# First Details of Hereford Group Show Discussed

Preliminary details for the annual Top O' Texas Hereford Breeders show and sale were discussed Saturday at a meeting of the association's directors in Coronado Inn.

The directors set 1 p.m. March 9 for the judging of cattle with the sale to be held the next afternoon.

Col. Walter Britten of College Station was appointed auctioneer for the sale for the 20th straight year.

Ben Mathers of Canadian, president of the association, said that a quota of 60 cattle will be sold during the event.

Clyde Magee of McLean was appointed superintendent of the breeder division; Gus Carruth, chairman of the building and grounds committee, and Ralph Thomas and Foster Whaley catalogue committee chairman.

The Hereford Breeder's annual banquet was set for 7:30 p.m., March 9, in Coronado Inn.

# Tickets on Sale For Jaycee Event

Tickets have gone on sale for the annual Jaycee Pancake Supper scheduled for Dec. 3 in the high school cafeteria.

Along with pancakes, sausage, bacon and coffee will be served during the day-long event. Tickets are \$1 for adults and 50 cents for children.

According to Harold Comer, chairman of the event, the Aunt Jimma Corp. will furnish the pancake mix for the supper.

Tickets may be purchased from any Jaycee member.

# Beer Gone After Break-in at Firm

Approximately four cases of beer were reported missing yesterday following a break-in at the Falstaff Distributing Co., 321 W. Atchison.

Frank Kempa, manager, discovered the burglary at 8 a.m. yesterday morning.

The thieves entered the building by prying open the front door.

Kempa told police that nothing else was bothered in the building and the only thing missing was the beer.

ALGIERS, Algeria (UPI)—President Ahmed Ben Bella may attend the next session of the U.N. General Assembly and could possibly use the occasion to meet President Johnson, informed sources here said Saturday.

# Mainly - - About People

The News invites readers to phone in or mail items about the comings and goings of themselves or friends for inclusion in this column.

New residents of Pampa are invited to attend a Newcomers Coffee at 10 a.m. Thursday in Citizen's Bank Hospitality Room.

# Obituaries

Mrs. Edna Jewel Lane  
Funeral services for Mrs. Edna Jewel Lane, 61, of Tulsa, Okla., will be conducted at 10 a.m. tomorrow in Moore Funeral Home Memorial Chapel, Tulsa. Burial will follow in Tulsa Memorial Park Cemetery. Mrs. Lane died Friday in a Tulsa hospital following an extended illness.

Mrs. Lane was a Pampa resident 31 years, moving to Tulsa in 1960. She was a member of Pampa First Christian Church. She was preceded in death by her husband, John Lane June 3, 1964.

Survivors include three sons, J. K. Lane of Pampa, Robert D. Lane of Midland and Walter G. Lane of Tulsa; two daughters, Mrs. Mary Lou Purstep of Amarillo and Mrs. Carolyn Sue Lewis of Tulsa and 10 grandchildren.

Mrs. Sally E. Huff  
Funeral services for Mrs. Sally E. Huff, 68, west of town will be conducted at 2 p.m. tomorrow in First Methodist Church Chapel with Rev. Harry Vanderpool officiating, assisted by Rev. Hugh Daniels, pastor of Idalou First Methodist Church. Burial will be in Memory Gardens under direction of Duenkel-Carmichael Funeral Home. Mrs. Huff died Friday night in a local hospital.

Mrs. Huff moved to Pampa 15 years ago from Sunset, La. She was a member of First Methodist Church.

Surviving are her mother, Mrs. A. T. Burleigh of Sunset, La.; one son, W. F. Huff of Pampa; four daughters, Mrs. Bill Langley, Mrs. Dean Spoonmore and Mrs. Robert Bruner, all of Pampa, and Mrs. Hugh Daniels of Idalou; three brothers, Havard Burleigh of Gulfport, Miss., Kenneth Burleigh of Sunset, La., and Lt. Col. Albert Burleigh, serving with the United States Air Force in Northern Africa; four sisters, Mrs. Eddie Boudreaux, Mrs. Earl Cummings and Mrs. Oliver deValcourt, all of Sunset, La., and Mrs. Otis Dimmick of Opelousas, La., and five grand-children.

Palbearers will be Jim Bill Wilson, Robert Horton, Jess Goad, Denny Roan, Wayne Stroope and James Stroope.

# Cabot Official Name to Post In LBJ Program

Fred Nadierny of Boston, a division manager of the Cabot Corporation, has been named to a top post in President Johnson's War Against Poverty according to an announcement Saturday from the Office of Economic Opportunity in Washington.

As Executive Secretary of the Office of Economic Opportunity, Nadierny will be responsible for overall agency communications and implementation of policies set by Director Sargent Shriver. Nadierny will be on leave from his Cabot post.

A former All-East and All-America honorable mention football player at Yale University, Nadierny is the most recent in a group of business and professional men recruited by Shriver to help wage the War against Poverty.

"I am happy to have one of our top executives serving in such a worthwhile program," said Thomas D. Cabot, board chairman of Cabot Corporation and a former director of International Security Affairs for the State Department. Cabot Corporation, he noted, is a proponent of businessmen in government service.

A native of Chicago, Nadierny, 37, graduated from Yale in 1950 with a Bachelor of Arts degree in economics, psychology, and sociology. He played varsity football and basketball from 1946 to 1950.

In 1952, he received his Master of Business Administration from the Harvard Graduate School of Business Administration. He served in the Navy in World War II.

Nadierny is a member of the American Chemical Society and the Society of the Plastics Industry.

# Choir to Sing At High School

The Eastern New Mexico University Concert Choir will be in Pampa Monday for an assembly performance at Pampa High School.

The choir will perform at 1:30 p.m. in the Harvester Field House.

Monday through Friday of next week the choir will present 17 concerts at 12 different high schools in West Texas and New Mexico.

In addition to Pampa, the choir will be at high schools in Perryton, Levelland, Littlefield, Plainview, Albuquerque and Tucumcari.

# Parade Entries Now Being Taken For Yule Event

Entries for the 1964 Pampa Christmas Parade have officially opened in Chamber of Commerce.

The Pampa Jaycees, who are in charge of entries, have requested that anyone club or organization planning to place an entry in the parade contact the Chamber as soon as possible.

The annual parade will be held through the downtown area of Pampa at 3 p.m. Dec. 3.

Civic clubs, churches and merchants are invited to the place an entry in the parade. Trophies and ribbons will be given for best entries in several different divisions.

Chief Phil Lane... new recruiter

# New Recruiter Named by Navy

Phil Lane, machinist mate chief and his wife Frances, two sons Mike and Ken have made residence in Pampa at 1044 Cindrella.

Chief Lane will be with the Navy Recruiting Service and will be in Pampa for the next three years.

Chief Lane enlisted in the U.S. Navy in 1953 at Roswell, N.M., and took his basic training at San Diego, Calif. Since then he has been stationed aboard various ships of the Pacific Fleet and reported to Pampa from the U.S.S. Halsey, DLG 23. Duties have carried Chief Lane to Hawaii, Japan, Korea, China, Australia, Philippines and Samoa.

Chief Lane replaces SMI Bill Hammett who was transferred to Clayton, N.M., in September to a new recruiting station there.

The first American dictionary was published by Noah Webster in 1828.

# White Deer Woman Named by Catholics

Mrs. Fred Haiduk of White Deer, was elected third vice president of the National Council of Catholic Women at the 32nd national convention of NCCW held in Washington, Wednesday through Saturday.

As vice president, Mrs. Haiduk will serve on the executive committee of NCCW for two years, setting policy and directing activities for the 14,000 affiliates of the national council.

Mrs. Haiduk was elected a national director of NCCW, representing the Catholic women in the province of San Antonio at the last national convention held in Detroit, Michigan in 1962. She was nominated for the office by the Amarillo Diocesan Council which she served as

# Traffic Commission Plans Routine Meet

Routine business is expected to be discussed Monday at the Pampa Traffic Commission meets for their regular monthly meeting.

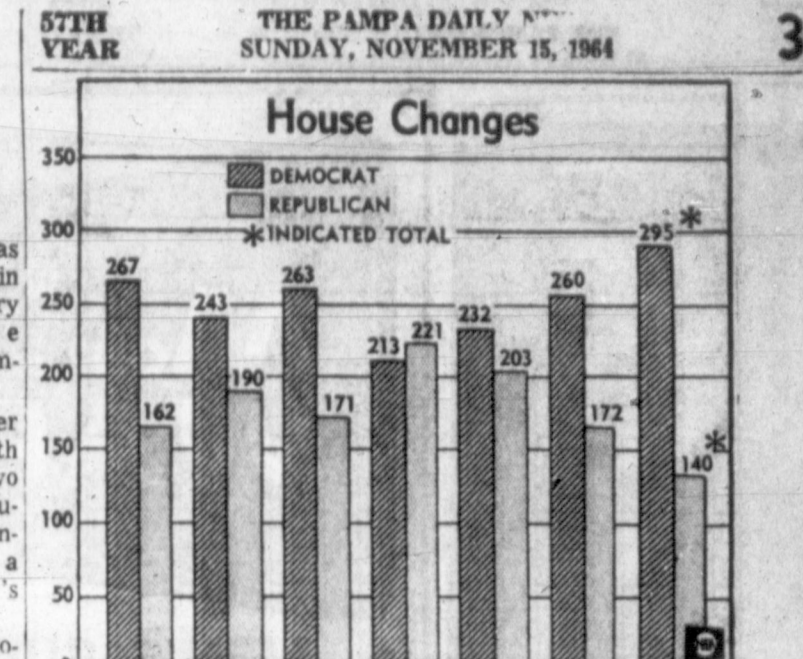

Jack Miller, chairman, said that unless members have specific business to bring before the commission, only routine business should be taken up.

# Youth Receives Suspended Term

An 18-year-old Pampa youth was sentenced to a three-year suspended sentence Friday afternoon in 31st District Court.

Douglas B. Hilburn waived a trial or hearing and entered a plea of guilty to charges of burglary before Judge Lewis M. Goodrich.

The charges against Hilburn were filed by the Pampa police department in connection with the burglary of Service Liquor Store earlier this year.

President Johnson will have a working majority of Democratic congressmen bigger than at any time since FDR's New Deal peak of 333 in 1936. Sweeping House gains brought the Democratic majority to an estimated 295 against the GOP's 140. Chart shows results of House elections in presidential years from 1940.

Mrs. Virginia McDonald  
... Receives Award

### Slate Installed By Credit Women At Banquet Meet

Pampa Credit Women's Club held its annual installation banquet recently in Kon-Tiki Room of Pampa Hotel.

T. C. Lively gave the invocation and president, Ruth McQueary, gave the welcome.

Honored guests were club members bosses. Mary McDaniel, accompanied by Jerry Stephens, sang "Go Way From My Window" and "Giannini."

Introduced by Virginia McDonald, the speaker, Ed Williams, sales representative for Mobil Oil Co. from Amarillo, spoke to the group on "Credit in Relation to Credit Cards."

Elizabeth Lewis, installing officer, installed the following officers for the coming year:

President, Lyda Gilchrist; first vice president, Ruby Crocker; second vice president, LaVerne Bayless; recording secretary, Vi Dunham; correspondence secretary, Ruth McQueary and treasurer, Virgie Wesner. Lyda Gilchrist presented "The Credit Woman of the Year," Virginia McDonald.

Mrs. McDonald is a charter member of Pampa Credit Club and has served in the capacity of all offices; has been president of the Lone Star Council of Credit Women; executive director of the Girl Scout council, past vice president of Consumer Credit, Region One; past president of the local Consumers Credit; is a member of the B&PW Club and has filled all offices; has served on the state nominating committee and has served as state treasurer, and is now present treasurer for the B&PW. She has also been associated with Gilbert's Ladies Shop as credit manager for 11 years.

Members and guests present were Messrs. & Mmes. H. E. Crocker, Gordon D. Bayless, S. O. Dunham, T. C. Lively, C. R. Everhart, Glen Day, C. J. Bryan, Wynn Veale, Harold Barrett, J. D. Yarbrough; Mmes. Virginia McDonald, Mary McDaniel, Helen Sprinkle, Ruth McQueary, Virgie Wesner, Elizabeth Lewis, Charlene Rich, Mary Ellen Elliott, Misses Sharon Johns, Jerry Hodges, Rosemary Lawlor, Maxine Nabors and Messrs. Colley Capo and Jerry Stephens.

### SILENCES THIEF

CASPER, Wyo. (UPI)—When a masked man entered the Western National Bank and demanded money, Mrs. Thelma Anderson, the bank's newest cashier, had a ready answer. "Don't bother me," she replied. "I'm just a beginner." The man went to the next window and robbed the bank of \$455.

### REMEMBERS PETITION

CASSOP, England (UPI)—Fourteen-year-old schoolboy soccer player Stanley Williamson recalled that in a democracy there is such a thing as petition. He now has 200 signatures demanding a soccer ground (pitch), and the village council is negotiating with a farmer to buy one.

# Commissioner Gives Views On Water Rate Increase

**EDITOR'S NOTE** — The following statement was submitted to the Pampa News for publication by City Commissioner L. P. Fort. It deals with Pampa's situation as related to the current ordinance to increase water rates and the problems faced by Pampa taxpayers and water consumers in connection with the Canadian River Dam project. Here is the statement as prepared by Commissioner Fort: It may be that the city personnel will write a factual report for the news media, concerning their views on the water situation in general, as it may apply to Pampa. It had been my proposal that we collaborate in such a report, but my own participation would be unfair to city personnel as I am very much prejudiced on some points.

First, I will start in the form of a question — Where are we now? Pampa stands in water pricing in a spot where 114 cities in Texas are ahead of her, in high prices, taking 10,000 gallons as an example.

When we get to the 35,000 gallon usage, Pampa gets \$14.65, Borger gets \$17.15, Grand Prairie gets \$21.06. In this class of usage, there are 87 cities that get more money for 35,000 gallons of water than Pampa.

Now, why a raise in water rates and how much? The amount of the raise is roughly fourteen per cent across the board. In April of 1962 I proposed to abandon an ordinance that had been read twice, lacking one reading of making it effective. That ordinance was a stiff one, purporting to take care of the Canadian river dam project.

I studied for the first time the conditions of that contract, and since have practically memorized it. I have consulted learned attorneys, and I can't escape the conviction that it is a very bad thing for Pampa. I have heard it said that I have no business trying to understand such a contract.

It is my challenge that I will debate the terms of this contract, with any attorney, local or nationally known, and let any 3 attorneys of their choosing act as judges. Do I hear any takers?

For the proposed rate read before the commission twice, we substituted a "lawn rate" but we of the following commission kept it in effect too long. I think a lawn rate should be strictly for the dry months.

Now to the "tank" — Recently the Phillips Pet. Co. offered the City a three million (plus) gallon tank, suitable for water storage. This offer was contingent on the city accepting it to integrate into its water system.

E. S. Lowry, Water Superintendent said the City needed the tank for reserve storage. The City engineer said we needed it for one reason, between the hours of 5 p.m. and 9 p.m. on peak usage days, the City must deliver from the pumps, at a rate of 20 to 30 million gallons daily.

Further the engineer says that in the proposed tank, a sand trap will be built, which will dispense with the necessity of pumping as "waste" water all water which is full of sand, when the well has been shut down. This pumping often lasts for 8 hours until the water runs clear, resulting in a loss of a quarter of a million gallons of water.

The water superintendent says we have storage capacity for six million gallons. Actually it figures slightly less. There, there must be times on high usage days when we are delivering directly from the pumps, and pumps break down.

I believe it was on Nov. 22, 1960, that 2,000 citizens voted FOR the Canadian river dam and 90 citizens voted against it. In getting telephone calls concerning the present raise in water rates, I find that five out of six people who voted, in that election, voted for the dam project. Four out of five say they think it will be a wonderful thing.

Here you have a majority of people sampled, who voted for a project that results in a debt to the city, of about eight to ten million dollars. Yet they object to a slight water raise right here at home, to insure us a good supply of the best water on earth.

If we get our water from the Canadian river dam, we are at the mercy of the Canadian River Authority and the Federal government. Let me quote you directly from the contract:

"Whenever collections from all sources are insufficient to defray authority operations, and maintenance, expenses, and payments, then proportionate ADDITIONAL payments may be required thru supplemental notice to the City at least sixty days in advance of the effective date. Such notice shall set forth the justification for the increase in full detail."

You can see here that there are no City Commission meetings, no ordinances, just the man with the whiskers backing up the Authority, and they can collect.

What kind of water is the Canadian River going to furnish us? — Again, quoting the contract: "Water delivered to the City under this contract shall be as received from the storage in the Sanford Dam."

Now, what KIND of water will that be? I am told that cities above the dam will continue to dump their sewage into sources that lead to the dam. Of course you and I will build a million dollar filter plant but it is going to be hard for me to turn on the faucet for a glass of this water without an uneasy feeling in the stomach.

To get back to the water raise; it is said to be necessary among other things to renew some water lines now causing very low pressure in some parts of the city.

Our actual storage capacity of something less than six million gallons of water, brings on other problems. Four years ago we started to overhaul the three

million gallon tank. This must be done after the peak season is over, yet before the temperature gets too cool. The reason for the temperature angle is that certain paints or finishes cannot be applied and guaranteed, except under a certain range of temperatures.

The job started on our biggest tank is not yet completed, and will not be possible to do, until we have more water storage reserve. It cuts the water supply too thin.

I will discuss briefly the problem about taking water money from the water fund and putting it in the general fund to bear City expenses.

Any city manager who can sit down and cut from one hundred thousand to three hundred thousand, dollars from his budget, without causing confusion, and disorder in the City's operations, should be fired for concocting such a budget in the first place. Further, any commission which would okay and pass such a budget, ought to be sent to jail.

What I think I am saying, is that the problem is one that cannot be solved overnight. I agree with Mayor Thompson when he told us publicly in a recent commission meeting, "this is a mess that has accumulated over the years."

The necessity of buying the water tank I will defend, but our position and past conditions that make this step necessary, I deplore. Personally I have tried very much to do the best

### Information on Vets' Insurance Now Available

Veterans wishing to know how to re-open their GI insurance (National Service Life Insurance) can obtain printed information at the Veterans Administration Regional Office at 1612-26 19th St., Lubbock, R. H. Todd Jr., acting VA regional manager, said Saturday.

Todd urged all veterans who think they are eligible to pick up the printed material at the regional office between the hours of 8 a.m. and 4:45 p.m. Monday through Friday.

Veterans unable to come to the office in person may telephone or write to have the information sheet mailed to them, he said.

The number to call is PO 5-5541, extension 225. Actual application for re-opening of the insurance cannot be made until May 1, 1965. Todd reminded, but added that he is anxious for all veterans to understand the full picture since their time to apply after that date is limited.

Veterans are eligible if they were originally eligible for NSLI between Oct. 8, 1940, and Jan. 1, 1957; if they have now no GI insurance or less than \$10,000 worth; they have service-connected disabilities and meet the standards of good health or are prevented by their service-connected disabilities alone from meeting standards of good health; or they had on or before Oct. 13, 1964, non-service-connected disabilities which are sufficient to prevent them from buying commercial insurance at the highest rates.

They can get National Service Life Insurance (NSLI) on one of several permanent non-participating plans, up to \$10,000 including any GI insurance they now hold.

### Son of Residents Named Delegate To Student Meet

COLLEGE STATION (Sp) — John Edward Goff, son of Mr. and Mrs. J. R. Goff, 1109 Willow Rd., Pampa, has been named an official delegate to the 10th Student Conference on National Affairs at Texas A&M University, Dec. 9-12.

