Flood Waters Sweep Through Roswell

Commission Votes To Reinstall Parking Meters In City

Two Hours For Nickel Is New Limit Set

Devices Are To Be Put Back On Downtown Streets By June 15; New Act Passed

(The Ordinance, In Full, On Page 11, Section 1)

By H. I. KIEFER
Avalanche-Journal Staff Writer

AN ORDINANCE to return parking meters to the business streets of Lubbock was passed with an emergency clause attached at a recessed meeting of the city commission at the city hall Saturday morning.

The ordinance, according to City Attorney Durwood H. Bradley, will become effective 10 days after its publication this morning. City Manager W. H. Rodgers told the commission that he expects the devices to be reinstalled by June 15 at latest.

Unanimous Vote Given

Unanimous vote was given the measure after all commissioners and Mayor Ross Edwards had concurred in the opinion that any net revenue above cost of operating and maintaining the devices should be diverted into charity channels. That, however, was not made a provision in the ordinance after Bradley had given as his opinion that it would make a revenue producing measure of one which, according to its wording, is designed exclusively to regulate traffic.

High Points Given

High points of ordinance provisions are:

Two-hour parking limit is allowed as compared with one hour provided in an ordinance it repeals;

Meters will be in operation from 9 a. m. until 6 p. m. on days except Sunday and specifically designated holidays; and

They will be installed for a trial period of 120 days from the date of installation, after which they may be removed or retained, at the city's option.

Not parts of the ordinance were those "gentlemen's agreement" pledges by members of the commissioners:

May Call Election

After the trial period and if there is any doubt as to whether citizens of Lubbock want the meters, an election will be called; and

If there is a final decision to retain them, bids will be called and the purchase of meters most favorable to Lubbock will be made.

Those who participated in the discussions, the vote and the agreements were Mayor Edwards and Commissioners W. B. Price, A. J. Richardson, J. A. Fortenberry and W. G. McMillan. McMillan made the motion to pass the ordinance and Price gave the second. Others at the session were City Attorney Bradley; City Manager Rodgers

Negro Is Held For Mistress' Death

ATLANTA, May 29. (AP) — Mrs. Birdie Fulker, 50, was found beaten to death in her burning home today and two hours later police arrested her negro chauffeur, Milton Jackson, for questioning.

Police Lieut. M. B. Petty and Patrolman U. G. Oakes accosted the negro in his employer's new motor car on a downtown street. Petty said the 26-year-old Jackson "was so intoxicated" officers had difficulty in questioning him, but that he maintained he had had the car out "all day." Officers said there were bloodstains on his trousers and underclothing.

Taking cognizance of aroused feeling among the victim's neighbors in suburban Buckhead, Acting Police Chief A. J. Holcomb ordered Jackson transferred from the city jail to Fulton tower, the county stockade.

Firemen found the charred and beaten body of Mrs. Fluker crammed into the kitchen pantry of the newly purchased home when they answered an alarm sent in by a neighbor late today.

COLLIN MAN ACQUITTED

McKINNEY, May 29. (AP)—Kemp McCarley was acquited this afternoon by a jury in district court of a charge of murder in the fatal shooting Aug. 10 of his 35-year-old brother, Oscar McCarley.

First Blow For Race Repeal Is Struck

(By The Associated Press)

AUSTIN, May 29.—A house committee of the Texas legislature deliberated only a few minutes today before voting overwhelmingly a favorable report on a bill which would repeal wagering on horse racing.

The vote, although not unexpected, was the first blow to race betting in a special session of the legislature called by Governor James V. Allred to consider the one subject or repeal

The committee also killed a bill intended to delay the effective date of repeal to August, 1939. The vote was 13 to 1. Vote on the outright repeal bill, by Rep. J. Bryan Bardbury of Abilene and endorsed by Governor Allred, was 14 to 1.

Rep. J. E. Winfree of Houston who offered the measure to delay repeal said track operators should be given an opportunity to recover more of their investment.

The committee recessed subject to call of the chair without passing on other racing bills, one of which would permit a continuation of legalized wagering under local option.

Anti-Repealists Fail To Appear

Although the hearing had been widely advertised, anti-repealists did not appear before the committee. Winfree who had been expected to speak against the Bradbury measure, surprised committeemen with an announcement that if they voted on his bills in addition to Bradbury's opponents would not ask to be heard.

His assertion that persons he represented could not attend because they were 2,000 miles away on a business deal drew from Bradbury a remark that "we're not legislating for the boys up on the Hudson anyway."

It was expected friends of race betting would put up a detailed defense before the senate criminal jurisprudence committee when it hoids a hearing on a bill similar to the one introduced in the house, Senator Albert Stone of Brenham, chairman, said a date for the hearing had not been set. In the regular session of the legislature the group met on Tuesdays.

Most observers believed the main contest over the future of certificate wagering would come in the senate. The house in the general session of the legislature which ended last week voted 109 to 26 for repeal but the bill died on the calendar because of proponents' inability to muster enough votes to take it up out of regular order.

Finland Notifies U. S. She Is To Meet War Debt Payment

WASHINGTON, May 29. (AP)—Finland notified the state department today that it would meet its June 15 war debt installment of $163,143 on time.

The republic did not wait for its usual "bill." It is the only one of thirteen war debtors that has continued to meet its payments properly.

President Roosevelt Leaves For Visit To Hyde Park Home

WASHINGTON, May 29. (AP) — President Roosevelt left Washington tonight for a brief visit to his Hyde Park, N. Y., home. His special train departed at 11 o'clock. He took advantage of a congressional interlude to spend the Memorial day in his home state.

MUSIC PATRON DIES

SAN ANTONIO, May 29. (AP) — Twelve hours after she was rushed to a hospital for an emergency operation, Mrs. Eli Hertzberg, 70, known throughout the state as a patron of music, died today.

Baccalaureate Sermon To Be This Evening

Rev. Walter P. Jennings Of Plainview To Preach To Tech Graduating Class

BACCALAUREATE sermon will be delivered to the 275 members of Texas Technological college's largest graduating class at 8 o'clock tonight in the college gymnasium by Rev. Walter P. Jennings, pastor of the First Christian church of Plainview.

Degrees will be awarded at 10 o'clock Monday morning in the gymnasium, after the commencement address by William C. McCraw, attorney-general of Texas.

MAKE YOUR RESERVATION!

Alumni and ex-students of Texas Tech are urged by their officials to make reservations today for the annual banquet of their association Monday night, at which Governor James V. Allred will be the speaker.

The banquet, to be held in Doak hall, women's dormitory at the college, will start at 7:30 o'clock. Tickets, at $1 each, will be on sale all day Sunday, all Sunday night and until 11 a. m. Monday at Wylie's Drug store, 1007 Main street. After 11 o'clock Monday they will be sold at the entrance of Doak hall.

Only about 550 places are available to banqueteers and the rule governing ticket sales is "first come, first served."

Following the procession of the graduating class and faculty, tonight's program will include: Doxology, congregation; invocation, Rev. Dr. L. N. Lipscomb, pastor of the First Methodist church; scripture lesson, Rev. W. R. Vivrett, pastor of the First Christian church; baritone solo, "A Spirit Flower" (Campbell-Tipton) Gordon Gaines, accompanied by the college orchestra led by Julien Paul Blitz; announcements; hymn, "Come, Thou Almighty King," congregation; sermon; college hymn, "O College Mother Beautiful"; benediction, Rev. Mr. Jennings; recessional.

The revised graduation list given after re-checking of requirements Saturday was composed of 26 members of the agricultural divisions, 48 of the engineering division, 28 of the home economics division, 164 of the arts and sciences division, and 9 candidates for master's degrees.

Honor students will be announced at commencement exercises. Several scholarships and prizes are given annually.

Program for commencement exer-

Services Will Be Held Today

Joint Memorial day services today of the American Legion and of Veterans of Foreign Wars will honor Gold Star mothers, as well as pay tribute to the war dead.

Services at which Legionnaires and VFW members and their wives will sit in a special section will be conducted at 11 o'clock this morning at the First Baptist church. Rev. C. E. Hereford, pastor, will speak.

Services At Cemetery

At 4 o'clock this afternoon, military and memorial rites will be read over the grave of Lee (Pig) Royalty, veteran who died last year. That service will be in Lubbock cemetery.

"Not only are those veterans in good standing with service organizations invited to both services, but all who were in the war," said Wiley Metcalfe, chairman of the American Legion Memorial day committee, "and their wives."

Dupree Is To Speak

At the graveside, George W. Dupree, Lubbock attorney, will speak before Riley Huie, past-commander of the Legion, reads military rites. A military funeral will be conducted.

From 1 to 4 o'clock this afternoon, those who can not attend services at the cemetery are asked by the Legion to bring flowers to the Legion hall, said Metcalfe. If they can not do that, then they are re-

Robert Lee Bobbitt Is Halted And Given Lecture On Evils Of Disregarding Red Light

COLUMBUS, May 29.—Robert Lee Bobbitt, chairman of the state highway commission, was stopped here today by Constable "Cowboy" Davis.

The constable lectured the commissioner on the evils of disregarding a red-light traffic signal and closed by presenting Bobbitt with a ticket.

Bobbitt asked that a plea of guilty be entered for him when the traffic case comes to trail. He said he would remit the amount of the fine.

UAW Plans Another Foray Into Ford Rouge Plant; Steel Strike Costly

STRIKES AT A GLANCE

YOUNGSTOWN, O.—Loss in wages and profits set at more than $3,000,000 a week as steel strike enters fifth day with at least 72,000 idle.

CHICAGO — Union and company make counter claims of intimidation as score injured in fighting treat wounds.

CANTON, O. — Republic's stainless steel division shuts down with 300 men joining strikers.

WARREN, O.—Republic protests to postmasters stopping of mail trucks by pickets seeking to enforce "strike or starve" strategy.

BUFFALO—Spokesman for Republic calls "ridiculous" union's prediction of end to operations within few hours.

* * *

(By The Associated Press)

YOUNGSTOWN, O., May 29. — The cost of the steel strike soared into millions of dollars tonight against a background of pickets pacing a 500-mile front where at least 72,000 men are idle in the nation's greatest manufacturing industry.

While companies and strikers locked horns on the union's "strike or starve" strategy designed to remove a few thousand men remaining in the mills, a survey set at more than $3,000,000 a single week's losses in the strike as measured by wages and profits.

Settlement Prospects Dim

With the walkout moving into its fifth day and little apparent prospect for settlement before it has lasted a week, figures indicated a loss of about $2,000,000 weekly in wages. The basic wage for northern steel mill workers is $5 a day for five eight-hour days, with time and a half for the sixth day which virtually all mills have been utilizing to keep abreast of orders unequalled since 1929.

The three companies involved—Republic Steel corp., Youngstown Sheet & Tube and Inland Steel Co.—were losing at the rate of $1,189,384 on the basis of their first quarter earnings this year.

Were Making Good Profit

This yardstick, admittedly fallacious in part, was however the best available. The three companies reported net profits of $15,461,861 for the first three months this year, and their operations have continued into the spring at about the same level, steel men said.

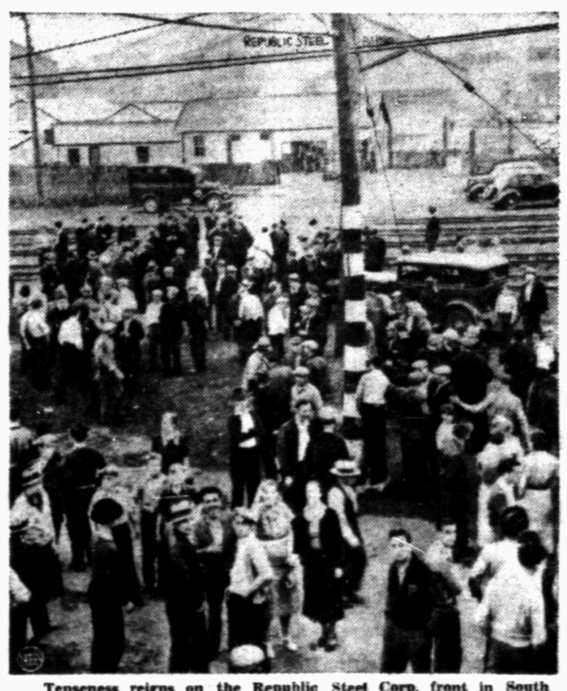

The Steel Workers Organizing Committee tightened its strike strategy today in all the six states affected in an effort to drive remaining workers from the mills and shut all the plants of the companies, from which the union is seeking signed bargaining contracts.

Republic Loses Workmen

Republic, which, with the other companies has contended a signed contract was unnecessary and that it would lead to a closed shop, lost 300 workmen or more during the day.

The SWOC—steel unit of the John L. Lewis organization which won agreements from United States Steel

(Turn to Page 6, Column 8, Please)

Tenseness reigns on the Republic Steel Corp. front in South Chicago with pickets and sympathizers loitering about the plant. This picture was taken after picket lines had been pushed back a block by police, who arrested 28 men for disorderly conduct as the result of controversies.

Banks And Postoffice Will Be Closed In City On Monday

Banks in Lubbock and the South Plains will observe two holidays this week.

Monday will be observed as Memorial day by state and national banks.

Thursday will be observed by Texas and other Southern states as Jefferson Davis day.

Monday will be a holiday for the postoffice here, all windows being closed and no deliveries in the residential section or on rural routes, Postmaster Amos Howard announced Saturday.

One business sectio . delivery will be made in the morning. There will be two collections of mail down town, 10 a. m. and 6 p. m.

Special delivery letters and parcels will be delivered as usual.

PRESIDENT SIGNS BILL

WASHINGTON, May 29. (AP) — President Roosevelt signed today the $81,736,943 second deficiency appropriation bill.

German Battleship Bombed By Spanish Planes After Cruiser Opens Firing

(By The Associated Press)

VALENCIA, Spain, May 29.—Spanish government announced tonight two of its warplanes had dropped four bombs on the German "pocket battleship" Admiral Scheer at Ibiza in the Balearic islands tonight after the cruiser opened fire.

The exploding bombs set fire to the warship.

The ministry of defense said the planes, making a reconnaissance over the islands, were fired upon at 5 p. m.

Ship Opens Fire On Planes

"On passing over Ibiza," the ministry said, "the warship anchored 200 yards off the breakwater open-

BARCELONA IS BOMBED

BARCELONA, Spain, May 29. (AP) — An insurgent air armada like that which struck Valencia yesterday roared in from the sea today to attack Barcelona and 70 persons died in a rain of bombs.

More than 100 were injured as seven heavy bombers scattered their missiles over a wide area, including the suburbs of this chief industrial center of Spain.

As at Valencia yesterday the raiders struck just before dawn, and they came from the same direction, apparently from Mallorca island in the Balearics, where the insurgents have established a formidable air and naval base.

ed heavy anti-aircraft artillery fire against the planes which committed no act of aggression against either the ship or the city.

"The airplanes responded to the attack by dropping bombs, four of which struck the ship causing explosions."

Radio messages received here said fire broke out on the warship after the bombs struck.

The Admiral Scheer is one of the German vessels participating in the nonintervention control patrol to prevent arms and men from reaching either side in the Spanish civil war.

The Valencia government earlier in the day answered a protest from Admiral von Feschel, commander of German warships in the Mediterranean, declaring the nonintervention control plan provided that

City Gets Young Demos Session

(By The Associated Press)

DALHART, May 29.—Delegates to the West Texas convention of Young Democrats selected Lubbock as next year's meeting place and elected officers tonight after an afternoon devoted to hearing speakers and passing on resolutions.

The convention elected G. L. Stanley, Dalhart, president; Angus Woods, Kress, first vice president; Byron Singleton, Amarillo, second vice president; Miss Peggy Arnold, Pampa, secretary-treasurer; A. F. Curry, Tulia, executive committee chairman; Jack Douglas, Lubbock, Dan Chisum, Amarillo, and John Kettler, Pampa, executive members.

Democracy Rule Of Majority

District Judge Reese Tatum of Dalhart told the delegates democracy is the rule of the majority, but not the oppression of the minority.

District Attorney Lewis M. Goodrich, Shamrock, lauded the Young Democrats as "young enough to have vision and hope, and old enough to appreciate advice and experience of the elders."

The convention tabled a resolution which endorsed the court reform plan, and defeated a blanket endorsement of the administration and its program because of the court plan action.

Among other resolutions passed

Baker, Multi-Millionaire New York Banker, Said Improved

HONOLULU, May 29. (AP)—Doctors, nurses, relatives and friends administered aid today to peritonitis-stricken George F. Baker, New York banker, after his yacht Viking entered Honolulu harbor to end a 300-mile race from mid-Pacific with the ailing multi-millionaire.

Physicians reported his condition was improved and that the banker was resting comfortably.

PROBATION OFFICER DIES

VERNON, May 29. (AP) — A man identified as Sam B. Motlow, United States probation officer, with headquarters at Fort Worth, died in his room at a local hotel about 8 p. m. Physicians attributed daeth to heart disease. Motlow reportedly had come from Lubbock, and was en route to Amarillo

Controversial New Plans For Laws Pushing Court Bill Into Background

(By The Associated Press)

WASHINGTON, May 29.—Controversial new proposals for laws affecting labor, farmers and other groups are pushing President Roosevelt's court bill into the background—at least temporarily.

Congressmen noted a spurt of administration activity in the legislative field ever since senate committee voted against the court measure ten days ago.

The committee report urging that new proposal be defeated probably will reach the senate next week.

Some opponents predicted the court bill would not be pushed vigorously, and that debate on it would be interrupted whenever any important legislation was ready for consideration.

In the latter classifcation is the far reaching bill to fix minimum wages and maximum hours for workers whose products move in interstate commerce.

Committee hearings will begin Tuesday.

House leaders sought, meanwhile, to effect a compromise between the administration and coalition of congressmen which has succeeded in tentatively earmarking one third of the $1,500,000,000 relief fund for such special projects as roads, dams and schools. The administration wants a free hand in determining how the money should be used.

Worst Storm In 33 Years Hits N. M. City

Water Runs Two To Five Feet Deep Through Streets Last Night; Town Is Isolated

(By The Associated Press)

ROSWELL, May 29. — Muddy waters, sweeping down the usually dry Hondo river bed, inundated this Pecos valley city of approximately 13,000 tonight after the heaviest rain storm in thirty-three years.

Water ran from two to five feet deep through the streets all day, causing damage estimated at more than one hundred thousand dollars, and cutting off all highway and rail travel.

Rushed Down From Mountains

The waters, which rushed down from the Capitan and White mountains to the west, flooded many business establishments and homes with no sign of an immediate letup.

City authorities fought to keep the water supply from contamination and public utilities, while maintained, were crippled. Communication lines were clogged.

Reports from Riverside camp, 20 miles above the city, said the crest of the Hondo had passed. There was no appreciable rise or fall in the water late today and authorities said the flood has backed up to such an extent the waters probably will not begin to recede before late tomorrow.

Business At Standstill

Business was at a standstill. The Roswell Record, although publishing this afternoon, faced the problem of distributing its papers. Police ordered people to remain at home. Those venturing forth navigated the streets in hip boots and boats. The Hondo spreading over the lands on the south and west and the Pecos, rising more than an inch an hour, covering an ever widening area ten miles east and north.

Motorists, Buses Stranded

An unestimated number of motorists and passengers on two buses from El Paso were stranded south of her. There was no fear expressed for their safety.

The flooded area of the city, which is situated between two hills, is approximately four square miles. One of few places to escape the waters was the New Mexico Military institute.

Residents, who remembered the flood of 1904, said damage was more widespread and the water higher.

In the meantime a light rain continued to fall here and precipit-

LaFollette Plans To Write New Tax Bill

WASHINGTON, May 29. (AP) — Senator LaFollette (Prog.-Wis.) informed his colleagues today that he would try to write a general income tax increase into the administration's suggested anti-tax evasion legislation.

Roughly, La Follette's tax program, one that he has been urging for years, contemplates a general increase from the lowest to the highest brackets and the inclusion in the income tax paying group of thousands of low-salaried citizens who now are exempt.

He would bring this about by reducing personal exemptions, by increasing the normal tax rate and by raising the surtaxes paid by those whose incomes run into the taller figures.

Exemptions at present are $1,000 for an unmarried person, $2,500 for a husband and wife, and $400 for each dependent, when there are children in the family below 18. The normal tax rate is four per cent.

At the White House, it was said today that the president will send a message to congress on Tuesday covering the subject of tax evasion legislation.

Amelia Earhart To Take Off On West-East World Flight Soon

MIAMI, Fla., May 29. (AP)—Amelia Earhart announced tonight she would take off 'soon" on a second attempt to encircle the globe—this time flying from west to east in the equatorial zone.

Friends said Miss Earhart might leave tomorrow for San Juan, Puerto Rico, or wait until Monday or Tuesday to begin her long flight. The aviatrix would not commit herself.

Dallas Man's Gift Of $2,000 Completes Brooks Memorial

WACO, May 29. (AP)—Completion of a giant 118-stop memorial pipe organ which will be dedicated at Baylor university tomorrow to the memory of Samuel Palmer Brooks, president of Baylor for 29 years, was climaxed today by a gift of $2,000 from Karl Hoblitzelle of Dallas. The gift cleared the project of debt, the Brooks memorial committee announced.

Houston Man Killed By Gunmen In Raid

HOUSTON, May 29. (AP)—Three gunmen, armed with automatic pistols and posing as Texas Rangers, shot R. E. (Bob) Rutledge of Houston in the heart and took several thousand dollars at a race horse bookmaking place in nearby Stafford today.

Officers of the Houston and Galveston vicinity and Fort Bend county were joined by Rangers in efforts to track down the robbers who fled in an automobile bearing license plates Houston police said were stolen at Galveston last night.

Rutledge, 43, fell dead at the feet of his wife who was accompanying him up the stairs leading into the place. C. F. Hall was immediately ahead of the Rutledges and was carrying two money bags. He dropped them when one of the robbers stuck a pistol in his ribs and held another one on the crowd.

Rutledge, officer ssaid, pushed his wife aside and the robber fired without warning. Mrs. Rutledge fainted.

The Weather

WEST TEXAS: Mostly cloudy, local thundershowers in north and southeast portion Sunday and Monday; not much change in temperature.

NEW MEXICO: Unsettled Sunday, showers north portion; Monday fair and warmer.

Gov. Allred To Speak Here Monday

Alumni Banquet To Be Scene

Gov. James V. Allred is to pay a visit of a few hours to Lubbock Monday, arriving late in the afternoon by airplane, and will address alumni and ex-students of Texas Technological college at their annual banquet at 7:30 o'clock Monday night in Doak hall, the women's dormitory.

Governor Allred will return to Austin on the train leaving at 10:10 o'clock, according to information received by Rep. Doyle Settle, who is in Lubbock.

Takes Nelson's Place

Sen. G. H. Nelson, who was scheduled to speak at the banquet, made an arrangement whereby he would stay in Austin to fight for passage of a bill to repeal race horse gambling and the governor would speak in his stead.

Time of arrival of the governor was not known definitely Saturday. A group of city and college representatives is to meet the official.

To Begin Promptly

The banquet will begin promptly, to allow the governor ample time to meet his train, said Mrs. J. W. Jackson, president of the Alumni and Ex-Students association.

Holmes Webb of Abilene, president of the association, will be toastmaster. Marshall Formby, Dickens county judge, will welcome this year's graduating class into the association and Tulbot Ledbetter, senior class president, will respond.

Officers To Be Elected

Officers will be elected from the following candidates, chosen by a committee:

President, Cecil Schwalbe, Central Ward teacher; R. L. Burdette, vocational agriculture teacher at Junior High school; Jason Gordon, county agent of Parmer county at Farwell.

First vice president—Fred Fairly, Jimmie Kerr.

Second vice president — Ellis Foreman, T. H. (Bo) Williams.

Three-year director—L. M. Hargrave, Arch L. King.

An amendment increasing membership dues from $1 to $2 annually will be voted upon.

Spoke At Decennial

Governor Allred has addressed Texas Tech graduates in Lubbock before. He spoke at the decennial celebration held in November of 1935.

It was not known here whether he will fly to Lubbock from Austin or from Cherry Mound, near Denison, where he is spending the weekend. He will participate in memorial services today and will visit with relatives from over the state who will assemble at the burial place of several of the earlier members of the Allred family, the Associated Press reported.

SAILING IS HELD UP

NEW YORK, May 29. (AP)—Sailing of the New York and Cuba Mail Steamship company liner Oriente was held up today when 250 members of the crew began a sit-down strike. An official of the National maritime union of which the crew are members said the men refused to sail with a non-union radio crew.

Distribution Of "Candid Camera" Edition Of La Ventana, Tech's Yearbook, Causes Excitement On College Campus Saturday

Distribution of the 1937 "Candid Camera" yearbooks of Texas Technological college brought about commotion rivalling that of election or registration day at the college Saturday.

The yearbook held the center of interest, as students eagerly perused the unusually large number feature pictures and customary sections, all emphasizing a "candid camera" theme not used in any former Tech yearbook.

Picture Of Camera Life

A camera lens thrust through a college calendar was pictured on a division page, indicating the attempt of Editor Winston Reeves and his staff to present a representative picture of campus life.

The 360-page La Ventana includes 55 pages of photographs portraying college students at work and at play. Few posed pictures appear in the group.

"Who's Who" Revealed

With distribution of the book, identity of members of the "Who's Who" section for both faculty members and students was revealed.

Listed in the "Who's Who in Faculty" section were: Mr. and Mrs. James G. Allen, Dr. and Mrs. W. B. Gates, Dr. and Mrs. W. C. Holden, O. A. St. Clair, Ada Vivian Johnson, K. M. Renner, Cecil Horne, Martye Poindexter, W. L. Stangel, G. W. Parkhill and D. O. Wiley.

Selected for the students' "Who's Who" were Claude Thompson, Mary Thomas, Robert Houston, Doris Townsend, Jim Lindsey, Lubbock; Wilmot Eaton, Rule; Jeannette Jones, Clarksville; Wayland Merriman, Wheeler; W. D. Holley, San Antonio; Winburn McAlister, Weatherford; Burnice Walker, Littlefield; Charles Merrell Howell, Wilson; R. C. Mitchell, George Tate, Lockney; Lois Spraggins, Charlie Duval, Sherman; Jim Neill, Brownfield; Iris Bailey, Conroe; Al Ray Cooper, Ralls; Joe J. Caldwell, jr., Abilene; Arch Lamb, Fort Worth; Lillian Heard, San Angelo; Helen Lehmberg, Mason; Elmo Knudson, Clifton. All have won honors on the campus. In addition, the eight beauties chosen by Billy Rose were pictured in the "Personalities" section. They are: E. Mary Price, Pampa; Jewell Bishop, Wingate; Miss Heard; Lelia May Zorns, Meadow; Emily Martin, Mason; Maxine Fry, Floydada; Martha Jo Jenkins, Lubbock; Priscilla Davis, Fort Worth.

Campus Leaders Indicated

Campus leaders were otherwise indicated through separate pictures of club presidents.

The book was dedicated to enrollment of the 3,000th student. "From an initial enrollment of 1,048 in 1925-26, the college this year reached a zenith of 3,000 in a single nine months' term," the book stated.

Wilson Grimes was business manager of the book. Editors serving under Reeves on the staff were: Horace Benson, art; Fred Griffith, associate; Marie George, assistant; Reeves Henly, sports, Mary Ann Stanberry, features; Josephine Powell, society; Mary Howell, activities; Eleanor Jungman, personnel; Fred Harrell, news; Mary Catherine Couch and Lora Lee Weddle, assistant news; Mary Bynum Cobb and Lorenz Owens, copy; Elizabeth Stokes, administration; Annie Letha Thatcher Hamilton, sophomore; Marjorie Whetstone and Elvira Smith, freshman; Ruby Lee Leary, assistant activities. Photographers, included Ray Simpson, Cedric Gragg, William J. Davis, Earl Trimble. Lawson Stiff was an assistant in advertising.

Individual photographs were made by Tech studio.

Questionnaires Out On Hospital

Copies of lengthy questionnaires, described as the first preliminary to the selection by the state board of control of a site for a west Texas hospital for insane, were received at the chamber of commerce here Saturday.

Provision for the hospital was made by the legislature recently when it appropriated $817,000 for the establishment of such an institution. It provides that a city, to be considered, must provide a site of from 300 to 500 acres of good tillable land adjacent to water. The board of control, of which Claude D. Teer is chairman, will select the site of the hospital, for which several West Texas cities and towns are avowed competitors.

The questionnaires now being distributed seek detailed information concerning population, transportation facilities, utilities and all other facts concerning places which may be considered as locations, chamber of commerce officials explained.

Although a committee was named several weeks ago for preliminary activities in urging Lubbock's advantages as a location, details of activites to that end are yet to be worked out.

The Empress Josephine was born on the island of Martinique in 1763.

Here's How to Make **YOUR HOME** *Beautiful*

Let Us Show You How to "Buy Wisely"

Here's the answer to the thrifty shopper's prayer—a beautiful living room, obtainable at surprisingly small cost during our June Selling!

Either End Table $6.95 — Floor Lamp $2.95

World Carry-Over Of American Cotton Placed At Less Than Six Million Bales

More Favorable Position Seen

(By The Associated Press)

WASHINGTON, May 29. — The Agriculture department predicted today the world carry-ever of American cotton at the end of this season would be 1,000,000 bales less than on August 1 last year, when it was 6,955,000 bales.

This forecast came from the bureau of agricultural economics in its monthly survey of world cotton conditions.

Price Relationship Favorable

The bureau said recent price declines of American cotton in both domestic and foreign markets had placed American cotton in a more favorable price relationship to competitive foreign growths.

This may encourage foreign spinners to use large amounts of American cotton, the bureau said.

It reported a substantial decline in sales of cotton goods by domestic manufacturers during the last few weeks although mill consumption has continued relatively high after establishing a record the first nine months of this season.

Prices Show Decline

The bureau said prices of American cotton had averaged near 15 cents a pound in recent weeks, a decline of nearly two cents from the peak late in March but about 1 1-2 cents above the peak last season in May, 1936.

Foreign mills consumption also has been at record levels this season, the bureau said, with high consumption of foreign cotton at the expense of American.

TO RECOGNIZE ASSOCIATON

PITTSBURGH, May 29. (AP)—The H. J. Heinz company announced today it had agreed to recognize the Heinz Employes association as collective bargaining agent for 2,300 employes at its strike-closed Northside plant.

The planet Jupiter is accompanied by nine satellites.

More Oil And Gas Leases Filed On Land In County

Oil and gas leases filed in the office of the county clerk Saturday showed mineral rights have been obtained on approximately 800 acres of Lubbock county land.

The leases filed were:

A. M. Hughes and wife, Mable Hughes, to George Proctor of Wichita Falls, north one-half of survey 25, block C-B containing 318.4 acres.

Charles Lundell and wife, Martha Lundell, to Texas Pacific Coal and Oil company with offices at Fort Worth, 155 acres of southeast one quarter of survey number 4, block A, certificate 403.

J. C. Stanford and wife, Lillian P. Stanford, to Texas Pacific Coal and Oil company, east one-half of section 14, block E-2, certificate 56, B & B survey, containing 320 acres.

Second Toll Rate Reduction Since January Announced

Second toll line rate reduction since January 1, 1937 by the Southwestern Bell Telephone company becomes effective June 1 on intrastate toll calls, James Williams, district manager, said Saturday.

"The reduction applies to the five states in which the Southwestern Bell company operates, Texas, Oklahoma, Arkansas, Missouri and Kansas," he explained. "Calls over our own lines only will be reduced.

"Rates on these calls will be brought to a comparable basis with the reduction that went into effect last January 15, on interstate calls."

Last January the new rate affected toll calls for 200 miles upward, between two states. The latest slash is for state calls on comparable distances.

OFFICERS TRASFERRED

WASHINGTON, May 29. (AP) — Army orders today included: Edmond M. Barnum, cav., Pacific Beach, Calif., to Fort Bliss, Tex.

Building Exceeds Half Million

City Building permit totals for the year passed the half million dollar mark for 1937 Saturday to maintain the year's and the month's record-breaking pace, according to report of Miss LaVerne Garrison, cashier in the department of building Inspector D. J. Schlag.

Not until late August last year did 1936 permit totals exceed $500,000, she further reported.

Permit for a residence costing $2,100 and for some lesser construction increased the record for 1937 to $502,312, for May to $154,503 and for the week to $38,606.

Permits issued Saturday included one for $2,100 to Arthur Pierce, owner, and Claude Martin, contractor, for a frame residence and garage at 1517 Twenty-fourth street, and another to Robert West for a frame residence costing $325 at 118 Avenue T.

City Is Sixth In Permits In State Last Week

DALLAS, May 29. (AP) — Fort Worth led in building permits issued during the week with a total of $363,327, bringing the total for the year to $3,918,715. Houston was second in the week's total, which was $297,335, bringing the year's total to $9,643,200.

Other cities reported as follows:

	For the week	For the year
Dallas	$220,239	$3,591,273
San Antonio	43,945	1,936,039
Corpus Christi	41,935	1,483,337
LUBBOCK	38,258	502,312
Galveston	14,688	604,904
Amarillo	5,540	347,833
Corsicana	3,540	67,631

When a bird of prey is flying easily, it keeps its wings slightly bent. But when climbing fast, it straightens them out, and spreads the primary quills, which separate the feathers from one another over a length of a fifth of the wing.

Squires Boys Are Wondering If Their Hens Have Gone Cubist; Egg Has Flattened Sides

Wayman and Jim Squires wondered Saturday whether the hens have gone cubist on the farm of their father, J. C. Squires, nine miles north of Lubbock.

They displayed a distinctly cubist egg, the shell of which was formed of flattened sides and angles instead of smoothly oval. The boys reported they found it Thursday during the daily egg gathering from their poultry yard.

Negro Youth Charged In Burglaries Here

I. C. Green, 17-year-old negro, Saturday formally was charged in the justice court of Walter Davies with burglary after he had signed a statement to Assistant District Attorney Victor H. Lindsey admitting burglary of two residences here.

The statement was made after the negro youth was arrested Friday morning by C. C. Chase and Lewis Kittrell, members of the police department. Assisting in investigations was Johnnie Brooks, negro officer.

Lindsey formally charged Green with burglary of the residence of R. E. Gee at 2124 Sixteenth street from which clothes were taken. The negro said part of them had been stolen from him after he hid them in a box car.

His statement included admission to burglary of the residence of Dr. G. H. Ater at 2608 Twentieth street. Missing from there were a $2.50 gold piece, a pair of shoes, trumpet, suit case, shot gun and several dollars in change. Green admitted taking only the gold piece, shoes, and trumpet, said Lindsey.

In February Green was found guilty in county court of theft of clothes and was assessed a fine of $15 and 15 days in jail, said Robert J. Allen, county attorney.

McCraw To Talk At Littlefield

LITTLEFIELD, May 29. (Special) Attorney General William McCraw will deliver the principal address at the annual banquet of the Littlefield Chamber of Commerce here Monday night, according to Glenn Burgess, manager.

Starting at 8 o'clock, the affair will be held at the First Presbyterian church here.

The banquet earlier had been announced for June 8.

Mancil Hall, formerly of Lubbock, who now is president of the board of directors, will act as master of ceremonies.

Nine new directors will be chosen and new officers elected.

Retiring directors and officers are Hall, president; J. W. Keithley, vice president, J. C. Hilburn, treasurer, J. M. Stokes, L. C. Hewitt, Ira E. Woods, W. J. Aldridge, W. H. Cunningham, J. S. Hilliard, W. H. Madden, E. O. McIver and J. C. Elms.

Fate Of Six New Deal Cases Before Supreme Court

Justices Talk Cases Saturday

(By The Associated Press)

WASHINGTON, May 29. — The nine Supreme court justices utilized the weekly conference today to decide whether to hear cases involving six administration laws.

They will announce their decision on Tuesday, the closing day of the momentous eight-month term.

The cases considered today involved:

1. Constitutionality of the 1935 act regulating public utility holding companies.

Validity Of Power Grants

2. Validity of governmental loans and grants from Public Works administration or emergency relief funds for publicly-owned power plants.

3. An appeal by the Tennessee Valley authority for a circuit court order for a trial in eastern Tennessee to determine TVA's right to continue operations in eight states.

Two cases challenging constitutionality of the Wagner act on the ground that it makes no provisions for a judicial review of National Labor Relations board decisions as to who shall represent employes in collective bargaining.

Taft Brings Suit

5. A suit by Robert A. Taft of Cincinnati, son of the late William Howard Taft, to collect $1.07 interest on a gold liberty bond called by the treasury in advance of the maturity date.

6. An appeal by Gertrude Kay of New York, convicted of violating sections of the Home Owners Loan act relating to making false statements. She contended creation of the Home Owners Loan corporation was invalid.

In some of these cases, questions arose about the extent of a federal power under the general welfare clause of the constitution—a point which Justice Cardozo explicitly left unanswered in his opinions sustaining the Social Security act last Monday.

Santa Fe New Mexican Is Sold To Arkansas City PPublisher

SANTA FE, N. M., May 29. (AP)—The Santa Fe New Mexican oldest daily newspaper in the Southwest, was sold today to Oscar S. Stauffer, Arkansas City, Kan., publisher.

Announcement was made by Jesus M. Baca, to whom the Santa Fe New Mexican Publishing corp. passed on the death of Senator Bronson M. Cutting, the former owner. The deal is effective June 7.

The purchase price was not announced. Baca, former secretary to Senator Cutting and executor of his will, will retain a part interest. The New Mexican was founded in 1849.

Stauffer is publisher of a daily newspaper at Grand Island, Neb., Maryville, Mo., Shawnee, Okla., Arkansas City and Pittsburgh, Kan.

News Briefs...

Mr. and Mrs. B. J. Hale of Springfield, Ill., are visiting Hale's parents, Mr. and Mrs. W. G. Hale, 616 Avenue L. They will leave for St. Louis this week.

E. C. Kuykendall, general agent of the Fort Worth and Denver, who went to Fort Worth late last week to confer with railroad heads, is expected to return to his office Monday morning.

A huge Chester White barrow, tipping the scales at 1,120 pounds, and bought at O'Donnell by the Lubbock Hog company, was shipped yesterday afternoon to Fort Worth. The animal was the largest ever brought to a local market, as far as he knew, Richard Roberts, manager, said yesterday.

Dr. M. M. Ewing, local physician, is leaving early Tuesday for Atlantic City, N. J., to attend a meeting of the American Medical association. He expects to return about June 15. Mrs. Ewing will accompany him.

Rev. W. F. Fry, Baptist Bible chair pastor at Texas Technological college, will speak this morning at the fifth Sunday meeting of Baptists at Whiteface. Other speakers will include: Rev. E. Cowan and Rev. W. H. Crumes in the morning and Rev. J. M. Parker and Re L. L. Krat, in the afternoon.

A four-county singing convention will be held today at Whiteflat, Motley county, for Floyd, Motley, Briscoe and Hall counties. C. M. Lyles, Floydada, is president of the Four County Singing convention. It will be an all-day affair.

Cecil Ayers, Tahoka, vocational agriculture teacher there, has accepted the same post at Spur, succeeding C. B. Middleton, resigned. Ayers is a 1936 Texas Tech graduate.

Rev. R. M. Hocker, Nazarene church pastor, is to preach this afternoon in Brownfield at the Presbyterian church. Hour of the service is 3 p. m.

Grassland had an inch and a half of rain Saturday morning, flooding low places and hindering farm work, H. M. McEachern, principal of the school, said here yesterday. Farm work is being delayed by the additional rain.

