Electra Mayor John Swanson, speaking recently before the Rotary Club of Vernon, gave a list of "Ten Ways to Ruin A Town."

We don't know if the list is a Swanson original but we do think it is worth passing on. Here, then, are ten tips for those who would like to go all-out in hurting their community.

Operating in an opposite fashion, it would reason, might be a good way for citizens to help their town develop its fullest potential.

(1) - Never attend meetings; just sit around and criticize the way "they" are doing things.

(2) - Vote against any kind of bond issue, whether the purpose is good or bad because "they just want our money."

(3) - Make fun of the fire and police departments; they're just out for glory and more money.

(4) - Don't attend school activities, Little League ball games or stock shows; just sit in front of the boob tube.

(5) - Knock the City Council.

(6) - Criticize everyone who attends church as hypocrites.

(7) - Buy everything you can from out of town or mail order because they're the first ones to contribute when you need funds for community projects.

(8) - Don't support your local newspaper.

(9) - Spread any story that is uncomplimentary and be sure out-of-towners are told there is nothing here and nothing is going to happen here.

(10) - Always be skeptical about anything that is supposed to be good. Adopt as your motto: "If it is good, it can't happen here."

ORIENTAL GUESTS - A & P Pork Producers played host Saturday to a group of touring Japanese businessmen. The ten travelers were studying American installations of agriculturally related businesses.

Ten Japanese Visitors View Area Pork Producer Farms

Ten Japanese visitors were guests Saturday morning of A and P Pork Producers, west of the city. They were accompanied by Euel Liner, President of National Pork Producers Council.

Conducting the tour were Amos and Paul Walden, owners of the swine production plant. In process at the hour also was a clean-up operation following an ill-timed wind Friday that inflicted minor damage to installations.

The visiting dignitaries were all involved in agriculture in some way. Members of private enterprise, they represented nearly all of the islands of their homeland. The group included two swine producers, one packer, one feed merchant, two veterinarians and four executives from large corporations.

Prior to their visit to the local swine production facility, the ten had been given a "red carpet" welcome for visitors in Lubbock. Having arrived in that city Wednesday afternoon they had toured swine farms of the area and a packing plant in Abilene. A tour of a Kress establishment preceded the Olton visit Saturday.

Friday night they were recognized as special guests at Lubbock's ABC Rodeo performance.

American foods proved to be highlight experiences for the travelers. With menus varying from steak dinners to broiled pork chops the men approved everything except hot peppers. A trip to a well stocked cafeteria in Lubbock left the inquiring tourists amazed at the variety from which to choose.

The language barrier made conversation difficult, but the orientals made it clear that Texas hamburgers and hot dogs were preferred over the same fare tested in New York City. They also indicated an eagerness to try these two delicacies.

Texas visits for the travelers ended Sunday when they departed for DeKalb, Ill. There they toured a swine research station before returning to Tokyo, Japan during mid-week.

Baseball Meet Slated April 5 For Organization

Major league baseball has worked out its problems but all is not well at home. Lack of support for the summer baseball program is endangering the future of Pee Wee, Little League and Babe Ruth baseball for young Oltonites.

A third attempt is being made to hold an organizational meeting for the summer baseball program. Two prior meetings were unattended.

This very important meeting is slated for April 5 at 7:30 p. m. in the PCA party room. Parents and other interested persons must attend if the program can be expected to continue.

"We invite all our friends and customers to come in and meet Bill and we think you'll agree with us that he is a real asset to our community," Kelley stated.

Bryant is married and has two children, Patricia Ann, a nurse and Thomas Allen, who works in an auto parts house.

Twisting Winds Do Damage At Waldens' Pork Producers

Twisting winds swirled into A & P Pork Producers Friday afternoon shortly before 3 p. m. and scattered several small "outside sow sheds over the north end of the section," according to Mrs. Amos Walden, wife of one of the owners of the facility.

The larger barns received only minor damage from blowing timbers. The storm was of short duration, but long enough to make Paul Walden and Larry Manuel, on duty at the time, a little nervous, according to Mrs. Walden.

