Mrs. Carey Smith Killed By Lightning Sunday

Fairview Resident Is Instantly Killed When Hit By Bolt

Widow Leaves Three Small Orphan Sons

Mrs. Carey Smith, 34, was instantly killed Sunday afternoon about 7:30 when she was struck by a bolt of lightning in the yard of her farm home in the Fairview community.

She had gone out to take care of some chickens, because of the threatening cloud which hung overhead. She was alone in the yard at the time and death was instantaneous.

Mrs. Smith was a widow, having lost her husband in death in 1931. She leaves three small sons, Raymond 12, Melvin 10, and Wayne, 8, her parents, Mr. and Mrs. Walter Thomas, two brothers, Dewey of Lynn county and Morris of Hobbs, N. M., two sisters, Mrs. Herbert Simmons and Miss Clotilde Thomas.

Funeral services were held Monday afternoon at 4 p. m. at the Fairview Baptist Church, with Rev. E. F. Cole pastor of the First Baptist Church in Lamesa, officiating. Interment was in the Fairview Cemetery.

ROTARY CLUB HAS BUSY TIME FOR NEXT WEEK

The Lamesa Rotary Club has a busy week ahead of them. On Friday night of this week they are scheduled to assist in the Charter Night for the Seminole Club, which has just been organized and will receive their charter at that time.

The Seminole club was sponsored by the local Rotarians and W. B. Collins has served as special representative of Rotary Governor Linton Estes in the organization of that club. He has made several trips over there.

Plans are being made for some fifty or sixty Rotarians and their wives to attend the meeting in Seminole Friday night.

There will be no regular meeting of the club May 12th in view of the fact that the District Conference will be held in Big Spring next week, beginning Monday and running through Wednesday. A large delegation from Lamesa is expected to attend this district meeting. Especially is a large attendance expected Monday night when a free barbecue will be served to visiting Rotarians. Owen C. Taylor is in charge of this activity.

LOCAL SHERIFF HAS PRISONERS IN CALIFORNIA

Sheriff A. M. Bennett left today for Los Angeles, California, to return two men who were indicted Monday by the Dawson County Grand Jury on charges of fence cutting and attempted maize theft.

The two men, Robert and Raymond Collier, brothers, were lodged in the California jail Monday afternoon, upon authority from the Dawson County Sheriff's department. The Grand Jury returned the indictment Monday morning and Sheriff Bennett learned that the two men were attempting to join the army. He wired the War Department there, also the sheriff of Los Angeles County, explaining that he had an indictment against them. He received a telegram from the sheriff there Monday afternoon that the men were in jail awaiting his action.

He left today to bring them back. He will stay there just long enough to pick them up and return them to Dawson County immediately so that dates for their trials may be set.

PROCLAMATION

WHEREAS, Spring has arrived and Summer is but a jump away; AND, whereas, felt hats are OK for cold weather, they are taboo when weather arrives such as we are experiencing;

THEREFORE, I, W. L. Marr, as Mayor of the City of Lamesa, do hereby proclaim next Saturday, May 6th, as official Straw Hat Day and by the authority vested in me as Mayor do hereby proclaim that on and after said day, Straw Hats are the vogue and felt hats should be put away in moth balls.

W. L. MARR, Mayor
City of Lamesa.

Loboes Continue Winning Streak With Only One Loss Out Of Nine Games Played

LOBOES SCHEDULE

Here is the schedule for the Loboes for the next week: Friday and Saturday they entertain Clovis at the local park. Sunday and Monday they go to Lubbock to engage the Hubbers in their first meeting. Tuesday and Wednesday they play a return series with Amarillo there. Thursday and Friday they journey to Pampa for a two game session and return home Saturday and Sunday, May 13 and 14 to meet the Lubbock Hubbers.

Reconvened Grand Jury Returns Five New Bills Monday

Civil Cases Take Up Most Of This Week

With most of the week taken up with civil cases, the spring term of the Dawson County District Court is grinding steadily away.

J. B. Raburn, under indictment for cattle theft, was due to go to trial today. Robert and Raymond Collier, indicted this week for fence cutting and attempted maize theft, will be tried upon their return from Los Angeles where they were lodged in jail Monday afternoon.

A large number of criminal cases have been disposed of during the term. Charley Horton was given three and one-half years, Loyce Canon 2 years and Eunice Lloyd, 1 year, all on cattle theft charges. Paul Goetzman, Mexican, was given ten years for murder, Murry Couch 2 years for burglary, and a negro by the name of Stevenson was given three and one-half years for hog theft. Eight were given suspended sentences.

The grand jury was reconvened Monday and returned five new indictments.

SECOND CAR OF REFRIGERATORS RECEIVED HERE

E. R. Yates received the second carload of Electrolux refrigerators this week, for the current season.

This firm is one of the largest dealers for Servel in Western Texas. Only a short time ago they received their first carload of these boxes and with the arrival of the second carload this week, they rank along with the largest dealers in the state.

Your attention is called to their ad in this issue of the Courier.

Once again the Loboes stepped out to take another ball game at the home diamond, Wednesday afternoon, when they nipped the Amarillo Gold Sox 3 to 1, in one of the best ball games of the current season.

Bunching their hits at a time when they did the most good, the Loboes scored once in the first and twice in the fourth, with four hits. The locals made 5 errors, while Raines was giving up seven hits to the visitors, but they were so well scattered that the Gold Sox were able to score only in the second inning. The Gold Sox played errorless ball.

This marked up the third win with no defeats for Stud Raines for the Loboes. Millsbaugh went the route for the visitors. The clubs meet again at the local park this afternoon to complete their two game series.

This marked the eighth victory against one defeat for Jodie Tate's Loboes. They won four straight from Abilene, won three and lost one to Midland and one off Amarillo.

Up until Thursday morning they had a full two-game lead over their nearest rivals, the Lubbock Hubbers, who have won 6 and lost 3.

The running score for the Wednesday game is given below:

AMARILLO 010 000 000—1 7 0

LAMESA 100 200 00x—3 4 5

Millsbaugh and Rabe; Raines and Bates.

AMARILLO WINS GAME TODAY 2-1

In the second game of the series between the Loboes and Amarillo, the Gold Sox won a thrilling game this afternoon 2 to 1.

Excellent pitching on both sides coupled with almost perfect baseball gave the crowd a thrilling two hours. The game was delayed until 4 p. m. so that the field might have a chance to dry out.

This leaves the Loboes with eight victories against two defeats for the season, but they still retain the League leadership. Results of the Lubbock-Midland game had not been learned at time of going to press.

Convicted Men Will Face Gilmer Trial

Charley Horton, Loyce Canon and Eunice Lloyd, convicted and sentenced to the state penitentiary from this county, on a charge of maize theft, was released this week on a bench warrant to the sheriff at Gilmer, where the men will be tried on a charge of lumber theft.

Horton faces a three and one-half year sentence, Canon 2 years and Lloyd one year, following their conviction here last week.

Parker Nichols of Fort Worth spent Wednesday here visiting friends.

Monday Dollar Day Brings Increase To Lamesa Businesses

Expect To Make Affair A Monthly Event

Last week a group of the leading dry goods and department stores of Lamesa, announced a gigantic co-operative Dollar Day sale for Saturday and Monday. Everyone of them report a tremendous increase in their business for both days, and are enthusiastic about making it a regular First Monday feature in Lamesa. An effort is being made to secure the co-operation of every firm in town for the first Monday event in June.

