Convicts Again Revolt In Ohio State Penitentiary

Guardsmen Are Sent To Quell Pen Disorders

Soldiers Equipped With Guns, Tear Gas Bombs, Bayonets In Effort To Quiet Riot In Penitentiary Tunnel

Guards Stationed

"Shoot To Kill" Order Given By Warden Thomas; Colonel Haubrich Precedes Men In Move Against Convicts

COLUMBIUS, O., April 28.—Thirty-one national guardsmen with loaded rifles and tear gas bombs were sent into Ohio penitentiary tonight to quell disorders among prisoners in a tunnel leading from a cell block to the prison power house.

Seven of the soldiers went into the prison court while 24 men stationed themselves in the guard room with fixed bayonets.

A "shoot to kill" order was issued by Warden Thomas.

Colonel Robert Haubrich, commander of the national guardsmen stationed outside the prison since last Monday's fire in which 320 convicts died, preceded the soldiers into the court.

First information that the convicts were in the tunnel came when they cut off the power supplying lights in the white city side house.

When the cell blocks became black, soldiers cut two holes in the roof and trained search lights into them.

Cut Through Wall
Later tear bombs were dropped into the holes. It was learned that the mutineers had cut through a concrete wall in order to reach the tunnel.

Soldiers were kept on the cell block roofs and a company of

Deny Warrant Plan For New Lubbock Jail

Mass Meeting To Be Called For Discussion Of Future Plans Of New Structure; Bean Refutes Rumors

Rumors that the Lubbock county commissioners' court will issue funding warrants for \$200,000 for a new criminal court and jail building in this city, following defeat Saturday of the bond issue election for that amount, yesterday afternoon were refuted by Judge Robert H. Bean.

The county commissioners' court will not issue warrants, Judge Bean emphatically stated.

Plan Mass Meeting
"We plan to call a mass meeting within the near future of all citizens of the county and at that time plans will be laid for future procedure looking to the ultimate construction of the building. We realize that some action must be taken and feel that our citizens, when aware of the conditions which really exist, also will understand the necessity."

"The plan at this time is to have representative citizens of practically every community in the county

Brownfield Man Commits Suicide

BROWNFIELD, April 28.—"Bill" Ramsey, aged about 60, was shot through the head with a 38 calibre revolver late Friday and a coroner's jury returned a verdict of suicide.

Burial was Saturday afternoon.

Ramsey, a farmer, according to the story told by Mrs. Ramsey to Sheriff J. M. Tifford, had threatened to kill himself. She said she told him to "let me get out of the house first," thinking he was just talking.

By the time the woman had left the house Ramsey had shot himself. The bullet entered his head just behind the left ear and came out above the right eye.

County authorities investigated on request of Mrs. Ramsey.

Total Eclipse of Sun Witnessed Over Narrow Swath of U. S. Yesterday

(By Associated Press)
SAN FRANCISCO, April 28.—The rare phenomenon of a total eclipse of the sun was witnessed over a narrow swath across northwestern United States today, and in addition, to being a spectacle of much interest may have brought to astronomers new information regarding our chief source of heat, light and energy.

As a spectacle the eclipse brought countless thousands of persons in northern California, Nevada, Idaho and Montana with staked glasses. The path of totality was narrow and short. Starting at a point in the

Two Bandits Escape With \$1,100 in Loot Sunday

(By Associated Press)
WACO, April 28.—What appeared to be a clueless robbery and kidnaping case is the problem now facing Chief of Police Hollis Barron and the city police force, following the holdup of Manager Maurice Rosenfield and consequent robbery of Orpheum theater here Sunday night. Two bandits escaped with approximately \$1,100, Saturday's and Sunday's receipts, according to reports made to police.

Rosenfield, according to report given to police, was held up at the point of a gun at his home, forced to secure the theater keys from the assistant manager, Melvin Cruse, who was across the street at his home, and accompany the robbers to the Orpheum where he was made to open the safe.

No suggestion of anything unusual was given Cruse, he said Monday. Rosenfield simply asked for the keys to the theater, mentioning something about some "important papers I want to send off tonight."

He then asked Cruse which key opened the theater door and which key would open the office. Rosenfield came to Waco three weeks ago from Dallas theater also operated by the Public Corporation, and was not familiar with the theater keys.

"I'll put on my shoes and coat and go with you if you say so," Cruse told the News Tribune he said to Rosenfield.

"That's all right. I can get along all right," or words to that effect was Rosenfield's reply. He then added that he was with "some friends."

Rosenfield told police that following the robbery he was put in a small coach or sedan, and after being stripped of his clothing, was let out on Bosque Boulevard. He was told to walk 30 steps and keep his eyes straight ahead, not looking around.

Fearing the bandits planned to shoot him, Rosenfield walked about 50 steps then fell to the ground, it is reported. About ten minutes later, he was picked up by J. U. Cook who is working at nights on the Speegville road bridge, and brought back to town where he told police of the robbery and kidnaping. His clothing was found in the middle of the road near the spot where he was put out of the car.

Unemployment Measures Passed

(By Associated Press)
WASHINGTON, April 28.—Two Wagner unemployment measures—to set up a federal prison for emergency construction, and to provide for collection of complete employment statistics—were passed today by the senate.

Over objections by administration leaders, the senate voted to consider the third point of the Wagner unemployment program immediately after discussion of the nomination of Judge John J. Parker for the Supreme Court is completed.

The third bill by Senator Wagner, New York, democrat, would provide a federal system of employment, to co-operate with state agencies. Wagner asserted confidence, after the vote, that the senate also would agree to the third measure.

Machine Guns Used In Wholesale Slaughter Of Scores Of Helpless Citizens In Northern Chinese Area

Thousand Captives Carried Off With Loot Of Burned City; Country Ravaged And Peasants Tortured

(By Associated Press)
SHANGHAI, April 28.—Bandits armed with machine guns massacred 1,000 residents of King-suchen, northern Kiangsu province, Saturday. It was learned today. One thousand captives were carried off with loot of the city which was burned.

This latest massacre by outlaws, who recently have slain thousands in other sections of China, took place within 100 miles of Nanking, seat of the national government.

The countryside about King-suchen was ravaged and peasants were tortured. Mounted, the bandits dashed into the town, posted machine guns and mowed down the helpless inhabitants afterward looting their houses before setting fire to them.

Two priests were kidnaped by brigands who sacked the city of Sientaochen, fifty miles northeast of Hankow. The priests were attached to the mission established by the Chinese Mission society of St. Columban, Neb. Most of the personnel of the mission are Irish born priests. Other priests and sisters of the mission were believed safe, while four American sisters were reported to have fled to Hang-yang.

\$150 In Checks Found After Safe Of Baptist Church Is Robbed Sunday Night; \$400 In Collections Taken

Reports last night from the local police station stated that checks to the amount of about \$150 had been recovered Monday, following the looting Sunday night of the safe at the First Baptist church. Proceeds of Sunday's collections and of two banquets held last week were taken, with totaling about \$400. The checks were found in the church building.

An investigation was made yesterday by police but last night no clues had been obtained. The safe was knocked open by someone who entered the office of the church with a key.

