Band Wins At UIL

The Mustang Band competed in UIL Region 16 contest Wednesday at Dimmitt and earned 1st division ratings in both concert performance and sightreading to earn the UIL special award plaque.

Judges for the Spring music event were Jim Priest, band director La Plata Junior High in Hereford, Dr. Charles Traylor, director of Bands at Abilene Christian College, and Joe Mack Hill band director at Dumas. G. T. Gilligan, Kermit band director, rated sightreading.

Other bands in AA

competition included Dimmitt who earned a Division I in both concert and sightreading, Friona and Floydada also captured Division I ratings. Morton received a Division I in concert, II in sightreading and Littlefield received Division II in both concert and sightreading.

This was the Mustang bands second consecutive year to place Division I in concert performance and Band Director Fred Stockdale indicated that the Superior Rating was the result of many long hours of hard work during the past

month. Sweepstakes rating was missed because of the Division II rating received at marching contest last Fall.

Stockdale commented that Pride in the Mustang Band has never been higher among the students and indicated the leadership in this years' Senior Class with the help of Juniors had been outstanding.

The band is scheduled to perform its Spring concert in April and will feature Harold Dean Carson as piano soloist. The second weekend in May the band will travel to Six Flags Over

Texas Band Contest to compete in concert with 1st Division Bands from Texas and fifteen other States. A band must receive a Division I rating in concert to enter the contest.

Funeral services for Edward Garland Ruthart, 36, were held Tuesday afternoon, March 19, in First Baptist Church. Officiating were the Rev. Strauss Atkinson, area missionary of Plainview, and the Rev. John Lewis, pastor of the church.

An active sportsman, he was in apparent good health until the time of his death.

Ruthart was office manager for Olton Feedlot, and was engaged in commercial cattle. Active in civic affairs, he was the newly elected president of Olton Chamber of Commerce and Agriculture. He was a member of First Baptist Church and teacher of an adult Sunday School class.

"He was so good in so many areas of the community and in some, seemed irreplaceable. He will be greatly missed," a close associate said in describing Ruthart.

Insurance Agency In New Home

Now entering his eleventh year in insurance, Basil Sherman and his staff are at home in handsome new headquarters right in the heart of Olton.

Sherman Insurance Agency moved March 1 to their suite of pretty offices in the building formerly occupied by Dr. Mike Smith, DDS. It was the firm's first move since Sherman and Rex Chitwood, now of Canyon, purchased Granbery Insurance in January, 1964.

The parent company of the business was begun back in 1918 when the late L.E. "Jack" Silcott and the late Guy Willis purchased Lamb County Abstract Company and added to it a line of insurance under the name "Guy Willis Agency."

Operating the business until 1929, Roy Granbery purchased Silcott's share in the double business and continued a partnership which lasted until 1946 when the County Seat was moved to Littlefield.

Granbery became sole owner of the insurance company that year and the business' name was changed to Granbery Insurance Agency. Now living in Truth or Consequences, N.M., Granbery maintained the business until 1964 when he sold it to Chitwood and Sherman.

Chitwood was already in the insurance business having purchased an agency from W.E. "Bill" Thomas. Sherman had been a grocer

for a number of years, beginning in 1952 in the building now owned by the Masonic Lodge. He moved into a new larger, more convenient building in 1954 and continued in the food business until selling in November, 1963. That building now serves Luster's TV and Radio.

Sherman, a native of the South Plains, came to Olton in 1930 and attended high school here. He married a schoolmate, Ruby Lee Holland in 1938. The Shermans have two married children.

Their daughter, Kay, is

Mrs. Edward Featherngill of Willingboro, N.J. Kay and "Feather" have three children, Linda, 13; Lance, 10, and Layne, five.

Gary, known by his hometown folk as Rusty, lives in Lubbock. He and Jan have two children, Lesa, four and Leslie, six months.

