## Highway Contracts Bid Opening Monday

Bids on what is expected to be one of the largest contracts let in the Corpus Christi district of the Texas Highway Department in several years will be opened Monday in Austin.

The bids will be for the rebuilding of 25 miles of Highway 35 from immediately north of Copano Bay to the Refugio-Calhoun County line.

M. G. Yoes, who will be resident engineer for the project, said yesterday that he expects the contract to be in the neighborhood of \$1,250,000.

This, he said, would be the largest single contract let in the district in several years except for Corpus Christi Harbor Bridge.

The Aransas Pass - Harbor Island Causeway cost 2 1/2 million dollars, but it was covered by several contracts.

The stretch of highway north of Rockport is to be completely rebuilt. The contract will call for a new base and surface.

The present 20-foot wide paved surface will be widened to 26 feet with the "crown" (paved surface and shoulders) to be 42 feet wide. The shoulders will be covered with asphalt.

Right-of-way for the new road has been increased from 100 feet to 140 feet.

Yoes said this width would be adequate for the construction of a four-lane divided highway if traffic warrants this at some future time.

The portion of the highway in Aransas County was built in 1932 and the part in Refugio County was built in 1927 or 1928.

Yoes said the rebuilding of the highway will probably start in mid-September and that it will require about one year to complete, allowing for delays caused by weather.

He said the highway will continue to carry traffic during construction but that one lane will be built first and then the other to keep traffic moving.

Yoes said about six contractors have expressed interest in bidding on the job and have inspected plans.

## Football Practice To Begin Monday Morning, Aug. 15

The Aransas County High School Pirates will begin football practice Monday with 6 returning starters and one reserve letterman making the nucleus of this year's squad.

These include guard Tommy McCabe; tackle Gayle Williams; Billy Johnson, linebacker; Joe May, David Pena and Kelly Huff, half backs, and reserve letterman Buddy Ayers, also a half.

With a completely reorganized coaching staff and system, the Pirates will start to rebuild, as most of last year's championship team graduated.

Boys up from the Junior Varsity who can be counted on for lots of help are Johnny McHugh, center; Gilbert Garcia and Ray Ormand, guards; Harry Wilson, Bob Johnson, and Buster Hare, tackles; Roger Beasley, Jerry Wright, Joel Meador and Eddie Steele, ends; Jimmy Jackson and Ray Ingersoll, quarterbacks; Tyrone Powledge, fullback; Dennis McCabe, guard, and others.

The team will begin two-day practice sessions Monday. Morning practices will be devoted to fundamental drills, while afternoon sessions will consist of team play.

"We believe that conditioning is the most important part of football training," new head coach Dave Segler said today.

"A player's ability may be inferior to his opponent's, but there is no reason for his condition to be inferior. Therefore, every practice will be devoted first to physical conditioning of the squad."

The coaching staff, headed by Segler, consists of Grover C. Watkins Jr., Pat E. Smith, A. G. Wilkins, and Charles H. Hooker.

During the football season, Smith will act as line coach in addition to his duties as physical education teacher; Watkins will coach the defensive secondary; Wilkins will be in charge of coaching Junior High School teams, assisted by Hooker.

Intensive preparations will be made for the first game of the season, with the Flour Bluff Hornets, to be played there on Friday night Sept. 2.

## New Firm Comes To Rockport

This city's economy got a shot in the arm this week, when the Florida firm of Thompson and O'Neal set up housekeeping in an office at the Jackson Seafood Co.

With the managers V. J. O'Neal and J. T. Thompson came their families, a truck driver and mechanic and their families, and ten big Gulf shrimpers, with five more expected later.

The firm operates about 35 or 40 boats out of Key West, and have been fishing off the Texas coast during the past two seasons, docking at Aransas Pass.

However, because they can get ice, fuel, and other services on a one-stop basis at Jackson's they transferred the scene of their Texas operations to the seafood company this year.

Originally expected about the first of July, they delayed moving boats here from Key West and Mississippi as the fishing was good there until recently.

