

CAREER WORKSHOP SPEAKERS - Dr. Woodie Coleman, a co-ordinator of various programs through the Education Service Center, Region XVII, Lubbock, speaks to local teachers during in-service training sessions, held Thursday and Friday. In the foreground, with her back to the camera, is Mrs. Barbara Gaughen of the State Department of Education in California, a featured speaker in the workshop.

Williamson Wins This Week, Tied For Season Tickets

Three was the magic number this week in the Enterprise football guessing game with a trio of contestants missing three games each. Mark Williamson came closest on his tie-breaker prediction to edge David Britton and C. thy Prentice for the top w.n.

Williamson picked the Mustangs-Mules contest at 20-0 to miss by 16 points. Britton was off 21 with a 8-7 prediction and Miss Prentice trailed by yet another point

with a 8-6 guess. All contestants were again given at least one miss because of the Littlefield-Levelland tie game.

Last week's leader, Ruby Lee Sherman, dropped from the top rung of the season ladder but her husband moved into that spot with young Williamson. Basil Sherman and Williamson share the hold on the season standings with 25 correct guesses each. Contestants who have 22 or more correct guesses are listed elsewhere

in this issue. Trailing by several points in the season standings should not discourage contestants from continuing to try for the grand prize - two tickets to the Cotton Bowl game and \$25. Almost anyone could still be a winner.

Anyone, too, can be a winner for the week and pocket \$5, \$3 or \$2. Besides, it's fun trying to predict the scores of high school, college and professional games. Enter this week and see for yourself.

Plants Need Tender Loving Care

"We were as green as the green plants in the shop," Mildred Howell says recalling the first days after she and her husband, Gid, became "florists."

Pondering the possibility of putting in a flower shop and greenhouse in their home town, Muleshoe, the Howells were discouraged by an established florist in a nearby town back in the 40's. They accepted his advice and did not purchase their Muleshoe shop until 10 years ago. Four years later, in February 1968, they bought the local "House of Flowers" and a year later opened their third shop in Earth.

The Howells entered their new field without previous experience but Mildred feels her mother's love for flowers was a major influence.

"My only regret is that we weren't in this shop in time for her to have known it and enjoyed it," Mildred says of her mother, the late Mrs. G.R. Smith.

Remembering her beginning in the business, Mildred speaks with sincerity as she says "I feel the good Lord gave me what talent I had."

"Flowers are the handiwork of the Lord" she believes and feels strongly that they are symbols of love.

"Working with flowers is an expression of love whether it is for a time of sadness or joy." She explains that a florist's worktable may often reflect the many ways flowers serve as messengers of love.

"At one corner we might be arranging flowers for a

wedding or a bride's bouquet while another corner is being used to make sprays for a funeral service," she says.

Flowers need "tender loving care" and that knowledge becomes more important to the florist and those who work with flowers.

Mildred LaDuke, who works at the local shop along with Hope Loveless and Bertie Lee Brown, radiates enthusiasm as she checks each growing plant in the shop. Aware that each plant is as different as each person to another, Mildred confesses "It hurts to see a plant abused or not cared for."

Eyes sparkle as she talks of caring for plants and she admits she "could stay all day" in a big city greenhouse, something she

finds almost impossible to pass by.

Each new shipment of plants and flowers is "a new experience" both Mildreds agree. Unpacking has all the excitement of removing wrappings of gift packages.

Many of the live plants the shop receives are shipped in from distant growers. Giant leaf ivys have just arrived in glowing condition packed in large cardboard cartons from their greenhouse homes in Pharr of far South Texas.

Green plants, always good, are currently enjoying a popular revival. Strong, too, are arrangements of dried materials, terrariums and hanging baskets filled with a myriad of plants including the once-ordinary "Wandering Jew."

Silk flowers are a new and

popular too, Mildred says, accessory in home decorating. Mildred says, and are used in brass and crystal appointments in arrangements sometimes costing upwards to \$50.

Mildred studied designing at San Lorenzo Design School of Fort Worth and takes refresher courses each year in Amarillo and Lubbock. In addition, she confesses to reading and studying all the time in trade publications for interior decorating and floral design.

Olton's first flower shop was established in 1951 by the late Ann Blythe. The little store "Ann's Flower and What Not Shop" was located in a small frame building just south of the Masonic Lodge building.

When Sherman Food

moved from the lodge building in 1954, Mrs. Blythe moved her shop into those larger quarters and operated the business until selling it to the Charles Polks in 1958.

