

Eastland Echoes

By Casey

"Common sense is genius dressed in its working clothes."—(Emerson).

Discussing Eastland with Bob Kuhnheim yesterday, we found as we expected that he likes his town fine, and figures there are sound reasons to expect the community to have a good future. He mentioned, of course, (first) the new lake, spoke of how agriculture and ranching will come back in a lively way the first time nature puts a good season in the good earth, and spoke, also of the trend toward considerable more industrialization here in our town. Mr. Kuhnheim has lived and worked in a number of Southwestern towns and says that as a "home town" Eastland has far more to offer than most communities the size of ours. In which we heartily concur!

"You can't judge some women by their clothes," mused Aunt Slugs. "There ain't enough evidence."

Ben Hammer, back from New Mexico, reports that the uranium scare around Tucuman has really brought the folks in — and that it's just about impossible to find lodging there, it is becoming so crowded. These uranium furores are almost like gold rushes.

One for the book: Mrs. John Goode and Mrs. Bob King, crowned sweethearts of Zeta Pi and Xi Zeta chapters of Beta Sigma Phi, teamed together at Fort Worth's TWC, and finished college there together.

Put away carefully is a snip of ribbon Highway Commissioner Marshall Formby gave us out at the ribbon-cutting in the Staff road-and-bridge ceremony yesterday. Time will come — when that lake fills — that the little piece of fabric will call up memories of an occasion mighty important to Eastland and its environs.

The Hon. Mr. Formby is a good spinner of yarns, by the way, and we close with a good one he gave the banquet Tuesday night: "A rookie policeman down at Austin found a dead horse on Guadalupe street. He took out his notebook and started jotting down the salient points. But how on earth to spell Guadalupe! So he pulled the horse over on 7th street — and made out his report there!" Resourceful... these Texans, aren't they?

WORKING DIPLOMAT — It's a striped apron, not striped pants for Liberian Consul William H. Jones, as he makes up a form on a Chicago, Ill., newspaper. When not inking visas for his government, he's busy with printers' ink, which tells the world the doings of other diplomats.

Quarterback Club Membership Drive Is Underway Here

"Every member gets a member — or more" will be the slogan of Eastland Quarterback Club members this week as they begin their annual membership drive.

Jack Chamberlain Sr., drive chairman, said the drive will get underway this week, with each member of the club serving on the membership committee. "We want each member to get at least one other new member," Chamberlain said.

Chamberlain said all members, new and old will be contacted. Cards of old members will be given to paid up members so that they may contact them.

Sgt. Davidson Graduates From Non-Com School

FORT LEWIS, Wash. (Spl.) — Sgt. Charles E. Davidson, son of Mrs. L. J. Sutherland, Rising Star, recently was graduated from the 2d Infantry Division's Non-Commissioned Officer Academy at Fort Lewis, Wash.

A squad leader in the division's 2d Military Police Company, Davidson received instruction in leadership of units, map reading and other military subjects. The sergeant entered the Army in 1951 and is a veteran of service in Korea. He wears the Good Conduct Medal and the Korean and UN Service Ribbons.

Paved Road Mileage To Be Doubled In County - Formby

Staff - Ranger Road Needed, Guest Says

The continuation of the Texas highway system to be the greatest in the nation was pledged in Eastland by Marshall Formby,

member of the State Highway Commission, as he addressed guests at the Ranger-Eastland Chamber of Commerce banquet Tuesday night.

Formby was guest speaker of the banquet which honored highway officials in this area, after a ribbon cutting ceremony formally opened the Staff - Eastland Road over Lake Leon earlier in the afternoon.

During the lake ceremonies, the Highway Commissioner gave Eastland counties hope for a loop road connecting the new farm-market road to Staff direct into Ranger.

"I'd have to agree with you Mayor, you do need a little paved road towards Ranger," Formby said after Mayor Calvin Harris of Ranger, had said "I know we shall, in the near future, ask Mr. Formby to help us dedicate a paved road from the dam into Ranger."

Formby quickly added that he could not make any promises since the entire commission would have to act on any approval. He also added that he hoped to see the road connected with Desdemona. He said that decisions of the Highway Commission are always unanimous and that one member could not promise any action. He pointed out that there had not been a two-to-one decision by the commission for a number of years.

At the banquet, that saw the dining room of the Connell Hotel taxed to capacity, by nearly an even representation of Eastland and Ranger citizens, Formby said that the entire nation was going to get better roads. "There is going to be a lot more construction on roads like Highway 80 because President Eisenhower (Continued On Page Five)

'Chick Bargain Days' Announced By Wilson Feed

"Chick Bargain Days" was announced today by Luther Wilson of Wilson Feed and Seed.

Mr. Wilson announced a special package deal in which a buyer can get both the chicks and the chick feed at a substantial savings. The deal works like this: You buy so many straight run type chicks (layer or broiler) and enough feed for them at the same time, thus taking advantage of the savings. Mr. Wilson said he would have some chicks Monday, but cautioned that he would need a week's notice on large orders.

'As It Looks From Here'

Family-sized Cotton Farmer May Get Break Under New Law Change

"There is the strongest possible effort being made to correct some of the inequalities brought about by the administration of the cotton allotment law for this year," Rep. Omar Burleson of the 17th District, which includes Eastland County, said Thursday.

Rep. Burleson pointed out that the question of changing the law,

so as to allow the family-sized farmer a better opportunity to earn a living, is receiving serious consideration in Congress.

In a round-up of other Washington facts, Mr. Burleson pointed out the following information:

"According to post office officials, it requires eighteen separate operations, and the work of nineteen postal employees to assure the delivery of an ordinary three-cent letter.

"The first twelve employees are responsible for collecting the mail, transporting it to main post offices, unloading and handling, arranging letters according to size or the next operation; then sorting and finally after more handling of mail bags, delivery to a railroad mail car, airline, or motor truck for further transportation.

"Since 1932 the cost of all the equipment and operation has doubled. In some cases it has increased even more. The revenue received has remained approximately the same.

