NUMBER 19

First Load of '61 Milo Crop Arrives

The 1961 milo harvest made its first appearance in Winters Wednesday when a couple of loads of grain were brought in to local elevators from early-maturing fields. Harvest was not expected to hit full stride for another two or three weeks, however.

The season's first grain was greeted by a state of fluctuation in the grain market. First local quotations were for \$1.60 per hundred, but local buyers expressed the thought that that price would

not hold due to the fact that government old-crop, dry grain is being dumped on the market at \$1.65 per hundred. They expected the price for this year's grain to seek lower levels, faced with this competition. Government loan for this year's crop, under the feed grain program, was set at \$1.94 per hundred.

Some quarters predicted that this year's milo harvest would be a long, drawn-out affair, because of the many different stages of growth. Early grain is maturing fast, but there are some reports of "lots of suckers" in the old maize, which would hinder harvest. A few days of hot, dry weather would help to eliminate this problem, some said.

Some of the young maize was said to need rain, but on the whole, conditions are excellent.

Production of up to 4,000 pounds per acre has been predicted for some parts of the county. Although this is much higher than the expected county-wide yield, this year's crop is expected to be the "best in years."

Winters' grain handling and storage facilities have been augmented by the addition of storage tanks and loading equipment, so that the three elevators will be able to handle more grain at one time than ever possible in the past.

Winters farm equipment houses have been busy the past few weeks, conditioning combines and equipment in expectation of the heavy harvest.

Buddy Gray of the ASC office in Ballinger said Wednesday that his office is working to complete the measuring of grain fields under the feed grain program. They are about 90 percent finished with this job, he said. Gray said that about 83 percent of the county's farmers were cooperating in one way or another in the new farm program. He said a complete analysis and report would be ready within a week.

Local Corporation Offering 96,000 Shares Of Stock

One of Winters' industrial corporations, Sparkle-Lite, Inc., has placed on the market 96,000 shares of no par value common stock, according to an announcement by Homer Hodge Jr., president of the corporation.

The securities are being offered by prospectus only, Hodge said and are offered to bona fide residents of Texas only, under a permit granted by the Securities Commissioner of Texas. Offering price will be \$1.25 per share, Hodge said.

Sparkle-Lite, Inc., was incorporated under the laws of Texas on April 3, 1957. Business was commenced on April 1 of that year.

The company manufactures, distributes and markets its own patented "Lens Bulb," together with signs, novelty and lighting components and fixtures. The "Lens Bulb," a non-filament plastic bulb, is a new concept in lighted signs and decorating fixtures, Hodge said. The company designs, fabricates and sells both "stock" and custom built signs.

The company has operated on a (Continued on last page)

Football Practice Will Begin Here Monday, August 14

L. G. Wilson, Winters High School head football coach, said this week that practice for the fall football season will begin Monday, August 14, at 8 a.m.

There will be two work-outs a day for the first two weeks, Coach Wilson said. The morning work-out will be from 8 to 9:45, and the afternoon sessions will be from 5 until 7.

Thirty-five boys will take part in the early practice sessions, Wilson said.

In pre-practice discussion, Coach Wilson said, "I expect the Blizzards to be a tough team this year and to provide some very interesting football for the fans. We have a rough schedule but we have the type of boys who are capable of handling the situation."

The Blizzards mentor invites football fans to "watch our practice sessions, and especially do we invite you to our intra-squad scrimmage on Friday night, Aug. 18. This will be a special 'meet the Blizzards' night."

Captains for this year's team will be Johnny Caskey, three-year letterman and All-District performer at quarterback; A. L. Mitchell, two-year letterman, at end; and Don Clanton, one-year letterman and All-District candidate in the tackle slot.

"These boys are fine leaders," Coach Wilson said, "and they have a great group of boys to lead. So let's all support the Blizzards this year."

FROM ILLINOIS

Mr. and Mrs. Dave O'Conner and boys of Kewanee, Ill. arrived Saturday for a two week visit with her parents, Mr. and Mrs. Ernest Smith.

IN SMITH HOME

Mr. and Mrs. Douglas Smith and Mike of Abilene spent the weekend visiting in the home of Mr. and Mrs. Ernest Smith.

RETURNED HOME SUNDAY

Mr. and Mrs. Buck Smith returned home Sunday from Chateau, Mont. where they visited with their son, Mr. and Mrs. James E. Smith and family. Enroute to Montana, they went through The Black Hills of South Dakota. Other points of interest visited were Glacier National Park of Montana and the Waterton National Park in Canada.

BIG FISH—The Rev. Ray Elliott, pastor of the First Methodist Church, displays the 6-pound bass he hooked in the Ballinger lake recently.

Wingate School Ready To Open On September 5

Wingate Independent School will begin the 1961-62 school year on Tuesday, Sept. 5, according to A. Dooley, superintendent. All teacher positions have been filled for the new school term.

Teachers will be: Mrs. Nina Cowan, 1st grade; Mrs. A. Dooley, 2nd grade; Mrs. Oren Dunn, 3rd grade; Mrs. Faye Pinegar, 4th grade.

Mrs. Kathlene Shedd, 5th grade; Mrs. Polley Ben Dean, 6th grade; John Foster, 7th grade and band; and Ray Cowan, 8th grade and principal.

Anna Faye King is supervisor in the lunchroom, and Mrs. Eva Byrd is lunchroom helper. Bill Wheat will be a bus driver.

Other members of the school staff will be Ben Heil, bus driver and custodian; Solly Doggett, custodian; Dot Awalt, secretary; Leila Harter, assessor-collector.

A schedule of events will be given to students at the opening of school, and schedule of holidays will be similar to those of the Winters schools, Supt. Dooley said.

Mrs. Ray Alsbrook of Andrews visited with Mrs. Robert Miller, Lori and Julia Leigh.

Russell Mote New Vice-President of Winters C. of C.

Russell Mote, manager of the local office of the G. W. Strake Oil Co., has been named vice president of the Winters Chamber of Commerce, succeeding Homer Hudgins, who has moved from the city. The new officer of the chamber of commerce was named at the regular meeting Tuesday morning of the board of directors of the organization.

Mote is a member of the Texas Mid-Continent Oil and Gas Association, Independent Petroleum Association of America's Texas Independent Producers and Royalty Association.

T. L. Hatler, a director, will serve as chairman of the industrial committee, to complete the unexpired term of Hudgins.

Other matters discussed at the recent meeting of the board were the recent city-wide clean-up drive, salt water pollution and the re-location of Farm to Market Road 53.

Present for the meeting were A. W. Libbe, president, and John W. Norman, Ted Meyer, Harry Herman, T. L. Hatler, Harry London, Bob Loyd, Russell Mote, and Mrs. B. B. Bedford, secretary-manager.

"Chintz Cottage" Is Title Of Play To Be Presented Aug. 4

St. John's Luther League will present a three-act comedy, "Chintz Cottage" Friday, August 4, at 8:00 o'clock in the Winters High School Auditorium, it has been announced.

The cast of characters include Lynanne Kruse, Judy Kettler, Martha, Jo Ann and Shirley Turk, Billy Holle and Ronnie Onken.

In the play, Minty, a charming girl of twenty, bored with society, comes from the city to the village of Meadowview. Then one exciting event piles upon another. Minty does not rest, but she gets a "change" and incidentally falls heir to a husband. The cast is an interesting one with Minty topping the group.

Following a close second is the maid, a rich comedy part. Then there is Minty's aunt, a "boss" with matrimonial eye for Mr. Kent. Peter is the innocent cause of most of the trouble while his sister, Grace, helps him in and out of several predicaments. Mrs. Dean's part is short but an excellent bit.

The cast has thoroughly enjoyed working on the play at rehearsals for its humorous situations and lack of sloppy sentiment as well as the clear cut characterization.

There will be no admission, but a free-will offering. The proceeds from the play will be used to send a delegate to the International Luther League Convention at Miami, Florida.

Big Harvest of Native Grass Seed Seen for This Year

Kirby Robinson, Chairman of the Runnels Soil Conservation District, states that many pounds of native grass seed can be harvested locally this year. He says that most pastures, waterways, odd areas and roadsides will produce large amounts of seed.

James Glynn, local Soil Conservation Service technician, says that grass seed can be harvested with farm equipment such as combines, rakes, mowers, strippers and various types of hand equipment. Seed harvested in this manner usually costs only a fraction of the price of commercial seed.

Glynn mentioned that locally produced seed is especially good as it is acclimated to this area. It can be used for reseeding rangeland, seeding old fields and eroded areas, and in vegetating waterways.

Many of the grasses can be harvested from now until frost. The amount of fill will determine when to harvest. If help is needed in determining when to harvest, call on your county agent or Soil Conservation Service technician.

Band Rehearsals Will Begin Next Monday

Robert R. Gans, director of the Winters High School Blizzards Band, this week reminded band members that summer rehearsals will begin at 6:30 p.m. Monday, Aug. 7. First meeting will be at the band hall.

Director Gans said that summer rehearsals will last until the first day of school. Band members will meet four evenings each week, on Monday, Tuesday, Thursday and Friday.

