

Tax Overhaul Urged To Revive Slumping Market

Two Steps Suggested

WASHINGTON (AP)—Secretary of Commerce Luther H. Hodges recommended today that the administration adopt "positive" action rather than words to help counter the jolt to confidence caused by slumping stock prices.

waiting until the whole package is complete. Hodges' session with newsmen came on the heels of a high-level White House conference on the market situation.

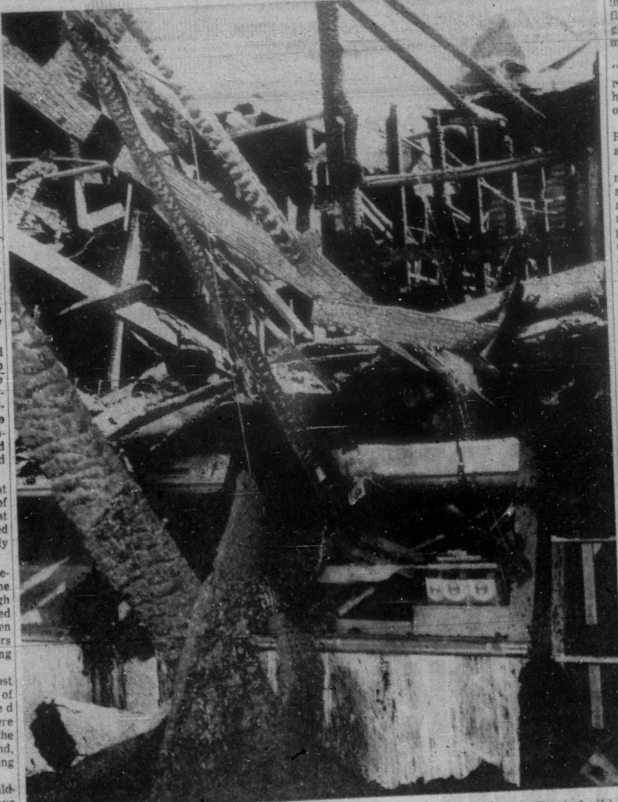

AIR SURVEY UNDERWAY—Shown in the Winston Field terminal are John Ben Shepperd, President of the Odessa Chamber of Commerce, George Patterson, Snyder City Manager, and Jim Allison, Jr., President of the Midland Chamber of Commerce.

DAMAGE INSPECTED—A city fireman inspects damage at the Heath Meat Co., which was razed by an early-morning blaze.

Meat Firm Is Swept By Blaze Here

A Snyder City Police patrol car turned in a fire alarm this morning at 1 a.m. Fire was observed in the Heath Meat Co. at 2003 Twenty-fifth.

BUILDING IN RUINS—The early-morning fire at Heath Meat Co. left the firm's building and various facilities a charred ruin.

'3rd Phase' Air Service Is Discussed In Session Here

Scurry County's Winston Field is the scene of a meeting about 2:30 p.m. yesterday between representatives of the Midland and Odessa Chambers of Commerce and about 25 Snyderites concerning the possibility of "third-phase" airline service for Snyder.

Midland Chamber Aviation Committee vice chairman, Tom Eddy, and Wendell Mayers, Jr., Midland Chamber member.

Cisco Is Going On Daylight Saving Time

CISCO (AP)—This town of 3,000 persons in the center of Texas is breaking with the remainder of Texas and going on Daylight Saving Time beginning Friday.

WEATHER

SNYDER TEMPERATURES: High Monday 82, lowest low 54, degree reading at 7 a.m. today, 58 degrees.

SWIMMING POOLS OPEN TOMORROW

Jay Ramsey, Scurry County P.E.A. Superintendent, announced this morning that the swimming pools in Winston and Toile Parks would be open tomorrow.

Commencement At SHS Set Tonight

Commencement exercises will be held at 8 p.m. tonight for 141 graduating seniors of Snyder High School.

DR. MORRIS WALLACE

The Valedictory address will be given by John W. Pickering, Jr., and the Salutatory address by Jean Young.

Purpose of the visit by the Midland and Odessa civic leaders was to determine the feasibility of a future feeder, or "commuter" airline service into the Midland-Odessa terminal. Cities were visited which had requested that a survey be made of their city.

Three Persons Killed In Auto-Train Crash

MCALLEN (AP)—A Missouri Pacific switch engine collided with a car at a crossing today, killing three persons and critically injuring a fourth.

Faint Signs Of Rally Seen

NEW YORK (AP)—Faint signs of a rally appeared in the stock market this afternoon although emotion-packed selling continued.

making up the Dow Jones average—Anacosta, Sears Roebuck, Swift and Texaco—hadn't opened by noon because of inability to match buy and sell orders.

**RECITAL HELD**—These music students of Mr. and Mrs. Ralph Wesson held their annual musical recital Saturday evening in the fellowship hall of Colonial Hill Baptist Church. ### Mona Schatz, WAAF Says Her Home Is Paradise

By JOY MILLER  
AP Women's Editor  
WASHINGTON (AP)—Mona Schatz watches television alone in the room where Abraham Lincoln drafted the Emancipation Proclamation.

She sunbathes on the same wide veranda where the Civil War president sat on summer evenings and gazed pensively across the miles to the White House in its steamy mosquito-infested swamp.

When she feels like a game of poker or pinocle she crosses her well-kept lawn studded with four cannons to lowering Scott Building, where a game is nearly always in progress in the basement card room of the dormitory-messhall. There, Mona pulls up a chair, packs her big straw handbag on the floor and joins in the bidding with the boys.

Mona Schatz, 31, a WAAF (Women's Auxiliary Air Force) in World War II, is the only active woman resident among 2,200 men in the National Soldiers' Home.

"It's a paradise," she calls her unusual life. "This is the best home I've ever had. If I was a millionaire I couldn't live any nicer than I am right now. It's like a country club."

She shakes her short, straight, auburn hair, held back with a ribbon, and said earnestly: "I con-

### Mrs. Snider Hostess To Auxiliary

The Ladies Auxiliary of Northside Baptist Church met Thursday evening in the home of Mrs. Don Snider, 2008 Avenue L. Mrs. Snider, president, called the meeting to order. Mrs. Hardy Scarborough made the devotional.

Mrs. Don Stephens and Mrs. Jack Dean gave the program on "The Marks of Identification." This was one in a series of lessons about the church. Mrs. Buck Byram and Mrs. Billy Don Harris gave a report of their work with the Junior G. A.'s and of the donation by the girls of a punch bowl and cups to the church. Mrs. Bobby Burney reported that the Bobbeams were sending their offerings to the Navajo Indian mission. Mrs. Carl Stokes reported that the Junior High Girl's Auxiliary will do shut-in visitation this summer. The Young Women's Auxiliary will work for an improvement fund for Boggs Springs Encampment during the month of June reports Mrs. Dean.