"Diplomats are looking more closely at Austria as a spot where Russia may cause real trouble to take the heat off China. A series of arrests and kidnappings have tightened the tension in Austria after a considerable period of (Continued On Page Five)

"LOOK OUT FOR THE STEAMSHIP" — Most motorists have at one time or another had to stop for a train, but few ever stopped for a steamship to go by. These motorists near Shelburne, Vt. recently had the unique experience as the 49-year-old Ticonderoga, last of the sidewheelers on Lake Champlain, began a final two-month, 2000-foot overland cruise on a specially designed railway carriage to her final berth on the grounds of the Shelburne Museum, where she'll be on permanent display. Paddles and walking-beam were removed during the trip.

Farmers Must Sign Affidavit To Get 'Tags'

Eastland County farmers who apply for farm truck license plates this year will have to sign an affidavit, it was pointed out today by Tax Assessor-Collector Stanley Webb.

Webb said his office is required to take an affidavit before issuing any farm tags.

The farmer's affidavit reads: "I the undersigned owner of the farm truck described above, being duly sworn depose upon oath that the said vehicle will be operated by me for the purposes of transporting my own poultry, dairy, livestock, livestock products, timber in its natural state, and farm products to market or to other points for sale or processing, or the transportation of laborers from their place of residence, and materials, tools, equipment and supplies, without charge, from the place of purchase or storage to my own farm or ranch, exclusively for my own use on such farm or ranch." (Continued On Page Four)

Area Oil News

Six New Locations Brighten Oil Picture

Six new oil projects brightened the area oil news picture this week.

Nearest was a project staked four miles south of Eastland.

Location for a Harbin Field project was staked four miles south of Eastland. It is W. H. (Bill) Hoffman of Eastland No. 11 J. V. Harbin.

Having a proposed depth of 1,350 feet with cable tools, it is located 1,000 feet from the north and 1,600 feet from the west lines of Section 27, Block 2, T&P Survey.

Perini and Sandefur, operating from Breckenridge, staked two new locations 20 miles northwest of Albany in the Whistler Bend Moutray Field, both on the Hendrick Ranch and in Section 157, ETIR Survey.

No. 9 Hendrick spots 750 feet from the south and 450 feet from the west lines of the section. No. 10 Hendrick will be 750 feet from the south and west lines of the section. Both are slated for 1,750 feet with cable.

In the Cook Ranch Field, Marshall R. Young of Fort Worth spotted No. 20-A Cook 62 as a new project seven miles northwest of Albany.

Slated for 1,500 feet with cable it spots 120 feet from the north and 330 feet from the east lines of the southwest quarter of Section 62, ETIR Survey.

Jones and Stansley of Albany completed No. 1-B James L. Snyder as a new producer in Callahan County's Jerriann (Ellenburger) Field five miles northeast of Baird. It is in Section 142, BBB&C Survey.

Daily potential was 126 barrels of 44 gravity oil, flowing through a 15-64-inch choke with packer on casing and 140 pounds on tubing. Production was from open hole at 4,119-47 feet. Pay was topped at 4,420 feet. Operator treated with 250 gallons of mud acid. Gas-oil ratio was 375-1.

In the same field, William D.

Austin of Abilene staked No. 1-B James L. Snyder as a 4,450-foot rotary project. Location is 1,263 feet from the north and west lines of the southwest quarter of Section 142, BBB&C Survey.

Six miles northeast of Baird, Gulf Oil Corp. staked No. 2 R. D. Williams, et al, as a new project in the Herr-King (Cfess Cut) Field.

Slated for 2,500 feet with rotary, it will be 330 feet north and 990 feet west of the northeast corner of T&NO Survey 1, but in T&NO Survey 2.

Olden Raises \$138 For March Of Dimes Drive

Mrs. Billy Green of Olden announced today that city collected \$138.10 in the March of Dimes drive there.

Mrs. Green was Olden drive chairman.

Red Cross Swimming Program Plans Made

Mrs. Tom Lovelace Jr. has been appointed Eastland water safety chairman by J. W. Sitton, Red Cross water safety chairman for the entire county.

Mrs. Lovelace is a currently authorized Red Cross water safety instructor. She completed her training in August of 1954 at the National Red Cross Aquatic School in Austin.

She plans to conduct a survey in the near future in grades two through five in the two Eastland Ward Schools to determine how many children will be interested in the summer classes.

The survey cards are to be completed by parents. Information as to whether the child can swim and if so, how far and whether or not the parent wants the child to take swimming are a few of the questions asked on the survey card.

When these cards are returned, then Mrs. Lovelace will be in position to plan how many of the children can be worked into the classes. Since the pool will be available only during the morning hours, and each class will be limited to

Lone Star Buys Ranger, Olden Gas Utilities

The Lone Star Gas Company has purchased the interests of Community Public Service in Ranger and Olden, Lee Dockery, Community Public Service manager in Ranger, announced today.

Dockery said that Lone Star would probably take charge of operation in mid-March. However, Lone Star offices in Eastland and Dallas were not prepared to make an official statement at this early date.

The Community Public Service manager said that the change over was a result of the Ranger City Council's refusal to grant Community Public Service an additional 20 year franchise on city gas utilities. The franchise expires in May, 1960. The original franchise spanned a 20 year period.

Dockery said that his company was not able to operate on an "undetermined basis" after the 20 year franchise had been denied. Financial terms were not revealed.

FFA Chapter Boys Receive 25 Free Chicks Each

The boys in the Eastland Future Farmers of America Chapter are trying their luck at raising chickens.

Bill Arther, of Arther Feed Store, has given all the boys in the F.F.A. Chapter 25 chicks each. The Chapter is feeding 25 chicks in the classroom for demonstration purposes. It is hoped that the class room project will serve as a guide for the boys' projects at home.