Goff is a senior working toward a major in history. He is one of 25 delegates who will represent A&M at the conference. Delegates from 75 universities and colleges in the United States, Mexico and Canada will attend.

Students will join in round table discussions of various aspects of the SCONA X theme: "Challenges to the Americas—Pan American Trends: Promise or Threat?"

Delegates are required to have 1.5 grade averages or better to qualify.

Over 200,000,000 gallons of water are used daily in the U.S. for home and industrial purposes.

thing for Pampa, and it is my earnest hope that Pampa people will try to inform themselves of the actual situation, and not condemn until they understand.

If there is an individual, or a group, or a firm, that can come to the City Hall and study our

overall situation, and offer a solution that is quick and one that will not result in complete confusion, in City affairs, then I will be the first to make a motion that that person or group be awarded at least \$50,000 paid by the City. That would be cheap.

First, a plan would have to be a miracle, somewhat painless, and one that would unite a sufficient number of people behind it, to insure its success.

I think we are in for trouble. We Pampans should fight problems, not people.

# Passing Pirates Pound Warriors

By KEITH GIESLER  
News Sports Correspondent

LFPORS — The Lefors Buccaneers unveiled a brand-new offensive weapon Friday night, the passing arm of junior quarterback Terry Sanders, for a 40-0 victory over Miami.

The happy Homecoming crowd was hysterical as the Buccaneers broke open a tight ball game in the second half to take their first victory of the season. Lefors, which has been almost strictly a ground team since Bill Nichols was switched to fullback, completed seven passes for 217 yards, with halfbacks Tony Pittman and James Todd proving glue-fingered recipients of Sanders' aerial strikes.

It was the power-plunging Nichols, however, that set the fuse off as he returned the opening kickoff 80 yards to give the Buccaneers a lead they never again relinquished. Miami fought hard all the way, but was handicapped by two touchdowns called back on penalties. The short-handed Warriors, with only 15 players, were further handicapped by the loss of three starters ejected in the fourth quarter, including passing and running threat quarterback Dave Bowers, hard-running halfback Gary Murphy, and lineman Gary Lister, the top defensive player for the Tribe.

Two hard-hitting lines found opponents their own size and proceeded to rip and tear with ground-shaking force. Mammouth Edgar Brown, the biggest man on the field, led the way for the Pirates, with guard Keith Jernigan contributing seven unassisted tackles and Marvin Finney, back after injuries, showing his old ability. For the Warriors, Lister was in on over 20 per cent of the tackles with center Steve Guerrero and 191-pound fullback Ken Gill right behind him. Key difference was in the blocking as Sanders got consistent pass protection and the interior line opened gaping holes for Nichols, while Bowers was harassed constantly.

Both sides were hurt by penalties. The Bucks getting 13 for 125 yards, which killed several touchdown drives, while the Tribe got six for 70, wiping two tallies off the books.

Following Nichols' opening touchdown, Burly Bill took the extra point for a 7-0 lead and seconds later, the Buccaneers scuttled the Warrior canoe once more. On the first play from scrimmage, Brown recovered a fumble on the Miami 26. Five plays later, after the Tribe had pushed them back, Sanders fired a 27-yard pass to Pittman down to the three. Nichols

smashed over for a 13-0 lead. Murphy then broke loose and fled 80 yards for a Miami TD, but it was called back by a penalty. Five plays later, Bowers went back to pass on the Lefors 15, found no one open and ran for daylight and the end zone. Bowers ran the conversion to make it 13-8.

Lefors then exercised ball control into the second quarter, going 82 yards in 16 plays, with Pittman climbing the last two. Nichols toed the point for 20-8.

Miami then turned around and drove 58 yards in the final minutes of the half, helped by a 15-yard Lefors penalty and handicapped by one of their own. Bowers kept the last yard to make it 20-14 with 40 seconds left.

Miami drove with the second-half kick to the Lefors 15. A running play gained five and two passes were incomplete. Then came the turning point of the game. Nichols intercepted a fourth-down pass inside the five and ran it back to the Lefors 45.

Sanders piled it on the stunned visitors with a pass to Todd from the Miami 36, Todd making a beautiful run, faking out tacklers down to the two, where he was knocked out of bounds from behind. Nichols plowed over and it was 26-14.

Miami vs. Brown took up the next six plays of the game as "Tank Junior" made four unassisted and two assisted tackles to personally take the ball over on downs on Miami's 45. It took Lefors six plays to score, with Todd taking a six-yard pass and Dickie Archer one for 29 yards. Todd scoring the last six yards around left end 40 seconds into the fourth quarter. The straw that broke Miami's back came when the snap for the conversion kick was fumbled and a Sanders got up and passed to Todd for 34-14.

Three plays after the kickoff, the pestiferous Nichols intercepted a pass and ran it back 40 yards for a touchdown. Guerrero slammed Nichols on a conversion run attempt.

Seitz, leaping over people, led a drive to the Lefors 21, where it died as Dennis Keith recovered a fumble. Late in the game, Miami started from their 30 and Eddie Wilson scattered for 21 yards. Gill then broke through and plowed his way up the field on sheer power, dripping tacklers every step, to go 49 yards for a touchdown with 45 seconds left in the game. Archer nailed Wilson on a conversion run.

The Pirates then added insult to injury with a 27-yard pass to Pittman down to the three. Nichols

Homecoming Queen Nancy Bryant, junior lovely Lefors, in front row are Marvin Finney, Bill Nichols, Gustin, fresh favorite Candy Cox, Keith Jernigan and Billy McBea.

FOLLETT — The Follett Panthers coupled the running of George Trenfield and a rugged defense for an upset 28-14 victory over the Groom Tigers Friday night.

Follett, fresh from an upset of Darrouzett, made it two stunners in a row as Trenfield sped for four touchdowns. Follett demolished the idea of "ball control," as they only had the ball five times in the first half, but took an 8-0 lead.

Groom roamed at will between the twenty-yard markers, but couldn't get through to the goal line until three scores behind. Rolling up 134 yards on the ground and 155 in the air, with Big Jerry Roberts catching nine passes for 65 yards, the Tigers were held on downs by Follett's rugged interior line on the Panther one, seven and 14 yard stripes.

Larry Lamberson moved the Tigers on an initial drive to the Follett 40, but the Bengals were forced to punt out. Follett took the ball on the 20 and Trenfield went 10 yards on a dive play. On the identical play, he broke straight up the middle for 70 more yards and a TD. Lonnie Appel then used the same play to score the conversion.

Roberts took the kickoff to his 35 and Lamberson and Jerry Littlefield moved the ball to the Follett one and lost it.

Again the Tigers went from the 40 to the 20 and Terry Cornett unleashed the bomb to Roberts in the end zone, but the towering pass-catcher dropped it.

Late in the second quarter, Groom recovered a fumble and drove to the Panther seven, but again the Cats clawed the ball away.

Follett took the second-half kickoff to the 30 and Kerry Jones dove in on a quick pitch to nail them for a nine-yard loss. Follett then pulled the

MEMPHIS — The White Deer Bucks put on an awesome display of offensive power, including air power, Friday night to roll over the Memphis Cyclones 38-14, finishing the district 2-A season undefeated and going into next Friday's bi-district game at Stratford with a 9-1 season record.

Once again the mighty White Deer defense made the difference as they completely contained the Memphis running threat, allowing speedy Toby Creeks 30 yards, hard-running Jack Stargel 32 more and the rest of the Cyclones nothing. Memphis garnered 140 yards passing, but the Bucks had a 24-0 half-time lead and a 30-0 edge before the Cyclone could blow.

Once again it was Vernon Marlar and Big Eddie Kleibrink tearing up the middle behind the power blocking of the Smith Brothers, James Wheeler, Burl Pipes and Don Williams, coupled with the scabback sprints of Randy Elliott and Little Donnie Powell. Consistent Marlar led the charge with 121 yards rushing and steady Eddie ran over people for 72 more. Defense was strictly a gang-tackling team effort, although Elliott stood out in the secondary.

White Deer, which has compiled its 9-1 record mainly on "five yards and a cloud of dust," proved that passing is permissible when needed, as young Phil Hart played much of the game at quarterback, resting Calvin Luman, and connected for two touchdowns passes, although one was called back.

White Deer scored in a hurry as James Wheeler recovered a Cyclone fumble on the Memphis 22 on the second play from scrimmage. The Bucks scored in four plays, Marlar going the last eight yards. Elliott ran the conversion.

Three plays after the kickoff, Larry Simmons returned an intercepted pass to the Memphis 32. Elliott sprinted 25 yards, but a penalty nullified the play and Memphis held on downs. On their first play, Luman broke through to nail a fumble on the 34 and the Bucks were off again. Two plays later, Marlar broke loose for 26 yards and Kleibrink then batted the ball into the end zone for a touchdown. Marlar ran the extra points.

In the second quarter Marlar and Kleibrink led a drive to the Memphis nine, but the Cyclones recovered a fumble. They drove in turn — on the passing of second-string quarterback Hoot Jones and the running of Stargel and Crooks to the Buck 24, but White Deer held in turn.

An exchange of punts and Powell snared one on his 25, cut to the right side and get several clearing blocks to the Memphis 30. Li'l Donnie then outran one tackler, faked out another and fired past the last into the end zone for a touchdown. Elliott ran the conversion. Late in the half, Elliott returned a pass interception 33 yards to the WD 48. On the next play Hart fired the bomb to Elliott, but a clipping penalty on the six-yard line nullified the TD. Memphis held on their 15.

Roy Armstrong took the second half kickoff back from his 16 to his 46. Kleibrink and Marlar ground out steady yardage to the Memphis 31, where Marlar broke loose for the touchdown.

# Corsicana Knocked Out of Playoff Berth

By United Press International

Defending champions Garland of Class AAAA and Petersburg of Class A are back in the state schoolboy football playoffs, but AAA champ Corsicana and Rockwall's 29-7 game-winning streak as AA champ were victims of upsets Friday night.

Garland, Amarillo Tascosa, Galena Park and San Antonio Highlands joined Nederland as AAAA playoff partners, although Nederland was upset 21-12 Friday night by Beaumont South Park. Corsicana, which now is playing in AAAA, lost its chance for a 13-AAAA zone title 29-15 to Waco Richfield.

Top-ranked Dumas, Andrews, Sweetwater, Vidor, San Marcos and Kerrville joined Cypress-Offs.

Fairbanks in the AAAA play; Rockwall's reign as AA king was solidly jolted in the final game of district play by Plano 26-7 which made it into the playoffs along with Floydada, Alpine, Dublin, Fredericksburg, Atlanta, Canton, Cameron, Columbus, Cleveland, Humble Boling, Palacios, Randolph Field, Devine, Sinton and Freer in Friday night's action.

Petersburg beat Crosbyton 36-24 to move back into the playoffs along with Springlake. Van Horn, Goldthwaite, Baird, Archer City, Clifton, Jefferson, White Oak, Rosebud, Weimar, Hull-Daisetta and Bandera.

One berth in AA and three in A were in the process of being decided by district committees today in the final district standings. In 32-AA, Los Fresnos, Edcoch - Elsa and La Feria finished in a deadlock; in 5-A it was Wink, Seagraves and Plains; in 14-A it was Cedar Hill, Midlothian and Forney and in 21-A it was Grapeland, Elkhardt and Alto.

A district committee also was to decide between South Oak Cliff, Woodrow Wilson and Kimball in one of the Dallas zones for a triple tie.

El Paso High and Ysleta High won the zone titles in 1-AAAA, Dallas Hillcrest won the other 6-AAAA zone berth; Houston S. F. Austin won the berth opposite Houston Lee in 9-AAAA; Richfield's foe in 13-AAAA will be Austin McCallum, and Victoria and McAllen won the zone crowns in 14-AAAA.

Fort Worth Arlington Heights in 5-AAAA, Wichita Falls Hirsch in 4-AAA and Bonham in 6-AAA blew their chances to clinch playoff spots by being beaten by Fort Worth Paschal 13-0, and Graham 14-13 and Bonham by being played to a scoreless tie by Mt. Pleasant.

# Texas to Orange

MIAMI (UPI) — The Orange Bowl committee picked Texas Saturday to meet Alabama in the Orange Bowl New Year's night.

Alabama still has not been formally invited because of a Southeastern Conference rule prohibiting bowl acceptance before the end of the regular season, but the Orange Bowl committee made it clear the Crimson Tide is the team it wants — even if Alabama loses to Auburn in its final game.

## Bowling

Top honors of the week this week surely go to Peg Kastein—who had a whopping 266-613 series and is now first in all events in the Eastridge Tournament. Also she is third in doubles with a 51 with her partner, Wonderful bowling, Peg.

The great thrill of the week was receiving a nice letter from Harry Hoyler, Jr. who is working in Tripoli, Libya. He says he reads our column all the time, thanks to Camerine Hoyler, who is sending it along. Just 28 days - 3 hours and 42 minutes till he'll be back in wonderful Pampa making his own scores. Right, Camerine? The great thrill for Vesta Parker's Baby girl was Mommy and her partner John Carson stringing 6 strikes in a row - in the Charity tournament for a 677. In fact, she was so excited she broke her bottle.

And then there was a Bill N. who was so busy answering the phone that he came up with a first (I think), a perfect flop-no strike-no spare. Practically no score - 70 to be exact. One thing about that, you can't get worse, you just gotta get better.

That same night every team either won or lost 3 points. It was some night.

Bernell Copenhaver wanted her name in the paper, and decided that a game starting with 5 splits in a row, 7 in the game, and a big 9, deserved sympathy and I do too.

Ladies - Don't forget the big Charity tournament, and those nice trophies that will be given each week to the winners. Two women, or a man and a woman are eligible to bowl. Scotch Bonnies and it is really a lot of fun. All the Leagues were most generous in helping to purchase the trophies, so a word of thanks to all of them. The first winners will be reported next Sunday. This is for a most worthy cause, and we are proud to be a donor to it.

Chico, you wish is granted, an 81 game deserves mention. Also Artell Gibson's 160-155-150 Stair step. The gal's had em too. Wanda Villiner, 123-122-121 - Julie Montgomery mixed em up - 123-103-113 Sue Warter - 105-105-105 - Triliccate.

Celia McGinley - picked the 6, 10, 7, 8 - Jo Burnund picked 1, 2, 10. Bowlers of the week: James Lee, 675; Marie Landers - 657.

Some of the week's hi scores: Jess Smartt, 635 - Red Wasson, 617; Ron Havens, 578, 558; Ted Erickson, 574; Lon Parsley, 564, 539; Lon Harmon, 562, 531; Gary Wilhelm, 561; Darrell Lain, 560; James Lee, 555; Doc Rutledge, 550; Bill Jack, 548; Ray Frazier, 547; W. Nail, 542; J. W. Smith, 542.

Hi Games: Ron Havens, 252; Lon Parsley, 233; Joe Wells, 233; Red Watson, 234; W. L. Mollett, 229; Darrell Lain, 225; Ray Frazier, 223.

Women series: Marie Landers, 567; Peg Kastein, 530; Gladys Ellington, 513; Billie Johnson, 506; Nancy Skinner, 501; Ina Reading, 500; Mary Symonds, 494; Tiny Harmon, 463.

HI GAMES - women, Mary Landers, 222; Iris Buckingham, 222; Billie Johnson, 215; Helen Lain, 191; Tiny Harmon, 190; Janice Webb, 186; Mary Ray, 185.

## Nebraska Rolls Over Okie State

LINCOLN, Neb. (UPI)—Powerful Nebraska rolled over Oklahoma State 37-14 Saturday to clinch a tie for the Big Eight Conference title and keep alive the nation's longest major college win string of 16.

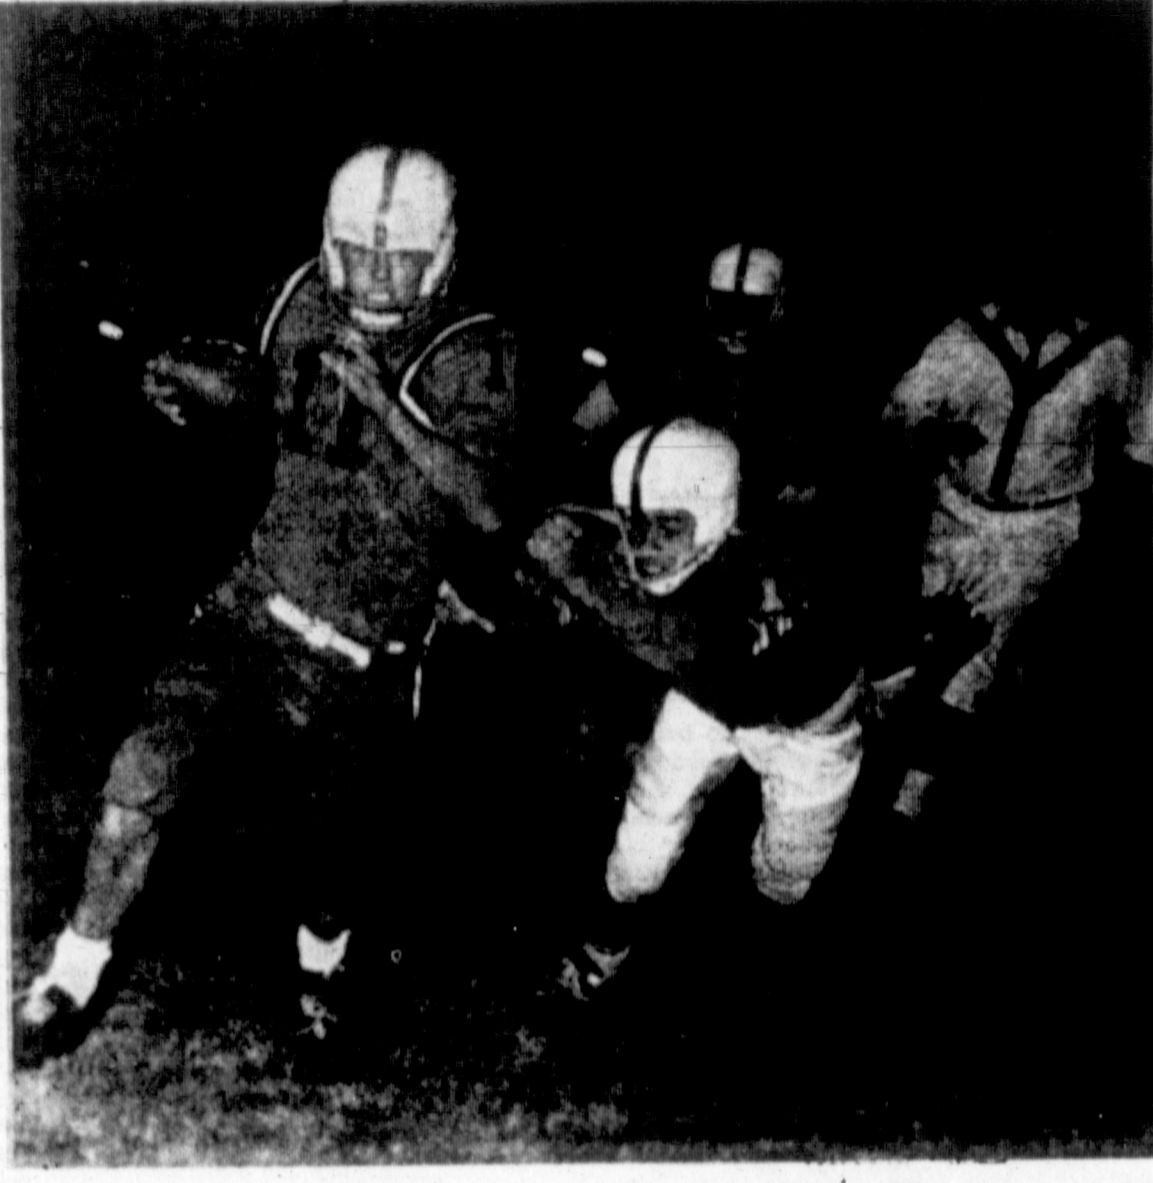

The game was played in record 70-degree weather before a record crowd of 49,500. Despite the closeness of the score it was never in doubt once the Huskers' offensive machine warmed up midway through the first quarter.