The program committee for the

### District Ladies Auxiliary reported that the program for the meeting would be entitled "The Good Shepherd". The District Ladies Auxiliary will meet with the Northside Baptist Church on Friday, June 1.

Mrs. Harris, Mrs. Scarborough and Mrs. Stephens, were elected as messengers to the National Ladies Auxiliary which meets June 19 in Texarkana, Ark. Refreshments were served by Mrs. Snider to Mrs. H. L. McCormack, Mrs. C. L. Robinson, Mrs. Don Harless, Mrs. James Bickel, Mrs. Floyd Glasscock, Mrs. Scarborough, Mrs. Burleson, Mrs. Dean, Mrs. Stephens, Mrs. Byram, Mrs. Burney, Mrs. Harris, and Mrs. Stokes.

Australian shortlines keep warm on cold nights by smuggling with their dogs. A chilly night is a "three-dog night" while a real cold one is a "five-dog night."

The world's most powerful stimulant, built for the U.S. government, produces a sound level of 172 decibels, more than a million times the level that produces ear pain.

### Paula Ann Dupree Receives Degree

DALLAS — Paula Ann Dupree, daughter of Mr. and Mrs. Bob Dupree of 1607 Twenty-fifth Street, was awarded the degree of Bachelor of Arts in History Monday, May 28, in the Forty-Seventh Annual Convocation of Southern Methodist University.

Dr. Willis M. Tate, President of SMU, delivered the University's traditional presidential statement to the graduating class of nearly 1250 members. Over 850 students participated in the commencement exercises Monday evening in the SMU Coliseum.

Southern Methodist University has one graduating class per year, consisting of students who have completed their requirements for degrees in August, January, and May.

At SMU, Miss Dupree was a University Scholar, Mortar Board, Kappa, Cogs, and a member of Delta Zeta Sorority. She is a 1958 graduate of Snyder High School.

# Miss Snyder Pageant Slated For June 29

Snyder girls are being offered an opportunity for fame and fortune through education and proper guidance in building a successful career for themselves through participation in the Miss Snyder Pageant which will take place here on June 29.

The local contest, sponsored by the Snyder Jaycees, is a preliminary elimination leading to the event of the state pageant of 1962 in Atlantic City. The girl judged Miss Texas at Fort Worth during the state pageant of July 11-August 1 will go on to compete in the Atlantic City contest.

Miss Lady Falls is the reigning Miss Snyder. A senior at Texas Tech, she is the daughter of Mr. and Mrs. P. W. Falls of 2001 South Second Street.

This year's Snyder Pageant will be blessed with the presence of the reigning Miss Texas crownholder, Linda Jacklyn Loftis of Fort Worth, according to reports from Jaycees working on the project. Her presence will add even more glitz and charm to the program, which has developed into one of the most enjoyable "high points" of the Jaycee year.

Winner of the Miss Texas contest will have all her expenses paid for the trip to Atlantic City and the competition for the title of Miss America in September. In addition, she will receive a full wardrobe as part of her Miss Texas prize—plus a coveted \$1,000 scholarship.

The Snyder Pageant will be staged in the high school auditorium. Each of the Miss Americas chosen in Atlantic City since the contest originated in 1921 began her rise to the national beauty throne here in Snyder.

Entries for the pageant will be accepted here on June 29.

Rules for participating in the Miss Snyder Pageant are as follows:

1. Entrant must be a resident of Snyder for the past six months. This rule is only waived for contestant whose residence is out of the state, but who is a college or university student in this state. She must not have competed in more than one preliminary contest this year.
2. Entrant must be single and never have been married, divorced or had marriage annulled.
3. Entrant must be a high school graduate by September of this year.
4. Entrant's age on September 1st shall not be less than eighteen nor more than twenty-eight years.
5. Entrant must be of good character and possess poise, personality, intelligence, charm and beauty of face and figure.
6. Entrant must possess and display a three minute routine talent. This talent may be singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, etc. or she may give a three minute talk on the career she wishes to pursue.
7. Entrant may be either amateur or professional.

## Broad Areas Of East Hit By Showers

By The Associated Press

Miss showers dampened broad areas in the eastern half of the nation today in the wake of another outbreak of stormy weather in the mid-continent.

Thunder and tornado winds, with rain and hail, lashed areas in Texas, Oklahoma, Missouri, Kansas, Iowa and Illinois. No injuries were reported but property damage was heavy.

In Oklahoma, tornadoes were sighted near Schweitzer and Ingersoll. Strong winds with gusts up to 80 mph swept Shawnee and a severe thunderstorm.

In Missouri, tornadoes also were reported in the area of Paola, Kan.; Rock Springs, Tex.; Ottumwa, Iowa, and in rural sections of west central and northern Illinois.

More than four inches of rain lashed southwestern Iowa while in Kansas the state highway patrol reported 2 1/2 feet of water in the Kansas River. Flood warnings were posted for parts of southwestern Iowa, some eastern sections of Kansas and Nebraska and northwest Missouri.

In the Southeast, where the weather was hot and humid, severe thunderstorms rumbled over areas from South Carolina southward into northern Florida. Heavy hail damaged cotton crops in areas of South Carolina.

Entrants must be a resident of Snyder for the past six months. This rule is only waived for contestant whose residence is out of the state, but who is a college or university student in this state. She must not have competed in more than one preliminary contest this year.

Entrant must be single and never have been married, divorced or had marriage annulled.

Entrant must be a high school graduate by September of this year.

Entrant's age on September 1st shall not be less than eighteen nor more than twenty-eight years.

Entrant must be of good character and possess poise, personality, intelligence, charm and beauty of face and figure.

Entrant must possess and display a three minute routine talent. This talent may be singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, etc. or she may give a three minute talk on the career she wishes to pursue.

Entrant may be either amateur or professional.

**KEY WITNESS MAKES NOTES**—Carl L. Miller, former head of the Agriculture Department's federal warehouse act branch, makes notes as he waits in the hearing room to testify before the House Government Operations Subcommittee probing the Billie Sol Estes case. At right is D. W. Townsend who currently heads the same branch. Miller, the key opening day witness, is the man who decided Estes' warehouse bond should remain at \$700,000 even though his grain storage operations had increased fourfold. (AP-Wirephoto)

## Berserk Man Is Shot By Police

CHICAGO (AP)—A passenger aboard a Greyhound bus, who police said went berserk and stabbed the driver and two other men, was fatally shot today by police.

