Taft, Kefauver Winning State Primary Elections

THIRD ATOMIC SERIES

Here is the opening blast of the third atomic series at the AEC's Nevada Test Site near Las Vegas, taken on top of Mt. Charleston, 55 miles from the site. The bomb appeared much smaller than those fired last year and was apparently dropped from an Air Force B-29. This picture was made one minute after the blast.

Strikes Over Nation Due To Get Underway

WASHINGTON, April 2 (AP)—The nation's telegraph and telephone systems prepared today for a series of threatened strikes due to start at midnight.

About 30,000 Western Union employes were set to walk off the job across the country. A top official in their union, the AFL Commercial Telegraphers Union (CTU), said "There definitely will be a strike as matters now stand."

The CIO Communications Workers of America (RWA) has called a strike of more than 40,000 American Telephone and Telegraph workers in Ohio, Michigan and Northern California for tomorrow morning. And 16,000 Western Electric Co. employes in 43 states have set a strike for Monday. Western Electric is a subsidiary of A. T. & T. and its employes also are represented by the CWA.

Western Union employes are demanding a 16-cent across-the-board wage boost. They also want the work week reduced from 48 to 40 hours, with no reduction in pay. The two demands together are estimated to cost 50 cents an hour for each employe.

The CWA is demanding substantial wage boosts, but has declined to pinpoint them.

Some 1,250 communications workers already have walked off the job at Western Electric's Tonawanda, N. Y. plant, in a strike over new contract demands.

Western Union announced in Washington it has filed with the National Labor Relations Board a charge of "Unfair labor practice" against the CTU.

The company said the CTU had violated employes' legal rights by threatening to fine them if they work during the strike or cross a picket line.

Ohio Senator Takes Lead In Wisconsin

MILWAUKEE (AP)—Sen. Robert A. Taft won the Wisconsin primary election today and hit the comeback trail in his drive for the Republican presidential nomination.

He took 24 of the state's 30 convention delegates.

Gov. Earl Warren of California, a part-time campaigner here, won six delegates in three congressional districts. Harold E. Stassen, who won the 1948 Wisconsin primary, lost out everywhere.

In the Democratic election, Sen. Estes Kefauver of Tennessee rode to a landslide victory, taking all 28 convention votes and nearly 85 per cent of the party's total statewide vote.

The tabulation for 3,129 precincts out of 3,204 in state-wide races to elect 10 Republican delegates at large and an eight-vote Democratic slate showed:

Republicans—Taft, 306,277; Warren, 252,037; Stassen, 164,730; Grant Ritter (for MacArthur), 25,457; Perry J. Stearns (uninstructed), 2,947.

Democrats — Kefauver, 199,417; Jerome Fox (uninstructed), 17,938; Charles E. Broughton (Truman draft advocate), 16,811.

Taft answered a reporter's telephone call to his Washington home but said he had no comment yet on his victory.

Warren said:

"Without belittling the vote which Sen. Taft received, I am deeply grateful for the confidence the voters of Wisconsin have expressed in me, particularly in view of the fact that I had very little opportunity to become acquainted with them. We made a very modest campaign, both in time spent and money expended."

Kefauver commented:

"I believe this expression of faith in the principles for which I stand will set the pattern for the nation. . . . We must all put our shoulders to the wheel and work together so we will elect a Democrat to carry on the principles of the Democratic party and to continue the progress of the last 20 years."

Stassen said:

"Sen. Taft received a setback because he failed to obtain more than one-half of the total popular vote."

In Taft's Milwaukee headquarters, excitement started at an early hour last night and overflowed as he built up his lead. He was out in front from the start.

Stassen held second place until nearly midnight, and then Warren passed him when returns began to come in from the more southerly districts of Wisconsin, and from the cities.

WISCONSIN FLOOD SLOWS VOTERS

Scores of voters in Oconto, Wis., went to the polls by boat. The city was flooded because of ice jamming the Oconto river. Franklin Klozotsky (left) and Jack Kumahala, (extreme right) assist Henry Borkovetz into a boat. Mrs. Borkovetz, behind her husband, wouldn't vote because she was afraid to get into the boat.

Kerr Concedes To Tennessee Senator Today

OMAHA, April 2 (AP) — Sen. Robert A. Taft clung to a small but important lead in Nebraska's GOP Presidential popularity contest today with indications he was firmly established as the front-runner.

Taft hung onto his number one spot by about 6,000 votes after Sen. Kerr of Oklahoma conceded defeat to Sen. Kefauver of Tennessee in the Democratic presidential primary.

Taft swung into the lead in the early morning hours. Before that the lead had switched five times in a dizzy series of changes. But then Taft began to build up a slim but impressive lead. The important thing was that Eisenhower was running out of strong-hold precincts while Taft still had many of his in reserve.

The latest rundown, 1,275 out of 2,058 precincts:

Republican—Taft 39,489; Eisenhower 32,975; Stassen 27,288; Mrs. Mary Kenny (stand-in for Gen. MacArthur) 4,794.

Democrats (1,248 precincts) Kefauver 31,449; Kerr 21,899.

Taft appeared to be winning at least 16 of Nebraska's 18 GOP national convention delegates, based on incomplete returns.

On the Democratic side, the picture was not as clear-cut on delegates. Kefauver and Kerr both appeared to have the support of five delegates among the 12 out in front.

The reason Taft appeared to have such delegate strength was this: most of the candidates now in front have said they will abide by the result of the popularity contest or they have announced previously they were for Taft.

Percentage-wise, Taft was in front in the popular vote with 36 per cent. Eisenhower had 30 per cent and Stassen 25 per cent. Kefauver had a solid 58 per cent and Kerr 41 per cent.

The curious thing was that Stassen was running third even though his name was on the ballot. Taft and Eisenhower were one-two despite the fact that voters had to write in their names — an oddity unmatched in political history.

Official Candidates Elected In City Race; Write-in Try Fails

Interest in the city's general election was heightened by a write-in campaign which failed by a margain of 38 votes here yesterday.

All the men named on the ballot were elected to the posts they were seeking.

Mayor Forest G. Sears was returned for a third term with the highest number of votes received by any of the candidates. He got 322 votes in the election in which a total of 347 votes were cast.