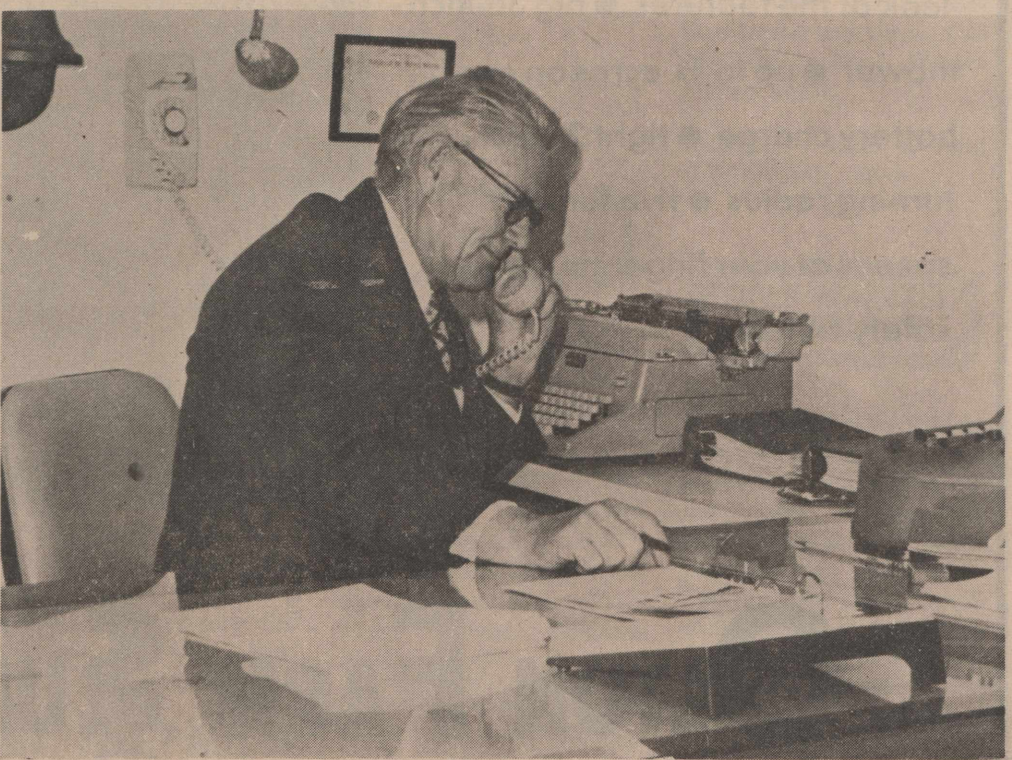

Sherman says "it's all Rex's fault" that he became interested in insurance. He purchased Chitwood's interest in the business Oct. 1, 1966 and has operated the company as Sherman Insurance since that time.

