SENIOR NEWS

The Seniors selected their rings September 27. We chose the All American. It is very pretty. We are looking forward to the last of November, when our rings should arrive.

We are proud of the football boys. Even if they didn't win, it was very close. Better luck next time, boys.

We are glad to welcome Leroy Wilson to our class.

— H H S —

JUNIOR NEWS

Congratulations to the Senior Class for having such a good program for assembly last week. I hope our program goes over like yours did with all of the school.

We sure hated to see Hico lose to Cranfills Gap Friday night, but it was a good game.

We decided last week what we would have on our assembly program this Wednesday.

SOPHOMORE NEWS

The Sophomore Class it trying to get their program ready, so don't everyone be absent from school.

We wish to compliment the Senior Class for their program last week. It was really good.

We are sorry the boy's lost the ball game, but they really played well.

— H H S —

FRESHMEN NEWS

The scores of the ball game didn't turn out the way we would have liked them to. The score was 14 to 13 in favor of the Gap. The boys really played a wonderful ball game though. I think everyone of them did his part and that is all anyone can do.

The boys will play Whitney next Friday night and we hope to best them.

There was a good crowd from Hico at the game Friday night. Besides the Pep Squad and Band, a large number of town people turned out to back our boys.

HOMEMAKING NEWS

The Homemaking I girls were formally initiated on Tuesday night of last week in the Home Economics Cottage. This procedure was carried out by the Homemaking II girls. The Homemaking I girls were frightened at first, but decided it was all being done in fun and were soon laughing with the rest.

The Homemaking II girls performed a candlelighting ceremony. After the ceremony, the entire group, including Mrs. Blair, Homemaking Teacher, sang two songs and recited the Homemskers pledge. After refreshments were served the Homemaking I girls left the wonderful job of cleaning up to the Homemaking II girls.

F. F. A. NEWS

The Hico F. F. A. grass judging team including Darel Fillingim, Ansol Shipley, and Kenneth Johnson entered the Goldthwaite district grass judging contest at Lampasas, October 1, according to Doyle Love, local advisor.

The purpose of a contest such as this is to better equip the future farmers of our country so that they can bring back the livestock producing properties of their grazing land.

The team, which needs two other members for future contests, plans to enter contests at Gatesville, Fort Worth Fat Stock Show and other contests that are staged.

— H H S —

BAND NEWS

Last Thursday night the Band played at the pep rally in town.

Friday night the band played at the football game at Cranfills Gap. At the half the band and pep squad marched on the field. We formed letters to represent both teams.

POET'S CORNER

Mary had a wad of gum
As big as it could be
Everywhere that Mary went
The gum you were sure to see
She took the gum to school one day
Which was against the rule.
The teacher took it up in class.
And chewed it after school.

WORM'S EYE VIEW

Crawling down the hall this morning I noticed that most all the football boys have cuts and bruises on them. Tough luck about the ball game but it was good anyway from where I was especially. (Chute No. 1).

Boy was it cold down there but the Band and Pep Squad didn't seem to mind. The Band played

GARDENING OBSERVATIONS

We want to thank Mr. and Mrs. Holford for so generously giving us space in the Hico News Review, calling attention to attractive yards in our city. We could not get very far in any activity without a good home paper.

This week we want to mention the home of Mr. and Mrs. Ike Malone. Note the entire color scheme—home of brown rock, window trim in red, all flower paths painted red with planting of red roses and red verbenas.

Another ideal lawn is that of Miss Thoma Rodgers. Note the spaciousness of it, always kept in perfect condition.

Drive by and look these places over and wish we had many more like them in Hico.

Mr. and Mrs. Willis Celebrate Their Golden Wedding Anniversary

A pair of heavy brass boot-type stirrups which were used by Spaniards fighting in South America over 400 years ago, and which were recently excavated in Columbia, were presented to Mr. and Mrs. E. A. Willis on their Golden Wedding Anniversary Sunday by their granddaughter, Mrs. Ray Bernard of Bucaramanga, Columbia, S. A. Many other gifts, including a chest of silver and linens were received by the couple, who celebrated their 50 years of marriage with a large family gathering and a dinner served on the lawn of their home here.

With them for the event were their two daughters, Ruth Willis of Hico and Mrs. George Williams of Poth; their granddaughter, Mrs. Bernard; and their 3-year-old great granddaughter, Connie Bernard.

Willis and the former Miss Essie Massie were married Oct. 5, 1899 at Blue Ridge near Hamilton at the home of the bride's father, J. W. Massie, an early Hamilton Co. Sheriff. During their early marriage they lived in Vernon, later returning to Hamilton Co. They moved to Hico nine years ago. Willis first came to this county in 1885. He is a descendant of one of the first English families to settle in Jamestown, Va., in 1607. Mrs. Willis is a member of the Chalk family of English decent, which traces its lineage back to 1066.

