

Drive In Theatre By September 1 Goal of Wallace Blankenship

ard on the heels of the com-
on of the new Rose theatre
Morton, Wallace B. Blanken-
announced the beginning of
on the new drive-in theatre
located on the Muleshoe
way north of Morton.

the new theatre for which con-
struction was started last Sat-
day, will occupy the ground

where the former Dixie Club was
in operation. According to T. J.
Simpson, local theatre manager,
it will contain speaker units for
250 cars. The ramps have been
completed and it is hoped the
new theatre may be in operation
by September.

It is one of six drive-ins being
built for Blankenship by George
Lincoln of Houston. At present
they are also working on one
at Ropesville.

The Rose theatre opened last
week playing to a full house on
Wednesday evening. In addition
to the feature picture, the local
manager brought in a three-piece
string band, the Pee Wee Cole
Trio for entertainment before the
first show and in between the
performances of "The Daughter
of Rosie O'Grady."

A full sized mobile searchlight
unit probed the sky over Morton
to call attention to the theatre's
opening.

evening for Forrest Weimhold
candidate for representative
district 119.

Weimhold's business as-
sociates feel that his success in
the fields of enterprise qual-
ity for the important office
representative.

Weimhold has lived in the
area from early childhood,
graduated from Texas Tech in
1937 and served three years in the
army with 18 months in the
East.

He understands the problems
facing the people of West
Texas and his friends feel he
will work to the best interests of
the area.

D. E. Hamilton, Morton,

COUNTY-STATE ELECTION SATURDAY

Cochran county busied itself
this week getting the four pre-
cincts and 1761 eligible voters
ready for another state-county
election but old timers were pre-
dicting little more than 1100 of
the eligible voters would turn out
to cast a ballot.

At best the turnout was ex-
pected to be a far cry from the
record county vote cast in 1946
when 1703 persons made their
way to the polls.

In the last state and county
elections, held in 1948, 1680 per-
sons turned out to vote in the
primary and 1410 repeated the
trip a month later in the runoffs.
But interest ran exceptionally
high in the 1948 elections with 8
local men vying for the Sheriff-
Tax Assessor and Collector office.

This year's ballot finds plenty
of incumbents and former office
holders and a sizable crop of
young veterans contesting the
county offices. In what would be

considered the top office, Herman
Crockett is campaigning for re-
election to the Sheriff-Tax Asses-
sor and Collector's office. One of

Absentee Voting Heavier This Year As Primaries Near

The office of County Clerk re-
ported that more than 80 absent-
tee ballots had already been fill-
ed out and brought in by Tues-
day evening.

An estimated 70 more ballots
had been sent out but had not
yet been received back at the
office by closing time on Tues-
day. Absentee balloting has been
heavier than usual which may
indicate that last minute cam-
paigning by candidates has stir-
red up voting interest.

his opponents, W. M. Harryman
ran against Herman in 1948 but
lost the runoff spot to Son Mc-
Kay of Whiteface by a six vote
margin. Another candidate, Hazel
Hancock is a former Sheriff by
appointment and the fourth can-
didate for the office, Claude
Drennan is new to local politics.

In the race for Governor's chair
only two of the candidates are
holdovers from the 1948 election.
Caso March and Charles Hutch-
inson are the repeaters but their
main opposition comes from the
man who ran for Lieutenant
Governor in 1948, was elected,
and then found himself in the
Governor's seat at the death of
Governor Beauford Jester. Allan
Shivers is expected to have an
easy road to re-election. One
Gubernatorial candidate in 1948,
Roger Q. Evans has dropped a
notch and this year campaigns
for the Lieutenant Governor's
seat.

A great deal of local interest
seems to be centered around the
contest between Forrest Weim-

Re-registration Is Not Necessary Say Officials

A story printed in the Tribune
last week mistakenly stated that
voters moving from one precinct
to another in this county would
have to register under their new
address.

Only in cities of 10,000 or more
population is this necessary. The
sheriff's office has pointed out
that voters who have just recent-
ly changed precincts in this
county will simply vote in the
new precinct and may, as a pre-
caution, carry their poll tax re-
ceipt with them as credentials.

hold, a Levelland newspaperman
and Waggoner Carr, a Lubbock
Attorney who are running for
Representative from this district.

Although the county has only
4 voting precincts, balloting will
be held at six separate boxes due
to the wide spread of residences
within the county. Polls will open
at 8 a.m. and close at 7 p.m.

Returns will be relayed to anx-
ious candidates and residents as
soon as they are compiled. One
tallyboard located at the Burger
Bar on the East Side of the
square is already mounted in
front of the window where every-
one can see.

Announcers at the ball dia-
mond have announced that they
will receive up to the minute
results at the field by way of
the police short wave radio and
during the softball game fans
will be kept posted on all the
election news.

Accused Slayer Faces 3rd Trial In Shooting of Robert S. Spence

The third trial of John Dayton
Ritter, 43-year-old resident of
Oklahoma City who is charged
with the December 17th murder
of Robert Stotts Spence, 24 year
old Morton gasoline agent is
underway at Lubbock this week.

Ten members of the jury were
selected in the first two days of
proceedings in Judge G. V. Par-
due's 99th district court. More
talesmen were being summoned
to fill the vacant juror seats after
several prospective jurors failed
to appear and three were excused
by the court.

Two other attempts to prose-
cute Ritter ended in a mistrial on
April 18 and a continuance on
May 29 while the defense searched
for a witness who was deemed
a necessary factor in the case.
Defense counsel is trying to es-
tablish the fact the Spence had
a pistol in his possession that
was later found beside his body
after the slaying. The witness,
Joe Patterson, a Negro was sup-
posed to have accompanied
Spence to Lubbock the same day
that he was killed in an apart-
ment at 1905 Avenue B.

The defense is based upon self
defense. Ritter told police that
Spence had left the scene of
gambling to get more money and
returned with a pistol. When he
demanded the return of "his"
money, Ritter went into another
room after it, returned with a pis-
tol and fired in self defense when
Spence fired at him. Officials
said at the time that Spence was
shot in the back.

A statement given to the state
after the shooting by the witness,
Joe Patterson, has been made

available to the defense by the
District Attorney and a special
prosecutor. The statement estab-
lishes that Patterson accompanied
Spence to Lubbock on the day
of the shooting and saw the wea-
pon that was later found beside
the victim's body in the posses-
sion of Spence.

Sixteen Officers Make Plans For Election July 22

As a last minute reminder to
voters who do not know where
their election box is located and
who are the presiding officers,
the Morton Tribune reprints the
following release from the Coun-
ty Democratic Executive Commit-
tee.

The following named election
officers for the July and August
primaries were selected by this
committee:

Precinct No. 1, Morton—W. B.
Lackey, A. T. Taylor, W. E. Ang-
ley and J. W. McDermott.

Precinct No. 2, Whiteface—J. A.
Taylor, Melvin Woodley and
Chas. Coffman.

Precinct No. 2, Lehman—Felix
Fred and J. W. Ponds.

Precinct No. 3, Bledsoe—Syd
Coffman and Mrs. Alvie Harris.

Precinct No. 3, White's Gin—
Ford Hawkins and D. D. McCas-
land.

Precinct No. 4, Neely Ward—G.
G. Williams, M. A. Tanner and
B. R. Stovall.

'T-Day' Jackpot Builds to \$80 For Next Event

The \$40 jackpot prize went
begging Saturday on the Court
House steps when the holder of
ticket No. 872421 failed to claim
the prize. It upped the major
prize to \$80 for the next drawing.

Earlier, Carolyn Ann Jones lo-
cated three winning tickets for
the first three prizes. Fifteen dol-
lar winner was Alvin N. Ray.
Mrs. Oscar Gower took the \$20
check and Mrs. W. E. Angley
claimed the \$25 bonus just as
announcer Neal Rose was prepar-
ing to call another number.

Oddly enough every ticket
drawn by the blindfolded girl
was blue but holders of the
tickets were slower than usual
in claiming their prize. Neal Rose
announced that no drawing will
be held Saturday because of Elec-
tion Day Poll regulations. The
\$80 jackpot prize will be held
over until Saturday, July 29.

City Sprayed Monday Night

Weather conditions Monday
evening permitted the City's fog-
ging machine to make the
rounds for the first time in sev-

of the machine which sprays the
city with a DDT compound, said
recently that prevailing winds
have been the chief cause of de-
lays in spraying.

J. S. Harrison Resigns City Office No Successor Appointed As Yet

Mayor Roy Tarver and the City
Commissioners of Morton an-
nounced the resignation of City
Secretary, J. S. Harrison effective
Saturday, July 15.

The commissioners met Tues-
day to discuss possible replace-
ments and other problems but
when the Tribune went to press
no indication was made that a
successor has been appointed.

Mr. Harrison plans to remain
in Morton for the time being and
will be engaged in the surveying
business. He was City Secretary
for a little more than a year, re-
placing W. K. Whitman in 1949.

Chamber Decides Not to Reset Cleanup Date

As far as the Morton Chamber
of Commerce is concerned the
annual city cleanup drive is over
for this year, according to Neal
Rose, Cleanup chairman.

Heavy rains which prevented
the climax to the clean up drive,
the actual collection of trash,
left citizens wondering what
should become of their trash
piles.

Chairman Rose conferred with
Mayor Roy Tarver last week to
see if city trucks could be used
to collect the trash. The mayor
agreed that it should not be ne-
cessary to close the stores and
hold another cleanup day and
promised to discuss the matter
of collection with city commis-
sioners at a meeting Tuesday.

Resolved By Cochran County Farm Bureau:

H. R. 8969 be tabled or defeat-
ed as it involves only the State
of Texas and shifts cotton acres
from four Congressional Districts
and increases acres by same
amount to all other district of
Texas. 19th District always plant
its full cotton allotted acres;
whereas, south portion of state
has not planted its present allot-
ment. War crops and 45,000 new
acres put in cultivation since
1947 in Cochran County all con-
tributed to present cotton acres
needed for present economy. Cot-
ton acres are continually moving
west and present allotment is
now 54% under 1949 planted.

The above resolution was
adopted by unanimous vote of
Farm Bureau in its regular meet-
ing, July 18, 1950, according to
a report from M. A. Tanner, Pres-
ident, Cochran County Farm
Bureau.

