FIREFIGHTERS check for any remaining fire following a blaze which gutted the Dwayne Craghead home at 275 Paris Monday at 5:45 a.m. No one was at home at the time of the fire, however, everything in the house was lost.

Fire destroys local residence

The Labor Day holiday turned to tragedy for a Colorado City family when their home was destroyed by a fire Monday morning.

Dwayne and Kay Craghead were out of town when the fire was reported at about 5:45 a.m. Monday. By the time firefighters reached the stucco and cinderblock house at 275 Paris Street, flames were shooting through the roof and both ends of the house. Only the walls were left standing.

Firefighter Jerry Dossey said that 22 firefighters responded to the blaze. The fire was out and the firefighters back to the station by 10:03 a.m.

Dossey said that he and Fire Marshal Billy Ray Williamson

determined that the fire started in the kitchen area of the house, but an exact cause of the blaze could not be determined.

All the furnishings in the house were destroyed and most of the clothing and other household items suffered from extensive water and smoke damage.

A fund for the family has been established at the City National Bank. Those wishing to make donations should contact Ray Anne Carlock at the bank.

Donations of furniture and other household items are being accepted at the fire station.

Mrs. Craghead is city secretary and her husband works for Sun Company. They have two sons, 18 and 19, who both live at home.

Meeting on prison scheduled Sept. 17

Mayor Jim Baum advised the City Council at its regular meeting Tuesday night that a conference meeting has been set for 11:30 a.m. Thursday, September 17 at the Civic Center regarding the prospect of establishing a Private Prison here.

At that meeting, the City Council and its attorney, County Officials and attorney, Chamber of Commerce, Industrial Foundation team, State Senator and Representative, and others who may be involved will meet with Sonny Emerson and representatives of PacificCorp. Capital, Inc. to work out details and remaining questions about the proposed project.

Council members asked City Attorney Tom Rees to check into several questions about the City's liabilities, if it became involved, prior to this meeting. Local banker Robert Alford was also asked to attend the meeting and report on his findings about the financial conditions of the parties concerned. Alford suggested that financial statements should be ob-

tained, but from current Dun & Bradstreet reports, both Emerson and PacificCorp. have satisfactory credit reports and assets. Council indicated that it would proceed with caution. Mayor Baum said he hoped that all the remaining questions could be cleared up at the Sept. 17 meeting.

The Council then turned to its regular business matters:

• After second reading, Ordinance #87-12 was approved to establish water connection fees to replace the former deposit requirement. The ordinance, which goes into effect immediately will require a \$50 fee for new connections and \$25 for transfers. Residents who have made security deposits in the past will get a refund of their deposits.

• The Council passed a resolution authorizing the Chief of Police and the City Police Department to participate in a Governor's Task Force through the West Central Council of Governments with surrounding Counties.

New Home Economist named

Mitchell County Commissioners' Court approved a new Home Economics Agent, accepted a bid for a Sheriff's car, and approved the current payroll at a called meeting Tuesday morning.

After the Court's approval, County Extension Agent Mike Mauldin and Carolyn Gilbert, District 7 Extension Director jointly announced that Libbi Garnett of Gaines County will assume the position of County Extension Agent-Home Economics in Mitchell County effective October 1.

The new agent will be headquartered in the Extension offices located in the Mitchell County Courthouse Annex. She is replacing Debbie Christian who was transferred to San Angelo several weeks ago.

In her new assignment here, Miss Garnett will be Home Economics program leader and will also work with the 4-H program in the county. She has a strong background in 4-H having been very active as a past member and later as an assistant County Extension Agent in Gaines County, District 2.

While in Gaines County, she was responsible for organizing a number of new 4-H Clubs. She also instituted an extensive program for the expansion of Method Demonstrations and other 4-H contests.

Notary Public Workshop here today

A workshop on the new laws effecting Notary Publics will be held today (Thursday) in the C. C. Thompson Room.

Sponsored jointly by City National Bank and Colorado City Area Chamber of Commerce, refreshments will be served at 5 p.m. and the workshop will begin at 5:30 p.m.

Colleen Lloyd of the Secretary of State Notary Division will conduct the workshop.

All Notary Publics and anyone who has to deal with notary work are invited to attend. Reservations should be made with Nelda Hill or Ray Anne Carlock at CNB, 728-5221.

Miss Garnett is a 1983 graduate of Texas Tech University, where she majored in Home Economics Education. She has worked at the National 4-H Center in Chevy Chase, Maryland, as a program assistant. She was also an International Farm Youth Exchange Ambassador to Italy in 1983.

Football Jackpot Winners told

Jackpot Football winners for the opening games were announced Tuesday.

Steve Graham of 1636 Dallas took top honors and wins \$25 in football bucks. Wayne Hulme also of C-City came in second place and Gary Parker of 304 E. 15th took third place honors. Second place pays \$15 and third place wins \$10 in football bucks.

Jackpot Football can be played each week in *The Record*. A new feature this year pays an individual \$100 for guessing all 24 games correctly. Today's Jackpot Football can be found on Page 4B of this issue.

For The Record...

by M. Gene Dow, GM

FROM THE SCRIPTURES—"...and you shall use the spoil of your enemies which the Lord your God has given you. So shall you treat all the cities which are very far off from you that do not belong to the cities of these nations."

I have heard several fans bemoaning the distances to be travelled this year to the out-of-town football games—262-mile round trip to Seminole, 160 to Ballinger, 306 to Brady, 114 to Wylie, and 284 to Sonora. These are pretty good hauls all right, but nothing like some schools face. They call the Abilene area "The Big Country", but I'll tell you from experience, the "big country" is in Far West Texas. I spent 13 years in Van Horn, which is nestled in the middle of three of the largest counties in the state—Brewster, Hudspeth and Culberson. It is nearly 120 miles in any direction to the nearest sizeable town. Little school kids rode the bus 110 miles, round trip, every day. I had friends who would drive 120 miles to El Paso for an "Arby's" sandwich, or just to go to a movie. And the football games? There were district games with Sanderson, 366-mile round trip; Rankin, 360 miles; Iraan, 356 miles; Canutillo, 280 miles and an annual non-conference foe, Eunice, N. M., 354 miles. And I made them all.