Counting three men to the boat, and adding the families already mentioned, this means between 45 and 70 people that will be connected with the fishery, plus the additional help needed by Jackson's to process the catch of the Thompson and O'Neal boats.

The partners expect that their operations here will last until about November.

During that time, they said, their payroll will run in the neighborhood of \$100,000, depending on the size of their catches, and they estimate they will spend another \$150,000 for ice, fuel, groceries, rent, and similar items.

The shrimp will be processed through Jackson Seafood Co., and most of them will probably be marketed fresh in Texas, O'Neal said, although some will be shipped out of the state, depending on the state of the market.

The firm handles no frozen shrimp.

## Local Salvation Army Organized

Rev. Cecil Lang Jr., minister of the First Presbyterian Church has been elected chairman of the Salvation Army Service Unit Committee in Rockport which will serve all of the county. This Salvation Army operation was organized at a meeting at the First National Bank last Friday. Other officers and members of the committee are: Cecil Cole, vice-chairman; Sheriff A. C. Shivers, treasurer; Judge John D. Wendell, welfare secretary; Shelley P. Roaten, Martin Haskett, J. D. Gray, and James H. Sorenson Jr.

Rev. Lang states that this committee will take care of emergency welfare needs in the county. He stresses that all decisions are made by the committee and that there is no "red tape" involved in the program. In addition to the local program of helping those that have emergency needs the committee will now have available to the community all of the many state services of the Salvation Army as they are requested by the committee. Some of the services are: home and hospital for unwed mothers, men's social service centers, missing persons bureau, summer camping program for underprivileged boys, and the state disaster services.

All "War Cry" sales have been stopped some months ago by the Salvation Army and all support for the Salvation Army will come from an annual campaign.

The campaign will get underway with a kickoff meeting for team captains and workers on Friday, Aug. 12, in the District Court room at the courthouse at 9:00 a.m.

Team captains that have been selected are: B. T. Hardeman, Wilis N. Meigs, Mrs. Glen L. Martin, Mrs. Eugene Everett, Mrs. L. E. Nelson, Mrs. Curtis Atchley and Mrs. J. C. Paul, Mrs. Ronald Shultz.

According to Rev. Lang, every effort will be made to make this a one day campaign and complete all contacts by Friday afternoon.

## Dog Patch Dance To Be Held Saturday

The Youth Sponsors announce that a "Dog Patch" Dance will be held at the Youth Center this Saturday night instead of just the usual dance. The youths are requested to come in costume of some character from the "Lil Abner" comic strip. The no shorts rule at the youth center will be raised for this one dance. Prizes will be awarded for the best costumes and winners will rule as king and queen of "Dogpatch."

The sponsors hope that refreshments will also be arranged by that time.

The dance last Saturday night with the "Clues" dance combo from Woodsboro playing, was the most successful so far, of the season. One hundred and seventy-five youths signed in and they really had the place jumping.

The "Clues" will be back to play for a back to school dance on Sept. 3. The sponsors are looking for another band that might be able to play for a youth dance either on Aug. 20 or Aug. 27. Anyone having information concerning this possibility, please contact Mr. or Mrs. Bob Morrison.

## Bill Furlong Is Shot To Death In Houston

Bill Furlong, 38, former assistant manager of the Driscoll Hotel, Corpus Christi, was shot and killed Tuesday night in Houston.

Furlong died in a Houston hospital emergency room. He was shot once in the face when he forced his way into his estranged wife's fashionable home. Homicide Lt. Frank Crittenden said.

Mrs. Margery North Green Caudle Furlong, 36, told police and newsmen she shot her husband after he entered the home through a glass patio door. The door was shattered, police said. No charges had been filed Wednesday.

Mrs. Furlong's attorney, Jake Clegg Jr., said the woman obtained a restraining order against her husband Tuesday after Furlong attempted to enter the house Monday.

