

All Around The Town

BY MARY ANN SARCHET

Getting ready for the centennial celebration was a lot of work, folks, but it made it was such a wonderful day that I believe it was all worthwhile. A large number of former residents came home to help celebrate the centennial anniversary of Silverton and Briscoe County, and it was just great to see them all!

There were all kinds of complimentary comments about the improvements being made in Silverton, and former residents enjoyed visiting some of the special new places. One shop that enjoyed lots of interest was the wood sculpture studio of J. Christopher White, better known around town as John White.

Incidentally, during the weekend a new business opened in the old Fogerson Lumber Company building. Joe Covington, an electrician and carpenter, opened for cabinet making and any kind of carpentry, building or remodeling. He and his son, Brandon, have moved here to make their home in the Reagan house at Rock Creek. Brandon will be in the eighth grade when school begins.

There was lots of visiting, eating, shopping, etc. on the courthouse lawn. There were some very interesting booths showing the work of local artisans. One of these was that of Margaret Smith and Rhenda Burson. Most everyone knows that these ladies harvested broomweed on the Smith-Cushing Ranch last year, but have you seen their dried bouquets and wreaths? They are bleaching and dying a large variety of material that grows in Briscoe County. Their bouquets and wreaths are very pretty and compare very favorably with similar material being sold by the arts and crafts shops and florists. They are selling their products at the Craft Mall in Amarillo as well as wholesaling to some of the smaller florists. I predict that the demand for their product will continue to grow. We can say we knew them even before they began to harvest this heretofore "throw away" material.

I enjoyed visiting with Otho Stubbs about his new book which came off the

Large Crowd Attends the Centennial Homecoming

A near-capacity crowd filled the school auditorium Saturday at noon for the centennial homecoming program which had been arranged by Spud and Betty Tiffin, Pat and Guinn Fitzgerald and Gay and Gale McPherson.

Stan Fogerson was master of ceremonies, and the invocation was given by Dwight Rampley. Scoutmaster Barry Francis, one of Silverton's first Eagle Scouts, led the Pledge of Allegiance to the Flag.

Appearing on the program, representing decades of the centennial, were Iris Crawford Burson, Lallie Haynes Patton, Faye Davis Rampley, Darrell (O'Connor) Dye, Dennis Tomlin, Nanette Fitzgerald Kennedy, Suzette Fitzgerald Nistler, Donna Tomlin McWaters.

LaRue Garvin provided piano accompaniment for Silverton students who introduced each decade in appropriate costumes of the period, including old letter jackets and sweaters in the former school colors, maroon and white. Those costumed to represent the decades were Lance Holt and Molly Bomar, Christa Tucker, Casey Frizzell and Kami Martin, Jess and Lori Brannon, Trey Ziegler and Dara Johnston, Braden Towe and Vanessa Martin, Tarran Forbes and Monty Wood. High school cheerleaders led the singing of the alma mater. The junior high cheerleaders handed out programs.

Families Participate in 4-H Labo Overseas Homestay Program

Two Silverton families have participated in the 4-H Labo international exchange program for a month this summer. "Language opens the door to your child's future" and "Learning a New Language—the Younger the Better!" were the slogans marking the beginning of the Labo program in 1964. The Labo Education Center was officially founded in 1966 and over the past 23 years has become recognized as one of Japan's foremost educational organizations.

There are many ways to see a foreign country, but Labo believes that rather than a sight-seeing tour, children gain the most by living with a foreign family as a family member—experiencing their daily life, and making friends with other children. To that end, Labo works with organizations in foreign countries to arrange homestays with a family which has a child of the same sex and age as the Japanese participant (12-18 years old). The homestays are only for one month—during the summer vacation—but the effects last a lifetime.

This summer, Hiroyuki Hirate of Imabari City, Japan, 12, has been making his home for a month with John, Gail, Ashleigh and Trey Wyatt. Miki Hanazono of Gamagouri, Japan, also 12, has been a guest in the home of Bill, Janinne, Josh, Jeremiah and Molly

Brooks.