Chief of Police John Leonard stated that the office was entered by someone who had a skeleton key or one which fits the door to the room where the safe is located. "All doors were locked Monday when church officials arrived at the building," he said. "The thief supposedly was aware of the heavy collections of Sunday."

A similar robbery was reported at the church on January 21, 1928 when approximately \$500 in cash and checks were taken. At that time, indications were the robbery was committed by someone who knew the "lay" of the church.

Original Cowboy Band from Simmons University Appears in Concert Here

PLAYING the same selections they will render on an eight weeks' tour of Europe this summer, members of the original Cowboy band of Simmons University, directed by D. O. Wiley, scored success when they entertained Monday evening in the Lubbock high school auditorium. Despite the down-pour of rain, more than 300 music lovers attended the performance.

The band is on a tour of West Texas and Eastern New Mexico and was brought to Lubbock under the auspices of the high school band. A performance will be given tonight in Plainview

and Wednesday night in Hereford. Other places included in the itinerary will be Clovis, New Mexico, Roswell, Artesia, Carlsbad, Pecos, Midland, and Big Spring. On Wednesday morning, May 7, the group will return to Abilene.

In Cowboy Regalia
Dressed in their regular cowboy uniforms and their shirts of purple and gold, Simmons University colors, the boys furnished a treat to the eye as well as to the ear in their performance here. Realism was added through the use of a back

Ring of Steel Encircles Ohio Pen As 4,000 Prisoners Defy Warden

A ring of steel-machine guns and rifles in the hands of 1,500 National Guardsmen—encircled the Ohio state penitentiary at Columbus as 4,000 prisoners remained in control of the prison in a state of passive mutiny, refusing to return to work after the disastrous fire in which 320 convicts burned to death and demanding that Governor Cooper remove Warden Preston E. Thomas. Guardsmen are shown above with rifles trained on cell blocks.

"Big Jim" Morton, Cleveland bank robber and one of the convicts leaders, is shown at the left. Morton, a hero of the fire, sent out word that there would be no violence, but insisted that Warden Thomas, right, be ousted.

ATTACK TARIFF BILL
League Of Women Voters In Tenth Annual Confab

LOUISVILLE, Ky., April 28. (P)—A virulent attack on the pending tariff bill, as threatening the peace of the world, and a mild recommendation of the London disarmament conference results as conclusive to world peace occupied tonight's session of the League of Women Voters' tenth anniversary convention.

The conference spotlight was on the peace world session, at which Chester H. Rowell, of Berkeley, California, termed the results of the London disarmament conference "a three-power agreement with a string to it, and a five-power agreement that does not cover much."

United States Commissioner Leonard Pearson, Sheriff Wade Hanley, Chief Deputy C. B. Conley, and Jailer Will Ernest carried out the court order.

Bill Herman and his son Vernon Herman, who were arrested in the raid, which was conducted by State Ranger Sam Mayes and local officers, yesterday were charged with violation of the prohibition law. Bonds of \$1,500 each were set for the men and they were released yesterday afternoon.

Two Lubbock men, also arrested in connection with the case, were released after evidence produced revealed that they were visitors at the home.

TRIAL PASSED
DALLAS, April 28. (P)—Trial of V. C. Corrier, charged with slaying Frank Mackintosh, was passed until the next term of court when called here today. Absence of defense witnesses was the reason for the postponement.

Small Twisters Sweep Areas South Of Lubbock; No Damage Recorded; Farmers Are Jubilant Over Prospects

BLANKETING the entire South Plains and Panhandle sections with beneficial moisture, heavy and low-hanging clouds last night gave promise of additional precipitation in this and surrounding areas. Starting last Saturday night, downpours have been reported throughout West Texas in varying degrees for the past two days.

Saturday and Sunday Lubbock received only .04 of an inch but with that of Monday an estimated .25 was registered. Hail has been reported in some sections. The ice precipitation was reported last night from Brownfield and Rowell though in each instance little damage was recorded.

Twister Reported
A small twister which blew itself out in a short while was reported between Lubbock and Woodrow, another as reported south of Lamesa, neither of them, however, was of sufficient velocity or power to do damage.

While the rainfall in the immediate vicinity of Lubbock has been rather light, other sections have reported as high as 2 1-2 inches. Bus travel in all directions has been slowed considerably.

Vernon yesterday received a fall of 1.54 inches, Amarillo 1-2; Plainview 1.8; South Plains, 3 1-2;

TABLET AWARDED

Brownfield Theater Honored For Talkie Machinery

(Special To The Avalanche) BROWNFIELD, April 28.—The Rioito Theater of this city has been awarded one of the bronze tablets of merit that is being distributed by the Herald-World of Chicago in conjunction with producers and manufacturers of sound and talking picture machinery. This is considered quite an honor, as up to date, only three of the tablets have been awarded in the city of Chicago and only ten in Texas. The management of the theater was persuaded to enter the contest, only after being assured by hundreds of visitors that the acoustics and tone effects were superior to many theaters of the larger cities.

Demonstration Clubs Are To Observe Week

Clean-Up Projects, Special Interior Improvements, Better Homes Programs To Be Features

Clean-up projects, special improvements of interiors, and programs on better homes will be stressed this week in all communities where there are Home Demonstration clubs. One of the most popular means of observing the week, however, will be tours of the various communities, in which good demonstrations will be visited. The living rooms and 4-H bedrooms will be centers of interest; good garden and orchard projects will be visited; well-planned and well-planted yards will be pointed out by those in charge of the tour, according to Miss Louise Baird, county home demonstration agent.

Will Have Luncheon The Better Homes program will be climaxed with a luncheon at Hotel Lubbock on Saturday. An interesting program has been planned with Miss Margaret Weeks of Texas Technological college as principal speaker. Representatives from each Home Demonstration club will give a report from the Better Homes campaign or the better homes work in their communities. Between 50 and 75 persons are expected to attend the luncheon.

Choose Colors "We chose tan, buff and blue as the predominating colors to be used in the living room. We used a two-tone tan wall paper with a ceiling to match and a colorful border. We chose a narrow border because of the low ceiling, and the woodwork was varnished a light oak color, as this harmonized well with the paper.

"We selected yellow voile curtains and cream colored blinds which would screen privacy and let in a soft light as well. We hung

Advice will be given individually. She will answer questions on the care of the skin, eyes, and hair. She will study your type of skin and tell you what lotions and creams to use. She will recommend the kind of make-up that will make you look your smartest and loveliest. We invite you to meet her.

Mrs. E. A. Moores, Winner of First Place in Living Room Contest, Tells Experience in Making Improvements

"Parlors of many modest homes have long ago become unfashionable, and one finds in the place of them the comfortable living rooms," says Mrs. E. A. Moore, member of the Carlisle Home Demonstration club, who has been announced as winner of Class II of the living room contest recently conducted among the clubs of Lubbock county. She now tells just how she improved her living room in order to win first place.