Clegg said Mrs. Furlong, married twice before, filed suit for divorce a month ago. The couple Furlong was the son of the late William Harrison Furlong Jr., who had been married less than a year. (continued on page 5)

# School Drops Tax Rate 5c Per \$100

New Rate \$1.70 Compared With Last Year's \$1.75 Per Hundred Dollars Assessed Value Better Than That of Many Districts In Area

Trustees of the Aransas County Independent School District, at their regular meeting, dropped the school tax rate for the coming year from \$1.75 per \$100 of assessed valuation to \$1.70, thus following the county's lead in a nickle reduction of the tax rate over last year.

This is in marked contrast to a number of other school districts in the area which have undergone revaluation and equalization programs similar to the one just completed by the county and school district here.

The local rate of assessment is 25% of the true value. At Tuloso-Midway, residents of the school district are taxed on a 55% assessment. Robstown, Calallen, Ingleside and Weslaco independents all figure their taxes on a 50% assessment; Flour Bluff computes theirs on 40% of the value; Clarkwood uses a factor of 36%; at Stockdale, they use 35%; and the San Diego Independent School District, always in trouble because of the local political situation, has been forced to a 75% tax assessment. West Oso, which has been operating on a 36% assessment, was forced to raise this to 50% in 1960.

In other action, the school board set the budget for the coming school year at \$533,454.

The following breakdown was given by Superintendent J. D. Gray:

Administration expenses, including salaries, contracted services and other expense, \$43,390; instruction salaries, textbooks, library expense, teaching supplies and miscellaneous, \$303,151.

Pupil transportation will consume 17,508; plant operation will cost \$32,960; the plant maintenance figure was set at \$24,510. Fixed charges such as employees retirement and insurance came to \$4,667; food services will need \$17,203; capital outlay will consume \$21,887, mostly for furniture and equipment, and \$67,638 is needed to service the interest and sinking fund for retirement of school bonds issued when the last construction was undertaken.

Gray told the trustees that the total assessed valuation for the school district is higher than at first thought possible, with a revised estimate of \$15,782,000 for oil and gas properties in the county, compared to the \$14,916,642 originally estimated.

In a report from Mrs. Katherine McLeister, tax assessor-collector for the school system, she showed that 98.15% of the 1959 taxes had been collected, against an expectation of slightly more than 96%.

During August, Mrs. McLeister said, \$2,803 in delinquent taxes, penalty and interest had been collected, lowering the over-all delinquent list to \$19,335.

## Picton Unloads Cement By New Method

Picton Lumber Company, keeping abreast of the times in its efforts to provide prompt service for its customers, has recently installed the latest method for handling bulk cement.

Previously, cement was delivered from the Haliburton plant in Corpus Christi on conveyor trucks, in which the powdered cement was unloaded by means of a screw conveyor, and elevated to the standpipe at the Picton mixer by the same method.

Now, cement comes out of the plant in pressure containers and, when it reaches here, is blown into the storage tank ready for use.

According to Harold Picton, the old-type trucks used to take an hour-and-a-half to unload. With the new set-up, the same effect can be attained within 16 minutes.

## ALL PUPILS IN ARANSAS COUNTY SCHOOLS FOR FIRST TIME NEED IMMUNIZATION

All pupils entering the Aransas County School System for the first time, or transferring from another district to this district, must produce evidence of immunization to small pox, diphtheria and whooping cough, before they will be allowed to attend schools.

## J. D. GRAY GIVES BREAKDOWN ON SCHOOL POPULATION

At the regular meeting of the Board of Trustees of Aransas County Independent School District, Superintendent Gray gave a breakdown on school patrons.

In this district there are 655 white families (including Latins) with an average of 2.02 children per family, and 15 negro families which average 2.4 children per family.

There will be an adult square dance held at the Fulton School on Saturday, Aug. 13, at 8 p.m., according to Mrs. H. M. Dick. Everyone is invited.

## Woman's Club Hears Mrs. H. H. Dick On Square Dancing

The Woman's Club of Aransas County held its regular monthly meeting Tuesday, Aug. 9, at 3:30 p.m. in the Woman's Club building. Mrs. George Dickey, president, presiding.