The Japanese youngsters brought lots of gifts for their American "families" and also brought gifts for Silverton's Mayor, Wayne Nance. The two left Silverton to return to their homes in Japan Wednesday, and took with them a number of gifts from their new friends in Silverton. They may be gone, now, but they'll never be forgotten by those who have gotten acquainted with them during their stay here.

School Begins Here August 25

For the students in the Silverton Independent School District, classes begin on Tuesday, August 25. For the teachers in the school system, inservice work begins Monday.

Classes will be held nine days, then all will enjoy the Labor Day holiday on Monday, September 7.

Next holidays on the schedule are November 26-27 for Thanksgiving; December 21-January 1 for Christmas and New Years; January 22, February 24-25-26, April 12 (weather day) and May 7 (weather day).

Molly Brooks, Miki Hanazono of Gamagouri, Japan, Mayor Wayne Nance, Hiroyuki Hirate of Imabari City, Japan and Trey Wyatt were pictured as the Labo students exchanged gifts with the Mayor of Silverton. Miki has been staying in the home of Bill and Janinne Brooks and family, and Hiroyuki has been making his home with John and Gail Wyatt and family.

The "Promote Silverton" booth was very busy, and lots of the visitors took the new brochures and post cards home with them. The post cards are on sale in most Silverton businesses, and are \$1.00 each. There are four different ones: the courthouse by Bess McWilliams, Tule Crossing by Wayne and Tina Nance, a baby calf by Toy Cogdell and a view of Lake Mackenzie by Jim Freeman. The proceeds of the sales go back to the Silverton Promotion Fund and will be used for more color post cards and promotional material.

The new centennial monument was dedicated, with Judge Jimmy Burson as master of ceremonies and Congressman Bill Sarpalius as guest speaker. State Representative Pete Laney, into whose district Briscoe County has been moved by the re-districting, also was present. He should be the next Speaker of the House of Representatives, and this is quite an honor for our district. A number of people released helium balloons with their names and addresses and the date of the centennial celebration inside them.

Incidentally, if you haven't stopped by to take a close look at the new centennial monument, you should. This isn't a slick slice of stone resembling a grave marker, but is a huge piece of native Briscoe County flint to which the commemorative plate is attached. Near the monument will be a walk laid with tiles in memory or in honor of pioneer and other families.

This is a continuing project, and for \$50.00 you can have information about your family placed there. If you are interested, contact Judge Burson's office.

It was a lot of fun, thanks to all who made the trip home. We loved seeing you again — don't stay away too long!

Graham-Brunson Vows Exchanged Here August 1

Julia Kay Graham and Bradley Wayne Brunson exchanged wedding vows Saturday, August 1, at the First Baptist Church in Silverton. A beautiful ceremony was performed by Ted Kingery, minister of the Silverton Church of Christ.

The bride is the daughter of Jack and Ruby Graham of Silverton, and the granddaughter of the late Mr. and Mrs. M. A. Graham and the late Mrs. Ruby Bean.

The bridegroom is the son of Perry and Marsha Brunson of Silverton, and the grandson of Mr. and Mrs. James Brunson of Quitaque and Mr. and Mrs. Ray Teeple of Plainview.

Escorted and given in marriage by her father, the bride wore a lovely gown of delustered satin, encrusted with handbeaded sequins and pearls on silk Venise lace. The gown featured a Sabrina neckline of scalloped lace and a deep Basque waistline. The long sheer sleeves were appliqued with beaded and sequined lace. The low open "V" back led into a cathedral train, which was adorned with tiers of bias-cut satin fluted in ruffles.

Her layered tulle veil was edged with ruffles, encrusted with pearls, and fell to the top of her train from a wreath of seed pearls and miniature white rosebuds accented with butterfly ruffles.