Stores who report an increase in business and who offered specials were Collins Dry Goods Company, J. C. Penney Company, Stuart-Sublett Company, Hurt's Haberdashery, Scott's Dry Cleaners and Men's Store, The Fair Store, The Vogue, and possibly others.

The above firms all carried ads in last week's Courier and the people of this territory responded with great enthusiasm. This is only another indication that people of this section read the Courier each and every week and when a special event such as this is announced they know that there will be real values offered. Each week the subscriber may save enough on the extra values offered in Courier ads, to pay for the cost of his subscription for many years in advance. It pays to shop the Courier way.

More Than Hundred Boys Enroll In 4H Club Activities

Activities Are Varied With Pig Raising Leading

County Agent B. J. Baskin has been conducting a series of meetings at the various schools over the county for the purpose of interesting boys in 4-H Club work and enroll them for 1939 activities. Today fourteen schools of the county have been visited by the agent. He has received enrollment cards from 113 boys and more are arriving daily.

The boys have signified their intention of engaging in the following activities. Of course it will be noted that the total here is much more than 113, but it is pointed out that several of the boys are engaging in two or three activities. 35 boys will feed beef calves, 57 pigs, 14 will plant maize, 12 will plant cotton, 8 will raise chickens, 5 Jersey heifers, 2 turkeys, 1 lamb, and one will plant hedges.

It is planned that with as many lads feeding out calves that the fat stock show next spring will be a great deal larger than anything yet attempted.

AUCTION SALE DRAWS CROWD HERE MONDAY

The regular weekly auction sale of cattle held by the Dawson County Auction and Commission Company at their barns in Lamesa Monday, again saw large crowds in attendance.

While the sale of cattle was a little short of previous days, it was nevertheless to be expected, as the number of cattle sold each preceding Monday has been little short of phenomenal.

Prices were good and there were plenty of buyers in attendance. Another big sale will be held next Monday.

Among The Younger Set

PHOTOS BY ASH STUDIO

As Queen of the Younger Set for this week the Courier is proud to present this little bundle of loveliness. She is Sue Ann Stanley, daughter of Mr. and Mrs. Marshall Stanley, 501 North Dallas Street, Lamesa. She was born October 22, 1937. She has blue eyes and blond hair.

Name Bob Crawley Valedictorian Of Lamesa Seniors

Between Ninety And Hundred To Finish

The Lamesa High School will close on May 19 with the final exercises in the auditorium. The sermon to the class will be preached on the evening of May 14th at the First Methodist Church by Rev. E. F. Cole. The class will number between ninety and one hundred pupils.

Bob Crawley has been announced as the highest ranking pupil with M. L. Halley taking second position. Bernice Rhodes leads the girls with Lillian Cameron taking second honors.

The official closing date for all the schools, white and colored is the same, namely, May 19th.

LOCAL LIONS TO EL PASO

Nine members of the Lamesa Lions Club left this afternoon for the District Convention in El Paso.

Lenoard Scott, Dee Hull, A. G. Bearden, Connally Baldwin, Conway King, T. P. Vughan, O. H. Dollar, W. W. Beeman and Lyod Moore made the trip from here.

A. G. Bearden, manager of the Lamesa Chamber of Commerce is being pushed for the district governorship by the local club, as well as clubs from surrounding towns. The election will be held at this time.

Lamesa Girl Gets Honor At Austin

Word was received in Lamesa this week that Miss Ellen Lambeth, daughter of Mr. and Mrs. O. Lambeth, and well known in Lamesa, was one of 12 chosen out of 2,000 Baptist students at Texas University to serve on the B. E. U., which covers activities of the young peoples work in the Baptist Church in Texas.

Out of the twelve chosen Miss Lambeth was the only freshman chosen. Installation services will be held Sunday at the evening hour at the University Baptist Church in Austin.

More Than 2 Inches In Some Sections; More In Prospect

Showers Fall Thruout Most Of Day Thursday

Dawson County was visited this week by scattering rains, accompanied by a great electrical display.

On Tuesday night a little more than one-half inch, or .67 fell in Lamesa, according to reports from the CCC camp, while some sections reported as much as .90. There are several sections of the county, however, who have had no rain this spring as yet.

Those who have received rain, are busily engaged in planting. Several sections received good rains on Sunday to bring the total for the week to as much as two inches in spots. The gauge on the farm of R. E. Echols reported 1.10 Sunday and .90 Tuesday for a total of two inches. The W. C. Orson gauge reported .71 Sunday, .40 Tuesday and one inch Wednesday to bring the total there to 2.11 for the week.

Threatening skies Thursday morning indicate that more rain is likely before the week is out.

The rains have been accompanied by severe electrical storms that brought death to Mrs. Carey Smith of the Fairview community and injury to Mrs. F. M. Whitmire in the Shumake community.

Rainfall at the SCS gauges read as follows:

	Sunday	Tuesday
Lamesa Camp	.00	.67
L. B. Stuart	.00	.50
R. E. Echols	1.10	.90
W. C. Orson	.71	.40
One inch on Wednesday.

MRS. MOFFATT DIES MONDAY

Death came to Mrs. Fannie Moffatt Tuesday morning at 5 a. m. at the home of her son, R. N. Moffatt in the Key community following a short illness.

Mrs. Moffatt had lived in Lovington, New Mexico for the past 25 years, and came to this county only two months ago to make her home with her son. She had been visiting in the home of a daughter, Mrs. N. D. Moffatt, up until about a week ago when she moved out to her son's.

She is survived by the one son and four daughters, Mrs. N. D. Bartlett, of Lamesa, Mrs. J. L. Gunn of Hobbs, N. M., Mrs. Lena Williams and Mrs. Rose Turner of Lovington, fifteen grandchildren. Her husband preceded her in death about five years ago.

The body was taken to Lovington, Tuesday, by a Higginbotham hearse, where funeral services were held in the home of Mrs. Turner, conducted by Rev. Johnson of the Holy Witness Church. Interment was in the Lovington cemetery.

BUILDINGS OF SCHOOLS NEAR COMPLETION

The finishing work on the Primary Building and Gymnasium is being done this week. The recently purchased equipment is being received and is expected to be in place by May 13th.

The work of remodeling the old gymnasium into locker and music rooms is being carried on quite rapidly by Suggs Construction Company.

The filling in of low places on the grounds by C. S. Oats and Son, general contractors for the new construction consisting of the Primary Building, the Physical Education Building and the Heating Plant building has been completed and the machinery and form lumber is being removed preparatory to job completion.

Dyer Hardware & Auto Supply Store Observe Birthday

Dyer Hardware and Auto Supply Store are this week celebrating their first anniversary in business in Lamesa. J. D. Dyer, owner of the store is by no means a newcomer to Lamesa, having come here right after his discharge from the Army following the close of the World War.

He was postmaster in Lamesa for a number of years and was associated with the Lamesa Auto Company for some time before entering business for himself.

He owns the building that houses his complete stock of hardware, auto parts, supplies and accessories, as well as a complete line of radios and GE electric refrigerators.

In celebration of National Hardware week and their first anniversary, they are this week offering some rare values in a large ad in this issue of the Courier. Your attention is called to their ad.

You will find their stock contains all the newer merchandise at popular prices.

Cantata To Be Presented May 4

Now listen our patrons and you shall hear about the Cantata Carmen presented by Mrs. Jeff Dean in the High School Auditorium on the night of Thursday, May 4th.