In addition to his

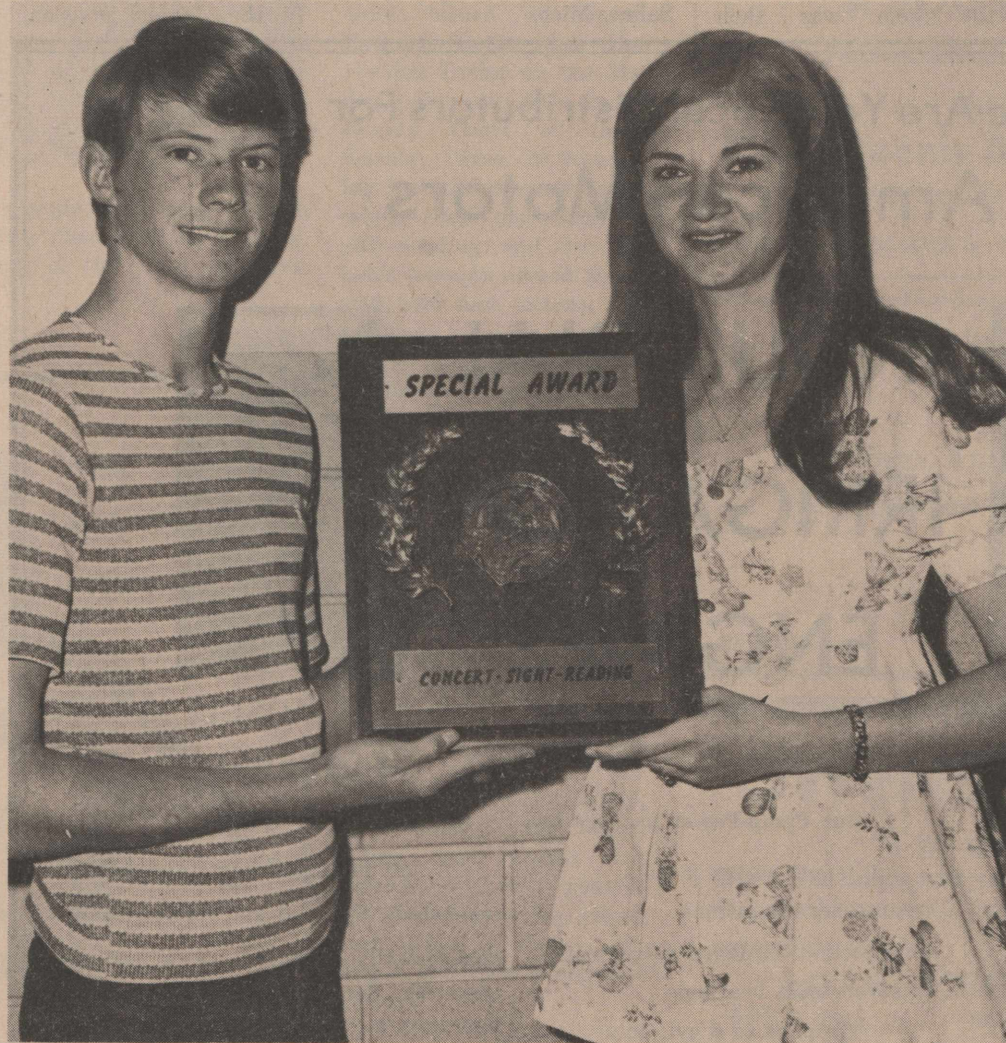

insurance business, Sherman is also a realtor, having received his real estate broker's license.

Sherman Agency represents a number of new lines added through the years. When he entered the field in 1964, fire and casualty were the only protection services offered. Since then the company has added accident, health and life coverages.

The insurance company can also secure special risk protection which covers such items as trailer homes and long haul trucks.

BASIL SHERMAN, veteran insurance agent, is shown here in his new office located at 718 Main in Olton. Open house will be observed next week at the new location. Everyone is invited to come in and visit.

SPECIAL AWARD was won by the Olton High School Band at UIL Contests in Dimmitt Wednesday. Shown holding the plaque is Stan Sampler, president of the band and Donna Muller, drum major.

articles and many other provisions.

"Insurance Poor" is a statement often made when a client is paying his bills or attempting to balance a budget yet many persons are underinsured, Sherman says, admitting his own home is not covered at replacement value. "Folks just won't insure a house they paid \$5,000 for any more than \$5,000 even though it would take twice the amount to replace it."

Sherman Agency represents some of the oldest lines available. Hartford Insurance Group, Sherman says, has records of claims paid during the Chicago fire. Trinity Universal is also an old line policy and Gulf was founded in 1925.

Hanging prominently on the wall of the new office is an electric clock which Gulf gave to Roy Granbery in 1950 in observance of the company's twenty-fifth anniversary.

"It still keeps good time, too," Sherman says.

Mrs. Jack Straw Visits Rome, Western Europe

Mrs. Jack Straw has just returned from a nine day trip to Rome, and other points in Western Europe, which was breath-taking from the beginning.

Disappointed as a standby for a touring group, Mrs. Straw was entertaining at bridge Mar. 6 when a call came from the Amarillo airport that a vacancy had developed and she could be accepted. Guests took over to help with preparations and she caught the plane.

First stop in Europe was DeGaulle Airport in France on its opening day. Unfinished facilities and lack of adequate personnel there made the stop frustrating.

Focal point of the tour was Rome, Italy. From this city bus tours were taken as desired to surrounding points of interest.

Sightseeing in Rome included many cathedrals, the coliseum, forum, ancient prison of Apostle Paul and other well known tourist attractions.

Visits were made to Sorrento, Naples and Pompeii. Destroyed by a volcano

in ancient times, Pompeii has been excavated revealing many beautiful marble pillars and buildings. This was a highlight of the trip for Mrs. Straw. The group visited gold and leather shops in Florence and saw cameos being carved from shell.