The only contest in the election was for councilman for ward No. 2 where a vigorous write - in campaign failed.

N. R. Clements, real estate manager, official candidate for the ward No. 2 post was elected with 143 votes. Fred Davis, hardware dealer and write - in candidate recived 105 votes.

Dr. Robert H. Hargrove, dentist, was elected councilman of ward No. 1 with 52 votes.

J. Elmo Crowder, druggist, was re - elected as councilman of ward No. 3 with 60 votes.

A. M. McPherson was re-elected as city recorder with 292 votes.

Although no write in campaigns were carried out for candidates for any posts besides councilman for ward No. 2, R. B. Sears, a councilman whose term will expire next year, received eight write - in votes for mayor. Hilton Lambert, commander of the American Legion, received one write-in vote for mayor, and L. J. Bunt, city fireman recieved two write-in votes for mayor.

A. L. Martin, building contractor, and former councilman, received one write - in vote for councilman of ward No. 1.

In a brief meeting last night the city council canvassed the election and installed the newly or re-elected officers with the exception of Hargrove, who was busy with a dental patient, and unable to be present at the installation.

The city council also voted unanimously on three city water projects.

They were : to test a new city water well at a cost of $300; authorized the mayor to advertise for bids for a pump and motor for the new well; and to install a second water main to southwest Snyder.

To be approximately 2300 feet long, the new water main will extend from a loop near the city limits on Thirtieth Street to a loop between Highland Park and Towle Place. It will be eight inches in diameter and materials for the main will cost approximately $1.98 per foot, W. J. Ramsey, city superintendent, said.

Mayor Sears said the new city water well to be tested has been estimated to produce from 200 to 300 gallons of water per minute. It is located at Avenue R and Twenty - eighth Street.

Interest Shown In Rainmaking

Close to 100 Scurry farmers and ranchers voted at a meeting last night to begin a movement here toward participation in the "rain increasing" attempts of the West Texas Weather Improvement District.

The meeting was called by Ken Milyard, district representative of the Krick Water Resources Development Corp. of Denver, which is under contract with the 11-county district now organized south and west of Scurry. The firm has already begun operations in the district, setting out generators which send silver iodide into the clouds.

Milyard told those attending the meeting that participation in the district would cost Scurry County a cent an acre for total acreage plus about $1,000 district office expense, or a total of about $6,800. Money would be raised from farmers and ranchers who want to participate in the movement.

The group elected J. B. Turner as temporary chairman, but Turner declined the office. A committee was selected to reach agriculturists here and arouse interest for another meeing to be held next Tuesday night. After the group finds how many landowners are interested in participating, they will set a subscription rate based on acreage of farm and grass land. Herman Stahl, president of the Farm Bureau, and Oscar Fowler, county agent, are aiding the committee as advisors.

At the next meeting, Milyard will give a demonstration of the "rainmaking" methods by use of a deep freeze and silver iodide.

Senator Taft Says 'Ground Swell' Is For Him As Well As Ike

WASHINGTON, April 2 (AP)—Sen. Robert A. Taft said today midwestern voters have demonstrated there is "Just as much of a ground swell for Taft as for Eisenhower."

The Ohio senator claimed "A very substantial victory" in the Wisconsin primary yesterday where he won 24 of 30 Republican delegates.

Taft also said he had won "An apparent victory" in Nebraska, where he was running ahead of Gen. Eisenhower in the Presidential popularity test. Both the Taft and Eisenhower votes in Nebraska were on a write-in basis.

Eisenhower's name was not in the ballot in Wisconsin, where write-in votes were not permitted.

Western Union Workers To Strike Here Today

Miss Pauline Fikes, manager of the Western Union Telegraph Co. office here, said this morning that the latest word from union officials instructed her and two other employees to strike at 11:01 o'clock tonight.

Miss Fikes said the company has not made any offer yet in answer to union members' demand for a 16 cents an hour pay raise. She added that the office will be closed at 8 o'clock tonight, its regular closing time, and she will not open tomorrow morning unless instructions come to her from the union.

162 Absentee Ballots Cast In Liquor Election

The total number of absentee ballots cast at the county clerk's office for the liquor election next Saturday was 162, Pat Johnston, county clerk, reported today.

The deadline for voting by absentee ballot was midnight last night. By the time the office closed yesterday afternoon, 156 had been cast. Six more were received by mail this mornnig and had been postmarked before midnight.

Voting To Start On Tideland In Senate

WASHINGTON, April 2 (AP) — The Senate reached the voting stage today in its month-long deliberation over what to do about the administration of oil-rich lands beneath the marginal seas.

Before the Senate is a resolution to provide for federal administration of the off-shore area, with the states to receive 37½ per cent of the royalties from lands within three miles of their shores. It would continue in effect until a final decision is reached on ownership of the lands.

With debate sharply limited, the first vote was scheduled on an amendment sponsored by Sen. Hill (D-Ala) and 18 other senators to devote federal revenues from the off-shore areas to a program of federal aid to education by grants to the states.

Several substitutes also were under consideration.

Sen. Holland (D-Fla) and 30 other senators are backing one substitute to surrender all federal claim to off-shore submerged lands within the three-mile limit.

Sens. Connally and Johnson (D-Tex) are co-sponsors in the senate of a House-passed "States Rights" bill giving the coastal states not only the title to land within their exterior boundaries, but also a percentage of the revenue from lands beyond the three-mile limit.

Administration leaders have stated flatly that President Truman will veto either of the state ownership proposals. A two-thirds majority in both House and Senate is required to override a veto.

No Shows In Ellenburger Well In County

McAlester Fuel Co. No. 1-A T. P. Allen, Southwest Scurry wildcat, is drilling in Ellenburger after a test in that zone from 8,201-226 feet.

With the tool open one hour, recovery was 33.6 barrels of salty sulphur water with no shows of oil or gas. Under the original contract, the operator was to drill 200 feet into the Ellenburger, which means that the project will go to about 8,398 feet. The Ellenburger was topped at 8,198 feet, minus datum 5,919 feet.

Should Ellenburger production fail to develop, operator is to plug back into the Pennsylvanian, which had some shows of production when drilled through, and test there. Casing is already on the location for that project.