The band will begin practicing for the first football game, which will be played before school actually begins, Saturday, Sept. 2. Gans urged all band members to attend rehearsals as it will be "difficult to put a show together unless all band members are present."

Hays Favors Franchise For West Texas Utilities Co.

To the Citizens of Winters:

In announcing my candidacy for Councilman, I am acting under the principle that every taxpayer should, at one time or another, offer to assume some of the responsibility associated with the conduct of his government, subject, of course, to the wishes of the people. These desires of the majority of the people may be made known to the office holder in many different ways, and I believe they should be respected.

I further believe that the city or community level of government is basic in our democratic system, and as such should receive the attention of each and every citizen, to guarantee its proper conduct.

These following items I firmly believe and advocate:

1. I am wholeheartedly in agreement with the mayor's program of establishing within the framework of our city government adequate and businesslike procedures for the conduct of city affairs, such as the new accounting system in process of being adopted.

2. I am in favor of presenting for the people's approval an annual budget, such as was presented recently, taking into consideration the needs of the different departments of the city and in line with the anticipated income of these different departments. To my knowledge this year was the first time a proposed budget has been presented in open meeting for approval by the people. I am also in favor of staying within

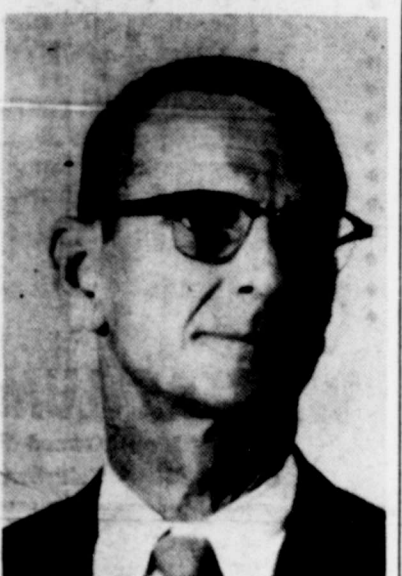

that budget in the operation of the city's business, and of resisting all temptations to mortgage present and future taxpayers to the hilt.

3. I am in favor of free enterprise. At a time when we are trying to gain business and industry to strengthen the economy of our community, I believe it is unwise to dissuade any legitimate business which desires to operate in the city of Winters, regardless of the presence of "City-owned" businesses. Further, I believe there is a moral responsibility associated with such action; I do not believe it is right to tell a business they cannot operate here. In line with that, I believe that the franchise for the West Texas Utilities Co. should be made now, in the interest of unity in our city. It is true that the franchise under which the company is presently operating has another five years to run. However, no business, large or small, can be expected to render adequate service or install adequate equipment if they are not sure of being here after a certain short period of time.

4. I believe that elected officials have a moral responsibility of being truly representative of the majority of the people. I believe that the wishes of the people of Winters, regarding the West Texas Utilities Co. franchise, have been clearly expressed, by various polls, in the April City elections during which the question was certainly an issue, and by means

Farm combines are often used in the Runnels Soil Conservation District to harvest native grass seed. Only minor adjustments are needed in this type of equipment to harvest most types of seed.

D. B. Collinsworth Will Receive Award In VA Association

D. B. Collinsworth, Vocational Agriculture Teacher in the Riesel Public Schools since 1951, will receive the Distinguished Service Award of the Vocational Agriculture Teachers Association of Texas in Austin, August 9, according to Wilbert H. Meischen of Raymondville, President of the organization. Collinsworth is completing twenty years service to Vocational Agriculture.

The award will be presented at an Awards Breakfast sponsored by the Association. The breakfast is a part of the state-wide conference of Vocational Agriculture Teachers, designed primarily to allow teachers to explore new trends in agriculture and participate in workshops. Education features of the four-day meeting will be under the direction of George Hurt, Director of Agricultural Education, Texas Education Agency. He will be assisted by J. A. Marshall, E. C. Weekley, E. L. Tiner and ten Area Supervisors, including A. B. Childers of Waco.

Collinsworth, a 1936 graduate of Winters High School, attended Tarleton State College and received the Bachelor of Science and Master of Education Degrees from A and M College of Texas. He is a son of Mr. and Mrs. E. C. Collinsworth of Winters.

For his work with Future Farmers, Collinsworth was awarded the Honorary Lone Star Farmer Degree by the Texas Association of the FFA in 1958. Three young men under his supervision have received the Lone Star Farmer Degree and one has progressed to receive the Nation's highest degree, that of the American Farmer Degree, awarded by the National Organization.

Collinsworth is active in community and church activities. He has served as Chairman of the Board of Stewards of the Methodist Church, and is now Vice Chairman, a past president of the Riesel Lions Club and chairman of the Agriculture Committee. Activity in the scouting program has brought the Scoutmaster's Key, Order of the Arrow and a trip to the 1957 Jamboree as an adult leader.

Approximately 1,100 vocational agriculture teachers and friends are expected to attend the Austin Conference.

TO NEW MEXICO

Mrs. George Poe and Cliff left Thursday for Glorieta, New Mexico where she will attend the Baptist Assembly. She will return home Wednesday.

LEFT LAST WEEK

Mr. and Mrs. F. D. Gardner left last week for Ennis, Mont. where they will join Dr. and Mrs. T. V. Jennings for a trip to Glacier Park, Seattle and Bremerton, Washington.

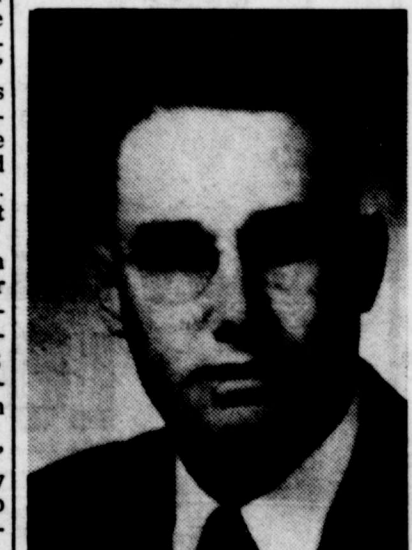

Ronald Huddleston To Preach At First Baptist Church Sun.

Ronald Huddleston of Fort Worth, son of Mr. and Mrs. James Huddleston, will preach at the morning and evening services Sunday, August 6, at the First Baptist Church, according to an announcement made this week.

Huddleston is a graduate of Baylor University and has completed one year at Southwestern Theological Seminary at Fort Worth.

Ed Blair of Abilene, formerly choir director of the First Baptist Church here, will be in charge of the music at the morning service, which will be held at 11 o'clock and evening service at 8 o'clock.

The public is cordially invited to attend.

REV. T. M. HARRELL

Revival Services Begin Friday At Southside Baptist

The Rev. T. M. (Jack) Harrell of the Hamlin North Central Baptist Church and former pastor of the Pumphrey Baptist Church, will do the preaching for the revival at the Southside Baptist Church beginning Friday night, August 4, and continuing through August 13.

Prayer services will be held each evening at 7:30 with singing and preaching at 8 o'clock. Early morning services will be held at 8 o'clock.

The public is cordially invited to attend these services.

Tells Why Many States Are Losing Industries To More Progressive Areas

Babson Park, Mass. Many cities wonder why new factories do not start in their area, and why so many are moving South.

Reasons Why New Factories Do Not Start in Your Area

One trouble is that old industries are dying faster than the area can get new ones. In my estimation, all of the northeastern states are suffering from high labor costs due to rampant unionism; high state taxes; overpopulation; too great a distance from raw materials; leftists who want to spend before they earn; workers who don't want to work and don't respect their employers; state and local officials unfriendly to industry; and lack of a desire to help newcomers.

Already six states in the South have solved their problem, but all needed to amend their state constitutions. These have been drawn

to protect the holders of tax-exempt bonds within their states. Times have changed — and we now must choose between giving a monopoly to present holders of tax-exempts or aiding the unemployed. Also, owing to the new Congressional mortgage legislation, we have the U. S. Government guaranteeing 40-year mortgages at 5 percent interest!

Revenue Bonds the Solution

We all are acquainted with non-taxable Revenue Bonds for building highways. The holder of such bonds is dependent upon the toll receipts for his interest. If enough people use the new highway full interest is paid, but not otherwise. At first leading investment bankers objected to such Revenue Bonds; but finally they accepted them and the bonds sold freely. Of the hundreds of millions worth of bonds issued, only one (that put out by West Virginia) has defaulted.

Now certain cities in the South are issuing such Revenue Bonds to provide funds for new industries. They are tax-exempt and must be voted by a majority of the citizens. These bonds have been freely accepted by northern investors. Many of our cities are now taxing their citizens heavily to provide education for their children. But as soon as the more intelligent of these children graduate from high school, they are obliged to leave their native city and go to a more progressive city in a more progressive state. Hence there has been little pop-

ulation growth for many northeastern cities. They need new factories, and the issuance of Industrial Revenue Bonds seems the best answer.

