"I exhort, therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men, for kings, and for all that are in authority, that we may lead a quiet and peaceable life in all godliness and honesty. For this is good and acceptable in the sight of God our Saviour."

Tigers Close Out Season By Beating Frenship 21-14

Slaton's battered Tigers closed out the 1972 football season on a happy note last Friday night, coming to life in the final quarter to beat Frenship's brand of Tigers 21-14 and thereby wind up fifth in district ahead of Frenship and Post.

Slaton wound up the year 2-8, and 2-4 in district.

Playing without a couple of injured good senior performers, Ron Bartley and Ken Schnette, Slaton found a few new heroes to go along with some other proven fighters in the Frenship game. The Tigers were virtually handed a touchdown early in the game, then played strong defense and inept offense for three quarters before catching fire in the final quarter after falling behind.

After Slaton kicked off, Frenship fumbled and Slaton recovered on the Frenship 12. A few plays later, Greg Sokora ran 2 yards to score, and after Frenship drew a penalty, Sokora then ran over for the two extra points to make it 8-0 at 10:16 left in the first quarter.

3-8-2	Completed by	1-7-2

Frenship came back with a strong threat to score, as Rusty Dove raced 50 yards to the Slaton 10, but the Tigers dug in and held on downs.

The second quarter was spent in the Slaton end of the field, as neither side could advance the ball, and Frenship outpunted Slaton. Frenship had a few opportunities to score, but Tiger defenders led by Tackle Bobby Breedlove and Mike Busby thwarted them in that period, and the half ended with Slaton leading 8-0. Slaton and Frenship each had only three first downs in the first half.

The third period was more of the same as neither team could get any offense going, but Frenship scored after an Eddie Jones pass was deflected and then intercepted deep in Tiger territory by Frenship's Gerald Whitehead, who ran it to the Slaton 2. HB Carlos Rodriquez then ran 4 yards to score, but on a try for two points, Sokora downed the runner and it was 8-6 Slaton at the end of the third.

Early in the fourth, the Tigers held Frenship on downs at their own 18, and just when it appeared the game might go on to the end with the score 8-6, things started happening. Travis Harney of Frenship raced 32 yards for a touchdown and then ran for two points, to put Frenship ahead 14-8 with 7:36 left in the game.

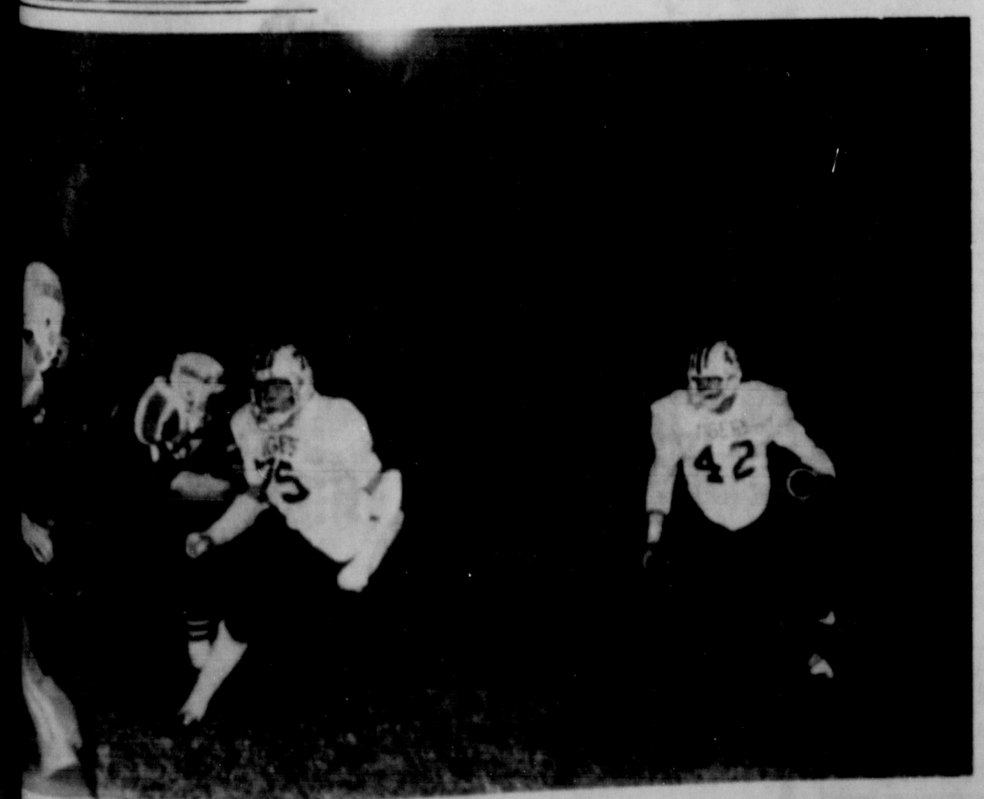

At that point, Slaton found some offense. Sokora got things going with a 31-yard run to the Frenship 32. Then with Robert Grant and Sokora doing most of the work, the Tigers made two more first downs, and reached the home team's 9 yard line. From there, Jones speared David Magallanes with a bullet pass for a touchdown as Magallanes slipped behind the Frenship defenders who had bunched up anticipating a run. With the score tied 14-14, Grant then kicked his first extra point ever for the Tigers, and with just 3:56 left, it appeared that one point might stand up as the winning margin. The Tiger score capped a 78-yard drive.

After the kickoff, Jackie Edwards intercepted a Frenship pass at the Frenship 30, and a few plays later Sokora ran 8 yards for the clinching touchdown, with just 44 seconds left. A pass effort for extra points was incomplete.

To insure the victory, Slaton's Clarence Trotty took the ball away from a Frenship pass receiver for an interception just before the game ended.

Slaton seniors played a top game, as Grant gained 56 yards in 16 carries, Edwards had a big interception, Dan Butler made a couple of good defensive plays at key times, as did guard Jerry Hopper. Sokora, a junior, gained 78 yards in 19 efforts,

Night Phone Calls Annoy Residents

Several annoying, and sometimes obscene, phone calls to women in Slaton were reported to police during the last week, but the man who police questioned about the calls voluntarily entered the state hospital at Big Spring for treatment.

Police had questioned a 31-year-old man after investigating the reports received from women who said they were called at various hours during the night.

Thirty-seven junk cars were removed from residential areas of the city during the last week, bringing to 319 the total removed, it was reported. Anyone who has a junk car they would like removed is urged to contact police for free removal; otherwise they may be cited.

Brenda Luman, 16, of Slaton was in satisfactory condition at Mercy Hospital Monday after being admitted for treatment of an accidental gunshot wound. Police said she apparently was wounded in the thigh while trying to load a .22 rifle at her home last Thursday.