Included in the 175 tourists on the plane were her daughter, Mrs. V.E. Nichols of Friona, and her sister Mildred Shelton of Hobart, Okla.

DINNER GUESTS

Wednesday evening dinner guests of Mr. and Mrs. Matt Moseley, Greg and Renee were the hostess' brother-in-law and sister, Mr. and Mrs. J.A. St. Clair, and their daughter and her son, Mrs. Wilton Cox and Trenton of Coynosa.

Mr., Mrs. H.V. Lynch Honored At Reception

Mr. and Mrs. H.V. Lynch of Hart Camp were honored Sunday with a reception held in Hart Camp Baptist Church Annex. The event was in observance of the couple's fortieth wedding anniversary.

Hosting the reception were women of the Baptist Church and other friends of the community.

The refreshment table was covered with a ruby red cloth draped over white satin. Crystal candle holders, fitted with red candles, and surrounded by flower rings featuring two white doves and the numeral "40," centered the table.

The three-tiered wedding cake, punch, mints and nuts were served by Miss Debbe Oliver and Miss Kimmie Foster. Crystal appointments were used.

Mrs. V.L. Foster registered guests. Hostess gifts included a chime mantel clock, decorative wall mirror and linens. Individual gifts were presented.

H.V. Lynch and the former Miss Lena Faye

Parkey were married Feb. 7, 1934 in Plainview. At the time of their marriage she was teaching school in Hart Camp. He was engaged in garage business. Mrs. Lynch taught school in the area for ten years.

Soon after their marriage they began farming. They still live on the farm, but have retired from active participation in that field.

Lynch has lived many years in this area. His mother was a charter member of the Baptist Church. He presently is a deacon.

Mrs. Lynch's parents, Mr. and Mrs. Claude Parkey, were residents of Plainview until the death of Mrs. Parkey, at which time the family moved to Hart Camp.

Some 75 guests were registered from Lubbock, Dallas, Plainview, Spade, Littlefield, Springlake, Whittharrel, Amherst, Olton and Halfway.

Special guests were Mr. and Mrs. Oliver Bier of Plainview, sister and brother-in-law of the honoree.

Sugar, Spice, And Sage

By Jan Sherman

"Guess what, Mrs. Sponge, we have a chore for you to do. (Sound in the background of weight dropping off someone's shoulder.) Since you are the (A) Home making teacher (B) were a homemaker teacher or (C) are a home ec. major we would like for you to make the coffee for the (A) P.T.A. (B) the upcoming Easter brunch for the office, or (C) a few of the neighbors coming in for a little holiday decoration party. How many? Oh, not over 50, surely!"

Poor Mrs. Sponge. Her very name tells a story. Everyone believes she knows all there is to know about entertaining a crowd, be it 1000 Boy Scouts at their last of the year retreat, or the women's luncheon down by the lake. Believe it or not, very seldom does even the best university cover everything about social affair. What we have here is information pried from a book out of a very mysterious place. I'm sure no one else would ever have access to it. It's called a kitchen and the book is a cookbook.

Herewith pointers to make a perfect brew. Make a copy of it and put it on (A) company bulletin board, (B) Hospital Guild Roster, (C) faculty-lounge bulletin board.

"To make coffee! When using regular grind coffee, plan on using 1 pound coffee and eight to nine and one-half quarts water to make 40 to 50 servings, six ounces each, of rich, full-bodied coffee. Remember that individual tastes for strength of the brew may vary.

When using instant coffee powder, plan on one two ounce jar (1 cup instant coffee powder and 5 quarts

water to make 30 servings, six ounces each.

Be sure the container you use for making coffee is spotlessly clean. Scrub it with a light-duty detergent and a soft cloth or sponge; rinse well.

For best flavor in percolated coffee, plan to use at least ¾ the total capacity of your coffee maker. When you make a large amount of coffee, use a large pot; for a small amount, use a small pot. (I'll bet you didn't know that.)

Use fresh coffee. Once opened, coffee stays fresh about a week. Store it in a tightly covered container in a cool, dry place.

Choose the correct grind, use drip grind for a drip pot, regular grind for a vacuum pot or percolator.

