GOVERNOR IS HEARD TODAY IN ADDRESS

STATE-WIDE BOND PLAN IS SIDESTEPED IN ABILENE TALK

(By Associated Press)
ABILENE, May 29.—Without definitely committing himself to the state-wide bond issue plan, Governor Moody today advocated the state taking over and paying off all outstanding county and district road bonds, proceeds of which have been used in construction of state highways, the securities to be retired by revenue obtained through "tax on traffic."

Speaking before the convention of the West Texas Chamber of Commerce, the governor presented an exhaustive review of highway administration during his tenure as chief executive, declaring that Texas had "the largest highway problem of any state in the American Union."

Our Problem Greatest
The area of our state and the thousands and thousands of miles of highway system makes our problem greater than that of any other state, Governor Moody said.

DIVERSIFY IS DICKENS GOAL

FARMERS TURNING TO ALFALFA, DAIRYING AND OTHER WORK

(By Staff Correspondent)
SPUR, May 29.—Many Dickens county farmers are now planting small areas of alfalfa and are turning to the raising of a few dairy cows and some hogs.

Alfalfa grows well in the county as there seems to be a regular "sheet water" lake only a few feet below the surface of the earth. Wells can be put down for fifteen or twenty feet and an abundance of water assured.

Dairying is increasing all the time and dairymen are now looking to alfalfa and grain sorghums for their feed supply.

This year's acreages of maize, kafir and grain sorghums will be larger than ever before.

Farmers are also turning to chicken raising and on nearly every farm there is a large flock of chickens. Several Spur poultry houses ship regularly.

During the past year the Wichita Valley railroad has handled eight or ten carloads of live poultry, some five car loads of dressed poultry and considerable small shipments of both by express.

The Spur Creamery, a local company, organized about a year, has shipped one full carload of butter, besides regular small shipments.

Poultry and egg buyers and cream buyers ship most of their purchases by truck. Lubbock receives the greater part of the shipments, although there is being worked up a larger market for unfertile eggs in Fort Worth and other eastern market towns.

Much Cotton Up In Dickens County Now
(By Staff Correspondent)
SPUR, May 29.—More than 70 per cent of the cotton of Dickens county that has been planted is now up, it is estimated by E. A. Russell, agent of the Wichita Valley railway.

"We will have to do some replanting, but I estimated that at least 70 per cent of the cotton is now up," he said. "There may be a lot of replanting in the county."