Mrs. Dean is the music teacher in dear ole L. H. S. and she has worked long and hard with many students trying to teach them the beauty of music. At long last her efforts have been crowned with success with the greatest triumph of all, "Carmen".

Ferdinand had nothing on Carmep. She has a bullfighter, too. In fact she's nuts about a bullfighter. What a plot! What Music! What drama! It's got everything! It's stupendous! It's colossal! It's terrific! In fact, it's well worth the admission prices, 10c and 15c and 25c for adults.

It's a feature attraction. Don't miss it!

Pledge Vows Given By Sorority Sunday

Mrs. Rupert Austin took her pledge vows Sunday evening to the Lamesa Gamma Alpha Chapter of the Beta Sigma Phi sorority at their eighth anniversary dinner at the Plaza Hotel. Similar services were conducted in many other places at approximately the same time as this is an international sorority.

Members assembled at 5:30 o'clock and the pledge service was conducted at 6 o'clock with Mrs. Louis B. Reed presiding.

Dinner was served at 6:30 o'clock in the banquet room where sorority characteristics were featured in appointments. Yellow roses formed the centerpiece and black tapers furnished light for the table.

A short program was given during the dinner hour with Miss Lenora Barron giving a short history of the Beta Sigma Phi; Miss Myrtle Henderson gave a short discussion of the charter members of the sorority; and Miss Jessie Norris read a letter from Mr. Walter Ross who is the National President of the organization.

After the dinner a Ritual of Jewel Ceremony for the charter members was held with Miss Jessie Norris, president of the sorority presiding during the service. Those receiving their Ritual of Jewel Pins were Misses Jessie Norris, Myrtle Henderson, Betty Bratcher, Lenora Barron, Mesdames Louis B. Reed Connelly Baldwin.

Other members attending were Miss Katie Lee Clements, Miss Edna Bedwell and Mesdames Rupert Austin and Ralph Fry.

"My Favorite Opera" Feature at Women's Study Club

The Womens Study Club of Lamesa met in regular session on Friday afternoon, April 28 with Mrs. W. K. Crawley presiding.

After the usual business session Mrs. Lex Brock led the Diction Course, which has proven to be not only enlightening but has forced nouns, pronouns, adverbs and other parts of speech into such prominence that indifferent members have become interested pupils. It has been a helpful course and the club publicly tenders thanks to Mrs. Brock for her untiring efforts and the successful results.

The feature of the program was the discussion of "My Favorite Opera" by Mrs. Katherine Weaver Rose.

"Lohengrin" by Wagner was selected. After voicing her appreciation of the great composer, Mrs. Rose gave a detailed discussion of the famous opera, its purpose, music and characters. Her descriptions were so vivid that her listeners could hardly realize they had seen Elza and her lover only in their imaginations.

With Mrs. Guy Simpson in charge, the club is preparing for their annual Grandmother's program, which is the final program of the year.

**ACKERLY HELD
P.T.A. ANNUAL
MEET TUESDAY**

The Annual Parent Teachers Association Banquet of the Ackerly Public Schools was held at the school building on May 2. A large crowd attended which is proof of the worth and usefulness of the organization to the community.

An interesting program was rendered. Mr. Pyle served as toastmaster, for the occasion. Rev. Hollowell delivered the invocation, followed by the address of welcome by Mrs. Belt. Mr. Cartis White, president of the board, discussed the need of cooperation of the board of trustees. Special music arranged by Mrs. Phillips interspersed the entire program. Mr. Reese, English teacher of the high school, ably discussed the value of a gymnasium to the community. Mr. J. H. Norris, County Superintendent, discussed the "Personal Relationships of the Parent and the Child," which was followed by the benediction by Rev. Cumble.

**PRIDE TO HOLD
RABBIT DRIVE
NEXT TUESDAY**

Announcement comes this week from the County Agent of Gaines County at Seminole to the effect that a mammoth rabbit drive will be staged at Loop next Tuesday, May 9th.

The drive will begin at the Loop store at 9 a. m. Rules for the drive state that no rifles will be allowed and that no shot bigger than number 6's may be used. No boys under fifteen years of age will be allowed to participate in the drive.

Present plans call for eats for all visitors and a welcome is extended to everyone above the age of fifteen years. It was further announced that shells for the hunt would be furnished at the Loop store at wholesale cost.

**Dr. Hall Cutler To
Hold Health Clinic**

Announcement is made this week by Dr. Hall W. Cutler, Lamesa Chiropractor, that another Free Health Clinic

will be held at his offices Monday and Tuesday of next week.

Dr. Tanner, an expert technician, will be here with his Pathoclast, a scientific diagnostic instrument of the very latest type, to conduct the free clinic. The services of this expert will be free to one member of the family. Your attention is called to their ad in this issue.

**Colorado Loses
To Lamesa Golfers
Here Last Sunday**

In the first match of the Sand Belt Golf Association, Lamesa Country Club played host to Colorado City last Sunday.

The Lamesa team, composed of John Edmonson, Frank Rose, George Norman, Jackie Vaughn, C. L. Schmidt, Charles Stagg, Vernon Bryant and Lester Gregg, defeated the Colorado City aggregation 28 to 12.

The second match game will be played in Big Spring, Sunday, May 14th, at which time the Lamesa boys will journey there to meet the Big Spring team.

The absence of many of the older members and those who have represented Lamesa heretofore in match plays was noted. These golfers are also baseball enthusiasts and were probably watching the Lobos hand Midland their fifth defeat of the season Sunday afternoon in Lamesa.

CARD OF THANKS

We take this means of expressing to our many friends our deepest and sincere gratitude for the kindness shown us in our sorrow in the loss of our beloved daughter, sister and mother. This being our first loss of any member of our family, and as we have tried many times to share the burden of our friends in their sorrows, we find that we have been unable to share that burden as fully, and sympathize with them as deeply, as we can now that we have gone through the same sorrows that they did.

Hence, we extend our most sincere thanks for your many kindnesses, words of sympathy, and consolation in our sorrows and grief.

May the Lord's richest blessings be upon you all in our earnest prayer.

**CHEVROLET UP
IN SALES FOR
LAST MONTH**

Continuing the steady upward sales trend that has marked public acceptance of the 1939 Chevrolet, a rise of 15.9 per cent in the sales graph was reported at Detroit this week by the motor firm for the period ending April 20. The gain over the previous period, which closed April 10, is represented by 3,353 more units sold at retail, according to the figures released. A total of 25,196 passenger cars and trucks were sold by the industry's repeating leader during the ten-day period.

Although March was hailed by William E. Holler, general sales manager, as "one of the company's greatest sales months," the April 20 period eclipses the record established last month by 4.1 per cent, indicating that increased public approval is being expressed for the 1939 models.

A gain of 19.1 per cent is shown over the same period in 1938, when Chevrolet had retailed 21,164 passenger cars and commercial units from April 1 to April 20.

Total sales for the first 20 days of April were 46,939 units, the report revealed, as against 38,633 sales in the same period of 1938. This represents a business gain of 21.5 per cent.