The birthday of Mrs. Willis' sister, Mrs. J. J. Wilson of Hamilton, was also observed Sunday. Other relatives and friends present were: Mr. and Mrs. V. M. Willis, Spearman; Mr. and Mrs. Max Blau and sons, Lewis and Willis, Booker; Mr. and Mrs. Ray Mahansy and daughters, Barbara and Anne, Elmwood, Oklahoma; Miss Mary G. Willis, Junction; Mr. and Mrs. Grover Massie, Mrs. J. J. Wilson, Mr. and Mrs. O. F. Jones, Miss Clara Linton, Ben Linton, Mary Burris, and Mr. and Mrs. Lee Brinkley, all of Hamilton; Mr. and Mrs. J. H. Massie, Vernon; Mrs. R. D. Smith and daughter, Dean, Holliday; Mr. and Mrs. A. M. Sparks, Evant; Mrs. Lallie Maloney, Grayback; J. L. Massie, Junction; George Williams, Poth; and Mr. and Mrs. Ben Wright, Mrs. J. W. Fairey, Curtis Fairey, Mr. and Mrs. Harry Hudson, and Albert Russell, all of Hico.

A little girl, who has been given the name of Nancy Luvinia Blakley, was born to Mr. and Mrs. James M. Blakley at the Hico Hospital Thursday, Oct. 6. Grandparents are Mrs. Grady Barrow of Hico and Mr. and Mrs. Jake Blakley of Fairy. The mother is the former Mary Jane Barrow.

Texans Urged to Take A Holiday During State Fair

Two million Texans can't be wrong—not in taking their holiday at the 1949 State Fai rof Texas, Oct. 8-23.

That's a lot of Texans, but the total is not surprising in view of the amazing array of attractions assembled for this greatest of all state fairs on earth. Piling climax on climax, this year's exposition promises to be the grandest ever—a fitting milestone for an autumn when Texas farmers expect to make their second biggest harvest in history.

Since its birth 64 years ago, the State Fair of Texas has compiled an impressive list of contributions to better living in Texas. Down through the years it has grown, developing with the times—often, as in the case of its dramatic atomic energy exhibit this year, ahead of the times—to chart new courses, new methods and better ways of living.

The State Fair has spurred the tremendous progress of the Texas livestock industry from a day when the scrawny Longhorn steer was king of the range to a time when the state has more purebred beef cattle than any other state.

Giant strides made by the State's New Agriculture stem in a large measure from the Fair.

In the field of home-making, it has been instrumental in inspiring finer domestic arts.

One of the most outstanding contributions the State Fair has made in recent years lies in its ambitious program for rural youth. This year, more than 75,000 farm boys and girls will have the time of their lives as guests of the Fair, and they'll go away better citizens.

The "fun" side of the Fair is never neglected. This year the hours of relaxation which are needed ot forget the cares of the workaday world, will be well filled as the carnival atmosphere and gay spirits of the Fair gives the eldest of us a long draught from the fountain of perpetual youth.

Yep, the State Fair is quite a dish. And appetizing to all of us, hungry or not.

Baptist S. S. Class Holds Banquet and Installs Officers

The Homemakers Sunday School Class of the First Baptist Church held a banquet at which the new class officers for the year were installed at 7 o'clock Tuesday evening at the church. Teacher of the class is Mrs. L. H. Davis. The hall and table were decorated in green and white, class colors. The program featured a vocal solo by Mrs. Walter Mauk. The devotional was given by Mrs. Leroy Chandler.

Mrs. Marshall Smith used a flower garden theme in installing the following officers: Mrs. D. W. Reedy, president; Mrs. Arthur Burden, secretary; Mrs. Aubrey Duzan, vice president; Mrs. Grady Hooper, fellowship vice president; Mrs. E. H. Randals Jr., class ministries; and Mrs. Marion Barnett, Mrs. J. D. Partain, Mrs. Jake Eubank, Mrs. Leslie Patterson, and Mrs. Jewel Russell, group captains.

The menu included chicken, dressing, giblet gravy, peas, potatoes, green salad, hot rolls, tea, and mints.

Barbecue Committee Instructed to Report at Next Lions Meeting

Details of the forthcoming barbecue to be staged by the losing side of an attendance contest brought to a close last week by the Hico Lions Club comprised most of the discussion at this week's meeting, held Wednesday noon at Fireman's Hall. A committee consisting of Lion Morgan Moon as chairman and with Lion Dr. Hedges and Lion Paul Hamilton as the other members, was instructed to report exact date and plans at next week's meeting.

Other discussion included plans for a Lions Carnival, a report on the prospective public housing program for the city by Lion Mayor Dr. Hedges, and announcement of the FFA rodeo this week end.

