Leticia Escobar Wins Contest

Leticia Escobar took first place last week in the Devil's River News football contest, winning the $20 prize on the basis of the tie breaker.

Jesse Martinez won $10 for his second place effort and Rodney Knight took $5 for third. The three were only entries to miss [illegible] games.

Those missing four games were Ruth Nicks, Dora Mata, Jessie Kerbow, Hazel McClelland, Willene Garlitz, Jack Sharp, Julie Stewart, Willene Garlitz and W.A. McAndrew.

School Enrollment Hits All Time High

Superintendent Dr. Joe Andrews told Board members last week that opening attendance set an all-time high mark this year.

At the Board of Trustees regular monthly meeting, Andrews reported a total of 1,244 students enrolled this year, up from 1,185 at the same time in 1979 and previous high of 1,230 set in Dec., 1976.

Breakdowns for the various schools included 300 in high school, 302 in junior high, 303 in middle school and 339 in elementary.

The Trustees also voted to accept the contract with Sutton County Appraisal Board with recommendations for some slight alterations from Craig Porter, legal counsel for the district.

Don Wooten, chief appraiser for the newly formed appraisal district and former school tax assessor-collector, discussed problems of his loss of vested interest in the Teacher Retirement System (TRS).

Wooten said the TRS has ruled that no one could be eligible for the retirement program unless they were employed by a school district, meaning Wootan and Rex Ann Friess would both be ineligible for the benefits since transferring to the county unit.

It was finally decided to see if the Appraisal Board would consider contracting back to the school for appraisal service for the next year. A bill in the next legislature is expected to set up retirement plans and other benefits that current school employees may transfer into.

In other action, the Board:

Agreed to take no action on bids for tennis court lighting;

Decided to try again to open Water Street across the old railroad right-of-way to help traffic flow from the school;

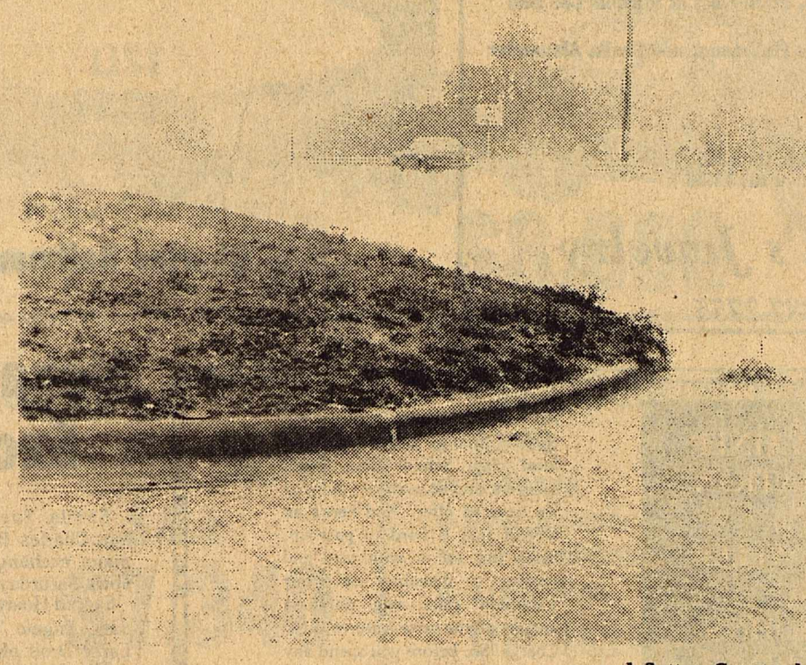

Set the annual Halloween carnival for Nov. 1;

Agreed to write a letter to the Sonora Police Department thanking them for patroling in the school area;

Decided to send the band and football team to the Crane and Coahoma games on chartered buses;

Discussed the current ruling forcing schools to admit the children of illegal aliens; and

Hired June Williams as a first grade teacher.

Waters boil down Crockett Street near the intersection with Concho as long overdue rains finally hit Sonora last Tuesday. The rains, spurred by Tropical Storm Danielle, dropped from one to three inches around Sutton County, but created severe floods in surrounding counties, causing an estimated $11 million dollars in damage.

Community Arts, Theatre Group Forms In Sonora

Members of the newly organized Sonora Community Arts and Theater group (SCAT) go over provisions of their charter at a meeting last week. Pictured are (left to right, standing) Dean McLean, Diana and Bill Watkins (seated) Becky Ponsetti, Chris Cassell and Joe Lane. Deadline for charter memberships in the group is Monday.

Sonora Community Arts and Theatre (SCAT) was the name selected for Sonora's new fine arts organization during their first meeting September 4th.

Around twenty-five interested persons attended the meeting which was presided over by Mr. Joe Lane.

During the course of the business meeting, the group studied a set of by-laws from the Hill Country Arts Foundation and recorded their own personal preferences. The group decided that they would like the organization to expand to include arts and crafts. Dean McLain suggested that he gain more information concerning the setting up of a Foundation from the Texas Non-Profit Theatre.

Officers were selected for the new organization during the meeting. Elected President of SCAT was Sonora businessman, John Tedford. Tedford, known locally for his success as the Speech & Drama director of Sonora High School, has a master's degree in Speech. He brings to the group an extensive knowledge of theatre and music gained through eleven years of work with professionals in Dallas, Toronto and Las Vegas. Ginger Rogers, Carol Burnett, John Davidson, and Juliet Prowse are among the stars that Tedford has directed.

Chris Cassel was elected First Vice President of the organization. Cassel, the Speech and Drama Director at SHS spent his summer performing in East Texas.

Joe and Anita Lane were elected Secretary-Treasurer of SCAT, and Becky Ponsetti was elected Scribe.

Other items of business discussed at the meeting included membership dues. SCAT is currently conducting a charter membership drive which will end at the next meeting to be held Monday, September 22 at the Founders Room at eh First National Bank at 6:30 p.m. Indvidual memberships are $15 annually. Family memberships were set at $25 annually.

The group present at SCAT's first organizational meeting shared much enthusiasm and optimism. They suggested that the organization plan a production in the near future and encourage more members of the community to get involved.

Present at SCAT's first meeting were Lou Thomas, Shelley Chaney, Marty and Dean McLain, Chris Cassell, Randy Wuest, Bill and Margaret Cascadden, Joe and Anita Lane, Loise Fields, Jackie Harris, Diana and Bill Watkins, Tammy Duren, Nancy Johnson, Debbie [illegible]rar, Pam Coker, Irene Gomez [illegible] Rousselot and Becky Ponsetti

After the business meeting, group shared coffee and cake bake by Margaret Cascadden.

SCAT would like to extend an invitation to all Sonorans to attend their next meeting which will be held in the HNG building at 6:30 p.m. on September 15th.

During this meeting, SCAT will adopt is by-laws and review the information gathered by Dean McLain on the prospect of becoming a Foundation.

"We believe we have the arts association off to a good start. We are excited about the quality leadership we have locally and are anticipating much success in the future of SCAT," commented one SCAT spokesman.

City Tables Motel Occupancy Tax

The Sonora City Council, after lengthy discussion and testimony, tabled a proposal for a motel occupancy tax proposed by Chamber of Commerce.

Council President Glenn Fisher presented the proposal to Council members in their monthly meeting Tuesday, with a recommendation that a four percent tax be implemented with the Chamber using 40 percent of the funds for tourist promotion and 60 percent going to the City to be used in the construction of a civic center.

Along with the proposal was a list of comments from local motel owners, and Devil's River Motel owner Joe David Ross and Twin Oaks Motel owner Eddie Smith were both present to testify.

Smith commented in favor of the proposal, although he said any ordinances adopted needed some teeth in it to insure collections.

Ross openly stated his opposition to the measure, saying the tax would be an unfair burden on the oil industry since they are the primary motel users and that it would also be unfair to make his books open for public record.

He also said such a tax would put him on the bottom side of a competitve edge with Ozona motels who cannot have the tax since Ozona is not an incorporated city.

He did state his belief of a need for a civic center, but said that it is something Sonorans should fund themselves.

Al Elliott met with the Council to discuss a zoning problem in the Meadowcreek Addition in which a dance studio is being operated in direct violation of zoning laws.