ANITA KAY CROUCH VISITS GRANDMOTHER

Tax Evaluation Climbs With New Oil Locations

County tax evaluation for the
payment of state and county
taxes skyrocketed \$5 million dur-
ing the past year according to
figures released by the Tax As-
sessor and Collector's office.

New oil locations in the coun-
ty were responsible for almost
all of the gain shown which list-
ed the evaluation of Oil Roll,
Utilities, Pipelines, Railways,
Surface Real Estate, and Person-
al Property at \$28,144,471. The
actual gain was listed at \$5,399-
681.

The breakdown of figures
showed the oil gain as \$5,299,854.
The comparison was \$23,363,344
this year to 18,063,490 for last
year. The surface real estate and
personal property increase was
\$99,827.

Betty Cantrelle Resigns from Staff Of Hospital Here

The West Plains hospital has
announced the resignation of
Miss Betty Cantrelle, Laboratory
and X-ray Technician on Monday
of this week and the re-hiring of
Mrs. Bill Sellers to serve in that
capacity.

Mrs. Sellers, the former Iona
Purvis, served as technician at
the hospital here about 2 years
ago. Miss Cantrelle plans to un-
dertake further study at the
Charity Hospital in New Orleans,
Louisiana. She was associated
with hospital here for about a
year and a half.

Mrs. Sellers is a resident of
Sumdown and is presently com-
muting back and forth to Morton
during working hours.

Muleshoe Woman Is Radio Winner At Drawing Here

The Morton Theta Rho girls
club, after a month of ticket sell-
ing, gave away its radio-phon-
ograph combination at the Trades
Day drawings last Saturday but
the winner wasn't around to en-
joy the thrill.

Jodie Blalock of Muleshoe was
the holder of the lucky number
and the set was to be delivered
to her this week.

The ticket campaign was a
financial success according to
members of the club which real-
ized a tidy sum for its transpor-
tation and building fund.

MR. AND MRS. GENE HAM-
NER and sons, Junior and Jack,
have returned to Morton after a
three months visit in California
with her parents.

MR. AND MRS. J. S. HARRI-
SON were visitors in Colorado
City earlier this week.

Candidates Give Out With Speeches At Lehman Rally

Candidates for county offices
and precinct 2 offices gathered
at the Lehman school house last
Friday night for a political rally
and box supper sponsored by the
Lehman Home Demonstration
Club.

The four sheriff candidates, a
candidate for Precinct 2 commit-
teeman, the county judge candi-
dates, the county clerk candi-
dates, both candidates for Dis-
trict Attorney from the 72 Judi-
cial District, Travis Shelton and
C. L. Harris, and Waggoner Carr
and Forrest Weimhold currently
waging battle for the District
Representative seat were among
the candidates attending. All
gave speeches.

The highest box supper price
was paid by E. C. White, candi-
date for county commissioner at
\$39.50.

Rainfall in Morton Is 1.27 Inches For Four Days

Rainfall in Morton from Sat-
urday through Tuesday, accord-
ing to Soil Conservation office,
was recorded at one inch and 27
one hundredths.

Tuesday evening's rain was
preceded by strong wind and
sand which began at four o'clock.
Morton was enveloped in dark-
ness as the dense sand blew in
from the West. Torrential rain
with brilliant electrical display,
started at 4:30 followed by elec-
trical power failure which was
not restored until after eight.

Areas around Morton have re-
ceived more rain during the
month of July than at any other
time for several years.

Maple, about 16 miles North-
west of Morton, has received
around 14 inches to date. Enochs,
North of Morton also reports
heavy moisture for July.

The entire county of Cochran
has received plentiful rain.
Farmers are hard put clearing
fields of weeds that have grown
profusely within the past ten
days.

GEE attended to business in Lub-
bock, Monday.

Ben Ramsey Campaigning In East Texas

Ben Ramsey wound up his campaign this week for Lieutenant Governor among his old friends and neighbors in the piney woods of East Texas. Ramsey predicted at Lufkin, in the heart of his old Senatorial District, that he would lead the ticket Saturday by a substantial majority.

"My opponents are fine men," the tall East Texan said, "but the people will vote for me because I am the candidate with the most experience. Our citizens need and demand the sound judgment and technical knowledge that only experience can provide."

Ramsey traveled extensively all over the State talking to the folks at the forks of the creek. "The people know that I understand their problems," Ramsey said, "and my record proves that I will fight to serve their interests."

"With radical forces on the march throughout the world," Ramsey continued, "this is the time that Texans most need a steady hand at the helm."

OVERHEARD ON THE FAIRWAYS OF MORTON COUNTRY CLUB

By V. L. L.

There's something about golf
that makes a fellow want to tell
his friends about his accomplish-
ments. Now you take a certain
groceryman about two blocks
south of the street light, and you
can't even go to town without
someone asking who won yester-
day. It seems that this certain
fellow likes to let the world know
when he wins a game.

Yep—I got beat all right Sun-
day afternoon. But that pesky
old 'prexy' did it and not the
groceryman. Maybe I'm all out
of kilter on account I didn't go
over to Levelland and buy me a
new 'outfit' like some of other
duffers. You take that Ford Deal-
er now, he's gone and bought
himself a whole new outfit, clubs,
golf bag, cart, tees and every-
thing but a new 'style.' He
wouldn't trade that off for any-
thing.

Then come Mr. 'Champeen' for-
mally called prexy by the club
members. He gets in style and
buys himself a new outfit too.
Now he expects to beat every-
body he plays with. Course some-
times we have to let him have
a game or two to keep him feelin'
good. After all the 'president of
the company' is supposed to be
a little outstanding. We would-
n't have elected him otherwise.

Poe old Snoball tho, is just
plain out-o-luck. He hasn't won
a tournament in so long. He
even has about quit throwin his
clubs around. He missed seven
putts Sunday and never "slung
it once." I was beginning to think
I was in the wrong bunch. He
finally said Gee-Whiz a couple-
o-times and paid the prexy his
20 cents and came on home.

After all, a guy can't keep his
mind on building houses, won-
dering how long before Uncle
Sam will send a greeting to his
Beloved dental friend, and wish-
ing somebody would help him
sing those songs in the Metho-
dist Choir, then play par golf on
Sunday afternoon. You gotta be
in 1st class condition to shoot
that par stuff.

Then to cap the whole thing
off, along comes Neal Rose and
beat me playing dominoes. Now
that was really an insult to my
'integrity.' I played dominoes all
my life and never, never would
I let a Western Auto salesman
beat me at that. But he did it.
He also eat more ice cream than
any kid I ever knew. A quart is
just an appetizer for him. There's
no tellin' how much fried chick-
en he could eat.

Now that being "gallant" I
mentioned last week about But-
ton and Babe Van must have ap-
pealed to our trusting secretary.
Yep—Earl Crum was out instruc-
tin' his wife last week. I believe
she could beat him playing even
but we appreciate the example
he is setting, to say the least.
Wouldn't it be something to see
Earl C. and Neal R. entered in
a 'pie eatin' contest. I'd bet my
two bits I won off Snoball, that
would be a draw.

I guess that Bill Williamson is
about the most persistent feller
in the club. In addition to keep-
ing No. 8 green spic and span,
he has finally succeeded in get-
ting his 1st V-pres. Joe Nice-
warner interested in the game,
and believe it or not Joe was
doing right well too. Imagine tho
that he was chargin Bill ten per-
cent of what he won off J. D. H.

Edwin St. Clair of Muleshoe,
and Paul Adams of Lubbock
played around with us Sunday
and played a nice game also.
The fairways have been mowed
and the roughs also are to be
mowed and the entire course is
to be cleaned up to eliminate
some of the mosquitos. This is
a swell idea. John Singleton has
been employed to clean the
grounds up.

This week is the first annual
Levelland Country Club tourna-
ment. I believe Willard, Prexy,
Snoball, and a few others plan
on entering. This is certainly a
big affair, as golfers from every-
where within 300 miles will be in
attendance. You will see some
real fine golf if you care to go
over. The qualifying is Thursday
and Calcutta pool and barbeque
will be Thursday night. Entrance
fee is reasonable and everyone
is invited. Hope we are members
of the Texas golf association or
West Texas association. We could
be barred from entering on this
account.

The Lubbock Country Club in-
vitation tournament will begin
August 1st. Now this is really a
big to-do. The best golfers from
all over the state will be there
and my guess is that over 250
golfers will enter. Think I'll go
over and watch some of it any-
way. I love to go places and see
how the really good players do.
Six years ago I saw Sammy
Sneed beat Byron Nelson on the
19th green at Great Southern
Golf Course at Biloxi Mississippi.
This was the greatest golf match
I ever hope to see.

Now Sammy and Byron won't
be playing around the Morton
Country Club soon, but we can
have others who someday may
be just as good. We could have
another tournament here this
summer and I'm ready to start
practicing right now. Hope I get
a shot at that Prexy in another
tournament before I get too old
to swing a club. Until then, I'll
just tag along and do as much
'collectin' as I can with an oc-
casional birdie and par now and
then. Until then, Adios.

"How to be invited Again" might well apply to friends of ours who visited here recently; namely the Sam Joyce family of Snyder.

Florentz (Mrs. Joyce) brought along, besides her children, a delicious devil's food cake—which all of us enjoyed later that evening with home-made ice cream at the Country Club.

We might add, the children, Johnny and Helen, thoroughly enjoyed the playground equipment at the club. Helen put in her order right then to Santa Claus for a slide "Just like the one at the Morton Country Club."

Then Sunday morning we slept late—until 9—for the first time in ages. Only to find when we did awaken that Flo had been up, cooked breakfast and fed her brood.

While we prepared and ate our breakfast (practically lunch by this time) she made five beds AND this wasn't all she made the salad for lunch, which was all we had along with some fried chicken.

Needless to say we like very much having them visit us. And hope they don't wait another 2½ years before returning.

Mary Lois Ledbetter came in last week to tell us that her mother, Mrs. J. A. Gowdy, who is a great favorite of ours, had gone off to California. It seems Mrs. G. has been planning this trip for years and finally got around to it—that is when her brother, Pat Harper drove up in a handsome new car and insisted that she accompany him to his home in Vallejo (the e is like a and j is silent).

She is supposed to fly back—and may surprise all of her family and do just that—expect she will be pretty anxious to see them, anxious enough to fly at any rate.