Gene Dow

THE LONE WOLF SAYS—"If you don't know where you are going, any road will do."

But consider the current plight of Canutillo, Lo-

cated about 17 miles NORTHWEST of El Paso. The enrollment has increased enough to place the school in the AAAA classification. But there are no nearby 4A schools. The school could play teams in New Mexico and Arizona that would be closer than the closest 4A district in Texas. The closest existing 4A district includes Sweetwater, which would be an 876-mile round trip. The closest school in that district is Pecos, 470-mile round trip. So what did they do? Canutillo asked to be placed in the 5A division which includes many schools in the immediate El Paso area. But they are taking their licking from the larger schools. Now Canutillo has asked the UIL to classify its football team as an independent for two years, so it would not have to compete in its Class 5A district, until the school could develop a program that would be competitive in that district. Considering this, it's not so far to Brady after all!

It takes a long time to get to a lot of places. Like the man who went to the doctor because he was not feeling good and his sex life had gone to pot. The Doctor told him he just needed some exercise and prescribed that he walk five miles per day for one week and return for another check up. When he returned, the Doctor asked, "How do you feel?" "I feel just great" said the man. "And how about your sex life?" asked the doctor. "Terrible," he man said, "my wife lives 36 miles away."

DID YOU KNOW—Brewster County, whose county seat is Alpine, is the largest county in Texas—6,169 square miles—larger than the State of Connecticut.

Westbrook firemen elect new officers

Westbrook Volunteer Fire Fighters answered 15 alarms during the month of August. Included were 14 grass fires, 1 oil-field tank battery, but no structure fires.

At the last meeting of the firemen, the following officers were elected: Steve Rollins, fire chief; David Petty, first assistant chief; Travis Conaway, second assistant chief and reporter; John Manning, secretary; and Debra Miller, treasurer. New members welcomed to the Fire Fighters were Jane Miller, Bob Hayes and Rick Koch.

Anyone needing assistance from the Westbrook Fire Department may call 728-5544.

6,314 at Park over Labor Day

Visitors at Lake Colorado City State Park over the three-day Labor Day weekend totaled 6,314, Diana Finley, accounting clerk at the Park reported.

Attendance was slightly better than last year when 6,237 visited the Park.

for investigation and prosecution of narcotic and criminal activities. The only cost will be some travel expenses.

• City Manager Brenda Tarter reported that responses had been received from seven local restaurants concerning voluntary designation of non-smoking areas in their establishments. The consensus of opinion of the restaurateurs was that there had been no requests or demands from their patrons, most did not see any benefits and were not willing to voluntarily set up designated areas. Council decided to let the matter drop until more demand is indicated.

• Council accepted the Heritage House Board's recommendation to reduce the opening hours to 2-5 p.m. on Saturday and Sunday during the winter season.

• City Manager Brenda Tarter gave the City Financial Report and presented the current vouchers for payment. She also reported that a pickup truck that had been ordered had been damaged in a derailment and it would have to be re-ordered. Also no delivery date has been received for the new police car that has been ordered. Gloria Irwin has resigned from the duties as City Recorder, Tarter reported, but since those duties are duplication and not needed, there would not be a replacement. She also told the Council of County Judge Bill

Carter's plans to utilize county probationers to work out their fines by working on various projects in the community.

In the Council members reports: Dan Johns indicated he felt the public should have the right to respond to the no-smoking requests.

Robert Hoback said he had been receiving some good response to the improved Cemetery upkeep and the good job of street cleaning in the downtown area.

Dee Hearn asked that the changes recommended by the Cemetery Board be presented at the next meeting and also inquired about the study of manual vs chemical control of weeds.

Phil Anderson, who submitted his formal resignation effective Sept. 8, stated that there was good response about the buildings that had been razed, but complaints were now being received about the lots not being cleared.

Don Webb reported that Mitchell County Law Enforcement council was ready to raze any other old buildings that were available. Also he said there had been good progress on clearing many of the blind street intersections.

All members of the Council were present, except City Secretary Kay Craghead.

Prison inmate population up 1,000 per week

With the prospects of a private prison to be located in Mitchell County, inmate population growth figures reported over the weekend by the Associated Press, should be of interest to local readers.

Prison population grew 4.7 percent in the first half of 1987 as a record 570,519 inmates jammed state and federal correction facilities, a Justice Department agency reported Sunday.

Prison officials were forced to add about 1,000 new beds a week to keep up with the influx—a 7.8 percent increase in the West, 2.5 percent in the South, 4.6 percent in the Midwest and 5.1 percent in the Northeast, according to Bureau of Justice statistics.

Nationally, criminologists have attributed the increases to more stringent sentencing by judges.

Federal prison population rose 7.3 percent in the six months ending June 30, to 47,653.

Employees must have ID proof

Commencing November 7, 1987, employers, recruiters and referrers for a fee for employment in the United States may no longer hire, recruit or refer for a fee anyone, including United States Citizens, for employment without proof of identity and employment eligibility in the United States.

Most businesses and employers were mailed a "Handbook for Employers" (Form M-274) which outlines their responsibilities under Public Law 99-603. If you are an employer and have not received information on this important new law you are urged to contact the nearest Border Patrol, Immigration Service, or Department of Labor office in your area. Make America's law your policy. Hire only United States citizens and lawfully authorized alien workers.

Tuesday School

Tuesday School begins the second Tuesday of September. Hours are from 9-11:45 a.m. Enroll your child now by calling the 22nd and Austin Street church of Christ at 728-5500.

