## BOMBS BURSTING IN AIR

Fireworks explode over Marian Airpark Ball Field Saturday, Sept. 11 at the close of the Collingsworth County Fair. The large display was presented by the county Bicentennial Committee through donations from over 80 citizens and firms. It was the concluding activity in celebration of the county's 100th birthday and the nation's 200th. Other

county-wide centennial and bicentennial events have been the presentation of "Man and Land and Love," the original script story of the county's development, and "I Love America," the patriotic musical.

## H. L. Peters, Farmer-Rancher, Dies Sept. 9

Hunter L. Peters, farmer-rancher here for more than 50 years, died in Collingsworth General Hospital at 9:30 a.m. Thursday, September 9. He had been in ill health for a number of months and during much of that time had lived at Thomas Nursing Center.

Mr. Peters was 78 years of age.

He came to Collingsworth County with his parents, the late Richard H. and Sally Holmes Peters, and with other members of the family from Bell County in 1922. For most

## Rockets Travel to Phillips Friday To Meet Those Tough Blackhawks

Wellington Skyrockets travel to Phillips Friday, September 17, for their first out of town game. The Blackhawks will probably be one of their toughest competitors of the entire season.

For those whose football memories go back before World War II, this will be a game of memories and comparisons, for in the era of Coaches Joe Coleman, John Williams and Chesty Walker, the Rockets and the Hawks were mighty contenders for more than one bi-district

championship.

As for the 1976 Blackhawks, they take on the Rockets just one week after upsetting Spearman 7-6, the Class AA team picked to win that district.

This year Phillips has dropped from Class AA to Class A, but the Hawks still play AA calibre football.

"They did have a big win Friday and they will be up for the game against us and we will have to be really prepared," emphasized Coach James Williams. "It's our first

out of town game and it's going to be a little different to playing at home.

Just looking at the game overall, it's going to be a tough one. We've got to keep our momentum going and not have any letdown about it."

Blackhawk noseguard David Rhoten was named Player of the Week following the win over Spearman. He had a lot of tackles against that team which was instrumental in shutting off the Spearman offense attack.

Phillips is not an exception-

ally large team, but it does have good quickness. The Hawks run the Houston veer offense and also at times the Wishbone offense. They use the 5-man front just as have the last two teams the Skyrockets have met.

Wellington came out of the Quanah game without injuries and there have been none in workouts this week.

The Skyrockets, however, will be without linebacker Jessie Davis, who is ineligible to play this week due to

## Heavy Rains Fall Over Area; Some Hail Loss

Rain up to five inches and more in the county brought late summer help to some crops Sunday night, September 12. The same clouds brought hail which damaged cotton, principally in the southeast part of the county, but to a lesser extent scattered over a wide area.

On the other hand, some communities received no rain at all.

Heaviest hail damage appeared to be in a northeast-southwest strip from Loco to Kelley. There was other hail damage in the Dodson area and farther east into Oklahoma.

Heaviest rain was just east of the Oklahoma state line where 10 inches was reported in the Sandy community. Bill Holder and Danny Holder said

this amount was measured in a tank on their farm. Truett Holland, who with his brother, Dennis, had land in that area, reported that a tractor and one-way in a field had water over the front tractor wheels and over the plow. There was also hail damage. Holland received four inches at his farm northwest of Dodson.

Hollis also received heavy rain damage.

But in between these two there were reports that rain east of Dodson measured only 1.8 inches.

At Dodson, five inches was measured and at this point rain gauges overflowed. The exact rainfall could not be determined. Water got into one downtown building and was across the highway and streets.

In the Arlie area, John Sherman reported heavy hail damage to his cotton, which neighbors considered some of the best in the county.

At one place, on Highway US 62 in northeast Childress County, highway department crews were reported pulling cars through water on the highway.

Pete Nipper went to his farm at Arlie Monday morning and found a 60 acre lake flooding his land.

By contrast, the Clark Ranch, south of US 62, had only .1 of rain, area residents reported, and Wendell Burge had .6. Others in the area reported .3.

Gary Killian reported that hail extended northeast from the Loco area, where he operates a farm.

Wellington measured 1.86 in the Weather Bureau rain gauge at the court house, but gauges scattered over town measured up to two inches.

In the area south of Wellington, .7 was received at the Clarence Wilbur farm. Ed White received no rain at all southwest of town, and a sprinkle on another place. Two miles away, good rains fell.

Ronnie O'Rear of Rolla reported no rain at all. At Quail, Barney Boyett measured 1.5 inches. To the north, rain was lighter.

Just north of Salt Fork River, on US 83, Edd Henard farm received an inch of moisture. An inch also fell at Lutie, Marvin Knoll reported.

Samnorwood, however, got only .3 of rain and John Coleman said one of his places had only .1. At the same time, the J.L. Alexander farm measured two inches, friends said.

To the northeast of Lutie, The Rev. Bill Hankins reported one inch at his ranch at Aberdeen.

Seven-tenths of rain and pea size hail fell at Plymouth.

In northwest Collingsworth Rudie Tate of Abra reported 1.8 inches at his ranch.

Hail damage, coming in from a wide area has been reported by Leslie Moore east of town, Albert Fulcher, D.R. Langley and Lonnie Needham

## Added Jail Security Approved by Court

The Commissioners Court Monday approved Sheriff John Rainey's request to make alterations in the county jail which will make it even more of a maximum security unit.

The sheriff made his request after two inmates cut through heavy mesh covering one of the small windows on the west side of the building.

The two, David Moore, under a murder indictment, and Randy Peace, being held for Wheeler County, had 12 hours of freedom Monday, Sept. 6 before they were recaptured at Clarendon.

Sheriff Rainey said all the small windows on the west side will be closed up. Bars will be put on the windows on the south side, and on part of those on the north side. The fence enclosing the area back of the jail will be reinforced and barbed wire placed at an angle.

"The main thing in closing up the west windows is that it can keep people from visiting with the prisoners and putting things through the windows," said the sheriff. "We know that the two escapees had help from the outside in getting

out."

Later, before next summer, two water-cooled air conditioners will be installed to comply with state and federal guidelines, Mr. Rainey added.

## Mrs. McClendon Dies Here on Friday Night

Mrs. Elma McClendon, whose family settled in Harmon County at the turn of the century, died in Thomas Nursing Center at 11:20 p.m. Friday, September 10, at the age of 80.

She and her husband, the late E.V. McClendon, came to the Loco community in 1935, and farmed there until they retired and moved into Wellington.

The former Elma Scivally, she was born August 24, 1896, in Montague County, the daughter of the late Mr. and Mrs. Melton Leon Scivally. The family came to Hollis in 1901 and her father hauled

## Board Hires Home Bound Teacher, Two Aides as Enrollment Rises

Wellington Schools have reached an enrollment of 789 students, the highest in a number of years, Supt. E.W. Clement told the board of trustees in its meeting Monday night, Sept. 13.

Elementary School has 384 students, with the first, second and third grades enrolling more than had been expected.

Junior High has 211 and high school 203, Mr. Clement said.

Because of the increased number of children in the first three grades, two additional teacher aides were elected, Mrs. Kenneth Tramel and Mrs. John DeVoss.

Mrs. Tramel and her husband moved here a few months ago from Chickasha, Okla. She has completed two years of work at Central State University, Edmund, Okla.,

and was a substitute teacher in the Chickasha Schools three years.

Mrs. DeVoss has completed one year of college work at Clarendon College. Before she

## Horse Owners Form New Riding Group

Organization of the Wellington Riding Club was begun in a meeting of a group of interested horse owners Wednesday, September 8.

Mr. and Mrs. Bill Lowe were elected co-chairmen and other organizational meetings will be held.

The regular meeting date will be the first Sunday of each month at 2:00 p.m. in the Youth Show Barn arena, beginning October 3.

and Mr. DeVoss were married, she worked 8 years in a bank at Coleman. She graduated from Coleman High School as salutatorian of her class.

## Horse Owners Form New Riding Group

Present at the meeting, which was held in the lobby of City State Bank, were Tim Detwiler, Hugh Bledsoe, Billy Moseley, Betty Clinkscale, Jack Clinkscale, Mark Huntress and Mr. and Mrs. Lowe.

Several others who were unable to attend expressed interest in a riding club, said Mr. Moseley. "Those interested in the organization should contact any of the above members," he added.

## INSTANT LAKE

Water covered about 60 acres of Pete Nipper's farm one-half mile east of Arlie Monday morning,

following a scattered rainfall which left some parts of the county with over 5 inches of moisture.

# Baumgardner Brothers Show Champion Steers

Joe Baumgardner exhibited the grand champion steer in the calf division of the Collingsworth County Fair Livestock Show Saturday, September 11.

His younger brother, David, showed the reserve champion.

They are the sons of Mr. and Mrs. David Baumgardner, and both have had calf show champions prior to this.

The grand champion earlier had placed first in the light weight division and the reserve champion topped the heavy weight division. Both are Herefords, bred by B.M. Sims.

Mrs. Bill Bradley, who with her husband ranches near Estelline, was the show judge.

After each class was judged, she explained to the boys and girls, and to the larger-than-usual group of show spectators why she placed the calves as she did.

Mrs. Bradley stressed the production of calves that will make their owners money after they get out of school. Show calves are nice, she said, but the youngsters should be thinking about the others, too.

The older exhibitors were urged to work with their calves, and learn to show them. It is too bad when a calf of prize-winning quality loses out in the judging because of a poor job of showmanship by his owner, the judge pointed out.

Calf Show winners, announced by Billy Moseley, chairman, included:

Light weight steers, under 700 pounds: first Joe Baumgardner, second, Lynn Tate, third, Stan Tate. Paul Estes exhibited a steer in this class

## Everybody Wins Blue Ribbon at Pet Show

Everybody was a blue-ribbon winner in the small animal and pet show, held Saturday morning, September 11, as a part of the Fair.

After all the ribbons were presented, chairman Billy Moseley announced that a tiny poodle named Kelley, belonging to Dee Ann Williams was the grand champion. The winner also wore kelly green ribbon bows on her ears and had green toenails.

Gray, a mother cat with her five tiny kittens, housed securely in a cage, was the reserve champion. They belonged to Patricia Fourmentin.

Gray responded to the honor by scratching Patricia when it was all over.

Other children and their pets were:

Jay Kennedy, a duck; Barry Long, a Chinese pug who watched the duck hungrily; Sherideen Bolton, a puppy and kitten; Shawn Kennedy, a puppy, Suzette Kellison, a puppy; Max Kellison, a puppy;

Lesa White, a baby rabbit and parakeet; Paul Estes, a dignified red Irish Setter; Kim Morgan, James Morgan and

tin.

David Baumgardner's reserve champion steer was also first place winner in the heavy steer class, 790 to 820 pounds.

Mark Fourmentin's Limousine-Angus steer was second and Stacy Scott's Hereford third. Others showing in this class were Darvin Nix, Barry Long, Joe Baumgardner, Lee Scott and Kirk Patterson.

## Group Attends McClendon Rites

A group of out of town friends and relative were here to attend the funeral of Mrs. Elma McClendon Sunday, September 12.

