DAYAN: THIS IS ALL-OUT WAR AGAIN

Fighting In Middle East

FRESH EXPLOSION
Defense Minister Moshe Dayan

Plane Crash Claims Four

ARTESIA, N.M. (AP) — A single-engine airplane crashed into the flatlands west of Artesia early Saturday, killing all four persons aboard, state police reported.

Officers identified the victims as Fred Robert Worden, 24, of Roswell; Joretta Peterson, 23, and Phyllis G. Britton, 26, both of Artesia; and Billy Don Johnson, 31, of Dallas, Tex.

Police said they did not know who had been piloting the four-passenger Cessna 182.

They said the aircraft, owned by Tri-Air Corp., of Artesia, crashed near a police pistol range about one mile northeast of the municipal airport, which is located two miles west of the city.

The weather in the area was described as very foggy and the aircraft was not adequately equipped for equipment flying, officers said.

Reviewing the... Big Spring Week ...with Joe Pickle

The United Way began to get up a head of steam last week with the total surging past \$65,000 toward a \$117,000 goal. The combined federal campaign was the brightest star to date, going 20 per cent beyond its target. The big gifts division is well along on its effort, but employee groups are lagging. This is the crucial week, and you can help by making sure you have given — at least a fair share. Don't ride someone else's back with lame excuses.

Big Spring representatives joined with those from half a dozen other towns in the area to present the case for the U.S. 87 from Lubbock to San Angelo as the route for the proposed extension of I-27. They came away encouraged by the reception for their case. Of course those pressing for an eastward extension will have their day as part of the window dressing for a crucial feasibility study authorized by Congress.

One of the items of news for adults is the new push on special classes at Howard County Junior College. There's still time — by calling Theron Lee at HCJC Monday — to enroll in short courses in flower arranging, upholstery, toile painting, cake decorating. Later there will be courses in water colors, music appreciation, pop music in the 20th century, basic electricity, etc. Now going are such things as intermediate bridge, conversational Spanish, advanced and elementary art, poodle grooming, service station equipment

(See THE WEEK, Page 2-A, Col. 1)

By The Associated Press

Egypt and Syria fought with Israel across cease-fire lines Saturday in the worst fighting since the 1967 Mideast war. Egypt claimed to have taken most of the eastern bank of the Suez Canal and Israel said its gunboat sank five Syrian war ships.

The Egyptians stormed across the Suez into the Sinai, held by Israel since the six-day war in 1967. On the second front, Israelis fought Syrians in air and ground clashes along the Golan Heights.

The command sank five Israeli gunboats and four Syrian missile boats and a torpedo vessel in a battle Sunday night in the Mediterranean near the northern Syrian port of Latakia. The port is about 200 miles north of Israel.

MUST SACRIFICE
Israeli Defense Minister Moshe Dayan said the new fighting "is the start of an all-out war again."

"We must be prepared for any burden and sacrifice de-

manded for the defense of our very existence," said Israeli Premier Golda Meir in a broadcast speech.

A Tel Aviv government radio broadcast reported early Sunday that Egypt was landing commando forces behind Israeli lines in the Sinai Desert, and that Israeli forces were "mopping them up."

The conflict on the Golan Heights stopped at about 9 p.m. Israel time, but heavy fighting on that Syrian-Israeli front resumed late Saturday, the radio report said. It claimed a Syrian attack had failed to break through Israeli lines and Syrian losses were heavy.

Cairo radio reported Egyptian forces retook almost the entire eastern bank of the Suez Canal as air battles raged over the Sinai peninsula and the Golan Heights.

CROSSING
The Israeli military command said the Sinai battle continued well into the night "along the entire length of the Suez Canal."

It was the first large-scale crossing by Egyptian troops since Israel seized the Sinai peninsula from Egypt in the 1967 conflict.

The Cairo broadcast said reinforcements were rolling across the 200-foot-wide waterway to strengthen the Egyptian beachheads. It gave no precise accounting of how far the Egyptians had penetrated Israeli defenses.

Dayan conceded the Israelis had lost "a few positions" along the canal. But in a news conference that followed a television broadcast he added: "Our losses can be counted in the dozens, not the hundreds. The air force has suffered very little. We have lost a few planes. Our armor has not lost any significant power."

JETS DOWNED
Cairo radio, however, said Egypt shot down 11 Israeli jets and lost 10 of its own in the largest air battle between the two countries since the six-day 1967 conflict.

U.N. observers said they saw

Egyptian and Syrian troops cross into cease-fire lines but didn't see any similar moves by Israeli forces.

The observers said the Egyptians crossed the Suez Canal at five points and the Syrians crossed at two points on the Golan Heights.

President Hafez Assad of Syria said in a broadcast to Syrian troops that the fighting exploded because Israel launched a "blitzkrieg" against the Arabs.

WANT TO KILL
"We don't want to kill anyone," he said. "We are repulsing those who want to kill us."

Cairo charged the hostilities broke out because of an Israeli attack on its positions at the southern end of the Suez Canal. It said its troops pierced the Israeli defenses because the Tel Aviv forces "tried to seize part of our land on the western bank of the canal."

But Mrs. Meir rejected the charges and said Syria and Egypt plotted an attack in advance, timing it to coincide with the solemn Jewish holiday of Yom Kippur and the possible distraction that observance of the religious holiday might have caused.

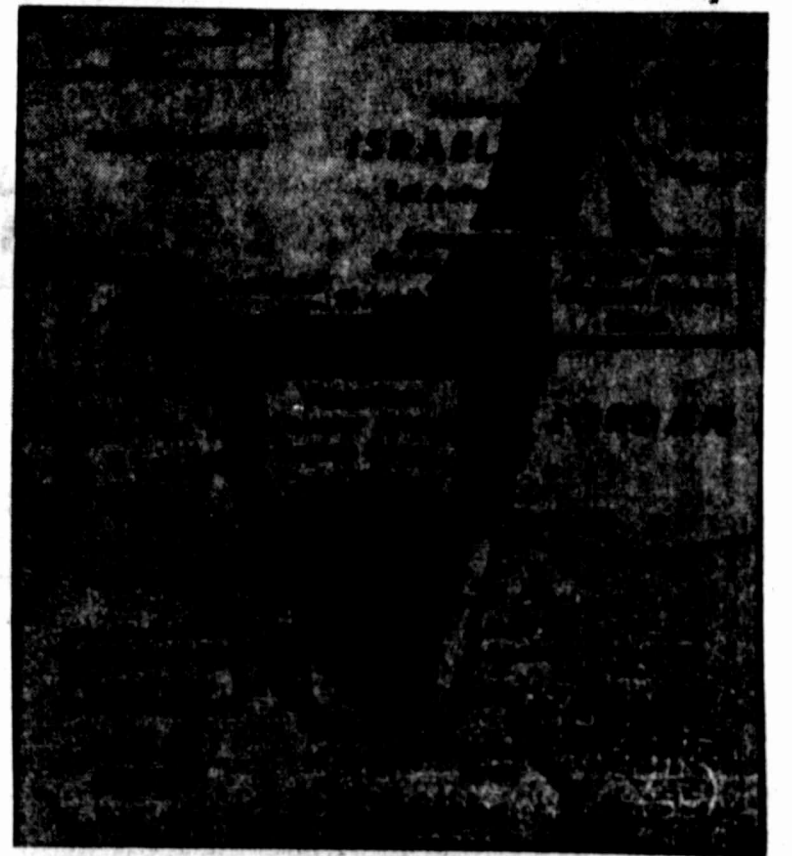

Official broadcasts from Damascus said Syrian troops backed by artillery barrages pushed Israeli defenders back and "liberated" some occupied territory in the Golan Heights,

near the three-cornered border between Israel, Syria and Lebanon.

DESTROYED
But a communique from the Israeli military command said the Syrians attempting to take the Golan Heights "met with little success" and that the Golan fighting had stopped by 9 p.m. after an afternoon of tank

and artillery battles. "Dozens of Syrian tanks were destroyed and large numbers of infantry were hit," the Israeli communique claimed.

The Israeli state radio announced late in the evening that Syrian shellfire hit three Druse villages on the Golan Heights, killing and wounding 15 men, women and children.

HIT IN BACK WHILE PRAYING

Jewish Reaction

By The Associated Press

American Jews celebrated the holiest day of their religious year on Saturday with prayers for peace and for the success of Israeli forces involved in new fighting in the Middle East. Several rabbis interrupted the Yom Kippur services to announce the latest Arab-Israeli conflict.

"We've been hit in the back while praying," said Rabbi Mel Silverman of Beth Shalom Temple in Charlotte, N.C. "Our congregation is shocked, for on this day more than others do we believe that the heart of man is for good and peace."

Rabbi Azriel C. Fellner of the West End Synagogue, the largest temple in Nashville, Tenn., said, "Our congregation this Yom Kippur Day of Atonement will spend an even more intensive day of prayer and fasting... We are appalled by the war and hope and pray it ends quickly with little loss of life on both sides."

A TRAGEDY
A plea for peace also came from George F. Freije of Indianapolis, president of the Midwest Region of the Syrian Orthodox Youth Organization. "The main concern... is that a just and honorable peace come to the Middle Eastern nations,"

he said, adding that peace cannot come until Palestinian refugees "are entitled to return to their homes."

The Action Committee on American-Arab Relations urged President Nixon to take "immediate measures to force Israel to stop its attack on Egypt and Syria." Dr. M. T. Mehdi, secretary-general of the New York-based committee, said the Israelis "planned to conquer more Arab land for the settle-

ment of Soviet Jewish immigrants."

Rabbi Albert Plotkin of Phoenix, Ariz., called the fighting "an ominous beginning for a new Jewish year... a tragedy."

"I don't think the Israelis would provoke an attack on the holiest day of the year. I think Egypt started it..."

The rabbi said he would tell his congregation: "We are now faced with a tremendous challenge. We stood by Israel in 1967 and do not have any alternative but to stand by her at this hour..."

FASTING

Many Jews learned of the new fighting as they were about to leave for temple to observe Yom Kippur, the Day of Atonement, which is marked by fasting and day-long religious services. Yom Kippur is the end of a 10-day holy period that begins with the Jewish new year.

Rabbi Murray Blackman of Temple Sinai in New Orleans said he thought the outbreak could be "partly attributed to the success of Arab terrorists in forcing their demand to be met in Europe."

'Midnight Cowboy' House Ropes West Texas Viewers

By MARJ CARPENTER
Ed Millhollon built a ranch home outside Stanton back in 1909.

It was an interesting looking home with five rooms down, stairs and two upstairs and a cupola with a steeple on the front and windows which would view the wide West Texas landscape in every direction.

Around the front was a spacious porch complete with pillars.

ADOBE BARN
Off to the right was an adobe barn for the stock animals which later became a garage. A fence out front was laboriously built by stacking rocks brought in from the area, one atop the other.

The family resided in the home for many years with the family dwindling until the last

survivor sold the place in 1963 to Sam Wilkinson. The Pat Hulls started to buy it, before that time, but two of their four children objected to the "old house out in the country."

LEASED FOR MOVIE
For a while, a Big Spring man owned it and he leased it to the movie company that made "Midnight Cowboy" and some of the scenes were filmed on the front porch of the house.

WINDY

Clear to partly cloudy through Monday. Southerly winds 8 to 18 miles per hour Sunday. High both days, mid 80s. Low Sunday night, upper 50s.

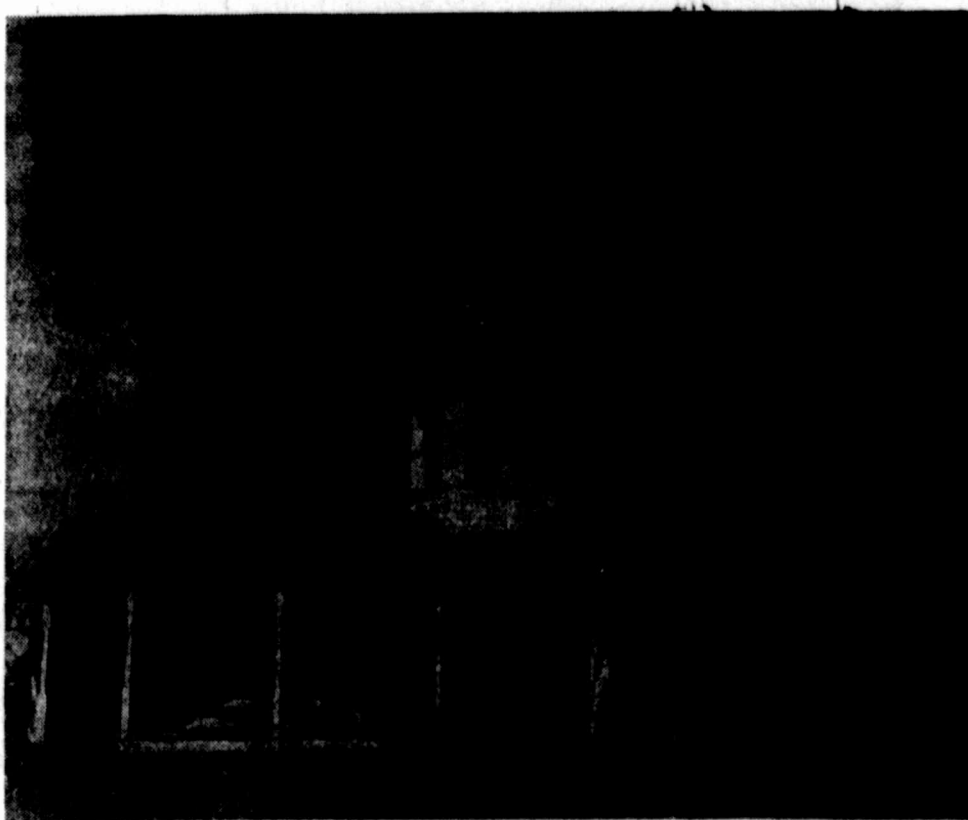

Mrs. Hull stated, "This didn't do anything toward making the home more desirable in Stanton — not after we heard what the script of the movie was about."

A BEAUTY

But the beauty of the home has shown through all of the years of vacancy and use by a movie of which very few West Texans approved of the plot.

At the present, Mike Hull has the home and is gradually restoring it. He plans to fix it up as he can and keep it more or less intact, including the old rock fences, according to his mother.

"I'm glad to see it in use," Mrs. Hull stated. "I planned to live there myself at one time. These old ranch homes that are of the early West Texas era really need to be preserved."

(Photo by Marj Carpenter)

THIS OLD HOUSE — Like many West Texas homes built in the early 1900's, this old house at Stanton has seen a lot of the area's history. Most of the homes in the area built around the early years of the century stand firm and proud from an era when homes were built to survive.

Last Bingo Game Winds Up In Friday's Paper

Thirteen weeks of competition in The Herald's bingo game drawn to a close Friday, when the last of the "bugs" appear in the paper. The new game starts today.

The prize the past week amounted to \$120. Assuming a winner will be declared, the award the final week will be \$200.

Tens of thousands of readers have participated in the contest during the 13 weeks. The contest has been fun, but everyone has had fun playing the game.

Thirty local merchants cooperated with The Herald in making the game possible. Each offered bingo cards to their customers and friends. A total of 25 persons shared in the prizes during the first 11 weeks of competition.

Only those who think they have winners and who declare their cards at The Herald by

5 p.m. Monday will be eligible for the prize offered in last week's game.

Participating merchants are Academy of Hair Design, Gibson's Discount Center, One Hour Martinizing Cleaners, Pollard Chevrolet, Crawford Pontiac-Datsun, White's Auto Stores, Downtown Auto Sales, Harris Lumber and Hardware, Henry's Men and Boys Wear, Also, Webb Credit Union, Super Save Drive-In, Quality Volkswagen, Bob Brock Ford, Elmer's Jewellers, State National Bank, Burger Chef, Big Spring Western World, Foodway, Mike's Ties, J. C. Penney.

Also, John Johnson, Eugene's Men and Boys Wear, C. L. Anthony, Co. Hagen, Marvin Figueira Salon, M. A. Gentry Ward, Gray Jewellers, T. J. Family Camera, Conky's Discount Center, Great Food Store and Little Super Market. 50 Contests.

THE WEEK

(Continued From Page 1)
repair. It's a whole new world
— and you can get it on it.

Donnie and Randall Reed brought in Howard County's first bale of cotton last week, and Wendell Shive, Coahoma, ginned it free. The bale came from a patch which looks to average two-thirds of a bale per acre and weighed in at 545 pounds. The grade and staple were excellent. This year's crop is opening faster than any in several years. It doesn't mean an earlier completion of the harvest, but that it will be stretched over a longer period of time. The outlook still is for a bumper yield.

A total of 428 individuals voted in last Tuesday's election to make the first changes in 35 years in the city's charter. All 13 proposals were approved, and you had better hope they are good, if it takes 35 years to change. Isn't it some kind of commentary — perhaps a personal one — that one person represented 35 others in the election, not by choice but by default?

For a few days last week we had a return of summer, and if that could have held on for a fortnight, it would have been worth a million dollars in increased crop yields. Alas, our Friday rain returned, and with it lower temperatures. While it further improved pasture and small grain prospects, but also dented the grain sorghum and cotton harvest.

Initial results from the 100-block trial area for a new continuing city cleanup campaign were encouraging. The first 41 blocks of alleys yielded 61 truck loads of trash. The city council voted \$10,000 to finance the trial run before agreeing to assess a monthly charge. If you have a suggested name for the campaign, mail it to Beautification Contest, Box 391, before Oct. 15; it may be worth \$100.

Three of our fine young people who barely missed the National Merit Scholarship semi-finals (only the top 2 per cent) were cited last week for excellence. They were Van E. Johnson, James S. McEwen and Elizabeth Reed.

Two cases of rattlesnake bites and one near miss were reported during the past week — and two of them occurred in town. Snakes are no more numerous, but as nights get suddenly cool, rattlers hunt those

warmer spots. So be on guard until frost sends them to their dens for the winter.

Stanton voters are getting a chance to sign two petitions. One would call for a bond election to sharply modernize or replace the courthouse; the other, less well defined, proposed a plebiscite on permitting sale of liquor by the drink.

This afternoon in Midland, Bob Lewis, better known for his Sound of Texas quickies as narrated by "Tumbleweed Smith," will receive one of three Permie awards posted by the Permian Basin Historical Society. His is the first to be given for a radio program, a fitting tribute for an innovative series which preserves the heritage and color of Texas, present and past.

Big Spring High School Exes are planning a record homecoming Nov. 9-10. If you know of the address (out of town) of any former student — no matter what year — please call this information to the high school office so invitations can be mailed.

MISHAPS

208 E. 3rd St.: Kenneth Roy Beasley, Chaparral Trailer Park lot 9; Alvin Lee Luce, Coahoma; and a parked vehicle belonging to Troy H. Melton, Box 834, at 10:59 a.m. Friday.

IS-20 and the Snyder Highway: Raymond Earley, 1306 Utah Road, and Sherry Denton Hult, Route 1 Box 322, at 1:45 p.m. Friday.

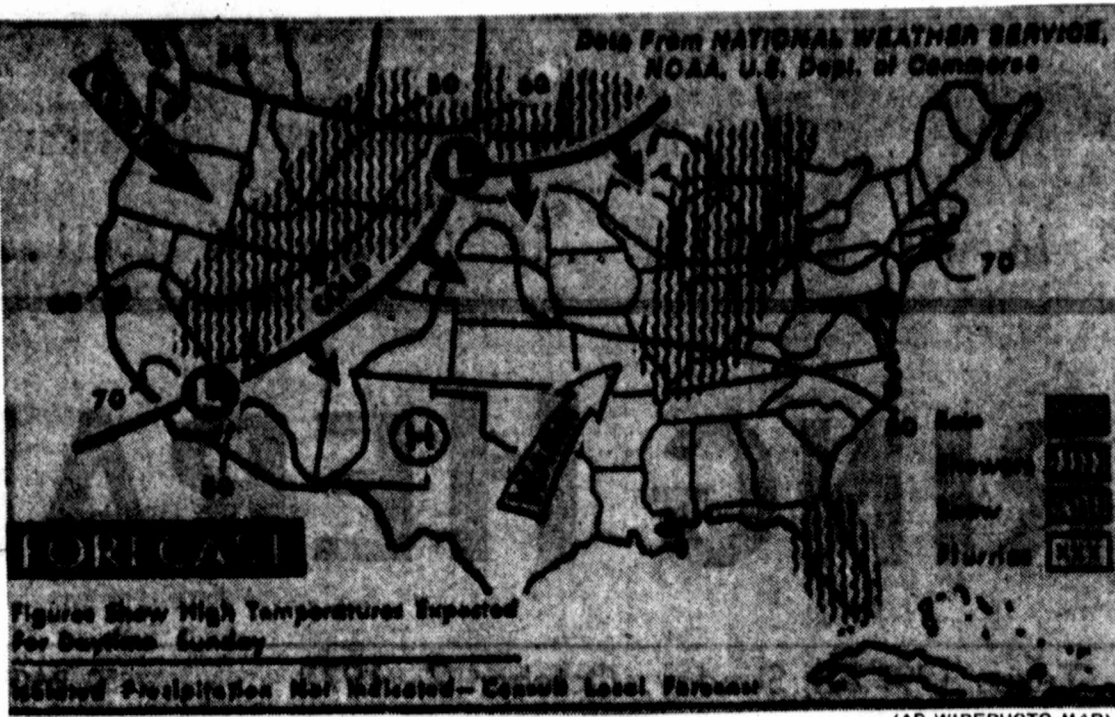

Parked vehicle belonging to J. E. Green, Box 141 B Gail Route, and a vehicle which left the scene at 2:16 p.m. Friday. The location of the accident is not known.