Mrs. F. E. Gill, 500 W. Lubbock St., reported loss of three rings valued at a total of about $410, during a move from 600 S. 10th.

On Thursday at 1035 S. 8th, a 1968 car driven by Marcial Diaz of that address and a 1967 car driven by Santos Sanjuan Medrano, Rt. 2, collided, with total damage estimated at $100.

The Police Department's report for October showed 72 offenses reported and 54 of these cleared. Nineteen of the cases listed were for drunkenness.

Forty-eight jail arrests were listed, with a total of $1,000 collected in fines, plus $120 in court costs. Of these, 17 were for drunkenness, with those fines totaling $430. Police answered 19 ambulance calls and held 16 prisoners for other law enforcement agencies during the month.

Eighty-four tickets were issued, with 35 of these being for speeding, and nine for no drivers license. From those 84 tickets, fines were collected totaling $728, plus $210 in court costs.

Thirteen traffic accidents were investigated in the city limits in October, with total damage to vehicles estimated at $4,240.

Final Contest Of Season Won By Nancy Miller

The final football contest of the season was won by Nancy Miller, 1390 W. Lynn, with 21 right out of 28 games. Placing second was Mike Patschke, Rt. 2, with 20 correct, and third place went to Jesse Garcia, with 19 right. Garcia picked a tie-breaker score of 35 points, the exact total in the Frenship-Slaton game, to beat out several other persons who got 19 right.

Joe Sparkman will be buying steaks for J. W. Holt, Bill Ball, Pete Williams and Dalton Wood, it was determined as the Fearless Forecasters wound up a scintillating (scent-illating?) season with Sparkman in the cellar. J. W. Holt was the winner, getting 86 right and 46 wrong during the season.

Bill Ball was second at 79-53, Pete Williams third at 76-56 and Dalton Wood in the penultimate position with 72-60. Sparkman wound up at 68-64.

No Action Taken On SWPS Plan

City commissioners have taken no action on a plan of Southwestern Public Service Co. to increase rates charged to the municipality, although it was erroneously reported by the Slatonite last week that the commissioners had "voted to accept a rate increase to the city."

Actually, no acceptance or rejection is required, since the company was simply announcing the increase to take effect next year, and SWPS local manager Coy Evans was appearing before the commission simply to explain the company's reasons for the action.

RAMONA KEY

Ramona Key Will Join Region Choir

Ramona Key, 18-year-old Slaton High School senior and first year choral student, has won a place in the all-region choir, Slaton High School Choir Director Howard Wright announced this week.

In tryouts Saturday at Lubbock High School, Miss Key, daughter of Mr. and Mrs. Yates Key of Slaton, was selected as one of the 15 top first altos in the Region XVI. There were 211 high school students trying for a position in the all-region choir.

Miss Key was the only entry from Slaton High School.

The all-region choir will perform Dec. 9 at Coronado High School. Christ Is Risen, sung in German; Bogorodjitse Djevo, Marije, sung in Russian; Vinea Mea Electa and Tenebrae Facte Sunt, both sung in Latin and Song of Democracy in English will be the main program for the evening.

Cotton Harvest Gaining Momentum

The cotton harvest gained momentum in the Slaton area despite some cold weather, as 2,540 bales were ginned in 11 area gins during the last week. Cold weather doesn't stop the harvest, but wet weather can halt it, and farmers were hoping Monday that the threatened moisture would hold off.

Total bales ginned in the Slaton area as of Monday noon were 7,000 in the 11 gins. Season totals for the individual gins included:

Slaton Co-Op, 2,600, Farmers Gin, 337; Posey Gin, 578; Union Co-Op, 297; Acuff Co-Op, 1,500; McClung Co-Op, 1,280; Basinger Gin, 191; Hackberry Co-Op, 62; Wilson Co-Op, 65; Wayside, 87; Gatski Gin, 3.

The South Plains cotton harvest continued to gain momentum last week-end and early this week but was temporarily halted by the adverse weather on Wednesday and Friday, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

The USDA classing office at Lubbock, Brownfield, Lamesa and Levelland were receiving samples from approximately 15,000 bales daily until the adverse weather interrupted the harvest.

The four classing offices classed 69,000 samples during the week ending Friday, Nov. 17. This brought the total classed this season to 83,000. Through November 17 last year only 21,000 samples of the 1971 crop had been classed.

Low Middling was the predominant grade at Lubbock last week making up 38 percent of all cotton classed. Strict Low Middling made up 30 percent, Strict Good Ordinary 8 percent and Strict Low Middling Light Spotted 9 percent.

Staples were predominantly 31 to 34. Seventeen percent had a staple length of 31, 24 percent stapled 32, 26 percent was 33 and 14 percent was 34.

Micronaire readings are an indication of fiber fineness or maturity. Cotton with micronaire readings of 3.5 through 4.9 are considered in the premium range. Fifty-eight percent of all cotton classed at Lubbock last week had micronaire readings in the premium range of 3.5 through 4.9, 13 percent "milker" 3.3 through 3.4, 18 percent was 3.0 through 3.2, 9 percent 2.7 through 2.9 and 2 percent was 2.6 and below.

The Agricultural Marketing Service of the USDA reported increased trading on the Lubbock market as more cotton became available and prices were $2.50 to $5.00 per bale higher.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Strict Low Middling (41) staple 31 - 22.30 cents per pound, Strict Low Middling (41) staple 32 - 23.50, Strict Low Middling (41) staple 33 - 24.15, Low Middling (51) staple 31 - 20.50, Low Middling (51) staple 32 - 21.45 and Low Middling (51) staple 33 - 21.85.

Cottonseed prices were slightly higher and farmers received $45 to $52 per ton for their cottonseed at gins. Average price was $48.10 per ton.

Shower Honors Bride-Elect

Miss Rita Kay Payne, bride-elect of Jerry Burrell, was honored with a brunch Saturday morning in the home of Mrs. Howard Hoffman, 1135 West Lubbock St. Co-hostesses were Mmes. J. S. Edwards, Jr., Leroy Holt, Joe Walker, Jr., and Bing Bingham.

A cloth of silver and white covered the harvest table. The centerpiece, an arrangement of red carnations in an antique pierced silver tray, formed a background for two Andrea white china doves, an ancient marriage symbol. Other floral decorations throughout the house in the bride-elect's chosen color, red, were accented with white doves.

Special guests were Mmes. Glen Payne and Dolly Brown, mothers of the engaged couple; Anna Higgins, grandmother of the honoree, and Lula Caldwell, grandmother of the future bridegroom.