The plant was in readiness for foreign visitors expected Saturday morning and clean-up operations, begun immediately, continued through the tour of the dignitaries.

Local Church To Hold Revival

A series of revival services, Sunday night through Friday night, is scheduled at First Assembly of God Church, according to the Rev. Perry Shufield, pastor.

Featured as guest speaker will be the Rev. Bill Lowder, pastor of Seagraves Assembly of God Church. Special music will be presented nightly.

A cordial invitation is extended by the pastor to all interested persons to attend these services which begin at 7:30 p. m.

Open House Is Observed

Open house was observed at Sherman Agency Friday and Saturday, following the remodeling of the office.

Sherman opened his insurance business in Olton in the year 1964 in partnership with Rex Chitwood, purchasing the business from Roy Granbery. Sherman became sole owner in 1967 and just completed the remodeling of his office recently.

Mustang Golfers On Top After Three Rounds Of Play

Mustang golfers hold a slim three stroke lead after completing three of four rounds in district play. Friona's golfers are in the close second spot. Littlefield is 16 strokes back with Dimmitt back 19.

Varsity golfers are Ken Burgess, Scott Roberson, Freddy Stockdale, John Carl Sudduth and Tim Givens. Alan Carson, member of the "B" team has some varsity play this year and another "B" golfer, Ricky Smith, will play in Givens' spot this Friday and Saturday in the Amarillo Relays.

Other "B" golfers are Jack Richards, Mark Stroebel and Greg Burgess.

Alternating medalists are Stan Sampler, Mike Franks, Chris McClure and Daryl Bley.

Coach Bill Johnston said the OHS golfers have not played up to their potential this year. Weather conditions have made golfing difficult, too, with winds not under 30 mph on any day of play.

Scott Roberson and Ken Burgess are second and third out of 40 district golfers. Three other OHS golfers are in the top ten, Ricky Smith, Freddy Stockdale and John Carl Sudduth.

The golf team will travel to Dimmitt Tuesday.

Kick Off Coffee Set Tuesday For Cancer Fund Drive Here

The Lamb County Chapter of the American Cancer Society will kick off its annual fu. campaign Tuesday, Apr. 3, according to Melvin Rape, chairman of the county unit.

This year's goal for the County is $7,800. All communities in the county will be striving to reach a goal for their area. Olton's goal is $1,500.

Mrs. Owen Norfleet, city crusade chairman, states that a coffee will be held Tuesday morning, 9 a. m., in The Garden Tea Room for all workers. A door to door campaign is planned during the first week.

Mrs. Norfleet points out that this is "...a Christian concern ...to protect yourself and your family through a regular physical examination...a concern that all of mankind should be spared this disease, the ultimate goal of the Crusade Against Cancer."

Who Can Vote?

As voting time nears for city and school officials, the ever popular question of who is eligible to vote comes to mind.

YOU CAN VOTE if you registered last year. Your registration is good for a total of three years.

Students in college must vote in the county where they registered.

So persons who registered last year are eligible to help select the city and school officials here.

Absentee voting is now underway and will end at 5 p. m April 3. If you plan to be out of town, go by the city hall or school business office and cast your vote by absentee voting procedures.

The Rev. Al E. Jennings, pastor, extends an invitation to the public.

For Lamb County

Taxes- How Big A Bite?

With the day of reckoning, April 16, rapidly approaching, taxes are once again in the spotlight in Lamb County.

The big question among local residents who are busy doing their arithmetic is how much of the bite the government will be taking this time.

Will it be bigger than it was last April when personal income taxes from the local area, including employment taxes paid FOR withholding, added up to approximately $11,401,000?

All indications are that it will because incomes were larger in 1972, on average, than were the previous year.

The size of the tax load by Lamb County residents is estimated from figures provided by the Internal Revenue Service covering the State of Texas as a whole.

They show that individual income and employment taxes collected throughout the state last year came to $7,126,000,000, with local residents producing some 0.16 percent of the total.

And this year, if the administration's expectations are realized, the receipts will be even greater.

Based on the budget it submitted to Congress recently, it counts on such taxes totaling $11.9 billion more, nationally, than last April.