The No. 1-A Allen is about six miles south of the Diamond M-Canyon field in section 75-20-LaVaca Navigation survey.

ABANDON WELL

Crown Central Petroleum No. 1 Joe B. York and others, Borden wildcat about 14 miles east of Gail, has been plugged and abandoned on total depth of 8,252 feet in Ellenburger. No top of that zone was reported.

A drillistem test was run from 8,197 - 215 feet. Tool was open 30 minutes with a recovery of 15 feet of drilling mud and no shows. A 30 - minute test was also run from 8,206-254 feet. Recovery was 150 feet of salty sulphur water with no shows.

Location was 660 feet from north and east lines of section 280-97-H&TC.

NOLAN AND MITCHELL

Mar - Tex Realization Co. No. 2 Boothe, east offset to discovery production in Central Nolan County, has been plugged and abandoned on total depth of 6,340 feet in Pennsylvanian. No shows for production were reported.

North of Colorado City in Mitchell County, James P. George No. 1 Mary E. Johnson and others has been quit on total depth of 3,390 feet in Clear Fork lime which was showing sulphur water. The project was about five miles east of the nearest production in the Sharon Ridge 1700 field, in section 4-26-H&TC.

DRILLING REPORT

Texaco No. 202 P. L. Fuller, North Scurry wildcat, is drilling below 6,939 feet in shale.

Husky Oil Co. No. 1 Nance, Garza wildcat southwest of Justiceburg, is drilling in shale below 7,465 feet.

Superior No. 6-397 C. J. Jones, Northeast Borden wildcat, is moving in a portable unit to test for completion in the Mississippian.

Sun Oil Co. No. 34 Billy Wallace near the Clatremont field in Kent County, is drilling in lime and shale below 4,350 feet.

SOME DECISION

WASHINGTON, April 2 (AP)—If Gen. Eisenhower should become President he would have to choose which of two pay checks he wanted to draw—a five-star general's or the President's.

The Economy Act of 1932 prohibits the drawing of two pay checks from the government if, together, they total more than $3,000.

The decision shouldn't be difficult.

The military pay and allowances of a five-star general total $18,761.

The President's salary is $100,000, plus a $50,000 tax-free expense allowance.

Willie Sutton Gets 30 Years To Life In Pen

NEW YORK, April 2 (AP)—Bank robber Willie Sutton was sentenced today as a four offender to 30 years to life imprisonment by a judge who said he wished he could sentence him to death.

Judge Louis Goldstein said in sentencing Sutton, "I only regret that the law prevents me from sentencing you to death." He had pleaded guilty to a gun carrying charge.

Sutton stood, blinking, and handcuffed to two guards in Kings County court, but made no comment during a 15-minute castigation delivered by the judge.

Amarillo Man Credited With Red Mig Today

SEOUL, April 2 (AP)—U. S. Sabre pilots today destroyed one MIG-15 and damaged two others of a Chinese Communist Air Force that showed little desire to fight after the rough handling it got yesterday.

The U. S. Fifth Air Force, after announcing the new kill, raised Tuesday's MIG casualty total by two more damaged. These raised the day's toll to 10 MIGs shot down, three probably destroyed and 12 damaged. It was the second biggest daily bag of the war for the sabre pilots.

Credit for the Wednesday kill went to Capt. Robert T. Latshaw of Amarillo, Tex.

He knocked the Red jet down in a 10-minute fight between 33 Sabres and about 30 MIGs over North Korea just before dusk.

Wednesday's two damage claims came out of a brief encounter in the morning. Pilots said they thought they hit a third MIG in this fray.

The U. S. Fifth Air Force said the Red airmen failed to show up in force anywhere on Wednesday.

On the ground, the U. S. Eighth Army reported only two Communist probes and scattered patrol skirmishes along the Korea battlefront Wednesday morning.

Counter-attacking Allied troops Tuesday night and Wednesday hurled back about 1,500 Chinese Reds who hit UN lines on the western front four miles from the Panmunjom truce tents.

The troops fought hand-to-hand at several points.

The Chinese attacked with bugles blowing under the light of red and white flares after four probing jabs had been repulsed. The Allies withdrew, gathered for a counter-attack, then drove the Communists back to their own lines.

A front-line officer said Red casualties appeared "severe."

Boxer In Fight Again

TOKYO (AP)—The American aircraft carrier Boxer returned to Korean waters yesterday for her third tour of combat duty, the Navy said today. The Boxer's last Korean tour lasted from March to September, 1951.

Wets Ask Supervisors Placed At Seven Of County's Boxes

Appointments have been made to provide representatives of those favoring legalization of liquor sale to supervise the canvassing of election returns and voting procedures at seven of the polls Saturday.

According to law, such supervisors must be appointed by the county judge in all precincts in which petitions signed by either 40 voters or five per cent of the voters of such boxes are submitted. Edgar Taylor, county judge, said he was checking the signatures on the eight petitions (including one asking supervision of absentee ballots) and had found most of them were qualified voters.

One petition, bearing 47 signatures, asked the appointment of R. T. Howard and Bob McKenny to supervise the placing of absentee ballots in the precinct boxes. Ballots cast for absentee voting are to be taken from the absentee ballot box in the county clerk's office at 1 o'clock Saturday afternoon, sorted, and tallied for figuring the returns in with those of the 20 precincts.

W. W. Hunter, Pete Nachlinger, and W. W. DuBose were asked to be appointed supervisors for box 17, Northwest Snyder, by a petition of 51 names.

Robby D. Perkins, R. H. Lee, and Bob Ryan were requested to be named supervisors in box 18, Southwest Snyder. The petition had 56 signatures.

In the Ira box, precint No. 9, Jack Holloday, Wayne Eubank, and E. D. Sipes were named on a petition bearing 13 signatures.

Mrs. Johnie Digby, Sam Head, and S. E. Swanson were the names of persons asked by a petition of 40 signatures to be appointed for box No. 1, Northeast Snyder.

In the Dunn box, No. 10, the names of those requested to be appointed were D. M. Denson and Elmo Herring, and the petition was signed by 14 persons.

