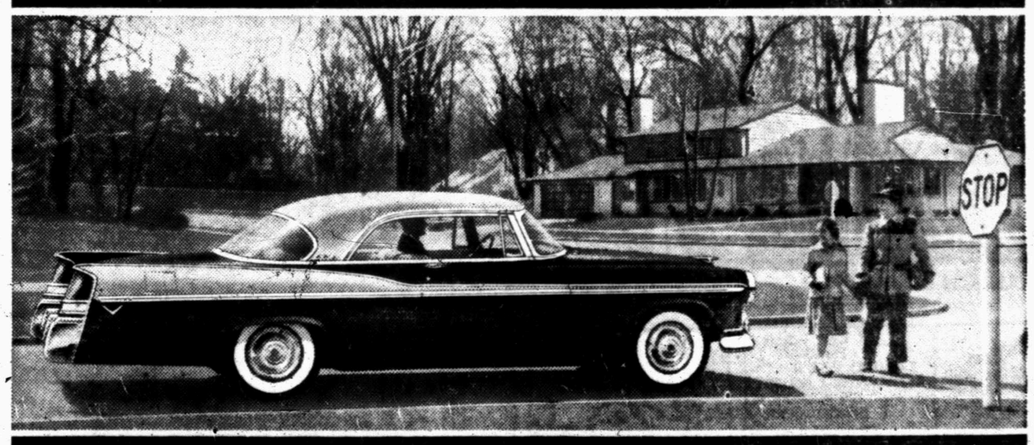

That record blow lasted one day. The next afternoon, Mickey teed off on a pitch by rookie Bill Bradford of Kansas City and blasted it nearly out of sight, a drive that cleared the center field wall and soared over the tall palm trees some 475 to 500 feet away.

State Probe On Insurance Nearing End

AUSTIN (AP)—Legislative investigation of events leading up to receivership action against U.S. Trust & Guaranty Co. appears near an end.

Rep. Wade Spilman of McAllen, chairman of the House Investigating Committee, said yesterday he felt it was the concensus of his committee that their inquiry is near "the end of the road."

The committee recessed indefinitely after hearing two witnesses yesterday morning, bringing to 28 the total who have testified since the House panel began its probe Jan. 19.

Spilman said the committee wants to hear from one more witness, Willis V. Lewis of Little Rock, Ark., president of an Arkansas insurance firm that was organized with a $500,000 loan from U.S. Trust last August.

Senate investigators also have delved into the failure of U.S. Trust, in which claims of depositors and creditors total some 7 million dollars. The Senate committee has not met since Feb. 10, and Chairman William S. Fly of Victoria has indicated he feels their work is about complete.

Both House and Senate committees have called on help from the State Bar Association and the Legislative Council, research arm of the Legislature, to assist in drawing the line between ethical and unethical conduct for state officials—particularly lawyer-legislators.

They also have called for study and recommendations in the field of lobbyist control and anti-influence peddling legislation.

Shivers Criticizes Favorite Son Plan

HOUSTON, Tex. (AP)—Gov. Allan Shivers last night labeled as "cynical and calculated" a proposal that Sen. Lyndon B. Johnson be named Texas' favorite son presidential candidate and head of the state's Democratic National Convention delegation.

The proposal was made by House Speaker Sam Rayburn, long a political enemy of Shivers.

The governor, who also is being boomed for Texas delegation chief, praised Johnson for his work as Senate majority leader but questioned his qualifications as "majority leader for Texas Democrats."

Rayburn's proposal, Shivers said in a speech, "was a cynical and calculated effort to divide the conservative Democrats of Texas and maneuver the senior senator into the Democratic Advisory Council-Political Action Committee camp, where he does not belong.

"It was and is their trump card in their game to take over the state convention, the Texas delegation — and Lyndon Johnson."

Shivers and Rayburn's last big fight dates to 1952 when Shivers was among the Southern governors who bolted the Democratic party to support Dwight D. Eisenhower and Rayburn led the Adlai Stevenson campaign in Texas.

They are spearheading rival factions in a fight for control of the party in Texas at a series of conventions in May. The May 22 state convention selects the Texas delegation to Chicago.

Shivers' speech last night was to a shouting, whistling crowd of 2,000. It interrupted him 37 times for applause. Shivers and others of his conservative bloc confidently predicted victory in the May struggles.

The State Executive Committee voted unanimously to make interposition a rallying-point in the conventions. It recommended precinct, county and state sessions decide whether or not to urge that the question submitted in a referendum in July.

The committee defined interposition as a "legal and democratic" process to fight integration and other "unwarranted invasions by the Supreme Court of the powers of the Congress and the states."

Crude Oil Hike Sought

AUSTIN (AP)—The president of the Texas Independent Producers and Royalty Owners Assn. has called on crude oil purchasers to raise prices at least 60 cents a barrel.

A. P. King Jr. sent a letter to 22 crude oil purchasers yesterday.

He said delay in raising the prices "would come to be recognized in time as one of the most damaging blows to the defense and economy of this nation that could be dealt from any source."

King told the purchasers insufficient oil is being discovered "to prevent undue dependence upon unreliable foreign sources."

He said almost 50 billion barrels of crude oil will have to be added by 1955 from domestic sources to mzet minimum requirements for national security.