Lamesa Music Club To Observe National Music Week In Lamesa

Mrs. Carl Rountree To Give Organ Recital

In observance of National Music Week, the Lamesa Music Club will present Mrs. Carl Rountree in an organ recital Sunday afternoon, May 7th, from five to six o'clock at the Methodist church. This program is open to the public and it is hoped that all those interested in good music will avail themselves of this opportunity. Mrs. Rountree is an accomplished musician in both voice and organ and has been organist of the First Methodist Church of Lamesa for a number of years. She has studied under Mrs. Mamie I. Neal of Lubbock and Miss Dora Poteet of Southern Methodist University at Dallas. She will play three types of music Sunday, sacred, secular and classical and will feature

the composer Bach. Those who will assist are Mrs. Noble Price, soprano, who will sing "The Holy City," and Miss Ella Katherine Temple who will read "Fuguesque." In the presentation of this program music lovers of Lamesa and adjacent territory will be given a rare opportunity of enjoying the beautiful melow tones of the pipe organ as well as the talent of these local artists. The varied program will be such that all will hear some type of music that will be appreciated. The entire public is invited to attend this hour of beautiful music. Bring your friends to the Methodist church at five o'clock Sunday afternoon.

MAYOR'S MUSIC WEEK PROCLAMATION 1939 LAMESA, TEXAS

"WHEREAS, the first week in May will be observed throughout the nation as the fifteenth annual National Music Week, and

"WHEREAS, all local musical organizations will co-operate in making this celebration a notable and constructive one in the advancement of the art of music and the promotion of its enjoyment among the people of Lamesa as a whole, and

"WHEREAS, in our efforts to promote the commercial growth and prosperity of our City we are prone to forget the cultural and spiritual activities which are so important in the life and progress of any community,

"NOW, THEREFORE, I, W. L. Marr, by virtue of the power vested in me as Mayor of the City of Lamesa, do hereby proclaim May 7th through May 14th as Music Week in Lamesa, and urge our citizens to take cognizance of the unlimited enjoyment and inspiration to be derived from good music, and to participate in the events planned for this week which will be announced in the local press.

"IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Lamesa, this the 29th day of April, A. D. 1939."

W. L. MARR, MAYOR.

J. E. Towns Honored On 50th Birthday

A surprise birthday dinner was given in honor of J. E. Towns on his 50th birthday at his home on South First Street last Friday.

Those present were Mrs. J. G. Towns, Mr. and Mrs. F. E. Towns and son Lee, Mr. and Mrs. Willie Towns, Mr. and Mrs. Verney Towns and daughter Karolene, Mr. and Mrs. Vernon Jamison and son, Dennis, and Mrs. J. E. Edmondson.

Mrs. Katherine Rose To Be Presented In Concert

The years study of music will be climaxed Thursday afternoon, May 11, when the Lamesa Music Club will present Mrs. Katherine Weaver Rose in a voice concert. Guests of the club will include all members of the other study clubs of the city and members of the Brownfield Music Club.

Mrs. Rose, a resident of Dawson County for several years, now lives on the "La Rancho de las Rosas," ten miles west of Lamesa. She has studied abroad and has given concerts in London, England, and New York City.

Mrs. Rose will be accompanied at the piano by Mrs. Matt McCall of Lamesa who is an accomplished musician.

At the conclusion of the concert refreshments will be served from a rose laden table by the high school girls who are known musically as the "Symphonettes."

Lucille Ragan Circle Holds Good Meeting

The Lucille Ragan Circle of the W. M. U. of the First Baptist Church met Monday at the church. Mrs. Lindsey brought the Bible Study of the book of Habakkuk in the absence of the regular teacher, Mrs. Odum.

There were nine members present. The Circle will meet at the church at 3:30 o'clock Monday afternoon, May 8. Everyone is cordially invited to attend these meetings.

B-Natural Melodears Entertain With Breakfast

The B-Natural Melodears had a breakfast Sunday morning at the Green Hut Cafe. A two course breakfast was served to Estelle and Betty Billingsley, Helen Ruth Cope, Elwanda Gilbert, Lois McBride, Peggy and Sarah Eiland, Conway Helen King, Lavelle Gable, Lucille Blackmon, Carol Cole, Ernestine Gambill, Mary Mallory Kelly, Mary Frances Barnard, Wanda Jean and Glendine Esmond, Billy Jim Lott, Ann Woodward, Addie Ruth Pulkerson, and their sponsor, Mrs. A. G. Barnard. The girls presented their sponsor with two orchids in appreciation of her work.

Mother and Daughter Banquet Held Monday Evening

A banquet Monday evening at the Plaza Hotel marked the occasion of the annual Mother-Daughter banquet sponsored by the Delphian Club. Mrs. Jack McLaughlin, president of the club acted as toastmistress.

Mrs. J. W. McDonald gave the invocation after which each mother introduced her daughter. Mrs. W. P. Avriett very affectionately paid "Tribute to Our Daughters," with Tennie Marie Dyer giving the response to this tribute. Patsy Jo Rountree, accompani-

ed by her mother, sang "That Wonderful Mother of Mine." Eleanor Simpson gave a costume monologue "Her Grand Birthday."

Corsages were awarded the youngest mother, the oldest mother and the mother bringing as her guests the most daughters. Mrs. Ross McDonald was acclaimed the youngest mother, Mrs. J. D. Fisher, mother of Mrs. Guy Simpson, the oldest mother, and because of a tie between Mrs. Sam Richardson and Mrs. Gus White who brought three daughters each, both were given flowers.

Ninety mothers and daughters attended this banquet.

Music Is Great Inspiration

Make It As Well As Enjoy It

"Music is a sacred, a divine, a God-like thing, and was given to man to lift our hearts up to God, and make us feel something of the glory and beauty of God, and of all which God has made."—Charles Kingsley.

This is National Music Week, dedicated to concentration on the value and power of music, and the many ways of producing it.

The greatest, noblest inspiration is that of good music.

The one stimulant that has no unpleasant reaction, no bad effect, is the stimulating effect of music upon the mind, the heart and the imagination.

Napoleon said that, of all the liberal arts, music "has the greatest influence over the passions, and is that to which the legislator ought to give the greatest encouragement."

Martin Luther called music "one of the fairest and most glorious gifts of God, for it removes from the heart the weight of sorrow and the fascination of evil thoughts."

Music is, or ought to be, part of everything important in life.

It expresses as nothing else can man's highest aspirations, deepest sorrows, patriotic courage, love of country and of home.

However, merely listening always is not enough where there is any power to create music.

It may be too severe to say that he who has no music in his soul is "fit for treasons, stratagems and spoils," but certainly he who possesses the power to create music and neglects it, is doubly to be pitied.

Parents should not ignore the wise advice of Henry Ford: "Teach your children to play some instrument, whichever is best adapted to their ability. Do not let them be merely listeners. What the world wants is creators, of music and other fine things."

Family music keeps the family together and strengthens family ties and affections.

While practically every home will have its radio receiving set and its phonograph, there should be also in the home the piano, as the center of the family spiritual life, and other musical instruments which will awaken the ambitions and ability of children.

In each year there should be fifty-two Music Weeks and every day of each week there should be music in every home.—Herald & Examiner, Los Angeles, Calif., May 3, 1938.

NOLAN CHAPEL

We had a nice crowd at Sunday School and invite everyone back. We hope to have an increase in attendance during the summer months. If you do not attend Sunday school elsewhere, we invite you to meet with us.

R. B. Wilkerson spent Saturday night with Raymond Everheart.

Aaron Coon has been sick the past week with the flu. We hope for him a speedy recovery.

Mr. and Mrs. C. S. Davis spent Sunday with Mr. and Mrs. E. Everheart.