107 E. 22nd St.: Felipe Munoz, 107 E. 22nd St., and a vehicle which left the scene, at 5:36 p.m. Friday.

900 block of 11th Place: Patricia Jane Biby, 2106 Nolan St., and Jackie Darrell Hopper, 2309 Allendale Road, at 10:30 p.m. Friday.

West Third and San Antonio Streets: Pearl Smoot Forrest, Lubbock, and Joy Williams Hester, Box 669, at 9:12 a.m. Saturday.

Wagon Wheel No. 3 parking lot: Terry Cunningham, 2506 Central Drive, and J. O. (Joey) Haney, 1101 S. Lancaster St. at 8:15 p.m. Friday.

WEATHER FORECAST — Showers are forecast for today in Florida, the Ohio Valley and Great Lakes regions, and through much of the Rockies and northern Plains areas. It will be warm in the South and East and cool in the Northwest.

Juvenile Officer Deals With 15 Cases In Month

Law enforcement agencies and schools referred 15 alleged cases of delinquent behavior to Ed Cherry, juvenile probation officer, during September. It was a light month, in terms of new cases.

Believed involved in burglary were four youths, and five were accused of theft under \$5, the juvenile probation officer reports.

Drunk in public cases resulted in four referrals, and one minor was accused of being in possession of alcoholic beverages. One out-of-state runaway came to Cherry's attention.

Placed under the juvenile officer's supervision were two juveniles, making the total 60.

Cherry counseled 78 juveniles, and 23 cases were discussed with parents of juveniles.

Howard County has one boy and three girls on parole from

the Texas Youth Council.

At the Gatesville State School for Boys, six local juveniles were counted. And the Brownwood State School for Girls has seven local girls.

Responsibility for hearing juvenile court cases fell to District Judge R. W. Caton, a licensed attorney, on Sept. 1. This resulted because county

Hitchhiker Beats Priest With Heavy Brass Crucifix

SAN BERNARDINO, Calif.

(AP) — A young Roman Catholic priest was recovering today after a hitchhiker he befriended beat him with a heavy brass crucifix, police said.

The Rev. Louis Copestake, 28, was reported in satisfactory condition after part of an ear that had been ripped off in the attack was sewn back on in a hospital.

He said he had been talking to the hitchhiker at St. Anne's Catholic Church, where he is associate pastor, and the young man told him he was troubled.

The priest soon noticed his wallet was missing and asked the man: "You don't want to get into more trouble do you?" "Well if I do, it might as well be for murder," he quoted the man as saying.

Hurt In Wreck

Mrs. Martha Dowdy, Dimmitt,

was released from Cowper Hospital Saturday afternoon. She was injured in a car wreck on south U.S. 87 at the Forsan Highway intersection about 7:30 p.m. Friday.

WEATHER

NORTHWEST AND SOUTHWEST TEX. AS: Partly cloudy through Monday. Warmer Sunday. Low today 45 to 48. High today and Monday 60 to 64.

DEATHS

May Horne

May Horne, 89, of Lubbock died in a Lubbock nursing home Friday following an extended illness. She had been a resident of Lubbock for 26 years and was a native of Eastland County.

Arrangements were being completed Saturday at the Sanders Funeral Home in Lubbock.

Among survivors is a brother, Boone Horne, Big Spring.

N. Cockerham

Rites for Mrs. Nancy Cockerham, 73, will be held Monday 10 a.m. in the River-Welch Chapel with the Rev. J. E. Meeks of Baptist Temple officiating. Burial will be in the Fairview Cemetery in Memphis, Tex. Mrs. Cockerham died here Friday.

Mrs. Cockerham, who was born Sept. 17, 1900, had lived in Big Spring since 1962. Her husband, Oscar L. Cockerham, died in 1957. She was a member of the Baptist Temple congregation.

Surviving are two sons, Eugene V. Cockerham, Big Spring and Ray Cockerham, Amarillo; one daughter, Mrs. Grady Jones, Clarendon.

Mrs. Mansfield

Mrs. Pearly L. Mansfield, 82, Big Spring, died in a local hospital at 8:05 a.m. Saturday. She had been hospitalized since Sept. 19.

A native of Mississippi, she married Julius Brown Mansfield Dec. 5, 1909 in Abilene. They moved to the Morgan Community during the Thanksgiving of 1927.

Mrs. Mansfield moved to Big Spring in 1960.

Services have been slated at the East Fourth Baptist Church, but no date or time has been set. Burial will be in Trinity Memorial Park under the direction of River-Welch Funeral Home.

Survivors include three sons, Cecil Mansfield and Floyd Mansfield, both of San Angelo, and Harvey Mansfield, Coahoma; eight daughters, Mrs. Nettie Kennedy, Big Spring; Mrs. Lena Macomber, Big Spring; Mrs. Flossie Gilmore, Sand Springs, Miss Jeanette Mansfield, Big Spring; Mrs. Merle Cheesman, East New Market, Md.; Mrs. Lois Sheridan, Canoga Park, Calif.; Mrs. Louise Hungerford, Gustine, and Mrs. Arelene Blakeney, Andrews; 36 grandchildren; 45 great-grandchildren; and two great-great-grandchildren.

James S. Copley

LA JOLLA, Calif. (AP) — James Strohn Copley, head of a wide-ranging communications group that includes 15 daily newspapers, died Saturday. He was 57.

Car Hits House

When brakes failed, a car driven by Vida Hale King, 609 E. 18th St., collided with a house at 1110 Main St. Friday afternoon, police report.

Cow Killed

A cow was killed when a car hit it on the Andrews Highway near the Jack Bennett place late Friday morning, the sheriff's office reports.

James Robert Wilson, Andrews, was driving the car. T. F. Horton owned the cow.

Gunned In Head

SAN ANTONIO (AP) — Police said Carlos Zarola, 27, was found fatally shot in the head Friday night. His body was dumped on the city's north side.

Double Slaying Suspect Jailed In Port Neches

PORT NECHES, Tex. (AP) — Police captured a man accused of shooting to death a Port Neches couple after trying more than three hours to coax him from his residence and finally firing tear gas early Saturday.

Jefferson County sheriff's deputies said they were holding without bond a 32-year-old Port Neches man.

James T. Yardley Jr., 57, general manager of the Texaco asphalt plant at Port Neches, was found dead at his home about 7 p.m. Friday, shot six times with an automatic weapon.

He was in the living room of the home. His wife, Sarah Irene Yardley, who apparently tried to escape, was sprawled in the driveway.

Shortly before midnight a large force of officers evacuated homes next to the arrested man's residence and surrounded it.

Investigators said the man's son tried to coax him from the house, but failed.

A psychiatrist was called to the residence but he never talked with the man, according to officers.

The Yardley residence is located on the plant property. Deputies ruled out robbery as a motive but were unable at once to give a motive.

THE LAST LOAD — Ruby Phillips, county welfare officer, and Joe Hyden of the road and bridge department help unload butter and egg mix from the last load of surplus commodities issued to the county Tuesday.

Last Load Of Surplus Food Is Distributed

By ANN STEVENS

As the last load of surplus commodity food destined for needy families of Howard County was unloaded here Tuesday, county welfare officer Ruby Phillips recalled how the program began 12 years ago.

In March, 1961 when Mrs. Phillips went to work for the county, the only free food program for the disadvantaged was a system whereby grocery orders in small denominations such as \$10 could be issued to families deemed needy.

"When Judge Carpenter and the county court asked me if I would go along with the surplus commodities program, I told them yes. We had people needing it and we couldn't provide well enough with the grocery orders," said Mrs. Phillips.

BIG RESPONSE

The program met with great response from the needy, she recalled.

Although no one ever complained to her, she said, some local citizens may have frowned on the new program and some farmers were afraid it might entice seasonal farm laborers to stay home and not work in the cotton fields.

Once the program got underway, however, everything worked out well, she said. A total of approximately 4,320,000 pounds of food has been issued to county families since inception of the program.

Number of participants in the program has ranged from 800-1,100. Families were allowed in to the program on the basis of annual income, size of the household and ability of the household head to work.

Government food was picked up every month from a warehouse in San Angelo and stored in the red warehouse on NW 10th St. There, the participants were issued the food once a month.

Among food items issued regularly were butter, vegetable shortening, pinto beans, canned corn, rice, flour, canned meats, peanut butter, potato flakes and cheese.

CRMWD Sales Exceed Last Year

Despite a wet September, deliveries of the Colorado River Municipal Water District increased over a year ago and narrowed the gap between the record 1972 to 250 million gallons.

During the month, CRMWD pumped 1,693,100,178 gallons, which was 180 million more than for September a year ago. For the first nine months of the year the district has delivered 14,283,842,350 gallons, which is 243 million gallons less than for the same period the previous year.

Most of the gain came in municipal deliveries of 1,192,411,000 gallons, or 181 million gallons more than the previous September deliveries to the cities. Mining and industrial deliveries stood at 500,689,178 gallons for September, down one million from September a year ago. Through the first nine months of this year mining deliveries stood at 4,363,137,350 gallons, or 114 million gallons less than for the same period in 1972. Of the mining and industrial deliveries in September, 140 million gallons were in brackish water.

During September, Odessa took 396,315,000 gallons, up 14.42 per cent over September a year ago; Big Spring 219,234,000, up 10.56 per cent; Snyder 59,819,000, up 6.73 per cent; Stanton 7,430,000, up 92.14 per cent; Midland 340,676,000 gallons, up 15.86 per cent; San Angelo 168,938,000 up 49.38 per cent. The district's over-all deliveries for September were up 11.90 per cent.

Assault Charged

Ponciano Diaz Lopez, 30, 406 NE 10th St., was arrested by police Friday afternoon for assault with intent to murder.

Peace Justice Gus Ochotorena Jr. set a \$2,000 bond and Lopez was released after posting this bond.

Lopez is charged with shooting Jose Munoz a couple of weeks ago.

Thugs Keep Local Officers Hopping

By JOHN EDWARDS

Thieves, burglars and vandals have seized Big Spring the last couple of days, law enforcement agency reports indicate.

Uncooperative neighbors foiled police efforts to establish cases against several men suspected of breaking windows in a cafe Saturday morning at 803 N. Lamesa Highway, Patrolman Robert A. Yeager said.

Minnie Hernandez, the proprietor, told Yeager "she knew who had done it as they were observed in the process of knocking out the windows."

Neighbors on one side of the building refused to give a statement or identify the vandals for fear of reprisals to their property or person, Yeager wrote.

One woman refused to talk. And other neighbors who said they saw or heard nothing declined even to identify themselves, he noted.

"I did not attempt to apprehend the three subjects mentioned as I had no way of being sure they committed the act," the police patrolman concluded. Damage was estimated at \$150.

NOT A MECHANIC

Saturday morning, Patsy Dorton of the hospital reported what appeared to be an attempted auto theft, police said. But the theft failed because of lack of mechanical knowledge, police surmised.

A motorcycle worth \$1,400 and belonging to Kenneth R. Gafford, 107 Canyon Drive, was stolen from the front yard of his residence Friday night, police were told.

Also Friday night, three bicycles, two of them worth more than \$100, were taken from Sacred Heart Church.

D. W. Holcombe, 1003 Wood St., reported a boy's bicycle worth around \$25 stolen from his home.

YOUR JACKET OR

Pete Davis, 4106 Parkway Road, told police about a dozen youths said they would beat him if he did not give them his leather jacket, valued at \$10. He gave it to them. This incident reportedly occurred in front of the Ritz Theatre about 10:15 p.m. Friday.

While investigating a burglar alarm at Bauer Elementary School 7:40 p.m. Friday, police saw youths run from the scene. Tentative identification has been made of suspects.

Several cars and one motorcycle were reported stolen. At the Veterans Administration Hospital, two automobiles were stolen, and police think another would have been had the would-be thief discovered how to hotwire the car.

Police found a 1968 model belonging to S. L. Miller, 3716 Larry Drive, parked on an IS-20 service road near the Snyder Highway exit. Floyd A. Fowler of the hospital about midnight Friday reported his 1969 model stolen. And a 1969 model was recovered on Coronado Ave. behind Cook's Discount Center, the sheriff's office reported to police.

Robert Lane, 18, Northcrest Apartments, said he saw a 15 and 16-year-old flee with a radio worth \$50.

Mrs. Roy Burklow, 2007 Runnels St., told police a sewing machine valued at \$200 was stolen from her home Saturday. She said she had borrowed it from Alice Tillapaugh, 407 Donley St.

Staggs Auto Supply, 415 E. 3rd St., counted two aluminum manifolds, two carburetors and an air cleaner gone Saturday. Police said a rock was thrown through the plate glass window.

TOOLS, SEWING MACHINE

Ronnie Ward listed a motorcycle tire and assorted tools as among the items stolen from him. And T. S. Hastings Friday afternoon said a \$150 buffer had been stolen.

Two air wrenches were stolen earlier this week, J. W. Powers of the Fina truck stop reported. And the sheriff's office learned

Raping Blind Woman Mistrial

HOUSTON (AP) — A mistrial has been declared for the second time in the trial of Roedell Ellis, 23, charged with raping a blind woman.

The mistrial was declared after the jury announced it was hopelessly deadlocked at 11-1.

Ellis was charged with raping a 35-year-old Lighthouse for the Blind employee March 21, 1972. An earlier trial ended in a mistrial when the jury deadlocked 10-2.

NO DEATHS, LOSSES AT LOW \$48,000

Fire Prevention In Big Spring

Fire prevention has had a good year in 1973 in Big Spring. According to Chief A. E. Meador, property losses from fire during the first nine months in Big Spring have totaled at a low \$48,000.

This includes buildings, automobiles and contents of buildings. The biggest fire in property damage loss was a residence that burned in April.

There have been no deaths during 1973 in Big Spring due to fires.

So thus far, as we eye the annual Fire Prevention Week, Big Spring has had a good year.

VISIT STATION

The only special emphasis planned for Fire Prevention week is that a number of first, second and third grade units

will visit the fire station and Fire Marshall Howard Dodd will show them through the departments and let them see the trucks.

Chief Meador pointed out that last year in the United States, some 6,500 persons were killed and 555,000 homes destroyed along with \$365 million in property loss.

TIRED HEATERS

He also pointed out that on a national average, the leading causes of fires are tired heaters and cooking equipment which cause 24.1 per cent of all blazes.

He cautioned that, at this time, persons installing heaters for the coming winter months should check and be sure that there are no bird nests clogging

up vents, and that copper tubing should be used with space heaters rather than rubber hoses.

The chief also urged that gas be cut off when installing gas equipment. "A fire was caused this week when somebody was installing a gas stove without turning off the gas and a nearby pilot on a water heater started the fire."

SOMETHING TO BURN

Fire officials say, to have a fire, there must be something to burn, something to ignite it and something to keep it going. That's why they stress that clean homes and homes without stacked up rubbish are much less likely to burn.

The second leading cause of fires in the United States is careless smokers at 17.7 per cent. This includes the many in-bed or on-the-sofa smokers that go to sleep and let a cigarette fall. "For some reason, they seem to think sofas

don't count," firemen pointed out.

Fires may also be started by careless smokers who toss a match or cigarette out of a car window and cause extensive damage in grass or woods fires. The Big Spring area had their share of grass fires during the past year.

ELECTRICAL FIRES
The misuse of electricity causes 13.8 per cent of the fires. This includes too many plugs on one outlet and worn out wires and cords, as well as poorly wired buildings.

Other fires include children with matches 9.7 per cent, fiery fluids 9.2 per cent, chimneys and vents, 4.6 per cent and clothing catching on fire 4.2 per cent. Other causes include wealth of sins. This is the other 9 per cent of the fires. In this last group would be included two of the biggest fires ever burned in Big Spring through the years were at the

cotton compress. Chief Meador, who has been with the department for 36 years, said these are two of the largest fires he can remember. They both probably started from combustion.

GIN FIRES

Cotton gin fires from combustion or trash catching afire are a part of West Texas fires as are oilfield fires where a tank battery is struck by lightning or a heater treater ignites due to worn out equipment.

So the category of "other fires" in this part of the country might be much higher than nine per cent. There are 47 firemen here, including the chief, who work out of five stations. The department has been a paid fire department for close to 42 years.

And this last year has been a "good one" for the fireboys. They consider it a good one when there are no lives lost, no firemen injured and property

Lassara Arrandondo; unlawful state of intoxication case, appealed from justice court, May, 1973.
Larry Elliott; defrauding an inkeeper, May, 1969.
George Raymond Maxwell; violation of driver's license restriction case, appealed from justice court, August, 1973.

Utilities
Hike Looms

DALLAS (AP) — Two hundred North Texas cities will get a request for rate increases from the Texas Power & Light Co., probably by Jan. 1, company president J. F. Skelton has disclosed.

Addressing a dinner of Northeast Texas editors and publishers, Skelton said Friday that TPL had long relied on natural gas to fuel its generating plants, but had suffered a curtailment of supplies. Fuel oil was being used as a substitute, but that also is becoming difficult to obtain, he said.

"There is no way can finance new plants without substantial rate increases over the next eight to 10 years," he said.

UNITED WAY
FAR AWAY

By noon Friday, receipts at the United Way headquarters totaled \$68,348.88, which is about 57 per cent of the goal set at \$117,140. In a breakdown, Big Gifts leads the way with \$34,116.50 in the till followed by the Consolidated Federal Campaign with \$22,921. Others include employees at \$4,172.88; out of town, \$4,163; women's division, \$3,141; Metropolitan, \$1,183.50; special gifts, \$813; area, \$570 and public employees, only \$268.

Reese Contract

LUBBOCK — A contract in the amount of \$341,152 was awarded to W. G. McMillan Construction Co., Inc., of Lubbock, for the construction of a headquarters facility at Reese Air Force Base, Lubbock. This contract was awarded by the U.S. Army Engineer District, Fort Worth, Texas. Philip J. O'Jibway, director of the Lubbock District office of the Small Business Administration, announced the award of the contract made under a small business set-aside.

Traffic Deaths

AUSTIN (AP) — Traffic accidents have killed 2,699 persons in Texas this year, 23 more than during the comparable period of 1972, the Department of Public Safety said Saturday. Fatal accidents number 2,217, down 30 from a year ago.

Angelo Murder Victim Stabbed Repeatedly

SAN ANGELO (AP) — Officers told Friday of an automobile ride by a murder victim during which he was stabbed time and again.

Then the man was driven to a country road, dragged from the car, stabbed three more times and left to die.

The story came from Tom Green County Sheriff Odell Wagner after murder charges were filed against Severo Hogeda Jr., 31, and Hilario Gonzalez Aguero Jr., 17.

Aguero was arrested Thursday. Wagner said Aguero provided information leading to the arrest of Hogeda.

Officers said evidence provided by Aguero indicates that the victim, Calletano G. Lombrana, 31, was picked up Saturday night in an alley between two bars. Wagner said statements indicated that the victim and Hogeda may have been at odds over a woman.

The sheriff's report said Lombrana was driven about the city for a time and stabbed repeatedly.

Then he was driven on a rural road, dragged from the car and stabbed three times more.

The victim was stripped to his undershorts and his clothes thrown out of the automobile on the trip back to San Angelo.

The body was found by a fencing contractor Thursday about 30 feet off the road in tall weeds.

Hogeda was arrested Friday about 9 a.m. at a motor hotel where he was a yard man. Wagner said Hogeda is on parole from the state prison where he was serving time for rape.