She carried a cascade bouquet of fresh orchids, white roses, miniature carnations and lavender asters with Queen Anne's lace, sprengeri fern and leather leaf greenery. A corsage of the same flowers was placed in the center of the bouquet for the bride to wear away from the church. Ribbons and streamers of white and lavender satin with white lace accented the bouquet.

Matron of honor was Christy West, and bridesmaids were Kami Martin, Julie Towe and Brandi Brunson, sister of the groom. The bridesmaids wore lavender satin gowns designed in tea length, tapering to floor length in the back. The gowns featured fitted waists, pleated capelet collars with lavender satin roses in the center. They wore matching lavender satin shoes, and each carried white roses with lace and satin streamers.

The flowergirls were Megan Smith and Kallie Graham of Plainview, nieces of the bride. Their dresses were styled like those of the bridesmaids, fashioned of lavender satin, complimented by large self bows in the back. In their hair they wore miniature white rosebuds and lace. From their white decorated baskets, they dropped rose petals that had been given to the bride by the groom on special occasions in the past.

Niklas Graham of Plainview, nephew of the bride, was ringbearer.

Lacy Brunson, sister of the groom, lighted the candles. She wore a tea-length, lavender satin gown with fitted waist and pleated capelet collar, with a lavender satin rose in the center. She added a wrist corsage of miniature white carnations and lace.

Best man was Brian West. Groomsmen were Brian Martin, Kirk Couch and Wayne Henderson, all of Silverton.

Guests were seated by Rob Weaks of Silverton and Mike Graham of Plainview, brother of the bride.

Robyn Lane of Turkey registered the guests.

Decorations of fresh white roses, carnations, spider mums and asters, in shades of lavender and purple, with fern and leather leaf greenery entwined the candelabrum. To compliment and finish the decorations, large lavender bows with streamers of satin and lace were attached to the arrangements. Two large baskets of fresh white gladiolas, roses, carnations and asters, in shades of lavender and purple, accented with greenery, were placed in front of the piano and organ. The windows were accented with candles set in greenery tied with lavender bows. Both aisles of the church were lined with lavender satin bows.

Following the exchange of vows, Tisha Wilson, accompanied by Mrs. Rauch, sang "The Lord's Prayer" while the couple lighted their unity candle, symbolizing their love and oneness.

Briscoe County 4-H Member Places at State

Briscoe County 4-H member Ashleigh Wyatt placed fourth with her Clothing Record Book at the State 4-H Record Book Judging which was held this past week in College Station.

The record book was an accumulation of the activities that she has accomplished during her participation in the 4-H Clothing Project.

She is the daughter of John and Gail Wyatt of Silverton.

The main objectives in the clothing category are for the 4-H'er to: gain consumer skills in making and purchasing clothing and accessories, learn to make clothing for self and others, develop judgment and creativity in planning an attractive wardrobe and acquire knowledge of fibers, yarns and processes for making fabrics.

Miss Wyatt accomplished many of these goals through her participation in the 4-H Design Contest, Make It With Wool Contest, attending various workshops related to clothing, and by assisting as a Teen Leader for the county clothing project.

A record book is one of the steps a 4-H'er can go through toward winning a scholarship. The record book also allows the 4-H'er to develop through leadership and citizenship activities.

Jo Trout of Mesquite has been here visiting her sister, Bess McWilliams, and attended the centennial celebration.

This notice concerns 1992 presents information about three tax rates. To determine property taxes last year. This year last year if you compare properties taxed in rate the taxing unit can set before taxpayers are found by dividing the total amount of tax adjustments as required by state law. The rate

Last year's tax rate:

- Last year's operating taxes
- Last year's debt taxes
- Last year's total taxes
- Last year's tax base
- Last year's total tax rate

This year's effective tax rate:

- Last year's adjusted taxes (after subtracting taxes on lost property)
- + This year's adjusted tax base (after subtracting value of new property)
- = This year's effective tax rate

x 1.03 = maximum rate unless unit publishes notices and holds hearing

This year's rollback tax rate:

- Last year's adjusted operating taxes (after subtracting taxes on lost property)
- + This year's adjusted tax base
- = This year's effective operating rate
- x 1.08 (or add \$.08 for schools) = this year's maximum operating rate
- + This year's debt rate

= This year's rollback rate

L. O. A. Study Club entered the third-place float in the centennial parade. This was a replica of the old Plum-Nelly Cafe (Plum out of town and Nelly in the country). Some of those who grew up hanging out at the Plum-Nelly rode on the float. *Briscoe County News Photo*

Lady Roper Wins A-B Event Again

For the second year in a row, the A-B division of the Briscoe County Roping was won by a woman. Twila Wood Baldwin teamed with her husband, Russell, to have the fastest time and best average in the event. Twila roped successfully with every loop she threw this year.

The previous year, Dara Ware Garvin won the coveted belt buckle.

This roping is just for present and former residents of Briscoe County.

Leland Wood teamed with Todd Reagan to win second in the A-B, and teamed with Cam Forbes to win third place. Leland will be a seventh grader in Silverton Junior High this fall.

The open division was won by Ken Wood and Cam Forbes, who posted the fastest time.

Winners of the averages were Jim Forbes and Tim Washington, first; Ted Daugherty and Cam Forbes, second, and Terry Brice and Cam Forbes, third.

In the merchants' roping, Baird Farms was the winner with Hand Baird as the roper and Jeremy Holt as the runner.

A Letter to the Silverton People

Silverton will always be our home, even though we moved to Memphis two years ago. We are always glad to say "we are from Silverton," and on Saturday, August 15, when Silverton "put on a happy face," we were very proud to say it again. The town was beautiful, and we just wanted to tell you that we enjoyed every aspect of the day: the school reunion, activities on the courthouse square, dedicating the monument, the beautiful painted store windows and the wonderful canyon scene painted on the building facing north across from Allsup's. It is just like you are ready to enter the canyons. It is breath-taking. We also enjoyed the parade, barbecue, the music and everything.

We come to Silverton quite often, but we really enjoyed being there on the 100th anniversary of the school and Briscoe County.

Berton and Vivian Hughes

CARDS OF THANKS

On behalf of the Briscoe County Activities Association, I would like to thank everyone who contributed to the success of the centennial celebration. Thanks to everyone who took part in the centennial parade.

Special thanks to those who worked so hard to make the new concession stand and restrooms a reality at the rodeo arena and ballpark, and those who donated and are donating to the project. It took a lot of manhours to get the job done, but everyone rallied to the call and worked almost around the clock. The steel was delivered here on Thursday night, and the concession stand was in use the following Thursday night—not quite finished, but in good enough order for use.

We appreciate those who supported all our money-making projects, attended the roping and rodeo, and purchased food from our concession stand. Thanks, too, to all the workers who were in charge of these projects.

Without the help of just about everyone in the community, the centennial activities wouldn't have been such a success. Thank you!

Calvin Shelton, BCAA President

I would like to thank everyone who helped in piecing and quilting the beautiful centennial quilt donated by the Briscoe County Activities Association. I will cherish it always.

Thanks again,
Janice Hill

The Silverton Promotion Committee expresses its appreciation to each one supporting our endeavor to promote our town and county by donating to the postcards and brochures and trying to win John White's cross.

A special thanks to all our volunteers who made it possible to meet our deadline.

We would like to thank everyone who helped in any way on our float for the Centennial Celebration. A special thanks to Rick Hester for his building, Spud and Betty Nan for their expertise and equipment, and for the use of their trailer, to Dean Ziegler for pulling the float and Madeline Stone for her help with the skirt. Your help was greatly appreciated.

Progressive Extension Homemakers

L. O. A. would like to thank all the fine folks who rode the Plum-Nelly float: Fred Strange, Fred Arnold, Fern Parker, LaRue and Beffie Garvin, Wilton and Shirley Whitehead, Dorothy Bomar, Mary Tom Burson, Lona Ann Isbell, Nelda Teeple, Pat Tidwell. Thanks to Ray Teeple for pulling the float with his red '49 Ford.