Everyone was agreeable, and the gal we sat with both ways. Eltha Russell, is A Number 1 in capital letters.

People vacationing right and left. We had sort of talked a trip to the Rockies with the Turner Beards. However, we can't possibly get away until these candidates settle them selves one way or another; and Mr. B says they may have an opportunity to take their vacation in July.

A Nine Year Old Girl became so enamored of adventure tales and tabloids that she neglected everything to concentrate on reading. Her room became an unholy mess, and all of her mother's exhortations fell on deaf ears. One afternoon, however, the mother returned home to find her daughter's room as spic-and-span as the operating theatre of a big hospital. Not one thing was out of place. "How wonderful!" she exclaimed. "What got into you?" "I've realized how important housework is," the daughter informed her. "I read in the paper where two ladies got a year apiece in jail—just for keeping a disorderly house."

We were among the lucky ones to be invited to dinner at the C. A. Bairds Friday night. Their daughter, Mrs. Paul Cornwell and her two lovely daughters, Pat and Peggy, were honorees.

The Dr. Metzners went along with us. Must say we've never been around a sweeter little boy than two year old, red haired Ronnie Metzner. He entertained himself beautifully and didn't bother a soul, enjoyed all the good food, and got a tremendous kick out of watching the chickens, horses and dogs.

Albert Morrow, another of the guests, chided us for being late, and it is rare for us to be late when there is food in the offering.

We might add that Van and Tye held us up at the cattle guard enroute to Bairds. They had chased a tiny bunny and had it cornered there—finally caught it but some time during the evening said Bunny got out of the partially opened glove compartment and all Warren Williamson got out of it was, "Daddy tried to bring you a rabbit."

Have you ever wished you could make punch and keep it cold without having the ice cubes make colored water of it? Here is a good way to solve that problem.

Make your punch somewhat ahead of the time you will be needing it. A packet of prepared mix is an excellent base, the grape and lime flavors being favorites. To one packet add the juice of two lemons and four or five oranges. Next, add water as directed on the packet, or to suit your individual taste. Sugar is also added. Make your punch ex-

Two Tables of Bridge Hosted By Mrs. Hickman

Mrs. Roy Hickman was hostess to two tables of bridge Monday night, July 17; guests were Mesdames Carl England, Hume Russell, Scott Hawkins, John McGee, Joe Nicewarner, Lloyd C. Miller, Norman Monk and J. D. Hawthorne.

Mrs. Monk handed in her resignation at this meeting; explaining that she and Dr. Monk are moving to Temple soon.

An unusually attractive refreshment plate was served by Mrs. Hickman. The next meeting will be with Mrs. J. W. McDermott.

OUR THANKS

We wish to express our thanks to all who were so kind to our sister, Mrs. D. E. Hamilton, in her sickness and death.

actly as you want it to be as a finished product.

Now comes the trick: using two of your ice-cube trays, complete with the ice-cube forms, pour the punch into the trays and freeze it into cubes. The balance of the punch can be put into the refrigerator in a pitcher until needed. When your guests arrive, it is a simple matter to put the frozen punch-cubes into a punchbowl and pour the rest of the punch over them. As the cubes melt they will keep the drinks cool without detracting from them in any way.

Western Chat and Sew Club Meets On July 12, 1950

The Western Chat and Sew Club met in the home of Mrs. Dorothy Barrington, July 12. Names for secret pals were drawn. Refreshments were served to the following members: Willie Robinson, Marie Stanley, Elsie Browning, Thelma Bobbitt, Irene Rhodes, Leta Fay Pierce, Viola Sprouse, Gayla Taylor, Imogene Pope, Nell Oats, Cathryn Oats, Prudy Washington, Ruby Moore, Maxine Meeks, and Wanda Moore.

The next meeting will be a birthday party for Mrs. Oats at the Lubbock Park, July 24th.

Arnn Moves Into Second Place Tie After Mauling Maple Nine, 19-6

Arnn Motor company opened a wider gap between Hawkins Oldsmobile and the rest of local softball teams Friday by knocking off the second place Maple nine, 19 to 6. The results left Hawkins holding a two full game lead over other teams in the league. Only two rained out games were played in the first of three days.

Reynolds Drops 7-6 Decision to West Side Outfit

With Zeke Sanders on the mound twirling steady eight hit after hit, the West Side nine defeated Reynolds Tire in a thrilling game Tuesday evening, 7 to 6. One of the best played ball games seen on the local diamond this season, an error finally paved the way to the West Siders' triumph but they earned the victory all the way. No only did they out-hit Reynolds Tire but they backed Sanders in the trenches for the first time this season. The five errors they were charged with were almost all the result of long runs and attempted sparkling catches.

The defeat came hard for Reynolds. They were in 2nd place in the league and had to come behind after trailing the league game to knot the count in the 6th. They only made an error in the contest but that eventually allowed the winning run to reach base. He advanced to second on a fly and scored on Grumpy Green's single.

Enochs Hurler Tosses No Hitter

Calvin Johnson Misses Perfect Game By Walking 3 Batters, Hitting 2

Calvin Johnson, an Enochs outfielder making his first start on the mound, tossed the first no hit-no run ball game in Morton Softball League history Thursday night as his teammates scored at will to run over Texaco, 25 to 0. Johnson went to the mound as Enochs' faster regular pitcher Harry Pollard failed to put in an appearance. Three walks and two hit batters kept Johnson from hurling a perfect game as his mates backed him up in the field without a single miscue.

Enochs was playing headsup ball all the way against the cellar dwelling Texaco Fire Chiefs but only hustle and superb pitching in the clutch could account for the no hitter.

Meanwhile Enochs bashed Jim Hill for 12 hits and flock of bases on balls. Hill walked five men in the very first inning and coupled with three Texaco errors it was only necessary for them to punch out one hit for 7 runs. Four more bases on balls later in the game added up to a wild game for Hill.

Most cheering batting performance for Enochs who rest at the bottom of the league in team batting, was the three hits turned in by centerfielder Dukes. Lamar smashed out a long home run.

One Texaco batter could be mean the fact that he never had a chance to spoil the no hitter. Leadoff man Kelley was up and on the bases three times but each time it was Johnson's wild pitching that caused it. He walked Kelley twice and hit him with a low inside pitch the other trip. The victory gave accent to the steady rise of Enochs after dropping its first two games of the

second half. They now ride in third spot, two and one half games off the pace set by Hawkins.

Line score:
Texaco —0 0 0 0—0 0 9
Enochs —7 10 0 8—25 12 0

Maple Wins, 37-7 To Remain No 1 Olds Challenger

The high flying Maple team cemented its hold on 2nd place in the City Softball league last Tuesday night with a 37-7 rout of Texaco's Oilers.

The victory left Maple a game and a half behind the league leading Hawkins' Olds aggregation. It was Texaco's fifth straight defeat without a victory. Earl Burleson and Stafford shared the swatting honors for Maple with each clouting a pair of home runs and circling the bases again on an error. Burleson added a double and a single and Stafford garnered two singles.

Maple did most of its scoring in the opening innings by punching across 10 runs in the 1st and 14 in the 2nd. Texaco worked via the same route with 5 runs in the first and after which they were blanked until the final inning.

Line score:
Maple —10 14 5 4—37 26 5
Texaco —5 0 0 0—7 5 21

Morton Drivers Test Night Racing at Littlefield

Morton race enthusiasts were treated to a double dip of their favorite sport last week, once under the lights at Littlefield and once on the regular Sunday racing program at Buffalo Lakes.

In the first night racing of the season for the local drivers, Keith Jones in the Butler Brothers No. 3 special, tied the track record of 22.6 seconds only to have a hot rod driver shatter the record

later. Jones was forced out of one race with a blow out but came back to take second place in the feature run after being hooked out of first position on the final turn. Lewis Doyle had battery and radiator trouble throughout the evening.

Sunday, Bill Purifoy took over the driving of Car No. 2 and piloted it to 3rd position in the

fast heat race. Keith Jones took the trophy dash by nearly a full lap margin and then suffered a blowout in the feature event while riding in 2nd spot. Purifoy also suffered a cut tire in competition during the 25 lap event and finally finished up in sixth position.

Results of Tuesday night's racing were unavailable when the Tribune went to press.

Local All-Stars Drop Muleshoe By 24 - 4 Margin

The Morton All-Stars in their first appearance of the season, dealt a 24 to 4 defeat out to the visiting Muleshoe nine on the local diamond Sunday.

Five of the seven local teams were represented in the starting Morton lineup as the All-Stars paraded 12 men to the plate in the first inning and tallied 8 runs. After that they were never headed pushing across 5 more the second, 8 in the third, getting the horse collar in the fourth and finishing off with 2 in the fifth and 1 in the final stanza.

Charlie Van started on the mound for Morton and gave up 3 runs and 4 hits in 5 innings. His relief, Kenneth Davis, pitched a no hit ball for the final two frames but allowed a run on an error, a wild pitch, and a fielder's choice.

The locals rang up 17 hits off the selections of four Muleshoe hurlers. Biggest blows of the day were home runs delivered by Don Lamar and rightfielder, McCarty. Mac also had another hit and scored five runs in his first appearance on the local diamond. He has recently joined the Hawkins Olds team.

Ten errors plagued the Muleshoe team while the All-Stars were bobbing twice, both of them coming in the 4th inning to plate a Muleshoe run. The first two tallies by the visitors came in the top of the first inning when G. Pruett slammed a liner down the left field line for four bases before it could be chased down.

Line score:
Muleshoe —20 0 1 0 1—4 4 10
Morton —8 5 8 0 2 10—24 17 2

Pollard's 2 Hitter Gives Enochs Win Over Maple, 8-3

Behind the superb two hit hurling of Harry Pollard, Enochs edged its way into undisputed possession of 2nd place in the softball league with an 8 to 3 triumph.

Pollard gave up one hit to the leadoff batter in the first inning and another to the next to last batter in the game in an almost perfect job of spacing. In between the two small snags he faced 24 batters without allowing a blow.

Behind him the Enochs crew fielded almost flawlessly and then came out of a batting slump to score in each of the last four innings. They trailed 1 to 0 until an error scored the tying run in the 4th inning and a double clinched the verdict.

Eight Maple errors hurt their cause considerably as pitcher Gable allowed only eight hits in a well pitched game only to see Enochs push across three unearned runs.

