Cedar Lake Wildcat Is Now Below 4,000 Feet As Drilling Continues

Fort Worth Operator Making Wildcat Test

Drilling on the J. T. Perryman, Jr. No. 1, C. H. Doak wildcat oil test, west of Cedar Lake in eastern Gaines county reached a depth of 4,000 feet Wednesday. Actual drilling on this important test was begun only a few days ago after surface casing was set. Drilling proceeded rapidly to the present depth. However, activities will be slower until contract depth of 5,100 feet is reached, and the test will be abandoned unless favorable showing is made.

The location was staked several weeks ago and derrick was erected in the northwest corner of the northeast quarter of section 43, D. & W. R. R. Survey. Mr. Perryman, a Fort Worth operator, is making the test four and one-half miles east of the Pure Oil Company's failure in 1929. Drilling contract was awarded Helmerich & Payne, Inc., who have been active in extending neighboring West Texas fields.

Some of the major companies are interested with Mr. Perryman in making the exploration. Pure Oil Company, Standolind and Texas, are reported to have protection money in the well. Majors also have extensive holdings in the vicinity.

The Pure Company's test drilled nine years ago was abandoned at depth of 4,124. The log on the current test is reported checking approximately 165 feet higher than the old well. This report was based on the fact top of the anhydrite formation on the Perryman well was reported at 2,150 and the Yates sand was logged at 3,150.

More Subscribers Take Advantage Of Bargain Rates

When we or any other good newspaper talks about circulation, we mean the number of copies supplied to subscribers who have paid for the Courier because they want to read it. In most instances that single copy is read by the entire family and in many cases it is passed on to neighbors or relatives. Usually it stays in the home for several days, or weeks before being discarded.

In all cases, the paper goes to the people who want it and are sure to read it.

Subscribers are the backbone of the paper. The Courier is no exception to this rule and the revenue from its subscription is a reality. Every dollar that is received on subscription is put right back into that department for mailing and delivering your copy to you. That is the reason why we can truthfully state the residents of this trade territory are offered a real bargain. Not only is our price lower during this campaign, but the subscribers beyond the trade (Continued on Page 4)

Espuela Ice Cream And Sherbet On Sale Throughout Lamesa

Warmer weather brings increasing demands for Espuela Ice Cream and Sherbets, according to G. F. Cooper, manager of the Lamesa Creamery, makers and distributors. This wholesome food is proving increasingly popular as the public is constantly demanding refreshments at the soda fountain and in their homes.

Mr. Cooper announces the addition of a new dealer in the city with Park-La Grocery. A variety of flavors in palatable Espuela is offered in containers, bulk, or most any form desired for it by name at your favorite grocery store. A list of the dealers are contained in this week's advertisement in another section of the Courier.

Progressive

JOE B. WHITLOW
Joe B. Whitlow, owner and operator of the Exide Battery Station, came to Lamesa in 1924 from Winters, Texas. After residing in Lamesa three years, he moved to Kansas City, where he was employed with a factory branch of Willard Battery Company.

After seven years he returned to this city, in 1934 and established his own shop at the Carroll Davis Gulf Station, on North First and Dallas Streets. His business expanded to the extent that after three years it was necessary to erect a permanent location for accommodation of his rapidly increasing patronage, and he plans to occupy the new stucco building, just south of the Magnolia Station on Dallas Street, the early part of next week.

Mr. Whitlow is not only one of the promising young business men of the city, but has contributed largely to civic development. Mr. and Mrs. Whitlow and their small son reside in their own home, erected early last year on North Third.

Deanna Durbin Film "Mad About Music" Coming To Palace

The Palace Theatre brings to Lamesa the picture of pictures, "Mad About Music" starring Deanna Durbin next Tuesday and Wednesday. Theatre goers are urged to make note of the date and be sure to see the third great picture in which an unknown youngster two years ago triumphs.

Less than two years ago, Deanna was an unknown Los Angeles school girl, not even dreaming of a screen career. Her first picture established her as a child promise; her second confirmed that promise. Her third "Mad About Music," coming to the Palace proves beyond a doubt that little Miss Durbin is a genuine star, firmly established in her niche of screen fame.

"Mad About Music" is a delightful picture. It is a comedy drama. Only (Continued on Page 4)

DR. FRAZIER'S MODERN CLINIC TO OPEN SOON

Dr. Sam Z. Frazier has accepted the contractor's building on North First Street, where he will continue his medical practice in his new clinic. Work on this project was begun in March and this week it was turned over to Dr. Frazier for acceptance. Everything has been finished with exception of tile flooring in the reception room and the corridors.

New furniture for the larger institution has been ordered. This is expected to arrive about the time tile construction is finished and Dr. Frazier will occupy the building within a few weeks. At present he is enjoying a good practice in the Nix building. His practice has increased to the extent this location is not large enough to properly accommodate his patronage.

The clinic was particularly designed for medical practice and minor surgery. The structure has every modern convenience, ample space and sufficient equipment that makes it a big asset to the medical profession and to the city.

Improvements have been made on the large lawn. It has been graded and will be re-planted to harmonize with one of the most beneficial buildings of recent months.

Political Interest On The Increase; Entry Date Past

Executive Committee Asking Assessed Filing Fee

The fourth county candidate speaking held at Key Thursday night, of this week, indicates the political situation gives promise of developing some heat. New candidates in the race for office heretofore uncontested attribute a part of the increased enthusiasm on the part of the present office holders.

Much attention is being given to the speaking engagements of state and district aspirants as well as those seeking election to county and precinct positions. In the county there are only two offices where there is no competition, namely Justice of the Peace precinct One and Tax Assessor-Collector.

The county executive committee met Monday and assessed local candidates. The last day of grace to make assessment payments is Saturday, June 25. Campaign expense accounts must be reported prior to June 28th, according to M. Q. Martin, committee chairman. There will be no additional names on the ballot other than those listed with the chairman prior to last Saturday.

State Candidate Speaks
State Superintendent L. A. Woods was in Lamesa, Thursday, June 16, in the interest of his candidacy for State Superintendent of Public Instruction. (Continued on Page 4)

FATHER ILL AT LIPAN

J. D. Dyer, prominent business man of this city was called to the bedside of his father, T. L. Dyer this week at Lipan, Texas, in Erath county. Mr. Dyer, accompanied by his little daughter, Jean, left immediately Monday in response to the message announcing serious illness. Reports were to effect that his father was improving.

NEW SCHOOL BUILDING PROGRAM AWAITS WASHINGTON APPROVAL

135 Advertisers

... Can't Be Wrong

In last week's issue of THE COURIER one hundred and thirty-five different firms and individuals used advertising space for publicity purposes.

These advertisers appreciate the value of this newspaper as an advertising medium for reaching the buying public in the Lamesa trading area.

You too, can cash in on this opportunity for increased sales through circulation and service. Telephone 162-M—for facts and figures that will be helpful to you in securing your share of the consumers' dollars.

Detailed Information On All Six Phases Reported

The following report on needs of the Lamesa Independent School District as adopted by the Board of Trustees, is revealed by Fred B. Sanders, secretary of the board.

It is also the basis upon which the officials of the district made an amended application for Federal funds to supplement local funds to be derived from the sale of bonds, recently voted, to supply the building and equipment needs of this district. The amount requested and upon action is awaited is \$56,600. It is reported that favorable action was granted the request in the Regional Office at Fort Worth and that the Washington authorities have received the application.

It will be noticed that six projects involving structures are included as follows: (1) building for primary grade pupils on the present campus; (2) a building for pupils who live east of the railroad; (3) a building for colored pupils; (4) a building to house the heating plant for the present elementary and new primary school buildings; (5) a physical education plant for boys and girls on the present campus and (6) additions to the seating capacity (Continued on Page 4)

Amateur Contests, Candidate Speaking And Airplane Stunts Will Make Fourth A Gala Day

Amendment Made On Federal Land Bank's Loan Interest Rate

The reduced interest rates on Federal Land Bank and Commissioner loans have been extended by Federal legislation for a period of two years, according to word received today from the Federal Land Bank by J. E. Barron, secretary-treasurer of the Lamesa National Farm Loan Association.

On Federal Land Bank loans through national farm loan associations the temporarily reduced rate of 3 1-2 per cent per annum will be continued for all interest installments payable prior to July 1, 1940.

The temporarily reduced rate of 4 per cent on Land Bank Commissioner loans is also continued until July 1, 1940 J. E. Barron said.

"The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made," J. E. Barron said. "At present the contract rates on new land bank loans are 4 per cent for loans through unimpaired associations. The contract rate on all commissioner loans made through the land bank is 5 per cent. Under the law, as now amended, both land bank and commissioner borrowers will resume interest payments at their respective rates on July 1, 1940.

"Farmers who now obtain new loans through an association at 4 per cent contract rate, J. E. Barron continued "will get the benefit of the 3 1-2 per cent rate for all interest installments payable prior to July 1, 1940 and after that will not have to pay more than 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30 odd years."

Six hundred ninety-five farmers with Federal Land Bank loans totaling \$1,891,860.00 and two hundred ninety seven farmers with Land Bank Commissioner loans totaling \$465,850.00 are benefitted by this extension of reduced interest rate.

ELBERT GRIFFITH CHOSEN FOR NEW YORK POSITION

Elbert Griffith, son of Mr. and Mrs. W. W. Griffith, of Lamesa, who recently finished his course in Chemistry and pharmacy at the University of Texas, has accepted a position with the firm, Johnson & Johnson of New York City. Elbert was chosen the outstanding graduate of his class and was recommended to fill the position when representatives of the company came to Austin in search of a brilliant young chemist.

NEW LAMESA RESIDENTS

Mr. and Mrs. O. D. Perryman and four children of Denton have moved to this city where Mr. Perryman is employed with the Tinsley Gin Company. The family have rented a duplex apartment at 812 North Fifth and Katherine.

State Candidates To Be Represented In Speaking

Lamesa is laying extensive plans for July Fourth celebration. To date there has been several amateur entries filed with A. G. Bearden. Candidate for state and district offices have been invited to speak while county and precinct candidates have an open invitation.

Reports from the committee in charge of the aviation show are to effect planes are expected from Lubbock, Big Spring, Hobbs and Sweetwater. Art Chase, stunt flyer of Lubbock will perform with his Deeds Sportster. This type of plane is designed especially for stunt flying and pilots must have commercial license before they are permitted to navigate them.

Parachute jumps and aeronautical stunts are promised those who visit the airport site during the day.

Candidate speakings, band concerts and amateur activities will occupy a major part of the program throughout the day. Opening at 10 o'clock and continuing with family reunions, softball games, activities at the municipal swimming pool, picnics on the courthouse lawn and the City Park, citizens will round out a full day of celebration.

Dr. Tate's mammoth museum will furnish educational entertainment free.

RETURN FROM VACATION

Mr. and Mrs. W. W. Griffith and daughter, Miss Florence Griffith, Lamesa; Mr. and Mrs. Homer Hall, Miss Gladys Hall, of Lubbock; and Mrs. Lydia Pickrel of Dallas returned last Friday from a vacation trip to the Yellowstone National Park, Salt Lake City and Rotan, N. M. They visited many other interesting places while on the two weeks vacation, and reported a very pleasant outing.

BUILDING NEW HOUSE

Construction is expected to start this week on the five-room home for Mr. and Mrs. R. S. Van Wie. The site has been staked off and foundation is due to start Friday or Saturday. Location is east of the Marvin Morris home on North Wasson.

Mr. Van Wie states it is probably the first under the FHA loan on 90 per cent basis.

Mr. and Mrs. R. E. Simpson visited their daughter, Mrs. Henry Stafford in Van Horn Sunday. They also visited friends and relatives at Barstow and El Paso.

County Softball League Creates Keener Interest Among Players Toward End of Season's First Half

An Error

In last week's issue of The Courier, in the write-up of Hull's Cash Grocery, it was stated that Dee Hull was owner and manager of the store. This was partially wrong, as the facts are that Messrs. Arthur and Dee Hull own and operate the store here. Mr. Arthur Hull's name was unintentionally omitted and we hasten to apologize. These two brothers both own their own homes and live in Lamesa and are both actively engaged in the operation of the grocery.

They share the management of the store together. We're mighty sorry it happened Mr. Hull.

LONGEST DAY

Wednesday was the longest day of the year, marking the time when the sun was at its highest point to the north, the occasion of the summer solstice, the beginning of summer.

CCC Camp Boys Lead League With Eight Successive Wins

Large crowds are attending the Dawson county softball league games each Monday night through Friday. The smallest attendance for any one night last week was six hundred, and two nights the attendance averaged 1,000 each night. As the first half of the season nears an end competition in both boy and girl teams have developed to more than usual proportions.

The CCC boys are leading the county with eight games won and no defeats; (Continued on Page 4)

THEY CAUGHT FISH, TOO

Messrs. Will Burkett and Edsel Bartlett went to Stanton lake Tuesday, returning home early Wednesday morning and did they catch fish? You should have seen them unload, and this is no fish story, either. They really had wonderful luck and to prove it was not a case of exaggeration, they brought the fish home with them. It was not learned just how many they did catch, but they had a nice string

AMONG THE YOUNGER SET

PHOTOS BY ROGERS STUDIO

Among this week's Younger Set are Mary Frances Scott, Sherry Dell Moore, Billy Wilcher and Marie Katherine Blackstock, four little girls all of whom are about four years of age. Mary Frances is the daughter of Mr. and Mrs. H. M. Scott of Sparenberg; on her left is Sherry Dell, young daughter of Mr. and Mrs. A. J. Moore of Lamesa; next is Billy, a daughter of Mr. and Mrs. J. L. Wilcher of O'Donnell. Last is Marie Katherine, the child of Mr. and Mrs. L. D. Blackstock, of Lamesa.

