Moore Serving Sentence

Tommy Moore started his 35-year sentence in the state penitentiary at Huntsville this week.

Sheriff Dick Dyer said formal sentence was pronounced Sunday after Moore failed to appeal the case. The prisoner was transported to Huntsville Monday to begin serving his sentence.

A Lamb County jury found Moore guilty of murder with malice February 27. He was charged in connection with the Aug. 4, 1957 slaying of his wife, Sophia, 36, in the front yard of their home in south Olton.

Moore is 51 years old.

Rec Club Plans Easter Egg Hunt

Pledging to "try harder" to increase membership, an Olton Recreation Center committee discussed plans for the organization at a breakfast Tuesday morning.

An Easter egg hunt, which is scheduled April 6, was the most discussed project. With Basil Sherman as chairman, the hunt will be for youngsters throughout the Olton area—including neighboring towns.

Several prizes will be offered to the top egg hunters in different age groups, the committee decided. The golf course will be the scene of the event.

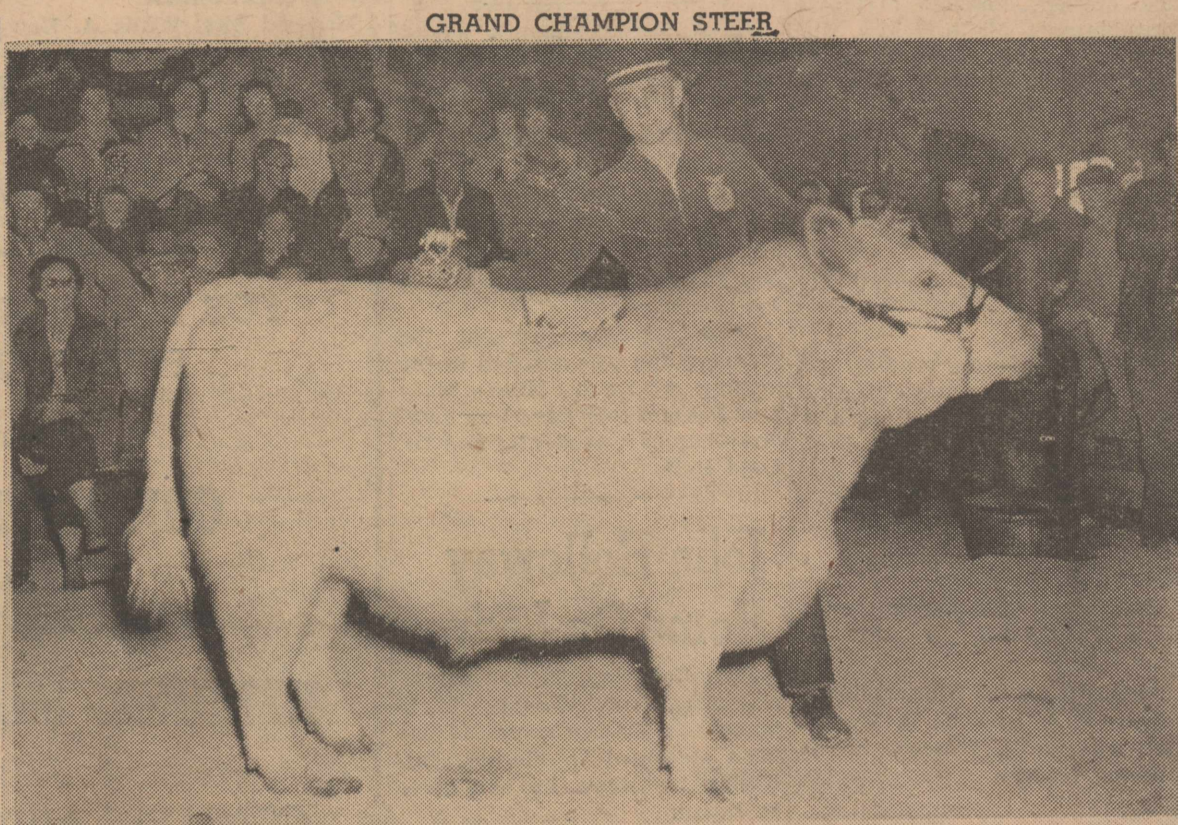

Elmer J. Moore, ORC vice president and membership committee chairman, presided at the meeting which was in Ideal Cafe. Seventeen members were present.

OOPS! OMISSIONS

Two winners of prizes during Cash Way Food Store's anniversary celebration March 1 were omitted in last week's story of the event.

Hubert Waldrop won a set of Rivera copper cookingware and Mrs. Billie N. Smith was a winner of a ladies' wrist watch.

Students Selected For District Literary Meet

Olton students will participate in University Interscholastic League literary events this month. District 2-AA contests will be conducted at Tulia and Canyon.

First of the series of contests is the one-act play. It will be in Tulia March 18. Six schools—Olton, Tulia, Muleshoe, Dimmitt, Dalhart and Canyon—have entered. Time of the first play is 3:00 PM. The sixth begins at 7:30.

Olton actors will perform at 5:30. Title of their production is "The Old Lady Shows Her Medals." It is being directed by Fred Mullinax, high school speech instructor.

Actors are Pat Moss, Gerry George, Harlan Carson, Charlotte Gibson, Jessie Thomas Ruth Porter.

Other literary contests will be Canyon March 22.

Olton entrants are: Barbara Gray, senior girls declamation; Judith Chester, alternate;

L. H. McAdams, senior boys declamation; David Hamm, alternate;

Shirley Matney, junior girls declamation; Mary Austin, alternate;

Harvie Jordan, junior boys declamation; no alternate; James Simmons, boys poetry reading; Jerry Meyer, alternate;

Judith Chester, girls poetry reading; Gayle McAnally, alternate; Jerry Moore and Sydney Hair, spelling; Jo Ann Buckner and Sharon Copeland, alternates; Joe Alcorta, L. H. McAdams and Joe Pendleton, number sense; Sonny Bryant, L.H. McAdams and David Hamm, slide rule; Pat LaFrance, L. H. McAdams and Charlotte Gibson, typewriting; Mary Scribner, Gayle McAnally, ready writing; and Nelda Green, alternate; Geneva Curry, Lavon Estes, and Joe Price grade school number sense.

Elimination contests have been held the past few days at school. Practice will continue by the winners until contest time.

An Olton Era Ends; Judge Burrus Dies

An era ended Friday for Olton and Lamb County with the death of Edward Neal Burrus.

Mr. Burrus, a former county judge, was 86 years old.

Judge Burrus died Friday night at his home. He had been confined to his bed for the past three years.

Judge Burrus was born July 18, 1871 in Henry County, Mo. At the age of three he moved to Cook County, Tex., with his family in 1874.

He moved to Wichita County in 1883 and worked as a cowboy when range grass was

free. There were only five houses in Wichita Falls at the time.

Judge Burrus came to the Plains country where he was destined to become one of the empire builders of his time in 1891.

We worked for the Yellow House division of the XIT ranch for a period of years in the nineties. XIT stands for "Ten Counties in Texas."

Boundaries of the big XIT embraced more than 3,000,000 acres. The land went to the owners of the world's largest piece of real estate in return for construction of the state capitol building in Austin.

Judge Burrus was married in 1898 to Miss Van Doney Walling in Floydada. The couple came to Lamb County in 1899.

Judge Burrus was influential in helping to organize the county in 1908. He was the first man to build a house in Lamb County.

The house was built five miles southwest of the present site of Olton in the winter of 1899. The lumber for the home was hauled in from Estelline, Hall County.

The home was built on a two-section tract of state-owned land which Judge Burrus settled on and purchased at \$1 per acre with 40-year terms. Judge Burrus helped to organize the first Sunday School in this area in 1900. He was named county tax assessor in 1918 and served two terms as county judge beginning in 1925.

Judge Burrus got most of his formal education in log huts and dugouts. But the Great Plains country he loved so well was indeed liberal in showering him with practical wisdom.

Judge Burrus said trail drivers like Chisholm were before his time but he often told of making trail drives from Artesia, N.M., to Amarillo when Amarillo was a small town of

Entries From Here Champion Every Division At Littlefield Last Week End

Continuing their impressive show ring record, Olton junior showmen placed the grand champion in every division of Lamb County Annual Junior Livestock Show last weekend at Littlefield.

Carl Nafzger's white, 1060 pound Shorthorn was named the grand champion steer.

Grand champion barrow award went to a Chester White shown by Fred Riney.

Gail Bizzell, was the owner of the grand champion Shetland pony.

A grand champion was not named in the sheep division, but Olton youths won each of the three classes. David Cole exhibited the champion fine wool lamb; a Southdown owned by Darryl Dennis was judged first in his class; and John Burrow was the owner of the medium wool winner.

Reserve champion in the Shetland pony division went to Laura Lee Aiken, John Adams exhibited the reserve champion barrow.

Showmanship trophies, which were awarded by Littlefield Rotary Club, went to Joe Riney in the swine division; Darryl Dennis, sheep; and Gayle Machen, Shetland ponies.

Shetland Showman Charles Giles was given a Clean Pen award.

Raymond Lewis, Olton farmer, was Shetland pony judge. Other

divisions were placed by T. L. Leach, Texas Tech agriculture department.

Other placings by Olton showmen in the steer division included Elmer Houston, fourth, heavy dry lot steers; and Roy Neal Jones, first, light dry lot steers.

In the class for Shetland ponies over three, Deana Kay DeBerry, second; John Wayne Stiles, third, Dale DeBerry, fourth; and Charles Giles, sixth.

For Shetlands under three, Miss Akin, first; Gayle Machen, second; Gary Bizzell, fifth; and Bobby Glasscock, sixth.

Dewey Hukill placed first and Curtis Hall second in the class for lightweight Poland China barrows.

Olton placings in the Poland China heavy class were Roy Neal Jones, first; Randall Small, second; Jimmy Whitefield, fourth; Gary Johnson, fifth, and Devern Mandrell, sixth.