Other guests were Mmes. Leon Moore, Bruce Pember, Jr., Commie Oates; Misses Mary Frances Browning, Mollie Mitchell, Jane Webb; Mmes. David Dabbs, David Elliott, Mark Bittakis, of Lubbock; Misses Patty Wilson, Pat Jungman, Marilyn Baggs, Valerie Naylor of Lubbock.

Hostess gift was of silver.

Miss Payne and Burrell will exchange wedding vows on Dec. 30 in St. Joseph's Catholic Church.

Civic, Culture Club Meets

The Civic and Culture Club met in the home of Mrs. J. B. Brooks Wednesday with Mrs. T. C. Martin as co-hostess. Mrs. R. E. Switzer presided over the business meeting.

A box was prepared to send to the State Hospital in Big Springs.

Mrs. B. H. Crandall gave a program on books, discussing a number of books and giving reviews.

Refreshments were served to Mmes. Jack Cook; Kenneth Davies, J. A. Elliott, M. L. German, Raymond Johnson, E. R. Legg, Bruce Pember, A. L. Saage, H. T. Scurlock, R. L. Smith, R. H. Todd, H. V. Wheeler, Crandall, Switzer, Martin and Brooks.

Beverly Rackler Is Honoree

Beverly Rackler, Bride-elect of Woody Follis, was honored with a miscellaneous display shower, Thursday in the home of Mrs. R. A. Kahlich of Wilson.

The table was laid with a white tuck worth cloth with a red and green centerpiece. Glynna Moore presided at the guest register and at the table was Nan Steen.

Hostesses for the shower were: Mmes. Glynn Moore, Walter Steen, Dorothy Wied, R. A. Kahlich, Roy Kahlich, Delmar Wilke, Curtis Wilke, Carlton Wilke, Thomas Autry, Jiggs Swann, Jack Blevins, Wanda Clary, R. L. Hagler, John Gilliam, Gilbert Stienhauser and Miss Ann Davidson.

The Hostess gift was a Mix-Master.

Miss Rackler and Follis will exchange vows Dec. 16 in First Baptist Church in Slaton.

Miss Eastman In Concert

Karlene Eastman, senior, from Slaton will be participating in the Hardin-Simmons University's Fall Concert, Nov. 20 at 8:15 p.m. in Behrens Auditorium.

Directed by James D. Cram, head of the department of applied music, the Concert Choir will be assisted by the Brass Choir. Bill Owens, assistant professor in brass and music education, is director of the Brass Choir.

Accompanists include: Barbara Carter, organist, who is a junior from Snyder; Cherry Barlow, percussion, who is a senior from Abilene; and Barry Dowell, string bass, who is a sophomore from Irving.

The accompanists will be playing in a jazz ensemble in which Dr. Cram will be pianist. According to Dr. Cram, it is a rather novel thing to combine jazz with a rather serious sacred chorus.

The final section of the program will be the cantata "Apparebit Repetina Dies" by Paul Hindemith assisted by the H-SU Chorale.

Parents of small children should be particularly mindful that an untreated or an improperly treated severe head cold or an earache can result in a hearing loss. This is particularly true during the winter months.

Womens' Bill of Rights Included in V.A. Law

A women veterans' "bill of rights" is included in the new veterans' education law, signed by the President Oct. 24, 1972.

Jack Coker, Director of the Waco VA Regional Office, said "To receive the additional amounts of VA education allowance, compensation, and pension money that men veterans are allowed for their wives, women veterans no longer will have to prove their husbands are disabled and permanently incapable of self-support."

If you're putting your recreational vehicle in mothballs for awhile, the Tire Industry Safety Council recommends taking the weight off the tires. Put the vehicle up on blocks. If possible, remove the wheel assemblies and store in a cool, dry place away from sunlight, reducing the air pressure to ten pounds.

Common-sense hearing conservation rules include obtaining medical attention for infection and severe childhood illnesses, avoiding exposure to excessive noise, and having an annual hearing test.

Keep your tires balanced for a safer, smoother ride. Proper balance improves steering response and makes for more even tread wear.

FOOT NOTES

BY MARGRET BARTLEY

What is Thanksgiving to you? Like most families, yours probably gathers for a day of food and fellowship, right? We are so busy we may not think about what we are thankful for, even during grace, especially if you have a two or three year old to keep quiet during the prayer! But on any day we experience, see, do or HAVE all the things that make our lives what they are.

Take one day. . . . .You wake up! Are you ever thankful that you were able to wake up to a new day? You go to the bathroom. Raise your hand if you are thankful that you don't have to go outside these cold mornings to find the bathroom!

Now you wake up the kids. No matter how many problems they bring during the course of a day, aren't you lucky to have them! Sometimes you may wonder...(when you are about to climb the walls) on those days when everything goes wrong! Right? But, if one of them was missing, how would it be then? One thing that has made me stop and think (usually after I've had a fit and told my kids that they appreciated nothing and their only purpose in life seem to be trying to cripple one another). That is a little poem that asks me what I would do differently if this was the last day I would have my child. Would crayon marks, broken china cup, children's fusses and fights still bring out the worst in me? Could I give them a little more time?

* * *

When mealtime comes there is never an empty table. Our children may fuss because it's not hamburgers for every meal, but there is food when they want it. (That reminds me of another one. . .When your mother made you clean your plate, and told you to think of all the poor starving kids in China. . .did you ever wonder how your full stomach could make the starving kids in China feel better?)

You could follow yourself through the day and find things at every turn that you should be thankful for but probably take for granted. Save a little time for thinking, and be thankful!

* * *

Comes that time again when the little folk bring home Christmas cards, tree ornaments and other decorations, "just for you". I keep a special box and date the goodies. They may be used to help decorate your tree for years to come.

One I like best is a construction paper Christmas card decorated and signed by a four year old, that opens up to a snapshot of him in his Sunday School class. Mrs. Hank Scott worked up this idea when my son was in her class. What could be more personal than a surprise pix of your child!

Another is a small styrafoam block with the child's school picture on one side outlined in sequins, and the date pinned on the other side in sequins.

These are fun the first year, but more fun comes as the years go by. I know a school teacher who always asks for a school photo of each student for this very purpose. (Mamas and grandmas sure do like them!)

If you have some good old 'easy' suggestions, let me hear. An idea is always best when you share it.

* * *

While I'm here on the subject of Christmas, I want to mention a new wrapping for the "Unwrapable gifts". . . tricycles, lamps, (the list seems endless when you start wrapping). It is the new plastic trash or leaf bags. A little colored ribbon, bows, or squirts of spray paint can do for decorations. Wasn't that easy? They might know what it is, but they won't know what it looks like. We all like surprises. I've always been a 'guesser', and I know that when I found out for sure what the gift was, it wasn't near as much fun. You should have to wonder a little!