The Council ruled it would give the studio 30 days to cease operations or look for another location.

James Snider, a representative of General Telephone, met with the Council to discuss the new rate increase granted by the Public Utilities Commission.

Snider gave the Aldermen an outline of most of the new rates in comparison to the old and took a list of grievances concerning local service.

The Council also let bids for the renovation and addition to the Senior Service Center, with Ralph Gonzales getting the construction bid for $18,450 and Bob Probst getting the air conditioning and heating bid for $2,525.

Arlen Vaughan Named New Sonora Postmaster

Sectional Center Manager/Postmaster D.E. Holster of Midland today announced the appointment of Arlen A. Vaughan, as the new Postmaster at Sonora effective Saturday, September 6, 1980.

Vaughan, 48, was born in Ballinger and has lived all of his life in the West Texas area except while serving in the U.S. Army from 1951 to 1953.

He began his post office career in 1965 at the Midland Post Office where he served as Dispatch and Distribution Clerk and Window Clerk until appointed to the position of Self Service Postal Center Technician in October, 1974. In January, 1977 he was promoted to Foreman of Mails at the Midland office.

Upon the retirement of Sonora Postmaster James D. Trainer, Vaughan was detailed to Sonora as officer in Charge of the Sonora Post Office from June, 1978 to January, 1979.

He then returned to Midland Post Office as Foreman of mails until June, 1979 at which time he was promoted to Tour Supervisor and served in that position until February 1980.

He was Acting Manager of the Postal Employees Development Center at Midland until April, 1980, and promoted to Tour I Superintendent at Midland until his appointment to the position of Postmaster at Sonora.

Postmaster selections are made on the basis of merit from a list of qualified candidates submitted to the Regional Management Selection Board. The Board, composed of a representative of the Office of Pesonnel Management, a Postal District Manager and two postmasters, selects and recommends to the Postmaster general the best qualified person for appointment to each vacancy.

Caverns Ceremonies For National Landmark Scheduled

A national Landmark Plaque has been installed at the Caverns of Sonora and a Dedication Ceremony will be held on Saturday, September 27th at 9 a.m. A representative from the U.S. Department of the Interior will make the presentation.

Red Carpet Committee members will be serving refreshments and the public is invited to attend. A more detailed release will be issued in next week's issue.

Charter Memberships For SCAT Sought

Sonora Community Arts & Theatre Needs You!

Sonorans interested in forming a community theatre have voted to expand the organization to incloude all the fine arts.

The deadline for charter membership will be on September 22nd, in order to give artists, musicians, singers and other interested citizens an opportunity to become charter members.

If you are interested in joining this group, please fill out the coupon below and mail to: Box 1172, Sonora, Texas 76950 or call 7-2880.

Band Boosters Set Ice Cream Concert

The Sonora Band Boosters will have its annual Ice Cream concert at the old Tennis Courts on Tuesday, Sept. 23. The Sonora school Bands will provide the entertainment for the event. Homemade ice cream and cake will be $1.00.

The program is as follows:

6:00 p.m. - Sixth Grade Band
6:20 p.m. - Seventh Grade Band
6:40 p.m. - Eighth Grade Band
7:00 p.m. - Mighty Bronco Band

The public is reminded that this is a "come and go" Concert. Also, you are reminded to bring a lawn chair or blanket if you wish to sit during the concert.

RC Committee Plans Coffee For Newcomers

Shelley Chaney, president, Red Carpet Committee, announced that a Newcomer's Coffee will be held for all newcomers to Sutton County at Pearl's Pizzeria on Saturday, September 20th at 10 a.m.

Refreshments will be served by RCC members and all newcomers and citizens are urged to attend.

Hostesses for the event will be Vickie Collier, Dolores Hodges, Jean Sherrill, Hilda Flores and Judy Webster.

Delma Reyna Weds Robert Ponsetti

Delma Reyna became the bride of Robert Ponsetti on Saturday, Sept. 6 in the home of the groom's parents.

Rev. Clifton Hancock officiated the ceremony.

the bride, given in marriage by her brother, Eugene Reyna, is the daughter of Mrs. Frank Reyna, Jr. and the late Mr. Reyna.

Grandparents are Mr. and Mrs. Gabriel Mata Sr. and Mr. and Mrs. Francisco Reyna Sr.

The groom is the son of Mr. and Mrs. Tim Ponsetti, also of sonora.

Serving the bride as her matron of honor was her sister, Yolanda Avila, and Thomas adkins was the best man.

Witnesses were Mr. and Mrs. Steve Ponsetti, brother and sister-in-law of the groom.

The couple will reside in Sonora where they are both students at Sonora High School.

Mrs. Charles Halfmann

Debbie Ann Perez Receives Nathan's Jewelers Scholarship Award

Sept. 9--Four Angelo State University freshmen are recipients of Nathan's Jewelers Scholarship Awards for the 1980-81 academic year.

George Wesley Oates and Jim Alvin Tidwell, both of San Angelo, Debbie Ann Perez of Sonora, and Charles Dwayne Beck of Miles have been selected for "their leadership qualities, participation in extra-curricular activities, and excellent academic record."

The awards are provided by Mr. and Mrs. Natrhan Donsky who in 1977 established a scholarship endowment fund to Angelo State in memory of their parents, Mr. and Mrs. Jacob Donsky and Mr. and Mrs. Kalman Frankrich. This endowment now totals $66,000, and income from this trust will be used annually to award from two to ten scholarships.

The scholarships, along with other financial aid provided through ASU, will assist the students in meeting all of the direct costs for attending the University for the 1980-81 academic year, in addition to providing approximately $300 for miscellaneous expenses.

This past August the Board of Regents, Texas State University System, passed a resolution honoring the Donskys for "their many unparalleled acts of kindness which have touched the lives of countless students throughout the years at San Angelo College and Angelo State."

Oates, a Lake View High School graduate, receives a $1,200 award. Active in the National Honor Society and Student Council, he also participated in the Texas High School Science Symposium.

Tidwell, Lake View's representative to a Presidental Classroom for Young Americans in Washington, D.C., also received the West Texas Scholar Award and "Citizen" honors at LVHS. His award is in the amount of $1,400.

Miss Perez, Valedictorian of her graduating class in Sonora, also receives a $1,400 award. She was president of the National Honor Society and active in the Student Council and Distributive Education Club. Her major is elementary education.

Beck, also valedictorian of his graduating class in Miles, garnered numerous agricultural honors. He also was active in sports and UIL competition. The pre-med major has received a $1,700 award.

Alexander-Halfmann Exchange Vows

Sheila Sue Alexander and Charles Bernard Halfmann exchanged marriage vows Saturday, Sept. 13 at Sacred Heart Cathedral in San Angelo with Father Larry Droll officiating.

The bride a graduate of Sonora High and Angelo State University, is the daughter of Mr. and Mrs. James Alexander of Sonora

The groom is a graduate of Wall High School and ASU and is the son of Mr. and Mrs. Earl Halfmann of Wall.

Mrs. June Sutton of Dimmitt served her sister as matron of honor.

Bridesmaids were Mrs. Sharon Ray of San Angelo, Miss LaVerne Schaeffer of San Angelo, Miss Joan Halfmann of Wall and Miss Cindy Drury of Abilene.

Kevin Halfmann, brother of the groom, was the best man, and groomsmen were Alan Gully of San Angelo, Chris Bubenik of Wall, Steve Hoelscher of San Angelo and Larry Wilde of Wall.

Heather Lange of Lubbock, neice of the groom, was flower girl, and Stuart Sutton, nephew of the bride was ring bearer.

Ushers were Eddie Alexander of Brownwood and R.B. Alexander of Sonora, brothers of the bride, Eddie Sutton of Dimmitt, brother-in-law of the bride, Bernie Fuchs of Vancourt and James Braden of Wall.

The bride wore a gown of white organza fashioned with an Empire waistline and bodice trimmed with Raschel lace.

The U-neck was decorated with pearls. Bishop sleeves were edged at the wrists with matching lace. The full skirt had a tapered pleated center front panel that flowed to a cathedral length train. A full lace panel trimmed the cathedral length train from the waist to the length of the train.

For the reception, the cathedral length train was gathered to the back waist and fashioned to a "Butterfly bustle."