Your many expressions of sympathy have overwhelmed us. We have been comforted during the illness and death of our beloved family member, Champ, by your love and prayers. We are truly blessed to have such wonderful friends.

Thank you,
The McGavock family

Thanks to everyone who participated in or assisted with the Cow Pattie Bingo. Thanks to Don Brown for the use of the panels for the pen. Eudean Crow was winner of the \$250 game and Sandi Tomlin won the \$500 game.

We appreciate all those who took part in the beard-growing contest and everyone that was such a good sport about the chicken badges.

All helped to make the centennial a success.

Leon Lavy

Social Security in Briscoe County

by Mary Jane Shanes

Social Security Manager in Plainview

Social Security Benefits Are Not Reduced by Earnings After 70

Are you 70 years old or older and still working full time?

If you are, then you should know this: you don't have to retire to start getting Social Security benefits.

Before you turned 70, Social Security's earning limits may have kept you from getting benefits if you were a high earner. But the Social Security earnings test does not apply after you reach age 70.

The exempt amount for beneficiaries age 65-69 this year is \$10,200. For earnings above \$10,200, \$1 is deducted from the individual's Social Security benefits for each \$3 earned up to the full amount of the potential benefit. Under this rule, a person who always paid the maximum amount of Social Security tax could earn over \$49,000 a year and still receive some benefits from Social Security.

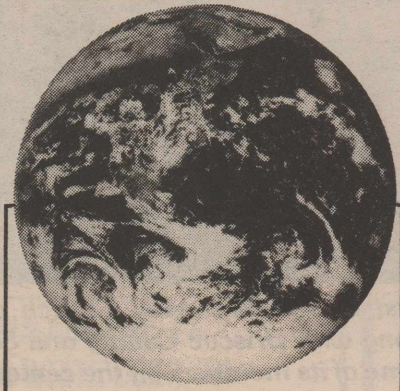

If you're now 70 or older and you've never applied for Social Security retirement benefits, you should contact our offices. Our toll-free national number is 1-800-772-1213, or you can call my office at 293-9599.

The benefit application process only takes a few minutes—and you can get back to work.

THE WARMTH OF THE EARTH

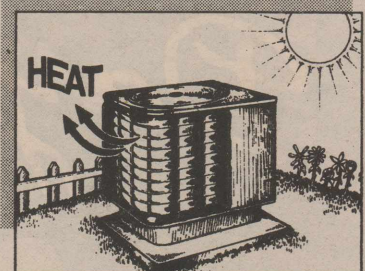

The heat pump captures it to heat and cool your home naturally.

The Dual Fuel Heat Pump uses existing heat to keep your home comfortable...naturally. Because it doesn't have to create heat, it's very efficient. For each unit of energy it uses, the Dual Fuel Heat Pump creates two or three units of heat.

Dual Fuel Heat Pump owners say it costs them less to operate than other systems. And, because it's electric, the Dual Fuel Heat Pump is cleaner.

There is heat in the air on the coldest days. The heat pump captures it to warm your home.

In summer, it becomes a high efficiency air conditioner. During hot weather, the heat pump captures the heat inside the home and takes it outside.

Contact your heat pump dealer or Southwestern Public Service Company for more information.

PARENTS SHOULD HELP SCHOOLS COMBAT EVIL INFLUENCES

There was a time when getting your children ready for school simply meant clothes, shoes, eye exams and vaccinations. Today, however, it also means warning them against any attempt to induce them to use drugs, join in gang activities, or commit acts of crime or vandalism. With all the evil influences abroad, this is not an easy time to bring up children--even the very young ones--and it requires an extra effort on the part of parents and law enforcement authorities to help the schools combat these things. However, it should also be remembered that the Sunday school at your House of Worship can teach your children positive moral values, helping them to see the advantages of a clean and law-abiding life. There is no more vital part of their education.