Police said the knife wielder, identified as Milo Savo Brekich, 27, of San Francisco, threatened to kill the 40-passengers in the bus. Two persons were hospitalized suffering from shock.

Policemen Arthur McCauslin and Ross Moran said they fired at Brekich when he refused to obey their orders to drop his knife. The policemen had stopped their squad car when they saw the bus parked in an emergency strip on the Congress Expressway on the city's West Side.

The bus was en route to San Francisco, with several stops along the way.

Wilfred Doss, 41, of Addison, Ill., the driver, told police he stopped the bus to seek police aid after Brekich tried to start a fight with another passenger, William Kokko, 23, of Negaunee, Mich., an Army private.

Police said Brekich sought to force Marine Pfc. Richard Williams, 19, stationed in Santa Ana, Calif., to drive the bus after he had stabbed Doss and the two passengers. Williams managed to leap from the bus.

Doss told police that as he returned to the bus when he was unable to flag down a police car, Brekich stabbed him in the side and neck. Brekich leaped back into the bus, Doss said, and forced Kokko and two other passengers from the bus and attacked two of them with the knife.

Police said Brekich stabbed Donald Paul, 38, of Des Moines, Iowa, a Greyhound bus driver who was a passenger, in the left chest; and slashed Kokko on the left ear. Both were hospitalized. Donald Valencourt, of Spring Lake, Mich., also forced from the bus, was not attacked.

McCauslin and Moran said they succeeded in getting Brekich to leave the bus but that he waved his knife at them as he stepped out. They said Brekich lunged at them and they fired. Brekich was shot twice in the head.

Williams and Ruth Kellog, 68, of Park Forest, Ill., suffering from shock, were hospitalized.

## Bombs Airlifted To Troops In Thailand

NEEDSHA, Kan. (AP)—Fifty thousand bombs made in Neodesha have been airlifted to U.S. Marines in Thailand.

They are insecticide bombs, for killing bugs. John Matthews, president of Aircraft Co. Inc., said his firm filled a government rush order within 24 hours and the bombs were hauled away in three C-46 cargo planes.

## Japan Plans Own Missile Bases

TOKYO (AP)—The Defense Agency today formally approved construction of Japan's first four Nike-Atlas missile bases at sites circling Tokyo.

Construction will start early next month, and the bases are to be completed by November. Each base will have nine launchers.

The Defense Agency has 330 officers training in the United States to handle the missiles.

From me to you  
A DAILY VIEW

Rev. R. Charles Spivey

"How great a forest is set ablaze by a small fire! And the tongue is a fire."

James 3: 5-6 (read verses 1-13.)

When James wrote these words, he was thinking of how much evil is in the tongue. And surely we all know how destructive the tongue can be. It can destroy a man just as surely as bullets or bombs. One or two well placed words, spoken by the tongue can bring about all sorts of evil and harm.

But by the same token, think what good can be done with a tongue that is consecrated to God. A forest can be set ablaze with a small fire. So also many people can be set afire with the love of God through just one tongue that speaks forth the gospel in all truth and sincerity and love. Use your tongue for God and the good of man instead of for death and destruction.

## Red Sox, Braves Score Victories

Tom Kinsaid singled home teammate Jimmy Featherston in the seventh inning here Monday night to beat the Yankees 3-2. The Red Sox won their 10th straight game over the Yankees.

Harley Byrum drove home the other two Sox markers with a first inning double and a follow-up three batter in the third. Jimmy Weaver posted the win, allowing the Yankees five safeties. Jerry Owens hit the first six frames for the Yankees before giving way to Leslie Brown, who was tagged with the loss.

In Pony League action, the Optimist Club Braves emerged with an 11-7 triumph over the Snyder Savings and Loan Buffs.

Tony McCarty tossed the six-hit win, as his mates gave him able support at the plate with five runs in the initial inning and the final six tallies in the third. Starter Ray Kizer suffered the defeat after being chased in the first inning. David Holt finished out the contest on the hill.

## Sox, Braves In Li'l League Wins

The Little League White Sox preserved their spotless record for the year here Monday with a 10-2 win over the Yankees, their fifth victory in a row during the early stages of the campaign.

Max Moreland chunked the win, allowing his foes just two safeties, one of which was a third frame double off the bat of Mike Dyess.

The Sox collected seven hits off loser Ray Noker, all being of the one-base variety.

The other game of the same evening saw the Braves submerging the Cubs by 5-1 in a National League fray.

Drake Snider and David Casey combined to hurl the win, while Mitchell Ramblin went all the way for the loss. Leland Herod landed the only base knock for the Cubs, a third inning single off starter Snider, who was eventually credited with the win.

Dwaine Boydston unleashed the big blow of the game, a fifth inning bases-empty homer. Snider had

Booming Bats Mark Play In Farm League

A pair of slugfests were recorded in Farm League play of Monday, as the Braves edged the Cubs 16-14 and the Yankees snuck the White Sox 10-9.

Dennis Wolfe was the winning hurler for the Braves. Sharing pitching duties for the Cubs were Bill Wilson and Joe Woods.

Bernard Garrett, with a pair of doubles and a single, was top man in the Braves' hitting attack. Joe Bass aided the winning cause with a pair of two baggers, also, while Roger Hartman lashed out a triple.

For the Cubs, Kirk Lutkins collected a double and two singles, while Mike Flynn punched out three singles and Paul Zeck a double.

Jerald Smith pitched the Yanks past the White Sox in the nightcap. Roger Claxton was touched for the loss.

Tonight's round of games will see the Giants taking on the Cardinals in the opener, to be followed by the Indian-Athletic "go".

R. E. Smith, Greenhill Win

Greenhill Baptist dropped the Hartin Oilers 5-3 here Monday in City Softball League play behind the six-hit pitching effort of Myers. Guy Sullivan absorbed the loss, giving up six safeties, also.

Robert Haggins landed the biggest blow of the game, a three-run roundtripper in the fourth. He followed that up with a double in the sixth.

Kenneth Baker had three singles in four trips to lead the way at the plate for the Oilers.

R. E. Smith sidetracked Sunray 10-5 in the other game of the night, with Leroy Leard hurling the win and Clint Goff the loss.

Pacing Smith's batting attack were Willie Davis, who homered in the fifth; Robbie Robinson, who had a triple, double and single in four appearances; and Leard, who collected a double.