RENOVATION PROJECT - The old Scout Hut at Ruddick Park will be undergoing a renovation thanks to the Tumbleweed Lioness Club which has taken over the task as a club project. This Saturday, club members are asking volunteers to meet at the hut about 8 a.m. for the first phase of the project which will be to install a metal roof on the building. New doors and windows are also planned as well as other improvements. When restored, the hut will be available for use by scouting and other organizations.

Briefly Historical meet

A meeting of the Historical Committee will be held at 4 p.m. on September 16 in the Hesperian Room of Mitchell County Library. Dianna Finley, representing the Chamber of Commerce Tourism Committee will make a presentation on the need for maps depicting historical sites in Mitchell County.

All members are urged to attend and all visitors will be welcome.

SOME OF THE THINGS DISCUSSED HERE MIGHT SHOCK YOU.

But not if you follow these tips for working around electricity while working around the house or on the job.

- Keep ladders and trimming tools away from overhead wires.
- Call an expert if your electric meter or fuse box needs to be moved.
- Don't dig if you suspect there are underground wires—call us first.
- Make sure you're clear of all wires when installing an antenna; think about where it might land if it falls during installation.
- Make sure all tools that run on electricity are properly grounded and treat them with respect.

We don't mean to alarm you. But too many people become accident statistics simply because they forget to be cautious around electricity. And that's the shocking truth.

County savings bonds sales total \$6,225 during June

United States Savings Bonds sales in Texas for the first nine months of fiscal year 1987 amounted to \$304,574,108, an increase of \$30 million or 11 percent over the same period of 1986. These sales represent 78.5 percent of the state's 1987 assigned dollar goal of \$388 million.

Sales of Series EE bonds amounted to \$6,225 during June 1987 in Mitchell County, Wayne Shawn, volunteer county chairman, said. The October 1986-June 1987 total for the county was \$81,586, which represents 56.2 percent of the county's 1987 assigned dollar goal of \$145,000.

Nationally, June 1987 sales of Series EE Bonds totaled \$543 million and brought total sales of U.S. Savings Bonds to \$8.87 bil-

lion for the first nine months of fiscal year 1987, an increase of 67 percent over the same period a year ago. The amount outstanding in U.S. Savings Bonds as of June 30, 1987 was \$96.80 billion, up 15 percent over June 1986.

Bond sales are back on sale again, after being suspended for a brief time between July 18-30. The average yield for bonds held since the beginning of the market-based interest rate on Nov. 1, 1982 is 8.68 percent; the rate for the period May 1, 1987 through Oct. 31, 1987 is 5.84 percent. Outstanding Series EE Bonds, Series E Bonds and Savings Notes held and earning interest for at least five years after Nov. 1, 1982 are also eligible for this market-based yield. All Series EE Bonds purchased on or after Nov.

1, 1982 - and held at least five years - will earn 85 percent of the average market yield on Treasury marketable securities.

Scott attends convention

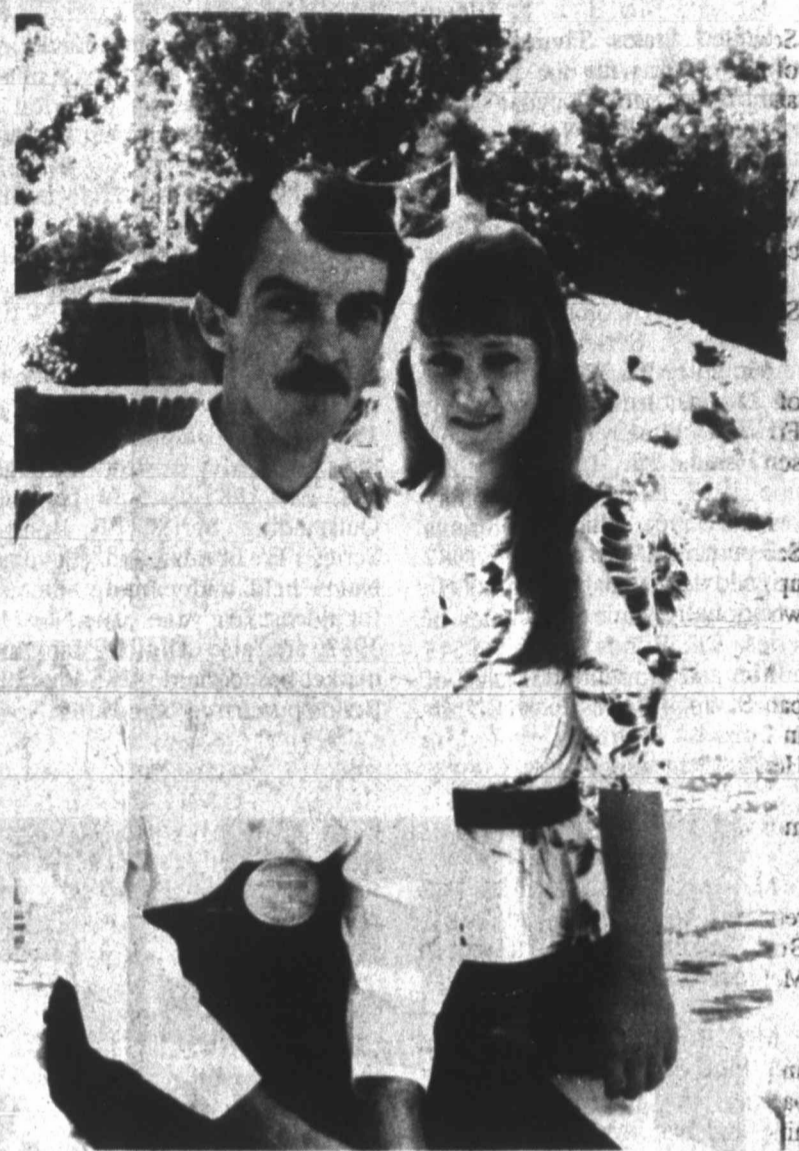

Wanda Scott of Colorado City along with Shirley Ott, Joni Porter and Shirley Teed attended the Sixty-Seventh Annual National Convention of the American Legion Auxiliary in San Antonio Aug. 24-27. All are members of Woods W. Lynch Unit 19 of the American Legion Auxiliary in Midland.