The following boys are raising chicks: Boys in Vocational Agriculture — Lewis Lindsey, Freddie Tucker, Donald Carlisle, Charles May, and Weldon Walton. Boys in V.A. II are Harvey Lewis, Jimmy Phillips, Tony Johnson, Billy Keith, Norman Owens, Wayne Benson, D. A. Cox, Clayton Stoker, Donald Lee, Leo Smith, and Paul Fuentes.

ASC Announces Pre-measuring Cotton Service

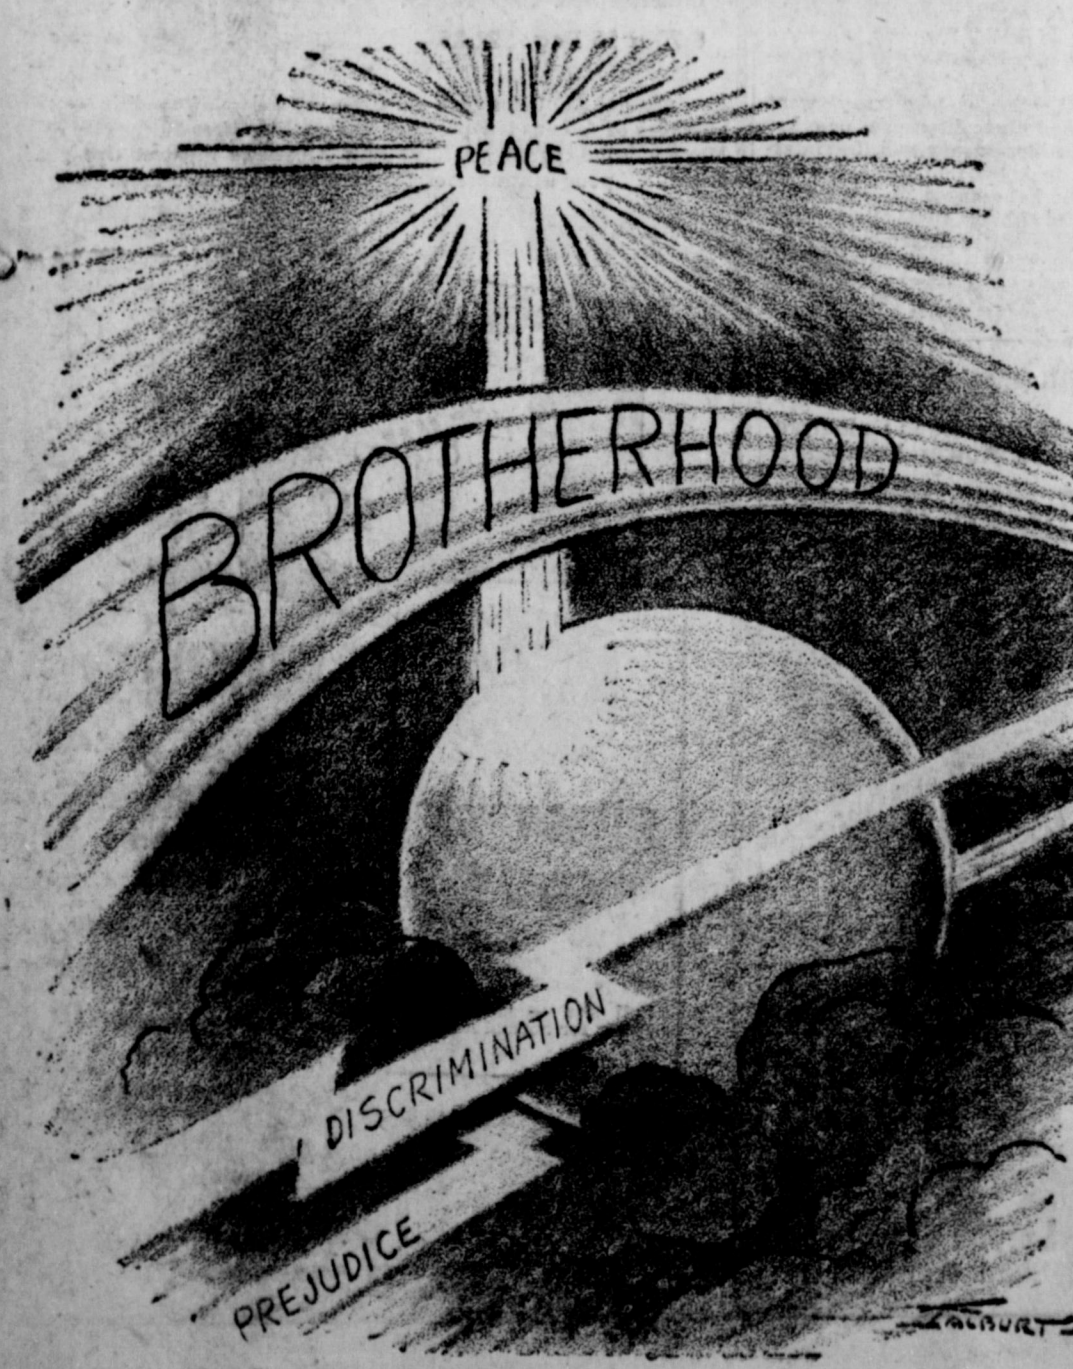

The Agricultural Stabilization and Conservation office in Eastland is offering a service of pre-measuring cotton. Emmett Powell, office manager, announced today.

Mr. Powell said that if a producer wishes, the fieldman will visit his farm and stake out the cotton allotment before planting and that measurement will be used for measurements this summer when other crops are measured. A charge of \$7 for the first plot plus \$2 for each additional plot will be charged for the service.

"We have a new flight of maps and will be glad to be of any assistance in working out your acreage on the maps," Mr. Powell said.

Closing date for pre-measurement of cotton is April 15.

SOMEWHERE OVER THE RAINBOW

Two Criminal Cases Reset In District Court

Two criminal cases have been reset for trial in 91st District Court.

The case of the State vs. Travis Smith for assault with the intent to murder has been docketed for Monday, Jan. 21. Mr. Smith is charged with shooting at a neighbor, J. W. Brown.