Big Tax-Exempt Industrial Issues

The biggest such Industrial Revenue Bond we know about is for \$25,000,000 issued by the little city of Cherokee, Alabama. The money received from these bonds will be used to build a huge fertilizer plant to be leased by Armour and Company. The bonds give both the community and the company a highly advantageous contract. Armour has agreed to pay off the bonds at 4 3/4 percent interest over a period of 26 years. Both interest and principal will come entirely from Armour's lease payment. Investors who buy the bonds find themselves with a highly desirable tax-exempt 4 3/4 percent bond. If you are in the 50 percent tax bracket you get the equivalent of a 9 1/2 percent taxable yield. Cherokee has no problems because: (1) the bond issue is covered by strong legal restrictions, (2) the plant will employ over 300 workers.

The second largest municipal bonding program we have heard about is a \$9,000,000 project for General Tire in Kentucky. Ranking third is a \$7,000,000 bond issue for Borg-Warner Corporation in Arkansas.

Getting New Factories In Your City

The above is the only method which I now see for cities in the northeastern U. S. to get new factories to provide employment for their people and proper schools for their children. Remember that today, when locating new factories, the owners are looking for localities where the executives and their wives will be glad to live.

New England cities which are some distance from raw materials must provide some offsetting advantages. They must have friendly Chambers of Commerce which are not controlled by "old fogies." The C of C Secretary should be an experienced man, preferably from one of the fast-growing Southern cities which have already issued Industrial Revenue Bonds. New England has many natural advantages; but it must wake up to the new conditions facing us. The same applies to many cities of the Central West which now depend upon farming.

CARD OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts. The family of Fred Millborn. 10p

MOVIES

"One-Eyed Jacks"

Academy Award-winner Marlon Brando debuts as both star and director with "One-Eyed Jacks," the Technicolor-Vista Vision romantic adventure drama released by Paramount, which opens Thursday, Friday and Saturday at the Fiesta Drive In Theatre.

Also starring Karl Malden and co-starring Katy Jurado, the film introduces Pina Pellicer, a young actress discovered on television in her native Mexico City.

As director, Brando participated personally in every aspect of producing "One-Eyed Jacks," from casting to costuming. Filmed in Death Valley and along the crashing Pacific coastline at Monterey, California, the attraction features Larry Duran, Miriam Colon, Ben Johnson, Slim Pickens, Sam Gilman and Timothy Carey in supporting roles.

Guy Trosper and Calder Willingham adapted the screenplay from Charles Neider's popular novel, "The Authentic Death of Hendry Jones."

"The Grass Is Greener"

The third time, according to legend, is the charm. Which means that producer-director Stanley Donen's "The Grass Is Greener" should be an all time screen charmer. The happy third time combination crops up no less than five times in the new Technicolor-Technirama comedy success due Sunday and Monday at the Fiesta Drive In Theatre.

"The Grass Is Greener," which Donen made under the Grandon Productions banner for Universal-International release, stars Cary Grant, Deborah Kerr, Robert Mitchum and Jean Simmons. It marks the third association of Grant and Donen (from whose names the corporate title Grandon Productions is taken), an association that previously embraced "Kiss Them for Me" and "Indiscreet."

Hollywood observers also note that picture marks the third time Grant has appeared with Miss Kerr, the third time Miss Kerr has appeared with Mitchum and the third time she has co-starred with Jean Simmons and Mitchum. Miss Kerr and Mitchum, in fact, began work on "The Grass Is Greener" only two weeks after they had finished their second film together, "The Sundowners."

"Wild in the Country"

Jerry Wald's production of "Wild in the Country" offers to millions of Elvis Presley fans an extraordinary drama of the rehabilitation of a gifted rural boy from delinquency to fresh promise as an aspiring young American writer. The unusual role played by Presley gives the public unexpected insight into his stature as a serious actor, and presents, in memorable support, a cast headed by Hope Lange, Tuesday Weld, Millie Perkins and Rafer Johnson. In CinemaScope and DeLuxe Color, the film opens Tuesday, Wednesday and Thursday at the Fiesta Drive In Theatre.

Based on the novel by J. R. Salamanca, with a screenplay by Clifford Odets, this is the story of a Shenandoah Valley farm boy named Glenn (Elvis Presley) whose endless collisions with the law have brought him to the point where he must go either to reform school or into the permanent custody of a probation officer appointed by the court. It is Hope Lange, playing the part of Irene, the psychiatric social worker who shifts the balance of the court's opinion and becomes the influence for good in the boy's life.

"Noose For A Gunman"

Premium Pictures exciting out-

door adventure "Noose For A Gunman" starring Jim Davis and Lyn Thomas for United Artists' release, tells the story of how a man, rejected by the people that he loved, returns to them in their hour of need. This man overlooks personal danger and retribution in order to accomplish this personal sacrifice.

The taut screenplay was written by James B. Gordon, directed by Edward L. Cahn and produced by Robert E. Kent.

Action-star Jim Davis portrays this man, Case Britton. The picture opens Saturday only at the State Theatre.

"Love Is My Profession"

One of the most prolific writers of modern times, Georges Simenon is the author of the novel on which "Love Is My Profession" is based, the new Brigitte Bardot starrer which is due Sunday afternoon only at the State Theatre.

The new Kingsley International release co-stars Jean Gabin and Edwige Fenech, with Franco Interlenghi topping the featured cast.

Originally published in the United States under the title "In Case of Emergency" in 1958, the book was brought out in France as "En Case De Malheur." Although it has been published widely around the world, it has not been permitted publication in Great Britain. The book kicked up a storm of controversy there because of certain explicit characters and situations, for which Simenon is partly famous.

CARD OF THANKS

I want to thank our friends and neighbors for their prayers, cards, flowers, food and words of encouragement following my surgery and since I have returned home. Dave joins me in thanking you. Mrs. D. A. Dobbins. 1tc

Funeral Rites For Former Resident Held In Post Friday

Funeral services for Charley F. Davis, 83, of Post, former resident of Winters and brother of the late Mrs. John W. Adams, were held Friday, July 28, in Post with burial there.

Mr. Davis died suddenly Wednesday in Lubbock while accompanying his wife to see an optometrist.

Mr. Davis moved to Post in 1900 and lived here for many years. He was a farmer employed by Korney's for several years. Those attending the funeral were his nieces and nephews, Adams, J. W. Adams, Lucile Hill and Maud.

VISITING GRANDPARENTS
Tony, Reta and Ted Anson are visiting in their grandparents, Mr. Harry London and Mrs. O. H. Casey.

Letters To The Editor

Smith Still Answering Questions

To the Citizens of Winters.

We are still answering questions.
1. How much money did the City Light Plant take in last year?
2. How much of this money stayed in Winters?

Re-invested in new plant and lines \$13,214.07
Money applied to the purchase of leased engine 10,680.00
(This engine will be paid for, and owned by the City on July 31st, 1963).
Installments paid on bonds 15,000.00
Cash on hand accumulated in 1960 fiscal year 6,217.04

TOTAL \$45,111.11

This amount of money is an actual increase in the value of your light plant. Of each dollar you spend for electricity with your city plant 34c was direct profit to your town.

The local merchants benefitted from the light plant in increased business volume as follows:

Salaries \$30,623.96
Truck expenses 918.31
Utilities 663.94

TOTAL \$59,066.97

This figure represents 45 1/2c of each dollar you spent with your City Light Plant in 1960 fiscal year. The light plant now has on hand \$22,210.60 in the operating fund, and \$45,650.33 in the sinking fund, a total of \$67,860.93 as of July 1st, 1961.

The above figures were obtained from the last City Audit, and the records of the City Secretary.

In last week's paper the Mayor took issue with \$1,500.00 item that was money transferred to the City Hospital to keep it going. We are proud of the Winters Hospital, and

Mrs. J. E. Smith Re-Elected Prexy Of WMS Tuesday

Mrs. J. E. Smith was re-elected president of the Woman's Missionary Society of the First Baptist Church at a meeting in the educational auditorium on Tuesday.

Officers who will serve with her for the coming year are Mrs. George Poe, vice president; Mrs. W. W. King, secretary; Mrs. Joe Baker, treasurer; Mrs. J. N. Clark, song leader; Mrs. V. E. Colburn, pianist; Mrs. Ed Cheek, Young Woman's Auxiliary director; and Mrs. Ches Busher, Sunbeam Band director.

Committee chairmen are Mrs. Loyd Roberson, program; Mrs. T. I. Goodwin, Community Missions; Mrs. C. E. Whitmire, Mission Study; Mrs. W. S. Cooke, prayer; Mrs. J. N. Clark, stewardship; Mrs. R. L. Briley, social; Mrs. J. T. Randolph, benevolence; Mrs. Marvin Bedford and Mrs. F. F. Hamilton, food. Circular chairmen are Mrs. R. D. Collins, Mrs. Ed Brandon, Mrs. Jack Pierce, Mrs. Doyle Newcomb, Mrs. T. H. Worthington, and Mrs. E. E. Dodson, extension circle.

Members of the nominating committee for 1962 are Mrs. Clifton Davis and Mrs. T. H. Worthington.

Focusing attention on the Sunbeam Band in its 75th anniversary year, the program led by Mrs. King was presented in

scenes.

In scene 1, Mrs. T. I. Goodwin, Sunbeam leader, and a group of 12 children were shown gathered around a large birthday cake while the women sang "Happy Birthday." The children responded by singing the Sunbeam song. The group included Debbie Eoff, Glenda Wearden, Karen Dumas, Opal Sue and Jessie Waldrop, Greg Poe, Arnold Barnes, Richard, James, and David Sparks, Joe Delacruz and Paul Gomez.