"The living room is the common meeting place of the entire family and is a place of relaxation for all," says Mrs. Moore. "In my living room, 14x12 feet in size, were the following pieces of furniture: a photograph, a phonograph record case, two rockers, a three-quarter bed, a linoleum rug 9x12 feet in size, a dirty wood and coal container, a dresser, bookcase, mirror, white window curtains, and blinds that prevented the light from entering. Dirty striped paper, dirty pictures and an ugly calendar were on the wall and none of these were hung properly. The floor and woodwork was unfinished and there was no baseboard. None of the furniture harmonized.

Improve Bookcase "We scraped the cream colored enamel from the bookcase and varnished it mahogany. "At the end of the day we took an old wash stand, removed the bottom shelf and one of the two drawers, varnished it a mahogany color, and bought two knobs for the remaining drawer. We made a waste basket, papered it the color of the paper on the walls, and placed it under the desk. For a desk chair we purchased an unfinished Windsor chair, varnishing it a mahogany color, and over the desk is a small calendar, above which is a picture.

Begin Work "With the help of my daughter, Bessie, I began work by removing the bed from the room. Then, while attending an auction sale, I bought an organ for \$7.75. Three black keys were gone and I could find only one of them. So I took this key to the piano mill and had new keys made that are hard to distinguish from the old ones.

"After studying the floor space and the furniture that it took to make a complete living room, we found that we needed more space. We removed the partition between the living room and a room 8x12 feet in size that had been used as a bedroom. On the east side of the house were two small porches and a small room between them. We walled the porches with the lumber from the living room and bedroom, and made one large room. We used the partition which we took from between the living room and bedroom and for the other room, thus making two bedrooms. This left a glass door going from the living room to the bedroom, and as one of the bedrooms needed more light, we changed doors, thereby caring for two needs.

"We chose tan, buff and blue as the predominating colors to be used in the living room. We used a two-tone tan wall paper with a ceiling to match and a colorful border. We chose a narrow border because of the low ceiling, and the woodwork was varnished a light oak color, as this harmonized well with the paper.

"We selected yellow voile curtains and cream colored blinds which would screen privacy and let in a soft light as well. We hung

Spur To Hold Birthday Fete

First Anniversary Of Municipal City Water, Light Plant To Be Observed In Program, April 30

Citizens of Spur will have an anniversary program on the evening of April 30, celebrating the starting of the new municipal light and power plant on that date one year ago. Prominent speakers included Mayor McKenzie of Denton, Dr. J. C. Godbey, city commissioner of Georgetown, and others. Also, there will be a number of the city officials of many West Texas towns present as guests of the citizens of Spur for the evening.

The municipal light plant of Spur will have been in operation one year May 1st. The trial run was made on the evening of April 30th, 1929, to test out all lines and machinery. The plant is being paid for from the net earnings, and to date every payment has been met in full without any delay.

Citizens patronizing the city-owned plant are very proud of it and are well pleased with its service. All of the city water is pumped with electric motors run by the city-owned power plant. Practically every street corner in Spur is lighted with a 250 candle-power light.

DELIVERS ADDRESS

Dr. Paul W. Horn, president of the college, delivered the commencement address to the senior class of Muleshoe last night. He will return to the campus this morning.

CONVOCATION WEDNESDAY

Dr. L. L. Evans, pastor of the Austin Avenue Methodist church of Waco, will speak to the student body at a convocation Wednesday morning at 11 o'clock in the college gymnasium. It was announced yesterday, Dr. Evans is in the city conducting a revival at the First Methodist church here.

At the same time members of the Tech Chamber of Commerce will present a song, "Malador," to the student body. It will be played by the band, sung by the assembly and then a vote will be taken to see if the song will be adopted by the students as an official song. The words and part of the music were written by R. C. Marshall and the composition was chosen by the Chamber of Commerce from about 25 songs.

COLLEGE REVUE

Thoughts while away from the campus: Does Don Maddox sell very much to the engineers in his department of the book store? How early would you have to go after a court in order to insure yourself that you could play a game of tennis some time during the day? How many commencement addresses Tech professors are called upon to make each year? Do freshmen know why the towers of the Ad building are kept locked? What Malador will win the trophy for being the hardest working man out for spring training? How many Tech students own their own cars? How many classes are out on the average during the spring fever epidemic?

Use for Tin Cans Will Be Good for Theater Ticket

A more profitable location for a tin can has been found for the youth of Lubbock than on the end of some dog's tail.

The Palace Theater will admit each youth under 14 years of age, free of charge to a matinee Wednesday at 4 o'clock who brings three tin cans as admission.

The matinee is being given by the theater as a measure to cooperate with the general clean-up campaign now being staged in Lubbock.

The cans are to be stacked in front of the show building and will later be hauled to a dumping ground by a city truck. Bebe Daniels in "Love Comes Along" is the feature program for the matinee.

A Paramount Water Softening Unit Bringing To Your Family And You

BEAUTY—ADDED HEALTH—SOFT LAUNDRY WATER—LIGHTENED LABOR

and many other domestic aids
Beauty and Health in Bathing

Everyone appreciates the wonderful satisfaction a soft water bath gives. That velvety feeling and invigorating cleansing can be obtained in no other way. Infants should never be bathed in hard water. The tallow from the soap combining with the lime in the water forms a greasy, sticky mass which clogs up the pores and causes skin irritations.

A Great Toilet Aid

A quick shave with soft water starts the day right. A heavy beard is covered with a rich, creamy lather which is rare where hard water is used. Beauty parlors and barber shops are especially loud in their praise of the Paramount softened water for all purposes, and those who are now using it marvel as to how they have gotten along without it. Hair washed in softened water is restored to its beautiful natural lustre and suppleness. For the woman who wants to preserve her complexion Paramount softened water restores it to its natural velvety smoothness.

An Aid In Cooking And Dishwashing

Foods cooked in soft water have a more pleasing taste; peas, beans, potatoes and all skinned vegetables cooked in Paramount Softened water retain their original flavor and cook in less time, because both lime and magnesium are absent. The skin pores remain open and the heat penetrates to the center and the food is evenly cooked throughout. Coffee making thus requires less coffee and the full aroma is developed—likewise tea.

Ideal For Laundering

For the laundry it has been proved that clothing washed in hard water deteriorates much faster, becomes faded and discolored and do not last as long as when soft water is used. Clothing washed in soft water comes out snow white, clean smelling and soft. The meshes of the fabric do not contain soap curd or scum that causes yellow or dirty looking spots when ironed. The daintiest linens and lingerie can quickly and easily be handled. Dainty hands are kept soft and smooth and the housewife feels a real pleasure in working with Paramount softened water.

Eliminates Scale

For heating plant and water pipes, in homes or industrial plants or any place where a boiler is used for generating steam or hot water for any purpose whatsoever, conditions are improved by the use of Paramount softened water. The lime in hard water forms a scale which clogs the pipes and runs up the plumbing bills, scale is completely eliminated by the use of Paramount soft water.

Emily Wadley Is Medalist in Meet For Woman Tribe

By GAYLE TALBOT, JR.
Associated Press Sports Writer
TEXARKANA, Ark., April 28. (AP)—Curling a cool 86 while most of her rivals were finding it difficult to tour the treacherous Texarkana Country club course in anything under three figures, Emily Wadley of Texarkana carried off medalist honors in the qualifying round of the fourteenth annual Texas Women's golf association tournament today.