No program had been prepared for the day. Lions S. E. Blair Jr., and J. R. Bobo were instructed to prepare a program for next week, with Lions Arthur Burden and D. E. Bullock responsible for the program the following week. Program chairman in the future will be appointed from the roster in alphabetical progression.

Present at this week's meeting were Lions Burden, Norton, Knox, Duzan, Moon, Rutledge, Petsick, Bradley, Hampton, Cox, Hamilton, Wolfe, Bobo, Coats, Leach, Hafer, Neel, Knudson, Hoffman, Chaney, Hedges, Neenan, and Holford.

A visitor was T. E. Roberts, formerly of Crawford, who is establishing law offices here and has accepted appointment as City attorney, that office having been vacant since the death of E. H. Persons in February, 1948. Mr. Roberts expressed his pleasure at having become a citizen of Hico after a survey of many other towns, and promised to become a citizen in every sense of the word.

Truman E. Roberts Is New City Attorney, Opens Offices Here

A new city attorney, Truman E. Roberts, was appointed by the city council at its regular meeting Monday night at City Hall. The office has been unfilled since the death of Judge E. H. Persons in February, 1948.

Roberts opened law offices here this week after moving here from Crawford, where he was born and reared. He was educated at Baylor University, receiving his law degree Aug. 28 of this year. He passed his bar examination in July.

A World War II veteran, Roberts served five and one half years in the field artillery. He spent two and one half years in the Pacific Theater, serving as a company commander in Hawaii, Saipan, and Pelieu in the Palau Islands. He was discharged as a captain.

His wife, the former Miss Gloria Stevens of Valley Mills, will join him here shortly.

Immense Sum In Life Insurance Owned By Families of Texas

Texas families owned $3,600 of life insurance per family, on the average, at the start of this year, a new high of such protection, the Institute of Life Insurance reports.

On January 1, the total life insurance owned in this state was $7,480,200,000. Of this, $4,763,900,000 was in 2,251,800 ordinary life insurance policies, the larger unit type of individual policies, usually in amounts of $1,000 or more each and paid for annually, semi-annually, quarterly or monthly. An additional $1,257,100,000 was in 4,350,900 industrial insurance policies, the small unit, weekly or monthly premium type collected at the door. And $1,459,200,000 was in group life insurance made available to employees through 2,300 contracts of employers.

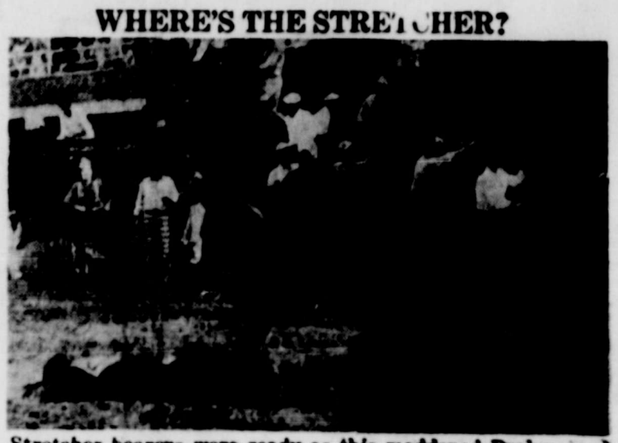

"This record bulwark of protection built up voluntarily by the families of this state represents one of the great strengths of our people and is proof of the fact that Americans generally believe in the 'do-it-yourself' philosophy," Holgar J. Johnson, Institute president, said in announcing the results of a state analysis of the last annual report figures.

"The families of the country have added $16,000,000,000 of life insurance to their security programs during the past year and $50,000,000,000 since the end of the war. Mr. Johnson said. "This brings the countrywide total to $202,000,000,000, or $4,900 per family. This is a figure which no other people in the world can approach in the way of family security arrived at through their own efforts. It is a reflection of the responsible planning towards family security that is now being carried by our people and shows a continuance of the thrift-mindedness developed so effectively during the war years."

District of Columbia families led the nation in life insurance ownership per family, with $7,700 at the start of the year. New York was second with $7,300 and Connecticut third with $7,200.

In aggregate ownership, New York families led, with their $29,925,200,000, with Pennsylvania second and Illinois third.

WHERE'S THE STRETCHER?

Stretcher bearers were ready as this maddened Brahma appeared ready to maul his fallen rider, but it turned out to be just another near casualty of the 18th Annual Prison Rodeo now being held in spacious, new Prison Stadium at Huntsville, Texas each Sunday this month.

OLD DOCUMENT GOES TO MUSEUM

A "Mayor's Notice" issued on February 28, 1893, when Daniel Pingree was head of Hico's local city government, has recently come to light and will be preserved in a museum.