Justice of the Peace Ruth Nicholson ordered an autopsy.

CAT CRITIC? — A sidewalk art show in Colville, Wash., attracted quite a bit of attention recently but no one seemed more attentive than Primo when he settled down for a long stare at this portrait of cats. Primo is an English bulldog whose affection for felines has long been questioned by members of the cat family.

STEVEN K. RAY

Mr. Ray was recently appointed service manager of Dewey Ray, Inc., local Chrysler, Plymouth and Dodge dealership. He will also manage the tires, batteries and accessories department. He is a veteran of the Viet Nam war and has been working in the business between school and war for the past five years. Ray also holds a BBA degree from Texas A&M University where he was graduated in May, 1973.

GOP Women To Hear Bush

HOUSTON (AP) — Speeches by top Republican party leaders will highlight a two-day convention of the Texas Federation of Republican Women beginning Thursday.

George Bush, Republican National Committee chairman, will deliver the keynote address at the opening session Thursday.

Anne Armstrong of Texas, a counselor to President Nixon, will be the Thursday luncheon speaker, and Sen. John Tower, R-Tex., will address the group Thursday night.

Some 500 Republican women from throughout the state are expected. Delegates will represent 51 Texas GOP women's clubs.

Mrs. Victory Neumeyer of Houston, assistant convention chairman, said awards will be presented to 10 outstanding GOP women of Texas.

Hit By Fire Truck

SAN ANTONIO (AP) — Enrique Mata, 39, was killed when hit by a city fire truck which was responding to an emergency call early Saturday.

Mass Murders Arraignment Set

HOUSTON (AP) — Two youths, accused in Houston's mass murder case in which 27 bodies have been recovered, were scheduled to be arraigned Monday.

Elmer Wayne Henley, 17, and David Owen Brooks, 18, were to enter pleas before District Court Judge William Hatten who may set a trial date.

SEX PARTIES

A Harris County grand jury returned 10 murder indictments against Henley and Brooks. Henley is charged in six indictments and Brooks in four.

The indictments involve eight of the 18 bodies that have been identified so far.

The case broke Aug. 8 when Henley telephoned police he had shot to death Dean Corli, 33, in Corli's suburban Pasadena home. He named Corli as the mastermind in a homosexual murder ring.

Henley told police he shot Corli in self defense during a sex and paint-sniffing party after Corli had said he would kill Henley and two other persons present at the house.

Henley and Brooks, who appeared the next day at police headquarters, have said they procured young boys for Corli's sex parties.

Henley led officers to a Houston boat stall where 17 bodies of teen-age boys and youths were recovered. He later led investigators to the graves of four other victims buried near Lake Sam Rayburn in San Augustine County.

BURIED ON BEACH

Later Brooks and Henley showed investigators where six bodies were buried on a beach near High Island.

Police have said Henley has acknowledged killing nine youths. In a statement to police, Brooks said he was present at many of the slayings and helped bury many of the victims but that he did not kill any one.

Asst. Dist. Atty. Don Lambright said no charges will be filed in the slaying of Corli. He said other witnesses have supported Henley's version of the shooting.

Rhonda Louise Williams and Timothy Cordell Kerley, 20, whom officers found along with Henley when they arrived at Corli's home Aug. 8, have testified before the grand jury.

"There is absolutely no question that it was a case of self-defense," Lambright said.

Ultimate In Blind Dates

PHILADELPHIA (AP) — Dr. Guana Yap exchanged letters for about a year with a merchant seaman she finally met for the first time on Friday and married less than two hours later.

It was probably the ultimate in blind dates when Felino Encarnado, 45, a radio operator aboard the Philippine ship Bataan, stepped ashore here to meet Dr. Yap, 40, a resident physician at Lower Bucks County Hospital.

They had corresponded through letters at the suggestion of the groom's sister.

When they met outside the marriage license bureau, a witness said they simply looked at each other and embraced.

"He couldn't sleep for three nights," said Encarnado's captain, Abraham Lusbo.

A Philadelphia judge hastened the normal three-day waiting period and sent a courier from the city's medical lab to process Encarnado's required blood sample as soon as his ship docked at 10 a.m.

The new Mrs. Encarnado will meet the vessel in New York and will cruise with her husband on the Bataan to New Orleans. The ship then returns to the Philippines, but the bride said she will remain in this country to finish her residency.

War Hero Facing Cocaine Charge

PETALUMA, Calif. (AP) — Richard Penry, Medal of Honor winner for conspicuous gallantry in Vietnam, has been arrested and described by police as a major dealer in cocaine in a rural area north of San Francisco.

Police said on Friday that Penry, 24, tried to sell undercover agents 24 grams of cocaine with a street value of \$950. He was booked at Sonoma County jail on Thursday and released on \$10,000 bond, they said.

Penry, now a restaurant cook, received the Medal of Honor from President Nixon on July 15, 1971, for saving his wounded company commander and braving enemy fire to "virtually single-handedly" stop an enemy attack.

Court Considers Portable 'Boxes'

County Commissioners Court appears to be proceeding with plans to purchase three mobile homes as portable rural voting boxes.

Conferring with D&C Sales is on the agenda for the court Monday morning.

Naming election judges and re-drawing voting precinct lines will be discussed. And the court plans to let bids for 16,732 ballots to be used Nov. 6 when proposed constitutional amendments will go before the Texas electorate.

Changes in election precincts will go into effect until 1974.

Lack Of Responsibility

LA. Gov. Bill Hobby, speaking to the Texas Daily Newspaper Association, made a telling point for Texas governmental reorganization. As Hobby explained, Texas is burdened with government by commissions and boards which have no direct responsibility either to the public or to elected officials.

Hobby illustrated his argument by citing recent Texas Youth Council troubles, saying that this lack of responsibility is a major cause of those troubles. The situation described is detrimental to good government.

The many Texas boards and commissions are run by persons appointed for terms of several years, some up to six years in length. Once appointed, they are responsible for conducting state business which comes under the jurisdiction of the agencies they head, but they are not subject to removal from office by the governor, nor are they subject to election.

This weakness in the executive branch is a major deficiency. As Texas government is now constituted, a governor has no ready method of putting into force the platform on which he ran, and which the voters accepted. The day-to-day business of government is conducted by appointees;

only when a vacancy occurs and a governor can name a successor as he begins to make his presence felt, other than by moral leadership or political pressure and persuasion. But even then, once appointed, the new commissioner or board member is beyond the governor's control — and beyond the public's reach as well.

But if the problem is obvious, a solution isn't easy. What state agencies and boards should be made subject to each new governor's control? At the federal level, each president appoints members of his Cabinet who preside over the various departments — Labor, Agriculture, State,

etc. But there are many other federal agencies, the regulatory bodies such as the Federal Reserve Board and the Federal Communications Commission, which are staffed by appointees who function outside the control of any particular president.

Some such mix might be best for Texas. But here another problem arises. Many Texas agencies, boards and commissions have both regulatory and governmental functions. Thus the task cannot be accomplished without a complete restructuring of Texas government, establishing cabinet-level departments and separating from them regulatory bodies which should retain independence of action.

Disgraceful Performance

We've had some pretty disgraceful turnouts for elections, but never anything like last week's balloting which resulted in more than a dozen changes in the city's charter.

Only one of every 35 eligible voters bothered to go to the polls! Only little more than 400 decided the issues for 12,000 who were qualified to have a voice but who remained indifferent and silent.

Plead ignorance of the issues, lack of promotion or plead anything you want — and it still comes out a disgraceful performance.

We can only hope that on Nov. 6 when five proposed amendments to the state constitution are to be voted upon, there will be a much better response. Pardon our cynicism born from last week's turnout, but we doubt it.

Buchanan's Thrust

William F. Buckley Jr.

For years now it has been accepted that Robert Welch's sudden and startling accusation — "Have you no sense of decency, sir?" — of Sen. Joe McCarthy turned the situation around to the senator's psychological disadvantage. In due course it will be recognized, I should think, that what Welch did to the McCarthy investigation, Patrick Buchanan did to the Watergate investigation. Suddenly a perspective was restored, and it is questionable whether ever again Sen. Ervin can with quite the old confidence engage in the old moralistic drolleries, comparing his mission with that of Abraham Lincoln. Indeed it is altogether possible that Sen. Weicker will not be awestruck again perhaps for a month.

EVERYONE RECOGNIZES the singular poise of Patrick Buchanan, and his enormous forensic ingenuity. In the last analysis the so-your-old-man argument isn't, in a relativist universe, irrelevant. It is true that evil is evil irrespective of the university of its practice, or of its indulgence. But as Mr. Buchanan painstakingly insisted, the line between which is unethical and that which brushes up against it is elusive, and the best way for archeological explorers to situate it is precisely by asking what are the norms a culture has settled upon. If there is a disparity between these norms and those that commend themselves under the aspect of the heavens, why that is the responsibility of the lords spiritual of America to discourse upon. Not Buchanan, not Ervin, not even Weicker.

BUCHANAN FIRST had to dispel some of the superstitious accretions that had formed around the Watergate investigation. Among them is the perverse notion that Nixon's dirty tricksters cheated Muskie out of the nomination, or secured it for McGovern. This he did easily. The New York Times, in high hysteria over the devastating performance of Buchanan, excreted an editorial called "Anatomy of a Smear," in which they

denounced Mr. Buchanan's "contemptible diversionary tactics." The reference was to his saying that the foundations in this country are, for the most part, left-minded, and tend to favor left-minded people and enterprises. Buchanan then named the Ford Foundation, its support for the Institute for Policy Studies, and the IPS's support of an underground-type radical paper called the Quicksilver Times.

WELL, IT transpires that the Ford Foundation only gave a few thousand dollars to IPS, back in 1964, and that IPS hasn't given any money to Quicksilver Times. But the Times' indignation over the use by Buchanan of this "diversionary tactic" is substantially dissipated by what happened. Buchanan was called with little if any notice. And he was not even aware that the Committee had got hold of a memorandum he had written three and one half years ago about the "imbalance in resources with regard to the foundations."

Buchanan, then, didn't bring up the foundations — the Committee did. And Buchanan had to rely on his memory. A recent issue of the Washington magazine in fact reported that IPS had helped the Quicksilver Times. And the Ford Foundation's political liberalism is about as inconspicuous as Sally Rand's fan.

BUCHANAN DID not fail to make the necessary qualifications, namely that some of the Nixon people committed bare crimes, and for these some of them have already gone to jail, and others undoubtedly will go to jail. What he did was to shake up the cozy little tribe of the people whose mandate to investigate and come up with proposed reforms had become so thoroughly diluted by narcissism and meandering moralistic soliloquies that the mind boggled over the diffuseness of it all. There is nothing like a hard-liner to call attention to all that does, megalithic irrelevance. Buchanan did that, and did it brilliantly.

Back In The Saddle

Marquis Childs

WASHINGTON — To most Americans suffering from high prices, high taxes and increasing shortages of necessities it will be interesting news that the big weapons makers swept the board in the Senate. With the help of intensive lobbying by the Pentagon, specifically Adm. Elmo Zumwalt, chief of naval operations, and the White House they beat back every attempt to check the speed-up in the development of new nuclear weapons.

THEY DID this in spite of the carefully documented case presented by one of the 100, who as much as any individual in or out of government knows the weapons score, Sen. Stuart Symington, D-Mo.

Sen. Symington, a member of both Foreign Relations and Armed Services Committees, was initially a hawk after his term as the first Secretary of the Air Force. In later years he came to understand the disastrous threat of the war-making powers inherent in the military-industrial complex and the accumulation of vast stores of nuclear weapons spread around the world.

IN A PRESENTATION, to the appropriations subcommittee of Armed Services, later put in the record, Symington showed the folly of added billions to speed up weapons research

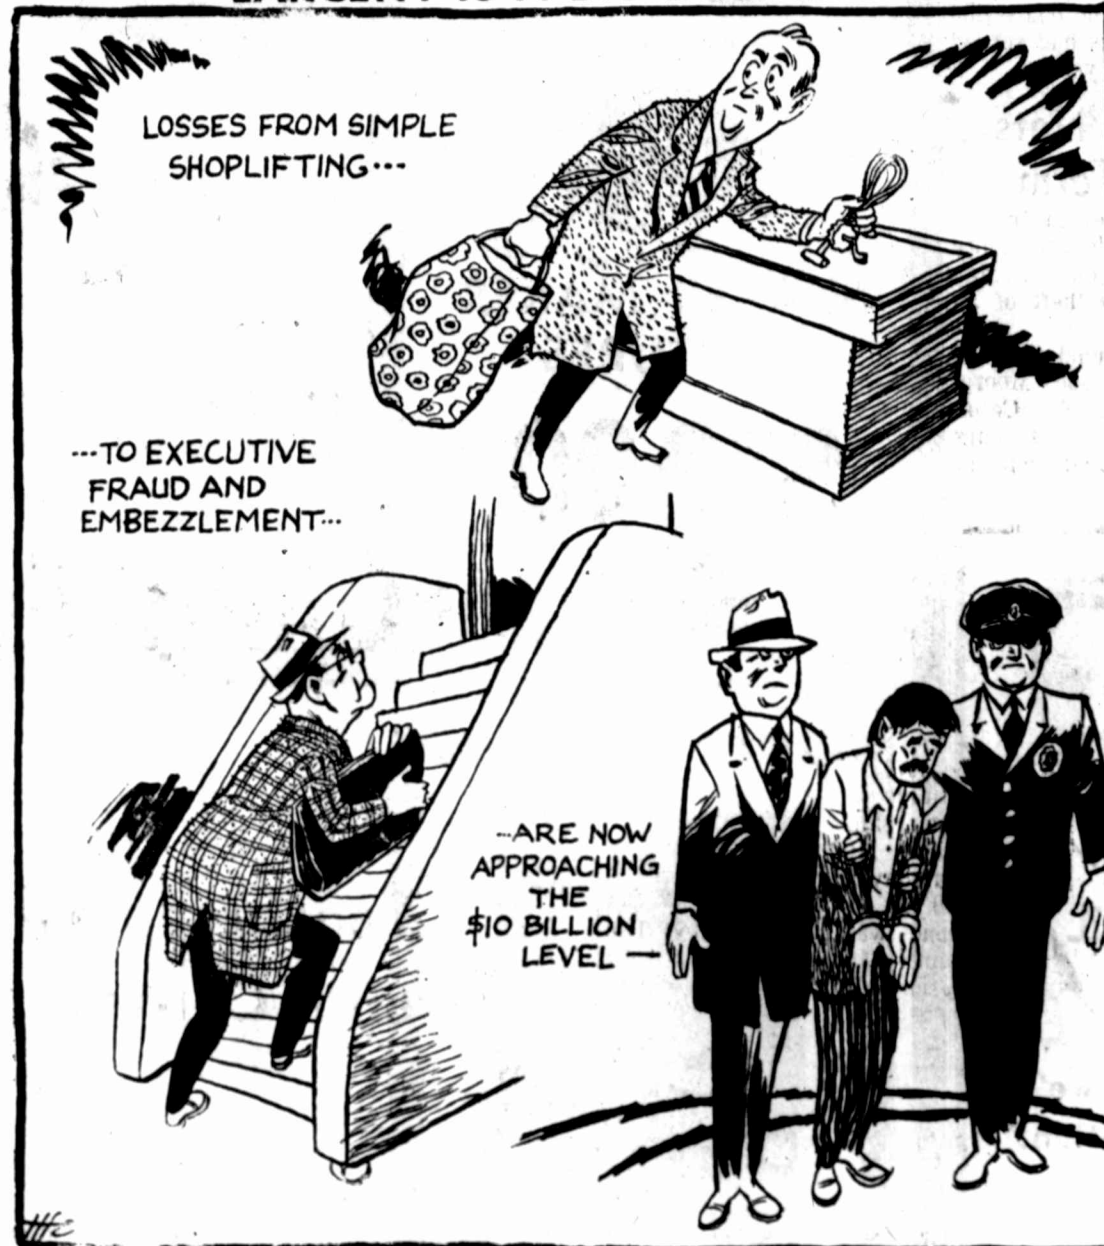

and development. He did this in the most conspicuous example, documenting the way the Pentagon reversed itself from an orderly progress on the Trident submarine to a crash program highly dubious quite apart from the vast sums involved.

The giant submarine with a missile having a range from 4,500 to 5,000 miles and costing at least \$1.2 billion each under Pentagon calculations of two years ago was to be preceded by modernization of the Poseidon submarine fleet. That would be done by fitting into present subs the Trident I missile, extending the range by 1,500 miles. This would mean a significant increase in the area in which each U.S. sub could operate. What happened next, according to Symington, was:

"LAST YEAR, for reasons we have never been able to fully understand, a lobbying effort — the most intense in my 28 years in government — was undertaken and thereupon normal, businesslike procedure went out the window. . . . From the standpoint of good shop practice consider the fact that under this accelerated production program all 10 Trident submarines will be funded and under construction before the first one is completed."

LARCENY IS A BIG BUSINESS!

Inflation Battle Indecisive

By CHET CURRIER
AP Business Writer

NEW YORK (AP) — A top Nixon administration official claimed a measure of victory this past week in the battle against inflation.

But at least one frequent administration critic remained skeptical.

The debate arose from the Labor Department's report Thursday that its index of wholesale prices declined by 1.5 per cent, seasonally adjusted, in September — the sharpest monthly drop since February, 1948.

The downturn, paced by a record 6 per cent decrease in farm, feed and processed food prices, marked a sharp reversal from August, when the wholesale price index jumped 6.2 per cent, seasonally adjusted, for their steepest rise in 27 years.

LEVELING OFF
Herbert Stein, chairman of the President's Council of Economic Advisers, cautioned that the wholesale price drop might not show up uniformly in retail prices, marked a sharp recovery costs incurred during the early summer price freeze.

Nevertheless, he said, "Although the wholesale declines will not be fully reflected at retail, they will contribute to a leveling out of retail prices in the future."

Stein hailed the September figures as "a welcome sign that

the 1973 surge of inflation is behind us."

At a news conference Friday, Stein appeared to moderate his position somewhat. Although "the worst of the economic fever of 1973" was past, he said, further price increases at the retail level could be expected in 1974.

He said the wholesale price index decrease for September "should not be interpreted as meaning that we have come to the end of the inflation problem."

"NO EVIDENCE"
Shortly after the figures were announced Thursday, George Meany, president of the AFL-CIO, asserted, "It would be encouraging if we could view those figures as the start of a trend. But there is no evidence that this is so."

Meany observed that, even with the September decline, the wholesale price index was still 16.6 per cent above its level of 12 months earlier.

One not-so-bright spot in the September report was a 0.7 per cent rise in wholesale industrial prices during the month, which Stein acknowledged was "unacceptably large."

However, he said, industrial price increases should slow as the nation's economy moves away from the almost hyperactive boom it has been experiencing for most of the year.

COOLING
There were some signs during the past week that the economy was indeed cooling down. The Commerce Department reported that new orders to factories for manufactured products rose by only a modest 0.5 per cent in August, with orders for durable goods such as cars and fabricated metal products actually declining for the second straight month.

Economists at the department expressed the belief that, while that data showed an easing of the economic pace, it did not foreshadow a recession.

Cancer Not Transmittable

Dr. G. C. Thosteson

Dear Dr. Thosteson: Is it possible to get cancer through blood transfusions when the donor is found to have cancer a short time (three weeks in this case) after giving the blood.

There is quite a bit of anxiety among donors in the local blood bank because of this. The donor who gave the blood died about eight months later. — Mrs. W.M.H.

The very word "cancer" raises fear in most people, but on the basis of known facts, I do not think there should be such anxiety among members of your blood bank.

There is no documented case of cancer being transmitted by blood transfusions in normal human beings — and believe me, this is something that has been watched with great care.

In experimental laboratory animals (such as mice) one form of blood cancer has been transmitted by injecting blood with what particular disease, but mice aren't people and to my knowledge it applies only to that particular cancer.

So I repeat: we have no case in which a normal human being has been proved to get cancer from a transfusion, and until such a thing is known to have happened, I am unwilling to believe that it can happen at all.

As further evidence, quite a few years ago actual cancer tissue was transplanted into volunteers, some who already had cancer and some who did not.

This transplanted tissue survived and grew in the pa-

tients who already had cancer. But, without exception, it did not survive in those who did not have cancer.

So if you can't transmit cancer with actual tissue, I do not see how it can be done with blood. Personally I'll continue blood bank activities as usual until there is evidence of harm. I doubt if there will be.