Scarcely considered in pre-tournament reckonings, the local star chalked up a 44 on the first nine and followed it with a 42 to lead the veteran talent of the state. Just how carefully she kept to the straight and narrow may be gathered from the fact that a score of 89 was sufficient to qualify for the championship flight of 32 players. This surprisingly beautiful course proved a nightmare to most of the fair contestants.

Kathryn Allen of Clarksville speared an 88 to capture second honors, and Mrs. L. W. Magruder of Waco, last year's medalist, placed third with an 89. The 90's were divided between Mrs. A. M. Rhodes, Dallas; Mrs. C. C. Cary, Dallas, and Mrs. Harry Munz, Texarkana. Mrs. F. E. Pharr of Texarkana, the defending champion and a red-hot favorite to repeat, got away to a poor start and required a 91.

Brooklyn's Triumph Ruins Perfect Record For New York; Cubs Go On Home Run Rampage To Beat Bucs

NEW YORK, April 28. (AP)—Harvey Hendrick's double with the bases full in the ninth inning broke the Giants' winning streak and gave Brooklyn a 6 to 4 victory over New York today.

The defeat was the Giants' first of the season and also broke Bill Walker's string of 11 straight mound triumphs, nine of which were in 1929 and two this year. The big southpaw was exceptionally wild.

Due to some timely hitting, including Jackson's fifth home run of the year, the Giants went into the ninth leading by one run. Walker hit Frederick and Gilbert and walked E. Moore, leading the bases.

Genewick was rushed into the box out Hendrick came through with a double that cleared the sacks.

Waner Brothers Act Headlined Again

BY MILTON A. FISHMAN (Associated Press Staff Writer) PITTSBURGH, April 28. (AP)—The baseball act of Waner and Waner is billed as a headliner for another six months along the National League rialto.

Supporting their achievements with records, statisticians are singing the praises of the Waner brothers, Lloyd and Paul, Pittsburgh outfielders, as the greatest brother act in major league history.

Those who know their baseball claim this brother turn from Oklahoma forces into the background the Delehantys, Musella, Taunehills, Coveloches and others whose brilliance on the diamond thrilled fans of another day.

Paul has been in the big show four years; Lloyd three. Neither failed to chalk up more than 150 runs in any season during that interim. In only one case has either missed attaining or passing the 200 mark in hits. That was during Paul's first year with the Pirates, 1926, when he barged 180 hits.

In 1928 Paul made his best mark for runs scored, 142, and his highest total in hits was 237, in 1927. Last year Lloyd reached the pinnacle in both runs and hits, 134 and 224, respectively.

The Waners have never fallen below .335 in batting average for a full season. Each made that low mark, Paul in 1929 and Lloyd in 1928. Paul's highest batting mark is .360, registered in 1927 when he led the National League in hitting.

Lloyd's best figure, garnered during his first season in 1927, was .354. Lloyd fell only one point short of equaling it last year.

During the four years he has been wearing the spangles of the Buccaners, Paul amassed a grand batting average of .335, while Lloyd's grand average for three seasons is .344. Paul boasts a slugging percentage of .538, no less than 279 person, in four campaigns. In three

of his 840 hits having been for extra bases. Lloyd's slugging average is .441 with 678 hits, of which 119 were good for more than singles. Paul, familiarly known as "polson," knocked in 396 runs, or an average of only one short of 100 per person, in four campaigns. In three

pennant races, Lloyd sent in 162 runs, batting first or second. Paul tips the beam at only 156 pounds and Lloyd 146—evidence that size is not a necessary adjunct to terror into the hearts of pitchers.

Season For Anglers Starts May 1 With Plains Lakes Well Stocked; Game Warden Issues Warning

Plains anglers will find the fishing lakes of this section well stocked this year, according to a report made yesterday by Gordon Dickinson, district deputy game warden.

The season opens Thursday, May 1, and already scores of fishermen have pulled their rods and reels from the attic in preparation for their assault on the finny tribe.

While West Texas cannot be called a fisherman's paradise, there are numerous lakes within a 60-mile radius of Lubbock where the sea-going animals are plentiful. Lubbockites, who hold membership cards at the Lubbock Country club, will spend much of their time with hooks and line at the club lake.

Others may hit away to Two-Draw lake, near Post, Justiceberg lake, south of Post; Wilson lake at Buffalo Springs, southwest of Lubbock in the canyon, or drive east beyond Crosbyton and up the draw, north of Silver Falls.

Dickinson has issued a warning to those who would use artificial bait without a license.

Those who are caught violating this regulation will be fined to the full extent of the law, the game warden said.

Long-Whiskered House of David Nine Here Friday for Tilt With Hubbers

Lubbock's semi-pro baseball aggregation is facing a tough assignment this week when the highly-advertised House of David long-whiskered crew invades Merrill park for a skirmish with the local talent.

Heralded as the strongest diamond outfit outside professional ranks, the Israelite club from Benton Harbor, Mich., will appear here Friday afternoon at the old ball orchard in the southeast corner of the city.

Wearing the traditional long beard and flowing tresses of the Israelite belief, the barnstorming sluggers will spend one day in Lubbock before heading for the Pacific coast. The club will arrive here in mid-season form, having played exhibition games with the major league clubs throughout the spring training season.

While all players on the Whiskered team wear hair that extends below the shoulders, the long tresses interfere in no way with the performance of the team. Doc Tully, the "Bearded Babe Ruth" of the Israelite brigade, has been with the club for the past 15 years, playing the left outer garden and furnishing the clean-up punch for the team.

John Tucker, House of David first baseman, is the comedy artist for the traveling aggregation. He has been offered numerous big league contracts but has refused to accept because of his refusal to cut off his long locks.

De Puckett is manager of the club that meets the Whiskered aggregation here Friday and has not yet hit upon the combination he will send out to face the invaders.

Nationals' Shortstop Slams Out Double, Triple And Home Run; Athletics Beat Red Sox To End Streak

WASHINGTON, April 28. (AP)—The Senators continued their winning streak today by taking the first game of their series with the Yankees, 6 to 5. Joe Cronin, Washington shortstop, accounted for 50 per cent of his teams runs out of four times at bat.

Babe Ruth's only hit was a three-bagger which drove in a Yankee run, but his backstop teammate, Dickie, hit a home run.

Indian Star

Wilson (Buster) Charles of Haskell Indian Institute, Lawrence, Kan., is one of the "finds" of the spring track season. In the Kansas relays Charles set a new mark for the 100-yard dash.

The dash stars will race in a 100-yard dash open to all competitors but the six university relays, special hurdle and field events and a dozen other relay races for colleges and high schools will make both day busy ones.

Last year 16 records for the meet were broken. The national college quarter-mile record fell to Till now, the world record for the 400 yard shuttle hurdle relay to Ohio State and Simpson tied the world record of 95 seconds for the 100-yard dash.