Howell's Flowers is still served by the refrigerated walk-in cabinet that also served to keep cut flowers for that first flower shop established by Mrs. Blythe. In addition to flowers, Howell's have a number of gift lines and offer pottery by Noritake, glassware by Imperial and Noritake, vases by Hagar, Mother Lode earthenware, Old World Look gifts and ceramics.

Also available at the shop are candles and greeting cards. Statuary is to be added to the shop in the near future.

Member of the Texas Florists Association, the West Texas-New Mexico Florists Association, Howell's Flowers is also a member of SAF and FTD and can send flowers, the messengers of love, all over the United States and in foreign countries.

Members of the student council of Olton Junior High School will begin a sales campaign to finance upcoming projects or the organization.

Career Education Classes Held In Olton Schools

Olton joins six other schools in a 20-county region to start a career education program in the school system this year. Superintendent Joe Turner recently made the announcement; he said 26 Olton teachers and 757 students would be involved.

The program, which as a priority rating for public schools across the nation, will be infused in all grades, K - 12.

Olton is one of 13 schools belonging to a network formed by the Lubbock-based Education Service

School To Dismiss Early

Schools will be dismissed at 2 p.m. Monday so that students may attend Panhandle-South Plains Fair's annual area schools day.

Center, Region XVII; the Center serves 66 school districts in a 20-county area.

The main purpose of career education is to prepare young people for a productive and rewarding

life. It helps them in their search for values in a work-oriented society and integrating those values into their own life in such a way that work becomes meaningful and satisfying.

Other schools besides Olton joining the career education program sponsored by the Service Center are Floydada, Plains, Petersburg, Ralls, Shallowater and Sudan.

Piloting career education programs last year were Denver City, Lorenzo, Meadow, Morton and Plainview.

Brownfield was the one pilot school for the Center during 1972-73.

Mrs. Barbara Gaughen of the State Department of Education in Santa Barbara, California, was assigned to work with the Olton faculty. A team representing the one-year-old Plainview program will serve as a resource team for Olton.

Olton teacher training sessions are scheduled to begin September 19; out-of-town consultants will spend at least six days training Olton teachers this school year.

Hamburger Supper Set

Alumni of Olton schools and all Mustang fans will again have the opportunity to have supper with the PTA as that organization sponsors its annual hamburger supper. Served prior to the Oct. 4 battle of the Mustangs and the Abernathy Antelopes, the get-together supper will be held in the school cafeteria.

Food committee members ask that persons who have tomatoes or onions to donate

for the supper please call Mrs. Joe Harrell, 285-3359, or Mrs. Don Nafzger, 285-2354, or take the vegetables to the lunchroom.

Parents who are asked to donate ground chuck are requested to have their meat at the lunchroom before Wednesday, Oct. 2 or

to contact some PTA member to have it picked up. Each PTA member is asked to furnish two pounds.

Proceeds of the annual supper will go to the scholarship fund. Each year, the organization presents scholarships to an outstanding boy and girl.

Every Child Needs You! Your PTA Needs You

"Every child needs you." This simple statement represents the PTA's reason for existence, and the motivating force which unites the 7½ million parent, teacher and student members of the PTA in promoting the health and well being of children and youth everywhere.

According to membership chairman, Mrs. Don Nafzger, the local organization is in need of additional members. "We do not just want your money, but we want and desperately need your active participation."

Because of its innate importance, "Every child needs you" has been adopted as the theme for the PTA's Action Program for 1974-76. It's a program which will find expression through the efforts of membership through individuals like you!

In filling the commitment to the young, PTA members have accepted the traditional responsibilities of creating and improving educational opportunities, strengthening family life, building better communities and working for more effective legislation to protect the rights of young people."

To ensure the continuation of the PTA's efforts, and the accomplishment of our objectives for children and youth, We need you! As

a part of this volunteer movement, you can make the PTA your way of bringing about needed changes in education and enhancing the health and achievement opportunities of children everywhere.

About Fashion For Men

Fashion is mainly a feeling
for looking your best at all times. It's a
talent that some men have in bigger measure
than others, but all men can cultivate it.
It requires some knowledge, some care, some pride,
some intuition, some horse sense. Some concern about
how you look to others. It can be developed by talking to
salesmen, by visiting stores, by looking into showrooms,
by questioning tailors, by experimenting with your
wardrobe, by shopping, buying, and discarding. By trial
and error. But there's an easier way. Expose yourself

Mustangs Overpower Mules

By Bryan Allcorn and Freddy Stockdale

How many more Johnsons are there going to be? The people at Olton are hoping "a few". Passing, running, catching and tackling are a few trademarks of this trio.

First, remember last week when the oldest, Clarence Johnson, blocked a punt and brother Glen picked it up and jaunted 20 yards for Olton's only TD.