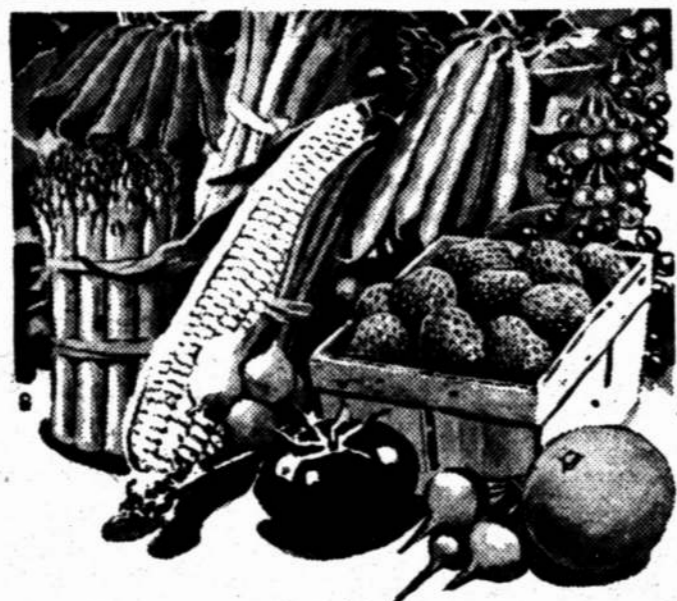

Mr. and Mrs. M. H. Hamilton had relatives visiting them Sunday from San Angelo.

Raymond Everheart was a dinner guest of Edward Davis, Sunday.

This community received a nice shower Sunday night accompanied by a little hail, but no damage was reported.

Saturday Game
In the opening game of a two-game series here Saturday afternoon the Lobos took the Midland Cowboys in two 13 to 10.

It was a wild scoring spree with the locals marking up twelve runs in the first three innings, only to see the Cowboys almost overtake them in the next five innings when they scored 10 runs.

In the second inning Stone hit one over the right field fence with nobody on for the first circuit clout by a Lobo in his home lot. The score:

MIDLAND 000 214 210—10 12 4
LAMESA 336 001 00x—13 14 4

Batteries: For Lamesa, Lucas, Keele, Raines and Bates. Midland, Taylor, Patterson, Peacock and Kerr.

Sunday Game
In the second game Sunday afternoon the Lobos took an early lead by scoring one run in the second, the Cowboys knotting the count in the third, which was their last scoring for the day. The Lobos scored two in the fifth and came across with two more in the seventh for a total of 5 to 1. The score in the second frame was the result of a home run over the right field wall by Jimmy Britt.

Monday's Game
For their seventh win in a row the Lobos took Midland on their home lot Monday afternoon 12 to 9. It was a case of heavy slugging on

the part of the locals. Johnny Stone poled out two four-baggers, while Eddie Guynes came through with another.

SENIORS TO PRESENT CLASS PLAY, MAY 16

Fifteen competent seniors are working hard to make "Beginners Luck," their annual play, the very best that has ever been presented in the high school.

The play concerns four girls who have gone to New York to "seek their fortunes." Jean, the girl who is going to write another "Gone With the Wind," is portrayed by Bernice Cox. Pat Jordan, who is going to set the world a flame a la Sarah Bernhardt, is played by Ruth Tinkler. Lois McBride and Helen Cope are the remaining two of the quartet taking the parts of Gail Fuller, the girl with the operatic ambitions and Meg McRae, the would-be painter.

They are supported by such a cast as Chuck Jacobs, Bob Smith, F. M. Mitchell, Bessie Morris, Gilliam Abbott, Dorman Sears, Scotty St. Clair, Ann Woodward, Robert Carter, Estelle Billingsley and Geraldine Richardson.

These four girls meet four boys who are also seeking their fortunes and then the fun begins. Between starving, falling in love, pinching pennies, and fooling the folks back home, these girls really have a time.

"Beginners Luck" is hilarious, heart rendering, side splitting comedy, and is to be presented May 16 in the high school auditorium.

Mrs. L. M. Pratt, local dramatics teacher, is coaching the play.

Betty Campbell Is Seriously Hurt At Merkel Last Sunday

Little Betty Campbell, 4-year old daughter of Mr. and Mrs. Tracy Campbell, of Lamesa, was seriously injured Sunday afternoon about 2 p. m. when the door of the car in which she was riding, came open; throwing her out on her head. She suffered a skull fracture, and severe bruises and lacerations.

She was returning with her mother, uncle and aunt, from a singing at Noodles when the accident occurred. The Campbell family were in Merkel to visit with his mother for the week end.

Mr. Campbell returned from Merkel this morning and reported the little

lady was greatly improved, and was assured by physicians in the Merkel hospital that her recovery would be only a matter of a few weeks.

IMPROVEMENTS BEING SOUGHT FOR AIRPORT

Improvements at the Lamesa airport, 5 miles north of the city, are underway this week.

Carrol Davis, who recently traded his Porterfield plane for a Cub, is building a new hangar, a great deal larger than the old one. Other improvements are to be made, according to reports, with the hope of bringing the local field up to such condition that more visiting plains will use the port.

Mr. Davis is an aviation enthusiast, as well as several other Lamesa citizens, and they have put forth a great deal of effort to bring the Lamesa port to the front as much as possible with the limited capital they have. They are hopeful that more funds may be available soon and that some much needed improvements may be secured.

Free Pickle Samples At Park-In Grocery

Announcement is made this week by Park-In Grocery that they will have free samples of Heinz Pickles. These pickles will be placed in a jar and toothpicks will be furnished their patrons for free samples.

They are of the cucumber variety and have proven very popular wherever this demonstration has been held.

LANDLORD AND TENANT MEETS HELD FRIDAY

Last Friday, two meetings were held at the American Legion Hall in Lamesa on the Landlord-Tenant relationships.

The meetings, eighteenth in a series over Texas, were held by County Agent B. J. Baskin and C. Horace Hamilton of the Extension Service of A. & M. College. The landlord's meeting was held in the morning at 9 a. m. and the tenant's meeting in the afternoon at 2 o'clock.

There were 38 present at each meeting. Mr. Hamilton explained to both groups what the purpose of the meeting was and pointed out some of the problems which were to be overcome, also offering some suggested remedies. The meetings were then thrown open

for a general discussion. A peculiar thing at both meetings was that at the landlords meeting they talked more of how the tenants problems might be overcome than their own and at the afternoon meeting the same thing occurred when the tenants sought to aid the landlords more than themselves.

It was agreed at both meetings that there was no acute misunderstanding in this county between the two groups, both favored written rental agreements and longer tenures as being more beneficial to all parties concerned.

McIlroy's Clinic Has New Technician Here

Announcement is made this week by McIlroy's Chiropractic Health Clinic, that Miss Minnie L. Stout of Kansas City is now associated with the clinic. She is a graduate nurse and trained technician. She takes the place of Miss Pettyjohn who recently went to Childress to enter another course of training. Miss Stout is thorough in her work and has had expert training in her profession.

Three School Buildings In Lamesa Completed; Await Final Official Acceptance

Three of the schools of the county took the achievement tests recommended by the state as requirements for standardization. The tests were administered by the county superintendent, aided by several of the teachers of the county.

From all indications McCarty will again be standardized and will be joined next year by Woody and Fivemile. All three schools have worked diligently this year for the purpose of meeting all requirements.

Several additional schools have indicated their intentions of trying for standardization next year.

Mr. and Mrs. Bill Banta of San Angelo spent the week end here visiting in the home of Mrs. Alice Banta.

Will Morris and Johnnie Beavers spent Saturday in Seminole visiting with friends.

Mr. and Mrs. Luke Steele spent the week end visiting with their son, Raymond, in Canyon.