The bride carried her Bible covered with roses and stephanitis.

After a wedding trip, the couple will reside in Vancourt. The bride is a teacher at Eola and the groom is a farmer.

by Lou Thomas

West Texas Chamber of Commerce in Abilene informed us that a fall hearing schedule has been announced by the Texas House of Representatives Committee on Regions, compacts and Districts on State Legislative and Congressional Redistricting. An Outline and schedule for West Texans is available at the Chamber of Commerce office at City Hall.....outline is suggested testimony outline, time allowed, etc.

Sonora Ford Sales, formerly Sonora Motor Company, are new C of C members. The entire C of C membership welcomes the new business.

C of C members: We are receiving quite a few letters listing suggested long and short range goals....for the C of C board meeting implementation of a Program of Work in October. Please mail or bring suggestions to C of C office.

Requests for hunting leases are increasing and the C of C needs listing, especially for day hunting.

Also have requests for rental property. If you have rental property, please call 7-2880 or come by the C of C office in City Hall.

Judy Webster is compiling a list for the Newcomer's Coffee slated for the latter part of September.

Shelley Chaney, president of the Red Carpet Committee visited with Diana Ralphs, newcomer. Michael and Diana Ralphs have been in Sonora one month. They moved here from Elko, Neveda. Mr. Ralphs is employed by Texas A&M Research Station. The Ralphs have one daughter, Marian, age nine months and are members of the Church of Latter Day Saints. Sonorans join Shelley in welcoming the Ralphs to our town.

RCC member Dolores Hodges visited with the Ducioames, who moved to Sonora about three weeks ago from Grisson Air Force Base, Indiana. Mr. Ducioame is employed by Dresser-Atlas. Their children are Lisa Rae, age twelve, Lynn Anne, age 11, Stephanie Mae, age five and Nicole Renne, six years Mr. Ducioame likes pinochle and enjoys doing hook latch rugs. Mrs. Ducioames enjoys cake decorating, ceramics and doing hook latch rugs. Their children enjoy piano, drawing, skating and swimming. Welcome to Sonora to the Ducioame family!

Newcomers Carroll and Kippy Rogers reside at 104 E. Central and have lived in Sonora one month. Mr. Rogers is employed with Dresser-Atlas and enjoys building, fishing, and learning Spanish

The Rogers children are Mark W., age eight and Brian J., age five. Mrs. Rogers likes macrame, sewing and gardening. The Rogers said they are building a house outside town and are hoping to be in it by December. A warm welcome is extended the Rogers' from Sonorans.

Dolores Hodges visited with these newcomers: Mr. and Mrs. Gary Moseley. The Moseleys reside at 194 Oakwood and have been in Sonora three months, having moved here from Grisson AFB, Indiana. Their children are: Debbie, age thirteen, Diana, age eight and Kathy, age eighteen. The Moseleys are Catholic. Gary enjoys motorcycling and Pat collects chimes. Welcome to Sonora to the Moseleys!

Friendly face around town was Metha Trainer.

King's Refrigeration Joins Chamber Of Commerce

Gary Pair, Membership Chairman, Sonora Chamber of Commerce announced this week that King's Refrigeration Service has joined the Chamber of Commerce with a business membership, making a total of 144 members.

King's Refrigeration Services is owned by Bennie King and is located at 602C Highway 290 North. The C of C Board of Directors and the C of C membership welcome the new business into its membership roster.

Kappa Gamma Holds Meeting

Kappa Gamma Chapter of Epsilon Sigma Alpha met Sept. 8 for their first meeting of the 1980-81 year in the Founders Room of the First National Bank.

President Dolores Hodges presided over the meeting and gave a program on duties of officers.

Members received their new yearbooks and state rosters.

Hostesses for the evening were Rita Hale and Diane Snider.

Oct. 6 there will be a program entitled "Friends are the Medicine of Life" dealing with the possibility of cancer. Members are urged to bring guests who might be interested in the program.

Other members in attendance were Marlene Evans, Nelda Mayfield, Kim Cole, Melissa Slusher, Jo Ann Jones and new pledge member Tina Anderson.

Linda Hamilton Qualifies For Dean's List At SWTSU

Linda J. Hamilton of Sonora was among the 3,606 students whose spring semester, 1980, grades earned them places on Southwest Texas State University's Dean's list.

To make the regular Dean's List, student must be enrolled for a minimum of 12 semester hours of coursework, excluding physical education activities, and achieve at least an overall "B" average.

Making the Superior Honors List requires grades of "A" in at least 12 of the required 15 semester hours of coursework, excluding physical education activities, and no lower than a "B" in the other three-hour course. This translates into a 3.8 grade-point average or better on a 4.0 scale.

Undergraduate courses only are considered in tabulating the list. Incomplete, or "I" grades earned during the spring semester disqualify students from the Dean's List.

Hamilton was listed on the regular Dean's List.

TS&GRA INDUSTRY NEWS

Fall is just around the corner-the season for beatiful wool/mohair fashions. Why not win some valuable prizes while adding a lovely and practical addition to your wardrobe. Make It Yourself With Wool competition is gearing up for the annual fashion and sewing contest. State Director, Mrs. E.S. (Jean) Herring of Junction, has announced plans for nine district contests in November at various locations. The State Contest will be held at Kerrville's Inn of the Hills Dec. 6 and the national finals will be in San Antonio Jan. 25-28, 1981.

Make It Yourself With Wool is primarily a wool/mohair promotion and is sponsored by the American Sheep Producers Council, Texas Sheep & Goat Raisers' Association, Woman's Auxiliary to the Texas Sheep & Goat Raisers' and through donations from interested friends of the sheep and goat industry. The purpose is to focus attention on the beauty and versatility of wool and or mohair; to encourage use of these imcomparable fabrics or yarn in sewing, knitting or crocheting fashionable garmets; to offer young experts the opportunity to compete for valuable prizes and win recognition for their sewing skills.

More than a sewing, knitting or crocheting contest, it is a fashion competition. Judges look for coordination of fabric to the pattern, poise and presentation, suitability of the garment to the contestant's age and way of life, as well as skill in construction.

Open to all American citizens regardless of race, creed or sex, the contest if broken into the following age categories: Pre-Teen (10-13), Junior (14-16), Senior (17-24),, Adult (over 24). Pre-Teens compete only at district level; Junior, Senior and Adult district winners advance to state competition, and national finals include Juniors and Seniors.

District contest locations, dates and district directors include: District 1-Lubbock, Mrs. Wayne Timmons, Nov. 22, 1980. District 2-Fort Worth, Mrs. Joe Jackson, Nov. 22, 1980. District 3-4-San Angelo. Mrs. Dawson Coleman, Nov. 15, 1980. District 5-6-Kerrville, Mrs. Jack Thorn, Jr., Nov. 8, 1980. District 7-Nacogdoches, Ms. Gloria Durr, Nov. 22, 1980. District 8-Houston, Ms. Linda Young, Nov. 15, 1980. District 9-Boerne, Mrs. Maurice Hensley, Nov. 8, 1980.

Information and entry blanks can be obtained at fabric stores, county extension offices or by writing State Director Jean Herring, Rt. 5, Box 16, Menard, Tx 76859. Phone Junction, Tx (915) 446-2066 or by contacting National Director, Mrs. Jean Patterson, Box 93, Huston, Idaho 83630.

Independent Cattlemen's Association To Hold October Seminar

The Independent Cattlemen's Association is hosting a Legislative Seminar for its members to familiarize them with specific activities of the state government and the everchanging political climate.

The Seminar will be held Oct. 23 and 24 in Austin. First day activities will be held at the Sheraton Crest Inn, 111 E. First Street at Congress, a short distance from the State Capitol.

The Seminar will open Thursday, Oct. 23, with registration from 11 a.m. to 1 p.m. in the lobby of the hotel. A welcome session and member orientation will be held from 1 p.m. to 3 p.m. followed by a short break.

After additional informal discussions, the Seminar will adjourn at 5 p.m. A cocktail reception hosted by ICA members for the State Legislature and other dignitaries will be held at the Sheraton from 7 p.m. to 9 p.m.