Mrs. A. L. Chernosky, membership chairman, presented the following new members of the Woman's Club: Mrs. Fay Hartman, Mrs. Thomas Jesse, Mrs. George Miller, Mrs. Lynn Wendell and Mrs. Bob Wright.

Program chairman, Mrs. Arthur Bracht and Mrs. Fred Bracht, presented the program for the afternoon. They introduced Mrs. H. H. Dick, sponsor of the Youth Square Dance group, who gave a short description of the work that she has done in teaching square dancing.

Different examples of square and round dancing were performed by the following:

Julia Fox and Alton Kinsel, Azalea Shivers and Britton Dick, Nicki Dick and Jack Jeffers, Jeanne Diederich and Gilbert Hill Jr., Janet Grant and George Corbett, Sally McCord and Chris Sorenson, Jill Jeffers and Larry Iles, and Becky Rouquette and Raymond Owens.

Their performance was most enjoyed by all members. Especially entertaining was a Schottische, performed by six members of the group.

Mrs. Birch Addington and Mrs. R. Naper were hostesses for the afternoon. Mrs. W. C. Cutcher presided at the punch bowl.

## Jaycees Sponsoring Dance August 20

The Aransas County Jaycees in an effort to raise money for their civic project, are sponsoring a dance Saturday, Aug. 20, at Bill Johnson's boat barn in Fulton. The music will be furnished by the Lex Harp Quartet. This group has just finished playing an engagement at the St. Anthony Hotel in San Antonio.

The Jaycees have said that the boat barn will be clean, cool and large. All the essentials to a good dance will be available, and tickets are only \$1.50 each. Tickets may be purchased from any Jaycee in advance or at the door, Saturday, Aug. 20.

Make plans now to attend the Jaycee dance.

## NEW PUPILS FOR HIGH SCHOOL TO BE ENROLLED

Mr. LeFevre says that all pupils should be enrolled and ready to attend school a full day on Thursday, Sept. 1, which is the first day of school for the 1960-61 session.

## Miss Shivers Weds Thomas Schmitt

In an afternoon ceremony at Sacred Heart Catholic Church, on Saturday, Aug. 6, Miss Mary Martha Shivers became the bride of Thomas Scott Schmitt, with the Very Rev. Monsignor Gerald J. O'Doherty officiating at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Arley C. Shivers of Rockport. Parents of the groom are Mr. and Mrs. John J. Schmitt of DeLand, Fla.

The altar was decorated with twin urns holding massed arrangements of white gladioli and pom-pom chrysanthemums interspersed with tropical greenery.

Mrs. Jerry Wendell rendered the traditional wedding marches. Preceding the ceremony she sang "Ave Maria" with Mrs. Norvell F. Jackson at the organ, and a duet with James C. Bracht, "Panis Angelicus," accompanied by Miss Susie LeBlanc.

Given in marriage by her father, the bride wore a floor-length dress of white silk organza over taffeta. Its bodice was fashioned in princess line, with a flat satin bow placed high in front and tiny satin-covered buttons in the back extending to its tapered point.

The bateau neckline was outlined with embossed satin rosebuds and the southern belle skirt, appliqued with the same rose design, swirled into a chapel train.

Her shoulder-length veil of French silk illusion was caught to a tiara outlined in seed pearls. She wore silk organza mitts and carried a white satin prayer book centered with a white gold-throat orchid and feathered white carnations.

Miss Mary Lucille Jackson was maid of honor. Bridesmaids were Miss Azalea Shivers, sister of the bride, and Miss Heather Wren of Houston.

The attendants were dressed in identical street-length sheaths of pastel blue brocaded taffeta, with blue satin cummerbunds, short sleeves, and sabrina necklines. Their headpieces were circular swirls of light blue French illusion, in toque effect, trimmed with roses and lilies of the valley. They carried cascades of pale yellow gladioli.

The bride's mother wore a fitted dress of soft green silk shantung, with bloused top, and hemstitched trim. Mother of the groom was gowned in blue imported broad-

cloth, with skirt of unpressed pleats, and bodice of self-embroidered eyelet. Both wore orchid corsages.

