That "Special" Day

Have you ever wondered about what one single thing that every person on this earth has in common with everyone else?

Now, that is certainly interesting. Just exactly what is it that we all have in common? Here are a few more clues to help you figure it out: (A) No one escapes it, no matter how they scheme and plan to keep it a secret! (B) It happens to each of us at least once a year! (C) Some look forward to it and make plans for it! (D) Some dread it and make plans to conceal it! (E) Some go to great lengths to make it a special occurance for someone else! (F) Our acceptance or opposition to it usually depends on age!

Have you figured it out yet? If you guess that I am talking about BIRTHDAYS, you are exactly right! Take just a moment before you read on and think back to some of your own reactions towards your special day. You can probably think of some humerous instances, you probably have some embarrassing memories as you think of friends or relatives that might have conspired to surprise you, and you might even have some special thoughts about how you have helped to make it a day to remember for others you know.

All of us know how excited children get about their birthdays, they have visions of the birthday party and the presents long before the special day arrives. They always make it a point to let their friends know that the day is approaching!! As youngsters grow older, the teen years seem to bring about thoughts of more expensive gifts and parties that are more exciting! As the age process continues, some tend to play down birthdays. We can all probably remember hearing friends or relatives voice phrases such as "I'm not getting older anymore, I get younger each year now!!" There are those who tell others not to plan anything, "It's no big thing, don't make a fuss over it!"

As still more age brings on things like changing hair colors, we hear phases like: "There may be snow on the rooftop, but that doesn't mean that there isn't still a fire in the furnace!" Older folks tend to completely forget about the day that they don't consider special any more, some even dread the event because it marks another year passing by.

What about some of these reactions to birthdays, do we believe them or see through them? The enthusiam that youngsters exhibit towards birthdays is a spirit that spreads as fast as a grass fire, it can easily have an effect on everyone around them! All of us can have that same birthday spirit, even if we don't really want to be getting "older" each birthday! If you know someone that has their special day approaching, don't listen to all they say, do whatever you can to make it a special day for them in spite of themselves!

For those who say they are getting younger with each birthday, just say GREAT and celebrate their new youth with them! If you hear the statements like "Forget it, don't make a fuss" - go ahead and make a fuss!! Let those close to you know that they are special to you! Above all, when older folks have their birthdays, don't forget about them. Even if they say not to, go ahead and make a fuss!! On another page in this same issue of the *News* is a picture and related story about a grand lady who just

PRESENTING INFORMATION -- On hand Tuesday morning of this week at The Citizens State Bank in Knox City was Jim Compton, left, of the West Central Texas Council of Governments who presented information on the new loan assistance corporation. Pictured with Compton is Clint Norman, president of the Citizens State Bank, who is Knox County's representative for the Big Country Development Corporation.

BCDC Representative Visits Here Tuesday

The new Big Country Development Corporation was the subject of an informative meeting hosted Tuesday morning by the Citizens State Bank.

Presentating information on the new loan assistance corporation was Jim Compton of the West Central Texas Council of Governments. Big Country Development Corporation is a non profit Small Business Administration (SBA) Section 503 company. It was formed in 1982 and will become fully operational on May 11, 1983. Organized as a means to help communities in the region stimulate the growth and expansion of small business through a broad-ranged approach, BCDC's services work to create jobs, increase the local tax base, expand small business ownership opportunities, and offer improved community services.

BCDC is structured as a loan assistance corporation that will function directly with banks and other private lending institutions. Small business owners applying and qualifying for loans within the restrictions of the program would receive 40% of the loan amount through BCDC after first receiving 50% from their own banks and providing the remaining 10% of the total amount themselves.

Attending the meeting from Citizens State Bank were President Clint Norman and Executive Vice President Evelyn Shelton. The City of Knox City was represented by City Secretary Faye Railsback and Councilman Greg Kuehler. Doris Crownover and Dick Evatt represented the Knox City Chamber of Commerce while Callie Ann Combs attended from the Munday Chamber of Commerce. Also present were Home State Bank board member Hob Smith, Gary Schur from the First National Bank of Munday, and Randy Abernathy, Knox County Hospital Administrator.

Benjamin Hosts For Convention

Tuesday, April 19 was a special day for Knox County as the city of Benjamin became the host for a Big Country convention.

Attending the day long meeting at the Benjamin Memorial Building were approximately 175 women, all representatives from the 22 Texas counties that make up District 3 of the Texas Extension Homemakers Association.