TIGER STAR SIDELINED—Al Kaline of the Detroit Tigers holds an AP picture sequence of the play in which he broke his right collarbone. Doctors say the injury will keep the 27-year-old star out of action for at least two months. He suffered the injury while making a spectacular diving catch on the last play of the game against the Yankees in New York which the Tigers won, 2-1. Kaline got the picture when he visited Yankee Stadium to watch his team in action the next day. (AP Wirephoto)

## '500' Field Numbers 33

By JERRY LISKA Associated Press Staff Writer INDIANAPOLIS (AP)—While the nation's family car chauffeurs fight bumper-to-bumper Memorial Day traffic, 33 skilled drivers blast off Wednesday in what should be the fastest Indianapolis 500-mile auto race in history.

This 46th annual classic which will jam upwards of 350,000 into the sprawling Indianapolis Motor Speedway includes the fastest qualifier in the event's history, the fastest qualifying field ever, and four former champions.

Death also may be crowded in the tiny cockpit of some luckless drivers, because 30 drivers have perished in this 200-lap grind to nowhere since Ray Harroun won the first Indianapolis 500 in 1911.

The fabulous weather luck of the 500 may prevail again, although it may be tough and go whether the race can beat a predicted mid-afternoon summer storm.

The least sprinkle makes a killer of the now completely asphalt strip, but only two races—in 1926 and 1950—were shortened by rain.

The favorite is sophomore Parrell Jones, 26, of Torrance, Calif., who won the pole position with a qualifying record speed of 150.370 miles per hour in his 10-mile test dash. Jones, defending USAC sprint car champion, was first to break the one-minute speedway barrier or the 2 1/2-mile loop.

Jones will have to ride all the horsepower he can muster to stave off 1959 champion Roger Ward and another second-year starter, Bobby Marshman of Pottstown, Pa., who share the first row with him. Ward qualified at 149.971 and Marshman at 149.349.

The second of the 11 three-car rows which await the starting signal at 11 a.m. (EST) includes defending champ A. J. Foyt of Houston, Tex., who last year set the current 500 record of 129.130 m.p.h. Foyt qualified with 149.074 m.p.h.

Other champions in the 33-driver field which qualified at a record average pace of 147,300, include Jim Rathmann of Melbourne, Fla., winner in 1960, and Troy Ruttman of Dearborn, Mich., who won as a 22-year-old rookie in 1952.

The dean of the field is Paul Russo, 48, Indianapolis, who never

Babe Zaharias Open Slated At Beaumont

BEAUMONT (AP)—Stars of the women's golf tour first practice rounds at the Beaumont Country Club today.

They will vie in the 10th annual Babe Zaharias Open with Mary Lena Faulk of Sea Island, Ga. defending her championship. It starts Friday and will end Sunday.

There are 29 women pros in the 54-hole tournament. They include former champions Louise Suggs and Mickey Wright.

## Travis Hatter To Enroll At HCJC

Word has been received here that Travis (Pooch) Hatter, an all-district forward at Snyder High School, is planning to join the Howard County Junior College basketball squad.

Buddy Travis, coach at the Big Spring school, announced the addition of Hatter Monday. A 6-6 1/2 center, Hatter served his Snyder team as captain the past year. He is also a standout in track with his specialties there being the high jump, broad jump and low hurdles.

Bob Gooly finished 2nd under par when he won the 1961 St. Petersburg Open. It was the best PGA showing of the year. Arnold Palmer, Mike Sorensen and Sam Snead each won a 72-hole golf tournament by a seven-stroke margin in 1961.

## LETTERS TO THE EDITOR

To The Daily News: I think it's time the public should wake up to the fact that we of Scurry County are being taken. By this, I mean our Farm League, Little League, Colt League and Pony League.

Everyone I have asked what it's for and what the purpose of it is has said, "Well, it's for the boys, to keep them out of trouble, and give them something to do during the summer months, and that is a fine thing." They add, "That is if it was run right." By this, we mean that a great percent of the boys never play enough that they ever enjoy being a part of it.

It's true that the men give of their time and various civic organizations sponsor these clubs. Maybe they have the right and privilege of doing and running it as they see fit. And if the managers are fit to play only their own or a personal friend's son or might be the case, or just their nice neighbors, they ever enjoy being a part of it.

Who benefits from this sort of thing? The pride of a man having the best club? What about the other boys who probably haven't played yet or very much? How do they benefit? Have they enjoyed the game? Have they learned anything or very much? How do they feel? They are not there for money like a professional player. They are there to play ball. They have been out just as much money for their shoes and equipment and mothers' time taking them to and from practice as the boys who play all the time.

They want everyone to help in the concession stands an equal amount of time, and be sure and bring all their friends, neighbors, grandparents, aunts, uncles, and cousins and come watch the ball game. Most of the time it's to see Johnny sit on the bench. Oh, yes and don't forget to put in your nickels, dimes and quarters when they pass the bucket.

Who pays for and furnishes the ball parks, lights and their upkeep? I was told that the county did and therefore I think one boy has just as much right to play as another. I'm sure that most, if not all of the people who sponsor these clubs have nothing to say about who plays and who doesn't. I'm sure they had rather all the boys played and enjoyed and learned equally the art of baseball.

Thus, I'm sure that most of the parents, sponsors and county taxpayers had rather the boys got the benefit of the game rather than a few men that are out to win a game.

### 45th Birthday Celebrated By President

By WHITNEY SHOEMAKER  
WASHINGTON (AP)—President Kennedy celebrates his 45th birthday tonight with a quiet family gathering at his country place in Virginia.

The President's birthday brings no relief from pressures of probably the toughest job in the world but does add to his share of the family fortune.

The value and workings of trust funds set up by the President's father, Joseph P. Kennedy, for all the Kennedy brothers and sisters have never been discussed. On the basis of what White House press secretary Pierre Salinger has reported, Kennedy is receiving an annual income of \$100,000 after taxes from his share.

Estimate the total before taxes at \$500,000 and figure the income at 5 per cent and you get a balance of \$10 million in the trust fund.

If the President received 25 per cent of the principal at the age of 40 and another 25 per cent at 45, as reported, his 45th birthday is worth between \$3 million and \$4 million.

Salinger said before the inauguration that Kennedy had converted his assets, other than cash, into federal, state and local bonds. It was understood at the time he had ordered the 45th birthday share of the trust fund to be invested in government bonds.

Kennedy plans to leave the White House this evening for the birthday party at Glen Ora, his hunt country estate where Mrs. Kennedy and the two children, Caroline and John Jr., will greet him along with other members of the family.

Atty. Gen. Robert F. Kennedy, the President's brother, and wife, Ethel, will be there as will two sisters, Eunice and Jean. Eunice is the wife of Sargent Shriver, head of the Peace Corps, who will also be there. Jean is Mrs. Stephen Smith.