Mrs. Annie Crow and daughters of Brownfield spent the week end here visiting with relatives and friends.

Barron & Lawrence Appointed As New Nash Dealers Here

Appointment of Lawrence - Barron Motor Company, 208 North Dallas St., as dealers for the Nash Motors Division of Nash-Kelvinator Corporation was announced last week by W. V. Lawrence, wio, with Lee G. Barron, heads the firm.

The company, he said, will handle the complete line of Nash cars which consists of 22 models in four series—the Nash LaFayette Special, the Nash LaFayette Deluxe, the Nash Ambassador Six and the Nash Ambassador Eight.

The new 1939 Nash cars, he declared, are receiving a tremendous reception in all parts of the country, with many areas reporting sales double those of a year ago.

Completely restyled from stem to stern by George W. Walker, noted industrial designer, working in collaboration with Nash engineers, the new cars are of pure aerodynamic design, featuring radiator and "catwalk" grilles of shining chromium and with headlights sunk into the massive front fenders.

Many new features are to be found in the 1939 models, according to Mr. Lawrence. One of the foremost of these is the "Weather Eye" conditioned air system for winter driving. This is an advancement of the car comfort system pioneered in 1938 by Nash, and it makes car conditioning automatic all winter long.

Another important advance is the super-powered engine of the Nash LaFayette, or low-priced, series of cars. It is described as the most simple gasoline engine yet designed, with many parts less than conventional automobile power plants.

"The new engine design is so much more efficient and trouble-free that it makes 99 horsepower possible for a low-priced car," said Mr. Lawrence. "Despite this increase in power, oper-

ating economy will be 10 per cent better than last year."

The simplified type of motor is also used in the Nash medium-priced cars—the Ambassador Six and the Ambassador Eight—but these sixes and eights are twin ignition, valve-in-head motors, as they were last year. The six has 105 and the eight 115 horsepower.

Still another outstanding feature of the new Nash cars, according to Mr. Lawrence, is car sound-proofing, on which Nash and Kelvinator's "Sand-Mortex," or sound-proofing compound, makes the Nash a much quieter car than ever before, he pointed out.

"Engineers," he continued, "explain that in 'Sand-Mortex' grains of sand are suspended in a semi-rigid compound and block sound waves by 'dancing' in front of them as they attempt to penetrate the protected surface."

Mr. Lawrence declared that these are but a few of the advanced features to be found in the 1939 series of Nash cars.

WOODY BAPTIST CHURCH

Sunday will be homecoming day at the Woody Baptist Church. There will be all day services, in which the church building will be dedicated. All former members and pastors are especially invited to be present, and those who had any part in the building of the church are to be guests during the day. Friends are invited to come and worship with us also. The program will begin at 10 o'clock. The pastor will preach the dedication sermon at 11:30.

Others on the programs are: Musicians, a Woody quartet, Owen C. Taylor and the Baptist Quartet of Lamesa, G. C. Clift. Speakers other than the pastor are O. H. Preston, Rev. S. C. Shipley, Rev. E. F. Cole, Rev. Ernest Phillips, Claude O. Crane and Lloyd G. Fincher.

BAPTIST WORKERS' CONFERENCE

The Baptist Workers' Conference will meet with the Five Mile Baptist church Thursday, May 11th. Pastor J. William Arnett and the Five Mile Church are expecting a good representation from the churches of the association in these services.

BARTLETT H. D. CLUB NOTICE

The next meeting of the Bartlett Home Demonstration Club will be with Mrs. Lillard Thomas on Wednesday afternoon, May 14.

BARTLETT H. D. CLUB REPORT

"A good way to keep farm records is on the calendar or a composition book with names of different articles written on tabs, then pasted on the edge of the paper in the book," said Miss Mattie Phenix to eleven members and one visitor at the Bartlett Home Demonstration Club meeting at the home of Mrs. J. V. Chapman, Wednesday afternoon, April 26.

Every farm should have a record book so they can keep up with their profits and losses.

There are eight important things to be done in the kitchen. They are as follows: 1. Can; 2. wash and iron; 3. provide storage space for work clothes; 4. prepare meals; 5. storage space for canned goods; 6. take care of milk and cream; 7. business center and 8. storage space for large equipment used in the kitchen. One must think of all these things when they remodel their home or build a new one.

THE THEME OF THE DAY'S PROGRAM IS

"The Church and Evangelism."
10:00 Song Service and Devotional, Rev. R. C. Guest.
10:20 Evangelism the Prime Object of the S. S., Rev. W. C. Wright.
10:40 Jesus, the Model Evangelist, Rev. Sam Malone.
11:00 The Manpower in Baptist Churches Today, Mr. H. L. Wren.
11:25 Business, announcements, Special Music.

DURING LAST ELEVEN YEARS CO-EDS DOUBLE

"Co-eds" attending The University of Texas have more than doubled in number during the last eleven years the Dean of Women's office reported today.

In 1927-28 enrollment of women students was 2,027, while during the current year 3,325 are registered, a gain of 1,198.

The largest gains occurred in 1935-36, when 8.8 per cent more women students enrolled than during the preceding year, and in 1936-37, when the increase was 9.4 per cent. Losses were recorded in only two years, 3.9 per cent in 1928-29, and four-tenths of one per cent in 1933-34.

CARD OF THANKS

We are taking this method of showing our thanks and appreciation to our friends of the Hancock community for their many deeds of kindness and the beautiful floral offerings, during the recent sorrow in the death of our father, W. Elizabeth Arnett Directs Play

"George and Margaret", comedy in three acts presented an evening of fun and entertainment at the Dock Street Theater last night.

The audience, largely collegiate in flavor, received with consistent expression of appreciation and enjoyment this the final offering of the season by the Dramatic Society of the College of Charleston.

The light, humorous lines and situations of the play were particularly appropriate as a vehicle for the group and were handled capably by a well chosen and variously talented cast. The well-paced tempo, defined characterizations, smooth "business" and excellent casting spoke well for the directors and the work of cast, as well.

The very human family of Garth-Bander in its English home setting furnished the plot material, replete with situations preponderantly amusing. The introduction and unfolding of the group of highly usual but interesting and contrasting individuals carried with it the added fillip of two love affairs with happy endings. George and Margaret who never appeared but were always about to, were the reason for many of the situations of the play.

Again, too much cannot be said for the happy choice of vehicle and the spirit which carried the play.

Evidencing its success was the sound applause following the final curtain which lasted until not only the actors, but the director, Elizabeth Arnett, of Texas, had taken their bows.

The above is taken from a paper printed in Charleston, S. C. Miss Arnett is the daughter of Mr. and Mrs. W. D. Arnett of this city. They left this week to meet her in Dallas. She will return to Lamesa with them for a visit.

Dan Davis made a business trip to Dallas Tuesday.

S.C.S. NOTES

The Texas Panhandle is making plans for another big celebration when its largest body of water—Buffalo Lake, a water conservation project near Umparger—is officially opened for recreational purposes on May 28.

Governors of several states, high government officials from Washington possibly including Vice President John N. Garner, movie stars from Hollywood, and other celebrities will be present for the two-day celebration.

The formal opening will be in charge of the Panhandle Water Conservation Authority, sponsor of the Buffalo Lake and six other similar projects in the High Plains, and the Soil Conservation Service, in charge of maintenance and administration of the project during the coming season. The entertainment program in connection with the official dedication is being arranged by the Plains Boat Club.