Donald J. Schmitt, of DeLand, Fla., served his brother as best man. Groomsmen were Elton Fleming and Kemp Johnson. Robert Shivers, brother of the bride, Robert Walton of Aransas Pass, and Dean Volker acted as ushers.

Following the ceremony a reception was held at the Woman's Club. The table was laid with white flounced taffeta and circled with intertwined ferns and flowers tied with white satin bows. Its centerpiece was an arrangement of white gladioli and carnations interspersed with white and silver bows. A pair of branched silver candelabra, holding white tapers, flanked the bouquet.

Alternating in serving the three-tiered wedding cake, topped with a miniature bride and groom, were Misses Teresa Johnson, Linda Mills, Joy Hamblin, and Jerry Armstrong. Miss Mary Lodovic, of San Antonio, and Miss Robbie Boquet served the punch.

Miss Frances LeBlanc presided at the white antique guest registry table which held a silver candelabra with white tapers.

Other members of the house party were Mrs. Weldon Cabanis, Mrs. W. F. Close, Mrs. Norvell F. Jackson, Mrs. Leonard J. LeBlanc, and Mrs. M. M. Bergel of San Antonio.

As her going-away costume, the bride wore a suit of royal blue cotton, with slim skirt, and box jacket fashioned with three-quarter sleeves and trimmed with velvet collar and cuffs. A feather hat and black accessories completed the ensemble.

After a short wedding trip, the couple will make their home in Rockport, where the groom is attached to the AC&W Squadron.

The bride is an honor graduate of Aransas County High School and attended Del Mar College. The groom was graduated from DeLand High School and attended the University of Florida. His fraternity is Sigma Nu.

The shooting followed a scuffle, Crittenden said, and a number of shots were fired.

Furlong was married to Mrs. Mayme Sue Seale of Corpus Christi for about a year until 1958, when they were divorced. Furlong moved to Houston several months ago when the Driscoll changed its management. He married his present wife, a Houston society figure, a short time later.

Furlong is the brother of Jim Furlong of Fulton.

## Top Band to Be At Aransas Pass

One of the finest bands in the Southwest — the magnificent 4th Army Band from Fort Sam Houston — will lead the parade on Saturday, Sept. 3, when the Twelfth Annual Aransas Pass Shrimpooree really gets under way and, later that afternoon, will give an hour's concert.

Stationed at Fort Sam Houston and commanded by Chief Warrant Officer John Parrott, the Fourth Army Band is eagerly sought by civic organizations as Fourth of July parades, affairs in which the army is represented, and other functions that serve to give the public a better insight into army doings.

Parrott, recently returned from six months school for advanced bandmasters at the U. S. Naval School of Music, before and after World War II was a navy bandmaster at the Naval Training Station, Rhode Island, and aboard the aircraft carrier Kearsage. He came to Fort Sam Houston from Fort Polk, La., where he had led the First Armored Division Band.

He says that it takes more than music to make a good military band. When playing for parades, soldier musicians must concentrate on breath control, march in step, read music and watch the drum major, all at the same time.

After the 11 o'clock parade, the group is scheduled for an hour's concert at the Pony League Baseball Park at 1:30 p.m., and invitations have been sent to high school bands all through the surrounding area inviting them to take part in the Shrimpooree and to see these finished musicians in action.

At Fort Sam, the band spends four hours daily in practice, and twice a week the practice rooms echoes with strains of popular tunes as they make recordings for the Fourth Army's radio show, "Concert in Khaki."

According to Parrott, the band can divide into a number of combinations to play for special events. Twelve to fifteen of the musicians can make up a dance band, or three to five can provide a dance combo or string ensemble. He added that nearly all band members were at one time associated with famous name orchestras and bands, and that all members can play at least two instruments, and many play four or five with precision and ease.

Fifty percent of the members are college graduates, he said, and the other half have completed some college work.