Rapidly rising costs of finding crude oil are reducing incentives, he said. In 8½ years only one increase has been obtained by domestic producers and expenditures have increased about 20 per cent since the 25-cents-a-barrel increase in 1953, he said.

King told the purchasers the "industry is being denied the privilege and responsibility of making its full contributions to the national welfare for lack of a realistic crude price."

Mouse Tumbles Out Of Pneumatic Tube

NORMAN, Okla. (AP) — Who put the mouse in the pneumatic tube?

That's the big question around the University of Oklahoma Press building these days.

Mrs. Louis Skinner, a secretary, especially wants to know the answer because the mouse jumped out of the tube she opened and ran up her sleeve. Four other secretaries scurried for nearby furniture.

Mrs. Skinner suspects that a joke-provoking male in the shipping department was responsible.

Juror Receives Fine For Talking In Court

LONGVIEW, Tex. (AP)—Juror R W. Boone of Kilgore rendered an opinion in County Court yesterday and it cost him $10.

While testimony in a case involving a woman driver was being presented, Bione blurted out: "Well, she must have been a mighty poor driver or she could have stopped."

Judge Earl Sharp declared a mistrial and dismissed all of the jury except Boone, whom he fined $10.

It wasn't a complete loss for Boone. He drew $5 pay for jury service.

More Liable Under State Law Change

A total of 116 more employers in Scurry County have become liable under the amended Texas Unemployment Compensation Act, which went into effect Jan 1.

D. E. Harlow, local office manager at Sweetwater for the Texas Employment Commission, this week advised these employers that establishing payroll reporting accounts with the state office of TEC, which is located in the Brown Building at Austin, will help avoid penalties and assessments of back taxes.

The amendment to the state's unemployment compensation laws extended coverage to all employers with as many as four employes on 20 days in 20 different weeks, Harlow said. Prior to Jan 1, only firms who hired eight or more were affected.

"The expanded program also covers small business which has four people working only Saturday's or one which regularly has two employes during the day and two others at night," he added.

The state program was extended by the 1955 Legislature to conform with federal statutes already enacted. Otherwise, the TEC man said, Scurry employers of four to eight people would not have the advantage of the Texas system of possibly reduced taxes because of employer experience ratings. Early action will mean earlier eligibility for reduced tax rates, he said.

Combined federal and state tax-ex begin at three per cent of each annual wage up to $3,000. The state program, however, provides for a possible minimum rate of one-tenth of one per cent, and the 1955 average rate for rated employers was .222 per cent. The net federal tax is three-tenths of one per cent in addition to the state tax.

Any Scurry County employer of four through seven persons for 20 weeks during 1955 should request explanations of the state TEC office about complying with the program, Harlow said.

Newport R. I. claims it had the first street lighted by gas in the United States--in 1806.

About 400 pounds of blood must pass through a cow's udder to make one pound of milk.

Scientist Explains Theory On Energy

By BRYANT EVANS
San Diego Union

LA JOLLA, Calif. (AP)—A Nobel Prize scientist today offered a new hypothesis that life's energy can only be understood in terms of electromagnetism.

He used the term "electronics excitation" and linked it with thyroxine, the human hormone of the thyroid gland.

Dr. Albert Szent-Georgyi, 1937 winner of the Nobel Prize in physiology and chemistry, said the hypothesis was based on known behavior of electrons. He applied this behavior to explain transmission of energy within animal muscle.

The Hungarian-born scientist, now director of the Institute of Muscle Research at the Woods Hole, Mass., marine biological station, said recent discoveries about molecules had disproved chemical

"It became evident," he said, "that there had to be some mechanism to carry the energy from one part of the molecule to the part that had to contract. I asked myself what form of energy could travel in this way. The only answer was the energy of electronic excitation."

Szent-Georgyi said that he believed the energy stored in a chemical within a muscle was transmitted by this electronic excitation. He explained that an electron was excited into leaving its original energy level by reversing its spin. He said that without the presence of a magnetic field, the electron would return to its level too quickly to do any work.

"Disturbances of the electromagnetic field," he added, "will help to reverse the spin. Such disturbances can be created by the oxygen molecule, or by heavy atoms like those of iodine.

"This is most remarkable because thyroxine, the hormone of the thyroid gland, contains iodine and this hormone dominates and regulates out whole energy household."

Szent-Georgyi spoke at an international symposium on marine biology sponsored by the U.S Office of Naval Research and the University of California's Scripps Institution of Oceanography.

Never because you pay less . . . only because you get

more!

It isn't the low price that makes Chevrolet the most popular car going. It's the looks and quality of the only Fisher Body in its field—the ride and roadability—the championship power and performance.

Sure Chevrolet's low price is important. It saves you plenty, when you consider what most other cars cost.

But even more important to you are the qualities you get in a new Chevrolet. Like its record-breaking performance (horsepower ranges up to 225!) and nailed-down stability. Then, there's the solid construction of its stylish Body by Fisher.

These are just a few of the things that go to make driving more satisfying—and *safer*—in a Chevy. They're the real reasons why this new Chevrolet is making so many friends so fast. Driven one yet? We'll be happy to arrange it.

Air conditioning—temperatures made to order—at new low cost. Let us demonstrate!