Mrs. Scott was chairman, assisted by Mrs. Ott, vice chairman, of the decoration committee for a dinner held on Friday night, Aug. 21, for the national officers. Blue streamers criss-crossed the tables to each place setting with a ceramic bronzed eagle on a mirror surrounded by fern for center pieces. Each guest was presented with a ceramic plaque with bluebonnets embossed on the front as a memento from Texas.

The year's accomplishments and achievements were announced at the pre-convention committee meetings held on Saturday, Aug. 22. Texas received many citations and plaques for its outstanding work during the past year. Vera Leigh, chairman of the Veterans Affairs and Rehabilitation Committee for the local unit, won the "Best All-Around Report" from national.

Mrs. Ott, past department president, 1982-83, entertained other past department presidents from 1982-83 with a luncheon on Sunday, Aug. 23. June Stolte, past national president, 1982-83, was a special guest at the luncheon. Gold sprayed horseshoes were presented to those attending.

Oil, gas drilling applications down

AUSTIN - A total of 1,517 drilling applications were processed by the Railroad Commission in August, RRC chairman Mack Wallace said. In July, the total was 1,639.

The August total included 1,120 applications for permits to drill new oil and gas tests, 50 to deepen existing holes, 168 to plugback existing holes, and 44 for service (non-producing) wells. Operators also filed 135 amended drilling applications.

Applications for new oil and gas holes in August included 66 in the San Antonio area (District 1), 41 in the Refugio area (District 2), 100 in Southeast Texas (District 3), 67 in deep South

Texas (District 4), 29 in E. Central Texas (District 5), 45 in East Texas (District 6), 176 in West Central Texas (District 7B), 106 in the San Angelo area (District 7C), 193 in the Midland area (District 8), 122 in the Lubbock area (District 8A), 150 in North Texas (District 9), and 25 in the Panhandle (District 10).

In the first eight months of 1987, the commission has received 10,359 drilling applications, a 17 percent decrease from the 12,440 received during the same period of 1986. Since the first of this year, the number of drilling applications received monthly has increased 27 percent, from 1,109 in January to 1,517 in August.

Local

Economic development eyed

A one-day workshop on economic development for rural areas and small cities is being sponsored by the Texas Agricultural Extension Service and West Texas Chamber of Commerce. The workshop will begin at 9:30 a.m. on September 24 at the Ward County Community Center in Monahans. A registration fee covers materials, lunch and refreshments. The registration fee is \$30 if paid before September 11 and \$40 after that date.

"All across Texas, county Extension agents and citizen task forces have recently completed studies to identify crucial concerns and plan long-range Extension programs to address these issues," said Mitchell County Agent, Mike Mauldin.

"One critical issue which emerged throughout the state was the sagging economy of local businesses and agriculture," Mauldin noted. "This workshop is specifically designed to address this issue." The target audience is chamber of commerce executives, mayors, city council members, bankers, county officials, school board members, business leaders

and other community leaders, he said.

According to the county agent, the program is designed to help these leaders understand why and how economic development occurs, develop a feasible and workable strategy for community economic growth and initiate viable development programs.

Participants will be welcomed by Lloyd Stoeber, Chairman of the West Texas Chamber of Commerce Economic Development Committee and Bob Miller, president of the Monahans Chamber of Commerce.

Strategies for economic growth will be addressed by Dr. Don Stebbins and the impact of agriculture on area economies will be explained by Dr. Greg Taylor. Both of these speakers are from Texas A&M University. Retail trade and revitalizing Main Street will be discussed by Donna Porter, Manager of the Sweetwater Main Street Project.

An examination of tourism as a development option will be led by Phil Davis from the Texas Tourist Development Agency. "Getting Your Community Fired Up" is the luncheon topic of James Roberts, president of Roberts Publishing Company in Andrews.

Retention of existing industry will be discussed by Mike McElrath from Southern Union Gas Company in El Paso. Harold Smith, Community Development Representative of TU Electric in Fort Worth will lead a discussion on community industrial development teams.

Rural health care and its impact on economic development will be discussed by Gary Shreve, Ward County Hospital Administrator. Where to find industry is the question to be addressed by Terry Beck, Coordinator of Area Development for Texas-New Mexico Power Company. Financing industry in small towns will be covered by Rosa Rios-Valdez.

Roll call was answered with "One difference in women working outside the home in my Mother's Day and today".

During the business meeting, a nominating committee was appointed. The committee consisted of Margaret Brame, Blondie Hamilton and Billie Shroeder.

Lily Farrar from the Colorado City Club brought the program on collars. She had a variety of collars with her for display.

Refreshments were served by Mrs. Shroeder to the following: Mmes. Eva Wells, Ruth Holman, Veida Gage, Margaret Brame, Blondie Hamilton, Nina Meadows, Jimmie Jacks, Bessie Vaughn, (new member), and Lily Farrar, a guest.

The next meeting will be September 16 in the home of Mrs. Veida Gage.

Wolves beat Slaton in 1987 opener

The Colorado City Wolves showed the better control of their offense here Friday night and kept Slaton's offense in control to open the 1987 football season with 14-6 whipping of the Tigers.

Fans on the home side of Wolf Stadium were treated by an offense that ate up the clock, a tough defense and key performances by several Wolves.

Colorado City capitalized on the first of numerous Slaton miscues for a 7-0 first quarter lead then continued its dominance to quell a fourth quarter Slaton threat.

Colorado City head coach and athletic director Tom Ramsey said after the game that a big point in the ballgame was a kick-off return by junior Mark Russell.

Still leading 7-0 the Wolves put together another solid drive in the third quarter only to be turned away at the Slaton 29 yard line. The Tigers' offense responded with a 64 yard scoring drive that ate up the remainder of the third period time and carried into the fourth quarter.