Included were Mr. and Mrs. H.E. Sibley, Mrs. Geneva Haley, Mrs. J.D. McBrayer, Mrs. Frances Younger and Mr. and Mrs. Abb Hawkins of Amarillo;

Mr. and Mrs. J.M. Brumfield of Odessa; Mr. and Mrs. B.G. Davis of Arlington; Tom Davis and Tommy Huffines of Borger; Mr. and Mrs. Jerry Thompson of Floydada;

Mr. and Mrs. Kenneth McClendon and son of Childress; Mr. and Mrs. Donald Huffaker, Mrs. Bill Corning and Mickey and Mrs. Maudie Jones of Abernathy;

Mrs. Lottie Hicks and Mrs. Sybil Lewis of Hollis; Mr. and Mrs. Jerry Hobbs and son of Megargel; David and Kerri McClendon and Mr. and Mrs. Audie Corning of Lubbock.

Mendy Morgan, two ducks and five kittens;

David Moore, two rabbits; Mark Myrick, a banty rooster with a lusty voice; and Leigh Myrick, a pretty small dog with some poodle blood.

## Four Attending Democratic Convention

Four delegates are representing Collingsworth County in the State Democratic Convention at Ft. Worth Friday and Saturday, Sept 17 and 18.

They are Mrs. John Coleman, county democratic chairman, Mr. Coleman, Rex Peoples of Samnorwood and Kirby Campbell.

The September convention is generally referred to as the Governor's Convention, in contrast to the June meeting which focuses on national affairs.

A state Democratic chairman and the Democratic committeeman and committee woman for each of the senatorial districts will be named.

Representing the 66th Senatorial District at this time are Wayne Dammier of Amarillo, committeeman, and Ruth Osborn of Pampa, committeewoman. Running against them are Carl King of Dimmitt and Fran Finney of Amarillo.

The Collingsworth delegation will support Calvin Guest, for state chairman. He also has the support of Governor Dolph Briscoe, Mrs. Coleman said.

Mr. and Mrs. Coleman left for Ft. Worth Wednesday for a short visit prior to the meeting with their son, Mr. and Mrs. Spencer Coleman and family.

Two youths, one a juvenile, were arrested Monday, Sept. 13, for felony possession of marijuana, Chief Deputy Richard Keller reported.

A search of the vehicle in which the two were riding yielded more than a pound of marijuana, making the offense a felony, Deputy Keller said. A quantity of pills were also found. There had not been an opportunity for officers to have their content analyzed by Tuesday.

One of the boys gave his name as James A. Vanderbos, Jr., 18, whose home is in Kansas. The juvenile, a boy, is from Virginia.

Keller became suspicious of the car in the Wellington school area and followed it. As the driver made an illegal left turn into Bell Grocery and Station at the US 83-State 203 intersection, the officer stopped them on the traffic charge.

Sheriff John Rainey, Deputies J.R. Nelson and Steve Vines, and Highway Patrolman John James answered Keller's call for a backup. The vehicle was searched after the driver had signed a consent to search.

The amount of marijuana found, more than a pound, placed the offense in the felony category.

Vanderbos was placed in county jail and Keller said Tuesday morning he would probably be arraigned that day.

The other youth was turned over to Juvenile Probation Officer Bob Watson, who took him to the juvenile facility at Childress.

The arrest was made shortly after 4:00 p.m., according to Keller. The boys told officers they were passing through the country.

Previously, cattle shipped in interstate channels from Texas counties not designated as areas of recurring screwworm infestations were not required to be inspected and treated for the parasite before shipment. Many of these cattle had wounds or disease conditions which could harbor screwworms. When moved without restriction, these cattle could be the means by which screwworms were spread to uninfested states.

Texas has been placed under stricter federal regulation as the result of an increase in the number of laboratory confirmed screwworm cases in the state in recent months. These cases threaten to facilitate the spread of this parasite of all warmblooded animals.

So far this year, over one-half of the 254 counties in Texas have reported screwworm cases. Even a greater number of cases are expected during the traditionally heaviest months, August through November. The already serious number of screwworm cases reported this year has been due to heavy rainfall in the state, producing ideal environmental conditions for the increase in screwworms.

Owners of livestock should constantly check their animals for screwworm infestations and submit specimen larvae (worms) in the prepaid, self-addressed mailing kits available from County Extension Agents offices, suggests Dr. Robert Miller, of USDA's Mission, Tex., screwworm laboratory.

Screwworms are the larvae, or worms, of the screwworm fly. Female flies lay their eggs on the edge of an open wound on any warmblooded animal. The eggs hatch, and the tiny larvae burrow into the wound to feed on the living flesh. Odors produced by the feeding larvae attract other female screwworm flies, which reinfest the wound with their eggs. Untreated infestations often result in the death of the animal.

The USDA's Screwworm Eradication Program, operated by APHIS, is designed to eradicate the wild screwworm fly population by releasing millions of sexually sterile screwworm flies every week to mate with the fertile wild flies. Matings between fertile and sterile flies produce eggs that do not hatch, thus breaking the screwworm life-cycle.

# Texas Under Federal Screworm Regulation

All livestock shipped out of Texas must now meet federal inspection and certification requirements, the U.S. Department of Agriculture (USDA) announced Tuesday, Aug. 3.

These intensified regulations are the result of action by USDA's Animal and Plant Health Inspection Service (APHIS) designating the entire state of Texas as an area of recurring screwworm infestations. Prior to this announcement, only the 39 southern counties of the state were so designated.

APHIS officials said the change will mean that all livestock, including cattle, sheep, swine, goats, horses, mules and burros shipped from Texas must be inspected by state or federal animal health officials or accredited veterinarians and be certified free of screwworms before shipment. Animals found to be infested with the parasite will be treated, and the entire shipment of livestock will be sprayed or dipped with a USDA-approved insecticide.

In addition, all animals shipped from Texas into southeastern states are required to be dipped or sprayed even if found to be screwworm-free. These special requirements have been initiated in order to prevent the spread of screwworms into the Southeast, an area which has been free of the parasite for over 15 years.

Previously, cattle shipped in interstate channels from Texas counties not designated as areas of recurring screwworm infestations were not required to be inspected and treated for the parasite before shipment. Many of these cattle had wounds or disease conditions which could harbor screwworms. When moved without restriction, these cattle could be the means by which screwworms were spread to uninfested states.

lumber from Quanah to build the family's home northeast of that town.

She and Mr. McClendon were married in Harmon County December 20, 1917. They continued making their home near Hollis after other members of the Scivally family moved into the Arlie community.

She was a member of First Baptist Church.

Funeral services were conducted at First Baptist Church at 4:00 p.m. Sunday. Burial was in the family plot of Arlie Cemetery under the direction of Kelso Funeral Home. Pall bearers were Pat Bouchelle, W.R. Harbin, Ocie Scott, Herschel Mayhugh, Clint Gibson and Roland Mayhugh.

Surviving Mrs. McClendon are two sons, Leon McClendon of Wellington and Wayne McClendon of Monahans; 12 grandchildren and 7 great-grandchildren.

Mr. McClendon preceded her in death September 11, 1969. Two sons also have died, James McClendon, and J.D. McClendon of Lontview, Washington.

Lightning struck West Texas Utilities Company installations three times. Once the sub-station in the east part of town had a direct hit, a second was to primary lines leading into the sub-station and the third about two blocks away, according to Jack Kennedy, manager.

Local employees worked the remainder of the night but most Wellington customers had power restored within an hour and fifteen minutes to an hour and a half.

Crew members from Abilene came in Monday to check the sub-station.

Mrs. Alliene Eads reported a transformer box at her home was knocked out and a night light damaged.

## County Old Settlers Hold Luncheon Friday

Old Settlers of Collingsworth County—anyone who has been here more than 25 years, held their annual reunion following the Fair Parade Friday, September 10.

The Senior Citizens Center was the setting for the covered dish luncheon.

Mr. and Mrs. Darrell Nored of Seguin were recognized as traveling farthest to attend the reunion, 600 miles.

Receiving second place in this category were Mr. and Mrs. Morris Brown of Bethany, Okla., 190 miles, and third, Mr. and Mrs. Newton Crane of Canyon, 120 miles.

The oldest person registering was Mrs. Belle Mitchell of Quail, who is 91 years of age. Mrs. A.Y. Bell and Guy Clement are 90 years old and Mr. Clement has lived here 86 years. Edgar Lockhart was born in Collingsworth County 80 years ago, and Mrs. Frank Ford 74 years ago.

The record number of grandchildren, 21, was claimed by Mrs. Otha Talley, while Mrs. Vey Hightower has 20 and Mrs. P.E. Lowrie and Mrs. Rufus Jones 19 each.

During the business session, Mrs. Morris Brown, the former Velda Lockhart, was elected president; Monty Mitchell of Quail vice-president and Dudley Phipps secretary-treasurer.

Those who registered were Mr. and Mrs. Newton Crain of Canyon, Laura Ford Vandiver of Phillips, Mr. and Mrs. Brown from Bethany, Mr. and Mrs. Haskell Manuel,

## High Blood Pressure Film Planned Thurs.

A film program relating to high blood pressure will be shown for members of the Volunteer Ambulance Service Thursday, September 16, at 8:00 p.m.

This will be at the Ambulance barn on the south side of Collingsworth General Hospital grounds.

Mrs. Ernest Harwell will be in charge of the showing. In addition to ambulance service volunteers, anyone else interested in this problem is invited to attend.

Mrs. Harwell showed the film at the Senior Citizens Center Wednesday and before the nursing staff of Thomas Nursing Center the same day. Business and Professional Women's Club members saw the film Tuesday night.

## Lyman's Terrapin Wins Its Race In Fair Event

Some spectators can pick a winner in the horse show or calf show, but seldom in the Lions Club annual terrapin race.

This proved true again Saturday, September 11, and when the last race was over, a terrapin selected by Lyman's Automotive was the winner.

Second to cross the finish line was one chosen by Sam Adams, while the third place winner was one representing Ward's Catalog Store.

The terrapin race is one of the fund-raising projects of Wellington Lions, by which they carry out a number of community projects.

## Golf, Tennis, Less Than Century Old

Both tennis and golf—those two popular American sports—were hardly heard of a hundred years ago.

Tennis was brought to the United States in 1874, and the first golf course in America was laid out in 1888.

## Bing Crosby Speaks Out for UT-Austin

AUSTIN, (Spl.)—The voice that introduces a new videotape program telling parents about campus services for new University of Texas students may have a familiar ring.

It belongs to Bing Crosby, who identified himself as "a father of a University of Texas student." (His daughter Mary Frances is a drama student.)

At the request of orientation advisers, the crooner taped the introduction to the 30-minute program that will make parents aware of the array of UT student services that range from counseling to health care, from personal safety to recreation.

Mr. and Mrs. Dean Johnson, Leslie, Noel and Nicky of Kelton were Sunday visitors of their parents, Mrs. Nora Johnson and Mr. and Mrs. Gabe Wright.

## Freckles and Patches Horse Show Winners

An aged mare named Freckles, shown by Gary Isaacs was named grand champion of the horse show, a part of the Collingsworth County Fair, Saturday, Sept. 11.

The reserve champion was a Paint named Patches, an aged gelding shown by Barry Moseley.

This was the second annual horse show to be held as part of the youth division of the Fair and was considerably larger than the one a year ago.