In opening remarks to the organization, Knox County Commissioner Phillip Homer welcomed the women to both the City of Benjamin and Knox County. Presiding at the meeting was TEHA District III Director Mrs. Nancy Jo Boone of Seymour, formerly of Knox City. Hostess for the day was Knox County TEHA Chairman Mrs. Karen Patterson.

With a full agenda for the convention, the ladies were scheduled to hear a presentation by Region III Field Coordinator Marilyn Golightly on the subject of Texans' War On Drugs. Workshops attended included a talk on Self Defense for Women presented by Officer John Brown of the Texas Department Of Public Safety, and a citizenship discussion conducted by representatives from Haskell County.

Luncheon and entertainment activities were the responsibility of the hosts, Knox County TEHA.

Johnson's Vibro Steam of Wichita Falls is contributing twenty percent of its carpet and upholstery cleaning for four weeks to the Knox County Cancer Fund.

The get-acquainted offer is good from April 15 to May 15, according to the firm's ad appearing elsewhere in this week's *News*. Readers may contact the Wichita Falls office or Mrs. Louise Kemtletz locally.

The cleaning service originated in Amarillo nine years ago and Foy M. Johnson still maintains an office there. He does both commercial and residential cleaning and specializes in banks and churches.

Arts & Craft Show Coming Up May 21

The Chamber of Commerce sponsored Arts and Crafts Show is set for Saturday, May 21, in the building formerly occupied by Norma's on Central Avenue.

Danny Speck will serve as chairman and categories in all arts and crafts will be similar as in the past.

Again there will be three divisions, Adult, Youth and Children, and will be judged in those divisions.

A flower show will be added this year and anyone desiring to enter will be welcomed, according to Chamber secretary-manager Doris Crownover. This division will also be judged and ribbons awarded.

Clean-Up Week Set April 25-30

The Chamber of Commerce, City of Knox City, Boy Scouts and KC Jaycees have all joined in a combined effort to help in cleaning up the town. April 25 through April 30 has been designated as "Clean-up, Paint-Up Fix-Up" Week.

If readers are able to get their throw-away items to the alley, but do not have the necessary transportation to haul, the city trucks will be available to pickup and haul to the dump.

Senior Citizens who are unable to haul unwanted items or saw troublesome limbs, etc., may call the Chamber Office, 658-3442, Boy Scouts 658-3926 or Jaycees 658-5053 for help in any way.

The Chamber of Commerce has been recently given 100 Blue Eldarica pine tree seedlings by Southwest Christmas Trees of Phoeniz, Arizona. The trees have been placed in areas where they will be cared for by the City of Knox City, Knox City-O'Brien Schools, and th Knox City Country Club. The fast growing trees will add to the beautification of Knox City and area in a few short years, officials said.

Wheels For Life Sponsors Sought

Riders for the April 30 St. Jude Children's Research Hospital Wheels for Life Bike-a-thon are now asking Knox City citizens to back their efforts by pledging a contribution for each mile they ride.

"The money our riders earn will help continue St. Jude's life-saving study of childhood cancer that has become so important to children all over the world," Bike-a-thon chairman Dave Stone said.

"We'll be showing that we care about children by helping this cause," Rev. Stone said. "Please support your rider with a generous pledge, and then hlep them get the funds to us as soon as the ride is over."

"Each rider will be given a lap card when they register in front of the elementary school at 9:00 a.m. on April 30. Every time they ride through the check point we will initial the card. At the end of the ride, we will check it and sign it to show that the rider earned what the sponsor pledged."

Rev. Stone asked that if anyone has not been asked to sponsor a rider, please call 658-3213 after Monday, April 25, and he will get one to call you. Riders can still obtain sponsor/registration forms at Perry's, Jones Pharmacy or Citizens State Bank.

FIRE DEPARTMENT NEWS

By KEN LAWSON

For the last several weeks, we have not had anything for this column that was newsworthy but on Saturday, April 16, at 9:17 a.m., we had a call to the C.B. Ray house where a barn across the alley was totally involved in fire on arrival. There were approximately 13 firemen and two trucks responding to this call. The barn was a complete loss.

Firemen have been busy selling coupons for portraits to make money for the upcoming West Texas Firemen and Fire Marshall Convention to be held here in September. The next convention will be May 22 in Bowie. We plan to have teams in the hose races and polo if the weather warms for practice. There are several towns and cities in the association for this district including Wichita Falls and Vernon and there are usually between 200 and 300 firemen at these conventions which include business meetings, hose races, polo and the evening meal. We are trying to get the homemaking department at the school to cater the meal. At present, the plans are to have everything at the local school. It has been about 20 years since Knox City has hosted a convention and we are planning ahead as much as we can to have a good one.