The President plans to remain at Glen Ora over the Memorial Day holiday, returning to the White House Thursday.

At age 45, the youngest president ever elected to the office is described by friends as both feeling fine and happy in his work.

### Rules Against Rate Boost

WASHINGTON (AP)—A wholesale natural gas rate boost being collected subject to refund by Tennessee Gas Transmission Co. of Houston was ruled against Monday by a Power Commission examiner.

Examiner Joseph Zwerdling denied all but about \$1.7 million of a \$26.6 million annual increase. He also ordered a conference here June 27 to see if an over-all settlement can be reached in this and two other Tennessee rate cases.

Rates collected by Tennessee in the three cases since July 14, 1957, and subject to ultimate possible refund, the commission said, totaled about \$270 million March 31. A spokesman said there was no way, based on Zwerdling's decision, to estimate the amount the company be required to refund. Zwerdling's decision will become a final commission order if no review is initiated within 30 days.

Tennessee Gas serves about 100 utility customers in 16 states.

The case in which Zwerdling ruled involves an increase of about \$26.6 million a year. It was effective April 5, 1960.

The examiner held that Tennessee's jurisdictional cost-of-service for the test year ended July 31, 1959, totaled \$283,238,319, or \$24,877,757 less than the company claimed.

### Says Soviet Newsmen To Make Moon Trip

TOKYO (AP)—A Soviet newsmen who accompanied cosmonaut Yuri Gagarin on his visit to Japan reportedly said a Soviet newsmen probably will accompany the Soviet Union's first manned flight to the moon.

Kyodo News Agency said Nikolai Denisov, editor of the Soviet magazine Aviation and Space Flight, told a Kyodo reporter that he himself might get the assignment because he has been a test pilot.

Denisov reportedly said Soviet newsmen will accompany the flight as well occur before the end of 1963.

### GSA To Take Over Camp Bowie Land

SAN ANTONIO (AP)—The General Services Administration will take over 1,000 acres in the Army's old Camp Bowie near Brownwood, a spokesman said yesterday.

The transfer will be effective July 1. A grazing tract will be kept for use as a Texas National Guard training area.

The camp has not been used by the Army since 1949. The land presumably will be sold, the spokesman said.

### NOT EXACTLY THE ANSWER WE'D HOPED FOR

## Oddball Honors Beginning To Seek Out George Romney

BY INEZ ROBB

The oddball honors that fall to the lot of a Presidential possibility are already beginning to seek out George Romney, who would be quite content to settle for the governorship of Michigan at the polls next November.

"I've been named one of the Ten Best-Hatted Men in America," he said when I had the pleasure of sitting next to him at a luncheon at the Detroit Press Club. "And I don't wear hats, either!" he added, the "either" obviously referring to the present White House incumbent whose opponent he could conceivably be in 1964.

"And that isn't all," continued the man who hopes to be the Republican nominee in the gubernatorial race this autumn, "I was also named one of the Ten Best-Dressed Men in America."

"And do you know what?" Romney asked, and went on to answer his own question. "My wife and my children laughed themselves sick when they heard about it. They think I'm the worst-dressed man in the state."

"But how can they?" I asked this big, handsome, vital man who might just as well be starring in Hollywood as in Detroit. He looked mighty sharp to me in a single-breasted navy-blue suit with a snowy shirt and a discreet, narrow dark tie.

"The truth is that this suit I have on was once double-breast-

ed," Romney replied. "But about two years ago my wife gathered up a half-dozen double-breasted suits and me, too, and took us all to the tailor. Even then, she said double-breasted suits had been out for three or four years. So I had 'em made over."

Then the man who came from way behind in this motor capital to revive and revitalize American Motors held up his right hand, red and swollen.

"And what do you do about handshaking?" he asked his table companions. "I've been out through the state the past two weeks and —"

Frank Angelo, managing editor of the Detroit Free Press, showed him the old trick of letting the hand slide through the other fellow's too rapidly for the party of the second part to get a death grip on it. And I showed him Mrs. Eleanor Roosevelt's knack of grasping the outstretched hand before the other person could execute a half-nelson.

"I can try both for a change of pace," Romney decided.

I asked Romney if he had seen a cartoon three months ago that showed Sen. Barry Goldwater, Richard Nixon and Gov. Nelson Rockefeller all busily engaged in polishing up an electric chair marked "Romney, 1964." He said "No," and laughed, but not too heartily.

"My secret weapon is my wife," Romney said. "Everyone who knows Mrs. Romney agrees that she is as good-looking, intelligent and dynamic as her husband. She is also regarded as an excellent public speaker. She goes on tour throughout Michigan this week in behalf of her husband's gubernatorial aspirations."

It amuses Romney to recall that in 1958 one of the nation's major wire services, in choosing the best business executive of the year, listed between himself and Bernard Goldfine. "I finally got the nod," Romney said. "But it was close!"

When Romney was asked at the luncheon how he would counter President Kennedy, if the Chief Executive comes here in the autumn to help the campaign of Gov. John B. Swainson (Democrat) for re-election, the man certain to be the G.O.P. candidate said:

"Import Caroline!"

(Copyright, 1962, by United Feature Syndicate, Inc.)

### Waiting For Doctor Can Be Profitable

By HAL BOYLE

NEW YORK (AP)—One of the grizzled tests of American endurance today is waiting to see the doctor.

You call his nurse, explain you believe you are suffering from walking pneumonia, and ask for an appointment.

"Doctor can see you at 2:30 p.m. a week from Tuesday," says his nurse. "Please be prompt."

Well, what happens? Worn and weak, you loiter into his office on that day at 2:31, feeling guilty at being a full minute late.

But you find the place as thronged as a department store the week before Christmas.

"Is the doctor having a sale?" you inquire.

"Please take a seat," replies the nurse professionally. "Doctor has a terribly busy day."

A seat? Where? You sit down on the rug in a corner. You'd like to stretch out, but there isn't room.

At 3:02 the doctor comes in, places his golf bag next to you, looks around cheerfully, says "Well, well," and disappears into his inner office.

At 3:30 he starts seeing his patients. One by one they go in, spend a fast five minutes and come out holding a prescription blank in their paw.

You fret more and more as the time passes. The nurse seems to have forgotten you exist. But finally, about 5:48 she calls your name.

"Well, well," says the doctor when you enter. "What's wrong with you today?"

"Us had pneumonia when we came in," you answer. "But us seem to have got well out there waiting. Now all us needs is a bandage for our fingernails. Us has chewed them down to the knuckles."