"You Can Stop Sinus Trouble!" is the title of Dr. Thosteson's newly revised booklet explaining what sinus trouble really is and encouraging sinus sufferers to do something about it. For a copy write to him in care of the Big Spring Herald, enclosing a long, self-addressed (use zip code), stamped envelope and 25 cents in coin to cover cost of printing and handling.

Boop, Boop De Doop

Around The Rim

Walt Finley

Betty 'Boop is going to make a comeback — on television. Actually, that's not quite true. The old cartoon shows are going to be shown, but since they've never been on television, it can't be a comeback, can it?

ASK YOUR mother about Betty Boop — or your father, although he might resent its implications this close to Halloween.

"She" was a cartoon character with a squeaky voice and the cartoon made "boop-boop-a-doop" a byword in my youth (Kim, you say silly? I doubt it. It replaced 23 skiddoo and was followed by others equally as ridiculous.)

A new film process has been developed that — to quote the publicity release — has "converted 100 of her original black and white films into brilliant new color subjects for television distribution."

Frankly, I was always a Zazu Pitts and Wallace Berry fan myself.

MR. PUBLISHER, this report hits a little close to home, as you well know:

The stenographer was invariably late for work, and the boss finally took her to task.

"How is it that you are always late?" he asked tartly. "You live only a couple of hundred feet from the office. Mary who has to travel 10 times as far is always on time."

"Well, if Mary is a bit late she can always hurry," she replied, "but if I'm late, I'm here."

CAPSULED COMMENTS reports the Soviet Intourist group hopes to attract more visitors to the Soviet

Union in the next few years. "Some special attractions are cruises on the Black Sea and the Volga, bear-hunting in Siberia and skiing in the Caucasus," the item says.

Be sure that ticket to Siberia is roundtrip.

Mary Louise Vick begins her comeback with:

"Monkey who spies on mate employs primate eye."

In digging through this stack of material which I have been "discovering" in my desk, the oldest letter I found was from St. Pete, Fla., and dated early 1967.

BACKSHOP BOSS Bob Rogers revives an oldie-but goodie: Late husband: Dear wife, can you guess where I've been?

Wife: Yes, I can, but let's here your story first.

David Shaw, you know the one, relays an unpublished graffito (the wall is crowded):

Jim Beam is an alcoholic.

Today's Repetitious Redundancy Award goes to a budget item in the Associated Press report which referred to an "old adage."

I THINK it was my wonderful aunt Mildred Ladd, who overheard this scintillating conversation:

"Didn't you have any garbage today?"

"No."

"How come?"

"We received it."

See what happens if you aren't careful where you do your eavesdropping?

Who—Me?

Art Buchwald

WASHINGTON — The Democrats in this country are in a turmoil. Do they support the President of the United States, the Vice President or the Department of Justice?

McNULTY, an ardent Democrat, told me, "We've never had a problem like this. In the past, if you were against the President, automatically you were against the Vice President. And if you were the party out of power, you never trusted the Department of Justice, either. But now that they're at each other's throats, I don't know whom to support."

"Do you have to support anybody?"

"OF COURSE I do. What kind of American would I be if I didn't take sides?"

"Well, whose side are you on?"

"I tend to lean toward Agnew emotionally, though my sense of justice makes me want this matter settled in the courts."

"Don't you have any sympathy for the President?"

"OF COURSE. Nixon asked his Vice President to take a flying leap out of the window, and Agnew refused to do it. It's very hard to run the country if your own Vice President doesn't follow orders."

IF WE'RE TO believe Agnew, there are people in the Administration who are out to destroy him politically. I'm very sympathetic with him on this score. A man should not be tried in the press, particularly a Vice President."

(Copyright 1973 Los Angeles Times)

Letter To The Editors

On Tuesday, Sept. 11, we read in The Herald that the school board voted 3-2 to close down Gay Hill School . . . due to low enrollment and high cost of maintaining the building, which was \$50,000. They did not indicate to the public that this included the salary of our three teachers.

Monday, Sept. 24, we attended a meeting of the Big Spring school board for the purpose of hearing my questions concerning the closing of Gay Hill. The question was asked why Gay Hill school was being closed since we pay 20 per cent of the Big Spring school taxes. The board said money wasn't the main concern . . . but the quality of education that could be offered children in split-level classes. Low enrollment was hardly mentioned. It was asked if children from Gay Hill had trouble making their grades in junior high; the answer was "no." Does this indicate lack of quality of education?

We had pre-enrollment that sufficiently informed the board of the approximate number of students who would attend Gay Hill. Did they vote at that time to close our school; no, they waited until our first graders had adjusted to school. One board member wanted to close the school the next day. Would this indicate an interest in our children's education. We parents know they don't care.

The main reasons for closing Gay Hill are: Supt. Sam Anderson has been trying to close the school for 13 years; extra money was needed for air-conditioning; enrollment at Moss Elementary was low; shortage of teachers in Big Spring schools.

I would like to urge all taxpayers to elect school board members that are concerned about our children's education. Mr. Little, Mr. Fetters, and Mrs. Wilkins showed no indication of concern.

MRS. ESTON HOLLIS
Gail Route, Box 195 A

MY ANSWER

Billy Graham

I was reminded recently by a Jewish friend that the word "scapegoat" comes really from their own religious history. Do you know of any listing of common words like this which have their origin in Judeo-Christian teaching?

You're certainly right about the etymology of the word "scapegoat." We think of it commonly as a person of thing bearing the blame for others, but it comes originally from the ritual in the 16th chapter of Leviticus. Prescribed there was the selection of a goat, upon whose head was symbolically placed the sins of the people on the great Day of Atonement. Subse-

quently, the animal was sent into the wilderness in the Biblical ceremony, now the occasion for the Jewish holiday — Yom Kippur.

The wonderful truth, of which that was a type, is developed further by the sacrificial life of Christ in the New Testament. It shows that through our contrition and faith, God is able to handle guilt so that it is absolutely forgiven and completely erased. What a welcome word in a society particularly conscious of all its delinquencies.

I know of no such published listing of words which have a unique religious origin, but maybe our readers could help in this.

A Devotion For Today

Our fellowship is with the Father, and with his Son Jesus Christ. (I John 1:3)

PRAYER: Lord Jesus, please come into my life and live with me. I need Your fellowship and friendship, as I do what I can to extend the kingdom of God on earth. Amen.

Annual Salute Offered To Restaurants In U.S.

Big Spring's eight member restaurants of the Permian Basin Chapter of the Texas Restaurant Association (TRA) are observing October as National Restaurant Month, an annual salute to America's fourth largest retail industry.

This area's food service operators and purveyors join with the statewide association in this observance on the theme of "Eating Out is Fun."

"We extend a special invitation to everyone in this area to visit the many excellent restaurants here during October and to join with us in the observance of National Restaurant Month with its American tradition of hospitality," said Mike Choucalas, president of the Permian Basin Chapter.

Local member restaurants are Coker's, Herman's Steak House, La Posada, K-C Steak and

Seafood House, Al's Barbecue, Sonic Drive-In, Ponderosa Restaurant and Desert Sands Restaurant. Texas Electric Service Co. is an associate member.

According to the TRA, the food service business could become the biggest U.S. employer in 15 years. Sales now amount to \$44 billion a year.

More than 367,000 individual establishments serve over 750 million meals a week. With every year, food service needs 250,000 more employees.

TRA claims to be the spokesman for the largest retail industry in Texas. The state comptroller reports that the industry is near the \$2 billion mark in sales in 1973.

Membership in TRA includes every segment of the hospitality industry including clubs, cafeterias, drive-ins, carry-out, franchises, airline feeding,

lounges, catering, vending, taverns, coffee shops, military and institutional feeding.

High standards, not size, is the determining factor for membership in TRA.

Four Big Spring residents are on the board of the Permian Basin Chapter which serves Midland, Odessa, Pecos, Monahans and Andrews as well as Big Spring. These residents are Oscar Zertuche, Herman Wilkerson, Murry Vice and Charles Lusk.

Mid-Year Meet Is Scheduled At Kerrville

Rene P. Brown and W. S. Pearson of Big Spring, directors of the West Texas Chamber of Commerce have been invited to attend the mid-year meeting of the board of directors in Kerrville Oct. 11-12. Convention headquarters will be at The Inn of The Hills. Registration will begin at 12:00 noon Thursday in the lobby of the convention headquarters.

Five outstanding West Texans, who have contributed much of themselves and their talents to the cultural arts of West Texas, will be honored Thursday evening at the annual Cultural Achievement Awards banquet. Each year the West Texas Chamber of Commerce honors five recipients of this coveted award. Thomas H. Barnett Jr. of Fort Worth, vice president of Neuman-Marcus Company, and chairman of the WTCC Cultural Affairs Committee, will make the presentations of the awards. The recipients will not be announced until Thursday evening.

Emil C. Rassman of Midland, president of the West Texas Chamber of Commerce, has announced that Lt. Gov. William P. Hobby will be the principal speaker at the noon luncheon Friday. An oil painting by a West Texas artist, Terry Loetz of El Paso, will be presented to Hobby.

Beeman Fisher of Fort Worth, a member of the Texas State Constitution Revision Commission, will speak to the board of directors at 9 a.m. Friday about the present status of the revision of the state constitution.

Air Conditioning Report Is Due

A report of the air conditioning committee will probably be the top item of interest on the agenda at the regular school board meeting Monday at 5:15 p.m.

Other items include an amendment to the budget concerning adult education, a report on the state meeting of the school board and administrators and a revision of part of the Gay Hill campus property.

Furr's, Tea Room Offer Big Variety

Furr's Cafeteria and the Downtown Tea Room offer unique opportunities to Big Spring residents and visitors eating out.

At Furr's in Highland Center customers can pick and choose among a variety of traditional and gourmet dishes, all at varying prices. There is something delicious within everyone's budget.

Besides main dishes, Furr's offers a variety of vegetable and fruit salads, cooked vegetable dishes, breads, desserts and drinks. The dining area provides ample room and piano music often enhances the atmosphere during mealtime.

Customers can also choose from a variety of dishes at the Downtown Tea Room, 510 Main. Unlike many cafeterias, the Tea Room offers the customer the opportunity to serve his own plate with as much or as little of whatever foods he wishes, all for the same price, \$1.65.

Included in that price is a meat or main dish, vegetables, salad, dessert and drink.

The Tea Room also has a large dining area and a banquet room where club meetings are often scheduled.

Mexican Food Is Popular Locally

The influence of Mexico on Texas and the southwest is evident in the presence of several fine Mexican food restaurants in Big Spring.

La Posada, Carlos Restaurant and Spanish Inn offer as their specialty enchiladas, tacos, tamales, guacamole salad, tostadas and other foods inspired south of the border.

Hospitality and friendliness are reflected in the atmosphere of the establishments. Facilities are available for parties and banquets.

Like Pizza Or Chinese Food? It's Available

Big Spring restaurants serve everything from pizza and steaks to Mexican food and Chinese food. Some restaurants specialize in one type of food while others offer a wide variety.

Among those whose menus reflect a wide variety of foods are Coker's Restaurant, Herman's Steak House, the Desert Sands, Chaparral Restaurant, Settles Hotel Coffee Shop and Georgia's Truck Stop. Customers at these restaurants choose prepared full course meals including a main dish, vegetables, bread, dessert

and drink or may create their own meals by ordering individual items such as sandwiches and side orders.

These restaurants feature juicy steaks, broiled or chicken fried, sandwiches of all types including the American favorite hamburger, fried chicken, seafood, and Mexican food.

Restaurants with particular specialties include the Pizza Hut and Pizza Inn which serve up dozens of pizza varieties and submarine sandwiches and Ranch Inn which has a double specialty in pizza and real Chinese food.

RELEASED BY UNITED FILM ORGANIZATION

PAIR TRAVELS WORLD TO FILM SEA ADVENTURE — After 30,000 miles of travel to all parts of the world, Gregory Peck and Joseph Bottoms have finished shooting "Here There Be Dragons," a unique adventure film about a 16-year-old boy who sets out to circumnavigate the globe. Peck is producer of the movie and Bottoms plays the leading role.

WEEK'S PLAYBILL
Beware Of Dog Actors

There is a show business adage which warns "Beware of acting with children or animals." Paul Newman, who currently stars in John Huston's "The Mackintosh Man" for Warner Bros., opening Wednesday at the Ritz Theatre, now realizes the wisdom of these words.

During location filming in London and Ireland, Newman played many scenes with a dog. Not an ordinary dog, but a huge, ferocious, black German Rottweiler, with a growl like the roar of a lion and the strength of a bear — thus his name, Yogi.

Five-year-old Yogi makes his screen debut as a guard dog who tracks and chases Newman across the bleak Irish countryside after the star has escaped from a dangerous gang of killers.

Yogi eventually catches up with Newman in the middle of a deep and swiftly flowing stream in the middle of County Galway. Even in his death struggles, Yogi manages to monopolize the Panavision screen. Newman stuns the huge animal with his pistol butt but cannot shoot because the sound would attract the chasing killers. Instead, he is forced to drown Yogi in the cold raging waters.

When the scene was finally shot, Huston was heard to murmur: "That dog is a natural actor!"

Twenty miles north of Durango, some 6,000 feet up in the rolling high desert, seems an unlikely place to find a noted London journalist. But there he was on a cold November morning, another in the endless stream of newsmen who seek and find John Wayne no matter where in the world he goes.

The sun was just inching above the purple hills and the crew was setting up for the first shot on "Cahill, United States Marshal." It opens Wednesday at the Jet Drive-In Theatre.

Big John had folded his 6'4" frame into the high-seated leather director's chair he always uses. The name "Duke" is burned into the back. The Britisher pointed to the name and asked how it came into being.

"A big old dog back in Iowa and a bunch of firemen did me that favor," he grinned, "and I thank them every time I think of it."

"I loved that dog and he loved me and we played together all the time. His name was Duke. He'd walk partway to school with me as far as the firehouse on the corner and he'd be waiting for me when I came home. The firemen began calling us Big Duke and Little Duke. I weighed about 50 pounds then, so I was Little Duke. When we moved to California a few years later, the name came with me and I've had it ever since."

The Londoner had one more question. Why, he asked, was Duke so thankful for the nickname?

"Well, hell," rumbled the world's all-time boxoffice star, "my real name is Marion Michael Morrison. And if you were my size, wore cowboy boots and a big hat, outrode, out-fought and out-shot all the badmen in the West, how would

you like to climb down off a horse, throw your saddle over the corral rail and then walk off-camera and sit in a chair labeled "Marion?"

Cotton Harvest Good To Excellent In WT

COLLEGE STATION, Tex. (AP) — Rains last week brought further delays to cotton and rice harvesting in the Coastal Plains and in South Texas, Dr. John Hutchison, director of the Texas Agricultural Extension Service, said.

Prolonged exposure to wet conditions is causing much of the cotton still in the field to deteriorate, he said. Rice that was downed by recent heavy rain and wind is sprouting in the head and cannot be harvested.

Cotton continues to open rapidly throughout the plains and harvesting has started on a limited scale, Hutchison said. Harvest operations are picking up in Central, North Central and West Central Texas.

Early planted small grains are making good progress throughout the state due to favorable soil moisture conditions, he said.

GOOD GRAZING

Range and pasture conditions are good due to rains. Good grazing should be available throughout the fall and early winter, Hutchison said, and stock water is plentiful. Ear-tick and screwworm problems continue to abound in southern counties.

District agriculture agents gave these reports:

Panhandle: Wheat planting is making progress with early fields showing good growth. Greenbugs are active in some fields. Corn is being harvested for grain. The grain sorghum harvest has started. Sugar beets and soybeans are being harvested. Ranges are in good condition.

South Plains: Cotton is opening rapidly and some is being defoliated in southern counties. The grain sorghum harvest is gaining momentum. Early soybeans are being harvested. Castors also are moving toward maturity. Pastures and ranges are in good condition.

WET FIELDS

Rolling Plains: Wet fields hamper field activities. Cotton continues to open but recent cool wet weather has brought delays. Grain sorghum harvesting is making good progress in some counties. Wheat planting ranges from 10 to 70 per cent complete. Early plantings are up to good stands.

North Central: Rains kept most harvest operations at a standstill. About half the peanut crop has been harvested with good yields. Wheat and oats are being planted where

fields are dry enough. Early plantings look good but armyworms are causing some damage. Pasture and range conditions are above average.

Northeast: Some cotton is being defoliated in preparation for harvest. Dry weather is needed to harvest corn, grain sorghum and peanuts. Soybeans are making good progress. Small grain planting remains active. Livestock conditions are above average.

Far West: The cotton harvest good to excellent. Grazing is active in all counties. The last cutting of alfalfa is being made. Small grains are making good growth. Livestock and range conditions are good. Fall shearing of sheep and goats is about complete.

PEANUTS

West Central: Cotton and peanuts are being harvested as weather conditions permit. The grain sorghum harvest is about complete. Early small grain plantings are up to excellent stands. Armyworms are showing up in some fields. Fall vegetable gardens look good. Recent rains boosted fall and winter grazing prospects.

Baltimore Belts Oakland By 6-0

BALTIMORE (AP) — Jim Palmer struck out 12 and limited Oakland to five hits Saturday, pitching the Baltimore Orioles to a 6-0 victory over the A's in the first game of the American League playoff series.

Palmer overcame early wildness in reaching his season's strikeout high while allowing only four singles and a double in hurling Baltimore to its 10th straight playoff victory. The Orioles never have lost an American League playoff game.

The Orioles took advantage of the ineffectiveness of the A's starting pitcher, Vida Blue, in providing Palmer with a 4-0 lead in the first inning.

Blue lasted only two-thirds of an inning before being lifted for Horacio Pina after he gave up a bases-loaded single to Earl Williams that scored two runs.

The Orioles got 12 hits off four Oakland pitchers, adding single runs in the seventh and eighth innings off John "Blue Moon" Odum.

Palmer, 22.9 in the regular season

got into trouble in the first inning when he walked the first two batters, Bert Campaneris and Joe Rudi, but settled down and struck out the heart of the Oakland batting order, Sal Bando, Reggie Jackson and Deron Johnson.

Palmer appeared to get stronger in the second inning when he again struck out the side, using fast balls primarily, after giving up a single.

In the later innings, he appeared to be using more slow-breaking pitches.

Palmer, not known as a strikeout artist, fanned pinchhitter Jesus Alou in the seventh for his 12th, one better than his previous best performance on Aug. 4 against Boston.

The Orioles jumped on Blue, 20-9 during the season, in the first inning. Merv Rettenmund led off with a single on the first pitch and, after Bobby Grich struck out, Paul Blair walked.

Tommy Davis blooped a double into short right field, scoring Rettenmund.

Blue, Pina (1), Odum (3), Fingers (8) and Ernie, Tenore (7); Palmer, and Etchebarren, W—Palmer, 1-0, Blue, 6-1.

'Bear' Leads Kings Island

KINGS MILLS, Ohio (AP) — Relentless Jack Nicklaus, firing a second straight sub-par round on the course he half owns, barged into a three-shot lead at the midway point Saturday of the \$125,000 Ohio Kings Island Open.

The Golden Bear solved the Nicklaus Golf Center layout for a two-under-par 69 and a 36-hole total of 137, three shots up on charging Lee Trevino, Rod Curl and Tom Weiskopf.

Trevino switched putters and came in with a 68, which tied Andy North for the best round of the day on the soggy, 6,915-yard course.

Jack Nicklaus	68-69-137
Tom Weiskopf	70-70-140
Rod Curl	69-71-140
Lee Trevino	72-68-140
John Lister	73-69-142
Andy North	74-68-142
J.C. Snead	71-70-141
John Jacobs	72-70-142
Tom Watson	71-71-142
Tom Kite	70-72-142

NO. 15 IN A ROW OVER HORNED FROGS

Razorbacks Topple TCU

LITTLE ROCK (AP) — Arkansas quarterback Mike Kirkland shook off four pass interceptions and completed a 26-yard scoring toss to wingback Freddie Douglas that sealed the Razorbacks' 15th consecutive victory over TCU, 13-5 here Saturday night.

The game was the Southwest Conference opener for both teams.

Kirkland's scoring pass came three plays after defensive end Ivan Jordan recovered a fumble at the TCU 45.

Freshman fullback Alan Watson, on his second carry of the game, broke loose on the middle but fumbled. Arkansas tackle

Lee King recovered seven yards down field at the TCU 26. A running play gained nothing and then Kirkland drilled a pass to Douglas at the 15. Douglas, playing in place of injured Kelvin O'Brien, was hit at the five but dragged a tackler into the end zone.

The score came with three minutes gone in the fourth quarter and put Arkansas on top 13-3.