Nebraska faces Oklahoma at Norman next week in its season finale. The Huskers will be seeking their first undefeated season in 49 years, and the first back-to-back undisputed Big Eight title since Oklahoma turned the trick in 1955 and 1956.

Orange, Cotton and Sugar Bowl officials viewed the game. High scoring halfback Kent McCloughan logged the Huskers' initial score on a one-yard run with 1:47 left in the first period. It capped a 92-yard, 19-play drive which was highlighted by hard-running by McCloughan, who increased his season point total to 74, and fullback Frank Solich. Duncan Drum converted.

Shortly after the second quarter got underway, Oklahoma State rebounded with a 67-yard drive to knot the score at 7-7. Quarterback Glenn Baxter scored from the one-yard line and Charles Durkee booted the point after.

But 11 seconds later Solich, a fleet-footed 157-pounder, fielded Durkee's kickoff on his own 11-yard line, followed a mass of blockers up the middle and then burst free for an 89-yard touchdown.

**WIDE RIGHT** — Bill the Bruiser Nichols goes for the sidelines in an effort to evade Miami's Lloyd Seitz, with Deverl Murphy of the Warriors racing the referee in the background. The Pirate fullback led Lefors to a 40-20 victory Friday night.

## Canadian Upsets McLean Tigers by 28-24

CANADIAN—Kenny "Big Un" Harrell raced 60 yards on the receiving end of a Butcherboy Eckles pass in the final two minutes to give the Canadian Wildcats a hair-raising 28-24 upset victory over the McLean Tigers Friday night.

The win in the final game of the season for the district 2-A club leaves McLean in second place in the loop with a 4-2 record, and pulls the Cats into a three-way tie for third place with Memphis and Wellington.

**Matadors Win**  
**RULE** — The Matador Matadors, matched with the Rule Bobcats Friday, meted out a mauling to the hosts, 14-6.

Richard Campbell, fullback for the mighty Matadors, mandered over the magic line both times. The scores came in the first and second quarters for the visiting team.

Lyndell Norwood, field commander for the Bobcats, waited until the fourth quarter before running over the only successful play for his team.

**K-State Nips**  
**MANHATTAN, Kan. (UPI)**—Kansas State scored its second Big Eight conference football game of the season Saturday, nipping Iowa State 7-6 in a wild finish before a crowd of 15,300.

Coach Doug Weaver's Wildcats won 7-6 in a wild finish before a crowd of 15,300.

**JOCKEY NOW JUDGE**  
**ATLANTIC CITY, N. J. (UPI)**—Jimmy Stout, once New Jersey's most popular jockey, is still active as a patrol judge at the state's thoroughbred tracks.

opening kickoff and drove straight downfield behind Crockett and Steve Fuller, with Dickie scoring from 14 yards out. Crockett also ran the conversion.

Canadian got noplacement and McLean took the ball on the 20. Three plays later, Crockett broke loose for 63 yards and his second touchdown. Steve Fuller ran the conversion for a 1-0 McLean lead.

In the second quarter Canadian apparently got in the scoring column when Harrell took a 19-yard paydirt pass, but it was nixed by a flag. The Cats moved back once again, but fumbled in the end zone with the Tigers recovering. McLean punted out from the 20 and Cook took it on his five and ran back 95 yards for a touchdown, only to have it called back again for clipping.

Canadian ended up with the ball on their 45 and ended the series of frustrations by marching from there, Yarnold breaking loose for the last 28 yards. The Cats threatened again, moving to the McLean 18, but the Tigers intercepted a pass as time ran out.

The only tally of the third quarter saw Canadian on a 65-yard march shared by Cook, Tommy Hyatt, Eckles and Yarnold, with the Butcherboy keeping the last yard.

Canadian kept on coming in the fourth quarter and a 64-yard march put them ahead for

the first time. Cook and Yarnold did the bulk of the carrying this time, with Cook's 26-yard run the big gainer. Again Eckles dove over from a yard out. Cook ran the conversion for 20-16 Canadian.

McLean took the kick on their 33 and Crockett started to move out. Dangerous Dickie lugged the leather on all but three plays in the drive, setting up quarterback Johnny Fuller from one yard out with 3:30 left to go in the game. Crockett spun across for the conversion and a 24-20 McLean edge.

Canadian took the ball on their 20 and three plays later, were still there with 1:50 left in the game. Eckles faked like Houdini and hit Harrell on the 40-yard line. Harrell shook off his defender, outran a tackler and went across the goal line standing up. Cook ran the conversion.

In the final minute, 'Pants' Henderson recovered a fumble on the Tiger 25, and Canadian went to the McLean eight as time ran out.

## Tascosa Beats Borger, Clinches District Title

By RONNIE OLER  
**News Sports Reporter**

**AMARILLO** — A standing-room-only crowd of 15,000 watched two third-quarter fumbles break open the floodgates after a tremendous defensive battle and give the Tascosa Rebels a 23-0 victory over the Borger Bulldogs Friday night.

The win gives the Rebs a 7-0 district record and hands the Dogs their first loop loss, handing the Amarillo squad their second straight district 3-AAAA title, although each has one more game to play. Tascosa at Plainview and Borger with Pampa.

Despite the score, the game was one of the toughest defensive battles seen until Borger fumbled the ball twice in a row in the third quarter. Borger went inside the Tascosa 10 twice in the first quarter, only to have the huge Rebel line throw them back. Although heavily outweighed, the Borger line fought Tascosa's on even terms until they started wearing down late in the second half, stretching the Rebs margin.

On the first play from scrimmage, Richard Ross fumbled, and Mike Auld recovered for Borger on the Rebs 23. David Dillingham and quarterback Billy Flaughter carried to the six but a clipping penalty set them back to the 21. Tascosa held for three downs and Dillingham attempted a field goal, which was wide to the right.

A stiff wind held a Tascosa punt to 10 yards and Borger had it on the Rebs 30. The Dogs went to the air lanes, but Tascosa halfback Chris Simmons intercepted a pass on the five and ran it out of danger.

The second quarter was strictly three downs and punt, neither team crossing midfield.

The first break came early in the third quarter, when Borger lost a fumble on their 14. The Dogs held in turn for three downs, but Billy Hobbs' field goal attempt proved truer than Dillingham's, and the Rebels led, 3-0.

On the next series of downs, Borger fumbled again and Tascosa recovered on their 48. It took the Rebs 10 plays for their initial touchdown, with fullback Tommy Gergeni going the last six yards up the middle. Hobbs kicked the extra point.

Another series of downs and Borger punted to the Rebs 34. Three plays later, quarterback Ted Pospisil faked like a master and threw a bomb to Hobbs, in the clear, who raced 63 yards paydirt. Hobbs kicked the extra point.

In the fourth quarter, the Rebs intercepted their fourth pass of the evening and Billy Henley returned it 23 yards to the Dog 39. Six plays later, Pospisil fumbled sneaking across from the one, and tackle Bill Deane fell on it in the end zone for the final score.

led, 3-0.

On the next series of downs, Borger fumbled again and Tascosa recovered on their 48. It took the Rebs 10 plays for their initial touchdown, with fullback Tommy Gergeni going the last six yards up the middle. Hobbs kicked the extra point.

# Hogs Slaughter Mustangs, 44-0

FAYETTEVILLE, Ark. (UPI)—Undeclared Arkansas overpowered Southern Methodist 44-0 Saturday for its 10th straight victory and clinched the host role in the New Year's Day Cotton Bowl game.

The Razorbacks, chalking up their fourth consecutive shut-out, assured themselves of at least a tie for the Southwest Conference championship.

Safety Kenny Hatfield, the nation's leading punt returner, capped the scoring in the fourth quarter by running an SMU kick back 78 yards. Tom McNelly, who had kicked 25 consecutive extra points, missed his first of the season after the final touchdown. He had a 23-yard field goal in the third quarter.

Arkansas used every phase of the game — passing, running and defense — to score its six touchdowns, at least one in each quarter.

Halfback Jim Lindsey and tailback Bobby Burnett each scored a pair of touchdowns and quarterbacks Fred Marshall and Billy Gray threw a scoring pass each. End Bobby Crockett scored for the defense by recovering a blocked punt in the SMU end zone.

# Missouri Ties OU

NORMAN, Okla. (UPI)—Missouri stormed 83 yards behind Gary Lane and Gus Otto in the fourth quarter Saturday to earn a hard-fought 14-14 Big Eight stalemate with Oklahoma.

Otto rammed over from the one with 3:45 minutes left in the game for the touchdown after Lane's passes had set it up. Then Missouri elected to go for the tie rather than a possible two-point conversion that could have won the game and used Bill Bate's extra-point kick to knot the count.

Oklahoma got one final chance when Rick McCurdy recovered Lane's fumble on the Missouri 42 with just over one minute left. The Tigers held however—and Butch Metcalf's 39-yard field goal attempt with 13 seconds was wide to the right.

The tie knocked Oklahoma out of contention for the Big Eight championship.

Missouri scored first when Bill Powell fell on Jim Grisham's fumble on the Sooner nine with about 10 minutes gone in the first quarter. On the first play, Charlie Brown cut over right tackle and scored.

Oklahoma took the ensuing kickoff and went 55 yards in 10 plays to tie it up on Bobby Page's 30-yard pass to Gordon Brown.

After scoreless second quarter, Oklahoma used another fumble, this time recovered by Allen Bumgardner on the Tiger 48 to go for the tie-breaker. Tommy Pannell passed 35 yards to Ben Hart for the touchdown.

Oklahoma, which had an earlier apparent touchdown drive killed on the two-yard line by Grisham's second fumble, drove for what appeared to be another score early in the fourth quarter. But Missouri stopped the drive when Pannell was thrown while trying to pass on the Tiger 17, and Lane grouped his forces for the tying touchdown march.

Lane, who had had four passes intercepted by an alert Oklahoma defense, took to the airways in the big fourth-quarter drive to move in 19 plays and set up Otto's one-yard smash. Lane's 23-yard pass to Charlie Brown was the key play in a drive that saw the Tigers make three fourth-and-one gambles pay off.

# Rice Runs Over Aggies By 19-8

HOUSTON (UPI)—Quarterback Walter McReynolds' pinpoint passing and the hard running of tailbacks Gene Fleming and Chuck Latourette led Rice to a 19-8 defeat Saturday of Texas A&M.

Rice put together scoring drives of 58, 56, and 67 yards for the victory before 40,000 fans who braved intermittent rain in Rice Stadium.

The Aggies had an 80-yard drive for their lone score, capped by a smooth two-point conversion play.

Except for their long scoring drive in the third quarter, the Aggies could not consistently solve a Rice defense in which Malcolm Walker and Russell Wayt were tenacious and tough. McReynolds got fine catching from end Dale Callihan, who tightrope walked the sideline for Rice's first score from 20 yards out, packing one of McReynolds' passes. A McReynolds pass to Glen Hine two plays earlier had helped set up the score. Hine made his cut and had to lunge for the ball, but held on for a beautiful catch, at the A&M 36.

McReynolds passed 13 yards to Gene Fleming also in the second quarter for the other Rice aerial score and Latourette capped Rice scoring with an eight-yard run in the fourth quarter's first play.

The two teams spent the first quarter solving the wind, the damp field and their attacks. Rice got a chance when Aggie quarterback Dan McIlhenny fumbled and Rice's Jim Vining recovered at the A&M 33. But Rice got penalized 15 yards and could not get moving.

In the second quarter, Rice took over on its own 42. The Owls' passing attack started clicking, with McReynolds pitching nine yards to David Ferguson and 10 to Hine. In between were short ground gains.

The Owls pushed to the Aggie 20. At that point, McReynolds tossed to his right to Callihan. Callihan eluded three tacklers and sprawled over the goal line for Rice's first score with 10 minutes left in the half. The kick failed.

Less than seven minutes later, Rice drove to the Aggie 13 and McReynolds passed to Fleming all alone, who skipped over. A Larry Rice kick made it 13-0, Rice's halftime margin.

The Aggies' passing by Dan McIlhenny brought them their third quarter scoring drive, with Jim Stabler handling much of the running.

Scoring:  
Rice—Callihan 20 pass from McReynolds (kick failed)  
Rice—Fleming 13 pass from McReynolds (Rice kick)  
A&M—Stabler 1 run (Westerfield pass from G. Lindsey)  
Rice—Latourette 8 run (kick failed)

# Penn State Gallops Past UH

HOUSTON (UPI)—Penn State fullback Tom Urbanik galloped repeatedly through a Houston line Saturday night, to lead the Nittany Lions to a 24-7 victory.

Urbanik almost singlehandedly pushed Penn State on a 73-yard drive for its first score.

The Nittany Lions added other scores on a four-yard pass, a 22-yard field goal and a 78-yard punt return.

Houston managed to put together one scoring drive — a 58-yard effort in the second quarter.

Urbanik, Penn State's leading rusher and a 215-pound pile driver when it comes to hitting the line, handled the bulk of the running chores.

Quarterback Gary Wydman rested him by tossing passes that loosened the Houston line and found receivers in Bob Riggle and Bill Huber.

Often, Houston had the secondary too well covered for pass plays and Wydman rambled up a gaping hole for yardage.

Houston's quarterback Bo Burris was a jack-of-all-trades, engineering Houston's scoring drive in the second quarter with six keeper plays, the last of which went one yard for the score.

# Texas Tramples Frogs, 28-13

FORT WORTH (UPI)—Marv Kristynik and Harold Philipp gouged out great chunks of yardage on the ground Saturday to lead 1964 national champion Texas to a 28-13 victory over Texas Christian before the covetous eye of Orange and Sugar Bowl scouts.

Kristynik, the pepper-pot junior quarterback, and Philipp, a fullback who slips between defenders like a halfback, divided Texas' four touchdowns evenly between them and led the Longhorns to an explosive two-touchdown third quarter that took the heart out of TCU and rang up Texas' eighth victory against a lone defeat.

The victory kept the Longhorns' hopes alive for at least a share of their fourth consecutive Southwest Conference title, but the University of Arkansas' runaway victory against Southern Methodist Saturday erased any hope of returning to the Cotton Bowl.

With Kristynik and Philipp each ringing up more than 100 yards on the attack, Texas averaged 7.3 yards per running play in the first half and 8.9 yards for the 10 running plays they got off in the third period.

Then coach Darrell Royal turned offense over to reserves and they threatened only to lose the ball on the TCU seven on a fumble.

TCU came to life in the second and final periods to stage

touchdown drive that were capped by quarterback Randy Howard's 8 and 2-yard runs, but the Frogs never were able to convince the crowd of 34,529 that they really were in the ball game.

Texas ran up 425 yards total offense with Philipp getting 106 yards on 16 carries and Kristynik, roaming far and wide from the rollout and option plays, got 100 yards in only nine rushes while hitting six of 11 passes for another 87 yards.

Texas drove 93 yards for its first quarter touchdown with a 41-yard Kristynik gainer being the key play. He also had an 11-yarder in the drive and Philipp got 33 yards, the final two-yard scoring plunge.

The Longhorns drove 83 yards in the second period with a 16-yard pass Kristynik threw to Phil Harris while backpedaling being the big play of the drive. He scored that one from five yards out a few plays later after Philipp's 29-yard hand helped set up the play.

In the third quarter, Philipp ignited a 68-yard Texas surge with a 27-yard burst through tackle and then scored from the two-yard line. Three minutes later, a Kristynik to Pete Lammons pass for 19 yards and Kristynik's 21-yard squirming run got a 60-yard scoring drive in just two plays.

# Tech Tops Cougars

LUBBOCK, Tex. (UPI)—Tech as Tech overcame a bad case of butterfingers in the first half Saturday to trounce Washington State 28-10 before 25,500 fans.

Tech's great halfback Donny Anderson set a new school record in the rushing department.

The Raiders lost four fumbles in the first half, two of which later cost them points. But they settled down in the last half, scoring three of their four touchdowns.

Anderson—the nation's second leading rusher going into the game — carried the ball 26 times for 119 yards to bring his season's total to 877. The old school record was set in 1945 by Walt Schlinkman who piled up 871 yards.

A fumble recovery on the third play of the game led to Washington State's first score. Six plays later, the Cougars sent halfback Clancy Williams around left end to score from 13 yards out. Bill Ebel's kick was good.

Late in the second quarter, Tech mounted a sustained drive down to the Cougars' 29-yard

# Fight Off

BOSTON (UPI)—Heavyweight champion Cassius Clay was reported in "excellent condition" Saturday after his surprise hernia operation, but manager Bill Faversham said the champ must wait until May before going through with a Boston title defense against Sonny Liston.

# Jays Win

LAWRENCE, Kan. (UPI)—Kansas turned a Colorado gamble into a 33-yard field goal and recovered a fourth-quarter Buffalo fumble in the end zone to save a 19-7 Big Eight victory Saturday before 37,000.

Gary Duff kicked the third-quarter field goal that made the difference, but it was Dave Crandall's recovery of a Colorado touchdown bid in the fourth quarter that kept alive the Jayhawkers' hopes for a share of the Big Eight title.

# ND Romps

SOUTH BEND, Ind. (UPI)—Unbeaten and No. 1 ranked Notre Dame wiped out eight years of frustration Saturday with a crushing 34-7 triumph over Michigan State and its eighth win of the season.

# Pirates

Continued From Page 8) to injury as they took the kickoff in a "quaburst" formation. The ancient play, revived after some 30 years dormance and dusted off, saw six men huddle around the kickoff for their 20 and then scatter in all directions. The confused Warriors tackled everything in sight, finally bringing down ballcarrier Keith Jernigan on the Miami 34.

Sanders passed to Archer to the 15, but the time ran out.

# Bears Upset

LEXINGTON, Ky. (UPI)—Two touchdowns by fullback Tom Davies and a 40-yard field goal by sophomore Bobby Purvis gave Baylor a 17-15 inter-sectional victory Saturday over a Kentucky team that had its defenses primed to stop the pass-catching of Larry Elkins.

A Baylor defensive unit that hadn't slowed down anyone all season held erratic Kentucky in check, except for a 33-yard touchdown gallop by Rodger Bird, until the final two minutes of play when Kentucky drove to a futile touchdown on the passing of Rick Norton.

**Fight Off**  
BOSTON (UPI)—Heavyweight champion Cassius Clay was reported in "excellent condition" Saturday after his surprise hernia operation, but manager Bill Faversham said the champ must wait until May before going through with a Boston title defense against Sonny Liston.

**Jays Win**  
LAWRENCE, Kan. (UPI)—Kansas turned a Colorado gamble into a 33-yard field goal and recovered a fourth-quarter Buffalo fumble in the end zone to save a 19-7 Big Eight victory Saturday before 37,000.  
Gary Duff kicked the third-quarter field goal that made the difference, but it was Dave Crandall's recovery of a Colorado touchdown bid in the fourth quarter that kept alive the Jayhawkers' hopes for a share of the Big Eight title.  
The victory bo

**ND Romps**  
SOUTH BEND, Ind. (UPI)—Unbeaten and No. 1 ranked Notre Dame wiped out eight years of frustration Saturday with a crushing 34-7 triumph over Michigan State and its eighth win of the season.