The document, setting forth a city ordinance to protect the legal rights of the Texas Central Railroad, was contributed by Ernest Rodgers from a collection kept by his father, the late J. C. Rodgers, and will be sent to Chicago by Local Agent Paul Hamilton. There it will be placed in the exhibition hall of the Western Railroads Association.

Other interesting papers, including an early-day timetable and a prospectus of Avoca, Texas as "The Coming City in Jones County" were also included in the Rodgers contribution.

THREE GIRLS FROM HICO ARE ENROLLED AT TSCW

Denton, Texas, Oct. 3.—Three girls from Hico are among nearly 2000 students enrolled at Texas State College for women for the fall term.

Two hundred and four out of 254 Texas counties are represented in the registeration figures as well as 17 students from four foreign countries and 321 registrants from 31 other states.

Housing facilities during this second year of normal peacetime enrollment are the best in the college's history as a result of the present three and a half million dollar building program.

Hico girls enrolled include Miss Frances Emily Angell, daughter of Mrs. Bryan Angell; Mary Annette Phillips, daughter of Mr. and Mrs. Edward E. Phillips; and Dale Randals, daughter of Mr. and Mrs. T. A. Randals.

Tonight's Contest With Whitney Most Important to Locals

Hico will be host to Whitney football team on the Hico field Friday night at 8 p. m. This is an important game for Hico because a victory is needed in order to remain in the race for district championship.

Valley Mills plays Cranfills Gap at Valley Mills Friday night. A victory for Valley Mills will throw the district into a tie of three or four teams for first place. Valley Mills forfeited the game to Iredell due to the playing of an ineligible player.

Last week's results in the district were:

Cranfills Gap 14, Hico 13
Valley Mills 24, Walnut Springs 0
Granbury 18, Iredell 13
Meridian 6, Cleburne B 7
Whitney—Open

Whitney has a passing team and lots of speed in the backfield and pass defense has been stressed by Hico this week and the locals hope to have a better defense against passes.

DAUGHTER IS STUDENT AT WAYLAND COLLEGE

Plainview, Oct. 3.—A Hamilton County student, Ann Ketner, is among the 480 enrolled at Wayland College, Dean Raymond E. Mendenhall announced here today.

Miss Ketner, daughter, of Mr. and Mrs. H. E. Ketner of Hico, is a sophomore majoring in education.

Wayland's maximum enrollment, set at 500 by trustees, has almost been reached. Along with the new students, there are 13 new faculty members.

Improvements on the Wayland campus include a newly renovated basement in the administration building, which houses the journalism and photography departments, the Wayland World Press," and a student recreation center. A new dining hall will soon be built.

AERIAL ATTACK TOO MUCH FOR TIGERS AT CRANFILLS GAP

By BILL NORTON

The strong passing attack that the Cranfills Gap boys came out with, and the educated toe of Meissner meant just one point too much for the Hico Tigers last Friday night when they invaded the Lions' lair. The Tigers outplayed the boys from the Gap on the ground, but were unable to stop the strong pass offense. The Tigers made three more first downs and rolled up 48 more yards from scrimmage than the Lions. The Lions outdid the Tigers on pass yardage by 99 yards—and the final score of 14-13.

The first half of the game was slow and neither team made much of a showing. The Tigers fumbled several times and one of these fumbles set the Lions up for the score they made as the first quarter ended. Meissner converted with a kick.

The second quarter was uneventful.

At the beginning of the second half the Tigers received and marched on down the field for a touchdown without losing the ball. Ross attempted to push over the line for the extra point, but failed to gain the line. The Lions received after the touchdown and fumbled on their own 45-yard line. The Tigers recovered and were able to score again early in the fourth quarter. Ratliff kicked for the extra point.

With the Tigers leading by 6 points, the Lions opened up with their passes and soon scored their second touchdown. Meissner again kicked extra point. The Tigers came back with passes and ground plays but were unable to score again before the game's end.

All of the boys from both teams turned in a good record, but top honors will have to go to Rhodes of the Lions lineup for his running and passing; and to Burden of the Hico lineup for a consistently good game. Ross picked up in the last half and played an outstanding game. Chaney again stepped out for a very good defensive game, and equal honors go to Terry, Lane, Ratliff and Lively. Much credit goes to the entire line on the offense as they had a hole for the backs on most every play. They are the boys that took the hardest licks, as most of the Tiger plays were on the ground.

The band and the pep squad were on hand for a full game and produced a very complimentary half-time review. Again the Hico fans turned out some 200 strong to boost and back the Tigers.

This week the Tigers are at home playing host to Whitney, and the boys from the Gap go to Valley Mills. Out goes the neck for the first time—we will take the Gap by one point and the Tigers by six points.