E. J. Stevenson was the only one requested by a petition of 31 signatures to supervise voting in the Hermleigh box, No. 13.

The Southeast Snyder box, No. 20, may be supervised by T. L. Woodson, F. A. Fisher, and Jack Anderson. The petition requesting their appointments was signed by 43 persons.

Each of the petitions was accompanied by forms of orders to be signed by the judge making the appointments. Each order stated that the supervisors were required to oversee the voting and report any irregularities to the county's district grand jury at its next regular session. Each petition stated that the undersigned names were those of qualified voters who favored the legalization of the sale of alcoholic beverages in the county.

No petitions have been presented by the drys requesting appointment of supervisors representing those opposed to legal sale of liquor.

McGrath Mum After Short Talk With President Truman Today

WASHINGTON, April 2 (AP)—Attorney General McGrath talked with President Truman for 15 minutes today and left the White House declining comment on reports that his resignation was imminent.

McGrath saw the President at the height of a row with Newbold Morris, the Truman administration's cleanup chief, over the information Morris has been seeking—with Presidential backing—about the financial affairs of cabinet members and other high government officials.

All McGrath would say afterward was:

"I discussed departmental matters with the President.

"Anything that is to be said about our discussion will be said by the President or his staff."

Asked point blank if he was going to resign, the attorney general said unsmilingly that the statement he had just made was all he had to say.

The White House had no immediate comment on McGrath's visit.

The attorney general's meeting with Truman comes less than 24 hours after Rep. Cheif (D-Ky) delivered to the White House — by request — a copy of McGrath's testimony before congressional investigators. McGrath told Cheif's judiciary subcommittee Monday he wouldn't appoint Morris his special assistant if he had it to do over again.

McGrath also said he had not decided whether he or any of his 596 top officials listed to receive the Morris questionnaires would answer them. Morris has asked Truman to fire any government worker who refuses to answer, declaring he would quit his cleanup job if the President failed to do so.

The Truman-McGrath meeting also comes on the heels of reports that angry protests were made to the President at last Friday's cabinet session over Morris' questionnaire.

A reliable source who can not be identified said cabinet members told Truman they thought Morris was "going too far". Questions cover such details as business connections, family relations and how many fur coats the official's family owns.

Some cabinet members were said to have told the President the Morris inquiry reflected on his entire administration and implied the President was unable to pass on the integrity of his own officials.

McGrath and secretary of the Treasury Snyder were said to be among cabinet members who didn't like the questionnaire.

Rep. Hilling (R-Cal), a member of the Cheif committee, said he believes the White House huddle means "Either McGrath or Morris will have to step out."

Likelihood Of Steel Walkout Next Week Appears Certainty

WASHINGTON (AP) — A nationwide steel strike next week appeared inevitable today unless the government blocks it either by seizing the industry or getting a court injunction against the union.

Price Director Ellis Arnall put the government's attitude into these words to newsmen:

"I am very, very fearful we are going to have a steel strike. That is, if everyone continues as adamant as they appear to be now."

Arnall's comment came after long talks with President Benjamin Fairless of the U.S. Steel Corp. the biggest producer. Fairless was pleading for price increases to offset government-negotiated pay hauls for Philip Murray's CIO steelworkers.

Murray has set a strike of 650,000 workers in basic steel for April 9, next Tuesday. Negotiations which were to have started in New York Monday never got under way.

Some indications are that negotiations will start tomorrow.

Arnall gave every indication of standing fast against giving the steel industry any special price consideration. He said his policy continues to be that "any industry will get what its entitled to—and no more."

Arnall, head of the Office of Price Stabilization, evidently had President Truman's backing in holding the price line.

The White House repeatedly is having the Justice Department look up the legality of seizure action. If this is done the administration might go ahead, as spokesman of the industry, and give the union what it wants. But many officials had doubts as to the legal authority for seizure.

An injunction against the union—prohibiting a strike before it starts—could be obtained under the Taft-Hartley Law. But CIO President Murray four times has postponed strike action on government request.

A further indication that Truman may hesitate to use Taft-Hartley against Murray, a political friend, was that the President already had publicly characterized government proposals for settling the wage dispute as reasonable. He said steel industry profits are large enough to pay for them.

The government wage settlement plan, voted by public and labor members of the Wage Stabilization Board over industry members dissent, calls for a 17½ cent hourly pay boost, plus other benefits. The steel industry has said it will need a $12 a ton price boost to pay for all this.

WEATHER

NORTH CENTRAL AND WEST TEXAS: Clear to partly cloudy Wednesday and Thursday, a little warmer Thursday.

EAST AND SOUTH CENTRAL TEXAS: Generally fair and locally cooler Wednesday Thursday, increasing cloudiness and mild. Moderate northeast winds on the coast, becoming east to southeast Thursday.

Area Elections Put Some New Members Into City Councils

A former alderman, Herman Richburg, was elected mayor of Hermleigh yesterday.

Three incumbent aldermen and a new alderman; Frank K. Kubala, were named to serve on the city board. Aldermen re-elected were C. V. Clift, W. G. Mayo, and Boyce L. Jones. Other candidates were M. J. Hayes, R. L. Jones, and E. E. Brock, a write - in candidate.

Richburg was opposed in his race for mayor by Joe Roemisch, Jr., and defeated him by a count of 95 to 68. The Rev. Bob Creswell, incumbent mayor, was not a candidate for re - election.

Richburg has favored returning the city to the program established by the former council. This includes retaining the present tax rate, improving and extending the water system and establishing a fire department which will meet state requirements.

In other city elections through the area, Jeff E. Taylor, Walter B. Grubbs and Alton Moore were elected to the Colorado City council. The vote turnout was described as fair.

Holdover members of the council are the mayor, J. M. New, and A. L. Geer, Bill Craddock, and Leonard Henderson.

Hamlin's election drew a record number of voters, 642. B. M. Brundage, unopposed candidate for re-election as mayor, was returned. Two women, Mrs. L. L. Cowan and Miss Pearl Hudson, were elected to the city council to become the first women to serve on that board. J. B. Terrell, an incumbent, was re-elected.

Other candidates in the council race were Travis Hash, W. R. Terry, Dr. Doyle Blackford, and Mrs. Joe A. Simpson.