Bill Smith Retires From GTE

Bill Smith, local communication technician for General Telephone Company in Knox City, retired March 31, after completing 32 years of service. He was honored with a retirement party on Saturday, April 9, in his new home in Munday, where Bill and his wife Johnnie moved to in December.

Approximately 35 fellow employees and families attended from Seymour, Haskell, Olney, Aspermont, Rule, Knox City, Munday and DeLeon.

Leroy Clarey, local manager from Seymour, presented Smith with a silver belt buckle with eight diamonds encircling GTE while fellow employees presented him with a new shotgun. Smith began work for General Telephone in 1952 in Munday on a construction crew. He has worked the last 24 years in Knox City.

The Smiths are the parents of two boys, Freddie, a coach in the Grapevine school system; and Glenn, a patrolman for the City of Stamford. They also have four grandchildren.

Stacy, Gwen and Dave also enjoyed a visit with Mark's parents, Mr. and Mrs. R.O. "Shorty The Fisherman" Decker and Mark's aunt Ola. Shorty gave all a tour through his new pickup and camper that he is preparing for his fishing trips.

Perdue Insurance Certified For FCIC

Peggy Guinn of the Perdue Insurance Agency in Knox City has achieved Certification from the Federal Crop Insurance Corporation to sell and service insurance coverage on cotton, wheat, grain and sorghum.

According to F.W. Crouch Jr., director of the FCIC, Mrs. Guinn earned the Certification by participating in an intensive training program recently conducted in Lubbock and successfully passing examinations that required a knowledge of all aspects of the Federally-backed insurance program as well as of the coverage available for individual crops.

The training and testing program was initiated in the fall of 1982 to assure a high level of professional competency among private insurance agents who offer Federal Crop Insurance to farmers in their communities.

Fedral Crop Insurance policies, which provide coverage against all unavoidable causes of loss, are designed to offer farmers an affordable way to protect the substantial sums of money which must be invested and risked to produce a crop. The insurance can also assure a source of income to repay outstanding production loans and to meet fixed expenses such as taxes and ortgage payments. To make the coverage as economical as possible, the Federal Government currently pays up to 30 percent of the premium cost.

Party Honors Father McGuire

A going-away supper was held in St. Isabel Hall on April 13 for Father Brendan McGuire, OSB pastor of St. Joseph Catholic Church in Rhineland and Santa Rosa Church in Knox City.

A money tree was presented to him. Father Brendan served both parishes for about four years. He will be moving on April 19 to Scranton, Arkansas.

Father Bernard Schumacher, OSB, will be pastor for St. Joseph and Santa Rosa.

Approximately 34 members attended the supper.

Feeding Garbage To Swine

Food waste to be fed to swine in Texas should be treated properly before feeding to prevent disease problems, says a swine veterinarian with the Texas Agricultural Extension Service, Texas A&M University System. Regulations prohibit the feeding of garbage to swine unless heat treated at a licensed facility. Treatment consists of boiling food waste for at least 30 minutes. Food waste from ordinary household operations fed to swine on the same premises is exempt.

Gardening Is 'Farming'

It's time for gardeners to stop gardening and start "farming," says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Gardeners are, in reality, "urban agriculturists" and therefore should relate to farming. Conservative estimates indicate that about half of Texas' population is involved in growing fruits and vegetables at home. These urban agriculturists should look at their backyard plot as a small farm.

Seniors of the Week

SHARON ROBERSON

On January 10, 1965, born into the world was a baby girl, and she was named Sharon Roberson.

Her mother is Leola Eddington. She has four sisters and two brothers.

All of her twelve years of schooling have been in the Knox City-O'Brien CISD. She has participated in quite a few activities such as athletics and pep club. She was elected senior class favorite this year. Her plans for the future are undecided.

DELORES STAFFORD

I, Delores Stafford was born in the year of 1965, in the month of May on the 18th, at Knox County Hospital. I have been a resident here all my life. Living in Knox City has a lot of advantages than most towns do.

I have enjoyed my childhood years in this environment and the people who surround it. I also appreciate the people who helped me to get this far.

I have participated in volleyball and basketball for the past four years and run track for three years. Being in athletics was very awarding for me. I was a member of the FFA for two years and in pep club for two years.

My favorite groups are Cab Driver and Time. I love the colors black and red.

After graduation, I plan to stay around in Knox City for one or two years and enjoy the idea of being free from school.

Last of all, I would like to say, thank you to my family for giving me support through the last four years of high school. I am going to miss you all, including the teachers.