U. S. Dept. of Agriculture's

OFFICIAL REPORT ON WEEKLY SWING OF FARM MARKETS OVER THE SOUTHWEST

Southwest farm markets paid some higher and some lower prices this week compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs advanced mostly around 50 cents for the week at Texas markets, although sows failed to share the strength at San Antonio, and feeder pigs at Fort Worth. Stocker pigs gained 50 cents at Oklahoma City but other swine classes declined around 50 cents at Oklahoma City and Denver. Texas butcher top was $20.25.

Sheep and lamb prices rose about 50 cents during the week. Cull and common ewes cleared from $7.50 to $8 at San Antonio, and $8 to $9 at Fort Worth. Ewes sold up to $8 at Denver and $8.50 at Oklahoma City. Mature goats gained 25 cents to $1 to bring $7 to $8.25. Kids held steady at mainly $4 to $4.50.

Slaughter cattle and calves moved to southwest markets at mostly 50 cents to $1 lower prices than a week earlier. Stockers and feeders showed little change. Common and low-medium slaughter steers and yearlings cashed at $15 to $18 at San Antonio. Medium and good grades made $18 to $23.50 at Fort Worth. Common and medium steers brought $16 to $20 at Oklahoma City. Denver paid up to $28 for high-good.

Livestock marketings last week were about in line with the week before.

Ample supplies of wholesale dressed meats met narrow demand at eastern markets. Prices were steady to $3 higher, with spring lamb and cow beef up most.

Southwest egg and poultry prices held about unchanged from a week ago Monday, with only slight declines here and there. Spring chickens sold 1 to 2 cents lower at Dallas and in Northwest Arkansas and hens eased at Dallas. Fair to good demand continued to absorb moderate supplies of poultry and light egg receipts.

Slow demand and increased supplies have lowered prices of many fall fruits and vegetables. The downtrend is widespread at both terminal and shipping point markets. High prices are confined mainly to products going out of season.

Wool trade was at a standstill in Texas and the territory states. Mohair sold actively at strong prices of 42 to 43 cents a pound for adult and 62 to 63 for kid.

Rice markets held about steady during the past week at or near the support price. Prices of many feedstuffs moved to higher levels, but wheat millfeeds and soybean meal declined. Hay markets showed little change. Peanuts held steady.

Most grains sold slightly higher for the week, although barley and white corn showed small declines. No. 2 white corn closed Monday at $1.60½ to $1.54½ per bushel in bulk carlots at Texas common points. Yellow corn brought $1.46½ to $1.52½. No. 2 yellow milo sold from $2.05 to $2.12 per hundred pounds.

Cotton sold 50 cents to $2 lower for the week. Spot middling 15-16 inch closed Monday at 28.85 cents a pound at Dallas, 29.68 at Houston and 29.35 at New Orleans.

Local Hatcheryman Attends Meeting of Purina Dealers

Leonard McLendon, manager of the McLendon Hatchery in Hico, returned Wednesday night from Missouri, where he had been in attendance for several days at a meeting of officials and dealers for the Ralston Purina Company.

While on the trip McLendon had opportunity to inspect Purina's huge research farm where every product—feed, sanitation and farm supply—are all thoroughly tested under average, practical farm conditions.

On this 738-acre farm, located at Gray Summit, Mo., research work is carried on year in and year out on the care and feeding of practically every farm animal and bird.

"All the benefits of this Research Farm," McLendon pointed out, "are brought to you in the Purina Chows, Sanitation Products, and Farm Supplies now available at our store."

GIRL SCOUTS RECEIVE LESSON IN FIRST AID

The Girl Scouts met Monday night and had their first lesson in first aid. We are learning what not to do as well as what to do in case of an accident.

When calling a doctor or ambulance, be sure to report the location of the accident. For instance, five miles out of Hico on the Hamilton Highway. Also tell how badly the victims are injured.

Paula Boone passed her tenderfoot test and received her pin.

Fairy

— By —
Correspondent

We received a slow drenching rain Monday night which will put the land in fine shape for fall sowing of grain.

T. L. Betts lost his large barn and most of its contents by fire early Sunday morning. He arose about daylight and as he started out to attend his out door work, he heard the cracking and popping noise of the burning contents and at once noticed the flames, as they broke through the shed roof of the barn. He stated he was sure the fire started in this shed, where about 400 bales of feed had been stored during the summer months. He released some sheep he had penned in the lot, but was unable to save any thing else from the barn. Mrs. A. L. Newman, who had noticed the fire at an early stage, notified Prentis, who left immediately and notified residents en route to the Bett's home and Carl Ray Sellers, near the Bett's home. They notified the Hamilton Fire Department, who were soon on the scene and helped to save near-by poultry buildings and implements. Mr. Betts had recently put a new aluminum roof on the barn and made other repairs. Neighbors helped throughout the day Sunday to sack some oats salvaged from the fire, and was thought they might be able to save a few bushels of wheat, which was still smoldering at the time of the writers visit Sunday. Mr. Betts carried no insurance, but is one of those fellows who looks on the bright side of things and says he will have forgotten all about it a hundred years from now.