In scene 2, Mother and Child discussion was led by Mrs. Ed Brandon.

For Scene 3, Bearers of the Word was presented by Mrs. Bill Chapman and Mrs. Whitmire.

The last scene was discussed by Mrs. Cooke as the children encircled a globe of the world.

Thirty-nine were present with special guests being women from the newly organized WMS of the Latin-American Mission, Mrs. Jose Delacruz, Mrs. Reyes Gonzales, Mrs. Bosilio Esquivel, and Mrs. Saragosa Esquivel.

TO ARRIVE THIS WEEK

Mrs. Fred Bedford Jr. and Susan of Arlington Heights, Ill. will arrive this week to spend a few days with the Bedford family.

VISITED PARENTS

Mrs. Raymond Hale, Donna and Sterling of Big Spring spent Tuesday in the home of her parents, Mr. and Mrs. Ernest Smith. Judy Smith returned home after spending several weeks in Big Spring.

Jones Answers Smith's Letter of Last Week

Winters, Texas
August 1, 1961

To The Editors
The Winters Enterprise
Winters, Texas

It would appear that again the issue has been drawn and I am again the principal target as representing those who favor free enterprise. Before going farther I would like to say I am glad to see Autry has recovered his form and did a nice job of writing in last week's paper. It was impressive and I am sure effective in some respects, as a matter of fact, even I was impressed.

I was impressed with the revival of a number of things used before. The same charge of propaganda, the same creation of the "Big, Bad Utility Company," the same attempt to discredit any opposition with a charge of "raising taxes" which is always a good nerve center, the same charge of "mouthpiece," the same charge of "promoters," the same insinuation of withholding facts, the same charge of someone "pulling the wool over the Citizen's" eyes. By inuendo I am charged with all of these things by T. A. Smith. What does his article really say or prove?

Autry answered his question No. 1 alright but then he let the gate down to ridicule a large percentage of the Citizens of Winters whom he purports to be saving from this terrible doom. The "promoters" set me up to be elected and elected me. I say I am quite proud of those promoters, all 382 of them, the voters who supported me. Grif Brown publicly endorsed the extension of the WTU franchise. Does that make those 339 who supported and voted for him "promoters"? Are these Citizens and voters so stupid and illiterate that they can't think for themselves but only follow "promoters"? I admit I did promote something and I'm proud of it. I promoted the cause of freedom in this Country of ours and this City of ours. I promoted the cause and the right of each individual citizen to speak his own rights and not be dictated to by a group of self appointed "business executives" who knew more than all of the people. I promoted open records and fair dealing. I promoted truth and accuracy even if it hurt. I stated my beliefs on all fours and I didn't back up on them.

The pitiful thing to me is that Autry can't seem to conceive of anyone having a belief in a principle that does not correspond to his. It was well and good for Autry to start this light plant fiasco a number of years ago and boast about "going to court with it," but it appears to be all wrong if anyone else should not believe in government control and so state. That makes the other party an unscrupulous villain with dire and secret plans to usurp the City government as an heirloom of some outside influence. I say "hog-wash and poppy-cock." I have said before and I say again I believe in the right of free enterprise, whether it be the West Texas Utility Company or Autry's Drug Store. I say we as citizens have the same right to believe in granting any free enterprise the right to do business in our City as does Autry the right to deny it. I further believe in the right of Citizens to choose for themselves their principles of government. I do not believe that any 10 men, 5 men or 3 men have the right to deny the right of free expression when the people ask for it.

Now let's get this petition straight. I wrote the petition Autry refers to and he knows it. I wrote that petition after talking to a large number of Winters Citizens and voters, many of whom were active customers of the City Light Plant. Not one time did anyone connected with the WTU or any other such firm contact me in regard to that petition. It was written as a result of the people's request and what they considered a denial by some of the Council of the wishes of the people. I told the Council in open Council meeting that I intended to continue the fight for the people's rights and that's exactly what I intend to do. If Autry has any evidence that anyone outside of the Citizens of Winters had anything to do with writing or circulating the petition I ask him to produce that evidence, as a matter of fact I challenge him to produce it. 525 citizens signed that petition because they believed in it and many, many more have called requesting to sign. Does that make them imbeciles who merely follow blindly any suggestion. I think not. I am proud of every signature and I believe every person signing knew what he or she was about when they signed. Autry says the petition will stir up hatred among friends. I will say to Autry nothing will stir up more hatred than casting unfounded suspicion as does his article. If he has facts let him state them.

Autry charges me with misrepresenting the tax question and attempts to tie that in with the big

"promotion." He even authenticates his charge with a newspaper quotation of May 26. He should remember that quotation and quite well. He was at the Budget meeting when the statement quoted was made and he had with him a Mr. Keller whom Autry says is a "financial advisor and expert in municipal finance," the same man who set up most of our \$875,000 bonded indebtedness. The meeting was called to discuss the budget of the City of Winters and about 75 interested taxpayers and citizens appeared. I am sure that they will remember the Council could not complete its budget discussion as a result of interference regarding extraneous issues. If Autry had not been so engrossed in trying to discredit me at that meeting he might remember that I stated then that it would be necessary to raise the valuation percentages from 40 to 50 percent to meet rising costs. I made no reference to 10 percent nor did I intend to—that was Autry's own deduction and it compares favorably with some of his other figures. All present were furnished with a copy of the proposed budget with detailed explanation of the need for the revenue item by item. Why did not Autry expose me then and there along with his sinister plan to sabotage the City's financial structure. He had the "nose of a bloodhound." "22 years in the municipal power school of experience," and the sound advice and backing of a "financial advisor and municipal finance expert," why didn't he use them then, or could this attack be an afterthought, thoughtfully and carefully planned by other "financial experts"? I charge Autry knows the most vulnerable spot in any public question is taxation and he is using it to the fullest to discredit me with no regard to the cause of the tax problem, its result on the City operation, nor any suggestion as to its solution. He was asked, directly, at the budget hearing to which he refers to offer helpful suggestions regarding the tax matter and I am still waiting for that answer. I hope that I am not considered so simple that I do not know that recommending tax raises is usually political suicide. On the other hand I believe the people of Winters want to pay their just debts and they know that taxes are about the only way to raise the money.

There seems to be one tiny ray of hope for me. Autry actually acknowledges that after those promoters slipped me on the Council as their "mouthpiece" that gave me a little prestige. Frankly I don't want prestige. I want honor and respect of my fellow men and when anyone charges or alludes otherwise then I challenge them to produce some proof as I now challenge Autry to back up his charge.

I believe Autry got one thing right. He stated the people aren't in the mood to eliminate competition in our town. He is 100 percent right as far as my mood is concerned. He says in the same paragraph that the WTU is using this method to call an election to get the people to sell the plant. How does he reconcile these two opposing statements. I say to you now as I have said many times before, at the Council meeting when I recommended the extension of a franchise a lease or sale of the plant was the farthest thing from my mind. If you want to know who suggested this sale or lease idea go to the minutes of the council meeting and see who made the motion to request Mr. Young of the WTU to make such an offer to the City and see who seconded and voted to send this word to Mr. Young. While you are looking take a look and see who made the motion and second to adopt my recommendation that the valuation of property be raised from 40 to 50 percent and who voted for it so that while you are passing out thanks and gratitude for withstanding the pressure of the "promoters" you can pass out some more thanks and kill two birds with one stone for the same council acted on the same issues and I think you will find in about the same majority. Maybe I am again mistaken. Maybe Autry feels that I pressured these councilmen into raising taxes, pressured them into suggesting sale of the plant and sending word to Mr. Young, but was not able to pressure them into doing as the people has asked, that is, letting the people have the right to vote on the issue.

Since Autry has been crystal gazing, or rather following a smell trail may be, I too should prognosticate. The one charge they haven't voiced very loud yet is that anyone who supports the franchise idea is being "paid off." That charge happened before and I predict it will happen again. While you are considering it ask the accuser if he thought I was paid off to leave a deferred government job in 1944 at the age of 29 and volunteer as a private in the infantry to go to the Pacific area for what I thought was a cause

of freedom of free men. I'm not bragging but I'm proud of my record and proud of the hundreds of others from this area who were with me, and I'm proud of those who gave so much more than I could ever give for the cause of freedom. I was paid off alright—I came home to an America where I could start flat broke in private business and make a living for my family. I could go to the poll and vote for whom I choose. I could run for office and fight to continue freedom for myself and my fellow man, and I'll say this, if Autry intended to get my dander up, his mission was accomplished and I promise one thing, I have just begun to fight.