**Pirates**  
Continued From Page 8) to injury as they took the kickoff in a "quaburst" formation. The ancient play, revived after some 30 years dormance and dusted off, saw six men huddle around the kickoff for their 20 and then scatter in all directions. The confused Warriors tackled everything in sight, finally bringing down ballcarrier Keith Jernigan on the Miami 34.  
Sanders passed to Archer to the 15, but the time ran out.

**Bears Upset**  
LEXINGTON, Ky. (UPI)—Two touchdowns by fullback Tom Davies and a 40-yard field goal by sophomore Bobby Purvis gave Baylor a 17-15 inter-sectional victory Saturday over a Kentucky team that had its defenses primed to stop the pass-catching of Larry Elkins.  
A Baylor defensive unit that hadn't slowed down anyone all season held erratic Kentucky in check, except for a 33-yard touchdown gallop by Rodger Bird, until the final two minutes of play when Kentucky drove to a futile touchdown on the passing of Rick Norton.

**IT'S THE LAW**  
*in Texas*

How High Is "Your Sky?"  
 You want the law to grow to meet new challenges, but you do not want it to change completely. The law is like a boy; it must grow up to meet the changing world, but you do not want it to change overnight.

When you buy or sell a house, you want the law to stand firm. You do not want your deed upset by some new law overnight. When you make a will you would like its terms carried out long after you are gone. In short, you do not want your law to upset your plans. So you want a stable law.

Yet the law cannot foresee all the changes that are to come, and it must be able to grow and meet new circumstances. Sometimes old rules, in terms of modern life, are too harsh and should be changed. It is a good thing that our laws can change — by court decision, legislation or by constitutional amendment.

Take an interesting case: until recently a farmer believed he owned his property rights straight up as high as he wanted to claim them — to the sky even. But, meantime, the airplane flew these skies. If your ownership went to the sky you could stop anybody's flying over your property. Or you could charge him a toll. But if landowners got a toll on airplane fare, travel would soon become too costly.

How do we change a system of laws to preserve the essential use of our property and yet let people enjoy airplane travel? You could not tell briefly how this was done. But, within the past few years, we have carved out a whole new body of law by court decision and by law making. We have met the new problem without impairing unduly the older property rights of holders.

12 THE PAMPA DAILY NEWS SUNDAY, NOVEMBER 13, 1964 57TH YEAR

## Agriculturally Speaking

**By JERRY HARLAND**  
Asst. County Agent

Approximately 200 herds have been tested in Gray County during the first three weeks testing. This represents 8,690 head of cattle. There have been 16 suspects and 23 positive cases. At this rate, testing should be completed by Nov. 30. If you have not had your herd tested, you should call your line-up man today.

**Beef Cattle Short Course**

The beef cattle short course was held this past week. The first two meetings being held at McLean and the final two at Pampa.

**4-H News**

Danny and Cynthia Hogsett, son and daughter of the Derrel Hogsetts, attended the District Gold Star banquet at Amarillo Saturday night. Danny and Cynthia were named Gold Star boy and girl at the county awards banquet held last Saturday night in Pampa. The District Gold Star banquet honors all Gold Star winners from the Panhandle counties.

Gray County 4-H members now have around 20 barrows on feed for the spring stock show. There are several first year feeders and thus far they are doing an excellent job.

Wheat pasture over the county is looking good. A large per cent has already been turned in on.

## 500 Expected at Feed Parley in Amarillo Nov. 24

An inside look at the cattle feeding situation will be one of several features which promise to make the Fourth Annual Southwestern Cattle Feeding Conference a highly profitable day for beef producers who gather in Amarillo, Tuesday, Nov. 24.

Two panel discussions and a number of addresses by authorities on animal health, nutrition, and marketing are included on the information packed program, according to Lloyd Bergman, director of the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association.

The Conference is sponsored by the Cattle Feeders Division and is expected to attract more than 500 cattlemen from several states.

The rapidly developing market trends in today's markets require that cattle producers keep well informed on what is going on, not only in their local area but throughout the country, and this will be discussed by Roy Rockenbach, chief of Market News for the Livestock Division, USDA.

Most farmers are working hard now trying to get their milo cut. Everyone wants to get it out before we have anymore bad weather.

## West Texas CoC Sponsors Arizona California Tour

ABILENE (SpI) — The West Texas Chamber of Commerce will sponsor a Farm and Ranch Management Tour to Southern California and Arizona March 1-6 to give Texas farmers, ranchers, and business people an idea of how diversified farming operations are carried on in these areas.

W. H. (Bill) Lance of Perryton, chairman of the West Texas Chamber's Agriculture Committee, announced the tour dates. He said the West Texas delegation would travel by special Santa Fe train and there would be accommodations for 200 men. "Good farm management seems to be the key to successful farming and ranching in West Texas. For this reason we are placing special emphasis on farm management in selecting the itinerary for this tour. We hope our people will pick up new ideas on the trip and put them into operation."

Lance said the tour would cover the Pecos - Hemet Valley, the Coahuila Valley, the Imperial Valley, and Palo Verde Valley, all in California, and the Parker Valley in Arizona. Headquarters during the tour will be Palm Springs, Calif. in the Coahuila Valley.

Lance said the Texas visitors would see diversified types of farming, plus some livestock raising and feeding operations. Those on the tour will see farms which raise cotton, grain sorghum, vegetables, sugar beets and small grain, plus livestock. There will be an added emphasis on water conservation.

## Cattle Raisers to Meet in Amarillo

Cattlemen from Texas and surrounding states will meet in Amarillo, Nov. 23 for the quarterly director's meeting of the Texas and Southwestern Cattle Raisers Association.

Headquarters will be the Holiday Inn West, according to Joe S. Fletcher, TSCRA secretary-general manager. The general session will begin at 9 a.m. It is open to the public.

The market inspection committee and others to be announced later will meet the preceding afternoon.

The TSCRA director's meeting will be followed on Tuesday by the Fourth Annual Southwestern Cattle Feeding Conference.

There is a tradition in the Shenandoah Valley that only young courting couples can stir the boiling apple butter.

**IRRIGATED GRASS** — Proper irrigation of Indian-grass can insure ideal pasture for grazing. Since Indian-grass is a native grass of the Panhandle, it is one of the most palatable grasses of this area. This pasture, on the James Clieff ranch north of McLean, made 48,000 pounds green weight per acre.

## Farm Bureau Chief Says Court Ruling Hurts Rural Areas

HOUSTON (UPI) — With a wheat program for a support price 90 per cent of the market price of wheat over the preceding three years, or 65 per cent of parity, whichever is higher, —Recommend close supervision of water drilling to protect needed water supplies from unnecessary depletion.

—Back establishment of standards of tolerances concerning insecticide contamination of agriculture products.

He contended the farm program is "a ridiculous patchwork of hasty and ill-conceived remedies drafted under the pressure of political expediency."

Shuman said the cotton program, for example, has added subsidies and problems steadily, and still exports drop, surpluses rise, and retail prices are not cut enough.

The parity ratio is the lowest in 25 years, Shuman said. Farmers are not getting what they deserve from their sharply improved producing efficiency, he added.

U. S. Rep. O. C. Fisher of San Angelo, D-Tex., told Farm Bureau delegates the Supreme Court decision that bases state Senate districts on population "strikes a death blow" at legislative checks and balances.

C. H. DeVaney told some 2,000 farmers and ranchers who are delegates to the bureau's convention that the ruling that says districting must be carried out on the basis of population is a violation of states' rights.

Monday, the bureau's resolutions committee submitted a sheaf of resolutions on state and national levels. Delegates were to vote on them today and Wednesday.

Among the resolutions are pledges to oppose further centralization of power in the federal government, to keep watch on textbooks for subject matter that fails to tell fully of the American way of life, and to oppose expanded federal aid to education.

In farm proposals, some resolutions suggested would: —"Strongly oppose" forced collective bargaining between farm workers and farmers; —Oppose compensatory payment for wheat and recommend

Has Two Aspects

The report said successful farm policy in the broadest sense ideally has two complementary aspects: (1) highly productive agriculture, (2) a situation wherein farm people can adjust and earn equitable incomes in the kind of farm economy thus generated. The commission said the first aspect "has been well done," while the second "remains a foremost national problem."

## County SCD News

**By VAN MILLS**

Three diversion terraces and a standard terrace system were staked for O. R. Blankenship on his place west of McLean. Blankenship also plans to shape some gullies and establish several old fields to grass. The shaped gullies will be seeded to grass in an established dead litter cover. O. R. plans to carry out a complete conservation plan on this farm.

Floyd Franklin who farms just southwest of Pampa has completed an irrigation well. Stan Kretzmeier has completed a diversion on his farm northwest of Pampa.

Several who have leveled land for irrigation have noticed a reduction in yield even after they have applied nitrogen. Experiments carried out at the Bushland Station showed that when the top 4-inch layer is removed, practically all of the available phosphate is removed with it.

# NOTICE OF REAL ESTATE SALE

We, the undersigned, being the trustees and independent executors of the Estate of H. T. Bender, deceased, pending in the Probate Court of Pampa, Gray County, Texas, offer for sale, for cash, the following described real estate, to-wit:

All of the N/2 of Section 44, Block 3, I&GN RR. Company Survey, Gray County, Texas, containing 320 acres of land, more or less.

Sale includes all minerals. This property is situated near Hoover, Texas, five miles east of Pampa. Irrigation pumping wells located on adjacent lands. One-third of wheat and row crops for year 1965 go with the sale. Good fence and windmill located on place.

Inspection invited. Make bids in writing and mail to Attorney A. A. Sturgeon, Box 221, Pampa, Texas, Telephone MO 4-6815. We reserve the right to accept or reject and bid.

CHARLIE THUT  
JOE LEWIS  
FLOYD McLAUGHLIN

# Junior Service League Members Prepare for Charity Ball

Members of the Junior Service League are busily preparing for the third annual Charity Ball to be held Saturday at Pampa Country Club.

Members are decorating the ballroom in a cartoonish theme and the Teddy Phillips Orchestra will furnish music with more than 150 couples expected to attend the annual event.

Proceeds from the first Charity Ball went to the Pampa exceptional children. Last year's funds from the ball were used to rent room dividers in double rooms at Highland General Hospital. Funds from this year's affair will go into the League's community fund to be used for some charitable project benefiting Pampa.

Anyone wanting a ticket may contact Mrs. D. E. Holt or Mrs. Carlton Nance.

**FINISHING TOUCHES** — Mrs. Joe Reid, left, and Mrs. Boyd Taylor add finishing touches to a gaily decorated callopie that will be used at the Ball, top left photo.

**ALL SET** — Mrs. Wiley Reynolds, left, and Mrs. David Fairgrieve get the cartoonish horses ready to be put up in the Country Club ballroom in the top right picture. The large horses will be on poles around the room, balloons will decorate the ceiling and small carousels will be placed on tables at the ball.

**INVITATIONS** — Mrs. D. E. Holt, left, and Mrs. J. B. Vande, bottom left photo, sort through listed requests and address the invitations for the third annual ball. Invitations are sent to anyone who donates \$15 to the League's charity fund.

**CHECKING** — Mrs. W. L. Arrington, bottom center photo, checks her hair and general appearance in front of a full length mirror in preparation for the Saturday night ball.

**BALLROOM ATTIRE** — Mrs. Tom Braly, models the dress and accessories planned for Charity Ball wear. She is shown in a black dress trimmed at the bottom and she is carrying matching coat and gloves.

# Sunday Passing Show

By PEGGY JO ORMSON

MANY MEMENTOS OF Pampa from its beginning are to be found in the White Deer Land Co. Bldg., which the late M. K. Brown provided for a museum. Twentieth Century Forum Club held its annual guest day in the building and Mrs. Don Hauck gave the history of Pampa to members and guests attending. The site was exceptionally appropriate for such a program since the life of "Mr. Pampa" played such a vital part in the growth of our town.

Was introduced to Arnold Kingsmill Brown of England, nephew of Pampa's Mr. Brown, by Clotilde (Mrs. Fred) Thompson. Mr. Brown was in town the past week in connection with the interests of his late uncle. Seen at the guest day were Lavon (Mrs. Robert) Harmon, guest of Doris (Mrs. Felix) Vendrell, looking lovely in a bright blue knit which set off her brunette coloring. Carol (Mrs. John) Cabot attending as the guest of Mrs. Homer Johnson. Minerva (Mrs. Fred) Hobart, long-time Pampa resident, was the guest of Mrs. Hauck and gave the speaker many interesting side-line details on the history of Pampa. Addie Lea (Mrs. James A.) Hopkins attended as the guest of Catherine (Mrs. Calvin) Jones. These long-time friends will soon become "relatives" as Mrs. Hopkins' daughter, Virginia and Mrs. Jones' son, John, will wed in December. "Ginger" as Virginia is known to friends, was honored at a coffee Saturday in the Country Club. A bride doll standing in the center of a large, antique white picture frame entwined with white flowers comprised the unusual centerpiece for the event. Hostesses were Mes. Clinton Evans, Fred Vanderburg, Turner Kirby, Aubrey Steele and Bob Triplehorn. Ginger is working in Dallas and flew home for the party.

EDWINA AND LYNN Boyd will journey to Dallas this week to attend the Who-Who Lumberman's National Convention of which Boyd is a past president. This will be a farewell visit to the organization since the Boyds are selling their lumberyard business here. Edra and G. F. Branson have moved to Amarillo where he will manage the Bruce Van and Storage Co. office. Branson retired two years ago after 21 years with Cabot as purchasing agent. Somehow the day always seems brighter after chatting with Jenkie (Mrs. W. R.) Campbell. Nell (Mrs. H. L.) Gunter must be a favorite of a number of Robert E. Lee Jr. High boys as each afternoon about seven boys fill her car, leaving barely enough room for Nell in the driver's seat. She must stay busy with teaching school and serving as treasurer for the Golden Eagle Country Store. Dr. and Mrs. Raymond Laycock, Dr. and Mrs. Foster Elder and Dr. and Mrs. Joe Donaldson left this weekend for Memphis, Tenn., to attend the Southern Medical Convention. Jane and Wylie Reynolds are building a new home around an old house they have purchased about two miles north of town. Jane's favorite hobby is remodeling old things into objects of beauty.

THE DR. M. McDANIELS were walking on air Wednesday when son Jim returned home from a five month stay in Spain. Jim, who has been working with an uncle in Rota, Spain, will resume his studies in January at Tarleton State College. Mary (Mrs. John) Brewer reviewed the book "O Ye Jigs and Julps," written in the early 1900's by 10-year-old Virginia Hudson, at the PEO guest day coffee held in the library Monday. Seen at the coffee were Marty (Mrs. Bob) Price, who is the chapter's newest member. Margaret (Mrs. Larry) Krejci, newcomer to Pampa from Milwaukee, Wis., whose husband works for Celanese. Mrs. Ralph Sidwell, Mrs. Ham Luna, Mrs. Henry Gindorf and Mrs. Herman Whatley were also spied. PEO members were happy to have Jean (Mrs. Bill) Power at the coffee looking well after a recent illness. Jo (Mrs. Don) DeGreer, newcomer to Pampa from Hominy, Okla., and PEO member of the Hominy Chapter and Mrs. B. R. Cantrell of Amarillo, former Pampan and member of the local chapter, were welcome guests. Odevern (Mrs. Glenn) McConnell attended, looking fetching in a black lace dress which she had fashioned and wearing a pair of the new lacy black hose. Jack and Phyllis Curtis tripped to Perry, Okla. recently while Jack's brother and wife, Joe and Wylene Curtis, took charge of their brood. Boyd and Kitty Taylor are spending the weekend in Denver.

MRS. W. R. CAMPBELL was hostess to a luncheon at Coronado Inn Tuesday honoring Mrs. Don McCullough and Mrs. Paul Kasishke of Amarillo, preceding the Twentieth Century Club guest day tea held in Lovett Library. Mrs. McCullough gave the program for the tea and was accompanied to Pampa by Mrs. Kasishke, former Pampan and member of the club. Everyone is looking forward to the ESA luncheon and style show to be held Tuesday in Coronado Inn's Starlight Room. Understand the clothes to be shown are fabulous. Betty and Nalon McKean of Washington D.C., were recent Pampa visitors. The McKeanes are former Pampan and have many friends here. Will one of my spies find out what this funny birthday gift was that Dr. Bob Spert gave Dr. Felix Vendrell? Barbara and Jim Ticer attended a football game in Boulder, Colo. recently. Wanda and Leonard Hudson made a round-trip flight to Oklahoma one day last week to visit Leonard's sister. The Presbyterian Church held its annual Thanksgiving dinner Wednesday evening. Speakers for the occasion were Rev. John Roberston and wife, Kay, of White Deer Presbyterian Church.

THE CHAMBER OF Commerce banquet was certainly a success. Fred Stockdale's PHS Band with Warren Hasse serving as narrator was a high-light of the evening. Dr. Ben H. Wooten, Dallas financier, was a colorful and inspiring speaker and everyone enjoyed seeing Randy Matson, our town's own Olympic medal winner, receive a special award. Aubrey Steele, outgoing president, presided. E. L. Greene serves the Chamber now as president. The ladies at the head table all looked lovely. Maxine Milliron provided much enjoyed music and, of course, Red Wedgeworth was behind the scenes helping everyone. Overheard members of the Modern Study Club telling how lovely Lois (Mrs. H. H.) Boynton's yard looked a week ago Friday morning as they watched it through the picture window as the rain fell. Makes one think of the poem "I Saw God Wash the World Last Night." Everyone is sorry to know that Lula (Mrs. W. R.) Ewing has been hospitalized with a knee injury, but it will take much more than that to get Lula down in spirit. Bonnie (Mrs. W. C.) Hutchinson was hostess for the third of three coffees last Monday honoring daughter-in-law, Ann, visiting from Lima, Peru. Seen at this one were Mes. W. E. Abernathy, J. E. Kirckman, Carl Boston and Bob McCoy, to name a few. Son Bill was called back to Lima on business and has now been gone a month, so with the extended vacation, Bonnie may get to have her family home once for Christmas. Met vivacious Virginia (Mrs. Don) Myers, PHS speech and drama teacher, at Twentieth Century's Culture Club's guest day Tuesday in Citizen's Bank Hospitality Room. Mrs. Myers' drama students presented the program for the tea. Students appearing were Lyssa Bossay, Rita Scholl, Bill Hayes, Pam Ludeman, Pat Sears, Marion Neslage and Carole Akst, and those attending report the students presented an outstanding program demonstrating theater reading.

Mrs. Charles F. Sullivan  
...nee Jenny Ledrick

MARRIAGE ANNOUNCED -- Wedding vows were exchanged Oct. 30 in the Chapel of the West in Las Vegas, Nev., by Jenny Ledrick and Charles F. Sullivan of Tucson, Ariz. The bride is the daughter of Mrs. Ethel Mae Ledrick, 121 N. Wynne St., and H. L. Ledrick of the Ledrick ranch in Roberts County, and the granddaughter of the late Mr. and Mrs. Lee Ledrick, early area pioneers. The bridegroom is the son of Mr. and Mrs. Jack R. Sullivan, former Pampan now residing in Tucson. The newlyweds are both students at the University of Arizona and are making their home in Tucson where the bridegroom is associated with his father in business.