Mr. and Mrs. Roy Lee Hart spent the weekend in Dallas visiting their daughter and family, Mr. and Mrs. Fred Close and sons, Freddie, Eddie and Dennis Hart.

Somer Smith is recovering from a heat stroke. He is doing nicely but will be at home for a few days.

## HOT WEATHER BRINGS DANGER OF DOG DAYS

Austin, Tex. — Beware of the dog days, is the warning of the director of law enforcement of the Game and Fish Commission. The hottest part of August, the so-called dog days, is on now.

"If you go into the woods or where snakes are likely to be found, be very careful," the director warned. "During these dog days snakes will strike at most anything without warning. Also be careful in handling animals, as there probably will be an increase in the rabies incidence."

Mrs. Homer Faber is much improved, however, she will be in Spohn Hospital about 2 more weeks, room 418. Homer has been taking her for short drives in the afternoons.

Among the out of town guests at the Schmitt-Shivers wedding, were the following: Mr. and Mrs. J. T. Cruss of Houston, Mr. and Mrs. Jerry Shivers and Mike of Houston; Mr. and Mrs. Clark Wren and Heather, Houston; Mrs. Cross Daniels and Reetha, Woodville; Mr. and Mrs. Curtis McNabb, Mrs. G. E. Roberts and George, Mr. and Mrs. Jack Ware, Corpus Christi; Miss Mary Lodo-vic San Antonio; Mrs. Felix Tournbough, Mrs. Chas. ## School Superintendent Reports On Cafeteria

School Superintendent J. D. Gray told trustees of the Aransas County Independent School District at their regular meeting that two manuals for guidance of school personnel had been completed during the summer and were ready for distribution.

One of these entitled "Policies and Information, Board of Education" was prepared after a two-year study and modification of the minutes of past school board meetings, and presents, in simplified form, data on school policies and procedures.

The second has been prepared by Coach Dave Segler, and is for use by coaches and other members of the physical education department. It is named "Physical Education and Athletic Instruction Handbook."

The superintendent also told trustees that the new cafeteria at Rockport Elementary was rapidly nearing completion. Tables have been installed. The new dining rooms will seat 231 students or 198 adults at one time.

Patricia Clark was honored with a slumber party on her tenth birthday last Thursday night at her home in Little Bay Shores. The Girls Auxiliary of the First Baptist Church, were guests. A regular G.A. meeting began the evening with Mrs. Lonnie Wright, counselor, receiving a mission book.

During the evening, games were played, and each girl participated in stunts. The highlight of the evening was the arrival of a ghost who turned out to be Mrs. Howard Lee. Her mysterious presence precipitated all sorts of weird tales and stories.

Breakfast of doughnuts and milk was served the next morning. Those present were:

Denise Washburn, Alice Fay Fields, Brenda Joe Clark, Marjorie McNorton, Julian Thompson, Kay Sparks, Mary Moore, Rosanne Cabaniss;

Mary Ellen McHugh, Lola Kelso, Linda Brisbin, Dora Lynn Wright, Debbie Brisbin, Donna Edge, Susie West, Mrs. Howard Lee, G.A. counselor, Mrs. Lonnie Wright, Mrs. Charles Brisbin and the hostesses Patricia Clark and her mother, Mrs. Bill Clark.

Presbyterians  
Have Unique  
School

One of the oldest schools in  
South Texas, and one of the most  
unique, is compiling an outstand-  
ing record in education and prac-  
tical Christianity.

The Presbyterian Pan-American  
School, at which 90% of the stu-  
dents are Latins and the other  
10% of Anglo-Saxon descent,  
stands five miles south of Kings-  
ville on a 700-acre campus origin-  
ally donated by Mrs. Herietta  
King from the vast expanse of the  
King Ranch. From this school,  
in increasing numbers, have  
graduated religious, business and  
community leaders, and at least  
one internationally-known lang-  
uage expert.

Actually, Pan-Am began in 1884  
when Miss Melinda Ranking  
founded the Rio Grande Female  
Institute in Brownsville. But its  
institutional history dates from  
the Texas - Mexican Industrial  
School for the education of Mexi-  
can boys and girls, chartered in  
1911, with headquarters at the  
present location.