Rotan's election, described as "spirited", saw incumbent city council members defeated. Elected were O. B. Cave and Clarence E. Leigh, former councilman. Defeated were Juston M. Morrow and O. R. Clerk. Holdover commissioners are Wayne Porter, Bud Branch and Bob Williams.

A total of 694 ballots were cast in Big Spring's city commission race. Frank Hardesty, Jack Smith and Cecil McDonald, all incumbents, were re-elected.

R. L. Haney was elected new mayor of Roscoe in an uncontested election. Fred Clayton and R. H. Whorton, Jr., were elected to council positions.

Senator Butler Wins Election

OMAHA (AP)—Sen. Hugh Butler, a sort of political "Rock of Gibraltar" in Nebraska, seemed early today to have smashed the senatorial hopes of Gov. Val Peterson.

Mounting returns gave Butler, 74, a lead of nearly 3 to 2 in the Republican race for nomination to the seat he has held for 12 years.

Returns from 296 of 2,058 precincts gave Butler 10,859, Peterson 7,594.

It was history repeating itself.

Six years ago, Dwight Griswold, fresh from three terms as governor, challenged Butler and was defeated. Peterson, like Griswold, made his challenge after three terms as the state's chief executive.

Griswold began what may be a political comeback in yesterday's Nebraska primary by outdistancing two opponents for the GOP nomination to a two-year U.S. senatorial term created by the death last year of Sen. Kenneth S. Wherry (R-Neb).

Returns from 255 precincts gave Griswold 10,841, Walter A. Nielsen of Omaha 2,593, and Al Misegadis of Talmage 466. It was their first major political tries for Nielsen and Misegadis.

As apparent winner of a third straight GOP nomination, Butler would oppose Stanley D. Long, Grand Island druggist and former University of Nebraska regent, in the November general election. Long was unopposed yesterday.

The Democratic winner of the short term senatorial nomination appeared to be William Ritchie of Omaha, former state Democratic chairman and in recent years an outspoken critic of President Truman.

Stassen Gives His Own Interpretation Of Wisconsin Primary

CHICAGO (AP)—Harold E. Stassen said today the failure of Sen. Robert A. Taft to obtain more than half of the votes in the Wisconsin primary is a defeat of Taft's foreign policy.

Stassen, campaigning for the April 8 Illinois primary, said the "combined Stassen-Warren votes show that the voters want a liberal, dynamic foreign policy."

"Sen. Taft received a setback because he failed to obtain more than one-half of the total popular vote," he added.

Health Inspectors Due Here In Next 2 Weeks

Leon Huff, Jr., manager of the Chamber of Commerce, announced today that two representatives of the State Department of Health will be here within the next two weeks to meet with the Chamber's health and sanitation committee.

Huff said the committee requested the department's aid last week in finding ways to eliminate unsanitary conditions in Snyder with emphasis on the 276 pit toilets inside the city limits, as well as improper keeping of livestock and inadequate garbage facilities.

Man Fined Here In Drunk Driving Case

Ernest E. Crowder, about 35, of Hugo, Okla., was fined $123.50, including cost, when he pleaded guilty yesterday afternoon to a county court charge of driving while intoxicated. He said he had been working in Odessa and was visiting here at the time of his arrest. His driving privilege was suspended for six months.

Rites Set For Mrs. Johnson

Funeral services for Mrs. S. L. Johnson, a former Snyder resident, will be held at 3 o'clock tomorrow afternoon at the Twenty-fifth Street Church of Christ.

Mrs. Johnson, 81 years of age, died early this morning in an Altus, Okla., hospital. She had made her home there for the past few years. The body will be returned here today.

Mrs. Johnson was born in Hamilton County on August 30, 1868. Her husband, the late S. L. Johnson, died in January, 1951.

Mrs. Johnson had been a member of the Church of Christ for about 60 years.

Survivors include two sons, Olin Johnson of Snyder and, Johnnie Earl Johnson of Little Rock, Ark., and several grandchildren.

HOSPITAL NOTES

Herman Black, Snyder, an employee of Yucca Construction Co., was admitted to the Snyder Hospital yesterday with a fractured arm after he was injured at work. He was dismissed this morning.

J. B. Rogers, Route 2, was admitted for observation yesterday.

Mrs. J. Colley, medical, was admitted last night and dismissed this morning. Others dismissed were Mrs. W. H. Thomas and W. Sellers, both surgical pati

PERSONALS

Mr. and Mrs. John Bernson, 2403 Twenty - fifth Street, are parents of a son, born this morning at the Snyder Hospital.

Mr. and Mrs. Lewis Greenfield of Midland spent the week end visiting in the home of Mr. and Mrs. Jack Greenfield, 3101 Avenue U.

Mr. and Mrs. George Ethridge and family, 700 Twenty - sixth Street, had as week-end visitors her parents, Mr. and Mrs. D. F. Frix of Brownwood, and her brother, Garland L. Frix, and Mrs. Frix of Van Dyke, Tex.

Warren Thanks Voters For Support He Got

SACRAMENTO, Calif. (AP)—Gov. Earl Warren of California issued this statement early today when Wisconsin election returns showed he was trailing Sen. Robert A. Taft (R-Ohio) in the presidential primary there:

"Without belittling the vote which Sen. Taft received, I am deeply grateful for the confidence the voters of Wisconsin have expressed in me, particularly in view of the fact that I had very little opportunity to become acquainted with them. We made a very modest campaign, both in time spent and money expended."

Warren commuted by plane between California and Wisconsin, devoting half of his time to his Legislature here and the remainder to campaigning.

The Wisconsin election was the first test for the California governor in the 1952 race.

State Will Be Out Of Debt Until Autumn

AUSTIN, April 2 (AP) — The State of Texas won't go into debt before fall, Comptroller Robert S. Calvert calculated yesterday.

Early processing of annual insurance company occupation taxes has saved the state General Revenue Fund from the possibility of a deficit early this summer, he said.

Deposit of $11,155,000 from this source last month boosted the general revenue fund to $15,260,000 as of yesterday.