## Mrs. Lee Fraser Presents Program To Twentieth Century Cotillion Club

Twentieth Century Cotillion met Tuesday in the home of Mrs. Weldon Adair at 2215 Beech. Mrs. Adair, club vice president, presided at the meeting, and Mrs. Buddy Cockrell led the members in reading the club collect.

Mrs. James Gallemore announced that the club will be honored by the Opportunity Plan, Inc. at West Texas State University in Canyon on Nov. 17. The club presents the proceeds from its annual antique show to this unique student loan fund at the University.

Mrs. Lee Fraser presented the day's program, "Life Is Real," a study of realism in literature. Mrs. Fraser stated "Since the beginning of man, realism has manifested itself in literature. The realistic temper is older than DeFoe and Fielding, even older than Homer. It exists whenever man deliberately chooses to face facts, to let truth prevail, and confronts dreams with actuality.

"Various qualities have, at different times and different critics, been called essential to realism. But realism is concern-

ed essentially with detail, and relies upon sense impressions." The speaker discussed in detail five qualities which can be singled out to distinguish realistic writing. These were "Realism seeks to present the truth; the realist seeks this truth through a faithful portrayal of character. Realism looks at life objectively. Realism attempts to represent life and realism relies for much of its effect on the use of specific details." Mrs. Fraser read from the works of Walt Whitman, Carl Sandburg, Stephen Vincent Benet, Emile Zola, Anton Chekhov, Oliver Goldsmith, Ernest Hemingway and Robert Frost to illustrate these five points.

Mrs. Fraser concluded her talk with the thought "Realism convinces us that beauty often lies disguised in the familiar and the commonplace. It is only dull senses which prevent our seeing beauty. The realist climbs up to the mountain tops for perspective, not content until he has seen life from all points. Because of his wide interests, he has brought to literature a catholicity of interest."

Members attending were Mes. J. D. Alexander, Gene Barber, James T. Brown, Buddy Cockrell, Harbord Cox, David Fatheree, James Gallemore, Jim Hobbs, Marvin L. Jones, Ralph McKinney, W. D. Price Jr., Jack W. White, Fraser and Adair.

## Mrs. Vance Hosts ABWA Meeting

American Business Women's Association met Tuesday in the home of Mrs. G. W. Vance. Mrs. Billy Wright presided at the regular business meeting. Sixteen members attended.

Speaker for the meeting was Chief Jack Knight, local Navy Recruiter. Chief Knight explained the different branches of service and the military obligation each young man has to fulfill. The speaker also explained the education offered to the young men when they join the Navy.

A vocational talk was given by Mrs. Clemon Herd, who is employed by Bruce & Son Transfer & Storage.

A bake sale will be held Nov. 25 in the Hughes Building, and plans were made for a Rummage Sale to be held Dec. 7.

The next meeting will be Dec. 8 with a Christmas Party combined with the regular meeting.

### NAIL CONDITION

The condition of your fingernails often hints at a changing state of health. An envelope a day of unflavored gelatin still is a help in restoring brittle, rippled or cracked nails. A medical test showed this worked in seven out of 10 cases. Since it takes 60 to 90 days for your nails to grow, you must continue the treatment for the full period.

## B&PW Club Has Business Session

Business and Professional Women of Pampa met recently in City Club Rooms with Mrs. Eli Ethridge presiding in the absence of the president, Mrs. Ruby Crocker.

The group chose the Community Christmas collections for the Chamber of Commerce as the club project for this month. Council of Clubs representatives reported on the council meeting and John Warner's talk on the Christmas shopping tour. B&PW Club voted to furnish refreshments for shoppers as they return to First Methodist Church.

Reports were given by several members who attended the District IX Convention held recently at Perryton, at which the Pampa club participated in presenting the workshop for personal development.

Mrs. Jessie Rance of the Pampa club, provided background organ music for the banquet at the convention and Mrs. Clara Lee Rhoades served as conference parliamentarian.

The District IX Convention will meet in Lubbock in 1965.

## District President Speaks to Club

Mrs. R. T. Lindsey, president of Top of Texas District of Federated Women's Club, was guest speaker at the Tuesday meeting of Varietas Study Club.

Mrs. Price Doster, 2310 Duncan, was hostess to the group. Mrs. R. W. Lane, president, conducted a short business session at which time she gave a report on the workshop held recently in Wellington. Mrs. Sherman White presented a letter from the social service department of the Wichita Falls State Hospital, giving a suggested list of items for a Christmas box for the hospital, which is a yearly project of the club.

Mrs. Lindsey, introduced by Mrs. C. L. McKinney, spoke on "Club Federation" stating that the General Federation of Women's Clubs is the largest group of organized women in the world, and is a perfect avenue through which work can be accomplished. The speaker told of the crusade for the welfare and betterment of people since the Federation's beginning.

"Members, through study and discussion groups are better informed and equipped to meet and solve the problems of community life. The General Federation has eight departments from which help can be received to enable individual clubs to be contributing partners in making community life better," Mrs. Lindsey stated.

"The speaker concluded with 'General Federation has something to offer every woman.'

Attending the meeting were Mes. W. E. Abernathy, Fred Cary, Ellis Cheney, H. H. Butler, Cecil Dalton, H. Price-Doster, S. C. Evans, Lee Harrah, J. E. Kirckman, R. W. Lane, C. L. McKinney, Otis Nace, Luther Pierson, W. A. Wagoner, Joe Z. Weaver and Sherman White.

### STRAIGHT STORY

Constant attention to toenails and toenail cuticle reduces the possibility of painful hangnails. Cut toenails straight across and file smooth to avoid snagging stockings. Push cuticle back gently with an orange stick dipped in oil.

DEAR ABBY...

## Daughter Requests Prayer

DEAR ABBY: My beloved mother passed away recently, so I called the minister and asked him for the wording of some prayer I could say for my mother, and he said, "I'm too busy -- and a lot of good prayer will do her now!" You see, Mamma went to church long ago, but my father never liked to go, so Mamma finally quit going. Abby, I can't believe that Heaven is open only to church members. I've called all the book stores in town and they say there aren't any prayers for the dead in any of the prayer books they have. I've heard there are places where you send a few dollars and they pray for the dead, but I don't know their addresses. Abby, I'd be so grateful if you would print a short prayer I could say for my mother before I go to sleep. Any faith is acceptable. I can't let you send it to my home because my father looks over the mail first and I'm sure I'd never get it. Please don't turn down my odd request. It means the world to me. Thank you, and God bless you, Abby. Sign me--

A PRAYER FOR MAMMA DEAR PRAYER: From a Hebrew prayer book: "I remember thee in this solemn hour, my dear mother. I remember the days thou didst dwell on earth, and thy tender love watched over me like a guardian angel. Thou hast gone from me, but the bond which unites our souls can never be severed; thy image lives within my heart. May the merciful Father reward thee for the faithfulness and kindness thou hast shown me; may He lift up the light of His countenance upon thee, and grant thee eternal peace. Amen."

DEAR ABBY: My husband is 56 and I am 55. We have been married thirty years and aside from the usual differences other married couples have, we have had no major marital problems. Yesterday my husband came home from a business trip and flatly announced to me that he was "impotent!" Naturally, my first question was, "How do you know?" He turned red, never said a word, and walked into the other room. Did I do anything wrong?

PUZZLED DEAR PUZZLED: No. But he probably did.

DEAR ABBY: I am an attractive middle-aged woman who lost her husband 7 years ago after 20 years of happy marriage. (No children.) I hold a good position and have an adequate income. The first five years of widowhood I threw myself into my work and shut myself off from the world, socially. Then I started to go out occa-

tionally. Two years ago I met a man I could really love. We had everything in common and it was just like a young first romance. Here's the catch. He told me from the start that he had been deeply hurt once in marriage and he will never marry again. He repeatedly tells me how much he loves me, but marriage is out. He could replace me in a minute because he has much to offer. I know no other man who could compare with him. Am I wise to end it right now?

DISTRESSED DEAR DISTRESSED: Yes. When a marriage-minded woman is told by the man she loves that marriage is out because he was "hurt" once, she should head for the nearest exit and never look back. His excuse is a poor one, but it always works. Some "deeply hurt" men have been known to recover quickly when they learn that the lady won't have them on any other basis.

DEAR ABBY: I'm tired of reading letters from these tramps who are "in love" with married men whose wives don't understand them, and they're

just staying married for the sake of the children. Maybe a wife knows that her husband is no prize, but the love of a mother for her children takes first place over everything else. If any "other woman" is willing to wait until my children are educated and on their own, she's welcome to my middle-aged old goat, or what's left of him when I'm through with him.

# Annual Guest Day Observed by Twentieth Century Culture Club Tuesday Afternoon

20TH CENTURY CULTURE GUEST DAY — Pampa High School Thespians, pictured left to right, Lyssa Bossay, Rita Scholl, Billy Hayes, Pam Ludeman, Pat Sears, Marion Neslage and Carole Akst, presented a program demonstrating theater reading at Twentieth Century Culture Club's Guest Day Tea held Tuesday afternoon in Citizen's Bank Hospitality Room. Mrs. Don Myers, PHS speech and drama instructor, directed the group.

The president, Mrs. Steele, welcomed the guests and as each member answered roll call introduced her guests. Preceding the program, guests and members were served from a table decorated with a wide gold lame streamer extending down the middle and centered

with an autumn bouquet. Table appointments were of brass. Mrs. Joe Donaldson introduced Mrs. Don Myers, who directed a group of PHS Thespians who presented a demonstration on theater reading. Appearing on the program were Thespians Lyssa Bossay, Rita Scholl, Billy Hayes, Pam Ludeman, Pat Sears, Marion Neslage and Carole Akst. Guests attending were Mmes. A. L. Prigmore, D. B. Jameson, E. L. Anderson, Harold Justice, James Massa, R. I. Bray, Curt Beck, Joe L. Wells, Paul Turner, M. James Moritz, C. D. Brazier, Paul R. Howard, Willis Hunt, D. W. Osborne, John P. McCausland, John Brewer, Lee Moore, Louise Sewell, J. F. Elder, John H. Horn, L. D. Barthe, Harris Brinson and Ervin Linnstaedter.

# El Progresso Club Members Hear Report Concerning World's Fair Tour

Mrs. D. V. Burton was hostess to El Progresso Club Tuesday afternoon in her home at 811 N. Russell.

During the business session, presided over by Mrs. V. J. Drew, president, plans were made to send gifts to the Wichita Falls State Hospital for Christmas. Date of the club's Christmas party for husbands was changed to Dec. 15.

Mrs. Veri Hagaman introduced Mrs. Ben Hamilton, speaker of the day, who told of a recent trip to the World's Fair.

The speaker stated "With 'Peace Through Understanding' as its theme the New York's World's Fair opened on April 22, 1964. Here the arts and ideas, products and progress of the nations and peoples of the world were gathered in a memorable assembly of friendship, humanity and hope.

"The center of attraction is the Unisphere, a 135-foot high globe of stainless steel, delicately balanced over a reflecting pool in the heart of the fair grounds center mall. Under the symbol of the Unisphere exhibits from all parts of the world are gathered in gleaming pavilions, exotic temples and serene gardens.

**R<sub>x</sub> EXERCISE TO HELP YOUR HEART**

When you do no exercise, a portion of your blood tends to accumulate in the veins of your legs. Eventually this accumulation causes aches, pains, swelling and, in severe cases, leads to varicose veins.

You don't have to be an athlete to improve your circulatory system. Moderate daily exercise each day helps take a load off your heart. Your physician will advise how much you need.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

### P-TA Unit Hears Gilbert Mize Give Views on Russia

Lamar P-TA met Thursday afternoon with Mrs. N. L. Nichols, president, conducting the meeting.

Mrs. F. T. Pepper led the flag ceremony and invocation was given by Mrs. Joe Keel.

Room count was won by Mrs. Jones' fourth grade, with the most parents present. The door prize was won by Mrs. Sue Higdon.

After committee reports were given, McHenry Lane, curriculum coordinator for Pampa Schools, introduced the speaker, Gilbert Mize. Mize is superintendent of schools in Perryton.

Mize recently visited schools in Russia and compared them to American schools. An interesting statement made by Mize was "Due to the language barrier the Russians report a large number of engineers trained and actually produce only a few while many are equivalent to American technicians. School children attend classes four hours each day and during that time are also drilled in Communism. The rest of the day they are hired out for labor."

Mize concluded, "Russia has a few brilliant doctors but 80 per cent of the reported doctors are women equivalent to our nurses and they have no nurses. These women are not qualified to practice except under a university graduate."

**TINTS FOR MEN ONLY**  
It's a matter of supply and demand. So many men were buying women's hair coloring products, a cosmetic firm reports, that manufacturers began packaging hair tints for men only.

PEO GUEST DAY -- Mrs. J. G. Crinklaw, president of PEO Sisterhood Chapter CS, is pictured, left, serving coffee to Mrs. John Brewer, center, who reviewed the book "O Ye Jigs and Julips" by Virginia Carr Hudson at the Guest Day held Monday in Lovett Library, and Mrs. Melvin Stephens, right, the chapter's vice president.

### PEO Sisterhood Chapter CS Holds Annual Guest Day in Lovett Library

PEO Sisterhood Chapter CS honored guest at its annual Guest Day held Monday afternoon in Lovett Memorial Library.

Following registration, guests were served by Mrs. Winifred Crinklaw, PEO president, and Mrs. D. V. Burton, from a

table covered with a dark green linen cloth and centered with an arrangement of yellow and bronze chrysanthemums in a copper compote. Yellow, green and brown napkins and copper coffee service and serving dishes appointed the table.

Speaker for the event was Mrs. John Brewer who reviewed the book "O Ye Jigs and Julips," by Virginia Carr Hudson. The book is a series of essays written in the early 1900s by a 10 year old girl attending ESP Boarding School and included the author's impressions of Early America, "de-quette," religion and everlasting life, the sacraments and views on all kinds of religion including that of the Chinese. The child-author pokes fun at adult come-uppance, the reviewing of which delighted the audience.

Guests attending were Mrs. Stella Bastin, A. A. Sturgeon, E. L. Biggerstaff, H. M. Luna, H. A. Gilliland, Mark Heath, F. E. Imel, R. E. Imel, Louise Sowell, Ralph Sidwell, C. S. Boston, D. D. Cambern, Charles Hammett, Henry Guntorf, Herman Whatley, Bob Clements, Fred Thomas, B. E. Finley, O. W. Appleby, T. A. Perkins, D. B. Jameson, G. S. Walstad, Lucy Miller, Ralph Ludwig, W. H. Nichols, Charles Walsh Jr., J. C. Hamilton, Don DeGreer, Bob Price, Bill Poesy, Perla Mitchell, Ruth Ann Hall, Mary Nan Linnstaedter, B. R. Cantrell, Bruce Richart, Lonnie Richardson, Larry Krejci and Miss Mary Lee Cooper.

2:00 p.m. — First Presbyterian Women's Assn. Circles Three and Four in Church.

### History of Pampa Told at Guest Day

White Deer Land Company Bldg. was the site for Twentieth Century Forum's Guest Day Tea at 10 a.m. Tuesday, where members and guests attending heard Mrs. Don Hauck give a program entitled "The History of Pampa's Beginning."

Coffee and rolls were served from a fall appointed table preceding the business session which was conducted by Mrs. Arthur Teed, president. Mrs. Homer Johnson read the roll call at which time each member introduced guests and told how long each had been Pampa residents.

Mrs. Hauck drew a word picture of a trip to Pampa by train in the early days of 1904. The speaker said "As your train approaches the place called Pampa, which is to be your home, you see a sea of grass and can see farther than anywhere in the United States and still see nothing. Pampa was known by the names of Ontario, Glasgow and Sutton before George Tyng gave the town the name of Pampa after the Pampa or flat plains of Argentina.

"The first citizen of Pampa was Thomas L. Lane, who came to Pampa in 1883 with his family to be section foreman for the Santa Fe Railroad. Their dugout home was the only home in Pampa until a year later when Lanes sister and husband, the S. C. Cases, moved to the town. To the Cases was born the first child to be born in Pampa, a son, Harlan Case born in 1893."

The speaker continued "The first building in the town was an old boxcar and the first permanent building was a two story frame building erected by White Deer Land Co. We will find that this company played an important and active part in the future growth of Pampa."

"Pampa's first doctor was Dr. V. E. Von-Bruner, who owned the first car in Pampa, a red Velle. The town's second car was owned by Charlie Thut and T. D. Hobart owned the third, a chain driven machine. Johnson's Mercantile Company or the general store, had everything from coffins to lockets but no groceries. Groceries must be bought in Miami or Canadian."

Mrs. Hauck told the group, "after arriving in Pampa in early 1904, the town had its first death. There is no funeral home, no cemetery nor no minister in the young town. The deceased had asked to be buried on the highest hillside so it came about at this time that Fairview Cemetery was donated by the White Deer Land Company. M. K. Brown performed the burial service by reading from the Episcopal Prayer Book.

"In 1902 Mrs. Andrew Kingsmill turned the first spadeful of dirt for the erecting of the town's first permanent school. The first teacher was Miss Edyth Townsend.

"Families kept arriving in the town and Pampa grew. Twenty-two rooms were added to the White Deer Land Company Building to become the Holland Hotel. In 1906 Mr. Sewell organized the First State Bank and two years later the bank moved into its own brick building at the corner of Cuyler and Lovett Streets. In 1909 Alex Schneider bought the Holland Hotel and renamed it the Schneider Hotel. From this time on Pampa grew rapidly with a fire station, new

20TH CENTURY FORUM GUEST DAY -- Guests and members of Twentieth Century Forum Club met Tuesday morning in White Deer Land Co. Bldg. to hear a program on the history of Pampa. Pictured, left to right, are Mrs. Fred Hobart, long-time Pampa resident and special guest, Mrs. Don Hauck, center, who presented the program, and Mrs. Arthur Teed, president of the Club.

schools, and churches are built after years of tent revivals. In 1911 Pampa was incorporated and J. N. Duncan served as the town's first mayor. In 1915 Southwestern Bell Telephone Co. was given a 25 year franchise and in 1916 the first light plant was set up in the Davis Warehouse on West Foster."

Continuing, the speaker stated "The days of the twenties were critical ones for Pampa. For this was the time of the oil-boom. The population grew but the streets were still muddy and full of chug holes. In 1927 Jim Brown, an Indian bricklayer laid brick for 11 streets. In 1928 the county seat was moved from Lordsburg to Pampa. Up until this time Pampa had been a wheat and cattle center, but the finding of oil brought many material benefits. Among these bene-

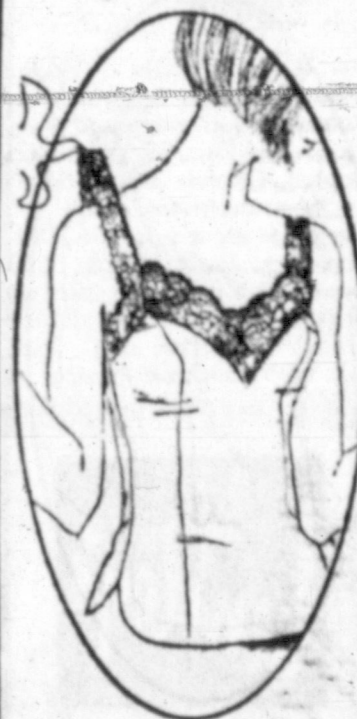

fits were paved highways to and from Pampa and in 1931 a new hospital, the McKean-Worley Hospital, later to be known as Worley Hospital, was built. This hospital is still in operation. In 1950 a new hospital, Highland General Hospital, was erected. There are many more signs of growth and change."