Bob Humphreys and John D. Anderson, Littlefield and Cotton Tent, Ark., respectively, completed their enlistment in the U. S. army at Fort Bliss Friday. Sergeant Rex Taylor, recruiting officer, was advised yesterday. They went to Fort Bliss earlier in the week.

Supplemental emergency feed and seed loans to regular borrowers of the local office have been made as a result of recent rains, Fred Warren, supervisor, said Saturday. Loans were made to farmers to permit them to replant areas rained out.

E. R. Legg, Slaton ginner and farmer, was here yesterday on business. He said Slaton and territory had a good rain late Friday night.

Western Lubbock county had a good half inch ra... early Saturday morning, G. K. Horton, of Hurlwood, said. The rain will not delay farmers in planting cotton very much, he said.

The south part of the county received a good rain, V. L. Cade, Union farmer, said yesterday afternoon.

A Lubbock woman who late last night had not been arraigned Saturday afternoon was charged in county court with violation of state liquor laws. The complaint was sworn to by Sam Fort of the Texas Liquor Control board before Hugh Anderson, assistant county attorney.

Two complaints charging drunkenness tried in corporation court Saturday were appealed to county court, G. L. Reichling and W. R. Thompson, both found guilty and fined $15, were defendants who appealed the cases.

A juvenile who for several days was held here in connection with forgery, yesterday was transferred to Gatesville and committed to a state reform school. The boy was taken to Gatesville by Grady Harrist, Lubbock county deputy sheriff.

Mrs. E. D. Jobe and Miss Jessie Lee Edwards of Dallas and Mrs. L. B. Hays of Santa Anna are visiting Mrs. N. S. McBride, 2007 Twenty-third street. Mrs. Jobe and Mrs. McBride are daughters of Mrs. Hays. Mrs. Ray Allen, a daughter of Mrs. McBride, who underwent a major operation in Lubbock sanitarium Saturday morning, was reported resting satisfactorily.

Miss Minibel Johnson of Spur is spending the week-end with Miss Dess Key of Lubbock hotel.

Mrs. J. B. McPherson of Tahoka, who underwent an operation at Lubbock sanitarium Tuesday, was reported by relatives Saturday to be somewhat improved although still in a serious condition. She is the daughter of Mr. and Mrs. W. D. Aycock, 1613 Eighteenth street.

Mrs. Mary Awtrey and daughter, Tommie Lee, have returned from Houston and Galveston where they visited for two weeks. They reside at 1404 Avenue K.

Henry Diebel has just moved his garage equipment into a new building being constructed at 1812 19th street. Diebel has been in this location for the past 7 1-2 years. His business is known as the O. K. Garage.

The Lubbock County Dental society will meet at the Hilton hotel Wednesday night to hear Dr. E. W. McKenzie, Matador dentist, review a recent book on dentistry. Dr. G. C. Turner, president, said the meeting would begin at 7:30. A film showing the natural growth of teeth will be pictured at the meeting.

Mrs. L. B. Green of Phoenix, Ariz., is visiting her mother, Mrs. J. W. Agee, 903 Avenue L. She plans to remain here about two weeks.

Mr. and Mrs. Louis Trautwein of Shiner are the guests of their daughter, Mrs. J. L. Quicksall, and Mr. Quicksall, 3102 Twenty-first street.

Luther Godwin is in Dallas to attend a convention of retail shoe dealers.

Mrs. Major Jones of Holland and Miss Nila Jones and Miss Alice Hatchel of Nacogdoches are visiting Miss Evelyn Jones and Mr. and Mrs. A. V. Weaver. Misses Nila Jones and Hatchel will remain to attend Texas Technological college this summer and Miss Evelyn Jones will accompany her mother home.

The monthly meeting of the Lubbock Real Estate board will be held at the Hilton hotel Thursday night at 7:30, R. A. McKinney, president said Saturday.

Birth of a son weighing nine and one-half pounds to Mr. and Mrs. J. T. Medart at their home, 502 Avenue N, at 9:35 a. m. Saturday was announced at Lubbock clinic.

T. L. Miller, for the past five years with Levines department store, has accepted a position as manager of the real estate and loan department of C. A. Sanford and son, Myrick building. Marion Sanford announced yesterday.

Will of Frank Alverson, pioneer resident who died last February 27, was admitted to probate by County Judge J. J. Dillard Saturday afternoon following the report of an appraisal committee placing net value of his estate at approximately $1,800. Those making the appraisal report were Raleigh Martin, M. C. Butler and S. J. McFarland. Mrs. Louie Alverson, the widow was named sole heir and executrix without bond in the will.

Work sheets in the county agent's office have been typed and are being checked to see if there are any errors, C. C. Jobson, county agent, said yesterday. The checking will be completed before the sheets are sent to College Station. No date has been set for receiving of the work sheets at the state office.

Three films will be shown at the monthly meeting of the Lubbock-Crosby County Medical society Tuesday night at Hotel Lubbock at 8 o'clock. Dr. Henri Mast, secretary said. The films concern "Amebiasis," "Draumatic surgery," and "Gastroenterostomy."

No persons suffered serious injuries and damage was only slight in automobile mishaps here last night, according to police reports. Automobiles driven by Mrs. Elsie Knipe of 909 Avenue M and Chester Somers of 1622 Tenth street were in collision at the intersection of Tenth street and Avenue L. Automobiles involved in the other mishap were driven by Clyde Anderson of 715 Avenue C and Guy Burrows of 2104 Avenue M. The wreck happened on Broadway when the car in front was struck from behind when brakes were applied.

Last rites for Mrs. Rachel Brown, 67, resident of Lubbock 15 years and who died at her home at 1710 Avenue F, will be read at 2:30 o'clock this afternoon at Sanders chapel with a Clovis, N. M., Seventh Day Adventist minister in charge. Burial will be in Lubbock cemetery.

One of a series of district meetings of the Texas Agricultural association to be held throughout the state will be held here June 9, according to an announcement by Associated Press last night. Meetings will be held at Big Spring June 7 and at Amarillo June 8.

Mr. and Mrs. Frank Ward of 2104 Twenty-second street are parents of a daughter weighing 6 pounds and 9 and 3-4 ounces born at West Texas hospital at 10:37 o'clock Saturday night. Ward is a member of the Senior High school faculty.

Mrs. William Curry Holden, assistant librarian at Texas Technological college who lies critically ill in West Texas hospital, early today was reported "holding her own after a better day Saturday." Ill for six weeks, during which she has submitted to two operations, Mrs. Holden was thought to be slowly improving until a sudden sinking spell just after noon on Friday. The setback made her attending physician fearful that she could not recover. Mrs. Holden is the wife of the acting head of the college department of history, who is also director of archaeological research.

Max Bayer, Jr., To Be Buried In Rowena This Afternoon

SAN ANGELO, May 29. (AP) — Funeral services will be held Sunday afternoon at 2 o'clock for Max Bayer, jr., 16, of Lubbock, from the graveside at Rowena. He died here Saturday morning at 8:45 in the home of his uncle, Buck Bolf, Lake View, after he had been here with his parents for two weeks.

When Leonardo Da Vinci was painting Madonna Lisa, the engimatic beauty from Naples, he caused music to be played during the sittings.

Senior Banquet Held Saturday

As part of the close-of-school activities for the graduating class of Texas Technological college, approximately 90 seniors and guests attended a banquet last night held in Doak hall.

Winburn McAlister, member of the senior class and toastmaster, introduced special guests and those members of the class who were called on for impromptu speeches.

Special guests were President and Mrs. Bradford Knapp, Mr. and Mrs. James G. Allen, sponsors of the class, and Mr. and Mrs. Mack Scoggin. Scoggin was president of the class until the beginning of the second semester.

Miss Charlotte Ratliff was presented in three violin solos and was accompanied at the piano by Miss Ruth Lewis. Both are members of the graduating class.

Impromptu speeches were by Scoggin, Allen, Claude Thompson, president of the student body; Talbot Ledbetter, president of the class; Al Ray Cooper, senior engineer; George Tate, vice president of the class; Mary Elizabeth Stanford, class secretary and treasurer; Dr. Knapp, and other class members.

Miss Margery Clevenger lead the group in the Matador song in a grand finale.

Members of the committee for arrangements were: Eleanor Jungman, chairman; Josephine Powell, Russell Wilkinson, and Joe Mapes.

Camera Contest To Be Conducted For Readers Of Books

Lubbock children who read 10 books this summer from a list approved by the Lubbock County library will be eligible for the "candid camera contest" that will begin June 1 and will close August 31, Mrs. Harry Urguette, county librarian said.

The entrants must sign for small booklets, "Books I Have Read," in which may be kept record of 31 books. Six kodak pictures with negatives may be entered in the following groupings: landscapes, seascapes, street scenes and buildings, children, adults, and animals. The pictures should be size two and one-fourth by three by three and one fourth, or smaller and must be taken by the child-entrant, the librarian said.

Children up to 14 may enter the contest.

The 10 books read will be grouped as one each from adventure or travel, biography, hobbies, history or poetry, and animal and nature stories; any two Newberry prize books and three of fiction or any subject desired, the rules read.

Pictures entered in the contest will be on exhibit in a case in the library where they will be judged at the end of the summer. Enlargements will be given to the winner of each group.

Capt. H. A. Baker, 14 Years At John Tarleton, Buried

STEPHENVILLE, May 29. (AP)—Funeral services were held here today for Capt. H. A. Baker, 65, for 14 years head of the physics department at John Tarleton Agricultural college. Captain Baker was a World war veteran, having served in the chemical warfare department.

Estimated $400 Made In Sale Of Poppies

An estimated $400 was obtained in the annual "Buddy Poppy" sale here yesterday, according to T. H. St. Clair, chairman of the Veterans of Foreign Wars committee which was in charge.

Final reports on the amount obtained had not been made early this morning. Approximately half the amount obtained by the girls selling the poppies will go to veterans hospital. The remainder will be used in decorating graves of veterans and given to local charity, it was pointed out by members of the committee.

The sale was the largest ever conducted here, St. Clair said.

Other members of the committee in charge were J. B. Jones and W. G. Love.

Profit from a dance sponsored by the VFW held at the Auditorium last night will go to the organization's building fund. Assisting in the campaigns were members of the Veterans of Foreign Wars auxiliary.

First Cub Camp Ends Saturday At Post

Tired but happy, 87 Cub scouts from Lubbock, Post, Brownfield, Spur, Tahoka and Lamesa, broke the organization's first camp near Post late yesterday afternoon and returned to their homes "in a lather for another camp next year."

The boys, accompanied by 21 adults and Boy Scout den leaders, went into action at C. W. Post Memorial camp Wednesday afternoon. During the three and one-half days and nights not a single boy was sick, none was hurt and aside from a few scratches inflicted by cactus spines got home in fine shape.

Th camp was ended with a picnic supper for boys and the approximately 50 parents who went to the camp to escort their youngsters home. Earl M. McClure, South Plains scout executive, made brief remarks, praising the boys and their officials for their co-operation and camp attitude.

The cub organization embraces boys between the ages of 9 and 12. Dr. C. C. Schmidt, professor of physics at Texas Tech, is South Plains cub commissioner.

FDR SIGNS BILL

WASHINGTON, May 29. (AP)—President Roosevelt signed today a bill authorizing establishment of a naval air station on San Francisco bay.

An air mail and passenger service will connect Tokyo, Japan, and Peiping, China.

U.S.C.C. Urges "Most Deliberate" Consideration Of New Labor Legislation

Uncertainties In Plans Are Cited

(By The Associated Press)

WASHINGTON, May 29.—The United States Chamber of Commerce urged today "the most deliberate" congressional consideration of President Roosevelt's wage and hour legislation.

Business, the chamber said, was justified in its hope for careful study by "the general trend in the direction of progressively high labor standards and the uncertainties of substituting board control for private action."

Would Bar Goods

(Mr. Roosevelt recommended legislation to bar from interstate movement goods produced in violation of fixed labor condition.)

In its weekly survey of national business affairs, the chamber said "the proposed legislation is complicated and incomplete. There are a number of blanks to be filled in, including basic wage and hour standards and the extent to which small plants shall be expempted.

Business Demonstrating

"Business as a whole is consistently demonstrating by practical accomplishments its willingness and capacity to improve labor standards. Industry today, as a whole, is united in support of a policy of paying the highest practicable wages and in support of the shortening of hour as far as productivity will permit.

"Through independent action, industry has made extraordinary progress in attaining these objectives. In the last decade, increase in wages accompanied by reduction of 20 per cent in hours of work has resulted in more than 15 per cent increase in average weekly earnings measured in purchasing power, and employment of persons under 16 years of age has virtually been eliminated."

Oil Notes..

Bond & Harrison No. 1 Cameron estate, Cochran county wildcat, was drilling ahead at 4,730 feet in lime, with no shows. It is in labor 1, league 15, Greer county land.

Magnolia No. 1 Taylor, Yoakum county, was preparing to resume drilling after standardizing. Cable tools were rigged up while waiting for cement on 9 5-8 inch casing to set. Location is in section 201, Block D, John H. Gibson survey.

Increase in gas was the only change reported in Shell No. 1 S. F. Mann, Seminole structure, as it continued to clean itself out. Gas flow was tested as 5,450,000 cubic feet. Bottom is 5,060 feet. Flow of five barrels per hour was being registered, with water cut to 4 per cent. Earlier in the week the well tested 2,424,000 cubic feet. It is in section 220, block G, W. T. Ry. survey.

Carter-Conoco No. 1 A. L. Wasson, Gaines county's "hot" wildcat 16 miles west of Seagraves, was drilling below 4,630 feet in hard lime, with a change in porosity expected below 4,650 feet, and others expecting the change at 4,670 feet. The test is said to be running 400 to 500 feet higher than the dry hole on the Dr. E. H. Jones ranch five miles southwest. Location is in section 48, block A-X, public school land.

Illinois-Maracaibo No. 1 Yellowhouse, Bailey county, was drilling below 4,262 feet in lime and shale at last report. It is in labor 4, league 700, Capitol Syndicate land.

Lew Wentz No. 1 Paul Dalmont, Gaines county wildcat, two miles southwest of the Landreth No. 1 Kirk, was bailing rotary mud preparatory to drilling cement plug on 7-inch casing at 4,478 feet. Bottom is 4,501 feet. Location is in section 8, block A-22, public school land.

E. L. Wilson et al No. 1 Texas Land & Mortgage was drilling at 4,670 feet in lime at last report. It is in section 45, block M, E. L. & R. R. survey, next section to the Dawson county pool opener of Ray Albaugh, in section 46.

Amerada No. 1 Fasken, section 160, block G, W. T. Ry survey, southeast of Seminole, Gaines county, was drilling below 2,140 feet in red beds.

Stanolind No. 1 Slaughter, labor 76, league 57, Zavalla county school land Hockley county, was spudded in Thursday. It is two miles southeast of the Texas No. 1 Slaughter, discovery well.

Sloan and Blevins No. 1 W. W. Barber, Gaines county wildcat in section 19, block A-28, public school land, was down to 1,670 feet in anhydrite and salt. A fishing job was had at 1,655 feet.

Illinois Oil has acquired a half interest in the wildcat to be drilled in Terry county by H. B. Anthony and E. R. Rice in section 28, block A-1, public school land, southeastern Terry. Illinois has taken a spread of acreage in the block, as have Magnolia, Tidewater-Associated, Ohio and Central Crude.

Texas & Pacific No. 2 Ruth Bennett, Yoakum county was last reported at 4,185 feet in anhydrite. It is in the Bennett pool.

B. A. Duffey has been awarded drilling contract by Etz and Robertson for their No. 1 Enochs, center of tract 66, league 182, Floyd county school land, Bailey county. Rotary will be used to the anhydrite.

Baham, Brodes and Fitzpatrick No. 1 L. B. Shook estate, Yoakum county, in section 420, was drilling below 4,250 feet in red rock.

Hugh Corrigan No. 1 Lewright, Terry county, cemented 5 1-2 outside diameter casing at 4,995 feet with 40 sacks. Bottom is 5,133 feet. It is in section 1, block C-37, public school land.

Continental No. 1 J. T. Norton has

Daily Market Reports...

Cotton..

NEW ORLEANS REPORT

NEW ORLEANS, May 29. (AP) — Small trade buying and a little week-end realizing and liquidation was the only trading in cotton today. The close was steady, net unchanged to 3 points lower.

The triple holiday in New York caused traders to mark time. It was thirty-two minutes after the opening before the next sale was made. The range during the entire two hours was but 4 to 6 points.

Liverpool cables were better than expected and initial transactions here were 2 to 3 points higher.

July finished at 12.66, Oct. at 12.70, Dec. at 12.76, Jan. at 12.81 and March at 12.86. Spots were quiet with middling 2 points lower at 13.06.

The Commodity Credit corporation announced that requests for release of loan cotton through May 27, amounted to 1,315,436 bales.

Lubbock..

The prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock. Grain — S. E. Cone Grain and Seed company. Following prices being bid by Lubbock grain dealers: Cotton—Blocker Cotton company. All prices subject to change during day.

Most Of Markets Of Nation Are Closed

NEW YORK, May 29. (AP)—Most of the leading security markets were closed today and an even greater number will be idle Monday in observance of Memorial day. Commodity markets, in most cases, were opened today but planned to remain closed Monday.

Young Democrats

(Continued From Page One)

were those condemning sit-down strikes; asking a selective sales tax as a supplement to or substitute for ad valorem, but not in addition to ad valorem; opposing a constitutional amendment to restore the fee system, and asking the next legislature to provide local option on the fee system; endorsing the proposed flood control and water conservation program, and endorsing the unicameral legislature.

The convention also passed a resolution by Earl Mayfield asking for investigation of the books of those connected with horse racing, after amending it to ask an immediate vote by the senate, on the parimutuel issue and striking out a section calling on the attorney general to begin the investigation if the vote in the legislature was not immediate.

During the morning Keynoter John McCarty of Amarillo declared the present national administration holds both the greatest responsibility and opportunity of any in American history, and advised the young party members to consider problems in the light of the past, present facts, and the possible future.

Tech Graduation

(Continued From Page One)

cises follows:

Processional, "Pontifical March" (Gounod), college orchestra; invocation, Rev. C. E. Hereford, pastor of the First Baptist church; commencement address; conferring of degrees and announcement of honors, President Bradford Knapp; presentation of class gift, Talbot Ledbetter, senior class president; college hymn, audience; benediction, Dr. J. M. Lewis, pastor of the First Presbyterian church; recessional, orchestra.

McCraw is expected to arrive Monday morning, although he had not notified the college Saturday of definite arrangements.

Spanish Planes

(Continued From Page One)

ships must remain at least 10 miles off Spanish coasts.

Von Feschel protested that government planes had flown over German control ships several times "as if to attack." This the Valencia government denied.

BERLIN UNINFORMED

BERLIN, May 30. (Sunday) (AP)—Official sources at an early hour today professed to have no information of the reported bombing of the German "pocket battleship" Admiral Scheer by Spanish government fliers in the Balearic islands.

RICHEST INDIAN DIES

MUSKOGEE, Okla., May 29. (AP)—Known as the world's richest Indian since the death of Jackson Barnett, Enus Wilson, 35-year-old Creek fullblood, died this afternoon of typhoid fever at a hospital here.

Leopold I was elected king of the Belgians in 1831, after declining the crown of Greece in the previous year.

been announced as 440 feet from the south and west lines of section 46, block A-X, p. s. l. Gaines county.

Livestock..

KANSAS CITY REPORT

KANSAS CITY, May 29. (AP) (USDA) — Hogs 100; not enough offered to test prices; market nominally steady; for the week: unevenly 5 to 15 cents higher.

Cattle 1,300; calves 400; for the week: beef steers and yearlings generally 25c higher; heifers, mixed yearlings and good cows strong to 25 cents higher; good to choice steers 12.35; choice lightweights 12.25; yearling heifers 11.00; practical top vealers 9.00; bulk fed steers and yearlings 9.50@10.50; grassers 7.00@9.85; medium to choice stockers 6.00@8.50.

Sheep 300; for the week: spring lambs around 1.00 lower; shorn lambs 25 to 40 cents lower; sheep 50 to 75c lower; week's top native spring lambs paid early 11.90; closing top 11.50; late sales Arizonas 8.50 @10.50; closing top shorn Texas lambs 8.60; weak bulk 8.00@8.50; top ewes 4.00.

FORT WORTH REPORT

PARIS, May 29. (AP)—Andre Tardieu, France's 60-year-old bachelor former premier, is soon to marry, posting of bans disclosed today. His bride will be Mme. Julia Angelique Largenton of Chautmont-Sur-Taronne.

Grains..

CHICAGO REPORT

CHICAGO, May 29. (AP) — Grain prices went into a tailspin today, wheat declining more than 3 cents a bushel, corn almost 3 cents, rye 3 to 4 cents, and soy beans more than 2 cents. Wheat's loss for the week was extended to more than 8 cents.

A break of 3 to 9½ cents a bushel in the cash corn market on one of the sharpest in months, went hand in hand with corn futures declines. Traders said demand for cash corn had subsided to some extent with the satisfying of deliveries on May contracts.

The grain market decline got underway early in the session, and except for occasional pfractional rallies, was virtually uninterrupted. Practically all quotations closed near the lows for the day, with wheat 3 to 2⅝ cents below Friday's finish. July 1.12⅝@1.12⅝, September 1.10⅝@1.11, December 1.12⅛@1.12⅝; corn 1⅜ to 3 down, July new 1.23⅛@1.23, September 1.10¼@1.10½; December 80½@80⅝; oats ¼ to ⅝ lower, July 45@45⅛; rye 3¼ to 3¾ off, July 1.02⅝. Provisions were unchanged to 2 cents higher.

FORT WORTH REPORT

FORT WORTH, May 29. (AP) — Demand was moderate on the cash grain market today.

Wheat No. 1 soft red winter 1.30⅛@1.31½; No. 1 hard 1.30⅛@1.31½.

Barley No. 2 nom. 78@80; No. 3 nom. 77@79.

Yellow milo nom. 2.46@2.48, No. 2 white kafir nom. 2.48@2.50.

Lay Programs Will Be Begun Today

The first of a series of programs in observance of Methodist Laymen's day to be held on three fifth Sundays will be held at 3 o'clock this afternoon in each of the six subdivisions of the Lubbock district, according to Joseph R. Griggs, district lay leader.

Suggested theme for the programs this afternoon is "A Crusading Church" with other suggested discussions on: enlistment, "What Does One Join When He Joins the Church?"; training, "How Does One Prepare for Service in the Church?"; and marching, "Keeping in Step With the Program of the Church."

The divisions of the Lubbock district, the leader, and charges in the divisions are: Ralls with Rev. Edmond Kirby of Ralls in charge for Crosbyton, Ralls, Lorenzo, Idalou, Becton and Robertson; Post with Rev. J. N. Hester in charge for Southland, Post, Slaton and Draw-Grassland; O'Donnell with Claude Donaldson of Tahoka in charge for Tahoka, Wilson, O'Donnell, Welch, Lamesa; Ropesville with Rev. R. T. Breedlove of Brownfield in charge for Brownfield, Seagraves-Seminole, Meadow, and Plains-Centerpoint; Whitharral with Rev. J. W. Hendrix of Levelland in charge for Levelland, Whiteface, Morton-Pettit, Anton-Spade, West Lubbock circuit; and Lubbock First Methodist church with Joseph R. Griggs in charge for Lubbock First Methodist church, Asbury Methodist church, Lubbock East circuit, Lubbock Mission, and Shallowater-Hardy.

Title of the series of adult workers' conferences is "A Fellowship Church."

Memorial Services

(Continued From Page One)

quested to send them to the cemetery.

There are approximately 38 graves of World war dead in Lubbock and Memorial Park cemeteries. Dead of other wars, the Civil, Spanish-American and Philippine campaign, make the total approximately 100, said Metcalfe.

Slaton Plans Services In Honor Of War Veterans

SLATON, May 29. (Special)—Memorial day will be observed here Sunday by attendance of ex-service men at the First Presbyterian church, where Rev. J. W. Van Dyke, pastor, will preach a special memorial sermon at 11 o'clock.

After services, veterans will go to the cemetery, where a brief service will be read to honor dead of all wars.

J. M. Hannah is commander of the post here.

Petit Juries This Week Are To Speed Court Action

Petit juries available for 72nd and 99th district and county courts Monday will assist in speeding crowded contested civil dockets during the next week.

Juries have been asked n five cases set for the week in 72nd court, Judge Daniel A. Blair, presiding; four in 99th court, Judge E. L. Pitts, presiding; and nine in county court, over which Judge J. J. Dillard presides.

Juries all have been called for the week of June 7, when Judge Pitts will call criminal cases while Judge Blair continues disposition of his civil docket.

Robertson Graduates To Hear Class Sermon This Morning

ROBERTSON, May 29. (Special) —The Rev. Adamson of the Robertson First Methodist church will address the eight graduates of Robertson high school this morning in their baccalureate services from his church at 11 o'clock.

Final program of the grade school was held Friday night in the high school auditorium. Western scenes were depicted by the children.

Parking Meters Voted Back In

(Continued From Page One)

and Miss Lavenia Williams, city secretary.

Effect Of Suit Uncertain

Uncertainty was expressed Saturday night as to what effect the commission's action may have on a case set for trial Monday in the 72nd district court of Judge Daniel A. Blair which grew out of the meter ordinance the new one is designed to repeal. A jury has been called and the case is first on call of those set for this week in Judge Blair's court.

Belief was expressed among those in close touch with the situation that the trial will, at the least, be postponed and that those who instituted the action will permit the test of the meters to continue through the 120-day trial period. Observers termed the provisions of the new ordinance the result of agreements with at least some of those who brought the action now set for trial.

New Ordinance Voids Case

City Attorney Bradley previously had expressed his belief that the adoption of the new ordinance has voided the pending court case because, as he said, "the ordinance involved in the 72nd court action has been repealed; it no longer exists."

Saturday's commission action gave a new, although not unexpected turn, to one of the most stirring municipal controversies in the history of Lubbock.

Last November the city commission approved the installation of the meters under a contract with the Dual Parking Meter company of Oklahoma City. The contract provided that they were to be installed for a trial period of 90 days; that their purchase price of $58 per meter was to be paid from 85 per cent of the revenue from the meters; that at the end of the trial period they could be removed at the city's option, or they could be retained and the money already derived applied on the purchase; and that they would become the property of the city which would receive all revenue from them after they had been paid for.

Appeal Is Pending

Twenty days after they were put in operation, their removal was forced when Homer L. Pharr, then judge of 72nd court, granted an injunction asked by protesting citizens. Appeal from the injunction still is pending in Amarillo court of civil appeals. It is that same case which is set for call in 72nd Monday, this time on its merits.

Revenue from the meters during the 20 days, commissioners were informed Saturday, averaged about 25 cents per day. The sum, they explained, will be smaller with the parking limit two hours instead of one.

Commission discussion of the new ordinance was necessarily prolonged Saturday. The city attorney read the lengthy document, and it was discussed section by section by the commissioners. Portenberry suggested and contended successfully to set the starting time of the meters at 9 a. m., arguing that it might tend to encourage early shopping, thus relieving later congestion in downtown stores. He and others agreed that housewives and others who have early downtown chores should not be penalized.

Discussion of another section of the ordinance made clear that the occupant of a parking space is restrained from occuping it for more than one parking period of two hours. To drop another nickel into the device for another two hours for the same car at the same place, Bradley explained, will be a specific violation of the law.

Commissioners agreed that three minutes shall be allowed at designated loading zones for discharging occupants of automobiles. Merchandise at such zones must be moved as "expediciously as possible" read another provision approved.

Holidays Are Designated

Holidays during which the meters will not be in operation are New Year's day, July 4, Labor day, Armistice day, Thanksgiving day, Christmas and such others as may be set aside by the president or the governor as days "of feasting or thanksgiving."

Particularly emphatic were all members of the commission in declaring that the ordinance is intended as a traffic regulatory and not a revenue producing measure. The officials declared, and the ordinance states, that it is to relieve dangerous congestion of traffic at peak hours.

Brevity of the discussion following the reading and before the adoption of the ordinance came as something of a surprise to observers. McMillan, Portenberry and Price had been outspokenly for reinstallation of the meters during the several previous discussions. Mayor Edwards had leaned toward their adoption but, as he said, had not made up his mind as to whether the citizenship wanted them. Richardson had been avowedly opposed.

Agree To Give Trial

Saturday, however, they were as a unit in agreeing to the desirability of giving the devices a trial.

Richardson voiced a more positive belief that Lubbock will turn them down later, voiced his personal opposition to them but agreed that they at least should be put to the test.

The ordinance directs that meters be placed on the same streets as in the repealed measure. In detail they are: south side of Broadway from Texas avenue to Avenue L; north side of Main from Avenue H to Texas; both sides of Main from Texas from Thirteenth to Broadway; west side of Texas from Broadway to Main; and both sides of Avenue J from Thirteenth to Main.

Even as they debated the ordinance, the commissioners received a telephoned petition from property owners to include Thirteenth from Avenue J to K in the meter zone. The city manager reported that similar applications have been made relative to portions of Main and Texas outside the present zone.

Action on those applications was deferred when the city attorney advised the commissioners that they can amend the ordinance to include them if it becomes evident that the devices are to become permanent fixtures of Lubbock.

Whiteface Services Are To Be Held This Morning

WHITEFACE, May 29. (Special)—Baccalaureate services for five graduates of Whiteface High school will be held with the Rev. W. T. Priddy, pastor of the First Baptist church of Whiteface, delivering the annual sermon at his church this morning at 11 o'clock.

The seniors will receive their diplomas Friday night, June 4. The speaker of the commencement night has not been decided, officials said. Those graduating are Horace Battenfield, Virginia Quillet, Lenice Burton, Odia Dutton and Gladyce Thomas.

Juniors of the school will entertain the graduates at a banquet Tuesday night.

Wins First Prize

Geneva Huntsucker, daughter of Editor and Mrs. E. F. Huntsucker of Morton and a junior in Morton High school, won first prize in district 2 of the high school division of a Greater Texas essay contest, according to an announcement by E. P. Simmons, chairman of the Greater Texas committee. As an award, she will receive a free trip to the Greater Pan-American and Texas exposition at Dallas with all expenses paid.

Competing in the district were schools in Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Terry and Yoakum counties.

Rains Causing High Waters

(Continued From Page One)

tation was widespread over the state as the El Paso to Alzuquerque road and other main highways remained impassible.

Extra shifts worked overtime at Almogordo dam on the Pecos a hundred miles north in an effort to perfect a temporary spillway in time for an expected overflow of the nearly completed irrigation project. Construction engineers said there was no fear that the dam would go out, and the river was not expected to reach Roswell in any event.

Toll Of Six Dead Counted

The storm, which swept in from the Gulf of Mexico two days ago, precipitating "flash" floods in many parts of the state, has taken a toll of six dead.

Extending into the southwest part of the state it left from three to six inches of snow on the Black range and relieved a drouth condition there that had resulted in the death of some livestock.

The heaviest precipitation was reported in the dust bowl rim county of Tumcumcari and Clovis near the Texas border where more than five inches of rain has fallen to gladden the hearts of dry farmers.

Additional Rainfall Is Received Over Area

Additional moisture early Saturday morning continued to brighten prospects for this section when nearly half an inch of rain fell. The precipitation as reported by Lubbock Municipal Airport amounted to .36 of an inch.

Santa Fe dispatcher's reports showed rains of this section as follows: Tulia, Kress, half inch; Plainview, three quarters; Floydada, half; Lockney, one-third; Hale Center, Abernathy, inch; Texico, two and three quarters; Muleshoe, inch and a half; Sudan, inch and three quarters; Amherst, Littlefield, inch and a half; Anton, Shallowater, half; Bledsoe, inch and a half Lehman, inch and a quarter; Levelland, half; Ropes to Seagraves, half; Slaton, inch; Wilson, inch and a half Crosbyton, inch and a quarter; Ralls, half; Lorenzo, Idalou half; Southland, half Post, half; Snyder, shower.

Fort Worth and Denver reports: Petersburg, inch; Sterley half; Dimmitt and Hart, two and a quarter; Lockney, half; Silverton, three quarters; Plainview, quarter; Quitaque, Turkey, half inch.

Small Twister Strikes Barstow Friday Night

BARSTOW, May 29 (AP)—A small twister accompanied by a cloud burst leveled barns, business houses and destroyed telephone and electric lines here last night. A huge hay barn adjacent to the Broadway of America highway was caught in the blast and debris from the wreckage stopped most traffic for a short while.

Property damage in the city limits was estimated at $3000 and a few farmers in this vicinity reported loses cotton crops due to hail and mud covering the young plants.

Power And Communications In Panhandle Crippled

BORGER, May 29. (AP)—Rampaging creeks and the Canadian river, swelled by a forty-five minute downpour today following last night's spasmodic rains, tonight had crippled power and communications lines in much of the Texas Panhandle.

The Panhandle Power and Light company tied its West Texas utility lines at Borger, this afternoon, after high water from the Canadian had washed out lines from the main plant in Borger.

Tonight the entire section north to the Oklahoma line, with the exception of Sarman and Perryton, where therare emergency plants, were being serviced over West Texas utility lines by the Southwestern Public Service at Amarillo.

Waters Canadian Reach Nearly To Amarillo Span

AMARILLO, May 29. (AP)—Waters of the Canadian river reached within four feet of the floor of the state highway five bridge north of Amarillo tonight as last night's and this morning's torrential rains brought extensive flood damage into the Panhandle of Texas area.

The Rock Island railway's half-mile long bridge at Sanford was swept away at 2 o'clock this afternoon.

Warnings were issued the farmers living in the valley below the Amarillo dam southwest of here as the water reached a two-foot level in the spillway, unprecedented in the history of the dam.

Rampaging waters over federal highway 60 between Hereford and Clovis blocked that highway, while water reached a level of six inches over the bridge floor across Tierra Blanca creek south of Canyon on state highway nine.

The Scenic driveway into the Palo Duro canyon state park was blocked when tons of earth and stone slipped from a cliffside onto the main road. Workers were withheld from repairing the road for fear of another landslide.

Flood Warnings Out In Oklahoma Territories

BEAVER, Okla., May 29. (AP)—Flood waters, a rare spectacle in the nation's "dust bowl," raged today where one week ago a Panhandle windstorm whipped dust out of dry creek bottoms.

The North Canadian river, rising suddenly after a series of downpours in New Mexico, pounded eastward into the Panhandle, overflowing its banks at Beaver.

Swollen Panhandle tributaries, filled by several successive rainstorms, added their contents to the river and the federal weather bureau warned Oklahoma communities to the south to be prepared for flood within 48 hours.

At Beaver, the North Canadian stood three feet deep in U. S. highway 270. At Mooreland, in Woodward county, motorists were routed around a flooded section of state highway 15.

Canton, on the South Canadian in Blaine county, received a flood warning from the federal weather bureau.

Archer City School Students Visit In City On Saturday

One of the most unique entourages of high school students to get attention of Lubbock was seen Saturday noon.

Supt. R. L. Hooten of Archer City public schools and formerly of the Shallowater system, accompanying 22 graduates of his school had lunch at Lubbock en route to Carlsbad cavern and Juarez, Old Mexico.

To Travel 1,300 Miles

In six automobiles furnished through courtesy of school patrons, the seniors and another faculty sponsor will travel a total of 1,300 miles.

"They made their own money and set it aside for the trip," said Hooten. Funds were made through plays and other entertainment.

Hooten, who will attend Columbia university this summer, has been reelected to his position, at "an increase in salary." His school, of approximately 700 scholastics, has well equipped laboratories for four sciences, including physics and chemistry, and 20 teachers. Vocational agriculture will be instituted as a course next scholastic year.

Hooten has served only one year there. He holds two degrees from Texas Technological college.

UAW To Try Again

(Continued From Page One)

corp. and the biggest units of the motor industry aside from the Ford Motor Co.—centered its attack on efforts to keep food from the men still in the plants.

In the Chicago area pickets marked time after the fighting with police in which a score were injured. Van A. Bittner, SWOC director there, charged Republic was using "every unAmerican means possible" to break the strike.

HARRISON FARMER SHOT

MARSHALL, May 29. (AP)—Raymond Henderson, about 34, farmer, was shot to death today by an unknown assailant as he stood in front of a negro tenant house on the side Keasler farm six miles northwest of Hallsville in western Harrison county this afternoon.

TEXAS HIGHWAY PATROL
SAFETY LANE
IN LUBBOCK
Tuesday and Wednesday, June 1st and 2nd

BE WISE!

Have Your Car or Truck Checked by an Authorized Dealer before the "Cops" get you . . . . .

Be fair with your fellow man, take your Automobile or Truck to an Authorized dealer for your check up, because his mechanics are all specially trained in caring for the kind of Automobile or Truck that he sells. Through their training these mechanics know where to check the most, and just what to do in case your Automobile or Truck does need some attention.

Technicalities in the modern Motor vechicle demand that a trained Mechanic give his attention to its upkeep . . . . let your dealer serve you.

The Highway Patrol in the State of Texas has saved hundreds of lives because of the 'Safety Lanes' that they have conducted during the past Year.

Many, many people have in years gone by neglected points of safety about their Car, not entirely from a standpoint of cost, but largely because they did not have to have it fixed, and in some cases because they did not realize that they were doing a dangerous thing.

With the Highway Patrol Free Safety Lanes, people are informed of the defective things about their Automobile and Trucks, and usually get them fixed without being forced to, by law.

The Highway Patrol is anxious that everybody driving an Auomobile drive through the safety lanes and have their Automobile checked. Plan to drive through the lanes, Tuesday or Wednesday.

Shute, McSpaden In Pro Finals; Amarillo-Hubbers Play

Defending Champ May Have Slight Edge Over "Jug"

BY SCOTTY RESTON

PITTSBURGH, May 29. (AP)—Denny Shute and Harold "Jug" McSpaden today fought their way into the finals of the Professional Golfers association championship.

Shute, the defending titleholder, defeated national open champion Tony Manero, Peabody, Mass., 3 and 2. McSpaden beat Ky Laffoon, of Chicago, 2 and 1.

Relentless par golf Shute the battle of the champions. He simply went out and reeled off 34 holes in par, while the able and lionhearted Manero struggled and slipped and rallied, but never quite caught up.

* * *

McSpaden blew hot and cold. In the morning he shot a 69, three better than par. In the afternoon he quelled a wicked hook just when it threatened to land him on the sidelines.

Game At Times Thrilling

Smith took the lead at the fourth this morning when Tony exploded a trap, and he held to it without a break the rest of the day. Tony kicked him farther head at the fifth by missing a two-foot putt, but Denny made up for it by missing a four-footer on the sixth.

A perfect brassie to within 10 feet of the 12th cup gave Shute a birdie and a two-hole lead. Tony cut it down with a par to Denny's bogey at the 13th, and they halved the last five holes of the round in pars.

Denny started out in the afternoon by chipping a mashie niblic shot six inches from the 20th cup. He was two up until the 26th green where he flubbed an approach.

Shute's Putting Advantageous

One up on the 30th tee, Denny dropped putts of six and 18 feet at the 30th and 33rd to win both holes and stretch his advantage to three up, the highest it was all day. A par at the 34th closed Tony out.

McSpaden was two putts better than par and three holes better than Laffoon on the first nine. He zapped in a 45-foot putt for a birdie three at the first, topped this with seven straight pars, and ran down another birdie putt of 25 feet on the ninth.