On Sunday before the show, Mr. and Mrs. A.B. Dean, the judges, held a clinic for the boys and girls who would take part and their mounts. It is the first time this procedure has been followed, and those working with the show believe it had a definite positive effect on the showmanship of even the youngest competitors.

Horses were judged on horsemanship, how well the

contestant showed his horse, with little emphasis on the horses size and conformation, Mrs. Dean pointed out.

Winners in the four classes were announced by Billy Moseley, livestock show chairman:

Aged mares: first, Gary Isaacs; second, Lesa White.

Young mares: first Dee Ann Williams, second Chad Holand, and third, Michael Ann DeVoss. David Moore was the other contestant.

Aged geldings: first, Barry Moseley; second, Leigh Myrick; third, Laura Campbell. Lesa White was the fourth contestant.

Youth geldings: first Ed Campbell, second, Mike Myrick; third, Timmy DeVoss.

## Visitors Approve Beach Ban on Cars

GALVESTON -- Visitors to Galveston Island State Park's beach are discovering how nice it is not to have cars around.

One of the many attractions of the Gulfside park is the 8,000-foot stretch of beautiful beach. Since last January the beach has been closed to

vehicular traffic, a move that is gaining enthusiastic approval, according to Ron Moreau, Texas Parks and Wildlife Department parks operations official.

There is an access road to some 500 carparking spots behind the dunes; with their

cars within handy reach, visitors can relax and enjoy the beach fully without having to worry about auto traffic. There is no auto danger to sunbathers or small children, and camping and picnicking has added tranquility.

## Actress Jeanette Clift Will Speak Here Dec. 2

Jeanette Clift, the actress who starred in the role of Corrie ten Boom in the new film, "The Hiding Place" will be a guest speaker in Wellington December 2.

She will be sponsored by Christian women of the community who wish to participate.

World Wide Pictures released the major motion picture film, "The Hiding Place" last September, starring Julie Harris, Arthur O'Connor and Miss Clift.

## Seaside Pie a Quick Quiche

AUSTIN -- If you're planning a late summer get-together for friends or family--treat them to a seafood quiche, a dish said to have originated in Lorraine.

Quiches first were made with bread dough as a crust and later puff pastry shells. Today we've substituted regular pie crust for the foundation.

Varieties of seafoods and cheeses combine beautifully to make high protein quiche a delectable entree, and it hardly could be simpler to prepare. Flake any leftover smoked, baked, broiled or poached fish and mix with cheese and the other flavoring and binding ingredients.

### SEASIDE QUICHE

1 cup cooked, flaked fish  
1 9-inch unbaked pie shell  
1 cup grated Swiss cheese  
4 eggs  
2 cups heavy cream  
2 tablespoons chopped parsley  
3/4 teaspoon salt  
dash nutmeg  
dash cayenne pepper

Sprinkle fish and cheese into pie shell. Thoroughly mix remaining ingredients then pour this cream mixture into

the pie shell. Bake at 425 degrees for 10 minutes, then 300 degrees for 40 minutes. Quiche is done when a knife inserted in the center comes out clean. Let stand five minutes before serving. Cut into wedges. Serve with a light salad. Makes six servings.

## Null Family Plans Family Tree During Two-Day Reunion Here

The Null family annual reunion was held at Bura Handley Community center Saturday night and Sunday, September 11 and 12.

All children of the late Mr. and Mrs. A.F. Null attended except one daughter, Mrs. Doris Lund of Port Orchard, Washington.

Picture taking, playing games and singing filled part of the time.

The family has taken up a new project of tracing the family tree. Sunday afternoon several members visited the site of the old Wilnolcer School on the Pete Hartman farm, which all the children attended.

Returning by Fairview Cemetery, they visited the graves of the late Mr. and Mrs. Null for a brief memorial service.

During the short business meeting, J.D. Young was elected president for the coming year. Dianne Whitten of Childress was re-elected secretary-treasurer.

Mr. Null came to Collingsworth County from the Indian Territory in a covered wagon in 1908, as a young man. He settled on 120 acres of raw land west of Wellington and built a half dugout.

He lived there alone until he married Docie E. Rankin on December 22, 1910. He had built a new two-room house for his bride. They lived on the same place, making additions to the house as the family increased, until his death in April 1952.

Mrs. Null was only a young

child when her mother died. Her father was the late Robert R. Russell of the Quail and Memphis Area. He was a farmer-preacher of the Missionary Baptist Church, going from place to place on horseback.

Mrs. Null died in November 1972.

Mr. Null was a long-time trustee of the Wilnolcer school. In fact, this school was named for three men of the community at the time it was organized: Wilson, Null and Smulcer.

Those attending the reunion were Mrs. Gladys Null of Happy; Mr. and Mrs. Leon Bishop (Ruth) of Pauls Valley, Okla.; Mrs. Loyd Jackson of Oklahoma City;

Mrs. Kenneth Newton and Mr. and Mrs. Jerry Elam of Duncan, Oklahoma; Mr. and Mrs. Ted Manning, Ronnie and Jeff of Moore, Okla.;

Mr. and Mrs. George E. Winegeart (Gertrude), Danny Bradshaw, Mr. and Mrs. Johnny Lowe with John Earl, Mr. and Mrs. Mike Smith and Mr. and Mrs. Don Winegeart and Donnie of Pampa;

Mr. and Mrs. Earl Winegeart, Sabrina, John and David of Lefors; Patsy Straud and George Moore of Ft. Worth; the Rev. E. Fred Null of Lemon Grove, Calif.;

Mr. and Mrs. Leo Thomas (Nona B.) and Mr. and Mrs. Charlie Whitte, Mark and Paul of Childress; Mrs. Bill Hughes (Oneta) and Wesley Little of Shallowater; Mrs. Patricia Walsh of Amarillo; Mr. and Mrs. Ray Null and Mr. and Mrs. J.D. Young.

## Kay Coffee Competing in Texas State 4-H Dress Revue

Kay Coffee is one of five Panhandle youth who will travel to San Antonio this week to compete in the Texas State 4-H Dress Revue. Kay earned this honor by winning the Senior Division of the Collingsworth County Dress Revue and by placing in the Top Five of the Senior Division of the District I Dress Revue held last month in Amarillo. Some sixty to seventy 4-Hers representing the fourteen Extension Districts of Texas will participate in the State Dress Revue, to be held September 17-18th in San Antonio, Texas. The winner of the State Dress Revue will receive a trip to National 4-H Congress and a sewing machine.

Kay models a hooded crinkle cloth jumpsuit, dark hunter green, worn with white and green turtle-neck sweater and a matching handbag. Kay is also eligible to compete in the cotton division. Prizes offered are a \$50.00 bond for first place; \$25.00 for second place. The State Dress Revue provides an opportunity for winning, but also provides for learning and growth of the individual.

Kay, her mother, Mrs. John Coffee, and the County Agent,

Mrs. Wayne Reynolds was named president, Mrs. Thurman Crownover vice-president, Mrs. A.V. Lowrie secretary-treasurer, Mrs. Black council delegate, and Melva Hernandez, reporter.

Hospitality committee members are Mrs. Vince Hernandez, Mrs. Bob Cochran, and Mrs. Vey Hightower. Mrs. Lowrie will host the next meeting.

She also gave the opening devotional for the Tuesday meeting and members answered roll call by telling what they did this summer.

Attending were Mrs. Cochran, Mrs. Vince Hernandez, Mrs. Lowry, Mrs. Reynolds and grandson Bruce Jones, Mrs. Black and Larry Black.

Body cells function best when they are in a near neutral medium. Even though the diet may vary, the acid-base balance may stay near its normal value or the person will die. Chloride, phosphorous and sulphur are all acid-forming elements, while sodium, potassium, calcium and magnesium all form base. If you eat a well-rounded diet, you will consume adequate amounts of these minerals, which are essential for maintaining acid-base balance, explains Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

## Young Homemakers Hear of Work at Satellite Center

Members of Wellington Young Homemakers, meeting Tuesday, September 7, heard a program on the Wellington Satellite Training Work Center, and the facility of which it is a part, the Amarillo State Center of Rehabilitation.

The speakers were Mrs. Ed White, director, and Mrs. Hubert Brooks, teacher, in the Wellington center.

Hostesses were Mrs. Jerry Settle, Mrs. Gary Lemons and Mrs. Rick Mosenbocker.

Members brought tooth-paste and paper goods to donate to the Wellington center and voted to furnish food for the center's booth at the county fair.

Four new members were welcomed, Mrs. Jerry Lewis, Mrs. Rick Mosenbocker, Mrs. Charlotte Martin and Mrs. Sally Tinsley.

Guests were Mrs. Brooks, Mrs. White, and Joy Johnson. Members present were Mrs. Eddie Maxwell, Mrs. Leamon Bawcom, Mrs. John R. Henard III, Mrs. Nicky Watts,

Mrs. Tommy Powell, Mrs. Doug Seal, Mrs. Bill Lindsey, Mrs. Lewis, Mrs. Farris Wood, Mrs. Reed Souder, Mrs. Kenny Brown, Mrs. Lemons, Mrs. Mosenbocker, Mrs. Settle, Mrs. Kenneth Davis,

Fabric-stuffed dolls, animals and pillows for infants should be washable. Check for holes or weak seams and repair them before laundering. These kinds of toys absorb much moisture during washing and require a long drying time. It items are machine dryable, use the highest drying temperature setting. Stop the appliance occasionally and shake toys to redistribute stuffing—the items will then dry more evenly.

## Norwood YM Opens Year

Samnorwood Young Matrons opened their year's meetings Thursday, September 2, when Mrs. Douglas Coleman was hostess.

The program was an instruction session in ceramics, conducted by Mrs. Betha Lee Orrick of Shamrock.

A covered dish luncheon was served at noon. During the business meeting, members voted to sell shelled pecans as their money raising project.

Present were Mrs. Sam Carter, Mrs. Oliver Wischkaemper, Mrs. Richard Bentley, Mrs. Donald Coleman, Mrs. J.H. Oldham, Mrs. Rudie Tate, Mrs. Joe Frank Knoll, Mrs. Jimmy Breeding, Mrs. Rex Peebles, and the hostess.

## T-Shirts Top Fashion News

COLLEGE STATION -- The T-shirt—formerly known as child's play clothes—now emerges as the fashion basic for all family members, Beverly Rhoades, a clothing specialist, says.

"Styles vary from traditional casual or sporty shirts to dressy looks in soft, shiny, clinging fabrics. And some have even 'grown' into dresses," she added.

Miss Rhoades is with the Texas Agricultural Extension Service, The Texas A&M University System.

She said that necklines may be round, square, boat, bateau or jeweled. Sleeves are short, capped, semi-capped or long and loose.

Color and interest are added with stripes, ruffles, embroidery, sequins and rhinestones, wild picture patterns, and top stitching which looks like misplaced seam finishes.

Designer logos add a high fashion look, or wearers can create a personal touch with iron-on logos, prints or phrases, she said.

## Judd Families Return Here For Annual Family Reunion

Children of the late Mr. and Mrs. I.T. Judd gathered at Bura Handley Community Sunday, September 5, for their annual reunion.

Showing movies and taking pictures filled the afternoon, following the dinner which was served at 1:00 p.m.