The B. D. Daniel robbery by assault trial has been set for the following Monday, Jan. 28. Mr. Daniel is charged with assaulting Mrs. O. G. Phillips and forcefully taking a check from her.

Thanks, Commission!

Eastland and Ranger joined in voicing a rousing "Thanks!" to the Texas State Highway Commission for the Staff road and bridge (over Leon Lakesite) yesterday—and a richly deserved expression of appreciation it was indeed.

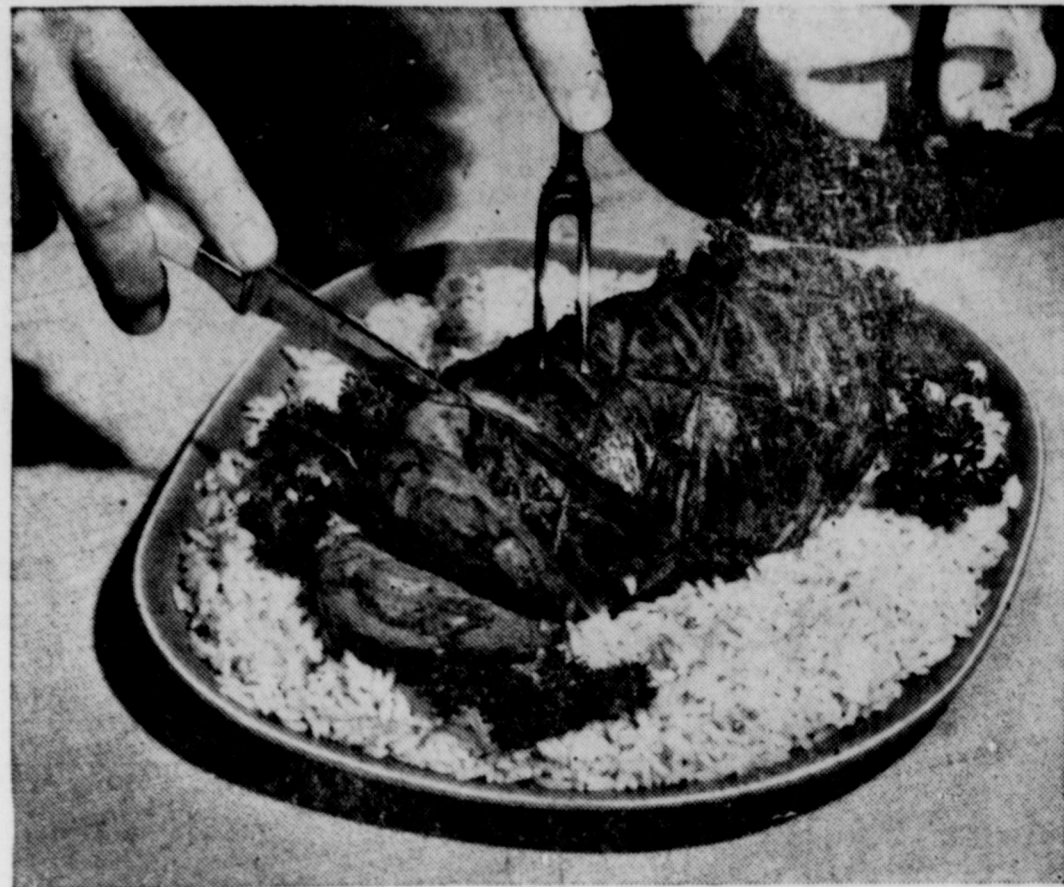

Last night, as we chatted with Arrangements Chairman Herbert J. Tanner, Eastland C. of C. manager, we were deeply pleased to hear him say that he was delighted with the enthusiastic response of individuals and organizations. It was truly a big success, and a colorful one.

Eastland Chamber President Virgil T. Seaberry Jr., in telling of the gratitude of these communities for the fine road and bridge, explained also that the commission had in this manner continued the important link with the Staff community. So a double purpose was served quite splendidly.

Banquet Toastmaster Judge Milburn Long presented a number of other Eastland and Ranger personages who added their words of thanks to the commission. Member Marshall Formby of the commission modestly reminded the gathering that "after all, it's your money and your commission" . . . but the fact is, countians know full well that a fine service has been performed for them.

They thus were greatly pleased to say so—in ribbon cutting ceremony and appreciation banquet, yesterday—and it is our sincere hope the commission will fully realize the depth of the gratitude felt by these Eastland County communities.

Their future has been served in a definite and tangible way!

FLANK BEEF ROAST with rice is easy to prepare and makes an attractive, economical dinner dish. Cook the rice with the roast for added flavor, recommends the Texas Beef Council, and serve with a green vegetable or salad.

Probate Code And Corporation Laws To Get Modern Look

Two major—but antiquated—Texas laws soon will be modernized to meet present-day requirements, if recommendations of the State Bar of Texas are adopted by the Legislature.

A New Probate Code and Corporation Act were endorsed by the board of directors of the state lawyers organization at its meeting just concluded in McAllen, and will be introduced in the Legislature as bar-sponsored measures.

Both measures have been studied carefully over a period of several years by many of the outstanding lawyers of the state. Present drafts have been discussed at a number of legal institutes held in all parts of Texas.

The Corporation Act is intended to be a complete statutory framework for corporations from the time of organization to their dissolution. Except for provisions relative to fees and franchise taxes which would continue to be found in other statutes, the Corporation Act would be the complete body of law governing the corporations to which it would apply.

Drafters of the proposed Probate Code rearranged present statutes in logical order and eliminated present uncertainties.

The new code has collected all statutes relating to probate matters and brought them together in one code.

State Bar President R. N. Gresham of San Antonio, said: "Revision of these laws is long overdue. Modernizing them will be a service to Texas lawyers as well as the clients they advise." He pointed out the Probate Code was first enacted in 1848, and re-enacted with little change in 1878.

"Corporation laws must be brought up to date to keep pace with Texas industrial growth," he declared.