While the program is incomplete, many events already have been scheduled for the two days. On Saturday, May 27, the day preceding the formal opening of the lake for recreational purposes, there will be a gigantic parade in Amarillo at 11 a. m. A banquet honoring visiting governors, celebrities, and officials of the federal government and Panhandle Water Authority will be held at the Amarillo Hotel at 12:30 p. m. Golfing at the country club and sightseeing are scheduled for the afternoon. Climaxing the pre-dedication activities will be the Governor's Ball in the recreational building at the lake at 8 p. m. This will be an invitation affair for the visiting governors and their staffs, government representatives, Panhandle Water Authority officials and visiting celebrities.

Following the official dedication on Sunday, May 28, the Plains Boat Club will hold a regatta in which more than a hundred speed boat drivers are expected to enter. Visiting governors and movie stars will take part in the dedication.

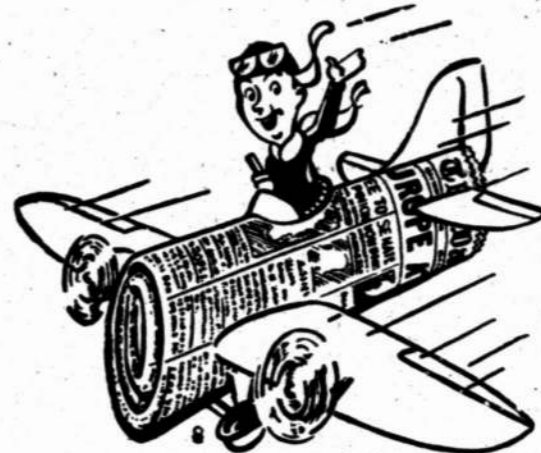

Recreational facilities of the project

and lake will be opened to the public immediately after the boat races.

Officially known as the Tierra Blanda Water Conservation Project, Buffalo Lake will be the largest body of water in the Texas Panhandle when filled. The lake, which is only two miles off U. S. Highway 60 at Umpar-

ger, will cover 1,850 surface acres when filled, and will have 18,200 acre feet of water extending 6.3 miles. The dam is 835 feet long and 53 feet high at the deepest part of the creek bed. The government now is purchasing approximately 7,600 acres around the lake to be developed in the project.

GRANDVIEW

The pupils of Grandview school spent Friday as a very enjoyable day. Students of the primary and intermediate rooms rode the train from O'Donnell to Lamesa, where they had a picnic. The high school students and the students of Mr. Reams room made the trip to Lubbock and went through the Tech buildings.

A play will be presented Wednesday night, May 10, by the Grandview High School. Everyone is invited. No admission charges.

School will close May 12. It seems that this has been a very enjoyable term for all.

The First Sunday Singing Convention will be held at O'Donnell next Sunday.

We were sad indeed to hear of the death of Mrs. Carrie Smith, who was instantly killed by lightning last Sunday afternoon. Interment was made in the Fairview cemetery Monday afternoon. Mrs. Smith leaves three sons, a father and mother, two sisters, two brothers and a host of other relatives and friends.

ACKERLY

Hazel Ward, corres.

Mr. and Mrs. J. W. Graham and Mr. and Mrs. Claude Graham and children spent the week end at Winters visiting with friends and relatives.

The W. M. U. ladies carried the Seniors to Hardin-Simmons University Field Day at Abilene, Saturday. All reported a good time.

The entire school put on an exhibition Monday night and a nice program was rendered by each room. A large crowd attended.

Mr. and Mrs. L. I. Stewart and daughter, Edna Vern of Big Spring, spent Sunday with his parents, Mr. and Mrs. John Stewart.

Hazel Ward and J. D. Bryson were supper guests in the S. F. Britton home Sunday night.

Ralph Williamson of Big Spring visited friends here last Tuesday evening.

Mrs. Paul White was shopping in Lamesa Monday.

Theo Ashby of Brown has a host of friends who regret to learn of his illness and hope for him a speedy recovery.

Several of the Ackerly young people enjoyed a party at Mr. and Mrs. N. J. Costin's of Soash, Saturday night.

Mr. and Mrs. Red Shortes and daughter spent the week end at Elbow visiting with his mother.

Mr. and Mrs. Jack Myles visited his mother Sunday.

FEMINE FANCIES

By Kathleen Eiland

It certainly is a war-conscious world these days. Even in the realm of corsets, the war note is sounded, for one of the newest ways to wear flowers is as epaulets. Use perhaps three blossoms on either shoulder. This manner of wearing flowers would be particularly effective when used on a dark tailored suit, coat, or dress.

On the other hand, all ways of wearing flowers for these early spring days do not have to have such a sombre connotation. If you feel frivolous, wear a gay little basket of blossoms on the skirt of your evening frock and a wee matching basket in your hair. If you

feel completely giddy, wear a bunny's head made of white carnations on your frock and another on your purse. Tho we must admit that the latter style is a cock-eyed way of wearing flowers!

There's a new worry now being imposed upon a world whose intellectuals I. Q.'s. The new worry is the D. Q. have long wrinkled brows over their (dating quotient). Or maybe it is not really a new worry, only a new name for an old one. As old as Eve's first daughter.

Anyhow, it has come to the point where at least one college official in a responsible position thinks that a college ought to worry about its girls' D. Q.'s as much as their I. Q.'s.

Wonder what the old-fashioned school master who sternly suppressed all exhibition of friendly interest between the sexes would think of this new-fangled idea?

We reserve our judgment upon it. Anything that tends to make a girl happier, more beautiful, and more adapted to her environment as an individual should be stressed. But will too much insistence upon the necessity of "dating" be the means to this?

Some girls overstress the I. Q. and turn into book worms and grinds which is certainly not the way to get the most out of life. Other girls overstress the D. Q. and dance continually through a froth of trivialities, never getting down to the fundamentals of honest, sincere living. And certainly that is not the way to get the most out of life. There should be a golden mean.

For you, if you are the absolutely modern hostess who likes to serve drinks to her guests, there are jazzy smocks, printed all over with cocktail recipes. Very clever, we think, and very helpful if you don't like to memorize recipes and if you dislike running to look at a recipe every moment or two. But—what would happen if the recipe you wanted was on the back of the smock? A creak in the neck, we suppose.

**EXPLORATION
SHOWS SEVERAL
FLOOR LEVELS**

Exploration of one of the largest Indian mounds in Texas is going forward through collaboration of The University of Texas and the Works Progress Administration.

A domiciliary mound, 190 feet long, 145 feet wide, and 30 feet high, located on Red River, near Texarkana, is now approximately one-fourth explored, A. T. Jackson, University field archaeologist, said this week.

Excavations reveal that the Indians piled up dirt and clay to facilitate drainage of the home site. As one house, built of oak or juniper or cedar posts, and thatched with reeds, grass or willows, would burn to the ground, they would pile up another level of dirt about a foot high before constructing a new home.

In digging down 8 or 9 feet, the field crew has uncovered seven floor levels, each with its own pattern of post holes—about one foot deep and each hole six inches in diameter—outlining the shape of the houses built on that level.

**WILL TEACH
PETROLEUM
ACCOUNTING**

Keeping step with modern industry, the school of business administration at The University of Texas plans to teach its students how to keep books for the oil business, Dean J. A. Fitzgerald announced this week.

Offered for the first time in the 1939 general session, the course, to be known as petroleum accounting, will be taught by Dwight Williams, certified public accountant of Oklahoma City.