Line score:
Enochs —0 0 0 3 1 1—8 8 2
Maple —1 0 0 0 0 0—3 2 8

Hawkins Win 6th On 16-11 Verdict Over Reynolds

Starting their second round of play in the season's second half, where they left off the first round, Hawkins Oldsmobile racked up its sixth straight victory with a 16-11 victory over Reynolds Tire.

Jumping on Reynolds relief pitcher Gross who was forced to start in place of Carl Kernell, Hawkins battered him for 18 hits which rained in every direction possible. Included in the assortment were three home runs not to mention nine Reynolds miscues.

Hawkins built up a 4 to 0 lead in the very first inning and then coasted behind their new hurler, McCarthy for three innings. In the 4th Reynolds broke loose with six safeties and scored 8 times to lead 8 to 4.

Hawkins came back with 5 runs of their own and never surrendered the lead again. They were paced by five men who collected three hits each but Early Hall's 3 for 3 put him in the league's top batting spot.

For Reynolds the hits were evenly divided. They collected 10 blows off McCarthy and capitalized on 10 Hawkins errors. They set a new single game base stealing record with 8 stolen bases.

Line score:
Reynolds —0 0 0 8 0 3—11 10 8
Hawkins —4 0 0 5 7 0—16 18 10

Local Post Office Issues Forms for C. S. Exams

Examinations were announced today by the U. S. Civil Service Commission for Occupational Therapist, Physical Therapist, and Pharmacist, \$3,100 to \$4,600 a year, and Warehouse Examiner (Cotton), \$3,100 to \$3,825 a year. The warehouse examiner (cotton) positions are in the Production and Marketing Administration of the Department of Agriculture and are located in the cotton-producing territory throughout the United States. All of the other positions are in hospitals and regional offices of the Veterans Administration throughout the United States and in Puerto Rico.

To qualify for occupational therapist and physical therapist positions, applicants must be graduates of approved schools of occupational therapy or physical therapy. In addition, for jobs paying \$3,825 and \$4,600 a year, they must have had appropriate professional experience. No written test will be given.

Applicants for pharmacist positions must have completed a 4-year course in pharmacy and have a bachelor's degree from an approved school; or they must have a master's, doctor of philosophy, or doctor of science degree with a major in pharmacy from an approved school. All applicants must be currently registered as a pharmacist in one of the States or Territories of the United States, or in the District of Columbia. For positions paying \$4,600 a year, they must also have had two years of professional experience in pharmacy. No written test is required.

Applicants for warehouse examiner (cotton) positions must have had three or four years, depending on the level of position for which they apply, of experience as a cotton warehouse examiner in connection with the administration of the U. S. Warehousing Act or other responsible experience connected with cotton warehousing. Appropriate education above high school level may be substituted for experience at the rate of one year of education for 9 months of experience. No written test is required.

The age limits for all of these positions, 18, to 62 years, will be waived for persons entitled to veteran preference.

Applications for the Occupational Therapist, Physical Therapist, and Pharmacist examinations must be filed with the Executive Secretary, Committee of Expert Examiners, Veterans Administration, Washington 25, D.C. They will be accepted until further notice. Applications for the Warehouse Examiner examination must be filed not later than August 8, 1950, with the U. S. Civil Service Commission, Washington 25, D.C.

Full information and application forms may be obtained from the Commission's local secretary, Mr. Billie R. Proctor, located at the Post Office, from civil service regional offices, or from the U. S. Civil Service Commission in Washington.

To the Citizens of Cochran County

Some few months ago I announced for re-election to the office of County and District Clerk and in so doing I said that I would make a formal announcement at a later date, which I am doing at this time.

There is no need in a long story here, as I feel that I will be better qualified to serve you in the future than in the past, because of my experience as your County and District Clerk. If you feel that I have fulfilled my duties in serving you, I would sincerely appreciate your continued support and influence. If I am elected I will assure you that I will continue to serve you to the best of my ability and render to you the services that you as a citizen are entitled to receive from a public servant.

I want to thank each and every one of you for the splendid support that you have given me in the past. My vocabulary isn't large enough to really express my thanks for the trust and confidence that you have given me.

I planned to see each and every one in the County before Saturday, July 22nd, but due to the great amount of work in the office I have been unable to get out and see you as I had planned to do, because I felt it my duty to carry on the work in the office.

When you go to the polls to hire you a public servant for the office of County and District Clerk Saturday, July 22nd, please consider my name carefully. If I didn't get a chance to see you personally, please bear in mind that I would have, but I am drawing your tax money as my salary and that I was trying to fulfill my duty to you in return.

Again, I want to thank you for the wonderful support in the past and your consideration Saturday, July 22nd.

Respectfully Your Friend,
T. W. (Joe) Pierce.

Will Wilson Endorsed By Judges, Lawyers

"Men who know Will Wilson best have placed their stamp of approval on his candidacy for the Supreme Court of Texas," says Hugh Lyerly, campaign manager for the Dallas candidate. "In the only two major lawyer association polls in Texas—Dallas County and Tarrant County—Will Wilson was officially declared the best qualified candidate for the Texas Supreme Court, Place 1."

Wilson served as Assistant Attorney General under Gerald C. Mann and Grover Sellers. He is now completing his second term as Dallas District Attorney. He was a combat veteran in the last war, being awarded the Bronze Star for gallantry in action. He is the only veteran in the race.

"As Dallas County's District Attorney, Wilson has attracted nation-wide attention for his racket-smashing," says Lyerly.

To the Voters Of Precinct 1

I have tried to see everyone but know that I have missed a few. To those that I have missed, I hope you will take this as a personal appeal. I have tried to do my best and will continue to do so if I am your choice. I have devoted all my time to the office and tried to handle it to the best advantage of Cochran County.

If I am re-elected as Commissioner, all I can promise is that I will do my best. Your vote and influence will surely be appreciated.

Yours sincerely,
L. M. Baldwin.

Giles to Make Radio Report Tonight at 7:30

State Land Commissioner Bascom Giles will report to Texans upon the development of the state public school and university lands Thursday at 7:15 p.m. His address will be broadcast over a special network of 22 stations.

Giles, under whose direction the two school funds have passed the staggering total of \$250,000,000, seeks re-election to the office he has held since 1938.

Giles' radio report will also discuss the "tragedy of the tide-lands," the fight by Texas to retain possession of oil-laden submerged lands adjacent to the Texas coast. Giles, first state official to urge Texas action to hold these valuable properties, has been in Washington often pleading the cause of the Lone Star State.

In his radio address Commissioner Giles will also report on the development of the \$25,000,000 Veterans' Land Program, which he originated and sponsored, and will discuss his plan to expand the present program.

One of the few state elected officials to "come up from the ranks," Giles has spent 30 years in the General Land Office. In 1938 he made his first political campaign, winning over a strong field in a stunning upset and has never had serious opposition since. Two years ago he won easily over three opponents without a runoff.

Father of two sons and proud of two young grandchildren, Giles comes of a respected and venerable Texas family. His family has owned the same farm in

PRESTON SMITH REPRESENTED

Tom Ireland of Lubbock was in Morton Tuesday on behalf of Preston Smith, candidate for Lieutenant Governor.

Mr. Ireland in speaking of the candidate said, "The people of West Texas have been well served by Preston Smith as representative and his friends feel that he is well qualified for this higher office."

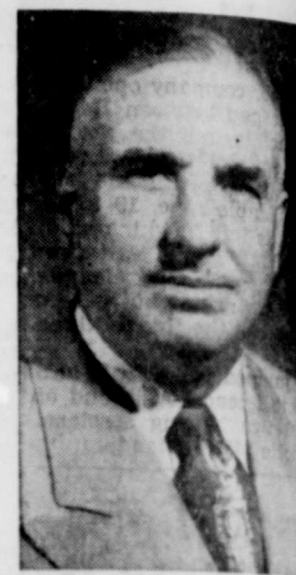

Be sure to go to the polls and
Vote, Saturday, July 22, for the
Candidates of your choice.

STATEMENT TO VOTERS BY J. C. MILLER

I have been a citizen of Cochran County for 10 years, a taxpayer in the county for 17 years. If elected to the office of Commissioner Precinct 1, I promise my best efforts toward efficiency. Your vote and influence will be appreciated.

Sincerely,
J. C. (Joe) Miller.

VOTE FOR Herbert C. Martin Of Littlefield, Lamb County FOR COURT OF CIVIL APPEALS Court of Civil Appeals At Amarillo, Texas

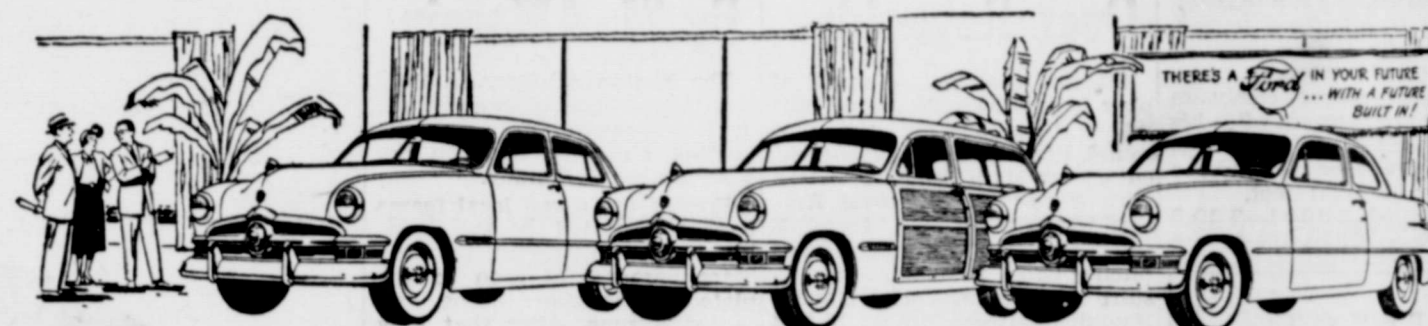

HIS AGE: HERBERT C. MARTIN is 49 years of age, while his opponent will be in his 80th year before the term expires.

RESIDENCE: MARTIN resides at Littlefield in Lamb County in the Panhandle-South Plains Section, his opponent at Vernon in WILBARGER County on the extreme East end of the district.