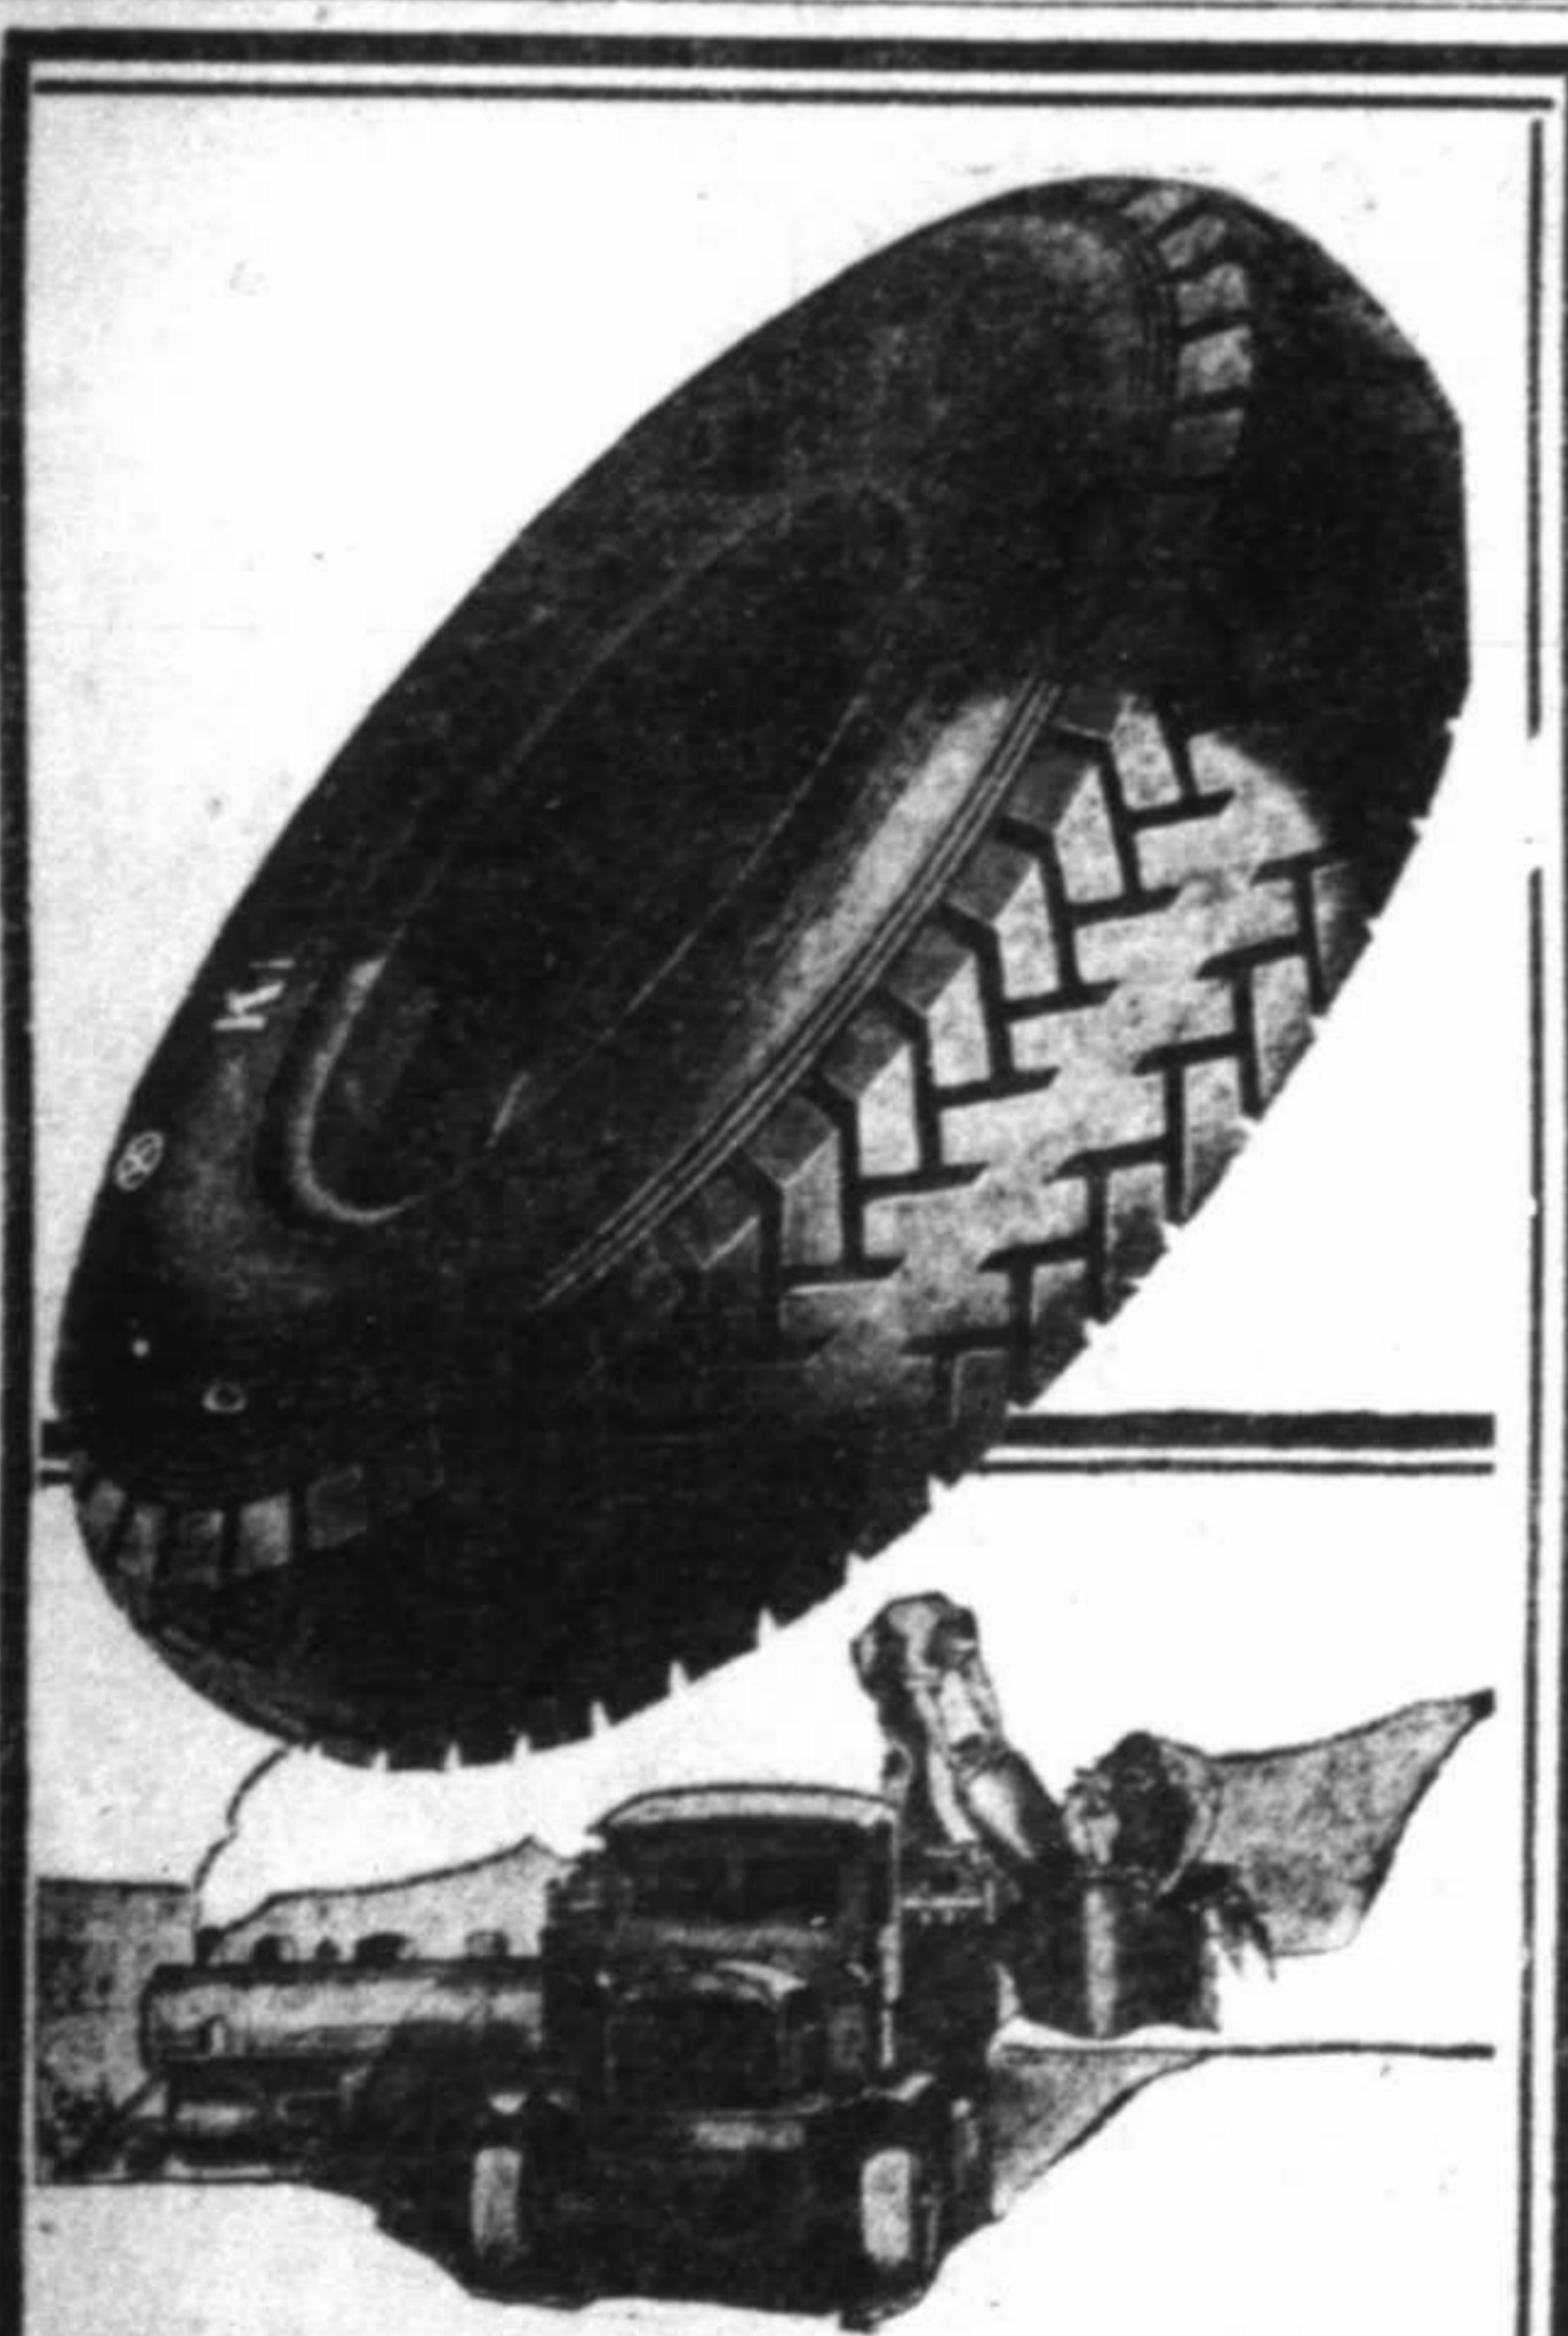

There may not be an increase of cotton acreage in the county this year, Mr. Russell said. Most farmers and others are talking a decrease, he explained, and from reports he had received he did not think there would be an increase. "More than likely there will be a slight decrease," he added.

CUSTOMERS INCREASE
DIMMITT, May 29.—(Special)—Dimmitt's municipal water system now has 110 customers and a score more are to be connected at an early date. Bert Huckabee, city secretary, reports. Additional extensions will add 20 more, Mr. Huckabee reports.

A. Deshong, penitentiary physician, to determine if he will follow a convict's life or be confined to the state hospital for nervous diseases.

DIMMITT, May 29.—(Special)—Dimmitt has an 18 hole miniature golf course with I. B. Brooks and B. Bert Huckabee as owners. It will accommodate 26 players at one time.

What we are selling is MILEAGE

It is easy to claim big mileage for any tire. To get it out of a tire is a different matter.

The Kelly Heavy-Duty pneumatic is one tire you can be sure will give mileage. We honestly believe there is not another tire of its type being built today that will stand up alongside it. We have watched enough heavy duty tires in service to know what the various makes will do, and we will back Kellys to beat any of them.

We could give you a long story about tire design, number of plies of cord, etc., but we don't believe you care about reading it. What you are buying, and what we are selling is MILEAGE.

That's why we sell Kelly-Springfields.

Dickens Ships Out Good Cotton Total

(By Staff Correspondent)
SPUR, May 29.—Eleven thousand bales of cotton have been shipped out of Spur for the 1929-1930 season, according to the records of E. A. Russell, Wichita Valley Railroad company agent here.

Normal crop of Dickens county is around 25,000 bales of cotton.

The year before, the cotton shipments amounted to 28,000 bales while the 1927-1928 season had 36,000 bales.

Dickens county farmers last year suffered hard luck, crop failures, storms and the like taking a heavy toll. Despite this, the county is in splendid financial shape and all seven gins are expected to be open in the early fall.

Mrs. S. J. McFarland Is Honored Wednesday By Women Of Christian Church

Shower And Program Are Features Of Entertainment; Eighty-Five Present

About 85 women of the First Christian church gathered in the reception suite of the church Wednesday afternoon between 4:30 and 5:30 o'clock to attend a party honoring Mrs. S. J. McFarland. Mrs. McFarland, superintendent of the Christian Sunday school, and Mrs. McFarland, a teacher of intermediate girls and a prominent W. M. S. worker, are leaving soon to make their home in Dallas.

Floor baskets filled with roses and larkspur were used to decorate the rooms, where guests were met at the door by Mrs. J. E. Hartley and Mrs. P. O. Kelley, who presented them to the honoree and to the following hostesses: Mesdames G. P. Kuykendall, J. N. Nislar, R. W. Walker, D. N. Leaverton, J. O. Ballinger, W. R. Blake, and W. P. Jennings.

Punch Is Served
As they entered, guests were served punch, with Lorena Owen and Nancy Ruth Leaverton presiding at the bowls, and other members of Mrs. McFarland's Sunday school class assisting.

The program for the afternoon included piano numbers by Pauline Phillips, Mary V. Ballinger, Lucille Benson, and Nancy Ruth Leaverton, and a reading by Miss Mary Ansel.

Gifts Presented
Mrs. Arthur Brown presented Mrs. McFarland a beautiful Gladstone bag as a gift from the church circles and of the Sunday school. It was filled with gifts from women not included in these groups.

Girls in Mrs. McFarland's Sunday school class, frocked in summer dresses and garden hats, surrounded their teacher and showered her with handkerchiefs.

The Red Shirts organization composed of high school boys and their guests held their annual all-day party Tuesday.

Luncheon was served in the home of Mrs. H. G. Brock, 715 Avenue O, and the day was spent in golfing, automobile riding and a theater party. Closing the festive occasion was a skating party and picnic at Johnston's ranch.

Those attending the luncheon were Ornd Brock, Roscoe Clark, Cherris Foster, Carroll McCasland, Sam Henry, and A. C. Sanders.

The following attended the picnic and party: Ornd Brock, Eulalia Henderson, Roscoe Clark, Francis Watson, Cherris Foster, Elaine Henry, Sam Henry, Robbie Lee Crawford, Dale Dean, Helen Dietzel, Carroll McCasland, Marjorie Drake, Stan Noak, Irma Braden, Charles Glasgow, Rosemary Leaverton, Roger Eason, Margaret Bruckner, and Mary Nell Johnson.

Plans Announced For Bible Schools

Daily vacation Bible schools will open next Monday morning at the First Baptist and First Methodist churches.

Due to the fact that a large number of members are ill or out of the city the school which was to have been held at the First Presbyterian church, has been postponed until August, according to an announcement from Miss Virginia McLean, young peoples director.

Plans are under way at the other two churches, however, to open their school June 30, with children from the beginners through the intermediate departments eligible to enroll.

Picnic Given For Baptist Classes

The Plainmen, a class of the First Baptist church taught by M. L. Shepherd, were hosts at a picnic Tuesday evening at Igo ranch honoring the Pollyanna class, taught by Mrs. Jack Mosley.

The group met at the church at 6:30 o'clock and motored to the ranch, where games were played and a picnic lunch spread.

Visitors Honored At Bridge Party

One of the lovely bridge parties of the week was given Tuesday afternoon when Mrs. L. B. Rice, 2303 8th street, entertained in honor of her two house guests, Mrs. J. Guide of Dallas and Mrs. I. O. Scott of Gatesville.

Cut flowers and roses were used as floral decorations in the entertaining room where the tables were arranged for bridge. At the close of the games a refreshment plate of date salad, dainty sandwiches shaped like clubs and spades, and ice tea was passed.

Guests were Mesdames A. T. Biggers, Calvin Benson, W. P. Clement, P. F. Murray, R. D. Chipley, J. Guide, I. O. Scott, Misses Marie Kincaid and Evelyn Rutherford, daughter of the hostess.

Miss Rutherford assisted her mother in entertaining.

Party Series Held For Quannah Couple

Mr. and Mrs. G. A. Simmons who are moving to Lubbock this week to make their home, have been honored with a series of parties by Quannah friends recently.

Mr. and Mrs. D. D. Swearingen and Mr. and Mrs. C. B. Simpson entertained the latter part of the week.

Mrs. Swearingen chose pink and green for her color scheme and actually emphasized it in all of the appointments.

Forty-two guests were present. Mr. and Mrs. Simpson entertained delightfully with a buffet supper to honor Mr. and Mrs. Simmons.

After supper the guests played golf at a miniature course.

Oklahoma Visitor Is Complimented

Complimenting Mrs. L. R. Blake of Woodward, Okla., Mrs. T. E. Frye, 2002 26th street, Tuesday afternoon, entertained a few friends with a bridge party.

A lovely ice course was served to Mesdames Walter Alderson, Harry Miller, Bode Adams, Lewis Thomas, H. L. Cantelero, Miss Billie Nell Pettie and the honoree.

Mrs. Miller won high score. Mrs. Blake and her daughter, Peggy Ruth, are visiting in the Pettie home.

Couple To Move Here Honored In Abilene

Mr. and Mrs. W. D. Coffman, of Abilene, who are leaving that city to reside in Lubbock, were guests of honor at a recent meeting of the Abilene Pastime club with Mr. and Mrs. E. P. Austin as hosts.

Rainbow colors were predominant in flowers about the rooms and in game appointments as well as in refreshments, served in two courses. An attractive favor was presented each guest.

Loyal Sisters Are Guests Wednesday

Needlework was enjoyed by the Loyal Sisters club Wednesday afternoon when Mrs. R. E. Swain was hostess in her home near Lubbock.

A dainty refreshment plate was passed to Mesdames John R. Hall, C. A. Faulger, Fred Owens, J. G. Biffle, George Duval, W. A. Childers, H. T. Cizm, and Minnie Nichols.

Program Is Given By Camp Fire Group

A benefit program was given by members of the Akipsa Camp Fire Tuesday evening in the home of Miss Elizabeth Connor, 2002 Avenue Q. The group plans to go to Carlsbad cavern in August.

Included on the program were the following members: piano selection, Jack Giles; reading, Dorothy Duclan; dance, Dorothy Ford; acrobatic dance, Marjorie Humphries; piano solo, Bernice Davies; dance, Barbara Hale; reading, Mary Cammack; piano selection, Lucile Benson; dance, Kathleen Dickey; reading, Marguerite Powers; piano number, Maxine Henry; tap dance, Barbara Hale; violin selection, Norma Smith; military tap dance, Marjorie Humphries; dance, Arveta Lea Green; tap dance, Dorothy Ford.

Talks will be made by Maxine Henzley and Nathalie Fulton.

Pastime Club Is To Meet Next Week

Mrs. Albert Fryar will entertain the Pastime club Friday afternoon, June 6, instead of tomorrow, as was formerly announced. Her address is 2401 21st street.