"Knuckle-grawing today is the sign of the medical tyro, the impatient patient. It is an indication one hasn't learned to use constructively the time spent waiting in a doctor's office."

Actually these long hours need not be empty or fruitless. One can spend them pleasantly or even profitably.

For example:

Break open a deck of cards. Start a poker game with some of the other patients. You may win more than enough to cover your visit to the doctor.

Bring along your briefcase. You can get more real work done waiting for the doctor than you could in your own noisy office.

Learn something. A friend of mine while waiting to see his doctor became an authority on geography from February 1962 through March 1966, which marked the latest issue of the National Geographic magazine stocked by his physician.

Catch up on your correspondence. There is no better time to write those long overdue letters to your congressman, your favorite old high school teacher, or your friendly neighborhood loan shark.

The main thing is not to fret or become annoyed. After all, a doctor realizes that time and rest are the greatest of all medicines, and will in themselves cure most ailments.

The longer the doctor keeps you waiting the stronger and better you will feel — particularly if you just stretch out on the floor and catch up on your sleep.

By the time you get in to see him at least you'll probably feel rested, refreshed and fit as a fiddle. Then it will be the doctor's turn to wait—until you get around to paying his bill. It all evens out in the end.

### Junior Editors Quiz on ANIMALS

QUESTION: Why do animals such as the walrus or cat have whiskers?

ANSWER: The walrus is a large animal with very little to help him navigate. He has flippers for frontlimbs and an enormous amount of bulk, neither of which are of any help at all in finding his way. The cat, on the other hand, is very good at finding his way. The cat, on the other hand, is very good at finding his way. The cat, on the other hand, is very good at finding his way.

FOR YOU TO DO: The well-known poem about the walrus and the carpenter can be found in the second Alice book, "Through the Looking Glass." Walruses are often used by illustrators in comic pictures because their size and awkwardness seem funny. Visit the animals section the next time you go to the zoo. What do you think of these animals?

### General Quits; Won't Shoot His Classmate

PARIS (AP)—A French general is reported to have retired from active duty rather than set up a firing squad to shoot an old classmate.

The newspaper Le Monde reported Monday that Gen. Francois Parriot made that choice in connection with the condemnation of several convicted traitors, including ex-Gen. Edmond Jouhaud, No. 2 man in the European Secret Army Organization. Jouhaud and Parriot attended St. Cyr Military Academy together.

# Spectacular Shots Slated

By FRANK CAREY  
WASHINGTON (AP) — The most spectacular shots of the U.S. nuclear tests in the Pacific will begin in about three days. These are the high-altitude bursts whose brilliant glow will be seen for hundreds of miles.

The three or four blasts with their high-soaring nuclear fireballs and glittering aurorae may temporarily disrupt some radio communications and radar observations.

Militarily, the shots obviously are designed to test the effects of high-altitude blasts on the nation's wartime communications gear and on electronic monitors designed to detect incoming missiles.

The government announced Monday the series will be fired over Johnston Island.

The first shot, with an explosive force of something less than a million tons of TNT—a megaton—will be exploded at a height of "tens of kilometers." Educated guesses put this at about 30 to 40 miles.

Two following blasts—one in the megaton range, the other less than a megaton—will be triggered higher—up to 500 miles, according to some sources. The Atomic Energy Commission would go no further than "hundreds of kilometers." One hundred kilometers is 60 miles.

Whether a fourth shot will be necessary depends on the results of the initial three explosions.

So far the United States has announced firing 14 nuclear explosions in the current series of atmospheric tests which began April 25. All have been in the vicinity of Christmas Island, the other test site in the Pacific range.

The glow from the first test—but not the fireball—probably will be visible in Hawaii, about 700 miles from Johnston Island.

The island state very likely will be able to see the unearthly fireballs of the second and third explosions.

All three shots are expected to produce artificial versions of nature's greatest of all free-shows, the aurora.

These brilliant lights, accompanied by purple streamers, will spread out from the bottom of the fireballs, and be visible in at least the areas immediately around Johnston Island.

"The aurora from the highest detonation," the announcement said, "probably will be visible in the area northwest of Hawaii and in the Samoa area, as well as in Hawaii."

Samoa is a good 2,000 miles away from the detonation site. The aurora there—possibly occurring from all three shots—will be distinct from the aurora coming from the fireballs. He Samoan shows will be due to electrified particles coursing in bow-like fashion along the lines of magnetic force surrounding the earth.

One of the higher shots may disrupt one of the Van Allen radiation belts which is at an altitude of 500 miles.

The joint announcement of the tests by the AEC and Defense Department indicated that the concern voiced by some scientists—that a high-altitude blast would wipe out one of the Van Allen belts—was groundless.

These scientists were reported worried that the rupture might be so severe that it would take 100 years to replenish the particles constituting the belt.

The AEC announcement said a panel of scientists called together at President Kennedy's request to review possible effects of high-altitude tests on the radiation belts concluded that any disruption of the inner belt is expected to disappear within a few months.

# LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY—For a matter of 44 cents U.S., you can ride a historical train over the mountains of Cuernavaca. It takes about five hours but is more fun than the trip by super-highway which is 40 automobile minutes.

Back in the revolutionary days, the train ride was a mighty adventurous proposition. Mr. Emilio Zapata had his troops all around Cuernavaca firing on the Federals.

The revolutionaries and the Federals took turns chasing each other out of town. These were the hectic times after Mr. Porfirio Diaz abandoned the presidential chair and sailed for Europe with the national treasury in his suitcase.

And Mr. Zapata took care of the southern battlefields while Mr. Villa galloped in from the north. Cuernavaca was a sort of off-and-on holdout point for the fast changing governments. The revolutionaries got up in the mountains one day with a load of dynamite and began sticking firecrackers under the railroad tracks. This held up groceries for the Federals and times were hard.

Even after they got the tracks patched up again, the train people had to duck a storm of rebel lead going through the mountains. And the rebels kept blowing up the right of way.

Finally, the Federals joined the revolutionaries and thus avoided becoming prime targets. And a few years later, the revolutionaries became the Federals and the Cuernavaca train was as peaceful as the Disneyland monorail.

Today, it looks like rolling stock from a six pistol thriller after the marshal tamed the territory. During the week it is all freight traffic. The passenger runs go on weekends.

Up the side of impossibly beautiful mountains. Across a 10,000 foot high pass with full brakes on the downgrade into Cuernavaca. Through real estate that reminds you of a Western in technicolor. Rocky shoulders, rounded by weather, bulge out of the pine and tall grass country. Past funny little cones of dead volcanoes and curving through bald, faced gaps.