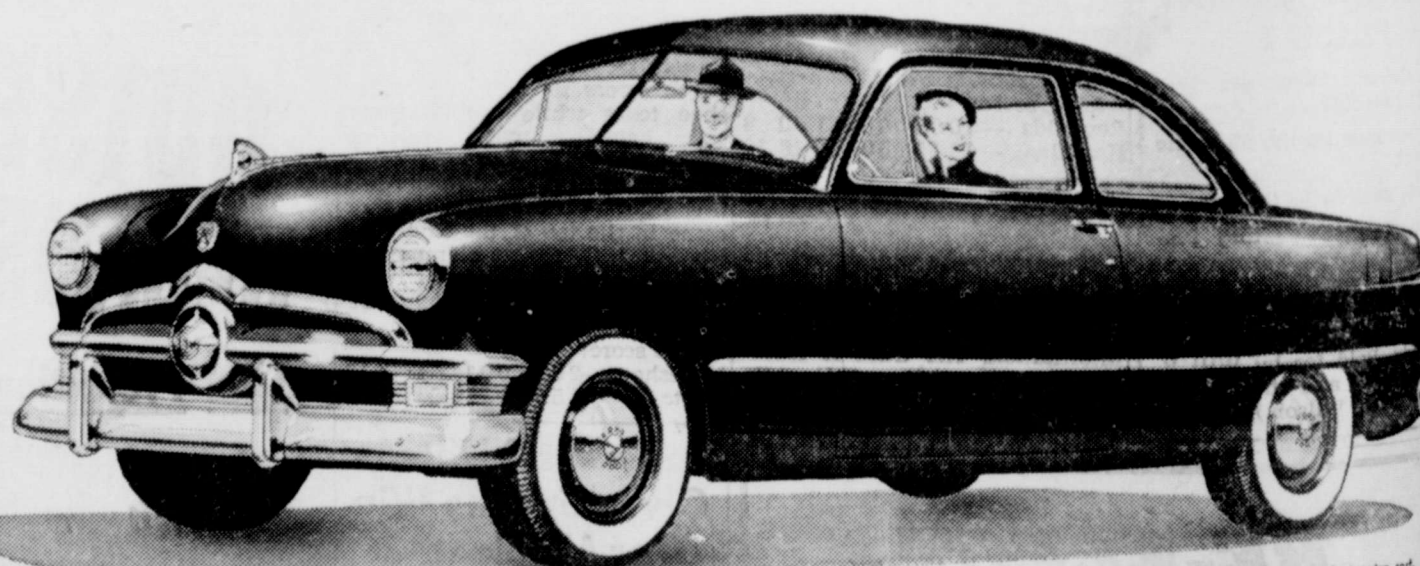

Out of the 46 Counties in the District, 40 of said Counties (including LAMB) have never had a representative on the Court, while WILBARGER County continuously has had from 1 to 2 representatives on the three Judge Court since its creation in 1911, nearly 40 years ago.

FITNESS: MARTIN is a graduate of Lubbock High School and of the University of Texas Law School. With a background of 21 years real experience spent as a trial lawyer (4 of them as District Attorney), Martin is qualified to serve as Appellate Court Judge.

Meet America's Savingest "SIX"

NEVER BEFORE did any "Six" combine such a low purchase price . . . such economy of operation . . . and so much "go." And you'll find Ford's new "Six" is so smooth you can hardly hear it . . . for its new design has "hushed" its voice down to a whisper.

TRY THE "MID SHIP" RIDE

You can pay hundreds more and still not equal the comfort of Ford's road-hugging "Mid Ship" Ride . . . or the quiet of Ford's sound-conditioned "Lifeguard" Body. With Ford's 35% easier-acting King-Size Brakes, it keeps you safe and snug.

IT'S A COMPANION IN QUALITY TO FORD'S SILENT NEW V-8

Yes, "Six" or V-8, you're sure of smooth, silent quality at rock bottom price. Ford's V-8, you know, is the type of engine powering America's finest cars—yet it sells for hundreds lower than most sixes. And Ford's "Six" costs even less.

Claud Drennan Makes Statement

I am announcing my candidacy for the office of Sheriff-Tax Assessor and Collector for the election to be held, Saturday, July 22.

I am a veteran of World War II, serving in the capacity of M.P. (Military Police). I served as Deputy Sheriff for our present sheriff, Herman D. Crockett. I have been a resident of Cochran County for six years.

I have tried to see every county resident and those I have failed to see, I will try to contact before election day. Due to my crop, I have had difficulty finding time to see each of you. I would sincerely appreciate your consideration for the job of Sheriff-Tax Assessor and Collector.

My past record should be a good recommendation of my qualifications for this office.

I am married and have two sons. I live on the G. L. project South of Lehman. The office I am seeking is one of the most important and responsible offices in the county and I feel that I am qualified to meet the service of the people of Cochran County in any of their problems.

When you go to the polls, Saturday, July 22, please consider my name carefully. Anything you can do will be appreciated. But I ask that it be understood, I am running for this office on my own, independent of group backing. I will be obligated to no person or groups of persons.

Yours respectfully,
Claud F. Drennan.

Lehman Box Supper, Rally Nets \$260.00

A box supper and candidate rally at Lehman last Friday night brought \$260.00 for the H. D. Club treasury, it was reported by Mrs. P. E. Liles.

Cochran county candidates for political office as well as Forrest Weimhold of Levelland and Waggoner Carr of Lubbock, candidates for representative; C. L. Harris and Travis Shelton, of Lubbock, candidates for District Attorney were present.

The Club asked the Tribune to express appreciation to all who attended.

Be sure to go to the polls and vote, Saturday, July 22, for the Candidates of your choice.

Hayes Robbins Honored on 74th Birthday

Thirty-seven friends and neighbors were guests at a barbecue dinner on the back lawn at the Hayes Robbins Home, Whiteface, Saturday night, July 15, in honor of Mr. Robbins' 74th birthday.

A birthday cake was presented the honoree by his wife; gifts were received from friends. Mrs. Hughes read a sketch of Mr. Robbins' life. Other offering entertainment were Rev. Hughes of the Whiteface Baptist Church and Rev. Clarence Bounds, pastor of Whiteface Methodist Church.

Concluding a sing-song of familiar hymns the group bid the honoree good night and Happy Birthday by singing, "God Be With You Till We Meet Again."

Beldon Poll Places Brooks In Race Lead

Pierce Brooks, Dallas insurance executive candidate for lieutenant governor, hails the Beldon poll which shows him far in the lead of all his opponents, as convincing proof that the runaway cost of state government is the number one concern of the people.

Brooks is campaigning for lieutenant governor on a platform calling for the elimination of waste and extravagance in the operation of the state government and a curb on any new taxes until the state's financial affairs are put on a sound business basis.

"Our state government," Brooks says, "is composed of 188 boards, bureaus and commissions which perform not more than 20 clearly defined functions. It is a hodge-podge of disjointed agencies lying around loose and spending all the money they can get. The whole procedure violates every principle of sensible and economical conduct of good business."

Brooks believes that two-thirds of these boards, bureaus and commissions should be consolidated in order to eliminate the endless duplications and overlappings, so that the people can understand what is happening and receive a fair return for their tax dollars.

Cochran County Vacationers Take To High Roads

Mr. and Mrs. J. W. McDermott and son, Don, left last week on a vacation trip to the Northwest.

Dr. and Mrs. Darwin Stringer and son, Tony, have returned from a visit in Lampasas and other central and east Texas points.

The Elmer Gardner family have returned from an annual vacation trip.

MRS. CORNWELL, DAUGHTERS VISIT HERE FROM OKLAHOMA

Mrs. Paul Cornwell and daughters, Pat and Peggy, of Oklahoma City, arrived here last week for a visit with Mr. and Mrs. C. A. Baird, parents of Mrs. Cornwell.

Several courtesies have been extended the visitors including a dinner party Friday night at the Baird home and a dessert and home movie party at the Carl England home Sunday evening.

Will Wilson Is Covering State In His Campaign

Austin.—Texas has seen much of Will Wilson of late. The Dallas County District Attorney, who is candidate for the Supreme Court, has campaigned vigorously in West and South Texas since he announced his candidacy in Austin the latter part of May. His plans include visits to East Texas and other sections of the state during his campaign tour.

"Justice is the only thing that a candidate for the Texas Supreme Court can promise voters," Wilson stated in addressing the Army and Navy Association in San Antonio Thursday. "I pledge, if elected, to add my efforts to those of the present court, toward this end."

Wilson, the only veteran in the race, returned from World War II service in the Southwest Pacific with a desire to enter public life. He was elected Dallas County District Attorney in a five-man race in 1946, and re-elected two years later by an overwhelming majority.

His drive in Dallas against organized crime has attracted national attention. Formerly president of the District and County Attorney's association of Texas Wilson is now chairman of the Texas Bar Association's steering committee to modernize the State Penal Code.

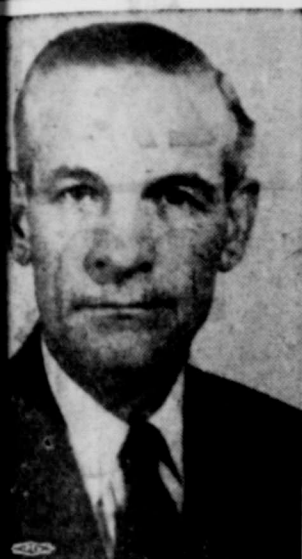

Wilson attended the Dallas public schools, and then earned a science degree from Oklahoma University and a law degree from Southern Methodist, working as a roughneck in the oil fields to finance his education.

During the war he saw active combat on Biak and Luzon, he accepted the surrender of the forces of General Yamashita, infamous Japanese military leader. During his service with the Army, he earned a bronze star for voluntary patrol behind Japanese lines.

Before the war, Wilson was trial lawyer for a large Dallas civil law firm, later resigning to become Assistant Attorney General under Gerald Mann and Grover Sellers. He specialized in trial work for the state, successfully prosecuting cases involving millions of dollars of endowment funds for the public schools.

"To the Supreme Court, I will bring the vigor of my middle years and the experience of a court room attorney, fresh from the trial of contested lawsuits for the people of Texas," says Wilson. "I hope to carry on the tradition of fine public service to which Judge Taylor has devoted his life." It is retiring Judge W. M. Taylor's place on the Supreme Court bench which Wilson seeks.