Laffoon steady on the first nine, was brilliant on the second. McSpaden's lead was cut to a single hole at the 14th when he failed to hop a three-foot stymie.

At the 18th, with Laffoon six feet from the cup in two, "Jug" rolled one in from 18 feet to increase his morning lead to two holes.

"Jug" won the first two holes with pars in the afternoon, four up, then it looked as if he would run off with Laffoon.

Ky won the 21st by curling in a five footer for a birdie four, and took hte 25th when McSpaden's hook started flying over the thick grass.

Laffoon dropped a 10-foot putt for a birdie at the 28th and evened the match with another birdie on the 30th. They played the next two holes in par and McSpaden went one up again at the 33rd when Ky drove in the rought.

McSpaden still held a one-hole lead on the 35th tee. He hit two perfect shots to within four feet of the cup and dropped the putt for a birdie and the match.

DENNY SHUTE
. . . Can he win it again?

HAROLD McSPADEN
. . . Has a job cut out for him.

Marguerite Gaut Invitation Won By Miss Marion Miley

MEMPHIS, Tenn., May 29 (AP)—Marion Miley of Lexington, Ky., won the Marguerite Gaut invitation golf tournament here today by defeating the veteran Mrs. Leon Solomon of Memphis, 5 and 4, in the final round match.

In adding the Gaut invitation championship to her trophies, Miss Miley played sensational golf, driving far going to the green with excellent approaches and putting capably.

At the end of the first nine she had Mrs. Solomon, twice winner of the cup, five down. The tournament was held on the Memphis Country club links.

SMITH-SCHUMACHER FINAL

SULPHUR SPRINGS, May 29. (AP) Reynolds Smith and Don Schumacher, both of Dallas, will match strokes over a 36 hole route tomorrow for the Sulphur Springs invitation golf tournament championship.

Pittsburgh Wins Track Gonfalon

NEW YORK, May 29. (AP)—Scoring in nine of the 15 events, the University of Pittsburgh's well-balanced track and field forces today won their first Intercollegiate A.A.A.A. team championship with a total of 30 1-2 points to 30 for Columbia.

Not until the final race on the program, staged before a crowd of 7,000 at Raidalls Island stadium, was the title bestowed on the Panthers, who have been trying to win ever since 1918.

That race, the 220-yard dash, was won by Ben Johnson, Columbia's negro flash who thereby completed a "triple," but the shade by which Edgar Mason of Pitt placed second ahead of Larry Scanlon of Holy Cross in a postage-stamp finish was also the shade by which Pitt placed first ahead of the Lions.

Columbia Heartbroken

It was a crushing disappointment for Columbia, seeking to add its first outdoor crown since 1879 to the indoor title it won last March.

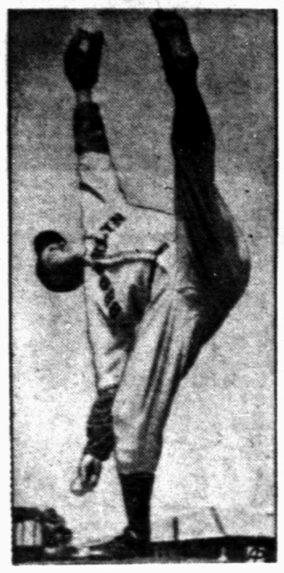

With Pitt and Columbia staging the closest batle since California edged out Princeton, 26 1-2 to 26, in 1922, the rest of the field was strung out well behind. In third place, with 23 points, came Cornell, winner last year, followed by Michigan state, with 20 1-2; Rhode Island state, 17 1-2; Dartmouth, 16 1-2; Princeton 14 1-2; Yale, 13, and Manhattan and Marquette, tied for ninth at 10 each.

Mickey Cochran Gaining In Desperate Battle For Life

NEW YORK, May 29. (AP)—Continued progress in his fight for life was made today by Mickey Cochrane, manager of the Detroit Tigers.

Cochrane, suffering from a triple skull fracture after being "beaned" by Bump Hadley in a game with the Yankees last Tuesday, spent a comfortable day in St. Elizabeth's hospital, leading his physicians to announce a definite improvement in his general condition.

Wins His Own Game

VAN LINGLE MUNGO
(Story To Left)

U. S. Expatriate Takes British Golfing Title

SANDWICH, Eng., May 29. (AP)—Youth and stamina carried the 25-year-old American expatriate, Bob Sweeny, to the British amateur golf championship today.

Lionel Munn, veteran Irish lawyer who was playing golf before Sweeny was born, gave the Anglo-American youngster a terrific battle but finally wilted in the sweltering heat and surrendered, 3 and 2, in the 36-hole final.

"I confess I'm a trifle weary," the Irishman obviously exhausted said with a smile as Sweeny rammed down the final 20-foot putt that ended the match on the 34th green.

Sweeny's victory gave America a technical claim to the title for the third time in four years. Bob was born in Pasadena, Calif., and still is an American citizen although he was reared abroad and for the last 15 years has lived either in France or England.

Looked Like Sure Winner

Lawson Little, another Californian, won the championship in 1934 and 1935 but then turned professional. Hector Thomson, Scottish star who won last year, was prevented by ill health from defending the crown.

Sweeny, a sensation on the greens during the early rounds of the tournament had lost that fine golfing edge by the time he squared off against Munn.

Jumping into a three-hole lead at the outset of the morning round, Sweeny never looked like a loser though Munn fighting doggedly, caught him at the 22nd and even went ahead momentarily at the 23rd.

That proved however to be the Irishman's last gasp. Stung into action Sweeny won the next three holes in a row and thereafter was never headed.

Rainfall Douses Chances Of Polo Game This Afternoon

Proposed polo match between Plainview and a team composed of Lamesa and Lubbock riders will not be played this afternoon because of poor condition of the field at Panhandle-South Plains fairgrounds, Claude Hurlbut announced last night.

Recent rains have left the infield in front of the grandstands soggy, he said. The match will be played next Sunday.

Meadowbrook Golfers Go To Lamesa For Matches Today

Plans have been made to take a full squad of Meadowbrook club golfers to Lamesa to match shots with players from Lamesa, Brownfield and Tahoka this afternoon. Matches begin at 1 o'clock.

Lamesa officials invited 36 local shotmakers to be on hand for play. Golfers were invited from the neighboring towns to match the Lubbock delegation. O. A. Terry is captain of the Meadowbrook team.

Not One In 10 Can Hope For Chance Of Success But 1,404 Golfers To Try

NEW YORK, May 29. (AP)—A record field of 1,404 hopefuls will compete Tuesday in one of golf's toughest tests, and not one in 10 can hope for success.

It is the sectional qualifying tournament of the national open championship held by the United States Golf association. Of the entry list 32 have been granted exemption because of last year's performance, and 89 already have made the grade by licking 62 rivals in the two Pacific coast districts.

That leaves only 130 places in the field of 170 which will start in the championship proper at the Oakland Hills club, Birmingham, Mich., June 10.

This year's list is more than 100 above the previous high total, 1,277, established last year.

The total of 32 district qualifying places, including Los Angeles and Tacoma, where the sectional rounds were played May 17, also is a new record. It includes five new points, Little Rock, Ark., New Orleans, Grand Rapids, Mich., Salt Lake City, and Huntington, W. Va.

Americans Rout Anzacs In Net Cup Openers

(By The Associated Press)

FOREST HILL, N. Y., May 29.—Shot by illness and with the front line suvivors unable to withstand the shock of America's robust tennis attack, Australia's hard-luck Davis cup forces were put to rout this afternoon in the opening singles matches of the North American zone finals.

Under a broiling sun, before a crowd of 7,500 spectators, Donald Budge of California and Bryan Grant of Georgia swept the Australians right off the turf courts of the West Side club's big stadium.

Budge, ace of the American team, blasted the veteran Jack Crawford 6-1, 6-3, 6-2. Grant then signalized his debut in the zone finals by trouncing 18-year-old Jack Bromwich, ambidextrous Australian substitute, 6-2, 7-5, 6-1.

The Americans now need only one more victory to clinch the series, with the doubles scheduled tomorrow and the final two singles contests booked for Monday. They seem assured of a decisive triumph, thereby qualifying to play the European zone winner for the right to challenge England, and making the trip abroad with U. S. hopes of international conquest higher than they have been in most years since the famous trophy was lost in 1927.

The Australians, who beat America 3-2 last year, played today with two of their stars, Adrian K. Quist and Vivian McGrath, on the sidelines. Quist, erstwhile singles ace who had been named to play the second singles match today, was withdrawn upon the team doctor's advice. Quist was taken ill just a week ago with intestinal "flu."

Golf Shots Rather Than Grid Pictures To Be Projected

A departure from football and into the realm of golf will be the trend when the Touchdown club shows "An Excursion in Golf" at 9 o'clock Tuesday night in the east conference room of Lubbock hotel.

Officials had promised the golfing contingent the ancient Scotch game would be featured at the club's next meeting, said Dutchy Smith, line coach of Texas Technological college.

The film is a talkie issued by A. G. Spalding & Bros., and Joseph R. Grigg, county superintendent of public instruction, will operate the projection machine. All golf and football "downtown coaches" are invited.

Hitler Gives Athletics In Germany A New Foothold

BERLIN, May 27. (AP)—Chancellor Adolf Hitler tonight ordered all German boys and girls to meet once a year in athletic contests to show "the nation's strength and invincibility."

This year's athletic contests, fixed Saturday and Sunday for girls and June 5-6 for boys, thus become an annual fixture by the chancellor's order.

Sam West Goes On Rampage With Bat; Yanks Take Two As Indians-Chisox Split

(By The Associated Press)

NEW YORK, May 29. — The Yankees threw five homers and a pair of fine pitching performances by Charley Ruffing and Spurgeon Chandler at the Philadelphia Athletics today to sweep a doubleheader 9 to 4 and 10 to 3. Chandler allowed seven hits in the nightcap while Bill Dickey hit two homers and George Selkirk hammered one. Selkirk and Joe DiMaggio hit homers in the opener.

(FIRST GAME).

Philadelphia	100	000	012—4 7 2
New York	001	241	00x—9 12 0

Ross, Thomas, Tubbeville and Hayes; Ruffing and Dickey.

Errors, Hayes, Cissel. Runs batted in, Johnson, DiMaggio 2, Selkirk 2, Lazerri, Ruffing 2, Moses, Cissell, Parker. Two base hits, DiMaggio, Dickey. Home runs, Selkirk, DiMaggio. Sacrifices, Moses, Crosetti. Double plays, Newsome, Cissell and Dean; Cissell, Newsome and Dean. Left on bases, New York 8; Philadelphia 6. Base on balls Ruffing 4; Ross 2; Thomas 2; Turbeville 2. Strikeouts, Ruffing 7; Ross 1; Turbeville 2 in 3. Wild pitch, Ross. Passed ball, Hayes. Losing pitcher, Ross. Umpires, Moriarty and McGowan. Time 2:11.

(SECOND GAME).

Philadelphia	000	010	110— 3 7 2

Santone Expects Big Golf Field

SAN ANTONIO, May 29. (AP)—Four former winners, a like number of Curtis cup team members and a whole flock of champions of one kind or another will combine at the San Antonio Country club this week to make the 11th annual Trans-Mississippi golf tournament one of the largest and fastest in the history of the event.

Tomorrow most of the ruling golf queens in 22 western and midwester nstates will take part in Scotch foursomes. Monday they will be entered in four-ball mixed foursomes. Tuesday they will get down to serious business and qualify. Match play will begin Wednesday with two rounds scheduled for the first day and will continue through Friday when the 36-hole championship final will be played.

Mrs. R. S. Fellows of Tulsa, president of the Trans-Mississippi Golf association, pointing to a list of more than a dozen entrants all very capable of taking medalist honors, calls the field greater in stars than any of the preceding ones. She also is looking forward to a record field of more than 150 golfers.

The world's annual paper production is now more than 8,000,000 tons.

Blond Grappler From Here And There Is To Meet Sheik Mar Allah Wednesday

Jack Terry, the blond grappler from Canada and Portland, Oregon, has been clamoring for a chance to even affairs with one Shiek Mar Allah ever since the two met in Honolulu several months ago, and Lubbock fans get at the bout Wednesday night when Terry's wish will be granted.

The Sheik is well known to wrestling fans in this territory. Terry claims that he was fouled in the island match. Sled Allen, local promoter, has signed the two for this week's main event.

The "battle of the Bronx" will be fought in the special event, with Vic Weber and Ace Freeman, both New Yorkers, meeting. Weber has found tough sledding here since his return several weeks ago and is still anxious to prove he can go with the best of matmen. Weber and Freeman hold no love for each other, being a bit jealous over accomplishments of one another.

The curtain raiser will pit a newcomer, Tarzan Krause, deaf mute, against Jack Hagen. Krause comes here with a good reputation for his mixing qualities in the ring. The Louisianan has demonstrated locally that he can take it and dish it out. He sticks to clean tactics until occasion demands that he change them.

These three matches give promise of the usually fast scraps seen at the Auditorium.

Double Bill At No Increase In Costs Offered

By TOM MILLER

Straining at the leash, the Hubbers will meet the Amarillo Oils this afternoon in a pair of games that will determine their true strength. Play will start at 2:30 at Parris field.

After winning in their last three starts, Lubbock is determined to avenge in some measure an early season defeat given the team by the selfsame Oilers. Snappy practice sessions last week put the club in fine fettle and heightened spirits.

With two lefthanders ready to see service on the mound, Lubbock pitching duties are well in hand. Working with control usually foreign to unorthodox flingers, Beans Pair has had little chance to display his ability this season. He is the steadiest hurler in the Hubber corps. Jerry Blanchard, who wintered in Florida and played baseball when South Plains citizens were shivering from wintry blasts, has returned to his old form with a great deal of improvement. He has won his last two starts.

Collegian Behind Bat

J. W. Coopedge, 19-year-old mainman, arrived in town last night and is all set to share catching duties with Andy Anderson. He has been attending Kilgore Junior college and is reported to be in good shape to don receiving paraphernalia. Anderson has done most of the Hubber catching throughout the season, and his hitting and receiving have been commendable.

Officials were not certain last night if "Puss" Ballard, veteran third sacker, would return to the station for today's game. Ballard was absent last week. Ed Hamby bright likely will guard the hot corner if he is not back. Hambright is being used in the utility role this year and is the "hustlingest" player on the roster.

Rounding out the infield will be Lefty Bettes at first base, Wm. Breedlove at second, and Blue Graham at shortstop. Graham and Breedlove have developed into a neat keystone pair, with either able to pivot well on double play attempts.

Garden Has Heavy Hitters

The outer garden probably will be patrolled by Tobe Pair, Harry Crites, and Jack Thompson. The trio has a combined batting average of .344, and each man is a slashing hawk in his own right. Crites, after a poor start at the platter has cracked out a homer in each game the past two Sundays.

Veteran Sammy Hale brings a classy bunch of semi-professional players here to defend a good record for the season. Many of the Oilers have seen considerable service in professional baseball, and every man is on proved ability. Sammy Hale once played major league ball for Philadelphia and St. Louis in the American loop.

Probable starting twirlers for the visitors in games this afternoon will be Bump Hadley and Lucky Coburn. Coburn pitched for Amarillo on its last appearance here. Tom Poynter is slated to catch one of both games.

Barring inclement weather officials expect a record crowd for the season. Bargain prices will prevail for the double header, with an advance over usual charges being made.

Mrs. Head Wins 3-2 Thriller For Rio Grand Golf Title

HARLINGEN, May 29. (AP)—Mrs. J. L. Head of Harlingen won the third annual Rio Grande valley women's golf tournament today by defeating Mrs. J. E. Posey of Brownsville, 3 and 2, in a 36-hole finals match.

The new champion went into an early lead of 6 up at the end of the first 18 holes. Mrs. Posey picked up 3 holes to pare the margin, but could not cope with Mrs. Head's steady approach shots and putts.

First flight honors went to Miss Mildred Goodrich, Brownsville, who won a 1 up over Miss Marion Williams, Harlingen. Mrs. Herman Bupp, Harlingen, won from Mrs. Claud Lisle 6 and 5, in the second flight play. Mrs. Roy Porter, Harlingen, defeated Mrs. R. H. Kerns, Mercedes, 1 up in 19 holes, in the third flight. Mrs. Mary Bier, Houston, defeated Mrs. R. E. Albert, Harlingen, 2 and 1, in the fourth flight.

Littlefield And Collegians To Tangle There Today

LITTLEFIELD, May 29. (Special)—The Littlefield Panthers tangle with the Collegians from Lubbock tomorrow afternoon at the local baseball park.

The Panthers got off to a bad start for the season, but Manager Dick Ratliff believes he has ironed out the flaws that cropped up in early games. A weak pitching staff has been strengthened.

The Lubbock nine is composed of star athletes from the Texas Tech campus.

NAVY OARSMEN WIN

PHILADELPHIA, May 29. (AP)—Navy finished with an undeniable rush today to retain its undefeated record by beating heretofore unbeaten Harvard by a quarter length in the Adams cup race. Pennsylvania was third.

orton And Coffey Westex Finalists; Full Field Ready For Speedway Race

Holton Drops arter-Finals Wichita Ace

(By The Associated Press)
WNWOOD, May 29—Morris of Wichita Falls, defending on, and Billy Bob Coffey, orth municipal titlist, clash ow in the finals of the West golf tournament.
n took out A. R. Holton of k, 3 and 2, in the quarter- and downed J. T. Hammett ng Star in the semi-finals, oday. Coffey defeated Bill Abilene ace, and went into als with a 1 up victory over Boyd, Brownwood school . 5 and 4.

MEADOWBROOK GOLF COURSE

SPORTOGRAPH by COLLIER PARRIS

BY HARRY GRAYSON, NEA SPORTS EDITOR
(Substituting For Vacationing Collier Parris)

NEW YORK, May 29. — The tragic accident that put Mickey Cochrane in the hospital with a fractured skull once more brings up the question: What to do about the so-called "bean" ball?

Unfortunately, the bean ball, or duster, in the case of most pitchers has been a definite part of the game ever since the catcher quit catching the pellet on the first bounce.

As Burleigh Grimes explains, it virtually is impossible for a pitcher to hit a batter who expects to be hit.

The bean ball victim usually loses track of the ball, or else the ball sails, as in the instance of Cochrane.

• • •

A number of great hitters have found it utterly impossible to get out of the path of a pitched ball. They appeared to be paralyzed as one sped toward them. The late Frank Chance and Jake Stahl were outstanding examples. Cochrane was hit before. Ray Chapman made no move to get away from the pitch the afternoon he was killed by a ball thrown by Carl Mays.

In the old days, batters frequently stuck their anatomies and heads in the way of pitched balls to get on base. Chance and Kid Elberfield were noted for this.

• • •

"Duster" Has Various Purposes

GRIMES and other pitchers point to a certain zone which hurlers may use with comparative safety in loosening up hitters. It gives batters time to get out of the way.

The duster is not always employed to frighten a batter, or chase a plate-crowder back.

It sometimes is used to get a right-hand hitter out of the catcher's way so that the catcher can better whip the ball to third base when a runner is getting too frisky. Similarly, when a runner on first is threatening to steal with a left-hand batter up.

Pitchers often throw behind a batter to break up a squeeze play, or throw the ball high and inside. Otherwise, the only ball that an accomplished batter couldn't handle would practically have to be a wild pitch.

• • •

It is easy to assume that every batter has a weakness and that if a pitcher has control all he has to do is pitch to this weakness to be effective. What beats this argument is that if a pitcher had perfect control he wouldn't hit a batter on the head.

Certainly, with the count three and two on Cochrane, Bump Hadley of the Yankees was trying to get the ball over the plate.

The effect of being struck on the head by a pitch depends entirely upon the individual. It ruined Ray Schmadt, an old Brooklyn first baseman; Chick Fewster, and some more, and left Sam West a bit gun shy of southpaws.

• • •

"Wild Enough To Be Effective"

ON the other hand, Tris Speaker came back to be as good or more formidable than ever after being out for 14 hours as the result of being struck by one of Jim Scott's hard ones. Speaker twice was the victim of bean balls. Spoke says that he didn't pull his head quite far enough in to avoid Scott's sailer, and that on the second occasion he stepped into a fast ball.

While loogans like Dizzy Dean should be kicked off the field for throwing at hitters such as he did following the recent Giant-Cardinal trouble in St. Louis, I doubt that a pitcher ever threw at a hitter with the deliberate intention of hitting him.

Walter Johnson beaned a played in his early days, walked the next three men, and couldn't pitch for a week.

• • •

It is said that they wanted Johnson to dust off Max Carey who was running wild in the 1925 world series, but the Big Train refused, Carey batted the Pirates to victory.

It is reported that they tried to get Carl Hubbell to bean Dean during the row at Sportsman's Park. Hubbell shook off Gus Mancuso twice and finally called him out on the diamond for a conference when it was aid that he told his catcher.

"Listen, Gus. I want to win, but not that badly."

Johnson didn't and Hubbell doesn't have to loosen up hitters to win.

But batters will continue to be hit by pitched balls as long as there is a saying that "the pitcher was just wild enough to be effective."

The wonder is that more batters aren't hit.

Track And Field Stars Of The United States And Latin America Will Vie In Pan-American Games In Dallas

BY FELIX R. McKNIGHT

DALLAS, May 27. (AP)—Skimmed off the top of Uncle Sam's better track and field nomads, 48 world, Olympic and national record-holders will wear the Stars and Stripes in the Pan-American games here July 15, 16, 17 and 18.

National A. A. U. Secretary Daniel J. Ferris today notified Bob Humphrey, director of the games, that those trackmen have indicated interest in making foreign tours this summer under the A. A. U. banner would be listed on the Yankee team.

Competition in both the National A. A. U. meet at Milwaukee, July 2-5, and the Pan-American games, will be necessary for track and field stars to get a ticket for the A. A. U. tour, Ferris said.

Already listed on the Pan-American team are such names as Don Lash, world's record holder for the two-mile run; Forest Towns, world's and Olympic hurdles record holder; Earle Meadows, Olympic pole valut king; Kenneth Carpenter, Olympic discus champion, and Matthrew Robinson, negro sprint ace.

Lanky George Varoff, the San Franciscan who came out of nowhere to set a world's pole vault record; Ben Johnson of New York, national 60-meter champion; Eulace Peacock, Philadelphia negro who has a 50 per cent hold on the world's 400 meter record; Elroy Robinson of San Francisco, recent winner of a 1,000 yard run in world record time, and Robert Osgood, who last week broke a world's high hurdle mark, are other team members.

Native Texans will be sprinkled on the team. Besides Meadows, the Fort Worth pole vaulting product, there will be Alton Terry of Abilene, national javelin king; the famed bespectacled Rideout twins—Wayne and Blaine—and their twin teammates, Delmer and Elmer Brown, sprinters, rom the North Texas Teachers' college at Denton.

New champions emerging from the National A. A. U. meet will be added to the Yankee squad, Ferris said.

The cream of South and Central America track and field performers have been chosen to contest the U. S. team. The South Americans will set sail from Brazil about June 12, headed for Dallas. Trackmen will be listed from Brazil, Argentine, Uruguay, and Peru.

The games will be opened with Olympic ceremonies July 15 with Postmaster General James A. Farley representing the United States government. All events will be held at night in the exposition's vast cotton bowl.

Field Will Roar Away Monday In Defy At Death

(By The Associated Press)

INDIANAPOLIS, May 29.—Thirty three kings of speed were ready tonight for the sound of the starting bomb which will send them away at 10 o'clock Monday morning (cst) in quest of $60,000 in prize money awarded at the annual 500-mile Indianapolis motor speedway race.

The two-week qualifying trials ended promptly at 4 p. m. today, with a full field of 33 starters and two alternates. There was one car on the track attempting to qualify when the trials ended. It was driven by Johnny Seymour of Detroit, but he was flagged down.

Snyder Breaks Records

Heading the list of qualifiers was Jimmy Snyder of Chicago, who won $2,000 in qualifying prizes by running 25 miles at 125.287 miles an hour.

The coveted pole position, however, was held by "Wild Bill" Cummings of Indianapolis, who qualified on the first day at 123.445 miles an hour.

The trials, which saw the highest speed in history at the Indianapolis track, resulted in the deaths of two racers. Both, George Warford of Indianapolis and Albert Opalko of Gary, were killed yesterday in separate accidents.

They Cheat In Face Of Grim Reaper In Race

NEW YORK, May 27. (AP) — A column of blood and oil—the death defying Indianapolis Memorial day auto speedway race and the people who see it.

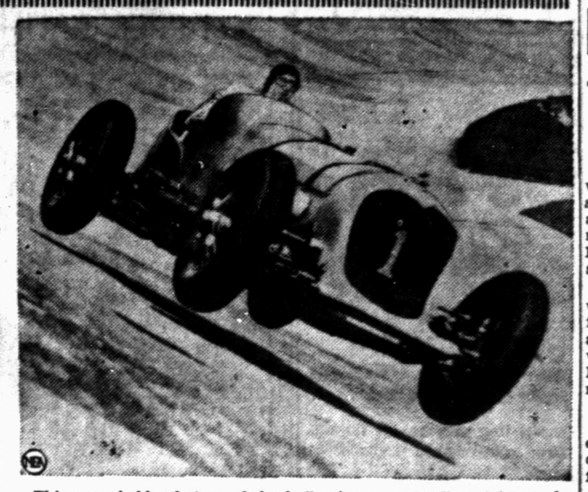

Speed obituary . . . Indianapolis speedway is the "Peacock alley" of death with reckless men actually doing their best to cheat in their flirtations with the grim reaper. Though 27 drivers and mechanics have been killed and scores injured in the race's 24-year history, speedway officials must be as vigilant as guards at a mint to enforce safety regulations.

Alarmed over fatalities, officials limited gasoline, installed safety aprons where the cars would skid down toward the infield, recovered dangerous parts of the track, erected electric warning lights and lectured th drivers. Even "outlaw gas" was outlawed again but despite it all, the reckless drivers get greater death-defying speed than ever as the boys do new things and tricks to the "innards" of their little speedsters.

Three-Day St. Louis Races In Clouds Ready To Begin

ST. LOUIS, May 29. (AP)—With motors of their racing and stunt planes tuned to perfection, a representative group of the nation's outstanding aviators were ready today to risk their lives for gold and glory in the three-day St. Louis air races and international aerobatic contests which commemorate the tenth anniversary of Col. Charles A. Lindbergh's New York to Paris flight.

Oh, It Floats Through The Air, Etc.!

This remarkable photograph is similar to many thrilling sights to be seen tomorrow in the annual Memorial Day auto race at Indianapolis, Ind. Note that all four wheels of the speeding machine are clear of the track.

Batsmen Tumble Before Withering Slants Of Major League Hurlers

NEW YORK, May 29. (AP)—The pitchers turned on the heat in the big leagues this week, and, although they failed to dislodge the current batting leaders, they had a lot of fun turning the first 10 set in each loop upside down.

Even Ducky Medwick of the Cardinals and Joe Cronin of the Red Sox, who are still in first place in their respective circuits, found the going tough during the seven day span ended with yesterday's games. Medwick dropped three points to .430, while Cronin, getting only five hits in 20 times at bat, fell 39 points to .404.

Joe DiMaggio Keeps Pace

Of the few batters who escaped the general letdown in averages, Jarring Joe DiMaggio of the world champion Yankees was easily the top clouter of the week. He collected 15 hits in 28 chances, something better than a .500 clip, to boost his averages 68 points to .364 and climb from 30th place to fifth. Bib Hank Greenberg of Detroit climbed from .317 to .349.

Standings of the first 10 in each league:

AMERICAN LEAGUE

Player, Club—	G	AB	R	H	Pct.
Cronin, Boston	25	99	21	40	.404

Fifth In Row Chalked Up By Red Sox Club

BOSTON, May 29. (AP)—Despite the five-hit pitching of Jimmy DeShong, the Boston Red Sox gained their fifth straight victory today by topping the Washington Senators, 4-2. Lefty Archie McKain started his first game of the season and was credited with the win.

Washington .... 010 001 000—2 7 1
Boston ..... 000 010 21x—4 5 1

DeShong and Hogan; McKain Wilson and Desautels.

Errors, Sington, McKain. Runs atted in, Simmons, Gaffke 2, Mills, Desautels. Two base hits, Hogan, Desautels. Three base hits, Myer, Simmons. Sacrifices, McNair, McKain. Left on bases, Washington 8, Sorrell 2 Walkup 1. Hits, off Coffman 5 in 1 1-3 innings; Russell 11 in 4 2-3 innings; Sorrell 5 in 2 innings; Wade 0 in 1 inning. Wild pitches, Walkup. Passed balls, Tebbetts 2, Hemsley. Losing pitcher, Coffman. Umpires, Kolls, Hubbard and Dinneen. Time 2:33.

American League

(Continued from Page 8)

Tigers with the bases empty in the ninth.

S. Louis ..... 151 020 130—13 21 0
Detroit ..... 201 002 202— 9 14 1

Walkup and Hemsley; Coffman, Russell, Wade and Tebbetts.

Error, English. Runs batted in, West 5, Walker 3, Davis 2, Clift 2, Vosmik 2, Greenberg 2, Goslin, Tebbetts, Herman, Rogell, Walkup. Two base hits, Goslin 2, Vosmik 2, West, Davis, English. Three base hits, Tebbetts, Greenberg. Home runs, Rogell, Walker. Stolen bases, Fox, Carey, Vosmik, Clift. Double plays, Carey, Knickerbocker and Davis; Rogell, English and Greenberg. Left on bases, Detroit 8, St. Louis 12. Bases on balls, Coffman 1; Russell 2; Sorrell 2; Wade 1; Walkup 4. Strikeouts, Russell 1;

Vaulting Twins Halted In Upward Flight At 14 Feet, 11 Inches As Trojans Win Pacific Title

(By The Associated Press)

LOS ANGELES, May 29. — Two world's records were bettered and seven meet marks went down today at University of Southern California's track and field squad won the Pacific Coast conference championships.

Eclipsing the Trojan's 55 to 54 victory over their rivals from Stanford university were the performances of Southern California's pole vaulting twins, Bill Sefton and Earle Meadows, and Washington State's mighty four-man mile relay team.

Standards Too Low

The Sefton-Meadows duo cleared the bar at 14 feet 11 inches and quit because the standards weren't fashioned to go higher.

The Washington State quartette of Jack Orr, Harry Nettleton, Lee Orr and Loren (Bill) Benko, running in that order, nosed out the Stanford team in the time of 3 minutes 12.3 seconds. A Stanford team ran the distance for a world mark in 3 minutes 12.6 seconds in 1931.

Two weeks ago Sefton and Meadows vaulted 14 feet 8 1-2 inches at Berkeley, bettering the mark hung up just a few weeks previously by Sefton alone at 14 feet 7 3-8 inches.

INJURED JOCKEY DIES

SAN MATEO, Calif., May 29. (AP)—Danny Summers, 23, of Halfway, Ore., died at Mills Memorial hospital today on a skull fracture received yesterday when his horse fell in the fifth race at Bay Meadows.

The Jesuits' order was founded in 1539.

Boston 8, Bases on balls, DeShong 6, McKain 3. Strikeouts, DeShong 4, McKain 1, Wilson 3. Hits, off McKain 7 in 7 innings; Wilson none in 2. Wild pitches, DeShong. Winning pitcher, McKain. Umpires, Ormsby and Owens. Time 1:53.

Cream o' Crop Really Doused Here Saturday

The cream of Southwest conference backs All-America Sammy Baugh of TCU—Saturday morning literally had plenty of cream.

Let the pretty waitress herself tell about it:

"I didn't know who he was. He sure is handsome. But he wasn't very social. Just sat there. Sure enough, the first time I ever did it, I started to put his coffee down and the cream, on the side of the saucer in its container, turned over—and on Sam Baugh.

"And I didn't know until he was gone who he was!"

Sam was here in connection with a baseball game he is to play at Amherst today. He will be in the Pampa lineup.

Pro Golf Association Will Pay Off Outstanding Debt

PITTSBURGH, Pa., May 27. (AP)—George R. Jacobus, president of the Professional Golfers association, announced today that $3,136 in unpaid checks due players for prize money in the Indianapolis open of 1934 would be paid by the PGA.

Al Espinosa won the event which called for a $1,000 purse. Others who will receive the checks immediately are Ky Lafoon, Paul Runyan, Denny Shute, Terle Johnson, Harry Cooper, John Revolta, Frank Moore, Jim Foulis, Frank Gelhot, Joe Kirkwood, Victor Ghezzi, Maurice O'Connor, Abe Espinosa and Leonard Dodson.

Facts Prove • • •
THE STANDARD OF QUALITY IS SET BY **SEIBERLING** STANDARD SERVICE TIRE!

• We are selling the Seiberling Standard Service Tire at second-line prices, yet we unhesitatingly say that this big husky tire, in most cases, is as good as competitive first-line tires!
The facts and figures prove that this new Seiberling tire has a greater cross-section, weighs more, has a deeper tread thickness, and a greater cord tensile strength than other competitive first-line tires.
Look at all the extra features you get then you'll demand Seiberling Standard Service Tires.

Rates Rules and Requirements of Classified Advertising Of The

Lubbock Evening Journal
Lubbock Morning Avalanche
Sunday Avalanche-Journal
(Saturday Morning)

All classified advertising will appear in both the Morning and Afternoon papers, both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion as the paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates

Minimum words per insertion 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 45c
These rates are for consecutive insertions only. Additional consecutive insertions over 30 times at 1½c per word each.

All out-of-town ads received by mail must be cash with order. No exceptions. "NO REFUNDS" on ad stopped after it has appeared in paper.

PHONE 13, 14, 15 OR 16

Our experienced ad taker will receive your ad and help you to word it then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rates.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 6:00 p. m. on week days and Saturdays.

For classified display advertising information—

PHONE 13, 14, 15 OR 16

TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 8 a. m. and before 5 p. m. to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of some other department.

A Plan For Employment

Most high school and college graduates are interested in employment and careers. But millions have the same goal. Those who would lift themselves above the crowd—who want to enhance their chances for employment and advancement—must prepare to serve more acceptably than the average. Because employers in all lines of business know that our students come here for one purpose—to prepare to serve them profitably from the beginning—we can usually place graduates promptly. Call, phone, or write for summer rates.

LEGAL NOTICES

39—Legal Notices

ORDINANCE NO. 564

AN ORDINANCE CREATING AND DEFINING PARKING METER ZONES IN THE CITY OF LUBBOCK, TEXAS, PROVIDING FOR THE INSTALLATION, OPERATION AND MAINTENANCE OF MECHANICAL DEVICES TO REGULATE PARKING IN SAID PARKING METER ZONES; PROVIDING FOR THE COLLECTION OF REGULATORY AND INSPECTION FEES FOR THE USE OF SUCH DEVICES; PROVIDING FOR THE DEPOSIT OF SUCH FEE BY THE CITY TREASURER IN A SPECIAL FUND, PROVIDING FOR THE METHOD AND PURPOSE OF DISBURSEMENT OF SAID FUND; MAKING IT UNLAWFUL TO USE THE STREETS OR PORTIONS OF THE STREETS SO DESIGNATED FOR PARKING EXCEPT THROUGH USE OF PARKING METERS; DEFINING WHAT ACTS SHALL BE UNLAWFUL AND FIXING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE, AND REPEALING ORDINANCE NO. 558 AND ALL ORDINANCES AND PARTS OF ORDINANCE IN CONFLICT HEREWITH.

Whereas, because of the crowded and congested condition of certain streets in certain sections of the City of Lubbock the free moving of traffic in the downtown business area is congested and impeded, and,

Whereas, previous attempts to regulate the parking of vehicles in the aforesaid area have not been as successful as is desirable for the safety and welfare of the public, and because of the small number of traffic policemen available therefor, and because of the size of the aforesaid area; and,

Whereas, because numerous operators of motor vehicles, taking advantage of the above named situation by parking for unreasonable long periods of time in close proximity to other vehicles so parked on the most congested parts of the City's business streets, tends to further impede traffic and in addition thereto is unfair to business interests in such area and to motorists, and constitutes a danger to the life, limb and property of motorists and pedestrians; and,

Whereas, such traffic conditions require limited parking in certain areas of the City of Lubbock, and enforcement of such limitation through the present means and methods, is expensive, inadequate and unsatisfactory; and,

Whereas, it is advisable to employ some mechanical assistance in the enforcement of said parking limitation, and in the opinion of the City Commission, the most satisfactory way by which the above conditions may be remedied is by the designation of individual parking spaces in said area and by porviding for the use of mechanical parking time indicators or meters in conjunction therewith, by restricting parking in said area to reasonable intervals of time, and by compelling the operators of vehicles who enjoy the use of the parking spaces so designated to pay a portion of the cost of the establishment and maintenance of the same, and for the purpose of regulating and controlling the same;

Now, therefore, be it ordained by the City Commission of the City of Lubbock, Texas:

SECTION 1

That in the construction and application of this ordinance the following definitions of words and phrases shall be adhered to:

(a) The word "vehicle" as used herein shall mean any device upon or by which any person or property is or may be transported upon the highway, street or road except those operated upon rails or tracks.

(b) The word "park" or "parking" when used herein shall mean the standing of a vehicle, whether occupied or not, otherwise than a temporary stopping of such vehicle for the purpose of and while actually engaged in loading or unloading passengers or merchandise, or an involuntary stopping of the vehicle by reason of causes beyond the control of the occupant of the vehicle.

(c) The word "parking space" as used herein shall mean the space or section of the street adjacent to the curbing, and bounded and indicated by lines or metal markers upon the surface of the street extending from the curbing into the street adjacent to and adjoining a parking meter.

(d) The word "loading zone" when used herein shall mean the space or section of the street adjacent to the curb, set aside for the exclusive use of loading or unloading passengers, supplies or merchandise.

(e) The word "person" when used herein shall mean any individual person, firm and-or corporation.

SECTION 2

That in order to avoid traffic congestion and to regulate traffic and the parking of vehicles in the parts of the streets in the City of Lubbock, Texas, described in Section 23 of this ordinance and hereby established and created as parking meter zones, and in such other parking meter zones as may be hereafter created by ordinance of the City of Lubbock, said city shall cause to be installed parking meters, and shall cause parking meter spaces to be designated and identified in accordance with the provisions of this ordinance. Said parking meters are to be paid for exclusively from the receipts from said meters. The City of Lubbock is in no way obligated to pay the purchase price of said meters out of any funds, moneys or revenues of the City of Lubbock, except from the receipts received by said City from the operation of said meters as herein provided. The funds here authorized to be paid as a purchase price of said meters shall never be considered in determining the constitutional statutory or other legal limitations imposed upon the City with respect to its power to create debts.

When parking meter spaces are indicated by metal markers upon the surface of the streets in said parking meter zones, as herein provided, and when parking meters are installed adjacent to or adjoining said respective parking spaces, no vehicle shall remain parked within any of said spaces within the zone or upon any of the portions of the streets described in Section 23 of this ordinance for a longer continuous period than 120 minutes at any time, between the hours of Nine o'clock a. m. and six o'clock p. m. on any day except Sundays and holidays officially designated by the Board of City Commissioners of the City of Lubbock, Texas.

SECTION 3

That such parking meters shall be placed on the curb adjacent to, along side of and adjoining individual parking space to be identified and designated as herein provided. Each said parking meter shall be situated on the curb as to show and display a signal that the parking space adjacent to and along side of said parking meter is or is not in use as the case may be.

SECTION 4

That when parking meters shall have been so installed as provided for herein, that regulation, control, operation and use provided for herein and the maintenance of said parking meters shall be vested in the City Commission of the City of Lubbock, Texas.