Shivers Accepts John Sheppard's Resignation

AUSTIN, April 2 (AP) — Gov. Shivers accepted the resignation of John Ben Sheppard as Secretary of State yesterday and thanked him for rendering "outstanding service" to the state.

AEC Wants High Priority On Materials

WASHINGTON (AP)—The Atomic Energy Commission, faced with a delay in building its hydrogen bomb materials plant, is seeking "a higher priority than even the military" has on certain scarce construction items, AEC Chairman Gordon Dean disclosed today.

"We're slightly behind schedule at Savannah River," Dean told The Associated Press in an exclusive interview.

He was referring to the big plant, now under construction in South Carolina, where the AEC says it will make materials usable either for A-bombs, the projected H-bomb, or for possible peacetime atomic power.

Dean was asked to approve the status of the entire atomic program after his nearly two years as AEC chairman.

Attributing the Savannah River plant situation partly to a shortage of structural steel, since ended, and partly to a shortage of stainless steel tubing, nickel and copper, Dean said he was sure the delay could be overcome if the AEC gets the priority it is after.

In the same interview, Dean revealed he would like to give the public more information on the power of a bomb exploded at Eniwetok last year, as a guide to planning "intelligently" for civil defense against atomic attack.

But he said that so far "I have had opposition from military circles."

"They feel that it would give significant military information to the Russians. But I don't think it is sensitive information . . . You wouldn't be disclosing how the bomb was made."

WILSON WINDS UP JOB

Charles E. Wilson, who quit as defense mobilizer after a dispute with President Truman, goes over correspondence with his secretary in winding up affairs at his Washington office. The secretary is Mildred Willingham of Delta, Ala., who personally delivered Wilson's letter of resignation to the White House.

No Barriers In Animal Trading

BRUSSELS (AP)—There's no Iron Curtain in Jan Peeter's business. He's a "trader in game" whose activities are world-wide, unhampered by cold wars and differences in political ideologies.

Peeters, a transplanted Dutchman, boasts there isn't a zoo in Europe from Moscow to London, from Stockholm to Marseilles, where he hasn't sold an animal.

His trade isn't limited by regulations on strategic material. He has his own simplified way to avoid currency difficulties in trading with animal lovers in the Communist countries.

"All deals are handled via the Prague Zoo," he said. "I send animals to them. They send animals to me. I just received three white bears from Moscow. I shipped them two pumas and 50 monkeys."

How does he get his animals?

"Just like this," said Peeters, showing a huge pile of letters with stamps from all over the world.

"You get offers and you get requests. You look for what you need and sometimes you get more."

Peeters was awaiting a shipment of elephants from Thailand. "I am also expecting two rhinoceroses from Africa. I have eight lions in a private zoo in the Ardennes. On the way from Brazil I have a real rarity, a black jaguar."

Mention of Latin America brightens Peeter's eyes. "They have real rarity there." India is another source of supply, mainly birds.

In the season (spring and summer), Peeters said, "we handle from two to three thousand birds a week."

"The main trade," he explained, "is with the exhibitors at county fairs. They use the birds in little lotteries. If you are lucky, you can win a real live bird for five francs (10 cents). People like that."

Peeters started animal trading 22 years ago in his native Tilburg in Holland. "They have a great specialty there—bird trading. That is the way I started. It just happened like that. From birds to monkeys and all the way to the heavier stuff."

Peeters will buy, sell or trade any animal anywhere, but he's secretive about current prices for a rhinoceros, a lion or how much he might pay for a baby elephant or a full-grown giraffe. As for snakes: "It depends on their length."

PERSONALS

Mrs. C. E. Trammell and Mrs. E. J. Handly of Ballinger spent last week visiting in the home of Mrs. W. A. Banks, 2600 Thirty-fifth Street.

Mr. and Mrs. Carl Lawrence, 905 Twenty - seventh Street, were in San Angelo Saturday on business.

Bud Molmstrum, Larry Morgan, and Bob Cole of San Angelo were guests in the home of Mr. and Mrs. Carl Lawrence and son, Kenneth, 905 Twenty - seventh Street, during the week end.

Mr. and Mrs. Rex Dillard of Benjamin, Tex., and Mr. and Mrs. Ollie Blodget of Wichita Falls were in Snyder yesterday to attend the funeral of Mrs. Tommy Deffebach.

Mr. and Mrs. Bill King, 3102 Avenue V, were in Sweetwater on business yesterday.

Mr. and Mrs. Chester Sole, Lamesa highway, are the parents of a daughter born Sunday in Root Memorial Hospital in Colorado City. She has been named Paula Rae and is the granddaughter of Mr. and Mrs. Adam Sole, Clairemont road, and Mr. and Mrs. George Turner, National City, Calif.

Eisenhower's Report Called Good Campaign Literature

WASHINGTON (AP) — Politicians agreed today that Gen. Dwight D. Eisenhowers report on the first year of the Allied defense buildup is a good political campaign document.

They said it should help his backers in their drive to win the Republican presidential nomination for him.

The 12,000-word report by the North Atlantic Treaty defense force commander was studied by Republicans and Democrats alike, looking for political implications.

Two Republican senators who say they are not committed to any candidate—Ferguson of Michigan and Mundt of South Dakota—told a reporter they found many examples.

"The report definitely answers some of the questions raised about him as a political candidate," Ferguson said.

"The people have made him a candidate, whether he wants to be one or not, and the people will read his report as the statement of a political candidate."

Mundt, who weeks ago said Eisenhower could find many ways of making his views known while still a general, said the report is one such device.

"He was filmed for television and other unorthodox media on this report," Mundt said. "I doubt that there can be any valid criticism of this unless it comes from some stodge-man for the Fair Deal."

As one example, Ferguson pointed to this Eisenhower quote on dangers of Communists in labor unions:

"Yet, it has seemed more than once within our countries that political factions hold their own immediate gain higher than the fate of their nation or even that of civilization itself.

"At the same time there are workers in our member countries still suffering from the delusion that their interests are served by association with Communist-led labor groups. It is nightmarish that any free worker of the West could respond voluntarily to the same Kremlin voices that have dictated the elimination of free labor unions in Russia and satellite countries.

"In the free system, labor is a full-fledged partner and must share in responsibility equally as it must share in productivity."