Early season cotton insect control, when started and stopped at the proper time, insures early fruiting, earlier maturity, reduces boll weevil hazards, makes possible earlier harvesting, earlier stalk destruction in the fall and under favorable conditions yields will be increased.

Interest In Texas Election Lags

The sizzling international situation which finds the United States on the verge of a full fledged war with Communism, has dimmed interest in the coming primary elections Saturday to an almost unprecedented low.

Statewide, in the races for state and district offices, the usual campaign promises have lost all their sting with the voters whose eyes are glued to the news columns from Korea.

To offset this lagging interest, candidates for state, district, and local offices are redoubling their efforts to get voters out to the polls Saturday. It begins to look as though only local offices will provide much interest.

The major reason for a lack of interest can be traced to the lack of opposition in so many offices. Even before the situation

grew tense in Korea, major issues were few and far between.

One issue of great concern to West Texas, is the problem of whether or not the state will finally be redistricted and who will get their credit for the job. Virtually all candidates for major offices have been forced to promise West Plains voters quick results on this long smoldering problem. Naturally, candidates for state legislature posts are those who are mostly concerned with this issue and Forrest Weimhold of Levelland is waging a clean but close battle with Waggoner Carr of Lubbock although both promise practically the same settlement.

Tax problems and the U. S. Supreme Court action in the tidelands case are major issues in the state. The White-Negro seg-

regation has been upset considerably by court action and candidates find themselves in the odd position of having to condemn this action but still maintain a belief in upholding the law.

One paper points out that, "The schools, a big issue in 1948 before the passage of the Gilmer-Aikin laws, aren't getting much of a play this year."

Caso March, a third time candidate for governor, isn't expected to give Gov. Allan Shivers much of a battle in his race for a first elected term in the top office. March has waged a vigorous battle getting in a few personal blows but it seems as though the people of Texas are decided to stick with Shivers for another term.

None of the major candidates have seen fit to visit Cochran County although Gov. Shivers did get as close as Lubbock. Political big wigs are predicting that the governor will win that seat without even being forced into a runoff.

The lieutenant-governor fight may be the closest of all despite the seeming lack of interest throughout the state in general. Pierce Brooks and Roger Q. Evans are expected major candidates for that post but in the Plains most of the voters are expected to line up solidly behind Preston Smith, state representative from this area and this support may carry him a long way. Ben Ramsey, W. O. Reed, Kyle Vick, Fred "Red" Harris, and Cyclone Davis Jr. are other major candidates.

Price Daniel is unopposed for Attorney General but the three justice seats are hotly contested. Will Wilson of Dallas is opposed by Fagan Dickson of Bexar county and Walter Wray, a home county opponent in the Supreme Court, place one, race.

Hicks Harvey, Robert W. Calvert, and Alfred Scott are vying for place two on the Supreme

Court. The incumbent in the third seat, Meade W. Griffin of Hale county has three opponents.

G. H. (Hobert) Nelson, a Lubbock man is in the race for Judge of Court of Criminal Appeals but with seven opponents its a toss up to determine the winner.

The Railroad Commission post, which usually is the goal of half a dozen candidates, has only one aspirant. Jesse James is unopposed for another term as treasurer. Joseph McGill of El Paso is a cinch winner as candidate for court of civil appeals, eighth district.

Other well knowns who are expected to retain office are: Bascom Giles, commissioner of the general land office; J. E. McDonald, commissioner of agriculture; and George Mahon, 19th District representative.

The battle between Travis Shelton and C. L. Harris for the District Attorney post in the 72nd Judicial District should arouse some interest here since both men are from Lubbock county of this area.

Turning to the local picture, the battle for Sheriff and the other two titles that go with it, is topmost. The incumbent, a twice former candidate, a former sheriff, and a novice are entered.

Three other races are supposed to kick up some local dandruff. Four men are candidates for the County Judge post which is being surrendered by Glenn Thompson without a battle. Two young veterans are contesting T.

W. (Joe) Pierce in his attempt to gain another term in the office of County-District Clerk. Five men are running for county commissioner of Precinct No. 1 in a wide open race.

Late rallies and on the street campaigning are being made in a last ditch effort to get the voters out but in the battle for 21 county posts and 17 state, district and national offices, less than 60 per cent of the eligible voters are expected to turn out.

Judge W. N. Stokes

Candidate For Re-Election as Associate Justice of the Court of Civil Appeals, Seventh Supreme Judicial District.

Judge Stokes has been an associate justice on the court during the last thirteen years. Before becoming a member of the court, he was a District Judge and practiced law in all the courts. He submits his seasoned experience and training as qualifications which justify the people re-electing him for the ensuing six-year term.

His candidacy is subject to the pending Democratic primary election, and your favorable consideration will be appreciated by him.

Meade F. Griffin Announces For Judge, Place 3

A veteran of World War I and World War II, who was appointed to the Supreme Court by the late Governor Beauford Jester, is running for his first elective term to the state's highest judicial office. He is Judge Meade F. Griffin of Hale County.

Judge Griffin was born at Cottonwood in Callahan County on March 17, 1894. He moved to Tulsa in 1914.

Young Griffin worked his way through the University of Texas, obtaining a law degree in 1917. That same year he graduated from the First Officers' Training Camp in Leon Springs as a captain in the Infantry. He was assigned to Camp Travis where he served until October 1, 1918, after being promoted to a Major. From Camp Travis he went to Camp Sheridan at Montgomery, Ala., serving there until his discharge on December 8, 1918.

Following World War I, at age 24, Griffin returned to Tulsa.

served as county attorney of Swisher County, and was elected Mayor of the City in 1919.

In 1920, Judge Griffin moved to Plainview and practiced law with firm of Kinder and Russell until 1923. He served two terms as county judge of Hale County from 1923 to 1926, and was district attorney for the 64th Judicial District from 1927 to 1934.

In 1935 Judge Griffin returned to private practice, with the firm of Griffin and Morehead, in Plainview. He was associated with that firm until his appointment as Associate Justice of the Supreme Court on April 1, 1949.

except for the time spent in service in World War II.

The call to colors found Griffin back in uniform on July 27, 1942. He became a Lt. Col. in the Infantry, serving as Chief of the Training Division at Camp Shanks, N. Y. In May 1945, Griffin was detailed to the Judge Advocate General's Department. He helped establish the Trial Section of War Crimes Branch of the U. S. Army, and became Chief of the Prosecution Sub-section at Wiesbaden, Germany. He was discharged as Colonel of the Infantry on December 9, 1945 and holds a reserve commission in the Judge Advocate General's Department.

Judge Griffin served as a member of the board of directors of the Texas Bar Association from 1939 to 1942; was a member of the Advisory Hospital Council of the State of Texas from July 1947 to April 1949.

Griffin's life has been an active one which has earned him the reputation of being a hard working lawyer with a broad field of experience. This accounts for his energetic campaign for election to place three on the Supreme Court of his native state.

Ben Ramsey Is Campaigning For Lt-Governor Post

Ben Ramsey, former Secretary of State and candidate for lieutenant governor, is moving into the favorite's position in the race, the Lufkin Daily News said in an editorial.

As Ramsey completed another campaign swing in his whirlwind tour of the state, he reported that although the news from the Korean battlefields had overshadowed interest in politics, he was still encouraged by the pledges of support he was receiving across the state.

His most recent campaign swing carried Ramsey through a large portion of East Texas, winding up at his hometown, San Augustine, where the candidate took time out to catch up on chores around his 200-acre farm. Ramsey sprayed his cattle which were bothered by flies in the July heat, and made a tour of pasture lands where the vetch had been knee-high just before his return home. Dallas grass had completely halted erosion in one section of the pasture.

The editorial in the Lufkin Daily News endorsing Ramsey's candidacy for lieutenant governor said in part:

"Ramsey served two terms as state senator from this district and his legislative accomplishments were many. Throughout his career he has stood for economy and soundness in government, and firm against leftist experiments and wasteful spending."

"Following his retirement from the state Senate, the late Governor Beauford Jester gave Ramsey still further honors by appointing him Secretary of State. He held this office with customary capability into the administration of Governor Allan Shivers, resigning the post to enter the race for lieutenant governor."

"All those who have known Ramsey through his years of public service know that if elected lieutenant governor, he will make Texas a most capable state official. More and more Texans are learning this fact daily, and as he becomes better known throughout the entire state, Ramsey moves into the favorite's position in the campaign sweepstakes."

EDITORIALS

You, Mr. Voter, Also Have a Duty

This is election week in Texas and the job before the citizens of this state and any other state that will elect its county, and state officials is tremendous.

Generally speaking, people don't appreciate lectures. By the time they reach voting age, they have heard time and again the reasons why they should vote. They've heard about their freedoms, their blessings, and all the things that go with a democracy. They know, down in their heart, that they wouldn't trade places with very many British, German, Japanese, Italian, or even Canadian people.

But at this time the horizon is heavily clouded. The tense situation in Korea brings back to us with stark realization the horrors of a war that perhaps was never concluded. It brings memories that have had no chance to die, only the opportunity to slightly fade.

Some of our bravest generals in years not so long ago; some of our most intelligent educators; some of our foremost preachers have warned us that when hostilities break out, pacifism must go. Now, with American blood being shed on far away battlefields, there is no room in our local or state government for would be makers of a concession peace.

The time for that "quick peace" passed a few years ago when we Americans were once again tripped up at the conference table. Our reputation as good fighters and poor diplomats was once again enhanced, following the last World War. But this is not an editorial advocating war mongering. This is not an editorial preaching the blessings of war. This is an editorial appeal to the people of Cochran county, West Texas, and all over the country to be sure that after Saturday night the right men are in office.

We must not only put in office the men who have the interests of West Texas at heart, but the men who have at heart the interests of our wounded and dying soldiers. War has arrived just as surely as if it had been declared. If you would doubt this fact, just ask any of the thousands of boys who are in Korea at this very minute.

No, let us not forget for a minute that our job is tremendous. Just as big buildings are put together brick by brick and plank by plank; so governments of action are built up man by man. This is a time for action, not foolish, irrational action, but action stimulated by quick, logical, and precise thinking.