Because of the economic gains made in the local area in the past year, notwithstanding the fact that there was more unemployment than usual, local residents will be bearing their full share of this increase.

Their payments to Washington this year will total approximately $12,370,000, it is estimated.

During the next fiscal year, which begins on July 1, 1973, the President plans to put the brakes on Federal spending in order to get the country into a sounder financial condition.

His expectation for the coming fiscal year, as projected in the budget, is for personal income and employment taxes reaching $163.9 billion, which is $11.3 billion more than is coming in this year.

For Lamb County taxpayers to meet their proportionate part of this increase, it is estimated that local incomes will have to advance by about 7.4 percent during 1973.

Baseball This Year?

Dear Baseball Players and Parents:

It is that time again - "another baseball year." BUT DO YOU WANT A BASEBALL PROGRAM?

We have called two baseball meetings for the purpose of organizing for the coming year and the attendance and support of parents at these meetings was 0. The only people who showed up were Gene Trotter, State 16-18 Babe Ruth Director, and Bub Holt, District II Babe Ruth Director, and myself. That is hardly enough to organize anything for the coming year.

I shall try one more time and if this meeting is like the past ones have been, we must take it that you do not want a baseball program for the boys of our community.

What a shame it would be for it to close, with the work that has gone into the program and the nice parks we have. But it takes more than three people to run a program that affects over 200 boys each summer. Without your support it cannot be done.

I have checked with school, church and other civic activities and find nothing scheduled for Thursday, April 5, so we have set a baseball meeting for 7:30 in the PCA meeting room.

If you are interested in any way - as a parent, sponsor or just fan of baseball PLEASE come to this meeting.

Come Let Us Reason Together

(Isaiah 1:18)

By Milton Caraway, Evangelist
Main Street Church Of Christ

God has given all authority into the hands of His Son (Matthew 28:18). Jesus spoke forth the words of God during His ministry on earth, and before His crucifixion He gave His all-authoritative word to His apostles (John 17:14). These men spoke forth the words of Jesus and wrote the words of Jesus while they walked on this earth (Mark 16:15; II Thessalonians 2:15). To insure that these men received an unerring message, Jesus sent the Holy Spirit who guided, taught and brought to the memory of the apostles all that Jesus had said (John 14:26; 16:13). The New Testament prophets (Luke, Mark, James, Jude) were also guided by the Holy Spirit as they recorded the words of Jesus given forth by the apostles (cf Acts 13-15: 35-- Luke's record of Paul's first missionary journey, proclaiming the words of Jesus).