Chester Whites: Fred Riney, first and second; David Cole, fourth; and Gayle Machen, fifth.

Hampshires: Ronnie Dennis, first; T. J. Smith, second; Jimmy Robbins, fourth; and James Carson, fifth.

Heavy Durocs: John Adams, second; and Lennon Young, third.

Light Berkshires: Jerry Mathis, first; and T. J. Smith, fourth.

Light Durocs: John Adams, first; and Lennon Young, second.

Southdown Lambs: Darryl Dennis, first and second; John Paul Jones, third and fourth.

Medium Wool and Crossbred Lambs: John Burrow, first; Ronnie Dennis, second; Houston Hamby, third; and Roy Neal Jones, fourth.

Muddy roads caused some Olton entries to miss the show,

GRAND CHAMPION BARROW

FRED RINEY showed this Chester White barrow to a grand championship.

J. C. Lane, FFA advisor said. In regard to the show, Lane commented, "It was the finest show they've had at Littlefield. The stock show committee of the chamber of commerce certainly did a fine job."

Next show for the Olton chapter is the Annual South Plains Junior Fat Stock Show, at Lubbock, March 17-18-19. Lane says most of the stock which was shown at Littlefield will be entered in the Lubbock event.

Plainview follows Lubbock on the show circuit. The show there, which Olton will also participate in, is scheduled for the last week in this month.

Most of the stock will be sold in the remaining two shows, Lane said. No sale was held at

Littlefield. Already this year, 51 steers and 146 barrows have been sold by Olton FFAers. One steer was sold in San Antonio, 21 in Dallas, 11 in Houston, and 18 in Olton. Barrows were sold in Olton, Dallas, Houston, Amarillo, and San Antonio.

"We won't have much stock held over for next year," the ag teacher said, "but feeding, and planning, for '59 is underway."

IN TUESDAY NIGHT MEETING

Council Discusses An Abundance Of Business

Six men—three city aldermen and three firemen—will be in charge of Olton's emergency radio set. The decision was made at a regular city council meeting Tuesday night.

Mayor D. Y. Ray and Fire Chief Tom Smith will appoint the operators and will be in command of the set.

Chief Smith and David Maxey, assistant chief, met with the aldermen. At their request, the council voted to adopt new policies concerning the fire station. Effective now, fire de-

partment members who resign must turn in their keys to the station; no non-member is allowed in the station unless accompanied by a member; and no school classes or public meetings will be held in the station.

Also meeting with the board

were Frank Day and Gene Owen, attorneys from Plainview who represent the city.

Widening of Highway 70 was discussed. Dr. Lynn Fite, alderman, was appointed the city's representative to work with the Chamber of Commerce and Agriculture on the improvement. It was explained that property owners would have to give the right-of-way for the road to be widened and would also have to pay for curb and gutter in front of their property.

A meeting of officials of Olton and nearby towns was discussed. Purpose of the meeting will be to establish a warning system for the area in case of a disaster threat. Smith will be in charge of arranging the meeting.

Maxey asked the city dads to consider buying a station wagon to be used by the fire department to haul accessory equipment and to serve as an emergency ambulance.

A motion was passed to "see about" buying a used pickup to replace the city-owned International. It was explained that the pickup in question was worn out and needed to be replaced. Discussion was conducted concerning selling one fire truck and buying another. Smith was asked to "look around" and find out what deals could be made.

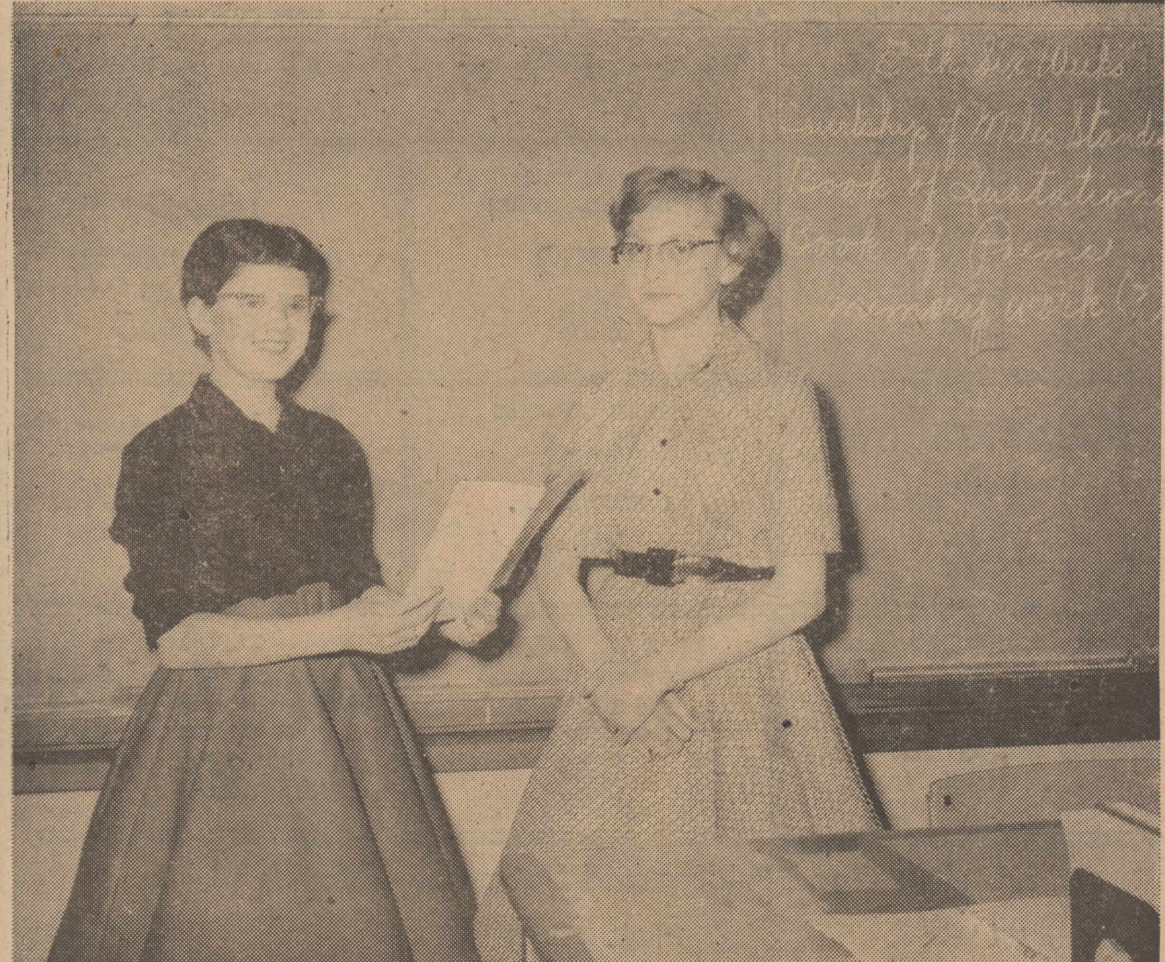

Delinquent water accounts were considered, but no official action was taken. City officials present, other than Mr. Ray and the fire department heads, were Aldermen J. C. Hamby, T. M. Campbell, A. D. Adams, Carroll Cox, and Dr. Fite.

P-TA OFFICERS

TWO top ranking officers of the Olton Parent-Teachers Association are from left Mrs. Melvin Hines and Mrs. Blanton Martin. Both women have been very active in PTA affairs. Mrs. Hines is president and Mrs. Martin is first vice-president.

SPELLING BEE CHAMPS

THESE TWO young ladies are spelling champions and will represent Olton at the county spelling bee March 27 at Littlefield. They are Sandra Cox (left) and Alice Ross Bryant.

LASS FROM OUTER SPACE?

NOT REALLY! It's just Mrs. Gerald Allcorn in the most daring of the new styles for 1958—abarrocoat. Mrs. Allcorn modeled the red frock at the recent Bykota Study Club show. It was shown by Bentley's of Plainview.

"Texas Day" Program Is Tuesday Nite

A "Texas Day" program will be staged at the 1956 Bykota Study Club meeting Tuesday night. Mrs. Jimmy Briggs will be hostess and Mrs. Jim Brown, co-hostess.

"Texas Legends" will be the topic of Mrs. Fred Burgess' talk and Mrs. Fred Stockdale will discuss, "Texas' Old Forts and Missions."

Meeting time is 7:30 PM.

NEW OFFICERS TO BE INSTALLED

Olton Garden Club will install new club officers Friday, March 14, at 2:30 PM in the home of Mrs. Doyle Pinson.

Installing officer is Mrs. H. B. Carson, 1957-58 president.

Mrs. Walter Schreier will review the year's work with a talk titled, "How Well Did We Do?"

ATTEND CHURCH SUNDAY!

Club To See Film, Hear About Flowers

"Flowers and Gardens" will be discussed by Olton Study Club Monday night in the home of Mrs. Marshall Stone. Mrs. Bill Yates is the leader.

Roll call will be answered by "garden hints" and a film will be viewed on "State Flowers."

Mrs. Jack Allcorn will speak on "Myths and Legends of Flowers."

"Some Historic Gardens in the United States" will be the title of a talk by Mrs. Jim Fuller.

CARD OF THANKS

We wish to express our sincere heartfelt appreciation to our friends and neighbors for the cards, flowers, food, and other kindnesses shown at the time of our recent bereavement. We are truly grateful.

It never fails! You stay at home for days and months—and nothing happens out of the ordinary. You go off for three or four days and EVERYTHING happens!

When you start moving, you find more things you thought were lost and more junk you didn't know you had! At least, I am.

But moving into that new house in Hillcrest is a big moment in my life.

Wow, it sure costs to move. Your curtains don't fit or won't match—you have to have more curtain rods, nails, etc. . . . your painted furniture doesn't match, so you have to buy paint and point it. There's the program of landscaping, too. That's just a few of the many expenses of moving—just down the street.