A three yard run by Slaton quarterback Jason Bednarz narrowed the Colorado City lead to 7-6 with 10:56 remaining in the game. Bednarz' extra points pass attempt to halfback Les Clark was over the target.

Slaton had to rekick the ensuing kickoff because of an offside penalty. Russell, a 200 meter dash regional qualifier, received the kickoff at the Colorado City 23 yard line, headed south a few steps along the west sidelines, cut across the width of the field, then headed south again for a 38 yard return to the Slaton 39.

Junior running back Pat Ridge gained five and four yards on the next two plays before junior fullback Beau Rees powered through the immediate right side of the line for 13 yards and a first down at the Slaton 17.

Ridge gained another two yards to the 15. On second and eight from the 15 quarterback Ismael Silva hit tightend Ray Rivera as he cleared the left side of the line. Rivera hung on for the score. Sophomore Ray Rivera's

PAT kick made for the final count with 8:27 left to play.

The Tigers returned Silva's kickoff to their own 42 and were given 15 more yards on a face-masking call against the Wolves-taking first and ten at the Colorado City 43. On second-and seven from the 40 Tigers running back Gaylon Davis broke loose for a touchdown run that was called back for an illegal procedure call.

Colorado City middle linebacker Jerry Bob Hulme and defensive tackle Darvin Jackson held Bednarz to six yards on a third and eight keeper from the 41. The Wolves shut the door by stopping Davis on fourth and two from the 25.

From there the Pack grinded out 50 yards before relinquishing the ball at the Slaton 15 yard line with just 29 seconds left.

Driving the ball was what the Wolves spent most of the game doing. The Wolves outrushed the Tigers 213 yards to 138 while Silva was 5 for 8 in the passing department with no interceptions

and the scoring strike to Russell.

The Wolves did not lose a fumble and held the ball for 18 of 26 first quarter plays, 20 of 32 second quarter plays, 13 of 29 third quarter plays and 18 of 27 fourth quarter plays.

Slaton, on the other hand, lost 2 of 5 fumbles and suffered two interceptions by Rivera.

The Wolves bobbled but recovered the opening kickoff. The Pack readied to go for it on fourth and one at their own 26 but changed their mind after a delay of game call made it fourth and six. Rees' punt, one of only two punts in the game and the only punt for the Wolves, went 29 yards to the Colorado City 45 but the Tigers' Davis fumbled it and there to recover his first of two fumbles for the Wolves was Sammy Garcia.

The Wolves took over at their own 44 and cashed in with a 56 yard drive behind the running of fullback Rees. Rees gained 152 yards on 24 carries Friday night.

He carried nine times in the 12-play drive that gave the Wolves a

7-0 lead. Rees proved to be the money man for the Pack-at least for the first game-as he was called to get 11 of the 18 Wolves' first downs.

Rees included a 17 yard run in the first scoring drive, a play that made it first and ten at the Slaton 25. He was stopped for no gain on third and three from the eight. On the next play Silva ran right then pitched to Tillis at the last possible second and Tillis side-stepped defenders for the score with 3:45 left in the first period. Rivera kicked the PAT.

Davis broke loose for a 35 yard run on Slaton's next possession to make it first and ten at the Wolves 40. Russell prevented Davis from running for the remaining 40 yards. Slaton stalled with back-to-back delay of game and illegal procedure calls at the Colorado City 21.