Arkansas' defensive unit was outstanding in the second half in the face of TCU's outstanding field position.

The Horned Frogs took over 63, 42, 54 and 54 yards away from the Arkansas goal on five of their first six possessions in the second half but came away empty handed each time.

Kirkland missed two field goal attempts and TCU's Bert Simmons missed one before

Kirkland scored on a seven yard run with 8:08 left in the second half.

Kirkland's touchdown ended a 54-yard drive that included four carries by Dickie Morton for 30 yards and a 13-yard pass from Kirkland to Jack Ettinger on a third and seven situation.

TCU took the ensuing kickoff and, aided by a 31-yard burst by quarterback Kent Marshall, reached the Arkansas 26. Three plays netted six yards and Simmons booted a 37 yarder that

made it 7-3 at the half.

TCU's first six possessions in the second half ended with a missed field goal, a fumbled pitchout, three punts and a fumbled handoff.

A 39-yard punt by Greg Anderson was knocked out of bounds at the Arkansas one and led to TCU's second score.

TCU

BIG SPRING HERALD

SECTION B BIG SPRING, TEXAS, SUNDAY, OCTOBER 7, 1973 SECTION B

Bench Delivers Cincinnati, 2-1

CINCINNATI (AP) — Johnny Bench's line drive homer with one out in the ninth inning lifted the Cincinnati Reds to a 2-1 victory over the New York Mets Saturday in the opening game of the best-of-5 National League playoffs.

Bench caught a 1-0 fastball by Mets ace Tom Seaver and drilled it over the fence by about five feet. As he crossed the plate he was mobbed by his teammates, while the Mets walked off the field disconsolately. They seemed to start off just as Bench connected.

The Reds had tied the score 1-1 in the eighth when Pete Rose homered over the 375-foot mark in right center.

Just prior to Rose's blast, Seaver had gone to the Mets' dugout to replace a "pitching pad" on his right shoe.

Seaver had driven in the Mets' only run with a double in the second inning. The hit followed a walk to Bud Harrelson.

After Seaver's hit, Reds starter Jack Billingham was untouchable. He retired 16 consecutive batters before being lifted for a pinch hitter in the eighth. During his stint, Billingham allowed only three hits, struck out six and walked one.

Tom Hall relieved Billingham in the ninth, but was taken out after walking leadoff batter Rusty Staub and going to a 2-0 count on John Milner.

Pedro Borbon, who came in and retired Milner and the next two batters, was credited with the victory.

Seaver permitted six hits and struck out 13, a National League playoff record.

He was rarely in trouble, and didn't allow a runner past second base until Rose's homer.

The loss was the Mets' first in National League playoff competition. In the only other year, they were in the playoffs, they beat the Atlanta Braves in three straight games.

Raiders Rip OSU

STILLWATER, Okla. (AP) — Texas Tech took advantage of Oklahoma State fumbles to up set the 11th-ranked Cowboys 20-7 Saturday.

Tech punched two second quarter touchdowns following fumbled punts by the

Cowboys, added field goals following two more Cowboy fumbles, then relied on a strong defensive effort to knock Oklahoma State from the unbeaten ranks.

Substitute quarterback Jimmy Carmichael, who took over when starter Joe Barnes was injured early in the second quarter, scored both Tech touchdowns. Don Grimes added the extra points and kicked field goals of 28 yards and 23 yards to cap the Red Raiders scoring.

Oklahoma State quarterback Brent Blackman, who also was injured in the contest, got the Cowboys' lone touchdown with a nine-yard scamper in the second quarter to end a 72-yard drive. Abbie Daigle kicked the extra point.

First downs	15	14

Bettenhausen Sets Record

COLLEGE STATION, Tex. (AP) — Gary Bettenhausen set a world racing record to win the championship car race and Roger McCluskey won the rain-shortened stock car race Saturday in the \$110,000 Twin 200 at Texas World Speedway.

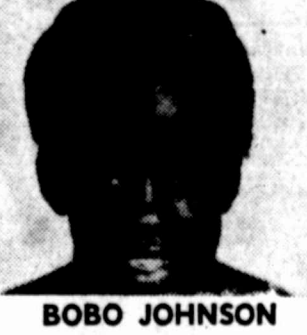

Bettenhausen, Tinley Park, Iowa, won the 200 mile championship race which had an average speed of 181.918 m.p.h. making it the fastest auto race ever run, United States Auto Club officials said.

Texas Chills Wake Forest

AUSTIN, Tex. (AP) — Defensive halfback Jay Arnold ran back a pass interception 58 yards for a touchdown Saturday night to spark sputtering Texas past Wake Forest 41-0.

Arnold's score made it 21-0 in the third quarter. Texas' first team offense scored only two touchdowns against the Deacons as they undoubtedly were looking ahead to next week's annual war against Oklahoma.

Even before the opening kickoff, the Deacons showed they came to play Texas. They jumped on top of each other in the pre game mass huddle. Texas players stood in their mass huddle as if a prayer were being spoken.

Longhorn Coach Darrell Royal liberally substituted in his offensive unit after the first stringers stunk up the field against the team that lost 0-41 to the Richmond Tigers.

Roosevelt Leaks, Texas' outstanding fullback, bulled his way 78 yards on 15 carries in the first half, then set out the second half with a neck injury that was called "not serious."

The Deacons, whose offense has not scored a touchdown in four games this year, crossed midfield once, when the defense recovered a Texas fumble on the Longhorn 40. Wake Forest made on first down, but a fake field goal play on fourth and 10 from the Texas 29 was snuffed out when defensive end Malcolm Minnick hit quarterback Bill Armstrong from behind just as he was releasing the ball.

Bears Trim FSU, 21-14

WACO, Tex. (AP) — Tailback Gary Lacy rushed for two touchdowns, setting up one of them with a 58-yard run on the last play of the third quarter, to lead Baylor to a 21-14 intersectional football victory over Florida State Saturday night.

Lacy gained 140 yards in 19 carries to overshadow the hard rushing performance of FSU's Delage Mitchell who gained 109 yards in 21 carries.

Baylor led 14-7 when Lacy burst from the Florida State 35 to the Baylor 7 to end the third period. Two plays lost two yards for the Bears, but Lacy then ran around end for nine yards and the touchdown on third down.

The Seminoles threw a scare into the Bears late in the fourth when quarterback Billy Sexton threw a 57-yard touchdown pass to end Mike Allen behind the Baylor defense with 6:13 left in the game.

Florida State defensive star Scott Meseroll recovered the ensuing onside kickoff for the Seminoles to set them up at the Baylor 40.

Top Teams Roll Along

By The Associated Press

Ohio State and Nebraska, the Nos. 1-2 teams in college football, rolled Saturday but Oklahoma and Tennessee narrowly escaped upsets.

Archie Griffin and Bruce Elia, subbing for injured fullback Champ Henson, each scored two touchdowns as top-ranked Ohio State won at home 27-3 over Washington State.

Second-ranked Nebraska romped past Minnesota 48-7 at Minneapolis as quarterback David Humm passed for three touchdowns.

Sixth-ranked Oklahoma, which cost Southern California its top-ranking with a 7-7 tie last week, had to rally to keep from falling to No. 17 Miami of Florida, which had upset Texas in its season opener.

Visiting Miami led 20-7 at halftime before sophomore quarterback Steve Davis ran 13 yards for his second touchdown of the game and combined with Tinker Owens on a 52-yard pass play for another touchdown.

Ninth-ranked Tennessee recovered from a 21-7 halftime deficit to edge Kansas 28-27 at Memphis. Bill Rudder and Haskell Stanback scored on eight-yard runs and Stanback got another touchdown from four yards out as Tennessee took a 20-20 lead and then won by stopping a two-point conversion attempt after Kansas scored again.

In other day games involving the Top Ten, No. 3 Alabama beat Georgia 28-14. No. 4 Southern California beat Oregon State 21-7. Fifth-ranked Michigan whipped Oregon 24-0. No. 7 Penn State topped Air Force 19-9 and eighth-ranked Notre Dame held off Michigan State 14-10.

Tenth-ranked Louisiana State belted Florida State 24-3 in a late game Saturday.

Quarterback Gary Riddle scored on an eight-yard run and Willie Shelby ran for two points to give Alabama a 21-14 lead over Georgia at Tusculoosa. The Tide then added an insurance touchdown on Randy Billingsley's 17-yard run.

'WANT TO SHAKE?' — Sterling City's Jesse Lujan (31) extends his hand to Garden City's Charlie Puga as the two consider their approaching collision. The neighboring rivals played in the Bearkat stadium Friday, and Sterling City came out on top 32-0.

Sterling Bounces Bearkats By 32-0

GARDEN CITY — Sterling City's Eagles muscled their way to their fifth straight Dist. 1-B Eight Man victory here Friday by belting the Garden City Bearkats 32-0.

"They're just some kinda tough," Bearkat coach Greg Henderson said of the Eagles. "Our defense played a pretty

good game — it really wasn't as bad as it looks. They just ran about 40 more plays than we did."

The Eagles got on the board in the second period on the efforts of quarterback Ken Peel, who threw 12 yards to Russell Davis for one score and ran 21 yards for a 12-0 Eagle edge with less than two minutes remaining in the half.

Midway through the third period Ross Hord put the game away with a one-yard scoring run, and after Peel passed to Duane David for two extra points, Hord was at it again. This time the Eagle halfback scored from three yards out and the visitors were up by 26-0.

The final Sterling City tally came on a 12-yard run by Russell Davis with four minutes left in the game.

For the Bearkats, now 2-2, nose guard Joe Wooten, defensive end Chris Hirt, safety Rusty Pendley and linebacker David Smith had good games, according to Henderson.

Runnels Raiders Nip Goliad No. 2

The Runnels Raiders upped their season record to 3-1 Saturday with an 8-0 decision over Goliad No. 2 in seventh grade football action.

Freddie Pruitt scored for Runnels on a 60-yard run, and Earnest Harris ran for two extra points. Also pacing the offense were Ricky Gutierrez, Danny Crosby and Tony Arista, while Ben Mancha, Woody Howell and Matt Harris led the defense.

For What It's Worth

Jack Cowan

If this were last year, Big Spring's Charley Johnson would be the leading passer in the NFL with 728 yards. But it isn't last year, or any other year when mere passing yardage decided which of the QBs was No. 1.

This year — and probably forever and ever — there's a new system for rating passers and instead of being first, Johnson is eighth, and that's just in the AFC. The new rankings consider just about everything, like completion percentage, TD passes, interceptions, average yards gained, etc.

Johnson, who became the first passer this year to hit the 300-yard mark when he burned Chicago for 326 yards, has connected on 51 of 99 attempts for three touchdowns — but with eight interceptions. Al Woodall of the New York Jets rates out at 90.1 on the scale to lead the AFC, which Johnson is far back at 51.9.

Two NFC players, John Hadl of the Los Angeles Rams and Billy Kilmer of Washington, are over 100 on the charts and Dallas' Roger Staubach is third at 94.7.

The Dallas Morning-News had this story on the misadventure of a former Big Spring woman in Paul Crume's Big D column this week: "Looie Biffar, an artist for the Baptist General Convention of Texas, was helping take a religious survey for the Forest Meadow Baptist Church which meets near the Dallas Cowboy practice field.

"At one house a man told her his name was Renfro. 'Oh, are you related to the Mel Renfro who plays for the Dallas Cowboys?' asked Miss Biffar.

"Yes, I am."

"And what do you do for a living?" she asked.

"I play football."

Miss Biffar is the daughter of Mrs. Elva Biffar, who is employed at the city tax office.

Ahhh, now to a subject I can really get fired up about, if you can call George Blanda a subject. I guess I could sit around and talk about Blanda for a couple of years and not be bored, which is about a couple of thousand times more than I could talk about Arab guerrillas or F-111s.

Blanda, you see, is the man who holds NFL records that border on the ridiculous, and he's about to set another one. During this month Blanda, the 46-year old wonder of the Oakland Raiders, will probably kick the 300th field goal of his career, since he now has 296. The first one came for the Chicago Bears in 1949, believe it or not. His holder for No. 300 will be Ken Stabler, who was approaching three years of age at the time.

Blanda came into the 1973 season — his 24th — with claims to more records than any other active player. He has the most points, 1742, most points after TD attempts, 834, and most made, 824; most field goals attempted, 567 and most made, 288. He is one of five players who have thrown seven TD passes in a game (for Houston against the New York Titans in 1961). He shares with Y.A. Tittle the distinction of having thrown 36 touchdown passes in one season.

There are others. George Blanda once threw 68 passes in a single game — and the 42 passes he had intercepted in 1961 may never be touched, though he might be inclined to forget that one.

Anyway, the end is nearing for the old ace. Once he hangs up his junk, it'll all be over. He's got a good job with the REA, and coaching is about the last thing he is considering in his future. "I'm too old to coach," he says.

Lamesa Stuns Snyder Tigers

LAMESA — Lamesa day night to remain unbeaten and untied.

JVs Bow To Abilene

Abilene's Junior Varsity smashed the Big Spring Steer JV here Saturday in the first game of Dist. 5-AAAA play.

The visitors opened scoring in the first period on a 75-yard throwback pass, and an interception of a Ronnie Mullins pass led to the second marker as the Eagles rolled to a 12-0 halftime advantage.

In the third an Abilene defender picked off a Mullins lateral and raced 55-yards for a score. The final Abilene score came on a 25-yard bootleg by the quarterback.

Big Spring, now 1-1-1, scored the once on a pass from Mullins to Greg Spears, but it was nullified by a penalty.

Snyder, too, entered the game with an unsullied record but the Tigers were no match for the Golden Tornadoes.

Lamesa, ranked fifth in the state among Class AAA teams, rushed for 374 yards while picking up 20 first downs. In addition, the Tornadoes intercepted Snyder three times.

The rout began in the first period when Lamesa drove 82 yards in eight plays for a score. Kent McCurley roared 25 yards for the first score.

After stopping Snyder at the Lamesa 21 following the kickoff, the Tornadoes drove for their second score in 12 plays. McCurley again went in, this time from the one.

Lamesa added a third TD in the final five minutes of the first half on a 39-yard drive. Again it was McCurley who surged into the end zone on

a one-yard power play. As if that wasn't enough, the Tornadoes counted again within two minutes when Kyle White raced 36 yards for a tally after apparently having been trapped behind the line. Snyder was hammering away at Lamesa's ten when the half-rushing and added another 30 passing. Hubert Crayton was the Tornadoes didn't score Snyder's only effective ball carrier again until the fourth, when Jay Calhoun culminated a 75-yard surge by powering over from the one. Snyder gained only 52 yards

fort was foiled as **Crack Sitton**, who intercepted four Sorley passes during the night, picked one off at the Eagle 30.

McKee returned the favor moments later, however, by intercepting a Minor pass and setting the Steers up at the Big Spring 42. Sorley connected with Doug Smith on first down from there, but three incompletions left the Horns with a fourth and 10 from the AHS 32.

At first the Steers set up for a 48-yard field goal try by Doug Smith, but Burris changed his mind and elected to go for the first down. Sitton was there for

the fourth time, though, and he grabbed it down at the 23-yard line with 28 seconds left in the contest.

Saturday while the Steers try to end a 10-game losing streak in Midland against the MHS Bulldogs.

NO ONE NEAR HIM — Landon Soles, a Forsan junior, races away from the visiting Sands Mustangs to score For-

san's first touchdown Friday. The Buffaloes pleased a homecoming crowd by blanking Sands 18-0.

Forsan Blanks Ponies By 18-0 In 3-B Opener

By MARJ CARPENTER
The Forsan Buffaloes enjoyed their homecoming Friday night even though fog covered the field and the fans sat in a slight mist most of the game because they won their District 3-B

GAME AT A GLANCE	
Forsan	18
Sands	0
First Downs	159
Yards Rushing	159

opener over the Sands Mustangs 18-0.

A scrappy bunch of Ponies from Ackery never gave up an easy yard, although they appeared to be outmanned from the opening gun.

Forsan led all the way in every department except punting. The failure to get one punt off at all narrowed their punting average to a poor 15 yards.

But with the passes of both Ralph Miranda and Landon Soles and the running of Soles and Phillip King, plus an alert defense, the Buffs didn't need good punting.

For Sands, the powerful running of Victor Rodriguez and the long running legs and long pass

defense arms of Frosty Floyd kept Forsan on their toes all evening.

More than once when it looked as though Ackery was completely back to the wall, Rodriguez would scrap through for yardage or the long lanky sophomore, Floyd, would run back a kick or take off around end for big gains.

Forsan scored first in the initial period in their first drive when they moved from their own 35 on carries by King, David Crooks, Soles and Melvin to the eight where Soles went over for the score. Their try for two points failed.

Sands then moved the ball to the Forsan 33 on gains by Floyd, Rodriguez and Domingo Cantu before losing the ball on a fumble. Five costly fumbles and penalties at crucial moments kept the Mustangs from scoring.

Face mask grabbing was called on both teams several times during the evening.

Nobody scored in the second period as the ball saw-sawed back and forth between the two teams on three drives apiece.

It began to look as though the 6-0 score was going to hold good all night as the third quarter also saw no tallies; and Forsan, a four-touchdown favorite prior to the game, appeared to be a little startled at the contest.

Nobody got inside the 20 in the third period until the final play in the third when Soles went to the nine on a quarterback keeper.

The teams then moved to the other end for the final period and King powered across for the score on the opening play. An attempted pass for two points failed.

With six minutes left in the game, Forsan scored their final

tally when Soles again went into the end zone for a score. This time they attempted a kick and it veered off to the left.

Outstanding on defense for the Mustangs were Andy Anderson, Brobbie Bayes, Steve Bodine along with Floyd; while Floyd, David Zant, Cantu and Rodriguez led the offensive attack.

For Forsan, Ralph Miranda, Landon Soles, John Medlin, Phillip King, and David Crooks were the shining stars on offense while Gary Turner, Donnie Croft, Gage Mims, and Billy Osburn were often the first in on the tackles on defense.

Forsan also crowned a homecoming queen, Ginger Dittmore, junior candidate escorted by Donny Croft.

Her attendants included Deborah Fraley, senior, escorted by Randy Welch; Cheryl Fraley, sophomore, escorted by Gary Turner and Jill Walker, freshman, escorted by Ralph Miranda.

Janet Ellis, student body president; Cystine Reed, last year's queen and little Brett Allen, crownbearer conducted the ceremony following a halftime show by the prize-winning Forsan band who feature a fire twirling act.

Wrestling Set Here Tuesday

Wrestling returns to Big Spring Tuesday night at 8 p.m. at the Municipal Auditorium.

The main event will be Ricky Romero going against the Patriot, a masked wrestler managed by Perciful A. Friend Romero has appeared here several times, while this will be the Patriot's first visit. If Romero wins, he will be allowed one minute in the ring with Friend, and anything will be legal.

The special event will pit Nick Kozak against Buck Robley. This is expected to be another popular match, since Robley is one of the most hated wrestlers among fight fans.

In another top event, the final match on the card, there will be a five midget over the second rope battle royal. This is the first time there has ever been enough midgets on one wrestling card to have a battle royal.

The five are Bo Bo Johnson, the Haiti Kid, Johnny Reb, Billy the Kid, and the Little Bruiser. The opening match will be a special midget match. Bo Bo Johnson will be going against Billy the Kid.

Tickets go on sale at the Auditorium Box office at 3 p.m. Tuesday. Tickets are \$3 for ringside, \$2 for general admission and \$1 for children from three to 11.

BSGA's Grand Tourney Set Today At Municipal

The Big Spring Golf Association's Grand Tourney kicks off today, with 62 entries competing in the two weekend event.

Action begins at 1:30 p.m. over the 18-hole Municipal Course layout, and all will have a shotgun start.

Golfers in each of the four flights will be competing for the \$45 first prize, while second place is worth \$35 in golf merchandise and third place earns a \$25 certificate. Fourth place pays \$18 and fifth \$15.

CHAMPIONSHIP
No. 7 Tee — Charlie Bailey, Kirby Barton, Jerry Barron, Ray Blum, Hamilton 26, Hico 7
No. 8 Tee — Danny Cledinin, Bernard Rains, Mac Pitts, Ted Gross, No. 9 (first) — Rove Cox, Jack Bowers, Bob Walters, Coffey.

Hamlin Rallies Past Bulldogs

COAHOMA — Hamlin caught lost opportunities in the final fire in the final period to defeat Coahoma, 18-7, here Friday night. The loss was the first of the year for the Bulldogs.

The Pied Pipers rolled up 285 yards on the ground and added 38 in aerial gains.