I'm afraid Autry became so engrossed in his expose of your Mayor he inadvertently gave away some trade secrets. He alleges that a petition was started to force certain councilmen to "give up the only thing they had to bargain with," that is, the franchise. No one tried to force the councilmen to do anything, they were asked to let the people vote on a vital issue affecting their town, their light plant and their money. After looking over the record I find Autry may be right in his statement in one respect, that is that the franchise is the only thing they have to bargain with. By Autry's own statement the light plant was started back in about 1946 with a bond issue of about \$175,000. We have operated that plant for 15 years, we have paid thousands of dollars in bonds and interest, our equipment is getting older and wearing more every day, we now owe approximately \$425,000 plus many thousands in interest. We have just about enough money to meet our bond requirements for this year and none for extensive repair or expansion and our town is still as divided as it was the day Autry proposed the light plant issue 20 years ago—or was it 22 years ago? Does that sound like the plant will soon pick up the tax bill. How long must we wait? Autry would have you believe I started this controversy. Ask him where I was when the question was taken to court when it first came up. Yes, I agree we don't have much more than a franchise to bargain with and I doubt that we are fooling the WTU or anyone else into believing we have a two and one-half million dollar nugget. I will agree with Autry on one thing, the people with WTU are shrewd traders and I never heard of that being called a crime or that it was anything to be ashamed of. I think most business men try to be shrewd traders. I still say you can be a shrewd trader and not believe in the principle of holding a gun to a man's head while making a trade which is the same effect as threatening the WTU with "buy out at an outrageous price or no franchise." Who does Autry think he is fooling? I say not even we dumb voters who don't know enough about the question to vote intelligently.

Now let's be adult for a while. I think we have imposed enough on the good offices of the Winters Enterprise. I think it is time we open this thing up face to face. I will gladly meet anyone, anywhere for public discussion or question period on this public issue. I am a firm believer in the accused being faced with the accuser and witnesses against him. These letters are accomplishing nothing and I intend to discontinue any further comment through this method. I believe the people know me well enough to know my principles and abilities and that they are free to choose.

I do now direct a few questions to Autry and they are sincere, (by the way, it wasn't I who asked the question about the position of his nose).

1. Do you favor granting the WTU an extension of their franchise now or ever?
2. Is it not true that you want to see the WTU out of Winters?
3. Since we own a Municipal Hospital, and it's almost paid for, would you favor dispensing all drugs and medical supplies at the municipal hospital and asking all competition to leave town and use the profits to help pay taxes as you suggested in the case of the light plant, and if you do not favor this, why the difference in the Municipal Hospital and Muni-

Mrs. Milliorn died in Winters in 1927. On August 30, 1936, Mr. Milliorn married Zera Tucker at Baird and the family continued to farm here until he retired in 1959 when he moved to Abilene. Mr. Milliorn was well known in this community for his farming and various community works. Funeral services were held Saturday afternoon at 4 o'clock in Spill Memorial Chapel with the Rev. Howard Ingram of the Trinity Baptist Church in Abilene officiating. The Rev. L. T. Grantham of Highland Park Baptist Church in Abilene assisted. Burial was in Northview Cemetery and grandsons served as pallbearers. Survivors include his wife, Mrs. Zera Milliorn of Abilene; three daughters, Mrs. Ralph Teten of Winters, Mrs. Charles Cook of Ontario, California, Mrs. Irvin Teten of Abilene; seven sons, Bill of Winters, Raymond and James of Fort Worth, Floyd of Dallas, Merl of Atlanta, Georgia, Charles G. Bozeman, Montana and Otis Milliorn of Pecos; 22 grandchildren and eight great grandchildren; and eight great-grandchildren; one sister, Mrs. Lillian Ponder of Yakima, Wash.

Legal Notice

NOTICE TO RECEIVE WRITTEN, SEALED BIDS FOR LEASE OF OIL AND GAS LANDS OF THE WINTERS INDEPENDENT SCHOOL OF WINTERS, TEXAS.

Notice is hereby given that the Board of Trustees of the Winters Independent School District of Winters, Texas, will meet on the 8th day of August, 1961, A. D., at 8 o'clock P. M. at their regular meeting place, the same being the Home Economics Building of the Winters Public Schools, for the purpose of receiving written, sealed bids for the leasing of oil and gas purposes the following described land belonging to the said Winters Independent School District, to-wit:

2.82 acres of land, more or less out of the H. Chapman Survey, No. 79, Abstract No. 499, with metes and bounds as follows:

Beginning at the Northwest corner of said Chapman Survey, said point is the center of a public road leading south, and another leading east.

Thence East along the center of said road and along the North Line of said Chapman Survey No. 79 to a point, going a distance of 802 feet.

Thence South and at 25 ft. past the South line of said road 3 feet west of corner fence post.

Thence on South a total distance of 187 feet to a point 10 feet East of and 11 ft. South of a mesquite tree 12" in diameter and leaning to the Northwest. Said last line crosses an old fence line leaving approximately same land each side of line.

Thence West along an old fence line 802 ft. to a point on the West line of said Chapman Survey No. 79.

Thence North 187 feet to the place of beginning.

Said above described property to be leased with abstract and title as is with no warranty to title.

Said Board of Trustees shall receive and consider any and all written, sealed bids submitted for the leasing of said above described land and in the discretion of said Board of Trustees shall award the lease to the highest and/or best bidder submitting the bid therefor, provided that if in the judgement of said Board the bids submitted do not represent the fair value of such leases, said Board of Trustees may reject any and all bids.

Bids not accepted will be returned to the sender.

Direction for Mailing Bids: Mark in the lower left hand corner: Bid for the purchase of oil and gas lease to be opened Tuesday, August 8, 1961, at 8 o'clock

We Don't File You Away:

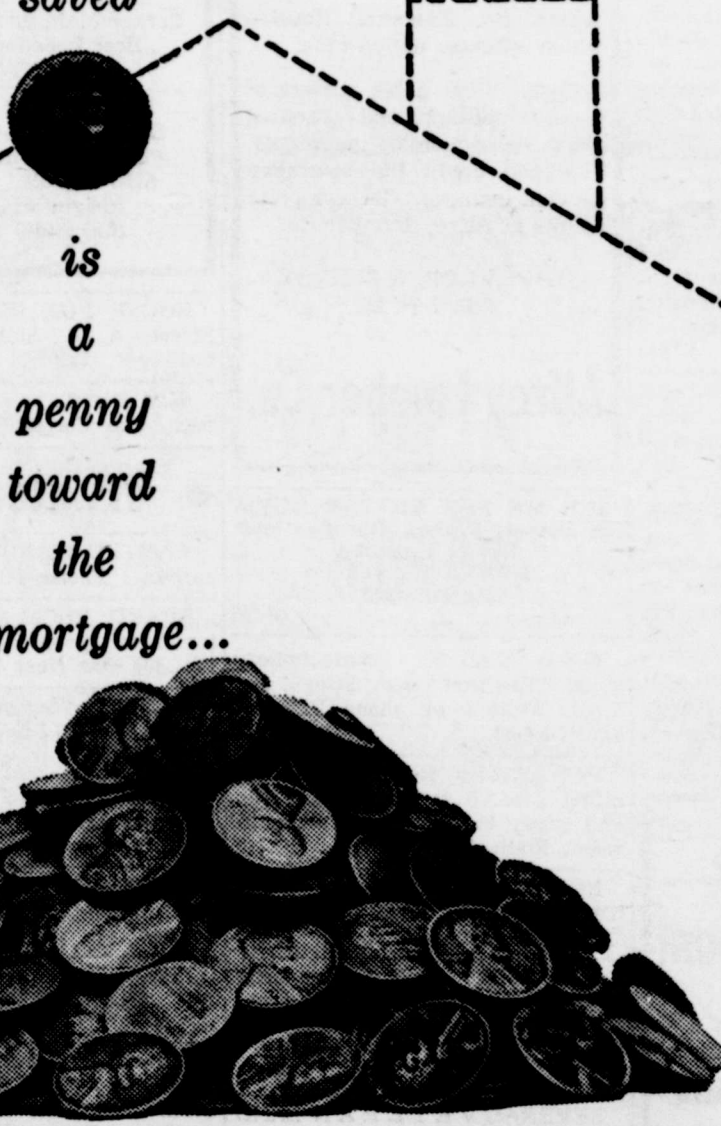

INSURANCE PROTECTION CONSTANTLY REVIEWED

When living costs rise, your insurance coverage does not rise with it! If you took out coverage several years ago, for example . . . chances are that it is not enough today. We never let such a situation occur, because we review our client's insurance programs periodically. That means extra protection for you!

JNO. W. NOR MAN

The Insurance

a penny saved is a penny toward the mortgage...

and "FRESH-AIR" Gas heat can save you thousands of dollars!

Pennies saved per hour might not sound important, but check with care — choosing gas heat can literally save you thousands of dollars, just during the life of your mortgage alone. Fuel costs are lower with gas, yet you are more comfortable. You pay less maintenance, because gas heats without moving parts in the heating system. You're spared the costs of installing and running extra heating units for extra-cold days — your gas system is perfectly capable of keeping you cozy always. And you can add summer cooling with gas, thriftily and easily. Why pay more — to get less — than safe, dependable gas gives?

Public Library Has New Books On Shelf

Winters Public Library has just received several new books, according to Myra Glover, Librarian.

MILA 18 by Leon Uris is among the new books. Uris is the author of the most read books to ever be in the Winters Library. MILA 18 is a long, sweeping narrative of the horrors of the Warsaw Ghetto, when tens of thousands were massacred by the Germans in World War II and of the valiant freedom fighters.