In other action, the board approved the appointment of Ralph G. Langley of San Antonio to its membership to replace W. F. Nowlin of San Antonio, recently deceased. A former president of the San Antonio Bar Association, Langley will serve two years of Nowlin's unexpired term.

The directors also named two nominees each for the Bar's two top posts — president and vice president. Nominated for the presidency are Maurice R. Bullock of Fort Stockton, now vice president; and W. W. Naman of Waco, chairman of the board in 1952-53.

Nominees for vice president are R. L. Dillard, Jr., of Dallas, a present director; and Newton Gresham of Houston—no relation to

the president. The new officers will be elected in May by mail balloting of the more than 11,000 bar members and will take office at the close of the annual bar convention in July.

Nominees for vice president are R. L. Dillard, Jr., of Dallas, a present director; and Newton Gresham of Houston—no relation to

the president. The new officers will be elected in May by mail balloting of the more than 11,000 bar members and will take office at the close of the annual bar convention in July.

State Bar President R. N. Gresham of San Antonio, said: "Revision of these laws is long overdue. Modernizing them will be a service to Texas lawyers as well as the clients they advise." He pointed out the Probate Code was first enacted in 1848, and re-enacted with little change in 1878.

"Corporation laws must be brought up to date to keep pace with Texas industrial growth," he declared.

In other action, the board approved the appointment of Ralph G. Langley of San Antonio to its membership to replace W. F. Nowlin of San Antonio, recently deceased. A former president of the San Antonio Bar Association, Langley will serve two years of Nowlin's unexpired term.

The directors also named two nominees each for the Bar's two top posts — president and vice president. Nominated for the presidency are Maurice R. Bullock of Fort Stockton, now vice president; and W. W. Naman of Waco, chairman of the board in 1952-53.

Mrs. Traweck, 6th District, TFMC, Speaks Eastland Club

With Mrs. E. E. Traweck of Abilene, president of 6th District, Texas Federation of Music Clubs, as speaker, the Eastland Music Study Club met Wednesday afternoon. The occasion observed Founders and Federation Days and also was guest day. The meeting was held at the Woman's Club.

Mrs. A. F. Taylor, president, presided. Mrs. Harvey Kimbler and Mrs. Bill Hoffman were recognized as new members of the club.

Mrs. M. A. Treadwell Jr., leader for the afternoon, introduced Jack Chambless, Dean of Music, Cisco Junior College, and his

Madrigal Singers, one of whom was Miss Joy Lynn Robinson of Eastland. They sang a varied selection of numbers by American composers. Dean Chambless announced that the A Capella Choir from NTSC, Denton, would be presented at Cisco Junior College Friday night and invited the club members to attend.

In presenting Mrs. Traweck, Mrs. Treadwell said "Once you've heard her, you can't forget her." Mrs. Traweck said one of the joys of her life is to come to Eastland. The influence of music, the finest of the fine arts, or good in the lives of people she stressed. It is a universal language — understood throughout the world, and the reading of music has not changed, she added. It means a great deal in all walks of life, the speaker said, declaring "we grow as we share." She climaxed her talk with these words: "If you'd be happy, sing a song."

Miss Gay Poe of Eastland, student at Hardin Simmons, was winner of the speech award given to that college by the Abilene Federation of Women's Clubs, and Mrs. Traweck said she had the pleasure of presenting the award to Miss Poe. Each year the Abilene Federation of Women's Clubs presents one award to each of the three colleges there in the fine arts fields, this custom having been instigated by Mrs. Traweck about five years ago.

Mrs. Traweck recognized and spoke highly of the work of Mrs. Walter Ford of Abilene who accompanied her here and is endowment chairman of 6th District; Mrs. T. E. Richardson of Eastland, 6th District treasurer; Mrs. A. F. Taylor, 6th District chairman of

instrumental music, and Mrs. A. H. Johnson, chairman of choral work for 6th District.

Mrs. Taylor then expressed appreciation, in behalf of the club to Mrs. Traweck for her inspirational talk and to Dean Chambless and his Madrigal Singers for their musical program. She announced the current campaign for Civil Music Association memberships.

Mrs. E. H. Culbertson, chairman of the hostess committee, introduced her committee members — Misses Grady Pipkin, Guy Patterson, T. E. Richardson and G. E. Dendy. Mrs. Pipkin presided at the silver tea service, assisted in serving by the other members of the committee.

The table was laid with a red net cloth, edged with red satin which hung almost to the floor and was embellished with appliques of hatched and silhouettes of George Washington, which had been fashioned by Mrs. Patterson's second grade pupils at South Ward. The centerpiece was of red carnations, Picardy gladioli and purple lilies. Silver trays and compotes were filled with cookies and nuts.

Forty-two members and guests were present.

Band Boosters Meet Recently Two Sessions

The Band Boosters Club met recently in regular monthly session and introduced the new band director, P. R. Woodard. Mrs. G. E. Dendy, president, presided.

Plans were made for two pupils, Alice Joyce Cushman and James Blackmon, to represent the band at the All-State convention, held recently in Dallas.

Two new members were added: Mrs. H. J. Carothers and Mrs. N. A. Johnson. Mrs. J. R. Lusk was elected publicity chairman. Wendell Siebert, high school principal and superintendent-elect, was present.

Another meeting was held recently at the home of Mrs. Fern Green, 902 W. Plummer, to appoint officers for the Band Booster calendar project. Mrs. E. E. McAllister was appointed general chairman; Mrs. A. E. Cushman, co-chairman; H. R. Jones, advertising chairman; Mrs. Fern Green, listing chairman; Mrs. L. E. Corbell, chairman of civic organizations, and Mrs. Wayne Caton, who will type and assemble material for the calendar.

Mrs. O. M. White, president, presided, and Mrs. L. C. Brown,

Former Olden Girl Marries At Bells, Texas

Mr. and Mrs. I. M. Taylor of Bells, Texas, formerly of Olden, have announced the marriage of their daughters, Miss Melba June Taylor, to Bill Williams, son of Mrs. Erma Skaggs of Bells.