Friday, October 24 activities will begin with a coffee in the State Capitol. During the remainder of the day, such topics as the state budget, redistricting and the agricultural outlook will be addressed by legislators.

Tours of the Capitol will be held and members may have an opportunity at that time to visit with their representatives and senators.

Registration for the Seminar is $5 per person. An agenda will be mailed in early October.

All ICA members are encouraged to participate in this important Seminar.

Jerry Lackey's Country Folk

At Hoolihan Acres near Mertzon, West Texas cattle man Shelley V. Smith, promised some 300 country folks attending the West Texas Rehabilitation Center's Cattlemen's Round-Up for Crippled Children kick-off barbecue: "It's going to rain and break the drought and everything is going to be okay."

Standing at the back of the stage with Movie and TV star Rex Allen, I looked at Rex and smiled: "Up with the curtain for the next act." He looked back at me and said: "Shelley sure has a lot of witnesses here who will hold him to that!"

Well, the next day it started raining. My hometown of Junction had over 15 inches and still raining at this writing. Joanne Molesworth at the Junction Eagle said the Wilson White home on the North Llano was flooded for the first time in 30 years. The Dairy Queen at Junction had 8 feet of water inside.

Before we took Rex Allen to the San Angelo airport for his flight back to Hollywood, he walked up to Shelley, put his hand on his shoulder and said: "Thank you, God. West Texas needed this. I always knew you had a direct line."

Smith, denying having such concrete connections, smiled and replied: "It is a political year, but I have lived in West Texas for 30 years and know when rain is coming!"

Moisture on West and Central Texas rangeland certainly had been more than just breaking the drought. Fences have washed out for miles in the Texas Hill Country. Flooding was heavy in Menard, Kerrville, and along the rivers.

Probably for the first time in years, rains resulting from several hurricanes have not only given general moisture to thirsty earth from the Rio Grande to the Red River, but flushed out puddle-supplied streams and made running water again.

Andy Smith spoke of "tall green grass in the Davis Mountain area of Far West Texas." His statement was confirmed by Lon Slaughter who ranches near Sanderson and Big Bend.

Mike Dail said Mason County was turning around to provide ranchmen with "one of the best fall's they've seen in years."

Congressman Tom Loetfler and this writer have bumped into one another every turn lately. He is running for re-election in the 21st District, and I don't know what I'm running for or from! However, we always discuss the weather, agriculture and the GOP. It is greening up everywhere ... on that we all agree.

In Fort Stockton the other day, M.R. Gonzales, who is a soil conservationist along with serving Pecos County as a commissioner, said the Longfellow Country is really taking on a new green complexion.

Robert Huckaby, also of Fort Stockton, had received nearly 7 inches following Hurricane Allen, so one can imagine what that terrain looks like by now.

And country trading on sheep is beginning to warm up. Tom McKenzie said he received three bids on his lambs in a matter of a couple of days. "Now, that's a pretty good indication things are starting to look up," he added.

That is certainly gospel. Now that good rains have come, grass is growing, and Autumn temperatures are not far behind, there is a new and refreshing act on stage. Rex Allen was right ...we have a whole new act to follow.

Hurricane Rains Have Little Effect On Deer

Recent rains resulting from hurricane activity will have little effect on deer herds in Southwest Texas and the Rio Grande Plains, according to Dr. Dwight Guynn, area wildlife specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Some new plant growth will be generated from the moisture received, but most of the damage has already been done by the extended drouth, he points out.

"It's a classic case of too little rain received too late to be a great deal of help," Guynn says. "Some deer on the brink of starvation will be saved, but the number won't be significant."

Guynn continues to emphasize that overpopulation of deer in certain areas has resulted in large starvation deaths, up to 60 percent in some parts of the Hill Country and South Texas. Even with such losses, Guynn says ample deer will be available in most areas of Texas for hunting this fall.

"There should be plenty around, but hunters will be confronted with more smaller, inferior deer which have survived the drouth but suffered its effects," he explains. "Antlers may be somewhat smaller this year due to the lack of nutrition which occurred this summer when bucks were developing them."

Guynn stresses that good antler development is directly associated with proper nutrition, a luxury that deer and other wildlife species have been virtually without most of the year.

This year Guynn is encouraging landowners and ranchers to harvest more does than in recent hunting seasons. These "reproductive factories" of the deer herd, if left untouched, will continue to re-populate, continuing the cycle and resulting in more deer than ranges can support.

Guynn suggests that a significant doe harvest is most areas this fall is the only measure outside starvation that can keep deer numbers in balance with deer food resources.

The wildlife expert looks upon the approaching hunting season as a true test for many landowners and wild game hunting operators.

"They must decide if their deer should be harvested this fall through sport or be subjected to endure the winter, quite possibly without sufficient food. We encourage more doe harvesting where necessary so this critical deer-forage balance can be achieved," he says.

Those in question should check with the local county Extension agent for methods that can be used to help determine deer populations.

Broncos Flood Eagles

Sonora		Junction
23	1st Downs	11
420	Rushes-Yds.	121
18	Passing Yds.	31
4-7-1	Passing	3-12-2
1-1	Fumbles-Lost	6-1
3-37.7	Punts-Avg.	7-29.6
5-65	Penalties-Yds.	2-20

Just as the Broncos showed a surprisingly strong passing attack last week in their 30-0 thrashing of Ozona, they unleashed a devastating ground game this time around, rolling up 420 yards rushing.

Fullback Rex Surber headed the three-pronged attack with 151 yards and three touchdowns on 21 carries for a 7.2-yard average.

But Surber was only one spearhead of the offensive as Johnny Doan piled up 107 yards on 12 carries for a 8.9 average, and Allen Stewart amassed 81 yards and a TD on eight attempts for a 10-yard average.

And even the relief crew found a large measure of success, evidenced by sophomore speedster David Buitron who picked up 56 yards on six carries.

The Bronco defense stiffled the Eagles on their first possession, and after a 20-yard punt, the Broncos were in business 49 yards from the endzone stripe.

Surber ripped off five yards on the first play before Doan steaked 26 more stripes down to the Eagle 18-yard line.

Four plays later, Surber crashed off left tackle for a four-yard score.

David Creek booted the PAT for a 7-0 lead with less than four minutes into the game.

Victor Gonzales picked off a Creek aerial to stop the next Bronco march at the Junction 34.

The Eagles notched two first downs before being forced to punt and pinning the Broncos on their own 13.

The distance didn't make a bit of difference to the Broncos as they marched to the goal line in only 13 plays, never even finding themselves in a third down situation along the way.

A 14-yard burst by Doan moved the ball down to the two, with Creek getting an apparent TD on the next play.

But a motion penalty nullified the score, moving the ball back to the seven.

The infraction was only a temporary setback however as Surber crashed over from the three two plays later.

David Lackey got a hand on Creek's kick, but Sonora held a 13-0 edge with 8:45 left in the first half.

The Bronco defense got some aid in the form of a 15-yard Eagle holding penalty to stall out the next Junction series.

The Eagles then got their best punt of an otherwise dismal kicking night--a 40 yarder--but Joe David Favila stepped off 14 yards on the return to again give the Broncos good field position at the Junction 49.

Surber bulled his way for 11 yards before Stewart raced 28 yards for a first down at the 10-yard line.

Buitron picked up seven yards, then Surber went off the left side again for his third tally of the night.

Creek's extra point boot went wide left, but Sonora held a commanding 19-0 lead with 6:25 remaining before the intermission.

The Eagles weren't about to have their wings clipped that easily as they marched 64 yards in nine plays for their only score.

A 16-yard pass from Carl Field to Mitch David opened the drive and a 15-yard personal foul against the

Eighth Grade Colts Whip Junction

Kay Holdridge

The only things that slowed the awesome eighth grade Colts offense last week were penalties as four touchdowns were called back on clipping and holding infractions.

Despite the nullifications, the Colts scored at will, tallying 40 points while a talented defense yielded no scores against them.

Tackle Ismael Sanchez fell on a loose Eagle pigskin at the Junction 39 and four plays later the Colts led 7-0.

Fullback Gilbert Martinez ran 16 yards with 5:12 left in the first quarter for the score, and Ruben Garza kicked the PAT.