Other new books are DOCTOR TOM DOOLEY, MY STORY; THE WEST POINT STORY; A GIRL AND FIVE BRAVE HORSES and FRANKLIN ROOSEVELT STORY.

The library recently received a memorial contribution in memory of H. C. Ezzell from Mr. and Mrs. H. L. Speer. They also donated books to the library in memory of Mr. Ezzell. Other books were given by Nelda Downing, Mrs. C. E. Sullivan and Virginia. The library is open Wednesday and Saturday afternoons from 2 until 5 o'clock. Miss Glover is being assisted this summer by Linda Eoff, Margaret Stoecker and Dickie Hale.

CARD OF THANKS

The recent bereavement which has visited our home has brought to us a greater appreciation of our friends. Such kindness and neighborly thoughtfulness can never be forgotten. Our heartfelt thanks are extended to the doctors and nurses for their efficient services, to those who brought the food to our home, for the visits and the beautiful floral offerings. May God bless each of you in the prayer of Mrs. Leeshen Henslee and Mrs. Carl Henslee and family. 1tc

Junior Culture Club Enters National Safety Program

Junior Culture Club of Winters has submitted its project for consideration in the 1961 Carol Lane Awards for Traffic Safety.

The Carol Lane awards is a national program honoring the contribution of individual women and women's clubs to traffic safety in the community or state. It is administered by the National Safety Council through a grant of Shell Oil Company, and is named for Shell's women's travel director.

Judging for the Carol Lane Awards will be completed August 19. Prominent women leaders in traffic safety and other community work will serve as judges.

Winners of the 1961 Carol Lane Awards will be announced during the National Safety Congress in Chicago, October 17-21. The top winners will be guests of Shell Oil there during the Congress and will be presented with their awards at a luncheon given in their honor.

Awards are given for projects in three categories: rural areas and towns up to 25,000 in population; towns of 25,000 or more; and an entire state. Top award in each category is a \$1,000 Savings Bond and a sculpture symbolizing "woman's protective instinct." Second place awards are \$500 in bonds and basrelief plaques of the statue. Third place winners each receive \$250 in bonds and the plaques.

ON DEAN'S LIST

Marcus R. Hudgins, son of Mr. and Mrs. Homer Hudgins, is among 991 undergraduates at Pennsylvania State University, who qualified for the Dean's List of various colleges during the spring semester. An average of 3.50 or better is required to qualify for the dean's list. Hudgins, a senior with a major in meteorology, had an average of 3.62.

Boll Weevil Is Threatening County Cotton

County Agent C. T. Parker said this week that the boll weevil problem in Runnels County can become acute if something is not done to halt the spread of the pest.

He said that the boll weevil is increasing in "alarming numbers," and suggested that farmers inspect their fields closely. Information to help combat the weevil may be obtained from the county agent's office, Parker said.

There also have been reports of boll worm and cotton aphid infestation in area cotton fields. Several farmers in this part of the county have released lady bugs to fight these pests, and others are ordering the lady bugs. Lady bugs are used in place of spraying in some cases.

Another threat to farmers is the fairly large grasshopper population. Many farmers have been spraying to kill the hoppers.

Winters Students On Spring Semester Honor Roll At UT

Two University of Texas students from Winters are listed on the University of Texas Arts and Sciences scholastic honor roll for the spring semester.

Cecile Jim Glenn, son of Mr. and Mrs. James Glenn of Winters, was listed on the ampla cum laude roll for the semester.

Harvey Michael Jones, son of Mr. and Mrs. Harvey D. Jones of Winters was listed on the cum laude list.

Kleta Gerhart, daughter of Mr. and Mrs. H. F. Gerhart, is listed on the Business Administration honor roll for the semester.

NOTICE

We will be closed for remodeling from 2 p. m. Wednesday, August 2, and will re-open August 20.

Chancel Guild Held Regular Meeting Thursday Evening
Chancel Guild of St. John's Lutheran Church held its regular meeting Thursday evening in the parsonage with Mrs. A. W. Stoecker presiding.
Mrs. Stoecker led the opening prayer and Mrs. L. R. Hoppe led a discussion and gave the topic, "The Church Calendar." Mrs. Ellis Ueckert gave the secretary's report and Mrs. L. Ernst, the treasurer's report. Several projects were discussed and reports were given on projects now in progress. The meeting adjourned with "The Lord's Prayer."
Mrs. T. F. Hantsche and Mrs.

H. K. Flathmann served refreshments to ten members who were present.

CARD OF THANKS
We wish to express our sincere thanks to our many friends and neighbors who were so kind and thoughtful at the death of our loved one, J. H. Kurtz. For your memorial wreaths, beautiful flowers, cards, visits and food that was brought and served, we are deeply grateful. May God bless each of you is our prayer. The family of J. H. Kurtz. ltp

New Package For Fluid Milk
Plastic coated containers have been developed for packaging fluid milk. These new containers are designed to replace the present wax coated cartons, says Arch Meekma, extension dairy specialist.
The new carton was introduced and became the big attraction at the Dairy Exposition in Chicago last November. It is a variation of the present wax covered carton. It has a polyethylene coating on the fiber carton. The new carton does not require glue for forming, wax for coating or staples for closing.

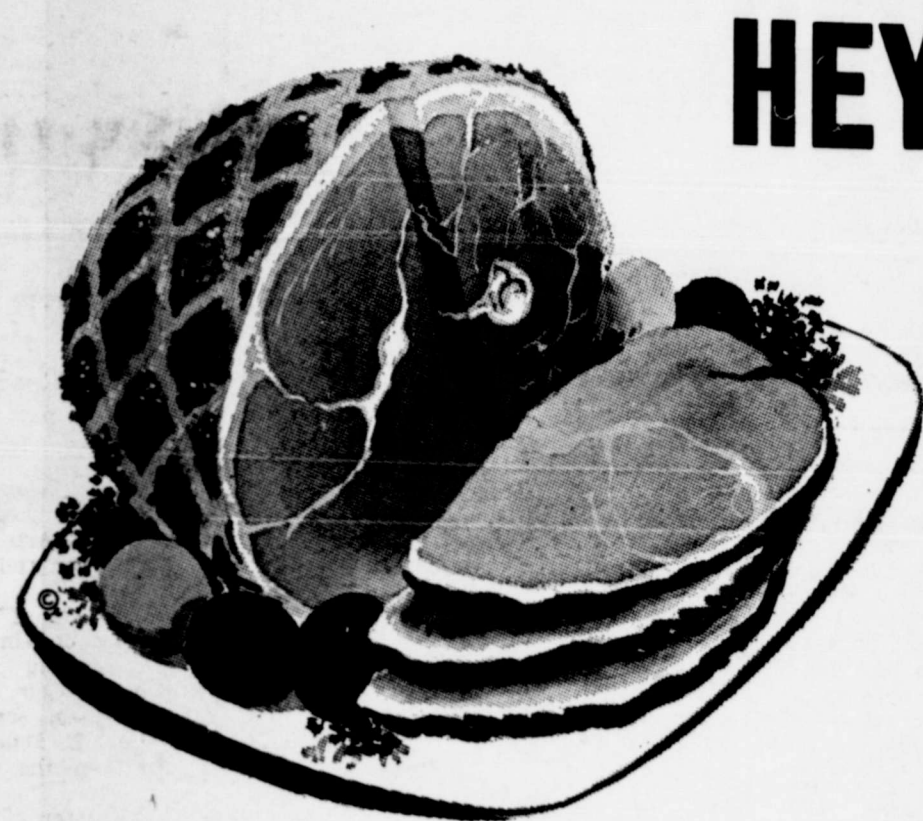

It comes with the plastic coating already on the carton. All that is necessary is to shape the carton and heat seal it into form, points out Meekma.
Manufacturers of the containers say the new cartons will eliminate the costs, inventories and handling of wax, glue and wire; prevent the contact of wax and milk and loose wax particles in the milk; do away with leaky milk cartons, and improve the appearance of the milk package.
Many women retain small feet, slender ankles, and shapely calves, but above the knees expand into unmeasurable dimensions, proving that nature is both kind and unkind.

Vo.-Ag Teachers To State Meet In Austin
The two vocational agriculture teachers in the Winters school system, Lon McDonald and Leiland Robinson, will leave next week to attend the annual meeting of the State Association of Vocational Agriculture Teachers in Austin.
The convention will last from Tuesday through Friday, and meetings will be held in the Aus-

tin Coliseum. Area sessions will be held in other sites in the Capitol City.
During the annual convention, vocational agriculture teachers will receive refresher courses and training. They also will attend two short courses covering a variety of subjects.

FOR EASIER LACING
Harden the tips of your rawhide show laces by holding them over the flame of a match, until match burns out, or until the rawhide is thoroughly charred. You'll find they lace much easier.

the martian question

Something to think about . . . If there are intelligent creatures on some other planet, your son and mine may one day meet them!

What sort of people would you hope these "Martians" to be?

Believers in God . . . or atheists?

Men and women with spiritual ideals . . . or materialists of the Kremlin vintage?

Warm-hearted, friendly, with a Christian sense of values . . . or ruthless, indifferent, dedicated only to self?