The Rev. Clayton Hicks, minister of the Bells Baptist Church, read the ring ceremony at 8 p.m. Saturday at the home of the bride's uncle and aunt, Mr. and Mrs. J. R. Yeary.

Given in marriage by her father, the bride wore a turquoise blue street-length frock with navy blue accessories and carried white carnations on a white Bible.

Miss Patricia Yeary, cousin of the bride, was her maid of honor; and Bobby Williams was his brother-in-law.

Valentine decorations were used as a background for the ceremony. The reception was held at the home of the bride's aunt, Mrs. J. R. Yeary. Assisting Mrs. Yeary were Mrs. Bessie Taylor, Mrs. Ruby Duncan, Catherine Ramsey, Reba Smith, Mrs. Bernice Taylor, Inez Taylor and Mrs. Erma Skaggs.

The bride attended school at Olden before moving to Bells; the bridegroom attended school at Howe, Texas, and is employed by a cotton oil mill at Sherman.

They are at home at South Crockett St. Sherman.

Valentine Party Held By Seventh Grade At Gym

The seventh grade at Eastland Junior High School met for a Valentine party Monday afternoon at the gymnasium.

The boys played against the girls in a basketball contest. Refreshments of iced drinks, homemade fudge and cookies were served to the 55 seventh graders present.

Host committee members were Linda Huckabay, Otis Green, Truman Lane, John Gaines, Wayne Dodson, Charlotte Vaught, Martin Day, Jackie Turgle and Branda Evans.

Mrs. Joe Stephen, teacher, was in charge.

Mrs. Wingate Is Feted On 67th Birthday

Mrs. Clara Wingate was commemorated on her 67th birthday anniversary, recently, when her daughter-in-law, Mrs. G. L. Wingate, was hostess to a group of her friends at the latter's home, 1004 S. Bassett.

The supper table was laid with a white Madeira cloth and centered with the birthday cake — an artistic creation which was a replica in size, shape and trim of "Mildred's spring hat," with its white crown and white brim, its band of red ribbon and streamers, bedecked with spun sugar yellow daisies and blue florets.

After supper, canasta games were played.

Present were the honoree and Misses Winnie Wynne, Pearl Downing, Milton P. Herring, Mary Bargesley, Miss Beulah Speer and the hostess.

The Co-Eds Meet With Pat MacMoy As Hostess

The Co-eds met at the home of Pat MacMoy, 706 S. Daugherty, after school Wednesday.

A brief business discussion was followed by refreshments of sandwiches, Cokes, potato chips and cookies.

Present were Petty Jones, Marianne Myrick, June Warner, Ruan Owen, Madeline Lacey, Barbara Dalton, Donna Scott, Ellen Whately, Sylvia Latham and the hostess.

Son's Guest At Sigma Chi Event Feting Mothers

Mr. and Mrs. Ed F. Willman went to Dallas Saturday morning for Mrs. Willman to attend a valentine breakfast given to the mothers by the boys of the SMU Chapter of Delta Chi fraternity, of which her son, Jim Ed, is a member.

Saturday afternoon, Mr. and Mrs. Willman and Jim Ed went to Waco to attend the SMU-Baylor basketball game that night. They spent the night in Waco and returned to Dallas Sunday by way of Corsicana, where they stopped, attended church services at First Methodist Church, and heard the Rev. John Wesley Ford preach. The Rev. Mr. Ford is a former pastor of Eastland Methodist Church. The Willmans were guests for the day of the Rev. and Mrs. Ford and their daughters, Rebecca and Barbara.

Mr. and Mrs. Willman returned Jim Ed to SMU late Sunday afternoon and they returned to Eastland that night.

**KIDNEYS
MUST REMOVE
EXCESS WASTE**

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 13 million kidney tubes and filters flush out waste. Get Doan's Pills today!

Maverick News

The Maverick basketball season ended this week. The boys ended their hoop season Tuesday as they defeated Rising Star 75-73.

The girls' last game was won by forfeit. They were to play Cross Plains, but the Buffs forfeited the game. The girls had a good season this year. They lost seven conference games and won three. Their season came out better than the boys.

The band is really shaping up under that new band director, Mr. Woodard. Cleaned house down there and made that place a house of music.

The Ag Class has 25 chickens in the brooder down there. Harvey Lewis has 50 chickens in with them. The chickens were given to each Ag boy by Arthur Produce. Each boy received 25 DeKalb chickens.

The track meet at Comanche Saturday will be entered by the Eastland Mavs.

"LOOK OUT—IT'S LOADED"—Or so you'd think, from the horrified looks on these cagers' faces. Actually, Minnesota's Bill Simonovich, center, let the ball get away from him and North-western's Jim Bragiel, left, and Harold Grant hadn't yet reversed gear in a game at Minneapolis, Minn. The boo-boo failed to jinx the Minnesota team which won, 102-82.

For District Crown**Olden Girls
Defeat Gorman**

Olden's girls wrapped up the district crown Wednesday night with a 59-48 victory over the Gorman girls in the second game of a two out of three play-off series. Olden had copped the first game of the series in Gorman Tuesday night and wrapped up the title in their home gym Wednesday night.

**College Netmen
Elect New
Officers Tuesday**

Freddie Rowch of Olden, only returning letterman of the Ranger Junior College championship tennis team, was elected president of this year's netmen Tuesday. Other officers elected were R. C. Smith of Ranger, as vice president; Charles Franklin of Big Spring as secretary - treasurer; and Glenn Clifton of Austin as reporter.

In the past three years, the college team, coached by R. L. Willis, has won three consecutive state crowns.

The state meet will be held this year at Tarleton State College in Stephenville.

The game was tip and tuck all the way with Olden leading 14-13 at the end of the first quarter and 27-21 at halftime. The Gorman girls were handicapped in the final stanza when several of their starters fouled off.

Thelma Edwards was high pointer for the night with 24 points. Her Olden teammate, Doris Day, pushed her with 22, while Miss Robertson had 20 for the losers and Miss Rogers 17.