At any moment, I expected to see John Wayne ride out of the hills putting a shotgun to the Comanches. Or a deputy sheriff walking through the cars to look over the customers on the slat benches.

The Federals still ride the train but it is mostly a habit. Civilization had been around so long it is merely a traditional journey. Maybe somebody in the War Department forgot to pass the word—fighting stopped more than 40 years ago.

This is the most uninhibited train you will ever find. The engineer stops to visit relatives who live near the tracks. Passengers get off and pick flowers in the fields.

And every time the train stops, Indian ladies and gentlemen appear with baskets of food and soda. They wait beside the cars and travelers hang out of the windows buying lunch. Everybody

## Metal From Rocket Found

BARKLY EAST, South Africa (AP)—A piece of metal thought to have fallen from the rocket which boosted U.S. astronaut Malcolm Scott Carpenter into space last week has been discovered near this Cape Province town, the South African Press Association reported Monday.

The metal, which bears several serial numbers and resembles the top of a gasoline drum, is being exhibited at a local garage. The metal appears to have been subjected to intense heat which burned holes through it.

Last February a three-pound chunk of metal was discovered near the town of Naaupoot, 100 miles from here, soon after astronaut John H. Glenn Jr.'s flight. Sent to Cape Canaveral, it was identified as having fallen from Glenn's booster rocket.

## Plane Skids In Safely

NEW YORK (AP)—An Eastern Air Lines plane with a jammed nose wheel skidded to a safe landing on a foam-covered runway Monday night and all 40 persons aboard walked away uninjured.

The plane, a propeller-driven Lockheed Super-Constellation inbound from Washington, D.C., had circled Idlewild Airport for 55 harrowing minutes while crash equipment was readied and the foam was spread.

It descended with the nose high, skidded into the foam, and came to rest on its nose with a tail in the air at about a 35-degree angle.

The plane was Eastern's Flight 68, bound for La Guardia Field. It was diverted to Idlewild for the emergency landing.

SPACECRAFT INSPECTED—Astronaut Scott Carpenter and his wife, Rene, inspect the interior of his space capsule during ceremonies at Cape Canaveral. Their children, Robyn Jay, 10, Candace Noxon, 5, foreground; Kristine Elaine, 6, and Mark Scott, 12, right center, await their turn to take a look. (AP Wirephoto)

## Carpenter Gets Degree He Forfeited At Colorado U.

By GORDON G. GAUSS  
BOULDER, Colo. (AP)—Astronaut Malcolm Scott Carpenter receives today the college degree he won by losing the earth three times last Thursday.  
The nation's newest space hero will get a bachelor of science degree in aeronautical engineering during a 90-minute ceremony honoring him at the University of Colorado.  
In 1949, as a senior, Carpenter dropped out of the university on the assumption he was failing a course in heat transference.  
The university's recognition medal will accompany the degree, to be presented by President Quigg Newton, who entertained Carpenter and his wife, Rene,

Monday night at a guitar-playing songfest.  
Carpenter strummed the guitar and sang as loudly as anyone. He capped the festive evening by teaching Newton's daughters, Abby and Ginn, who played a ukulele, to sing and play "Yellow Bird," a popular tune.  
This town where he was born and grew up at 7th and Aurora streets—which he remembered by christening his space capsule Aurora 7—has named a new park for him. Mayor John P. Holloway declared the occasion Malcolm Scott Carpenter Day.  
There'll be a parade back to Carpenter's hotel from the university. Afterward, he'll bid some friends of his school days for a

private chat.  
Carpenter will ride in Denver's Memorial Day parade Wednesday then will fly to his home at Lancaster, Pa.  
A group of well wishers, including a high school band, turned out in blustery weather at the Denver Airport Monday to welcome Carpenter and his family when they arrived aboard one of President Kennedy's special jet planes.  
Capt. Leonard Johnson of the Denver police department estimated 10,000 persons saw the astronaut and his family at Denver and on the trip to Boulder.

## Alabama Primary Holds Spotlight

By The Associated Press  
Voters in Alabama, Kentucky and Florida pick their candidates in primary elections today, with most of the attention focused on Alabama where nine House members are bidding for eight available jobs.  
The Alabama and Florida elections are runoffs of undecided contests in May 1 and May 5 primaries. Today's balloting is the only primary in Kentucky.  
Alabama, because of a population lag, is entitled to only eight House seats under the 1960 census. The state legislature, unable to agree on redistricting, came up with a stopgap plan under which the nine incumbents, all Democrats, ran in their old districts on May 1. All won.  
Alabama Democrats vote today for eight of the nine. Each ballot to be valid, must contain eight names. The low man loses.  
Alabama Democrats also will pick a gubernatorial nominee. Former State Judge George C. Wallace led in the first primary but didn't get a majority of the votes.  
State Sen. Ryan deGraffenried, who like Wallace favors racial segregation but, has adopted a more moderate tone, trailed by 46,000 votes May 1. Since then deGraffenried has picked up the support of former Gov. James Folsom, who ran a close third.  
The main battles in Kentucky have been in the 1st and 4th districts.  
In the 1st Rep. Frank Stubblefield faces a stiff challenge from the man he unseated in the Democratic primary four years ago, former Rep. Noble Gregory.  
In the 4th District, Rep. Frank Chelf is favored but Bailey Root of Newport has waged a vigorous campaign. Part of the district was added to Chelf's when Kentucky lost one of its eight House seats in the 1960 census. Rep. Brent Spence of Newport, who would have opposed Chelf in a Democratic primary, decided not to seek re-election.  
Kentucky Republicans are expected to renominate Sen. Thorton Morton for a second term. Lt. Gov. Wilson Wyatt, federal housing administrator under former President Harry S. Truman, is ex-

pected to win the Democratic senatorial nomination. Each has a strong opposition.  
Florida runoff elections for congressional nominations in 11 of the state's new districts, added due to population gains in the 1960s. Republicans are seeking nominations in the 3rd and 21st districts and Democrats have runoff battles in the 9th, 10th and 11th districts.  
NEW YORK (AP)—Four window washers were killed early today when the moving platform on which they were working plunged down the side of the 43-story Equitable Building in midtown Manhattan.  
Three apparently were killed outright as the platform hit the sidewalk with an impact so great that huge plate-glass windows several yards away were shattered by flying fragments. The fourth died en route to a hospital.  
The men were working some where below the 23rd floor of the building, which is located across the street and a block north of the Radio City Music Hall.  
A maintenance man at the building said the brakes, a part of the remote-controlled engine that moved the platform, apparently gave way. The engine is located above the modernistic structure.  
The platform was supported by a series of five-inch steel cables anchored at the 23rd floor.  
The workers were on the 51st Street side of the building, which fronts on 8th Avenue.  
Stock Exchange In Tokyo Slumps Also  
TOKYO (AP)—The Tokyo Stock Exchange slumped heavily today following the record decline on the New York Exchange. Morning session quotations dropped 3 to 12 yen (three-quarters of a cent to 3 cents). Ajinomoto, one of the leading shares on the market, went off 12 yen (3 cents).  
No big selling wave developed in the morning session, however.