Children attending were Mrs. Floyd Francis, Mr. and Mrs. Enmitt Wisdom, and Mr. and Mrs. Buck Judd of Amarillo;

Mr. and Mrs. Preston Judd and Mr. and Mrs. John Judd of Clarendon; Mr. and Mrs. Jiggs Judd of Burleson; Mr. and Mrs. Paul Fister of Austin; Mr. and Mrs. J.R. Standifer of Yukon, Oklahoma; Mr. and Mrs. Dick Judd and Denny Judd.

If machine dried, remove T-shirts promptly to prevent wrinkling and possible shrinkage from over drying, she said.

## Dodson Club Opens Year

Dodson Civic Club held its first meeting for the new year with Mrs. Murray J. Dodson as hostess. Joining her as co-hostess was Mrs. Grover Graham.

This was the club's guest night, and the speaker was Mrs. Irene Luette of Dumas, supervisor of Home Health Service under Medicare.

She showed a film relating to her work and explained the services.

Afterwards, Mrs. Fred Boyd chaired the regular meeting.

During the opening portion, Mrs. J.C. Howell led the pledge of Allegiance to the United States and Texas flags; Mrs. Lynnel Black read the American's Creed and Mrs. Thurman Crownover the minutes of the last meeting.

Mrs. Boyd told of Dodson Cemetery Association work. A review of the past year's finances was given by Mrs. B.B. Martin. New yearbooks were distributed. Mrs. B.T. Webb gave the closing prayer.

**A PAIR OF BROTHERS — A PAIR OF CHAMPIONS**

David Baumgardner, left, and his older brother, Joe, exhibited the reserve champion and grand champion, respectively, in the beef calf division of the Collingsworth County Fair Livestock Show.

David's calf won first place in the heavy steer class and Joe's won in the light division. The calves were bred by B.M. Sims. Mr. and Mrs. David Baumgardner are parents of Joe and David.

## Eighth Grade Defeated by Aerial Thefts

By Lynn Wolf

The aerial scoring of Shamrock defeated Wellington's 8th grade 30 to 20. The Firecrackers out played the Irish but still came up on the short end of the score. Wellington had 10 first downs to the Irish's five.

Jody Coleman threw two TD passes to Darrell Thomas. One was 25 yards and the other 30 yards. Tim Anderson scored the other TD on a five yard run.

The 20 points would have won the game except for two aerial thefts for TD's by Shamrock. Gary Thames ran one interception 60 yards for a TD and Jesse Salinas ran the other interception 90 yards for the TD.

Shamrock's QB Stuart Miller added TD passes of 30 yards, to Carl Garza, and 35 yards to Jesse Salinas.

Shamrock scored two TD's on passes and two on interceptions. All 30 points were scored by the air.

The 30 to 20 defeat does not reflect the fine play of the offensive and defensive line of Wellington. The Firecrackers controlled the line of scrimmage the entire game. Tim Anderson played an outstanding game for Wellington.

Guests of Mr. and Mrs. Malcolm Horton over the weekend were their daughter and granddaughter, Mrs. Shirley Crow, Ladena and Michelle and Robert Mathey of Amarillo.

## PUBLIC NOTICE

THE STATE OF TEXAS

TO: Ms. La Donna Fay Brown Almuerte Defendant, Greeting:

You are hereby commanded to appear before the Honorable 100th Judicial District Court of Collingsworth County at the Court House thereof, in Wellington Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of October, A.D. 1976, then and there to answer Plaintiff's Petition filed in said Court, on the 26th day of August A.D. 1976, in this cause, numbered 4864 on the docket of said court and styled Dollie Mae Brown Wilson Plaintiff, vs. La Donna Fay Brown Almuerte Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Trespass to Try Title against above named defendant in which Plaintiff Claims title by the ten and twenty-five year Statute of Limitations to the following: An undivided interest in that certain 154.59 acres of land being all of the Southwest one-fourth (SW<sup>1</sup>/<sub>4</sub>) less three tracts of land as follows: one ten (10) acre tract of land out of the North (NW) corner of the above described quarter section of land belonging to Dollie Mae Brown Wilson less two (2) acres purchased by Dollie Mae Brown Wilson from Ernest Harwell out of the Southwest (SW) corner of said section of land less 3.41 acres off of the West side of said quarter section of land deeded to the State of Texas deeded for the Farm to Market Road right-of-way totaling an outage out of said quarter section of land consisting of 15.41 acres of land leaving 154.59 acres of land that is the subject matter of this suit; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wellington, Texas this the 26th day of August A.D. 1976.

## Water Development Board Forum to Be in Amarillo

The Texas Water Development Board (TWDB) will hold a public forum in Amarillo Tuesday, Sept. 28, on revision of the plan for developing Texas' water resources, announced TWDB Executive Director James M. Rose.

The meeting will be at

Quality Inn, 2915 IH-40 East, starting at 9:00 a.m. It is one of 21 forums to be held over the state.

"The forums are being held to afford individual citizens, organizations—both local and regional—and other groups a place in their area to make

their recommendations, views and opinions known to the state water agency about local, regional and statewide water problems and opportunities. We want to hear from the people," explained Rose.

Early next session, the Water Development Board will submit a new comprehensive plan to the Legislature for the efficient use and development of the state's water resources to meet present and future needs of all regions and all areas of Texas.

Each of the 21 forums is open to the public. Persons interested in providing input to the plan are encouraged to be present and state their views publicly or submit written statements, said Rose.

The need for increasing the Texas Water Development loan fund for assistance loans to communities, cities and local entities will be discussed, said Rose.

Constitutional Amendment No. 1, which will be on the general election ballot November 2, would increase the bonding level by \$400 million if approved by a majority of the voters and two-thirds of the membership of the Legislature, said Rose.

## Panhandle Waterfowl Production Drops

CANYON -- Lack of rain in the Texas Panhandle is cutting into production of waterfowl which use area playa lakes as nesting habitat.

Texas Parks and Wildlife Department personnel making their annual waterfowl production survey in the Panhandle estimate the number of juvenile ducks to have decreased by some 74 percent over 1975, but with an increase in the number of mature ducks.

However, P&WD waterfowl biologist Max Traweck said the increase in adults could be due in part to the fact that hens without young spend more time on open water and thus are easier to count than hens with ducklings which are more secretive in their habits.

The same number of playa lakes exist on survey lines this year, but total size of the lakes is reduced from 1,073 surface acres of water in 1975 to 544 acres in 1976.

This is the third year of a five-year survey of Panhandle counties to assist biologists in determining effects of rainfall, farming and hunting pressure on waterfowl.

To assist the production survey, a banding operation is completed each winter by P&WD biologists in the Panhandle. Each band has a number and address for the finder to notify the proper agency.

## Wind Energy to Power Irrigation Studied

BUSHLAND--Windy days occur frequently throughout the Southern High Plains. Harnessing this cheap and abundant resource to power irrigation pumps is the objective of a new study at the USDA Southwestern Great Plains Research Center, Bushland.

According to Dr. B.A. Stewart, Director, the Center at Bushland recently received funds from the Energy Research and Development Administration for the study. The research project will be a joint effort and approval is pending on a cooperative agreement between the Bushland Center and West Texas State University.

Drs. Arland Schneider and Nolan Clark, USDA Agricultural Engineers at Bushland, will evaluate pumps and power transmission equipment for linking pumps to a wind rotor. At the same time, Drs. Vaughn Nelson, Bob Barieau, WTSU Physics Professors, and Dr. Earl Gilmore, Amarillo College Professor, will study performance of wind rotors.

The objective of the research is to assemble and test a complete irrigation pumping system including a wind rotor, pump, and gear drive. Large wind rotors are now being built and tested, and many irrigation pumps are available.

"The challenge will be to link them together to form a successful irrigation pumping system," Dr. Stewart said.

Research plans call for purchasing and erecting a wind rotor that will produce about 50 horsepower. This rotor will be much larger than the present windmills that dot the High Plains. These small windmills used to pump stockwater produce about 1 horsepower from 12- to 16-foot diameter fans. The proposed irrigation pumping system will have a rotor that is 40 to 50 feet in diameter. The type and design of the rotor have not been finalized, but it is anticipated that the rotor will be ready and installed by April 1977.

It is anticipated that the rotor will be mechanically linked to a pump on an irrigation well at the Research Center. Pumps to be evaluated with the wind rotor system are air lift, turbine, positive displacement piston, and positive displacement rotary types.

Drs. Nelson and Barieau, from West Texas State University, and Dr. Gilmore, from Amarillo College, have compiled extensive information about the amount and availability of wind energy in Texas. Their findings show that the High Plains has more

power available from wind than anywhere in the U.S. The energy available from wind is exponentially related to speed. In other words, doubling windspeed increases available power eight times.

"People on the High Plains do not always look forward to windy days," Dr. Stewart said, "but some day irrigation farmers may count a stiff breeze a blessing."

## Fall Pastures Need Fertilizer

COLLEGE STATION -- Perennial grass pastures should be fertilized now for increased fall production and quality. If pastures have not been fertilized since spring, plant nutrients—especially nitrogen—have been depleted. So an application of fertilizer is in order, contend Al Novosad, forage and turfgrass specialist for the Texas Agricultural Extension Service.

"There is still plenty of growing time over much of the state for good production from bermuda, klein, buffel, love, bahia and other grasses," says Novosad. "Forage from these grasses can be utilized for grazing or hay or left standing an dgrazed after frost."

Of course, the specialist points out that soil moisture must be available for grass growth. Rainfall records from 34 stations in the eastern two-thirds of Texas over a 40-year period indicate a 50 to 80 per cent chance of receiving two inches of rainfall in September. This probability of rainfall increases moving from west to east. About the same probability also exists for October.

The probability for two inches of rain in both September and October is about the same as for a like amount in June for this area of Texas and is better than the probabilities for July and August, notes Novosad.

"Since most of the state enjoys a long growing season for the perennial warm-season grasses, fall fertilization is important. Lack of fertilization is the big limiting factor to quality forage production in the fall," believe Novosad.

There is still plenty of time to make top quality hay, and Novosad reminds producers that the 1976 State Hay Show is coming up Oct. 1 on the Harold Green Farm near Austn. All hay samples must be submitted to the Travis County Extension office by Sept. 15.

## New Hunting, Fishing Licenses Now Available

AUSTIN -- One million resident hunting, combination hunting and fishing and exempt hunting licenses are on their way to license sales deputies and Texas Parks and Wildlife Department offices across the state.

P&WD officials say the 1976-77 licenses are much the same as they were last year, with buck and antlerless deer tags and turkey tags printed on waterproof, tear-resistant paper. Date of kill on deer tags this year either may be marked out in ink or cut from the tag.

License fees also are unchanged—\$8.75 for a combination hunting and fishing license, \$5.25 for resident hunting and 25 cents for a resident exempt license.

Usual spaces for white-winged dove and federal migratory waterfowl stamps are to be found on the licenses. Hunters heading to the Rio Grande Valley for the Sept. 4-6, 11 and 12 whitewing season are reminded they need a \$3 White-winged Dove Stamp and are advised to obtain them before arriving in the Valley.

P&WD offices in the Valley usually have long lines in front during the whitewing season. The stamps are available at department district offices throughout most of Texas and at larger license sales deputies in major metropolitan areas.