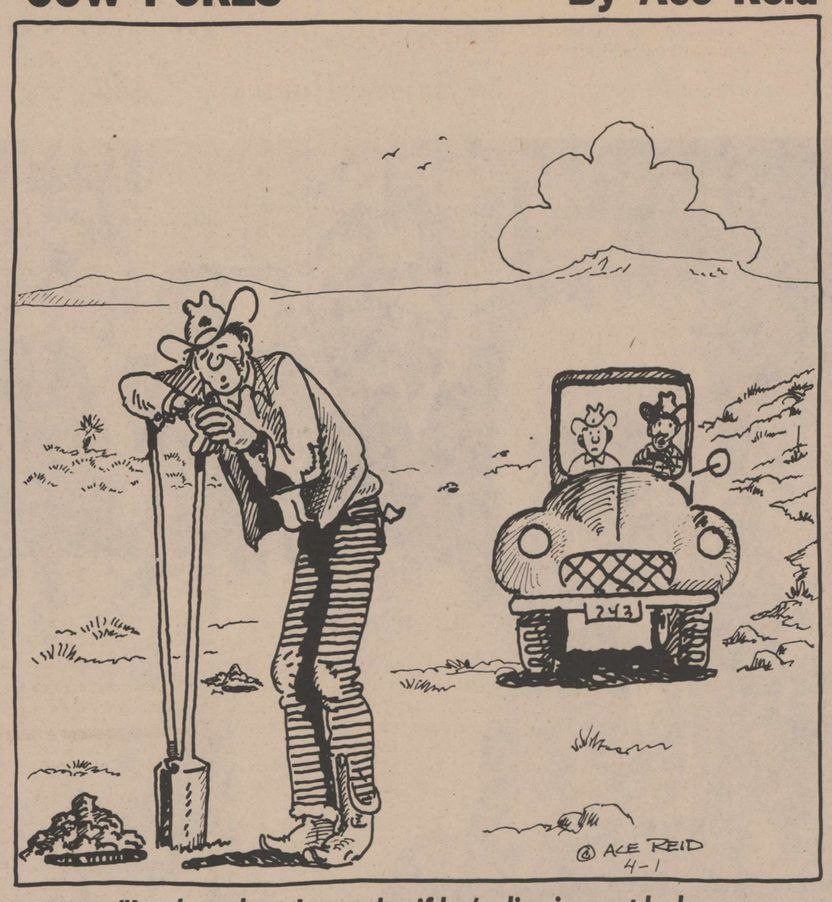

The fact that the New Testament is the words of Jesus, given to man by way of the Holy Spirit (John 15:27; 16:14), tells to point our way to heaven. The Holy Scriptures are all-sufficient! The apostle John declares that within the gospel of John alone is recorded enough to lead one to believe in Jesus (John 20:30-31). The apostle Paul tells us in II Timothy 3:16-17 that "all scripture (Sacred writings) is given by inspiration of God (breathed from the mouth of God) and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works". If the sacred writings (the Bible) can do all of these things and can furnish one unto every good work, what need then have we for creed books, disciplines, or council judgments?

The apostle Peter adds his word of comment on the all-sufficiency of the scriptures in II Peter 1:3. "According as his divine power hath given unto us ALL things that pertain unto life and godliness through the knowledge of him that hath called us to glory and virtue:" Peter says that God has given everything that pertains to life and godliness. Thus if one has a revelation or a vision today, it cannot pertain to "life and godliness" or else it makes the apostle Peter a liar. This apostle also points out that these blessings come through a knowledge of or what we have learned of Jesus. What we know of Jesus has come through the written word which is the apostles' teachings. Again we see the all-sufficiency of God's word.

One other witness speaks on this subject and that is the prophet Jude. In verse three of his writing he declares that the Christian is to "earnestly contend for the faith which was once delivered (past tense) into the saints", "The faith" here refers to the system of Christianity. The book of Jude was written somewhere around 67-75 A. D. and there were other writings which followed, but at the time of his writing the full redemptive plan of God had been revealed. Jude now exhorts Christians to contend (guard jealously) this divine revelation from God that it not be perverted or destroyed.

From Hebrews 1:1,2 we find that God in these last days has spoken unto us by His Son and we have His words given to us by way of the Holy Spirit and the apostles to lead us unto life and godliness. The Bible is our all-sufficient guide.

MRS. WAYNE CARSON

Cook Of The Week

An enthusiastic example of the old adage, "You've got to be sold yourself, before you can sell someone else," is very true for our Cook of the Week, Mrs. Wayne Carson.

Peggy and Wayne have been distributors for Shaklee products for about wo years, an endeavor that they truly enjoy. Although the company has five lines, it is the health category - food supplements - that Peggy likes most.

One of the recipes Peggy shares, the brownies, is developed for one of the Shaklee products. They are delicious and, unlike many sweets, they are nutritional.

Peggy and Wayne are true Oltonites, having lived here all their lives. They are the parents of a married daughter, Kathline McClain and a son, Alan.

Kathline is a senior at West Texas State University. She attended South Plains College in Levelland and was a cheerleader both in high school and at SPC.

Alan is a Junior at Olton High School.

Peggy worked with Girl Scouting and Cub Scouting while her children were in those organizations. She and Wayne have also served as Sunday School teachers in the children's department at the First Baptist Church. Both have always been interested in the activities of their children.

In addition to her enthusiasm for the products she sells, Peggy loves to paint. She first studied with Peggy Pendergrass, a former Oltonite, and with Ruth Barnett of Hale Center. She prefers painting the "outdoors."

Nuptial selections were presented by Craig Shewmake of Abilene, organist. He accompanied soloists, Mrs. Doyle High and Paula Terrell.