Water Is Termed By SCS As The Farmers' Unmortgaged Asset

Today the only unencumbered assets left for many a farmer are the sunshine and the rain. Over the sunshine he has no control. But he can make himself the master of the water that falls on his land. Water is the farmer's remaining unmortgaged resource, of which he can and should take advantage. Actual measurements made of the Panhandle Agricultural Experi-

ment Station at Goodwell, Oklahoma, show that the 17 1-2 inches annual rain fall only 3.5 inches become available for plant roots. This loss of 14 inches is accounted for in light, ineffective showers, evaporation and runoff. The records at Goodwell, covering a period of ten years, also show that by holding the water that ordinarily runs off the land, by means of terraces and contour cultivation, the water stored in the soil within reach of plant roots was increased by one inch. And where this was done the increase in crop yields averaged over 35 per

cent for the ten years. Other experiment station data and Soil Conservation Service demonstrations clearly show the advantage of moisture conservation. A survey of 72 fields on one demonstration project showed that in every instance where water conservation practices were in effect, the wheat yield was one-third more than on adjacent fields farmed in the ordinary way. Similar results have been obtained by terracing and contour farming on grain sorghum fields, where crop yields were increased as much as 56 per cent.

Substantial increase in grass growth has been observed on pasture and on range land as a result of water held in contour furrows designed to hold all the water where it falls. These increases in grass production vary from one to three times that produced on untreated land.

Estimated based on the results of these experiments and demonstrations indicate that in the Central and the Southern Great Plains area, we could by saving the runoff water we have been wasting, prevent an annual loss of over 160 million dollars. There is no doubt that our most important single farm practice is the proper conservation and utilization of rainfall and that in ignoring this enormous loss the farmers of the Plains area have failed in many cases to take full advantage of the opportunity to capitalize on a resource which is just as vital to crop production as is the soil itself. Catching and holding the water on the land and putting it to work is, in many cases, the farmer's only possibility of renewing his credit.

Since there are no longer undeveloped frontiers where the farmer can take up new land, water conservation should be given careful consideration as a means of restoring a sound financial condition to Great Plains agriculture by retiring existing indebtedness as rapidly and by building up a reserve for the future.

The above statement was broadcast by Mr. B. W. McGinnis, over Radio Station KGNG of Amarillo, Texas. Mr. McGinnis is in charge of the Information Section of Soil Conservation Service, Amarillo, Texas.

It seems only yesterday since I heard an old Illinois farmer say "Well, I'm broke. I'm going west to renew my credit." What he really meant was that the old homestead was worn out and could no longer be profitably farmed. He was having to abandon it for cheaper and richer land farther west.

Much of the west including the Great Plains area was "settled up" by men like this, who did their part in

Test Vaccination Proves Effective Against Fowl Pox

College Station, June 20.—Fowl pox, a very common disease of poultry, can be effectively controlled by vaccination according to Geo. P. McCarthy, poultryman of the Extension Service of Texas A. and M. College.

The disease usually shows up as small blister-like, yellowish growths on the comb, wattles, or skin of the head. Later these sores become dry and are covered with dark brown scabs. The birds become inactive and there is often a nasal discharge. As the disease progresses, cankerous growths appear in the eyes and throat.

Although death losses from fowl pox are not as severe as might be expected, death does occur in many cases due to stoppage of the windpipe. Even if few deaths occur, fowl pox is costly to any flock.

All birds that show symptoms of the disease should be isolated in a well ventilated room. The growths should be removed and the sores painted with tincture of iodine. A 10 percent solution of argyrol should be used if the eyes are affected. It is well to give the confined birds a weekly flush of one tablespoon of soda for each gallon of water.

Loss of birds can be prevented and the flock kept in a thrifty condition by the use of fowl pox vaccine, McCarthy says. Both pullets and cockerels may be vaccinated, but cockerels which are being finished for sale as broilers or fryers should not be treated unless time is allowed to permit full recovery.

If cockerels are not vaccinated, they must be separated from the other birds, grown birds and pullets coming into lay

the "Winning of the West". But did they really win it? As the new country developed and the land enhanced in value, many farmers used it as security for loans to buy more land, and purchase equipment, or to make improvements. Much of the land is now mortgaged for more than it will sell for. And that is not all. Low prices and crop failures during recent years have forced many farmers to borrow on their equipment, live-stock and the crops they hope to raise in the future, until today with the new West remaining, they have nowhere to turn to to renew their credit, except to the Government agencies.

should not be vaccinated, McCarthy warned. The best age for treatment is between one and three months of age. The method used is to pluck a few feathers from the thigh of the bird

Espuela Ice Cream And Sherbet On Sale Throughout Lamesa

Warmer weather brings increasing demands for Espuela Ice Cream and Sherbets, according to G. F. Cooper, manager of the Lamesa Creamery, makers and distributors. This wholesome food is proving increasingly popular as the public is constantly demanding refreshments at the soda fountain

and to apply a very small amount of the vaccine to two follicles. Most laboratories prepare the vaccine in two containers, one with the pox powder and the other of glycerine water. When the birds are to be vaccinated, the powder is mixed with the liquid to make the correct solution.

and in their homes. Mr. Cooper announces the addition of a new dealer in the city with Park-In Grocery. A variety of flavors in palatable Espuela is offered in containers, bulk, or most any form desired. Call for it by name at your favorite drug or grocery store. A list of the dealers are contained in another section of the Courier.

Misses Lorane Staggs, Louise Burman and Maurice Davis attended the singing convention in Big Spring Sunday.

Ellis McCarty and Harry Barrington left Saturday for Silver City, N. M., where they will spend a week fishing.

Alton Freeman of Seminole spent the weekend here visiting with friends and relatives.

Joe B. Whitlow Announces Exide Battery Station Will Occupy Permanent Home

Enlarge Quarters Are Necessary To Growth

Arrangements are being made to complete the new stucco building on Dallas Street, where Joe B. Whitlow is preparing to move his Battery business. Mr. Whitlow has been located for the past three years at the Carrol Davis Gulf Station. His business has increased to such proportions that it was necessary to move into a larger space.

A few weeks ago, Mr. Whitlow purchased a lot from the county and has erected a modern building. There are two large overhead doors, one at the front and one in the rear of his new building. The building is 25 feet by 50 and will enable them to carry a larger stock of Exide Batteries, for which he is the dealer. A large skylight in the center of the building will supply the proper amount of light and ventilation.

Two extra coats of stucco were being applied to the structure this week. And it will be painted white during the coming week. Alton Marshall, a reputable service man, who was formerly with a local garage, has accepted a position with Mr. Whitlow. It is stated they will specialize in starter, generator and electrical work on all makes and models of automobiles.

A complete line of this popular brand of battery will be stocked at all times. They will also service batteries of all types, and will carry a full line of cables and other accessories. The public is cordially invited to visit them in their new location, which it is planned to occupy early next week. The location is south of the Cates Magnolia Station and only a short distance from the former location.

LAMESA LAWN SERVICE

Lawn services were well attended last Saturday afternoon when Rev. Lee brought a fine message. Rev. Earnest Phillips will conduct the service this coming Saturday. The people of Dawson County are urged to meet on the courthouse lawn at 3 p. m. each Saturday.

Rev. O. P. Clark, the Presiding Elder of Lubbock District, will preach and hold the Quarterly Conference of Lamesa Circuit at Mt. Olive the first Sunday in July, July 3rd at 3 p. m.

Mr. and Mrs. W. B. Collins and Mr. and Mrs. Matt McCall left this past week on a three weeks vacation. They will visit in several of the western states.

DAWSON COUNTY CITIZENS HEAR W. LEE O'DANIEL ADDRESS LUBBOCK CROWD

Several citizens from this county were in Lubbock last Thursday night to hear W. Lee O'Daniel, one of Texas' foremost manufacturers and candidates for governor, who spoke before a large crowd there. He spoke from his sound truck and related among other things, that his platform is the Ten Commandments. Accompanying Mr. O'Daniel to Lubbock and taking part in the program were the well known Hillbilly boys, known to practically every one in Texas who has a radio.

Those from here noticed among the unusually large crowd were Mr. and Mrs. Joe M. Peterson, Mr. and Mrs. K. Whitmire, Mrs. Ed Blair, Mrs. R. F. Jackson and daughter, Mrs. A. D. Crow, Mrs. R. E. Echols, and Mrs. Carson Echols, all of McCarty. It is reasonably certain that others were present from this county.

LOYOLA Mrs. H. A. Duke

Loyola received about one half inch of rain Friday which was of great benefit to the crops as the sandstorm which came before the rain was doing severe damage to the crops. Some of the farmers will have to replant some of their crops which the sand destroyed.

Mr. and Mrs. Lonza Marlor accompanied their nieces Miss Luella Gilmore of Spur and Miss Nannie Jean McQueen of Post to their homes on Sunday. The girls spent the past week with Mr. and Mrs. Marlor.

Henry Karcher spent several days in Vernon visiting relatives and friends.

Mr. and Mrs. H. H. Corbitt and family visited her sister, Mrs. F. G. Browning and her father, T. J. Bailey of San Angelo. They celebrated Mr. Bailey's 88th birthday and Fathers' Day combined Sunday.

Tommie Duke spent the weekend with his people at Lubbock.

Miss Roxy Bass and Miss Mattie Lee Wiggins visited Miss Dorothy Lee Corbitt Thursday evening.

All of the Wiggins children spent the day Sunday with their parents, Mr. and Mrs. C. L. Wiggins in honor of Fathers' Day.

Mrs. H. H. Corbitt had as her guest Wednesday her sister, Mrs. C. C. Richards, also nephew, Otto Richards of Levelland and her brother, L. G. Bailey of Lubbock.

Frank Harris' parents, Mr. and Mrs. L. L. Harris of Tulia, his sisters, Mrs. J. F. Malcolm of Brownfield, Mrs. Wayne W. Morris of Gallup, N. M., also his uncle, John Harris of Ralls, all visited in the Harris home Wednesday.

RICHARDSON

Mr. and Mrs. Argle Williams, Mr. and Mrs. Otho Williams, Hub and J. D. Kirkland spent Sunday in Odessa.

Mrs. Earman Weeks entertained Wednesday afternoon, honoring Mrs. Charles Amos. Several nice gifts were received, refreshments being coconut cake and ice cream.

Mrs. J. D. Kirkland, Mrs. Louise Helm visited in the McGee home Sunday.

Guests in the Weeks home Sunday were Mr. and Mrs. R. C. Warren and family, Mr. and Mrs. Charles Amos and son Floyd McGee, Merle Kirkland, Victor McGee and Lucy Amos.

Louise Helm visited Mr. and Mrs. Alton Kirkland of Lamesa during the past week.

Our boys played the Piggly Wiggly team Thursday night, the scores being 3 to 10 in our favor.

Visitors in the Kirkland home Sunday evening were Mr. and Mrs. A. D. Kirkland, of Lamesa, and Mr. and Mrs. Richard Medley of the Fairview community.

Mr. and Mrs. Earman Weeks entertained the entire community Tuesday night with an ice cream supper. Every one reported an enjoyable time.

Teto Warren visited Gilberta Cherry

in Ackerly Saturday evening. Mr. A. Williams of Odessa is spending this week in this community.

Crops in this community are very poor, due to sand storms. Most everyone has planted two or three times and the sand is still blowing. Hub Kirkland spent Saturday night with Otho Lee Williams.

Congratulations

We extend our hearty congratulations to

Mr. Joe Whitlow

On the completion of your modern new building. We are proud of the fact that we were chosen to do the wiring in this new structure.

Ashley Electric

The Completion of Our Modern New Building

Is announced to our friends with a great deal of pleasure. For many months we have realized that we were handicapped in giving our customers the class of service they were entitled to, because of our limited space and the fact that our business had grown beyond the point of sharing a building with other lines of business. . . . Immediately we began this new building to be devoted entirely to our

New Battery Station

And in keeping with the new building we have added some new equipment to our station which now gives a battery station second to none in all West Texas. We will continue to handle and feature

Exide Batteries

Which we believe is the best Battery on the market today. . . . Remember "If it's an Exide you Start."

We Want You To Come To See Us

We will occupy our new building about Monday, June 27, and we invite everyone to come in and inspect our new place. If we could see each of you, we would like to extend a personal invitation, so we ask that you please accept this as a personal message to come. Our new location is first door north from City Hall on Highway Nine.

We are certified by The Electric Storage Battery Co. manufacturers of Exide Batteries as being equipped to render **EXIDE SURE-START SERVICE**

This is not the ordinary, old-fashioned squirt-of-water battery service. Such service does not give you protection against starting failure with its expense and inconvenience. Our Exide Sure-Start does give you this protection. It prevents starting failure by locating the cause of battery failure and offering the remedy.

Exide Battery Station

Joe B. Whitlow, Prop.

Telephone 395

First Door North City Hall

Congratulations

We are happy to join in sending our sincere and hearty congratulations to our good friend

Mr. Joe B. Whitlow

On the completion of your modern new building. May your business continue to grow is our wish.

We are proud of the fact that our firm was chosen to do all the plumbing in this modern structure.

Only the best in plumbing is good enough for our patrons.

Politics---

(Continued From Page 1)
He spoke in the district court room at 3 o'clock to a group of trustees, teachers, and others interested in the educational problems of today.
Mr. Woods outlined his platform which seeks to equalize educational opportunities for the boys and girls of Texas.
Mr. Woods stated among other things that the annual cost of education in Texas today is around 75 million dollars. He added that this sum of money

represents not an outlay, but an investment inasmuch as we can hope to combat crime and vice only through proper education of the youth of the land.
Mr. G. D. Holbrook, deputy state superintendent of district No. 2, accompanied Mr. Woods.
Each week some forty county, district, and representatives for state candidates, supply the programs at candidate speakings. The schedule for those meetings was published a few weeks ago, but by popular request they are again listed as follows:
Hancock, June 29; O. K. June 30; Klondike, July 6th; Woody, July 7; Patricia, July 11; Plaview, July 14; Ackerly, July 19; Spaenberg, July 16; Lamesa, July 20.