## Childresses Vacation In Southwest Texas

Mr. and Mrs. Herman Childress returned from vacation last Thursday, September 9.

In Snyder they visited Mr. and Mrs. Roy Childress. At Pecos they visited Joe and Earl Haggard, former Wellington residents, that Herman had worked for thirty-nine years ago.

The couple spent two days at the Indian Lodge Campground in the Davis Mountains in southwestern Texas. While they were in that area they went through McDonald Observatory.

On the return trip they visited Mrs. Loy Lewis of Brownfield. Mrs. Childress reported it rained on them the entire trip.

Mr. and Mrs. Bryan Hatch of Dallas and Mr. and Mrs. Dan Hatch, Ami and Ashley of Amarillo were Labor Day holiday guests of Mr. and Mrs. Bill Hatch.

## Teacher Exams Set at WTSU

WTSU -- The National Teacher Examination testing schedule for the 1976-77 academic year has been set for Nov. 13, Feb. 19 and July 16 at West Texas State University.

Students completing teacher preparation programs may register for the test with the Educational Testing Service, a non-profit educational organization which prepares and administers the testing program.

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all senior preparing to teach to take the examinations.

On each full day of testing, prospective teachers may take the Common Examinations which measure their profession preparation and general educational background and an Area Examination which measures their mastery of the subject they expect to teach.

Prospective candidates should contact the school systems in which they seek employment, or their colleges, for specific advice on which examination to take and on which dates they should be taken.

The "Bulletin of Information for Candidates" contains a list of test centers, and general information about the examinations, as well as a Registration form. Copies may be obtained from college testing officers, school personnel departments, or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, New Jersey 08540.

# Wellington State Has Winning Overall Float

A huge slice of watermelon "bearing the seed of future banking" won for the Wellington State Bank the first place overall float in the Collingsworth County Fair parade Friday, September 10.

This was also the first place winner in the commercial float division.

This was one of the longest parades of recent years, and more floats, elaborately decorated, were entered in all categories.

Almost 50 decorated bicycles, most of them ridden by youngsters, were a part of the festivity, as were the largest number of motorcycles ever to take part.

Horses were more numerous, and there were more riders in costume.

A color guard from Ft. Sill, Okla., headed the parade; Collingsworth County's Centennial Queen second runner-

up, Kay Coffee, rode on a decorated car.

All ambulances of the Volunteer Ambulance Service were driven together and afterwards parked on the square for visitors to see.

Second place overall winning float was that of Wellington Young Homemakers, proclaiming "From Adam's Rib to Women's Lib." While the housewife of 200 years ago stayed home to cook and wash dishes, guess who's washing dishes now? It's a husband! Or so the float would have us believe. This was the first place float in the adult organization division also.

Third place overall winner was the balloon-decorated bicycle ridden by Suzanne Floyd, daughter of Mr. and Mrs. Charles Floyd. This was also first place winner in the bicycle category.

Winning second place in the

commercial float class was Jake's Cycle Shop. Children on the float displayed a motorcycle, and immediately behind came a contingent of motorcycles.

Third place went to The Wellington Leader, for two pickups, painted with polka dots and filled with children and balloons. Two clowns distributed balloons and sometimes got separated from their source of supply in the fast moving parade.

In the adult organization division, in addition to Young Homemakers, Lillie Home Demonstration Club placed second with an old-fashioned photographic tableau. The float was entitled "Ye Ole Photo Shoppe."

Third place went to 1954 Study Club for a float depicting Collingsworth as it was almost 100 years ago, a tribute to the county's creation 100 years ago.

Among youth organizations, Wellington Cub Scouts placed second behind the Girl Scouts. Riding in a truck, their theme was "Cub Scouts Say, Keep on Truckin' in 1976."

Ko Shari members, riding in a pickup, placed third. They were advertising their activities at the Bicentennial Fireworks display that closed the fair.

Among the individual entries, Mrs. Kirby Campbell and her daughter Joie placed first, riding together in a pony cart and in pioneer dress.

Second place went to a child's bicentennial wagon, carrying Michael Anthony Garza, who was one year old that day. One cousin, Scotty Hale, portrayed Uncle Sam, and accompanying them were Stacy and Jennifer Hale.

The job of picking winning bicycles was eased when the children returned to the judges stand following the parade. Second place went to Jonny Settle and third to Carrie Langford.

## "October Magic" Heralds State Fair of Texas

Big Tex may have a rabbit or two tucked away under his ten gallon hat in preparation for this year's State Fair of Texas.

"October Magic", a 17 day festival of fun and fantasy, is moving steadily from the planning to the assembling stages at Fair Park to be ready for October 8, its opening day.

The magic formula involves an intriguing combination of attractions beginning with the bright Broadway musical hit, "Shenandoah" which opens in the music Hall at Fair Park on October 8. A warm family-oriented show, "Shenandoah" promises strong appeal for fair time audiences.

Returning to Dallas is the popular Dancing Waters Exhibition. Located on the Esplanade leading to the Hall of State, this colorful spectacle combines flood lights and music for a spellbinding effect.

There'll be magic in the air

## More Pictures of Fair Next Week

Additional pictures made during the Collingsworth County Fair will appear in the September 23 issue of The Wellington Leader.

This will include pictures from several departments housed in the community building, as well as those taken of more of the parade winners.

## Three Teams Play at Clarendon Thursday

Three Wellington football teams will play in Clarendon Thursday, September 16.

Junior Varsity will meet the Broncho B team at 7:30 p.m. This is due to be a competitive game and besides the fireworks it may engender, Skyrocket fans will get to see what is in store for both teams next season and possibly the

one following that.

First of the three games to be played will be between seventh grade teams, starting at 4:30.

There will be a 6:00 p.m. between the Firecrackers and the Clarendon Eighth Graders.

Wellington fans are encouraged to attend.

## Friends of Library Plan Used Book Sale

Friends of the Library will hold a Surplus Book Sale Monday, October 4, Mrs. Ronnie O'Rear, president, has announced.

The hours will be 10:00 a.m. to 4:00 p.m. and all proceeds will go toward buying new books and repairing books and shelves.

These plans were made during a regular meeting of Friends of the Library Monday, September 13.

Mrs. O'Rear asked for donations by the public of used books or new books not being used.

"This book sale is the only way the library has of raising

money to restock its shelves with new books," she said. "We feel our children need a good library and hope you will help us toward that goal."

Members also set their regular meetings for the third Monday of each month at 7:30 p.m. in the Library.

The next meeting will be Monday, October 18.

"We invite anyone interested in helping your library to join us at the meetings," said Mrs. O'Rear.

Present Monday night were Mrs. O'Rear, Mrs. James Boswell, Mrs. George Porter, Mrs. Bill Beall, Mrs. David Caison and Mrs. A.V. Mote, librarian.

## LETTERS from the People

I'm sending you a check for a year's subscription to The Wellington Leader, for I'm an old timer of Wellington. Although I have been away for several years, I still know lots of people around there so will be glad to get the news. Mrs. F.E. Winegeart Texico, New Mexico

at the Women's Building, along with the aroma of freshly baked cakes and casseroles and a variety of competitive events. In the nearby Automobile Building, the mesmerizing impact of all the new car makes and models gathered under one roof will permeate the 1977 Southwest Automobile Show. The rotunda of the Better Living Center will showcase the fabulous \$5 million Zale Diamond, the largest modern cut pear-shaped diamond in existence.

On the sports scene, the nation's top cowboys will be back in '76 to tackle a bonanza of bulls, broncs and prize money in the State Fair Rodeo. Football is still king at the Cotton Bowl with a lineup that includes the Texas-Oklahoma battle, plus SMU-Houston, Texas Southern-Bishop, Prairie View-Bishop and a heavy schedule of high school games.

We've got groceries that are calling, "Come buy us!" We've got chickens that say, "Come fry us!" Our beef is so fresh it's still bleeding. So after all this pleading Why not come on out and try us!

Other United States Flags have been presented to Wellington Elementary School, the Cub Scouts, and Community Action Center. Part of these were donated by Glynn Moore Post, Veterans of Foreign Wars.

La Paisana Chapter also presented a Texas flag to the elementary school.

Sell it with a Classified Ad.

## DAR Will Give Flag To County Museum

La Paisana Chapter, Daughters of the American Revolution, will present a United States Flag to the Collingsworth County Historical Museum Sunday, September 19.

The ceremony will take place at the Museum, beginning at 2:30 p.m.

This is a part of La Paisana Chapter's activities observing Constitution Week September 17 through 24.

Miss Maudie Coffee, chapter regent, will present the flag, which will be received by Mr. and Mrs. Clyde Drake, president of the historical society and museum director, respectively.

Mrs. R.C. McNett is chairman of Constitution Week events.

## Deputies to Attend Breathalyzer School

County Commissioners Monday passed a resolution giving approval for two deputies in the Sheriff's department to attend a one-weeks breathalyzer school.

This will be held at Lamar University, Beaumont, the last week of October.

The two who will attend the school are to be selected later by the sheriff.

## Fair Art Exhibit Largest Recently

The largest exhibit in several years was featured at the Collingsworth County Fair, with an unusually large number of elementary grade students participating in that category.

Mrs. Phill Cates of Shamrock judged the show.

Likewise, the number of visitors to the exhibit was larger than in most years.

Winners were announced by Kenneth Porter, chairman.

A painting by Glenda Colson was selected as grand champion, while Elvis Emmert of Quail had the reserve champion.

Mrs. Emmert's entry also placed first in the class for oils

and acrylics on canvas or wood.

An entry by Olivia Hill was second and one by Mrs. Colson third.

In the class for paintings in acrylics, pastels and water colors, the entry of Landi White Hart of Amarillo was first, and those by Levonina Messer second and Mrs. Hill, third.

Placing in the category for charcoal, pen and ink on paper were Olyse Kane first, Mary Nell Holton second and Mrs. Hill third.

Grand champion entry of the junior division a seascape by Timothy Ray Taylor, while Carl Myers received the reserve champions rosette for his painting. Other winners were: oils, acrylics on canvas and wood: first Tim Cummings, second Tim Taylor and third Gene Caldwell.

Thomas Wolf won first in the category for acrylics, pastels and water colors. Joe Ed White placed second and another entry by Thomas Wolf third.

In the elementary school division, Lisa Powell showed the grand champion painting and Lesa White the reserve champion. Other winners were:

Oils or acrylics on canvas and wood: first Lynn Bartlett, second Ada Sain and third, Dee Ann Williams.

Water colors or crayons on paper: first Chad Holland, second Mike Myrick and third Lynn Bartlett.

Winners in the charcoal, pencil, and pen and ink drawings were by grades and included: First places: Penny Wilkins grade two; Mindy Baker and Barbie Henry kindergarten; Steve Bentley and an entry bearing no name from the third grade; Barry Moseley, grade 5; and Rose Barker, grade 7.

Second place winners: Toni Bell and Shelly Thomas kindergarten, Leslie Hammons, second grade; an entry with no name, third grade; Dee Ann Williams, fifth grade and Joe Chance, sixth grade.

Third place winners were: Sandy Henard, Stacy Barton and another entry without a name, third grade; and Bill Reeves, fifth grade.