WOULDN'T IT BE HEARTENING to find on that planet a world of churches . . . of faith . . . of folks at worship and at work for the Truth revealed to them by God?

Something to think about . . . Next Sunday! In this world! Which isn't yet all we want Mars to be!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and ready your Bible daily.

lish of Odessa; ten grandchild-
ren; one brother, Leon O. Roswell,
N. M.; three sisters, Mrs. T. J.
Middleton of Abilene, Mrs. Ethel
Cathey of Irving and Mrs. Earl
Blackburn of Grand Prairie.

Visitors Sunday morning at
the Baptist Church were Rev. and
Mrs. Elbert Galloway of Washing-
ton; Mr. and Mrs. Jack Gibbs
and two children of Lubbock.

Visitors at the Methodist Sun-
day School were Mr. and Mrs.
H. O. Harris of Denton; Mrs. Jer-
ry Morgan of Austin and Rose
Best of Odessa.

The Drasco Baptist revival
meeting closed Sunday night with
a baptismal service. Baptized
were Lesli Bishop and Terry Lew-
is.

Mrs. Jack Bedford and Clyde
Reid gave the morning special at
the Moro Baptist services, and
Mrs. Earvine Carey and Clyde
gave the night special with Mrs.
J. W. Allmand at the piano for
both specials.

Dorcas is the character to be
studied in next Sunday's Sunday
School Lesson. The following is
by Amos John Traver. Dorcas is
the Greek translation of the Ara-

maic Tabitha. Aramaic was the
form of Hebrew spoken in Jesus'
day. Since Luke was writing for
Gentiles as well as Jews, he used
both names. He also defined the
original meaning of Tabitha or
Dorcas: gazelle. This is a small
animal of the deer family still
found in North Africa and Asia. It
had become a symbol of innocent
gracefulness. If her name had its
original significance, Dorcas was
a beautiful woman of quiet dis-
position.

Dorcas' death revealed the beau-
ty of her life. Christian love in
her heart was dynamic. It grew
into selfless, loving service to the
poor.

The miracle by which Dorcas
was restored to life was testimony
to the power of God. There was
special need in the first century,
as the church was just beginning,
for demonstrations of the power
of Christ. One demonstration
was Dorcas' life of loving service,
the other, her restoration to life.

Special days next week are for:
Fred Graham and Bill Lilly, the
6th; Mrs. Mansfield Foster,
Mack Wells, Mrs. David Traylor,
Mrs. Merrill Abbott and Howard
Reid the 7th; Dwane Bundas, Mrs.
Modena Wade and Mickey Ed-
wards the 8th; Pete Middleton and
wedding anniversaries for Mr.
and Mrs. Russell Grun, Mr. and

Mrs. Clyde Reid and Mr. and
Mrs. Hulin Webb, the 9th; Elvis
Kirby and Reese Wayne Hunt the
10th; Evonnie Kirby, Elizabeth
Parker, Merman Votaw and a
wedding anniversary for Mr. and
Mrs. Frank Brown the 11th; Eu-
la Dee Middleton Smith, Mrs.
Calvin Helms, Mrs. Sammy Nix,
Irene Faircloth, Mrs. Jack Bishop,
Irvie Talley, Hershell Jackson
and Mrs. E. E. Shellhouse the
12th.

We are taking from the regis-
ter names of those who attended
the Homecoming Sunday. We feel
sure there were quite a few who
did not register.

Leeshen H. Henslee
Died Sunday Night
In Winters Hospital

Leeshen (Luke) H. Henslee, 48,
well-known business man of Win-
ters, died Sunday evening at 9:30
in Winters Municipal Hospital fol-
lowing a stroke he suffered at his
home, 504 South Magnolia at 1:30
Saturday morning.

He was born Feb. 18, 1913 at Buf-
falo Gap, the son of Mrs. Mar-
garet Henslee and the late Carl
Henslee. When he was a small
child the family moved to Haw-
ley and in 1919 they moved to
Winters where he has lived with
the exception of a period from
1939 to 1941 when he operat-
ed a cleaning establishment in
Stamford. He had been in the
cleaning business for the past 30
years and had operated Henslee
Cleaners for the past eleven
years.

He married Marvel Frost on
December 25, 1938. Mrs. Henslee
is secretary for the West Texas
Utility Company in Winters.

Mr. Henslee was a member of
the First Baptist Church, Veterans
of Foreign Wars and American
Legion of Winters.

He served in the United States
Air Force from 1942 until 1945, and
was in the Pacific Theatre for
twenty-two months. His only brother,
Kenneth Henslee, was killed
during World War II while flying
over the English Channel in 1944.

Funeral services were held
Tuesday afternoon at 3 o'clock in
the First Baptist Church in Win-
ters with the Rev. B. T. Shoe-
make, pastor, officiating. Burial

was in Northview Cemetery.
Survivors include his wife, his
mother; two sisters, Mrs. Jack
Patton of Wingate and Mrs. W.
J. Morgan of Columbia, South
Carolina.

Pallbearers were Roger Robin-
son, Ed Roller, Ray Caskey, Pete
Davidson, George R. Hill and Dr.
C. T. Rives.

VISITED IN PAMPA

Mr. and Mrs. T. F. Hantsche
spent Sunday and Monday in
Pampa visiting with their son,
Ted Jr. and family and with the
Jess Hatches. They also visited
in Memphis, Paducah and Asper-
mont.

Home Town Talk—

(Continued from page 1)
time the boys on the street crew get around to filling all the holes, new ones start creating a problem, so they have to start all over again. They're doing the best they can under the circumstances, but it is a continuing fight, and most people understand. Think we've hit on a solution, though. Why not pour concrete in the holes as they appear? It would stay put, and each new hole could be filled that way. Before long, there'd be no worry—we'd have solid concrete streets all over town.

If you feel that your vacation has been slightly less than interesting, buy a ticket on an airliner. Perhaps you'll pick one the Cubans are planning to hijack, and end up with a weekend in Havana. Because there'll probably be more of that pirating, if Uncle Sam doesn't take a haymaker swing from the belt—and now.

Newspapering and West Texas lost a central and stabilizing figure in the death last week of Frank Grimes, editor of the Abilene Reporter-News. Although he was a self-taught man, many West Texas young men and women who aspired to the newspaper field took inspirational cues from the works of his typewriter, and from personal chats with him. The study of his earthy writings was a daily ritual in area households for many years. He'll be missed, not only on the editorial page of the Reporter-News, but on the front lines of the fight to bring more progress to West Texas.

Local Corporation—

(Continued from page 1)
very small scale on a development basis, the president said. However, they plan to enfranchise distributors both in this country and abroad. A dealer has recently been enfranchised for all of Western Canada, Hodge said. The most important product of the company, according to Hodge, is the "Lens Bulb." The non-filament bulb was patented in 1960, and the patent assigned to the company. It is made of acrylic (plastic) of optical quality, and is manufactured by injection molding equipment. The "lens effect" is created by the molding of refractive surfaces into the bulb, thus gathering light rays from any type of light source located behind the bulb and expands, diffuses and multiplies them, creating effects of most unusual animation. A great many unusual effects can be obtained by the use of the bulb, which is made in various colors.

Not the least of the advantages of the new type bulb, the company president said, is its strength and rugged durability. It can almost be said to be hail proof in an outside sign, he said. The company owns its own molds for the four sizes of bulbs now used. Other sizes of molds will be added as needed, it was pointed out. At present, the company does not own its own plastic injection molding machine, but contracts that phase of the manufacture. They plan to purchase an injection machine as soon as the business warrants it, they said. Other officers of the corporation are Thomas A. Tucker of Abilene, vice president and director; S. P. Nesmith of Abilene, vice president and director; Mrs. Homer Hodge Jr., secretary and treasurer; and Loren E. Buckey, assistant secretary and assistant manager. The company's offices and plant are located south of Winters on Highway 83.

Area Photographers To Meet In Winters Sunday Afternoon

Members of the Central and West Texas Photographers Association will meet Sunday afternoon at 2:30 in the home of Mr. and Mrs. Eddie Little. Members of the association from San Angelo, Ballinger, Sweetwater, Coleman, Brownwood, Abilene, Breckenridge and Cisco are expected to attend. The program for the afternoon will be presented by Gilmore Williams of the Studio Gilmore in Austin. Williams is a past president and also president-elect of the Professional Photographers Guild of Austin. He is a member of the state board of directors of the Texas Professional Photographers Association. He has had 20 years experience as a professional photographer in Austin, and has operated Studio Gilmore since 1949. He also serves as photographer for various activities at the University of Texas. His wife will accompany him to Winters, and they will be house guests of Mr. and Mrs. Little for the weekend.

Next to being able to do it yourself, the great talent is to have and appreciate those who can do it; such as writing a poem, a play, hitting home runs, or making a million dollars.

For the most part, international politics tries to get people to be decently respectful toward each other.

Father of Local Residents Died In Ballinger

J. H. Kurtz, 83, of Ballinger died at 12:45 p.m. Saturday at his home in Ballinger following an illness of three months. He is the father of Raymond, Monroe and Marvin Kurtz and Mrs. Adeline Grissom, all of Winters.