Athletics Beat Out Boston Red Sox, 5-4

Sprint Champs To Perform At Columbus Meet

Leland And Bracey Included In Meeting Of Four Fastest College Sprinters Friday And Saturday

COLUMBUS, O., April 28. (AP)—Headlined by the meeting of the four fastest college sprinters of 1930, the seventh annual Ohio relays will be held in Ohio State university big stadium here May 2 and 3. More than 1,500 athletes from 70 universities and colleges and 125 high schools in 25 states will gather for this closing of the relay season.

The spotlight, however, will see out four speedy-legged boys—George Simpson of Ohio State, the national collegiate champion at 100 and 220 yards and holder of the official world record of 9.4 seconds for the century with starting block.

Eddie Tolan of Michigan, the A. U. champion; Claude Bracey, Rice Institute, national collegiate dash champion in 1928; and Cy Leland, Bracey's arch rival from Texas as a Christian university who has defeated him several times this spring.

These boys ran one-two-three-four in both the 100 and 220-yard events of the national collegiate meet last June. Simpson winning both with Leland fourth, while Bracey and Tolan were two-three in the 100 and three-two, respectively, in the 220. Their presence is assured as well as that of other dash champions who are not so well known except in their own back yards.

The dash stars will race in a 100-yard dash open to all competitors but the six university relays, special hurdle and field events and a dozen other relay races for colleges and high schools will make both day busy ones.

Funeral Services Held Monday For Mrs. Mabel Johnson At Anton After Fatal Crash In Oklahoma City

Funeral services for Mrs. Mabel Johnson, 19, daughter of Dr. and Mrs. J. B. Pirtle, of Anton, were held in that city yesterday afternoon, following her death late Saturday in Oklahoma City of injuries received in an automobile accident. Mrs. Johnson, a former nurse at Lubbock sanitarium, had been married but one month. She was known in Lubbock and Anton for her car overturning. Mrs. Johnson received internal injuries and fractured ribs.

Funeral services were held at the Baptist church, Anton. Rev. O. Wilson, pastor, officiating. The body was taken overland from Oklahoma to Anton by Rix-Senders following arrival in this city at 10 o'clock yesterday.

ONE MINUTE PULPIT

Do not rash with thy mouth, and let not thine heart be hasty to utter any thing before God: for God is in heaven, and thou upon earth: therefore let thy words be few.

THE SATURDAY BALLOT

THE proposed county jail and criminal court building bond issue has gone by the boards, smarting under a spanking delivered principally by voters of Slaton, Idalou and a few rural precincts.

The majority of the few citizens who found time to go to the polls last Saturday, voted against the issuance of \$250,000 in county bonds for a badly needed public improvement but upon the people of Lubbock and Idalou alone, rests the responsibility of the election result.

Say who you please, if Lubbock had voted in the strength that it should, the bonds would have carried in a walk. That a fact-for the feeble public opinion expressed in the city prior to the balloting showed the great majority in favor of the new jail and court building.

New more water must run under the bridge before the new jail and court building can be begun and before the ground can be cleared for the erection of the federal building on the east side of the courthouse square. In other words, we muffed an opportunity which must now be postponed until another election can be called, or until the county commission decides to handle the building funds through the issuance of warrants.

The time thus wasted can be checked up to the citizens of Lubbock. There is no other place to put the blame.

The Morning Avalanche can't conceive of a man or woman, fully cognizant of conditions in the jail and the present over-crowded courthouse, voting against the bonds. Neither can we conceive of the general public of Lubbock county being in ignorance concerning the facts. The trouble at the polls Saturday was due to but one cause-the lethargy of the public in performing its duty in sufficient numbers to assure the job's being done.

Of course, there is nothing much that can be done about it now. All any of us can do is to await the next bond election, if the commission decides not to pay for the construction work through the issuance of warrants. Lubbock citizens may well learn now that they can't expect the people of Slaton, Idalou and the rural districts to vote for an improvement which means more to this city than to them, if Lubbockites refuse to enthusiastically support it themselves.

The Morning Avalanche says without fear of logical contradiction, that malconditions in the county jail and the courthouse must be corrected if the people are to be served as the law means for them to be served. We further insist that the bonds should have been approved at the polls Saturday, but since they were not, a movement to bring the matter to a second vote should be started immediately.

WHAT'S YOUR HURRY?

Automobile and other street accidents have become so numerous in many cities that campaigns have been commenced to teach the public, pedestrians as well as drivers of vehicles, the wisdom of exercising care on the public streets.

Investigations of accidents on the streets have developed that a large per cent of them is avoidable; that they are the result of carelessness on the part of the driver of the vehicle or the pedestrian who is the worst sufferer when a collision occurs.

Men and women rush across the streets or between street cars and vehicles, apparently without any thought of the danger they face in doing so. Many persons can be seen leaving a street car at the rear door and crossing the street behind by a car, thereby running the risk of being struck by a car passing on the "blind" side.

On the Firing Line at the Nation's Capital

SENATE DISLIKES PARKER TANGLE

"He (the president of the United States) shall have power, by and with the advice and consent of the senate to make treaties . . . and he shall nominate and by and with the senate shall appoint to the offices of the supreme court, etc.—Constitution of the United States, Article II, Section 2, Paragraph 2.

BY CHARLES P. STEWART Central Press Staff Writer. WASHINGTON, April 28.—Before a presidential appointment to the U. S. supreme court becomes effective, it must be confirmed by the senate; that is well recognized.

So much for the senate's consent. But its advice? If any president (in recent generations, at all events) has given even an opportunity to the senate to advise him when he had a supreme court vacancy to fill, it is news on Capitol Hill.

The advice of individual senators frequently is asked, unquestionably—but the senate, as a body? So far as records indicate it never was asked—certainly not within the memory of any public man alive today.

President Hoover's appointment of Chief Justice Hughes followed the late Chief Justice Taft's resignation so swiftly that the two announcements appeared in the same editions of many newspapers. Few, if any, senators knew of the latter's retirement ahead of the former's selection to succeed him.

However, while that was an unusually prompt appointment, there was nothing unprecedented in the White House's neglect to consult the senate in advance concerning it.

Until Mr. Hoover chose ex-Secretary of State Hughes to preside over the federal court of last resort, serious senate opposition to a presidential nomination to the supreme bench had not been encountered in many years—not of such formidable proportions since Chief Justice Taney's day, in the 1830's.

Maybe that is why the senate has been so indifferent as to its prerogative of advising the president on the subject—it was pretty well suited anyway.

The Hughes contest set most of the legalistic senators (and they are in a vast majority) delving into the constitution. The objections raised so soon afterward to the confirmation of Judge John J. Parker to succeed Justice Sanford, started a furor of constitutional activity. It has begun to produce results in the form of a desire, on the part of a considerable number of the investigators, to get back to what they take to be the original intention in the matter of judicial appointments.

It is a matter of decided difficulty for a senator to find an adequate excuse for balking on a presidential election to fill a supreme court seat—supposing it to have been made, as generally is, with a modicum of regard for the appointee's personal and professional qualifications.

Even an "opposition" senator hesitates to place himself in the position of fighting it on political grounds.

It is one thing to say, "Such-and-such a candidate does not seem to me to measure up to the necessary requirements for so important a job, therefore I advise against his appointment," and something decidedly different to find any tangible charges to make against him, sufficient to justify a vote in opposition to his confirmation.