Presented in marriage by her father, the bride wore a formal length gown of candlelight pure silk peau de soie and English net fashioned with fitted bodice featuring a deep bib and crown collar of net, Crystal beads and seed pearls enhanced the bodice and was repeated on the long tapered sleeves and skirt front.

Her cathedral veil was held by a Juliet cap of peau and net with seed pearl accents. She carried a bouquet of white roses, stephanotis, baby's breath and English ivy encircling a white baby orchid.

Mrs. Mike Harrell of Houston, aunt of the bride, was matron of honor. Bridesmaids were Mrs. John Myatt of Lubbock and Marijane McAdoo.

Feminine attendants wore formal length gowns of moss green crepe styled with fitted bodices with stand-up collars and long sleeves. A deep flounce encircled the full skirts and waistlines were accented with embroidered tapestry belts in gold and celery green. They wore Dior bows, entwined with fresh flowers, in their hair. Each carried a wicker basket with roses, carnations, daisies, spider mums, stocks, stephanotis, baby's breath, eucalyptus and English ivy.

Larry Lambright of Lubbock was best man. Groomsmen were Mike Armstrong, brother of the groom, and Wayne Reeves, brother of the bride. Guests were seated by Signey Alford of Petersburg and Larry Alford of Slaton, cousins of the groom, and David Bounds of Lorenzo and Robert Hodge of Littlefield.

Thick As A Brick

By Max Moss & Laurie Gallagher

Well, folks, I know that you just couldn't wait for this weeks issue, so without further ado, the ghost writer is Laurie Gallagher.

It's really good to have a girl writer because boys just don't gossip all that much and girls just have to talk and spread news. Laurie seems to be the best gossiper in Olton, so beware.

I guess that all the guys of Olton can hardly wait for this weekend. About 750 chicks will inhabit our cozy little metropolis Saturday. Seriously, there will be a track meet here Saturday starting at 9 a. m. It should be a very good meet because when you have 750 people, well somebody just has to be good. We urge all the people of Olton to go back the girls' track teams.

COMMENTS:

Susan - Get your 2 cents in?

Cristy - Think you're too good, huh??

Mark - Temper, temper.

Charla and Brenda - Do posters excite you??

Joe S. and Deryle C. - Miss any buses lately?

Pat - Heard any rumors?

Kay - Bet you can't wait till they get a new store in the Mall!!

Joanna - Who's your new lover?

Larry K. - Who's your new lover?

Steve K. and Rickey L - Happy Birthday last week!

Dianna and Melody - Those phone bills get rather expensive, don't they?

Doretta - Doretta, Doretta, Doretta....

Sylvia - Where were you when the lights went out?

Shane - Knocked any lights off the ceiling lately?

Hey, Max - I'm supposed to ask you if a cat has nine lives, whatever that means.

Cindy N. - Have fun at the Drags?

Mark Stroebel - Sat through any red lights lately?

Kim and Charla - Have fun Friday nite?

Glenn - We've had some complaints about your singing in the showers and on the bus.

C. J. - Expecting a phone call?

Sharon R. - Losin' half your mouth?

Leon - Is anyone you know getting married?

Donna M. - Welcome back to school.

Chesna - Glad to see you're out of the hospital!!

Life isn't a bowl of cherries - it's a bunch of raisins, raisin' heck, raisin' kids, and raisin' money.

Anger is only one letter short of danger.

One reason photographs don't look natural is that the photographer has told the subject to look pleasant.

I am not conceited, though I do have every reason to be.

It's smart to pick your friends - but not to pieces.

Sweetest music to a woman's ear is that made by another woman playing second fiddle.

Taxes could be alot worse. Suppose we had to pay a tax on what we thought we're worth.

If anyone gets their toes stepped on this week don't get mad at us, you shouldn't do things to get you in trouble. No, not really.

What we started to say was that most of these comments have been turned in about you by your best friends. (So now you know how much you can trust your best friends.) If anyone has any comments or any jokes they would like to put in the paper, please turn them into us because we can't be everywhere all the time, so we don't know every thing that happens. So please feel free to give them to us. Be sure the jokes are clean enough for your grandmother to read!