Norman Jean Willis is all situated in her new home east of Olton Locker. It is lovely and she used such charm in decorating it . . . Kathleen Anderson (the Presbyterian pastor's wife) has a scheme of telling what sex the baby will be before it is born. It has worked twice with her now. It seems rather odd but there could be something to it. You thread an unsharpened pencil through the eraser. Hold each end of the long thread in your two hands and let it swing—it will swing round and round if it's supposed to be a girl and in and out if it is a boy. Kathleen says it picks up the baby's heartbeat. H-m-m-m. Could be!

Listen, be sure and get the polio shots that are now available at any doctor's office. And get all three! You can never tell when and where polio will strike.

And it has already been proven that if you have, say two polio shots and get polio, that you will probably recover without any bad affects. BUT if you haven't had any shots and take it and if you live, you will probably be in an iron lung for life or an invalid for life.

It isn't a pretty picture, is it? But know what it can do. My cousin, who is 29 years old and the father of three small children, was stricken with polio about three months ago. He had received two of the three shots and without them he would have died or been in an iron lung for life—his doctors declare.

Go ahead and get your polio shots—you may not be too old or too young for it to strike YOU!

Heard this somewhere (and it sounds logical!):

It was almost midnight following a busy freshman registration day when a cop noticed a couple enjoying a lingering embrace in the only automobile left in the college parking lot. Thinking that his policeman's uniform would give them a hint to move on, he walked slowly up to the car.

"Sorry, officer," the man in the driver's seat explained. "We lost all track of time. Just left our youngest son, our baby, there in the dorm. This is the first time Mother and I have been alone for 27 years."

Spring's Debut Slowed by Snow

Whatever thoughts fainthearted spring might have had concerning making its debut on the 1958 stage early were squashed Tuesday night as old man winter deposited a three-inch snow blanket here.

The snow, which was considered to be of the "dry" variety, climaxed more than a week of moisture-providing weather. Rain fell five different days this month prior to the snow, according to James Gallagher, Pioneer Natural Gas employee who keeps moisture records for his company.

Gallagher's records show .12 of an inch fell March 1; .23, March 4; 1.1, March 6; .5 March 7; and .07 March 8. The month's total at Wednesday noon was 2.02 inches of rain plus the three-inch snow, which Gallagher estimated at .14 of an inch of moisture.

January's moisture total was .75; February's was .38.

COLE OUT OF ALDERMEN RACE; 4 CANDIDATES STILL IN RUNNING

J. G. Cole, who was listed among the candidates for city aldermen posts last week, has announced his withdrawal from the race.

With Cole out, four men are seeking election to three vacancies on the city board. They are Major T. James, Jr., Joe D. Chester, A. D. Adams and T. M. Campbell. Adams and Campbell are seeking re-election.

In his announcement that he was no longer a candidate, Cole jokingly said, "Due to increasing unemployment, I felt I should let someone else have that particular job."

Date of the election is April 1. It will be in the city hall.

Election officials are Howard Hall, judge; Truitt Sides, assistant judge; and Faye Stone, clerk.

Citizens wishing to vote an absentee ballot may do so at the city hall until three days before the election—April 28, Mrs. James Hall, city employee, reported this week.

OCCA Plans Meeting For All Members

Olton Chamber of Commerce and Agriculture will stage its first general membership meeting Thursday, March 27. Announcement of the meeting was made this week by Joe Wood, chamber manager.

To be in the school auditorium, it will start at 7:30 PM.

Plans for the year will be outlined and discussed, Wood said, and committees will be appointed.

"Every member, as well as non-members who are interested in CCA doings, are urged to be present," Wood said.

MINOR INJURIES

Eldon Hestand and son, Gary Lynn, 7, suffered minor injuries Thursday afternoon of last week when the car in which they were riding was involved in a collision.

The mishap occurred near Lubbock.

ORC Announces Tourney Slate

Nine events—including eight golf tournaments—have been scheduled by Olton Recreation Center for 1958.

First event, and the only one which is not a golf tournament, is an area-wide Easter egg hunt April 6. It will be held at the course with ORC as sponsoring organization.

The schedule is:

Intra-league tourney, which is open to everyone and will possibly be "sometime in April," Carol Cox, ORC president, announced;

Low Ball Tournament, for members, May 11;

Ladies' Flag Tournament, May 21;

Teenagers' Scotch Foursome, June 11;

Lions Club Tourney, June 21-22;

Men and Women's Scotch Foursome, July 4;

City Tournament, for members, July 18-19-20;

Teenagers' Tournament, August 13.

The tournament schedule was drawn up by Joe Turner and Ralph Glover, committeemen, and Glenn Miller, professional, Tuesday night.

Trophies and/or prizes will be awarded to winners of each tourney, Miller said. Also, golfers should turn in their score cards each time they play so handicaps may be figured, the pro pointed out.

Glover has the best score to date on the par 36 course. He shot a 43 Sunday afternoon.

School Visitation Last Week "Good"

"We were well pleased," Supt. Noel Johnson reported in regard to Public Schools Week, which was observed March 3-6.

Over 200 parents ate in the school cafeteria Thursday, the day parents were especially invited to attend.

Bad weather, rain and cold, kept many parents away who would otherwise have visited the school, Johnson said. "We (school officials) appreciate the interest shown by parents and their visits," Johnson said.

Volleyball Team Is In Tournament

Olton High School's girl volleyball team will participate in the Plainview Invitational Tournament this weekend.

The girls will meet Snyder in the first game Friday afternoon.

Members of the team are Latrell Stewart, Joyce Nicholas, Ellen Jones, Linda Clark, Charla Granberry, Peggy Sluder, Charlotte Loveless, Barbara Gray and Gayle McAnally.

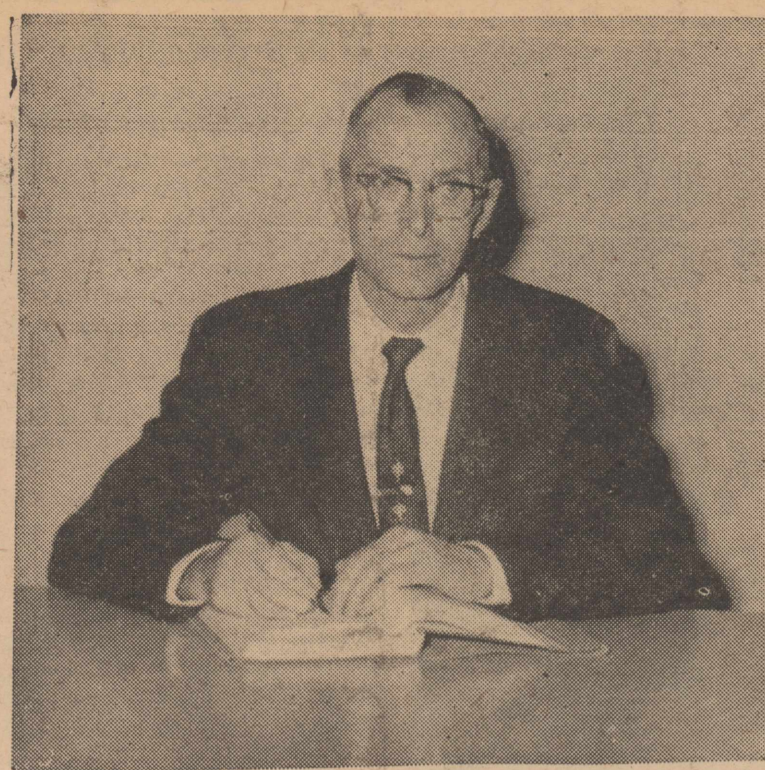

Jeff Smart is the girls' physical education teacher.

ROBERT FISHER will be principal of the new junior high school which is scheduled to begin operation as a part of the Olton school system next term. Mr. Fisher now is a teacher in Olton High School.

Girl Scouts Have Birthday Party; Cookie, Nut Sales Continue Here

Several girls from Olton scout troops will have parts on the program at the area-wide birthday party in Lubbock Coliseum Friday evening at 7:30 o'clock.

The party, celebrating the 46th anniversary of the founding of Girl Scouts of the USA by Juliette Gordon Low, will climax National Girl Scout Week. More than 3,000 girls from the 9½ counties included in the Caprock Council are expected at the celebration, in addition to guests and spectators.

Olton Senior Troop 141 will pantomime service actually rendered by girl scouts after the tornado in Olton last year. Their performance is scheduled for the phase on health and safety.

In addition to the pantomime, Olton will also be represented by four junior high girl scouts who will usher for the program. They are Alice Ross Bryant, Nancy Bryant, Gayle Nicholson and Tanya Bryant.

A major activity of Girl Scout Week is the sale of cookies and peanuts. The junior high scouts are selling the three varieties at 50 cents a box, and mixed nuts or peanuts at 50 cents a can. Money from these sales is used for company improvements and equipment.

The program of Girl Scouting is planned for girls 7 through 17. The Caprock Council scouts choose their own troop activities from the fields of agriculture, arts and crafts, community life, health and safety, homemaking, international friendship, literature and dramatics, music and dancing, nature, out of doors,

and sports and games.

The goals for 1957 and 1958 are: to provide training for volunteer leaders, to provide books and materials for good programs, to provide camping facilities for all Girl Scouts, to recruit capable volunteers throughout the council to serve on the board of directors and council committees, and to provide professional service to all members of the council.

Its purpose is to help girls develop as happy, resourceful individuals willing to share their abilities as citizens in their homes, their communities, their country and the world. Every member promises to do her duty to God and country, to help other people at all times and to live by the Girl Scout Laws.

Girl Scout activities are geared for three age groups. Girls from 7 through 9 are Brownie Scouts. From 10 through 13, they are Intermediate Scouts, and from 14 through 17, they are Senior Scouts. Each group has its own uniforms, and own activities and its own goals.