SECTION 5

That said parking meters shall be so situated and placed as to display a signal showing legal parking within the adjacent and adjoining parking space, upon the deposit in said meter of a five-cent coin of the United States of America for a period of time as herein set out and established for the part of the street designated as a parking space, adjacent to and adjoining which said meter is placed, which said parking space shall be identified and designated by proper markings as herein provided. Each meter shall, by a mechanical device, begin and continue in operation from the time of the deposit of such five-cent coin therein until the expiration of the parking period as fixed by the ordinance of the City of Lubbock, Texas, as the parking limit for the part of the street adjacent to which said meter is located.

Each meter shall be so mechanically adjusted and arranged that upon the expiration of the time of said parking limit for such parking space, such meter shall indicate by a mechanical operation and the showing of a proper signal that the lawful parking period for such parking space adjacent to said meter, as herein provided, has expired.

SECTION 6

That when any vehicle shall be parked in a parking space, as herein provided, along side of, adjacent to or adjoining a parking meter, which is located under this ordinance, the owner, operator, manager or driver of said vehicle shall, upon entering said parking space, immediately deposit a five-cent coin of the United States of America in the parking meter along side of, adjacent to or adjoining said parking space, and said parking space may then be lawfully used by such vehicle for the purpose of parking during the parking limit provided for by the ordinance of the City of Lubbock, Texas, for the portion of the street on which said parking space is located.

SECTION 7

That if a vehicle shall remain continuously parked within a parking space for a period of time longer than the parking limit for such parking space fixed by the ordinances of the City of Lubbock, Texas, the parking meter located along side of, adjacent to or adjoining said parking space shall be so mechanically adjusted that at the expiration of the parking limit, such meter shall immediately display a sign or signal showing illegal parking and in that event such vehicle shall be considered as parking over time and beyond the limit fixed by the ordinances of the City of Lubbock. The parking of a vehicle over time, or beyond the period of time fixed herein or to be fixed hereafter by the ordinances of the City of Lubbock for any such part of the street wherein such meter is located, shall be considered a violation of the ordinances of the City of Lubbock, Texas, and shall be subject to the penalties provided for by said ordinances for such offense.

SECTION 8

That in parking meter zones all vehicles shall be parked at an angle of 45 degrees to said parking meter, and the front of said parked vehicle shall point toward said parking meter, and the said parking space shall be marked by metal markers or lines on the curb and-or the street that is along side of each parking meter to designate the parking space for which said meter is to be used within the lines or markings so established.

SECTION 9

The City of Lubbock, Texas is hereby authorised to establish, designate and identify by appropriate markings upon the surface of the streets within said parking meter zones such "loading spaces" as are, in the opinion of the Board of City Commissioners of the City of Lubbock, Texas, necessary for the conduct of business within said city, and parking meters shall be omitted from such loading zones. Such loading space shall be adjacent to the curb. No person shall stand or park a vehicle in any loading space for the purpose of loading or unloading passengers for a period of time in excess of three minutes. All loading or unloading of merchandise in said loading space must be performed in an expeditious manner and no vehicle shall remain in a loading space for a longer period of time than reasonably necessary to expeditiously load or unload merchandise from such vehicle, nor while the operator thereof is soliciting or engaged otherwise than in loading or unloading such vehicle, except that a reasonable time shall be allowed to the operator of such vehicle for securing a receipt of delivery. All other parking within said loading zones is hereby declared unlawful, and a violation of this ordinance.

SECTION 10

That it shall be the duty of each traffic or other city officer to make a written record of the number of any parking meter at which any vehicle is illegally parked as provided by this ordinance, and to make at the same time a written record of the State license number of such vehicle, and such officer shall promptly report the same to the Police Department, and shall promptly file a legal complaint of any violation of this ordinance, said complaint to be in the form as provided by the laws of the state of Texas and by the Ordinances of the City of Lubbock, Texas, and said police officer shall, at the time he makes the written record of the State license number of said vehicle and the number of the parking meter, make a duplicate of such record upon a card to be furnished him by the City of Lubbock, Texas, this duplicate card to be placed in a conspicuous place on the windshield of any automobile or upon the front of any vehicle so illegally parked. The original of this ticket to be filed with the Recorder of the Corporation Court and permanent record thereof shall be made by the Recorder of said Court.

SECTION 11

That the City Commission of the City of Lubbock, Texas, shall designate an employee or employees who shall place and maintain under the supervision of the City Commission, painted lines or metal markers on the curb and on the surface of the street adjacent to and adjoining the location of each parking meter, to designate and identify the parking space for which said parking meter is to be used.

SECTION 12

That no parking of vehicles shall be permitted in the reserved space adjacent to or adjoining a fire plug within any parking meter zone designated in this or other ordinances of the City of Lubbock, Texas. No parking of vehicles shall be permitted within reserved spaces in any parking meter zone as herein designated adjacent to any hotel entrance or theater entrance, except for the sole and only purpose of promptly loading or unloading passengers in said portion of said streets. Provided however that the provisions of this section of this ordinance shall not apply to vehicles of the police or fire department of the city of Lubbock, Texas, while in the discharge of their official duties.

SECTION 13

That it shall be unlawful and an offense to park any vehicle across or upon any line or metal markers designating or identifying a parking space or to park a vehicle in such a manner that the same shall not be entirely within the area so designated by such lines or metal markers identifying and designating said parking space.

SECTION 14

That it shall be unlawful and an offense for any person, firm or corporation operating a vehicle to cause or permit to be parked any vehicle, whether occupied or unoccupied, upon any portion of the streets of the City of Lubbock, Texas, designated in this ordinance as a parking meter zone, between the hours of Nine o'clock a. m. and Six o'clock p. m., except within the parking meter spaces designated by the marks and lines as parking meter spaces adjacent to or adjoining said parking meter. This provision of this ordinance shall not apply on Sundays or holidays officially designated as such by the City Commission of the City of Lubbock, Texas.

SECTION 15

That it shall be unlawful and an offense for any person, firm or corporation operating a vehicle to remain standing or parked upon any of the streets within any of said parking spaces within the parking meter zone designated in Section 23 of this Ordinance for a longer continuous period than 120 minutes at a time between the hours of Nine o'clock a. m. and Six o'clock p. m. of any day except Sunday and holidays officially designated by the City Commission of the City of Lubbock county, Texas.

SECTION 16

That it shall be unlawful and an offense for an person, firm or corporation operating a vehicle to park or permit to be parked or remain standing any vehicle upon any street within any parking meter space in the city of Lubbock, Texas, as designated in this ordinance, between the hours of Nine o'clock a. m. and Six o'clock p. m. on any days except Sunday and holidays designated by the City Commission of the City of Lubbock, Texas, unless the person in charge of said vehicle shall immediately upon entering said parking space, deposit in the parking meter adjacent to, adjoining or along side of said parking space a five-cent coin of lawful money of the United States of America, thereby causing such parking meter to display a sign or signal for the period of legal parking within said parking meter zone.

SECTION 17

That it shall be unlawful and an offense for any person to permit a vehicle to be or remain in any parking space adjacent to, along side of or adjoining which said parking meter is located, while said meter is displaying a signal showing that a vehicle has already been parked in said parking space for a longer period of time than the parking limit provided for in this ordinance for said parking meter zone within which said parking meter is located.

SECTION 18

That it shall be unlawful and an offense for any person to deposit or cause to be deposited in the parking meter within any of the parking meter zones as herein established a five-cent coin of the United States of America for the purpose of extending the parking time of the vehicle occupying said parking space beyond the period of time fixed by this Ordinance as the parking limit for the parking meter zone within which said parking meter is located.

SECTION 19

That it shall be unlawful and an offense for any person, firm or corporation to allow, permit or suffer any vehicle registered in his, her, their or its name to be parked over time, or for a longer period of time continuously in said parking space than the parking limit provided for by this ordinance for the parking meter zone within which said vehicle is so parked.

SECTION 20

That it shall be unlawful and an offense to deposit or cause to be deposited within any parking meter any slug, device or substitute for a five-cent coin of the United States of America.

SECTION 21

That it shall be unlawful and an offense to deface, injure tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter installed under the provisions of this ordinance.

SECTION 22

That any person, firm or corporation who shall violate, or aid or abet another to violate any of the provisions of this ordinance shall upon conviction be deemed guilty of an offense and shall be fined in any sum not to exceed $100.00.

SECTION 23

That a parking meter zone is hereby designated and established in the City of Lubbock, Texas. Said parking meter zone shall embrace the following streets in the city of Lubbock, Texas, to-wit:

The south side of Broadway street from Avenue H to Texas Avenue; both sides of Broadway Street from Texas Avenue to Avenue L; the north side of Main Street from Avenue H to Texas Avenue; both sides of Main Street from Texas Avenue to Avenue J; both sides of Texas Avenue from Thirteenth Street to Broadway; the west side of Texas Avenue from Broadway to Main Street; both sides of Avenue J from Thirteenth Street to Main Street.

SECTION 24

It shall be the duty of the City Manager to designate some employee or employees of the City of Lubbock to make daily collections of money deposited in said meters. Such person so designated shall take from said parking meters the sealed cylinder containing the coins as deposited in the meters and deliver such cylinders with the seals unbroken to the City Manager. It shall be the duty of the City Manager to break or cause to be broken the seals and count the money and deposit same to the credit of the city of Lubbock in a special fund to be called "Parking Meter Fund," which said fund shall be disbursed on the order of the City Commission. The duties prescribed to the employee or employees of the city of Lubbock under the terms of this section of this ordinance shall be in addition to their regular duties which they are now performing.

SECTION 25

The five-cent coins required to be deposited in the parking meters as provided herein are hereby levied as a police regulation, supervision and inspection fee to cover the cost of inspection, supervision and regulation involved in the installation, operation, upkeep and maintenance and the use of the parking space and parking meters described herein, and involved in checking up and regulating the parking of vehicles in the parking meter zones created hereby.

SECTION 26

That ordinance No. 558 and all other ordinances and parts of ordinances inconsistent or in conflict with any of the terms or provisions of this ordinance are hereby expressly repealed.

SECTION 27

That if any section or provision of any part of this ordinance shall be adjudged invalid and unconstitutional by a court of competent jurisdiction, such adjudication shall not affect the validity of this ordinance as a whole, or any section, provision or part thereof not so adjudged invalid or unconstitutional.

SECTION 28

Whereas, the City of Lubbock does not have a police force in sufficient numbers to adequately control the parking and traffic of motor vehicles upon its public streets; and whereas, the parking meter zones hereinbefore described in this ordinance there exists a highly congested condition of traffic; and whereas, in said area many people drive their cars to town in the early morning, park them on the streets and leave them parked for the entire day; and whereas, such practice prevents and prohibits others from an equal use of parking spaces in said area; and whereas, said congested traffic conditions on the streets in the area above set forth as a parking meter zone has created a traffic hazard; and whereas, the above matters constitute a public emergency, which public emergency is hereby declared, and creates an imperative public necessity that this Act take effect from and after its passage and the publication of same for one time in a newspaper of general circulation published in Lubbock county, Texas, and it is so ordered.

Passed and approved this 29th day of May, A. D., 1937.

ROSS EDWARDS, Mayor.

ATTESTED:
LAVENIA WILLIAMS,
City Secretary.

I, Lavenia Williams, City Secretary of the City of Lubbock, Texas, hereby certify that the foregoing is a true and correct copy of Ordinance No. 564 as passed by the City Commission of the City of Lubbock, Texas on the date above shown and of record in the Minutes of the City Commission of the City of Lubbock, Texas.

LAVENIA WILLIAMS,
(Seal) City Secretary.

Exams Are To Be Concluded

With conclusion of their examinations this week, students of Texas Technological college will return to their homes over Texas and in other states, but will scarcely vacate dormitories before arrival of summer school students.

Examinations concluding the long session will end at 5 o'clock Thursday afternoon and registration for the first summer term will be held the following Monday. Dates of summer terms are June 7 to July 16 and July 19 to Aug. 25.

Final Classes Held

Final classes of the long session were held Wednesday and examinations began Thursday. Many students will complete their tests before conclusion of the examination period.

Registrar W. P. Clement said Saturday that the regular registration procedure for summer school will be followed. Registration will be conducted from 8 a. m. to 5 p. m. Students will begin the procedure in the administration building, then will report to their various deans.

Classes of the first summer term will begin at 7 o'clock June 8.

Calendar Announced

The summer school calendar includes: June 11, 8 p. m. all-college mixer for students and faculty; June 12, 8 p. m. open house by churches for summer school student. July 5, holiday, college-sponsored trips to Carlsbad caverns, Grand canyon, Greater Texas and Pan-American exposition at Dallas, Palo Duro canyon, and other places; July 15-16, examinations; July 19, registration for second term; July 20, second term classes begin; July 25-28, rural pastors' short course; Aug. 24, summer school commencement exercises; Aug. 24-25, examinations ending second term.

All-Day Meeting Is Planned At Shallowater Today

SHALLOWATER, May 29. (Special)—The fifth Sunday singing convention of Lubbock county will hold an all-day meeting today at the Shallowater club house.

Clyde Burleson, of this city, will direct the day's activities. The first session will be this morning at 10 o'clock. There will be a basket dinner contributed by each family who attends the services, Burleson said.

Vacation Days Only Mean Further Work For Some Students In Rural Schools

Closing of school affects only some students.

Some will attend summer terms.

And there are those who attend school 12 months in a year, figuratively.

Vocational agriculture students of rural high schools will find their vacations crammed with work on projects they have elected — and their instructors in that department will be no less busy.

Each Has Projects

Take the case of Frenship school, for instance, and its instructor, L. M. Hargrave, and his students.

Each boy has projects, ranging from one to three and averaging two and one-half. They will be concerned with cotton, grain sorghums, pigs, and calves. Regular reports must be made. There is equipment to "straighten up in the department" and maintenance work to be done, such as keepin galive trees and shrubbery planted earlier.

Two boys, Chesley and Bennie Bob Hobgood have purchased six calves, four of them Herefords from the Lynn McClellan ranch north of Odessa and two Aberdeen-Angus calves from the Hill ranch near San Angelo.

To Purchase Calves

In addition, Hargrave, Homer Thompson, assistant agricultural agent, and C. T. Potts, sr., will go to Silverton June 3 and 4 to purchase calves for 4-H club boys.

Area vocational agriculture teachers will conduct a conference at Lubbock the second week in August, and Hargrave and approximately 10 of his students will go to Huntsville June 28 and 29 for a state leadership FFA contest.

"And that schedule probably is indicative of the program planned by other schools of the county," said Hargrave.

Mayor Harry Wooding of Danville, Va., is 93. He has been mayor 45 years.

Application For Will Probate Is Filed Here Saturday

Application for probate of the will of Mrs. Mary Jane Pace, pioneer Lubbock resident who died May 14, and appraisal report of the estate of A. J. Brooks, who died April 3, 1929, were on file in the office of Ed D. Allen, county clerk, Saturday.

Mrs. Pace's will divides an estate valued at approximately $3,000 into five equal shares, one each to four surviving children and the fifth divided equally among the four surviving children of a daughter. Those receiving a full share are O. D. Pace, named executor without bond, J. P. Pace, Mrs. Minnie D. Parks and Mrs. Carrie L. Childress. Grandchildren are Thelma, Lois, Lloyd and Ellis Smith, children of the late Mrs. Nellie M. Smith.

Appraisers of the Brooks' estate, on which a value of $5,345 is placed, were S. E. McMillan and Bryan B. Dillard. Mr. Brooks' survivors are his widow, Mrs. Rittie Brooks, and 13 children, of whom several still are minors.

Bolivia's war contract investigation threatens to shake the country.

MAKE CLEVER NEW Vacation COSTUMES FROM THESE SMART

COTTONS

Public Wedding Set Wednesday

A public wedding ceremony will be conducted at 8:45 o'clock Wednesday night on the stage of the Palace theater, and an unannounced "popular couple" will receive at least 30 gifts from merchants who annually contribute to the custom.

The couple will be called the city's "official June bride and groom."

Gifts Are Promised

Participating merchants and their gifts:

Levine's, pair of shoes for the bride; Jarett's Cinderella shop, bridal dress; Good Eats bakery, wedding cake; Ribble's, flowers for stage and corsage; Stephens' Dry Goods Co., suit for the groom; Sears, Roebuck & Co., stage furnishing and an occasional table for the couple; Meinecke Brothers hardware, $20 credit on a new refrigerator; Hub Clothiers, pair of shoes for the groom; Hilton hotel, bridal suite and breakfast in the coffee shop; Co-Ed Beauty shoppe, beauty work for the bride; Clark's Drug store, traveling case and makeup kit; Kuykendall Chevrolet Co., transportation in a new automobile; Hanna-Pope Department store, lingerie for the bride; Walton's Men's shop, Pajamas for the groom; Brown's Hat shop, hose; Sansom Paint shop, art photo; Baker Furniture Co., rug; Sweetbriar shop, purse; Mark Duncan Drug store, automatic toaster; Terry-Childress Hardware Co., a coffee pot; Southern Auto Parts Co., a 24-piece set of dishes; Ed D. Allen, county clerk, the marriage license; Grollman's, purse; Anne Ford's shoppe, blouse; Penney's a shirt; Crook's Ready-to-Wear, lingerie for the bride; Tech cafe, $5 meal ticket; Barrier-Durham, an imported bedspread; Hackel's Ready-to-Wear, a hat, and the Vogue, a blouse or a pair of hose.

New Feature Being Offered By KFYO

With the roar of an airplane in a 10,000-foot power drive, "Bill, Mack and Jimmy," new juvenile radio feature, will come to KFYO listeners for the first time Monday morning at 8:15 o'clock.

Although new to the Avalanche-Journal station, the feature has played on approximately 100 stations and created listener records with millions of boys and girls all over the United States.

Bill and Mack are two war-time aviators who served together in the World war. Jimmy, a 13-year old youngster, full of fire, life and enthusiasm, has been adopted by Bill and Mack, and they take him to the Belgian Congo, India, and the Mystic Isle of Philao. They visit the city of buried kings, fight with the Ivory Raiders and assist the Belgian Congo government to curb the Ivory Raider's slaughter of the elephants for their ivory. They visit Morocco, where they have a most thrilling experience when they join with the French Foreign Legionnaires in a battle with the Riffs.

This serial story is packed with thrills, excitement, and Bill and Mack's many romances with their girl friends are certainly worth mentioning. "Bill, Mack and Jimmy" is full of educational features as all of the customs and habits of foreign countries and the people are portrayed with painstaking accuracy.

The only 10,000-foot power dive, taken from Howard Hughes' picture "Hell's Angels" has been used exclusively as the signature for "Bill, Mack and Jimmy."

The program will be a daily feature over KFYO every morning at 8:15.

Bogota, Colombia, is building cheap homes for municipal workmen.

Cleanup Drive Closed Here

The cleanup campaign [illegible] those who directed it were [illegible] beginning today of the nine [illegible] period of waiting before the [illegible] learn whether Lubbock has [illegible] for the eighth consecutive [illegible] trophy awarded annually [illegible] Texas city with the best record [illegible] the year in drives of that type.

The trophy, a large loving cup offered by the national [illegible] paintup council, a committee which at Washington, D. C. decide the winner. Usually award is made about March 1 [illegible] year.

More Extensive Scale

In spite of the fact that this paign just completed has been more extensive scale than any ceding it, there was no feeling certainty at the chamber of merce that Lubbock once more won. The competition has steadily keener as years have ed, it was explained, and not of cities in the state are stage their drives. Some [illegible] will not be held until fall, they will have the advantage definite mark—that of Lubbock which to aim.

Although the drive itself has completed, the most tedious [illegible] the work is yet to be done, ing to Asa W. May, general man of the campaign. Detailed records, covering every phase the activities during the drive listing many thousands of separate items will be compiled and mitted in bound form to the national committee.

List Accomplishments

Those records will list in the part played by all those have assisted in the drive. Among them will be school pupils who ried appeals into individual homes and obtained pledges of cooperation; women of the Federation of Women's clubs who made inspections; Boy Scouts who inspected back yards, alleys and conducted their annual nail gathering drive; the city official activity in providing home owners with detailed information as to handling of garbage; cooperation of city sanitation department in employing additional men to expedite handling of rubbish and garbage, and the voluminous literature, posters and placards put on display during the drive.

The report will show, among other things, that approximately 100 percent more improvement [illegible] was done this year than last, which until now, was a record, even for Lubbock. The gain is in practically every phase of a campaign of this kind, and has been especially true, officials said, in increased planting of trees and shrubs designed to add permanently to the beauty and value of property.

"Lubbock is winner, regardless whether it wins the trophy," said May. "Just what the value may be in dollars and cents no one can say. But there can be no question that the cleanup drive will have prevented sickness, fires, and [illegible] accidents which otherwise would have occurred."

General Motors To Have Display Here

Letter advising that the "P[illegible] of Progress," sponsored by General Motors and including among thousands of exhibits the latest in science and invention have been covered, will be in Lubbock some time in December was received by the chamber of commerce today.

Described as wholly unique, the caravan is made up of more than 40 trucks, some of which are the largest ever built. Aboard are exhibited the wonders of modern science.

George P. Kuykendall, head of Kuykendall Chevrolet company here, the chamber of commerce officials of the science department of Texas Technological college, who they have been attempting for weeks to have Lubbock included on the itinerary of the caravan which visited Big Spring several months ago.

Shallowater Grange Chapter To Gather On Tuesday

SHALLOWATER, May 29 (S[illegible] The Shallowater chapter of the National Grange will meet at 8 o'clock Tuesday night at the Shallowater club house in their regular meeting with Bob Crump, master of the local chapter, presiding.

Crump said that it was important that affiliates attend the meeting that would deal with consideration of the year's program.

Numerous Courtesies Are Extended Tech Seniors

The Woman's Angle

by Margaret Turner

TODAY is Memorial Day. What does that mean to us? As we remember the cemeteries where small white slabs mark rows and rows of veterans' graves, cannot we re-dedicate our efforts to determine that we shall never engage in another war?

Aldous Huxley, novelist and essayist, is devoting his life to studying the causes of war and from them he hopes to evolve a philosophy of peace. He believes that peace now is an idea, a hope, rather than a vital philosophy. He points out there are hundreds of peace societies, all working to prevent war but working individually and with somewhat different aims. But the makers of war, the munitions makers and the military, they have a philosophy and a central drive, and they get PAID for their job.

The workers for peace, on the other hand, are usually tired people, tired from their day's work in other walks of life. They devote their evenings and their holidays to the cause of peace, but they do not earn their livelihood by working for it.

• • •

ONE MAN'S SUCCESS

YOU may have read in last Thursday's paper of the designs of Howard Cook of New Mexico being chosen from among 185 anonymous contestants for four mural paintings for the foyer of the San Antonio post office and court house. The artist, whose home is at Ranchos de Taos, will receive $12,000 for his mural paintings, which will be executed in fresco.

What you probably did not know (we didn't until informed in a letter from Congressman George Mahon) is that Cook worked for two months 13 hours a day in preparing his work for the contest. He told about it at a luncheon in Washington last week. Mr. Mahon said it was refreshing to him to learn of a fellow who would work for two months for long hours just for the chance of a job. He submits this an example for one of those golden opportunity talks we'll be hearing during graduation time.

• • •

This was considered the most important national competition which the section of painting and sculpture and of the Treasury Department procurement division has held. Over 6,000 artists were invited to compete and those who submitted paintings had to acquaint themselves with a knowledge of the history involving the Alamo and characteristic types of American people of the Southwest.

We have heard criticism of this method of selecting artists; the statement being made that too much time and energy is wasted by those whose work is refused. We'll grant you there is a waste where actual dollars and cents are concerned but what of the experience the artists gain? Art is life and in this game we're playing not all can be winners out with the sky the limit who can deny that the race isn't worth entering?

SCATTERINGS

BRIGHTLY colored hose are the newest style rage . . . The first name of Marlene Dietrich is really Mary Magdalene. She contracted the two names into Marlene when she went on the stage. . . . O. O. McIntyre, New York columnist, consistently turns down offers for radio and the movies . . . The Keys quadruplets are to be graduated from Baylor university, Waco, in June. They are the first quads in the world to receive college degrees . . . A nice gift we received this past week was a copy of "Verses I Like," being an anthology of poems collected by Major Bowes. . . . A young man watching the Coronation procession succeeded in bluffing British broadcasting officials to give an eye witness account of the parade as it approached Buckingham palace. Although he was expecting the real commentator to arrive any minute, he succeeded in attempting the broadcast, being realized an imposter when he repeated several times "how difficult it is to describe the scene in words." . . . How can you use cherries besides the age-old pie recipe? A reader asks our help and we in turn appeal to other readers.

• • •

AN INTERESTING SPEAKER

IF you have a spare hour Monday afternoon you cannot spend it wiser than in hearing Miss Mayme Alexander, visiting teacher in the Lubbock Public schools, lecture before the church Federation at the First Christian church on "Juvenile Delinquency." The meeting will be at 3 o'clock.

Miss Alexander is thoroughly acquainted with her subject and is a versatile and interesting speaker. We heard her hold an audience spell-bound for almost an hour one night as she described cases of so-called "problem" children and explained the need of rehabilitation in their homes. She isn't sensational and she doesn't tell tear-jerking tales, but she does know and tell case studies that may cause you to lose a few hours of sleep when you realize they are evident right here in our own city.

Patio Is Scene Of Reception On Friday

LONG remembered will be the whirl of events of the past weekend in the minds of several hundred senior students of Texas Technological college.

The largest senior reception in history took place Friday night in the patio of the home of Dr. and Mrs. Bradford Knapp on the college campus. At least two hundred fifty students were present. Many of their parents also attended, Doctor Knapp said.

In the receiving line were Doctor and Mrs. Knapp, Dean and Mrs. A. H. Leidigh, Mrs. J. M. Gordon, Dean and Mrs. O. V. Adams, Dean Margaret W. Weeks, Dean Mary W. Doak, Mr. and Mrs. W. T. Gaston, Mr. and Mrs. W. P. Clement, Mrs. Roscoe Wilson and Spencer A. Wells.

Miss Knapp Serves

Refreshments were served from two tables on the patio by Miss Virginia Knapp and a group of college undergraduate women students.

Senior students of the division of engineering were honored at a traditional breakfast given Saturday morning at Seaman hall by O. V. Adams, dean, and department heads of the division. About 60 persons attended.

O. A. St. Clair was toastmaster for a program which included talks by the following representative senior students:

Joe Mapes, civil engineering; Joe Caldwell, electrical engineering; Joe Elder, architectural engineering; Miss Esther Jones, commercial arts; Robert Houston, mechanical engineering; Dysart Holcolmb, chemical engineering; Leo Trimm, textile engineering, and Raymond Lamb, geological engineering. The talk by Miss Jones was the first time a woman student ever appeared on a division breakfast program, J. H. Murdough, general chairman of arrangements, said.

Doctor Knapp and Dean Adams addressed the group briefly. Mr. Wells was a special guest.

Mr. Murdough was assisted by C. V. Bullen on the arrangements committee.

Teachers Are Hostesses

Teachers in the Texas Technological college division of home economics entertained with a luncheon Friday noon in the north ballroom of Hotel Lubbock, as a courtesy to June and August graduates of the division.

The table was decorated uniquely with blooming cactuses in flat, green and yellow pottery dishes, and bowls of yucca. Plate favors were boutonnieres of nigger heads, garaldia and other wild flowers.

As a program feature, the hostesses arranged for an "astrologer" to "broadcast," from behind a curtain, fortunes of the honorees, question and answer method.

Guests, other than the honorees, were Mrs. Clarence Whiteside of New York City and Miss Esther Sorensen, district supervisor of homemaking education. Fifty-eight persons attended.

Leidighs Will Entertain

As an annual courtesy to graduating members of the agricultural division, Texas Technological college, Dean and Mrs. A. H. Leidigh, 2101 Seventeenth street, will entertain with a reception at their home this afternoon from 4 until 6 o'clock.

The agricultural office staff, alumni, seniors and their families and friends have been invited.

Dean and Mrs. Leidigh will be assisted in receiving by the agricultural division faculty and their wives.

Special guests will include Dr. and Mrs. Bradford Knapp, Mr. and Mrs. R. A. Mills, Dr. and Mrs. E. L. Reed, Dean and Mrs. James M. Gordon, Dean and Mrs. O. V. Adams, Mr. and Mrs. W. P. Clement, Mr. and Mrs. W. T. Gaston, Dr. E. L. Thompson, Mrs. Mary W. Doak, Miss Margaret W. Weeks and J. Sam Lewis.

Gleaners Class Cabinet Has Luncheon Meet Friday

Cabinet members of the First Baptist Gleaners class met at the activity center Friday afternoon for a monthly luncheon and business discussion. The teacher, Mrs. R. S. Wilkinson, was unable to attend because of illness.

The table was decorated with spring flowers. Hostesses were Mesdames Harry Hunter, John A. Porter and Bode S. Adams.

Miss Lois Hinson, secretary to the Rev. C. E. Hereford, was a guest. Others attending were Mesdames W. D. Girand, jr., O. D. Elliott, Tom Carter, Bert Pinson, A. Sansom, H. L. Allen, R. E. Boren and R. L. Stokes.

SOCIETY TO MEET

The Central Baptist Dorcas society will meet at 2:30 p. m. Wednesday in the home of Mrs. A. J. Campbell, 1812 Avenue O.

Wedding Is Told

MRS. CECIL L. WOLFE

THE wedding of Miss Alma Lee Hankins, above, daughter of Mrs. L. B. Hankins, 1721 Twenty-seventh street, and Cecil L. Wolfe, son of Mr. and Mrs. J. L. Wolfe of Spur, which took place here on April 25 at the home of the bride's mother, is being announced this week-end. The ceremony was read at 6 p. m., by the Rev. C. J. McCarty, pastor of the Calvary Baptist church. Miss Elizabeth Stokes and Sam Roach, students at Texas Technological college, were attendants. Mr. Wolfe is to receive a bachelor of business administration degree from Tech Monday morning. Mrs. Wolfe plans to continue her education at Tech, where she is a sophomore student. She is secretary in the assistant county agent's office.

Activity Ends With Friday Ceremony

ACTIVITY for the current season was ended by the City Federation of Women's clubs Friday afternoon at Hotel Lubbock with an installation service conducted by Mrs. H. P. Godeke in which officers assumed duties for a season beginning in September.

Reports for the year were given by Mrs. Robert Crawford, recording secretary; Mrs. J. S. Johnson, treasurer; Mrs. T. C. Delaney, auditor; Mrs. Godeke, parliamentarian and Mrs. T. R. Prideaux, historian. Mrs. W. P. Clement, first vice-president, presided in the absence of the retiring president, Mrs. W. A. Jackson.

These Were Installed

Installed were: President, Mrs. E. L. Banks; first vice-president, Mrs. George Smallwood; second vice-president, Mrs. C. C. Webb; recording secretary, Mrs. Robert Hester; corresponding secretary, Mrs. George Berry; historian, Mrs. Prideaux; treasurer, Mrs. Arthur Jenkins; and auditor, Mrs. Olive Fluke.

Mrs. Smallwood, chairman of the program committee, announced a tentative schedule prepared by her and her committee composed of Mrs. R. A. Studhalter and Mrs. W. W. Condray. It includes a tea in September, a club institute in October; program on the American home in November, annual Christmas musical in December and programs on health and safety, international good will and Texas Day and an annual Achievement Day tea in 1938.

Luncheon Is Served Friday To Merry Sixteen Club

Mrs. E. B. Shipp was hostess with a 12 o'clock luncheon Friday noon at her home, near Lubbock, for members of the Merry Sixteen Needle club.

The group planned a family picnic for 7 p. m., June 19, to be held at City park.

Mrs. P. T. Finley was received as a member. Others attending were Mesdames Lee Tubbs, Travis Tubbs, A. H. Haney, Frank Lovelace, W. G. Lofland, G. E. O'Neal, C. C. Lane, J. W. Ross, W. B. Lane, J. S. Hamilton, E. F. Alford and Misses Jane Lofland and Louise and Geraldine Haney.

The club will meet June 11 with Mrs. Lee Tubbs, near Lubbock.

Winsome Class Tea Honors Mrs. H. C. Allen

Mesdames John Lowrimore and J. B. McCauley, jr., entertained with a seated tea and handkerchief shower Friday afternoon in the Lowrimore home, 1914 Main street, as a courtesy to Mrs. H. C. Allen who is moving to Petersburg. Members of the First Baptist Winsome class were guests.

The program included a talk of appreciation by Mrs. Wiley Metcalfe, reading by Mrs. L. O. White and talk and presentation of the gifts by the class president, Mrs. McCauley.

Others attending were Mesdames W. I. Pittman, Morris Davis, Morris Cox, Bob Sampson, Grady Davis, Oran C. Owens, George Eubank, L. M. DeGarmo and M. S. Craig.

Federation To Hear Talk On Delinquency

CHURCH Women's Federation is to attend a regular fifth Monday program tomorrow afternoon at 3 o'clock at the First Christian church. This is an open meeting and anyone interested is invited to attend.

Miss Mayme Alexander, visiting teacher in the Lubbock Public schools, will discuss "Juvenile Delinquency in Lubbock."

A musical program will be given by Paul Laverty, pianist; Madge Malone, vocalist, and the junior choir of St. Paul's Episcopal church.

Plan Social Hour

Members of the Cumberland Presbyterian Women's Missionary society and the First Christian Woman's council will be hostesses for a social hour after the program.

Mrs. R. A. Metcalfe of Asbury Methodist church will preside for a business session.

The devotional will be led by a member of the Cumberland Presbyterian W. M. S.

This is the second meeting for the current year of the Federation. Every woman in Lubbock who is a member of a church missionary society is eligible for Federation membership.

Mrs. Frank Barclay Gives Party For Friday Club

Mrs. Frank Barclay, 1906 Main street, entertained the Friday Needle club Friday afternoon.

Attending were Mesdames M. M. Page, H. J. Crawford, J. C. Stansell, W. B. Sides, W. C. Bryan, A. L. Andrews, Minnie Pickas, J. A. Goodwin, A. L. Harris, H. V. Bigham, J. B. Pryor, W. E. Twitty, C. C. Burns, J. A. Fortenberry, F. K. Mitchell, Maggie Huff, A. L. Hawkins, A. T. Cocanougher and a guest, Mrs. W. V. Bigham of Paducah.

The club will meet June 11 with Mrs. Page, 1514 Avenue L.

Anne Birkman Is To Appear In Recital Tonight

Anne Birkman, talented piano pupil of Mrs. Jed A. Rix, will be presented in recital at 7 o'clock tonight in the home of her grandmother, Mrs. Laura N. Ragsdale, 2423 Broadway. Her program will be:

"Corrente" (Handel); arioso (Bach); two part invention (Bach); prelude in C major (Bach); air and variations (Beethoven); two waltzes in F sharp major (Brahms); "Norse Song" (Schumann); "Little Romance" (Schumann), and "The Rustle of Spring" (Sinding).

Lubbock Dancing Club Will Attend Informal Dance

An informal dance will be given for the Lubbock Dancing club Tuesday night in the Hilton hotel ballroom. The Larrymore orchestra will play.

Hosts will be Messrs. and Mesdames Cecil Proctor, Oscar Slaton, W. D. Watkins, jr., Alvin Hendricks of Littlefield, Dr. and Mrs. Ewell Hunt and Dr. and Mrs. Clifford Payne of Littlefield.

OES Installation Is To Be Open To General Public

Masons and their families especially are invited to a public installation of officers to be conducted by Lubbock chapter, Order of the Eastern Star, at 8 o'clock Monday night at the Masonic hall, Mrs. Rafe Nabors, retiring worthy matron, has announced.

"Bread And Wine" Is To Be Reviewed Before Group

Mrs. W. O. Stevens will review "Bread and Wine" by Ignacio Silone at a meeting of the Readers Digest group in the F. R. Friend home, 2005 Broadway, Tuesday afternoon at one o'clock.

Twentieth Century Club Has Scheduled Study Of Plays And Magazine Articles

ATLANTIC Monthly programs and modern plays will occupy members of the Twentieth Century club during the 1937-38 club season. Yearbooks, neatly mimeographed, with white and black covers were distributed at a luncheon meeting last week.

The first program, September 14, will be discussions by Mesdames J. S. Johnson and M. C. Overton, respectively, of "Modern Safety Measures" and "Recent Developments in Medicine." Afterward, at alternate meetings throughout the year, the club will have programs prepared by the Atlantic Monthly magazine and presented by six members on each occasion.

Remainder of the programs include those required by the Texas Federation of Women's clubs and a series of modern drama studies, as follows:

October 12, "Phases of Modern Drama," Mrs. Allan L. Carter.

November 9, "Cyrano de Bergerac" (Rostand), Mrs. H. L. Allen and "The Vultures" (Becque), Mrs. O. D. Hargis.

December 14, "Mourning Becomes Electra" (O'Neill), Mrs. Harry Hill and "The Hairy Ape" (O'Neill), Mrs. C. S. Mast.

January 11, Federation Day program, Mrs. J. H. Hankins leader; annual business meeting.

February 8, "Candida" (Shaw), Miss Mae Murfee and "Robert E. Lee" (Drinkwater), Mrs. Roscoe Wilson.

March 8, "Texas' Place in International Good Will", discussed by Mrs. C. P. Carlock.

Tech Professors And Families Make Plans For Coming Three Months

BY MARY HOWELL

THE summer where-to-go-on-vacations arguments have been settled for good by more than one Texas Technological college professor and his family.

Some of the faculty members will go to other colleges or universities to continue their graduate work. Others will visit relatives.

A trend of the "Good Neighbor" policy has reached several of the women faculty members by the number of passports for European centers that are found on the campus this month. Miss Jonnie McCrery, head professor of foods and nutrition, will sail from New York June 12, with her sister, Miss Irene McCrery of Dallas, for a Mediterranean cruise and journeys to Persia, Irak, and northern Egypt. The two sisters will return to London the latter part of August and will be in Dallas by September 15, Miss McCrery said. They visited Australia last summer.

To Study In Paris

Miss Ruth Louise Johnson, instructor in French, with Miss Rose Hubbard, Tech student from Dexter, N. M., will sail on the Cunard line "Aquitania" on June 12. They plan to spend two weeks in England and will later enter the University of Paris, where Miss Johnson will study phonetics and French history. The remainder of the summer will be spent in Italy, Austria, Germany and Sweden.

Dr. A. B. Cunningham told a sophomore class that "I am going to teach school out here." Cunningham is a professor of English.

The W. A. Jacksons, who attended the National Democratic convention in Philadelphia last summer, have not decided where they will vacation this year, but their son, Billy, will go with Dr. W. C. Holden and the archaeology field trippers to Arrowhead Canyon near Santa Fe. This is the third party Dr. Holden has taken to that site. The party will leave on June 7.

To Attend Convention

Miss Mabel Erwin will teach pattern design at Columbia university, New York city, the second half of the summer. She with Dean Margaret Weeks, Miss Mozelle Craddock and Mrs. Edna Buster of the home economics division will attend the American Home Economics association meeting in Kansas City from June 21-25.

Dr. and Mrs. R. A. Studhalter will make two field trips in biology. The first trip will be in northern New Mexico and the second will be in the Pacific Northwest.

Going to the University of Missouri at Columbia for the summer session, Mrs. James G. Allen, instructor in journalism, will study the first sight weeks on her journalism courses. Her husband, a professor of English at Tech, will do graduate work at Texas university beginning June 7.