## Roland Hayes Not Thinking Of Retiring

By WILLIAM GLOVER  
NEW YORK (AP)—To Roland Hayes, life is still beginning at 73. "Retire? I don't know the word," exclaims the spry little man whose golden voice made concert world history.  
"There is still so much to be done. I don't look back. Perhaps I would if I considered my work completed."  
"Always the purpose of my music has been to give out to others the truth I have found. That is still my duty."  
"If people want it all right—but if you don't want it, I won't force it on you."  
The strong, white-clench in familiar Hayes gesture on the chair arms. A resonant laugh interrupts stilted stilted for a moment. He turns to the event which highlights his diamond anniversary.  
On June 2—the date upon which he was born in a Georgia cross-roads cabin to an ex-slave and a white-haired veteran gives a concert at Carnegie Hall.

The program, his first appearance in eight years at the great auditorium, launches the American Missionary Association's campaign to establish music scholarships in Hayes' honor at six Southern colleges. The association founded its college-building program 100 years ago.  
Of his own pioneering work in gaining recognition for his race in the realm of serious music, Hayes says, "I have a point of view I have never expressed. My people are proud of all people, a branch of the human family. We have gifts for the other branches as they have for us."  
"I felt that if I succeeded in doing something quite worthwhile, the affection that fell on me wouldn't fall to fall on my people."  
"But my thought has always been to do something for all people. I would never have done this work if I thought I was only good enough for my own people."

Canada's answer to Disneyland is "Santa's Village" near Bracebridge, Ont., where youngsters can ride "Kris Kringle's River Boat" and watch elves and gnomes at work in "Santa's Toy Shops."

# Supreme Court Of Israel Rejects Eichmann's Appeal

By GARVEN HUGHINS  
JERUSALEM (AP)—The Israeli Supreme Court rejected Adolf Eichmann's appeal today and left the former Gestapo officer only the slender chance of executive clemency to escape the gallows for his part in the Nazi massacre of millions of European Jews.  
The 36-year-old former chief of the Gestapo's Jewish Affairs Section stared fixedly at the five Supreme Court judges as Associate Justice Simon Agron began reading the judgment affirming "without hesitation or reserve" the death sentence imposed on Eichmann last December.

Eichmann's defense counsel, Dr. Robert Servatius, was expected to submit an appeal for clemency to Israeli President Itzhak Ben-Zvi. Justice Ministry officials said a decision is not likely before mid-June.  
A certificate rejecting clemency would constitute an execution order. Eichmann probably would be hanged soon after, behind the grim sandstone walls of Ramleh Prison, near Tel Aviv.  
The modernistic auditorium in which Eichmann was tried last year by a special three-judge tribunal was again packed with spectators. Relatives of many of them were victims of the Nazi slaughter which befell the Jews.  
Eichmann again sat in the bulletproof glass cage as the judgment was read in Hebrew and translated into German, English and French. Still wearing the dark suit and striped tie he wore through his 4½-month trial, Eichmann occasionally pressed his lips together and twitched his mouth as, one by one, every defense plea was rejected.  
The judgment began with a brief review of the 13-count indictment charging Eichmann with crimes against the Jews and humanity. Then it declared:  
"The district court which tried the appellant, convicted and sentenced him death with all categories of the defense arguments in an exhaustive manner. We should say at once that we fully concur, without hesitation or reserve, in all its conclusions and reasons, because they are fully supported by substantial proof culled and abstracted out of the monumental mass of evidence produced to the court. The conclusions of the district court rest on solid foundation. We can do no more than associate ourselves with them."  
In his original defense of Eichmann and again in his appeal to the Supreme Court in March, Servatius challenged Israel's right to try Eichmann with arguments that:  
1. He never has been universally accepted that one nation can try a foreign national for crimes allegedly committed outside its own borders.  
2. The law under which he was tried was enacted after the alleged crimes were committed.  
3. Eichmann was kidnaped from Argentina and illegally brought to Israel for trial.  
The high court rejected these challenges, declaring: "Crimes with which the appellant is charged are within the jurisdiction of the Israeli court. It is clear that all acts of persecution, deportation and murder in which the accused took part constitute war crimes within the meaning of the Nazi and Nazi collaborators' law under which he was tried here."  
The judgment reviewed precedents from a dozen countries establishing the right of nations to forcibly bring to trial persons accused of such crimes.  
Basically, the high court ruled that as the efficient technician of the Gestapo branch that sent Jews to their death by the millions Eichmann had violated the international law on genocide established at the Nuernberg war crimes trials after World War II.  
"Genocide has been declared by 58 nations to be an international crime," said the court, citing a United Nations declaration on

genocide in 1948.  
The judgment declared that Israel was the logical state in which to try Eichmann. Most of the witnesses and documents submitted in the trial, including those used by the defense, are in Israel, the justices noted.  
Moreover, the justices pointed out, no state has asked for him to be extradited to face trial elsewhere.  
The justices then turned to the defense contention that Eichmann was brought to Israel against his will.

The court completely rejected the defense contention that Eichmann could not be held responsible for carrying out acts of a sovereign state.  
"Heinous acts such as those committed by the Nazis cannot be defended by applying the law of sovereignty and those who carry them out cannot hide behind the collective responsibility of the state," the justices said.

"Relying on a long array of British and American precedents, we reached the conclusion that in the absence of an extradition treaty, the court will not investigate the circumstances in which the accused is seized and brought to justice."  
The judgment cited the agreement between Argentina and Israel in 1960 in which Argentina waived claims for the return of the accused.

Two Students Face Charge In Droving  
DURANT, Okla. (AP)—Two college students were charged with manslaughter Monday in the drowning of a high school girl on a senior trip.  
They are Franklin Laminand Jr., 20, and William Hill, 19, both of Ada, Okla.  
County Atty. Wallace Gates said the two dropped Alta Taylor, 17, over the side of a boat after another girl told them she could not swim.

The tiny island of Malta in the Mediterranean Sea was awarded the George Cross by Great Britain for valor in withstanding heavy Axis bombing attacks during World War II.