Junction failed to sustain a drive on their next possession. Two Colt penalties put the Eagles on the Colt 30, but the Eagles could not penetrate the large Colt

Sporting Chance

By Don Holdridge

After two weeks of the season, the Bronco teams are still undefeated. From the seventh grade up through the varsity, the teams have a combined record of 7-0-1 with the only tie coming in the junior varsity's first contest against Ozona.

I wish I could say I was doing half as well. Well I guess I am. So far this season, I've hit 20 out of 40 for a .500 average.(A .500 batting average probably sounds pretty good to George Brett.)

I said I'd quit if I didn't do better than last week--and I did--but not by much. I guess I'm just a glutton for punishment 'cause here I go again.

Eldorado at Sonora

When the season opened, Coach Jerry Hopkins had some question marks in his defense, especially the pass defense. The Eagles, who live and die by the airways, will answer some of those questions in a hurry. However, their defense won't be able to contain such a versatile offense as the Broncos. Sonora 29-13.

Ballinger at Wall

Some people have been surprised at the Bearcats being 2-0. Why not add some more surprises. Ballinger 13-12.

Clyde at Brady

This should be the rout of the "weak". Clyde's too weak and Brady's too strong. Brady 40-7.

Hamilton at Comanche

The Bulldogs are good, but not good enough to match up with the Indians in this old rivalry. Comanche 32-14.

Eastland at Coleman

If Brady over Clyde wasn't the rout of the week, then this will be. Eastland 45-13.

Utah State at Texas

Pity anyone trying to stop the Longhorn offense after a two week rest. Texas 42-10

Oklahoma State at Arkansas

The Hoggies have had two weeks to stew about getting beat by Texas and that means disaster for the Cowboys. Arkansas 38-9.

West Texas State at Baylor

The Baptists are on a crusade and this makes two victories in a row. Baylor 19-6.

Rice at Tulane

Everybody ought to win sometime, but this won't be the one for the Owls. Tulane 16-7.

TCU at SMU

The Church Bowl is usually a crunch brawl, but the Mustangs have too much kick. SMU 30-17.

Penn State at Texas A&M

The Aggies may be too embarrassed to return to Kyle Field--especially since they have to play the Nittany Lions. Penn State 27-16.

Miami at Houston

I'm not a gambler, but I wouldn't bet against the Cougars a week after they got beat. Houston 28-10.

New Mexico at Texas Tech

The Red Raider competition level comes down a notch--and their win column jumps up a notch. Texas Tech 19-7.

Angelo State at Eastern New Mexico

By staying idle, the Rams may have now become the LSC favorites with A&I losing an unheard of two games. This week they show why. Angelo State 24-0.

Howard Payne at Texas Lutheran

Yellowjacket Coach Harold Mayo has his team coming--not up--but coming at the least. Howard Payne 13-6.

Tampa Bay at Dallas

The friendly confines of Texas Stadium should help the Cowboys--if its still friendly. Dallas 16-7.

Baltimore at Houston

The Oilers finally get a patsy, and Snake the Earlers should have fun. Houston 31-13.

St. Louis at Detroit

The Lions may finally be showing what everybody expected last year. Detroit 20-10.

Pittsburgh at Cincinnati

Upset of the week. The Steelers are due for a letdown, and the Bengals always give them problems. Cincinnati 24-20.

Washington at Oakland

The Raiders get back home, and playing on the road for two weeks will be too much for the Redskins. Oakland 20-17.

Bronco Varsity

cont from p. 6

Broncos gave Junction a first down at the 13.

Then, facing a fourth down and two at the five-yard line, Field pitched out to Bobby Hurley who had picked up the bulk of real estate in the drive. The junior runner outdistanced the Bronco defenders to the goal line flag to put the Eagles on the scoreboard.

Hurley, seeing his first action since coming off shoulder surgery, was virtually the entire Eagle offense as he rambled for 119 yards on 27 carries for the night.

Field shanked the PAT kick, but the Bronco lead had been cut to 19-6 when the two teams went to the lockers two minutes later.

The third quarter was scoreless for both squads, but the Broncos did mount one threat, moving from their own 35 to the Junction 13 before turning the ball over on downs.

The Eagles appeared to be on the march again late in the period, but Mark Doan snitched a long Field pass to start the Broncos on the way to their final touchdown at their own 14.

Johnny Doan opened the last stanza with a 19-yard burst, and Creek, who used the pass sparingly, hit Every Vallejo on an 11-yard pass before Stewart sped the final 16 yards untouched to cap a 10-play, 86-yard drive.

Creek hit Doan on a slant-in pattern for the two extra points and the final dampening of the Eagles' feathers and spirits, 27-6.

Bronco reserves finished out the remaining 9:04 of the game and kept the ball in Junction territory the entire time.

A 25-yard sprint by Buitron gave the Broncos another threat with a first down at the Eagle 20, but the drive died on the 13 when Buitron was stopped on fourth down for no gain.

Buitron then intercepted a Ward Broyles pass and returned it down to the eight to avenge another interception wrestled away from him on the ground earlier.

A clipping penalty nullified the threat though, forcing Sonora to start the drive back on the 28.

Favila got three yards before Buitron jitterbugged 16 yards to the nine.

But Buitron coughed up the ball at the two to squelch the final Sonora threat.

Individual Statistics

Sonora

Rushing--Surber, 21 carries, 151 yards, 3 TD's; Doan, 12 carries, 107 yards; Stewart, 8 carries, 81 yards; 1 TD; Buitron, 6 carries, 56 yds; Favila, 4 carries 13 yds; Hopkins, 3 carries, 6 yds; Longoria, 2 carries, 4 yds; Savell, 1 carry, 2 yds.

Passing-Creek, 4-7-1, 18 yards.

Receiving--Vallejo, 2 catches, 17 yards; Stewart, 2 catches, 1 yd.

Junction

Rushing--Hurley, 27 carries, 119 yards; 1 TD; Williams, 4 carries, 12 yds; Adams, 2 carries, 7 yds.

Passing--Field, 2-9-1, 28 yds; Broyles, 1-3-1, 3 yds.

Receiving--Davis, 2 catches, 19 yards; Wright, 1 catch, 12 yds.

Eighth Grade

cont from p. 6

defense. The Colts held on fourth and short.

Halfback Victor Lira culminated the second drive as his touchdown capped a four-play, 51-yard drive. Garza's PAT was wide to the right, but with 1:54 left in the opening quarter, the Colts prevailed, 13-0.

The Colt defense forced a loss of 10 yards for their visitors and they were forced to punt from their own 22.

Five plays later, Lira scooted around left end on a reverse, and struck paydirt. Garza's kick was true, and the Colts upped their lead to 20-0.

Again the Colt defense allowed three plays and a six yards, forcing Junction to punt.

Lira scooted 40 yards on a counter play to wet up the next Colt tally.

Quarterback Scott Miller found halfback Jessie Guerra with a 33-yard pass and with 28 second remaining in the half, the Colts had an overwhelming 26-0 lead. The PAT failed.

the opening of the second half proved to be more of the Sonora domination.

Doug Martin intercepted a Trey Bradshaw aerial and returned it to the Junction nine.

Reserve fullback Joe Noriega scored on the second Colt offensive play as he went nine yards for the TD.

One minute and a half into the second half found the Sonora eighth grade up by 32-0. Garza again was true on the PAT, upping the rout to 33-0.

The fourth quarter saw each team lose three fumbles a piece and Joe Will Ross intercepted an Eagle pass. The third Eagle fumble set up a 76-yard Colt drive.

Sonora covered the yardage in nine plays as the starting unit tacked another seven points on the board.

Fullback Abel Sanchez swept end for a 16-yard tally with 24 seconds remaining in the game, and Garza's PAT capped the Colt scoring at 40 points.

Guerra had three of the four scores that were called back on penalties as he carried for the Colts often to share in the offensive domination.

Offensive end Ricky Mesa's blocks sprung the Sonora running backs twice for long yards and one block aided a Colt to score.

Defensively, the Sonora linemen dominated the line of scrimmage. Ismael Sanchez, Daniel Garza, John Ponsetti and Robert Beal closed holes in the defensive line to negate the Eagles offense.