Virginia's birth rate increase for the first quarter of 1930 set a new high record for recent years. There were 12,425 births.

Mrs. Keith Named Honoree For Party

Mrs. Louis B. Washburn, 1902 26th street, entertained at bridge Wednesday afternoon to honor Mrs. R. C. Keith, who is leaving for Roswell to make her home the latter part of the week.

A dainty ice course was served at the close of the afternoon to Mesdames E. Martin, Burch Roberts, Y. W. Rogers, Herbert Ralls, and Miss Aylene Arnett.

Mrs. Roberts was favored for high score and Mrs. Martin for consolation. A guest prize was presented Mrs. Keith.

Graduating Nurses Honored At Dinner

Mrs. Bennie Sanford, Miss Thelma Stephenson, and Miss Gynedolen Beebe, graduation nurses of the West Texas hospital, were honored with a dinner in the patio of the Glorieta tea shop Wednesday evening.

Hostesses for the occasion were Mrs. Ruby B. Gilbert, Miss Edna Engle, and Miss Cleo Kerr.

An artistic centerpiece of white and pink, class colors was fashioned of carnations, sweet peas, and tinsel butterflies. The colors also were stressed in the courses of the dinner and in dainty corsages presented each guest.

Mesdames Crabb, Stanton Hostesses

Mesdames Walker Stanton and H. H. Crabb joined in entertaining at bridge Wednesday evening in the Stanton home, 1924 7th street.

Faces of girls, showing trim orchids, were used as tallies, and ice cream shaped as orchids was served with cake in orchid with green decorations. Tiny boys wearing clown hats were given as plate favors.

Those present were Dr. and Mrs. O. W. English, and Messrs. and Mesdames M. N. Hale, Lawrence Bacon, Volney Hill, Ralph Sherman, Joe Nislar, T. H. Biecker, and Miss Mary Alice Stanton.

Les Cigales Club Is Attending Party

Members of Les Cigales club are attending a bridge party this afternoon at the home of Miss Lois Thompson, 1911 16th street. Joint hostesses are Misses Corene Ralliff and Ganie Nix.

VITALITY!

"SURE! I can finish that today"
A strong, healthy body and mind always respond to the occasion. Employers appreciate and recognize unflinching freshness—always ready—cheerfully ready to carry on—minus that "tired feeling."

DON'T let a weakened body hold you back. Prolonged, it may result in so-called premature old age. Today's happiness and friends may be gone tomorrow.

Thousands of people have a low blood count—to this may be attributed skin troubles, "run-down" systems and even more serious ailments.

If you tire easily—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try S.S.S.

When you get your red-blood-cells back up to normal, that sluggish, let-down feeling, lack of appetite, skin troubles disappear. You should get

hungry again and sleep soundly; firm flesh should take the place of that which was once flabby. You should feel strong. Your nerves become steady.

S.S.S. helps Nature build rich, red blood. It improves the processes by which the body is nourished.

For more than 100 years S.S.S. has been helping people regain and retain their strength and charm. Thousands of users have testified to its benefits in unolicited letters of gratitude.

S.S.S. is made from strictly fresh vegetable drugs and is easily assimilated. All drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

MINISTER IS GIVEN BOND

AGED MAN IS CHARGED WITH MURDER OF ANOTHER

(By Associated Press)
 MT. VERNON, May 29.—The Rev. J. T. Smith, 70 year old Baptist preacher, is out on \$2,500 bond after a preliminary hearing Monday on a murder charge lodged against him after the slaying of W. C. Lammons, 52, May 13. The next grand jury has been set for August 25. Lammons was killed by a blow from a shotgun which broke his neck. His death was the result of an altercation over school affairs. Both men being trustees of Rock Springs school district.
 The defense offered no testimony at the preliminary hearing. Witnesses said Lammons followed the preacher to his wagon after the argument and that the preacher told the man he would hit him if he didn't stop. When Lammons failed to halt, Smith struck him on the side of the head, they testified.
 The preacher has been married five times and is the father of twenty-four children, according to Sheriff Tittle.

CAGLE, AND REASON HE QUIT ARMY

Now you see why Cadet Christian (Red) Keener Cagle, All-American football star, has had to quit West Point. He is pictured here with the wife whom he secretly married two years ago in defiance of the military academy's regulations. She is the former Miss Marion Hatfield of New Orleans, a boyhood sweetheart. Cagle resigned, a month before he was to have been graduated, following disclosure of the marriage.

Renews Lease

NEW YORK—Elba Root has renewed his lease of the tenth floor of a Fifth Avenue apartment building known as the house with Cold doorknobs because of its luxurious appointments. The annual rental stipulated when he first leased in 1911 was \$25,000.

Big Crowd

NEW YORK—A big crowd has seen Betty Compson off to Hollywood to make movies. As tabulated by the papers, it consisted of 1 band, 3 press agents and 6 camera men.

Leaving Prison

OSSING, N. Y.—Juan Marie Laues is leaving Sing Sing for Hollywood. She is the curly-headed eighty-year-old daughter of the warden, the pet of the prison, and was born in the warden's home within the prison gates. She is to appear in a film of prison life.

TO GET PAVED ROAD

Spur and Dickens soon will be connected with each other by a hard surfaced road. The road has been graded up and as soon as the state highway department gets around to it, the contract is to be let for paving. Meantime, traffic is settling the dirt work in good shape.

SAVING TO CITIZENS

Spur has its own municipal electric plant that according to reports, has saved residents of Spur \$24,000 in rates in the year it has been in operation. The plant is said to serve better than four out of five users of electricity within the city limits. It is located in its own building and lights the city's 72 street lights for as much as it formerly cost to operate ten lights or so.

Lamesa Is After Traffic Bureau

LAMESA, May 29.—(Special)—Lamesa with other cities in the W. T. C. C. District 6 will seek the establishment of a traffic bureau to handle West Texas freight problems during the annual convention of the West Texas Chamber of Commerce convention at Abilene this week-end. This district is in need of such a bureau to represent it in freight differential regulations and rates. Wm. A. Wilson, manager of the Lamesa chamber, stated, Tom Burnside has been elected as a Lamesa delegate to the convention after Carl Rountree announced this week that he could not attend. Rountree was formerly elected to represent Lamesa. Wilson will act as alternate.

SOUTH PLAINS NEWS CHATTER

BY J. SAM LEWIS, FIELD CORRESPONDENT

ABOUT TO CLASH
 Spur and Post are about to clash. According to D. L. Granberry, secretary of the chamber of commerce of Spur, that town has a far better golf course than the famed one at Post designed, built, managed and played on by George Samson, who caddied, more or less according to Post tradition on the famed St. Andrew's links in Scotland. "We've got a better course than Post and I'd like to show George Samson that we have," says the chamber of commerce man. "This is not chamber of commerce propaganda. We will demonstrate our course before Dr. Paul W. Horn of Texas Tech and The Flamingo man or any other responsible Lubbock man."

TO PAVE STREET
 Down at Spur the city dads have decided to pave the main "drag" and contracts have been let for the work. There was a short delay in starting but the work on five blocks is well advanced.

UNIQUE LIVELIHOOD
 F. A. Russell, station agent, has a new Scotch story. "Down in Port Worth, at the Port Worth club there is a man who pays 25 cents to anybody who tells or sends him in a Scotch joke that he has not heard," he says. "He requires the man who does not tell a new joke to him to pay him the two bits. That may be his idea of a Scotch joke. I don't know. At any rate, he is said to be wealthy and lives at the most exclusive club in Port Worth. He may, for all I know, make his living by that means."

NO FARMER YET
 W. D. Starcher, editor of the Dickens County Times, has picked out a 100-acre farm between Spur and Dickens that he says he would like to own. "But I am told it is so porous they can't raise a good crop on it," he adds. One of his farmer friends down near Dickens City has picked out a 200-acre farm he would like the editor to own, he wanting

ROWING THE SPORTS WORLD WITH ALLAN CARNEY JOURNAL SPORTS EDITOR

Lubbock golfers didn't fare so well in match play at the annual West Texas Golf association at Brownwood this week but a silver lining has made its way through the clouds of defeat.

While both San Angelo and Wichita Falls are asking for the tournament next spring, the latter city is the only real contender that will give Lubbock a race when the time comes for the site committee to name the location.

Golfers of West Texas are promised that the Lubbock Country Club course will be used in the 1931 tournament in the event the 1931 tournament is brought here.

Cottonseed hull greens proved the chief worry to local entries at Brownwood. On many instances, slight taint toward the cup from the high side of the green gained momentum as the ball trickled past the hole.

Ross McWhorter, captain of the Lubbock team, has offered to sell his golf clubs to the highest bidder.

foolish game, after all. He is one of the local golfers who is anticipating sweet revenge when the tournament is brought here next year.

What promises to be a whale of a ball game is scheduled for Merrill Park Sunday afternoon when Lubbock Gopher and Sled Allen lead the Tactless Texans of Amarillo in their first invasion of the season on Lubbock.

One of the numerous baseball clubs in Amarillo is counting strong upon the services of Raymond Ater this summer, but our friendly enemies on the north are likely to be disappointed on this deal.

Before the past season was over, Ater came to be recognized as the leading shortstop in the Southwest conference.

ABILENE STAR PLAYS BETTER GOLF IN SEMI-FINALS

BROWNWOOD, May 29.—Championship of the West Texas Golf association was at stake here today, with Dennis Lavender of Stamford and J. Dixon White of Dublin paired for the final 36 hole match. Lavender, 1928 champion, went to the final with an easy win of 5 and 3 over Morris Norton of Wichita Falls. Despite the erratic play of Norton, Lavender shot stellar golf in the semi-final match, playing the first nine in one under par.

ROARING MOTORS SCHEDULED TO BARK OUT BATTLE CRY ON MOTOR SPEEDWAY AT INDIANAPOLIS FRIDAY; 38 TO RUN

INDIANAPOLIS, May 29.—Roaring motors, scheduled to bark their battle cry at the Indianapolis motor speedway tomorrow in the eighteenth annual 500-mile automobile race, were given their final inspection today by their thirty-eight drivers and mechanics.

The track was closed for a chemical bath intended to remove all the oil that has dripped from the cars during the last thirty days' practice period. Following a drivers' meeting late today, however, there was a likelihood that the boys would be given a chance for a few final tuning spins.

Largest Since 1911 The thirty-eight cars which qualified for the event mark the largest field that has participated in a 500-mile race since 1911. For many years, the racing authorities limited the number to thirty-three, but the expansion came with the elimination of the super-charger and the passing of the single-seater speedster models.

Qualifying trials, which began last Saturday, ended at sundown yesterday. Eight drivers put their hopes through their paces on the final day to swell the field to its unusual proportions.

America's foremost speedway driver, a host of youths who have won their way into major racing through dirt track training, and two foreigners—Baconi Borsacchini and Letterio Cucinotta of Italy—will compete for the \$115,000 cash prize.

Louie Meyer, American driving champion; Peter DePaolo, Wilbur Shaw, Shorty Cantlon, Lou Moore, and Billy Arnold, who rode to recognition by piloting his mount faster than any other to qualify, are among those in the race.

HARRY SEIBOLD'S PERFORMANCE BIG FEATURE OF MAJORS; "SOCKS" MAKES GOOD ON HIS RETURN AFTER DECADE

BY HUGH S. FULLERTON, JR. Associated Press Sports Writer.