Mundt said the Eisenhower report made it clear that the general, if elected President, expected the "great debate on foreign policies to continue."

Democrats as well as Republicans praised the main themes of the report.

Senate Majority Leader McFarland (D-Ariz), said, "All of us have said all the time that Europe must co-perate and show a willingness to co-operate."

Chairman Connally (D-Tex) of Senate Foreign Relations Committee, who is directing action on the new $7,900,000,000 foreign aid bill, called the report splendid.

Taft Seeks 4 More Delegates

NASHVILLE, Tenn. (AP)—Supporters of Sen. Robert A. Taft of Ohio bid confidently today for four more of Tennessee's 20 delegates to the Republican National Convention.

The four presidential delegates-at-large to be named at the GOP state convention today will go with 15 Taft-instructed delegates already selected from the congressional districts. The 20th will be named in the Eighth District May 2.

Also before the solid ranks of Taft-minded state delegates today was an appeal from the state executive committee's refusal to recognize one district presidential delegate favorable to Gen. Dwight D. Eisenhower.

The committee had ruled for the "Old Guard" group in settling a dispute between two factions who held separate conventions at Memphis. Party regulars had named two Taft delegates, a group of dissenters had selected a Taft man and an Eisenhower supporter.

Tennessee, traditionally Democratic, has gone Republican in only two presidential races since 1872.

Mrs. Dale Elliott, 3105 Fortieth Street, is in Sheridan, Ark., to attend the funeral of her grandmother, Mrs. Julia Hicks, and to visit her aunt, Mrs. A. B. Tutt, who is seriously ill.

Bob Kirk of Littlefield, commander of the Legion's nineteenth district, will be here this week end to head the business meeting at the district convention, which begins Saturday. Kirk will also help with the judging in the parade Saturday afternoon.

Chamber Radio Talks

Harry Holbrook, chairman of the Chamber of Commerce publicity committee, announced today that his committee will begin weekly radio broadcasts at 4:30 o'clock Sunday afternoon.

Holbrook said the programs will include current events in the county, meetings, and other important events and that it will be narrated.

QUEEN ON VISIT

Queen Juliana of the Netherlands and her husband, Prince Bernhard, wave before entering their plane at Amsterdam for their trip to the United States. The Queen is due in Washington after an overnight stop in Gander, Newfoundland.

TALK OF THE TOWN

By SUE HOLMES

Sometimes you have to get burned before you learn things. Literally! We sat down on the bathroom stove the other night, having nothing better to do. After several methods of home treatment, which somehow led to a minor infection, we betook ourself to a doctor who, we have to admit, knows more about the balms and ointments than we. He allowed as how there are six or more schools of thought on the treatment of burns, dabbed on some soothing salve, and we went on our merry way.

Yesterday we were talking with LEAH DAVIS, amiable county health nurse. She says the newest burn treatment involves leaving the seared place unbandaged and open. Reason for this is: that should an atomic blast occur, with resultant burned hide on just about everybody (gruesome thought) there would not be enough bandages or doctors to go around. Thus the medics are experimenting to see whether or not the open method is entirely feasible. Cutting their own throats?

A new product called the KeKo Boater sounds like a new line of yacht, but it turns out to be newfangled baby pants. The company thinks it's done a great service to mothers, since this new diaper cover makes baby keep his wetness to himself. This means resulting less work for mothers. It's no longer necessary to change sheets and bed clothes in the middle of the night. Rubber sheets are said to be unnecessary. The cover suspends the diaper away from the body, and is said to make baby happier, too.

Testimonals abound: "The Boaters my second child used in the last stages of his 'training' convinced me that a new baby would be a real joy to care for," one mother confided.

You can get nylon or rayon covers in polka dots, plaids and solids. They snap on.

What brought this all on is that we were reminded that National Baby Week is coming up April 26. You might like to know that this country isn't going to the dogs, but it looks like the kids may take over. In 1942 the birth rate was 2 million, whereas the 1952 rate will be 4 million.

Anyhow, 4 million mothers are supposed to have it easy, since you can buy prepared baby food, diaper services and pre-made formula, and, of course, the Boaters!

STAGE AWARD WINNERS

"Tony" awards — the Antoinette Perry prizes for winning theatrical performances — bring bright smiles to the stage personalities who won them this year. The winners, left to right, are: Oscar Hammerstein 2nd, co-author of "The King and I"; Gertrude Lawrence, most distinguished feminine performer for "The King and I"; Richard Rodgers, Hammerstein's partner; Helen Hayes, who made the awards; Phil Silvers, most distinguished male performance in "Top Banana"; Judy Garland, and her important contribution to vaudeville revival; and Yul Brynner, outstanding male performer in "The King and I".

Veterans Auxiliaries Have Joint Meeting

The American Legion and Veterans of Foreign Wars auxiliaries held a joint meeting Monday night to plan entertainment for the American Legion convention scheduled for this week end here.

The auxiliaries plan to work together on money-making projects to buy flags. The VFW auxiliary will have a bake sale April 12.

Sunoco Bridge Club Meets at Moores

Mrs. E. O. Moore was hostess to the Sunoco Bridge Club at her home in the Lemons Lease Camp yesterday.

Mrs. Fred Theis won high score and Mrs. [illegible] Terrell won low. Mrs. Leah Johnson won bingo prize.

A dessert plate was served to seven members.

Mrs. Joe Caton, 2711 Avenue R, Mrs. J. O. Littlepage, Mrs. E.A. Crowder, and Mr. and Mrs. R.H. Odom, 1912 Twenty - ninth Street, were in Abilene Saturday and Sunday to attend the Northwest Texas Wesleyan Service Guild Conference. Mr. Odom visited in Abilene while the ladies attend the meeting.

Mrs. J. J. Holt, 2909 Avenue E, and Mrs. Johnny Lee Trodence returned home Friday from Bridgeport Lake where they spent several days fishing.

ASK MILDRED

My new straw hat blew off my head and got dirty. Is it possible to wash it? V. L.

Never wash a straw unless it is real straw. Never wash a hat unless you have a block on which to put the hat after washing. Remove trim and lining. Dip up and down in "sudsy" lukewarm water, rinse and block. Sometimes it is possible to wipe soil from straw hats. Otherwise send in to a professional hat cleaner and blocker.