Martinez and Guerra turned in fine defensive effor[illegible]lso, and defensive ends [illegible]nie Blankensnip and [illegible] prevented outside ru[illegible] Reserve tackle Joe Fl[illegible]lso made his share o[illegible]ensive tackles and assi[illegible]

The Co[illegible]re coached by Oliver W[illegible] and Richard Lopez.

Broncos To Host Eldorado Eagles This Friday

The Sonora Broncos will renew one of their oldest rivalries Friday night as they host the neighboring Eldorado Eagles at Bronco Stadium at 8 p.m.

The Broncos and Eagles are both coming off big wins as Sonora blistered Junction, 26-6, and Eldordo flew past a strong Iraan team, 46-20.

Eagle Coach Johnny Clawson's squad lives by the virtue of a strong passing attack and the key to the charge is quarterback Keith McCormack, a converted tight end.

McCormack passed for five touchdowns last week, hitting 14 of 18 atempts for 216 yards, and added two more TD's on the ground.

The Eagle offense, which employs the shotgun or spread offense revived by the Dallas Cowboys, has Bronco mentor Jerry Hopkins concerned.

Hopkins said the Eagles often put five receivers out in the pattern, which creates some real problems for a defense, especially with a quarterback who runs as well as McCormack.

Other top players for the Eldorado team are end Ed Willoughby, end Joel Robledo, end Ronnie Hall, running back Mike Griffin, running back Tommy Martinez, end John Paul Joyner, tackle Rojelo Adame, back Eddie Montalvo and back Jimmy Lloyd.

Hopkins was very pleased with the Bronco effort against Junction "I'm probably the hardest to please," Hopkins said, "but I think we looked good."

Hopkins said the offensive line did a "super job" against the larger Junction squad, but admitted he was not happy with some parts of the defense.

He accepted most of the blame for the defensive breakdowns though, saying the coaching staff had been concentrating on developing the offense and had neglected some of the defensive areas. In addition, a practice to work mainly on defense last week was rained out.

Hopkins told Booster Club members Monday night he felt Sonora should win the Eldorado game, but gave the Eagles all due credit, saying, "They've got what it takes to give you some problems."

Freshmen Overtake Junction

By Charlie Adams

The Bronco freshman team scored an impressive win over the Junction Eagles Thursday night, 26-6.

the Broncos racked up 340 yards of offense against the Eagles while holding their hosts to 96 total yards.

The Broncos got on the scoreboard on their first possession on 25 yard pass from quarterback Jeff Brittain to end Matt Favila.

Brittain completed seven of 10 passes for 135 yards on the night. the leading receiver was Zeke Ramos who had three receptions for 76 yards, and fullback Tino Martinez was the leading rusher with 125 yards on 15 carries.

On the second Sonora possession, the team drove 55 yards in 12 plays for their second touchdown. Halfback Mike Polocek got the score on a three-yard run behind the right side of the offensive line.

Things continued to go right for the Broncos on their next possession as they drove 60 yards in eight plays. Most of the last 15 yards was covered by Brittain, but he was hit on the one and fumbled the ball into the endzone where Matt Favila recovered it for a Bronco score.

In the fourth quarter, the Broncos repeated the fumble recovery act.

On fourth down and goal at the Junction 15-yard line, Martinez rambled to the three where he was hit and fumbled. This time center Ronnie Pollard picked it up and ran in for the score.

Martinez scored the two-point conversion, making the score 26-0.

Junction finally scored in the last minute of the game with the help of a pass interference penalty against the Broncos on the one-yard line.

The victory makes a freshman season mark of 2-0 with the squad's next game here Sept. 25 against Brady.

Views On Dental Health

By Lonnie M. Pollard, D.D.S.

DENTAL IMPLANTS

Dental implantology (inserting a post into the jawbone to act as an anchor for dentures" goes back to the times of the early Egyptians. Mummies and skeletons have been examined, and they indicate that dental implants were attempted even in those days.

A dental implant is a device that supports a single crown, a bridge, or full denture, when the gums cannot normally retain them. There are two types: One has a metal framework that rests on the jawbone, with the gum tissue closed over it; The other is placed into the bone, like a root of a tooth. Both types have a post or series of posts which protrude through the gum to serve as an anchor.

While implant dentistry is quite complex - and still considered experimental and practiced only by a relatively few experts - it does provide a new approach to denture problems.

Varying degrees of success are reported, but it appears that the percentage of successful cases is directly related to the amount of training and experience of the implantologist.

RRC Allows Sour Gas Sale To Interstate Pipeline

The Railroad Commission authorized the sale of low-volume, sour casing-head gas produced in a West Texas oil field to an interstate purchaser on a split vote of the three members of the energy regulatory agency.

Chairman John Poerner and Commissioner Mack Wallace approved the granting of an exception to the Commission's Statewide Rule 69 to Ralph L. Way, Inc., so that the Midland operator could sell gas from a 305-acre lease in the Farmer (San Andres) Field of Crockett County of Northern Natural Gas Co. Commissioner James E. (Jim) Nugent objected.

The Commission acted on Way's application during the weekly conference on Oil and Gas Division matters. Legal Examiner Susan Cory Kovar recommended that the application be granted. The lease is located on University of Texas lands and therefore, under state law, the Commission must review and approve out-of-state sales of gas produced on Texas public lands.

The University of Texas, by letter, advised the Commission that it supports the Way application.

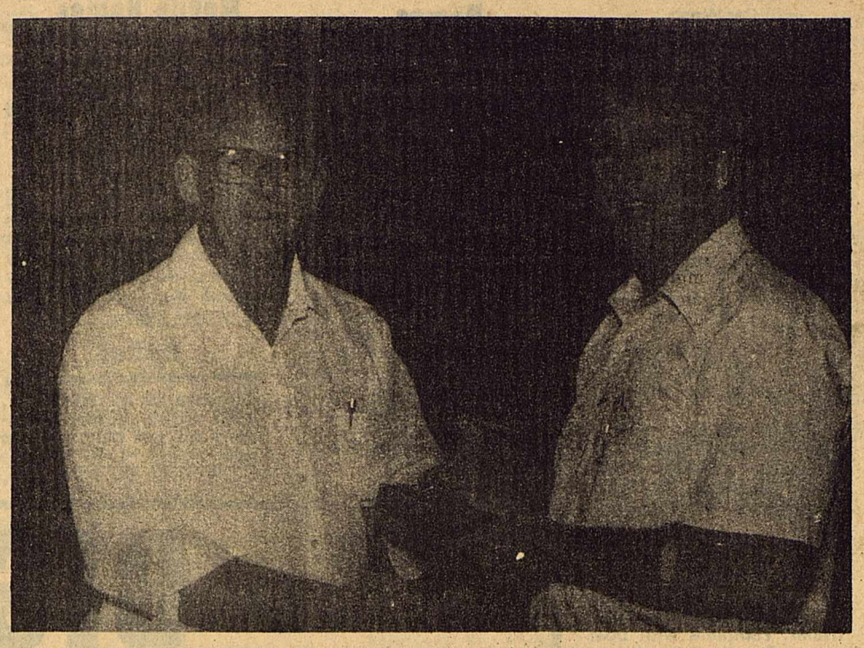

Examiner Kovar advised the Commission that four wells with an output capacity of 120 barrels of oil daily and 100,000 cubic feet of sour gas daily have been completed on the lease. Reserves of the lease are estimted at 525,000 barrels of oil and 525 million cubic feet of gas, she related.

Also, Kovar reported, the operator plans to drill 11 more wells on the lease.

Two intrastate pipelines in the general vicinity of the lease and the nearest municipality advised the Com-j mission that they did not want the sour gas, Kovar further related.

As approved, the order granting the Rule 69 exception limits the gas sale to production from the San Andres reservoir underlying the lease.

In objecting to the examiner's recommendation, Commissioner Nugent said he wanted an order carrying an interruptibility clause and a two-year limitation on the sale. Kovar said the two-year limit was unacceptable to Northern Natural Gas.

Pool Regional Manager Gerald Tinney presents Sonora District Manager Todd Churchill with a watch commemorating 10 years of service. The presentation was made Sept. 5 when Pool management people from Sonora and San Angelo gathered at the Devil's River Motel for supper. Tinney has recently established the Regional office for Pool in Sonora, making one of four such offices in the state. The region includes operations in Bridgeport, Mineral Wells, Breckenridge, San Angelo, Big Lake, Ozona, Sheffield, Sterling City and Sonora.