## Forgery Charges Filed Against Pampa Women

Charges of forgery have been filed against two Pampa women wanted in connection with a number of checks given Wellington merchants over a two-months period, Sheriff John Rainey said Tuesday.

Sidney Snyder, 21, was arrested by Shamrock Police Chief George Hooten Monday, Sept. 13, as she entered that town, after being in Wellington, Sheriff Rainey reported. A girl with her was questioned and released.

Forgery charges were also filed against Debra Coates of Pampa, who was arrested in Childress and is being held in jail there on a count from that town also. She also is about 21 years old.

The Snyder woman was arraigned before Beatrice McKinney, justice of the peace, and remains in Collingsworth County jail in lieu of \$1,500 bond.

Sheriff Rainey said both women are accused of buying a controlled drug, prelude, and paying for it with forged checks, or with money obtained by passing forged checks at other Wellington stores.

The checks ranged in amounts from \$20 down to \$11, with one in the amount of only \$1.10, the sheriff said.

# County Educators Hear TSTA Speaker

The Texas Legislature will be asked in its next session to carefully consider the plight and the future of the small schools of the state, county teachers were told Monday evening, Sept. 13. Their speaker was Bill Potts, Region I consultant for the Texas State Teachers Association.

This meeting was held at Quail and was the first of the year for the county unit of TSTA.

Mrs. Melvin Cardwell, president, directed the meeting and Mrs. Denny Marcum, first vice-president, introduced the speaker.

The invocation was by the Rev. Darrell Feemster and the benediction by Bob Copeland.

Miss Sue Wright, county secretary, read the minutes of the March meeting.

During the business session, delegates were named to the District XVI, TSTA

meeting in Amarillo November 4 and 5, including Mrs. Cardwell, Mrs. Marcum and Miss Wright. Mrs. Marcum was also elected a delegate to the state meeting in San Antonio March 17-19, 1977.

Mrs. Dollie Mae Wilson, chairman of the constitution revision committee, presented proposed changes. Working with her were Miss Oleta Mercer, Mrs. Don Van Pelt, Louis Graham, Zeldon Jenkins, Mrs. Glenn Thomas and Mrs. Cardwell.

Members approved the new proposed constitution, which will be sent to the state office in Austin.

Other committees serving the county TSTA this year are:

## Samnorwood and Quail Take Top Honors in Agriculture

The quality of entries in the agricultural division of the Collingsworth County Fair remained high, although dry weather cut the number of entries and eliminated some classes altogether.

Samnorwood Future Farmers entered the Grand Champion community booth, while Quail Future Farmers had the Reserve Champion. Wellington Future Farmers

took third place.

Judging the show was Gaines Franks, Potter County agricultural extension agent.

Greater interest was shown in the open class exhibits, which anyone may enter.

## Joe Montgomery Joins Staff of Dalhart Bank

Joe Montgomery has resigned from the staff of Wellington State Bank to become a teller for Citizens State Bank in Dalhart.

"This is an advancement I feel I must take advantage of," he said.

The family will move to Dalhart this week and he will begin work Monday, September 20.

Another employee of Citizens State Bank is Mrs. Calvin (Cliffa Jean) Tow, a former county clerk here.

Montgomery joined Wellington State 5 years ago, shortly after graduating from Wellington High School.

He is the immediate past president of Wellington Lions Club and belongs to Wellington Volunteer Ambulance Service and the Chamber of Commerce. His wife is the former Vickie McAdams, and they have one daughter, Angel.

Both Mr. and Mrs. Montgomery have been active in First Baptist Church.

Wellington Independent School District. FFA members collected them and prepared the exhibit.

**Fumbles Cost Seventh Grade Game Thursday**

By Lynn Wolf

The first game for the young Firecracker team proved to be a tough test. Wellington took the opening kick-off and moved down the field with ease until a fumble stopped them.

The Firecrackers' defense never got untracked as Shamrock's Greg Bigger ran 47 yards the first play they had the ball for a TD. The PAT attempt was stopped by the defense.

The next series of downs the Firecrackers moved the ball across mid-field, picking up 15 yards before fumbling the ball to Shamrock again.

It took the Irish only seven plays to score. Brent Gandy carried the last 10 yards for the TD. Again the PAT was no good.

Raymond Mackey lead Wellington back to the Shamrock five yard line. But another fumble stopped the scoring drive.

The rest of the game was a personal dual between Mackey and Bigger of the Irish. Both young men did a good job of running the ball, and tackling on defense. The final score was Shamrock 12, Wellington 0.

#1—continued from page 1B the barbecue dinner and decorated the tables in a western motif.

Attending from Wellington were Mrs. Lonnie Roberson, Mrs. Raymond Hodges, Mrs. Kenny Brown, Mrs. Gary Brewer, Mrs. Don Reeves, Mrs. James Williams, Miss Sue Wright, Mr. and Mrs. Walter Camp, Louis Graham, also

Bob Copeland, Mr. and Mrs. Bob McAlister, Mr. and Mrs. Don Van Pelt, Mr. and Mrs. Dennie Marcum, and Mrs. Melvin Cardwell. Quail teachers were Miss

Oleta Mercer, Miss Becky Cochran, Rev. and Mrs. Darrell Feemster, Mrs. Dollie Mae Wilson, Mrs. Clovis McCary and Mrs. E.P. Haynie.

Present from Samnorwood were Kenneth Martindale and Mr. and Mrs. Dale Morris.

GENERAL ELECTION NOV. 2, 1976

**NUMBER ONE ON THE BALLOT (S.J.R. 49)**

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

**NUMBER TWO ON THE BALLOT (H.J.R. 99)**

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

**AVISO PUBLICO**

RESUMEN DE  
LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION  
**ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976**

**NUMERO UNO EN LA BOLETA (S.J.R. 49)**

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de tres terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Río Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

La enmienda remueve el requerimiento constitucional que ciertas rentas deben de ser usadas para retirar bonos para el desarrollo de agua y el encarecimiento de la calidad de agua y remueve el límite constitucional de la tasa de interés en tales bonos.

La fraseología de la enmienda propuesta tal como aparecerá en la

boleta es lo siguiente: "La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos del Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

**NUMERO DOS EN LA BOLETA (H.J.R. 99)**

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

**Flower Show Quality High Despite Drouth**

In spite of prolonged dry weather, the Collingsworth County Flower Show brought in many excellent entries from Wellington gardens. These showed, for the most part, the interest of residents in new varieties, as well as maintaining quality through summer-long care.

The grand champion's rosette in division 1, for flowers, went to Mrs. Ray Clubb, while Mrs. Coy Vaughan took the reserve championship.

Division 2 winner, for potted plants, went to Mrs. Chester Fires, for a pony tail plant, while Mrs. Claude McKinney showed the reserve champion, a cacti arrangement.

The purple rosette for hanging plants went to Mrs. Earl L. Bartlett, who showed an Ivy in a pottery bowl with macrame hanging. The reserve champion was exhibited by Mrs. Richard Nall, an ivy in pottery bowl, placed on a stand made from an old-fashioned milk can with tole decorations.

Judging the show were representatives from the three flower shops, Mrs. O.E. Dodson of Dodson Greenhouse, Mrs. Cecil Shanks of Wellington Florist and Miss Mary Bearden of Busy Bee.

**ARRANGEMENTS**

## We Can Help Shape the Plan For Texas Water Development

Everyone interested in development of Collingsworth County waters will have the opportunity to make recommendations or express opinions in a public forum in Amarillo Tuesday, Sept. 28, at 9:00 a.m. This is sponsored by the Texas Water Development Board to give local and area groups the chance to air their problems and present opportunities.

We from Collingsworth will have the same chance to speak out as those from any other county. Our voice will carry as much weight as any other voice.

The information given in this and 20 similar forums over the state will be used by the Texas Water Development Board in working up its new comprehensive plan for the use and development of the state's waters. It will be presented to the Legislature early next session, and it will try to meet both present and future water needs of all parts of Texas.

The Amarillo meeting is our opportunity to help shape this water plan.

At a meeting in Canadian earlier this summer a Water Board representative brought out that counties such as Collingsworth will be eligible for water development. Our own efforts to develop one or more of our streams, sought since World War II, have not worked out. Certainly this opportunity should not be overlooked.

We have less than two weeks to think about our county and area water needs and their long-range development. Some of our leaders know what they believe these should be. Others of us need to get behind them and also do some thinking on our own.

The Amarillo meeting will be at Quality Inn, I-40 East.

Anyone unable to go to Amarillo could pick up one of two other area meetings:

Lubbock Tuesday, Sept. 21, High Plains Underground Water District auditorium, 2930 Avenue Q, 7:00 p.m. or

Wichita Falls, Monday, Oct. 25, Texas Electric Service Co., 900 Scott, 9:00 a.m.

#### Halting Downward Spiral

With service suffering and usage declining because of poor service and increasing costs, it's time to give the U.S. Postal Service back to the government. And a proposal by Texas Sen. Lloyd Bentsen, Jr. that would prohibit closing of post offices, freeze rates and provide a subsidy to underwrite the postal deficit seems the first step toward this end.

We cannot do without an efficient, reliable postal system. Since the quasigovernment U.S. Postal Service was begun costs have increased astronomically, service deterioration has become endemic and morale of employees has spiraled downward.

Bentsen's efforts in support of the postal subsidy bill have contributed to its passage in the Senate. A compromise bill is due House action this week and likely will be signed into law before Oct. 1.

"Proposals to shut down third and fourth class post offices threaten more than 600 post offices in rural areas and smaller cities in Texas. Many, in fact, already have been closed," Bentsen said in a campaign speech in Vernon. "And plans to further reduce postal services by such things as eliminating mail deliveries on Saturdays, threaten everyone in our state," he added.

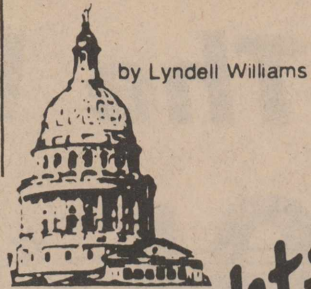

A line has to be drawn somewhere between the public interest and costs of postal service. We feel the line drawn by pending legislation is a good stopping point. Postal service deterioration should be halted at whatever justifiable cost.

## Highlights AND Sidelights

AUSTIN — That proposed \$298.3 million Southwestern Bell Telephone Company rate increase isn't likely to go into effect until next year, if at all.

The company, under Texas Public Utility Commission rules, had to publish notice in newspapers for four weeks that it plans the raise October 7. That's 35 days from the day it filed recommended new rates with PUC.

The commission is expected to vote September 20 to require Bell to defend its request in public hearings.

Hearings will be held during the next three months, and the regulatory agency has 125 days after October 7 to act on the rate case.

PUC attorney John Bell already has filed a protest that the rates are "excessive," and has requested that action be suspended during the 125 day period. His motions will be considered by the three commission members at the Monday (Sept. 20) hearing.

Also to be considered at the pre-hearing conference next week is a request by Texas Municipal League to permit city governments to intervene in statewide rate cases over which PUC has original jurisdiction.

Richard J. Hoyer, mayor of Monahans and chairman of TML's Public Utility Council, argues that all essential evidence pertinent to the rate case cannot be developed without interventions by city governments and other interested parties.