Absentee Voting Begins Saturday

Absentee voting in the Olton School board election will begin Saturday, Supt. Noel Johnson has announced.

Deadline for voting prior to the election is April 1. Ballots must be marked in the office of the county clerk in Littlefield, the superintendent said.

"Absentee voting is almost something new in school board elections," he said, "Until this year, the filing deadline was only 10 days before the election and that left little time for early voting."

Five candidates are in the race for two positions on the board. They are L. H. Neinst, V. Y. Jefferies, both incumbents; Lloyd Graham, Tom Carlisle and Dr. James E. Fite.

Election date is April 5.

BULB SALE CANCELLED

Disclaimer, Spellers On Lions' Program

Cancelled. Bad weather. That was the story on Lions Club light bulb sale, which was scheduled last Thursday.

Members met for breakfast in the Legion Hut, but decided to cancel the sale—for the third time—due to cold and rainy weather.

A new date has not been scheduled, Lion Boss Louis Hair announced.

At a regular meeting of the club Tuesday noon in the Legion building, L. H. McAdams, who will represent Olton Schools in senior boys declamation District 2-AA contest later this month, made the speech he will use in the contest.

Also on the program was a spelling bee with four Lions

competing against Sandra Cox and Alice Ross Bryant, eighth graders, who will compete in the county spelling bee for Olton. The girls won.

The club voted to have a golf tournament for members in June.

Lion Carroll Cox, who is also president of Olton Recreation Center, reported on ORC's activities and Basil Sherman, chairman of the ORC-planned Easter egg hunt April 6, told Lions about the project and accepted donations to buy the eggs with.

Hair, who presided, said another date would be set for the light bulb sale at the next meeting—Tuesday noon.

HART CAMP NEWS

BY MRS. BLANTON MARTIN
Mr. and Mrs. W. O. Hendrick, Judy and Linda, are moving this weekend to Morton.

Mr. and Mrs. Dean Hukill of Lubbock visited Sunday in the home of their parents, the Paul Hukills and the L. W. Sullivans.

Vacationing this week in Corpus Christi are Mr. and Mrs. Junior Muller, Mark and Patti. The Mullers left Sunday and plan to return about Saturday.

Mr. and Mrs. Blanton Martin and Suzanne visited Sunday afternoon in his uncle's home at Lubbock.

The young people of the Baptist church enjoyed a period of fellowship after the evening worship service Sunday. Attending were Donna Malone, Sammy Wheeler, Judy Pendleton, Larry Timmins, Kerwin Oliver, Joe Pendleton and Frances Presley.

Mr. and Mrs. Bobby Sageser and sons were called to Dimmitt Sunday night to the home of friends who had illness in the family.

Mr. and Mrs. Paul Hukill had as guests Sunday, Rev. and Mrs. Tony Longval and daughter of Fieldton.

Still making the rounds in Hart Camp this week are the mumps and chicken pox. Little Danny Leonard has the mumps and Jerolyn Timmins is missing school because of the chicken pox.

Wanice and Teresa Neeley spent the night last Friday in the home of their grandparents, Mr. and Mrs. Omer Neeley of Spade.

Mr. and Mrs. Claude Parkey of Arizona are visiting relatives and friends in the area this week.

Friends met at the home of the Joe Gipsons Friday night for a housewarming for the young couple. The event was interrupted by rain; the Gipsons were able to unwrap their gifts and to serve their guests, however, before the big downpour which sent everyone hurrying home.

Rev. R. L. Howell and Blanton Martin attended an executive Brotherhood meeting at Sudan Friday night.

Cottage prayer meetings are being held this week in the homes of some of the members of the Baptist church. The Martin and Howell homes were the meeting places Monday night.

"Weather Was Big Story of 1957" says the headline of a recent edition of the Texas Defense Digest, and it has a good start toward a repeat performance this year, hasn't it? The Digest publishers were good enough to list some TORNADO safety rules, and if you'll "forgive me and not consider it an ill omen, I'll pass them on to you just in case you've forgot, and just in case you happen to need them soon.

Rule No. 1, of course, is to go to a cellar, cave or underground excavation which should have an air outlet.

2. IF YOU ARE IN OPEN COUNTRY: Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour. Or, if there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

(I believe the latter action saved the life of an Olton woman last year whose home farther on in the path was destroyed.)

3. IF YOU ARE IN A CITY OR TOWN: Seek inside shelter, preferably in a steel reinforced building. STAY AWAY FROM WINDOWS! In homes, the southwest corner of the lowest floor or basement. People living in brick or stone houses should seek other shelter; if time permits, electricity and fuel lines should be shut off. Windows on the north and east sides of the house may also be opened to help reduce damage to the building. Standing against the inside wall on a lower floor of an office building offers some protection.

4. IF IN SCHOOLS: If school building is of good steel reinforced construction, stay inside, away from windows, remain near an inside wall on a lower floor. AVOID AUDITORIUMS, GYMNASIUMS! In rural districts, remove children and teachers to a ravine or ditch if storm cellar is not available.

5. KEEP CALM. It will not help to get excited.

6. KEEP TUNED TO YOUR RADIO STATION for latest tornado advisory information.

Of course, we are all hoping that one thing we WON'T have to get our money's worth from,

THE PROBLEM of bare library shelves is one which Olton educators and schoolmen hope to solve over a period of time. Here Hazel Beth Smith and Shirley Matney are shown inspecting bare shelves in the Olton School library. School Supt. Noel Johnson points out that \$1,800 was set aside in the school budget this year for library books. He described this as a step in the right direction.

is the storm cellar we hastily built last spring.

Two-year-old's definition of stars: porch lights in the sky.

With winter still fully upon us, folks are, nevertheless, thinking of summer and warm-weather activities. Particularly with the renewed effort of ORC to get a swimming pool built for use this season.

I have the names of two young women who can teach swimming lessons and life-guard. And I'm sure there are at least a few other persons qualified. So if you don't know how to swim, don't let that hold you back from joining the Recreation Center.

To the contrary, all the more reason for you to become a member. LEARN to swim!

Besides, the golfers are having a wonderful time out on the

course these days!

There are only two classes of people, in my opinion: Those who expect to GET everything out of life, and those who expect to GIVE.

That first group might have most folks fooled, even themselves, into thinking they're generous with their worldly possessions, their time, or their ideals, when actually they always expect remuneration of some type for what they give. They think the world owes them something for everything they do.

They might be hard workers. They might have made a definite contribution to their society. But all the time, they're holding one palm upward, and the "world never seems to appreciate them enough." They just can't understand other people.

While the second class is com-

posed of the HAPPY PEOPLE. They're the ones who aren't searching for happiness, or for worldly gain. They are so busy GIVING of themselves and their virtues, that they haven't time to even notice what they are amassing for themselves, whether it be great or small.

They are the businessman who makes a customer feel he generously wants to please rather than that the customer OWES it to him to trade in his store, since he put it in.

They are the teen-ager who grasps every opportunity he finds, and seeks every advantage he can conceive, rather than the youngster who looks bored and says, "Now do something else to entertain me!"

They are the teacher who keeps on giving of his knowledge and wisdom, rather than the professor who withdraws and

WMS Members In Monday Meeting

SPRINGLAKE—"Faith Working Through Love" was the theme of a meeting of the WMS of First Baptist Church Monday morning. Mrs. Ernest Baker, program chairman, presided.

Mrs. Robert Riley told of the life of Miss Annie Armstrong. Mesdames Clifford Jester and Billy Watson sang, "Have Faith in God," and were accompanied by Mrs. Riley.

County School Administrators To Meet Monday

Officials of Olton Schools will attend a Monday night meeting of Lamb County School Administrators in Amherst.

Going from here will be Noel Johnson, superintendent; Jim Williams, high school principal; Fred Gordon, grade school principal; and Elmer J. Moore, curriculum director.

This is one of five meetings the group has each school year.

waits for his students to credit him with all their successes in life.

They are the minister who never runs out of understanding and determination for mankind, rather than the pastor who sits at home and waits for his members to put food on his table and gasoline in his car.

They are the doctor who sincerely does his best to make a patient well quickly, rather than the medical graduate who hastily issues prescriptions as he collects his fee.

They are the housewife who does a favor for a neighbor because she really and truly wants to; rather than the woman who drives her neighbor to town and back and expects three trips in return for her one.

BOOKS NEEDED

THESE THREE YOUNGSTERS carefully choose reading material from the skimpy collection of books that made up the eighth grade library at Olton School. From left are Karen Smith, Johnny Schenck and Sandra Cox. These books will make up the nucleus of the junior high school library next year, according to Mrs. C. S. Silcott, member of the county library board. She said donations of books for the eighth grade library would be appreciated very much.

Committee Set Up To Consider High School Memorial Library

Plans are being made to establish a memorial book shelf in Olton High School Library. Mrs. C. S. Silcott, who is a member of Lamb County library board, announced this week that a committee had been appointed to work out details.

Committee Members Mrs. Elmer J. Moore, Mrs. Carl Hooper, and Mrs. Jack Straw, will work in cooperation with Mrs. Harry Ford, who is in charge of the school library, to set up and maintain a plan for receiving books as memorials. Books may be given by anyone to honor anyone at anytime, Mrs. Silcott said. Also, the books may be about any field.

"Books are a worthwhile and lasting memorial," Mrs. Silcott pointed out.

The primary duty of the committee will be to receive books. "We realize this is an humble beginning for an improved library," the county library committeewoman said, "but we hope it will grow into something worthwhile."

BIG POWER PERFORMANCE

WITH THE ALL NEW 4 PLOW Massey-Ferguson 65

Introducing for the first time, a 4-plow tractor with the famous Ferguson System of 4-Way Work Control and traction weight transfer. The Massey-Ferguson 65 steps way out in front of the field... to stay in front for years to come. Featuring 41% more horsepower, the new-high torque engine "works with the load," digging in when the going gets tough, easing up to cut fuel costs to a minimum when the load is light. The new "wrist-action" 3-point hitch means even faster hookups, more precise implement control.