This week, Glen had another big game. He scored three times on runs of 44, 58 and one yard in the first half. Jimmy Parker ran for the extras on the first two scores. When the Mustangs went in at half, they held a commanding lead of 22-0. Then in the third period,

Others visiting were the Don Spains' son and daughter-in-law, Mr. and Mrs. Steve Spain.

Mr. and Mrs. Wayne Bateman of Canton were recent visitors of her parents, Mr. and Mrs. E.L. Moore.

TO GREECE

Leaving Saturday to join Spec. 4 Larry Brown who is stationed in Greece were his wife, Renee and their son, Bryan.

RECENT GUESTS

Mr. and Mrs. Jake Mitchell had as recent guests his brother and sister-in-law, Mr. and Mrs. Eugene Mitchell of Saint Jo. Monday the two couples visited their nephew and family, Mr. and Mrs. Johnnie Mitchell and children of Lazbuddie.

Glen connected a pass with littlest brother, David, for 44 yards and a touchdown.

Now for the highlight of the Mustang team.

In two games the defense has intercepted more than the opposing teams have completed. The Mustangs have given up only 171 yards in two games, which is about 85 yards a game -- not bad against AA

and AAA teams. Scott Roberson had another interception in the fourth period to clinch the Mustang victory.

Olton's offense has really improved to reward all starters a star and Glen, J.D. Caudle and David Johnson two stars. Kevin Workman earned a skull.

Glen Johnson ended the night with 168 yards on 15 carries. Parker had 52 yards

on 15 carries and Joe Alcorta ran 10 times for 28 yards. In the receiving department, David Johnson had four receptions for 67 yards and Scott Roberson totaled 47 on two. The Mustangs are now 2-0 with Lockney on tap for this week.

A Look At District 3-AA

By Don Windle
(Sports Editor - Friona Star)

When the season opened, many coaches and experts were wondering how the Dimmitt Bobcats would do without their superstar, Flashing Robert Mayberry. Well, they can quit wondering, Super Robert is back. All the Bobcat ace did was score three touchdowns, rush for 242 yards in his seasonal debut last Friday night as the talent-laden Bobcats smothered Slaton, 43-3.

Mayberry had knee surgery 17 days before the season started and sat out the opening game. The Dimmitt team did not really need the superflash in stopping their opponents, but now Coach Deane Wright feels everything is beautiful with him healthy. Mayberry is not the whole ball of wax at Dimmitt, as the Bobcats have seven good backfield candidates, each with the ability to score from anywhere on the field. Dimmitt leads in total offense with 847 yards in two games. The Cats have the third top scorer in the district with Mayberry, but Gene Veals and Ricky Wright rank seventh and eighth respectively in the top ten.

Olton, Friona and Dimmitt are the only teams in the District 3-AA that have not felt the pangs of defeat. Morton, which opened the season with a 20-18 victory over Plains was swept aside by the Tulia Hornets this past week, 34-7. Coach Roy Winters' crew happened to meet a young man named Raymond Williams, who rushed for 121 yards. Tulia scrapped its wishbone offense after the first game and went to the Power I, where Williams as tailback could get more running room.

Defending district champion Littlefield failed to get in the win column last week, but Coach Jerry Blakely's young and inexperienced Wildcats battled Levelland to a 7-7 draw. The Wildcats rely mostly on the bruising running of tailback Bill Turner, the current district rushing leader. Turner has stepped off 368 yards in two contests and scored all the Cats points.

downs in the Mustangs' 28-8, romp over Muleshoe and pranced to the head of the list in the district scoring race. Johnson has 24 points to lead Friona's Clay Bandy, who was idle last week and Dimmitt's Robert Mayberry. Johnson is the second leading rusher in the district with 252 yards in 32

attempts. District 3-AA teams have compiled a 6-2-1 win-loss record so far and outscored its opponents, 178-85. Dimmitt is the highest scoring team with 57 points in two games. However the Friona Chieftains have only posted 44 points to their ledger in one game and have not been

scored on, while Dimmitt has given up three points. Olton has allowed only eight points in two outings and netted 36 markers in registering two victories. Morton has been the easiest team to score on as the Indians have allowed 52 points in two games while scoring 27.

Painless Way To Reduce

Whether you run a business or are employed by one, you'll be glad to know there's a new way to reduce paperwork. Modern techniques of copying have helped you to avoid endless carbons and mimeographs—but you probably still have to feed originals into a machine and eventually sort out copies. This takes up a lot of time and employee effort.