Mr. and Mrs. Toy Shaddy and little son of Gallup, N. M., and her mother, Mrs. Lilla Byrd of Carlton visited Tuesday of last week in the home of Mrs. Byrd's brothers and sisters, Mr. and Mrs. Walter Abel and family, Bill and Miss Nora Abel.

Mrs. Emma Ogle and her sister visited Sunday at the Hico Hospital with their sister, Miss Leta Fort, who has been hospitalized for the past few weeks with a broken hip and was to have the limb reset Sunday. We hope this will be satisfactory and she will soon be fully recovered.

Mrs. B. J. Parks was a patient in the Hico Hospital over the week end for a physical check up and x-ray examination. We hope the test revealed no serious complications.

Mrs. Jesse Massengale of Carlton visited here Sunday with relatives and friends.

Mr. and Mrs. H. C. Beck, who reside on the Fred Jones ranch in the Falls Creek community were guests of Mrs. Brittie Little Sunday afternoon. They stated their son, Charles, who finished Fairy high school last spring is now a student at Draughan's College, Dallas and is liking his work fine. The Becks are former residents of Fairy.

Mr. and Mrs. Floyd Noland and family of Blue Ridge were visiting friends here Sunday.

Mrs. Ralph Spencer of Lubbock came in Thursday of last week for a visit with her parents, Mr. and Mrs. E. M. Hoover of Fairy and sister, Miss Daphine Hoover of Stephenville. Her husband came down for her Saturday. They returned home Sunday morning.

Mr. and Mrs. Jasper Jenkins have traded their farm near Fairy for property at San Saba and they and their sons have moved to their new location. The new owner of the Jenkins farm are the Rushings from San Saba. So far we have not had any further information.

Mr. and Mrs. Rivers of North Carolina, who have been visiting here the past two weeks with her parents, Mr. and Mrs. Walter Abel and family, returned home Wednesday of last week. Mrs. Rivers is the former Miss Joylette Abel.

Mr. and Mrs. Sid Dickerson have purchased the Huland farm on Duffau creek, four miles out on Chalk Mountain highway out of Hico and will move to their new location soon. They have resided on the former Flynn ranch, since the sale of their home in the Percelville community a few years ago.

Mrs. Rushing received a message Sunday stating her sister had passed away and funeral services would be held at Stephenville today (Monday). We extend sympathy.

"EVERYTHING TO BUILD ANYTHING"
HICO, TEXAS

ATTENTION: Mr. Peanut Grower

We have completed arrangements to purchase your peanut crop.

We can either store or ship direct which will enable us to handle promptly.

We will be set up at the corner of Barnes & McCullough's for receiving grade certificates, weight certificates, and writing cash drafts for peanuts handled by us.

There have been some changes in the marketing setup about which you may already be familiar, but if you are not, this is to remind you of the following:

(1) All eligible peanuts (meaning those covered by allotment cards) will be sampled and graded by a Federal or Federal-State Inspector.

(2) When peanuts are threshed and dry enough to market, they have to be brought in for sampling and grading as no field grading is done by Government Inspectors.

(3) Peanuts must be dried before marketing as penalties are deducted from the price for peanuts over seven percent (7%) moisture and premiums are added to the price if under seven percent (7%) moisture.

(4) The same penalies are in effect for damage and foreign material as last season.

(5) There will be a central grading point located at Wieser's Mill where all peanuts will be delivered for sampling and grading.

(6) Allotment card must be presented with each load of peanuts, since weights of each load have to be reported on allotment card by purchaser.

Since all grading will be done at a central grading point by Federal or Federal-State Inspector, we feel that the facilities we have available in connection with fast handling will compensate you for bringing your peanuts to our market.

Please call us any time that we can be of assistance to you in the marketing of your peanut crop.

CARD OF THANKS

We wish to express our deep gratitude to the many friends who so generously aided us during the illness and at the death of our beloved wife, mother and sister. Your loyalty challenges the best in our lives. Especially do we thank the doctors, nurses and blood donors who did everything they could to make her suffering lighter. For the ones who sent the beautiful flowers, the nice food, and above all the kind words of sympathy and understanding, we are grateful.

Mrs. Henry Mayfield

Mr. and Mrs. Howard Dowdy and son of Fort Worth spent the week end with his parents, Mr. and Mrs. Charlie Dowdy.

Old friends here were sorry to hear of Mrs. Eula Anderson of Stephenville passing away. Mrs. Anderson lived here several years ago and went to school here and taught music here and was loved by every one who knew her.

Mrs. Jessie Roberson of Stephenville and Mrs. Crinty Roberson of Duffau visited Mrs. Henry Mayfield Wednesday evening.