Stronger and longer lower links with capacity to handle bigger implements and tougher jobs are backed by a 30% more powerful Ferguson hydraulic system. Swinging drawbar and interchangeable front ends make the 65 even more versatile. To believe it, you'll have to see it... and try it. Lamb County Implement has it now, with a full line of matched equipment to make your work faster and easier.

P-TA OFFICERS

ELECTED at a regular meeting of Olton Parent-Teachers Association Thursday afternoon were, left-to-right, Mrs. Frank Struve, fourth vice president; Mrs. Jack Edwards, treasurer; Mrs. Melvin Hines, president; Mrs. H. R. Cade, song leader; Mrs. David Grimsley, reporter; Mrs. Mardema Ogletree, parliamentarian; Mrs. Gene Trotter, historian; Mrs. Blanton Martin, first vice president; and Mrs. Earl McClain, third vice president.

Mrs. Melvin Hines New P-TA President

Mrs. Melvin Hines will serve as president of Olton Parent-Teachers Association for the coming year. She was named to the head post of the organization at a regular meeting Thursday afternoon in the school auditorium.

Also elected were Mrs. Blanton Martin, first vice president; Mrs. J. W. Dale, second vice president; Mrs. Earl McClain, third vice president; Mrs. Frank Struve, fourth vice president; Mrs. David Grimsley, reporter; Mrs. Lem Roberson, secretary; Mrs. Mardema Ogletree, parliamentarian; Mrs. Jack Edwards, treasurer; Mrs. Gene Trotter, historian, and Mrs. H. R. Cade, song leader.

Members of the nominating committee were Mrs. Merrill Briggance, Mrs. Paul Burrus and Mrs. Roye Aikman. Mrs. Aikman served as chairman.

"How Fare American Youth" was the title of the program. Mrs. Struve led a panel discussion on the subject with three high school students—James Simmons, Oneeta Yates and Judy Ogletree—participating.

Mrs. Roy Hooper, second grade teacher, was also on the program, as was Beginners' Band, under the direction of Fred Stockdale.

The club voted to build storage space in the auditorium—back stage—to store the new stage flats which the P-TA recently gave to the school. Cost of the construction is not to exceed \$100.

Mrs. Fred Gordon's third grade section won the attendance award for having the most par-

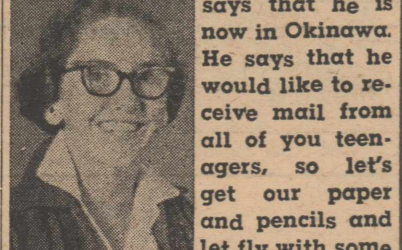

ents present. The award is a library book for the room. Next meeting will be April 3. The program will be "The Promise of Tomorrow for Every Youth."

BY GAYLE McANALLY

Maenette Dennis and Elmer Houston have joined the growing list of steadies. She is wearing his senior ring.

Letter from Alvin Wallace, or Corny, as he is better known around Olton, says that he is now in Okinawa. He says that he would like to receive mail from all of you teenagers, so let's get our paper and pencils and let fly with some news to that lonesome guy. His address is:

Pvt. Alvin Wallace
Co. 659 February Replacement
3rd Marine Division FMF
c/o FPO San Francisco, Calif.

Congratulations to Mr. and Mrs. Wendell Brelaud upon their recent marriage. I don't know the name of Wendell's wife, but

personally, she is quite attractive.

John Wayne Hair and Barbara Kirkpatrick were together Sunday night. Oh, Johnny, boy!

Correction: Judy Hendrick did not move to Brownfield as you may have noted by her presence in OHS, but instead is moving to Morton sometime soon.

Couples Thursday night were Sharon Dennis, Houston Hamby; Deeda Kemp and Lennon Young.

Saturday night daters were Harvey Garrison, Joyce Curtis; Ronnie Dennis, Janet Oak; Elmer Houston, Maenette Dennis; Lennon Young; Deeda Kemp, Harlan Carson, Sue Witen; Don Kidd, Juanelle Hatley; Elton O'Neal, Nelda Green; Dewey Hukill, Pat LaFrance; Charlie Giles, Prissy Bostick; Darryl Dennis, Gayle Machen; Freddie Gordon, Koenia Schenck;

Butch Hulsey, Donna Whittington; Winfred Hair, Rhonda Robertson; T. J. Smith, Joyce Gray; Kent Wozencraft, Judy Moore; Arno Hall, Karen Smith; I. A. Webb, Janice Campbell; Houston Hamby, Charla Granbery; Carl Nafzger and Donna May.

Kay Sherman and Edward Feathergill were together Saturday night and Sunday afternoon. Feather is now working at the Repairit Shop in Lubbock. Anyone that has an electric train to be fixed is asked to notify Feather. (This is a joke—not an advertisement.)

New cars possessors are Tommie Wilson, and Kenneth and Terry Gail Hooper. Tommie's is a brown Plymouth and the Hoopers' is a yellow Chevrolet. All three of you fall under the clas-

sification of "lucky dogs." Our "older youth" were busy this past weekend. Bettie Lois Daniel was with Letty Curtis of Dimmitt Sunday night. Also together were Kruger Johnson and Betty Bryant, and Danny Cure and Sue Price. Another couple Sunday was Clifford Curry and Torchie Cure.

Linda Gail Thompson is going steady with a boy from Petersburg. Don't know his name right now but I'll have it next week for sure.

Hey, Houston Hamby! Was that little ole box of candy worth all that??

Gloria Finney and Shirley Nichols had dates with boys from Hart Sunday night. What were their names, girls? Have fun?

Butch Hatley, Ellen Jones; Billy Bryant, Beverly Crowder; Coy Carlisle, Glenda Hall; Jean Williams, Marion Green; Patsy Moss and Tommie Brooks were together Sunday night.

The seniors are going to have a hilarious, most funny, play. Be sure to attend Friday night. The sketches of the play that were presented to the student body Tuesday afternoon were the most!

When a person is hep, they're the most to say the least.

Congrats to the boys who won in the Littlefield stock show. It appears to me that Olton just about walked off with the show.

FTA Members Attend Meet

Mary Scribner, Nell Smith and Gayland Graham, OHS juniors, returned last weekend from a two-day Future Teachers' convention. The meeting was held on the campus of North Texas State College in Denton.

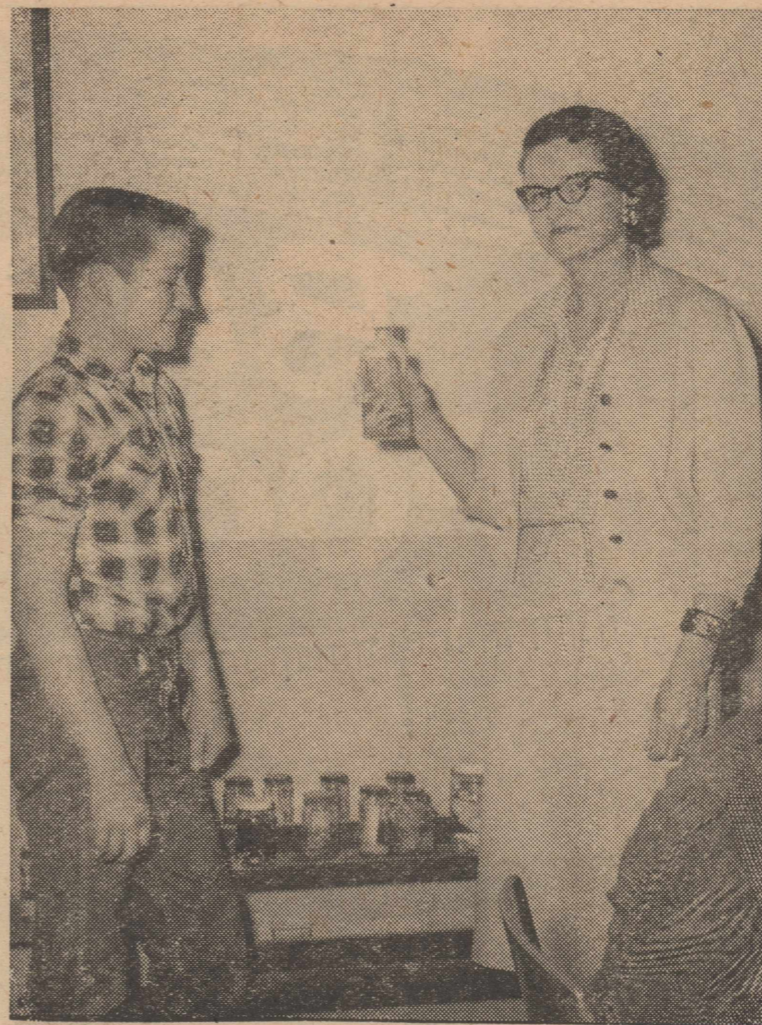

The girls were selected to attend the meeting by the office of the superintendent. Considered in the selection of each girl were recommendations from the teachers the girls had helped in their FTA work, service to the club, and points earned in a point system employed by Olton FTA chapter.

Mary, Nell and Gayland are charter members of the local organization, the Campbell FTA club. Mary is president and Gayland is treasurer for the current year.

The girls were part of a group of a thousand or more Texas Future Teachers who took part in the meeting. It consisted of lectures, business meetings, workshops and entertainment. The convention was climaxed with a banquet.

Accompanying the girls to Denton were Mr. and Mrs. Robert Fisher and Elaine. The group visited the campus of Texas Women's University before returning to Olton.

HANDLE WITH CARE

MRS. W. E. MILLER is shown here examining a snake preserved in alcohol. The reptile is on display in the science department at Olton High School. Acting as Mrs. Miller's guide is James Adams.