Both the Olden girls and boys have now won their first district championships and will represent the district in the state playoffs. For the Olden girls, the win gave them their third straight championship.

Farmers —

(Continued From Page One)

ranch and for no other purpose whatsoever. I further state upon oath that the empty weight of the vehicle fully equipped for use but containing no load as shown is correct; that the maximum load to be transported thereon and the total gross weight for which said vehicle is to be registered, all as shown above, are true and correct."

Mr. Webb said it was important that farmers and ranchers read the affidavit before signing it since swearing to a false affidavit is punishable by imprisonment for from two to 10 years.

It was pointed out that "no passenger car can be registered as a farm truck unless the body has been permanently reconstructed for delivery purposes and correct title applied for."

Moore...**ABOUT
SPORTS**

By VIRGIL E. MOORE

Coach Carrol Shelton has started working out his thinclads at Eastland High in anticipation of the first track meet of the season, which is set for Saturday in Comanche.

The Eastland track and field men will enter the meet without much preparation, and it will probably go a long way in showing just what the Mavs will have this year.

We understand that E.H.S.'s golf team will be in full swing again this year. John Lively Sr., pro at the Lakeside Country Club, will coach the boys.

Cross Plains girls forfeited the game they were to have played with the Eastland girls here Tuesday night. That means that the locals end the season with three victories to their credit. Wylie was forced to forfeit both of their games to the Mavericks because of playing an ineligible girl.

Q-Backers get their membership drive underway this week. In our way of thinking, you can't spend five bucks more effectively. The goal of 300 members seems a little high to you probably, but we might remind you that many more than that have been members in the past.

Let's join up this year. The youth of this town are worth \$5 to you, surely.

**Safety Record
Achieved By
Lone Star Plant**

Employees of Lone Star Gas Company's gasoline plant at Gordon have attained a two-year perfect safety record representing 124,322 hours of work without a lost-time accident, according to A. W. Breeland of Dallas, assistant personnel director in charge of safety. R. G. Porter is plant superintendent.

Mr. Breeland pointed out that 106 other Lone Star units in Texas and Oklahoma have perfect safety records through December, 1954. These records range from one through 26 years and their cumulative total is 457 years.

Mr. Porter lauded his fellow workers for their day-in and day-out efforts toward accident prevention.

"Our safety record," he said, "reflects strict adherence to Lone Star's constant program of training employees in the importance of safety — not only to protect their lives but the lives of the men, women and children who represent the public we serve."

The Lone Star unit averaged 25 employees during the two-year period. A framed certificate pointing up the accident prevention accomplishment will be presented at the next regular employee safety meeting. It will bear the signatures of President D. A. Huley and other Lone Star officials.

The Old Timer

Delta Tau Chapter, Phi Theta Kappa Adds Eleven RJC Students To Roster

The Delta Tau Chapter of Phi Theta Kappa took in eleven new students in an impressive pledge service during the regular assembly period on Tuesday, Feb. 15 at Ranger Junior College.

Students who met the high requirements of this organization were Arlene Ash, Desdemona; Mrs. Alta Ileana Beck, Ranger; Beverly Ann Cary, Vernon; Max Roger Crumley, Ranger; Max Don

Dooley, Ranger; Sudi Gray, Ranger; Jenna Vee Hatton, Ranger; Shirley Diane Koenig, Austin; Mrs. Dorothy Marie Meadows, Ranger; James Leonard Meazle, Rowlett; and Lanell Rowell, Seymour.

President Allan Gibbs and Secretary Delores Cox had charge of the pledge service. They were assisted by other Phi Theta Kappa members, Mrs. A. Kirk of Ranger and William Colfax of Eastland.

After the candidates repeated the pledge they were presented with pledge pins by Dr. Price R. Ashton and Dr. David L. Norton, who were the first to congratulate the honor students.

Phi Theta Kappa is a national honorary scholastic society for junior colleges. The object of this organization is to promote scholarship, to develop character and to cultivate fellowship among students who accept the high ideals of Phi Theta Kappa.

To qualify for membership in the fraternity one must have completed one semester at Ranger Junior College. He must be a regularly enrolled student carrying at least fifteen hours per week, twelve of which must be in arts and sciences. He must be of good moral character and possess recognized qualities of leadership and citizenship as judged by a faculty committee. At the time of election he must be in the upper scholastic ten per cent of the regularly enrolled student body of the college division.

"Nothing is impossible to the man who doesn't have to do it himself!"

Cheaney HD Club Meets Thursday

"Safety and Fire Prevention in Living Room, Bedroom and Kitchen" was the lesson presented in buzz session groups at the regular meeting of the Cheaney Home Demonstration Club Thursday afternoon, Feb. 10 in the home of Mrs. Bill Reid.

Roll call was answered by six members.

The hostess read the devotional, Psalm 34:17 following the call to order by the president, Mrs. R. W. Gordon. The club pledge and prayer were repeated in unison.

Mrs. Bill Tucker gave the February council report.

Scores were determined by answering 'yes' or 'no' to questions concerning safety measures in fire prevention in the home. Prevention of accidents in the home was also discussed.

A game entitled "Scramble" was provided by the hostess during the recreation period. The group then adjourned to the dining area for refreshments of hot cocoa, coffee, brownies and coconut macaroons. The next meeting will be held Thursday, Feb. 24 in the home of Mrs. L. Z. Melton.

Mobilgas Run To Be Held March 14-16

The 1955 Mobilgas Economy Run will follow a rugged new course from Los Angeles to the foot of Pike's Peak on March 14, 15, and 16, it was announced today (Tuesday) by Guy L. Tate, Vice President of Magnolia Petroleum Company, co-sponsor of the event with its affiliate, Socony-Vacuum Oil Company and General Petroleum Corporation.

Mr. Tate said that for the first time in the history of the annual Economy Run all competing cars will be equipped with automatic transmissions. This ruling, he said, was made because most American automobiles manufactured today are equipped with automatic transmissions, and standard shifts soon may almost disappear from passenger automobiles.