The Parker choice has illustrated this better than it was illustrated by the Hughes selection.

The only fault found with the present chief justice was that he has been repeatedly reported to be very conservative, which exactly suited conservative senators; they supported him whole-heartedly.

The same complaint was made when Judge Parker was named; conservatives could not criticize him on that ground. But unluckily a decision of his, and a statement attributed to him had antagonized the labor and negro votes in states where both are factors. No senator likes to admit contesting a presidential nomination lest he (the senator) be beaten next election day; yet these solons assuredly would have advised anything but that appointment if the chance had been afforded them to do so.

To make matters worse, senate sessions, to pass on presidential nominations, have gone out of fashion.

As a boy he sang in the male choruses of ecclesiastical courts. It is difficult to imagine the furor which his appearance caused in London in 1734. His fame reached the court of Spain, where Philip V was about to succumb as a victim of black melancholy. The exclusive services of Farinelli were engaged, and for ten years he sang the same four airs for the King, night after night. It is claimed that Farinelli had seven to eight notes more than the ordinary voice, and that they were sonorous, equal and clear.

Young Tahoka Victim of Ohio Prison Disaster Buried at Home on Sunday

(Special To The Avalanche) TAHOKA, April 28.—The soil that once was subject to the tread of his bare feet while yet a boy has claimed the body of Herschel Johnson, 21, victim of the Ohio State penitentiary fire at Columbus last week.

Not until the tragedy was announced here did the criminal chapter of the youth's life become known. School companions knew nothing of his whereabouts.

Unashamedly did tears flow from the eyes of 1,000 persons as a sorrowful mother wept over the bier of her son. The funeral services were held here yesterday afternoon at 3 o'clock in the First Baptist church, Rev. O. J. Hull, pastor, officiating.

The boy left this city four years ago and no one here knew of his trouble in Ohio. He was said not to have communicated it to relatives.

Family Prominent He was a member of a prominent family. His mother, Mrs. Ollie Johnson, is a paramount factor in social and charitable endeavors of the local church.

Other than the mother, Herschel is survived by four brothers, Gay, Hugh, J. T. and Cecil, and a small sister, all of Tahoka.

Confederates Commemorated Graves Of Civil War Veterans Decorated At Lubbock Cemetery Sunday Afternoon In Impressive Ceremony

Commemorating the lives of leaders in the Civil War, approximately 50 persons gathered Sunday afternoon at 3 o'clock at the Lubbock cemetery to place flowers on the graves of Confederate veterans.

The principal address at the gathering was delivered by Dr. John C. Grambery, of Texas Technological college, who stated in part:

"We are gathered today to do honor to the memory of our Confederate dead. We are not concerned with the merits and demerits of the issues involved in the titanic struggle. All such matters we can leave to historians."

"Whatever may have been decided or left undecided by the Civil war, there was one tragic consequence for the South which to my mind overshadows all others—that national leadership passed from the South, not temporarily, as was inevitable, but even to this good day."

City Plan For Lubbock Under Consideration

Representative From Denver City Planning Firm Here For Conference With City Commission, B. C. D. Heads

Further consideration of a city plan for Lubbock was taken here yesterday at noon and again last night when Arthur H. Cartwright, member of the Denver city planning firm of McCrary, Culley and Cartwright, appeared in consultation before members of the city commission, directors of the Board of City Development and members of that organization's committee working on the project.

Yesterday at noon a luncheon at Hotel Hilton inaugurated new discussion upon a city plan, which was followed by a general meeting at the City hall last night. Included in the two meetings were Mayor J. J. Clements, Commissioners D. N. Leaverton, John Roach and George Benson; B. C. D. Directors C. E. Macdougall, Roscoe Wilson, Thomas B. Duggan; City Engineer Martin R. Smith, City Secretary W. H. Hodgers; City Planning Committee members Chas. A. Guy and E. Davis; manager of the chamber of commerce, Carhart Explains Project.

Both meetings were given over to intimate discussion of city planning in general with Mr. Cartwright taking the lead in explaining various phases of the work. He came to Lubbock at the invitation of the committee to put added impetus on the question here and to aid in securing a start on the project.

The present committee, composed of Harry N. Roberts, J. E. Macdougall, Messrs. Peters, Benson, Mahoney and Guy has been working on the project for nearly three years. Committee members have conferred with representatives of ten city planning firms and have made final reports to both the B. C. D. and City commission.

Work Starts Anew. Appearing before the commission on December 30 in what was then expected to be a final report, the committee was advised by Mayor Harley Woods that the administration would act on the project within a thirty day period. Nothing was done, however, in deciding on acceptance or rejection of the proposition and, with the advent of a new administration, the committee has been set to work anew.

The committee has recommended to the commission that three phases of city planning, namely zoning, traffic control and park and recreational grounds work be set to work immediately. The commission will now approve the project and contract with a city planning firm for the work or else will disapprove the entire project. Action, one way or another, is expected in the near future.

Coal Rates

Recommendation of division three, C. C. found that the rates on coal on jump and nut coal in carloads from the Canon City, Trinidad and Raton-Dawson districts are unreasonable and the defendant railroads are ordered to establish on or before June 30, 1930, and thereafter to maintain a rate as low as is sufficient to maintain a fair and equitable transportation of lump and nut coal rates which shall not exceed those which would result from the application to the corresponding differentials between the railroads. Reasonable rates are to be fixed by the commission for the future and reparations was awarded the complainants.

It is estimated that reparations will be up on about 10,000 to 15,000 cars of coal.

HISTORICAL GROUP TO MEET

AUSTIN, April 28. (P)—The third annual meeting of the Texas State Historical Association was scheduled to open here tomorrow. Plans for the expansion of the association were to be discussed at the session.

Reports at Amarillo indicated a general rain over the Panhandle. A good rain fell in that section last week. Amarillo reported a fall of half an inch. In the Panhandle north to the Red river and as far north as Gray county the rainfall varied from an inch to three inches. A two-inch fall was reported in Val Verde county on the Rio Grande.

Eighteen hundredths of an inch fell in the Plainview vicinity, while to the north of the place the fall was heavier. 2-1/2 inches being recorded at Sterley and South Plains. Reports from Cleburne said cotton was damaged badly by a hail storm that swept Johnson county Saturday. Fruit trees were said to have suffered and a hail storm was reported at Sterley and South Plains.

Other places reporting rain included: Quanah, 2.17; Childress, 1.15; Pecon, 1.5; Rochester, 2; Haskell county, 2.55; and Munday 2.

Brownfield, April 28.—Meteorologists coming here today from Tahoka reported a hail storm that accompanied a rain about mid-afternoon. The territory covered by the hail was mostly a narrow strip. Roads were quite slick following rain here tonight.

Cotton Quiet; Stock Market Declines

Rain In West Texas Causes Drop In Price

Early Gain Lost Following Receipt Of Weather Report From Texas And Oklahoma; Liverpool Better Than Due

NEW ORLEANS, April 28. (P)—Cotton was comparatively quiet in today's trading. Although Liverpool cables were better than due prices opened 3 1/2 points down owing to reports of rains in West Texas over the weekend.