Miss Mayme L. Twyford, associate professor of foods and nutrition, will spend the first of the summer at her home in West Union, West Va., and the later part of July will study at the University of Chicago.

Gateses To San Antonio

Dr. and Mrs. W. B. Gates who teach English and Spanish, respectively, will probably visit relatives in San Antonio after the second semester.

Dr. and Mrs. Fred W. Sparks and their daughter Mary, will go to Denver for the general meeting of

(Turn to Page 7, Column 1, Please)

Merry Ann Club Party Is In Tucker Residence

Members of the Merry Ann club and a guest, Mrs. Oral Thomas, met Friday afternoon in the home of Mrs. H. G. Tucker, 1506 Avenue R.

They were Mesdames C. P. Cox, I. S. Doak, E. B. Harris, L. C. Tatom, H. B. Adams, H. W. Sims, S. B. Hay, E. R. Allen, Pebble Talley and J. B. Shannon.

Rainbow-Hued Silk Marquisette

INSPIRED by the bright costumes of Central American Indians, only the colors of this evening gown suggest the aboriginal. Made of hand-blocked silk marquisette, it combines Aztec red, Toltec green, Mayan blue and Incan gold. The softly draped bodice with deep decolletage and wide, swirling skirt are the newest in modern elegance. A pair of gold rhumba gourd bracelets are worn with it.

Closing Days Of College Are More Eventful Than Usual For Lubbock Young Folk

THE closing days of college are doubly significant for Lubbock young people in several institutions of higher learning since they mean graduation time.

Miss Katherine Klett, daughter of Mr. and Mrs. E. L. Klett, 2223 Broadway, will return to Lubbock the first of the week. She will be graduated in absentia from the University of Texas, Austin, where she majored in English.

Miss Justine James, daughter of Mrs. George A. Simmons, 2124 Broadway, will receive a diploma from Ward-Belmont at Nashville, Tenn. She returned early to go to Roswell, where she will participate in commencement exercises at New Mexico Military institute.

To Go To Camp

George A. Simmons, jr., will be graduated from N. M. M. I. Tuesday. He is a cadet captain and will go to Fort Bliss, near El Paso, for six weeks camp before receiving his officer's commission.

John Vickers, son of Mr. and Mrs. J. E. Vickers, who live north of town, will receive a law degree from the University of Texas on June 7. His parents plan to attend the exercises.

Roger Knapp, son of Dr. and Mrs. Bradford Knapp, will receive an M. D. degree from Tulane university, New Orleans, La., on June 9.

Miss Wagner Graduates

Miss Ruth Wagner, daughter of Dr. and Mrs. C. J. Wagner, 1640 Broadway, will be graduated from Monmouth college, Monmouth, Ill., the alma mater of her parents. Doctor Wagner is to receive an honorary degree from the institution at the same time that his daughter is graduated. Miss Helen Wagner is a junior student.

Mr. and Mrs. Marcus Halsey are to return to Lubbock on June 6 and will spend the summer here. Mr. Halsey is a law student at the University of Texas.

J. Mason (Buster) Moxley, son

(Turn to Page 2, Column 2, Please)

Happy Twelve Club Is To Be Entertained Tuesday

Mrs. H. B. Corcorran, 614 Avenue N, will entertain for the Happy Twelve club Tuesday afternoon at 3 o'clock.

Mrs. Sanders Honors Son

Mrs. A. C. Sanders entertained with a surprise birthday dinner and theater party Saturday night in honor of her son, Gordon. The dinner was served in the Hilton hotel Chimayo room which was decorated with larkspur and roses in pink and green motif. Plate favors were pink and white nosegays.

Later the group went to the Palace theater.

Guests were Misses Ethel Dent, Jean Gray, Frances Krohn, Mary Ann Perry, Ruby Clyde Gibson, Crystelle Scudder, Mary Harlon, Ina Bacon, Mr. and Mrs. Cecil Kelsey, Mr. and Mrs. Jimmy Knight, Mr. and Mrs. Howard Price, W. K. Fry, jr., Elbert Overton, Dan Tarpley, Ben Casey, A. C. Sanders, jr., Cecil Sanders, Rusty Davis and the honor guest.

Marian Bullock Is To Play Organ Recital Today

Miss Marian Bullock will be presented in organ recital at the First Presbyterian church at 4:30 o'clock this afternoon by her teacher, Miss Margaret Huff. Miss Charlotte Ratliff, violinist, and Miss Ruth Lewis, pianist, will be assisting artists.

The program will include: Prelude and fugue (Bach), sonata in G minor (Gielmont), arioso (Bach), nocturne (Chopin), Romance (Rubinstein), The Gypsy (Levy), Night (Jenkins), Adoration (Borowski), poeme (Fibich).

This is open to the public. Miss Bullock is a senior student in the music department at Tech college.

Violin Pupils Will Appear In Recital Friday

Miss Beulah Dunn will present two violin pupils, Bill J. Davis of Post and Virginia Belle Gamble, in recital at 4 p. m. Friday in the Hilton hotel ballroom.

Graduates To Entertain With Tea

WOMEN seniors in both May and August graduating classes at Texas Technological college will be guests at a seated tea to be given by the Tech Council of Women Graduates at the Hilton hotel at 4 o'clock this afternoon.

The house party will be made up of about 25 women graduates of Tech college. Miss Jean Ayres is president of the council.

A program will include: vocal solo, "If I Were a Ray of Light (Paul Vidal), Miss Ruth Mildred Rylander, accompanied by Mrs. C. E. Hereford; whistling solo, "Listen to the Mocking Bird" (Butler), Miss Maud Dee Skeen, accompanied by Miss Lois Mangum; violin solo, "Mazurka" (Mlynarsky), Miss Wynona Pardue, accompanied by Miss Frances McKee; reading, "Gertie Gets Golf" (Helen Workman), Miss Mary Ann Ansley; piano duet, selected, Misses Idell Bacon and McKee; saxophone duet, selected, Mrs. Clifton Patterson and Mrs. E. D. Newman.

An arrangement of roses and larkspur will center the refreshment table, which will be presided over by Mrs. Mary W. Doak, dean of women.

Committees making arrangements for the affair were: Social, Mrs. J. T. Hutchinson, chairman; Mrs. Mart G. Pederson, Misses Isle Wolf, Geraldine Clewell and Pauline Hooser; flower, Mrs. E. L. Pitts, chairman, Misses Anstey and Eunice Cone; program, Miss Mangum, chairman, Mrs. Ben Jenkins and Mrs. Kate Russ; invitation, Miss Dollie Clements, chairman, Mrs. Neuel Bryan and Miss Lottie Croslin; telephone, Miss Dorothy Rylander, chairman, Misses Rosemary Duff, Mary Louise Douglas, Frances Mayhugh, Mrs. Emmett Kerr and Mrs. Wright Kerr.

Miss Eva Browning Presents Piano Pupils Saturday

Miss Eva Browning presented a number of pupils in studio recital at her home, 2021 Sixteenth street, Saturday night at 6 o'clock.

The program included: C. D. and C. B. and See-Saw (Williams) and duet, Shirley Ann Watts; Evening Song (Adair), Irwin Jarett; Pinch and Punch (Kerr), The Wooden Soldiers on Parade and Criss-Cross, Joan Epps; Minuet in G (Bach), First Loss (Schumann) and On The Skates (Ketterer), Charlotte Ann Barrier; Minuet in G (Bach), Musette in D (Elmanreich), On the Ice (Crawford) and prelude in C (Bach), Barbara Bedford; The Lark (Tschaikowsky) and Sunbeams (Lieurance), Dorris Mae Levine; Valse Caprice (Engleman) Carolyn York.

Doris Kolb Is To Play In Recital At Church

Mrs. S. J. McFarland will present Doris Kolb in piano recital at 8:15 p. m., Friday at the First Christian church. The program will be:

"Moonlight Sonata" (Beethoven); "Spinning Song," Op. 67, No. 4 (Mendelssohn); praeludium in E minor (Mendelssohn); valse, Op. 64, No. 2 (Chopin); nocturn, Op. 9, No. 2 (Chopin); "Sing On" (Denza), vocal solo by Mrs. H. W. Moore; "Papillon" (Butterfly) (Grieg); "Grotesque March" (Sinding), and "Lanterns" (Oriental Garden Scene) (Brazelton).

Miss Kolb is a talented student who has won numerous medals and other honors in high school competition, Mrs. McFarland said.

Max T. Davis Is Honored At Party On His Birthday

Honoring her husband, Max T. Davis, on his birthday, Mrs. Davis entertained with a stag party at their home, 2220 Eighth street, Friday night. Guests were Frank Allen, Hugh Anderson, Arthur Yaggy, Frank Turner, Guy Smith, Vernon Neill, Olan Merchant, Rusty Davis and Harry Elliott.

Secret Marriage Is Being Told

Marriage of Miss Idyle Glenn Abbott and Duane Fuqua, prominent students of Texas Technological college, which took place May 21, 1935, is being announced by Mrs. Fuqua's mother, Mrs. Mamie Clifton, and aunt, Miss Minnie Morris, both of Lubbock. The ceremony was performed at the home of the officiating minister, the Rev. J. M. Parker who was pastor of College Avenue Baptist church.

The couple will be at home this summer at 2412 Fifteenth street.

Mrs. Fuqua is a junior English student at the college. Mr. Fuqua, a chemical engineering student, will be graduated Monday. This summer he will be employed at City swimming pool.

Both have been active in campus activities during their college careers, he having been until recently leader of a popular dance orchestra. She is a member of Ko Shari, campus social club.

Mr. Fuqua is a son of Mr. and Mrs. B. T. Fuqua of Amarillo.

Several parties, honoring the couple, are planned

One-Day Girl Scout Camps Will Be Planned At Open Meeting

The Social Calendar

Beta Sigma Phi sorority, 7 p. m., Hilton hotel.

1930 Friendship club, 3 p. m., Mrs. E. B. Harris, 2202 Fifteenth street; Mrs. C. E. Love assistant hostess.

SATURDAY

Semi-Monthly club, 3 p. m., Mrs. W. C. Cole, 2907 Twenty-first street.

Birthday Party Is Given In Honor Of Donald Child

Honoring her daughter, Janice Lee, on her fifth birthday, Mrs. Reese Donald, 1614-A Avenue G, entertained Friday afternoon. Games were played and pictures were taken of the group.

Angel food cake with green icing and cherry nut ice cream were served to Wanda B. Smith, Ocelia Jo Perkins, Shirley Ann Watts, Tommie Raney, Larry Dean Baker, James Woods, Jean Womack, Eda Weazze Turner, Celene, C. H. and Claudine Kyle, Harrie and Faye Pruitt, Peggy Ann and Betty June Cole and Billy Bun Wright.

Surprise Shower Is Given For Mrs. Tom Cannon

Mrs. Gene Herriage, 1804 Sixth street, was hostess Friday afternoon for a meeting of the Friday Afternoon club. The group surprised Mrs. Tom Cannon with a shower of birthday gifts.

Others attending were Mesdames J. E. Abney, J. E. Schornick, J. A. Cannon, Dan Bearding, Max Coleman, Hub Trammel, John Marshall and Mary Herriage and a guest, Mrs. G. B. Petty.

The club will meet at 2:30 p. m. Friday of this week with Mrs. J. A. Cannon, near Lubbock.

Fifty-Fifty Class Party To Be At Groce Home

The First Methodist Fifty-Fifty class will have a lawn party at 8 p. m. Tuesday at the home of Mr. and Mrs. Freeland W. Groce, 1723 Thirtieth street.

TRAILERS TO DANCE

A Trailers club dance will be given at 9 o'clock Friday night at Hotel Lubbock. Ross Edwards' orchestra will play.

Schedule Given By Director

Lubbock girls between the ages of 10 and 16 years of age who are Girl Scouts or eligible for membership are invited to meet with their mothers at Seventh Street park Tuesday night at 7:30 o'clock to hear plans for a three weeks' Girl Scout day camp that will be conducted under the sponsorship of the Local Girl Scout council. Mrs. T. C. Delaney is chairman of the project.

The day camp that will meet on Wednesdays and Fridays for three weeks beginning June 8 will be conducted at Mackenzie State park. Health certificates and parent's consent blanks will be filled at the Tuesday evening meeting, Mrs. Delaney said. Miss Faye Hodge, Texas Technological college graduate, will be director of the activities during the camp period.

Hours Scheduled

Meetings of the day camp will open at 7:30 a. m., and will continue until 11 o'clock each morning of the scheduled days. Activities that have been planned include swimming and life saving, dramatics, story hours, song leading, nature study, photography, and folk dancing. The girls may sign into groups and leaders will be chosen. Life savers and wearers of Red Cross Life Saving badges will be stationed at Tumble N, Mackenzie State park swimming pool, to instruct the Lubbock girls in swimming and life saving.

Exclusive use of the swimming pool during camp hours and bus service to the park is being planned, Mrs. Delaney announced.

"Nose Bags" that meet health standards will be served for 11 o'clock lunches, and there will be "treats and surprises" each day.

Mrs. Albert Barnett is president of the Local Girl Scout council and Mrs. Sam Newman is chairman of the leaders group that will have charge of the units of the camp.

Mary White, nationally known Girl Scout worker who held a short course for scout workers here last winter, recommended the beginning of day camps in connection with Girl Scout work.

Collegians

(Continued From Page One)

of Mr. and Mrs. R. D. Moxley, will arrive Thursday to spend a week before returning to Austin, where he will attend the summer session at the university. He is a law student.

Return From University

Miss Billie Bob Jones, daughter of Mr. and Mrs. Hub Jones, and Miss Kathryn Weaver, daughter of Mr. and Mrs. A. V. Weaver, will return the latter part of the week from Austin, where they attend the university.

Felix Ballenger, son of Dr. and Mrs. C. M. Ballenger, will remain in Galveston most of the summer, as a student assistant in the psychiatric department of John Sealey hospital.

Miss Catherine Pearce, daughter of Dr. and Mrs. W. M. Pearce, returned Saturday night from Dallas, where she attended Southern Methodist university as a sophomore student this year.

Ross H. Putty, grandson of Mr. and Mrs. Ed Putty, near Lubbock, will attend the ROTC camp at Fort Bliss this summer. He has completed the first year advanced course in the senior cavalry unit at New Mexico Military institute, Roswell, N. M.

Miss Jane Brownfield, who has been attending Stephens college at Columbia, Mo., will spend six weeks here. Her aunt, Mrs. Roscoe Wilson, Mrs. M. C. Overton and Miss Nannie Margaret Overton plan to go to Amarillo Wednesday to meet her.

The moon's apparent east to west passage across the sky is due to the earth's west to east spinning on its axis. The moon's true motion about the earth is slow, compared to the earth's rotation.

June Bride-Elect

Miss Myrtle McCollum, above, is to become the bride of Worthy A. Long, son of Mr. and Mrs. J. A. Long of this city at a ceremony to be read at her parents' home in Texon on June 26. Only members of the immediate families will attend and the couple will have no attendants. The engagement was announced two weeks ago at a tea given by the bride-elect's mother, Mrs. Jack McCollum.

Post Bride-Elect Honored Friday

POST, May 29. (Special)—Miss Jo Brant, bride-elect of J. N. Power, jr., was complimented Friday night at a miscellaneous shower given in the home of Mr. and Mrs. Guy Speck. Hostesses were Mesdames Speck, Ira Weakley, Jeff Brant, and Misses Mary Ermine Speck, Mae Weakley and Hazel Evans.

The program included a piano and violin number, "Ah Sweet Mystery of Life," by Misses Weakley and Lyall Pickett; reading, "That Old Sweetheart of Mine," Miss Katherine Stallings; solo, "I Love You Truly," Mrs. Jim Cloud of Spur, sister of the bride-elect, and a poem concerning the history of the couple from the time they won a local baby contest 22 years ago, read by Miss Speck who later presented to Miss Brant an enlarged snapshot taken of the couple on a sixth grade school picnic.

Novel Presentation

Improvised in a corner of the living room was a miniature "Jim Power Grocery" to which the honoree's little nephew, Ray Brant, dressed as a grocery clerk, asked her attention. Little Duane Clark, also dressed as a groceryman, handed her a basket and helped her find her "groceries," which were the gifts.

The hostesses presented to Miss Brant a white and gold bride's book in which names of the 85 guests were written in gold ink.

The refreshment table banked with pink larkspur, was centered with a tall white cake, decorated with "pink rosebuds and doves" and topped and surrounded with miniature brides and bridegrooms. The cake was served with ice cream. Other decorations in the house included pink roses, phlox and larkspur.

The wedding is to take place June 14 at the First Presbyterian church.

Tuesday night Miss Quanah Lewis of Lubbock and Mrs. Jess Cearley will honor the couple at a dinner in the home of Mr. and Mrs. Allen Cash. Miss Stallings and her mother, Mrs. J. A. Stallings, will honor Miss Brant later in the week.

Three-fifths of the cotton consumed in the United States goes into clothing and household articles. The other two-fifths goes into industry.

Miss Louise Garrison has returned from Plemons, near Borger, where she teaches school. She was re-elected for next year.

Dance Recital Is Monday

A public recital by dancing pupils of Miss Bernice Stevens will be given at the Senior High school auditorium at 8 o'clock Monday night. The program is scheduled in four parts, as follows:

Part I, "Mickey Mouse's Birthday Party": Song and Dance, Dorothy Dell West; "Three Little Pigs," Ernestine Gammill, Jean Shelley Smith and Curtis Crawford; "Big Bad Wolf," Paul Frank Smith; "Minnie," Ann Bentley; "Donald Duck," Marlin Smith III; "Mickey," Ted Thornhill; "Let's Play Ring Around a Rosy and Drop the Handkerchief": Dancers, the "Three Little Pigs;" "Two of the Three Kittens," Frances Cone and Patricia Rhea; "One of the Three Bears," Janelle Stambaugh; "Mickey Mouse and Donald Duck;" "The Frog," Shirley Ann Watts, and "The Third Kitten," Charlyne Smith.

Part II, "We Love to Go to School": "Our Pretty Teacher," Charlotte Brown; "Good Morning to You;" "The Military Girls," Ann Bentley and Dorothy Dell West; "Babie's Chair Dance;" "Dancing Doll," Ernestine Gammill; "Beautiful Girl," Zelda Coffman; "He's Some Pumpkins," Paul Frank Smith; "The Hick Sisters," Joyce Cole and Doris Sneed; "Chair Dance," older group.

Part III, "Three Little Young Ladies of Leisure," Wanda Muller, Charlotte Brown and Lula Kate Rhea; "The Maids," Jo Ellen Turpin, Helen Eisenburg and Betty Lou Eisenburg; "The Chauffeur," Clarence Barton.

Part IV, "At the Ritz": "Rap, Tap on Wood," Jo Ellen Turpin, Paul Frank Smith, Jimmie Johnson, Betty Lou Eisenburg, Zelda Coffman, Lula Kate Rhea, Charlotte Brown, Helen Eisenburg and Wanda Muller; "Stair Dance," Joyce Cole; "The Baby Sings and Dances," Ann Bentley; "Jazz Bo," Charlyne Smith; "Miss Vanity," Dorothy Dell West; "Shipmates," Joyce Cole and Doris Sneed; "Rhythm Babies," Jimmie Johnson, Jo Ellen Turpin and Paul Frank Smith; "Right Off the Ship," Betty Jo Tyson; "A Spanish Beauty," Shirley Ann Watts; "A Basket of Roses," Ann Bentley; "De Lovely," Dorothy Dell West; "Graceful Child," Gladys Earl Rh... "Military," Joyce Cole and Doris Sneed; "Let's Call the Whole Thing Off," Betty Jo Tyson and Jimmie Johnson; "Skating," Shirley Ann Watts; "But Definitely," Ann Bentley and Dorothy Dell West, and "Real Rhythm," Joyce Cole.

Wolfforth Club Meets With Mrs. Snider For Party

WOLFFORTH, May 29 (Special)—Mrs. T. E. Snider, assisted by Mrs. W. R. Waldroup, entertained the Merry Wives club Thursday afternoon.

Prizes in games were won by Mesdames F. B. Lovelace, S. A. Durham and M. E. Casey. Ice cream and cake were served.

Guests were Mesdames H. H. Sullivan, Waldroup, S. J. Oliver and H. C. Greer. Members attending were Mesdames G. P. Wright, Casey, J. D. Brown, R. S. Hobgood, Lovelace, J. A. Sears, J. W. Keeling and Durham.

The club will meet June 10 with Mrs. Keeling.

Three ways of planting cotton are generally practiced in Oklahoma: level, ridge and lister planting.

from Lou to Louella...

DEAR LOUELLA: June is practically here and the wedding bells are ringing louder and prettier than ever. Among those practicing to the tune of "The Bridal Chorus" are:

Lewis Kerr and Mildred Francis, former Tech student of Houston, who are to be married Thursday in Houston. There'll be a lot of broken hearts this summer. . . .

Roger Knapp, who is graduating June 9 from Tulane university. He and Miss Jean St. Clair of Kingsville will wed June 14, I understand.

Patti Hopping and Earl Hobbs of Littlefield, whose intentions have been announced. The wedding is to be June 7. I hear there will be seven bridesmaids.

Louise Fortenberry and Ray Farmer who will take the vows June 13.

Prominent Co-Ed Threatens

A very prominent Tech co-ed who will surprise her many admirers with a wedding June 4.

Tom Hutchinson and Mary Virginia Whitehead of Slaton, who will marry about June 16.

Dorothy Vandagriff and Raymond Cone who are making extensive plans for June 20, or thereabouts.

Marguerite Power and Denzil Probasco of Old Hickory, Tenn., who are to be married June 30 in Nashville.

Walter Ford, well-known bachelor, and Miss Bessie Bellomy of Plainview and Littlefield, I haven't been able to learn the date, but it is soon. They have furniture, etc., all ready for moving in when the honeymoon is over, 'tis rumored.

I haven't heard any developments on the impending marriage of Rob O'Hair and Miss Yvonne Thornton of Austin. The original date was mid-July.

There are several other couples whose intentions I suspect. I'll save them until later.

• • •

MRS. A. W. EVANS is home from Houston and feeling as fit as a fiddle. She says that if she'll stay away from certain plants this summer she will keep well.

Mr. and Mrs. I. C. Enochs of Jacksonville, Miss., have rented the R. A. Studhalter house for the summer. The Studhalters will spend a large part of the summer on a couple of field trips.

Guess who is coming back from Lawrence, Kans., for the summer? Mrs. C. B. Qualia and three children. Doctor Qualia will join his family here about August 1 when summer school at the University of Kansas, where he is head of the foreign language department, is out.

Dean Doak To Have Visitors

Mrs. Mary W. Doak's daughter, Mrs. H. J. Wilson, and daughters, Martha and Ann, of San Antonio are coming the middle of June to visit several weeks. Mrs. Doak says she is going to Huntsville after the first term of summer school to visit her son-in-law, George P. Evans, and his daughter, Martha Alice.

Sylva Wilson Wesendonk is expected from Indianapolis to visit several weeks with relatives and friends. I imagine her husband will join her here, later.

Miss Margaret Weeks says her mother, Mrs. Charles Weeks, of Canada is going to spend the summer here. Mrs. Weeks, who was quite sick last fall, is in good health now.

Maurine Cunningham left Thursday to spend the summer in California. I felt flattered because I was second on the list of people she called up to tell goodbye. She promised to write.

• • •

EVELYN JONES and Mildred Boone are to be separated for six weeks this summer while Evelyn visits relatives in Holland, Texas. Mildred is going to summer school at Tech.

En route to Tennessee, Mrs. W. C. Breedlove and Miss Florence Hackel left by automobile Friday. Mrs. Breedlove's mother, who lives at Nashville, I think, will accompany them home for a visit here.

There have been a lot of visitors in town and numerous parties honoring them. Mrs. A. V. Weaver, jr., was hostess one day last week for about 11 tables of bridge. Residents who moved recently in new homes, also have been entertaining frequently. You know, I predicted a return to the old-fashioned method of entertaining at home this summer. It looks like new houses have provided inducement.

Mr. and Mrs. Ray Cantrell of Gladewater probably will leave for their home about Tuesday. They have been here about two weeks while she, the former Charles Cox, visited with relatives and friends and he took oral examinations and finished up other requirements for a master's degree which he will receive Monday from Tech.

Summer In New Orleans

To spend the summer in New Orleans, Ann Sproule will leave this afternoon. She plans to study dancing and visit a sister, Miss Harriett Sproule, employe of the French consulate in that city.

Asked where she and her husband were going to spend the summer, Mrs. W. L. Stangel the other day said "We haven't got that far along yet."

A bunch of youngsters are leaving for summer camps, but I haven't had time to find out who they are. I heard that Tommy Krueger and some more little boys are going to Kerrville and that the three daughters of Mr. and Mrs. Charles Read are going to a girls' camp near Dallas.

The Lubbock clean-up campaign almost proved disastrous to the friendship of two well-known Lubbock women. The near tragedy was a result of a verbal fight over some trash in an alley between Broadway and Thirteenth street. I haven't seen a really good hair pullin' in a good time.

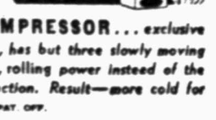

Yours, Lou.

Dedication Program Scheduled Today As Post Scout Camp Gets Under Way

Several Troops To Take Part

Dedicatory ceremonies for the new mess hall, a basket picnic, first assembly of those planning to attend the national jamboree in Washington, D. C., and the opening of the first seven-day Boy Scout encampment will provide the year's major program today at Post Memorial Scout camp near Post, according to announcement Saturday by Marshall Mason of Post, general chairman.

Attending will be, he said, more than 100 boys who have registered for the week's encampment, most of the 66 boys who have made their initial deposit for the jamboree, members of Slaton High school band which will provide the music, parents of many of the boys and friends generally of Boy Scouting from all portions of the nine counties comprising South Plains council area.

Troops Participating

Program for the recently completed mess hall, which, Mason said, insures sanitation in preservation, preparation and serving of meals, will begin as soon after 1 o'clock as registration of boys for the encampment has been completed. Troops participating in the first of the camps are those from Lorenzo, Ralls, Crosbyton, Spur, Floydada, Lockney, Silverton, Tulia and Quitaque. Other similar encampments during June will include every troop in the council.

Complete program for the dedication will be: assembly call by Richard Crawley of Lamesa; raising of U. S. and council flags, by troop 22, Lamesa; "America", by Slaton High school band, directed by L. E. Waite; invocation by Rev. Clarence Bounds of Post; band selections; brief addresses by Mason and George W. Dupree, Lubbock; introduction of jamboree leaders by Tom H. Carter, Lubbock; introduction of Scouts by troops, Joe N. Spikes, troop 22, Lamesa, and Joe C. Hutchinson, troop 2, Sudan; trapeze act by Kendall Young and his sons, R. B., J. P., and M. K. Young, all of Levelland; band music; and basket supper with Scouts furnishing drinks.

Grant Is Director

Lyndon T. Grant, assistant executive for the council area, will be director of the week's encampment. Other adult leaders will be: Hutchinson, handicraft director; G. B. Wadzeck of Spur, director of camping and pioneering, assisted by E. B. Brown of Lubbock, George Duval, swimming; and O. N. Cole and L. M. Magness, both Lubbock, director of first aid.

Today's encampment follows that of Cub Scouts of the council who brought their first annual three-day outing to a close last night with a basket supper and a camp theater for their adult friends.

PICNIC IS PLANNED

Stitch and Chatter club members, meeting Thursday afternoon with Mrs. Carl Moore, 2117 Twenty-third street, planned a picnic for Friday night. It will be at 7:30 o'clock at City park.

Guests at the meeting were Mesdames J. M. Keene and J. C. Jameson. Members attending were Mesdames John L. Sullivan, Roy Brown and A. J. Delahunty.

The club will meet at 1 p. m., June 10, in the home of Mrs. Sullivan, 2204 Twenty-fifth street, for a covered dish luncheon.

Mrs. F. B. McCollum, 1619 Eighteenth street, has returned from a visit of three weeks in Glenrose.

TO BASTE CHOPS

Juice left from spiced fruits makes an excellent basting liquid for chops or roasts. It is especially tasty when used on ham.

ROLLS EASILY MADE

Warm weather is a good time to make rolls, since they rise easily when it is warm.

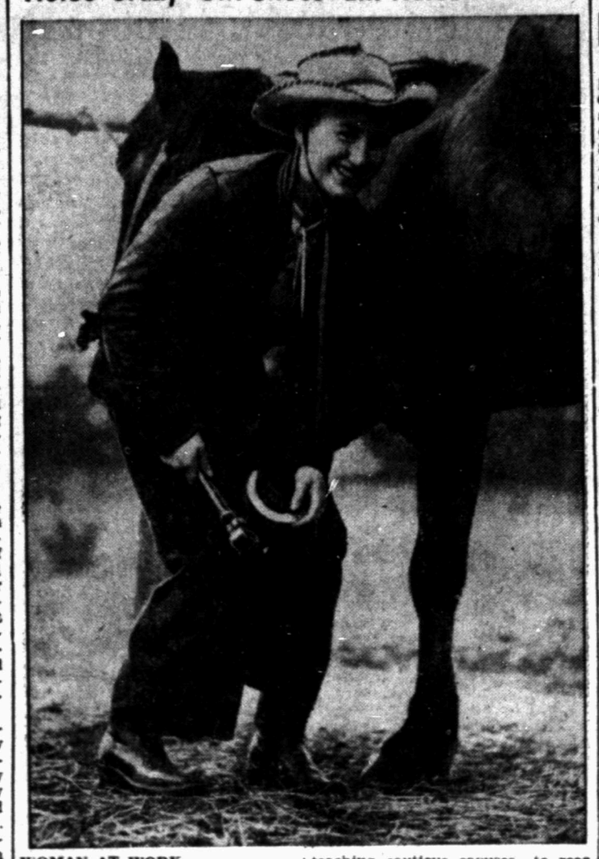

Cream held on the farm under average conditions for a period of one week loses many of its desirable butter-making qualities.

W. H. Martin, dairy husbandryman at Kansas State College, advises marketing cream within four days after production.

Rhubard juice makes a pleasant spring beverage when diluted and sweetened to taste. It blends with nearly all fruit juices.

'Horse-Crazy' Girl Shoes 'Em Herself

WOMAN AT WORK

TACOMA, Wash., May 29. (AP)—It's horses, horses, horses all the time for Thelma Derrickson, 16-year-old boss and chief blacksmith of a Tacoma riding academy.

Thelma used to go to high school, but the prospect of wrangling her own saddle animals was more alluring than textbooks.

Attired usually in overalls and a cowboy hat, she passes her days teaching cautious cayuses to rear in the best rodeo tradition and giving riding pointers to her former classmates.

The string of seven ponies she now owns is to be expanded to a dozen if her plans go well. In the meantime, she takes care of their shoes with a mallet and file, does the currying, carries water, pitches hay, and breaks (trains) the more independently-minded steeds.

Club Yearbook

(Continued From Page One)

and "The Wild Duck" (Ibsen), Mrs. J. C. Street.

April 12, "The Trial and Crucifixion of Jesus" (Masefield), Mrs. Paul W. Horn and "Nan" (Masefield), Mrs. Edgar T. Neal.

May 10, "The Sunken Bell" (Hauptmann), Mrs. C. C. Schmidt and "Pelleas and Melisande" (Maeterlinck), Mrs. A. W. McKee.

May 24, social meeting, "Hedda Gabler" (Ibsen), Mrs. C. M. Ballenger.

Adding to the impressiveness of such a difficult intellectual program, is an imposing list of committees, showing the scope of Twentieth Century club local interests, as follows:

Tech loan fund, Mesdames Hankins, J. I. Kilpatrick and J. H. Murdough and Miss Margaret W. Weeks and R. A. Mills, the last two being members of the college faculty.

Library, Mesdames Street, Mast, Hargis and Horn.

Child welfare, Mesdames R. A. Studhalter, Carter and Schmidt.

Entertainment, Mesdames Wilson, W. O. Stevens, Overton, T. R. Prideaux and Allen.

MINISTER GETS DEGREE

SPUR, (Special)—One of the Texas Tech graduates who will receive an M. A. degree June 1 is Rev. A. G. Dunn, pastor of the Church of Christ here. He has done his school work while taking care of his church duties here, majoring in history and anthropology.

Maine is believed to be the only state in the Union which harbors no poisonous snakes.

A recent survey showed that about 60 to 70 per cent of all Oklahoma farms were operated by tenants.

LOOK BEHIND THE NAMEPLATE
FAIRBANKS-MORSE
See the only Refrigerator
THAT'S REALLY DIFFERENT!

Before you buy any refrigerator, come in and see the new Fairbanks-Morse Conservador Refrigerator. Look behind its nameplate. See the greatest improvement in modern home refrigeration—the exclusive Conservador. See why old ideas of refrigerator value are not now exacting enough. See the one refrigerator that has all the features of protection, convenience, and dependability.

TERMS TO SUIT

Behind the Fairbanks-Morse nameplate is the greatest improvement in home refrigeration

There it is! The CONSERVADOR shelf-lined interior for frequently used foods

Plus the CONSERVADOR is every worth-while feature found in all other refrigerators

Lubbock Electrical Appliance Co.
1011 AVENUE J H. C. PHILLIPS, PROP.

Health Unit Will Be Discussed

Further discussion regarding a proposed health unit in Lubbock county will be the main feature of a meeting of the Lubbock County Children's council Monday night at 8 o'clock at the Slaton club house. All who are interested in the project are invited to attend.

Mrs. L. C. Odom, chairman of the council, will preside.

Joseph R. Griggs, county superintendent of schools, will be the main speaker.

LENGTHY VEILS

NEW YORK (AP)—Veils reaching to the waist or even to the hem are the latest in hat trimming. Worn mainly with tailored suits, and dotted and checked, they stream over the wearer's shoulder.

Methodist Seniors Attend Al Fresco Party Friday

Frankfurters and marshmallows were roasted and games were played by members of the First Methodist senior department Friday night at Mackenzie park.

Attending were Nellie Campbell, Vesta McIlhaney, Elwin Matthews, William Holt, J. W. Gamble, John J. Kendricks, Gwendolyn Hutchinson, Betty Nash, L. Blackburn, Mary Jo Forrest, Virlea Burns, Elton Terrell, Marion Turner, LaVerne Hulin, Roberta Ellison, Louise Sullivan, Kathaleen Self, Ruth Monk, Eugenia Harper, Durwood Stockton, Eugene Gause, Ralph Havis, Jeweldine Fields, Warlick Carr, Waggoner Carr, Reba Nell Blackburn and the sponsors, Mr. and Mrs. Ralph Wyatt.

Kansas soils have lost about 1,000 pounds of organic matter an acre each year since they were broken from sod.

Attempted Suicide After Killing

Sheriff Rufus Johnson said E. O. Schieck, 42, farmer (above), attempted suicide in four different ways after he crushed the skulls of his wife and his hired hand, Pen Faurot, with an axe. Schieck shot himself, drank poison, stabbed his chest and battered himself with an axe, the sheriff said. He is shown in a Fort Morgan, Colo., hospital where physicians said he may recover.

HEADS SNYDER CLUB

SNYDER, (Special)—A. C. Pruitt heads the Snyder Lions club for next year, succeeding Frank Farmer on July 1. W. E. Holcomb takes his place as first vice president and Warren Dodson was named second vice president in place of Holcomb. H. S. Darby was renamed secretary; G. B. Clark, jr., treasurer.

HAVE SECURED LOANS

MORTON, May 29. (Special)—Cochran county farmers to the number of 200 have secured loans from the emergency feed and seed loan division of the Farm Credit administration. Mrs. M. A. Connell is assistant clerk here, L. B. Wright, Lubbock, is district supervisor.

Yellow-billed cuckoos have furlined stomachs from eating fuzzy caterpillars, their favorite food.

Tuberculosis of the spine has been noted in human skeletons more than 10,000 years old.

Vacation Bible School Staged

Daily vacation Bible school of the First Baptist church will start on Wednesday at 9 a. m. to continue for two weeks, it was announced Saturday.

Three hundred boys and girls are expected to attend the school daily. The curriculum will be composed of a general assembly each morning during which the motto, call to worship and pledges to the flags will be given. This will be followed by a music period, conducted by Mrs. C. E. Hereford.

At 9:45 the group will assemble by departments, with the following superintendents in charge: Mrs. M. K. Simpson, beginners; Miss Callie Craft, primary; Miss Winona Pardue, junior; Mrs. A. L. Crosby, intermediate; L. E. Waite, principal.

Following department meetings the junior and intermediate members will be led by Mrs. Waite in the dramatizing of Bible stories. A recreational period will be in charge of Miss Corrine Brown.

A hand-work period will complete each day's session, from 11 to 11:30. The boys will make electric motors, airplanes, boats, etc. Girls will do basket work, sewing, foil engraving, clay modeling, wood burning and painting. A midget Bible will be given all boys and girls who complete the school with a perfect attendance, do satisfactory handwork, learn their memory work and show improvement. Honor awards will be given at the commencement program at the close of the school on June 16. All boys and girls from 4 to 16 are invited to attend.

Cumberland Presbyterians To Open Two-Weeks' School

A two-weeks' Bible school will be stated Monday at 9:30 a. m. at the Cumberland Presbyterian church, it was announced Saturday.

Teachers, to be taken from the Sunday school, are: Maurine Pewell, kindergarten; Mrs. Ina Dresser, primary; J. C. McClellan in charge of manual training period for intermediate boys; Mrs. T. M. Wiley, a returned missionary from India, conducting a needlecraft class for intermediate girls.

Other helpers in the school will be Rev. and Mrs. E. M. Jennings and Mrs. M. B. Cranford.

Princeton Ministerial Stude Will Preach At Slaton

(Special To The Avalanche-Journal)

SLATON, May 29.—Robert Rayburn, ministerial student in Princeton Theological seminary, Princeton, N. J., and son of Rev. James Rayburn of Slaton, will preach at the First Presbyterian church Sunday night. He is at present supply pastor of the Brownfield church.

Young Rayburn has completed his second year at Princeton. He spent last summer in the industrial sections of eastern Ohio doing vocational Bible school work and supplying pulpits on Sundays.

First Adult Conference To Be Held May 31-June 4

The first adult conference for members of Christian churches of Texas will be conducted at Buffalo Gap, 15 miles south of Abilene, May 31-June 4, by outstanding leaders of the Disciples of Christ, the Rev. W. R. Vivrett, pastor of the First Christian church, said Saturday.

Local persons planning to attend are Mesdames J. T. Baisden, J. W. Kolb, Ance English, Paul Barrier and H. W. Moore and the Rev and Mrs. Vivrett. The delegation will return Friday afternoon.

HAS LARGE PROJECT

MONROE, May 29. (Special)—One of the largest cotton planting projects in this section is on the W. O. Fortenberry farm here. He has 1,900 acres in cotton this year and used four tractors, each planting four rows each, or 16 acres at a round. He has 1,100 acres in wheat, nearly all under irrigation.

NEW SEED HOUSE BUILT

LAMESA, May 29. (Special)—Additional storage is being built at the Dawson County Cotton Oil company plant here. The new seed house will be 120 by 60 feet, and 50 feet high. It will hold 23,500 tons of seed, more than double the present house.

Miss Mary Florence Knox left Saturday for Mineral Wells to be employed for about a week in the store there owned by King's Jewelry company, of which she is a local employe.

Popguns, crocodile skins, frozen lobsters, cosmetics and oysters are among the many commodities for which American trade envoys report there are definite foreign demands.

All birds molt at least once during the year, to replace their worn and frayed feathers.