* * *

Need a little after-dinner surprise for some kiddies over the holidays? "No-Mess Suckers" sounds like a good idea. Melt 1/4 cup margarine in a saucepan, stir in 4 cups miniature marshmallows over low heat until melted, remove from heat and add five cups rice crispies. Stir until it is well coated. Then butter your hands and shape the little morsels into flat circles on wax paper (over a cookie sheet or firm cardboard), then insert wooden or plastic sticks for handles. Cool in refrigerator. They may be decorated with frosting, raisins or nuts, or left plain. They are firm but easy to eat, and there's not enough time for the sticky drip and mess. Also they don't run down the handle!

Guess that's all for now. HAPPY HOLIDAY mb

Mrs. Harral Relates Trip To Garden Club

Mrs. E. R. Legg and Mrs. Max Arrants were hostesses to the Slaton Garden Club's November meeting in the home of Mrs. Legg.

Mrs. Ethel Young, president, opened the meeting then introduced Mrs. L. A. Harral who presented the afternoon's program, "Flowers in Foreign Lands."

Mrs. Harral made a trip to Europe in the summer conducted by Rev. and Mrs. Luther Kirk of Lubbock. Rev. Kirk is a former pastor of First United Methodist Church in Slaton.

Mrs. Harral related some very interesting and sometimes humorous incidents concerning her trip and the people she met. One of the most thrilling experiences was being privileged to play the pipe organ in John Wesley Chapel in London, England.

The Europeans' love for flowers is manifest in the tapestries and carpets in the magnificent castles as well as in the immaculately groomed gardens. Also, she said it seemed that each country specialized in some flower. Some of the countries she visited and the flower that impressed her were the roses in England and France, popies in Italy, geraniums in Switzerland, and tulips in Holland.

In the business meeting conducted by Mrs. Young, 19 members answered roll call. The next meeting was discussed. It was decided to have a covered dish luncheon in the home of Mrs. George Harlan with Mrs. Kenneth Davies and Mrs. S. G. Wilson as co-hostesses. This being the December meeting, one of the club's projects "Christmas for Someone Special" will be carried out. Also there will be a gift exchange among members.

The Junior High boys and girls basketball teams played St. Joseph here Monday.

FOOTBALL

The Wilson Mustangs wrapped up the season by defeating the Matador Matadors 21-0 Friday night. They have a season record of 8 wins and 2 losses.

CANCER PROGRAM

The Wilson Future Homemakers of America would like to invite all the women of the Wilson community and the surrounding area to a program they are sponsoring, which will be given by Dr. David Midkiff, the chairman of the Lynn County Cancer Society. In FHA, we try to have programs that will benefit the people of our community, and we feel that if you attend this program, it could save your life some day. Dr. Midkiff will show a film and present a talk on cancer and it will center mainly on how a woman can detect it, and protect herself by knowing the symptoms. Cancer is a dangerous disease, but sometimes if it is caught soon enough, it can be easily cured. This program will be held in the Wilson Lunchroom on Thursday, Nov. 30. The program will start at 7:30 p.m.

NOTICE

Those people who brought dishes to the luncheon at the Baptist Church for the Sam Crowson family should pick up their dishes at the Educational Building of the Church.

VISITORS

Out of town visitors with John T. Gumm after he was dismissed from the hospital were: Mrs. Erma Bruckner and Oliver of Slaton, Mrs. Edgar Williams of Slaton, and Stanley Baker of Lubbock.

LIGHTING CONTEST

The Christmas lighting contest sponsored by the Wilson Lions Club will be held again this year. The contest will be divided into two catagories; Window and Door lights and decorations and Yard and House lights and decorations. Prizes in each catagory will be $15 for first, $10 for second, $5 for third. The judging will be during the week of Dec. 17 through Dec. 21. Entries will be accepted from individuals living within the Wilson School District and should be turned in to Jim Coleman at the Wilson Post Office before Dec. 15. Entry blanks can be picked up at the bank, post office, city hall, grocery store or school.

LIONS CLUB MEETING

The Lions Club regular meeting was held Nov. 16 at the Wilson School Cafeteria.

Guests present at the meeting were Rene' Kahlich and members from the Lubbock Lions Club.

Lion Boss Tommy Bednarz turned the introduction of the program over to the Lion Darold Baldwin who introduced the program topic of "Thanksgiving" and welcomed pastors who each spoke on a particular Thanksgiving topic.

The first speaker, George Ascher, pastor of St. Paul Lutheran Church, spoke on Thanksgiving for our nation. The second speaker, Louis Balderach, pastor of St. John Lutheran Church, spoke on Thanksgiving for our families and the home. Darold Baldwin, pastor of the First Baptist church, spoke on Thanksgiving for our churches and community.

Hodges, agronomist for the Texas Agricultural Extension Service, which is sponsoring the meetings along with the Texas Wheat Producers Association (TWPA). Leo Witkowski of Hereford is president of the TWPA.

Wilson Winds Up Good Seas

The Wilson Mustangs brought the curtain down on a successful season last Friday night with a 21-0 victory over the Matador Matadors. Wilson ended the season with a record of 8-2.

The season ended an outstanding high school career for the nine seniors on the Mustang team. In their four years the Wilson seniors were members of two district championship teams and one Bi-District championship team. They also compiled a record of 30 wins, 11 loses and two ties. Of their 11 losses, several were to strong Class A teams. They were also district champions while in Junior High with a 7-1 record. The nine seniors that compiled the above records are Tony Bishop, Leland Brieger, Danny Crowson, John Fields, David Hernandez, Lynn Jones, Danny Trotter, Greg Wied and Arturo Zuniga.

Although the Mustang offense was sufficient to the cause, it was their defense that played its most outstanding game of the season. It stopped Matador almost cold, allowing Matador only 23 yards rushing and 27 yards passing. The Mustang defense was led by senior linebacker Crowson with 22 tackles, a pass interception, and a blocked pass and junior defensive end Clyde Wilke who made 9 tackles and threw Matador back for a minus 32 yards, 9 yards more than they gained rushing. Junior defensive end David Savell also had a good defensive game as he made 5 tackles, blocked a punt and he along with Wilke trapped the Matador punter in the end zone for a safety.

Wilson was able to get on the scoreboard only once in the first half when Lester Walker plowed over from 2 yards out and Fields kicked the extra point to make the score 7-0 the first half.

The Wilson defense took over the third quarter and scored when the Matador punter was trapped in the end zone for a 2 point safety.