None of us can determine now just how important this election may be. None of us dares guess how far this conflagration may spread before another election rolls around. This is no time for guesses. Just as carefully as you know how, consider the men that are candidates for election, Saturday. Consider them as candidates but don't forget to also consider them as men.

And on Saturday, be able to vote with determination. Vote with the confidence that, come what may during the next two years, your state and county will have capable leaders at the helm.

Put In a Word For West Texas

Twice in the past thirty years the representatives of the West Texas area have allowed the state legislature to convene and recess without tending to very important business called for in a constitutional provision.

The business, that of redistributing the state to allow equal representation in both the upper and lower houses of state government, must be attended to quickly before the fast growing West Texas area is stifled to death.

Although the state is supposed to be redistributed after each census according to population shifts, the last such business was attended to in 1920. Obviously, many of the counties in the 119th legislative district had little or no population. At least one county, our own County of Cochran, was not even founded when this plan was put into effect.

Recent census figures have shown that the West Texas area has a large proportional increase in population during the past ten years. So great has been the gain, that our representation is far too small.

Steps have been taken to correct this situation. The last congress set up a board under a constitutional amendment. The duty of this board is clearly defined to "attend to the redistribution of the next legislature which meets in January fails to do it."

Instead of meriting 3 Representatives out of the 150 in the state, our 19th Congressional District needs eight. One should be allowed for each 50,000 population in the district. The entire 9-county, 119th Legislative District has only one representative when it should be allotted four or more.

Somewhat the same inequality exists in the Senatorial districting which finds some counties with a Senator for less than 240,000 populations and other counties lumped together with twice the population and only one Senator.

Seizing upon this fact as one of utmost importance, some candidates for Legislature have included it in their slates. We cannot afford to have the Legislature again shirk this task. We cannot afford to have this important measure left up to a board, perhaps made up of persons who are not directly interested in West Texas.

Be sure you send a man from the 19th congressional district and one from the 119th legislative district that will get the job done with an eye toward the future of West Texas.

Voting Tips

DON'T FORGET TO VOTE SATURDAY. Polls will be open from 8 a.m. to 7 p.m. We have one election box in Morton, Precinct 1; two boxes in Precinct 2, two boxes in Precinct 3, and one in Precinct 4. What Is This El Paso Union Wage Injunction Suit?

Has Attorney General Daniel a home-grown Tidelands Case on his hands in the El Paso Union Wage Rate Injunction Suit against the Highway Department?

In the Tidelands decision the U. S. Supreme Court deprived Texas school children of millions and millions of sorely needed dollars. The El Paso Union Wage Rate Case is aimed at depriving the state, cities and counties of millions and millions of sorely needed dollars worth of highways, streets, roads, water and sewer facilities already financed or to be financed.

The Texas Legislature passed a Prevailing Wage Law 17 years ago. It conferred on the state and political subdivisions thereof, such as cities, counties and school districts, the sole power and responsibility of determining prevailing wage rates to be paid on public works of "a similar character." It said the decision of the political agency awarding the contract for such work "shall be final."

Six times the AF of L's State Federation of Labor vainly sought to have the legislature change that law by taking away from state, city and county authorities the right to control the spending of their own money on public works wages and place it in the hands of the State Commissioner of Labor.

In the face of those failures, El Paso AF of L Building Craft Unions are seeking by court action to permanently enjoin the state's work in El Paso County unless the Highway Department will adopt "Building Construction" union rates on "Highway Construction," something that has never been done before in Texas by the Highway Department.

This is because there has been for many decades a differential in wage rates between those paid in "Building Construction" and those paid in "Highway and Heavy Construction."

In 1949 Texas' total volume of "Highway and Heavy" or "Engineering Construction" as it is sometimes called, was \$153,700,240.

If the Attorney General fails to defeat the AF of L's effort to get Texas courts to overrule the legislative mandate that the wage determination of the Highway Department "shall be final," the people of Texas will get from 20 to 25% less badly needed roads, streets, water and sewer facilities. That means \$30,000,000 to \$40,000,000 promised or expected public works will be wiped out by AF of L action, just as many many millions of the Texas school children's expected aid was wiped out in the Tidelands Case.

It further means a loss of autonomy or "home rule" for every county, city and school district in Texas, so far as control of its public works wage money is concerned.

Is the El Paso Union suit an isolated case or merely a significant part of a carefully mapped plan to laborize all government in Texas, as the Washington government has been laborized? Let's look at the record. It shows how so far isolated cases are following an overall pattern.

In the spring of 1948 the Houston Building Unions made an all-out effort, just a few months before a city election, to have the City Council order union "building rates" on \$60,000,000 worth of specific engineering construction improvements for which bonds had been voted. Such action would have deprived the people of Houston of at least \$12,000,000 worth of those solemnly promised facilities. The Council rejected the AF of L's demands and the people got what they had voted for.

In 1949, Galveston AF of L unions made similar demands on the County Court which had a \$6,000,000 bond issue to spend on a county-wide system of roads. Rather than short-change the voters to the extent of \$1,200,000 worth of pledged roads the court ignored the unions' high-pressure plea.

In January, in the same week the El Paso unions appeared before the Highway Commission with the same plea, the Houston unions repeated their Galveston demands on the Harris County Court. They failed in Harris County. That failure was followed a month later by the Highway Commission's rejection of the El Paso demands.

In the course of the Highway hearing of the El Paso case, a heretofore closely guarded union secret was revealed. It was that El Paso City Council and El Paso County Court had yielded to the same union pleas that the Houston Council and the Galveston and Harris County Courts had rejected.

However, before the Highway Commission acted, it delayed calling for bids on a big Overpass job in the heart of El Paso, while it thoroughly studied the union contentions. Then it called

for bids at the March letting upon the demand of citizens in all walks of life.

It was then, relying on its plea that the Highway Commission should be governed by the action of El Paso City and County authorities and establish higher wage rates in El Paso County than it, upon a thorough survey, had established in any other city in the state, and 33-1/3% higher than was being paid on current highway work in El Paso County, that the unions filed their injunction suit in the 53rd District Court in Austin.

From the first, the Attorney General contended the decision of the Highway Commission was "final," as the law says, and not subject to question by the court. He put on evidence to contradict that presented by the unions. When their case was completed the District Court sustained a motion by the Attorney General to dismiss the suit on the ground that the unions had failed to make a case even if the court had a right of review, which the legislature had expressly denied.

The unions then went to the Austin Civil Court of Appeals on appeal. That court wrote out of the law its provision that the public body's determination "shall be final" and ordered the case returned to the District Court on the ground that the courts did have a right to consider the case and that a full hearing of the facts should be had. It said the injunction asked should be issued unless the Highway Commission could contradict the evidence previously submitted ex-parte by the unions.

The Attorney General, acting for the Highway Commission, is preparing to ask the Supreme Court for a writ of error on the grounds that the Court of Appeals has ignored the plain statement of the law that the Highway Commission's decision "shall be final." Part of his pleadings will be based on a U. S. Supreme Court decision denying anyone the right to obstruct or delay the functioning of administrative government agencies by seeking injunctions in prevailing wage rate determinations. Also will be stressed the law's "shall be final" order.

Should the Supreme Court uphold the Court of Appeals' decision the opportunity will be present for unions to delay or permanently stop all public works of a nonfederal character unless wages agreeable to the unions are stipulated upon their arbitrary demand.

The union drive for union wages on a dissimilar "character

of work" was revealed in the midst of the Civil Court of Appeals consideration of the El Paso-Highway Case by an Amarillo injunction suit. The Amarillo Building Trades Council sought to enjoin the City Council from letting a wholly city-financed Overpass Project at the exact wage being paid there for "work of a similar character."

Fagan Dickson Seeks Place One Judge Post

More than seven years of fighting the people's battles against monopoly, waste of natural resources and public school fund raiders as a key member of the State Attorney General's Office have earned him a promotion, says Fagan Dickson of Austin and San Antonio, candidate for the State Supreme Court, Place One.

"My opponent has bought all the billboards," said Dickson. "I can only offer my services on the basis of my qualifications. My 21 years experience as a trial lawyer, representing small, independent clients and the state in Texas civil courts, I believe have fitted me for service on the highest civil court."

Three attorneys general appointed Dickson to head departments. Jerry Mann made him chief of the land division. Grover Sellers made him head of the oil and gas division. Price Daniel made him First Assistant Attorney General.

"As first assistant, I issued more than 100 opinions to state departments, none of which has ever been overruled," said Dickson. "This is identical with the work done by judges on the Supreme Court. I urge you to compare the qualifications of all candidates, and have confidence in your judgment."

Dickson resigned as Attorney General Price Daniel's first assistant last year in order to make the race on his own time. He asked the people to get the facts about whether other candidates have been as fair with the taxpayers.

The former president of the San Antonio Bar Association is 46, a deacon in the Christian Church, is married, and has a family of three.

Lightning Destroys 750 Barrel Tank at Texas-Gulf Lease

Recent electrical storms were the cause of considerable damage in the county. In addition to knocking out the transformer a few weeks ago, a bolt of lightning struck and set afire a 750 barrel wooden tank at the Texas Gulf Lease. The tank was completely destroyed but fortunately winds did not carry the fire to any other buildings.

Uncle Jim Hides Behind Initials on Election Ballot

Morton and Cochran County has at least one candidate in the election coming up Saturday, who has the voters slightly mixed up. In the race for County Commissioner of Precinct 1, the candidate listed as J. O. Hill is none other than Jim Hill otherwise known as Uncle Jim who farms on the western edge of Morton.

Hazel Hancock's Final Statement To the Voters

Early this spring, at the request of a great number of Cochran County citizens, I announced my candidacy for the office of Sheriff-Tax Assessor and Collector. I feel that I need no introduction to the citizens of Cochran County as I have served as your Sheriff, Tax Assessor and Collector for a period of 8 months in 1948 by appointment of the Commissioner's Court to fill out the unexpired term of my father, the late Mac W. Hancock who was killed in an auto accident while returning from Huntsville Penitentiary where he had delivered two prisoners.

Having served in this capacity a short time, I fully realize the responsibilities and duties of this office. They are as follows: Assessing all taxes of this county and collecting said taxes which amount to more than 400 thousand dollars (\$400,000) per year; personal and property plus auto license tax and rendering same into their proper channels such as state, county schools common district schools, state highway department, comptroller, county auto registration fees and state auto registration fees, and turning over of same to County Treasury and state collectors at Austin. All this must be supervised by your sheriff, tax assessor and collector. To this must be added the duties of sheriff's office: keeping peace and bringing before the 3 courts of this county (Justice, County and District) all violators of laws.