Midweek Bible study Wednesday, 8:15 p. m.

Household Hints

Now's the time to store winter clothes and bedding. Clean and air them thoroughly in the sun. Next pack them securely in newspapers. Then place them in boxes that are covered tightly. Label each box carefully and store those that may be needed in convenient places. Blankets, especially, are often necessary during cool spells.

• • •

To keep sandwiches fresh for a day, wrap them in waxed paper and place in a box lined with a damp cloth. Put on the lid and cover the box with a second damp cloth. The sandwiches may then be stored in a refrigerator.

• • •

Liquid left over from mustard pickles is excellent to mix with chopped meat or fish and use in sandwich fillings.

• • •

Sugar, added in the proportion of a fourth of a teaspoon to two cups of vegetable, will improve the flavor of cooked peas, corn, lima beans or beets. The sugar should be added just before the vegetable is served.

• • •

Nests of spinach holding carrot eggs will appeal to the child whose diet requires many vegetables.

REDEEMER LUTHERAN CHURCH
1715 Nineteenth Street
W. G. Loesel, Pastor

Service at 11:00 a. m. Sermon theme, "What Lies Beyond the Grave?"

The revival meeting closes Sunday night.

BLACK AND WHITE

PARIS (AP)—The Marquise Torrigiani has ordered a black broadcloth tailleur from Lelong for spring. The jacket is trimmed with arabesques of black velvet, edged with white, and has a U-shaped neck opening showing a shirred blouse of white chiffon. The blouse sleeves are long and full and caught into a tight band at the wrist.

NEW FALL COLORS

NEW YORK (AP)—Tweed coats for school wear will be made up in a new set of colors. Bright red is slated to replace wine. A new light brown, with more red in it than last fall's brown, is also planned.

Laymen To Conduct Meetings At Post

(Special To The Avalanche-Journal)

POST, May 29.—First of a series of fifth Sunday meetings to be held in the Methodist church here, by laymen of the Lubbock district, is scheduled here for Sunday. Rev. J. N. Hester, Southland pastor, is to lead.

The plan has been arranged by Joseph R. Griggs, Lubbock, district lay leader, and Rev. Dr. W. M. Pearce, presiding elder. Churches to participate include: Southland, Slaton, Draw, Garlynn, Graham, Grassland, New Lynn and Post.

"Marching Methodism" is the subject. Starting at 3 p. m. the program will include: Devotional by Rev. C. F. Carmack, Draw; "The Mission of the Church," Reverend Hester; "Privileges and Responsibilities of Church Leadership," Mrs. J. E. Parker, Post; "Extending the Kingdom Through Missionary Effort," Rev. C. W. Foote, Slaton; "Financial Side of the Kingdom," C. W. Caswell, Draw; "Sunday School Teacher's Opportunities," Judge Sewell, Slaton; "Some Values of the Fellowship of Meetings Like These," Rev. Luther Baker, New Lynn; "What Shall We Do With Opportunities Offered During Our Revival Meetings?" Rev. C. W. Bounds, Post.

PERSONALS

Mrs. Charles Thomas, member of the Junior High schoo. art faculty the past four years, will leave Monday morning to make her home in Dallas. Mr. Thomas, who has been employed in Dallas ..e past several months is spending the week-end here. They are staying at the home of Mrs. Thomas' sister, Mrs. W. E. Ballew, 1512 Avenue O.

Guests in the home of Dr. and Mrs. Jack M. Lewis, 1310 Avenue N, are Mrs. Lewis' parents, Mr. and Mrs. R. N. Perry, and her sister, Mrs. H. E. Schulze, and little Herbert Schulze, jr., all of Navasota. They came to see Miss Ruth Lewis receive a degree from Texas Technological college. They will stay several weeks.

Mrs. K. L. Riggs and daughter, Miss Marilyn Riggs, and nephew, Alton Farr, left Friday for about two weeks' vacation in Dallas, Fort Worth and Collinsville. Mrs. Riggs will visit her parents at Collinsville. Farr, a graduate of Texas Technological college, taught in Bovina last year and again will be enrolled in Tech this summer.

Mr. and Mrs. R. C. Harvey and sons DeWitt and Bobby, 2602 Twenty-second street, are leaving Monday for a visit with relatives in Fort Worth for several days. Bobby will enter a summer camp near Fort Worth, for a six-week period.

Fat Ladies Try Machine Way In Quest For Big Reduction; Robot Rubs Down

BY WILLIAM H. BORING
AP Feature Service Writer

ATLANTA, Ga., May 29. — Training for a heavyweight boxing match is child's play compared to what a score of Atlanta women are going through to reduce.

Every day they ride a bike five miles, walk three more, and polish off with a set of acrobatics that would leave a circus twister gasping.

For an hour to an hour and a half they do all this with the aid of modern machines in whose grip they trustfully put their fate.

Boasts one woman, who doesn't like to divulge her weight: "I've already lost 15 pounds and haven't been in training long. I'm so proud."

ROBOT RUBDOWN

WEIGHING IN at workout's end tells the subject what progress the waist spring and shoulder rollers (left) made on the bulk.

BIGELOW WEAVERS

Fiddlers Will Seek Prizes

STAMFORD, May 29, (Special)—Breakdown tunes reminiscent of frolics of frontier days will be played by aged musicians competing in the annual old fiddlers' contest in connection with the Texas Cowboy reunion here July 1, 2 and 3. The contest is the biggest free entertainment on the reunion program.

The fiddlers' contest will be held in the City auditorium on the last day of the reunion, Saturday, July 3, starting at 8:30 a. m., and continuing probably until noon. Professional musicians are barred and fiddlers must be 50 years of age or over to be eligible. No entry fee is charged. Prizes totalling $32.50 will be awarded the winners, first prize being $15, second $10, third $5 and fourth, $2.50.

Each Plays Two Tunes

Each contestant is allowed to play two tunes of his own selection, the only restriction being that breakdown tunes must be used. The fiddler may play alone or select a second, but only one accompanist is allowed. Jim Stell of Stamford is chairman of the committee in charge of the contest.

Winners in last year's contest were: First prize, J. C. Lane, Tahoka; second, Jack Sitton, Stamford; third, C. A. Ward, Weinert; fourth, J. E. Meadow, Lueders.

Another feature of the reunion designed to keep alive pastimes of the early-day cattle country is the square dance held at the cowboy bunkhouse at the reunion grounds each night. Judge C. E. Coombes, prominent West Texan, who is a former cowhand, presides over these dances in which many of the pioneer cowmen, present-day cowboys and visitors participate.

Unhampered by any provisions of the new neutrality bill, recently signed by President Roosevelt, this contingent of Americans was photographed in Paris as it prepared to see service in the Spanish civil war. The ambulance unit expected to join other American units which had previously gone into Spain. Original neutrality interpretation prevented participation of Americans in any foreign conflict, even in ambulance corps.

New American Ambulance Unit Off For Spain

Swing Harpist Will Be Heard On KFYO

Listeners to Rubinoff's Musical Moments revue over Station KFYO next Tuesday night at 7:45 o'clock, will hear one of radio's most unusual performers in Casper Reardon, guest star on the program with Miss Willie Morris.

Mr. Reardon plays the harp. He plays it in a style unknown before him—a fact which has earned him the title of radio's Swing Harpist.

CASPER REARDON

How and why he got that way make an interesting story.

Casper Reardon was born in Little Falls, New York in 1907. He began to study the harp at fifteen, under the celebrated maestro, Carlos Salzedo. Three years later he won a scholarship at the Curtis Institute of Music in Philadelphia, afterwards becoming first harpist of the Cincinnati symphony orchestra, the youngest person to ever hold such a position. He was then nineteen.

Like many another modern musician, Casper Reardon's eye was on radio, and after five years in Cincinnati, he resigned to enter the broadcasting field. He played classical as well as contemporary music, but his swingy style quickly attracted the attention of modern masters like Paul Whiteman, with whom he has been heard often. He still loves the classics, but he feels that the harp, traditionally conservative instrument though it is, must be made to fit the modern age.

It took courage for this young artist to swing the modern jazz from the strings of his harp, but he has stuck to his aim and is undoubtedly the leading master of the swing harp today.

Experts rank the 20 varieties of headaches as next to the common cold in causing the greatest loss in business efficiency.

San Antonio Music Patron Taken By Death Saturday

SAN ANTONIO, May 29. (AP)—Mrs. Eli Hertzberg, music patron and life-president of the Tuesday Musical club, died in the Santa Rosa hospital at 6 o'clock this morning following an emergency operation. She was 72 years old. She was known throughout the state as a patron of the arts and artists, and had been an impelling force in San Antonio music circles for years.

Cards have been played in China, Egypt, and India since the very dawn of time.

Bits Of Gossip On The Ether . .

TO NAME WINNERS

Winners for the first week in the amateur announcer's contest, will be announced over KFYO Monday night at 7:15 o'clock. At the end of twelve weeks, weekly winners will compete for a grand prize.

Conducted under the direction of Ollie Cook, KFYO program director, the amateur announcer's contest has gained a great deal of favorable attention with radio listeners over the South Plains.

The program is broadcast every night, except Sunday, at 7:15.

CECIL AND SALLY

Tuners-in on KFYO Monday morning at 7:45 o'clock, will, as usual, hear the doings of Cecil and Sally. There's to be nothing unusual about Monday's episode other than the fact that it's Cecil and Sally's one thousand three hundred and seventy-first broadcast over KFYO!

For more than four years, KFYO listeners have smiled over their coffee cups at the amusing antics of this madcap pair. At one time the serial was temporarily discontinued, but so great was the popular demand for "The Comic Strip of the Air" that broadcasts were resumed almost immediately.

Says Van-Tage Moved Six Inches Gas Bloat Out of Him

"For 20 years I was tortured with an upset stomach," said H. A. Albers, 950 N. 17th St., Salem, Ore. "My food turned to horrible gas and caused pains that made me double up. Was so bloated my stomach line would expand 5 or 6 inches! And I was so constipated my bowels wouldn't move for 3 days at a time. I saw what Van-Tage was doing for others and I tried it myself. My digestion has improved, sour stomach relieved and I sleep better. Also my bowels are regular. I can't say enough for this medicine."

Due to large sales, the price of Van-Tage is reasonable.

Hollywood On The Loose..

Glamorous Jean Harlow Says She Prefers Simple Life; Spends Time Working

BY JEAN HARLOW
(Guest Columnist For Robbin Coons)

HOLLYWOOD, May 29 — Hollywood is a place in which to work, not to play. No snickers, please, I know. I work here.

In two years I have been out to night clubs just three times and then only to accompany friends. During vacations and brief weekend rests, I haven't been farther from Hollywood than Lake Arrowhead, a mountain resort three hours by automobile from my home.

Jean Harlow

Oh, yes, I know that I went to Washington with my mother and Robert Taylor to attend the president's birthday party. It was a thrilling and tremendously interesting experience, but not exactly play. I was two weeks recuperating from making that 6,000-mile trip in nine days.

• • •

25 Costumes In Play

APPEARING in from four to six pictures a year leaves an actress little time for play. After finishing "Personal Property" I had exactly a week to rest before starting preparations for "Saratoga." I wear 25 costumes in the new picture and the fittings took me to the studio almost every day for two weeks, although this was my vacation. Make-up tests and hairdress also required a great deal of my time.

Just when I might have had a few days' vacation, Director Jack Conway called me back to the studio to start work. While a picture is in production, my days follow a strict routine. I try to be in bed by nine o'clock, to be up at seven, at the studio by eight and on the set by nine.

• • •

Dislikes Large Parties

I NEVER give formal parties, preferring to have a few close friends drop in once a week, usually on a Friday or Saturday evening. My guests rarely number more than ten, and generally include Bob Taylor and Barbara Stanwyck, Clark Gable and Carole Lombard, W. S. Van Dyke and Mrs. Van Dyke, Bill Powell and Carey Wilson and Mrs. Wilson, the former Carmelita Geraghty.

Sunday mornings I have my one breakfast in bed—big treat of the week. For relaxation and pleasure I read a great deal and write. I've finished one novel, "Today Is Tonight" and have started another.

Perhaps that doesn't sound like a very exciting life, but it suits me. I have a pleasant home, friends I enjoy, and my work. A person couldn't ask for much more.

It isn't, I realize, in conformity with many fans' notions of the life a movie actress leads or should lead. But in pictures, probably more than in any other work, one has to keep fit. I find the simple life the best means of keeping fit, and so do most of my friends.

McPherson Company Installs Air Conditioning Here

One of the largest single-room department stores in the Southwest, Hemphill-Wells Co., has been equipped with an air conditioning system that, at the same time, may be employed as a heating unit.

Installation was by McPherson Engineering company, which is affiliated with the Carrier corporation, under whose leadership air conditioning has prospered. The engineering company head was inventor of controlled humidity.

McPherson Engineering company pioneered air conditioning on the South Plains and has made numerous installations.

The planet Mercury travels an oval-shaped orbit. Part of the time it races along at 36 miles a second, but on the curves its slows down to 24 miles a second.

Taylor And Stanwyck Top Movie Program In "This Is My Affair"

Crack Comedy At Broadway

PALACE — Sunday, Monday and Tuesday: "This Is My Affair" (20th Century - Fox). Robert Taylor, Barbara Stanwyck, Brian Donlevy.

A young navy lieutenant is appointed by the president to trail a gang of criminals. He is ordered to disgrace himself in the service to make it appear he is really a crook. He joins the gang, writes a letter to the president but the chief is assassinated before it arrives and he is charged in a holdup murder. It looks like he will hang until a girl with whom he has fallen in love comes to his rescue in the nick of time.

BROADWAY—Sunday, Monday and Tuesday: "My Man Godfrey" with William Powell and Carole Lombard.

A daring debutante does anything for a laugh. She finds a man on a scavenger hunt, brings him home, makes a butler of him and then he turns the family upside down and reforms them.

LINDSEY — Sunday, Monday and Tuesday: "Way Out West" (MGM). Stan Laurel, Oliver Hardy, Sharon Lynne, Rosina Lawrence.

The two comedians are entrusted with the deed to a gold mine which they are instructed to deliver to an orphan girl. By mistake they give the paper to a sirenish dance hall girl. Then the fun begins when they attempt to recover it.

LYRIC — Sunday, Monday and Tuesday: "After The Thin Man" with William Powell and Myrna Loy.

The ace detective returns from New York to his home in San Francisco determined to get some rest and give up sleuthing. The first thing that slaps him in the face is an A-1 murder mystery, too irresistible for him to reject.

TECH — Sunday, Monday and Tuesday: "Shipmates Forever" (Cosmopolitan). Dick Powell, Ruby Keeler.

The son of an admiral rises to the top as a crooner in the big town. Piqued by the scorn of his father he enters Annapolis where he is unmercifully hazed. But in his final year he wins the admiration of his shipmates by fighting through flame and risking his life for another.

TEXAN — Sunday and Monday: "Seventh Heaven" with Simone Simon, James Stewart, John Qualen.

A young sewer rat of the Paris underworld rescues a girl from the police. He takes her home, protects her and they grow to love each other. The war breaks into their happiness and he goes away. But they keep faith in a tryst each day in spirit until one day she feels he is dead. But she keeps hoping and praying. Her prayers are answered and he returns, blind.

PALACE — Wednesday and Thursday: "There Goes My Girl" (RKO-Radio). Gene Raymond, Ann Sothern.

Rival reporters are very much in love. The girl's city editor wants to keep her working and he sabotages the romance a couple of times. The lovers turn bitter rivals as a big story breaks and they both stay a jump ahead of the police in seeking the solution.

BROADWAY — Wednesday and Thursday: "Accusing Finger" with Paul Kelly and Marsha Hunt.

A dramatic story of the courts and of men sent to prison and to their deaths by circumstantial evidence. The bright young district attorney, who has sent many to their doom, himself is caught in a web of circumstantial evidence and almost goes to the chair.

LINDSEY — Wednesday: "Trouble In Morocco" (Columbia). Jack Holt, Mae Clarke, C. Henry Gordon.

Two rival newspaper correspondents speed to Morocco to get a story on gun running activities. The girl is angry when the man double crosses her. He is tricked into the foreign legion ranks and she refuses to identify him and gain his release. But he uncovers the plot and is captured by Arabs when he joins to get the facts. She reveals his identity and leads an expedition to his rescue.

LINDSEY — Thursday: "Too Many Wives" (RKO-Radio). Anne Shirley, John Morley, Gene Lockhart, Barbara Pepper.

An enterprising youth sells a publisher on the idea on letting him sit in the office as a stooge and take the kicks when they come in. Everything is lovely until an irate old man and his daughter arrive on the scene. He straightens it out, however, and is invited to the house. Trouble starts all over again.

LYRIC — Wednesday and Thursday: "The Man I Marry" with Doris Nolan and Michael Whalen.

The adventures of a girl who runs away from one wedding to become entangled in a romance with a young man who resents the idea that a woman should shape his destiny. He's had his share of escapades and is off women for life.

TECH — Wednesday and Thursday: "Swing Time" (RKO-Radio). Fred Astaire, Ginger Rogers, Victor Moore, Helen Broderick, Eric Blore, Betty Furness.

A happy-go-lucky roamer is engaged to a girl who he plans to marry when he makes $25,000. He meets another girl and together they start rising to heights of fame until he realizes that he has almost earned the money for his marriage. Then the fun starts when he tries to lose his money and instead seems to make more.

TEXAN — Tuesday and Wednesday: "The King and The Chorus Girl" with Joan Blondell and Fernand Gravet.

An American chorus girl is hired to bring a little happiness into the life of a bored prince. But the tables are turned when she falls in love with him and he does the same.

TEXAN — Thursday: "Wedding Present" with Joan Bennett and Cary Grant.

PALACE — Friday and Saturday: "The Prince And The Pauper" (Warner). Errol Flynn, Claude Rains, Henry Stephenson, Barton MacLane, Billy and Bobby Mauch.

An heir to the English throne and a pauper boy are born on the same day. They are thrown together later in their play and one day they exchange clothes. The captain of the guard kicks the little king off the grounds and the pauper boy is carried to the palace. A crooked earl takes advantage of the deception to gain power. A young soldier-of-fortune makes friends with the little king and eventually restores him to his proper place.

BROADWAY — Friday and Saturday: "Romance and Riches" with Cary Grant and Mary Brian.

LINDSEY — Friday and Saturday: "Trail Of Vengeance" with Johnny Mack Brown.

LYRIC — Friday and Saturday: "Galloping Dynamite" with Kermit Maynard.

TECH — Friday and Saturday: "Cimarron" (RKO-Radio). Richard Dix, Irene Dunne, Estelle Taylor, William Collier, jr.

Drama of the pioneering of Oklahoma and the story of a man who led the land rush into the territory, killed an outlaw, met "the Kid" in mortal combat, champions the Indians, thwarts his own love to save the town siren and finally dies that others may live.

TEXAN — Friday and Saturday: "The Last Of The Mohicans" (United Artists). Randolph Scott, Binnie Barnes, Henry Wilcoxon, Bruce Cabot, Heather Angel, Phillip Reed.

Stirring story of pioneer men and women who faced death and danger and glorious adventure side by side for the country they loved.

Barbara Stanwyck and Robert Taylor are the lovers who face danger together in "This Is My Affair," showing at the Palace today.

Sam Levene, William Powell and Myrna Loy are shown here in a scene from "After The Thin Man," now on at the Lyric.

Crooning Dick Powell and dancing Ruby Keeler are surrounded by the navy in their picture "Shipmates Forever," current at the Tech.

William Powell and Carole Lombard star in the romantic comedy, "My Man Godfrey," showing today at the Broadway.

POOL REOPENED

LITTLEFIELD (Special) — The swimming pool on highway No. 7, northwest of town, has been reopened. Mrs. Annie Correll is owner. The pool is 50 by 100 feet.

A baby African elephant, Toto Tembo, was transported from New York to the municipal zoo in St. Louis, Mo., by airplane in 1935.

MAY RAINFALL

SLATON, (Special) — May rainfall up to May 27 was 3 15-16 inches, says G. H. Orr, who has a gauge here. For the year so far the rainfall is 6 15-16 inches.

In the 75 years from 1859 to 1934, Colorado produced coal worth $785,000,000. This was $40,000,000 more than the value of gold produced in the state during the same period.

The 1936 steel output of the world amounted to 123,460,000 tons, or an increase of 26.8 per cent over the 1935 total.

mportant Business Will Face Texas Tech Directors At Meeting Tuesday

ollege Budget Be Studied

vast amount of business will directors of Texas Technological college when they convene in annual June session at 10 ck Tuesday morning in the of- of President Bradford Knapp, Clifford B. Jones of Spur, rman, presiding.

isiness facing the directors in- es:

Budget To Be Approved

pproval of a budget for the next nium; choice of a location for library which Tech will receive he governor signs a bill which been passed by the legislature; s for expenditure of $15,000 al- ed by the legislature for co- ative cottage construction; ap- tment of several faculty mem- for the 1937-38 session; con- ration of a petition from the ent council for naming of the itories; consideration of a pro- l to raise student activity fees; ine reports.

e building committee of the d will be an important group in next two years. It will super- plans for Tech's long-awaited ry, if the governor's signature ven.

Fund Is Approved

$275,000 library allocation was oved after a compromise be- n the house and senate. The set Tech's appropriations for 1937-39 biennium at $1,335,706, approximately $400,000 higher for the last biennium. The ap- riation includes raises in salary aculty members.

a poll sponsored by the stu- newspaper, the Toreador, Doak and Horn hall were selected as es for the women's and men's itories, respectively. The stu- council drew up a petition that board accept those names.

To Increase Fees

he student council and adminis- ive council have approved a osal to increase student activity charged at opening of the fall ion from $7.50 to $10. re- sion of funds allowed various pus projects is included in the osal.

veral vacancies in the faculty be filled and possibly addi- al members appointed.

he meeting will be the first to be nded by L. L. Steele of Mexia, ointed by Gov. James V. Allred ucceed Dennis Zimmermann of ia, whose term expired this year. ther board members are: Spen- A. Wells, Lubbock, vice chair- n; Mrs. John A. Haley, Midland; Emma G. Meharg, Plainview; T. Sneed, jr., Amarillo; Mrs. W. Potter, Bowie; Tomas G. Pol- , Tyler; James M. West, Hous- W. T. Gaston, Tech business nager, is secretary of the board ex-officio member.

o notification that any board nber cannot attend had been re- ed Saturday by the secretary.

cation Days

(Continued From Page One)

American Association for the ancement of Science that meets June 21. Dr. Sparks is on the utive committee of the south- ern branch. They will spend ral days in the state after the ting.

r. and Mrs. Cecil Horne will nd week-ends and vacation per- at their San de Cristo moun- cabin in New Mexico. Their ghter, Miss Cecile Horne, of the nomy Advertising company, City, Iowa, is expected to visit this summer.

r. and Mrs. R. A. Mills will e the second semester of school a trip to Canada by way of rida and the eastern coast. Mills ches English and is head of the h artist course.

r. Leroy T. Patton with a dozen h boys will leave June 7 for Gallinas and Red River canyons their summer field trip. Mrs. ton will do graduate work in ne economics at Tech.

f plans materialize, Dr. A. L. out will sponsor a literary trip ough Europe beginning July 22 ending August 30.

The W. L. Stangels are leaving Thursday to attend the graduation exercises at Texas A. and M. college at College Station. This year is the 25th anniversary of Stangel's graduation from that school. They will attend the convention of the Texas Cotton Seed Crushers association while there.

Two Lubbock Boys Will Receive Diplomas From NMMI; Both Are To Attend Camp

* * *

FRANK BLANKENBECKLER, JR.,

GEORGE A. SIMMONS, JR.,

Frank Alderson Blankenbeckler, jr., son of Mr. and Mrs. F. A. Blankenbeckler of 1901 Thirtieth street, and George Albert Simmons, jr., son of Mr. and Mrs. G. A. Simmons of 2124 Broadway, will be graduated from New Mexico Military Institute on Tuesday, June 1.

Blankenbeckler is one of sixteen members of the class who have been enrolled in New Mexico Military Institute for three years. He completed the high school course in June, 1935, and is now completing his junior college course. Blankenbeckler is a first lieutenant and is completing the advanced course in the senior cavalry unit of the R. O. T. C. He will attend the R. O. T. C. camp at Fort Bliss, Texas, beginning June 3 and ending July 14. Upon satisfactory completion of the camp he will receive a certificate of eligibility for commission as second lieutenant, cavalry, officers' reserve corps. Upon attaining his majority, his commission will be awarded. He qualified as "marksman" in pistol marksmanship, dismounted course. Blankenbeckler's athletic participation has been in baseball, swimming, volley ball and tumbling.

Simmons has also been enrolled in New Mexico Military Institute for three years. He completed the high school course in June, 1936, and is now completing his junior course. Simmons is a captain and is completing the advanced course in the senior cavalry unit of the R. O. T. C. He will attend the R. O. T. C. camp at Fort Bliss, Texas. Upon satisfactory completion of the camp he will receive a certificate of eligibility for commission as second lieutenant, cavalry, officers' reserve corps. Upon attaining his majority, his commission will be awarded. Simmons' athletic participation has been in swimming, polo, tumbling and fencing.

These two young men are among the one hundred two who will receive diplomas at the graduation ceremonies which close the commencement activities. Twenty-two states are represented in the class of 1937. Eighteen members of the class are from Texas.

Tech Grads Plan To Start Payments On Their Debts With First Paychecks

Attention: Car and typewriter salesmen, and creditors of Lubbock.

So far as the graduates at Texas Technological college are concerned, there will be no "college debts" moratorium next year—if they let their intentions guide their first pay check into the hands of people who financed their four years of college education.

In a canvass of more than 50 graduating seniors concerning the spending of their first pay check after graduation, more than one-half said they would use it towards paying college debts. At least 10 girls wanted to travel with their "first" money.

Some Held Previous Jobs

A majority of the men students held previous jobs.

Some of the answers that were given to the question, "What will you do with the first pay check?" were:

Joe Taylor, horticulture major: "I will buy food for my wife and twin boys and pay some debts."

Katherine Shannon, education major: "Save my money so that I can go to Hawaii."

Morris Alford, business administration: "I am going to rest and go to South America on money that I have already saved working."

To Buy Clothes

R. C. Mitchell, animal husbandry: "Buy clothes and make a payment on a car."

Mary Etta Bean, commercial art: "I want to buy some clothes and make a down payment on a portable typewriter."

Alice Adkisson, education: "I would like to start a library and subscribe to four good magazines."

Floyd Williams, animal husbandry: "I want to buy a dog and a 25 cent cigar."

Claude Thompson, geology and president of the student body: "Above all, I would like to start paying debts on my education."

Wants Speed Boat

Elmo Knudson, mechanical engineer: "I want to buy a speed motor boat with that first check." Knudson will work for the Hughes Tool company at Houston this summer.

Winburn McAlister, agriculture: "I want to raise whoopee and go fishing." The graduate will be employed by a cotton oil company in Houston after graduation.

Lee Norris, mechanical engineer: "I will have rent and other expenses, but I want to pay on my debts and get them off of my chest."

Save For Travel

Helen Lehmberg, speech: "Pay for the necessities of life and save my money for traveling."

Lois Spraggins, home economics: "I want to buy a pair of scissors to replace those of my mother's I lost."

Josephine Powell, journalism: "I intend to save my money and buy a car and do some traveling."

Eleanor Jungman, journalism: "Mine will be used to pay bills. I am afraid."

Mr. and Mrs. H. G. Bizzell, 1919 Fifteenth street, spent the week-end in Santa Fe and Taos, N. M.

Mr. and Mrs. Horace Harrington of Midland spent the week-end in the home of her parents, Mr. and Mrs. H. A. Thompson, 2010 Ninth street. Mrs. Harrington was Miss Arilla Thompson before her marriage May 9.

'Souls At Sea'

A look at this picture and you can see why the studio gave Frances Dee a long-term contract just to get her for her newest role as a Victorian maid in "Souls at Sea." The part seems to call, among other things, for curls and old lace and a very pretty face. Miss Dee at home, on a cattle ranch outside Hollywood, is Mrs. Joel McCrea.

Summer Term Registration At Local School Set Monday

Registration for the summer term of Lubbock public schools will be held at 7:30 o'clock Monday morning in Senior High school, for both high school and elementary students, and classes will begin immediately afterward.

Elementary students are to register in rooms 130 and 135 and high school students in the principal's office. Tuition of $9 per subject for high school students and $12 for half a year's work for elementary students will be charged.

The 40-day term is to end July 15. Classes will be taught six days a week.

A Thought For Memorial Day

IT is a little hard to realize, at this late date, that we are still paying for the Civil war.

The bills for powder, shot and general breakage have long since been settled. Pensions are being paid, of course, but they don't loom large any more—and the war is so far away from us, anyhow, that they seem to be part of the natural order of things, unconnected with actual conflict.

Indeed, the whole war is rapidly passing into a romanticized veil of sentiment, so that when Memorial Day comes around it serves only as a good excuse for a holiday. The very names of the battles—Shiloh, Antietam, Cold Harbor, Stone's River and all the rest—have a quaint, old-fashioned sound. We tend to think of them as scenes in a picturesque and exciting pageant, and forget that they were paid for in blood, agony and heartache.

But this continuing cost of that war escapes us most of all. What is it, anyway—this cost that we are still paying and must always go on paying?

* * *

FIGURE it this way. Close to 500,000 men lost their lives in that war whose memory this day was set aside to observe. Most of them were young men; they were, furthermore, the best of the young men—the bravest, the most ardent, the lads who were most eager to pour out what they had as a sacrifice for an ideal.

You do not have to think very long to understand that we are immeasurably poorer today for the loss of those half-million fine youths.

What could they have given us, if they had grown up to useful manhood and taken their places in the world, untouched by war?

Half a million more men, the pick of the nation's youth, from whom to draw scientists, poets, civic leaders, inventors, statesmen, writers, counsellors and business men! By the mere law of averages, there must have been, among those half million, many who would have gone far and rendered great services. It is hardly exaggerating to say that the last half century of our history might have been profoundly different if those men had been spared to us; it certainly is not exaggerating at all to say that we would be a better, wiser, richer people today if those men had not been killed.

There is the true cost of war—of the war of 1861 and of all the other wars whose dead we decorate today. Not the money—for that can be repaid. Not the grief and agony—for time can heal that wound. But the irretrievable removal of human spirits that could have helped make a fairer world—that is the price that can never be avoided and can never be wholly paid.

To the end of our existence as a nation we shall suffer from that loss. What better day to meditate on that loss than Memorial Day?

Germany Forgets A Vital Need

THE German government would be well-advised if it paid some attention to a warning voiced the other day by Prof. Friedrich Schoenemann of the University of Berlin, who feels that the state-controlled press is entirely too free with its blanket criticisms of America.

Recalling that the German press goes into a lather of abuse whenever an American says something derogatory to the Nazi government, Professor Schoenemann remarked:

"I think it is rather foolish and dangerous to indulge in wholesale criticism and denunciation of American civilization as a whole. We underestimated America once and lost both the World War and the peace that followed as a result."

Certainly the German press lately has done little to create good-will toward Germany in America. And good-will abroad happens to be rather important to the German people these days.

With Our Contemporaries

"If you want son to quit smoking, cussing and drinking, make him quit running around with daughter," chatters Jeane Suits in the Lockney Beacon.

* * *

"Contentment is sometimes achieved as a delicious gravy cooked from a tough and otherwise undesirable steak." Douglas Meador says in the Matador Tribune.

The One-Minute Sermon

I will mention the loving kindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us, and the great goodness toward the house of Israel, which he hath bestowed on them according to the multitude of his loving kindnesses.

For he said, Surely they are my people, children that will not lie: so he was their Saviour.

In all their affliction he was afflicted, and the Angel of his presence saved them: and he bare them, and carried them all the days of old—Isaiah, LXIII, 7 through 9.

A Time For Rededication

Browsing Through The New Books..

If You're Really Interested In Pirates You Ought To Read "Captain Kidd And His Skeleton Island" By Harold T. Wilkins; Knows Where The Treasure Is; Four Writers Write Of Sunpapers

"CAPTAIN KIDD AND HIS SKELETON ISLAND," by Harold T. Wilkins; (Liveright, Philadelphia).

ARE you really interested in pirates? If you can answer yes, with no strain on your personal truthfulness, you should read "Captain Kidd and His Skeleton Island." If you cannot, by no means open the book, for it is not for you.

Harold T. Wilkins, who has spent a good deal of time getting the facts together, and putting them on paper, is truly interested in pirates. More than that, he believes he knows approximately where Kidd's fabulous treasure is buried, even though he is not sure whether the treasure actually is Kidd's or belonging to some other ancient privateer.

Knows Secrets Of Chests

This is because he, with Hubert Palmer, knows the secret of four Captain Kidd chests. These boxes have turned up, one after another, in a manner which impresses Mr. Wilkins as "fated." As a matter of fact, there also is a bureau and there are other chests and relics—the four mentioned are the ones which contained secret compartments. These compartments were filled with maps and to understand the secret of the island, one must have had access to all of them.

The treasure is buried on a Pacific island, and Mr. Wilkins believes that, although it is not shown on any current chart, he knows an old sea dog who can take him to the proper bit of land. It is evident, or should be, that Mr. Wilkins is not going to put all his delicious secret on paper in his book, or anywhere else. He only tells enough to make the reader itch to be off on a treasure-hunt. Then he shuts up, clam-like.

He has other things to say about Kidd. One of these is that Kidd was not the villain he is supposed to have been. He even traces (somewhat sketchily) Kidd's career through the earlier years when little is known. The people who betrayed the captain, or rather the particular person, is pointed out. Mr. Wilkins makes Kidd a clever leader and good sailor, and perhaps a little too trusting. But the mere fact that Mr. Wilkins can steam himself up to the point of doing this book is proof that there was "something to" Captain Kidd. Quite something.

* * *

Sun Remains The Sun

"THE SUNPAPERS OF BALTIMORE," by Gerald W. Johnson, Frank R. Kent, H. L. Mencken and Hamilton Owens; (Alfred A. Knopf, New York).

THE remarkable thing about great newspapers is that once they achieve a personality, the personality cannot be washed away even by lye. Innovations, even reversals of policy, may come along, as indeed they have in the case of "The Baltimore Sun." But the Sun remains the Sun, because a relationship has been established between the paper and the people.

If you doubt, read the history of the paper published today as "The Sunpapers of Baltimore." This book is fathered by four gentlemen of the Sun: Gerald W. Johnson, Frank R. Kent, H. L. Mencken and Hamilton Owens. Each has written a section and in addition, Mr. Mencken has made himself responsible for the text throughout. Each has dutifully written about the physical things which took shape through the first century of the Sun's life. But what remains when you finish the book is yet another illustration of the fact that you only can kill a paper's personality by suspending publication. The Sun has tried almost everything else, but never has suspended.

The Sun was founded by A. S. Abell and his partners almost at the moment modern journalism began to take form.

H. L. Mencken is generally responsible for "The Sunpapers of Baltimore," one of the best newspaper histories ever done in America.

It early earned a reputation for enterprise in news gathering—frequently it knew more about our military situation than the war department. It went into eclipse with the Civil War and somewhat curiously remained solid but unimaginative for years after the war. In the '90's certain political battles enlivened matters, and the Sun as well. In the succeeding decade family differences as well as pressure from outside brought many changes to the paper.

It is no longer necessary to make large letters out of many smaller letters in Sun advertisements, nor is the Sun's business office now called its counting room. By-lines appear in the Sun and it has ceased publishing word-for-word all the proceedings of the Maryland legislature.

But the Sun remains the Sun, just the same.

Retrospective Longing

"TWILIGHT OF A WORLD," by Franz Werfel, (Viking, N. Y.).

"TWILIGHT of a World," by Franz Werfel is a collection of eight short novels and long stories bound together by a single thread of retrospective longing into one volume.

The stories only a few of which have been previously translated into English, are of varying excellence. A good many of them are products of the author's earlier creative years and as such will disappoint readers who became first acquainted with him through his later work.

Two Are Preferred

The most wholly satisfactory stories are "The Staircase," a monologue which a young girl holds with herself as she mounts the staircase to the fourth floor of a hotel, and "Class Reunion." Other readers will of course prefer other stories according to individual tastes.

In all of these tales there is a note of longing for a day that is past. As he looks back on the declining years of the Austrian empire the writer feels a great nostalgia for that lost era. The stories are preceded by a long essay on the meaning of imperial Austria, which in the light of some of Mr. Werfel's other work is somewhat difficult to understand completely.

Representative Of Youth

It is clear, however, that to him those last years of a great tradition are representative of his youth, of his first ideas and ideals. He mourns also for the color and the glory which have gone out of the Austria which he loved. Widely different as these tales appear on the surface, the connecting link exists.

The book is, of course, somewhat biased, rather sentimental but well worth reading for all of that.

Side Glances---By George Clark

"You should let us stay up a little longer, papa. You've taken most of our time deciding on one card."

The National Whirligig

The News Behind The News

WASHINGTON
By Ray Tucker

THE story of Summer Welles, the new Under Secretary of State, reads like fiction—polite, fashionable fiction. From the day of his birth in New York City he seems to have been destined for a major role in world diplomacy.

He was wealthy, attractive, intellectually, inclined. Like President Roosevelt, he studied at Groton and Harvard. He chose diplomacy for a career as F. D. R. selected politics. And at 28, after a few brief assignments in minor posts abroad, he was chief of the division of Latin-American affairs. He ran to every diplomatic fire in South and Central America for the next 10 years, doused several threatening conflagrations and in 1928 was named assistant secretary of state. He is regarded as our ace career man, even by foes.

SUMNER WELLES

His wife was Matilda Townsend, once the reigning belle at the capital. Their estate at nearby Oxon Hill, with its shady terraces and gardens, attracts the nation's most eminent politicos and diplomats. There he rides horsebacks, romps with his dogs, oversees his gardens—his only hobbies. Keeping up with Hitler, Mussolini, Stalin, Batista and their doings does not leave time for more ebullient forms of recreation.

* * *

EQUIPPED: Mr. Welles is such a sedate and dignified individual that when he broke down and played deck golf with Secretary Hull on their return from Buenos Aires, it amazed his friends.

But the greater wonder is how such a reserved fellow could achieve such eminent success in diplomatic dealing with the excitable and warm-hearted peoples of South America. He has been our contact man with them for many years, and in the last four he has embodied for them Mr. Roosevelt's policy of "good neighbor." He arranged the Buenos Aires parley, helped to push it off the rocks several times.

The answer is that the South Americans appreciated our selection of such a distinguished, polished, trained diplomat in negotiations with them. They would have resented a blunt, bluff fellow who acted down to them in a condescending manner. And they soon discovered that persistent study had given Mr. Welles an understanding of their problems—and ours. His facade helped, but he also had the facts. Note: Don't ever call him "the Anthony Eden of America" if you meet him. Despite the resemblance, he despises the comparison.

* * *

BACKGROUND: Chief Justice Charles Evans Hughes should be the first to shake the hand of Senator Robinson or Senator Wagner if President Roosevelt nominates either as successor to Justice Van Devanter. For Mr. Hughes would not be sitting on the bench today except for those two senators.

Seven years ago Mr. Hughes' confirmation hung in the balance. Southern senators originally cold to the anti-Hughes movement grew restive and were about to freeze. Then Herbert Hoover turned to Mr. Robinson, then in London as a Hoover delegate to the arms conference. President Hoover cabled the majority leader for help, and "Joe" replied with a warning to Temporary Leader Swanson that Southern Democrats must not affront so eminent an American as Mr. Hughes. On his return, Mr. Robinson insisted the Hoover cable was so worded that it misled him.