CARD OF THANKS

I wish to thank the doctors and nurses for all their good care and to thank all my friends for the flowers and cards sent to me during the time I was in the hospital. Thanks again.

—Mrs. M. L. Armstrong

MRS. SLATTEN HEADS SCHOOL FOOD GROUP

Mrs. Margie Slatten, cafeteria supervisor for Olton Schools, has been elected president of District IV of Texas School Food Association. She was named to the post at a meeting of the district group Friday in Odessa.

The district is made up of 22 counties. Mrs. Slatten and Mrs. Ruth King attended the meeting.

A meeting of Lamb-Bailey School Food Association, composed of school cafeteria workers in the two counties, will be held here Friday night.

Problems will be discussed and a program will be presented. Mrs. Slatten said. This will be one of four meetings held each school year by the group. It will be in the cafeteria.

Hart Camp WMS Begins Program

HART CAMP—Week of Prayer program was begun Monday afternoon in a meeting of Hart Camp WMS members.

Mrs. Bobby Sageser, program chairman, directed the service.

Present were Mesdames R. S. Moore, L. W. Sullivan, Delbert Timmins, C. E. Timmins, Roy Osthus, Harvey Jones, Blanton Martin, R. L. Howell, and the leader.

Beverly Ann Tilley, 11, is the child in Beeville Home for Children who has recently been "adopted" by WMS. The group is making plans to supply new shoes and a new dress for Beverly for Easter. Members hope she will be allowed to spend part of the summer in the community.

Auto Inspection Deadline April 15

Deadline for having 1958 inspection stickers on motor vehicles is April 15. Enforcement of the sticker law will go into effect April 16, Highway Patrolman Lee Roy Hargrove said this week.

"About 50 per cent of Lamb County vehicles have been inspected," Hargrove said.

Deadline for having new license plates on vehicles is March 31. "New license plates must be mounted by April 1," the patrolman pointed out.

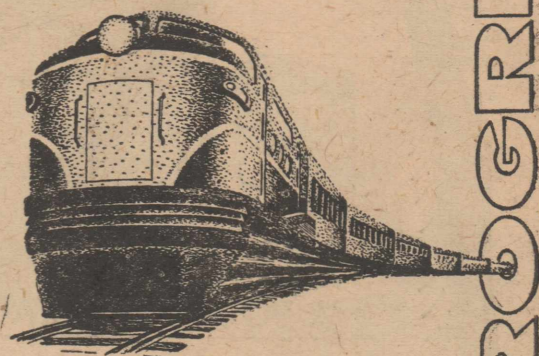

CARD OF THANKS

We want to thank all those who sent cards or letters while Roy was in the hospital at Plainview and while we were at Truth or Consequences, NM.

—Mr. and Mrs. Roy Long

Senior Play, "Rest Assured," Slated Friday Night

THE OLTON ENTERPRISE

Curtain To Be Drawn On Three-Act Comedy At 8 p.m.

OH LUIGI!

LUIGI (Bill Austin) is greeted warmly by wife, Martha, (Juanella Hatley). Martha has come down from heaven to take Luigi home with her.

HE SHALL NOT PASS!

MR. MORLOCK (center) fails his physical examination for entry into Hades. The devil (Darryl Dennis) and Mrs. Schmaltz (Kay Sherman) are shown here trying to get him into shape. Mr. Morlock is played by James Simmons.

Bad Weather, Long School Weekend Cause Band Concert Postponement

Bad weather and a long school week end caused postponement of a Sunday afternoon-scheduled band concert.

The concert, which was to feature the four bands of Olton Schools, was put off "indefinitely," Fred Stockdale, director said.

"We have another concert (annual spring concert) coming up soon, so we don't know if this one will be re-scheduled," the director said. Date for the spring performance has been tentatively set for April 3.

Purpose of the postponed concert was to raise money for new uniforms for the Mustang Band. The long school week end was brought about by school being dismissed Friday so the faculty

could attend a Texas State Teachers Association meeting in Odessa.

Andersons Are Parents Of Girl

Rev. and Mrs. Jerry Anderson are parents of a baby daughter, April Dawn, born Friday, March 7.

The young lady was born in Dr. Ben Souders Clinic at 6:00 AM and weighed 6 lbs. 3 ozs.

The Andersons have one other child, a boy, David, who is one year old.

ENTERPRISE WANT-ADS
GET RESULTS!

Olton High School Class of 1958 will stage the annual senior play Friday Night.

"Rest Assured," a three-act comedy farce, will be presented in the school auditorium at 8:00 PM.

Admission charges will be 75 cents for adults, 50 cents for high school students, and 25 cents for elementary students.

Directing the play is Fred Mullinax. He and Robert Fisher are senior class sponsors.

Publicity concerning the comedy tells the story this way:

"Mr. Morlock (James Simmons) is a fidgety, nervous, grouchy old fellow who doesn't like anything but money, won't let his family do anything; always gripes about his pains and aches, feuds with everyone and he won't let his daughter, Mary, (Doniece Silcott) 20, become engaged to Joe Laconi (Houston Hamby) because Joe's papa is poor. So when Joe's papa, Luigi (Bill Austin), comes over to plead his son's case, he's practically booted out of the house. Right here is where the two men start a never-ending feud that puts the Hatfield-McCoy fracas to shame. They fuss and fight all over the place, Mr. Morlock, who's known as P. U. to his friends (that stands for Philip Ulysses), says if Mary weds up with Joe it'll be over his dead body. Luigi says if they don't it'll be over his.

"Luigi always had a bad heart and the poor man just can't take it—and he konks out. The feud appears over. All seems lost—however, such is not the case, for Luigi now gets permission from "on high" to come back and haunt Mr. Morlock and to continue haunting him until he gives permission for the wedding. Mr. Morlock's frantic. All the family think he's lost his remaining few marbles when they see him talking to himself (Luigi's visible only to Mr. Morlock and the audience). So Luigi starts haunting Mr. Morlock in a fashion that would put most ghosts to shame.

"Poor Mr. Morlock. He can't eat; can't sleep. His family thinks he's nuts. In his despair, he accidentally takes too many sleeping pills. Then it happens. He, too, joins the immortals. So, does this end it all? Far from it, because Mr. Morlock won't leave

this earth until things are settled to his satisfaction, and Luigi says he can't rest in peace until Mary and Joe are married.

"It's a scream when Lucifer (Darryl Dennis), the rounder-upper of lost souls from down below, drops in—pitchfork and all—to take Mr. Morlock to the lower regions. To top it off, Morlock watches life in his home go on as if nothing happened. No one misses him. Mary prepares for her wedding and Mother Morlock (Oneeta Yates) is actually smiling again and family Dr. Brown (Kent Wozencraft), right in front of the deceased Mr. Morlock, actually hints at matrimony. Mr. Morlock now realizes for the first time what his family actually thinks of him and begs for another chance. Does he get one? The answer to it is a snappy, happy ending to a really worthwhile play."

Other characters include Jessica (Shirley Nichols), Mildred (Patsy Moss), Martha (Juanella Hatley), Lucifer (Darryl Dennis), Miss Akers (Margie Henderson), George Plew (Jackie Pinson), Mrs. Schmaltz (Kay Sherman), and Mr. Black (Dewey Hukill).

Prompter is Torchey Cure. Stage managers are Ronnie Dennis and John Paul Jones.

OLTON SCHOOL LUNCH MENUS (Subject To Change)

Monday: Pork steak and gravy, mashed potatoes, grapefruit and orange salad, candy bar, hot rolls and milk.

Tuesday: Broiled bologna, scalloped potatoes, green beans, apple and cherry salad, lemon pudding, hot rolls, butter and milk.

Wednesday: Brown beans, hot tamales, carrot and celery sticks, greens, apple cobbler, corn bread, butter and milk.

Thursday: Barbecue chicken, rice, black-eyed peas, green salad, apricots, hot rolls and milk (chocolate or white).

Friday: Salmon pattie, tomato catsup, lima beans, fruit cocktail, buttered asparagus, filled cracker, bread and milk.

A NICE ONE CHEAP!

MRS. MORLOCK haggles over the price of a casket for her late husband with Mr. Black, the undertaker. The part of Mrs. Morlock is played by Oneeta Yates and Dewey Hukill plays the part of the undertaker.

TAKE THAT!

THE DEVIL LAUGHS with glee as Luigi and Mr. Morlock come to fisticuffs over the romance of Luigi's son and Mr. Morlock's daughter. Luigi (left) is played by Bill Austin. James Simmons plays the part of Mr. Morlock and the devil is played by Darryl Dennis.

IT'S LOVE!

MARY MORLOCK and Joe Laconi have eyes only for each other. The part of Mary Morlock is played by Doniece Silcott and Houston Hamby plays the part of Joe.

number of Olton faculty members who attended, Supt. Noel Johnson said. "It wasn't mandatory for teachers to attend," he said, "and many didn't go because of the bad weather Thursday."

Zollie Steakley, Texas' secretary of state, and Dorothy Thompson, noted columnist, were principal speakers.

Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things... like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

AN EDITORIAL

For some time, Olton has had a need for more events and attractions to draw people, from this area and elsewhere, here. A step toward remedying this need is being planned.

Olton Shetland Pony Club is making plans to stage the First Annual Olton Pony Shetland Pony Show and Parade. Date for the occasion is Saturday, April 19.