The current performance of Harry Seibold, veteran pitcher of the Boston Braves, is one of the most amazing things in the National League struggle. Back in the days when Washington had a pair of pitchers named Nick Altrock and Al Schacht and a young left handed hurler appeared on the Boston Red Sox roster as G. Ruth was considered a good enough batsman to appear in a World series game as a pinch hitter.

A decade ago Seibold disappeared into the minor leagues, and little more was heard of him until he appeared at the top of the International league last week in Reading in 1928. The Chicago Cubs called him in from their farm to use as a trading material and sent him to the Braves. Seibold had a fair season last year, winning 12 games and losing 17, but it was not until the start of the 1930 race that he really began stepping out.

So far in a race only two months old, Seibold has pitched nine complete games and has won seven of them. He has not yet been removed from the hill, taking his complete turns every five or six days with a remarkable degree of success in a close race. He held the Phillies to six hits yesterday and won his seventh victory by a 3 to 1 score in the first game the teams have been able to play this week.

Seibold's leading rival for staying honors in the major leagues, Walter Stewart of the St. Louis Browns, trailed right along behind him, completing his eighth contest in ten games with a 4 to 2 victory over Detroit.

The Chicago Cubs moved up to an almost safe place in the national league's first division by winning the remaining contest of the three which survived the rain and cold of yesterday. By defeating Cincinnati, 6 to 5, the Cubs made their margin over the New York Giants a full game.

Chicks Extend Lead In Southern League ATLANTA, Ga., May 29 (AP)—A win yesterday 6 to 2 gave Memphis a three game series from New Orleans and a lead of four games over the Pelicans in the Southern Association.

Campolo Is Named As Bout Alternate NEW YORK, May 29 (AP)—Victorio Campolo, Argentine heavyweight, has been named by Madison Square Garden as the alternate for the Max Baer-Jack Sharkey title bout at the Yankee Stadium June 12. In the 10-round semi-final Arthur B. Kutz, Italian Giant, is to meet Walter Cobb of Kansas City.

Von Porat Batters Gagnon Last Night

CHICAGO, May 29 (AP)—Otto Von Porat, long ridiculed as a fighting man without a real fighting heart, has rounded back as one of the outstanding names for the heavyweight boxing championship.

The angular Norwegian regained his standing and completely belied his soft-hearted reputation at the Chicago Stadium last night by battering Jack Gagnon, knockout conqueror of Tuffy Griffith, to the canvas after six slashing rounds.

The knockout victory was perhaps the most impressive turned in by Von Porat since his invasion of America.

"Lefty" Browning Reports To Spuds

WICHITA FALLS, May 29 (AP)—M. A. Browning, young West Texas mathematics teacher, reported today for mound duty with the Wichita Falls baseball club, his school term being over. Browning, known outside of the classroom as "Lefty," was signed early in the spring by Skipper Carl Williams. He played with the Abilene team during part of last season.

HERE'S WHY HUNDREDS OF THOUSANDS OF USERS have not spent a cent for service

LAWLESS mechanism—sealed in steel—makes the General Electric Refrigerator unit trouble-proof and service-free. Thousands of persons in hundreds of cities have seen it actually submerged in water—operating perfectly day after day. No other mechanical refrigerator could withstand such a grueling test—a test which has dramatically shown why no owner—out of hundreds of thousands—has ever paid a cent for service.

GENERAL ELECTRIC ALL-STEEL REFRIGERATOR

General Electric Refrigerator gives you a perfect mechanism, permanently oiled, properly placed and hermetically sealed. Dust, dirt and moisture cannot get inside the steel-walled unit. Nothing—not even complete submersion in water—can halt faithful operation. This refrigerator serves you quietly, efficiently and unfailingly. The cabinet, striking in modern beauty, is all steel, porcelain-lined and easily movable. It may be placed anywhere. Food-storage space is far greater. A free-vision base permits easy sweeping and true kitchen cleanliness. On top efficiency makes a small motor adequate—assuring unusually low operating cost. Leadership has been earned by an outstanding record of service-free performance in hundreds of thousands of homes. Let a refrigeration specialist show you the model that best meets your particular needs. Prices are low—terms reasonable.

MURRAY SAYS HE CANNOT BE A CANDIDATE

BUSINESS TO PREVENT B. C. D. HEAD FROM ENTERING RACE

Explaining that he cannot sacrifice the time necessary to make the race and to fill the office, R. J. Murray, president of the Lubbock board of city development, announced last night that he would not be a candidate for the democratic nomination as representative to the state legislature, following requests of numerous friends.

"I appreciate the honor suggested for me," said Mr. Murray, "but my other interests will not permit my entrance into politics for this or any other place. I am deeply interested in legislation touching upon South Plains business, agriculture and Texas technological college, but I know as well as any one that there are many other better equipped and who have time available to serve."

But one candidate remains in the race, by nature of Mr. Murray's decision. He is John F. Thomas, of Lubbock, former Lynn county official and long-time citizen of the neighboring community. Al M. Hill, agricultural editor of the Avalanche-Journal publications and editor of the South Plains Farmer, who had backed the candidacy withdrew last week in favor of Mr. Murray. He will not re-enter the race, he said last night.

Included in the 119th district are Lubbock, Hockley, Cochran, Lynn, Terry, Crosby, Dawson, Gaines and Tatum counties.

CITIES SERVICE Oils AND Greases

The type of high-quality lubricants the manufacturer of your car urges you to use

THE manufacturer of your car knows the value of lubrication. He fully appreciates its relation to the amount of service and satisfaction you receive from the car he sold you. That is why he devotes page after page of his instruction book to emphasizing the absolute necessity of frequent and thorough lubrication with high-quality products.

Cities Service Oils and Greases are of the type the manufacturer of your car had in mind when he urged you to use high-quality lubricants.

These lubricants are made from carefully selected crudes of supreme quality. They are refined with an experience dating back to the very founding of the oil industry, over 67 years ago.

They are then put to the most conclusive of all tests—the test of actual service—before they are offered for your use. Their quality is proved in a practical proving ground—in the Cities Service fleet of over 4000 motor vehicles.

Follow your manufacturer's advice—use oils and greases of unquestionable quality, such as Cities Service Oils and Greases. Make a Cities Service station or dealer your headquarters for oiling and greasing. Then you'll be sure of quality products supplied by trained experts who know how to lubricate your car as its manufacturer intended.

Thought For Today

Blessed are they that do his
 commandments. — Revelation 22:14.

Blessedness is a whole eternity
 slier than damnation.—Richter.

No Alarm

Now that the London naval treaty
 is being put under the senatorial
 microscope, certain easily-worried
 Americans are wondering anxiously if
 Uncle Sam, once more, has not set
 at a conference where scheming
 foreigners took advantage of his in-
 nocence and made off with his last
 shirt.

It was to be expected that the ar-
 rangement between America and
 England would be closely scrutini-
 zed. The fear of England, appar-
 ently, like the poor, is always with
 us—or at least is always with some
 of our super patriots.

But now it is being charged that
 the Japanese have hoodwinked us
 too. The Japanese got their cruiser
 ratio raised, and at least two in-
 fluent senators are beginning to
 wonder if this should not be viewed
 with the traditional senatorial
 alarm.

Perhaps the best answer that can
 be made comes from Secretary of
 State Henry L. Stimson. Read
 what he had to say to the Senate
 Naval Committee.

"There was this situation in cruis-
 ers. We had two eight-inch cruisers
 in the water, one nearly ready for
 launching and five on a certain
 amount of construction had been
 done. Whatever else was done
 had been merely begun, but there
 were two in the water. Japan had
 eight eight-inch cruisers in the
 water and four more which were
 very much nearer completion than
 any of ours, making 12 in all. In
 single cruisers she had 99,000 tons
 when we had only 70,000 tons.

"Our problem was to ask Japan
 to stay still for six years and let
 us build past her until we had 15
 cruisers of the eight-inch class in
 the water to her 12, and three more
 so closely finished that all of them
 would be completed within a year
 or 1926. In respect of the six-inch
 cruisers, we had to ask her to stand
 still at an increase of only 2,000
 tons, bringing her from her present
 99,000 tons to only 100,000 tons,
 which the treaty gives her, when we
 built past her from 70,000 tons to
 143,000 tons.

"I speak deliberately when I say
 that the Japanese delegation, and
 the Japanese government which
 confirmed the action of the Japanese
 delegation, had a harder prob-
 lem and solved it with a greater
 faith in the Pacific relations of the
 three great powers, than any other
 nation at the conference."

There's one more bit of testi-
 mony to add to this. Admiral Wil-
 liam V. Pratt, commanding the U.
 S. fleet, told the senators this:

"It galls me. I say that, realizing
 that if any fighting comes off
 now I will have to do it."

All in all, it seems almighty hard
 to work up much uneasiness about
 the situation in respect to Japan.
 The Japanese war bogey seems to
 be dying quite rapidly. Why not let
 it die, forever, and see that it is
 given a good burial?

Mr. Cagle

Christian Cagle, football player,
 spends four years at the U. S. Mil-
 itary Academy, presumably with
 the intention of becoming an officer
 in the U. S. army. As his gradua-
 tion approaches he wishes to resign
 so that he can become a combina-
 tion football coach and bond sales-
 man.

Permission is refused him. There-
 upon it is discovered that he has
 been married, in violation of regu-
 lations. Thus he gets his wish and
 is cut loose from the army auto-
 matically, and is free to go ahead
 with his plans.

This young man has roused our
 high admiration as an athlete; but
 somehow this transaction leaves a
 terrible taste in our mouths. The
 country has spent rather more than
 \$4,000 on Cagle's education, and he
 has not himself under a bond of honor
 to repay this generosity by serving
 as an army officer. It becomes evi-
 dent, now, that it was football and
 not a military life that chiefly in-
 terested him. The affair reflects
 very little credit on the famous
 football player.

THE PLAINSMAN

Says:

That Girl on Broadway says it's
 all right to keep an open mind—but
 not so wide open that nothing will
 stay in it.

If the citizens of Idalou have any
 suggestions which will make their
 town a better town, Stockton
 Henry, editor of the paper there,
 wants to know what they are. He's
 interested in public and community
 improvement, judging from a sur-
 vey recently begun through his pub-
 lication.

Among the questions Editor
 Henry asks are these: How
 do you feel about Idalou as a
 place to trade? What do you think
 about the stores here? What
 would you like to see made? Do
 you think we should have a
 chamber of commerce? What
 outstanding improvement would
 you suggest the City Council
 make? Would you rather buy
 here, everything else being
 equal? Are you for or against
 chain stores?

All these questions, together with
 others of less importance, are ar-
 ranged so that they can be an-
 swered and, underneath them ap-
 pears space for further comment.
 Editor Henry proposes to place the
 results of this survey before the
 public in an effort to better his
 city—a most laudable plan.

The Plainman has no idea
 whether or not any actual good
 will come of the Echo's stunt. Very of-
 ten we become interested in dis-
 cussing public improvements but
 when the time for actual work rolls
 around the proponents of those im-
 provements have vanished like the
 dew on an August morning. In the
 Idalou campaign, if improvements
 are secured, all well and good. If
 they're not there is nothing hurt.

EDITOR Henry's idea, however,
 offers food for thought along an
 entirely different line. For a good
 many years the practice of hiding
 objectionable features behind
 most towns and cities. The axiom
 of "The King Can Do No Wrong"
 has been changed to read "Don't
 Dare Innuenate There Is Anything
 Wrong With Our Town". Under
 those conditions it is harder to im-
 prove.