**Aid Up**  
Texas state and local governments are becoming increasingly reliant on federal aid, Comptroller Bob Bullock reported in a recent study.

Federal aid is now running about a fourth of all total revenue received by state government.

The study showed more than \$2.2 billion was received by Texas units of government in 1975.

The figure has been increasing about 15 per cent a year, but the increase slowed to 3.5 per cent and 3.4 per cent in 1974 and 1975.

Texas, which ranked fifth in total federal aid among the states, ranks 47th in per capita receipts.

For every dollar Texas contributes in individual federal income taxes to finance federal aid programs, it gets back 82 cents in federal aid, according to Bullock's findings.

**Connally On Job**  
Former Texas Gov. John Connally stepped in as head of the President Ford campaign in Texas after turning down national campaign assignments.

Connally said he expects an aggressive effort in the state, and thinks Ford can win by pinning down Democrat nominee Jimmy Carter on the issues.

A Texans for Ford organization also is forming to wage a particular appeal to independent and conservative Democratic voters.

State Rep. Ray Hutchison of Dallas is expected to be Connally's right-hand man in the state campaign organization.

#### AG Opinions

Governor's Office Education Resources data on school district taxable property values is open to public disclosure, though unedited and not checked for accuracy, Atty. Gen. John Hill held.

In other recent opinions, Hill decided:

Board of Mental Health and Mental Retardation does not have power to adopt a policy giving its state-paid physicians authority to carry on private medical practice at MHMR facilities.

Authority given Harris County commissioners to regulate private water company rates was replaced by the Texas Public Utilities Commission.

Travel records of certain state auditors relating to an investigation are exempted from public disclosure.

## This ad is for people who didn't read the last ad about holding down their gas bills, and wish they had.

(Please, read it this time.)

We all have to face facts: the days of cheap energy are over. Gas bills have been going up. That's why we've been telling our customers how to hold their bills to a minimum.

A lot of people are already using gas more wisely. If you are one of them, read on just in case you've missed a tip or two.

If you are not one of them, this is the time to start. Here's how:

**Get out of hot water.** Hot water is one of the biggest and most expensive energy users in the home. A shorter, not-quite-so-hot shower helps save money. A dripping hot-water faucet is a bandit.

The same is true in the kitchen and laundry room. Wash only full loads in the dishwasher. Wash and dry only full loads of clothes. Don't overdry. It makes clothes harsh and stiff and wastes fuel.

**Speaking of the kitchen,** you can save gas by planning oven meals around dishes that can be cooked at the same temperature. When using top burners, tailor the flame to fit the pan.

**Get your house in order.** Make sure you have six inches of insulation in the attic. And check regularly to make sure it hasn't settled. Make sure your exterior walls are insulated. Check the weather stripping around doors and windows, and make sure they stay closed when the heating or air conditioning is on.

No single one of these tips will save you an immense amount of money, but each one helps a little. Add all those little savings up, and it could make a big difference.

### ADULT ORGANIZATION WINNER

Wellington Young Homemakers, with their winning float in the adult organization division, remind that while the Liberty Bell rang out for freedom 200 years ago, the dedicated homemaker stayed home to wash dishes and cook. But guess who's washing the dishes today? This float placed second in the overall judging.

## Wellington Will Host 1977 Panhandle SWC Districts

Attending the recent meeting of the Panhandle Association of Soil and Water Conservation Districts were Tommy Powell, unit conservationist, Soil Conservation Service, Dan Henard, Jr., and John Brim, board members of Salt Fork SCD.

The meeting was held in Pampa.

Wellington will host the 1977 meeting of the Panhandle Association of Soil and Water Conservation Districts on the third Wednesday of August, 1977. The invitation was extended by three men attending, and it will be the first time in several years that Wellington has hosted the

group.

Dr. John Shipley, research economist and head of Etter Research Farm, Etter, presented a program on experimental results of irrigation on the high plains.

During the business session, members passed a resolution opposing the setting up of USDA service centers, in which all agricultural agencies of a county would be housed in one building, with common office space and equipment, and one phone.

The resolution will be submitted and acted on at the state meeting of soil and water conservation district directors in McAllen October 12-13.

Charles Wood, a state director of the Association of Texas SWC Districts, presented a report on the activities of

that organization and of the Texas State Soil and Water Conservation Board.

Twenty-five soil and water conservation districts are members of the Panhandle Association of SWCD's. They include: Hall-Childress, Tule Creek, Gray County, Cap Rock, Donley County, Dallam, Salt Fork, Lipscomb, Running Water, Moore County, Hemphill County, Parmer County, Wheeler County, Ochiltree, Tierra Blanca, Roberts, Hutchinson, Palo Duro, Hansford, Hartley, Oldham County, Staked Plains, McClellan Creek, Sherman County, and Canadian River Soil and Water Conservation Districts.

Officers of the association are Don W. Rader, President; James Bible, vice-president; and Frank Buzzard, Secretary.

### OVERALL WINNER

Wellington State Bank entered the winning float in the Commercial Division of the Collingsworth County Fair, and later it was judged the overall winner of all entries. Besides the huge watermelon

slice, bearing "the seeds of future banking," each youngster riding the float had a slice of his own to enjoy as he rode along.

### FIRST IN YOUTH DIVISION

Here come the Girl Scouts, with their winning float in the youth division of the county fair parade. To help them celebrate the Bicentennial, the girls asked Mr. and Mrs. George Washington, Abraham Lincoln, Sam Houston, Ben Franklin and Betsy Ross to stand proudly around the flag.

## Hunters Certified by Safety Training Study

AUSTIN -- In the first five years of operation, the Hunter Safety Training Program sponsored by the Texas Parks and Wildlife Department has certified 25,000 Texas hunters. The majority of these students were teenagers with little hunting experience.

Now, many schools are offering hunter safety courses as part of outdoor education, lifetime sports and Junior ROTC courses. This should increase the opportunities for young people to learn hunter ethics, game laws, landowner relationships, field etiquette and respect for the environment.

According to T.D. Carroll, P&WD Hunter Safety Coordinator, credit for the success of the program must go to the dedicated men and women volunteer hunter safety instructors. "In all," said Carroll, "they have contributed more than 22,000 hours of their time to train hunters and recreational shooters."

The trend among instructors is to give more attention than required to range exercises, live firing and

other activities.

Classroom work includes wildlife conservation, game identification, basic survival and field first aid.

Instructors emphasize that knowledge, skill and the attitude of the participants are important in hunting and shooting sports.

## Reeves Judges Steer Show

Don Reeves, agricultural extension agent, judged the annual 4-H-FFA Steer Show in Dalhart Friday, Sept. 10.

This was a three county show, Dallam, Hartley, and Sherman. Approximately 80 steers were entered. Robert Devin is extension agent.

## P&WD Taking Fish Delivery Applications

AUSTIN -- Channel catfish and sunfish now are being delivered to private pondowners who applied for such species of fish prior to Jan. 1 of this year.

Officials at the Texas Parks and Wildlife Department's Inland Fisheries Division say they now are taking requests for channel catfish, sunfish and largemouth bass to be delivered in 1977.

According to P&WD hatchery coordinator Ted Lowman,

## Migratory Waterfowl Season Announced

Dates of the coming 1976-77 migratory waterfowl hunts, including duck and goose seasons were announced recently.

In the high plains-Panhandle portion of Western Texas, ducks and coots may be hunted from Tuesday, November 2, to Sunday, January 23.

Goose hunting is also Nov. 2 to January 23. Daily bag is 5 geese, with no more than two dark geese daily and possession of 5, no more than four dark geese in possession.

A 100-point-plus system for determining duck bag limits is again in effect this year.

--100-point birds: Canvasback only, except the season remains closed on both canvasbacks and redheads in Brazoria, Chambers, Galveston, Harris, Jefferson and Orange Counties.

--70-point birds: Mallard hens, wood ducks, redheads and hooded mergansers.

--10-point birds: All teal, pintail, gadwall, scaup, shoveler and mergansers except hooded species.

--20-point birds: All other species and sexes. The season remains closed on black-bellied and fulvous tree ducks and

Mexican ducks.

Daily bag and possession limit on coots during the duck and coot season is 15 and 30 respectively.

The sandhill crane season was announced at the same time.

In Zone B, which includes the eastern portion of the Panhandle, cranes will be legal from Saturday, December 4 through Sunday, January 30.

The daily bag is three and possession limit is 6.

Hunting hours are 30 minutes before sunrise to sunset for geese, ducks, coots, cranes, snipe and woodcock.

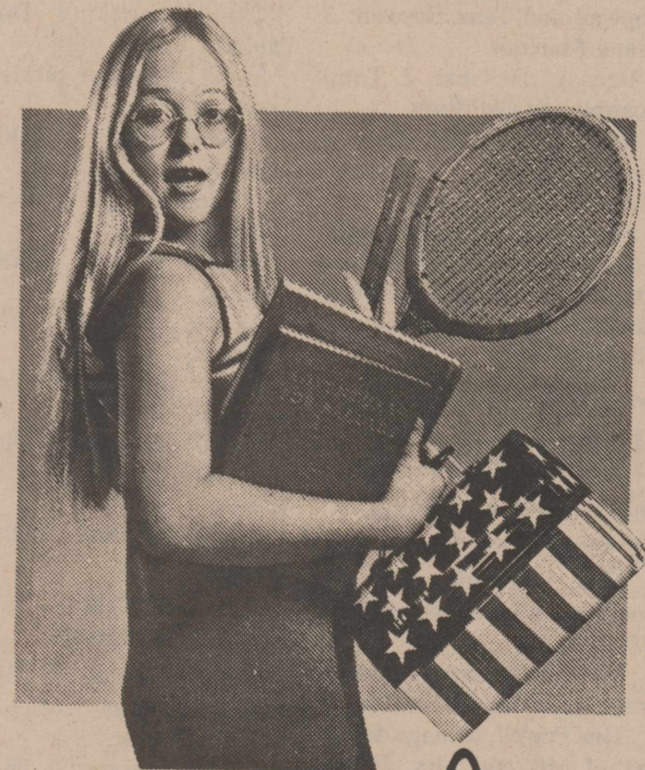

## Tech Offers Masters Degree in Agriculture

LUBBOCK -- A Master of Agriculture degree program will be offered for the first time at Texas Tech University this fall.

"The new program will permit students to gain advanced knowledge in any area of their interest, along with general agriculture," Dr. Anson R. Bertrand, dean of Texas Tech's college of agricultural sciences.

The new degree is a 36-semester-hour program and students will be advised by faculty members on the selection of courses.

At present the college offers the Master of Science degree in 13 major fields and a Master of Education in agricultural education. The college has seven departments and two sections. They include: agricultural economics; agricultural education; agricultural engineering and technology; animal science; park administration and landscape management. The two sections are entomology and food technology.