Mrs. Hauck concluded her talk with "From a boxcar to modern city, Pampa has become the third largest in the Panhandle."

Following the program, those attending went to the Country Club where luncheon was served. Guests present were Mrs. Fred Thompson, Frank Smith, Luke McClellan, Robert Harmon, Fred Hobart, John Cabot, E. L. Biggerstaff, Bruce Pratt, James A. Hopkins, Robert Curry, Tom Braly, E. E. Brown and Miss Mary Lee Cooper.

Miss Connie Davidson, Neal Dawson  
Exchange Double-Ring Wedding Vows

Mr. and Mrs. Neal Dawson  
nee Connie Davidson

Double-ring vows were exchanged Nov. 1 at 2 p.m. in Hi-Land Pentecostal Holiness Church by Miss Connie Davidson and Neal Dawson. Rev. J. B. Caldwell officiated the ceremony before an altar decorated with baskets of gold carnations and yellow gladiolus.

The bride is the daughter of Mr. and Mrs. Gordon Davidson, 314 Doyle, and the bridegroom is the son of Mr. and Mrs. Kenneth Dawson of White Deer.

Miss Pat Logan provided traditional nuptial selections on the organ and presented appropriate vocal numbers.

**BRIDE**

Wearing a gown of white lace over taffeta, the bride was given in marriage by her father. The bridal gown featured a fitted bodice with scalloped neckline and wrist-length sleeves terminating in petal points over the hands and a bouffant floor-length skirt embellished with rhinestones. The

bride's shoulder-length veil of imported lace fell from a coil of lace. She carried a white Bible topped with gold carnations.

**ATTENDANTS**

Miss Linda Dull attended the bride as maid of honor and Miss Nita Dawson, bridegroom's sister, attended as bridesmaid. Both were dressed in street-length suits fashioned of brown silk trimmed in gold and carried bouquets of gold carnations tied with brown streamers.

Jimmy Lawson served as best man to the bridegroom and ushers, Gene Davidson and Ronnie Phillips, seated the wedding guests.

Miss Belinda Logan and Master Shane Jackson threw rose petals in the bridal aisle, preceding the entrance of the bride. Mrs. Davidson selected a three-piece suit of blue shantung accented by white accessories and a white carnation corsage for her daughter's wedding.

**RECEPTION**

A reception, held in the church dining hall, followed the wedding ceremony. The bride's table, covered with white lace over gold, was arranged with silver wedding bells, gold tapers and the bridal attendants' bouquets. A four-tiered wedding cake, topped by a miniature bride and bridegroom, appointed the table. Eugene Jackson and Mrs. Wayne Slater, sisters of the bride, attended the punch and cake service. Guests were registered by Miss Charlotte Gill.

Traveling to Amarillo for a short wedding trip the bride wore a two-piece suit of tan linen with white accessories and lifted her corsage from the bridal bouquet. The newlyweds are now at home at 304 E. Browning.

The bride attended Pampa High School and was a member of Theta Rho Girls Club. The bridegroom attended White Deer High School and is presently employed by Goldsmith Dairy.

**Brownie Troop Has Investiture Service**

Members of Brownie Girl Scout Troop 41 met recently in Girl Scout Little House for an investiture service.

Mrs. Jack Chisum, leader, introduced Mrs. E. B. Jackson, co-leader, and Mrs. Bill Cox, committee chairman, and welcomed the guests.

Each girl gave the Brownie promise and was presented with a Brownie pin by Mrs. Chisum during the candlelight ceremony. Pins were held by a "Wise Old Owl" sitting on a mirror surrounded with autumn leaves and orange berries, which was placed on a table covered with an orange cloth.

Mrs. Cox served refreshments of orange punch and cookies from a table covered with a brown linen cloth and centered with an arrangement of orange and bronze flowers flanked by orange tapers.

Girls receiving Brownie pins were Neta Aylworth, Dana Chisum, Mollie Jackson, Charlotte Fuchs, Kathy Young, Sharron Hubbard, Toni Cox, Laura Blackburn, Debbie Welch, Deborah Ruth Lawley, Karen Reimer, Dolores Riggs and Belinda Brooks.

# Twentieth Century Club Has Annual Guest Day at Library

20TH CENTURY CLUB GUEST DAY — Pictured is Mrs. Jack Stroup, left, serving tea to Mrs. Don McCullough of Amarillo, center, and Mrs. Bill Roots, right, at the Guest Day Tea held by Twentieth Century Club Tuesday afternoon in Lovett Memorial Library. Mrs. Stroup is vice president of the club and Mrs. Roots serves as the club's president. Mrs. McCullough brought the day's program on William Randolph Hearst's noted newspaperman, "Castle in the Sky," palatial showplace of the world, located at San Simeon, Calif.

"Friendship is the gift of gods and the most precious boon to men."

This quotation of Disraeli was found so true as members and guests of the Twentieth Century Club enjoyed the program at the Guest Day Tea given at Lovett Memorial Library Tuesday afternoon.

Mrs. Bill Roots, president, welcomed the guests and introduced the guest speaker, Mrs. Don McCullough of Amarillo. Mrs. McCullough gave a most interesting and descriptive commentary demonstrated with slides on "The Castle in the Sky" at San Simeon, Calif., the fabulous and palatial home of the deceased William Randolph Hearst.

Hearst was a noted newspaper man whose first published newspaper was the San Francisco Examiner. From 1895 to 1919 Hearst published 30 different newspapers over the United States.

"The Castle in the Sky" was originally a camp site for family outings called "Enchanted Hill." It took Hearst 18 years to build this 100-room palace that is now the show place of the world," the speaker stated. "He loved pieces of art and antiques

for which he spent \$1,000,000 a year for 80 years that makes this the fabulous, scenic place that it is today.

"At one time he had 30 species of wild animals and 50 species of grazing animals. Later the wild animals were given to zoos and the tame ones were sold. There are still four or five tame zebras to be seen there. "The pieces of art and antiquity to be seen in this castle are of gold and marble and other precious materials. Some of the tapestries which adorn the walls were woven in patterns of Ruben's paintings. Their beauty is beyond description. Without doubt 'The Castle in the Sky' is the site of one of America's greatest art collections."

Mrs. McCullough continued, "On June 2, 1938 'The Castle in the Sky' was given to the state of California and is now one of our great tourist attractions."

Mrs. McCullough had a Full Color Guide Magazine of Hearst Castle, which can be purchased from Stefan White, Big Sur, Calif. for \$1.

Mrs. Jack Stroup served the guests from the tea table which was decorated with a large bouquet of chrysanthemums. Mrs. Joe Gordon presided at the guest registry.

Mrs. Paul Kasishke of Amarillo,

# 'Birth of a Nation' Program Presented By Mrs. Pennington at Club Meeting

Civic Culture Club met in the home of Mrs. K. A. Sorenson Tuesday afternoon to hear a program presented by Mrs. Floyd Pennington on the "Birth of a Nation".

During the business session Mrs. Irvin Cole's name was chosen to be placed in the Golden Book in General Federation Headquarters in Austin. Mrs. Cole is a charter member of Civic Culture.

Mrs. Pennington in her talk stated "The celebration of the world's greatest birthday began in 1957. The celebration commemorated the birth, not of a president or king, but of a nation — the United States of America. It is called the Jamestown Festival and marked the 350th anniversary of the first landing on Jamestown Island. The Jamestown Festival has become a yearly celebration with millions attending. Many historical places have been reproduced in Jamestown and one may relive the past in this historical site."

Mrs. Pennington told of the many hardships suffered by the early colonists in their efforts to build this nation. The speaker also told of the great parts played by Patrick Henry and Thomas Jefferson in founding America.

The speaker concluded her talk with "The speech of Thomas Jefferson, given Oct. 18, 1781, to the House of Burgesses, links our heritage to the future. 'Gentlemen,' Thomas Jefferson told the House of Burgesses, 'for the first time in the history of this world we have a privilege never given to civilized men before—the privilege of beginning anew; here, now, a government of free men. This is a glorious challenge. Let us in prayer and dedication of spirit resolve now to lift our faces toward the light, a new people, and under God and heaven dedicate ourselves to establishing here on this earth a government of righteousness, of true liberty and of justice among men.'"

Present for the meeting were Mmes. W. M. Bennick, Carl E. Axelson, Irvin Cole, R. E. Dauer, F. R. Grantham, A. D. Hills, A. C. Houchin, W. J. Morris, Emmett Osborne, K. A. Sorenson, Katie Vincent, H. W. Watts and C. F. Pennington.

PHI EPSILON BETA BSP PLEDGES — Beta Sigma Phi Phi Epsilon Beta Chapter presented the pledge ritual Nov. 5 for seven new members, pictured, left to right, Mmes. Duke Garren, Randy Giesler, Lynn Love, Max Patton, Billy Tidwell, Coyle Winborn and Bert Queen. Another pledge, Mrs. Ray Smith was unable to attend. Chapter members participating in the ritual were Mmes. Fred Brown, Sam Condo, Fred Eperly, Jarvis Johnson, Kent Mitchell, Bennie Stout, Charles Thompson and Misses Ann Bybee, Nancy Nidiffer and the chapter sponsor, Mrs. Verlon Ward. Punch and cake decorated in pink and blue, sparsity colors, were served following the ritual.

# TOPS Club Has Regular Meeting

TOPS Pampa Pound Pirates met Monday night for a regular meeting and ritual service.

Mrs. Ralph Patterson gave the secretary's report with Mrs. Dayton Wallace calling the roll. Mrs. Elzie Teague reported a weight loss of 19½ pounds and a gain of six and one-half pounds.

The fruit bowl was won by Mrs. Elzie Teague with Mrs. Ralph Patterson guessing what was in the mystery box.

There were three new members and two visitors to enjoy the game of "white elephant cops and robbers," directed by Mrs. Ray Ramey.

The group voted to answer roll call next week by the number of calories consumed this week. Sixteen ladies attended the meeting. Singing of the theme song closed the meeting.

Mrs. Gist asked each lady to practice songs in the book as a song session will be held next week.

# HOSE FOR HEAVY LEGS

The girl with heavy legs who would still like to wear the popular new patterned stockings would be wise to choose the skinny stripe variety. Diamonds and other patterns will make her legs look even heavier than they are.

# BEWARE THE FLATTERER

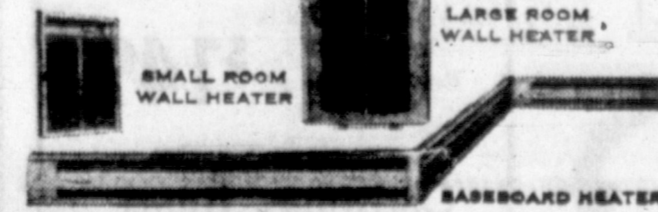

If you prefer to have a friend with you when you shop for clothes, be sure she is one who will give you an honest opinion when asked for one. Easy flattery can cause you to make a costly mistake in your selections.

**HISTORICAL**

NEW YORK (UPI) — The Andes mountains of Peru, Ecuador and Bolivia were the first home of tomatoes. Botanists accept the theory that the region having greatest diversity of forms of a given plant is center of origin.

Four fruit forms of tomatoes known today were found growing there, used for food by the Indians, in the 16th century.

# Candlelight Ceremony Unites Ellena Winegeart, Doss Dupuis

Miss Ellena Beth Winegeart, daughter of Mr. and Mrs. Travis Winegeart, 1116 Darby, became the bride of Doss P. Dupuis, son of Mr. and Mrs. Ernest D. Dupuis of White Deer at 8:30 p.m. Oct. 30 in St. Matthew Episcopal Church.

Rev. William E. West performed the double-ring ceremony before a candlelit altar flanked by urns of white gladioli. Traditional wedding selections were provided on the organ by Mrs. J. S. Skelly.

Mr. and Mrs. Doss P. Dupuis  
... nee Ellena Beth Winegeart

around the bottom. The bride wore a fingertip veil of bridal illusion secured by a crown of seed pearls, carried a white Bible belonging to her sister, topped with white roses, and carried out the tradition of something old, new, borrowed and blue.

**ATTENDANTS**

Attending the bride as matron of honor was Mrs. Rose Long and Miss Joyce Mitchell, bride's cousin, attended as maid of honor. Attending as bridesmaids were Misses Connie and Bonnie Winegeart, twin sisters of the bride, Carolyn Cochran, bride's cousin, and Shari Dupuis, bridegroom's sister. Bridal attendants were dressed identically in floor-length gowns of blue satin, white elbow-length gloves and head pieces of blue net veils secured by blue bows. Each wore a single strand of pearls and carried a cascade bouquet of white feathered chrysanthemums flecked in blue.

Serving the bridegroom as best man was David Potter and ushers were Phillip Long and Travis Winegeart, brother of the bride. Groomsmen were Robert Pullen, Darwin Phillips and Billy Puckett.

Miss Janice Winegeart, bride's sister, served as flower girl, dressed identically to the bride in miniature. Ringbearers were

Miss Cheryl Winegeart, bride's cousin, dressed in a blue satin floor-length gown, and David Barber. Rings were carried on white satin heart-shaped pillows edged in lace.

For her daughter's wedding, Mrs. Winegeart chose a sheath dress of beige bonded crepe accented by black accessories. Mrs. Dupuis selected a two-piece suit of navy blue wool complemented by black accessories. Corsages for both mothers were of white carnations.

**RECEPTION**

Immediately following the ceremony, a reception was held in St. Matthew Parish Hall. Baskets of white gladioli were placed throughout the receiving rooms. The bride's table, covered with a white lace cloth over blue, was centered with an arrangement of white chrysanthemums flanked by triple candelabra holding blue tapers. The three-tiered wedding cake, topped by a miniature bridal couple appointed the table.

Presiding at the punch bowl was Mrs. Kathy Powell and Miss Katrina Spencer served the cake. Guests were registered by Miss Pasty Rose. Other members of the house party included Mrs. J. B. Crocker, Mrs. Eugene Franklin and Mrs. Floyd Haught.

For a wedding trip to points in Oklahoma the bride donned a three-piece suit fashioned of royal blue wool mohair complemented by black accessories. She lifted the white rose corsage from her bridal bouquet.

The bride, a 1964 graduate of Pampa High School, is employed by H. Price Dossier, CPA. The bridegroom, a 1963 graduate of White Deer High School, is employed by McCathern, Inc. The couple are making their home at 1301 1/2 Garland.

**PRE-NUPTIAL EVENTS**

A rehearsal dinner was hosted in Lewis Buffetaria for members of the wedding party by the parents of the bridegroom.

## Mrs. Dennis Gives Society Program

Mrs. Jack Dennis presented the program, "Holiday Ideas", to Petroleum Engineers' Wives Society at a luncheon Tuesday in Sand's Restaurant, Borger.

"Do not be limited to things you've seen before. Create your own ideas," said Mrs. Dennis, who also stressed not to overlook decorating for Thanksgiving in the holiday season ahead. Several clever decorating ideas were demonstrated for both Thanksgiving and Christmas.

Preceding the program, Mrs. R. R. Jordan, president, welcomed guests and conducted the business meeting. Mrs. S. A. Evans was appointed parliamentarian, replacing Mrs. James Curzon.

Yearbooks were distributed to all members at the door.

Attending the meeting were Mmes. James Hamilton, Bob Scarth, Stanley Rudisell, Vernon Franklin, Edward Linderman, Robert J. Moore, S. A. Evans, Russell Talley, Charles Ellis, R. R. Jordan, James Holcomb, Kenneth Burke, Paul Davis, Paul McLaughlin, Billy Gillman, John Smith and Jack Dennis.

## Mrs. Simon Hosts Opti-Mrs. Club

Mrs. Vincent Simon was hostess Monday evening to Sunday Opti-Mrs. Club in her home at 1203 S. Hobart.

During the business session the group completed plans for giving a food basket to a deserving family at Thanksgiving and voted to participate in the United Fund drive. Plans for a Christmas party, tentatively planned for Dec. 14, were discussed.

A report was given on the success of the concession stand operated during baseball and football season.

Members attending were Mmes. Simon, Jerry Coley, Ray Blumer, Jack Imel, Clifford Hill, Floyd Hatcher and Margie Hausman.

EVER STRIVING FOR THE TOP O' TEXAS  
TO BE AN EVEN BETTER PLACE TO LIVE**

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities. We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself; no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

## They Stayed Away

Approximately 60 million voters cast ballots in the November 3 election. Although pollsters were amazingly close to their precise predictions respecting the choices of those who voted, they missed by several decimal points the predicted numbers of voters. It had been confidently claimed and repeatedly emphasized that the election totals would be the greatest in history. . . . probably between 71 and 72 million. They were not. As a matter of fact, the greatest previous numerical total ever rolled up in an election was in 1960 in the contest between Richard Nixon and John Kennedy. At that time some 68,838,797 persons turned out. This amounted to about 63.1 per cent of the eligible voters at that time. In 1960 there could have been a total vote of as many as 109,000,000.

This year, with a population growth of close to 5 million eligibles, there could have been nearly 114,000,000 voters. In actual fact, however, the total number voting this year was only half a million more than the 1960 total.

Approximately 60 per cent of eligible voters went to the polls in 1964. Normally, through the years, the numerical number of voters casting ballots each presidential election year has tended to increase. In 1956, the total number voting came to 61,616,638. In 1952, the total was 61,251,244. In 1948, the total was 48,402,070. But the percentage of those eligible to vote has remained close to the 63 to 65 per cent figure, sometimes climbing higher.

Thus, the vote this year came as a surprise to pollsters who had been confident that we would have a record percentage of voters. We did not. We can anticipate a spate of querulous voices raised over this fact. In prior times, whenever a minor percentage drop has occurred, talk has ensued that something should be done to make voting compulsory. In the Soviet Union, that bastion of democracy, better than 99 per cent of the eligible voters have "cooperatively" trooped to the polls. Analysts are already seeking

to understand what to them is a completely incomprehensible development. They point out, for example, that it is a matter of record that when a president seeks to succeed himself, there is usually a smaller turnout than anticipated. They have also suggested that because of forecasts made in this election year, many felt that the election was "in the bag" and therefore did not bother to go to register their support of the man who was going to win anyhow. But this latter is a note struck only by the victors. The losers would be sure that if the non-voters had voted, they would have voted for their man.

The analysts are, however, beginning to take note of the fact that there is a growing tendency of American voters to say with Shakespeare, "A plague on both your houses." And, if there is any substantial number of non-voters in this category, the lack of popular demonstration at the polls could be viewed as a constructive sign.

Normally, in all nations relying on popular plebiscites, once the population learns that it can vote in favor of handouts for itself, the age of innocence has passed. Comfortable majorities simply troop to the tabulation centers and register their wish for more goodies, and the government responds by increasing its incursions. But if there is a minor turning away from this procedure . . . it could only be minor at this juncture. . . . then we can take hope that an awakening electorate may contain more and more persons who reject the concept of getting advantages by employing the force of government over their neighbors. When people awaken to the fact that good, in a concrete sense, cannot be forced — for even the greatest good when forced upon those not wanting it, becomes an evil in itself — then and then only can a change in direction be anticipated. And certainly, the American electorate at large is not ready for this.

But it may be learning and getting ready. In any case, the tabulations appearing as a result of the November third balloting are instructive.

## One Thanksgiving

One of the many things for which Americans can be thankful this Thanksgiving is that we now have only one Thanksgiving.

If you go home to California, Maine or Florida on November 26, it will be Thanksgiving there, and you will not run the risk of finding adults at work and children in school.