School Project---

(Continued From Front Page)
on McCullom Athletic field, and also there are included certain modernizations and improvements on the elementary and high school buildings.
School Improvements for Lamesa District
The following is the basis for the bond issue recently voted and the application to the Federal Government for \$66,400 to bring the buildings and facilities of this district up to date and to provide facilities for the more than 1800 children who attend the Lamesa schools.
New Buildings
Primary building of ten classrooms and necessary auxiliary rooms with pupil and teacher desks, assembly room equipment and rest room facilities adequate for 350 to 400 persons.
Physical education building with dressing rooms for both boys and girls, offices for men and women instructors, locker space and equipment, dressing rooms, rest rooms, shower baths for boys and girls, and bleachers for 750 to 800 adults.
Colored school. Lamesa owns no building for colored children and there are seventy-one now on the scholastic census rolls who need such accommodations. The rented building is inadequate from every consideration. Three classrooms with toilet facilities and small assembly room are to be provided on a site of about five acres for ample play ground and vocational demonstrations.
Building east of railroad. Nearly 200 children live in Morning and adjoining additions many of whom do not attend the present schools. It is planned to provide facilities of a modern nature for at least four grades for this part of the community.

Heating Plant. The present heating plant in the elementary school is poorly and dangerously located in a cellar below the classroom space and new facilities will be needed for the new structure on the present campus. It is proposed to erect a house for the heating plants on ground level and to add facilities for extreme weather.
Football and Athletic Field needs are recognized as being additional seating spaces, toilets for men and women, dressing rooms and showers for both local teams and visitors, and arrangements for track and field practice and such meets as are held in interschool competition. Accommodations for 3000 adults are requested.
Additional grounds will be required, (1) a site east of the railroad; (2) a site for the colored school and (3) the three lots at the northwest corner of the present school grounds in order to square-up present holdings and to enlarge the playgrounds in compensation for use of some of this campus for the locations of the primary, physical education and heating plant buildings. Necessary cement walks and curbs are to be provided.
Improvements on Present Buildings
Elementary school building needs painting both inside and outside; floors need renewing; cement floors should be covered with modern type covering; windows and doors should be caulked and weather stripped; stairways should be retreated; plaster ceiling should be replaced with fibre type for safety reasons; toilets for boys and girls need additions and repairs; the roof needs a new covering after eighteen years of service; and this building needs electric wiring for lights and service in all rooms.
High school building. The auditorium needs refinishing and painting; the wainscoting needs repainting; the roof needs a cover; a room needs to be fitted out and sound proofed for band work rehearsals; a room needs to be fitted out and equipped for administrative offices and student activities; 350 lockers are required that each pupil may have an individual locker; opaque window shades are needed for the auditorium for darkening purposes for visual instruction and a shelter is needed for the school bus.

destroyed the crop. This is very important on account there is no chance of your getting any consideration unless such statements are filed when called for.
4-H Club News
There were thirty club members present for the county wide meeting held Saturday, June 11, with one father and one boy as visitors for the meeting.
The selection of judging teams were discussed at the meeting as well as the encampment to be held at San Angelo the last day of July and the first two days in August.
There will be two or three teams to go to the farmers short course these will be poultry and field crops and perhaps livestock teams. These boys will compete with boys from over the entire state for honors in judging different classes.
President and secretary respectively, R. B. Wilkerson and Arlee Gowen told a very interesting story of their trip to Chicago and some of the things that they saw and enjoyed on the trips. These trips were paid for by Anderson, Clayton Cotton Company and the Santa Fe Railroad to these two Dawson county boys for their outstanding work in cotton and poultry. According to the Extension Service headquarters this county was the only one in the state that had two trip winners based on their work as club boys.
There will be another county meeting of the boys Saturday of this week in the county court room at 2 o'clock, June 25, all club boys as well as those who may want to join the club are asked to attend.

strength to have his tonsils removed.
Mr. and Mrs. Lloyd Payne and Mr. and Mrs. R. T. Jones visited Mrs. B. J. Jones of Welch Sunday.
Mrs. Ed Tinsley's sister of Shamrock is visiting her a few days.
Mrs. Malcom Holden is in Guthrie this week visiting her mother, Mrs. Bagley. Mrs. Bagley moved to Guthrie from Welch.
J. D. Britt Jr., and wife of Hobbs, visited J. D.'s father, Dan Britt of Welch Friday.
The sand is still blowing so bad the farmers can't do much with what crops they have left.
Lometa Bankhead visited friends in Welch Sunday.
There will be a school meeting at the Methodist church Friday night, June 24. Everybody is invited to attend this meeting.

PERSONALS

Mr. and Mrs. F. T. McCollum and children Francis and Ted, Jr., and Mary Frances Barnard are leaving Friday for Lake City, Colorado, where they will spend several weeks visiting with friends.
Mrs. Truman Campbell visited friends and relatives in Lubbock Sunday and Monday of this week.
Dee Hail and Allen Barnard will leave for Post Friday where they will join the Scouts troops there and make a trip to the Yellowstone National park. They will be gone for several weeks.
Miss Dorothy Nell Berry left this week for Comfort, Texas, where she will attend a girl camp for several weeks.
Mrs. Vera Ellis and daughter Marie of Colorado spent several days here this week visiting with Miss Ella Simmons and Mrs. Bessie Richardson.
Mr. and Mrs. Guy Cope spent the weekend in Carlsbad, N. M., where they went through the cavern.
Mrs. Hilda Whittle is attending a convention in Austin this week for Laboratory Technicians.
Mrs. Erwin Bailey, Mrs. Essie Moore, Miss Bertie Gordon, Miss Verona Grayley and Miss Ella Simmons attended a convention of the nurses of District 15, in Big Spring last Wednesday.
E. V. Wilkes and Tom Wilkes are visiting with Mr. and Mrs. Fayne Wilkes in San Angelo this week.
Mrs. A. E. Jacobs, Mrs. Ruby Stubbs and Mrs. E. R. Tinsley are visiting friends and relatives in Abilene this week.
Mr. and Mrs. Ed Day left Sunday for Wichita Falls where they will visit with friends and relatives for several weeks.
Miss Dorothy Bidwell left Sunday on a two week's vacation. She will visit several interesting points in Texas.
Miss Roberta Lee Hanson of Big Spring will visit in the home of Mr. and Mrs. Robert Koger this week.
Mrs. O. E. Sumner of Midland, La., is here visiting in the home of her son Mr. and Mrs. C. E. Sumner.
Mrs. Roy McKinnon left this past week for Hobbs, N. M. where she will make her home.
Mrs. Vernell Taylor of Barksdale, La. is here visiting her parents, Mr. and Mrs. G. R. Wilson.
Miss Fay Dean spent the weekend visiting friends and relatives in Lubbock.
Mrs. Menard Garring and daughter, of Gatesville, are here visiting her parents, Mr. and Mrs. Tom Latham.
Mr. and Mrs. Paul Stanley are the parents of a seven pound girl born at a local hospital.
Mrs. H. C. Hamilton and family of DeKalb, Texas, Mrs. S. H. Murray and daughter of Mineral Wells, spent the earlier part of the week in the home of Mr. and Mrs. A. P. Hamilton at McCarty.

WOODY CHURCH NOTICE
Rev. W. M. Whately will fill his regular appointments at Woody Sunday. Services will be conducted both morning and evening. The public has a very cordial invitation to attend.

A LOVELY FLOWER GONE
In Memory of Verna Mae Williams
You're gone but not forgotten,
I'm sure you'll never be,
Your voice still seems to linger
And calls quiet off to me,
Your jolly smiles and words of cheer
Have ceased to be 'tis true,
But tricks from childhood still stand
Out.
In memory, just because 'twas you,
Just why 'twas you we do not know,
Perhaps we never will,
You left a spot in our hearts,
A spot on one else can fill,
You were just a little sunbeam,
You seemed to bring good cheer,
Everywhere you showed your face
Each shadow seem to disappear,
You were just a tiny rose bud,
All wet with morning dew
You were plucked before the evening,
Oh, the lovely, lovely you.
—By her loving aunt,
GLADYS SHEPARD

FARM NOTES
By JOE C. WILLIAMS
County Agent
Ready To Start Measuring Land
Any producer who has made his final plantings can get his land measured for compliance for the 1938 crop year. We are now ready to begin the land checking and measuring as soon as enough producers let us know that they are ready for the land to be measured.
This does not mean that we will begin the measuring of all crop land in the county for compliance. Only those who notify this office that they are ready for the measuring to be started. Unless we can get a number sufficient to require a day or more of work we cannot of course, send out crews to measure the land.
There still seem to be some confusion in the minds of producers in regard to the land that was blown out or otherwise destroyed, that has been planted to cotton. We are going to require that such producers file statements when called for by this office giving the date the crop or crops were planted and height of the plants as well as the date destroyed if what

WELCH

There was a nice crowd at both Sunday school and church Sunday.
Mr. and Mrs. Server and Mr. and Mrs. Herbert Eastham went to the show in Lamesa Saturday night.
The candidate speaking was an enjoyable event Thursday night. The club ladies sold several dollars worth of sandwiches and drinks and the musical Tornadoes furnished some good music.
Mr. and Mrs. F. J. Meares, Jr., had as their guests Sunday, Mr. and Mrs. Nolan Jayroe.
Red Hunter of Munger was in Welch Friday night, and don't forget that Red is one of the Tornadoes now and they will have a program at Welch every Friday night.
Mr. and Mrs. Rome Martin returned home this week from Glenn Rose.
Brother Stafford of Fairview preached at Welch Sunday afternoon. He will preach here every first and third Sundays over the loud speaker at the studio.
R. D. Cummings is still having trouble with his throat. He can't gain enough

BUILDING IMPROVEMENT IS BEING MADE ON J. R. WEAVER PROPERTY ON NORTH FIRST

Extensive renovation is well under way on Mrs. J. R. Weaver's property on North First Street, where an old house is being modernized throughout. Complete remodeling is being made on this rent property and it will be turned into an attractive five-room house with hardwood floors with other attractive features.

Opposite it a four-room double garage apartment with stucco finish is being erected on the west side of Mrs. Weaver's property.

FIRE INSURANCE RATES ARE LOWERED IN TEXAS

Local insurance men have been notified through the office of State Fire Insurance Commissioner Marvin Hall that fire insurance rates have been lowered on several types of buildings, stocks of merchandise, etc.

This reduction, which applies in this territory chiefly to buildings with

shingle roofs and to tenant houses, became effective on June 15th. Rates have been lowered 5 cents on the \$100 for the first; 10 cents on this amount for the second.

But unfortunately Lamesans will not be in position to avail themselves of this reduction inasmuch as the city will be paying a 15 per cent penalty next year.

IMPORTANT NOTICE

To the County Board of Dawson county, superintendent, and all citizens of Pride, Lou, Fairview and Midway communities in this, Lynn and Terry counties, there will be a meeting at the Methodist church in Welch Friday night, June 24, at 8 o'clock to discuss plans for building an affiliated high school. Those interested are urged to attend.

NOTICE

The Church of Christ meets every Sunday at 2 o'clock at 206 North Third Street.

Miss Bulsterbaum Seeks Re-Election

TO THE VOTERS OF DAWSON COUNTY

As the time draws near when the voters of this county will again select those who are to serve them in the various public offices for the coming term, I should like to submit for your consideration my candidacy for county superintendent of schools.

I have served you as your county superintendent for the past term, and I wish to thank the people of our county for having honored me with this office, and for having given me the opportunity to serve you in that capacity. I have enjoyed attending to the duties of this office, and I have discharged them to the best of my ability thus far.

I am asking for a second term on the basis of my record the first term. It is not a perfect record, and we have not accomplished all that we would have liked to accomplish, but we have tried to give fair, honest, and efficient service.

Working in cooperation with the patrons, county and district trustees, teachers, and the State Department of Education, we have made a good start toward raising the standard of work done in the rural schools of this county. When I came into office, there was not an affiliated, nor a standardized school in the county. Today we have four affiliated rural high schools and seven standardized schools in the county, and new ones are being added to the list each year as districts become able to meet the necessary requirements. Work done in standardized schools is tested each year and is recognized in affiliated schools. Under such a plan boys and girls coming from rural schools may continue their work in affiliated schools without having to take entrance examinations, which many of our boys and girls have had to take in the past, and without losing credit.

I should like to add, in this connection, that we are making an earnest effort to equalize opportunities for our boys and girls as rapidly as existing conditions will permit. To set up a good system of schools over an entire county is a big task, and it takes time as well as the cooperation of all connected with our schools. It cannot be done in a year or two; it takes continued work and cooperation over a period of years. I pledge, if elected, to continue to work for better opportunities for the boys and girls of our county.

While our transportation system is still incomplete, due to lack of funds available for the purchase of busses, we have made a good start in this direction. Twenty-one school busses now operate within and between various districts of the county. With improved road conditions, and more money available for transportation, we hope to extend our system to cover the entire county.

I submit to you that Dawson county schools received more state aid during the 1937-38 school term than has been received during any year since before the depression, although the lowest per cent ever paid on grants was paid this year. The year preceding our administration the total receipts for salary and transportation aids for the county were around \$9,000.00. During the school year just past the rural aid payments to our schools totaled more than \$15,000 with unadjusted claims still pending. In quoting these figures, I would not presume to take the whole credit for this increase. In the first place, our needs are greater than formerly due to an expanded program and raised standards; in the second place, it has been made possible by close cooperation of trustees and teachers in meeting requirements. On the other hand, it should indicate that we have made our budgets carefully and conscientiously in order that our schools might receive the maximum in state aids. Other things being equal, the more money available to our schools, the more efficiently we can run them.