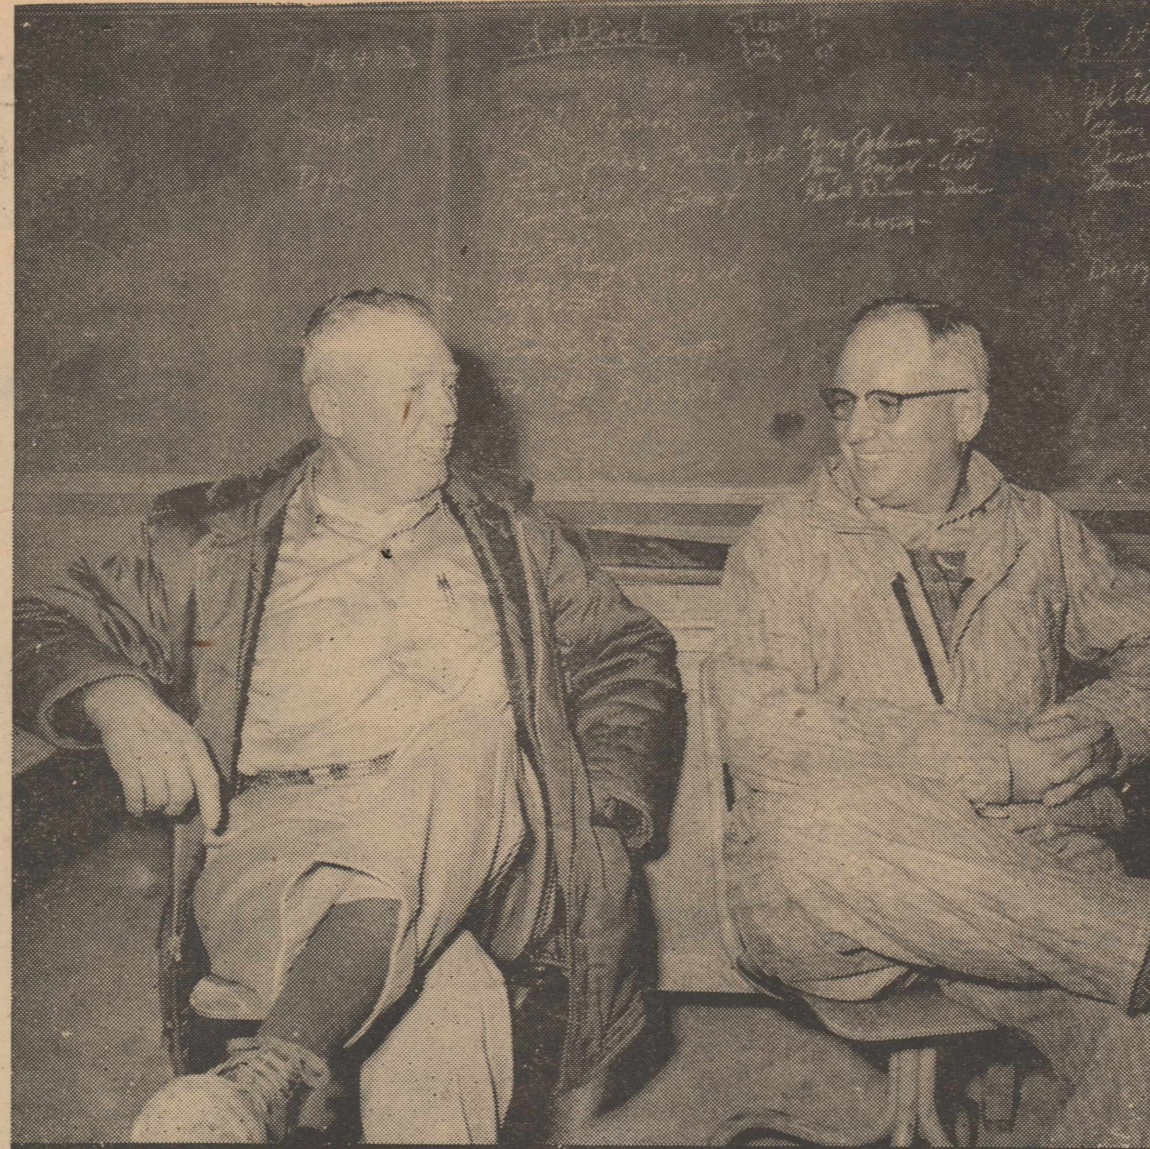

Though club members have shown much initiative in originating the idea, it will take the work, time, enthusiasm, and support of many individuals to make it as successful as its potential promises.

In recent years, interest in Shetland ponies has been increasing throughout the nation and we feel safe in believing this interest will continue to climb.

The fact that the largest Shetland pony club in the state of Texas is located here is already a "feather in Olton's cap." How big that "feather" is will be determined by how successful the show and parade are.

Especially in the parade, interested citizens, who are not members of the club, will have an opportunity to participate. Every merchant in Olton will be extended an invitation to have a float in the parade. A good parade will draw a good crowd.

The project will be worthwhile to Olton. How good will depend on how hard we work at it.

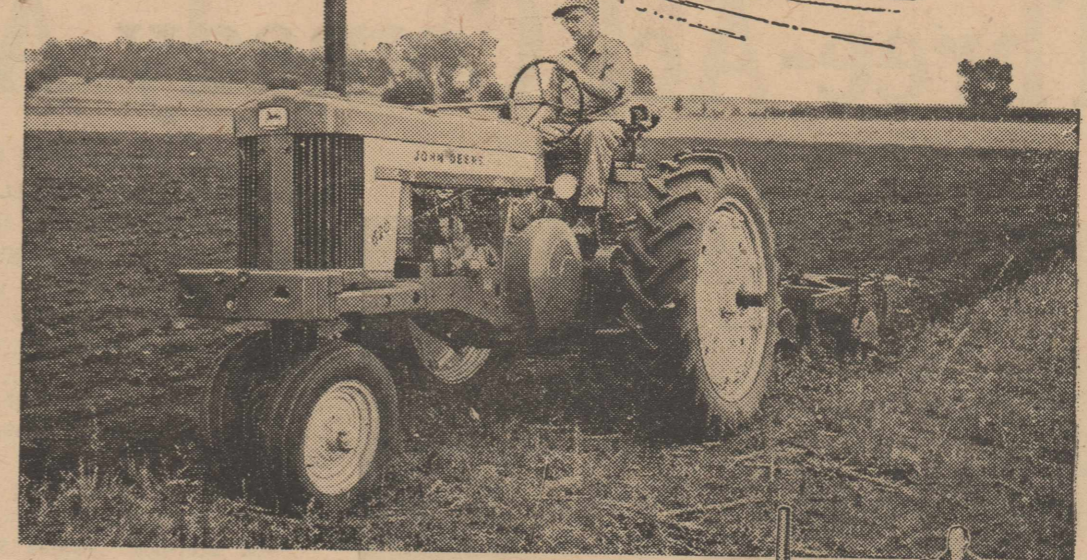

B. C. COONER, left, was named president of Olton FFA board of directors and Doyle Pinson, right, was chosen general superintendent of the 1958 stock show, during a directors' meeting last week. Both men were elected unanimously. The directors' annual barbecue, to honor buyers and supporters of the show, has been set for March 22.

The Fuel-Economy Records on Gasoline, Diesel, and LP-Gas Are ALL Held by JOHN DEERE TRACTORS?

Here's the John Deere "620" Tractor working with a new full-size, fully-integral 4-bottom "pickup" plow.

In official Nebraska Tests, new John Deere "520," "620," and "720" Tractors set five new fuel-economy records by developing more horsepower-hours per gallon of fuel on the drawbar than any other tractors ever tested. These include new records on gasoline and LP-Gas set by the "520" and "620" models, plus an all-time tractor fuel-economy record set by the new "720" Diesel, the fourth John Deere Diesel to hold this record in unbroken succession since 1949.

Gasoline, Diesel, LP-Gas—whichever fuel you use, you'll burn it with maximum efficiency and dollar-saving economy when you choose one of these new John Deere champions. Stop in soon; let us give you all the facts about these new fuel-economy records and show you why a new John Deere Tractor will make your farming more profitable and more enjoyable than any other tractor you could own.

"YOU'LL BE DOLLARS AHEAD WHEN THEY'RE TEXO FED"

Busy Band Director Man Of Many Roles

BY GAYLE McANALLY

He is a ham radio operator, a Sunday School class teacher, a band director, a college graduate, an ex-Santa Fe Railroad worker, but most of all—a husband and a father. And this doesn't even touch on some things that he is now or

has been at one time. And he is only 24 years old!

In case the description is not vivid enough for you to know who this feature is devoted to this week, his name is Fred Stockdale, Jr.

Ham Radio Operator

We'll first examine the ham radio operator part of him. He became interested in radio work when he was in high school in Morton. He now holds a general class license which was issued to him in 1954. Fred has talked to other operators in various places; his farthest* contact being with a man in Timmons, Ontario, Canada, although he said that in ideal conditions his range would reach around the world.

Now for the Sunday School class teacher . . . Fred teaches a youth class in the Cumberland Presbyterian Church in Olton. Last year he was the music director at the church but doesn't hold that position this year.

Busiest As Director

Perhaps the busiest side of this tall man is when he is Fred Stockdale, public school band and choir director. As this man, he is constantly at the school; sometimes every day after school and nearly four nights out of each week besides the regular school day.

He teaches approximately 200 students in his various classes—the fourth grade Tonnelle class, the fifth grade Beginners' band; the Cadet band which is composed of sixth and seventh graders; the high school band of high school students and eighth graders; the stage band which is called the Blue Notes and is a high school group; and the OHS choir.

Mustang band won five trophies the first year that Mr. Stockdale was its director. Concerts were presented both last year and this.

Fred was graduated from Morton High School where he participated in basketball, football and band. He was senior class favorite and upon graduation entered Eastern New Mexico University at Portales, NM. While there he was a member of the band and Kappa Psi, the national band fraternity. As a senior, he

MAN WITH A HORN

FRED STOCKDALE, band director in Olton Schools, gives music instruction to some 200 students. He's a graduate of Eastern New Mexico University, Portales.

was treasurer of the society, and vice president of the band as a junior.

While Fred was at ENMU, something quite important happened. He met and married his wife, Jo. She was a freshman and he a sophomore in ENMU at the time of their marriage in 1953.