Senator Wagner delivered a stirring speech on behalf of the New Yorker's confirmation, holding many Democrats and liberals in line for Mr. Hughes. But it was a speech born of political necessity. Back in 1917, when the late Mayor Mitchell of New York charged that State Senator Wagner was "pro-German" the man hired by the mayor to prove the libel was a lawyer named Charles Evans Hughes!

* * *

CONTRAST: In Senators Byrnes and Barkley President Roosevelt has a choice of two entirely different types of men if he has to select a Senate leader in place of Mr. Robinson. Which he prefers may furnish a tipoff on the turn the New Deal will take in the next few years.

Mr. Byrnes is canny, conservative, brilliant, whereas Mr. Barkley is slow, persistent, liberal. The former practiced corporation law after quitting the House, the Kentuckian was a small-town lawyer and county judge before coming to Washington. The South Carolinian shines in conference, in committee and in floor jams. His mind functions as fast as lightning, and he can spy a loophole ahead of any rival. He can foresee them in preliminary planning. Mr. Barkley is a slow thinker, not so quick at repartee, not such a supple strategist. He plays tortoise to Mr. Byrnes' hare.

Senator Byrnes has frequently backed New Deal proposals he didn't like, but lately he has rebelled; he introduced the anti-sit-down resolution. He would be more likely, even as leader, to say "No" to the White House; he might also proclaim his views publicly. The ever-loyal Barkley would be inclined to go along regardless of personal feelings, unless his convictions were too deeply violated. Then he'd simply shy off silently.

* * *

NEW YORK
By James McMullin

BACKSTAGE anti-Roosevelt forces in New York are cheered by word of a personal rivalry in the senate which should further widen the rift in the Democratic lute.

If FDR should yield to senatorial urging and name Joe Robinson to take Willis Van Devanter's place on the Supreme court, the coveted post of majority leader of the Senate would of course be vacant. The logical hier to Robinson's mantle under normal circumstances would be Jim Byrnes of South Carolina—erstwhile White House confidant. But Jim has been far off the reservation on the Supreme court proposal and insiders understand that loyalist Alben W. Barkley of Kentucky now has the inside track.

Senator Byrnes' blood boils at the intimation that he is slated to be given a runaround. He feels he has plenty of claim on the gratitude of his party—and of Mr. Roosevelt personally. Certain New Yorkers are busy behind the scenes building up the enator's sense of righteous indignation. Byrnes is rated an especially valuable leader of the opposition because he was formerly so close to the President.

* * *

ROBINSON: Some cynics in financial circle crack that there is really no reason for Jim to get all worked up, because Joe Robinson isn't going to land the Supreme court appointment anyhow.

But that prospect evokes as many anticipatory gloats among the administration's metropolitan enemies as the other. They know how deeply the Arkansas veteran's heart is set on this reward for services faithfully rendered, and they figure he will be thoroughly upset and disaffected if he doesn't get it—thus reducing his effectiveness as a Roosevelt legislative lieutenant to approximately zero.

"Economic royalists" feel the Van Devanter vacancy gives them a golden opportunity to foment further friction in the Democratic family—and they don't intend to muff it however the cards fall.

* * *

DUBINSKY: David Dubinsky—head of the International Ladies' Garment Workers union—doesn't know when he's licked.

Despite pointed rebuffs from both Lewis and Green factions, he keeps right on trying to find a formula for peace in organized labor's civil war. He is sensible enough—or naive enough, according to the viewpoint—to remain firmly convinced that this internal strife cannot help but be harmful to all labor in the long run, and that personal bittterness should be submerged for the common good. On this score he is a voice crying in the wildernes—lonesome but undiscouraged.

The fundamental strength of Dubinsky's position is the great success he has made of his own union. This keeps his prestige high with eaders of both camps even though they consider his "pacifist" move ill-timed.

A Break In The Clouds For '37's Graduates

Columbia University's President Sees New Era In Jobs

BY CHARLES NORMAN
AP Feature Service Writer

NEW YORK, May 29.—Happy days are here again for college graduates.

"The year 1937," says Dr. Nicholas Murray Butler, president of Columbia university, "is a peak year for employment of graduates. It will be as good, perhaps even better, than the two other peak years, 1926 and 1930.

"Not only are there more positions to be had, but salaries are better. For the first time in years, requests from big business for college graduates are so numerous that the best men can choose which of several positions they will take."

No Complications

Dr. Butler has been president of Columbia since 1902. He is 75 years old. He sits in his paneled study in the old library on Morningside Heights, an impressive figure in pencil stripe gray and a vest with lapels. Stiffly starched cuffs gleam from sleeve's end. At his massive desk he looks like a symbol of the business titans whose representatives come to his campus for recruits.

Dr. Butler does not think that recent social and political developments have complicated things for the 4,500 young hopefuls who will receive degrees. Columbia has an annual enrollment of more than 30,000.

* * *

All Over Again

"IT is true," he says, "that those were simpler days when I went to school, although in general conditions were not different.

"Communism is as old as the hills; we had it 5,000 years ago. Fascism is old, too—it's the medieval despot all over again. Sometimes he was a great success, and sometimes he made a mess of things; so we rid of him."

Returning to the job situati Dr. Butler adds: "Other things

NICHOLAS MURRAY BUTL

FINDS OUTLOOK ROSY

Dr. Nicholas Murray Butler say the employment situation fo 1937 graduates is almost as goo as in peak years.

ing equal, the young man w works his way through college g the best chance. (He himself wo ed his way through school.)

"The poorest outlook is for gra uates at law. Only 25 per cent the graduating class have thus been offered positions."

This contrasts with 100 per c for mechanical engineers, 75 cent for chemical engineers and per cent for electrical engineers

Supreme Court Vacancy Is Headache To FDR

To Appoint, Or Not To Appoint Robinson, Is Question

BY RODNEY DUTCHER
Washington Correspondent

WASHINGTON, May 29.—Resignation of Justice Van Devanter has given Roosevelt perhaps the meanest political problem he ever had to worry about. There are several ways of looking at the probability that the President will appoint Senator Joe Robinson of Arkansas, to the Supreme court, and in each of them you can detect more than a trace of absurdity.

The situation will become even more farcical if it turns out that this is the only seat on the supreme bench which Roosevelt will have to fill for a long time to come. If the net result of four months of historic hubbub were to be the appointment of Joe Robinson, 1937 might well appear in history as the year of the big horse laugh.

Dutcher

Heavy pressure from the Senate is the major factor inspiring belief that Robinson will be named to succeed Van Devanter. Roosevelt was considering the appointment, however, even before that developed. Rumors that F. D. R. promised the next justiceship to Joe have been rife for years, but no one can pin down any man who will say that either Roosevelt or Robinson ever confirmed those rumors. Reports that liberals close to the President are urging him not to appoint Joe, who desires the post, may be discounted. They seem to be resigned to it.

* * *

Did He Mean Robinson?

ROBINSON will be 65 years old in August and it will look like silly business if he is appointed by a President who has called for young blood in the court, and who is still demanding a law whose original purpose was to push justices over 70 off the court.

The new retirement act for justices says they not only must be over 70, but must also have served 10 years before they can retire on $20,000 a year, which means that Robinson would hardly be likely to quit until he was 75. A few months ago the President told newspapermen that he had made it a rule not to appoint men over 60 to the bench. His friends are saying now that he was thinking about district judgeships, but the fact remains that at the time some of his closest intimates were spreading the word that his remark meant that Robinson would never be on the Supreme court.

It will also verge on the cockeyed if the liberal Roosevelt, who has called on all liberals to help him liberalize the Supreme court, now appoints a lifelong politician who has held office since the age of 23, and has generally been regarded as a conservative.

Free To Kick Up Heels

PERHAPS that would be no mo peculiar, however, than t position of the big Senate bloc Republicans and Democrats whi has been howling against politic interference with the judicia That bloc is now howling for a pointment of Joe to that sacr bench on the ground that Joe serves it because he always loyally supported the President. Senate majority leader, orating a cracking the whip for measures which he was personally and fu damentally opposed. Everyo agrees that partisan loyalty seldom gone to such limits, and those supporting Robinson m strongly have been loudest in ch ping that Roosevelt sought to joint several of his own rubb stamps to the Supreme court. G tainly no i has a more c sistent r u b b stamping re than Joe. "I idea seems to that if Joe is leased from bot age and turn into pasture. he well deserv he will be free kick up his he and vote accor ing to his o beliefs.

JOSEPH T. ROBINSON

The thing y most conspicuou ly don't hear is large demand for the man b qualified for the job. There wou be such a demand if it were n for senatorial courtesy.

* * *

It's An Old Custom

A FURTHER ludicrous sidelig on the erstwhile issue of kee ing the court out of politics com if you suggest to any pro-Joe se ator that the fact a man is a po ular partisan politician perha shouldn't be the primary reason f making him a justice. Then y receive the prompt reply that i an old custom—that Chief Justi Hughes left the bench to run f President and was put back on t bench largely as a reward for po erful aid to Hoover in the 1928 ca paign; that Justice Van Devant was Republican national commi teeman from Montana; that Ju tice Sutherland was a lame du Republican senator appointed the court by his good friend Har ing.

The fact that Republican an Democratic conservative senato are backing Robinson is also par ly due to a belief that he is mo conservative than other perso Roosevelt has considered, and a belief that the Senate is enti led to more recognition. Everyon seems to be quite sure that th social-economic beliefs of the ap pointee, whoever he is, will guid his judgment on the bench. N more does one hear it seriously a serted that justices interpret ti Constitution as a rigid, inflexib formula. That myth, perhaps some time when no one was look ing, seems to have fallen out th window.

As Other People See Things

Difference Of Opinion Makes The World Go 'Round

DEMOCRACY cannot hope to survive unless the fountains of thought as well as the avenues of speech are left free and unimpeded. —Dr. James Rowland Angell, president Yale University.

Any girl who is needed at home has a job just as surely as the girl who operates a machine in a factory.—Mrs. Franklin D. Roosevelt.

You may disregard all rumors concerning my resignation.—Supreme Court Justice James C. McReynolds.

IT IS possible that two-thirds of the farmers, producing only one-fourth of the commercial agricultural output, will be producing three-fourths of the children with which to supply the next generation.—Secretary of Agriculture Henry A. Wallace.

IN READING some beautiful poem when I am trying to move an audience to tears, I find it a fascinating distraction to watch the modern girl smearing her mouth oblivious.—Dr. Louise oPund, Nebraska university.

In the House, nothing has been done for 100 years to bring ou procedure up to date.—John O'Connor, New York, chairman, U. S. House rules committee.

The toughest person in the world to handle is a woman.—C. F. Dobson, Richmond, Va., dance hall "bouncer."

When the lights of an oncomin car hit a driver's eyes, he drive blind for a certain number of feet.— Dr. Irving Straus, New York optometrist.

Panhandle-Plains Is Expected To Produce Twenty Million Bushels Of Wheat

ains Have Been id Recently

By J. SAM LEWIS
valanche-Journal Staff Writer

'TH wheat harvest of the 1937 crop expected to begin on the th Plains late this week or early t week, grain men and others e been figuring on the probable d for the territory. Recent rains e added to the prospects in many ions, while in others the rain naged prospects to some extent. check of reports from 18 coun- in Lubbock's territory, from sher on the north to Dawson on south, indicates probably 10,000 loads of wheat unless crop dam- is more severe than now antici- ed. Total yield will approximate 00,000 bushels, it is believed.

Yield Expectations Higher

rain men about two weeks ago Amarillo, at the annual Pan- dle association meeting, esti- ed the crop for 12 counties ld yield 10,986,000 bushels from 4,000 acres. These same coun- , if an estimate on present con- ons is borne out, should yield 25,000 bushels.

ailroad men conservatively esti- e 7,500 cars of wheat. The San- Fe anticipates 4,500 to 5,000 cars the Slaton division and the Fort rth and Denver, 2,200 to 2,500 the South Plains line. Quanah, ne and Pacific, touching Floyd Motley counties, expects 550 to car loads or better.

ne or two grain men are of the ef that the estimate is too high that the yield on the South ins will not approximate the her estimate.

Consensus Is 200,00-,000

onsensus, said one man, is Panhandle-Plains yield under new probable yield since rains week ago, is 20,000,000 bushels. viously the estimate had been 00,000 to 18,000,000 bushels. rosby, Floyd, eastern Hale and thern Briscoe admittedly have best prospects. Said a Santa Fe cial, "It now looks as if the sbyton branch will produce 1,- 000 bushels of wheat." Principal pping centers are: Crosbyton. ls and Lorenzo.

loyd has the largest estimated d, 3,000,000 to 3,500,000 bushels. ner Steen, editor of the Floyd nty Hesperian, said the rain in e places did as much harm to eat prospects as it did good in ers. County Agent D. A. Bred- uer estimates aroun: 200,000 es; grain men, however, believe total is nearer 250,000 acres. ld will average 15 to 18 bushels acre, or from 3,000,000 to 3,600,- depending on the acreage.

Castro Expects Good Yield

astro county may yield from 2,- 000 to 2,500,000 bushels from its 000 acres. Rain around Dimmitt l Hart the past week benefitted crop, but to what extent is not ar. Grain men had placed the d at 1,860,000 bushels.

ale county's yield will approxi- e 2,250,000 bushels from 250,000 s. There is believed to be nd 30,000 acres of wheat irri- ed and an average of 25 bushels atter will yield 750,000 bushels. st in the western part of the nty is said to be excellent; west Plainview not so good. Abernathy Hale Center have good pros- ts.

Irrigated Wheat Better

sher county's 300,000 acres may d an estimated 1,500,000 bushel d if reports indicating improved ditions come through. Latest rt from Tulia said the average re would be from four to 12 hels per acre. Four thousand es of irrigated wheat may yield ushels or better.

rmer county's 135,000 acres will bably yield a million or more hels. Amount of rain received the county is not exactly wn.

hese six counties are the only that probably will have more a million bushels of wheat

iley county is another county a conflict in report. Grain were told the county had only 0 acres and a yield of 45,000

West Arms With Sea Gulls And Gas For Crop-Killing 'Mormon' Crickets; Monument To Birds In Salt Lake

HUNTING HORS D'OEUVRES
In Utah sea gulls follow the plow for bugs and worms—appetizers for the "Mormon" crickets they'll consume later on.

By The AP Feature Service

Sea gulls are still Utah's "old reliable" for protection against "Mormon" crickets, crop vultures which are really more grasshopper than cricket.

More up-to-date is Utah's neighbor, Wyoming, which uses poison gas against its crickets.

Many skeptical entomologists were convinced of the gas's effectiveness after long lines of "hunters" sprayed infected areas in Wyoming and killed off most of the pests. Now the idea is spreading to other stricken western states.

Utah, however, expects the sea gulls to come to its aid this summer when a predicted record-breaking invasion arrives. The gulls will have well-whetted appetites from the bugs and worms picked up by following the plow this spring.

The birds once saved the Mormons from starvation by eating the crickets which were eating the crops. A monument commemorating their feathered "rescuers" stands in Salt Lake City

GAS ATTACK
In Wyoming long lines of men fight crop-devouring crickets with sprays of poison gas.

Estimates Of Acreage, Acre-Yield, Total

County	Estimate Since Rain		Acre Av.		Gr. Men's Estimate	Car Loads
	Acreage	Yield		Acreage	Yield	
Bailey	50,000	500,000	10	8,000	45,000	300
Briscoe	125,000	500,000	4	62,500	200,000	200
Castro	250,000	2,000,000	10	250,000	1,850,000	650
Cochran	1,000	10,000	10			6
Crosby	90,000	1,500,000	15	90,000	1,350,000	1,075
Dawson	45,000	450,000	10			250
Dickens	15,000	125,000	8	10,000	150,000	90
Floyd	200,000	3,500,000	15	200,000	3,000,000	2,000
Garza	1,000	10,000	10			6
Hale	250,000	2,250,000	10	200,000	1,750,000	1,200
Hockley	1,000	6,000	10			4
Lamb	40,000	350,000	9	35,000	250,000	200
Lubbock	25,000	400,000	16	25,000	375,000	300
Lynn	6,000	50,000	8			35
Motley	3,000	40,000	12	3,000	30,000	30
Parmer	135,000	1,000,000	8	131,000	786,000	650
Swisher	275,000	1,500,000	5-6	300,000	1,200,000	1,000
Terry	1,000	10,000	10			6
Total	1,513,000	14,201,000		1,314,500	10,986,000	8,042

might be expected. County agents indicate the acreage is around 45,000 or better. A 10-bushel average would mean half a million bushels.

Briscoe county has 125,000 acres, according to County Agent Finley White, while the grain men cut it in half. A four-bushel average on the higher estimate would mean half a million bushels.

Other Acreages Smaller

Cochran county has only about 1,000 acres. Whether this will be harvested is not known. Terry county has the same acreage and likewise Hockley and Garza. These four counties should have about 10,000 bushels each.

Dawson is another county w. wheat that was not included in the grain men's estimate. Reports indicate 45,000 to 50,000 acres. A yield of 10 bushels per acre would mean 450,000 bushels, not an impossible yield. Dawson has had fair crops for the past year or two, with good yields.

Dickens county, according to a reliable report, has around 15,000 acres and an 8-bushel average would produce 125,000 bushels.

Lamb county's 40,000 acres are expected to produce 350,000 bushels. Lubbock county should raise 400,000 bushels from its 25,000 acres. Lynn county has 6,000 acres with probably a 50,000-bushel crop.

Motley has 3,000 acres and around 30,000 to 40,000 bushels is expected.

LOAN REPAYMENT RECORD

SEAGRAVES, May 29. (Special)—What is believed to be a record in repayment of emergency crop and seed loans was made by Gaines county farmers last year. All of the 1936 loans except $4.36 has been repaid, H. D. Himmell says.

Tom Green County Turkey Hen Gets Off To A Fast Start

SAN ANGELO, May 29 (AP) — A turkey hen owned by J. M. Modrell of the Davis community recently got away to a flying start in the egg-laying record of 1937. She produced five between daylight and dark.

Modrell obtained the hen to improve his flock, but before he could remove her from a neighbor's farm she laid two eggs. Two more were produced while being carried to her new home, and apparently in approval of change in surroundings, laid the fifth before night.

BAILEY HAS 65 BOYS

MULESHOE, May 29. (Special)—Bailey county now has 65 boys in 4-H clubs, says W. C. Taylor, county agent. Bula has the largest club, 40 boys. Others are at: Muleshoe Y. L., Progress, West Camp, Fairview, Circleback, Longview and Goodland.

MEAT STORED IN OIL

CROSBYTON, May 29. (Special)—Stored in refined cottonseed oil, R. R. Jones' 220 pounds of cured pork show no signs of any loss in weight, he reports. He put the pork in a 55-gallon iron barrel covering it with 10 gallons of oil. County Agent Ralph Howe assisted him.

Lewis Cattle Sale Set For June 28

SWEETWATER, May 29. (Special)—Approximately 70 head of Anxiety Hereford cattle from the famous Lewis herd, will be sold at private auction June 28, Judge Charles W. Lewis, breeder of the cattle, said.

Col. Earl Gartin, Greensburg, Ind., will cry the sale. There will be 10 bull yearlings, 10 bull calves and 50 head of cows.

John R. Lewis, father of Charles and W. T. Lewis, established one of the first herds in Sweetwater 42 years ago when he drove his foundation females from the C. S. Cross herd at Emporia, Kansas.

W. T. and Charles took over the herd in 1916 when it was located at Blackwell. Later it was moved back here.

A Mexican dish known as dry soup consists of rice or macaroni cooked in rich soup stock and then baked until puffed up and dry.

County Has 222 Boys In Clubs

Lubbock county has 18 4-H boys club with an enrollment of 322 boys in the groups, latest check by Homer E. Thompson, assistant county agent and club leader, shows.

Roosevelt club, at Acuff has the largest enrollment, 24 boys. Monroe ranks second with 21 and Idalou third with 20 boys. Estacado and Cooper tied for fourth place with 18 each. Becton has 16 and Shallowater 14.

With the exception of Becton, the other clubs are in school districts where there are vocational agriculture clubs as well. Vocational teachers are sponsors of the 4-H work in these districts.

Boys Have Projects

Acuff has 11 boys; Barton, six; County Line, nine; Grovesville, six; Hardy, seven; Hurlwood, 10; Posey, nine; Slide, six; Southwest ward, nine; Union, seven and Wolfforth, 11. The latter also has a vocational work.

Eighty-three boys with acreages devoted to crops, have 449 acres in their projects. There are 125 head of livestock and 511 head of poultry in projects for 113 boys.

By crops, projects are: 58 boys have 354 acres in cotton; 19 boys have 72 acres in maize; three boys have seven acres in hegari; one boy has five acres in kafir; one six acres in grain sorghums and one boy five acres in cane.

Thirty-five boys have 38 baby beeves; 71 boys have 79 hogs and seven boys have eight sheep.

Thirty-one boys have 511 head of poultry.

Twenty-five boys have an insect project, a new type; one boy has a third of an acre in garden and 11 boys are undecided on their projects.

Some birds get a complete new dress in the spring, while others molt in the fall.

Twenty-Five South Plains Boys Entered In Cotton Contest Sponsored By Company

Twenty-five boys have entered a district-wide cotton contest sponsored by Anderson-Clayton and will raise 120 acres in the crop.

Boys and their acreages are: Edward Lee Elliott, Shallowater and Lowell Paden, route 3, Lubbock; 10 acres each; Joe Doyle, Shallowater; Sam Evans, Shallowater; Alex Foy, Petersburg; Shirley Garrison, Idalou; E. W. Goodgion, Shallowater; Douthitt Grinstead, Slaton; Allen McArthur, Lubbock; Thelbert McReynolds, Lubbock; David Montgomery, Lubbock; Woodrow Roberts, Shallowater; Wilton Slater, Lubbock; A. J. Strawn, Lubbock and James Vannoy, Lubbock, five acres each; Henry Thomas Black, Idalou, Buster Gilliam, Lubbock; Louis McMenemy, Lubbock; four acres each; Irvin Beason, Lubbock; Charles Gentry, Slaton; Mark Hicks, Lubbock; Wilmoth McArthur, Lubbock; Edwin McWilliams, Lubbock; Almon Webster, Petersburg, three acres each; Edsel Paden, Lubbock, five acres.

More Than 200,000 Cattle Are Fed Out

AUSTIN, May 29. (AP)—Major E. A. Wood, director of the Texas Planning board, reports that more than 200,000 head of Texas cattle are being fattened in Texas feeding pens this year.

Last year comparatively few head were finished in the state, he reported.

He expressed belief the increased interest in fattening Texas cattle in the state is due to an intensive educational campaign among Texas farmers and livestock raisers the last 10 months.

The land use committee of the board conducted the campaign after noting that the state was shipping its beef animals to mid-western feeding pens to be finished for northern and eastern markets.

The group, composed of dirt farmers and livestock producers, knew the state produced sufficient quantities of feedstuffs to finish one million head of cattle in Texas annually, Maj. Wood said. Investigation, disclosed, however, that few raisers knew how to finish cattle properly.

Farmers were urged to experiment and several received a premium for home fattened beeves.

A Beeville farmer reported he had such good success with his first feeding venture he intended to finish several hundred head this year. Others had similar experiences.

Texas slaughter house men have shown considerable interest in the program, Maj. Wood said.

R. E. Dickson Is On Program Of Sonora's Ranchmen's Roundup

Annual ranchmen's roundup at the Sonora State experiment substation will be held June 24-25 with several well known West Texas leaders, including R. E. Dickson, Spur experiment station, on the program.

Director A. B. Connor of the station, is on the program, as well as A. L. Smith, animal husbandman of the extension service. Dr. W. T. Hardy, veterinarian ranch experiment station; Dr. Virgil P. Lee, president of the Production Credit association; John H. Jones, animal husbandman, experiment station, are other speakers.

BOYS MAKE GOOD RECORD

LORENZO, May 29. (Special)—The three Hood brothers, Sam, Buford and Billie, 4-H club boys here, have made a good record with calf feeding. Each boy had a calf, fed 215 days, gained an average of 1.86 pounds daily and a net gain of 755 pounds for the three. Initial cost was $82.50; feed, $112.-71; gross receipts, $269.51, leaving a net per calf of 24.44.

TARZAN AND THE MAYAN GODDESS, No. 115

By Edgar Rice Burroughs

Ula Dale's heart seemed to stand still as she beheld the monstrous shadows merging with D'Arnot's dark form. She wondered why he offered no resistance to the enveloping horde. Was he too weakened by his illness to struggle against his overwhelming captors?

The girl was paralyzed with terror, but her fear quickly melted into stronger emotion. Seeing D'Arnot in this perilous crisis, she knew she loved him—even more than her own life. And now she whispered grimly to her companions: "I'm going to help him!" . . .

. . . In his hiding place, Ragian heard Ula's bold announcement, but he volunteered no aid. Perhaps, while the monsters were busy with Tarzan and his colleagues, he might find a chance to fulfill his purpose of discovering and stealing the precious Green Goddess. . . .

. . . Fate was playing into Ragian's hand for it seemed now that the hours of Tarzan, his enemy, were numbered. The Medicine Priest of the monsters fixed him with cruel, narrowed eyes, then raised his voice so that all might hear, "A feast for the sacred jaguars!"

Movement Of Wheat Crop To Be Talked

DALLAS, May 29 (AP)—Movement of this season's wheat crop is to be discussed here at the 45th regular meeting of the southwest shippers advisory board Thursday. Reports on acreage, production, mill and export demand, car supply and other phases of the crop are to be made.

Warren Howard and Frank White of Dallas are scheduled to lead the discussion on this topic.

Homer J. Conley, general chairman of the board and commissioner of the Fort Smith traffic bureau at Fort Smith, Ark., is to preside. Speakers listed on the program are Joe F. Leopold, Dallas supervisor of public utilities; L. B. Denning, president of the Lone Star Gas system; L. M. Betts, manager of the car service division of the Association of American Railroads, Washington, D. C., and R. W. Edwards, district manager of the car service division, Dallas.

Frontier Liquor Law Is Keeping Modern

POTENTIAL SCALPER?
Because her forebears went after white men after a drink too many, college-bred Wah-Netahe Redrock can't buy an afternoon cocktail. The "No-liquor-to-Indians" law still is on the books.

SAN FRANCISCO, May 29. (AP)—A frontier liquor law of 1862 is keeping the modern, college bred Indian on the straight and narrow path.

In the days when redskin drinking bouts often wound up in the scalping of white settlers, Congress passed a drastic act to keep spirits, and later beer and ale, out of their hands.

"But what about me?" asks Wah-Netahe Redrock singer, writer and artist's model. "I'm not going to scalp anybody."

A graduate of the University of Toronto and associate of white literary and theater people, Miss Redrock believes she has a right to her afternoon cocktail.

"There was no trouble in New York but out west they remember the old law," she complains. "In Reno they have signs up 'No liquor served to Indians,' and are very strict about it. Here in San Francisco, sometimes I get served and sometimes not."

Miss Redrock is a pure-blooded Indian from the coast of Labrador.

Monument Will Be Unveiled June 5

Monument to a soldier of the Texas Revolutionary war, Nathaniel Addison, grandfather of Mrs. J. R. Stratton, 1612 Ninth street, will be unveiled June 5, at Salem, near Fort Worth, by Mrs. Stratton in a ceremony dedicating the monument.

A program has been arranged by R. E. Sparkman, Salem, whose efforts to secure the monument were successful. Addison was born in Louisiana, February 20, 1811. He came to Texas, served during the revolution and lived for a number of years at Salem.

The program which is to start at 2 o'clock, will include: invocation, Rev. R. D. McCauley; music by Bellew quartet, arranged by Frank Bellew; story of the life of Addison, Sparkman; high lights of the Texas fight for independence, State Senator Will M. Martin, Hillsboro; music by a girl's glee club.

Virginia Bob Stratton and Elizabeth Stratton, daughters, will accompany their parents to Salem for the occasion. The couple have two other daughters, Mrs. H. E. Knight, Amarillo and Mrs. J. T. Sayres, Roswell.

The Holy Land is going modern. With the influx of immigrants into Palestine during recent years, the demand for shaving creams and tooth pastes has increased substantially.

Modern Ark Dwellers Beat Rent And Taxes

POSTMAN RINGS DAILY
Californians who live in rent-free arks over the tidelands enjoy all the comforts of home—even mail which is left regularly in the rough-hewn letter boxes.

SAN FRANCISCO, May 29. (AP)—Noah paid no rent or taxes and neither do several thousand modern ark dwellers of the California tidelands.

By building their homes on stilts over the water they avoid owning real estate, yet some of the houses are large, modern and almost urious.

The submerged land is own most cases by the state and builders have only precarious ters' rights. The shoals, hov are commercially useless so n seems to object. In a few case vate owners assess their unir guests a dollar a year.

Many a modern Noah not avoids rent and taxes but by ing from his "front porch" food bills down.

GOOD SHIPS CATTLE

LAMESA, May 29. (Speci Tom Good, Big Spring, who ra es in Borden and Howard cou recently shipped 40 cars of lings, 1,900 head, to Colorado Wyoming. He also shipped 19 in another shipment and a car of ponies. This season Good shipped 83 cars of cattle. The lings averaged 500 pounds; will be run on grass three and then fattened.

Ores bearing antimony, a white crystalline element use harden lead alloys, are not in commercially important qu ties in the United States.

LUBBOCK AUTO CO., INC. 16TH ANNIVERSARY SECTION

SUNDAY AVALANCHE-JOURNAL

LUBBOCK, TEXAS, SUNDAY, MAY 30, 1937

LUBBOCK AUTO CO., INC. 16TH ANNIVERSARY SECTION

1921 — 16 years your FORD dealer — 1937

5 Employes

NOW 55 Employes

SAM C. ARNETT, President

On March 1, 1924 Mr. Sam C. Arnett purchased Jo Dick Slaughter's interest in the Lubbock Auto Company. Later the company was incorporated. Mr. Arnett is also active president of the Citizens National Bank.

HARRY MORRIS
General Manager, Secretary and Treasurer

Mr. Morris was one of a group of five people employed by the company March 1, 1921 when the firm was organized. On September 1, 1931 he was appointed general manager.

GEORGE E. BENSON
Vice President

Was active General Manager of the Lubbock Auto Company from 1921 to September 1, 1931 when he became active vice president of the Citizens National Bank.

J. D. McPHAUL
Assistant Manager and Sales Manager

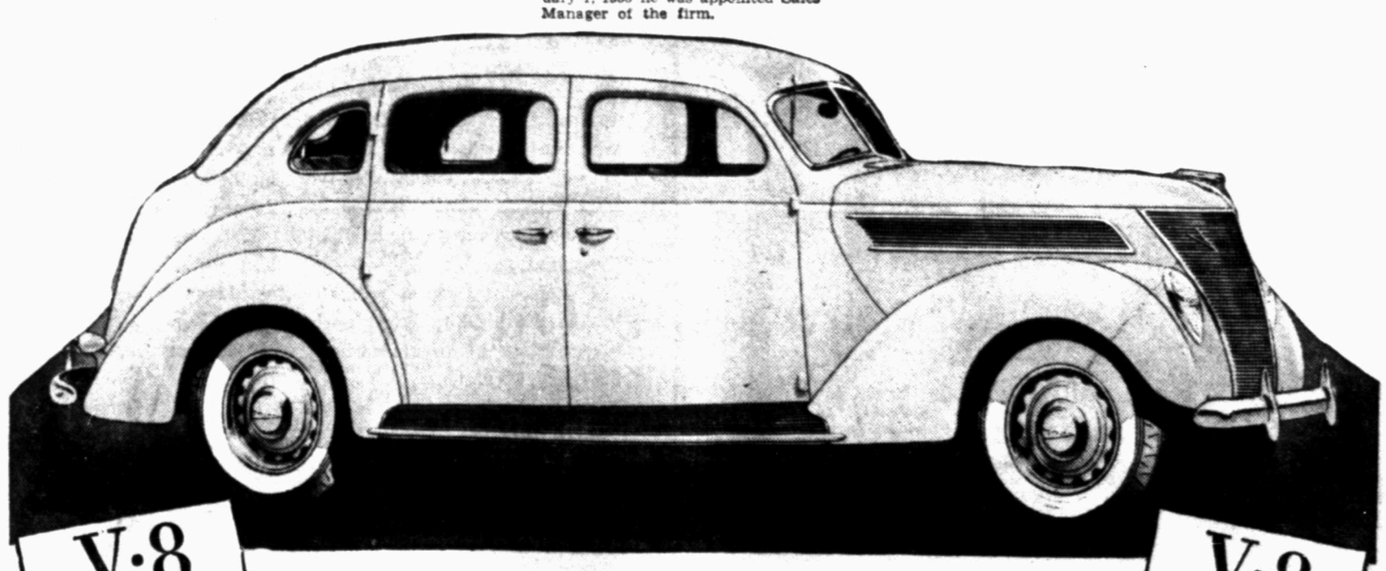

Mr. McPhaul was employed by the company August 22, 1929. On January 1, 1935 he was appointed Sales Manager of the firm.

16 Years Ago...

The Lubbock Auto Company opened its doors to the people of the South Plains on June 1, 1921. The company was organized by Mr. George Benson and Mr. Jo Dick Slaughter and they offered the people of the South Plains the world's most popular car—the Ford. The company was then located at the corner of Main Street and Avenue J.

.....And Today

May 30, 1937, on the eve of its 16th Anniversary, the Lubbock Auto Company has a personnel staff of 55 people. The number of new Ford Cars sold to date totals 6635, an average of more than one car for every day the firm has been in business.

Lubbock Auto Co. Will Celebrate Its 16th Birthday Here On Tuesday

Oldest Of South Plains Agencies Has Had Sustained Rapid Growth

Sixteen years ago Tuesday, the Lubbock Auto Co., opened for business at the corner of Main street and Avenue J. George E. Benson and Jo Dick Slaughter were the owners.

There were five employes, one of whom, Harry Morris, then a gasoline attendant, is now general manager. The concern now employs 55 persons.

After four and a half years in that location, during which time the business grew by leaps and bounds, it was necessary to secure a new building with more room. The present location, Texas avenue at Ninth street, was secured. It has twice as much floor space as the first location.

Arnett Enters Firm

Meantime, Slaughter had sold out in March, 1924 to Sam Arnett, a pioneer banker and cattleman. Benson was the active executive of the company.

The new location is 104 feet by 125 feet. It has been rearranged so as to give the maximum space for the still growing business.

Some years later a building across the street, 50 by 125 feet, was added to the property. It is now used for a used car location. Still later a lot, 75 by 125 feet, was added for a used car lot.

Second Location Opened

In March, 1934, the No. 2 location, a complete one-stop station, Broadway at Avenue M, was opened. This place is not only a sales location but a service station as well, carrying a complete line of accessories. Gasoline and oil are sold here; these two lines are not carried at location No. 1. The building is 50 by 125 feet and is arranged for a complete servicing of all makes of cars.

"If our expectations are borne out by business conditions, we soon will make the No. 2 location a 24-hour a day station," General Manager Morris said. "From present conditions it appears that we will have to go to the 24-hour a day service."

The Lubbock Auto company is the oldest automobile agency on the South Plains, completing 16 years of service to Lubbock and to this area.

Wholesale Parts Handled

Besides the retail selling of automobiles, and the servicing of cars, the company handles a wholesale auto parts business, serving 15 counties in this area. Steady growth of business has kept the company in the fore-front of the territory.

There are 14 employed in the service station No. 1; five in the used car department; three in the parts department; five in the office; nine at station No. 2 and 19 in the sales department.

Morris Still Gets 'Big Kick' Out Of Selling New Car

"I get just as much of a kick in selling a car today as I did when I sold my first car, back in 1921," said Harry Morris, executive of the Lubbock Auto Co., as he recalled his first car sale, nearly 16 years ago.

"It was a short time after I began work here. It was at noon and everybody else had gone to lunch.

"J. C. Orr, he then lived in Crosbyton, but now lives here, came up. He wanted to buy a car. I had to go and look up the price, before I could tell him.

"Orr filled out his check, using the fender of the car to write it on."

Lubbock Auto Has Model Quarters

General headquarters of the Lubbock Auto Co., at Texas and Ninth, is a model of efficiency for services and sales.

The structure, 104 by 125 feet, has a display room, 30 by 40 feet; a parts room 40 by 50 feet, offices for the general manager, assistant, salesmen, bookkeeping and office force and an office for the service department. There are also rest rooms.

Sales space at the No. 2 station, Broadway and Avenue M is 20 by 50 feet. There is a large service room with latest equipment for servicing cars, and also a parts room.

Serious Disruption Of Fish Canning Industry Seen

OSLO, Norway, May 29. (AP) — A serious disruption of Norway's important fish canning industry is threatened as a result of the Spanish civil war.

The canning plants have been unable to get supplies of Spanish olive oil and with little on hand and other countries placing embargoes on export of the commodity, Norwegian officials predict a general shut-down unless the war ends by fall.

Experiment In Soothing The Typist Now Being Made

MANCHESTER, England, May 29. (AP)—An experiment in soothing the typist as she works amidst the clacking keys is being made in offices of the British Dyestuffs corporation.

Singing birds have been installed in a typist's room, on the theory their warbling would break the monotony.

In playing cards, the King of Diamonds is shown holding a battle-ax in his hand instead of the sword carried by the rest of the Kings in the deck. This was done in order to distinguish the two red Kings from each other.

Check On Migratory Habits Of Grouse Being Planned

MARQUETTE, Mich., May 29. (AP)—Michigan, Wisconsin and several other north central states plan to keep a check on migratory habits of grouse by giving them colored tail feathers.

In Michigan green, pink and white feathers will be inserted in the tails of birds caught by live trapping. The different colors will designate the district from which the birds originate. Hunters are expected to report to authorities the colors carried by birds shot or seen.

Fords Cheaper Now Than In 1921 When First Sold Here

Ford cars are actually cheaper now than they were when the Lubbock Auto Co., was opened for business, 16 years ago, Manager Harry Morris pointed out as he looked over a 1921 "prospect book."

A model-T two door sedan sold for $749.15; today the same car, a No. 60-two door sedan, sells for $673. A coupe back in 1921 sold for $681.55. Today one sells for $658.

Sixteen years ago there were only two types of closed cars; the greater number being the touring car type of open car. Today almost no touring cars are being sought by purchasers.

Mass Weddings Are Becoming Cheaper

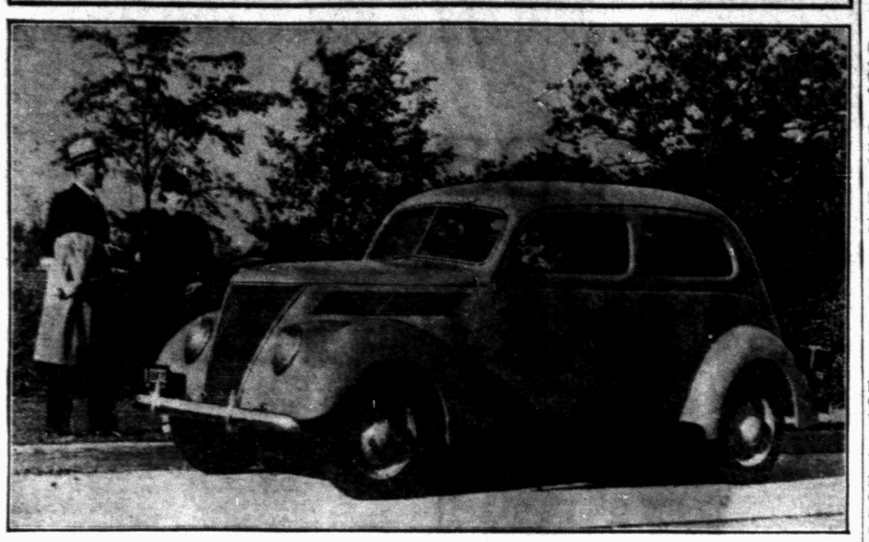

SHANGHAI, China, May 29. (AP)—Shanghai's mass marriages no longer will be a city government monopoly. The ceremonies have grown in popularity during the year and a half they have been held, so the Shanghai General Labor Union will conduct mass weddings for its members for $4 instead of the government's fee of $20.