**STUDENTS GET
FIRST TASTE OF
ACTUAL WORK**

Back on the campus after a week spent in the largest "laboratory" in the world, the 1,250,000-acre Panhandle gas field, 40 University of Texas senior petroleum engineering students have had their first taste of professional work.

Employed April 6-14 by the Texas Railroad Commission, the students were moved from the College of Engineering classrooms to the field, where they made the semi-annual potential tests on gas wells for the commission.

Students were under the supervision of commission engineers and their instructor, Dr. George Fancher, professor of petroleum production engineering.

Commissioner E. O. Thompson lauded the co-operative arrangement which allowed the student engineers to apply theory to actual practice. He said that the commission will hire some of the men for permanent jobs when they are graduated in June.

FIRST IN IMPORTANT IMPROVEMENTS FOR 1939!

Dr. Cox Says:

Typhoid immunization and improved sanitation have resulted in a typhoid death rate decrease of 3.7 per 100,000 population in Texas during the past five years, according to a statement by Dr. Geo. W. Cox, State Health Officer. The typhoid death rate for Texas was 9.9 in 1933 as contrasted with 6.2 in 1938, while the National typhoid death rate was 3.6 in 1933 and 2.2 in 1937, a National decrease of 1.4 over the same period. Statistically, Texas Typhoid deaths were reduced twice that of the Nation over that period, though the National Death Rate from typhoid continued to be materially lower than that of Texas.

Unabated efforts to have a population immunized against typhoid will reduce the rate even lower. Typhoid fever has been eliminated in our Army and Navy through vaccination. The typhoid vaccine is not a serum. Preventive treatment of typhoid fever consists of three small hypodermic shots given every five to seven days until three injections have been given. Vaccination protects you from taking typhoid from two to three years.

Consult your family physician today in regard to typhoid prevention. Invest in typhoid protection against this often fatal disease. This form of protection insures you and your family against possible long confinement, economic loss and even death.

Vacation months you may drink contaminated milk, water, or food containing the typhoid bacilli and contract the disease unknowingly. In selecting a place for your vacation, choose one where you know the water and milk supply are pure. Be sure that the kitchen and dining room are screened to protect food from flies. When camping, it is best to boil water to use for drinking unless you know that it is pure. Clear sparkling spring water may be polluted by drainage.

**HALF COLLEGE
STUDENTS ARE
OPTIMISTIC**

Half of America's college students face a gloomy prospect in their own futures, the current poll of Student Opinion Surveys disclosed this week.

Published by the University of Texas student publications, the intercollegiate poll surveyed 85 colleges and reported that 48 per cent of the young people believed opportunities to "get ahead" were not what they were thirty years ago.

The optimistic half was found mainly in Southern and West Central colleges, the surveys reported. In sections other than those, less than 50 per cent were confident of their own futures.

Growth of the use of machinery, the demand for more education and government regulation of industry and employment were pegged as reasons for the decrease in opportunities to get ahead.

existing dwellings. As an indication of the usefulness of the insured associations to the builders and purchasers of small homes in Texas, officials of the bank pointed out that the loans in March were widely distributed, averaging about \$1,900 each. The loans are repayable in small amounts, including principal and interest, over a long period of time, with payments about equal to the monthly rental on the type of house securing the loan. The associations are reported to have ample money available for additional home financing. Their cash receipts from investors continue to increase, they having received \$1,306,000 in savings accounts in March, which was a gain of \$300,000 over March a year ago. These funds are insured against loss up to \$5,000 for each account by the Federal Savings and Loan Insurance Corporation, an instrumentality of the Federal Government.

Chevrolet Sales Show Marked Gain

Chevrolet dealers' retail sales of new cars and trucks reached 21,743 the first 10 days of April, 24 per cent above the total for the same period last year, it was announced at Detroit this week. This brings Chevrolet's year-to-date sales total to 213,427 units, a gain of 33.6 per cent over the 159,697 sold thru April 10, 1938. Used car sales in the same period totaled 41,482 units, a gain of 4.856 over the sales one month ago, making an aggregate new and used car total of 63,225 for the same period, the announcement said.

MAY 5 MARKS OBSERVATORY DEDICATION

Official representatives of The University of Texas at the dedication of McDonald Observatory, near Fort Davis, May 5, will be Dr. Homer P. Rainey and Major J. R. Parten of Houston. University president-elect, and regent chairman, it was announced this week. Also representing the institution at the opening of its astronomical laboratory operated jointly with the University of Chicago, will be Drs. M. E. Porter, E. G. Keller, J. M. Kuehne and H. J. Ettlinger, faculty members. They are professors of pure mathematics, applied mathematics, and astronomy, physics, and pure mathematics. Dedication of the observatory, housing the world's second largest telescope mirror, will be headlined by one of the

largest conclaves of internationally famous astronomers in recent times. Nearly twenty scientists from five foreign countries and all parts of the United States will take part in a two-day symposium on "Galactic and Extra-Galactic Structure," immediately following the dedication.

COSTS LESS IN THIS STATE TO ATTEND SCHOOL

Summer school students at The University of Texas will pay only a fraction of the tuition charged at its chief rivals in California and New York, assistant Registrar Max Fichtenbaum has figured. Texans will largely be drawn to those two states this summer because of their respective expositions, but Fichtenbaum points out that "it will cost them" to do so. In comparison with Texas' \$15 registration fee for a six week's summer term, the University of California at Los Angeles charges \$35; the University of Southern California charges \$36 for one six-hour course for an undergraduate, \$42 for a graduate six-hour course; and Columbia University

charges \$82 for a six-hour course. Living expenses at The University of Texas range from \$7.50 to \$15 per month for rooms, and a student can eat at the Commons, University Cafeteria, for less than \$20 per month. At women's dormitories, room and board ranges from \$45 to \$69 for six weeks.

Mrs. Katherine Weaver Rose, Jim Rose, Mrs. Frank Rose and children are visiting with friends and relatives in Dallas this week.

HOME LOANS UP REPORT SHOWS

More home loans were made to Texas home owners in March by the 120 insured savings and loan associations in the state than in any single month since 1932. Figures taken from the monthly report of the Federal Home Loan Bank of Little Rock show that loans aggregating \$2,265,000 were made to 1,117 borrowers by the Texas associations during the past month. March was the second consecutive month in which the volume of lending exceeded \$2,000,000 in a thirty-day period, establishing a new record for the state. The compilation includes the home financing activities of the Lamesa Federal Savings and Loan Association by which the local area is served. The figures for March reflected a gain of \$300,000 over those for the same month a year ago. Approximately half of the amount loaned was used to assist Texans in the construction of new homes, while \$800,000 was applied by borrowers towards the purchase of

9 KILLED IN TEXAS
EVERY FORTY-EIGHT HOURS

9 KILLED IN DAWSON COUNTY
IN AUTOMOBILE ACCIDENTS ON STATE HIGHWAYS . . .

According to figures recently compiled by the Texas State Highway Department, there was an average of nine people killed every two days on Texas Highways last year.
Further figures revealed that Dawson County contributed its share to the annual toll in the number of nine.
Such figures are appalling and are calculated to make our blood run cold when we realize that between January 1st of 1939 and January 1st, 1940, nine of our neighbors and friends will have been killed in this county from a automobile accidents.

While it is impossible to do away with all traffic accidents, and we do not attempt to say that such a thing could be accomplished, but those accidents may be lessened if every motorist in the county would use every precaution to guard against such trouble.
The simplest way to avoid many of these traffic mishaps is to equip your car with