A quarter of a century ago, it was different. Beginning in 1939 for a period of three years, we had two Thanksgivings. Tom Mahoney recalls the resulting confusion, humor, recrimination and bitter dispute in an October American Legion Magazine article, "When F. D. R. Juggled Thanksgiving," written from hitherto unrevealed Roosevelt papers at Hyde Park.

The idea was to give merchants a normal Christmas shopping period in a depression year when Thanksgiving by the usual calculation fell on the very last day of November. It was not this but the way that it was handled that caused the trouble. Given a year's notice, everybody probably would

have gone along. But President Roosevelt sprang it suddenly to go into effect the same year. Though his attorney general had warned that it should be done, he didn't even give the governors advance warning and many did not go along.

Several hundred women who planned to be brides at Thanksgivings were pretty upset and wrote the White House. Then there were the football games, the hotels and convention planners and the calendar makers.

The article reveals that President Roosevelt wanted not only to move up the date but change it to Monday. But he dropped this part when Steve Early told him that Protestants, feeling it unlikely that people would come back to church on Monday after being there on Sunday, opposed it. Early said, "The Protestants will raise hell if you change their Thanksgiving celebration from Thursday to Monday."

There would have been even more trouble if F.D.R. had tried that change.

## Wanted — Really BIG Big

Someone is going to have to invent a bigger and better word for "big."

The teeniest tube of toothpaste or box of cereal or soap flakes on the market today is designated by the manufacturer as the "large" size.

Then comes a modest package proudly labeled as "giant." After that is the thrift "economy" size and finally, for the really big spender, the awesome "family" size.

Among the drive-in set, only a square is innocent of the fact that a plain, ordinary hamburger

is strictly for the birds or for very young children just off Pabulum.

The "jumbo" hamburger is a bit more sizable. The "super-duper" hunk of heaven is something to behold, yielding in volume and weight only to the colossal "king" size—the granddaddy of them all.

Somewhere along the line the word "big" was being downgraded to something relatively runty and miserable.

Please, somebody, give us a really BIG word for "big." Something outerspace size.

WASHINGTON:

## Khrushchev Victim of Own Designs

**BY RAY CROMLEY**  
Washington Correspondent  
WASHINGTON (NEA)—There is growing evidence that Nikita Khrushchev fell because he undercut the individual authority of too many members of the Communist Party Central Committee and the ruling Presidium. Reports reaching government analysts here indicate that many Red party bosses were fearful Khrushchev was getting ready to shuffle them out.

They acted before he did. Some time back, Khrushchev divided the power and authority of many field party men. Regional Communist party bosses, who once were supreme in both industry and agriculture, found their authority cut in half.

Khrushchev ruled that in each region there would be one party boss to handle agriculture, another to handle industry. Khrushchev brought in new, younger men. It appeared to sizable numbers of the older men that this signaled they were on their way out.

But many of these downgraded older men were still members of the Communist Party Central Committee, which has the final say on who is first party secretary and boss of the Soviet Union.

The same friction developed between Khrushchev and some older key military men who feared that they and their beliefs were losing out to newcomers. A small bloc of these older men still had votes on the Central Committee.

Khrushchev also undercut the authority of key men on the Yulif Presidium. He ignored party ideologist M. A. Suslov in the way he pursued the conflict with Red China. He ignored Nikolay and Gennay Voronov in his plans for Soviet agriculture.

These were personal — not ideological — slights.

A short time back, a group of Khrushchev's trusted men quietly began consolidating the reins of power into their own hands. Khrushchev apparently helped in this, either thinking that he was strengthening his friends against his enemies or that he was balancing one group of ambitious men off against another.

Then these "friends" began encouraging Khrushchev to spend more of his time away from the Kremlin on trips and vacations while they minded the shop for him. While minding the shop they took on more power.

There now seem to be two strong groups within the Presidium.

There's the group seemingly in power—composed of Brezhnev, Kosygin, Mikoyan and Suslov, with Andrei Kirilenko in a supporting role (though some of these men may be already secretly plotting against the leaders).

This was the same group in the main that has acted under Khrushchev as a sort of informal Soviet National Security on global military matters in India, Indonesia, the Congo and NATO.

Key members of this group have been heavily occupied in the past few years with the development of Soviet industry as opposed to Soviet agriculture.

It is a group that has deep roots in the party apparatus. These are the old-timers. All except Kirilenko were Presidium members or candidate members in Stalin's time.

The other major group is headed by Presidium newcomers Podgorny, Polyansky and Voronov, who have had heavy responsibilities in Soviet agriculture. They have in the past two years been making inroads into the party organization.

## Wit and Whimsy

The purser of one of the boats plying between New York and Norfolk tells of one trip when there were on board a young couple accompanied by their little son, age six. As is very frequently the case, father and mother were very seasick, while little Henry was the chirpest thing on the ship. In the morning while the parents were lying in their steamer chairs, hoping that they would die, little Henry was playing about.

Now Henry had done something of which his mother did not approve, so she said to her husband:

Wife—Clarence, please speak to Henry.

The husband, managed to raise his head a few inches and looked at his son and heir. Then, very feebly he muttered:

Husband — How do you do, Henry?

## So Who's Going to Man the Pumps?

## Backstage Washington

**Further Work on Tactical Nuclear Weapons to Succeed Smaller Davy Crockett Halted by McNamara**

ROBERT ALLEN

WASHINGTON—Defense Secretary McNamara is axing still another vital tactical nuclear weapon.

With the full approval of President Johnson, the Pentagon chief has ordered the Army to halt further work on a larger and more powerful Davy Crockett-type mortar nuclear weapon.

The scuttled 107mm mortar was slated to replace the Davy Crockett as the most mobile tactical nuclear weapon of front-line units. It was to have had a range "several" times greater than the Davy Crockett, at least three times the destructive power, and the capability of firing both conventional and nuclear shells, including so-called "clean" warheads with a minimum of fallout.

The Army, which has spent millions of research and development on the 107mm mortar, wanted funds included in the new defense budget to put this much-needed nuclear weapon into production. Instead, McNamara has directed it be shelved.

Pentagon insiders are crediting this unannounced decision to his also-unproclaimed policy of withdrawing tactical atomic weapons from combat troops.

As exclusively reported by this column October 9, McNamara has been quietly stripping U.S. fighting forces in Europe of the Davy Crockett. When this disclosure was published, he ordered his press assistant to flatly deny it — despite the following indisputable facts:

McNamara had two discussions with gravely disturbed West German officials on the recall of the Davy Crockett and consequent serious reduction in fire power; the publicly-disclaimed withdrawal is fully known in NATO and other Allied headquarters; Washington is aware that as a direct aftermath, French and West German military authorities are informally exploring the possibility of developing and producing their own tactical nuclear weapons.

Also early this week, a leading eastern newspaper, in a special dispatch from Heidelberg, Germany, reported: "The Davy Crockett, the Army's small mortarlike nuclear weapon, may be withdrawn soon from troops in Germany."

This dispatch was based on information expressly given the correspondent with Pentagon approval. The purpose was to lay the ground for an official admission that the Davy Crockett is being pulled out of Europe — which a month ago was emphatically denied by McNamara.

WHAT'S BEHIND IT — Significantly, there appears to be a direct relation between McNamara's junking of the 107mm mortar project and a backstage administration study of the feasibility of a nuclear-free zone

in Central Europe.

This survey is being made by an interdepartmental group headed by former Deputy Defense Secretary Roswell Gilpatric. The aim is to draft a possible treaty designed to halt the proliferation of nuclear weapons. This pact would be a follow-up of the nuclear test ban accord formulated in 1963 by the U.S., Britain and Russia.

The proposed anti-proliferation treaty is to be unveiled by President Johnson in a carefully staged address — probably before the United Nations next month.

The Gilpatric group reportedly is encountering considerable difficulty devising effective enforcement provisions.

When Secretary McNamara discussed the withdrawal of the Davy Crockett with Dr. Richard Jager, chairman of the influential Defense Committee of the West German Parliament, he asserted this was due to disturbing defects in the weapon. He carefully did not mention that this is emphatically denied by the Army.

Army authorities are saying privately the recall of the Davy Crockett, which has been underway since last summer, is part of an unannounced Johnson administration decision to remove from U.S. combat units all tactical nuclear weapons not equipped with the electronic lock system that gives the President sole control over their detonation.

U.S. strategic nuclear weapons have such electronic locks.

Pentagon experts explain these security devices have not been "imposed" on tactical nuclear weapons because of excessive costs. It is held such costs far outweigh the combat value of the Davy Crockett and similar weapons.

The covert withdrawal policy is credited to White House fear that its lack of control of the Davy Crockett could lead to the "escalation" of an armed clash into a cataclysmic nuclear war.

Intelligence specialists are intently scrutinizing a statement by Ambassador Aleksandr Aleksseyev, in Havana, lauding Red China's recent test of a nuclear device. In a speech to Cuban maritime and port workers, the Soviet diplomat declared his country "feels admiration for the success of the Chinese People's Republic in its first atomic test."

CONSOLATION PRIZES — President Johnson intends to offer important Washington and diplomatic jobs to a number of prominent Republicans.

Foremost among them are former Ambassador Henry Cabot Lodge, who is under consideration for ambassador to France to replace veteran career man Charles Bohlen, slated to retire next year; and Senator Kenneth Keating, defeated by former Attorney General Robert Kennedy. Keating most likely

## Pull Up A Chair

By Frank J. Markey

Chinese is the most widely spoken language in the world. More than 700 million Chinese living in China proper and overseas speak at least one of its many dialects. English, its closest competitor, is spoken as a native tongue by only 300 million persons, although countless others learn it as a secondary language. . . . The latest gimmick for business or social correspondence is the "oral" letter. It's simply sending a small tape recording of the sender's message, which is then played, instead of being read as an ordinary letter, on the receiver's tape recorder. There's no mention of carbon copies though.

Today's smile: We heard recently about a wealthy Hollywood actor who was bored with his own success and the state of the world. A friend suggested he consult a psychiatrist, who listened patiently to his complaints and prescribed a 10-g ocean voyage for relaxation. A week after the star had sailed on a Pacific cruise, the psychiatrist received a radiogram from him saying that he was enjoying the cruise, but demanding to know from the couch counselor "why?"

Mankind continually needs more water for industry and irrigation purposes so scientists throughout the world are studying the use of nuclear methods in the desalination of sea water. The cost of using nuclear energy for desalting water, even in large units, is still too high, but there is hope ways may be found to do it at low cost.

Thoughts while shaving: The only diamond mine in the U.S. is in Arkansas, but none of the world's great gems were ever found there. The Arkansas diamonds were used for industrial purposes only and the mine was worked for about 15 years before the owners discovered they could be imported cheaper. . . .

The recent Presidential Election brought to mind that it is illegal in most states to sell or dispense liquor during voting hours, but during the General Election in England it's okay for the pubs to stay open. However, it's illegal in Blighty to buy a fellow a drink and then ask him to vote for your candidate. . . . Uncle Sam sticks his

nose into everything. He's now operating an educational program for small businesses, teaching new techniques in how to make a taxable dollar. Already upwards of 75,000 merchants have taken the course at local colleges and universities. . . . Just in case you thought the answer to your local educational tax problems could be solved through a state-wide sweepstakes, consider what's happened in New Hampshire. The much heralded lottery revenue there averaged out to only \$24 per pupil, and if you think that's enough to keep Johnny or Sally in school we suggest you guess again. . . . More lumber is exported from Soviet Russia than any other nation and the supply seems inexhaustible because every year the growth of trees there is much greater than the amount of timber harvested. . . . The U.S. Public Health Service survey revealed that upwards of 153,000 school-age children suffer eye accidents each year. . . . A story about a California shimmy dancer in the Baltimore (Md.) EVENING SUN was headlined: "West Coast Navel Maneuvers Win Approval of Artistic Critics." The artistic critics probably liked the curves and lines.

Country Editor speaking: "Your face will always show the smile in your heart."

Among them definitely due for jobs are Representative Kenneth Roberts and Robert Jones, both highly regarded by the President.

## The Clearing House

Articles for this column are preferred to be 300 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: The city commission has already passed on two readings an ordinance raising the water rates 14 per cent. It is my considered opinion that, even assuming that the crisis-causing tank is necessary or desirable, raising the water rate is not the right answer for the following reasons:

1.) The water department is not the cause of the financial crisis, in fact approximately \$300,000 was taken from the water fund last year to support other functions of our city government.

2.) The water rate raise may not raise enough money to solve the problem. It may in fact compound it. If the people stop watering their lawns to the extent of 10 per cent, almost the entire benefit of the 14 per cent raise would be wiped out and the city would be left with the same problem in more urgent circumstances.

3.) Since water users are already paying more than their share, it would impose an unduly high share of the city expense on the lower income or less well-off part of the citizens.

Since this water rate raise is unfair and may not solve any

problem anyway, I urge every interested citizen of Pampa to call his commissioner or mayor and protest this raise or attend Tuesday's commission meeting to make his views known.

Bill Watson  
305 Anne

Editor: Ah, so the opposition gathers and with obvious haste and fury airs "its" nameless and anonymous views.

Each and everyone of us is entitled an opinion, but an opinion implies an obligation; to dignify our beliefs with a signature, and indicates a disposition to defend if necessary.

Therefore, the "ghost writer" of the comment on utilities in Tuesday's "Clearing House" would seem not to hold an opinion, or at least not one worthy of a name.

How very fortunate they are protected by a somewhat lopsided policy of "sometimes" not publishing unsigned letters.

Mrs. Ben E. Crocker  
-Pampa, Texas

EDITOR'S NOTE — The Pampa News never publishes an unsigned letter. The writer of this particular letter requested that the name be withheld from print. The letter was signed and is available for anyone to see.

## The Nation's Press

STEALING

(Christian Economics)

Effective July 1st, 74 million Blue Cross subscribers began paying insurance rates increased by 32.92 per cent — almost one-third. There is little doubt that chiseling is the main cause of this increase. Because Blue Cross pays, people spend more time in hospitals than they would if they were paying their own expenses. Visiting a friend in a hospital not long ago, we heard through a nearby open door a patient remarking to his visitor, "I could go home but since it doesn't cost anything, I think I will stay here another week and have a good vacation."

In similar fashion, many take advantage of automobile insurance and in collusion with adjusters and repairmen, collect far more than the damage warrants.

Such practices make insurance far more expensive than it otherwise would be. They are due to a breakdown of moral sensitivity. The Judeo-Christian religion says, "Thou shalt not steal." Collecting more insurance than is honestly justified by the facts is a form of stealing. Of course, it is stealing from ourselves for we have to pay more for our insurance. Moreover, the feeling is now prevalent that because the other fellow does it, I must also, for I have to help pay for his cheating and the only way I can get even is to take part in the fraud. Those who break the moral law collect at the expense of those who observe it. That is why socialism can never succeed and, in fact, no form of society can succeed if men and women will not observe the moral law, refrain from coveting, stealing and lying and be fair, honest, just, generous and considerate of one another. If we do not observe these virtues, our freedom will crumble away and we shall find our-

selves governed by a harsh totalitarian state. We must have discipline and if it be not imposed voluntarily by loyalty to the moral law, we may be sure it will be imposed by the secret police.

Joseph L. Harris  
3605 Sheridan Road  
Bartlesville, Okla.

EXPENSIVE STRING SAVING

(The Wall Street Journal)

Here, on the one hand, is the General Accounting Office saying that the Government is maintaining a cordage fiber stockpile it doesn't need at all. And on the other is the Office of Emergency Planning in charge of the nation's stockpile of strategic materials, saying that the rope and twine materials really are needed.

The GAO reasons that the \$79 million stockpile of cordage fibers, sisal and abaca, has been made unnecessary by the rapid development in recent years of synthetics but the OEP holds that much military material requires natural fibers, which have to be stock-piled against the risk of imports being cut off.

Even if the OEP is right on that count, there should be some limit to the stockpile and, as a matter of fact, "objectives" do exist. So it's a little hard to see why the stockpile of cordage fibers must exceed by 56 million pounds the stated objective of 400 million pounds.

It's also hard to see why the GAO does not question a couple of other stockpile items. For instance, the Government is holding about \$45 million worth of castor oil, or more than 180 million pounds. That's close to eight times the stockpile objective. Or take shellac. The Government's hoard of 16 million pounds is exactly twice the declared objective.

There are more such examples. And though Congress has taken some steps to release stockpiled materials for commercial use, plainly some of them are not being released very fast. In the case of those cordage fibers, moreover, the Government is spending \$6 million a year just to store the stuff, which turns out to be pretty expensive string saving.

'Fair Lady' Movie Has Extra Scenes

By WILBORN HAMPTON DALLAS (UPI)—Perhaps the most anxiously anticipated film ever produced finally arrived in Texas this week, making its debut in four cities. "My Fair Lady" opened at gala premiers in Dallas, Houston, Fort Worth and San Antonio and the first 30 minutes are enough to convince you of what you already knew—that the film version of the greatest musical will sweep the Oscar race.

There is little yet to say about the Alan Lerner-Fredrick Loewe musical rendition of Bernard Shaw's classic comedy, "My Fair Lady" is such solid theater that it looms stronger than the British empire. Alan Lerner wrote the screenplay and (no matter how hard Jack Warner may try) scarcely a dot or title has been changed.

But the question of over-production is another matter. Jack Warner has in places over-produced "My Fair Lady," although some of the additions were improvements. The film takes more time to tell the story. There are scenes in the film that were not in the play and lavish sets and lots of open air have been used wholesale.

Often the extra little scenes and wider space are an amplification of the humor and an expansion of the characters. For instance, one of the most successful is a scene in which Mrs. Pearce, the housekeeper, wrestles with a determined Eliza Doolittle to get Eliza into the bath.

At other times, though, tracking shots during songs distracted and were a general detriment to the flow of the film.

MEANS OF SUPPORT—Elko Hellman is making a practical test of a new aircraft seat cushion. The cushion is said to combine comfort in the plane and lifesaving potential in the water. Developers at B. F. Goodrich say it supports an adult for an unlimited period of time.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

The center will offer new swim lessons for Beginners and Advanced Beginners starting November 30 and continuing through Dec. 16. These lessons will be the last lessons offered until after Christmas Holidays and New Years. Beginner lessons will be offered from 4-5 p.m. with advanced beginner lessons offered from 5-6 p.m.

The Volleyball league play-offs last week resulted in a domination by the White Deer teams. White Deer took both leagues, the mixed and men's. In the men's league play-off White Deer took Celanese 15-10 and 15-3 while Weco Spikers slugged Dairy Queen 15-5 and 15-6. Then in the finals in a best 3 out of 5 series the White Deer men crowned Weco Spikers for the crown 15-17, 15-8, 15-12 and 15-3.

Some things that are coming in the near future is the opening of the center basketball season Dec. 2. Entry deadline is Nov. 27.

The Rhythm Masters Band will play for a high school wide dance Dec. 5 from 8-11 p.m. The Masters are a local group headed by Tony Edmondson who are presently at Texas Tech. They are a top name band today.

Anyone interested in having their children take tumbling lessons are invited to call the center and enroll. Al Slaughter, the Dolphin Swim Team coach, is interested in giving lessons starting around Nov. 23. Also we still need about four adults who are interested in taking swimming lessons so that we might teach a class. We have some eight enrolled but need 12 to have a class. The class will be at night. Just call the Center.