Shut out during the first three periods, the Pipers made up for

Hamlin but the Pipers trailed until Coahoma fumbled to set up the second Hamlin tally. The bobbie occurred on the Big Red's two and McAfee sent Hamlin ahead to stay with a plunge across the double stripes. Bill Cork put the decision out of reach when he took a pass from Willie Hooper for a third Hamlin TD. The play covered 26 yards.

Jody Bennett had put Coahoma ahead in the second period when he passed three yards to Dean Wood, climaxing a Coahoma drive. Wood then booted the PAT.

Putt Choate was Coahoma's leading ground gainer with 94 yards net. Jones paced Hamlin with 96.

Score by quarters:

Camping Facility Here Used By Many Annually

From 1,500 to 2,000 persons stop annually at the overnight camping facilities at Comanche Trail Park, according to Roy Anderson, assistant city manager here.

During one month alone the past summer, 481 campers stopped there overnight, Anderson recalls.

"We are constantly receiving letters commending us for these facilities," Anderson added.

TYPICAL LETTER
A typical letter received in recent weeks came from a South Texas family from Edna who stated, "Just to let you know that we approve of Big Spring's kind of Texas hospitality. We have never found a place to compare with it."

There are 10 places at the facility to hook up to electrical

outlets and available water. Sometimes during the heavy summer months, there will be as many as 29 or 30 vehicles per night at the facility.

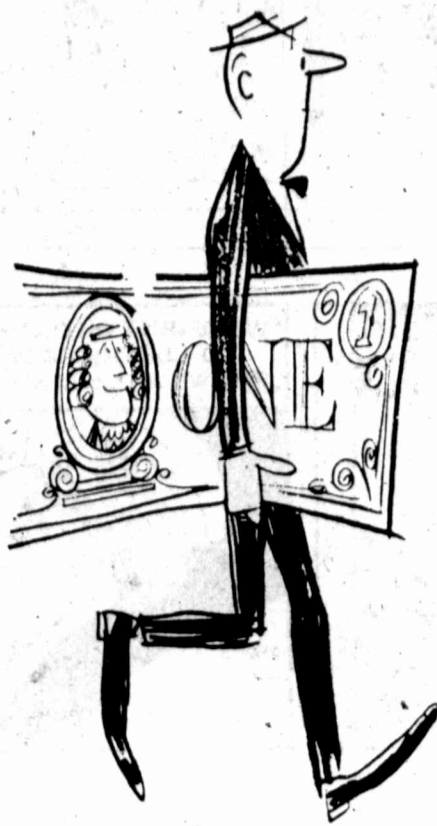

CHICAGOAN SPEAKS
A letter from a Chicago family, who worry about safety after dark stated, "It was a comfort to see the police car drive through the campground to let us know they were concerned about us all. We also were pleased with the friendliness of the caretaker."

"For the five years the facility has been open, these letters have poured in," Anderson added.

Some of the patrons told officers they attended the Big Spring rodeo. Some said they played golf here. Last summer a number of them attended the Strlight Specials.

"Your camper trailer park is extra clean and interesting. We stocked up on food and gasoline while in Big Spring because we were so pleased with the hospitality and the facility." This letter came from Meadow Vista, Calif.

At last count from the letters received, patrons had stopped at the camp from 40 states and at least one foreign country. "We keep the facility listed in several camper directories. And lots of people discover it on their own every year," Anderson added.

Two Area Oil Tests Staked

Two new ventures added interest to oil developments here last week.

Tom Fowler, Midland, announced location for No. 1 Maurene Morgan, 2 1/2 miles southeast of Big Spring, to seek the Fusselman pay which has been producing for nearly two months now from a re-entry in Kadane & Son No. 1 Morgan.

Roads and pits were being constructed Saturday and operator plans to move in a rig 660 from the south and 990 feet from the east lines of section 22-32-1s, T&P. This puts it half a mile north and slightly east of the Kadane No. 1 Morgan, which has been flowing strongly from the Fusselman.

Seven miles northwest of Big Spring, Kirby Petroleum No. 1 Lela Lumpkin has been located in the center of the southwest quarter of Section 45-33-1n, T&P, and is making hole.

This is a half mile east off set to Kirby No. 1 Anne Martin, which is still testing as a potential Spraberry and Dean discovery.

Slots Available In Two Programs

The Manpower Division of the Permian Basin Regional Planning Commission is presently soliciting applicants for their Mainstream and Out-of-School Employment Programs. Slots are currently available in both of these programs throughout the Permian Basin Region including Big Spring and Howard County.

The Out-of-School Program seeks to employ and train high school drop outs who are 16 and 17 years of age, while Mainstream encompasses those 55 years and older. Those persons who need job training and are seeking employment should come by or write the Permian Basin Regional Planning Commission offices, P. O. Box 6391, Terminal Office Building, Midland Air Terminal, or call collect 563-1061 for further information. Applicants need not have a skill to apply. Employees in the Mainstream Program will be paid \$1.60 per hour and will work a 40 hour week, and those in the Out-of-School Program will work 32 hours a week for \$1.60 per hour. All workers are employed by non-profit organizations. Medical assistance and transportation to and from work are available for those needing such services.

Plans Proaress For New Hotel

MIDLAND — Midland's skyline will take on a new look in early 1976 when construction of the new 14-story Midland Hilton is completed.

Working plans for the multi-million dollar facility are being finished and bids will be let around the first of the year, according to an announcement by William B. Johnston, president of FNB Development Corporation.

The new 150-room luxury hotel will be constructed on the site of the historic Scharbauer Hotel at the corner of Wall and Loraine Streets in downtown Midland. A banquet room will accommodate 700 persons, and parking will serve 200 cars.

Martin Deputy Ends Training

Deputy Tim Hudson of the Martin County Sheriff's Department was among 16 law enforcement officials who completed a 40-hour in-service training school in Andrews Friday.

Funded through a Criminal Justice Training Grant from the Permian Basin Regional Planning Council, the school focused on the processing of crime scenes and crime scene searches. Instructors were provided by the FBI office in El Paso.

**THE NEW
1974
AMERICAN MOTORS
GREMLIN**

Gremlin combines style with economy. Economy that comes from spending less to buy it, spending less for gas and spending less to service it.

Gremlin is the only small economy car that has 6-cylinder engine as standard equipment and you can get just about any accessory that you might desire. But, even more importantly, Gremlin gives you the benefits of the EXCLUSIVE AMC Buyer Protection Plan.

WE BACK THEM BETTER BECAUSE WE BUILD THEM BETTER.

IN CLOVIS RODEO — Miss Tona Pettigrew, one of the riders for the Howard County College Rodeo Team, is in Clovis this weekend for a college rodeo. She clocked the fastest time in girls' barrel race last weekend, and has won a total of seven saddles, including the All-Around award at the Big Spring AJRA last spring.

Kissin' Fool

Dear Abby
Abigail Van Buren

DEAR ABBY: My lady friend is a kissing fool. Hugging and kissing is her idea of the utmost in ecstasy, and she can't seem to get enough of it.

Last night we sat on her sofa kissing from midnight until 2 a.m., and I hardly managed to get my own lips together once in those two hours. If my nose had been stopped up, I would have suffocated. All this time she was glued to my face, wearing me out.

I tried to explain that a normal man enjoys about five minutes of kissing, but I never got to finish the sentence.

It's not as if we are a pair of starry-eyed teenagers, either. We are up in years.

Is there such a thing as a lip fetish? If so, this lady has a serious case. She doesn't need a man. Give her a pair of rubber lips nailed to a post and she would be in business.

Do you think she needs psychiatric help to cool her down? Or should I seek some myself for continuing to put up with her?

DEAR ABBY: If you want to cool her down, marry her.

DEAR ABBY: Have you ever heard of giving an unwed mother a baby shower? The girl is only 15, and the baby's father is 16. She is five months along, and her girl friends are giving her a shower. Maybe by the time the baby is born she will be married to the baby's father, but right now his folks have refused to sign, and he can't get married without their signatures, as he is under age.

I bought a gift with money

I saved up from baby-sitting. My mother says I can go if I want to, but it would be like saying I saw nothing wrong with what this girl did. Abby, I think she did a wrong thing, but she is my friend and I can't turn my back on her now.

Some of the girls' mothers told their daughters they should send their gifts, but not go. How do you feel about this? **ALSO 15**

DEAR ALSO: Being loyal to a friend doesn't necessarily imply approval of everything that friend does. Your peer group is showing more charity and compassion for an unmarried expectant mother than earlier generations would have shown, which I think is to your credit.

DEAR ABBY: For the six months my husband faithfully has gotten up at 1 a.m. every Saturday morning to go Eastern Shore fishing.

I never paid much attention to it until recently when I noticed that when he came home he was wearing his best shoes, best pants, and brand new shirt.

When I asked him about it, he said he had to look decent in case he wanted to stop in a restaurant for coffee and a sandwich. Abby, I would like your reaction to his explanation.

SUSPICIOUS: His story sounds fishy to me. Fishing clothes are considered "decent" in fishing territory. But on the other hand, if he had something to hide he could easily change back into his fishing clothes before returning home. (P.S. How much fish does he bring home? If it's usually not much of a catch, you may catch him.)

Bridge Test

Volunteer Orientation Set At VA

An orientation and training session for adult volunteers at the Veterans Administration Hospital will be held at 7 p.m., Tuesday in the hospital's first floor conference room.

Presiding over the meeting will be Mrs. Dene Sheppard, acting director, Voluntary Service.

During the orientation, volunteers will be told of the services which they can provide in the laboratory, chaplain's office, social work service, nursing service and recreation.

Volunteers are needed to escort wheelchair patients throughout the hospital, assist nurses on the wards, provide clerical assistance, write letters, teach craft projects or assist in the library.

Anyone interested in serving the veterans is invited to attend. If further information on the volunteer program is needed, contact Mrs. Sheppard at 263-7361, Ext. 238.

Bride-Elect Honored

Miss Gayle Moore, bride-elect of Mike Murphy of Forsan, was honored at a gift shower Saturday evening at Elbow School cafeteria. Miss Moore is the daughter of Mr. and Mrs. Raymond Moore, Big Spring.

Hostesses were Mrs. Ernest Box, Mrs. Richard Pitts, Mrs. Melton Lewis, Mrs. Cheryl Newton, Mrs. Doug Cook, Mrs. Mildred Rister, Mrs. Max Pitts, Mrs. Ray Hiltburner, Mrs. James Hollis, Mrs. Benny Pickett and Miss Joyce McDuffitt.

Miss Moore received guests with her mother, Mrs. Raymond Moore, and her fiancé's mother, Mrs. Don Murphy, Forsan. The honorees were presented with blue gardenia corsages.

The refreshment table was covered with a blue satin cloth which was covered by white net. The centerpiece was a bouquet of blue and white spring flowers.

The couple will marry Oct. 26 in the First Baptist Church.

MR. AND MRS. C. E. TINDOL

50th Anniversary To Be Observed Today

The Golden Wedding Anniversary of Mr. and Mrs. C. E. Tindol will be observed today with a reception from 2 to 5 p.m. in the Tindol home, Gail Road, Big Spring. All friends and relatives are invited to attend.

Hosting the affair will be the honorees' children, along with their husbands and wives. They are Mr. and Mrs. Joe Baker, Avoca; Mr. and Mrs. Billy Hayworth,

Mr. and Mrs. Winford Tindol, Mr. and Mrs. Troy Tindol and Mr. and Mrs. Doyle Hooper, all of Odessa; Mr. and Mrs. Leonard Schafer, Sand Springs; and R. C. McDaniels, Big Spring. Mrs. McDaniels, the former Jo Nell Tindol, died in 1957.

Of the 17 grandchildren, two are deceased, and there are three great-grandchildren.

Mr. and Mrs. Tindol were married Oct. 4, 1923 in the Baptist parsonage in Ryan, Okla. Mrs. Tindol, the former Faye Henderson, daughter of Mr. and Mrs. S. A. Henderson was born in Montague County, Tindol was born in Henrietta but his parents, Mr. and Mrs. W. A. Tindol, later moved their family to Oklahoma, or what was then Indian Territory.

Following their marriage, Tindol worked for the Murry Gin Company, Dallas, then farmed near Lubbock for two years. Moving to Howard County in 1928, he worked in the oil field for "Doc" Bristow for three years, then joined the Shasta Oil Company for six years. At the end of that time he went to work for Pan American Oil Company, completing 25 years service before retiring as a pumper in 1966.

Tindol belongs to the Masonic Lodge 492, Coahoma, and he and Mrs. Tindol are members of Coahoma Chapter 499, Order of the Eastern Star. They are of the Baptist faith.

The granddaughters will register guests and serve refreshments from a table

NUPTIALS — The engagement of Miss Georgia Ann Jackson to 2nd Lt. Daniel Jason Runyan, Webb AFB, has been announced by her parents, Mr. and Mrs. William Welby Jackson, 2502 Lynn. Lt. Runyan is the son of Mrs. Richard C. Runyan, St. Petersburg, Fla., and the late Mr. Runyan. Dr. Kenneth Patrick will perform the rites Jan. 19, 1974 in First Baptist Church.

Lubbock Session To Explain Use Of Food Stamps

Teaching local Food Stamp recipients how to make the most of their stamps is the subject of a two-day meeting in Lubbock this week to be attended by Miss Sherry Mullin, Howard County extension agent.

More than 25 county extension agents from throughout the area will hear federal and state government agency representatives discuss food buying and nutrition.

Representatives from the U.S. Department of Agriculture's Food and Nutrition Service will explain how food stamp recipients can buy the nutritious foods necessary for a balanced diet without having to supplement their food stamp program.

A Texas Department of Public Welfare representative will tell agents how the food stamp program is administered in Texas and outline its operation as well as the requirements for obtaining food stamps.

Mrs. Angel Reviews Book At Luncheon

"Laughing to Keep From Crying," a book by June Benefield, was reviewed Thursday by Mrs. Clyde Angel at the October luncheon of the Webb Air Force Base Officers' Wives Club.

"Everybody married has a deep psychological problem," said Mrs. Angel, quoting excerpts from the book. "If you don't develop a sense of humor, you'll go batty. Remember, if you cry, you cry alone; but if you laugh, the whole world laughs with you."

The book explores humorous experiences of Ms. Benefield when she married and moved to the suburbs, finding her degree in journalism was no help when it came to handling everyday problems of being a wife, mother and homemaker.

"Being a wife and mother is so demanding an never appreciated," said Mrs. Angel. "Each day you have to bear in mind the little things that mean so much in love. June Benefield said that although she feels like a failure as a homemaker and wife, they are still her first loves."

Mrs. Roy Peterson presided and introduced Mrs. Robert Meisenheimer, wife of the base commander; Mrs. Whitcomb Jones, wife of the deputy commander for logistics; and members of the executive board. Invocation was by Mrs. James Elwell.

Mrs. Jones was general chairman for the luncheon, assisted by Mrs. W. B. Dickenson and Mrs. Chuck

Shults. Guests included Ms. Renee Morgan, Ms. Ann Grobowski, Mrs. Judy Richey and Mrs. Kathleen Parris.

It was announced that an art show and auction is scheduled at the club Oct. 27. The art may be reviewed between 3-8 p.m., with the auction beginning at 8 p.m. Also, it was announced the Westside Community Center still needs Betty Crocker coupons to use in getting a piano for the center.

Regular OWC bridge will be at 9:25 a.m., Oct. 18, and a Hi-Bye coffee is scheduled at 10 a.m., Oct. 25. The group will have a brunch at 10 a.m., Nov. 1 in lieu of the monthly luncheon.

Big Spring (Texas) Herald, Sunday, Oct. 7, 1973 3-C

'No-Hunt' Breakfast In H. Garrett Home

The Green Thumb Garden Club began the 1973-74 season Tuesday with a "No-Hunt Hunt Breakfast" at 10 a.m. in the home of Mrs. Horace Garrett, 715 Edwards Blvd.

Cohostesses with Mrs. Garrett were Mrs. Adolph Swartz and Mrs. John Fish.

Prior to the brunch, Mrs. Morris Patterson, club president, presided for a short business session. Mrs. R. Earl Price reviewed the

program plans for the year. Serving with her on the program committee are Mrs. Tools Mansfield and Mrs. G. R. Robinson.

Twenty members attended and Mrs. Gary Turner was a guest.

The next meeting of the club will be Nov. 6 in the home of Mrs. R. T. Piner, 600 Matthews, with Mrs. J. M. Woodall as cohostess. The event will be a 10 a.m. coffee with the theme, "Country Bounty."

Couple United In Marriage

MRS. JAMES W. WITHYCOMBE JR.

Miss Mary Lee Anderson and S.Sgt. James William Withycombe Jr. exchanged nuptial vows Saturday afternoon in the First Baptist Church.

The couple stood before an altar decorated with greenery, and the rites were performed by Chaplain Lee Butler of Big Spring State Hospital. Mrs. W. W. Grimes was organist.

Parents of the bride are Mr. and Mrs. John Lee Anderson, Dallas. The bridegroom is the son of Dr. James W. Withycombe, San Diego, Calif., and Mrs. Jeraldine S. Withycombe, Flagstaff, Ariz.

The bride is employed as a speech and hearing therapist for Big Spring Independent School District. She graduated W. W. Samuel High School in Dallas, and received her bachelor of science degree from East Texas State University. Sgt. Withycombe, an air traffic controller at Webb Air Force Base, attends Howard County Junior College.

The bride's formal-length gown was fashioned in candlelight satin and featured a chapel-length train edged with lace. The empire bodice was overlaid with lace which extended to form a long tapered sleeve. A band of satin and lace held her elbow-length tapered sleeves. A band of satin and lace held her

elbow-length illusion veil, and she carried a bouquet of white orchids.

Miss Rebecca E. Moore, Dallas, was maid of honor. She wore a floor-length gown styled in a fall floral print of brown, orange and yellow. A shoulder cape accented the halter-top gown, and she carried a bouquet of daisies in autumn hues.

The bridegroom's father served as best man.

Following the ceremony, the newlyweds were honored at a reception in the church fellowship hall. Refreshments were served by Ms. Linda Wylie, Henderson; Mrs. Linda Halcomb, Irving; and Ms. Sandra Crocker, Dallas.

The serving table featured a gold linen cloth which was accented with a fall arrangement of assorted flowers. Appointments were crystal and silver.

Relatives attending the ceremony from out of town, in addition to the couple's parents, were Charles Anderson and Christine Anderson, brother and sister of the bride, Mrs. T. Gilley Hickman and daughters, and M. S. Martha Nell Fransworth, all of Dallas; and Dr. and Mrs. Bill Loehr, Denver, Colo., brother-in-law and sister of the bridegroom.

Speaker Shows Candy Technique

Mrs. L. Z. Rhodes showed members of Fairview Home Demonstration Club how to make "Virginia Thin Peanut

Brittle" during a meeting Tuesday in the home of Mrs. W. N. Wood, 1701 Jennings. During business, program recommendations of the HD Council for the 1973-1974 club year were approved. Also, members

agreed to sell miscellaneous items as a fund-raising project for the council. A report on the state HD convention in Waco was given by Mrs. C. A. Smauley.

Guests were Mrs. Bernice Callet, Pinellas Park, Fla., and Mrs. Rhodes. The group will meet again at 2:30 p.m., Oct. 16 in the home of Mrs. Irene McKinley, 617 Colgate.

LVNA Convention In Dallas Oct. 11

Fall meetings for the Licensed Vocational Nurses Association began Tuesday with a new slate of officers including Mrs. Hugh Rhyme, president; Mrs. Jack Cox, first vice president; Ms. Grace O'Dell, second vice president; Mrs. Hughey Rogers, treasurer; and Mrs. Ollie Bransom, secretary.

It was announced that the LVNA state convention will be held Oct. 11-14 at the Green Oaks Inn, Fort Worth.

Mrs. Rhyme said a Thanksgiving dinner for all licensed vocational nurses will be held at 7 p.m., Nov. 6 at her home, 1313 Stadium.

A brief discussion was held concerning the LVNA fund-raising project which is selling cosmetics, spices and flavoring extract.

Miss Pipes Weds Paul Edward Nanny

Miss Helen Arleen Pipes became the bride of Paul Edward Nanny Friday evening in a ceremony performed by Ralph Beistle, minister, in the Coahoma Church of Christ.

The wedding party stood before an arch of greenery flanked by baskets of white flowers and candelabra. Music was by a chorus composed of Mrs. Larry Pherigo, Mrs. Dan Allen, Mrs. Ronny Ward, Mrs. Lonnie Anderson, Miss

Tina Kerr and A. D. Greenfield. Parents of the couple are Mr. and Mrs. A. D. Nanny, Knott Rt., and Mr. and Mrs. Jack Pipes, Box 393, Coahoma.