Those visiting in the home of Mrs. Mollie Cook last week were Mr. and Mrs. Author Williams of Palo Pinta, Mr. and Mrs. Bob Nixon of Iraan, Mr. and Mrs. Andrew Nixon of Sebastain, Mrs. Mattie Segrist, teacher in the Hico Schools and Miss Minnie Brazwell.

Mrs. Lizzie Havens of Houston is here on her vacation visiting in the Gerald Turner home.

The Busy Bee Club met with Misses Nola and Eunice Lee Thursday evening.

Mrs. Gerald Turner and Mrs. Lizzie Havens of Houston visited Mrs. M. E. Burnette and Oliver Thursday morning in Hico.

R. E. Dunbar and Henry Mayfield attended the Auction Sale at Walnut Springs Thursday. Mr. Dunbar sold a nice bunch of calves.

Those visiting Mrs. Henry Mayfield Thursday afternoon were Mrs. Lizzie Havens of Houston, Mrs. Mattie Walsworth and Mrs. Mary Koonsman of Pleasant Hill, Mrs. Nadine Turner, Mrs. Etta Whiteside, Mrs. Ara Deman, Mrs. Maud Dunbar and mother and Mrs. Ruth Fry.

We are glad we will still have the "Doodle Bug" train running through the hills and valley of this community and on to our neighboring towns. We were afraid it would be discontinued.

The Shiloh singing convention will meet here Sunday, Oct. 9.

Mrs. Grace Alexander of Dublin and Mr. and Mrs. L. E. Roberson and son of Stephenville visited Sunday evening with Mr. and Mrs. Henry Mayfield and son and Mrs. L. E. Roberson Sr.

It is drizzling rain today enough to keep people from gathering crops.

in Grain-Saving Ability

in Economy of Operation

in Speed of Harvest

Just consider what makes a better combine—its grain-saving ability, its economy of operation, and its speed of harvesting. Then—check these advantages with the performance of a *dependable* John Deere No. 12-A and you'll understand why it's today's leading small combine.

It's a straight-through, full-width combine that has amazing capacity . . . harvests more clean, uncracked grain per acre. It's a light, compact combine that's easy to handle in tough field conditions where heavier machines are idle. Power requirements and upkeep costs are low, assuring dependable, economical performance, year after year.

It will pay you to check over the No. 12-A, feature by feature. It's a combine you can't afford to be without. See us soon for details.

FAIRY SCHOOL NEWS

Senior News

We are all glad to be back this morning from a joyous week end, ready to start the week off studying hard. The seniors studying, Ha!

All of the members in the class are here this morning. Seems that Weldon and Alton had car trouble Saturday night, being parked by the side of the road between Hamilton and Evant.

Junior News

You see, you can't get rid of us just like we said last week, "here we are again." Better or worse, you can decide.

As Thursday night finally rolled around we saw that a good many Tiger backers in the stadium and if you haven't heard, we won, by golly, we won.

Friday night most of the Fairy Tigers ventured down to watch the Hico Tigers chew the Gap Lions all to pieces but we were very disappointed. Better luck next time boys.

Same old spirit, same old story, "Victory is ours Friday night", we hope.

Sophomore News

Everyone seems to have an extremely wilted look on their face today after History class. We have been personally informed by Mr. Newton that we are required to outline every chapter in History.

The boys are out playing football. Mr. Newton, don't get wet coaching those boys. They're good enough. At least we think so after Thursday night. Gee whiz, Leon, where did you learn to tackle like that?

Freshman News

Is it Monday? Yes. Well, Streater wake up and let's try to think up some news. This week we start with two absent. They are Don Brooks and Billy Stone. We are proud to have Barbara Lewis back with us after picking cotton.

Louise, what do you mean by getting the pen out of Pearl's locket? Aren't you ashamed of yourself. We had a test in Science today, and I think everyone made a real good grade. Aren't we smart?

I got word from Shirley Cole that the man who takes pictures is coming Monday.

I wonder if T. C. ever did get his peper handed in, in Literature. You had better hurry T. C., she means business.

That's all folks.

AN ORDINANCE regulating vehicular traffic, after sounding of fire alarm, and regulating parking during the progress of fires within the city limits of Hico, Hamilton County, Texas, and prescribing penalties for violation.

BE IT ORDAINED by the City Council of the City of Hico, Hamilton County, Texas:

SECTION 1. While the Fire Alarm is sounding, all traffic shall pull to the curb and stop, only exception to this, being: ACTIVE FIREMEN on their way to the Fire Hall or to the scene of the Fire.

SECTION 2. FOLLOWING FIRE APPARATUS PROHIBITED—The driver of any vehicle, other than one on official business, shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm. DOUBLE PARKING IS PROHIBITED within 3 blocks of any fire.