The over-anxious Mustang offense saddled with 9 penalties throughout the game finally got to rolling in the fourth quarter when Fields passed 8 yards to Crowson for a TD. Halfback Jones scored Wilson's last TD on an end run which covered

World production of mercury reached some 20 million pounds in 1969, and one expert counted more than three thousand uses for the element.

Thanksgiving Service Here

Members of churches of various denominations in Slaton will meet together for a community-wide Thanksgiving service at 8 p.m. Wednesday, in First Christian Church, 22nd and Division.

Rev. Emilio Abeyta of Our Lady of Guadalupe Church will be featured speaker, and music will be by a community choir, with singers from all churches urged to participate. Alvin Walker, music director of First Baptist Church, will direct the choir, with a rehearsal set tonight at the First Christian Church.

An offering will be received at the service for transient relief, to be added to the relief fund administered by the Alliance. "This makes it easy for us to have funds readily available when the need arises, and it protects churches from any unscrupulous persons who might take advantage of the individual churches by seeking help not really warranted," Rev. Eastman said.

Any minister can direct needy persons to places where they get necessary items, with the alliance assuming responsibility for payment. It is necessary for the minister sending the needy persons to have his name put on the bill.

Hobby To Open Tech Exhibit

LUBBOCK--Texas Lt. Gov.-elect Bill Hobby will open a 50th Anniversary exhibit of the History of Texas Tech University Feb. 10 in The Museum of Texas Tech University.

The university will enter a two-year celebration on its February Charter Day, beginning with an academic ceremony and the exhibit opening.

Dr. Nevitt Sanford, psychologist, educator and scientific director of Wright Institute in Berkeley, Calif., will address the Texas Tech academic community and honored guests at the academic ceremony to be held in the Municipal Auditorium. This will be followed, shortly before noon, with the exhibit opening.

Persons who have documents, photographs, or other material which might be suitable for the exhibit are asked to call Alfred D. Bjelland, coordinator for museum services, at The Museum (742-5151).

Millions of persons face hearing ability hazards, warns the Beltone Crusade for Hearing Conservation. While there are many factors contributing to hearing losses, one of the most acute problems today is noise pollution, the Crusade officials stress.

Read Psalm 92:1-5; II Corinthians 9:10-15

It is good to give thanks to the Lord.

How little connection there is between gratitude and what men have to be grateful for! Of two men who have wealth, prestige, health, and great opportunities, one is resentful or jealous of the still greater success of someone else; while the second is grateful for the gift of life.

What makes the difference? We may suppose that it is a matter of childhood conditioning, and to some extent that is true. But we are not helpless products of the past; we have some freedom, too. We can recognize the uselessness of our envy and the sinfulness of our ingratitude. We can repent, which means that we can change.

To look at life as a gift, and to be thankful for all that one receives, is to believe in the God who is Creator and Redeemer. The spirit of gratitude is itself a gift of God--one of His greatest.

PRAYER: Forgive us, Father, that in the midst of so much good fortune we often have eyes only for what disappoints us. Let thankfulness to You free us for effective work and wise service. In the Master's name. Amen.

THOUGHT FOR THE DAY:

Celebrate your life! It is a gift from God.

FLORENTINO

Thanksgiving means to me that we are thankful to each another. We have learned about Indians in Thanksgiving. We had fun in Thanksgiving last year. Now I think these year in Thanksgiving we will have a lot of fun. But Thanksgiving is not my best holiday Christmas is my best holiday. I like Christmas because we celebrate god. In Thanksgiving we eat Turkey.

GLORIA TORRES

When someone sze thanksgiving it makes me think of when the Pilgrims came to America and had the first thanksgiving dinner, and when the indians becane our friends. Now when we have thanksgiving dinner we have all of our family over for dinner.

Happy Thanksgiving to all from the Slaton Nursing Home.

If the weather permits, several of our folks will be going to Homes for Thanksgiving Dinner. For those who cannot get out, we will have turkey and dressing with all the trimmings plus pumpkin pie.

Lula Reed passed away Monday morning in Mercy Hospital. Also Mr. G. D. Ellis. Our sympathy goes to these families in the loss of their loved ones. Both were residents of Slaton Nursing Home.

The Ladies Auxiliary of the Chamber of Commerce gave our Home some fruit cup cakes. My, how they did enjoy them! Also Ed Maekers brought us some fresh trunip greens. Mr. Maeker has certainly shared his garden with this Home this year. We appreciate these fine people.

Thanksgiving is a time for Thanks when I thank of Thanksgiving I thank of Indains and Pilgrimrs and Turkys wean thay come out And when the leaves come down from the tree. And the Pilgrims give food to the Indians.

RICKEY HOUSDEN

Thanksgiving means Pilprems. The Pilprems made friends with indians becouse they wanted to be friends. November 23, they had a fiest with The indians the indans made friends. The indians became frienly. So thats why November 23, is so inportant. First some men lived in England they wanted to worship in the church the king sometimes siad yes sometimes no they wanted to be free so they moved to Holland. Holland was nearly the same thing so they moved to America they liked Anerica so they stayed.

Accent on Health

Texas school children and some of the common childhood diseases, hopefully, will soon no longer be frequent companions. Thanks to a mandatory school immunization law being implemented by state and local health authorities, Texas school children have the best protection against disease outbreaks they have ever had in the history of the state.

After the first full year since implementation of the new state law began, state health officials report immunization levels of the school population are up considerably over previous years. And early indications this year are that those immunization levels will continue on the upswing.

As of May 1, 1972, the great majority of all school children in Texas had begun or completed their required immunization program for five common childhood diseases: diphtheria, polio, measles, rubella, and tetanus. Smallpox, the standard immunization school children received for decades, is no longer a required immunization.

The mandatory immunization law passed by the Texas Legislature in April, 1971 required a monumental effort on the part of health authorities, school officials, and private medicine. Prior to enactment of the law, each individual school district set their own immunization requirements and some had no requirements. Quite often, in those areas where children needed the full-range of protection, smallpox was the only immunization required. Under the new law, a child must be immunized against certain diseases to enroll in school

School authorities worked closely with health officials to see that all parents were advised of the new requirements and that all school children began their immunization programs as soon as possible. The result was that three-fourths or more of all Texas school children were protected against each disease by the end of that first year under the new law. With the 80 school districts that began late campaigns and continued enforcement of the mandatory law in all school districts, state health officials foresee a substantially better immunization level at the end of this school year.

Of the 1200 school districts in Texas, 400 are being revisited this year by state health authorities. School officials are offered assistance, advice, immunization clinics, and assistance to their school nurse from state or local health authorities.

"If it were not for the work done by local health departments and school nurses, the program would not have been as successful as it has been to date," said Dr. Peavy. "Of course, a lot of the immunizations were obtained through private physicians, and their cooperation has also been phenomenal."