Born August 8, 1878 in Washington county, he married Louise Emma Lindemann October 24, 1901, at Bartlett. They moved to Runnels County in 1903 from Bell County, and settled in the Eagle Branch community. He retired from farming in 1928 and moved to Ballinger. He was a member of the Lutheran Church.

Funeral services were held Monday afternoon at 2 o'clock in the Bethel Lutheran Church on the Bronte Highway with the Rev. J. L. Konz, pastor, of Eden, officiating. Burial was at the old Runnels Cemetery.

Survivors include his wife; four sons, Raymond, Monroe and Marvin, all of Winters, and Albert of Westmoreland, Calif.; two daughters, Mrs. Agnes Cummings of Brawley, Calif., and Mrs. Adeline Grissom of Winters; three half-sisters, Mrs. Adeline Krueger of North Carolina, and Mrs. Ida Sanders and Mrs. Lydia Winkler, both of The Grove; 19 grandchildren and 22 great-grandchildren.

Pallbearers were R. C. Jr., Billy, Melvin, and Bobby Krutz, and Rickey and William Grissom.

Big Blue Coaches Preparing For '61 Grid Season

The four Winters High School football coaches, L. G. Wilson, Dick Stafford, Sam Walker and Jerry English, will leave Sunday for Coaching School in San Antonio.

Lecturers for this series, the world's largest coaching school, will be such well-known coaches as John Bridges of Baylor, Frank Broyles of Arkansas University, Blanton Collier of Kentucky, Claude Gilstrap of Arlington State College.

Also on the lecture platform will be outstanding high school coaches, Pete Ragus of the State AAAA Champion Miller High School of Corpus Christi, and Joe Golding of Wichita Falls High School, runners-up in AAAA.

The coaches will return on Friday to prepare for fall practice beginning Monday morning, Aug. 14 at 8 o'clock.

Cotton Bacterial Blight Serious Plant Disease

Bacterial blight of cotton causes more damage than any other plant disease in Texas. It generally is most severe on the High Plains and the Coast Prairie, in the irrigated valleys of the Trans-Pecos area and in the sprinkler irrigated areas on the Rolling Plains. Bacterial blight causes more than one-fourth of the total estimated cotton disease yield loss in Texas. Losses vary from \$35 million to \$40 million per year. Too, additional losses occur in the form of lower and spot grades of the harvested fiber. Losses in 1960 were slightly less than in former years.

Small, angular, brownish or blackish spots occur on the lower leaves. Later the disease may spread to the higher leaves. Only a few spots are necessary to drop the leaves. Yield reduction results from the premature loss of leaves. Small, circular, dark-green spots occur on bolls. These spots enlarge, dry up, stain lint and prevent normal opening of the boll. Under severe conditions limbs or stems may die back.

The disease causing bacteria enter through air breathing pores (stomata) in the leaves, bolls and stems. They also may enter the plant parts through wounds. The blight organism overwinters in the soil on old plant trash and on or in planting seed. Wind-driven splashing rains, sprinkler irrigation or whirlwind spread the bacteria from plant to plant in the fields.

The only known practical prevention is the growing of resistant varieties. Acala 1517 BR, Acala 1517 BR-1, Blightmaster, Austin, Rex and Mebane B-1 have some resistance and are available for commercial production. New resistant varieties are being developed.

The planting of known disease-free seed will give control if there is no soil carry-over. Acid delinquent seed, adequately treated with a seed protectant fungicide, will reduce early season infection. This practice does not necessarily prevent later epidemics. Correct amounts of nitrogen fertilizer will help make susceptible varieties more resistant.

State Capital Highlights

School Days Near, But Money To Run State's Schools Not Yet In Sight

By VERN SANFORD
Texas Press Association

Store windows already are featuring school clothes, and mothers across Texas are budgeting money for new blue jeans and calico dresses.

But money with which to open the schools is not yet in sight. No one seriously doubts that new taxes will be voted and new appropriations made before current appropriations run out August 31.

Gov. Price Daniel has asked the Legislature to provide \$329 million in new revenue to get the state out of the hole and cover future needs. Even in "good times," raising this much money is a staggering problem. It will mean passing taxes to which a good portion of the Legislature—and possibly the governor—are bitterly opposed.

It could not be done—except that in a few weeks those blue jeans and calico-clad youngsters must go to school.

SENATE WORKS ON TAX
Senate's unenthusiastic attitude toward the House-passed tax bill may foreshadow another end-of-the-session deadlock between the two houses.

Even if all senators heartily approved the House bill, they would still have to expand it. State Comptroller Robert Calvert, whose word is final on revenue forecasts, estimates the House bill will raise only \$254,000,000. This is over \$100,000,000 short of anticipated need. At the time it was passed, House sponsors thought it would bring in about \$328,000,000.

House measure would raise money from these sources:

1. A 2 per cent sales tax on all power-driven objects, construction materials, utility services and on other items costing more than \$5. (Bulk of expected revenue would be from this provision.)
2. A minimum levy of one cent per thousand cubic feet on natural gas. Holders of dedicated reserve contracts would be liable for paying the difference between present gas production taxes and this minimum requirement.
3. A one-third increase in drivers' license fees.
4. A revision in the corporation franchise tax formula to get more taxes from out-of-state corporations operating in Texas.
5. A one per cent transfer (\$12,000,000) from the Permanent School Fund to the Available School fund.
6. A bookkeeping change to transfer to the schools in August the portion of gasoline tax money that is slated for school purposes.

BUDGET IN CONFERENCE
House and Senate general appropriations bills, each calling for spending in the neighborhood of \$2,500,000,000, are in the hands of a joint conference committee.

House bill calls for \$16,000,000 more than the Senate version. In addition to what it already had passed, the House instructed its conference committee to hold fast on provisions for a 40-hour week for state employees. Money already was in the House bill to put state hospital employees on a 40-hour week. To this, the House added in its committee instructions, a 40-hour week for prison system and Department of Public Safety employees.

House conferees are Reps. James Cotten of Weatherford, B. H. Dewey of Bryan, J. W. Buchanan of Dumas, Malcolm McGregor of El Paso and Bill Hollowell of Grand Saline.

Senate committee members are Senators Ray Roberts of McKinney, A. M. Aikin Jr. of Paris, Crawford Martin of Hillsboro, Wardlow Lane of Center and Grady Hazlewood of Amarillo.

GOVERNOR OPENS GATES
Just when legislators thought they were going into the stretch on the drive to solve fiscal problems, the governor opened up the session to bills on 21 additional subjects.

Only subjects listed by the governor may be considered in a special session. Daniel opened the door to legislation on unemployment compensation, law enforcement and traffic safety, the election code, Sunday closing laws, municipal annexation and some 15 other subjects.

Not included in the list were three bone-in-the-throat issues left over from the regular session: small loan regulation, changes in the auto insurance plan and ceding part of Padre Island to the federal government for a park.

Some legislators protested that the avalanche of bills resulting from the governor's broadened call would make it harder than ever to pass a tax program.

COST-CUTTING PLAN
In view of the House's money-finding problems, Rep. Charles Ballman introduced a measure designed to lop \$97,000,000 off the state's revenue needs for the next two years.

Ballman is chairman of the House revenue and taxation committee. He termed his bill an "economy" measure. But many of its provisions, which are likely to arouse opposition, call for getting more money rather than spending

less. Among the bill's provisions: combine the Game and Fish Commission and the State Parks Board; raise tuition for state-supported colleges; pay county superintendents from county, rather than state, funds; finance the Department of Public Safety from state highway funds and put DPS collected funds into the general fund.

INSURANCE HIKE STUDIED
Lawmakers, though they cannot legislate on insurance in this session, are giving the new, higher auto insurance rates a thorough going over.

Conflict began when the State Board of Insurance instituted insurance premiums based on driving records in January, 1960. Many legislators protested effects of the plan during the regular session. Then during the summer the Board ordered an across-the-board increase in auto insurance rates, averaging about 15 per cent.

Both House and Senate set up special committees to investigate the need for the increase. A rate expert representing the Insurance Board told the House committee that drivers, not the Board, actually determine rates. As proof, he said rates dropped 30 per cent during World War II when drivers knew that if they wrecked a car, they'd be walking for the duration.

SPEAKERSHIP CHANGE REJECTED
House voted down a proposal by Rep. W. T. Dungan of McKinney to elect a speaker "by gentlemen's agreement" in November, 1962.

Dungan urged that newly-elected representatives meet two months before the session's opening and elect a speaker. This

would give the winner time to select committees and be ready for business at the start of the session.

Objectors said that since this is not provided in the constitution, the results would not be binding. More likely, they said, that the two months interval would be spent in trying to change votes and get a different speaker elected when the House actually convened.

Long-range goal of the reform advocates is a constitutional amendment to allow advance election of the speaker.

Senate doesn't have this problem since the people elect the Lieutenant Governor to preside over the Upper House.

If you're a man and drop something, such as a quarter or a diamond or an aspirin tablet, I advise you to look for it in a trouser cuff before you give up the thing as lost.

AT METHODIST CAMP
Jan Johnson, Kay Bobbie Sue Gana and Glen Rose were at the week at Glen Lake Church Camp.

BIRTH ANNOUNCEMENT