Calling a spade a spade isn't
 going to hurt any town very
 long and will make for some
 improvement eventually. The
 idea of "We know our town can
 be improved but let's not admit
 it" is all wrong and is a
 hindrance to progress. It is a
 healthy condition when people
 give their loins to face the
 truth and to take steps to bet-
 ter their conditions. Whether or not
 Mr. Henry gets anywhere with
 his survey, the Plainman con-
 gratulates him on the idea
 and on the honesty and brave-
 ry to publicly admit that Idalou,
 like Lubbock and every
 other town, is no Utopia.

That Man on Avenue Q says you
 can't acquire a natural polish
 through the application of too much
 soft soap.

Well, folks, the secret is out.
 The Plainman has discovered
 why the Lubbock gawking team
 has been so successful in their
 honors at Stamford last year
 and didn't win but one match
 at Brownwood this week—want
 to know? They left their
 short pants at home.

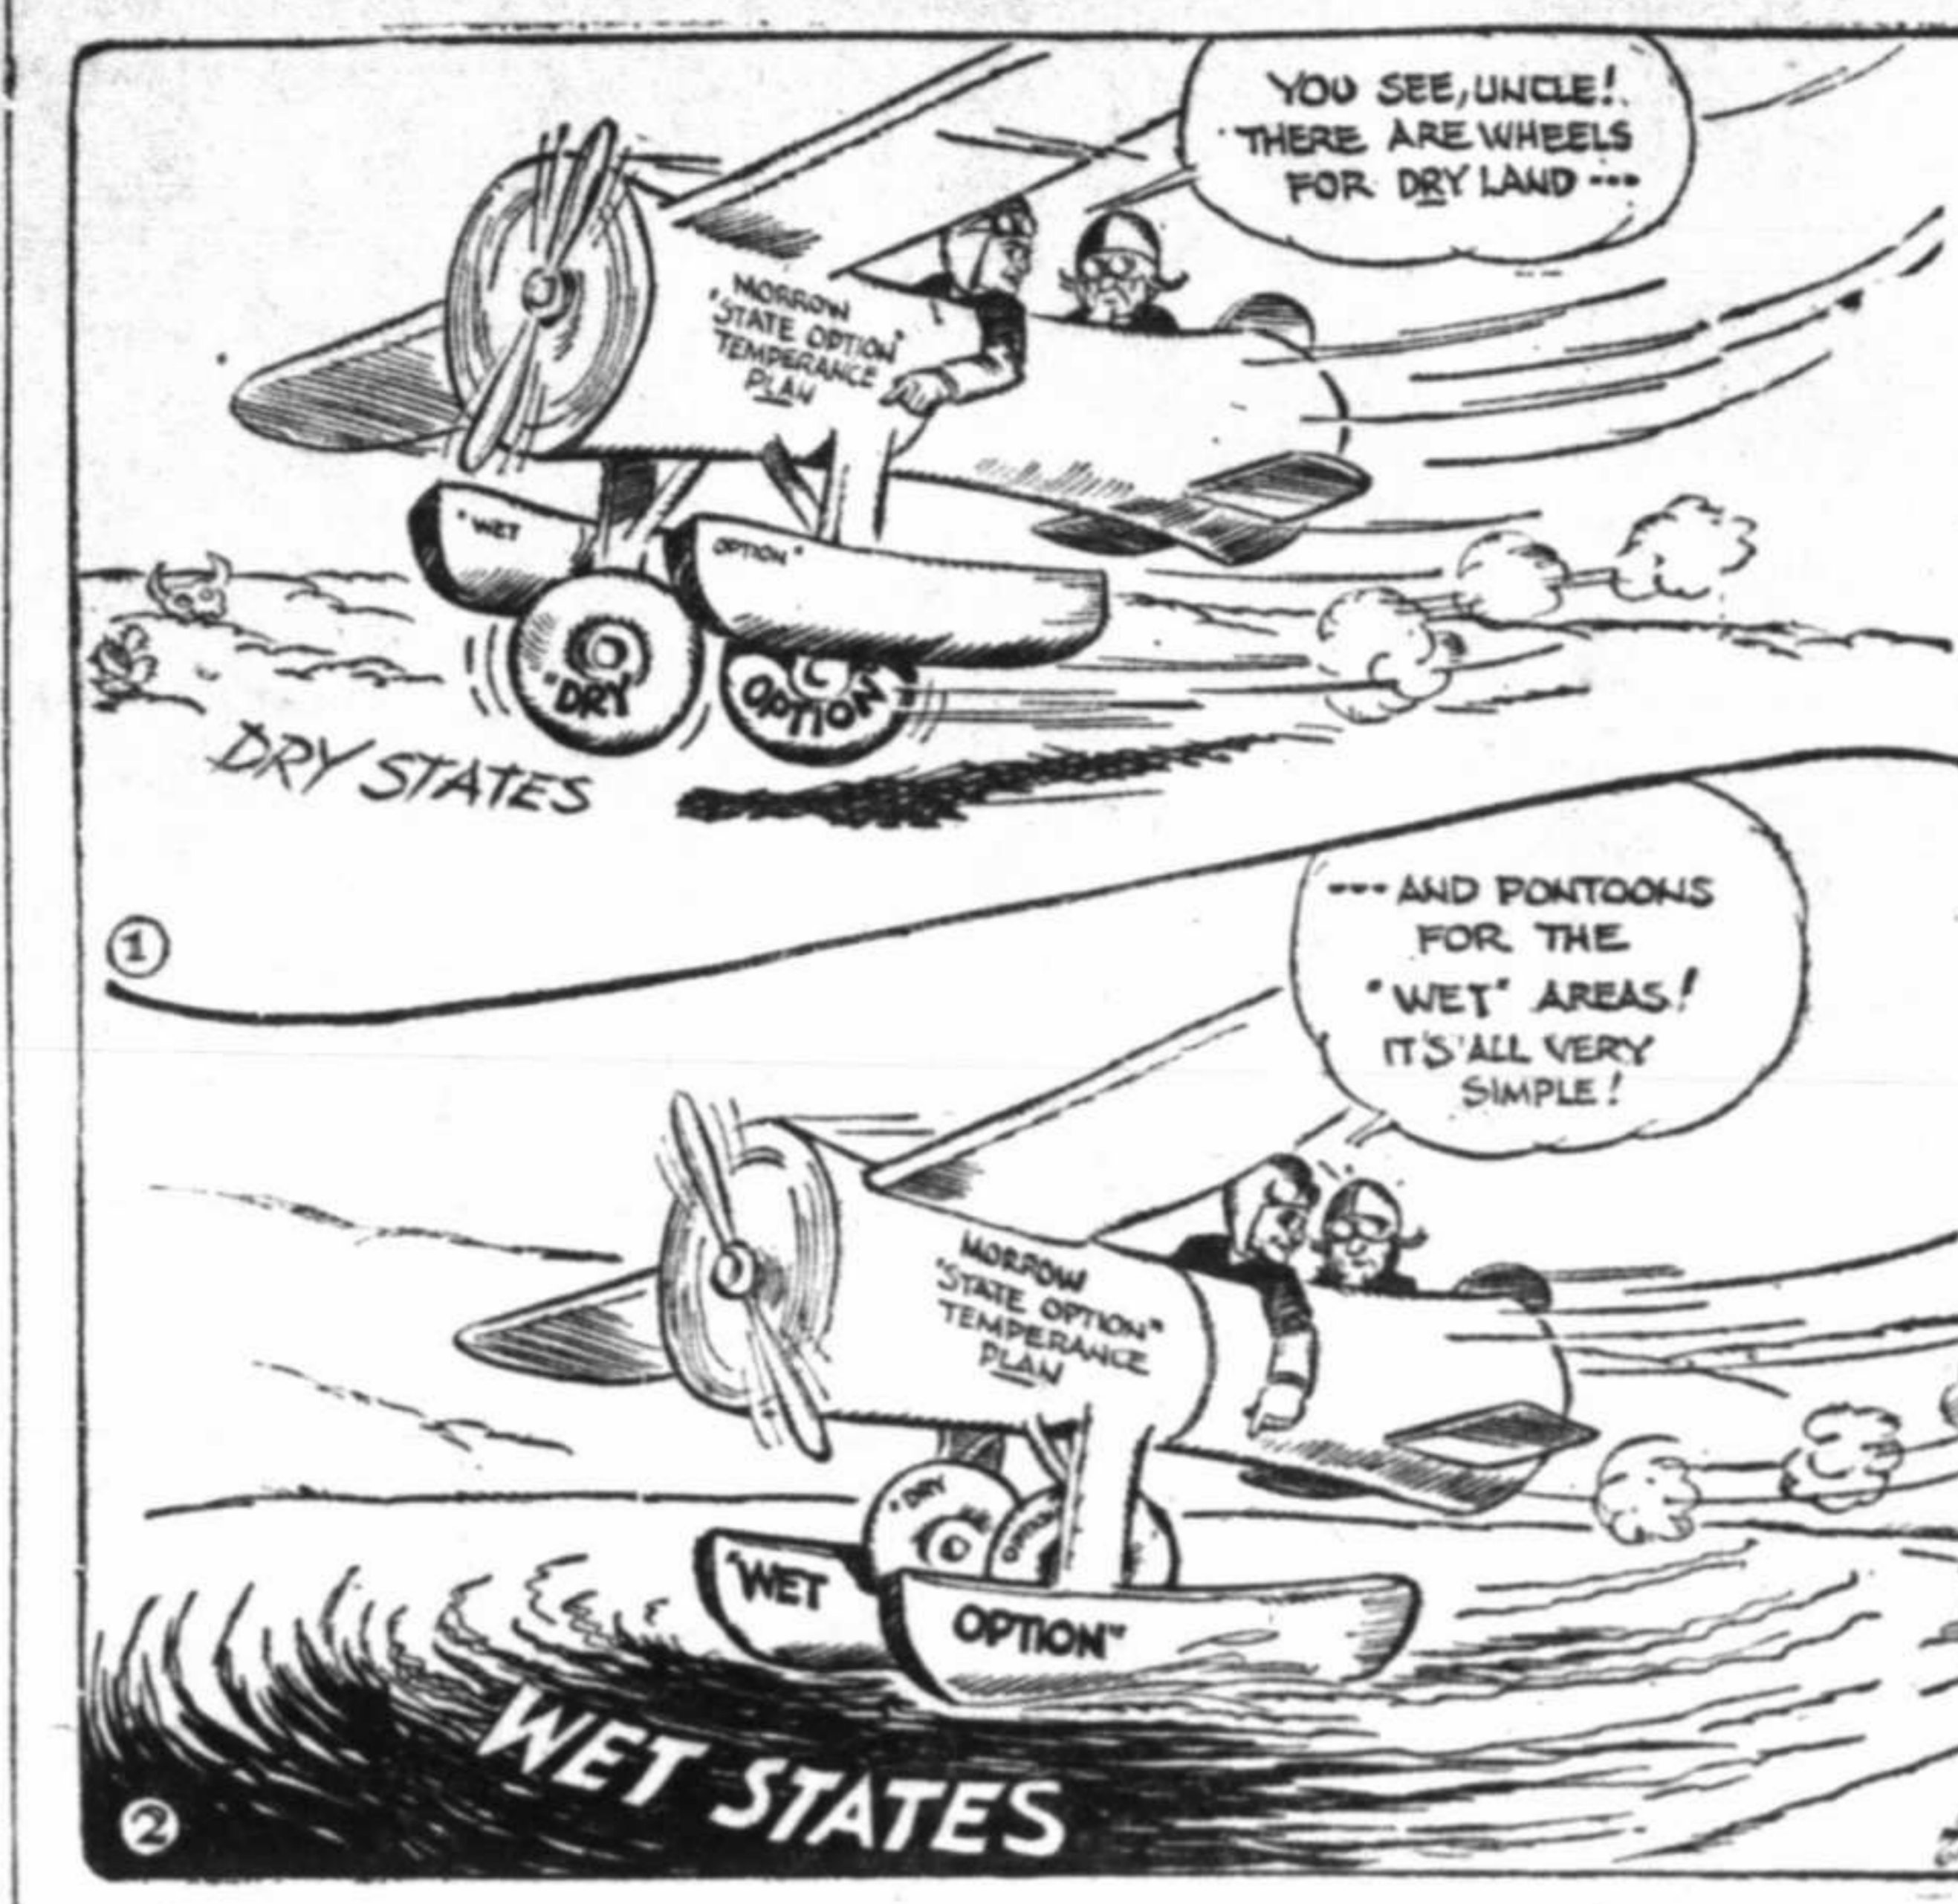

To quote Tancic Strange, the big
 verb and adjective man from Big
 Spring: Home used to be the place
 where people dropped in for a call.
 Now it's where they call in for a
 drop!