Churchill Recognized By Pool

Pool District Manager Todd Churchill was honored at a supper at the Sutton County Steakhouse last week in recognition of his 10 years with the company.

Churchill heads the Sonora District which includes offices in Sonora, Ozona, Big Lake and Sheffield and has 22 trucks, nine rigs, one swabbing unit and one drillmobile.

Sonora Region Manager Gerald Tinney presented Churchill with an 18-carat pin and an engraved Rolex watch.

Pool has also recently announced several new employees and promotions.

Roy Hulsey has been named Field Supervisor for the Sonora Area and Jim Eddinton of San Angelo is the new manager in the Big Lake office.

New employees include Lisa Swank, formerly of Fort Worth, as secretary and Mike Rodriquez, formerly of San Antonio, as truck mechanic.

New crew chiefs are Bobby Joe Reed and Amondo Martinez.

"Squirt" Halford will be getting a new rig next week, and Rigs 1, 5, 82, 141, and 93 have all been remanufactured in the last six months.

Harold Young Named Dowell Manager

Harold Young of Commerce City, Col. assumed duties Monday as manager of the Sonora District of the Dowell Division of Dow Chemical.

Young brings 20 years experience with Dowell and has served as manager of the Denver District the past six years.

He and his wife, Billy, have three children.

John Poerner Predicts Gas Price Stabilization

Railroad Commission Chairman John Poerner said that natural gas prices should remain "stable and relatively predictable" as the result of adequate supplies provided through decontrol and price incentives for production from unconventional sources.

"If the price incentive is there, the supplies will be provided and the cost of these supplies should remain relatively stable," Poerner said in an address at a public utilities conference at the University of Texas at Dallas.

The energy regulatory agency official pointed to the phased decontrol of gas prices under the Natural Gas Police Act as a major factor in future price stability.

Before that legislation, he said, the unrealistically low regulated price of gas failed to provide incentives to producers, resulting in an 18 percent drop in the number of operating drilling rigs by late 1978 and early 1979.

However, Poerner said, the trend has been reversed, and this year's drilling activity is near a 25-year high.

"As prices approach a free market level, production will increase, "the RRC chairman explained, adding that decontrol of gas prices may have begun to reverse the domination of oil exploration over gas exploration in Texas and the nation.

Poerner said that the ratio of gas to oil has increased to where now about 1.3 British Thermal Units of wet natural gas is produced for each Btu of crude oil and condensate.

And although gas well costs are generally greater than oil well costs because of the greater average depth of gas well, more gas wildcats are completed than oil wildcats, he related.

Poerner said the remaining recoverable supply of conventional natural gas from proved, inferred and undiscovered reserves and resources is estimated somewhere between 760 and 1,270 trillion cubic feet.

He pointed out that some of the most promising potential sources of natural gas are the deposits locked up within unconventional geological formations, such as shales, tight sands, coal, seams, and geopressured aquifers.

"In Texas, the Railroad Commission has recently recommended to the Federal Energy Regulatory Commission that it designate the Cotton Valley formation as a tight said so that it can qualify for a sufficient incentive price to encourage production.

Poerner further noted that "with deregulation, there exists a possibilty of a significant increase in competition for resources necessary to maximize production from tight formations."

He explained that successful research and development can result in the techniques which can dou-b ble or triple daily production rates and reduce the time to recover investment costs.

Poerner added that the total amount of gas that can be recovered is dependent on technology and gas price.

RRC NGPA Section Has Received 26,741 Applications

The Railroad Commission's Natural Gas Policy Act Section reported that as of Aug. 29 Texas oil and gas operators have filed 26,741 applications for determiniations of new gas well production categories under the federal Natural Gas Policy Act of 1978.

The Commission initiated the well classification program in December 1978 pursuant to NGPA mandate and guidelines set forth by the Federal Energy Regulatory Commission.

Under the federal rules and corresponding RRC policies, the section is responsible for processing applications filed by operators requesting gas well determinations under one of the different producing categories of the NGPA.

Operators applications are reviewed through section statistical checklists and are brought before the Commission for final action.

Through Aug. 29, the Commission has approved 15,923 applications for the requested NGPA producing categories, according to the section report. Seven applications have been denied.

A total of 14,823 of applications have been transmitted to the FERC. The federal agency has the power to reverse or remand applications acted on and transmitted by the RRC. Another 864 applications are in a microfilming status before being sent to the FERC.

Local Author's Book Goes On Sale This Weekend At Foodway

"Is your underwear clean?"

If this sounds familiar, you will probably relate easily with Lillian, the character of a book just released and authored by Jeanne Davenport and her sister, Ann Cates of Arlington.

The book, "Guilt Trips" was expected to be off the press Monday and will go on sale this weekend at Hershel's Foodway in Sonora for $2.95.

Lillian is a totally ridiculous mother, a caricature who hits close to home in her ideas of mothering and observations on the world.

In one frame of the book, Lillian ponders, "I've always been puzzled why Labor Day came after Mother's Day."

In another panel, the reader sees Lillian slumped back in a chair with a beer in one hand a cigarette in the other, telling her daughter, "A lady is treated like a lady only if she acts like one."

The book provides some rather astute observations about people and life in general, which reflects heavily on the authors.

"We've always been people watchers," Mrs. Davenport said, "and most of our ideas for the book have come from things we've seen other people do or things we've done ourselves."

The sisters decided to begin the character last Christmas and had originally planned to do a greeting card line, but found they had too much to say. Thus the efforts for the book were launched.

But the future holds quite a bit in store for Lillian. Work is already underway on a second book, and Mrs. Davenport and her sister are making plans to publish a 1982 calendar with "helpful hints for the home" taken from Lillian's infinite wisdom.

"We decided to do the book because we often found ourselves upset and disgruntled with situations and decided we might as well laugh about things," she said. "If we don't have a sense of humor, then life is hard."

And those with a sense of humor will get a special enjoyment out of Lillian in "Guilt Trips".

Energy Saving Program Planned

Although you can't do much about the cost of energy, you can do something about the amount you use. Mrs. Susan Mason, Home Economist with Lone Star Gas in San Angelo will be presenting a program on this topic on September 22, 1980 at the 4-H Center. Susan will be presenting a 45-60 minute program that includes information on how the average consumer of energy can save energy, and money, too.

Don't forget, that's an "Energy Saving Program" planned for Monday, September 22 at the 4-H Center. The program will be 7 p.m. to 8p.m.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national orgin.

Homemakers To Meet

The Happy Homemakers Extension Club will meet Friday, Sept. 19 at 9:30 a.m. in the home of Barbara Arendt, 1201 Glasscock.

The program will be on crepe cookery, and all prospective members are invited to attend.

Sarah Wade Hosts Stitch & Stew Club

Sara Wade was hostess for the Stitch and Stew Extension Homemakers Monday, Sept. 8.

An excellent program was given on preparing crepes. Not only did the girls make the crepes, but sincerely enjoyed eating them.

The usual amount of interesting conversation was shared before and after the meeting.

Special guests were Mrs. Joe Andrews, Julie Thomas and Kristen Shurley.

Halloween Dance Club To Meet

The Halloween Dance Club will meet Wednesday, September 24 in the HNG Building at 7 p.m.

All members should be present to pay dues and pick up invitations.

WE BUY NATURAL GAS THE WAY YOU BUY GROCERIES.

Lone Star shops for the best values. Just as one brand of green beans might be a better value even though it costs a penny or two more, gas that costs the least could prove to be the most expensive.

We have to consider a number of factors. How much gas can we expect from a new field? How close is it to our existing pipelines? How much processing will the new gas need? Is the BTU content high or low?

As a result of this careful shopping, Lone Star's weighted average cost of gas in 1979 was $1.76 per MCF (1,000 cubic feet) of gas — lowest of any major intrastate gas company in Texas.

This savings is passed on to you because your monthly bill is based on our average cost of gas.