Twenty to 23 points were gained but when weather reports showed good rain in both Texas and Oklahoma the market eased. The greater part of the gain was lost and new crop months lost more than the old crop positions, closing a few points net lower while May and July closed slightly net higher.

July after trading at 15.96, down 3 points, advanced to 15.90, or 2 points net higher for the day. The general market closed steady 4 points net higher to 3 net lower.

October closed at 14.75 down 3 points net. Trading at no time during the day reached any degree of marked activity.

C. C. Officials Will Meet Here

Chamber of Commerce secretary and managers of district No. 10 of the West Texas Chamber of Commerce will meet in Lubbock on May 10 for the purpose of discussing regional matters, according to an announcement yesterday by officers of the Lubbock Board of City Development.

The meeting will be held in offices of the local chamber at 2 o'clock the afternoon of the 2nd.

The meeting was called yesterday by Maury Hopkins, secretary-manager of the Plainview Chamber of Commerce. Mr. Hopkins, as chairman of this district, will preside at the gathering.

Cattle Supply Is Liberal on Monday

PORT WORTH, April 28. (P)—The cattle supply here today was liberal. Some of the supply were through cattle but a good percent of the day's trading consisted of steers and yearlings of the better kind sold at 5.25 and 6.00.

Slaughter yearlings 11.00 to 11.50. Canners cows 4.35, cutters 5.00 and butchers 5.00 better beef cows 7.00. Choice yearlings 11.00. Heavy calves 8.50 to 9.50.

Good black stock yearlings 12.00 for the best top. Plain steers 7.50. Truck hogs top 8.85; packing sows 8.00.

Shorn fed lambs 7.00 to 7.50; shorn fed weathers, mixed ages at 4.75 to 5.00; shorn feeder lambs 6.00 to 6.50.

TANLAC ENDS ANOTHER CASE OF RHEUMATISM

Ending the suffering of 10 years in just a few weeks is going some but that's just an example of how quickly Tanlac works in stubborn cases that never yield to other remedies.

No wonder so many local people are enthusiastic about Tanlac—no wonder! It ends the suffering of 10 years in just a few weeks. It is a real medicine. Many "patent" medicines make glowing promises that may fool you into buying them, but Tanlac is a real medicine that backs its claims with a guarantee. At all druggists. Accept no substitutes.

Fifty Persons Hear Dr. Evans

"A Fool Farmer" Subject Of Monday Night's Sermon In Revival At First Methodist Church Here

Despite the fact that an audience of less than 50 persons was in attendance at the revival service at the First Methodist church last night, Dr. L. L. Evans of Waco preached the sermon as announced. "A Fool Farmer" was the subject.

The text was chosen from Luke 12 concerning the farmer who was quite successful and undecided as to what to do with his crops, finally tearing down his barns and building greater ones to store the harvest.

"It is not an easy thing for a rich man to live a Christian life," said Dr. Evans. "Jesus realized this because He said 'It is easier for a camel to go through the eye of a needle than for a rich man to enter the Kingdom of Heaven'."

The minister warned against the one who knows in his heart there is a God and yet by his living and thinking crowds God out. He decided that "God should be given a rightful place in business, pleasure and home life," and while we should make all the money possible and still be honest he should use it "to better the world."

"God does not intend that a man should go hungry in order to help his fellow being nor yet that he wear enough clothes," said Dr. Evans. "But it takes very little in life for one to be comfortable, and then he may spend his money to help his fellow man in finding happiness."

This morning at 9 o'clock Dr. Evans will preach the second of a series of sermons dealing with life problems on the theme "How to Choose Life's Best."

Jim Ferguson Plea Granted

Gubernatorial Candidate Is Winner Of 1st Count Move To Have Name Placed On Ballots In Primaries

(By Associated Press) AUSTIN, April 28.—The petition of former Governor Jas. E. Ferguson for leave to file an application for mandamus to compel the state democratic executive committee to place his name on the 1930 primary ballots as a candidate for governor, was granted by the supreme court today. Submission of the case and oral argument were set for May 8.

Judge A. H. Britain of Wichita Falls, acting as special chief justice, and an Associated Justice William Pierson disposed of the petition and they, with C. S. Bradley, of Groesbeck, acting as special associate justice, will decide the case. Judge Bradley was not here today, but Acting Chief Justice Britain held a conference with him over the telephone.

Judges Britain and Bradley were appointed to the court to consider the case by Governor Moody after Chief Justice C. M. Cureton and Associate Justice Thomas E. Greenwood certified their disqualifications.

Players Listed. Band members making the trip are as follows: trumpets, Weldon Covington, John Means, W. I. Byron, Thomas B. Granger, Carroll Robertson and Leo Smith; B-flat clarinet, Ralph Anderson; saxophones, Kenneth McCullough, Ted Lewis, Floyd Spencer; French horns, Cecil Cannaack, Emmett Howard, Horace Gustavus, Billy Bateman; trombones, Colley Deane, Hildred Shaw, William O'Connell, Souphonsom, Gordon Fitzhugh, Guy Pettiford; drums and percussion, Myron Corbin, Marion McCure. Broughton Morgan accompanied the group as baritone soloist.

Prison Revolt. (Continued From Page One) guardsmen were stationed across the street from the main entrance to the prison. Indications were that tonight's activities would bring about a show down in Warden Thomas' determination to end the passive resistance movement against his rule.

Previously it had been thought the mutiny had been broken up this afternoon when leaders in the movement were transferred to the London, O. prison farm. The convicts apparently found new leaders.

Slight Hope Held For Mrs. Cardwell. Attendants at the Lubbock sanitarium last night had almost abandoned hope for recovery of Mrs. Effie Cardwell, 45, of Floydada, who was seriously injured Saturday night in an automobile wreck three miles east of Idalou which was fatal for Mrs. Fred Bell. Mrs. Sam Berry also is reported as being in a very critical condition as result of the accident.

Mrs. Cardwell sustained deep lacerations about her head and abdomen and suffered internal injuries. Mrs. Ben Cardwell, driver, suffered a cut on her right hand. Funeral services were held yesterday afternoon in Kenny for Mrs. Bell. She is survived by her husband and two sons, Floyd, 18, and Ed, 8. Mr. Bell is a retired auto dealer and bottling works operator, and he recently aided in taking the census in Floydada.

Headlong Drop In Prices Is Mart Feature

Price Index Of 90 Leading Shares Loses Five Points In Most Abrupt Decrease Since Last December

BY CLAUDE A. JAGGER. Associated Press. Financial Writer. NEW YORK, April 28. (P)—The stock market began the new week with a headlong decline today, the most abrupt since late December.

The price index of 90 leading shares lost nearly 5 points, compared to a drop of 6 1/2 December 20. Selling was orderly until the last hour when more than 1,800,000 shares were traded. Total sales 4,822,190 shares.

The fact that the end of April is approaching, and business has failed to show the normal spring upswing, has caused considerable disappointment in speculative circles.

An accumulation of unfavorable first quarter earnings statements and the failure of week-end business reviews to show optimism over prospects for the near future finally broke the scales decisively toward reaction.