Taking all groups as a whole, probably among the best immunized at the present time in the state are Catholic school children, with better than a 90 percent immunization level.

As of May 1, 1972 some 74 percent of all Texas school children are immunized against polio; 79 percent against diphtheria; 79 percent against measles; 78 percent against rubella; and 79 percent against tetanus. Health officials believe the required two months spread between the three dosages of polio vaccine and the required booster dose were the factors that caused the polio statistics to trail those for the other diseases. In many cases, as a result, complete immunization against polio was not reported by the end of the reporting period on May 1, 1972.

Eagles Overtake Denver City 19-16

BY JIMMY MATSLER

The Denver City Mustangs came out of the dressing room ready to play, but after scoring two quick touchdowns, it was Katie-bar-the-door as the Roosevelt Eagles came roaring back to snatch a 19-16 victory from the home Mustangs last Friday night.

The Mustangs, led by Robert Qualls, scored the first two times they touched the ball, and with 5:12 left in the first period it was 13-0. But from that point it was almost all Roosevelt.

Early in the second period Qualls fumbled and Lee Anderson pounced on the ball at the DC 24-yard line. From there, Kenneth Bobo gained one on a trap, John Blackwell went to the 18, off-tackle, and then Gilbert Brown went all the way to score on a flanker reverse. PAT was no good, and with 8:33 left in the second stanza the Mustangs clung to a 13-6 lead.

Midway in the second quarter the Mustangs capitalized on an Eagle miscue for their only other score. Blackwell fumbled a pitchout and Denver City recovered at the Eagle 23. After three plays netted minus three yards, Thomas Connolly split the uprights with a 43-yard field goal that had yards to spare, and 3:57 before halftime DC led 16-6.

Even after the score by DC, the Eagle momentum was undaunted, as they took the ball at their own 23, and drove 77 yards in just 7 plays to score.

The big play of the drive was when Blackwell scooted to the Mustang 40-yard line on a 33-yard gain from scrimmage. From the 18 quarterback Ricky Hightower rolled outside on a bootleg and went untouched into the end zone. This time Reggie Hargrove converted the extra just 59 ticks before halftime and Roosevelt had cut the margin to 16-13.

Neither team could muster anything close to a drive in the third period, but early in the final stanza Harold McCutchen intercepted a Hightower aerial and Denver City had the ball at their own 28. Quarterback Eddie Thorne directed his Mustangs to a first down just 32 yards from increasing their three-point lead. Then the Eagles tightened up their defense and four plays left the Mustangs just inches short of a first.

From the 22, and with 6:37 left to play, Hightower mixed his running and passing plays well, and led his team to the winning TD. The senior signal-caller completed crucial first down pass plays to backs circling out of the backfield twice. The first was a sensational toss to Lee Anderson, as a Mustang defender was dragging Hightower to the turf. Hightower appeared to be getting rid of the ball to escape a huge loss, but Anderson came from nowhere to snatch the ball and run for an 11-yard gain and a first. Facing third and five from their own 39, Hightower looped an aerial to Bobo for a first down at the 50.

With just 1:39 left Blackwell capped the winning drive with a five-yard jaunt. Pat was missed and Roosevelt led 19-16.

Denver City had one more chance, but they could only muster one first down before Gary Stennett pounced on a fumble.

The Mustangs' first and second drives covered 71 and 80 yards, respectively. Qualls capped both drives, once with a seven-yard burst, and the other with a 47-yard sprint.

Leading rusher for the Eagles was John Blackwell who gained 123 yards on 17 carries. Eagle quarterbacks hit on six of nine passes for 76 yards.

Buster Washington and Kenny Perry led the Eagle defense throughout the night.

The Eagles finished the season with a 6-4 record, and Denver City with a 7-2-1 ledger.

Driving Course Is Praised

AUSTIN -- "The Defensive Driving Course can improve the driving habits of even the best drivers. I cannot reccomend it too highly." This is one of many similar comments which have been coming from DDC graduates throughout Texas according to the Texas Safety Association.

Appointed by the State Board of Insurance as DDC Coordinator in Texas, TSA mails a quality control survey card with every fifth certificate they issue to DDC graduates who wish to take advantage of the available 10 per cent insurance credit.

One of the questions the survey card asks the graduates is whether they think the DDC has helped them to be safer drivers. Yes -- is the continuously overwhelming reply. "It made me acutely aware of the possibilities of defensive driving, and wakened me to some of my own bad driving habits," one person wrote. Another replied that, "The DDC made me more courteous and cautious when driving."

One man, however, did not feel the course was worth his while. He stated that the course improved his wife's driving but not his own.

Many respondents felt the DDC had instilled in them driver confidence and gave them an entirely new concept of safe driving. Others confessed an awareness of dangerous driving habits as a result of the course. "I think the course ought to be compulsory for everyone who is issued a driver's license."

PRAISE THE LORD

By LENDA WOOD

Do you, as parents, love to hear your children say thank you? Silly question! Or just to have one of your children walk up to you and give you a big bear hug for no reason at all.

Then compare this to the times when your children don't seem to appreciate anything you do for them. How does your heart feel then?

In this same way, only more so, I believe we make Jesus' heart surge with joy when we tell him we love him, and tell Him we appreciate our many blessings.

How do you feel if your child has an unappreciative attitude and feels like you owe everything to him?

Do we, for example, remember to tell Jesus thank you for the beautiful sunshine which the farmers so much need at this time, or do we feel like, "Well, He knows how badly we need the sunshine, so why doesn't He give it to us?" Then are our hearts just as thankful on cloudy days?

Or when things begin to go wrong with some of our appliances, for example, and need repair, and we complain, "Why did that have to happen! When it rains, it pours! The Lord only knows how I can't afford another expense!" When maybe we have not even thanked the Lord for all the times when our appliances worked well for us.

Or maybe we feel like WE earned the money ourselves to buy these things, so why should we thank the Lord for them

We find the way to the very throne of God is by way of thankfulness. Psalms 29:2--"Come before him clothed in sacred garments." (Garments of praise and thanksgiving.)

Psalms 118:19-20 --"Open the gates of the Temple -- I will go in and give THANKS. Those gates (thanks) are the way into the presence of the Lord."

"ALWAYS be THANKFUL" (Col. 3:15). Of course it's easy to be thankful when things are going smoothly. But it's possible to be thankful even when things go wrong, because God is faithful and "every promise of God shall surely come true" (Luke 1:37). Romans 8:28 -- "ALL things work together for good to them that love God."