Lone Star Gas Company

GAS. IT'S PLENTIFUL, EFFICIENT AND RIGHT FOR THE TIMES.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION
NOVEMBER 4, 1980

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment that would authorize the Legislature to permit banks to establish and operate unmanned teller machines within the county or city where the banks are located and to share the use of teller machines on a basis consistent with anti-trust laws, if it finds such operation will serve the convenience of the public. The Legislature has already passed enabling legislation (H.B. 1510) for this proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to authorize banks to use unmanned teller machines within the county or the city of their domicile on a shared basis to serve the public convenience."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 97 proposes a constitutional amendment that would grant the State and the accused the right to an interlocutory appeal from the following trial court rulings in criminal cases: pretrial rulings on the constitutionality of a statute; on a motion to quash, dismiss, or set aside an indictment; and on a motion to suppress evidence.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing appeal of certain pretrial rulings of a trial court in a criminal case by either the state or the accused."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 98 proposes a constitutional amendment that would require a single appraisal of all property subject to ad valorem taxation and would provide for a single board of equalization within each county. The constitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would allow the Legislature to authorize the conduct of bingo games by certain specified groups for charitable purposes, subject to the limitations that operation of the games must be approved in local option elections and that all proceeds must be spent in Texas.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to authorize the Governor to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the approval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work. The Legislature by general law may limit this authority. Revenue received from private road work may be used only for the construction, including right-of-way acquisition, or maintenance of public roads.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing counties with a population of 5000 or less to perform private road work."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases. The amendment would change titles for the Associate Justices of the Supreme Court to Justices and would require members of the Supreme Court to be attorneys licensed in this state while holding office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment which defines separate property owned by either spouse as all property, both real and personal, of a spouse owned or claimed before marriage, and that acquired afterward by gift, devise or descent. Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."

AVISO PUBLICO

Breves Declaraciones Explicativas De Las

ENMIENDAS CONSTITUCIONALES

PROPUESTAS
ELECCION GENERAL
4 DE NOVIEMBRE DE 1980

PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta #35 del Senado *propone una enmienda constitucional que autorice a la Legislatura permitir a los bancos establecer y operar máquinas registradoras automáticas (teller machines) dentro del condado o ciudad en donde están los bancos compartiendo el uso de las máquinas registradoras de acuerdo con las leyes antimonopolistas, si acaso esta operación resulta conveniente para el público. La Legislatura ya aprobó la autorización de esta legislación (H.B. 1510) para la proposición de esta enmienda.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional permite a la Legislatura autorizar que los bancos usen máquinas registradoras automáticas (teller machines) dentro del condado o ciudad de su domicilio en un plan de cooperación para conveniencia pública."

PROPOSICION NO. 2 EN LA BOLETA

Resolución Conjunta #97 de la Cámara *propone una enmienda constitucional que conceda al Estado y al acusado el derecho de una apelación interlocutoria en los siguientes fallos de la corte en causas criminales: los fallos antes del juicio sobre la constitucionalidad de una ley: sobre la petición para anular, destituir, o desechar una acusación; y sobre una petición para suprimir la evidencia.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional autoriza la apelación de ciertos fallos antes del juicio de una corte en una causa criminal por el Estado o por el acusado."

PROPOSICION NO. 3 EN LA BOLETA

Resolución Conjunta #98 de la Cámara *propone una enmienda constitucional que requiera una evaluación de todos los bienes sujetos a los impuestos de ad valorem y proveerá unicamente una junta para revisar avalúos dentro de cada condado. El requisito constitucional de que la corte de comisionados del condado sea la junta de avalúos será eliminado, y a los oficiales electos del condado o de la comisión directiva de la unidad fiscal se les prohibirá servir como miembros de la junta de revisión de avalúos.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional requiere solamente una evaluación y una junta para revisión de avalúos en cada condado para determinar los impuestos de ad valorem."

PROPOSICION NO. 4 EN LA BOLETA

Resolución Conjunta #18 del Senado *propone una enmienda constitucional permitiendo a la Legislatura el autorizar juegos de bingo por grupos con propósitos caritativos solamente sujetos a las limitaciones de que la operación de los juegos tiene que ser aprobada en elecciones de opción local, y que todas las ganancias tengan que ser usadas en Texas.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional autoriza los juegos de bingo bajo elecciones de opción local si los juegos son dirigidos por, ya sea, una iglesia, una sinagoga, una asociación religiosa, un servicio voluntario de bomberos, una sociedad no lucrativa de veteranos, una organización fraternal, o una sociedad no lucrativa que apoya la investigación médica o programas de tratamiento médico y si las ganancias son usadas en Texas para los propósitos caritativos de las organizaciones."

PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta #86 de la Cámara *propone una enmienda constitucional que permite a la Legislatura autorizar al Gobernador para que ejerza control fiscal de los gastos de ciertos fondos financieros previamente asignados, sujeto a las condiciones y limitaciones proveídas por la ley y sujeto a la aprobación de un comité ejecutivo del presupuesto que constará del Gobernador, Gobernador Teniente, Presidente de la Cámara de Representantes, Presidente y Vice-presidente del Comité de Finanzas del Senado, y Presidente y Vice-presidente del Comité de Asignaciones Fiscales de la Cámara de Representantes.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional concede al Gobernador el poder para ejercer control fiscal de los gastos de los fondos asignados según la ley."

PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta #8 del Senado *propone una enmienda constitucional que permita al Gobernador remover a un oficial de su cargo aunque este haya sido previamente nombrado por el Gobernador y confirmado por el Senado. El remover al oficial será unicamente bajo el consentimiento del Senado, y si la Legislatura no está en sesión, se convocará una sesión extraordinaria del Senado, la cual no durará más de dos días, para considerar la eliminación del oficial en caso.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional autoriza que el Gobernador remueva a los oficiales nombrados bajo consejo y consentimiento del Senado."

PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta #121 de la Cámara *propone una enmienda constitucional que autorice a los condados con una población de 5000 o menos, que construyan y mantengan caminos privados cobrando razonablemente por el trabajo. Por ley, la Legislatura puede limitar esta autoridad. Los ingresos recibidos por trabajo en caminos privados se pueden usar solamente para construcción, para adquisición de derecho de paso, o para el mantenimiento de caminos públicos.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional autoriza que los condados con una población de 5000 o menos trabajen en caminos privados."

PROPOSICION NO. 8 EN LA BOLETA

Resolución Conjunta #36 del Senado *propone una enmienda constitucional que cambie la jurisdicción y autoridad de las cortes de apelación del Estado. La enmienda cambiará el nombre de Cortes de Apelaciones Civiles a, Cortes de Apelación, dando a estas cortes jurisdicción de apelación sobre casos criminales y civiles. La enmienda cambiará el título de los Jueces Asociados de la Corte Suprema a, Jueces, y requerirá que los miembros de la Corte Suprema sean abogados con licencia del estado de Texas mientras permanezcan en el puesto.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que cambia el nombre de Cortes de Apelaciones Civiles y el nombre y requisito de los Jueces de la Corte Suprema y dicta la jurisdicción y autoridad de las cortes de apelación."

PROPOSICION NO. 9 EN LA BOLETA

Resolución Conjunta #54 de la Cámara *propone una enmienda constitucional que define la propiedad que posee cualquiera de los cónyuges como separada, incluyendo las dos clases—de bienes raíces y los bienes inmuebles—los tales fueron propiedad de alguno de los cónyuges antes del matrimonio o fueron adquiridos después como un regalo, ya sea un legado de bienes raíces, o de descendencia. Las parejas que están por casarse o los que ya están casados, y sin la intención de defraudar a sus acreedores preexistentes, pueden repartirse de vez en cuando, entre si y por escrito, toda o parte de su propiedad. Pueden también intercambiar un interés común en bienes poseídos o que van a poseer por un interés común en la comunidad de bienes. La enmienda permitirá a los cónyuges convenir por escrito que los ingresos o bienes derivados de cualquier propiedad particular seguirá siendo propiedad particular en lugar de ser comunidad de bienes como sería si no existiera este convenio por escrito. La enmienda propone que el regalo de un cónyuge a otro se supone que incluye todos los ingresos y bienes derivados de tal regalo.*

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional permite a los cónyuges el consentir que los ingresos o los bienes que se deriven de los bienes particulares permanecerán como bienes particulares."