I like this kind of work, need a job of some kind, and I surely could use the salary paid by this office. If you see fit to elect me for the next term, I will do my very best to discharge the duties of this office to the best of my knowledge and ability.

I assure you that I am running this race on my own merits. I will not be obligated to any one group or clan. My obligations will be to the citizens of this county and to the duties of the office.

I say again, I will greatly appreciate your vote and influence. Thanking you in advance for all consideration shown me, I remain, sincerely your friend,

Hazel Hancock.

To the People of Precinct No. 3

In my candidacy for the office of commissioner of Precinct 3, I have done my best to see every voter in our precinct; and if I have failed to see everyone of the voters, I take this method of asking you for your consideration of my candidacy for commissioner of our precinct, and will appreciate your support, and if elected, I will serve you to the best of my ability.

I have been a resident of precinct 3, and Cochran County for 20 years and have never asked for a public office before.

Thanking you in advance for any consideration that you may give me. Yours very truly,
W. G. Griffin.

To the Voters of Precinct No. 3

I, E. V. Thompson wish to state that I have lived in the County since 1936 and am 34 years old and asking for the Commissioner's office of Precinct No. 3 of Cochran County.

I am a World War veteran of World War II.

Appreciating your consideration and your vote Saturday the 22nd for the office.

I want good, clean and efficient Government for Cochran County.

Views on Farm Program Voiced By McDonald

Veteran Commissioner of Agriculture, J. E. McDonald, has definite views on a national farm program.

He believes in a two-price system for marketing agricultural products—a full parity price for that portion allotted for consumption in the United States, this allotment to be made in units such as bales, bushels or pounds and NOT in acres—and the farmer left free to produce in excess of American needs for sale in foreign markets at world market prices.

McDonald believes that each commodity should finance its own program.

"Cotton should finance the cotton program," McDonald explained, "wheat the wheat program, etc., making it unnecessary for Congress to appropriate funds out of the Federal treasury."

"This program would enable the American farmer to have purchasing power with which to live by American standards and, at the same time, place him in the best position to maintain and extend foreign markets for our agricultural products, which is so essential for full employment on the farm and in the factory."

"Any farm program that does not benefit other essential American groups as it does the farmer himself will fail and should fail," according to the Texas Commissioner of Agriculture.

"Statistics show that only with a prosperous agriculture can we have national prosperity and full employment," McDonald stated.

POLLS ARE TAKEN ON EVERYTHING IMAGINABLE

A couple of weeks ago at the Texas Press Association Convention in Fort Worth, we heard a talk on the art of writing columns, and the speaker suggested as a topic the interesting statistic that "Murders committed at the breakfast table are only 1.5 per cent of those actually considered." Being of that great fraternity of men who take the morning newspaper along with the morning coffee, however, we have decided on sober second thought not to pursue the topic any further.

We think colleges are wonderful institutions . . . and sometimes educational. Down at Texas Tech, for example, they've conducted a public opinion poll and come up with the amazing intelligence, according to this headline from the Pampa Daily news, that

POLL FINDS MOST PEOPLE PREFER LOW-COST BURIALS

Now we think that's a fascinating bit of information, well worth going to college for. We hadn't honestly considered the question before, but if they asked us, we think we wouldn't prefer any burial at all . . . at least not right away. — Canadian Record.

A FORWARD STEP

Something new has been added in the field of Vacation Bible Schools.

Last week, when officials of the VBS at First Baptist church, Amarillo, asked pupils what extra subject they would like to study, they answered, "Journalism."

Instead of viewing this request as impractical, those in charge set about to see that the students learned some journalism. They organized a class which met each day to learn what goes on in the wide profession vaguely referred to as "the press."

And not only did the students learn, but they learned from one who knows journalism and who is a consecrated Christian. A more capable teacher could not have been found than A. F. (Tex) Kiersey, a Baptist layman, and for many years assistant city editor of the Amarillo Globe-News.

In a long distance call to the Baptist public relations office, Mr. Kiersey said all the students showed marked interest in journalism. Of the group, he said, three or four are definitely good prospects for Christian journalists in later years.

The Amarillo church has taken a long step forward in the matter of developing better relations between church groups and the press.

Some of the students in this class will be pastors later, some will be laymen; and, on the other side of the picture, a few of them will possibly be editors or reporters or public relations men.

It is fairly safe to assume that from either of these groups will come little misunderstanding of the other's viewpoint. The layman and pastor will understand the reporter, and vice versa, because a foundation for understanding was laid in a Vacation Bible School. — The Broadcaster, Baptist General Convention of Texas.

STUDENT THINKS GRAFT SHOULD "BE SOCIALIZED"

A sampler of public opinion asked a Baylor University student if he favored a bill before the United States Congress to continue the draft.

"It's a good deal," the student replied, "except for the fact I'm not getting any of it."

The opinion seeker thought there must be some misunderstanding so he repeated the question.

"Oh," corrected the student, "I thought you said the 'graft.'"

ROLLING PIN RULE IS ENTHRONED IN OZARK TOWN

Stella—The name Stella is a woman's name, so the women of Stella—the town—took over after a recent election and are running the community.

It all began when the ladies had their names placed on the ballot as a joke. The men in the little community of 300 thought it would be a better joke to give them a vote or two.

The result—Stella has a woman mayor and all-woman city council. The mayor is a spinster, Norma Westcott. She opened the first meeting of the council using a rolling pin instead of a gavel. Said the mayor: "We women believe the town has been needing new blood for a long time. The men have run the women as long as we've had a town. Now it's their turn to jump when we say 'frog.'"

The first major problem that faced the new administration was the appointment of a dog catcher — a woman in an administrative capacity and a man as her assistant to do the work. —Canyon News.

To the People Of Precinct 1

In announcing myself for candidate for County Commissioner, I give you my views as a commissioner.

As I see it, a county commissioner is one of the most important officers in the county. He is one of four men who have charge of levying taxes on all property in the county as a member of the equalization board. This is certainly very important to all taxpayers.

I have always worked for state highways, farm to market roads, and other improvements with an eye toward the least expense possible to all taxpayers.

For the benefit of relatively new citizens in the precinct, I state that I have been a resident of Cochran County for the past 25 years. In these 25 years I have been a pioneer in the county, a farmer, and a former county commissioner, all of which have given me experience essential to the duties of county commissioner. I understand the necessity of good roads and have a lasting interest in the county.

If elected, I shall devote my full time in serving you in a manner which is considerate of all and efficient. Your vote and influence will be appreciated.

J. R. Ward.

Lubbock Farmers Petition For a Water District

Lubbock—With petitions circulating throughout the county, Lubbock farmers are moving to form an underground water conservation district under House Bill 162.

They took the action July 6 at a meeting addressed by W. O. Fortenberry, New Deal ginner and president of the Lubbock and High Plains water associations; L. A. Howard, Lubbock lawyer; A. P. Duggan Jr., Littlefield lawyer; and Raymond Lee Johns, Plainview representative of the West Texas Chamber of Commerce.

Fortenberry told the farmers that the High Plains Water Conservation and Users Association, which steered House Bill 162 through the 51st Legislature, "Can't represent you again in Austin if you don't make this law work."

The conservation district law was substituted for legislation seeking state control of water. The present law guarantees private ownership and provides for a conservation program carried out by local, independent water districts.

Nelson Seeks Place on Bench Of Criminal Court

Former State Senator G. H. (Hobert) Nelson of Lubbock County is spending the last days before the July 22 primary campaigning in his native North East Texas for Judge of the Court of Criminal Appeals.

Nelson, who has been honored by the people of West Texas as county attorney, district attorney and state senator, was reared in Cass County. He is the son of Mr. and Mrs. Henry D. Nelson of Linden Texas. He was educated in the public schools of Cass County, East Texas State College at Commerce, and the University of Texas law school. He married the former Miss Aileen Hackney, daughter of Mr. and Mrs. J. P. Hackney of Pickett, Hopkins County.

Nelson has received support for the judgeship of the Court of Criminal Appeals from newspapers large and small in various sections of Texas, including the San Antonio Express and the Victoria Advocate.

Senator and Mrs. Nelson have four children, the oldest of whom, Mrs. Roland Nabors and her family, reside in El Paso where her husband, Roland Nabors, is football coach at Texas Western.

Polio Situation Brighter Says Dr. George Cox

Austin—State Health Officer George W. Cox has turned the bright light of optimism on the heretofore dark picture of polio in Texas.

Observing that the state's 1000 cases of polio since the year's beginning has occurred among a population of 7½ million people, the health official Thursday deplored "the attitude of hysteria that polio creates in a community."

That didn't mean people should not be concerned, the doctor commented, for a case of illness in any form is good reason for great concern.

"I'm talking about the fear that keeps a person or a whole community from thinking straight. Of course each case of polio is an individual tragedy for the family involved, but wholesale public panic simply is not justified."

He doesn't want to encourage complacency either, the state health officer said, adding:

"Every clear-thinking effort must be made to keep every home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures, from 40 to 60 per cent of all victims recover completely and can do anything they choose.

From 25 to 40 per cent recover with only minor disability, and can, within very wide limits, lead perfectly normal lives. From 15 to 20 per cent are more severely handicapped, and 5 to 10 per cent terminate fatally.

"It all goes to show that polio is actually a minor cause of illness, and an even less significant cause of death, "when compared to certain other communicable diseases," the health officer concluded.

U. S. Marine Corps Office Open for Longer Hours

The U. S. Marine Corps recruiting office in Lubbock Federal building remained open Saturday and Sunday from 8 a.m. to 6 p.m. the office received orders from headquarters in Dallas late Friday.

The office at Dallas had been notified by headquarters, Marine Corps, in Washington, D.C., that recruiting offices would remain open over the weekend because of the international situation.

The Lubbock office is accepting volunteer enlistments in the regular and reserve Marine Corps and they ordinarily close at noon on Saturday. It has not been officially announced as yet but they expect to be open the weekend of 15th and 16th of July probably during the same hours.

There will be a Marine Recruiter in Morton on the 2nd and 4th Mondays of the month at the post office from 10:00 to 11:00.