Daughters of nowadays are more
 particular about their yeast and
 raisins than they are about their
 dates.

When a gasoline stove exploded
 in Lubbock the other night and a
 man and his wife were blown out
 through the roof. It was quite a
 sensation here, but the next morn-
 ing they both got out together
 for ten years.

Home is the place where you drop
 in for phone calls, telling you the
 next place to go. It is in reality a
 garage with closet room.

**It's Not Entirely His Fault But Mr. Hoover Is Losing
 Friends Through Unfamiliarity With Politics—Dutcher**

BY RODNEY DUTCHER
 NEA Service Writer

WASHINGTON, May 29.—It
 does not seem to be much of
 a secret anywhere that the Hoover
 administration has not yet put
 on that burst of speed which all
 his friends anticipated.

The president may yet live
 up to his old reputation as a
 superman, but it isn't pan-
 ning out that way just now.
 One of the favorite subjects
 of political diagnosis is the
 matter with the Hoover adminis-
 tration. Politicians, business men
 and newspapermen are all inter-
 ested in the subject.

Much of the unfavorable reac-
 tion is based on things that aren't
 Hoover's fault at all. Very few
 hold him responsible for the busi-
 ness situation or for the low price
 of wheat. It is also argued for
 the president that he has made
 no really serious mistakes in of-
 fice which are bound to leave
 their marks against him, al-
 though there are matters such as
 his selection of Claudius Huston
 as Republican national chairman
 and of Judge Parker as a su-
 preme court justice which are
 regarded as rather unfortunate.

And it is further suggested that
 the voters in the mass are not
 dissatisfied with him; that Hoover
 was sold to the country over a
 period of 12 years, and that he
 is not likely, possessing the pre-
 stige that always goes with the
 presidency, to be "unsold" in a
 few months.

Nevertheless, the fact that
 Hoover is making no great hit
 with anyone and that important
 elements in his political and jour-
 nalist support have been turn-
 ing sour on him is not to be ig-
 nored. It is an important and
 not encouraging fact that not only
 does Hoover fail to fight for
 himself, but that there isn't any-
 one in Congress or elsewhere
 both qualified and willing to put
 a real fight for the administra-
 tion.

In some strange manner Hoover
 has managed to stir up an
 unusually active dislike for him-
 self, especially in the Senate,
 without at the same time building
 up any strong group of pro-Hoover
 partisans. Take also into consid-
 eration the fact that Hoover's fine
 executive mind does not seem to be
 the kind that functions well in con-
 tact with a legislative group—this
 is Hoover's first experience of a
 getting on with a large part of
 the explanation of the Hoover dif-
 ficulties.

One must add that Hoover still
 doesn't know very much about
 politics and that no one thinks
 wherever he finds it that he is
 getting good political advice. It's
 the sort of advice which told him
 that it would be a master political
 stroke to appoint Parker to the su-
 preme court.

Diet and Health
 By Lulu Hunt Peters MD.
 Author of "Diet and Health" and "Diet for Children"

**FOR HEALTHY PERSONS
 EXTREMES UNNECESSARY
 IN DIET, SAYS DOCTOR**
 Raw Food Diet For the past
 five months I have lived al-
 most exclusively on raw, unrefined
 and uncooked foods. The only
 time I ate cooked, refined or canned
 foods was when I was in com-
 munity am in perfect health
 and always have been. Friends
 tell me I am in the best of health
 and that I am a "miracle".

Washington concerns what's the
 matter with the Hoover adminis-
 tration. Politicians, business men
 and newspapermen are all inter-
 ested in the subject.

If you are feeling
 well and
 keeping your
 normal weight,
 you are prob-
 ably getting a
 balanced diet. I
 don't believe
 there is any need of going to ex-
 tremes with diets, but no doubt
 there are many who would be ben-
 efitting by taking many more raw
 fruits and vegetables and by so-
 ing out out some of the devitalized
 foods. And probably there are a good
 many who would benefit by going
 for a short time on a raw food diet.
 You would have to be careful to get
 your protein, building and repair
 food in the form of milk and
 dairy products, eggs and nuts be-
 cause of course you wouldn't want
 to eat raw fish foods.

The German cure for tuberculosis
 of the skin, which is proving effective
 in many cases of eczema, acute
 dermatitis, inflammation of the kid-
 neys, gout and acute eczema, but
 usually in these cases the diet is
 taken because it is low in salt and
 protein. (Mendel) The patients are
 kept in bed, so that less food is
 eaten.

The raw fruit diet is successfully
 used in many cases of edema, acute
 nephritis, inflammation of the kid-
 neys, gout and acute eczema, but
 usually in these cases the diet is
 taken because it is low in salt and
 protein. (Mendel) The patients are
 kept in bed, so that less food is
 eaten.

Some of those who know Hoover
 well say that he probably would
 stir up more enthusiasm over him-
 self if he would be a little more
 human. He often forgets to ac-
 knowledge the services of his sup-
 porters, it is said, and dominates his
 cabinet to the extent that its mem-
 bers generally have given up mak-
 ing suggestions at meetings out of
 sheer hopelessness. His failure to
 consult with leaders of Congress on
 many points has also caused re-
 sentment on Capitol Hill.

Works Well as Dictator
 In China Hoover knew how to
 get work out of the coolies. In
 Europe and the United States he
 aroused great admiration as a
 food dictator. As secretary of
 commerce he ran his own show
 without interference from out-
 side; in that department he was
 a dictator once more.

Thus Hoover has proved his
 capacity as a dictator—as a boss
 of men directly responsible to
 him. But the presidency is no
 dictatorship, and with a balky,
 unfriendly legislative body to
 deal with, Hoover has been up
 against something new. In-
 stead of being just as smart as he
 ever was, it may be assumed that
 in time he will learn a lot from
 his mistakes about how to handle
 himself and the job.

In New York

Gilbert Swan

NEW YORK, May 29.—Station
 W-A-N broadcasting again on
 Any Old Hour.

Today it becomes my duty to
 warn all ambitious young men who
 want to become radio broadcasters
 that, ere they trek to New York,
 they would do well to brush up on
 their pronunciations.

For one reason or another, many
 a youth from many a state has set
 his mind and his heart upon an-
 nouncing. Listening in, the uninitiated
 might get the notion that the
 task of broadcasting is something
 to do between the soup course and
 the after-dinner speeches.

However, the other night I listen-
 ed to while 32 novices were being
 tried out. They were bookkeepers,
 clerks, newspaper reporters and
 what have you. Yet not one of them
 could make the grade.

The examinations somehow re-
 sembles the old-fashioned spelling
 bee, except that in the case of the
 announcer it is a pronouncing bee.
 The examiner, one Henry Burr,
 started them in on the names of
 musicians.

And if you can't say Mous-
 soursky without stammering you
 might as well stay home. Or how
 are you on Lisitokalani? At least
 a dozen of the tyros stubbed their
 toes on that one.

If you care for a little oral ex-
 ercise, try these on your micro-
 phone: Parallelepiped, Nietzsche,
 Sacre de Primitivo, Oiseau de Pen
 Koussévitch, scherzo, adagio and
 andante—or whatever you may have
 encountered in yesterday's cross-
 puzzle.

To date, so I am told, ex-actors
 and actresses make good an-
 nouncers.
 The reason is that such a
 person has become accustomed to
 playing a part while rehearsing an-
 other.

The quality of verbiage in the
 open air is a chance. For an-
 nouncers are called upon to act
 quickly in crises. Just the other
 day one of the best-known ones
 in this business had to follow a
 boat race with a broadcasting pack
 on his back, another had to weather
 a storm in an airplane to tell the
 story of a certain flight; another
 had to go without sleep for 28 hours
 to "cover a story" of an interna-
 tional fight. And so it goes.

Shortly after the unsuccessful
 tryouts, a broken-down opera singer
 wandered in, perturbed by a bunch
 of old-fashioned clippings. There
 are, I am told, dozens such who be-
 lieve that they can live by voice
 alone. Unfortunately there must be
 background and if there isn't,
 a training school course must be
 taken.

The radio audience is one of the
 most impatient of audiences. They
 tell me at the big stations. One can
 sit in a theater and see an act and
 accept it, whether or not it is a good
 act. But it is so simple merely to
 turn a knob and thus dispose of a
 radio program that doesn't register.
 In fact, if there's nothing on the
 air that suits the hearer, he can
 turn the whole darn thing off and
 go back to his evening paper.

Each thing that has been over-
 sidered in the selection of an-
 nouncers and acts alike.

Not to give away too many stu-
 dio secrets, but there are certain
 things already prepared by the ex-
 ecutives which must be read before an
 applicant gets a chance. There are
 lines for juveniles and heaves, leads
 and heroines.

THE PLAINSMAN GETS SOME MAIL

COUNTRY SCHOOL TEACHER DEMANDS A TICKET

Dear Plainman:
 I see by the papers that you are
 offering a ticket a yard long to the
 person that submits the best or most
 reasons why he would not live in
 Lubbock. I want my ticket made to
 Hobbs, N. M., and I don't want a
 round trip! You guys act like Lub-
 bock was one of your kniffole. You
 like to raze it yourself but it makes
 you sore as the dickens to have
 anyone else plant a raspberry crop
 in Lubbock. Well let me tell you,
 I lived in Lubbock once for my
 health and it cured me—of wanting
 to live there and even now I can
 see many reasons for not wanting to
 go back for my health, even if I
 had left it there, or any other rea-
 son.

In the first place Lubbock doesn't
 have an airport. And what's a town
 without an airport? Just like a boat
 without a bottom, sunk! The whole
 country has become air-minded
 lately, although a large majority has
 been light-headed a long time. No
 having an airport is as country as
 wearing peg topped trousers. They're
 just not being worn in the best cir-
 cles anymore and every little dog
 hill that has a postoffice not only
 has a republican postmaster but
 also has a golf course that has been
 made over into a landing field. But
 Lubbock, well there might be a
 grandmother in the crowd so I
 won't say it! I have heard that
 Lubbock was so far behind the times
 that Mayor Clements shot a post-
 man the other day, thought he was
 a Union soldier. However there is
 one objection that I have to build-
 ing that airport and it is that I
 rather enjoy your column and if
 they build the damn port, you won't
 have anything to write about.