The basketball clinic for boys which meets on Saturday mornings from 10-11 a.m. got off to a big bang last Saturday with some 50 boys going through dribble drills. This clinic is free to boys and will run five more Saturdays to December 19 excluding Nov. 28. Thanksgiving week-end. Fundamentals of basketball are being taught such

as dribbling, pivoting, shooting, faking, passing, defense and game tactics. 'You boys are invited.'

The men's pairings Dairy Queen vs Weco Spikers at 7:30 p.m. and White Deer vs Pioneer Nat. Gas at 8:15 p.m. Finals at 9:00 p.m.

Thomas A. Edison took out more than 1,000 patents on electrical equipment.

Hollywood Julie Busy Answering Questions About Role

By VERNON SCOTT UPI Hollywood Correspondent HOLLYWOOD (UPI) — Julie Andrews has spent the past fortnight answering questions about Audrey Hepburn and "My Fair Lady."

The dialogue follows this pattern: Q Have you seen "My Fair Lady" yet? A No I haven't. Not yet. But I'm looking forward to seeing it.

Q They say Audrey isn't as good in the role of Eliza Doolittle as you were. Have you heard that? A Yes, I've heard it, but I don't believe it. Audrey is a wonderful actress.

Q Do you regret not playing the role of Eliza Doolittle on the screen? A That's difficult to say. In a way, yes. In another way, no. Q Could you explain that?

A Well, if I had attempted to play the role in the movie I would have been trying to top my performance in the theater. And that's a difficult thing to do.

Q Any other reasons why you're happy you didn't do the picture? A Yes, I wouldn't have had a chance to do "Mary Poppins" or "The Americanization of Emily." Both of these pictures have been excellent for my career. They've really got me started.

Q Is it possible you might have been typed forever as a one-part actress (Eliza) if you'd done the movie version? A—That's quite possible. And it would have been a dreadful thing to have had happen.

Q Have you any regrets about doing the movie? A Oh, yes. I'd have liked working with Rex (Harrison) again. He's a simply marvelous man. I'd love to see him win the Oscar for it. I hear he does a superb job in the picture.

Q Would she surmise that Audrey will be nominated for an Academy Award in the role that you brought to life? A Oh, I hope she will be nominated. She should be.

Q Has your own career suffered from being overlooked in the Warner Bros. Version of "MFL"? A Not at all. Quite the opposite. I've done three movies ("Poppins, Emily and "Sound of Music") and I'm doing an Andy Williams show for NBC at the end of the month. In fact, I've never had so many opportunities to make movies and television shows.

Q Will you be returning to Hollywood soon? A Yes. I'll be back next spring for another film. And you can bet I'll be seeing "My Fair Lady" long before that.

HOPE IS PICKED

HOLLYWOOD (UPI) — Bob Hope will serve as master of ceremonies at the 37th annual Oscar show for the Academy of Motion Picture Arts and Sciences.

Producer Joe Pasternak announced selection of Hope Thursday. It marks the 11th time Hope has hosted the show.

The awards show is scheduled April 5, 1965 at Santa Monica Civic Auditorium.

Comedian George Burns has dropped personal appearances for the rest of the year to produce two new television shows, "Wendy and Me" and "No Time for Sergeants."

## API Head Explains Need of Cooperation

CHICAGO (Sp) — The oil industry must make a sincere and continuing effort to build a bridge of understanding between it and government if petroleum's full usefulness to the national economy is to be realized, J. Ed. Warren, chairman of the American Petroleum Institute, stated at the API's 44th annual meeting in Chicago Wednesday.

"Our responsibilities to our companies, to our society, and to ourselves permit us no alternative but to seek a forceful and positive working relationship with the government that will lead us all into a bright American future," he said.

Warren, who is president of Cities Service Company, New York, stated that government officials should be strongly for healthy profits since profits are the source of capital accumulation. Industry, he commented, must create vast amounts of capital just to stay up to date and competitive, adding that the

petroleum industry last year invested more than \$6 billion for exploration and in new plant in the United States.

"I'm sure our new administration wants action - it will come meaningful, realistic, practical suggestions from businessmen," he predicted. "And if we provide this help and support to the administration, I believe it will lead to an honest and searching re-appraisal of the philosophy and practices of regulatory agencies."

He noted that "Only when business and government are going in the same direction can we say that the progress, welfare, and security of the nation are being promoted."

Government, Warren observed, sets the ground rules and establishes the climate in which business must operate. "While we look to government for rules - hoping that they will be wise and intelligent rules - let's remember that government must look to us also. For if America is to have the virtue and growing economy it needs and wants, business must play the biggest part in this achievement," he said.

Government and business are the two dynamic forces, he continued. "And because they are dynamic we have to seek and welcome change - change in attitudes and change in policies." Obsolete ideas that have run through the philosophy of both business and government must be discarded, he said, identifying those as the "anti-business and anti-bigness" attitudes and policies of government, and the opposition of business to accepting suggestions from government.

The petroleum industry, Warren noted, runs into more problems with government than most other industries because of its size, even though the industry is composed of many competing units ranging in size from large corporations to small local firms.

Some parts of the petroleum business are big because that's the way they have to be under today's economic and social conditions, the Cities Service chief executive said. "I don't think we want to go back to the days of the tea kettle refinery and a comparable economy," Warren stated. "The minimum cost for a complete refinery of a size to meet today's needs on an economic basis is in the range of \$150,000,000."

## Tax Valuation of Oil Properties Topic at Institute

AUSTIN (Sp) — Tax valuation of oil and gas producing properties will be one of the major topics to be considered at The University of Texas' Sixth Institute for Tax Assessors.

The institute, an advanced in-service training course for Texas tax assessors and their assistants in all units of local government, will be held in Austin Dec. 6-8. It is sponsored annually by the University's Institute of Public Affairs in cooperation with the Texas Association of Assessing Officers and the Texas Municipal League.

Dr. Francis B. May, UT professor of business statistics, will open the morning general session Dec. 7 with a talk on "Oil and Gas in Texas - 1964." Dr. May's presentation will be followed by speeches on the valuation of oil and gas producing properties by Dr. Frank W. Jensen, UT professor of petroleum engineering, and William B. Gardner, Jr., Austin consulting petroleum engineer. Concurrent workshops in the afternoon will further amplify the oil and gas topics.

The valuation of condominiums and their legal and economic aspects will be discussed Dec. 8 by E. Norman Bailey, UT assistant professor of finance, and Howard W. Dunham Jr., Dallas appraisal engineer.

The institute will conclude with a speech on recent legal developments in Texas property taxation by Austin attorney Jack H. McCreary, followed by a panel discussion on specific problems and questions presented by registrants. Panel members will be McCreary; Bailey; Carl S. Smith, Harris County tax assessor and collector; A. F. Page Jr. of Houston, Gulf Oil Corp. regional tax manager, and Jack Klitgaard, Austin tax assessor and collector.

Nacogdoches attorney Bob Murphy is scheduled to give a dinner address, "Your Cup Runneth Over," Dec. 7.

Registration details may be obtained from the Institute of Public Affairs, University of Texas, Austin, Texas - 78712.

Varying degrees of size, diversity, flexibility, and interests are the fruits of the petroleum industry's usefulness to the free enterprise society, he noted. "Yet we must continue to remind this society - over and over again - that the big jobs the petroleum industry performs for it can be carried out only by a business that is big and healthy and strong. In these days, for instance, when there is so much talk about employment and job opportunities, it is important to inform the public that petroleum refining heads the list in the amount of investment required for each employee."

A survey by Fortune magazine, Warren explained, found that the median assets in petroleum refining amount to \$73,739 for each employee, compared with an all-industry average of \$16,751 per employee, or less than one-fourth the petroleum refining figure.

Unwise actions and policies of government can impair the petroleum industry's usefulness, he said, listing such examples as "the lack of firm policies in the regulation of the National Labor Relations Board - a fuzzy and impractical restrictions imposed on legitimate business competition by the Federal Trade Commission - the failure of the Federal Power Commission under current natural gas legislation to provide regulations that stimulate the processes of future supply - and the roadblocks put in the way of business expansion and growth by arbitrary interpretations of antitrust laws in the Justice Department.

evaporated, as intended, some seeped into the earth and eventually reached the fresh water source.

While much research was conducted, fully conclusive proof to substantiate the claim has not been developed.

Nevertheless, to avoid any possibility of contamination, Pan Am several years ago undertook its program of designing and installing more acceptable methods of waste disposal.

Today, says Horizons, open surface pits have been all but eliminated on Pan Am leases. They have been replaced by more refined - and much more expensive - methods of disposing of brackish water. These methods include:

Using all produced water, wherever practical and possible, in waterflood operations

Injecting produced salt water into non-productive reservoirs, below the Ogallala, where seepage into and ultimate contamination of the fresh water is impossible.

Either technique is acceptable to water conservation groups. However, Pan Am, like most oil operators, prefers to use the water in waterflood operations and is doing so wherever possible.

**SUGGESTION PAYS OFF** — Charles O. Spalding, center, a member in the Pampa area, exploration and production department of Phillips Petroleum Company, is shown receiving a \$730 Suggestion Award check from S. I. Betzer, district superintendent of production. Spalding received the award for his idea on an improved method of drying the air used in pneumatic controls. This resulted in less downtime for field compressors. Dale Lewis, right, Pampa area field system supervisor, was present to congratulate the award winner. Spalding and his wife, Helen, reside at 834 S. Banks.

## Pan Am Program Safeguards Water

OKLAHOMA CITY (Sp) — An intensive program of fresh water protection through effective salt water disposal is being carried out by Pan American Petroleum Corp. in a broad area of West Texas and the Panhandle.

One of Texas' leading oil and gas producing companies, Pan Am, for several years has been eliminating open surface pits and devising more refined methods of disposing of the salt water normally produced with oil.

The story is told in the current issue of Horizons, Pan Am's employee magazine.

Much of the program is concentrated in the so-called Ogallala area of West Texas and the Panhandle, a group of 48 counties that overlie the fresh water-bearing Ogallala formation. The area stretches north to the Oklahoma border from Winkler, Ector, Midland and Glasscock counties.

Some time ago, reports Horizons, various water conservation groups in West Texas began to express concern that oil-field operations were contaminating Ogallala water because salt water produced with oil was disposed of in open pits on the surface.

The contention was that while large amounts of this water

## NGPA Praised By Safety Council

TULSA (Sp) — For the fifth year in a row, the Natural Gas Processors Association has been named a winner of the National Safety Council's Association Safety Award.

It is one of 15 associations, representing various industries in the United States and Canada, cited by the council for significant achievements in their overall safety programs and continued progress toward the reduction of accidents.

Howard Pyle, council president, in congratulating NGPA stated, "Your contribution to safety in industry not only deserves this recognition, but what you have done adds immeasurably to our knowledge of successful safety work."

Formal presentation of the award plaque will be made to NGPA at its 44th annual convention, scheduled March 24-26, 1965, in Dallas.

## Kerr-McGee Firm Declares Dividends

OKLAHOMA CITY (Sp) — The board of directors of Kerr-McGee Oil Industries, Inc., has declared the regular quarterly dividend of 30 cents per share of common stock for the quarter ending Dec. 31, 1964. This dividend will be payable Jan. 2, 1965, to stockholders of record at the close of business Dec. 4, 1964.

## 16 Rural Traffic Accidents Reported

There were 16 rural traffic accidents in Gray County during the month of October according to Sgt. J. W. Wilson, highway patrol supervisor of this area. From these crashes 18 persons were injured and an economic loss due to property damage amounted to \$6,920.00.

Summarizing rural traffic accidents from January through October of 1964, the picture shows 159 wrecks, three dead, 127 persons injured and \$106,120.00 in property damage.

We are heading into the winter months! Our vehicles need winterizing. But in the words of Wilson, "Don't winterize your car alone - winterize your driving too."

Get the jump on bad weather by having your vehicle safety inspected by an authorized garage to assure its good performance in the months ahead. Then check to see that antifreeze, snow tires or tire chains, and ice scrapers are handy, for "today's inspection is tomorrow's protection."

We cannot regulate the weather but we can regulate our driving. The Sergeant suggests in snow-and-ice-to:

1. Slow down and leave more space between cars.
2. Keep windows clear - turn on lights to help others.
3. Extra slow on turns, intersections, crest of hills.
4. When braking, pump to avoid locking wheels in skid. If skidding, turn wheel in direction of skid, don't slam on brakes, slow down easily.

## Santa Fe District Of Scouters Set Annual Meeting

The annual meeting of the Santa Fe District Boy Scouts of America will be held at 7 p.m. Saturday, in Pam-Cel Hall at the Celanese Plant.

The meeting will be for adult scouters, their wives, to honor unit leaders, install the 1965 District Officers and recognize the Scouts that attained the Eagle Rank during the year.

The Santa Fe District of the Adobe Walls Council includes Gray, Carson and Roberts Counties, and has over 900 Cub Leaders, Den Mothers, Scout and Explorer Leaders giving their volunteer leadership to the youths of these counties.

Tickets for the banquet are \$1.50 per person and may be obtained from the Scout Service Center.

## Canadian Approves Gas Rate Increase

CANADIAN (Sp) — The City of Canadian has granted the High Plains Natural Gas Co. a four cent increase in rates starting with the December billing. The gas company had requested an eight cent raise.

The four cent raise means that the domestic users will pay 59 cents per MCF of gas used for the first 50 MCF instead of the 55 cents they now pay. Commercial consumers will pay 54 cents per MCF of gas used for the first 50 MCF. The present rate is 50 cents.

This is the first change in gas rates since 1943.

## IN CRITICAL CONDITION HOLLYWOOD (UPI) - Actor Percy Kilbride, 76, of the "Ma and Pa Kettle" movie series, was reported in critical condition Saturday in Good Samaritan Hospital, where he underwent brain surgery.

Kilbride was admitted to the hospital last Wednesday for the operation, said to be the result of head injuries suffered last Sept. 21 when he and a friend were hit by an automobile.

The friend, Ralf Belmont, 72, West Los Angeles, was killed.

## TO PRESENT MISSILES WASHINGTON (UPI) - The last of the Army's obsolete Nike-Ajax anti-aircraft missiles will be presented to the Smithsonian Institution in ceremonies Wednesday.

Nike-Ajax first appeared in 1953 and later was installed at sites throughout the nation. But it now has been entirely replaced by the larger and more powerful Nike-Hercules.

## 22 Female Help Wanted 22

Permanent opportunity for high school graduate with good mechanical aptitude and a minimum of 1 year experience. At least 3 years electrical experience.

Requires skill in electrical maintenance and installation. Must have experience in wiring motors, lighting and general electrical work. In operation of circuit breakers, relay starters, etc. Also requires knowledge of familiarity with National Electrical Code.

Write immediately detailing your education, experience, background and salary requirements, etc. to:

Industrial Relations Department  
Celanese Chemical Co.  
Box 307, Pampa, Texas  
An equal opportunity employer.

# Compromise Likely on U.N. Payments

UNITED NATIONS, N.Y. (UPI) — Ambassador Adlai E. Stevenson indicated Friday the United States would be amenable to voluntary payments, not the past two years' assessments to peace-keeping operations, by Russia and other nations. Stevenson said any voluntary payments "could be made without prejudice to the Soviet, or anyone else's legal views."

He did not go into detail. But one plan which has been advanced calls for delinquents to make voluntary payments to reduce their arrearage below the two-year cutoff figure without having them credited to peace-keeping funds they have refused to support.

The matter has become an issue of political principle. Actually, the Soviet Union could escape the threat to its vote by payment of less than \$6 million.

Stevenson said he and Thant had discussed assessments for peace-keeping operations but said he could not go into detail.

"I can say to you, however," he told newsmen, "that the United States hopes that any conflict of opinion over assessments for peace-keeping operations will be resolved before Dec. 1 (when the assembly is scheduled to open its 1964 session.)"

Stevenson said he and Thant had discussed assessments for peace-keeping operations but said he could not go into detail.

"I can say to you, however," he told newsmen, "that the United States hopes that any conflict of opinion over assessments for peace-keeping operations will be resolved before Dec. 1 (when the assembly is scheduled to open its 1964 session.)"

# Retail Sales Show 4 Per Cent Jump

DALLAS (UPI)—The Federal Reserve Bank of Dallas today reported a 4 per cent gain in department store sales for the week ended Nov. 7, compared to the same 1963 period. San Antonio had the largest increase, of 11 per cent.

Sales in El Paso were up 8 per cent, Houston showed a 5 per cent gain and Dallas a 3 per cent increase.

For the four-week period, sales were up 8 per cent in the district and for the year so far they are ahead of 1963's pace by 10 per cent.

# Hapless Thieves 'Blocked Up' on Get-Away Plans

SAN ANTONIO (UPI) — Burglars stole a safe and an adding machine Thursday night from the northwest side home of Sidney Steele and loaded the loot in an automobile in his garage.

They frantically raced the engine but the car moved not an inch. It was propped up on blocks. The burglars made so much noise they had to flee without the safe and adding machine.

Steele, a jeweler, was on a business trip to Mexico.

# GOP Candidate Looks Forward to Nonpolitical Job

HOUSTON (UPI)—Jack Cox, Republican candidate for governor in 1962 and a former Democratic state legislator, is looking forward to a new job outside politics, as vice president of a land development firm.

Cox is new executive vice president of South Padre Investment Corp., an Austin firm that owns more than 25 miles of Padre Island frontage land in Kenedy, Willacy and Cameron counties.

Cox will move his family to Austin when this semester of school ends. His son, Jack Jr., is a junior at the University of Houston and daughter Callan is a senior in Lee High School.

Cox said he is glad to be out of politics.

# 13 of 32 Whoopers Have Winged Back To Winter Home

WASHINGTON (UPI)—So far, 13 of the 32 whooping cranes that left their winter quarters on the Texas Gulf Coast last fall have returned—and they brought four birds born during the summer back with them.

The flock that winters at the Aransas National Wildlife Refuge is the last group of the big birds existing. There are fears they could become extinct.

The Interior Department said Thursday its latest survey showed six adults and two young arrived this week. Seven adults and two young arrived two weeks ago.

Anhalt, Texas, in Comal County, is named from the German word meaning stopping place.

**A. NYLON ENSEMBLES**

Sheer enchantment swirl in drifts of filmy, sheer tricot. Peignoir sweeps six yards around the hemline, with tricot billowing down from a neckline of sheered 15 denier. Above elbow length sleeves. A saucy overlay gown completes this ensemble. Colors: blue. **\$15.95**

**B. SHIFT GOWN**

A shift shape with delicate air and dainty roses of hand-cut Alcon lace circling the neck line. Baby val lace accents the sleeve band on this all nylon shift gown. Colors: beige, pink, blue. **\$5.95**

**C. SLEEP COAT**

Double layered three quarter sleeves of sheer nylon edged with a touch of Val lace, accentuate the elegance of this sleepcoat. Colors: beige, red, pink, blue. **\$5.95**

**Texsheen**

**D. PAJAMAS**

Meet the prettiest pajamas this side of Dreamland! Elegantly trimmed with hand cut lace and embroideries, this nylon pajama even has dainty lace on the collar and sleeves. Colors: beige, red, pink, blue. **\$5.95**

**E. SLEEP SHIRT**

Who doesn't like a sleep shirt! Here's a sure seller in nylon tricot with slipover top and matching panties. Hand cut embroidery. Perky sleeves and edged with Val lace. Colors: beige, red, pink, blue. **\$3.95**

**F. BABY DOLL**

Irresistible adorable baby doll, overlaid with a mist of sheer tricot, and guaranteed to add a sparkle to the eye. Hand-cut lace on the yoke is accented with rose embroideries, exclusively for us. Colors: beige, red, pink, blue. **\$3.95**