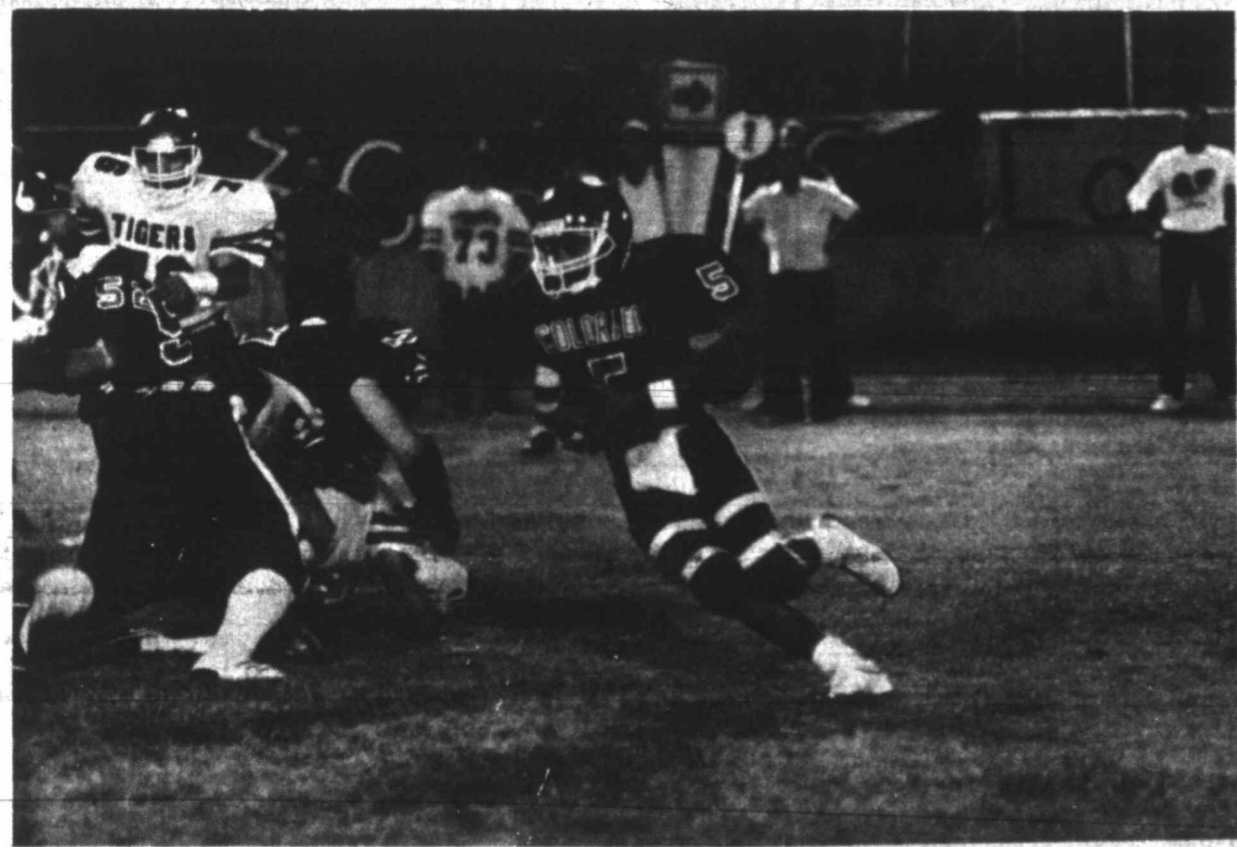

Slaton then completed its first pass attempt. Rivera picked off Bednarz second attempt at the Wolves 5 yard line and returned the interception 10 yards.

The Wolves marched 68 yards

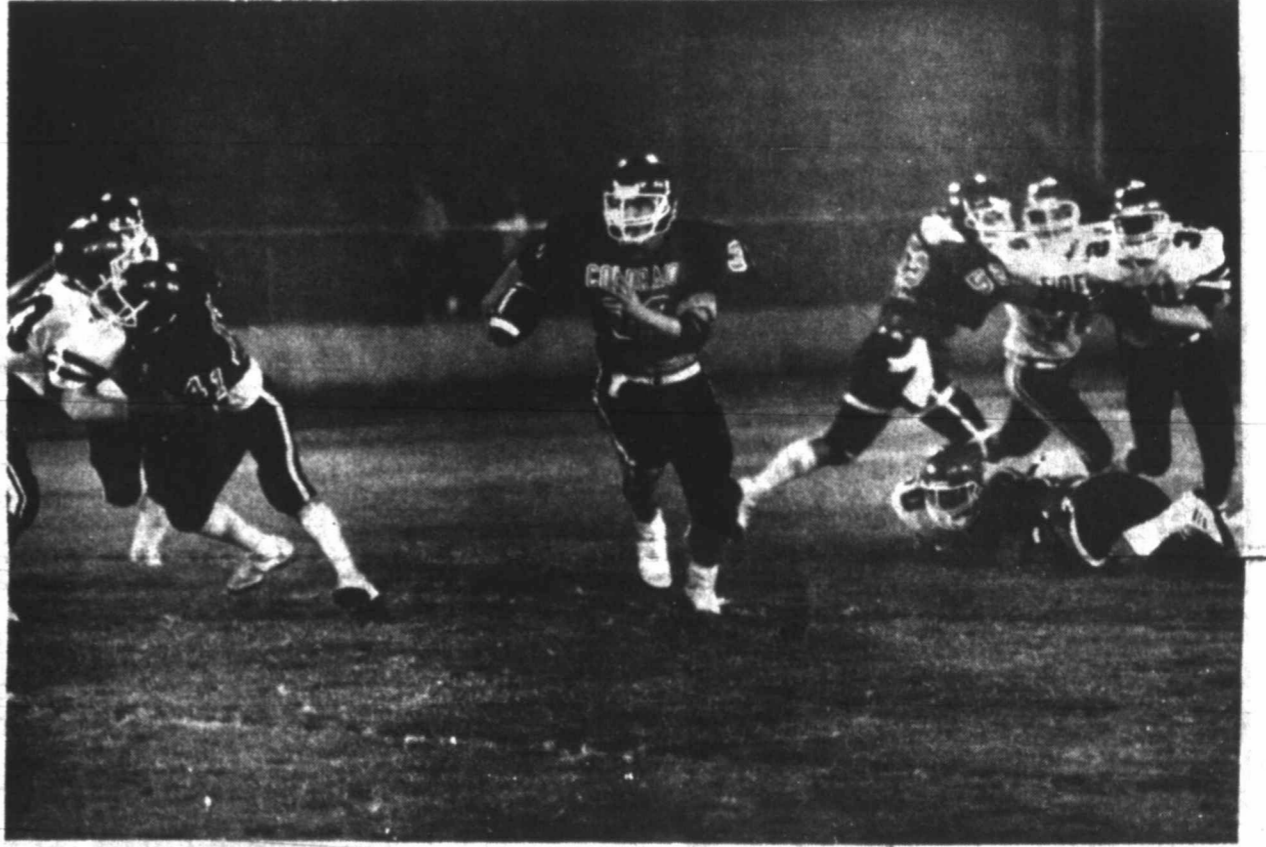

to the Slaton 17 before the possession ended on a blocked 35 yard field goal by Rivera who drilled the two extra point attempts. Included in the drive were solid gains by Silva, 13 and 14 yard passes from Silva to Joe David Rodriguez and Brandon Fuller, respectively, and a 13 yard gain by Rees.

Colorado City stopped the two final first half drives by Slaton. Rivera got his second interception of Friday night as the first half came to an end just after a quarterback sack by Steve Smith.

Slaton had more trouble holding on the ball in the second half. Sammy Garcia, who splits defensive end duties with Steve Smith, recovered his second fumble of the contest to end the Slaton Tigers' first second half possession. The Wolves then made their third of five solid drives. It ended at the Slaton 27 and preceded the Slaton score. Included in the drive were a 14 yard run by Rees and a 14 yard Silva pass to Russell.

QUARTERBACK ISMAEL SILVA(5) follows the blocking of Derrick Taylor(52) and Bill Dossey(74) for a gain during the Colorado City versus Slaton season-opening football game at Wolf Stadium won by the Wolves 14-6.

JUNIOR FULLBACK BEAU REES finds big running room against the Slaton Tigers Friday night. Also pictured are running back Pat Tillis(41) and Derrick Taylor(52). Rees gained 152 yards on 24 carries.