Shootin' Straight

From Page One

celebrated 93 years young with a family who really cares about her! It was an extra special birthday for her because her loved ones went out of their way to let her know how special she is and has been for those 93 years!

Here in a small town, pictures have a way of appearing in the newspaper whenever a birthday rolls around. Not current pictures, but some that go way back into the years! You won't find this in a big city or big city newspapers, it's something that we can keep right here at home and take pride in! It is just another example of relatives doing a little something extra to make the event special for someone!

To close, let me just say that this is not just a subject for a cloumn that just popped into my head, it happens to be a subject that hits close to home for me - especially today! My thanks go out to those that have helped to make it a special day for me!

Brown Appears Before Railroad Commission

AUSTIN - Stanton E. Brown, general manager of The Central Corporation in Benjamin recently appeared April 7 in Austin before the Railroad Commission of Texas to testify in hearings on United Parcel Service's application for service rights.

UPS is seeking authority from the Commission to provide full intra-state service -- pickup and delivery of packages between all points within Texas. Currently, UPS can only provide interstate service except within the commercial-free zones of Dallas-Fort Worth, Houston and San Antonio.

Texas is one of just two states that restrict UPS intrastate.

Brown testified that the lack of UPS service within the state has seriously hampered the operation of his business. Brown cited no pickup or delivery service, slow delivery time, prohibitive rates, and lack of state-wide coverage as the major problems being encountered with other delivery services The Central Corporation currently uses. And, parcel post also does not fill their needs, Brown added.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"...he that is greatest among you shall be your servant. And who-so-ever shall exalt himself shall be abased: and he that shall humble himself shall be exalted. (Matthew 23:11-12). In Matthew's writings, the more lowly one's service, the greater they are. To be the greatest, be a servant. Those who think themselves great or smart shall be disappointed and humbled, Jesus said. "Whosoever shall not receive the Kingdom of God as a little child shall in no wise enter there in." (Luke 18:17).

We must come to God, wholly trusting Him for complete forgiveness of our sins through Jesus Christ. We must be cleansed from all jealously, hatred, envy, and critizism toward all whom we live with and know. We must love our neighbor as our self, and learn to be servant of all. Yield yourself to God through the Holy Spirit and let the compassionate love of God use you to God's Glory by helping all who are lost and in trouble, help to bring joy and peace to them. He who serves God in this way will be called great in the Kingdom of God.

KC Has Tennis Winners

By Coach Ronnie Verhalen

The Knox City-O'Brien boys' tennis team won first place in singles and first in doubles at the district meet held in Vernon and in Knox City on April 12 and 13. The Greyhounds also took a fourth place in singles. Since there are thirteen schools in District 10-A, these wins represent quite an accomplishment.

Ricky Gutierrez captured first place in singles for the third year in a row, dispatching along the way Junior Barrientez (Benjamin) 6-0, 6-1; Paul Sorrells (Rule) 6-1, 6-0; Nacho Ortiz (Rochester) 6-0, 6-0; and, in the finals, Kim Baker (Crowell) 6-4, 6-0. Last year, Ricky went on to win second at the regional tennis tournament and second at the state meet in Austin.

Joe Rocha and Jerry Gutierrez, a senior and a freshman, respectively, teamed to win the gold medals in doubles. They beat Werley and Ford (Crowell) 6-0, 6-0; Garcia and Jenkins (Rochester) 6-0, 6-4; Troy Oxford and James Propps (Benjamin) 6-1, 6-3; and the second-place team of Glover Miller and Jimmy Douglass (Aspermont) 6-4, 6-1. This will be the third year for Joe to win a trip to the regional tournament, each year with a different doubles partner.

Ricky Wupperman, also only a freshman, downed three opponents over the course of the two-day tournament and came within a whisker of going to regional before losing to the second-place winner. Ricky defeated Andy Fountain (Crowell) 6-1, 6-0; Darren Hopkins (Harrold) 6-0, 6-0; and John Capps (Old Glory) 6-2, 6-1, before narrowly losing to Kim Baker of Crowell, 7-6, 6-4. Then, in a windy, split-set ordeal, he lost to third-place finisher Nacho Ortiz of Rochester, 6-3, 4-6, 6-2.

The high school's other doubles team of Greg Skiles and Greg Melin, in their first venture in district tennis, lost 6-4, 6-2 in their opening match to the Benjamin team of Troy Oxford and James Propps, who went on to win third.

Ricky, Joe and Jerry will compete in the regional tennis tournament in Abilene, May 2 and 3.