The purpose of mass marriages is to enforce the New Life principles of economy and simplicity in a country where the expenses of a wedding often are out of all proportion to the income of those concerned.

Qualifications for voters in presidential elections are fixed by the individual state in which the voter resides.

In point of endowments, Yale is the second richest university in the United States; its endowments total nearly $95,000,000.

1937 Ford V-8 Tudor Sedan Is Luxurious

MOST POPULAR car in the entire Ford V-8 line for years has been the Tudor sedan. The 1937 edition is shown above. The smart new front end, new headlamps, V-type windshield and use of the "tear drop" form wherever practicable, combine to give what those who have seen it declare to be the most beautiful Ford yet produced. The front seat is full width. **Seat back is divided, either section tilting forward. Mechanical improvements include new "easy action" safety brakes and new "finger-tip" steering. The body type pictured is available, without de luxe appointments, with either 60 or 85 horsepower V-8 engine. De luxe types are equipped only with the more powerful engine.**

American, Stricken With Paralysis On World Tour, Is To Cross Half Of Globe In 'Iron Lung' To Get To His Home

(By The Associated Press)

PEIPING, North China, May 29.—Frederick B. Snite, Jr., an American who was stricken with infantile paralysis while on a world tour, has lived here for a year in an "iron lung." He still is paralyzed below the neck, but he is going home at last to Chicago. He will travel in the "lung" by a combination rolling hotel and hospital and by ship.

The 26-year-old son of wealthy parents looks forward to the hazardous journey. It is high adventure for the smiling invalid.

"At least I shall be the first person to travel half way around the world in a respirator," he says, grinning.

A $50,000 Journey

As plans formulated during the past six months begin to mature, tremendous technical and physical difficulties are being overcome by experts preparing for the expedition to get young Snite safely to Shanghai and back to America.

No expense is being spared, and the total cost of the expedition is expected to amount to over $50,000 American currency.

Elaborate precautions are being taken so that absolutely nothing that might go wrong on the 800-mile trip by rail to Shanghai from Peiping can hold up the Snite "traveling hospital" or endanger Frederick's life.

The youth, in his iron lung, will be removed from Peiping Union Medical College to the railway station by truck. A gasoline-motored generator will furnish electric power for the respirator.

Another gasoline generator will be installed in the baggage car he will use when the patient reaches the train. The entourage also will use a dining car and two sleepers for the 800-mile ride to Shanghai. Twenty-odd persons will accompany the invalid on that stage of the trip. Six Chinese nurses will go on with him to Chicago.

On the Shanghai leg, three mechanics will guard the respirator and a British engineer, W. G. Alston, will supervise details.

Vital Auxiliaries Ready

Two special compressed air "resuscitators" will be in the emergency equipment, although the iron lung can be operated by hand, if worse comes to worse.

Two dressers, a dietitian and a physiotherapist probably will be in the China entourage, too. A complete outfit of sheets, pads, bandages and gauzes has been prepared.

Hundreds of tons of ice must be carried on the train for as Snite reaches warmer climate he must be ice-packed to guard against irritation and bed sores.

Train To Be Ferried

At Pukow the whole train will be ferried across the Yangtze river to Nanking and then it will steam on to Shanghai. There, it is expected, the worst part of the journey will be over.

Snite will be put aboard the SS. President Coolidge, which is to sail on June 6. A new respirator, brought from America, will be awaiting him. Two nurses from Billings Hospital, Chicago, will be there, too, to assist the six Chinese attendants.

Snite's guardians have gone to England to be prepared to fight seasickness if it should imperil the patient's life. There they got a special suction pump to combat digestive disturbances.

Dr. Claude E. Forkner, Harvard-trained associate professor of medicine at Peiping medical college, who has been in charge ever since Snite was stricken, will make the entire trip with his wife and two children. The doctor was to have sailed on home leave last June but stayed on to see the case through.

Mr. and Mrs. Frederick B. Snite, Sr., the patient's parents, and his sister, Mary Loretta Snite, will be with him. So will Clarence J. Dillon, a classmate of Snite's at Notre Dame, who has been at his side ever since he became ill.

Drunken Driving Is Week-End Special

WARREN, O., May 29. (AP) — A group of women gathered at Mrs. John Woodside's home here decided they would get some ice cream "specials" featured at a dairy store.

Mrs. H. E. Chinnock, delegated to make the call, dialed a telephone number and inquired, "What's your week-end special?"

"Drunken driving," came the reply.

Then she discovered she had called the police station.

The sun shone in the lower Rio Grande valley 2,486 hours in 1936, or 55 per cent of the possible total, according to the Federal weather bureau.

A total of 5,859 persons was reported for violation of federal narcotic laws last year, of whom 2,959 were convicted.

Cannibals Of Finny Family Electrocuted In Texas

AUSTIN, May 29. (AP)—Garfish, cannibal of the finny family, are electrocuted in Texas.

The state game department strings power lines through the water below the power dam at Caddo lake, and the gar dies suddenly when it contacts the 500-volt wires.

Hundreds have been killed and the department plans to electrocute many more when they arrive for spring spawning.

Telephone Directory Put Into Braille For Blind People

EVANSVILLE, Ind., May 29. (AP)—Mrs. Emma Musgrave wanted to do something more useful than playing bridge or working out crossword puzzles, so she is translating the Evansville telephone directory into braille for use by blind persons.

She has 2,500 "telephone cards" ready for distribution by districts to aid sightless persons.

Tree bark grows on its inner side

Everything for the Car Dealer, Garage and Service Station

"Yes, we are actually driving for pleasure again"

TODAY the motor car is generally spoken of as "transportation," and routine driving accounts for most of the mileage. Cars and roads have improved, but the pursuit of motoring pleasure for its own sake has decreased. To car owners who think they can never recapture the kick and thrill of their "first car," we want to introduce a new kind of automobile, the Lincoln-Zephyr V-12. This car has already brought back to many people the habit of "driving for pleasure."

Drivers of experience will approach the Lincoln-Zephyr with eagerness, as they would a newly designed airplane, and at each new feature their minds click: "It's right—it's logical!" There are in fact so many new features to the Lincoln-Zephyr that it is difficult to take them all in at one time—its smooth, sleek beauty, its Lincoln machine-precision, its toughness under the stress of service.

* * *

Motor-wise people will be prepared for surprises the instant they step into their first Lincoln-Zephyr of 1937. From the passengers' standpoint the interior is more than roomy; from the structural angle, it strikes a new note in engineering design. Here is a vehicle for six adults which is built around the power plant and propeller shaft rather than over them. Out of this one fact grow numerous features that you have desired for years without perhaps realizing it.

* * *

For instance, let any nearby Lincoln-Zephyr dealer show you how, in so "low" a car, you increase visibility with the large panorama windshield. Let him show you how this new Lincoln-Zephyr design increases your safety and your average speed at exceptionally low cost for a car of this size and power. Any Lincoln-Zephyr dealer will be happy to let you drive a 1937 Lincoln-Zephyr on hills, on rough roads, in the city or wherever you feel you will get a good comparison with any car you have ever driven. Call *your* Lincoln-Zephyr dealer, today, and make the trial without obligation of any kind.

"A vehicle for six adults"

Lincoln Zephyr V-12

Ford Business In Lubbock During 1937 Is Reported At High Mark

Improved Cars Selling Fast

Business of the Lubbock Auto Co., for the first five months of 1937 shows a 100 per cent increase over the corresponding period in 1936, according to Harry Morris, general manager.

With business conditions in Lubbock county showing a bright future at this time, Morris says he believes the record will be maintained for the remainder of the year.

"Part of this splendid increase can be attributed to the great improvement in our cars," said Morris. "Part also to the loyal support of our customers and friends.

Employes Praised

"Another factor is the loyal group of employes we have. We have a bonus system that brings to all employes of the company a share in the improvement.

"Each month we have a quota of business as a goal. For reaching the goal, or going beyond, we pay a bonus to everyone, share alike. This is in addition to their regular salary."

For the first five months of 1937, closing with the last of May, between $4,500 and $5,000 will have been distributed, he added.

"The company appreciates its loyal employes and the service they render," Morris said. "We have been told that we have one of the best organizations in any Ford agency in the Dallas branch and the Southwest.

"So many of our employes have been with us for a long time. They are doing a splendid job."

Two Armed Patrol Launches First For Pocket Navy

SINGAPORE, May 29. (AP)—Two 20-knot armed patrol launches, first instalment of Malaya's "pocket navy," were recently delivered for use with the local branch of the royal naval volunteer reserve.

The new craft are equipped with radio, depth charges and quick-firing guns, and will be manned by Malay seamen under the command of British officers. Principal wartime duty of Malaya's little navy will be to sweep the Straits of Malacca—the important shipping lane between Malaya and Sumatra—free from mines.

Watch Buried For 12 Years Is Now Back In Use

GUTHRIE, Okla., May 29. (AP)—A watch, buried 12 years in a field under constant cultivation, is back in use.

John Schmiedbauer plowed up the timepiece in a field on his farm near Mulhall. He wound it. It ran.

Schmiedbauer said his father-in-law lost it 12 years ago.

J. D. McPHAUL

GEORGE E. BENSON

Looking back over 16 years of service, officials of the Lubbock Auto Co. also look forward to many more for the oldest automobile agency on the South Plains. All of them are veterans of the organization, Vice-President Benson and Manager Morris having been with the concern when it first opened its doors in 1921. Mr. Arnett came into the business when it was incorporated after the sale of his interests by Jo Dick Slaughter and Mr. McPhaul, now assistant manager, began as a mechanic in 1929 and worked his way upward. In 1935 he won a trip to San Francisco, with all expenses paid, in a national Ford sales contest.

Women Still Lead For Scholarship

MADISON, Wis., May 29. (AP)—A survey of University of Wisconsin students shows the women still leading the men in scholarship.

Women students enrolled in the university last semester earned a grade point average of 1.648, which is 15 hundredths of a grade point higher than that of the men. This is the best the boys have done for many years. They were 21 hundredths of a grade point behind the undergraduate women students in 1933-34.

The men made their highest averages in the classical humanities courses and schools of education and journalism. The women did best in chemical engineering, medicine and classical humanities.

Special Daily Menus Designed To Cut Down Childbirth

TOKYO, May 29. (AP)—Special daily menus outlined during the last year in radio broadcasts here have been designed to reduce childbirth amongst the poorer classes, according to the Tokyo Imperial Government Institute for Nutrition.

Believing that diet is responsible for over-population, the institute has been conducting experiments for 15 years, which it believes prove that child-bearing is more general amongst poor women because of their under-nourishment. Doctors also are convinced that by the absence of certain vitamins and an increase of others the proportion of pregnancy can be reduced.

China Tea For Petroleum Is Considered By Countries

NANKING, China, May 29. (AP)—Nanking is considering bartering China tea for Russian petroleum in hope of saving the market for tea imperiled by the Soviet drive for economic self-sufficiency. Since Russia learned that the right soil and climate could be found for the cultivation of practically everything she requires, imports of Chinese tea have declined.

To make matters worse, Indian and Ceylon teas have won favor throughout the British Empire and the American continents.

The little French town of Ahun, with a population of 2,000, hasn't had a fire for 600 years.

Talk of a tunnel under the English Channel is being revived.

Agency Here Is In High Rank

The Lubbock Auto Co., ranks second in the Dallas division of the Ford Motor company in number of sales, outranking six of the seven Dallas retail dealers and all of the three Fort Worth dealers, Harry Morris, general manager, said he was told by Dallas executives.

Waco, Wichita Falls, Abilene and San Angelo are other towns in the territory. Lubbock outranks the dealers in these towns, as large or larger than Lubbock.

There are 205 dealers in the Dallas territory. The local concern has maintained its second place lead for every month during 1937.

Trouble At Zoo Over; Monks Can Enjoy Spectacles

DENVER, May 29. (AP)—The trouble at the Denver zoo is over and now the monkeys can enjoy their spectacles in peace.

Dr. W. G. Burnett of Casper, Wyo., read in a Denver newspaper that the monkeys at the zoo liked nothing better than an old pair of spectacles. So he sent a pair, in a case, for a Christmas present.

"Old Baldy" was the first to experiment with them. He got the glasses on and then the case snapped shut on his tail.

It took attendants half an hour to catch him and release the catch. They took the spring off the case.

Large appropriations have been made for government construction in Iraq.

Woman Forgets And Turns In An Alarm To Firemen

GAINESVILLE, May 29. (AP)—Mrs. David Hugon, working in her garden, looked up and saw smoke issuing from the chimney of her home. She rushed to the telephone and called firemen. When they arrived she met them at the porch with an apology.

"I forgot I had started a fire in the fireplace," she explained.

France imported $42,694 worth of American fishing tackle last year.

PARTS DEPARTMENT

Pictured above is the parts department located in the salesroom of the No. 1 plant, corner Ninth Street and Texas Avenue, which at present is doing the largest volume parts business ever experienced by this company, having sold over five carloads of parts since January first, 1937. Three of these carloads of parts were shipped direct from the Rouge Plant in Dearborn, Michigan. One reason we account for this improvement in parts business over previous years is because of the hundreds of V-8 motors sold to farmers for irrigation purposes. Another is the Ford factory exchange plan on motors, carburetors, distributors, fuel pumps, and generators, and scores of other parts for Ford cars as old as 1928 models. This is another economical reason why you should always drive a Ford.

The above photograph is Emory Selman, standing beside the Ford Parts Delivery truck which covers the following counties once each week: Bailey, Cochran, Yoakum, Lamb, Hockley, Terry, Hale, Lubbock, Lynn, Floyd, Crosby, Garza, Dickens, and Motley. This fast parts delivery service makes it more convenient to get your Ford serviced with a genuine Ford part at a saving of service, satisfaction and money.

Satisfaction

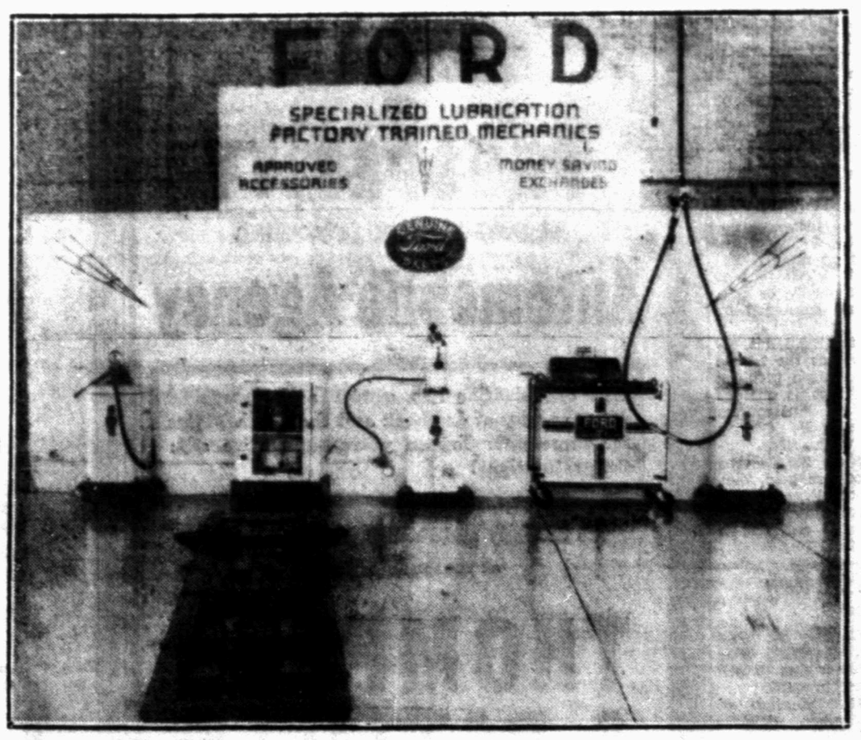

Pictured above is the Ford approved Wheel Aligning Machine. Located in the Service Department at 9th and Texas Avenue. "This machine will steer you right"; it is scientically correct, removing such ailments as wander, weave or shimmy, uneven tire wear, hard steering, wheel tramp, jerky steering. Drive your car in and have it checked the next time you are in town—you will be pleased at the difference in handling especially at high rates of speed.

The above photograph is the Lubbock Auto Company No. 2 building, located Corner Broadway and Avenue M, across the street from the Lubbock Sanitarium. This is a one-stop station, selling high grade gasoline and your favorite motor oil, whatever brand it maybe. It also maintains a parts department of genuine Ford parts and a Service department with Ford factory trained mechanics. Washing and lubricating is also a specialty. Open early and late and on Sundays for your convenience.

Pictured also are the operators of the station. Reading from left to right: Manager Billy Davis, Fred McQuinney, Bob Rogers, O. E. Daniel, Howard Wyly, Edgar Bledsoe, Shaw Lockard, J. E. Scott.

There is no better high pressure lubrication equipment found any place than the equipment pictured in this photo located in the Service department at No. 2 corner Broadway and Avenue M. Let this lubrication department serve your car once and note the difference between the high pressure method and an ordinary grease job.

ATO CO., INC.

Service Department Of Lubbock Auto Co. Is Large One And Well-Equipped

Local Firm Is Well Equipped

The service department of the Lubbock Auto Co. occupies about 60 per cent of the space at the main quarters of the company, Texas avenue at Ninth street.

In it is the latest approved equipment recommended by the Ford Motor Co., designed to service the company's cars.

All of the mechanics of the company are given regular instruction in latest equipment and methods, to keep them up-to-the minute in the repair and servicing of Fords and Lincolns, Manager Harry Morris reports.

Instructors Visit Plant

Regularly, a trained mechanic and engineer out of the Dallas branch, visits Lubbock and holds a night school of instruction for both local mechanics and mechanics of agents over this territory. One course may be on laboratory tests; another on the Bean front end machine, another on motors, brakes and other parts.

The front end machine is the latest to be approved by the Ford Motor Co. It permits a much more accurate check of the front part of the car than by previous methods.

Laboratory tests are given regularly to show mechanics how to test. These do away with all guess work, enabling accurate diagnosis to be made of car troubles.

Three nights a week are given to these schools. Students are then given a test and papers graded and returned, showing the standing.

"Recently in a test, our mechanics made from 96 to 99.5 per cent," said Morris. "The lowest was 96 per cent. The average for the Dallas territory is 75 to 80 per cent."

Leopold's Visit Hint To Nazis

BY DEWITT MACKENZIE
AP Foreign Specialist

Belgium, fearful that colony-starved Germany may be looking longingly at the great Belgian Congo is making sure that the ties between Brussels and the rich African possessions are secure.

King Leopold

Youthful King Leopold and Premier Paul van Zeeland both are arranging trips to the Congo for the near future, and their people are pleased to believe that these journeys are in connection with the nation's resolution to maintain her colony intact.

This vast equatorial territory, in the heart of the Dark Continent, never has belonged to Germany but the Belgians say their bigger neighbor recently has been showing a disquieting interest in it. It is true that the districts of Ruanda-Urundi, formerly in German East Africa, were given to Belgium under mandate by the League of Nations and were united with the Congo administration.

The Belgian Congo proper was annexed thirty years ago and the land of Hitler has made no claim to it. It is potentially rich in many ways, but its unhealthful climate makes it difficult for white men to develop the resources. The area is 918,000 square miles and the population some 10,000,000.

Barring 20,000 whites the inhabitants are natives and include the famous pygmies. The pygmies live in the magnificent forests which cover much of the colony and which are so dense they are in almost perpetual twilight.

The colony has great agricultural possibilities, if the climatic handicaps are overcome. The Congo, one of the world's major rivers, and its tributaries make the territory one of the most completely watered in Africa.

The cotton growing now extends to an area of 475,000 acres and produces 25,000 to 35,000 tons or 25 per cent of the Belgian textile industry's requirements. Palm oil production is coming on rapidly. Between 15,000 and 16,000 tons of coffee are grown annually, or one-third the amount consumed by Belgium.

Cattle thrive in the highlands, although in the lowlands the tse-tse fly makes cattle raising a problem.

The Katanga district is one of the world's most important sources of copper, and one of the Congo's greatest fields of wealth. The production is placed at 225,000 tons yearly. Also mined are gold, diamonds, radium, cobalt, coal and tin. Platinum, iron, palladium, vanadium, zinc, bauxite and helium are known to exist.

Cleveland Man Takes Many Pipes All In Circuit

CLEVELAND, O., May 29. (AP)—Harry Woodhead, Cleveland steel man, likes to smoke a pipe so well he takes 160 of them in shifts.

Out of his 30-year collection of long pipes, short piper, straight pipes and curved pipes he selects ten a week, thus completing the circuit in 16 weeks.

He prescribes two simple rules for pipe smokers: (1) keep the bowl clean and free from heavy cake; (2) let the bowl "rest" and dry out between smokes.

South Africa has banned all big game hunting in national parks.

New 1937 Ford V-8 Displayed

KEYNOTE OF LINES of the new Ford V-8 for 1937 is sounded by the frontal appearance, pictured above. The nose is sharp and rakish like the prow of a speed boat. The upper part of the radiator grille is carried back in a pleasing curve deeply into the hood side. Head lamps are in "tear drop" form, faired into the streamlined fender aprons. The hood top is hinged at the back, lifts from the front, locks with an airplane motif radiator emblem. Straight-bar bumpers, rounded in shape, complete the attractive front end picture.

Sam Arnett, George Benson, Harry Morris Are Officials Of Lubbock Auto Company; Pioneer Banker-Cattleman President

Sam C. Arnett, president of the Citizens National bank and a pioneer resident and cattleman of the South Plains, is president of the Lubbock Auto Co., oldest auto agency on the South Plains. He became a partner in the business in 1924 when Jo Dick Slaughter sold his interest in the business.

When the company was incorporated on June 1, 1928, Arnett was elected president.

George E. Benson is vice-president. He was one of the founders of the company and has been connected with it since the beginning in 1921.

Harry Morris is secretary-treasurer and general manager. He was named to the place in September, 1931, after a long association with the concern.

One third of the total water power in the United States originates in the northwest section of the country.

Tortoise Actually Wins Race But Hare Gets Stage Fright

BAR HARBOR, Me., May 29. (AP)—Maybe old Aesop—the slave who told all the fables—wasn't so far off, after all.

Some centuries ago he told about the tortoise that beat a hare in a race because the hare, so sure of success, decided to take a nap enroute.

The Cub scouts here at a pet show, tested the fable—and the tortoise actually won. The hare didn't go to sleep. It got stage fright.

YOUNGSTER GETS SPANKING

WAYNE, Pa., May 29. (AP) — An engineer, the father of seven children, spanked a two-year-old boy who stopped a train in Delaware county yesterday by sitting on the tracks. The boy said he was "just resting."

Health Risk Is Being Delayed

VICTORIA, B. C., May 29.—A health insurance program in which the doctors refuse to cooperate is like hash without any meat. It is not very successful.

British Columbia, Canada's progressive west coast province, is finding that out. For 20 years, social reformers agitated for a health insurance law. A year ago it was enacted. March 1 of this year it was supposed to begin to operate.

But the doctors decided they would have none of it, and so informed the government. There was not enough money in it for them, they averred. So the government had no alternative but to suspend operation of the act.

The Liberal government of Premier T. D. Pattullo was elected in 1933 with the promise of health insurance as one of its main platform planks. So while it has suspended operation of the act, it dares not remove the law from the statute books. The government is awaiting events, its only consolation being the knowledge that opposition parties can't make much political capital out of the situation.

Provisions Of Law

No politician wants to play football when the ball is a packet of dynamite. And that is just what state health insurance means in a province that has led North America in social legislation of many kinds.

Included in such legislation were old age pensions (administered jointly by provincial and federal governments), mothers' pensions, workmen's compensation, minimum wage and maximum working hour laws, to say nothing of education and health legislation.

As a beginning, health insurance was to cover approximately one-third of the province's 750,000 people, granting medical and hospital services to wage earners with incomes of $1800 a year or less.

It was to cost them 2 per cent of their wages, with their employers paying another 1 per cent.

In return, the insured were guaranteed for themselves and dependents not only ordinary medical care and hospital treatment, but also the services, when necessary, of specialists and consultants, X-Rays and other diagnostic aids. Fifty per cent of the cost of medicines and medical care for wives before, during and after childbirth also was guaranteed.

Plan Bogged Down

For the doctors, the health insurance commission set up by the government proposed a flat yearly fee of $5.50 for each person employe or dependent, on their lists whether that person required any medical care or not.

The doctors demanded $7.50. They said any less would lower the standards of medical practice. Furthermore, they condemned the government plan as illusory, saying it made no provision for those who need health insurance most—the poor, and particularly those on relief.

The unexpectedness of the doctors' refusal to co-operate surprised the government when it was looking forward to a general election and needed the goodwill of all classes. To make matters worse, the doctors were joined speedily in their attack by others opposed to the law either for political reasons or reasons of selfinterest.

The Hon. G. M. Weir, who, as provincial secretary, is a potent cabinet minister, felt the brunt of the attack, since the act is his personal pet. A university professor on leave, Weir has in his hands all matters pertaining to health and education in the province. Mildly socialistic in tendency, a brilliant "brain trust" of like-minded social reformers.

Conspicuous among the brain trusters is Allon Peebles, youthful chairman of the Health Insurance Commission, to whom has fallen the task of allaying the wrath of the doctors and of refuting their case in public.

It doesn't help either Peebles or Weir that they are both doctors—of philosophy—a fact which the medical doctors have used to twit them with telling effect.

A Comeback?

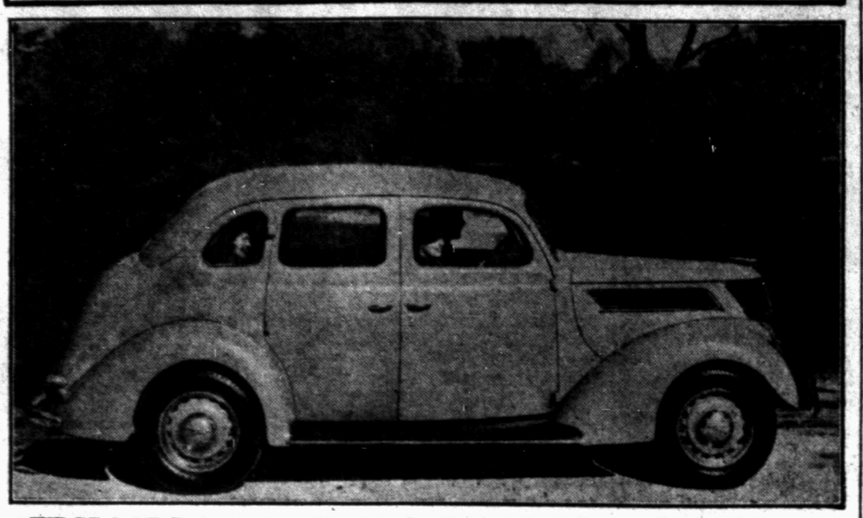

It did Doctors Weir and Peebles no good to point out that the $5.50 fee would give the medical men anywhere up to $5000 each from health insurance alone.

It did them no good to protest that the relief question is a red herring, since these classes are provided for already out of state funds.

The public, despite an overwhelming leaning to health insurance, singularly caught the excitement of the doctors and their allies, with the result that the government, thinking about its political fences, quietly suspended the act and failed to set a date for its revival.

Politicians here generally concede that health insurance will make a comeback, and soon. But not until after the election.

1937 Ford V-8 De Luxe Fordor Touring Sedan

THE DE LUXE Fordor touring sedan pictured reveals the smart, speedster type front end, the new headlamps, V-type windshield and the pleasing new lines of the Ford V-8 for 1937. The new car is available in eleven de luxe body types. Five are also offered without de luxe equipment. De luxe types are powered with the 85 horsepower engine. Either 85 or 60 h. p. engine is optional in those without de luxe appointments. Mechanical improvements include "finger-tip" steering and "easy-action" safety brakes.

Good Business Record Cited

The first month of business for the Lubbock Auto Co., June, 1936, saw seven new cars sold. That was the smallest number the concern has sold in any one month, Harry Morris, manager, reports.

Largest monthly sale was 64 new cars.

"In the 16 years that we have been in business," he said, "we will have sold by the close of business May 31, if we maintain our schedule, 6,635 cars.

"We have many customers who buy only Fords and we sell them a new car regularly. In checking over our prospect list when we open for business, I ran across the old card the name of a man who had recently bought a new car. He has been one of our steady customers."

Four Texas Attorneys Admitted To Supreme Court Practice

WASHINGTON, May 29. (AP)—The following Texas attorneys have been admitted to practice before the supreme court:

Ben Connally of Houston, who was introduced by his father, Senator Tom Connally of Marlin, Tex.; Dillon Anderson, Houston; Henry H. Brooks, Austin; William White, Dallas.

DIVIDEND IS DECLARED

NEW YORK, May 29. (AP)—General Electric Co. directors declared a dividend of 40 cents on the common stock, payable July 26 to stock of record June 25.

Camel hair brushes are made from hair from the tails of Russian squirrels.

We are proud to Offer

Congratulations

to the

Lubbock Auto Co., Inc.

ON THE CELEBRATION OF THEIR

16th ANNIVERSARY

It is with the greatest of pleasure that we offer our congratulations and best wishes to the Lubbock Auto Co. Inc., on the celebration of their 16th successful year of business in Lubbock. We too, have recently passed our 31st milestone of service to the people of Lubbock and the South Plains. We cordially extend to the entire personnel of the Lubbock Auto Co. Inc., every good wish for continued success in the future.

Man Changed Course Of Tracks To Avoid Woman's Grave

SCOTTSBLUFF, Neb. May 29. (AP) — F. T. Darrow of Lincoln once changed the course of a railroad to avoid a pioneer woman's grave.

When Darrow surveyed the Burlington route through North Platte valley in 1899 he ordered the survey "backed up" and changed to prevent its cutting through the grave of Rebecca Winter, who was buried in 1850. She had been a member of a wagon train party in the Mormon migration to Salt Lake City. For many years her grave was marked only by a wagon iron but later monuments were erected.

Ford Shows New V-8 Cabriolet

THE NEW FORD V-8 de luxe cabriolet, pictured above, is one of the smartest of the 1937 convertible types. The full width seat accommodates three. Seat back is divided, the sections folding forward individually, to disclose the spare tire compartment back of the driver, or the luggage space opening on the right side. Rumble seat is standard equipment for the rear deck. The de luxe types of which the cabriolet is one, are available with the 85 horsepower engine.

Ford Has Own Financing Concern To Aid Purchasers Of His Cars

Henry Ford has his own financing organization, enabling his authorized dealers to handle their paper through the company, thus permitting them to offer a better service to customers than might otherwise be had, General Manager Harry Morris, of Lubbock Auto Co. pointed out.

Universal Credit Co. is the name of the company handling paper of Ford agencies.

The greater number of purchases of cars, both new and used, are made through this plan. Three fourths of the used car sales are handled in this manner.

Terms To Suit Customers

"We try to make our terms to suit our customers," Morris said. "He tells us what he can do. The Ford company was the first, and I think is the only manufacturing concern that sells new cars on a $25 per month payment plan, after the initial payment is made."

Three types of payments are had: first, all-cash; second, a percentage down and the balance in regular, monthly payments; third, "a one-payment plan."

"We are asked frequently about our payment plans," Morris said. "I tell customers we have a one-payment plan. To illustrate it; not long ago we had a man to come in and look over our cars. He decided on one, he offered his old car as a part payment and handed us 523 silver dollars, making up the price of the car."

Crooning Now Found To Be Hereditary

LONDON, May 29 (AP) — The crooner—judging by findings of the bureau of human heredity in London—is not to be criticized as such.

It may be entire hereditary.

His father, or his grandfather, may have been a crooner.

For musical ability, including crooning, is handed from one generation to another, experts say.

Ingredients of musical genius, it is stated, include sense of pitch, rhythm, harmony and range — all traceable to heredity.

Portrayal Of Queen Victoria In Movies Being Planned

LONDON, May 29 (AP) — British stage and movie players are preparing productions which will portray Queen Victoria for the first time in this country, when the Lord Chamberlain lifts his ban June 20, 1937.

It is expected that Laurence Housman's New York success "Victoria Regina" will be staged in the West End. Work has begun on a British film dealing with the life of the queen.

Anna Neagle will be the first British actress to play Queen Victoria in a film and H. B. Warner will take the part of her Prime Minister, Lord Melbourne.

Producer Herbert Wilcox says: "Since I announced I was going to make a Victoria film I have received thousands of letters pleading, demanding—even threatening—that I must have an English actress in the part."

Spends Years In Chair Yet She Does Own Housework

MAPLE HILL, Kas., May 29. (AP)— Miss Florence Teter has spent 68 of her 71 years in a wheel chair, yet she lives alone and does most of her housework.

Unable to walk since she fell from a wagon when she was three years old, Miss Teter moves rapidly about the house in her wheel chair, cooks her meals, sweeps the floor and makes the bed. In making the bed she uses a broom handle to straighten the covers.

She does her own sewing on a machine equipped with a hand crank.

If You Have Soup Stains On Vest—Send It To School

TULSA, May 29. (AP)—Soup stains on your vest? Send it to night school.

A practical course in dry cleaning is being offered here. The students will work on clothing owned by their families at first. After they become proficient co-operative work in several cleaning plants is planned.

C. W. Campbell, animal husbandryman at Kansas State College, says pigs should be vaccinated by the double method two weeks before weaning.

Fifteen-County Area Served

Wholesale distributor of Ford parts in 15 counties on the South Plains, the Lubbock Auto Co., handles now an average of a car load of parts per month. The current year has seen that record maintained regularly.

The parts department, E. B. Selman, manager, occupies a space 40 by 50 feet. One truck is operated out of Lubbock, covering the territory in a week.

Daily Sales Are High

Thousands of parts are sold daily for the hundreds and thousands of all types of Ford cars throughout this territory. There are more than 200 dealers in the 15 counties, filling stations, Ford dealers, small auto parts houses, etc.

Each night the salesman makes up his orders for delivery the next day. He carries a well stocked parts line, but has many calls for items he cannot carry conveniently in his machine. The parts are shipped by bus, truck and train, throughout the territory.

The department was started in 1934. Its recent growth is largely attributed, said Manager Harry Morris, to the rapid use of Ford V-8 motors in irrigation systems as well as other industrial uses, and to the increase in the number of regular customers.

More Than 1,500 Youths In Turkey Have Been Freed

ISTANBUL, Turkey, May 29. (AP) —More than 1,500 youths undergoing prison sentences have been freed by the Turkish ministry of the interior, following a ruling by the ministry of justice that juveniles may not serve jail sentences until they have attained their 18th birthday.

This is because Turkey lacks suitable reformatories for children. Many of those now released will be called to finish their sentences after they reach 18.

On good land an acre of soy beans will support 15 to 20 shotes provided they also receive a full feed of corn and a good protein supplement.

Harrowing the soil after spring plowing helps prevent surface baking and reduces loss of moisture by evaporation and growing weeds.

Pins Papa To Job

Every father should know how to care for the baby, contends 13-year-old mother, Florence Rudd of Vallejo, Calif., so she pinned her 22-year-old husband, Bill, down to a few fundamental lessons in the art of diaper fastening, above. The little lady in the crib is baby Florence May Rudd, three weeks.

Dry Cycle Which Started In 1930 Now Said Broken

NORWALK, O., May 29. (AP) — Farmers in this vicinity say a dry cycle which began in 1930 finally has been broken, although this section of Ohio was not affected by floods. Abnormal rainfall has raised the level of wells for the first time in six years, and springs, long dried up, are trickling again.

Shouldn't Be Hard To Find Duck That Quack, Quacks

CHARLESTON, W. Va., May 29 (AP)—Mrs. Arch Prowse asked police to help find her lost pet duck.

"You can tell my duck," she told officers, "because when you call 'Cornelius' he usually answers 'quack, quack'."

USED CARS THAT HAVE GOT TO BE *Good!*

No ordinary used car could be guaranteed the way your Ford dealer guarantees his R & G used cars. You get a written statement of the car's condition and a written promise to refund your money if you do not like the car. Come see these R & G values. Assortments are large right now and prices are low. Drive in today—let us appraise your old car. It will probably cover the whole down payment on a far better car—and we offer easy terms on the balance.

FORD V-8 POWER

will do the job at lower costs than ever!

WITH V-8 engines in two sizes, the Ford V-8 Truck offers new efficiency in handling the work—new economy when you figure the costs.

If yours is a job of heavy hauling, you can handle it faster, easier and at less cost with the improved 85 H.-P. Ford V-8 truck engine.

For light jobs, the 60 H. P. Ford V-8 engine gives splendid performance with gasoline economy running many extra miles to the gallon.

With either engine you get an added economy which is available only to Ford V-8 owners. For the Ford Engine Exchange Plan allows an old engine in any Ford V-8 unit to be replaced with a factory-reconditioned engine—for much less than the cost of an ordinary engine overhaul!

In addition, Ford dealers offer a wide variety of body types built to Ford's own standards of lasting quality.

Discuss your hauling needs with your Ford dealer today. Let him help you select the chassis, engine and body best suited to handle your loads. Then, let an "on-the-job" test show you how much better and at how much less cost you can do your hauling with modern V-8 power.

Built in Texas by Texas Labor

NO OTHER TRUCK IN AMERICA GIVES YOU ALL OF THESE MONEY-SAVING FEATURES

TWO V-8 ENGINES—85 H. P. for heavy duty and high speed work; 60 H. P. for light duty and house to house deliveries.

ENGINE AND PARTS EXCHANGE PLAN—factory reconditioning of the cylinder assembly and many other parts cuts Ford maintenance to the bone.

CENTRI-FORCE CLUTCH—plate pressure increases with engine speed.

FULL TORQUE-TUBE DRIVE—Driving and braking forces transmitted by the torque-tube and radius rods. Springs are free shackled for load carrying only.

RADIUS RODS—hold axles in perfect alignment, permitting the use of dependable direct action steel brake rods.

FULL-FLOATING REAR AXLE—All weight is carried by the axle housing. Straddle mounted pinion gear.

QUICK-ACTION SAFETY BRAKES—Brake drums of cast alloy iron are practically score proof. Lining area 350 sq. in., plus 120.75 sq. in. for hand brake.

—The Tune Is Economy!

MAKE YOUR OLD FORD CAR RUN LIKE NEW WITH

A Factory Reconditioned Engine

It can be done in one day's time, at a lower cost to you than the old-fashioned "overhauling job". There are no compromises, and no temporary make-shifts. You get an engine that has been rebuilt at the Ford Factory by the same men, methods and machines that produce new engines. New parts are fitted wherever necessary. The same tests, and the same precision standards are maintained. And the finished job gives you the same fine performance . . . the same long life that your new engine gave you. Come in, and let us explain this money-saving plan—an exclusive service available to Ford owners.