Indians next for Pack

Earlier this week, after having a weekend of coaches meetings and film viewing, Colorado High School head football coach and athletic director Tom Ramsey felt even better about the Wolves 14-6 win over Slaton at Wolf Stadium Friday night.

Like a piece of fine literature, it took a closer look at the game to fully appreciate what the Wolves accomplished during the battle of the AAA squads.

Anyone who saw the game in person probably only knows that the Wolves won only 14-6.

They didn't look real spectacular in doing so. Perhaps the biggest news was what they Pack didn't do. It didn't beat itself.

"We had no turnovers," said Ramsey. "That was probably the difference in the ballgame. It's something we were extremely tickled with."

Slaton committed four turnovers. "I felt we probably played better after watching the film," said Ramsey. "We pretty well dominated them."

"We took some 69 snaps of the ball compared to 30 something for them. We probably should have had one or two more touchdowns. We dominated more than the scoreboard indicated."

"We were able to control the football to a large extent," said Ramsey. "We had an 11-2 edge in first downs the first half. In the second half it was 7-7."

"They're pretty much improved over last year. Number 25(back Gaylon Davis) could fly. He moved a lot faster than anybody else on the field."

The Wolves pounded away at the Tigers behind the work of the

offensive line and the 150-plus yards rushing by junior fullback Beau Rees. Quarterback Ismael Silva sprinkled in an accurate passing threat.

"We want to give him(Rees) the ball," said Ramsey. "We plan to throw 7 to 10 passes. We were controlling the ball. Silva was 5 of 8 passing and that's well over fully appreciate what the Wolves accomplished during the battle of the AAA squads."

"Defensively we were knocking them loose. Jerry Hulme(middle linebacker) cause a fumble. He put his helmet on the ball. He got a hit in the goal-line stand." The Wolves held Slaton just before their score on a third down inside the five yard line but were called for an offside infraction-giving Slaton quarterback Jason Bednarz another opportunity.

Coach Ramsey hopes for more performances like the one registered by sophomore Ray Rivera's two interceptions, two extra point kicks and one touchdown reception.

Tomorrow the Wolves travel to Seminole. The Indians were 7-3 upset losers to Coahoma Friday night. "We'll throw more, for high percentage passes. We will throw deep. It's there with Silva's arm."

About Seminole Ramsey said "I don't know if they were expecting a little puppy at Coahoma or if Coahoma was just a little better than everyone thought. Seminole's mainly a run oriented team. They played well against us last year(the Indians led only 13-6 at halftime before pulling away for a 34-18 win)." Coahoma gained the Indians by

100 yards. Coahoma won on Matt Rowel's 4 yard run with 6:00 left in the third quarter. Rowel, a transfer from Divine, gained 195 yards on 31 carries for Coahoma. Seminole scored on a 33 yard second quarter field goal by Shawn Hatchett and squandered other penetrations. Coahoma had 213 yards rushing and made a goaline stand for their first win since 1985.

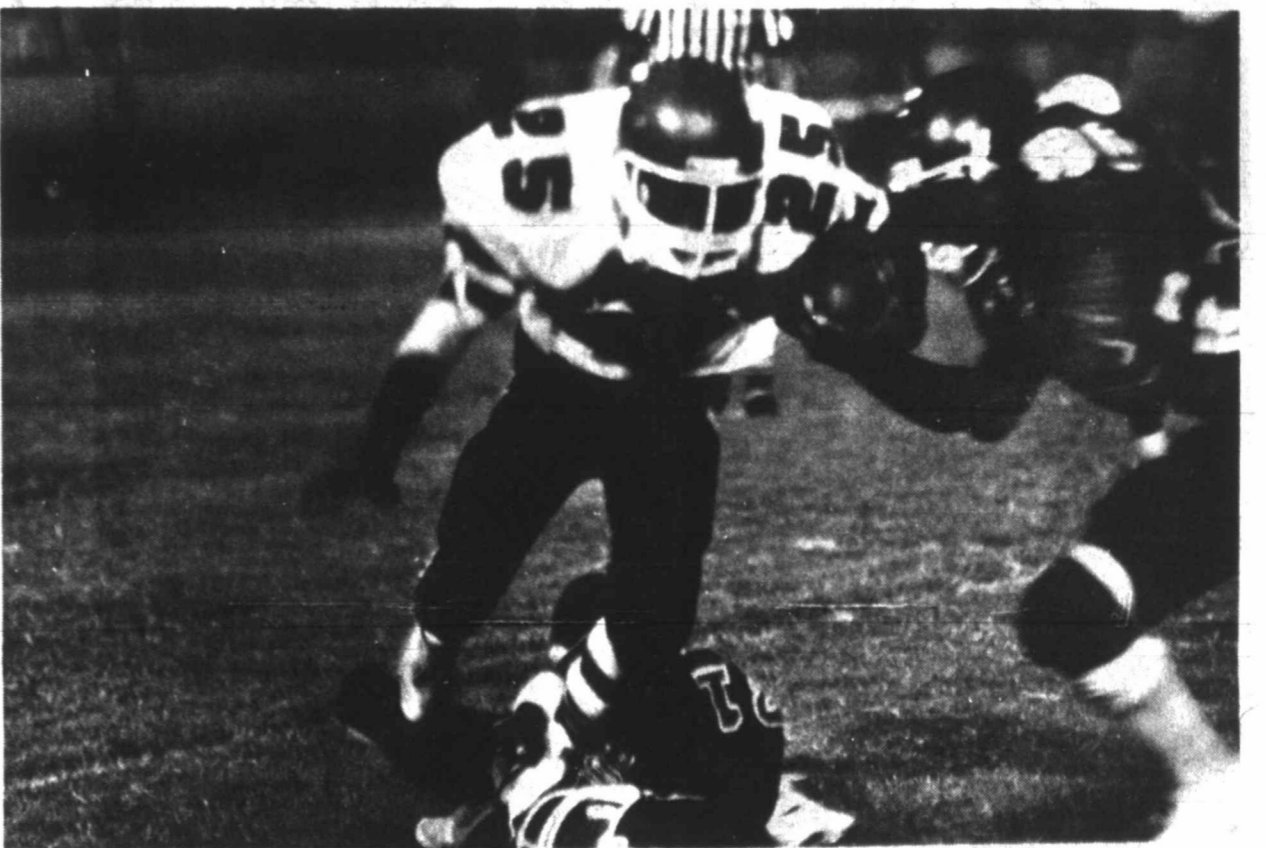

The Wolves will go to Seminole with everyone in playing condition. "We came out alright(in injuries)," said Ramsey. "We'll probably have two starters back-for Friday." Safety Cary Ritchey and defensive lineman Eduardo Melendez sat out the Slaton contest.