Worked For Santa Fe

While in college, Fred worked for the Santa Fe Railroad during the summers and holidays. During this time he was a timekeeper, a roundhouse laborer, a machinist's helper, and a locomotive fireman, the latter being the job at which he worked most. As a timekeeper, he worked with a track gang near Hereford for a month before he had to return to school. During this time, he lived and worked with 70 Navajo In-

dians.

Once when he was working as a fireman, he was on the run between Vaughn and Belen, NM. They were taking a new engine on its maiden run and he and the engineer were to check the fuel. The fuel gauge was a new type and they both misread it. And so—several hours later, out in the middle of nowhere (Encino, NM)—they held up two passenger trains and four freight trains because they were out of fuel! Needless to say, there was a "welcoming committee" of company officials waiting for the train as it was pulled into Belen by another engine.

Another method of working his way through college was Fred's job with various dance bands. For two and one years, respec-

Eureka! Owner May Claim Lost Tools

A portion of a tool box and a varied assortment of mechanic's tools were found at the intersection of Highway 70 and Hart FM Road last week.

G. R. Clark, who farms seven miles east and two miles north of Olton, was the finder. He says the owner may have the tools back by identifying them.

"If I were guessing, I'd say the tools fell off the running board of a pickup as it rounded a corner at the intersection," Clark said. "If I had lost some tools like these, I would sure like to have them back." Clark explained in making known their whereabouts.

Clark's address is Olton Route, Plainview.

VISIT IN CALIFORNIA

Mr. and Mrs. O. B. LaFrance, Mrs. Earnest LaFrance, and Mrs. Sallie Copeland visited Mrs. Nina Garrett and Mr. and Mrs. A. E. Reeves at Porterville, Calif. during a recent 12-day trip. The Olton people also visited Hoover Dam and Las Vegas, Nev. They returned home March 3.

tively, he played with the Collegians and the Varsity Men. Both were college groups. He played one year each with another band and one of his own organization. He played either the drums or saxophone with the bands.

Main Interest Is Family

Fred's main interest is his family. He is the father of two sons, Stevie, nearly four, and Freddy, seven months. Of course, as most father think, he doesn't have nearly enough time to spend with his family.

His parents, Mr. and Mrs. Fred Stockdale, live in Morton. He has a sister, Mrs. Mary Linda Sikes, who is a housewife in Hobbs, NM. A brother, Johnny, is a freshman at ENMU and is planning to be a band director.

Fred plans to attend ENMU this summer and start work on his master's degree. He and his family will live in Portales this summer while he is doing graduate work.

Olton is Fred's first teaching position. He came here after graduation from ENMU in 1956.

School Enrollment Off, Report Shows

Enrollment figures in Olton Schools suffered a slight drop during February. Supt. Noel Johnson said 1028 students were enrolled during February as compared with an average of 1094 for the school year. At the end of January the figure was 1061.

October and November were the leading months in school enrollment. They had 1159 and 1154 respectively. February's figure is the lowest of the 1957-58 term.

Bohner School's enrollment showed February with a slight increase over January. February's figure was 83; January's was 80. Average for the year for Bohner is '92.

The school health nurse's report for February shows 160 students were seen in the school health office. A total of 16 were sent home because of illness.

The eyes of 197 primary and elementary students were tested by the school nurse. Home contacts made by the nurse to see students totaled 20.

Twenty Bohner students had vision screening and three referrals were made.

Deryl Machen On Tech Honor Roll

Deryl Machen, son of Mr. and Mrs. J. M. Machen, was named to the dean's honor roll during the fall semester at Texas Tech.

To qualify for the honor, a student had to be in the upper 15 per cent of his class. Machen, an agriculture major, is a 1955 graduate of Olton High.

Coke Introduces New-Size Bottle

Beginning this week shoppers in the Olton area will find the familiar Coca-Cola bottle has a "big brother."

King-size bottles of the soft drink go on sale this week in grocery stores, Howard Billingsley, manager of the Plainview Coca-Cola Bottling Company, announced. This is the first packaging change the plant has made in over 40 years.

Billingsley explained that a shift in the public's consuming and buying habits has brought about the need for new bottle sizes. "Only ten years ago, most soft drinks were sold in drug stores, restaurants, ball parks, offices, and factories," he said. "Today all that has changed. Now people are drinking more soft drinks at home than anywhere else."

Introduction of the king-size bottle—still of the traditional "pinch-waist" shape—does not mean Coca-Cola intends to neglect the regular 6½-ounce bottle, which traces back to 1915. "We think there's a need for both," Billingsley explained. "Surveys show the majority of the public

District Track Meet April 4

Coach Jeff Smart's thinclads are officially entered in three track meets this spring.

Heading the list is the District 2-AA meet. It will be in Canyon April 4. West Texas State College's track and field facilities will be used.

The other meets are Crosbyton Relays, March 15, and Amarillo Relays, March 28-29.

Informal practice meets may also be held, Coach Smart said. They will be scheduled only a few days in advance with just two or three teams participating.

The Mustangs have performed in one such practice meet—at Tulia February 28.

prefer the regular size, since it is ideal for individual drinks. But we also think there are many people who will want the convenience of another size, depending on the occasion."

Billingsley said the new bottles will not be in all stores by this week. Complete distribution through the area served by the Plainview plant will take several days.

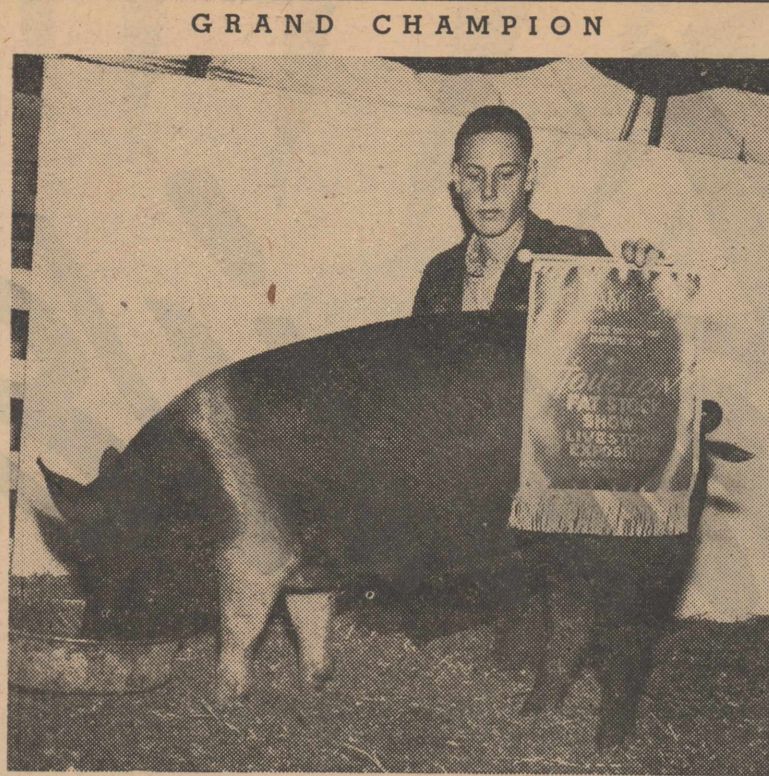

Arrange For Labor Early Manager Says

The time for area farmers to make arrangements for summer labor supply is now. So advised Ed Vaughn, manager of the Texas Employment Commission office at Littlefield.

With increased interest in vegetable production in the Olton area, there will likely be a greater need than ever before for farm laborers, the employment manager, who was in Olton last week, said.

He advised farmers, who are planning to produce vegetables and who will have a need for laborers, to contact the Littlefield office "now—well in advance of the actual need—so arrangements may be made."

"Unemployment downstate has created a surplus of farm workers and this supply must be used up before laborers will be imported from Mexico," Mr. Vaughn explained.

JERRY MOORE, Olton FFAer, is shown with his Houston Stock Show grand champion sow, Olton's Pride 1st. This picture was made at Houston, following the judging. Jerry was one of many young stockmen from Olton to bring prize money from Houston.

Band Students Enter Contests

Approximately 60 Olton School band members will participate in contests in Lubbock March 15.

Interscholastic League contests—which are held annually—are for soloists, ensemble groups and twirlers. Schools from this region first division winners, Fred Stockdale, band director here, said, with certificates going to second division winners.

Monterrey High School will be the site of the contest.

Olton entered 21 in last year's competition.

Kress, Tex., Man Reports— "2,000-lb.-Per-Acre Increase From Irrigated Maize."

Melvin F. Walter, who farms 1,100 acres near Kress, Tex., says: "I put down 100 pounds of Phillips 66 Agricultural Ammonia on irrigated maize and got a 2,000-pound increase in grain per acre. I also made 50 bushels of wheat per acre using 100 pounds of Phillips 66 ammonia."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of grain sorghum and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through better forage and higher yields of grain.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Mrs. Allen Has Used Recipe For 20 Years

Mrs. Jessie Allen has a recipe—a chocolate fudge cake—that she has used for 20 years or more. "It is a real good cake recipe," Mrs. Allen declared.

CHOCOLATE FUDGE CAKE

1/2 cup butter or shortening

- 1 1/2 cups sugar
- 4 eggs
- 1/8 teaspoon salt
- 1 3/4 cup flour
- 1 teaspoon vanilla
- 3/4 cup chopped nuts
- 4 squares chocolate
- 5 tablespoons hot water
- 1/2 cup sweet milk
- 2 teaspoons baking powder
- 1/2 teaspoon cinnamon

Cream butter and sugar gradually. Gradually add egg yolks, unbeaten. Mix well. Add chocolate (chocolate is melted and blended with hot water).

Mix flour, nuts, cinnamon and baking powder and add alternately to mixture with milk.

Add vanilla. Fold in egg whites, beaten dry. Bake in layers and frost with white icing.