In conclusion, I want to say again that it has been a pleasure to serve you. I have enjoyed working with our trustees than whom there no more faithful, conscientious and trustworthy I have enjoyed working with our teachers who are capable and cooperative; I have enjoyed working with our boys and girls whom I have always found responsible and appreciative. I am deeply grateful for having been privileged to serve you as your county superintendent of schools the past term.

If I should be your choice a second

time, I feel that I shall be able to give you better service because of the experience I have gained during this first term. I have by this time become familiar with the school laws and their operation; I am acquainted with the organization and the personnel in the State Department of Education, which is of considerable advantage in transacting business for the schools; I understand setting-up the school budgets, which is of vital importance in order that schools may receive all the financial aid possible under the law.

The Legislature of Texas recognized the inadvisability of changing the personnel of this office too often when it raised the term of the county superintendent's office from two to four years. Should you favor me with a second term, I shall continue to give my whole time and energy to the work, as I have in the past, and I shall strive to give you more efficient service in the future as a result of my experience this past term.

Sincerely yours,
PAULINE BULSTERBAUM.

TO THE VOTERS OF DAWSON COUNTY

I wish to take this means of announcing to you my candidacy for the office of county treasurer.

I'm a widow, having lived in Dawson county for 17 years.

I wish to say that in case I am elected, I shall give my entire time and attention to the office and shall at all times endeavor to serve the citizens of Dawson county to the best of my ability.

In view of the fact that I do not have a car, I am handicapped in being able to see and personally solicit each vote in the county.

I know that I will not be able to see serious consideration of my candidacy all before election day, but I will see for County Treasurer.

Several from this community attended the play at the Higginbotham church, house Friday night.

Several from this community enjoyed the fine sermon Rev. Bolton rendered at Higginbotham Sunday morning and night.

Mr. and Mrs. Blink House spent Sunday with Mr. and Mrs. Bud House and family.

Miss Kathie Swafford spent last week with her sister, Mrs. Lucien Wilson and family of Mt. Olive.

Miss Mary Smith became the bride of Mr. Logan Cozart Saturday afternoon. The ceremony was performed by Rev. Cole of Lamesa. Mrs. Cozart is the daughter of Mr. and Mrs. Lee Smith of the Higginbotham community. Mr. Cozart is the son of Mr. and Mrs. W. P. Cozart of the Higginbotham community and is a graduate of Lamesa high school. They will make their home in the Higginbotham community. They have many friends who wish them a long and happy married life.

Miss Lorraine House became the bride of Mr. Lonnie Baykin, Sunday, June 12. Mrs. Baykin is the daughter of Mr. and Mrs. John Hoot, who used to live in the Higginbotham community. They have many friends in this community who wish them a long and happy married life.

Miss Iva Jordan spent Sunday with Miss Eva Stephenson.

Those enjoying the singing and ice cream in the home of Mr. and Mrs. Roy Cook, Saturday night, were Mr. and Mrs. C. A. Jordan and daughter, Iva, Mr. and Mrs. L. I. Jordan and Edna Pounds.

Edna Pounds visited her sister and family, Mr. and Mrs. M. M. Debnam the past week.

Mr. and Mrs. Tolbert Blackstock visited Mr. and Mrs. Walter Sanders. Mrs. J. W. Pounds and son, Arthur visited Mr. and Mrs. Judge Pounds of Munger Wednesday.

PATRICIA

Eudora Bruce, corres.

Mr. and Mrs. Herman Dodd and family of Eunice, N. M., spent Thursday with Mrs. Dodd's parents, Mr. and Mrs. Tom Applegate. They left Friday for a visit in Oklahoma City with relatives. Mr. and Mrs. Applegate went with them.

A. E. Latson is on the sick list this week.

Clyde Rainers of Seagraves visited friends here Sunday.

Mr. Teal of Lamesa visited here with his son and daughter, Cecil and Mrs. Wren Brown Sunday.

Mr. and Mrs. Noble Dean and family spent Sunday with his brother, Mr. and Mrs. Travis Dean of Klondike.

Mr. and Mrs. Lois Miltstead and family visited relatives in Big Spring Saturday.

Brother Pritty of Klondike preached at the Methodist church Sunday night.

Travis Dean of Klondike visited S. P. Bruce Sunday afternoon.

Mrs. Sidney Bruce spent last Tuesday afternoon with Mrs. W. W. Beeman of Klondike.

Mr. and Mrs. C. B. Case, and son, Ray and Mr. and Mrs. Wilburn Morton visited Big Spring and Snyder Sunday.

Campaigner

S. R. Le MAY

Supr. S. R. LeMay of Adams was in Lamesa Friday in the interest of his candidacy for State Superintendent of Public Instruction. He called at the office in company with Supr. V. Z. Rogers of the Lamesa schools. Mr. LeMay stated that a Dawson county man Mike A. Barrett, is directing his campaign in excellent fashion in this territory along the T. & P. Railroad to the Rio Grande and from Big Spring westward to El Paso.

While here he stated that "One of the main reasons I seek this office is that I may use my training and experience in organization, work and school administration that agreements with school districts may be met more definitely and promptly." He was critical of the delay and disappointment now confronting school district trustees, teachers and depositories caused by delays in receiving funds officially granted and in amount varying from seven to thirty-one less than grants.

Mr. LeMay is a graduate of Texas A. and M. College and the University of Texas and of Peabody Teachers College, Nashville, Tenn., and has been a superintendent of schools for more than twenty years.

Local Polo Teams Play Here Sunday

Both Lamesa teams are leading the West Texas Polo Association. The Whites are first, Blacks second and Plainview's Number 1 team is third. Each team won their out of town game Sunday. Blacks won over Plainview's No. 1, with a score of 8-2; the Whites defeated Lubbock 12-8.

Polo fans will be interested in the current announcement Blacks and the Whites will battle at Lamesa's polo field, south of town Sunday afternoon.

Plainview is making an effort to match a game here the following Saturday afternoon and Sunday when their first team is challenging the Whites. No announcement has been made concerning acceptance.

X. B. Cox returned Sunday from San Antonio where he attended Reserve Officers Training Camp for two weeks.

College Arranges Short Course For Future Farmers

College Station, June 20.—About 2,500 boys and girls from Texas farms and ranches will have the undivided attention of Texas A. and M. College July 6 to 9, when the Junior section of the annual Farmers' Short Course will be held at College Station. This is the first time that adult and junior Short Course visitors have met on different dates, according to Roy W.

Snyder, Short Course general chairman.

The arrangement has been made because the yearly increasing attendance at Short Course has taken place at the same time when summer sessions of the College have also been growing. Each year it has been harder to make room for both groups and this year it was impossible.

General assembly every morning and night and the night programs will be joint meetings of the boys and girls, with music in charge of the famous Rotary International song leader, Walter H. Jenkins, of Houston. Speakers and picture shows will feature these meetings. A tea honoring the gold star boys and girls will be given one afternoon.

Programs for the boys have been arranged on the subjects of livestock; field crops, entomology; horticulture, plant propagation; cotton classing and meat. For the girls, the program will center around home making subjects, wildflower legends and "The 4-H Club Girl's Dollar and Sense." One series of talks by the girls themselves will be presented under the title, "How I Got on friendly terms with the things around me."

"What 4-H Experience Means to a College Girl" is the subject of a talk by Ruth Foshee, former Hunt county 4-H club girl, winner of the Texas Home Demonstration Association college scholarship. "A 4-H Club Girl as a Homemaker" will be discussed by Mrs. Paul Stauffer, former 4-H club girl of Wheeler county.

The Washington trip winners will tell about the club camp.

Victor and Lowell Miller spent the past week visiting at Barstow with their aunt.

and girl are urged to come. Mrs. Ham has charge of the program.

Betty O'Neal and the baby of Mr. and Mrs. Lambert Austin are on the sick list. We hope for them a speedy recovery.

Ina Jordan visited Eva Stevenson Sunday.

Mrs. L. M. Baxter, Mrs. E. P. Baxter and Miss Aileen Baxter visited Mrs. Charlie Gary Monday.

WILSON BAPTIST CHURCH

Our attendance is still good and a fine spirit of fellowship prevails which makes it easy to come to church and worship.

Ordinarily church attendance falls off in the summer months, vacations, and many other things come to keep the attendance down. Why not be different this summer. Let's build up instead of a let down. With some folks it is too cold in winter to go to church and in spring, too many sand storms. The summer months are too hot and in the fall we are just too busy, no time for it. With other people we don't run the church to suit them, or some of the membership don't act just as they think he should. My! My! What a time the Lord has trying to please us. How merciful He is! How tender, how loving, how kind, Oh! The amazing grace of our Heavenly Father. Why not lose patience and wipe us off the earth with all our disobedience. The only time some folks manifest any love or interest in God is when sickness or death comes into the home. Then a selfish prayer, "Lord My Will Be Done." Lets make this a busy summer for the Lord in His work.

There will be preaching service and conference at Sparenberg Baptist church Saturday evening at 8:30. We want every Baptist in that community and others who will come to be in the service if possible. Also services Sunday morning and night. Lets make our good superintendent happy by being in our places Sunday morning and by doing that we will honor our Savior and Heavenly Father by observing His day.

The pastor will preach at Flower Grove school house Sunday afternoon at 3 o'clock. We invite you to that service. Lets make it a service that will honor God. "God said unto Moses speak unto the children of Israel that they go forward."

The churches with a friendly welcome.—Ernest Phillips, pastor.

CENTRAL H. D. CLUB NOTICE

The Central Home Demonstration club will meet in the home of Mrs. Justie Walls at 3 o'clock Wednesday, July 6.

SHUMAKE CLUB REPORT

Much light is needed in the kitchen said Miss Phenix to the members of the Shumake club which met with Mrs. M. T. Holmes, June 18.

High windows are better. All windows should be screened with sixteen-mesh screen wire which will keep out mosquitoes as well as flies. Windows should be let down from the top.

Eight members and two visitors were present. The next meeting will be with Mrs. Melton, June 28.

SHUMAKE 4-H CLUB

The club met at Mrs. Holmes Tuesday. Six members were present. Miss Phenix was present and we discussed making our dresses. We plan to have our dresses ready for the banquet which will be June 27. Our next meeting will be at Mrs. Melton's, June 28.

Chuck Jacobs and Ed Tinsley returned this week from a short visit in South Texas.

Mr. and Mrs. J. H. Harp and son, Malcolm, returned the first part of this week after a three weeks visit with friends and relatives in East Texas.

HARLEY SADLER

Federal Bureau's Vaccine Reduces Animal Disease

College Station, June 20.—Heavy losses from encephalomyelitis, usually called "blind staggers," "brain fever," or "sleeping sickness," an infectious disease of horses and mules, may be reduced by a two-dose vaccine given at least 30 days before the disease usually shows up in July, August, and September, according to Roy W. Snyder, specialist with the Extension Service of Texas A. and M. College, who has done a great deal of horse extension work.

The vaccine, developed by the U. S. Bureau of Animal Industry, should be given in two injections 7 to 14 days apart, by a veterinarian. Snyder warned that "remedies" and "cures" sold by peddlers are of no value in controlling the disease.

Symptoms generally show up in three phases. The first phase may escape notice as it is usually only a mild indisposition accompanied by a rise in temperature. Distinct nervous symptoms, with or without fever, occur in the second phase. In the last stage the animal is unable to stand and some times thrashes violently with the head and legs.

The disease may be easily confused with other illnesses and only a veterinarian can distinguish it with certainty.

"Blind staggers" is caused by a virus which may be transmitted by mosquitoes, flies, and other blood-sucking insects. It is therefore, advisable to stable work animals when not working them, and in every way to protect them against insects, Snyder said.

Horses and mules that begin to show symptoms of the disease should be isolated from healthy animals and protected from biting insects. Where possible, Snyder pointed out, such animals should be placed in a screened enclosure.

Wheat Growers Face Problem In Loan Decision

College Station, June 20.—Under the new farm act, a wheat loan must be offered at the rate of 52 to 75 per cent of parity if the June 15 price of wheat is below 52 per cent of parity or the July crop estimate is above normal domestic and export needs. It is generally agreed that the loan will be offered on both counts.

"The amount of the loan will have a long time bearing on the welfare of wheat growers, and they should study the matter from all angles before they ask for a loan on any definite level," W. E. Morgan, economist in agricultural planning of the Extension Service of Texas A. and M. College has pointed out.

With the parity price of wheat at \$1.15, the loan may vary from 60 to 85 cents per bushel.

"The loan rate on wheat this year will have a bearing on the price of the entire crop," Morgan said, "so we must think not only about the 200 million bushels put up for loans but also about the price on the other 750 million bushels of wheat."

We have a carryover of around 200 million bushels, and it is estimated that the winter wheat crop will be 760 million and the spring crop another 250 million. That gives us a total supply of about 1,200 million bushels.

"The normal domestic consumption and export of wheat is around 750 million bushels a year, so we will have left some 450 million bushels to store. We can figure on exporting between 80 and 100 million bushels."

"The prospects for the export figure holding up are pretty fair, but if we put the loan far above the world price of wheat, we will shut off our exports. That would mean that we would face a carryover of some 500 or more million bushels of wheat in 1939."

The decision wheat growers must make according to Morgan, is whether to ask for a high loan and let the future take care of itself, or ask for a loan at a level which will allow foreign markets to absorb some of the potential 1,200 million bushels supply of United States wheat.

MIDWAY H. D. CLUB NOTICE

The Midway Home Demonstration club will meet at 3 p. m. July 7, in the home of Mrs. C. R. Woodward. Program topic, Care of the Child.

HOSPITAL NEWS

Deila Refine Millsap is a medical patient this week.

T. H. Bass is a medical patient this week.

H. S. Ross underwent a major operation June 20.

Boyd Barnes underwent an appendix operation June 21.