Women, we can even go about our household chores with thanksgiving (even if we have another job outside the home, and return home facing all the home chores) IF we get our eyes on Jesus while we're doing them. Doing the laundry, folding clothes, ironing and washing dishes can even become a time of thankfulness. That's what it means when it says "offer the SACRIFICE of praise to God continually, that is, the fruit of our lips giving THANKS to his name" (Heb. 13:15 KJV)--thanking Him when we least feel like it, until it becomes a reality, then we really begin to mean it. Praise the Lord!

A good friend told me how she came to enjoy doing the laundry. She said as she folded the clothes she prayed for the person to whom they belonged and thanked the Lord for that person. As she folded each of her husband's socks she prayed that as he put them on, he would walk in Jesus' footsteps.

"Work hard and cheerfully (with thankful hearts) at all you do, just as though you were working for the Lord and not merely for your masters, remembering that it is the Lord Christ who is going to pay you, giving you your full portion of all he owns. And if you don't do your best for him, he will pay you in a way that you won't like -- for he has no special favorites who can get away with shirking." (Col. 3:23-25).

Thanksgiving means to me that all the familys Meet some peopl and they have turkey dinner because some peopl are sick too in thanksgiving Day.
JESSE LOPEZ

Thanksiwing Means To Me that I like to eat Turkey and have fun and go to other houses and Celebrate my friends and other friends. and lots of my friends. and have a big Turkey beut I just don't no why I like Thanksiwing.
THE END ANITA

We supposed to say are blessinge on thangivng day and I am going to visted my mother. And I an going to have fun.

ANOTHER FOR LUPE--Slaton's Lupe Valderaz (80) has just caught another for pass, one of 21 he caught during the season. In this action from last Friday's at Frenship, Valderaz is posing a problem for Rusty Dove (47) of Frenship. (SLATONITE PH

or 4.1 per carry. And Phillip Payne ran for 32 yards in nine tries. Payne's longest was 17 yards; Grant's longest was 19.

Defensively, Sokora was counted in on 11 tackles, Breedlove 8, Grant 9, and Busby and Ronnie Valadez 6 each.

For the year, Slaton's won-loss record was the worst since 2-8 in 1963. The Tigers scored 79 points against 264 for the opposition, but showed plenty of fight even in games where they were far behind, and also with many young players on the varsity, showed promise of better things to come next season.

Bartley gained more yards than any other runner, carrying the ball 125 times for 491 yards.

Schuette had the best average, 4.8 per carry, among players who carried the ball more than 50 times, as he lugged 53 times for 238 yards. Sokora wound up with 307 yards on 73 trips, or an average of 4.2. Sokora also was the team's top scorer, with 28 points, followed by Magallanes with 18. Jones passed for six touchdowns during the season, hitting 63 of 146 passes for 765 yards, and having 18 intercepted. This gave him a percentage of .431.

Lupe Valderaz was the team's top pass receiver, catching 21 passes for 265 yards and one touchdown. Magallanes caught 12 for 135 yards and three touchdowns.

As a team, the Tigers gained 1196 yards rushing and 801 yards passing in the 10 games.

Evry time I hear the word Thanksgiving. I am reminded of the Pilgrims who came over on the May Flower. How thankful they must have been to reach the new world. They worked hard to build their new homes and the Indians helped them plant crops. When they had their harvest they shared their food with the Indians. That was the first Thanksgiving dinner. We still celebrate Thanksgiving today and we should thank God evry day for all our blessings.

JILL ENGLISH

Thanksgivng is something I Love, is fun on thanksgiv our mothes with t so good and we ge grandfather and g and cousins and ce pilgrims and India more thing we ca we say our prayer a god for every thing God bless america. The End PO

Family SHOPPING BAG

ITEM: Although women's fashions seem to hug the body more than in past seasons, softness is achieved by use of ruffles, pin tucks and dainty trims.

ITEM: An iron skillet should be seasoned at least every six months, more often if in frequent use. To do this, first wash carefully, rinse and dry. Then liberally coat the inside with vegetable or shortening and heat so that the oil permeates the surface.

ITEM: Imported beef makes up a relatively small part of our total beef. Last year the 1.8 billion pounds imported represented 8 percent of the total amount U.S. citizens ate.

ITEM: Sterling silver and silverplated pieces, excluding hollow-handled knives and other hollow pieces that have been glued, can be washed in an automatic dishwasher. Check each piece carefully after the drying cycle; clustered flatware or upturned, cupped articles may have retained small pools of water that must be dried with a soft cloth to prevent water spots.

hanksgiving Is.....

'What is Thanksgiving ?', was the question given to third grade students at West Ward School. Here are some of their answers.

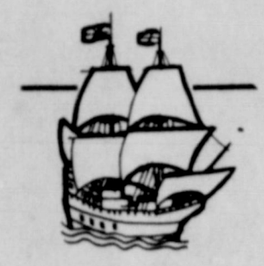

Thanksgiving is a time for
nks. Thanksgiving started when
e Pilgrims ca[illegible] the Mayflower
e Pilgrims and the Indias were
iends. They ate the same food.
ey had turkeys and corn and lots
dher foods. Thanksgiving is a
ppy time of the year. Everyone
ould give thanks on Thanksgiving.
d planed it that way. Everyone
ould be happy on Thanksgiving.
e Pilgrims and the Indians dressed

Grade 3 What Thanksgiving Mean to me.

Thanksgiving of long ago means this to me, Thanksgiving mean something to me. The Pilgrim's, Indian's mostly made this up by kindness and heart. Every body should love Thanksgiving. Thanksgiving should be injoyed by people. Thanksgiving is a speaal holiday. It seems to be the holiday expict Chrismas It's to good to be true. The End.

What Thanksgiving Means to Me.

Thanksgiving Means to me that the turkey is good. good good. And whan I set down to eat Turkey is really good.

Attend The Church of Your Choice Sunday

For these gifts we thank you, Lord...

The Pilgrims joined hands in spirit and set aside a day of Thanksgiving. Faith and fellow ship had given them strength in adversity. Likewise faith and fellowship...within the community of man. Let our prayer this Thanksgiving weld us in unity in the act of saying it.

WHAT THANKSGIVING MEANS TO ME...

The pilgrins and indians aet and feast. thats way I like Thanksgiving. I lik Thanksgiving become it is fun we get out of school for five our four day. And we get to eat turkey. I well have fun and lost of fun. I well have more fun then I eave had.

BECKY NORWOOD

It means to me to give thanks. It all started when the pilgrimes came to America. That was the first time to see a land so buiful. And then the indians came and Welcomed them. And they lived happley ever after.

LARA PHYLISS MOORE

To me Thanksgiving means, a day to bless God and his blessings. And when the Pilgrims came to Amirca. They made very good freinds with the Indians. They thanked God for all the food, A day I can share with my famly, And they called It the feast of Thanksgiving, And If It Wouldn't of been God they Never would have made it!