The Economy Run, which annually puts America's new crop of passenger cars to a severe gasoline mileage test for the benefit of the motoring public, is sanctioned and supervised by the American Automobile Association.

Mr. Tate said the 1955 run will begin at 12:01 a.m. Monday, March 14, in Los Angeles and will terminate at the Broadmoor Hotel, Colorado Springs, Colorado, the afternoon of March 16. Awards will be presented March 17.

Paved Road -

(Continued From Page One)

has recognized the importance of coast-to-coast roads as a military advantage," he added.

The Commissioner said that 84 miles of farm-to-market road had been built in Eastland County and about that much more is in the offing. He indicated that the Carbon-Gorman road would be rebuilt in the next two years.

Pausing temporarily to dwell upon the "true cause" of the banquet, Formby stressed, "If anybody is to be honored here tonight, it should be the people of Eastland and Ranger who have, in forgetting their differences, like football, joined together in building the new dam and lake."

He said that the highway picture was bright for Eastland County as \$1.5 million had been earmarked for the area in the next two years.

Even the air you breathe is better!

Chevrolet's new
High-Level
ventilation system

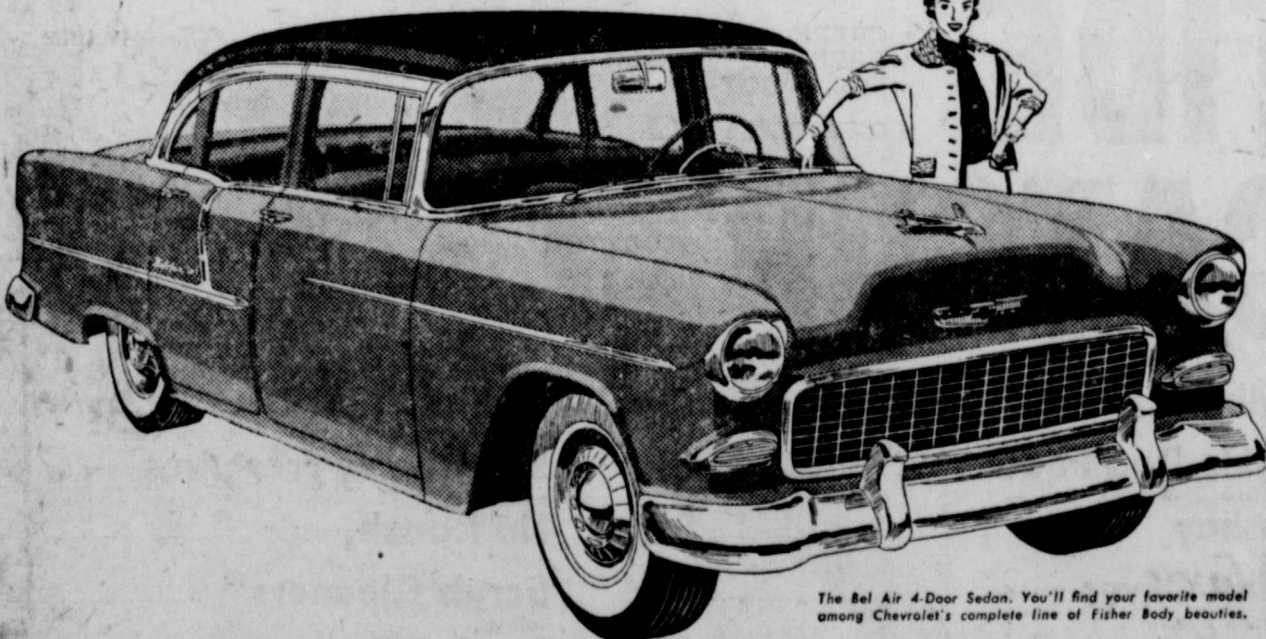

gives you cleaner, fresher air,
and all you want of it!

Air enters here
at hood-high level—
away from road heat, fumes
and dust!

Only Chevrolet and higher-priced cars give you a ventilation system like this!

A special chamber under the ventilation louvers keeps rain out of the car and supplies you with a more even flow of air. And it also acts as a girder, making the car stronger and safer.

This is just one of the exciting discoveries you'll make when you drive the Motoramic Chevrolet! Come in and see.

The Bel Air 4-Door Sedan. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

Chevrolet's stealing
the thunder from
the high-priced cars
with
all these comforts
and conveniences, too!

New Anti-Dive braking control (exclusive with Chevrolet) for "heads up" stops! New Four-Fender visibility! New Ball-Race steering! An entirely new ride! And you can have any or all of the automatic power features* you could wish for!

1 New Linkage-Type Power Steering. Does up to 80 per cent of the work for you! Cushions road shock, too!

2 New Automatic Window and Seat Controls. Raise and lower windows in front and rear... position the seat... at a finger touch.

3 Improved Power Brakes. Stop you with up to one-third less pedal pressure, for extra ease and safety.

4 New Air Conditioning. A single compact unit heats or cools the air to your liking. Takes up no trunk space.

*Optional at extra cost. Automatic Window and Seat Controls available on Bel Air and "Two-Ten" models. Air Conditioning on V8 models only.

Everything's new in the
motoramic
Chevrolet

PENNEY'S

ALWAYS FIRST QUALITY

FRIDAY and SATURDAY

EXCITINGLY NEW!

THE LITTLE GAYMODE WITH THE BIG S-T-R-E-T-C-H...

GLAMOUR-SHEER NYLONS THAT CLING TO THE SHAPE OF YOUR LEG—NEVER-EVER BAG, SAG OR WRINKLE!

1.50 pair

Better than "custom made", Penney's sheer stretchable Gaymode nylons mold to your legs, follow every curve and hollow like a second skin. Seams stay in place... never twist, never turn. And these Gaymodes are gloriously sheer, too. Find them in Gala, a shade you'll love. Sizes Midge, Norm and Long, to fit every leg perfectly. Penney Quality is your Greatest Saving!