Attired in a satin gown with lace overlay, the bride carried a bouquet of rosebuds tied with streamers. The gown featured a chapel-length, satin train edged with lace. The matron of honor was the bride's sister, Mrs.

George Leatham, Big Spring; and bridesmaids were another sister, Mrs. Francis Pipes, and Mrs. Ricky McAdams, Big Spring. They were attired in orange satin gowns styled with empire bodices and A-line skirts.

DeLloyd Hooser served as best man, and groomsmen were Jim Coker and Ricky McAdams. Dee Nanny was usher, and Ricky Buchanan, Midland, was the ring bearer. Altar tapers were lighted by John Mulkey and Don Mulkey, and Sherry Loguidice, Big Spring, was the flower girl.

The bride is a senior at Coahoma High School, and the bridegroom, a graduate of Big Spring High School, is employed by Guthrie Oil Company. After a wedding trip to Lubbock, the couple will reside at 304 South St., Coahoma.

Miss Linda Nanny and Miss Arna Nanny, Big Spring, served refreshments at a reception held in the fellowship hall of the church. The table was covered with orange lace and centered with an arrangement of orange and white chrysanthemums. Crystal and silver appointments were used.

Relatives attending from out of town included Mr. and Mrs. V. E. Young, Anton; Mrs. Colleen Wolford, Abilene; and Mr. and Mrs. J. D. Buchanan and children, Midland.

SETS DATE — Mr. and Mrs. D. W. (Bozo) Holcombe, 1003 Wood, are announcing the engagement of their daughter, Wyvonne, to Dennis Wayne Spray, son of Mr. and Mrs. Clyde Spray of Jayton. The couple will be married Nov. 9.

TO MARRY — Mr. and Mrs. Elmer R. Franklin, Gail Rt., announce the engagement and approaching marriage of their daughter, Prudie Adaline, to James Mason McFarland, son of Mr. and Mrs. W. M. McFarland, 183-A Fairchild. The wedding will be Dec. 22 in Phillips Memorial Baptist Church.

PTA Council Seeks Community Project

The City Council of Parents and Teachers, which is discontinuing its annual \$100 scholarship at Howard County Junior College, has named a fact-finding committee to help select another community project to be supported by local PTA units.

Don DeLeeuw, council president, presided at the October meeting, naming to the committee Mrs. LaJuana Walters, Mrs. Nancy Felts, Mrs. Vonda Townsend and Mrs. Betty Kloor.

The committee will investigate several areas of need; one being the possibility of having a welfare case worker assigned to cases of child abuse, should it be warranted. DeLeeuw stressed that the committee, as formed, is strictly a fact-finding group which would work with the welfare department to assist however possible.

Seven schools were represented at the council meeting, and it was announced that a new PTA unit is being organized at Bauer Elementary School. Its first meeting will be at 7 p.m., Tuesday in the school cafeteria. Guest speaker was Dr.

Ray Owen, pediatrician at Malone-Hogan Clinic, who detailed the immunization program for local schools. He said all children entering public schools are required to have the DPT and polio immunizations, as well as the combined measles, mumps and rubella immunization. The immunizations are given free at Dora Roberts Rehabilitation Center, or the children may get them from any physician. Dr. Owens will speak Thursday evening to the College Heights PTA.

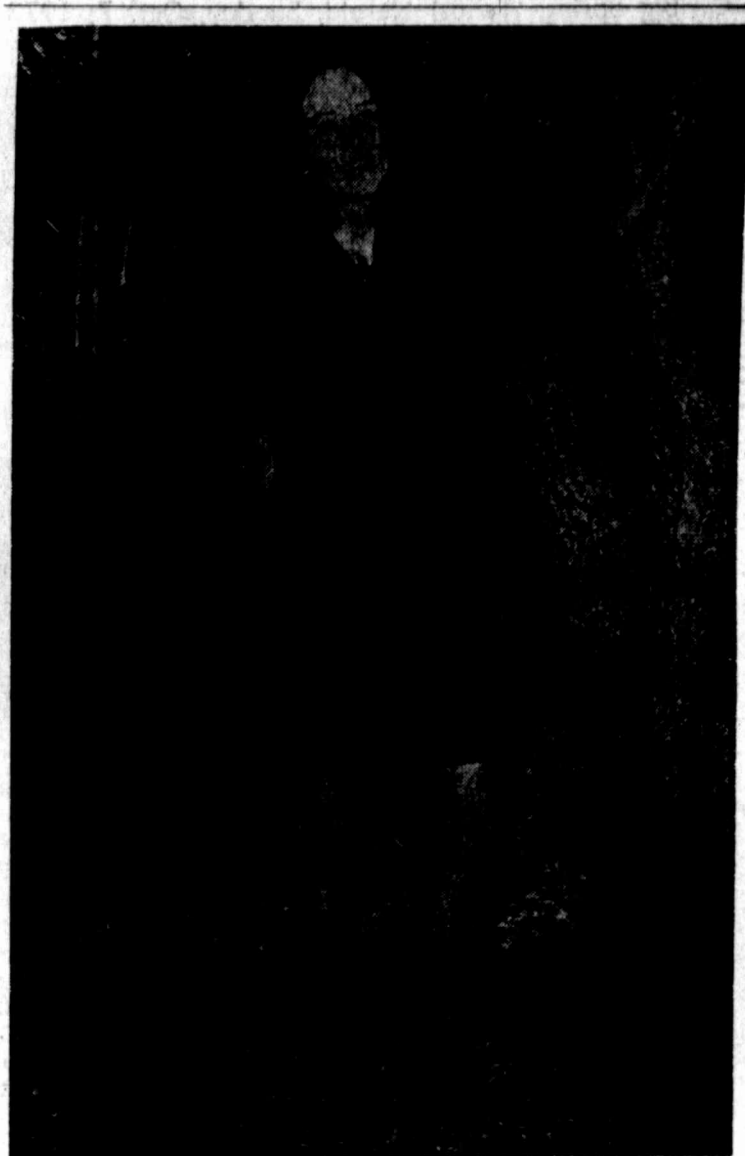

The council budget, amounting to over \$260, was approved.

DeLeeuw urged PTA representatives to attend the Oct. 8 public school board meeting, when a report is due on the possibility of installing air conditioning in local schools.

Cowbelles Slate Meeting Tuesday

The monthly meeting of the newly organized Cowbelles will be held at 10 a.m., Tuesday in the First Federal Community Room. All women associated with, or interested in, the beef industry are invited to attend.

● HIGHLAND CENTER ●

HERE OVER QUARTER-CENTURY — Zale's Jewelers, located in downtown Big Spring, has been serving the public here over 25 years, giving customers the finest in jewelry and service. The personnel invites the public to go by and visit with Bobby Gee, manager; Jerry Thurman, assistant manager; and members of the sales staff, Don Sauls, Lorraine Painter; plus the office staff, Pauline Sisson, credit manager; Nita Wright, office manager; and Darlene Jacobs. Janette Nichols, Kristi McNew, stock manager Pete Juarez and John Preston, watch repairman.

IT'S A FAMILY AFFAIR at J & K Shoe Store in Highland Center. Mom, Dad and the children can all find fashionable footwear in this spacious establishment. Here, Mrs. Dell Watt, right, assists a customer in fitting a platform shoe, so popular this fall.

'Effective' Liberation Is Needed

"Anytime a person's role in life is assigned by society, without regard for individual differences, those who cannot fit comfortably into the stereotyped role are doomed to misery," said Ms. Mary Dudley, speaking Wednesday to 1953 Hyperion Club.

Ms. Dudley, an instructor at Howard County Junior College, traced events that led to acceptance of a stereotype for women in this country, and told why she thinks there needs to be an effective women's liberation movement.

"Most women are only one man away from poverty," quoted Ms. Dudley. She expressed the hope that the current liberation movement

would allow more acceptance by society of independence in women.

The meeting was held at the home of Mrs. Jim Bill Little, No. 5 Coachman Circle. Mrs. Clarence Peters presided, and Mrs. Jimmy Taylor introduced the speaker.

The group will meet again at 1 p.m., Nov. 7 in the home of Mrs. Daryle Hohertz, No. 7 Highland Heather.

Bridge Games

Mrs. John Stone and Mrs. J. D. Robertson placed first in duplicate bridge games held Friday afternoon at Big Spring Country Club. Other winners were Mrs. Henry Bell and Mrs. Morris Rhodes, second; Mrs. E. L. Powell and Mrs. Hudson Landers, third; Mrs. E. O. Ellington and Mrs. Elmo Wasson, fourth; and Mrs. R. E. Dobbins and Mrs. Douglas Orme, fifth.

Jodi Grant Installed As Worthy Advisor

Jodi Grant was installed Saturday evening as worthy advisor, Big Spring Assembly No. 60, Order of the Rainbow for Girls. The ceremony was held at the Masonic Temple, 221 Main.

Miss Grant, daughter of Mr. and Mrs. W. B. Grant, Box 231, dedicated her term to her sister, Peggy Grant, a past worthy advisor of the assembly.

Miss Grant's theme is "Faith Achieved Through Love," and the scripture is Ephesians 3:17-18.

"Walk With Faith In Your Heart," was sung by Mr. and Mrs. David Yater.

Miss Jean Sauze, of Midland, grand visitor, was guest speaker.

Following an invocation by the Rev. Elra Phillips, the installing officers were introduced by the mother advisor, Mrs. Don Williams. The installing officer presiding was Susan Smith, assisted by Marshall, Peggy Grant; chaplain, Sandra Dickenson; recorder, Zina Johnson; and musician, Pam Wheeler.

Guests were registered by Cindy Smith.

Installed were Della Nobles, worthy associate advisor; Rhonda Riley, charity; Phyllis Johnson, hope; Emily Boyd, faith; Kay Sayers, chaplain; Jill Odom, drill leader; Delynda Barker, love; Judy Mauppin, religion; Beverly Bell, nature; Kenda Born, immortality; Shirley Price, fidelity; Mary Jane Wright, patriotism; Kerrie Sue Knox, service; Leilani Thomas, confidential observer; Laura Jones, outer observer; Michelle Coffee, musician; and Alice Sayers, choir director.

Also serving this term are Elizabeth Swindell, treasurer; Pam Wheeler, recorder; and Mrs.

(Frank Brandon Photography) JODI GRANT

Williams, mother advisor. Phillip Johnson presented his sister, Phyllis, with a gavel, and Mr. and Mrs. E. M. Boyd presented the Rainbow Bible to their daughter Emily. Temple McDaniel was presented the Outstanding Member Award by Mrs. Williams.

The benediction was given by the Rev. J. B. Sharp.

Serving on the paraphernalia committee were Emily Boyd, chairman; Jan Armstrong, Sandra Dickenson, Mary Jane Wright, Jill Odom, Beverly Bell, Mary Griffith, Shirley Price and Sherri Gillihan.

Serving as the telephone committee were Phyllis Johnson, chairman; Leilani

Thomas, Pam Wheeler, Laura Jones, Karen Riley, Jan Hoover, Alice Sayers and Linda Moss.

Refreshments were served from a table covered with a red nylon and satin cloth and appointed with silver and crystal. The centerpiece was a terrarium filled with red roses and a white dove. A cake decorated with the worthy advisor's theme and color was served to over 100 guests.

Out-of-town guests were Mrs. J. A. McWilliams, grandmother of the worthy advisor, and Miss Gerrie Hill of Houston.

The custom of the Rainbow Girls is to attend the church of the worthy advisor the Sunday following her installation. Miss Grant attends the First United Methodist Church, 400 Scurry.

Skirts Fuller In Fall Fashions

There's more fullness in the skirts of the fall and winter silhouettes.

Designers get the effect either with flat-pressed pleats or with gores. Designer Donald Brooks likes unbelted princess shaped coats ending with a huge flare, done with as many as 17 gores all around. Favorite tone is camel.

Casualty Yours

By JO BRIGHT

Everyone didn't go to the football game Friday night — the overflow kept up a steady stream at E. L. Terry's Baskin-Robbins ice cream parlor. Chatted with newlyweds, Tom and Arlene Stephenson, who've been redecorating their new home, and said 'hi' to Mr. and Mrs. Bernard Rains. Mrs. R. H. Weaver waited outside in the pickup while he came in for the goodies, and Mrs. Jimmy Taylor preferred a warm car, while Jimmy brought their daughter in to find her favorite flavor.

Mr. and Mrs. Dewey Ray and daughters, Mavis, Melodie and Julie, were in Austin last weekend to see friends and take part in the dedication of the Heath Conference Room at University Methodist Church. The room was given in memory of W. W. Heath by his wife, Mavis, and his daughters, Mrs. Ray (Cynthia), and Mrs. Dean Rester (Linda), of El Paso. The presentation was in memory of former Ambassador Heath's "service to the church and the larger family of man". After the dedication and reception, the Rays went to the Austin Club to a brunch given by their son-in-law and daughter, Dr. and Mrs. Phil Overton of Austin. Among friends they enjoyed seeing again were Drew Dillard Corbuser and Bill Corbuser of Oklahoma.

Dr. and Mrs. R. T. Torp flew to Stockholm where they joined his parents who went over earlier on the M.S. Kungholm. Their plan was to go to Copenhagen and travel by train to northwest Germany, then

tour Holland, Spain, Portugal and on to the Azores. On the return, the Torps will spend several days in New York, going to New Jersey to visit Great-grandmother Kirsten Torp, who is 103 years old.

Mr. and Mrs. Bob Wren have returned from a two-week trip that took them to 11 states and Canada. The trip was a birthday present to Mrs. Wren from her son-in-law and daughter, the O. T. Stewards, Fort Worth, who accompanied the Wrens. Highlight of the trip for Mrs. Wren was a visit to Fountain Run, Ky., the birthplace of her father, the late Sam Combs. The Wrens spent several days with her brother and family, the Carl Combs', Detroit, Mich., and further travel took them to other states and Ontario, Canada.

Mrs. Hazel Stephens Alexander of Torrence, Calif., came here to visit her mother, Mrs. Effie C. Stephens, who underwent eye surgery at Hall-Bennett Memorial Hospital. Mrs. Lee Porter is back from the Beaumont Supreme Assembly in Boston, and while up that way, visited her son Dean, and family in Paoli, Pa., finding the Amish country interesting and beautiful.

Women employees at Holiday Inn made use of the Patio Room recently to host a double baby shower honoring Mrs. Robert Roten and Mrs. Ernie Miller. Money corsages were tied in pink and blue ribbon, and about 20 attended. Mrs. Audra Standard of Pueblo, Colo., formerly of Big Spring, enjoyed seeing old friends when she was a houseguest of Mrs. Rip Smith and attending some club gatherings. Pretty Pamela Marcum, daughter of Dr. and Mrs. Carl Marcum, has been named to the Dean's List at Texas Christian University. The honor student is a junior, majoring in sociology. Deadline. Call me?

Weekend Guests In Forsan Area

FORSAN (SC) — Weekend guests in the Henry Park home were Mr. and Mrs. Woodrow Park and granddaughter, Tricia K. Inney, Fort Worth; Mr. and Mrs. L. C. Beaty, Lorenzo; Mr. and Mrs. Bob Capps, Men-

tone; and Mr. and Mrs. Stevie Park and daughter, Coahoma. Guests of the V. E. Phillips' were a niece, Mrs. Sue Bennett, and son, Kelley, Houston; along with relatives from Big Spring and Lomax. The Sonny Stone and Dan

Fairchild families of Odessa have returned home after visiting Mrs. Ann Fairchild. Recent guests of the Lee Yarbroughs were Mrs. Susie Hamilton, Weatherford; Mrs. Zuma Shoemaker and Mr. and Mrs. Lonnie Robertson Jr., all of Mineral Wells.

RAIMENT FOR LESS — Luella Moore (left) and Linda Robinson examine wearing apparel at Gibson's Discount Center, 2309 Scurry, where, traditionally, all goods are offered for less. Gibson's has a wide selection of clothing for both men and women, boys and girls.

HIGH FASHION FOOTGEAR — You'll find the right shoe to go with all your fall fashions at Barnes-Pelletier. Lou Wolfson shows Susan Kelly one of the large selection of beautiful shoes to be found at Barnes-Pelletier.

Classic Clogs Have New Colors, Fabrics

Bridging the fashion-seasons, the classic clog marches into fall dressed up in new fabrics and autumn colors.

As skirts and jackets replace halter-tops and short sets, the winter clog takes the style change in stride, showing up in rich, deep-hued suedes, a departure from summertime's bright, leather coverings.

Soloed with sculptured beechwood, 1973's fashion favorite had its beginnings centuries ago in the "wooden-shoes" worn by Scandinavian farmers to

protect their feet while tilling the land, report experts at Scholl.

Today, comfort still plays a part in the clog story, giving extra support and easy walking whether on city streets or mountain trails.

On the style side, clogs this season take on new sophistication in two-tone combinations with contrasting buckled-strap and capped toe, or in chevron-patterned patches of autumn leaf tones — all designed to team up with the new short, swingy skirt looks.

Initiation Slated By BPO Does

Initiation will be held Oct. 16 for five women who were accepted as members of the BPO Does during a Wednesday meeting at the Elks Hall. The new members are Mrs. Max L. Moore, Mrs. Edward D. Cole, Mrs. Andy Arcand, Mrs. William Bodine and Mrs. William Gonzales.

Mrs. Kathleen Williams presided at the meeting, with Mrs. L. D. Jenkins serving as senior counselor. The report on the initiation was given by Mrs. Karen Mason, membership chairman.

The announcement was made of Family Night, held Saturday, and the attendance prize was won by Mrs. Williams.

Local Group To Attend Zone Rally In Odessa

Beginning at 2:30 p.m. today, a zone rally of Lutheran Women Missionary Leagues will begin at Redeemer Lutheran Church, Odessa. Following the business meeting, the Rev. J.A.O. Preus will be guest speaker. He is president of the Lutheran Church Missouri Synod.

Announcement of the meeting was made at a meeting Thursday of the local Saint Paul Lutheran Parish Workers in the home of Mrs. J. D. Nelson. Mrs. M. A. Porter narrated a series of slides taken on her recent trip to the Holy Land. Devotion was by Mrs. Robert Roever.

Mrs. H. T. Hanson presided. The group will provide a Thanksgiving basket for a local needy family, and will also furnish gifts for patients at Big Spring State Hospital. Also, refreshments will be baked and served.

Club Sees Food Demonstration

Mrs. Jean Bowersox and Mrs. Alice Stout, food leaders for Elbow Home Demonstration Club, presented a demonstration on Mexican cookery Thursday when the club met in the Bowersox home.

During a brief business session, new HD club recommendations were read and approved.

Mrs. R. D. Graver, Romeoville, Ill., was introduced as a guest.

The next meeting will be at 9:30 a.m., Oct. 18 in the home of Mrs. R. B. Covington Jr., 2405 Carleton Drive. The program will be on citizenship, and there will be a demonstration on knitting and crafts.

Order Now For Spring Bulbs

Order your spring bulbs now for planting late next month. Take cuttings or air layerings of your favorite flowers and house plants for winter's enjoyment. Finish sowing pansies, snapdragons, pinks, calendulas, kale and other winter annuals. Also finish any new grass plantings.

Wider Jackets, Slim Skirts Mark Newest Silhouettes

"Fall fashions line up in an exciting array of new silhouettes, from the bulky sweater coats to pencil-slim skirts and suit jackets that emphasize a wider shoulder look," reports a comely fashion authority Mildred Sullivan of the New York Couture Business Council.

"Big shapes make news," she declares. "You'll see oversized versions of all-time favorites like the sweater set, the caftan, the trenchcoat and the tent."

"Coats show big new shapes, designed to fit over everything you wear. Trenchcoats appear in menswear fabrics with wider sleeves and accentuated shoulders."

"The Inverness, worn over a thick sweater, has a detachable cape. Roomy wrap coats in thick fleeces and plaids have dropped shoulders, and capes in solids and reversible plaids and stripes swing over anything."

Miss Sullivan promises us that "Legs are back!"

"Look for the slim look in skirts that are bias-cut, or with stitched down pleats. Inverted front pleats, kick pleats and reversible wrap-

arounds abound. Dresses, too, emphasize legs, with hemlines coming to mid-knee.

The coat dress, tent, and the caftan, as well as soft matte jersey, silks or challis highlight legs through styling, drape and length."