Liquidation embraced practically all groups. A few of the oil and utilities were in demand for a time, such issues as Standards of New York and New Jersey and United Corp., selling up slightly to new 1930 peaks. These shares eased before the close.

Cowboy Band

drop designed by the students of Simmons University art department, exclusively for the band. It was a western scene showing a wagon with travelers sitting around a camp fire.

Included on the program were classic and light classic numbers and light marches, interspersed with cowboy songs, specially arranged for band accompaniment.

The complete program follows: 1. Overture to William Tell, Rossini; 2. Corinthian Polka, Loeys, bass trombone solo played by Wm. Covington; 3. (a) Waltz from The Student Prince, Romberg, (b) Serenade from The Student Prince, 4. Chuck Wagon Train, Byron, Simmons and Means; 5. Duet from Norma (O Hear Me, Norma), Bellini, Colby Delaney and Millard Shaw; 6. Selections from The Fortunate Pilgrims, Harrison, C. L. Carleton; 7. Concert arrangement by David Guion; 8. Cowboy songs; (a) Geer County, Oscar Fox, (b) Whoopee Ti Yi Yo, Get Along Little Doggies, D. O. Wiley, Broughton Morgan; Hoss Fly Kelly and His Hoppers; 10. Star Spangled Banner.

Eclipse. (Continued From Page One) grayed at twilight. Not only darkness but a coolness resulted that brought the mercury down several degrees. There was also a hush that may have been partly imaginary, but the usual reports of chickens and birds going to roost were received. In San Francisco, the largest city near the center of totality, where the event was most obscured, lights were necessary indoors.

Pictures Taken. Reports from Comptonville and other points along the shadow's course where astronomers and photographers had gathered to observe and record the event were optimistic. Dr. W. W. Campbell, president of the University of California, head of Lick Observatory which sent expedition to Comptonville, said he was certain the effort to secure clear photographs of the eclipse was successful.

The period of totality was so short, being about 1-3 seconds, that few pictures were taken.

Rainfall

(Continued From Page One) Quarah, 2.17; Childress, 1.15; Brownfield, 25, while at Sweetwater a heavy downpour was reported. Rain At Lamesa. Rain began falling in Lamesa yesterday afternoon after drenching the western part of Dawson county Sunday night. Heavy clouds promised a fall of lengthy duration.

The Sudan section reported rains varying from .75 of an inch to 2 inches, beginning last Friday. A report to the Morning Avalanche from Sterley said that general rains fell Sunday and Sunday night over that section. The Spur experiment station recorded 61.3 there, Afton and Midway, 1-1/2; McAdoo, 2; Espuela, 1-1/2; Croton, 2 inches with some hail in the Pitchfork ranch territory.

Aspermont reported four inches with Jayton and Girard in Kent county receiving two inches and over. Farmers Jubilant. Farmers throughout the South Plains are jubilant over this second rain in a week and there now is said to be enough moisture to start planting of all crops. Small grain which was planted for feed during the dry weather is already taking on new life.

A special report from Lockney states that an additional one and one-half inches fell in that territory Sunday and Sunday night, bringing the total for April to 2.25 inches. The extreme eastern portion of the county reported a heavy rainfall while parts of the county did not receive as much as one inch. A light hail accompanied the rain but the damage was negligible. Wheat raisers in that section are said to be elated over prospects for a good yield from the wheat that has not been plowed.

A fall of .35 of an inch had been recorded last night at Croton since 8 o'clock Monday morning making a total of .94 for the past 24 hours and still falling. Reports from other sections, north, south, east and west all revealed that the moisture has been general and of far-reaching proportion.

Beneficial rains fell over a large area of West Texas Sunday night and Monday, supplementing moisture that fell in some places last week and breaking long dry spells in other sections. A .38 inch fall in the Wichita Falls section ended a dry period of a month, while a fall of 1.94 inches

Legion Drive Plans Talked

Reveille Breakfast Is Held Monday Morning To Discuss Financial Campaign To Be Conducted May 14 And 15

Meeting at reveille breakfast yesterday morning at Hotel Lubbock officers of the Allen Brothers post, American Legion, together with members of the publicity and advisory committees of the proposed financial drive, discussed further plans for the campaign which is scheduled for May 14 and 15.

Reports and explanations were given yesterday by A. B. Davis and H. D. Woods. Those attending the breakfast were Olen Hess, A. C. Jackson, Riley E. Hule, H. D. Woods, A. B. Davis, Chas. A. Gray, Tom Carter, Benjamin Kuera, Daniel A. Blair, J. L. Murfee, Garnet Reeves, Alfred M. Scott, J. A. Raley, Jr., W. A. Jackson and W. M. Young.

With a budget of \$12,000 as the goal the drive will be held in this city May 14 and 15. The money is to be used for erection of a modern clubhouse home for ex-service men, for which location has already been donated by the city on its property bounded by Texas avenue, Avenue J, 9th and 10th streets.

Byron C. Dickinson has been named as colonel of teams that will take the field in the campaign.

Egg Thrower

Being accused of throwing eggs at her superior officer has resulted in a scrambled situation for Mrs. Minnie L. Ward, above, an employee of the Federal Power Commission in Washington. Suspended pending an investigation of the incident, she has accused Chief Clerk Frank W. Griffith—who was her target—of removing valuable official documents from the commission's files which were in her care.

Legions Plan District Meet

Slaton Will Be Host June 14 And 15 To 18th District Convention; Large Number Of Visitors Expected

(Special To The Avalanche) SLATON, April 28.—The 18th district convention of the American Legion convention of Texas will be held in Slaton on Saturday and Sunday, June 14 and 15, according to word just received from R. O. Whiteaker, of Austin, state Legion adjutant, by officers of Luther Powers post here.

Plans are already being made here to entertain a large crowd of visitors. The district includes all of Northwest Texas and at least 300 delegates and probably 200 other visitors are expected. L. A. Wilson has been named chairman of the general arrangements committee and will be assisted by D. E. Kemp and Floyd C. Rector.

The second day of the convention, June 15, Slaton's nineteenth birthday, the local people expect to help make the convention a marked success in connection with this anniversary.

GIVEN WRIST WATCH

Mrs. Fredda Taylor Honored For Work At Ward's

Mrs. Fredda Taylor, 1802 Avenue L, manager of the ladies' lingerie department of the local Montgomery Ward store, has been awarded a white gold wrist watch for waiting on more customers than any other saleslady during Ward's week April 6-12.

Thirty-two stores in the Fort Worth district were entered in the contest and the award was the winners' choice between a watch or a trip to Fort Worth.

Norway reports that its whalers gathered 1,450 tons of whale oil during the season just closed.

ICE

FOR FOOD SAFETY FOR COOL DESSERTS

Flavors and fragrance are elusive things, yet they cannot escape ice-protected foods. Freshness is by its very nature a fleeting thing. Yet it is long held captive by foods ice-cooled. Food value is an intangible thing. Yet it is preserved, in its entirety, by ice. Health and money are precious things. And they are both saved by ice. Results? Pure ice is accepted as the ideal, irreplaceable refrigerant.