CATHY DAVIS

I like Thanksgiving it is the most funnyest and nicest day in my life. Thanksgiving is fun we go place's and have fun. I go to my GrandMother and Grandfather thay like to see me when I go to see them. She ask me what would I like ot eat then I said I would like a piece of turkey.

LISA CATE

Thanksgiving means to me: A day to be with my family and give thanks to to the Lord for helping me and my family. He also helped the Pilgrims: and Indians but Thanksgiving is a Sabbath day to me (more likely). Of course now we do have a big old turkey on the table and in that way Thanksgiving means to me (poor turkeys) (a joke) Thanksgiving Day is a nice holiday is all I've got to say.

SAMARA BONE

It means to me to give thanks to God for every things.

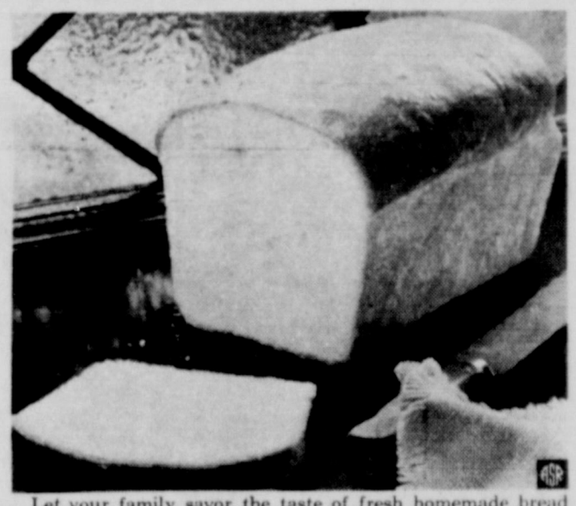

JESSE CRUZ

I like Thanksgiving because I like to kill turkeys and eat a Thanksgiving supper and best we go to Smithfield, Texas. There's where we eat. We thank God for giving freedom.

Make Your Own Enriched Bread

Let your family savor the taste of fresh homemade bread often. You'll have the time with this new recipe, developed by test kitchen home economists at the Wheat Flour Institute. This irresistible loaf of bread comes out of the oven only two hours after you begin mixing the ingredients!

Today, homemade bread is a special treat. But bread—the age-old symbol of all foods—has kept its popularity and appeal for 6,000 years. Be it a product of the baker's art or homemade—bread is tempting, fragrant and flavorful. It also contributes to good nutrition when enriched or made from enriched flour because the essential B-vitamins—thiamine, niacin and riboflavin—and that important mineral, iron, are added during the enrichment process at no cost to the consumer.

Enriched White Bread

Two 1-pound loaves *OR* one 2-pound loaf

- 5½ to 6 cups enriched flour*
- 2 packages dry yeast
- 1 cup milk
- 1 cup water
- 2 tablespoons sugar
- 2 tablespoons oil
- 2 teaspoons salt
- Oil

Stir together 2 cups flour and yeast. Heat milk, water, sugar, 2 tablespoons oil and salt over low heat until warm (120 to 130°). Add liquid ingredients to flour-yeast mixture and beat until smooth, about 3 minutes on high speed of electric mixer. Stir in more flour to make a moderately soft dough. Turn out onto lightly floured surface and knead until smooth and satiny, about 5 to 10 minutes. Cover dough with bowl or pan; let rest 20 minutes. For two loaves, divide dough in half and roll out into two 7 x 14-inch rectangles; for one loaf, roll out to a single 8 x 16-inch rectangle. Roll from narrow side, pressing dough into roll at each turn. Press ends to seal and fold under loaf. Place in 2 greased 4½ x 8½-inch loaf pans *OR* 1 greased 5½ x 9¼-inch loaf pan; brush with oil. Let rise in warm place (80 to 85°) until doubled, about 30 to 45 minutes. Bake in preheated 400° oven 35 to 40 minutes. Remove immediately from pans and brush with oil. Cool on wire rack.

*Spoon flour into dry measuring cup; level. Do not scoop.

Don't Be Taken In Holiday Giving

By Virginia Knauer

Special Assistant to the President and Director

White House Office of Consumer Affairs

The holiday season is just around the corner, and with it are many requests from charitable organizations asking you to give "in the Christmas spirit."

Most requests come from worthwhile organizations. But there are still a handful of questionable groups trying to take unfair advantage of your generosity.

To insure that you contribute wisely, here are a few pointers to keep in mind when you're asked to give this holiday season and in the months ahead:

• Don't give until you know the facts. If you have doubts about a certain organization, don't hesitate to question the solicitor or to write to the national headquarters and ask for information. A reputable charity will answer you.

In addition to writing to the organization, you may want to contact the Council of Better Business Bureaus, 1150 17th St., N.W., Washington, DC 20036. The CBBB has a free Solicitations Reviewing Service covering 3,000 national organizations. If the charity you are checking out is on this list, you will receive factual information on the organization's background, financial status and charitable activities. If the organization is not on the CBBB list, you will still receive this information, but it will take longer to compile.

For information on a local organization or group, check with your local Chamber of Commerce or Better Business Bureau.

• Get a receipt. This is especially important when money is being collected door-to-door. Unless you pay by check, a receint will be your only record of the contribution. Remember: Contributions to qualified non-profit charities are deductible from Federal income taxes.

• Know if you're buying or contributing. Often times, charitable organizations will ask you to buy an item—a box of greeting cards, neckties, light bulbs—as a contribution. According to Federal tax laws, you can only deduct from your income tax that portion of the contribution that is not in payment for an item or service.

(If you can buy similar merchandise at a lower price in a local store, you might consider just making a tax-deductible contribution to the charity and not buying the item.)

• Know your rights. If an organization sends you an item by mail requesting that you buy it as a charitable contribution, you have these options open to you:

You can either keep the item without paying for it (under Federal law, anything that is sent to you by mail is considered a gift) or keep it and send a donation in any amount you choose. If you decide not to contribute, you are under no obligation to return the item, regardless of the instructions accompanying it.

• Question telephone solicitors. A very common method for obtaining contributions is over the telephone. If you are contacted by someone who says he represents a charitable group, first ask if the organization is non-profit and request the name and address of its headquarters.

If the caller states that he is handicapped, keep in mind that both profit and non-profit groups frequently employ handicapped persons for solicitating purposes.

One of the most tragic aspects of hard-of-hearing children is that the youngster's handicap is not recognized by the victim, by his parents or by his school teachers. This is a prime reason why every school child should have a hearing test at least once a year.