A total duplicating system has been developed that makes the entire reproduction process as simple as pressing a button. Xerox duplicators (2400, 3600, 7000) produce copies as fast as 60 a minute on plain paper. These machines can collate the copies too, and can copy on both sides of the sheet.

FOOTBALL CONTEST

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries. Deadline is 4 p.m. Fridays.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties prizes will be divided equally. The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary. Only one entry per person is allowed.

Write In The Groove

BRYAN ALLCORN AND FREDDY STOCKDALE

Before we start on any part of this week's salvage, we'd like to thank some nut for buying an ark from the man who's can is bigger than the land. Yes folks, someone went to Lubbock, snuck by Red and Ralph and bought a 1974 Nova from Crawford Chevrolet. Well, to the person who had the guts, "Thanks a million."

The student council had a meeting Monday. They discussed the idea of having a sign contest. All organizations are asked to make a sign for upcoming football games. They are to hang them in the hall and the winner will get their poster or sign on the press box. Let's go Ag Department!

Also, we are going to have a blue and white day every Friday. Sorry, no prizes! Next Wednesday the committee is going to pick out a film for a Southern Assembly. Speaking of assemblies, we've got a load of them. This coming Friday the Student Council presents a singing group with a "Man with a Thousand Voices" coming up next Friday. The Student Council is also looking into why the girls got their coke machine taken away. So hang in there girls.

ATTENTION: The South Plains Fair is Monday. All smart people will stay away if they know what's good for them. And the people we are talking to are FRESHMAN FOOTBALLERS.

(Before you all forget about Watergate we'd like to present a poem we wrote about this history making issue. It is our version of "Casey At The Bat", which we will entitle "Nixon On The Stand.")

It looked extremely rocky for the Watergate nine that year; The score looked extremely bad, with an impeachment proceeding near. So, after Dean had testified, and Butterfield told all he knew, A pallor wreathed the features of the rest of Nixon's crew.

A straggling few got up to go, leaving the rest, with that hope wick strings eternal within the human breast. For they thought: "If only Nixon would try to clear his hand." They'd put even money now, with Nixon on the stand.

But Dick was very busy, and quickly going apes, Cause Cox stepped in so cool and suppoened all the tapes.

Now things are looking pretty bad for Nixon and his staff; For the tapes are very damaging, now the Demos have the laugh.

But Dickie let loose a fury, to the wonderment of all. That sent ol' Cox a flyin', out the door and through the hall. And when the dust had settled, our government was askew, Not only was Cox gone, but Richardson and Ruckleshaus, too!

Then from the gladdened multitude went up a joyous yell - It rumbled in the mountaintops, it rattled in the dell; It struck upon the hillside and fell upon the land; For Dickie, tricky Dickie, was advancing to the stand.

There was ease in Dickie's manner as he stepped to meet his fate; He looked like old Babe Ruth advancing to the plate; and making a "V" with two fingers, he triumphantly raised his hand, No stranger in the crowd could doubt twas Nixon on the stand.

The Committee members' eyes were on him as he stepped into his place, And a few CRP people even noticed a slight snicker on his face; Then Rodino, the Chairman, said, "Let's start the fun."

So the Committee set out to vote, on the charges of Article I.

When the vote was taken,

WEEKEND VISITS

Mrs. Weldon Motley, Gayle, Shane and Kevin spent the weekend with Mrs. Motley's sister and family, Mr. and Mrs. Haskell Smith of Petersburg and their granddaughter, Rose Coffee of Floydada. Mrs. Motley visited her father, Cleve Thompson who lives in Floydada.

IN AMHERST

Mrs. Lenora Schaefer recently called on Mrs. R.H. Campbell of Amherst. Mrs. Campbell is now in her own home after staying some time with her son and his wife, Mr. and Mrs. Gene Campbell. Mrs. Campbell went to their home when she was dismissed from Lubbock Methodist Hospital following surgery.

and all the votes recorded, Rodino looked at the verdict. "Guilty," he retorted. "Fraud!" cried the Repubs. "This cannot be true." "This can be true," said Rodino, "and now for Article II."

The Committee all debated, until their tongues were tied; And when the votes were counted, "Guilty," Rodino cried. "No! No!" hollared Nixon, "This verdict, it cannot be!"

And when the vote was taken, yes, you could bet a dime, That Nixon was pronounced "Guilty," for yet a third straight time. Too bad ol' Dickie, you lost your third straight bout, Now the American people feel it's time for you to step out.

Oh, in this town of Olton, people are proud, which makes sense, Cause we have our Mustangs and the nations top defense. And every dog is glad, from Red to Ralph to Rover, Cause this whole silly mess, is finally, yes, finally over.