Very much in the fashion know, Mildred Sullivan was affiliated with the beauty field before joining the Couture group.

It was fashion, she admits, that changed her from a dowdy 20½ dress size to the chic size 10 she is today.

It took four years for her to drop down to her present svelte figure "from an overstuffed 197½ pounds — I love to snack!" Crash diets, she points out, lead only to quick weight loss and even quicker weight gain.

Her secret? "You have to forget that there are such things as bread, butter, potatoes, pasta, salt and sweets."

The rest of her fashion forecast for Fall '73? Sweaters, she says, make it big in the months ahead. The shape is looser, in sweatshirts and sloppy Joe pullovers, and the new long, lean "fanny pullover."

Classic pantsuits remain a wardrobe staple. The wide top jacket is paired with slim straight pants, and the newest pants are unpleated with a soft, rounded tubular shape.

In addition, there's the stitched down front crease, cuffed pants galore, and the ever present jeans, a few jogger pants, and the popular walking shorts.

Suits, she continues, are soft in knits, lightweight wools and soft tweeds. Again, the silhouette shows top emphasis — bigger jackets above narrowed skirts.

Fall colors are subtle and sophisticated with misty heather shades, sage greens, foggy greys, teal blue, lavender and russet. Dark colors go earthy in hunter greens, earth browns, henna and burgundy. Light fall colors shine in camel and natural cream.

Color shock comes in touches of fire red, raspberry sherbet and snappy orange.

For evening, black stars with touches of gold and silver, pale turquoise and metallic tones. Look for short evening dresses with bare shoulders, strapless and sleek with a Grecian draped look in jerseys and crepes.

What does Mildred see in accessories? Sweater hats, tweedy brim hats, brimmed cloches and turbans matched to dress fabrics. Scarves are strong, and they are seen in silks, fisherman knits, bulky knits, and the soft scarf in challis will be popular.

Jewelry emphasizes big beads in wood, marble, ivory, lucite and tortoise. Thin, thin chains mix metal and semi-precious stones for a textured look. Silver stays strong, with pewter and copper close seconds.

Gloves match up with hats, with leather and knit mixtures getting a big hand.

Clutch bags are strong, and handbags in general will be neater and sleeker, with leather and suede combina-

tions coming in strong.

Shoes take on a sleek refined look, and man-tailored styles, high heeled moccasins and oxfords will set off pantsuits. For the nostalgia buffs, updated saddle shoes, ghillies and even ballet flats (!) as well as woven leather huaraches and clogs with closed heels come in.

Does Mildred have any parting advice for fashion addicts? "Don't stop dieting! But more important, remember that fashion is meant to take what you have and make you look better."

If it doesn't, no matter how big the fashion rage, don't wear it. After all, each season has several fashion 'looks.' Choose the one that sets you off the best."

Performs Selections For Forum

Durwood McDonnell sang five selections Monday for Piano Teachers Forum in the home of Mrs. Marguerite Hyden, 1725 Yale. He was accompanied by Harlan Thornton, pianist.

McDonnell sang "G.O. Lovely Rose," "Wake With the Dawn," "Everyday Is Ladies Day With Me," "An Irish Folk Song" and "Believe Me, If All Those Endearing Young Charms."

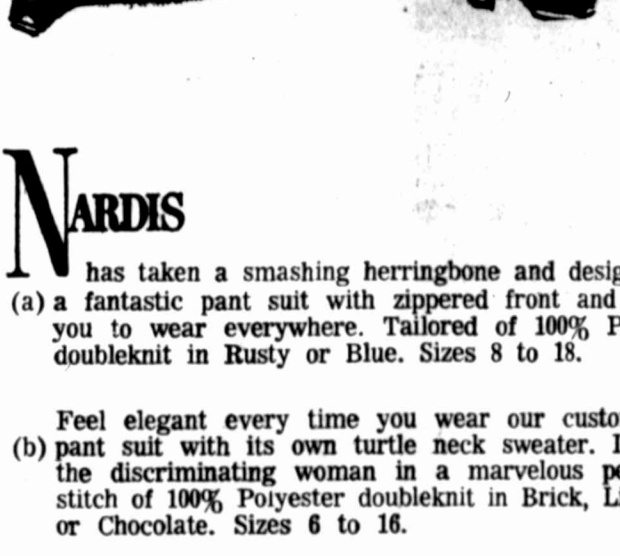

Mrs. Bob Simpson, cohostess, presided during the business meeting. Plans for the annual Spring piano Festival were discussed, but no date was set.

At the next meeting, piano students of Mrs. Ann Gibson Houser will discuss how high school students can major in piano in preparation for entering college as music majors. The meeting will be at 8 p.m., Nov. 5 at the music department of Howard County Junior College.

Little Boys, Girls Get Into Knitwork Fashions

Little boys and girls get into the knitworks for fashion this fall. Just like their parents, they look great turned out in smart separates.

And there are slews of terrific sweaters, shirts, jackets and pants styled for the youngest fashion followers.

You'll find the texture mixed and scaled down to their small size... slightly flatter, finer ribs, unbulky cable and shaker knits with hand-made good looks.

Three-piece outfits, even four, are geared for run-about action in school or out in easy-care orlon acrylic knits.

Some of the prettiest fabrics are imported from Italy where children's fashions have consistently been in the lead.

Jumpers shift from checked bodice to striped skirt, multi-striped bands sweep across as accents on navy, red or newest hunter green dresses.

Grey flannel is back for neat go-togethers in a suit look. The girls will love the dress-up touch of lurex thread on knits.

RIGHT COMBINATION — J. W. Parmley, (right), manager of Prager's, is shown wearing a camel colored corduroy sports jacket that can be both dressy or sporty. Don Murphy is wearing a double knit sport jacket in dark blue. They are displaying a double knit sport suit that will definitely be in the Fall fashion parade this year. Prager's has sizes to fit both men and boys in its store at 102 E. 3rd.

ON JOB TO SERVE PUBLIC — From left to right are Joe Blum, Judy Kloss, Lucille Brown, Lahoma Clark, Lynette Brooks, Betty Gamboa and Ralph Brooks. The staff of Blum's Jewelers, Inc., invites the public to come in and see the quality jewelry and gifts for the coming holiday season. Rolex watches, Waterford Crystal, Denby Pottery and Crystal, and Hobe Costume Jewelry are among the many exquisite lines of merchandise carried exclusively at Blum's.

Round Out Wardrobe With New Fall Styles

Want to pad out your wardrobe for the look of Fall? Think big. Think bulky. Top-heavy is the message for smart gals.

It started with the little baseball jackets last year. They were fuller and blousier than jackets had been up to then, and everybody loved them. Designers got on the big-top kick and began creating top-pets of every kind with less fit, more flare.

Sweaters have grown as big as carcoats now, and twice as comfy. Great shawl collars and bold cablestitch trim are recurring details seen frequently. To be ultra smart, get one of these new super cardigans with a matching hat. Pull the former over your fanny and the latter over your ears, and you're the very image of casual 1973 chic.

What completes this new roomy-at-the-top silhouette? Slenderness from the hips down. The bulky look is strictly a matter of contrast. Too much bulk from head to toe will make you look like a refugee from the North Pole. The trick is to subtract width from below as you add it on top.

If you are the pants type, this is the season to go straight arrow. No biggies or baggies, if you please. What is wanted now is skinny hip-hugging pants,

preferably in deep-dyed wool knit or brilliant suede, plus the skinny hips for them to hug!

Ready to revive the daytime skirt? Length is less important than narrowness now. Wear your skirts slightly above or below your knees, but see that they fall straight. This doesn't mean you have to totter around in a sheath. Pleats are a neat way to have your freedom and your slim skirt line, too. Try a knee-length pleated jersey skirt for day, and a full-length spill of pleats in black wool crepe for evening.

To top your narrow evening skirt, why not make a big splash with a fluffy fur jacket that's sweater-trimmed. This doesn't have to be a major investment. Find an old, out-dated fur and have it restyled along short and snappy lines. Ask the furrier to add a black knitted waistband and ribby sleeves. Home sewers can achieve the same sumptuous bulk with a thick, furry fabric and hand-knitted sleeves.

Remember, that at any price level, Fall fashion is really a matter of proportions... mostly your own.

ONE-STOP FASHION SHOP — Visit the Junior Reflections Shop at Montgomery-Ward in Highland Center and see the company's line of "now fashions." Eueaulle Webb will be happy to show customers the firm's selection of coordinates and dresses from its one-stop fashion shop.

1946 Hyperions Accept Member

Mrs. Kent Morgan was accepted as a member of 1946 Hyperion Club Wednesday at the home of Mrs. David Proffitt, 708 W. 18th. During the business meeting, members discussed possible projects for the new club year. A decision will be made at the next meeting.

Mrs. O. T. Brewster will review the book, "The Exorcist" at the next meeting, 1 p.m., Nov. 7 in the home of Mrs. M. A. Snell, 2809 Coronado.

the
ghillie
with the
golden
touch

Great little glimmers of gold shimmer and shine along the toe line, come up along the heel and ring out bright and clear on top where it laces. Some nice strategic stitching fore and aft and a tiny scalloped collar polish off this great ghillie look. Camel, navy, red kid or black suede uppers, \$32.

Men: Layered Look Of Refined Elegance

The fall fashion, keynote for men is elegant and classical — refined, wearable clothing expressed in exciting fabrics. With ideas like:

Two and three-part layered looks

Ruggedly bold sportcoats Bolder, bulkier topcoats Baggy model slacks Specifically, you'll see bright colorful fabrics, coordinated slacks or vests.

A choice of many wools, worsted, blends, texturized and spun polyesters, corduroys and suedes. Lapels still generous. Vents deep at center or side.

Slacks are neat, bold but not gaudy, pleats, cuffs, "English" bags for wider leg look in flannel, tartans strong, as are knits. Formal wear look for: Soft shoulder, slight shaping.

Longer coat, rounded cut-away, more trims.

Satin lapels, velvet collar Color trend Navy blue

SPORTSCOATS

The fashion summary on sportcoats is the ruggedly masculine look in bold and bright fabrics. The direction is toward more woven fabrics, with knits still strong. Color news is reds and red accents, with greens gaining. Look for a strong move to understated shoulders in many versions, all on shaped bodies.

SUITS

Suits are classic, elegant and refined, in bold bright colorful fabrics for fashion excitement. On the upswing are suits with coordinated slacks or with odd or coordinated vests — all keyed to the powerful casual trend. Details are clean and simple; lapels still generous.

OVERCOATS

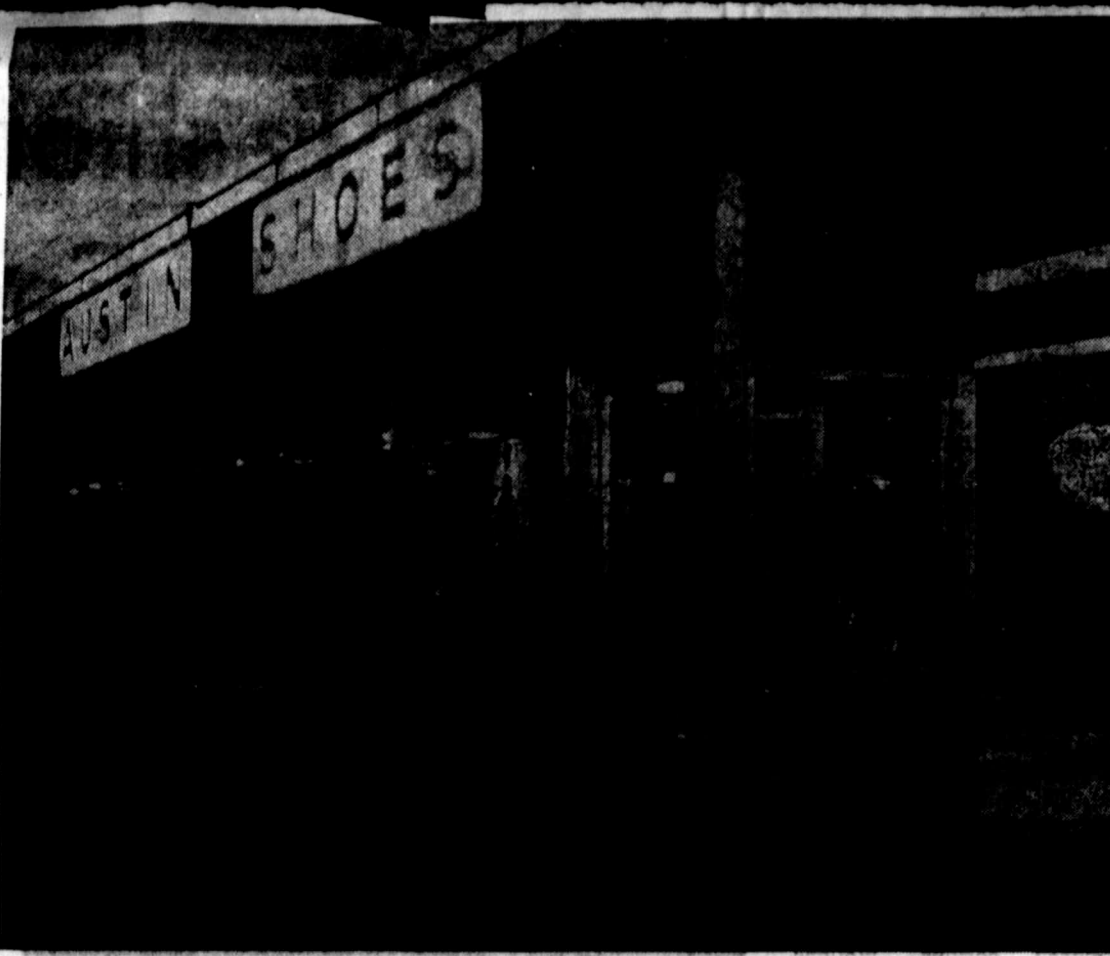

Bold and rugged looks with bulkier, heavier weights is the news in men's coats for Fall. There are wide collars and all-around belts. A major trend is raglan shoulders. Also coming on strong are plaids, checks and tweeds.

SLACKS

Highlights in slacks include the classic look: bright and colorful, but not gaudy, in addition to youth fashions... baggy models with pleats and cuffs, plus a growing demand for wider legs by all age groups. Flannels are enjoying a revival in grey as well as other colors. Tartans are strong and all types of plaids.

FORMALWEAR

As well as updated classics there are new contemporaries expressed in the longer coat with rounded cutaway front, the three button long coat with angular cutaway front and wide notched lapels, and a shorter three button jacket version, with baggy trousers. New color trend is navy blue, with velvets, tapestries and brocades gaining popularity.

ALL VARIETIES IN SHOES — Austin Shoe Store, located in Highland Center, offers shoppers of Big Spring the latest fashions in men's, women's and children's shoes, plus a wonderful collection of handbags and related accessories. You always receive a cordial welcome from the friendly sales staff at Austin's.

Quotable Quotes

By The Associated Press

Here are some quotable quotes from women during the week:

"We have learned a bitter lesson. To give in when one life is endangered only endangers more. The answer is that terrorism must be wiped out." Golda Meir, speaking of Israel's encounters with Arab guerrillas.

"We don't pose men that way, as sex objects. We think of it more as something of social value. A psychiatrist in San Francisco said on television recently that Playboy's centerfolds were terribly healthy for women, because they gave women a chance to view a nude male openly, with nothing secretive about it." Toni Holt, centerfold coordinator for Playboy magazine.

"It seems like the job is almost too much for one man. Who knows what's going to happen with your life?" Nancy Reagan, wife of California's Gov. Ronald Reagan, speaking of the presidency.

"We use the fact that we were housewives and mothers, women stepping out of our acceptable sphere. We were doing a job of being good mothers by becoming involved in political action for the sake of our children's survival."

Amy Sverdlow, a founder of the New York WSP (Women Strike for Peace), speaking about the beginnings of the organization.

"My father was a fairly dominant personality in his own home. A great premium was placed on intellectual competence in our house. Consequently I think that without meaning to, he scared the hell out of us." Christopher Rebecca Lee, speaking about her late father, mystery story writer Ellery Queen.

New Color For Autumn Wardrobe

One expert says: "I feel we're moving into a pretty fresh, romantic color range. The most important trend is to watercolor washes that look best in combination. These hair ribbon-pastels are pale, fragile, tender and fine. It's the time

for delicacy and refinement the bleached-out look the French call 'poudre.' Of course, the brights will still be around, but the combinations will be different. Instead of the standard proliferation of red, white and blue, we expect watermelon red with lacquer green and a bright clear white. We've seen a subtle shift to more richness, with depth influenced by this year's opulence. Jade, burnt orange, azalea and a blued purple are colors to watch."

Sweaters Revived For Men

Men's sweaters gain in fashion importance as the layered look and sportswear gain momentum. Most interesting — the sweaters with U-necks, V-necks, turtlenecks (again!). A "sleeper" is the bulky knit which is expected to zoom in popularity with little advance notice.

Men's shirts will be dominated by two looks: the elegant and the sporty. In the former, there will be bright stripes and classic fabrics such as chambrays and oxfords, updated for a fresh lively look. The sporty look includes checks and plaids and rough fabrications such as gauze and brushed cottons. Wovens will be more important than last season, but knits will hold their interest, as well.

Men's sleeveless sweaters will tie in handsomely with the continuing theme of the layered look.

Tyrolese fans will adore the new velvety felt hats.

Cloth Saves Time In Flower Pots

Before filling flower pots with dirt, cut out a piece of old cloth to fit the bottom of the pot, dampen and place inside the pot. This cloth over the drainage hole does not prevent drainage, but it does save a great deal of work cleaning saucers and trays, for the cloth prevents any seepage of dirt through the drainage hole.

THINKING MINK — Carolyn Courington, wife of Lt. Col. George Courington, models one of a variety of jackets available at Swartz, located in downtown Big Spring. The "best look" comes in mink, seal and spotted furs with that "married to leather" look the important feature. Real leather is incorporated into the wraps in panels, vertical and horizontal stripes.

School Fashions Are Colorful & Carefree

Putting together lots of easy pieces is the smartest way for young ladies to dress for back-to-school this Fall. A gang of colorful carefree separates can mix and multiply to give a girl a real fashion education.

Some of the new young fashions are junior versions of Mother's valed down for t-scaled down for the finest sophisticates. Draw string waists, wide pants, layered shirtdresses and tunic pants

suits are all parts of the children's wear vocabulary now, says Virginia Borland, Fashion Director for FMC Fibers.

From first grader to glamorous Grandma, everybody's favorite put-together look is the shirtdress. In a miracle containing Avril rayon and Avlin polyester, it can be counted on to behave beautifully throughout the school year, Mrs. Borland

says. It's fun to experiment with mini-versions of high-fashion shirt looks in menswear fabrics, in multi-colored checks, in double shirt-under-shirt looks.

Soft separates make a little girl really feminine, even in pants. The newest soft top-pants. The newest soft topper is the smock-blouse, gathered in a drawstring waist, with a yoked bodice. It's put together with a pleated skirt or wide-leg cuffed-pants in the same material or a contrasting color.

Put-togethers in the advanced fashion class mix several different patterns in the same outfit, Mrs. Borland suggests. As long as they're in the same color scheme, stripes and checks, plaids and polka dots pair up beautifully.

Whatever the colors and fabrics, they're all present and accounted for in easy-care materials. Twills, flannels, broadcloths, challis — they're washable and non-wrinkle, to make putting together a Fall wardrobe child's play for mother and daughter.

EYE-CATCHERS — Style and comfort are only two of the many reasons the clothes-conscious man selects from the sports coats and ensembles from Gibbs & Weeks in downtown Big Spring. Here, Don Weeks (left) and Fillmore Guinn show selections from the men and boys' store.

Leather Shoes For All Occasions

Men's leather footwear covers all fashion bases — elegance, quiet authority, heavy masculinity.

Laced shoes show inventive styling. You'll find perfs, piping two-tone or leather combos, layered soles and heels, plus plain, cap, wing-tip or moc toes.

Dress footwear also includes demi-boots and slip-

ons with strap detailing, as well as ties.

In leathers, top finishes are smooth, suede and patent leathers.

Leather mocs still win male approval. For heavy duty, leather boots to ankle or calf or tanned for weather and water-resistance.

It's all he-man fare and great looking for the sports-wear investments every wardrobe needs today.

Indeed — from head to toe — the fashion-conscious male for '73 will be colorfully clad, this fall.

Two Tone Saddle 5⁸⁸

Girl's nude and blue and black & white saddle with 4-eyelet tie and contrasting red crepe heel and sole. Sizes 5 through 10.