Measure correctly; don't guess at the amounts.

Begin with fresh cold water. Hot water can sometimes give coffee an off flavor, and can alter the brewing time for electric percolators.

When making a large quantity of coffee in a kettle, place ground coffee in a clean cloth bag, filling the bag just half full to allow for expansion during brewing. Tie bag with cord; attach to kettle handle and lower into boiling water, reduce heat and simmer.

Keep track of the time it takes to brew coffee in your container. Next time you'll know how much time to allow. For electric coffee makers, follow directions provided by manufacturer.

Serve coffee immediately after brewing if possible. If it must be held, keep it at serving temperature.

Write In The Groove

BRYAN ALLCORN AND FREDDY STOCKDALE

That huffing and puffing sound you hear is not a technical difficulty so don't try to adjust your paper. It's just Ferd and Byron running around in circles. This is also known as "Spring Eventitis." Why, things are happening so fast, you don't know whether you have six dice, eight cherries, or four plums. It's enough to blow the whole state of Nevada. In case you didn't notice, we threw in some "Lil' Abner" humor there. Take, for instance, the fifth period typing class. They are all running around like "turkeys" with their heads cut off.

The band represented Olton High School well Wednesday when they received a Division I in concert and a I in sightreading. After two rounds of play, the golf team is one stroke behind Dimmitt in the fight for the District Championship. Friona and Littlefield are far back, so Olton is almost a sure regional qualifier. In track, the girls won another meet at Springlake last week. The boys traveled to Hereford. This week they go to Roosevelt while next week is District here at Olton. Be sure to come out and see it.

The Student Council is also at work. At the last meeting they voted to buy a new movie screen for the auditorium. A snooker tournament has been set for April 24, 25 and 26. The prizes will be new cue sticks and trophies. For further information see Monte Chitwood. Also, there are plans being made for a "Fifties Day", a "Fuel Conservation Day", and a volleyball tournament. Elections for Student Council Officers for next year take place in about two weeks. To run for an office, you need a petition with

twenty signatures along with four teachers' signatures.

Special Note!!! Due to lack of interest, the "COMMENTS" have been called off.

Freshman of the Week - Carol Prentice
Sophomore of the Week - "Jumin" Joe Alcorta
Junior of the Week - John Garza
Senior of the week - Carla Moses
Gobbler of the Week - Richard Lewis
Teacher of the Week - Gene "Councilman" Gee
Solo of the Week - Jimmy Parker and his symbols
Initials of the Week - C.C.
Golfer of the Week - C.C.

Before close, we'd like to mention Jimmy McCurry's car that's for sale. Any interested offers should contact him. Until next week, all of you Banders and Bandedes, whatever, stay with the beat and "Write in the Groove."

Coronado Students Speak At PTA Meet

"Self Image" was the topic of discussion brought by panel of students from Coronado High School in Lubbock at the local PTA meeting Thursday night in the school cafeteria. Mrs. Huffaker, teacher of Home and Family Living at Coronado, directed the panel.

During the business session, officers for 1974-75 were elected, with Mrs. George Stewart accepting the presidency of the local organization for the second time. Other officers elected were Mrs. Joe Harrell, 1st vice president; Robert Sivley, 2nd vice president; Mrs. Don Nafzger, 3rd vice president; Mrs. Don Spain, 4th vice president; Mrs. Gary Lawson, secretary; Mrs. C.G. Smith, treasurer; Tommy Hancock, parliamentarian; Mrs. Wayne Moore, historian; and Mrs. John Paul Jones, reporter.

Following the short business meeting, Mrs. Don Nafzger introduced the guest panel.

The guests answered questions presented them by members of the audience.

"A person needs to like himself, before he is able to merit approval and acceptance from his parents," one panel member said. "A child needs praise from his parents as well as his teacher, when he really earns it."

"Teachers need to be a friend to their students. They must be someone a student can talk to about personal matters without feeling uncomfortable."

"Another member of the panel used this comparison in answer to a question concerning a child making his own decision, 'Relationship between a parent and child should be like a door with a chain lock. Parents should let the child make their own decisions up to a point.'"

The next PTA meeting is scheduled to be held on April 18, at which time the new officers will be installed.