Grows Too Fast
 Nobody likes to live in a town
 where the population increases more
 than 400 per cent in ten years. It's
 dangerous for a frail woman or a
 man of small means to live in a
 place like that. Now there's no
 doubt that a big increase in popu-
 lation is fine for the country as a
 whole but there are a lot of things
 like that. Things that are good for
 the country as a whole don't always
 work out so good in your own home.

There is another objectional fea-
 ture about your town and that is the
 way that traffic doesn't move it-
 self about. Getting in to blame and
 it has brought to Lubbock it's first
 real traffic problem. For the bet-
 ter of those who have been over-
 there lately I'll say this: If you
 run into a jam of automobiles and
 people that would shed water and
 you can see a mile or two ahead
 where the crowd gets thick, then
 you can't see that somewhere
 down there is a military guard
 course. I am proud to say that I
 have never yet played marbles with
 a stick. Where are the men of yester-
 year? They used to play golf for
 exercise and now that they have
 taken that out of it there isn't much

left in the game but the pants,
 that is anything. The first time
 see a man out there in a rock-
 chair under an umbrella with go-
 pants and gloves on playing mini-
 ture golf I'm going to fetch me
 toothpick and fan him, by gar.

Another thing of course is the
 gas rates. They are entirely too
 high, much too high. If you do
 believe me ask yourself, you've
 investigated the rates completely this
 spring after everybody had the
 gas stoves put away in the gar-
 age for the summer. At first I was
 amazed. Figures seemed to pro-
 ve that the gas company was actual-
 ly in the business for the sordid pur-
 pose of making money and not just
 to serve their customers and the
 community like their advertise-
 ment said. Well after all, maybe they
 are right. They are neither politic
 candidates nor newspapermen, they
 can't furnish their gas for not-
 hing!

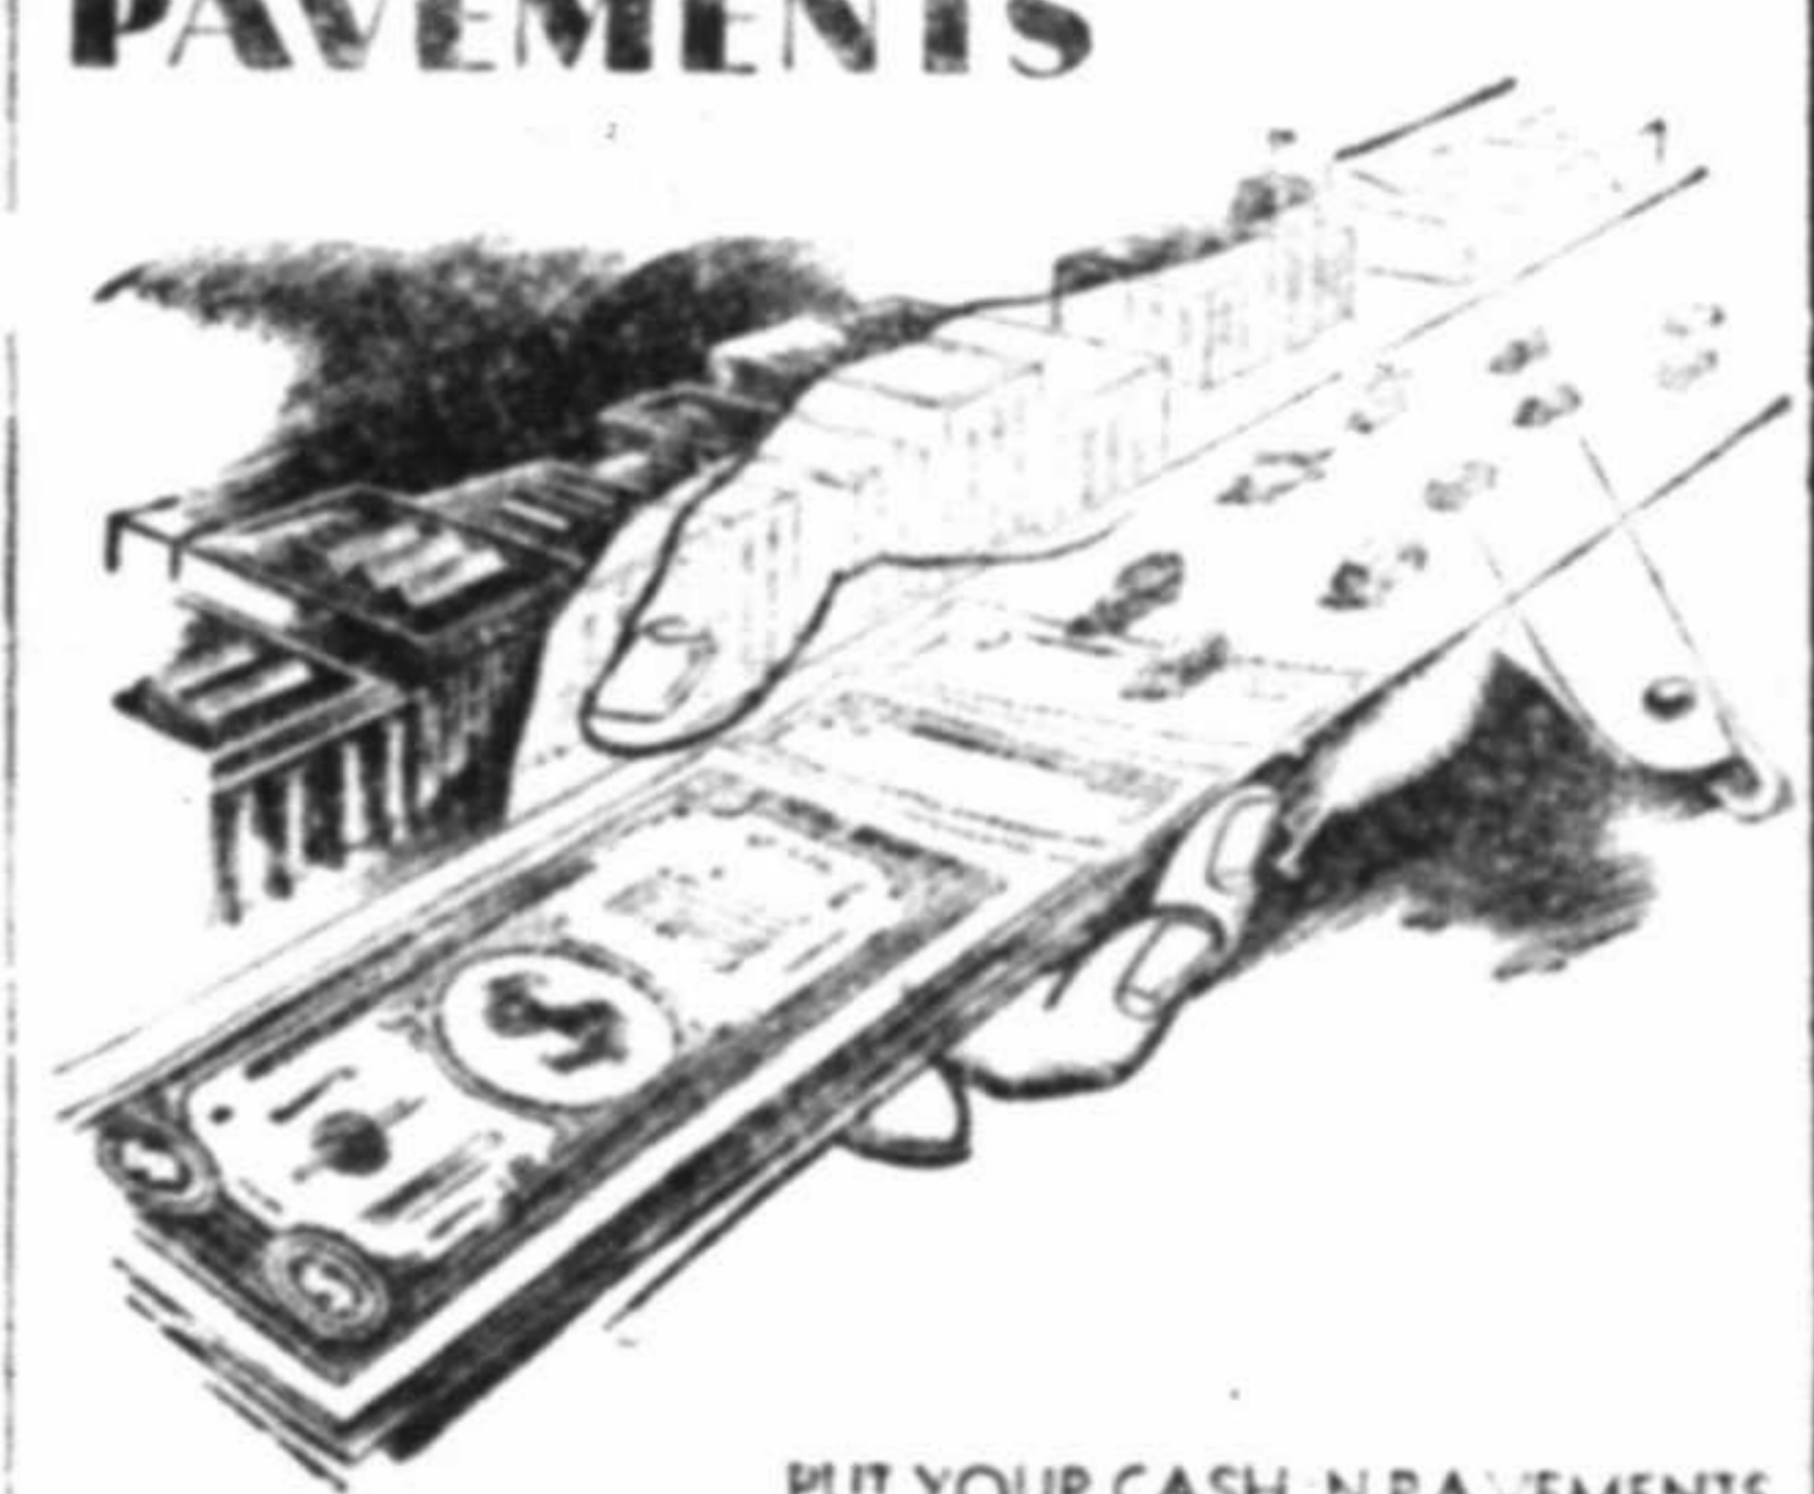

Yours from Lubbock,
 The Country School Teach-
 er
 P. S. Mail the ticket to Box
 Lorenzo. I wouldn't even come
 Lubbock for a ticket out of the
 and the next time I have to go
 through there I'm going around!

THE TINYMITES

The carload soon seemed too small in real comfort, take them all and so the Travel Man exclaimed, "And I'll go first," cried Scouty, "I am not afraid at all, course the others know that he is acting rather selfishly. But they let him have his way and someone cried, "Don't fall!"

The little pony, hitched up his seat, hauled wee Clowzy out right. Around a distant corner was seen to disappear. "Hope I won't be gone too long," said Scouty, "and that not too far he runs. Who's going to take the place if he safely returns?"

"Oh, anyone," another cried, "but as we all get a ride, in about ten minutes Clowzy will be up to the bunch. The rest will travel, one by one and all agreed that it was fun. They then went to a small cafe and had a bit of lunch.