SECTION 3. CROSSING FIRE HOSE—No driver of ANY vehicle shall drive over an unprotected hose of a fire department when laid down on any Street, alley, or private driveway, to be used at any fire, or alarm of fire, without the consent of the Fire Department official in command.

SECTION 4. PENALTIES—Any person who shall violate any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any amount not less than $1.00, nor more than $200.00.

SECTION 5. THE FACT—that the thoughtless actions of people going to and around fires, not only greatly hampers the efforts of the firemen, but also hazards Life and Property, creates an emergency and an imperative public demand that the rule requiring that ordinances be read three several days be suspended, and that this ordinance take effect and be in force from and after its passage and publication, and it is hereby so ordained.

Passed and approved this 3rd day of October, 1949.

DR. H. V. HEDGES, Mayor.
MRS. J. R. McMILLAN,
City Secretary. 21-2tc

Six Charter Members Recognized at Women's Business Club Meeting

The Business and Professional Women's Club met in regular session Tuesday evening, October 9, at the Methodist church in Hico, naming as honor guests women teachers of the local public school.

A Southern dinner was served in the church dining room. The table was centered with a four-tiered birthday cake decorated with yellow pom pom, and on which were burning eight candles representing eight years of the club's existence.

Six charter members—Mrs. J. W. Richbourg, Mrs. Lawrence Lane, Miss Ruth Phillips, Mrs. Lillie Fairey, Mrs. S. W. Everett, and Mrs. W. E. East—were recognized and presented with lovely corsages.

Mrs. Lane, president, gave a short history of the club.

The program subject was Music, with Mrs. Walter Mauk at the organ and Mrs. W. D. Bradley as soloist, and Rev. J. L. Ray as guest speaker.

Hostesses for the evening were Mrs. J. L. Ray, Mrs. J. W. Richbourg and Mrs. Maurice T. Neenan.

REPORTER.

Officers and Teachers Installed Last Week at First Baptist Church

New officers and teachers of the First Baptist Church of Hico were installed at a banquet held at the church at 7:30 o'clock Thursday evening. The pastor, Rev. L. H. Davis, had charge of installation. A chicken dinner was served.

The following officers were recognized: W. E. Ellison, treasurer and extension department superintendent; Mrs. Robert B. Jackson, church clerk and young people and intermediate superintendent; J. P. Rodgers, chairman of the board of deacons; Mrs. C. A. Russell, W. M. U. president; Arthur Burden, Brotherhood president and choir director; J. B. Wooton, Sunday School superintendent.

Curtis Wright, assistant Sunday School superintendent; Mrs. H. L. McKenzie, general secretary; Mrs. Walter Mauk, pianist; Mrs. Curtis Wright, Training Union secretary; H. D. Knight, Adult superintendent; Mrs. Leroy Chandler, Junior superintendent; Mrs. Weldon Pierce Primary superintendent; Mrs. Roy Adkison, Beginners superintendent; and Mrs. E. H. Randals Jr., Cradle Roll superintendent.

CARD OF THANKS

We take this method of expressing our appreciation for the many kind deeds and messages of sympathy during the illness and at the death of our loved one, Mr. T. J. Rhodes. We are especially grateful for the beautiful floral offerings. May God bless each and every one of you.

and the Pep Squad made noise. One in particular was a Freshman girl (with long blond hair) seemed to cheer for only one. The only one was Virgil Gray. In answer to her question as near as I can tell he has blue eyes. He also has dark brown curly hair and he is about 5 feet 10 or 11 inches tall.

Virgil is quite popular in social life as well in athletics. He was active in football, track and basketball last year and is doing a good job in football this year.

By the way in case anyone is interested his second name is Clayton. Did you know that? As you see I get around more than you realize.

Now I guess I better be wiggling on. Bye now.

Your Manners are Showing

I'm Mr. Know-It-All. Nobody gets in my way and if they do they don't stay there long.

When a girl comes down the hall I see just how hard I can hit her. I feel insulted if she doesn't fall after the blow; if she doesn't I hit her again twice as hard.

The other day a new pupil came to school and asked me where the history room was. I said "where it always has been stupid, just follow your nose."

I talk back to the teachers when they don't do just what I want. After all, who are they to boss me around.

Then in the lunch room the other day I didn't want to have to wait for all the rest to go through the line so I just pushed and shoved and bingo, I was at the first of the line.

One of my favorite tricks is to take a chair away from someone just when they are sitting down so that they sit on the floor instead.

But just between you and me after so long, being rude isn't fun anymore especially when the list of people I called my friends keep's going down until I have no more. That really hurts when all the other kids have odles and gobs of friends. So I think I'll change and see the results. Why don't you try experiment with me and see how many more friends you can add to your list.