After the first year, girls were  
no longer admitted, although the  
Presbyterian school for Mexican  
girls was eventually founded at  
Taft. But—four years ago—they  
combined under the new name on  
the Kingsville campus.

Owned and operated by the  
Presbyterian Synod of Texas, and  
headed by Dr. Sherwood H. Reis-  
ner, the school is an international  
in its outlook as is in its student  
body. This comes at present from  
Guatemala, Mexico, California,  
New York and Texas, and it is  
the school's proud boast that no  
youngster has ever been refused  
for lack of money alone.

The \$560 annual fee for board,  
room and tuition, unbelievably low  
though it seems, is a token pay-  
ment for some families but almost  
impossible for others to obtain.  
So work and academic scholar-  
ships help out otherwise accept-  
able candidates who appear to

thrive on them, for you rarely see  
as healthy, happy, and winsome  
a group of young people.

Christian education as well as  
traditional class room studies is  
part of the picture at Pan-Am,  
and attendance at chapel and other  
services is mandatory for the stu-  
dents, who represent half-a-dozen  
denominations.

Academic studies are divided in-  
to three departments. Intensive  
English is designed to teach the  
language to foreign students as  
quickly as possible; the Prepara-  
tory Department gives a four-  
year high school course. The Col-  
lege Department consists of a se-  
lect group of students of excep-  
tional promise who form an inte-  
gral part of the student body, but  
whose work is done at Texas A&I  
in nearby Kingsville.

And students take part in a  
wide variety of organized special  
interest groups such as art, piano,  
choir, student council, student  
newspaper, yearbook, boys' liter-  
ary club, sports and vocational  
agriculture.

The school has a fine print shop,  
and an intensive agricultural pro-  
gram. Students also do practically  
everything else that needs doing  
around the campus, from washing  
windows and waiting on tables to  
mowing grass and making hay.

Presbyterians throughout Texas  
have a great interest in this school  
which their gifts make possible.

At a recent King Ranch sale of  
Santa Gertrudis, the Ranch pur-  
chased a beautiful heifer for \$4500  
from Winthrop Rockefeller's herd  
of these cattle, and presented it  
to Pan-American, to go with gifts  
from other Santa Gertrudis breed-  
ers to form the nucleus of a school

herd.

And the school is expanding in  
other ways. Two student residen-  
tial units, now occupied by girls,  
are among recent permanent im-  
provements. Other major achieve-  
ments on the Pan-American build-  
ing program, made since consoli-  
dation, are a faculty residence;  
a swimming pool with the latest  
filtration equipment; sports  
courts; an entrance road; land-  
scaping; walks laid with Mexican  
tile (for there are no cars on the  
campus); and other developments.

And the latest addition is the  
beautiful Morris Chapel, made  
possible by a gift from the Taddie  
Lee Wynn family of Dallas, which  
was dedicated on May 15.

Madam Curie is the only person  
ever to receive the Nobel prize  
twice.

## Rotary Hears Satellite Talk

Devices used to measure temperature in outer space, plus models of satellites and missiles, were featured in the talk given Wednesday, Aug. 10 to the Rockport Rotary Club by Jim Sage, public information supervisor for the Southwestern Bell Telephone Company.

In a talk entitled “Telephone Science in National Defense,” Sage demonstrated electronic brains, guided missiles, and man-made satellites. He also told his audience about electronic systems which will provide a new type service and are the nerves of today's guided missiles.

Members of the group had the opportunity to see and examine models of the Titan, the country's largest intercontinental ballistic missile, and heard the story of Nike Zeus, an anti-missile missile now being developed in the Bell Telephone Laboratories.

The telephone speaker has appeared before audiences in Missouri, Kansas and Texas in the past few years, giving demonstrations about the future of communications.

Visiting Rotarians were H. C. Vandervoort, Ft. Worth, Arthur T. Ward, Shiner; John Middleton, Galveston; Alfred Neumeyer, Hallettsville; John Crutcher, Mineral Wells; R. D. Hatch, Aransas Pass; R. H. Freeman, Corpus Christi.