When they had finished with their meal, the Travel Man said, "Well, I feel that we should head for Sweden. We have been here long enough. The border line is here far so we will take a motor car. That's the way we'll see the country and the roads are not so rough. They traveled several miles and then they hopped out to the road again. The Travel Man said, "There's a sight I want you to see. Oh, look! Some reindeers, right nearby!" the others heard we Coopy cry. The reindeers came up close cause they were tame as they could be.

STOCKS GAIN ON TRADING

FOODS ARE IMPRESSIVE IN SHOWING; NEW HIGHS MADE

NEW YORK, May 29. (AP)—Diversified buying in the stock market during the forenoon carried many industrials and specialties 2 to 5 points higher, despite the market contraction in the volume of business. Shorts inclined to cover and there were signs of moderate accumulation here and there which kept prices pointing upward in the face of further liquidation of railroad shares and several specialties. The food group made an impressive showing with National Biscuit, Borden, and National Dairy Products in new high ground. Auburn Auto, J. I. Case, and Columbia Carbon advanced 5 points each, and Worthington pump, A. M. Byers, Vanadium Steel, Safeway Stores, and Vulcan Detinning, 3 to 4 points. Chesapeake and Ohio broke 8 points and Union Pacific and U. S. Industrial Alcohol 2 to 3 points. Call money renewed unchanged at 3 per cent.

The highest and lowest point in the United States are within 100 miles of each other in southeastern California. Death Valley is 276 feet below sea level and Mt. Whitney is 14,522 feet above.

DAILY MARKETS

LUBBOCK MARKETS

COTTON SHOWS LOSSES TODAY

CABLES SHADE BETTER THAN DUE; PRICES EASE OFF

NEW ORLEANS, May 29. (AP)—Cables were a shade better than due, and cotton opened 1 point down to 1 up. As New York opened easier, the market here soon eased off to 1575 for July and 1479 for October, or 4 to 7 points below the opening figures. At the end of the first hour the market was steadier and had recovered 2 to 3 points from the lows. The market ruled quiet all morning, but prices continued to improve on new crop months, particularly October, which advanced to 1491 1/2 points above early lows and 10 points above the previous close. July advanced to 1584, or 9 points above the early close, and above yesterday's close. While improvement was due largely to the promise of rains in the belt, it was helped by shorts covering in advance of the double holiday in New York. At mid-session the market was steady and at the high but very quiet.

WEATHER CENSUS PRICES TO EASE OFF

NEW YORK, May 29. (AP)—Cotton opened steady at a decline of 4 points to an advance of 3 points. There was a little selling on lower cables, but this was absorbed by buying on reports of showers in Oklahoma and Arkansas where dry warm weather is wanted. Business quiet.

CHICAGO GRAIN

CHICAGO, May 29. (AP)—With much enlarged deliveries on May wheat contracts here, and with Liverpool quotations weak, the Chicago wheat market averaged lower early today. Opening unchanged to 1-1/2 lower. Chicago wheat after-ward raised. Corp. oats and provisions were also easy with corn starting 1-2-3-8 off to 1-5-1-4 up and subsequently holding near to yesterday's finish.

PRODUCE

CHICAGO POULTRY

CHICAGO, May 29. (AP)—Poultry steady. Town's 29-32, broilers 28-32, roosters 15; turkeys 30; heavy ducks 13, spring 21; geese 12.

CROWDS ATTENDING BIG TENT REVIVAL

Rev. Virgil B. Starnes, evangelist from Waco, is continuing to attract large crowds at the revival services held in the tent erected at Avenue W and 10th street under sponsorship of the West End Baptist church. Announcement was made this morning that services will continue to be held each evening at 8 o'clock despite the rain since the tent is water-proof.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

Loses Battle

HARRISBURG, Pa.—In a desperate defense of his realm against an invader a bald eagle has perished in Buffalo Valley, Harris county. Farmers saw him make a furious swoop at an airplane as it appeared over the mountains. He hit the propeller head on. The farmers found the decapitated body. The wing spread was six feet.

Saves Himself

EMERALD, Northern Queensland—Bitten by the head of a snake entangled in his bullwhip, Joseph Smith, driver, has recovered after hospital treatment. He flicked the head from a death adder, and the head struck him in one shoulder. Noting two small red punctures, he cut them with his knife and galloped to a hospital, where he collapsed.

To Go To U. S.

BUENOS AIRES—A happy bridegroom is to leave shortly for the United States to fight and help look after his country's interests. Justo Suarez, boxer, recently appointed chancellor of the consulate general at New York, has married Senorita Pilar Avellana Braso.

Saves Father

NEW YORK—Expert marksmanship of John Morse, 14, saved his father's life. Col. Robert H. Morse of Chicago, returning from a four months hunting tour in India, said the boy shot a panther in Orpial that was about to spring at him. John also killed two tigers.

To Meet Again

WASHINGTON—There are to be contests between north and south Memorial Day. A match between Tibon of Connecticut and Garner of Texas, party leaders in the house, will be the feature of a congressional horse-shoe tournament in Griffith stadium. Representative Ruth Hanna McCormick (R. Ill.) will be invited to compete with Representative Ruth Bryan Owen (dem. Fla.)

Ought To Win

LONDON—Noble Star, a dark horse entry in this year's derby, was brought up from a puny foal on a diet of port wine, eggs and sugar. His owner, Hugh P. Nickalls, brother of Captain Nickalls, the famous oarsman, believes he has a good chance of winning.

In Opera Now

FRANKFURT-ON-MAIN.—Germany's Prohibition has found its way into opera. One scene of "Transatlantic," an ultra-modern production about America, depicts a raid on a night club. It was written by George Antheil, a native of France, N. Y., who has been in Paris for the last eight years. The Europeans liked it.

Defends Youths

PRINCETON, N. J.—William Berryman Scott, professor of geology at Princeton University for fifty years, comes to the aid of the modern college boy. His own contemporaries, he says, "must have been a rather disorderly lot, distinctly inferior in manners and behavior to their modern successors."

Brownfield Seeks Improved System

BROWNFIELD, May 29 (Special)—The Brownfield Chamber of Commerce has made a formal request of the Southwestern Bell Telephone company to build an exchange in Brownfield and to install a local system, with toll connections. Action came, officials of the chamber said, when repeated efforts to get the State Telephone company to improve its exchange here, failed to bring results. There has been no move to oust the State company but the belief was expressed by business men that Brownfield was large enough to support two telephone companies.

"BRIDE FOR SALE" WINS HUSBAND

Churches To Be In Union During 1931

NEW YORK, May 29. (AP)—The merger of the Congregational church and the Christian church, with a total membership of nearly 1,000,000 will become effective in 1931. It was announced today at the annual convention of the national congregation home boards at Plymouth Institute, Brooklyn.

WHAT CONGRESS IS DOING

Thursday: Senate: Naval affairs committee continues with London treaty. House: Military affairs committee resumes hearings on Kahn bill to authorize construction of metal clad airship for army transport purposes at a cost of \$4,500,000.

Wednesday: Senate: Adopted conference report on legislative appropriations bill. Senator Connally moved to override President Hoover's veto of Spanish war veterans pension bill, but action was deferred. Foreign relations committee completed testimony on London treaty. Lobby committee questioned Deets Pickett of Methodist Episcopal church. Senator Walsh said he would be willing for people of Montana to vote in a referendum on prohibition and he would abide by the result. House: Approved Reece bill to authorize lease of Muscle Shoals as substitute for the senate resolution proposing government operation.

Praises Workmen NEW YORK, May 29. (AP)—Addressing a company of union artisans as "fellow workers," John D. Rockefeller, Jr., today assisted in the presentation of diplomas and gold buttons to 20 workmen for superior craftsmanship on the Riverside Church now nearing completion. He praised them as "co-workers in building a great monument." Poland plans many new railway lines.

RIGHT-OF-WAY FOR HIGHWAY SOUGHT

Robert H. Bean, Lubbock county judge, and Commissioner L. C. Denton conferred yesterday with Santa Fe officials at Slaton in regard to obtaining additional right-of-way for highway No. 7 through Shallowater.

Plans at this time are to purchase an additional strip 30 feet wide from the railroad company and about 1,500 feet long in order that the highway might be widened through the city of Shallowater. Route at this time through the town proper is but 70 feet and county officials are seeking the increased footage that the road might be enlarged to 100 feet.

Grigsby-Grunow To Increase Output

CHICAGO, May 29. (P)—Expansion of two activities of the Grigsby-Grunow company would provide employment for 15,000 persons within the next sixty days, William G. Grunow, president, said today.

Payrolls aggregating \$2,000,000 a month would be needed to take care of 10,000 additional employees put to work in the radio division to step up production to 4,000 sets daily. The additional force of 5,000 men would be employed in initial production of units in the refrigerator division, with a monthly payroll of \$1,000,000. President Grunow said advance orders were on hand for 1,000,000 refrigerators.

Increase Given In Italy's Sea Budget

ROME, May 29. (P)—A new Italian naval construction budget of \$77,498,000—an increase over the previous budget of \$12,750,000—was announced today simultaneously with a statement that the program did not change Italy's disposition to resume negotiations for reduction of armaments.

The program, involving \$22,000,000 in new construction was announced in the chamber of deputies by Admiral Siranni, minister of the navy.

WASHINGTON, May 29. (P)—Ratification of proposed constitutional amendments would rest with the people rather than with state legislatures under a joint resolution has been introduced by Representative Andersen, republican, Minnesota.

HEIRESS TO MAKE ROYAL DEBUT

Doris Duke, above, of New York City, daughter of Mrs. James B. Duke and the late tobacco king, and said to be the world's richest heiress, is to be presented to King George and Queen Mary at their London palace before she makes her bow to American society. Miss Duke, whose Newport debut was postponed last summer, has been in Paris for several months. She is heiress to a fortune estimated at from \$50,000,000 to \$100,000,000.

WINKLER COUNTY'S POPULATION SHOWS INCREASE OF 6,803 IN PAST DECADE

(Special To The Avalanche) SAN ANGELO, May 29.—All except 81 of the 6,884 residents of Winkler county, Texas, out on the New Mexico border, were listed as new residents in the 1920 census, announced today.

Oil development in former exclusively cattle section boosted the population from less than one person to every ten square miles to nearly eight to the square mile, with the population increase of 6,803 equivalent to an 8.29 per cent increase. Most of the increase came within the last five years, oil being discovered in the county in 1926 and 1927.

Rockefeller Pays \$150,000 In Taxes

TARRYTOWN, N. Y., May 29. (P)—John D. Rockefeller, Jr. had further claims to being America's largest residential taxpayer today when it was announced by the Mount Pleasant township board of assessors that his holdings had been assessed \$500,000 more than last year. As the Rockefeller property extends into Tarrytown, North Tarrytown, and Greenburgh, it is estimated that his assessment will total \$6,000,000. At the average tax rate of \$25 a thousand, Mr. Rockefeller's tax is estimated at \$150,000. In addition, he pays a special lighting district tax.

Insurance Offered On Abduction Cases

KANSAS CITY, May 29. (P)—An echo of the \$100,000 Katz abduction and extortion case was heard here today when it became known a Kansas City agency was offering insurance against kidnaping and had sold a few policies. The insurance against abduction is offered by a London company through its Kansas City agent. A premium of 1 per cent is charged and the maximum policy is written for \$50,000.