Albert Burnett underwent an appendix operation June 22.

QUESTION SHEETS SERVICE

Is this true or false? "Millions of church members are losing their souls, not because of what they do but because of what they are not doing. The preachers talk about the sin of omission, is there such a sin? Will it have to be answered for? Five heart searching questions were asked the congregation last Sunday morning. They will be answered by the pastor of the Methodist church, in another unique message next Sunday morning. If you are looking and longing for a fuller and more satisfying Christian life you can't afford to miss this message.

"Funeral service for the living dead" will be the sermon subject at the evening hour. We are not going to scold, criticize or censure the living dead, but we are going to do our dead level best to bring them to life. If you even suspect that you are among the living dead and would like to experience a resurrection, come next Sunday evening. Hear this message for your soul's sake. 8:15 p. m. at the Methodist church. The church with a message and a welcome.—T. C. Willett, Pastor.

METHODIST NOTES

(Welch Charge) Sunday school took on a fine look Sunday. The teachers who have been

absent were in. Another teacher was absent but had no trouble securing a competent substitute. Sixty-five pupils present and to this number add five teachers and the sum will be the number present. One new scholar, and I think some visitors. Everyone seemed to enjoy the work. The Fellowship spirit has grabbed many of our people. They don't have to be Methodist to join in our effort to make our a fellowship church. That's right just speak it out loud, and the Lord will bless you as well as to bless us. He is no respecter of persons. In every nation he that heareth him and worketh right eousness is accepted with Him.

Well the ones who want come and choose to be selfish, we can't help it. We do not say that you must work at our church to have a fellowship spirit, but we think you should be identified with some band of Christian workers, and if you are not thus identified just come along, and help us.

Next Sunday is preaching day. Come and help us inject the fellowship spirit in all our services. The text for the morning hour is, "Lord Teach Us To Pray." It won't be long until our revival meeting. I am persuaded that we need to pray much.

Just pull yourself out of bed Sunday morning get on your best clothes and meet us at 10 a. m. at the little brown church.—J. G. Walker, pc.

MIDWAY H. D. CLUB REPORT

"Windows in your kitchen are for

light and ventilation," said Miss Phenix when the Midway Home Demonstration club met in the home of Mrs. C. W. Shaffer, June 16. The windows should be screened with 16-mesh, made on a frame so you can take off and clean easily. Curtains can be made out of most any kind of material, uneven lengths are more attractive than even lengths.

Different kinds of material may cover the wall in the kitchen, some use oil cloth, Sanitas cloth or tile board on walls, four feet from the floor. In the kitchen you should begin with the floor. There are many different kinds of linoleum that will save the floor. All printed linoleum come varnished. Then wax after that is worn off. A garbage can may be made out of a syrup bucket with lid to put scraps in and can be washed easily.

KLONDIKE H. D. CLUB REPORT

The farmers problems is the city consumer's problem too, said Mrs. G. E. Thorpe to the Klondike Home Demonstration club in the home of Mrs. J. W. Smith Tuesday, June 14, when the farmer has a limited supply of produce he receives a profit, while the city workman is placed under a severe strain. As a rule his pay does not advance. At times he hears that the farmer is not buying and that gives the city man cause to worry. If the farmer cannot sell his produce he cannot buy the products manufactured in the city. This is a problem the agri-

cultural adjustment administration is trying to stabilize but is going to require cooperation before very much can be done.

Eight members and four visitors were present.

MIDWAY H. D. CLUB REPORT

The candidate speaking, ice cream and quilt and cake sale, was a success when the Midway Home Demonstration club met at Mullins school house, June 17, and cleared \$34.35.

KLONDIKE H. D. CLUB NOTICE

The Klondike Home Demonstration club will meet at 2:30 p. m., Tuesday, June 28, in the home of Mrs. E. B. McCullick, Miss Mattie Phenix will meet with the club and give a demonstration on the windows of a kitchen.

CARD OF THANKS

The Social Security League of Dawson county, which has more than 800 members have sent delegates to Dallas, to a state convention.

They wish to thank all those who contributed to their expense account, and will have their names and amount recorded on their permanent records.

W. R. RANDOLPH, Pres.

Mrs. Ruby Stubbs of California is here visiting her sister, Mrs. E. R. Tinsley.

Mr. and Mrs. A. L. Madden and son of Colorado spent Sunday here visiting Miss Ella Simmons.

COURIER ADS WILL DO THE WORK

New ads and more ads each week... Bigger and better results... No ads run longer than ordered—that's the story of COURIER ADS.

The Want Ads solve the answer to the problem of everyday wants and don't want. Many a small business has grown to unheard of heights through a consistent Classified Want Ad program. Many a household has found a tiny want ad the solution to daily worries.

Read them and use them. You will find it is a ways and means for obtaining the things you want, or selling the things you don't want.

If you have anything to sell, rent or buy, just insert an ad in the Courier and watch the results. They cost but a few pennies and are worth many dollars. Call 162-M.

Milk Is Considered Potential Source For Germ Breeding

Austin, Tex. June 20.—In view of the fact that Governor Allred has proclaimed the month, June 9 to July 6th as Milk and Dairy Products Month, Dr. Geo. W. Cox, state health officer, urges with this more extensive use of milk, that both producer and consumer be concerned as to its quality. The use of clean safe milk is a health measure.

Local interest in improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for the enormous saving in infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, sterile

utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulant fever, diarrhea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this county and from the use of milk that might have been safe with proper care.

We should firmly insist that the milk we drink be carefully produced so that we will have the maximum practicable protection along the line from the cow to the consumer.

Miss Edith Mae Collins left this week for Waxahachie where she will visit with friends for several weeks.

Thelma Lee Norman Becomes Bride of Mr. George Hickey In Impressive Home Ceremony

In a setting characterized by unusual beauty, Miss Thelma Lee Norman became the bride of Mr. George Hickey of Odessa at 8 o'clock Friday evening June 17, at the home of the bride's parents, Mr. and Mrs. O. B. Norman. Rev. E. F. Cole performed the impressive double ring ceremony in the presence of relatives and a few intimate friends of the popular young couple.

Before an altar of ferns, lighted with yellow candles, the bridal couple stood to plight their troth. The bride was wearing an attractive white Marguerite bridal dress with a floor length skirt. She wore a short bridal veil. Her something old, was an Opal lavelier of the groom's sister, Mrs. Dick Oppenlander. Her bouquet was lilies of the valley and gardenias tied with white tulle of the valley tulle.

The pre-nuptial was given by Miss Gayle Reynolds who sang, "At Dawning" accompanied by Mrs. Matt McCall. Mrs. McCall also played Lohengrin's wedding march.

The brides attendants were Miss Bess Baldwin as brides maid, and Miss Helen Norman, sister of the bride, as maid of honor. Miss Baldwin was very attractive in a Fuschia crepe dress with a floor length skirt and carried an old fashioned bouquet of roses and daisies tied with pastel shades of angel skin ribbon.

Dick Oppenlander of Denver, Colo., attended the groom as best man, and John Hickey of Denver, and J. M. Livingston of Odessa were ushers.

Immediately after the wedding a reception was given. The white Madera linen spread table was very attractive with the bouquets of the brides maid and maid of honor, and centered with the three tiered white wedding cake which was topped with a bride and groom.

Mrs. Dick Oppenlander of Denver, served the cake after the bride cut the first piece. Miss Marie McDonald, close friend of the bride, presided at the tea table.

Mrs. Hickey received her B. E. Degree from Mary Hardin-Baylor at Belton in 1930. For the past two years

she has been a teacher in the grammar school here, where she has been popular with the students, faculty members and school patrons.

After the reception the young couple left immediately on their wedding trip. They will visit in Old Mexico, after they return they will make their home in Odessa, where Mr. Hickey is employed with the Standard Oil Company.

Out Of Town Guests Honored With Party Wednesday Evening

Mr. and Mrs. Blaine Wiggins complimented Mr. and Mrs. Cecil Tune of Sunnett Wednesday evening at their home on North Third.

Games and music were enjoyed throughout the evening.

Refreshments were served to Miss Loraine Staggs, Doris Billingsley, Edith McGilvery, Lucille Wheeler, Mary Frances Wheeler, Louise Burman, Louise Boren and Messrs. James Cole, Lowrie Loveless, Will Morris, Carol Tune, Johnnie Beavers, Maurice Davis, the honorees and the host and hostess.

Girl Scouts Hold Court Of Honor Around Camp Fire

Miss Lorraine Wilkowske's troop of Girl Scouts spent twenty-four hours in camp at the Turner place last Friday and Saturday.

During the court of honor Friday night, as the Scouts and Captain Wilkowske and Lieutenant Geraldine Smart formed in a circle around the camp fire, and the following merit badges were awarded in an impressive ceremony. Glendine Esmond, cooking and scholarship; Genelle Randle, scholarship; Tennie Marie Dyer, art, hostess; Regina Terra, cooking and scholarship; Katylee Randle, scholarship; Glenna Fae Bailey, scholarship; Helen Ruth Allen, art, hostess; and scholarship; Sybil Roberts, needlewoman. Wilma Fae Mitchell, scholarship; Jo Ervin Bailey, cooking, art, hostess, and scholarship.

Other scouts present were La Vrae Esmond, Jimmie Jean Baldwin, Bernice Marie Baldwin, Mattie Jean Thornton.

Marjorie Reynolds and Dorothy Johnson.

The Scouts were given lessons and experience in signaling, cooking, shooting and swimming and bed making.

A noticeable improvement in their ability to camp without waste of food was seen.

Miss Wilkowske and Mrs. Geraldine Smart are to be commended for their work and the Scouts say Mr. Glenn Esmond, camp chairman.

A course in swimming and life saving for the Scouts will begin soon.

Mrs. M. Q. Martin Hostess To Tuesday Bridge Club

Mrs. M. Q. Martin was hostess to the Tuesday Bridge club Tuesday afternoon at her home on South First.

Games of bridge was enjoyed through out the afternoon with Mrs. T. F. Vaughn winning high score and slam prizes going to Mrs. A. G. Barnard, and Mrs. Tom Burnside.

A delicious salad plate was served to Mesdames A. G. Barnard, Tom Burnside, Loo Randal, Jap Randle, F. T. McCollum, Louis Reed, Bowen and the hostess.

Woman's Missionary Society Enjoys Good Meeting

The two Woman's Missionary Societies of the First Methodist church met Monday at the church for an hour of fellowship.

After a delicious luncheon was enjoyed they listened to a program on their new foreign study book, "What is the Moslem World."

Their program included song, Lucille Wheeler, prayer, Mrs. Adkins; Bible lesson, Mrs. E. R. Tinsley; a review of the entire book by Mrs. B. E. Young of Post. One of the main differences that Mrs. Young presented between Mohammedism and Christianity is the fact the Moslems cherish a covered grave and a buried prophet and the Christians cherish an open tomb and a risen Lord.

Mrs. Hoskinson Hostess To Happy Dozen Club

Mrs. Bill Hoskinson was hostess to Dozen "42" club last Wednesday afternoon and guests of the Happy noon at her home.

An enjoyable afternoon was spent in playing forty-two.

A delicious salad plate was served

to Mesdames M. C. Lindsey, E. R. Yates, R. A. Stuart, J. E. Barron, A. G. Waugh, Globe, W. K. Crawley, Privitt, A. E. Jacobs, V. O. Key and the hostess.

N. F. Peterson Honored On Birthday

Mr. N. F. Peterson was honored with a surprise birthday dinner Sunday on his 62nd birthday at his home.

Those attending were Mr. and Mrs. Blaine Wiggins and daughter, Kay, Mr. and Mrs. Doyle Shillingsburg Mr. and Mrs. Luther Peterson, Mr. and Mrs. O. S. Peterson and family, Durwood Peterson, Mrs. N. P. Peterson and the honoree.

Johnson Reunion Held Sunday

Mr. and Mrs. G. C. Johnson and family were host and hostess at a family reunion given at their home this weekend.

A delightful time was had talking and playing games.

Those attending were Mr. and Mrs. J. R. Johnson, Mr. and Mrs. J. L. Kitchens and family, Mr. and Mrs. Ernest Lott and family, Mr. and Mrs. Victor Middleton, Mr. and Mrs. B. R. Johnson and Miss Dorothy Johnson, all of Lamesa. Out of town relatives were Mr. and Mrs. Bob Johnson and daughter of Lubbock, Carl Johnson and daughter of Rosewell, N. M. Mr. and Mrs. R. J. Barrett of San Francisco, Calif. and the host and hostess and their family.

Mrs. Walter Lawrence Honored With Party Tuesday Afternoon

Mrs. Walter Lawrence was honored Tuesday afternoon, June 21 when more than fifty friends and relatives gathered in the home of Mrs. J. H. Adkins for a miscellaneous shower. Mesdames Elmer and Jack Walls assisted in receiving the guests and Mrs. J. Walls presided over the guest book. Roses zinnias and pot flowers were used as decorations throughout the entertaining rooms.

As guests arrived they were served iced lime and sugar cookies from a lace covered table with dainty appointments. Mrs. E. A. Tweed presided at the tea table.

Piano numbers were rendered through out the afternoon by Miss Mary Ellen Lambeth, and a delightful humorous

reading was given by Miss Frances Lindsey.

Following this program the honoree was presented with many beautiful and useful gifts.

Guest list for the occasion included Mesdames C. L. Lawrence, E. A. Tweed, Davis, Jack Walls, S. C. Albertson, Lee Barron, Bryant Fulkerson, Gus White, S. E. Cleveland, E. N. Fells, Spencer, Barron, J. B. Shackelford, J. B. Brown, Vines, J. F. Smith, Victor Crawley, W. M. Carmichael, A. G. Lowrimore, A. D. Crow, Tom Farrow, E. C. Nix, Richard Davis, Justice Walls, J. W. Braswell, Jess Paulk, Elmo Smith, H. H. Barron, John Barron, R. F. Jackson, Waller Ayres, Elmer Walls, T. V. Crawley, Sr., Frances Adkins, Eric Barron, C. A. Russell, J. D. Wilson and Misses Frances Lindsey, Mary Ellen Lambeth and Vida Adkins.