J. B. Jackson presented the program.

## JOE SLAUGHTER TO UNDERGO CORRECTIVE SURGERY

Joe Albert Slaughter, son of William (Rabbit) and Ethel Slaughter, is in the Corpus Christi Children's Hospital awaiting the operation that may return his hearing and make him able to live a more normal life.

Members of one of Simon Michael's classes interested themselves in Joe after he served as a model for one of their portrait classes and sponsored his examination by a Beeville doctor who found that his hearing was seriously impaired, largely due to diseased tonsils and adenoids.

Wednesday the boy was admitted to the hospital for corrective surgery.

Miss Leslie Smith, of Aransas Pass, spent Wednesday as the guest of Miss Debra Rogero.

## Arkansas Fuel Oil Asks Amended Permit

Arkansas Fuel Oil Corporation of Shreveport La., has requested amendment of its U. S. Engineer permit to operate in Copano Bay and Port Bay, at a location in State Tracts No. 24, 52, 53, 54, 55, 57, 58, 86, 87, 93, 94, 96, 113, 114, 115 and 117 in Copano Bay and No. 4 in Port Bay, central to a point approximately 7½ miles northwest from Rockport, Texas.

The applicant requests amendment of a Department of the Army blanket permit to authorize the erection and maintenance of structures to be used in connection with the drilling of oil wells. The work at a well site may consist of driving eight 3-pile dolphins, placing a shell fill, sinking a drilling barge, erecting a derrick thereon having a top elevation of 172 feet above mean low water and constructing a protective structure.

Appurtenant structures that would be constructed in the area include 15 by 30-foot manifold platforms with four 7-pile clusters driven near the corners.

Channels and basins would be dredged and pipe lines would be placed within the area. The spoil from the channels and basins would be dredged and pipe lines would be placed in the bay in mounds with the points of discharge at least 1,000 feet apart and would usually have a top elevation of 6 feet at mean low water.

Pipe lines would be placed 1½ feet below the bed of the bay except through shell reefs or beds where they would be 1 foot below the bed. The pipe lines would be jetted, ployed, disced or placed by other similar methods whereby there would be a minimum displacement of the bed and no spoil deposit would remain.

The requested amendment of the permit consists of the addition of State tracts No. 24, 52, 53, 54, 55, 56, 57, 58, 86, 87 and 93.

## JUNIOR DIVISION TOURNAMENT PLAY OFFS

July 29, 1st Round, 1st game: In the curtain raiser, the Indians, with war paint on, their tommy hawks at razor's edge, and Cub scalps on their mind, nosed out the hard-hitting Cubs 6-4.

Charlie Jackson pitched a great game as he only allowed 4 runs, 5 hits and 4 walks. The Indians really went on the war path, in their “heap big second,” as they scored all their 6 runs.

Cubs had a big threat going in the last inning but Jackson got “Blue” Samora to hit into a double play. Cortinas to Crabb, to end a real thriller.

Indians will meet the champion Cardinals in the semi-finals. Winning pitcher, Jackson; Losing pitcher, McLeod.

2nd Game: In a real “Squeaker” that saw some good pitching, good hitting, heads up base running and of course a few errors, the Dodgers beat the Braves 9-8.

Hitting stars for the Dodgers were Wendell and “Fireball” Guzman, 2 hits each and Menke and Nickerson with each a 2 base hit.

For the Braves, it was Mike Webb, 2 hits and Bobby Edwards, 2 hits, 1 a double and “Sluggo” Jeffers a long triple.

Jeffers also pitched good relief ball for the losers. The fielding play of the game was turned in by “The Little Toy Bulldog” of the Braves, John Yates, who made a great catch in left field, on a sinking line drive off the bat of Gilbert Arispe.

The Dodgers will play the ever dangerous Giants in the second game of the semi-finals. Winning pitcher, Guzman; Losing pitcher, Bobby Edwards.