### Narrow Row Spacing Increases Production

Narrow-row spacing (20- to  
30-in.) has increased yields of  
dryland sorghum 15 to 20%  
over that obtained with  
conventional 40-in. row spac-  
ing from 1968 through 1975.  
Grain sorghum with narrow-  
row spacing provided an  
earlier and more complete

canopy which intercepted  
more rainfall, increased water  
intake, intercepted more  
sunlight, and reduced evapo-  
ration over that of convention-  
al-spaced sorghum. Grain  
sorghum production can  
increase yield by growing  
sorghum with narrow-row  
spacing (27- to 30-in.) using  
conventional farming equip-  
ment

The worst drought in 500  
years has hit England and the  
European countries. Parts  
of England have had only five  
inches of rain in the past nine  
months. France is also hard  
hit. A recent thunderstorm  
just ran off the parched and  
cracked soil. Wales has had to  
cut water supplies to industry  
in half and the French owned  
electric utility complex will run  
up a \$200 million tab for  
importing oil and coal to  
generate electricity which was  
lost due to low water levels.

For England, the drought  
comes at an unusually bad  
time. The governments anti-  
inflation program is barely a  
year old and this dry spell  
could wreck efforts to keep  
employment up while keeping  
inflation down. Unemploy-  
ment in England is 6.4%, a  
record number which will  
creep higher as large  
companies continue to lay off  
workers. One company has  
gone completely out of  
business. An 85 year old  
umbrella maker closed its  
doors after six months of  
sunshine simply dried up its  
sales.

Farmers are suffering the  
most and the loss of  
vegetables, potatoes, and  
feedgrains will push prices  
higher and force greater  
imports of agricultural pro-  
ducts which puts more  
pressure on the British pound,  
now at an all time low.

The English government  
has been running ads to get  
consumers to use less water.  
Listen to some of the  
suggestions being made:  
"Take a shower instead of a  
bath as it uses far less water.  
If you haven't a shower, then  
limit your bath water to five  
inches—and try to use water  
for more than one person.  
Don't let the tap run while  
you're cleaning your teeth or  
washing your hands as each  
running tap uses up to five  
gallons a minute. Flush your  
lavatory the minimum number  
of times necessary to retain  
hygiene. Even better, flush  
with waste water. In the  
kitchen, save your washing up  
until you have enough to make  
full use of your bowl of water.

Washing machines and dish-  
washers use tremendous  
amounts of water. So don't use  
them until you've a full load.  
And try to reduce the number  
of rinses on automatic  
machines. Garden hoses and  
sprinklers are now banned.  
But it would be madness to  
use them anyway."

Texas was first in watermelon  
production, according to the  
1975 Texas vegetable Statis-  
tics book.

Nationwide, Texas ranked  
fifth in total vegetable  
production behind California,  
Wisconsin, Florida and Minn-  
nesota, Agriculture Commis-  
sioner John C. White  
reported.

### Texas Number One In Spinach Production

AUSTIN—Little boys may  
not like it, but Texas continues

# Thanks, Folks

For Helping Make the  
1976 Fair a Success

We want to express our sincere appreciation to everyone  
who helped to make the 1976 Collingsworth Fair such a success.

We especially thank the heads of the departments and their  
assistants, and the organizations and individuals who assumed  
the responsibility of making the arrangements for the exhibits,  
the carnival, the square dance, the terrapin race, the barbecue,  
the parade and all the events of The Fair.

We would like to report that The Fair was a success. As we  
thank each of you, we ask for your continued help next year and  
your suggestions for improvements in The Fair. Please write  
down your comments now while they're still fresh and mail  
them to us.

# Rockets Stage Own Fireworks, Soar Over the Indians 46-8

By Lynn Wolf

The county was to see a big fireworks display Saturday, but the Skyrockets staged their own Rocket show one night ahead of time here Friday night. Wellington rolled over Quana 46 to 8.

Dan Ford ran 47 yards for the first touchdown of the night with 8:03 left in the first quarter. The PAT (point after touchdown) was kicked by Jessie Davis.

Quana ran three plays and punted to the Rockets. This time Wellington went 45 yards in seven plays, with Jessie Davis running the final seven yards. Wellington put two more points on the board with a fake kick. Shane Tarver threw to Tony Martinez for the PAT.

Quana tried traps up the middle all night. Allen Sanders, Cliff Pennon and Jessie Davis made the backs carrying the ball miserable. The defensive line sacked Indian QB Perry Richardson several times, and made him rush his passes all night.

On the second play of the second quarter Shane Tarver ran 57 yards for a TD. (The PAT was no good.) On this play and many others Tarver showed that he had speed to spare. For the next score Carl Taylor threw to Dan Ford for a thirty yard TD.

With a comfortable lead Coach James Williams sent in the second team. At this point in the game the Indians had not made a first down. Quana made two first downs in a hurry, which caused Williams to put the first team back in. The Indians then lost 12 yards in three plays, then punted.

Coach Williams inserted the second team backs behind the first team offensive line. This combination was good for an 80 yard drive in nine plays, with Ricky Jones running the

last two yards.

Quana got their only points of the first half as Carl Taylor was trapped for a safety. (This is the second week in a row the Rockets have been caught for a safety.) The teams went into the locker rooms at half time with Wellington on top 33 to 2.

When you're hot you're hot, and Wellington was hot Friday night as the first and only punt for the Rockets traveled 52 yards.

Next, Arnie Ingram ran a 62 yard TD for Wellington. This shows the excellent depth of the Rocket backfield. Wellington has good speed in all its backs. Davis kicked the PAT.

The second team played the remainder of the third and fourth quarters. The second

team found the ball to be a little slippery as they fumbled five times and Quana recovered all of them.

Quana QB Perry Richardson threw a 31 yard TD pass to Jesse Jalamo for the only TD of the night for the Indians.

After this, the second team put it all together on a 55 yard drive in nine plays. Ricky Jones ran the last yard for the score. The PAT was no good, making the final score Wellington 46, Quana 8.

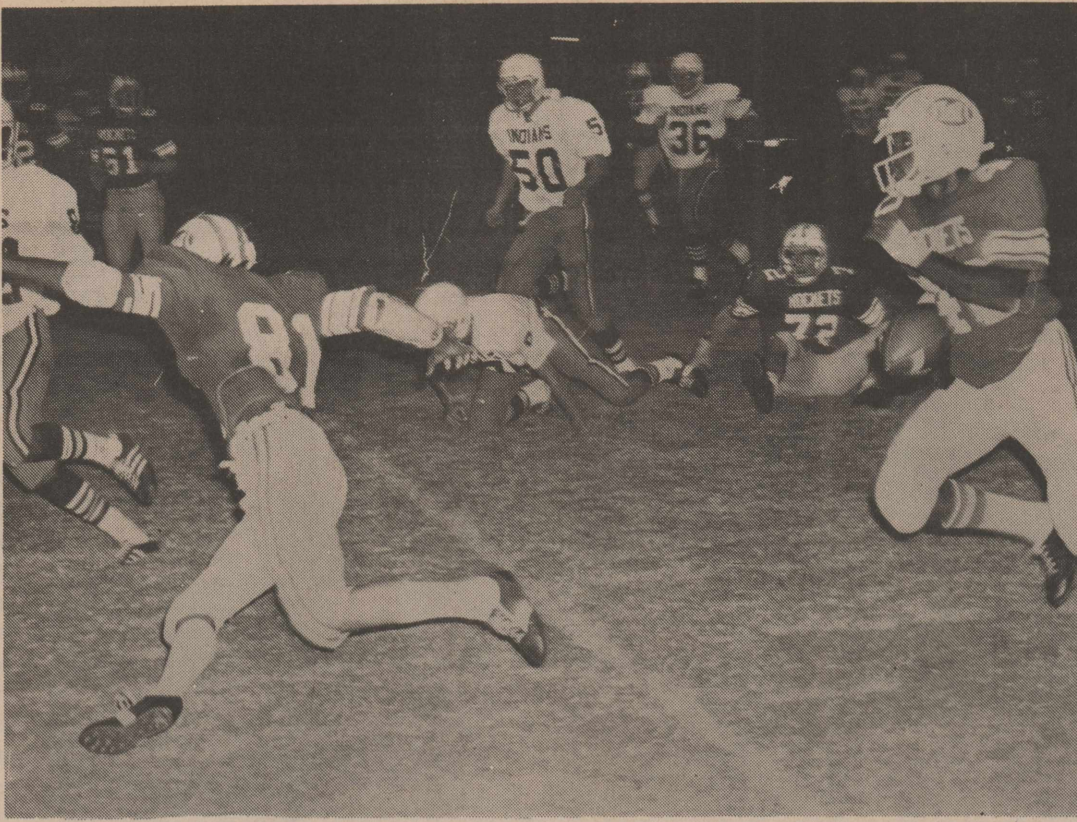

The offensive line of Tony Martinez, Joe Baumgardner, Richard Garcia, Allen Sanders, Danny Morris, Don Allred, and Cliff Pennon moved Quana with ease all night. It was a real pleasure to see big holes in the line for the backs to run through and the good pass blocking they did all night long. Congratulations, line, on a job well done. Do it again against Phillips this week.

## Weakness in Feeder Market

By Lynn Wolf

Things aren't too bright for the feeder cattle market, at least for the remainder of 1976, says a livestock marketing specialist for the Texas Agricultural Extension Service. Feeder prices are expected to weaken into the fall and winter due to continued weakness in fed cattle prices, big feedlot losses, no major drop in sight for feedgrain prices, a big supply of feeders still available, and more competition from other meats. Choice feeder steers in the 600-700-pound range will likely move to the low \$30's by October, with many feeders moving to slaughter during that period.

## Junior Varsity Downs Irish JV 2-0 Thursday

By Lynn Wolf

The Rockets were flying high here Thursday night. The Junior Varsity rolled up 14 first downs to Shamrock's 4, while posting a 20 to 0 victory.

Wellington out-hit, out-ran, and out-scored Shamrock. The game also showed the superior condition of Wellington during the 3rd and 4th quarters.

The opening score came on a 31 yard pass from David Baumgardner to Kevin Needham. This play capped a 99 yard drive for the Rockets. Wellington took possession on the one yard line following a fumble by Shamrock there.

Robert Powell intercepted an Irish pass to end the first half. The Rockets received the second half kick-off and returned it to the 40. Wellington's offensive line opened big holes in the defensive line of Shamrock. This fine blocking set up a 60

yard scoring drive. Roy Cardwell ran the final 22 yards of the drive.

The final TD of the game came on a 25-yard pass from Baumgardner to Powell. Baumgardner passed to Baldo Neveraz for the PAT, making the final score 20 to 0.

The offensive and defensive line completely outplayed their counterparts from Shamrock. The fine blocking made Robert Powell look real good as he quickly hit the holes and

## United States Still Growing Steadily

Since the 13 original colonies banded together 200 years ago, the United States has been growing steadily.

From a land and water area of less than 900,000 square miles in the 18th century, we've grown to nearly 3.7 billion square miles today.

## Veteran Home Loans High

Activity in the Veterans Administration's home loan guaranty program during fiscal year 1976 was the second highest since the peak years of the mid-1950's, Jack Coker, VA Regional Director, reported today.

More than 617,800 appraisal requests were received during the 12-month reporting period, the fifth highest total in the program's 32-year history. The 178,096 requests received during the fourth quarter of fiscal year 1976 was the highest quarterly figure since the final three months of fiscal year 1972.

Loan applications were up 12 percent over the previous year, the nearly 379,000 applications representing the program's sixth highest fiscal year total. The 39,970 home loan applications in June was

the highest monthly total August 1972.

More than 9.3 million veterans have borrowed \$122.9 billion under the Loan Guaranty Program it was established in 1946.