Those sending gifts were Mesdames Jesse Carrick, Lee Billingsley, Jim Waldrup, C. F. Middleton, Erwin Bailey, John Middleton, Juanita Barron, Isaac Medlin, Bob Brown, J. H. Clark, J. R. Weaver, J. C. Billingsley, E. R. Yates, W. K. Crawley, Gus Schmidt, Andy

Davis, Hugh Lott, M. C. Lindsey, Max Gray, Hattie Butcher, Loyd Elliott, Lovie Gilbert, Lorane Thigpen, R. T. Bedwell, A. C. Woodward and Mother Childress, Messrs. and Mesdames C. Baldwin, Sol Cleveland, E. R. Tinsley, Ed Hatch, Lynn Parkinson, Weldon Lindsey, Jap Randal, Mr. Cecil Speck, Dr. S. Z. Frazier, Joe Guerrant, Swanson Hurt and Porter Gilbert, Misses Clara Davis, Melfin Norris, Katie Lee Clements, Grave Weaver, Leta Adkins and Willie Bell Cleveland.

Mrs. W. T. Webb and daughters left this week for California, where they will visit with friends and relatives for a month.

Dr. and Mrs. A. C. Gettys of Mary Hardin-Baylor at Belton spent Tuesday in the home of Mr. and Mrs. E. R. Yates.

Mr. and Mrs. O. G. Weatherby and three sons of Andrews spent the week end here visiting in the home of Mr. and Mrs. E. C. Nix.

Wells Loveless is in San Antonio this week where he is taking the medical State board.

Parcel Post Mail Gets Bus Service After July First

Faster Distribution Is Slated As Busses Get Contract

Better mail distribution in Lamesa and points north and south are promised Lamesa with the current announcement that South Plains Coaches will carry the mail exclusively in this section from the larger terminals to the smaller cities for distribution. This company serving the entire South Plains area with their headquarters office in Lubbock, was awarded government contract to carry all the mail for a designated period. Heretofore packages and other mail has been routed over the Santa Fe lines into Lamesa. This territory is served by branch line from Slaton and eastern mail was picked up at Sweetwater, where their line met the Texas & Pacific schedule. All packages and some mail was routed around Slaton and back south to this city. Often times where schedules were delayed distribution of mail was held up.

Postmaster Owen C. Taylor, was officially notified that after July 1st, all mail, first and second class and packages will be brought into this office by bus from a Star Route out of Big Spring. Ackerly, Lamesa, O'Donnell and Tahoka, will all benefit from the change. In this packages will be rushed up at least three hours and first and second class mail also will be stepped up a little. All mail reaches

Six Lamesa Members Are Listed Cowboy Reunion Ass'n. Men

Lamesa members of the Texas Cowboy Reunion Association, composed of oldtime cowhands, which will hold its annual meeting during the Reunion in Stamford, July 4, 5, and 6, include L. N. Carlton, R. B. Garrett, Andy Meador, J. W. C. Mullins, T. W. Scott, J. L. Syper.

Members of the association receive the highly prized oldtime cowboys' metal badge upon payment of their annual dues of \$1. The badge admits the member to all rodeo performances with grandstand privileges, to the cowboy square dances at the bunkhouse each night and is the meal ticket for a chuckwagon dinner each day at noon.

Entertainment of the oldtime cowhands, whose ranks are fast thinning, is one of the main purposes of the Texas Cowboy Reunion. Their gathering is an occasion for reviving memories of frontier life on Texas as cattle ranches and preserving custom and traditions of the old west.

Walter Cousins of Dallas, former west

its destination in a shorter period of time.

The official schedule has not been received here, according to Mr. Taylor. Officials of the company are working out a plan to remove a few of the bus seats and equip the busses with top racks. Their plan has not been revealed, but it is certain they will work out a plan for proper facilities to handle the mail. It was considered likely that an extra bus will be put into service. A special dispatch will leave Lamesa for northern points at 1:45 each afternoon.

School Program Was Topic Friday For Rotary Club

Rotarians last Friday heard two phases of the Independent School program discussed when Fred Sanders, owner of the City Grocery, spoke on the financial condition and plans for the immediate future. It was revealed the school system is in a good condition financially and the constructive program is the biggest thing in the history of the city.

Mr. Sanders pointed out that plans are to construct a physical education building; new ward school, remodel the present buildings and proposed to construct a new ward school in the east part of town, and proposed a new negro school. The project has received state approval and is pending final approval in Washington.

S. R. LaMay, superintendent of the Athens, Texas, schools and candidate for State Superintendent of Public Instruction was a visitor. Other visitors were: A. G. Bearden and Fred Adams. New members announced at this meeting were F. T. McCullom, principal of the high school, and Millard McDonnell. Sam Richardson, Charnel Jobe and Morris Beavers are also new members joining the Rotary this month. The total membership is now rated at thirty-three.

Texas cowhand who is serving his second term as president of the association, will preside at the meeting of the oldtimers. Officers for the coming year will be elected.

Drouth Resistant Sudan Grass Proves Popular Feed Crop

Many farmers of this area are planting sudan grass this year because of its effectiveness in resisting erosion and adaptability to a wide variety of soil and climatic conditions, says E. E. Reynolds of the Soil Conservation Service demonstration area near Lamesa.

Not only is sudan grass drouth-resistant, but its yields in the semi-arid plains has been sufficiently large to make the grass popular as a hay and temporary pasture crop.

Sudan grass is grown successfully on almost every class of soil from the heavy clay to a light sand, but the larger yields are produced on rich loam soils, farmers have found. It is an annual crop that can be introduced easily into a strip-crop pattern with such non-erosion resistant crops as cotton, corn and beans.

Because of its ability to stool, sudan grass supplies a land cover that resists both wind and water erosion. It is not uncommon for it to produce 100 stems from a single root.

In areas where wind erosion is a serious problem, sudan grass is being planted both in strip-crop patterns and as field borders. In both instances the grass left on the field serves to protect the clean-tilled strips from wind erosion damage during the blow season.

"Almost every farmer needs hay," says Mr. Reynolds, "so he might as well produce this feed in contour strips where it can serve a useful purpose in resisting erosion. Harvest and grazing should so be controlled so that a stalk of height of at least 8 inches will re-

Local Man's Mother Died At Knox City

Mrs. Virginia A. Parrott, 77, mother of George Parrott, this city, died Wednesday morning at 3 o'clock at a Knox City hospital. She was buried Wednesday afternoon at Throckmorton. She had resided there for many years and was held in the highest esteem of her friends and neighbors.

She is survived by three sons and a daughter. Mr. Parrott has returned from Throckmorton where he attended the funeral. His many friends in the city regret to learn of the loss of his mother.

main to assist in controlling erosion during the blow season."

Mr. Jess McWhorter, who has been a cooperator of the Lamesa Soil Conservation Camp since 1935 makes this statement about sudan grass plantings.

"In the early winter of 1935 I terraced all of my farming land, building broad base terraces, constructed on the level. After the first rain in the spring I sowed all of the terraces to sudan grass. The first years life of properly constructed terraces are their weakest. By sowing these to sudan grass I learned the roots have a tendency to re-

unite the soil which you move to construct the terrace, thereby strengthening the terrace system. The stalks also prevents wind and water erosion off the top of the terraces and as the stalk grows taller they form barriers against the wind, preventing it sweeping along over the surface of the soil."

Mrs. W. D. Arnett, Misses Elizabeth Arnett, Edith Mae Collins, Jack Hart and Van Clark visited friends in Big Spring Saturday.

Wheat Harvest Is Nearly Over With Half Crop Yield

Key Farmer Reaps Big Crop From Fertile Acreage

Wheat harvest is under way in Dawson county with local buyers receiving the 1938 crop. The first carload was filled on June 14, and since five cars were loaded and shipped through Monday.

This week saw a few combines going into the fields. Grain men estimate the crop at about half of last year's production and the price averages around 65 cents per bushel.

J. A. Lynch was one of the very few to report a large yield. Mr. Lynch produced 16 acres on his farm east of Key that averaged 20 bushels to the acre. A majority of the wheat farmers report seven bushels to the acre. Best crops were harvested east, north and northeast of Lamesa.

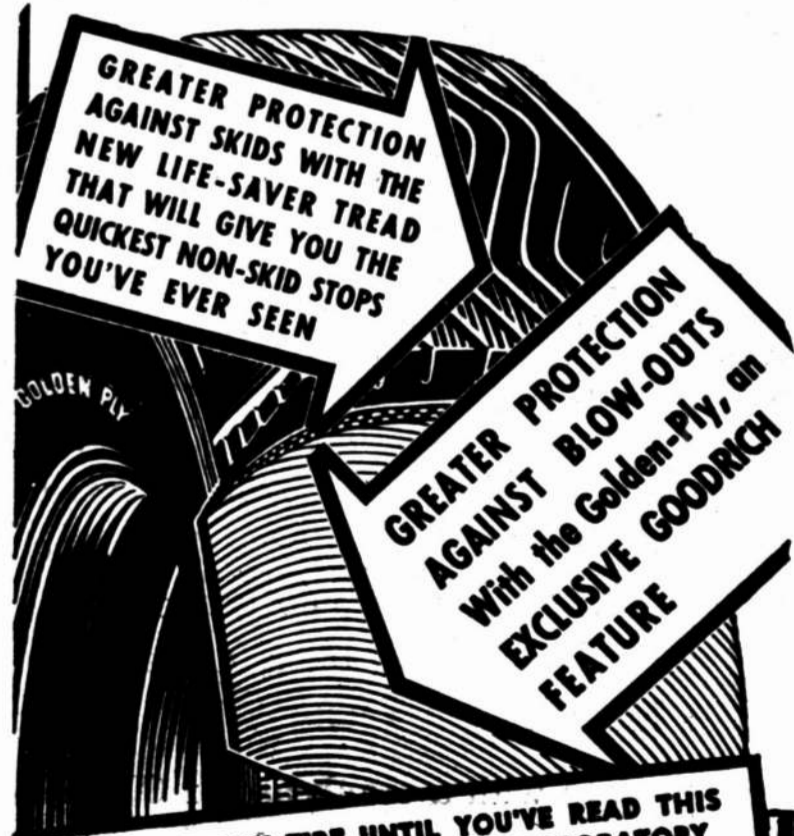

Reports were to effect that a majority will finish their harvest this week.

ERROR IN OBITUARY

In the obituary of J. U. Phillips last week, a prominent resident who died in the Hancock community, Mrs. Fisher one of his daughters was reported as Mrs. Bishop. We re-print the children's names to avoid any confusion. They are: Mrs. G. A. Fisher, Mrs. F. F. Robinson, Mrs. Paul Kahler, Mrs. C. D. Crowley, Mrs. Sam B. Hodge, daughters and one son, H. G. Phillips.

LOOK! Amazing New Kind Of Tire

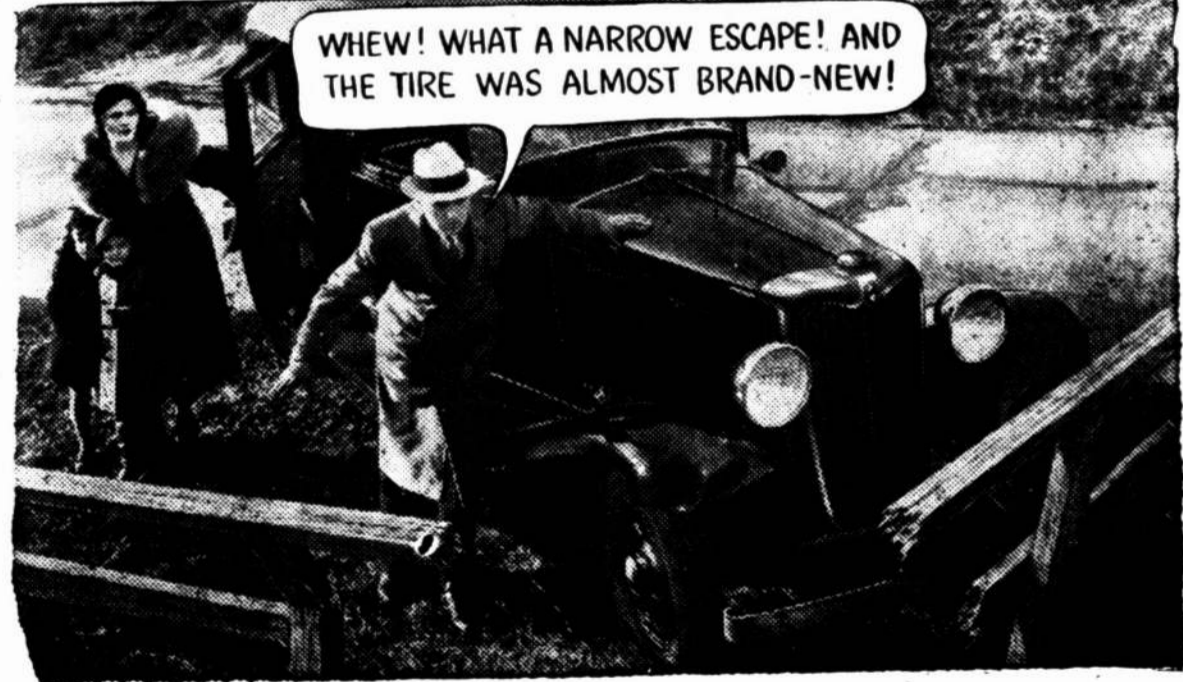

GIVES QUICKEST NON-SKID STOPS YOU'VE EVER SEEN

WINS HANDS DOWN IN THRILLING COMPETITIVE ROAD TESTS CONDUCTED BY FAMOUS TESTING LABORATORY

Again Goodrich makes tire history! Meeting the demands of millions motorists for greater protection against skidding, Goodrich engineers have perfected a remarkable new kind of tire that conquers wet road skid dangers in a sensational way.