"It will be our first trip to Seminole since 1984. Realignment caught us the last two years. They way it worked out, to even out the home and away games, they needed to come here and we needed them to."

Honorary captains for Friday night were Derek Ramsey, Bill Dossey and Corey Flanagan.

Goree outscores Loraine in season opener

Loraine hosted Goree Friday night in the season opener for both Six-man football squads and lit up the scoreboard in a 62-56 win by the visitors.

Coach Tommy Meredith expects an even tougher time this Friday when the Bulldogs travel to Lazbuddoe for a 7:30 PM contest.

The Bulldogs trailed 48-34 at halftime and closed to within a touchdown of Goree but were unsuccessful on an onside kickoff attempt late in the game.

Loraine fumbled four times with two of them coming inside their own eight yard line.

Rudy Sanchez ran for four touchdowns in the losing effort and passed for another two scores. Sanchez had scoring runs of 43, 72, 3, 1 and 5 yards. He gained 225 yards on 24 carries and completed 4 of 4 sweep option passes-two were scoring strikes to Luis Leija and David Sanchez and finished with 112 yards passing.

Quentin Merket scored on a 38 yard end around and Shawn Finley added 8 points with four extra point kicks. Regular quarterback Casey Cooper completed 4 of 13 passes for 28 yards. Merket also added 46 yards rushing on 2

carries.

Receiving totals were 68 yards on 4 catches by Merket and 82 yards on 2 catches by D. Sanchez. "Defensivley," said Meredith "R. Sanchez had 20 tackles with 9 unassisted while Finley had 22 tackles with 5 unassisted.

Loraine outgained Goree 423 yards to 414.

"We should've beat them," said

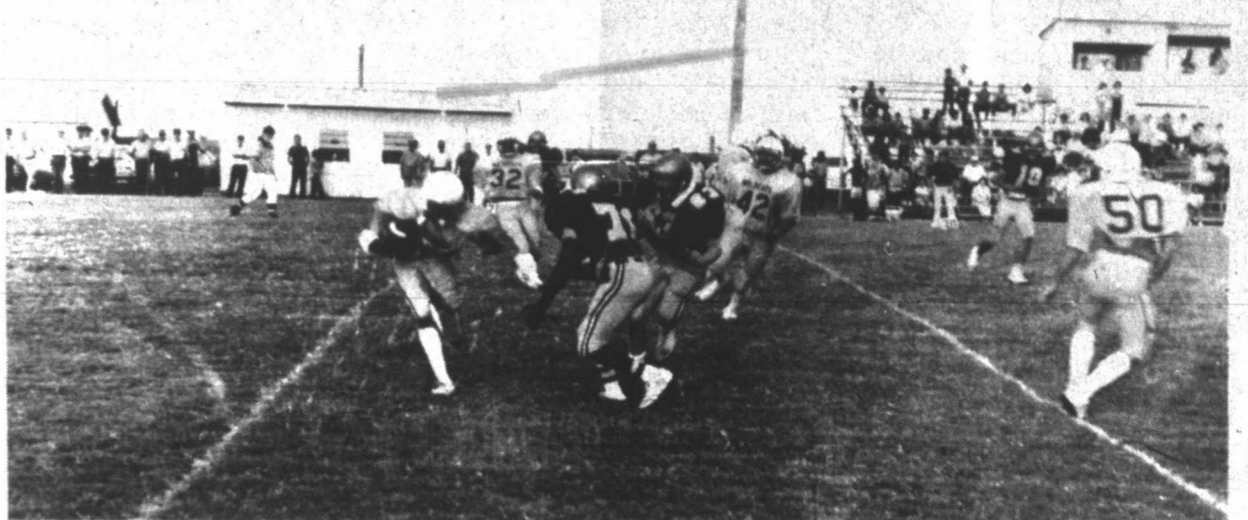

Meredith. "Our pass defense broke down in the first half but we allowed them only 85 yards in the second half.

"Our problem is a bunch of young kids. If we go to Laz-

buddie and play them a good game we can show them what we've got.

Josell Williams made an interception of Goree Friday night. The Bulldogs pass defense will

get an even tougher test tomorrow. Lazbuddie just came down from eleven man ball and returns an All-South Plains quarterback and a quick running back, said Meredith.

LORLAINE BULLDOGS Josell Williams(78) and Shawn Finley(63) prepare to put the tackle on a Goree running back during the Bulldogs 62-56 loss Friday night.

CMS begins volleyball

Colorado Middle School volleyball teams began the 1987 season by hosting Hamlin Monday night.

Winning for the Lady Wolves was the eighth grade B team 16-14, 15-12. Hamlin won the eighth grade A contest 15-6, 9-15, 15-11.

In seventh grade play the Pied Pipers won a 15-5, 15-2 A game and a 15-8, 15-1 B game.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 3, 1987

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 55 proposes a constitutional amendment to authorize the legislature to provide for the issuance of \$400 million in general obligation bonds to be used for loans to local governments for acquisition, construction, repair, renovation, and equipment of public facilities or for grants to local governments for planning public facilities. The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects related to corrections institutions

and mental health and mental retardation facilities."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11 ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting spouses to hold community property with right of survivorship."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor or the auditor's successor in the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18 ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19 ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23 ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."