Exhaustive road tests made by the impartial Pittsburgh Testing Laboratory, largest independent testing laboratory in the country, against regular and premium priced tires of America's six largest tire manufacturers proved that no tire tested, regardless of price, can come up to this new tire in non-skid action. These severe tests, made over a three months' period, also proved that the Silvertown gave more non-skid mileage than any of the other tires tested in its own price range—averaged 19.1 per cent more miles before the tires were smooth.

WHAT IT IS

The new Goodrich Silvertown is really two great tires combined in one! For inside the carcass is the famous Goodrich Golden Ply protection against high-speed blow-outs. And outside is the amazing new Life-Saver Tread which positively takes care of the skid problem as it's never been taken care of before... gives you a new kind of protection against what scientists now call the "hazard zone" of motoring, where a slippery film of water makes complete command of your car almost impossible.

HOW IT WORKS

The New Goodrich Life-Saver Tread has a truly amazing action on wet, slippery pavement. It does to the rain-drenched road what your windshield wiper does to the windshield: Its never-ending spiral bars, acting like a battery of windshield wipers, sweep the water from under the tire, force it out through the deep drainage grooves. Thus you constantly have a dryer, safer surface for the rubber to grip—in all directions. It's actually a road dryer! That's the secret in a nutshell. Every motorist knows that if a car could be given a dry track on a wet road, it would solve the skid problem.

DON'T BUY ANY TIRE UNTIL YOU'VE READ THIS IMPARTIAL REPORT BY FAMOUS LABORATORY

"NOTE regular, and also the premium-priced tires of America's six largest tire manufacturers were submitted to a series of exhaustive road tests made over a three-month period by us, to determine their resistance to skidding and wear, with the following results:

"NON-SKID—The new Goodrich Silvertown with the Life-Saver Tread gave greater skid resistance than any other tire tested, including those tires noted as from 40% to 70% higher in price.

"MILEAGE—The Goodrich Silvertown gave more non-skid mileage than any of the other tires tested in its own price range—averaged 19.1% more miles before the tires were smooth.

"BLOW-OUT PROTECTION—Despite the severe nature of these tests, no Silvertown blew out or failed from any cause, while two tires of other makes failed."

A. R. Ellis, Pres.

BARTLETT

(By Lillie Lowrey)

Everybody is busy planting but it seems that the sand continues to blow, everybody's crops out.

H. S. Moreland and two sons, Dawson and Betty Lee and Miss Mary Bryant of Snyder, Texas, took dinner Sunday in the J. D. Moreland home.

Mr. and Mrs. Hoyt Sires of Welch was in this community last Sunday.

Mr. and Mrs. Carl McCarley and children of New Mexico, is here visiting Mr. and Mrs. Lillard Thomas and family.

Mr. and Mrs. Fred Damron spent Saturday night in O'Donnell.

Jim Palvodo who was in the hospital suffering from a wreck was able to come home last Friday. Seems to be doing fine.

Mr. and Mrs. Chapman of Wilson spent Sunday with Mr. and Mrs. J. C. Chapman and family.

Miss Jonelle Thomas and Miss Lois Womick visited Miss Alma Peterson Tuesday.

Mr. and Mrs. O. D. Moreland and family attended the show in Lamesa Thursday night.

There were several from this community attended the party at Alton Addison's of Woody Saturday night.

There was a baseball game at Punkin Center Sunday between Punkin Center and Big Spring.

O. D. Moreland had the misfortune of losing two mules last week.

Mr. and Mrs. F. A. Youngblood spent Sunday visiting South of Lamesa.

Earnest Bartlett, who has been visiting at Hobbs, N. M., returned to his home last week.

McCARTY

Opal Peterson

Sunday school and League were both well attended. Everyone come out next Sunday its our regular preaching day.

Margaret Slover spent Saturday night and Sunday with Opal Peterson.

Miss Margaret Buckner of Hope, N. M., is visiting her cousin, Mrs. George McMurry for a few weeks.

Mr. and Mrs. George McMurry, Miss Margaret Buckner and Cecil Gardner visited Mr. and Mrs. J. C. Waggoner Sunday.

Miss Dorothy Jean Ranson who is attending school at Lubbock, came home last week to attend the funeral of Mrs. Hodges father.

Almaneta Goode of Fairview, spent Saturday night and Sunday with Dorothy Mae Blair.

Miss Ione Baze and Beatrice Whitmire visited with Aleta and Oneta Hamilton Sunday.

Mr. and Mrs. G. E. Peterson and children, Mr. and Mrs. Emmett Peterson and son, Billy, spent Sunday in the J. M. Peterson home.

We are very sorry to report that Mrs. W. T. Childress has completely lost her eyesight. We ask that everyone that can help make her life a happy one, and not dull. She has lived in our community for so long and we all love her.

We are sorry to report that Mrs. A. P. Hamilton is ill at this writing.

WOODY

Arlene Drennan

Sunday school and church was well attended at both churches Sunday. Singing wasn't so well attended Sun-

day afternoon. There will be singing on every third Sunday in every month. You are all invited to attend.

Miss Quindala King of Hobbs, visited Virginia Edwards of this community last weekend.

Miss Ida Lou Etheridge spent Sunday with Miss Gladys and Mildred Hall.

Miss Melba Cox visited Miss Aladine Drennan Sunday.

Arlene Drennan spent the weekend with Miss Newell Austin of Lamesa.

There will be B. Y. P. U. at the Baptist church every Sunday night. You are invited to attend.

Mrs. C. L. Billingsley is sick this week.

Miss Virginia Edwards was a visitor in the home of Loraine Benton Thursday.

4-H CLUB REPORT

"Volles and bastiste should always be French seamed," said Mrs. Edmondson, sponsor of the Klondike 4-H club in the Home Economic building at 1:30 p. m. June 7, 1938.

Prints or other heavy materials need not be French seamed. Always notch your material like the pattern while cutting. Four girls cut out dresses and started sewing on them.

The banquet was discussed and money was paid in on the expenses of the banquet. Mrs. G. F. Thorp and Mrs. D. L. Spawls were visitors. There were six members present.

LAMESA DENTIST DIRECTS BOARD EXAMINATIONS FOR YOUNG DENTAL STUDENTS

Dr. and Mrs. R. F. Nix and son, Billie left Saturday for Houston where Dr. Nix will give examination to some one hundred dental students. As retiring president of the Texas State Board of Dental Examiners, this is probably his last official duty in this capacity.

Following a week's stay in the South Texas city, they will leave for Murray, Kentucky, their former residence, where they will spend a few days visiting relatives. They will also visit in the state of Washington where Dr. Nix plans to take post graduate course for two weeks at Washington University.

Be SAFE

And Save Money With **Gulfpride . . .**

So many motorists drive into a station and simply call for a quart of oil, with little idea or thought as to the vast difference there is in oils.

If you will investigate you will find that GULFPRIDE, the perfect lubricant, is refined from pure Pennsylvania crude by Gulf's own patented process, which assures a lubricant that will stand the rough usage which the high speeds of today demand of a lubricant.

Be safe with a crankcase of GULF-PRIDE . . . You will find your motor will operate better and with less trouble if you use GULFPRIDE consistently.

Phone 234 Agent Lamesa

"A few pennies a day for CHEAP ELECTRICITY is all it costs to have safe, dependable Electric Refrigeration."

Electric Refrigerators are Powered to FREEZE FAST in Hottest Texas Weather

TIME-TESTED Electric Refrigerators have proved their ability to protect food and to freeze plenty of ice cubes in hottest Texas weather. Any refrigerator which doesn't provide complete refrigeration service, regardless of summer temperatures, does only a part-time job. Instead of being cheaper, it actually may be the most expensive, due to money wasted through food spoilage.

Your electric refrigerator dealer will be glad to explain how Cheap Electricity, plus an electric refrigerator, gives you the most economical refrigeration.

It's Dangerous to Drive with Smooth Tires
BENDIX-PECO NU-GRIP
Tire-Tread Renewing

Restores Safety — Improves Steering increases Safe Mileage — Gives "Like New" Appearance to Old Tires.

More people were killed in this country by automobiles during the last 18 months than America's total loss of men during the World War. Of these auto accident deaths, a big percentage resulted from riding on SMOOTH TIRES.

Let us RENEW the TREAD DESIGNS on your smooth tires with our speedy, efficient, BENDIX-PECO equipment.

It's fun to watch us make your smooth tires look like new. Your choice of many anti-skid treads may be quickly cut.

CAN BE DONE WHILE YOU WAIT

MARTIN SERVICE STATION

Across Street From Post Office

The document of the Declaration of Independence, issued by the Continental Congress, July 4, 1776, has given us this great National holiday—Independence Day—for by it the American Colonies of Great Britain became the independent United States of America and spirit of '76 lives anew in the Star and Stripes raised in tribute and in triumphant celebration on each Fourth of July.

Surely Lamesa and Dawson county citizens will pause for this big celebration next Monday week when the entire nation will celebrate our Independence from the mother country. Our forefathers fought and died for the country they pioneered that their descendants might have freedom of action and above all else freedom of religion and speech.

Mrs. C. D. Newland left Tuesday for Washington state to join her husband. The Newlands are opening a cafe and resort near Coolie Dam, north of Spokane. They own the local Green Hut Cafe, north side of the square that is managed by Maurice Lamphere, general little cafe man, who returns this week from California, where the Lamphuers, including their little daughter, Marilyn, have been vacationing on the West Coast for the past two weeks.

Sometimes in this day of relief, pensions and increasing demands from every side for government help, it seems that the fine traditional American qualities of sturdy self-reliance and grit are vanishing. But they still exist, perhaps in as large proportion as ever.

Reports from wheat farmers who have harvested their crops in the county indicate that those having early crops suffered losses this year from late freezes. Mart Barrow, who resides a short distance north of Lamesa, reported a yield of 8 to 10 bushels per acre. The prospects in March favored a much larger harvest. J. A. Lynch of the Key community harvested the bumper crop for Dawson county. He harvested 16 acres that produced on the average of 20 bushels to the acre. This was considered the best report reaching the Courier. F. E. Echols and Joe Peterson, McCarty, were others to report damages from freezes. Mr. Echols finished his harvest Tuesday of this week, while Mr. Peterson finished up the previous week.

Thirty-three Scouts and leaders from the South Plains Council will encamp at Camp Post Saturday and Sunday, June 25 and 26, in preparation for a twenty-one day camping tour through New Mexico, Colorado, and Wyoming to the Yellowstone National Park.

Lamesa Scouts that plan to make the trip are: Allan Barnard, Robert Ragan, Dee Hail and Bob Beal of Troop 23. Dale McIlroy of Troop 80 will also make the trip.

While over practically ever section of the county this week farmers were noted busily engaged in fighting wind and sand to save their young cotton crops. Many were riding tractors, that were running weeks days and Sunday, too, while others were using teams. Every half proven method of saving the fields from killing sands were being utilized, and many of those farmers will reap benefits from their efforts.

Taken as a whole it seems that the spotted rains from time to time have visited most every portion of the county, and crops are growing, but it is and has been a battle of man against element to hold them. It is evident that those with grit and determination to win, will succeed.

At this time as compliance money is coming in rapidly farmers are be-

ginning to think in terms of subsidy payments due them. Work on these payments are expected to be started in the early fall, according to assistant agent, X. B. Cox. The payments will amount to about 3 cents per pound on approximately 65 per cent base. Farmers will receive around \$40,000 under the 1937 subsidy program.

Those in Washington insisting upon an additional subsidy to be paid to the cotton farmers are much encouraged over the outlook. The adoption of the Russell Amendment will add \$212,000,000 from relief funds to the amount that is to be distributed to the farmers producing basic agricultural commodities. It will mean two cents a pound extra to cotton farmers, according to Wright Patman, one of the sponsors.

R. F. Morton and daughter, Miss Maurine, his parents, Mr. and Mrs. Hendrix Morton and Carlyn Scott of Athens, visited in the home of Mrs. J. J. Lindsey the past weekend. Mr. Morton is employed by the Standard Oil Company and has been working at Venezuela, South America.

WELCH H. D. CLUB REPORT

Lying, stealing, shyness, jealousy are sometimes caused by environment and these are rather common of most normal children, said Mrs. Hoyt Sires to the Welch Home Demon-

stration club, June 22nd in the home of Mrs. Chas. Sullivan.

Train and teach the child certain habits of conduct in order that they may fit into the social scheme of life, and avoid conflict with themselves and environment. A child may appear to be obedient and submissive, when in his mind he is planning revenge, for not having his way. A child is better understood when they think one way and act another. Children shouldn't be teased or frightened for any reason. It is easier to diagnose to trouble of a child if they act up, we need symptoms just like a doctor to determine the trouble.

Eleven members and three visitors attended this meeting.

Miss Elizabeth Arnett will leave the last part of this week for Albuquerque, N. M. She will play in a stock company of the Little Theatre of Dallas.

Mr. and Mrs. Ed Hatch visited in Plainview Sunday.

"MY SKIN WAS FULL OF PIMPLES AND BLEMISHES FROM CONSTIPATION"

says Verna Schlepp: "Since using Adlerika the pimples are gone. My skin is smooth and glows with health." Adlerika washes BOTH bowels and relieves constipation that so often aggravates a bad complexion. Bryant Pharmacy, Morris-Cleveland Drug Co., Taylor-McCall Drug Co.

Save 25% WITH The New Firestone CONVOY TIRE

NEW HIGH QUALITY New low price

IF YOU want to save 25% on tires, stop in and see the new Firestone Convoy Tire—the value sensation of 1938. You will find it has everything you want—safety, mileage, blowout protection, new design, new smart appearance—all at a remarkably new low price. And when you see it you will agree that Firestone has again set a new all time high in tire value with these outstanding features.

New High Quality—First choice rubber and cotton selected that conforms to Firestone's high standards and rigid specifications.

Long Mileage—Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches give protection against skidding.

Blowout Protection—Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone Patented Gum-Dipping process. Every cord in every ply is saturated with liquid rubber which counteracts internal friction and heat that ordinarily cause blowouts.

Puncture Protection—Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread protects against punctures.

NEW LOW PRICES—because Firestone saves money by controlling and securing rubber and cotton at the source and by more efficient manufacturing and distribution. These savings make possible the extra values at these new low prices.

Let us put a set of these large sized, rugged, long wearing Firestone Convoy Tires on your car today, then your car will be ready for trouble-free summer driving.

TO THE PEOPLE OF JUSTICE PRECINCT NO. 1

I have announced as a candidate for constable, and in order that the voters may know more of me, I will state that I have farmed in this county for the past fourteen years and my wife has been a teacher in several rural schools. I am 44 years old, in good health and have never been charged as a law violator.

I moved to town because I was not equipped to farm on a large scale and could not find a place to rent, that I was equipped to cultivate.

I invite the strictest inquiry by those who do not know me, of those who do, and I will abide their decision.

I believe in law enforcement, but in a reasonable, prudent manner, so that all may love and respect the law and cooperate in its enforcement. I do not believe in violating the law in order to place a charge against someone else for violating it. I think law enforcement should be uniform, but if leniency is to be shown at all, it should be to the unfortunate, poor and ignorant violators, and each case should be handled in a humane manner, so as to impress the violator of his wrong doing, but at the same time, in a way that he will not lose all self respect and become a hater of law and society. There is no special policy that can be stated in advance, but I will try to do my duty as provided in my oath and aid and help society rather than to make matters worse.

I want to present my candidacy to every voter, but I may overlook some, but it will not be intentional. To those who do not, I can only say they are within their rights and there will be no criticism from me.

Respectfully,

H. D. (Homer) PACE.

SCOUTS AND LEADERS

With the period of Council nearly over Scouts and Leaders over the South Plains are looking forward to the next big Council activities, the District and Council Swimming Meets.

In addition to the district council supervised meets, a number of troops are planning inter-troop swimming meets to be held at several different places over the council.

The first of the meets will be a Tri-District meet to be held at Lamesa July 29, with Scouts from the Southern

and Southwestern Districts. Eastern District meet will be held at Spur on August 8, with Matador from the Northeast District taking part.

Lubbock will be the scene of the Central District meet on August 5. Plainview will be the center for a Tri-District meet on August 5 with Scouts from the Northern, Northeastern and North Central Districts taking part. There will be a Bi-District meet at either Littlefield or Muleshoe on August 9, with the Northwestern and the Western Districts swimming.

The date for the Council Swimming Meet has been set for Plainview on August 12. The winners in each District will compete for Council Honors in this meet.

General rules and regulations are in the hands of the Scoutmasters and a great deal of advance preparation should be made so that each troop may be represented in the various meets.

Western Tour

Thirty-three Scouts and leaders from the South Plains Council will encamp at Camp Post Saturday and Sunday, June 25 and 26, in preparation for a twenty-one day camping tour through New Mexico, Colorado and Wyoming to the Yellowstone National Park.

The complete route schedule has been made and every detail including camping permits, swimming and fishing and health and safety has been worked out. Mr. Earl H. McClure, scout executive will be chief camp director. He will be assisted by G. B. Wadzeck, scoutmaster of Troop 35 at Spur, and has been serving as camp director at Camp Post for the past three weeks. Frank Runkles, scoutmaster of Troop 8, Lubbock, who has been in charge of nature study and Indian Lore at Camp Post, will also make the trip.

H. I. Keifer, reporter for the Lubbock Avalanche Journal, will make the trip as guest of the South Plains Council, and will make regular reports to the home towns as they progress on the tour.

Scouts that plan to make the trip are: Allan Barnard, Robert Ragan, Dee Hail and Bob Beal of Troop 23, Lamesa; Russell Winn, Junior Moss of Troop 3 Lubbock; Walter Clark, Allen T. Stewart and J. A. Raley of Troop 8, Lubbock; Ray Taylor, Troop 35, Spur; Eldon Carroll, Troop 46, O'Donnell; James Wilson and Joe Dick Moore, Troop 57, Floydada; Dale McIlroy, Troop 80, Lamesa; Earl C. Pollard, Jr., Troop 7, Lubbock; J. L. Sanders, Troop 9, Lubbock; Elbert Boulliou and Jerry Nobles, Troop 21, Tahoka; Cornelius Duffy and Roger Willett, Troop 75, Amherst; Gene Gray and Marvin McLarty, Troop 4, Lubbock.

Mr. and Mrs. D. B. Horn and daughter, Myrta Beth of Blackwell attended the funeral here of Mr. J. U. Phillips this past week.

Mr. and Mrs. Mural McRory, Misses Una Fay and Lamoine Tune and Carol Tune spent the weekend visiting relatives and friends in Taylor and Runnels county.

Will Morris and Johnnie Beavers spent the weekend visiting with Rev.

and Mrs. M. M. Beavers in Hereford.

Mr. and Mrs. Russell Crawford and children Charles Russell and Mary Katherine Mr. and Mrs. Raymond Noggle and daughter, Nancy, of Los

Angeles, Calif., are here visiting with Mr. and Mrs. Howard Lee.

Mrs. Mary L. Reeves of Lovington, N. M. is here visiting her daughter Mrs. Howard Lee this week.

SEIBERLING

... SCORES AGAIN

THE GREAT STATE OF

TEXAS

IS NOW USING SEIBERLING TIRES

Here's Additional Proof of Seiberling's Superior Quality

Seiberling tires have been selected as the tire to equip all state owned and operated vehicles for the fiscal year beginning June 7, 1938. Such a choice was made because Seiberling standards in construction of tires met with the requirements of the most rigid inspection and the tests made upon the service of Seiberlings showed superior endurance . . . yet the price of Seiberlings did not exceed that of any other tire . . . Come in and let us show you this stronger, safer tire.

FIVE MILE

Amelia Foster, corres.
 Jacqueline Cornett of Lubbock is spending this week with Mr. and Mrs. George Cornett and family.
 Sunday school and B. T. U. were well attended Sunday morning and night.
 Geraldine Foster spent Saturday night and Sunday with Amelia Foster.
 Cotton and Molly Jo Mabry of Sparenberg attended B. T. U. here Sunday night.
 Helen Gordon spent Sunday with Florence Leonard.
 Neva Jeffry of Brownfield visited Jeyell Wright Sunday.

SAND

Julia Grayson, Corres.
 An old time ice cream supper was

enjoyed by over a hundred people Friday night at Mr. and Mrs. Jack McGuire. After all had been served ice cream and cookies. The young people were asked to fish from our fish pond. All were lucky in making some kind of a catch. Mr. and Mrs. J. T. McGuire recent newly weds caught the largest fish of all, two bushel baskets of nice and useful gifts from their many friends.

Rev. W. H. Burns filled his regular appointments with some good old time gospel messages. We missed several from our Sunday school. We will be glad to have all meet with us next Sunday.

Mrs. W. R. Jeter spent the weekend with Mr. and Mrs. Will Jeter of Midway.

Mrs. Lucille Patty of Santa Fe, N. M. is spending a few days with Mr. and Mrs. Hubert Teal.

Rev. Gilcrease of Santa Fe, N. M. spent Wednesday until Saturday with his parents, Mr. and Mrs. Z. T. Gilcrease.

Mrs. Watley and daughter of Rotan visited her sister, Mrs. J. O. Anderson last week.

Mr. and Mrs. Luther Payton and children went to Brownfield Sunday after his mother, Mrs. Ellen Payton, who has spent several weeks with relatives.

Mr. and Mrs. Ralph McDougal and two children of Portales, N. M., are visiting relatives here.

The young people surprised their fathers with a program at the church Sunday afternoon. All were served cold drinks and cookies.

FAIRVIEW

Georgia Mae Gibson, corres.

Sunday school and singing was well attended both Sunday morning and Sunday night. Next Sunday is our regular preaching day so come and bring someone with you.

Those visiting in the Stafford home Sunday were Mary Barron, Audine and Corine Harp and Georgia Mae Gibson, George Barron and Foy O'Brien.

Mr. and Mrs. Jake Sealy spent Saturday night and Sunday with Mr. and Mrs. H. Holt.

Mr. and Mrs. Mansil Barton spent Sunday afternoon visiting Mr. and Mrs. Bill Robinson.

Mr. and Mrs. Horace Tatum, Mr. and Mrs. Milton Gibson spent Sunday in Sylvester.

Mr. and Mrs. Ira Robinson spent Sunday with Mr. and Mrs. John Norris.

Mr. and Mrs. Curtis Stafford and Miss Pauline Stafford spent Sunday with Mr. and Mrs. O. D. Harp.

Mr. and Mrs. C. A. Barron and Bessie spent Sunday with Mr. and Mrs. Cleo O'Brien.

Mr. and Mrs. Louis Atterberry spent Sunday visiting in Lamesa.

Mrs. Jenice McIver and sons left with her mother for a visit in Wingate.

Mr. and Mrs. Homer Kinker are visiting her mother.

Mr. and Mrs. H. L. McCarley have moved to the Munger community, where they will teach for a year. We are sorry to lose this family from our community. We hope them success in their new home.

THREE LEAGUE

Marie Lambright

There was a large crowd at singing Sunday night and several visitors. Everybody come back.

Mr. and Mrs. Amos Painter and family of Wilson spent Sunday evening with Mr. and Mrs. Russell and family.

Mrs. J. L. Lambright is spending this week with her son and Mr. and Mrs. Walter Lambright of Five Mile.

Valree Holcomb of Higginbotham spent several days with Gloria Holcomb.

Mr. and Mrs. Seaborn McGuire visited in B. B. McGuire home of Sand Sunday.

Iris Lambright is spending this week with Mr. and Mrs. Elbert McNew of Five Mile.

Tom McNew of this community and Miss Florence Cruseberry of Memphis, Tennessee were married Tuesday and were honored with a wedding supper Tuesday night.

Miss Wanda Burns of Lamesa is spending this week with Miss Frances Reed.

Misses Erma Sprawls and Aileen Graham visited in Big Spring Saturday.

Servel Electrolux Refrigerators Are Offered In Contest

Enthusiasm remains at a high pitch among those in this vicinity who have been participating in a nation-wide contest in which ten refrigerators have been given away, daily as prizes during the past few weeks, according to E. R. Yates, of Yates Hardware, Servel Electrolux dealer, who is collaborating with the sponsors of the contest.

Mr. Yates announced that 70 persons had called for entry blanks since the beginning of the contest on May 20, which will close on July 1, when three hundred Servel Electrolux refrigerators in all will have been awarded as prizes.

"Though the contest is now more than half over the interest in winning seems to be on the increase, largely due to the desire of women for up-to-date refrigeration," said Mr. Yates.

"Consequently, it is a matter of much satisfaction to our company that the sponsors of the contest chose the line of refrigerators sold by us as those to be given away to winners.

"It would be a pleasure for one of my customers or others in this vicinity to win a Servel Electrolux refrigerator

and thus we will continue to invite all persons who desire to be contestants to call at our showrooms where they will be supplied with free contest blanks and where information regarding the competition will be available.

"The contest is conducted by Proctor & Gamble, the well-known soap manufacturing concern and featured in its "Guiding Light" program which is broadcast from coast-to-coast over an NBC red network afternoon except Saturday and Sundays. Announcement of winners is a part of the radio program Servel Inc. of Evansville, Ind. which manufactures the refrigerators offered as prizes is collaborating with the sponsors of the contest.

In each day's contest, in order to win a refrigerator, a contestant must be adjudged one of the ten best writers of a statement containing 25 words, or less completing a sentence beginning "I like P & G White Naphtha Soap because . . ." The sentences are judged for their originality, sincerity and adaptness of thought.

"More than half of the three hundred refrigerators offered at the beginning of the contest have already been awarded to happy winners, thus leaving in the neighborhood of 125 still to be given away."

HIGHWAY

A large crowd attended the church services both Sunday morning and evening. We were very glad to have the number of visitors that were present.

Mr. and Mrs. Lyle and little daughter of Corpus Christi and Mr. and Mrs. Swaner of Franklin county visited Mr. and Mrs. F. P. Hoffman last week.

Several people from here attended the singing convention at Big Spring Sunday.

Harmon Hambrie is visiting in Arizona.

Mr. and Mrs. L. E. Jones made a business trip to San Angelo last week.

Mr. and Mrs. R. W. McCurry of Tahoka visited Mr. and Mrs. H. Richardson and family Sunday.

Several from here went to Big Spring to hear the speech made by W. Lee Daniels and the program rendered by the Hill Billies.

Mrs. Dewey Hogg and children of Mt. Olive visited Mrs. L. T. Shultz Friday afternoon.

Mr. and Mrs. W. H. Johnson attended the funeral of their nephew in Seamore this weekend.

Take a Trip!

Get away and enjoy yourself . . . away from the hum drum of everyday cares . . . But to fully enjoy every minute of your trip you should, by all means come in before you go and let us check over your tires . . . Don't run the risk of delay and accidents by starting out with tires that are weak and worn.

TIRES MAY LOOK GOOD . . . And Still Be Dangerously Weak

Let us look them over . . . we'll tell you honestly whether they are worth repairing or not . . . If they can be fixed, we can do it . . . If you need new ones . . . we can take care of that too!