• • •

Would you like to have this hint to publish in your column? I read your articles regularly. M.W.

Cut the corner from an envelope and pierce it at the point—it makes a convenient funnel for filling salt and pepper shakers.

• • •

I want to recover my chaise lounge. We leave it out all summer and it's not always in the shade. Do you know some fabric that can really stand a lot of sun and not fade? E.R.

You might shop for vat dyed or yard dyed duck. Many plastics last well. Choose the heavy weight in plastic or the firmest weave in duck.

• • •

Can you give me an idea for an unusual way to write invitations for teen age parties? B. R.

Write your invitations in lemon juice on white note paper and at the bottom of the invitation write the following note in pencil: "Hold near heat to get message." Or try writing a rhyme in green ink on yellow paper — you can cut out the cards from construction paper. Here is a sample rhyme:

"Here's hoping you feel hale and hearty
So you can come to our spring party
Tuesday evening at half past seven, please
We gather for an evening of ease."

I am mailing you several games that are fun for spring time parties.

Ironing Time-Saver

2965
SIZES 2 - 8

Daughter's princess dress — a treasure because it buttons all the way down both sides to minimize mother's ironing time! Make its matching panties with the very same pattern.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

Just off the press! The SPRING-SUMMER FASHION BOOK, with its delightful presentation of the newest fashions in the form of dependable, practical, easy to sew pattern designs—over 125 of them, for every age and every type. Be an early bird, sew now with this book as your guide. Price just 25 cents.

'The West' Program At 20th Century

"The West" was the topic of Twentieth Century Club's program yesterday at Mrs. E. N. Baker's home.

Mrs. W. D. Harral led the program and presented a talk on "The Missouri Valley." Mrs. W. J. Ely gave "Frontier Life in the West," and Mrs. W. H. Cauble gave "Canyons of the West."

A dessert plate was served to 13 members.

Coffee Honors Former Resident

Mrs. John Sentell and Mrs. F.G. ears honored Mrs. Jack Harris of Austin, a former Snyder resident, with a coffee yesterday morning at the Sears home.

Easter lilies and yellow candles decorated the table covered with a cut - work cloth. Mrs. Sentell poured coffee.

Twenty - four guests, who were friends of the honor guest when she lived here, attended.

Federation Possibility Presented at So-and-So

Mrs. J. C. Williamson was hostess to the So-and-So Club yesterday when a program was presented on the possibility of federating the club.

Mrs. Bill Butler, Mrs. Glynn Snyder and Mrs. Charles Lyons were program participants.

The hostess served refreshments to seven members.

Mr. and Mrs. S. W. Angel, 1311 Twentieth Street, returned home Saturday after spending a week in Rising Star visiting relatives.

Mrs. W. A. Banks, 2600 Thirty-fifth Street, spent the week end in Midland on business.

Mother-Daughter Banquet Given By Hermleigh Class

About 60 persons attended the Mother - Daughter banquet given by the Hermleigh High School Future Homemakers of America chapter recently.

Table decorations were predominately red and white, FHA colors. Minature figures of mothers and daughters, red roses and candles were used in carrying out the color scheme.

Mrs. Roxie Soules spoke on "The Values of Homemaking" following a program of musical selections. Homemaking students then introduced their mothers and each presented her mother a white carnation tied with red ribbon. Miss Patsy Taylor, club sponsor, was also given a white carnation.

'Women of Bible' Is Art Guild Program

Mrs. Silas Devenport was hostess to the Art Guild Club last night at her new home. Spring flowers decorated the rooms.

Mrs. Bill Teaff and Mrs. Carl Herod presented Mrs. John DeShazo who spoke on women in the Bible, the part their faith or lack of faith played from Genesis to the end of the New Testament.

A salad plate was served to 15 members and two guests, Mrs. W. W. Park and Mrs. J. A. Cox.

Mrs. Dolen Wins High at Bridge Club

Mrs. Warren Richardson and Mrs. H. W. Sanders were hostesses to the Cher Amies Bridge Club yesterday at the Village.

The Easter theme was carried out with yellow spring flowers decorating the tables.

Mrs. Ike Dolen, Jr., won high score, and Mrs. Terry Holcomb won second. Mrs. G. C. Lefler won bingo.

Thirteen members were present.

Mrs. O. P. Thrane of Abilene is a guest in the home of Mr. and Mrs. George Webb, Clairemont road.

Mr. and Mrs. Wilber L. Dean, Clairemont road, attended a house warming Saturday for Mr. and Mrs. L. B. Lindsey in Abilene.

Harold Wade, son of Mr. and Mrs. Lyman Wade, 604 Twenty-fourth Street, is visiting in his parents home through Easter. Harold is stationed in Pine Bluff, Ark.

Snyder Sweeps Field Here In Boxing Matches Last Night

Bud Morgan, 12 - year - old 85 pound slugger, was awarded a 12-inch trophy as most outstanding fighter last night after a series of bouts at the high school gym.

Morgan, who TKO'ed Wayne Lawrence, 85 pounds, of Munday, showed unlimited scrap in his fight. Lawrence was on the floor not long after the first round began, and he gave up the fight before the second round began. Morgan was chosen by the audience for the award.

Sponsored by the Optimist Club, the bouts were among fighters from the Optimist boys' club and those from Munday and Paducah. Munday's group, coached by Raymond Cardin, is under the sponsorship of their Community Development Association, while Dr. Tom Smith was sponsor and coach of the Paducah group.

LOCAL WINS

Of eight bouts between local boys and those from out of town, the Snyder group, under the coaching of J. C. Morgan, won six and lost one. The other was called a draw, by Speedy Moffett and Kenneth Pitner, judges, and Mule Kayser, referee.

Paul Hailey, 17 - year - old high school senior of 140 pounds, had 135 - pound Mon Biddy of Paducah on the floor twice in the first round. Biddy threw in effective punches in the second and appeared to be taking the bout, but Hailey pulled a comeback in the third and almost finished his opponent before he won the fight on a TKO a minute and 21 seconds after the round began. Each bout was three two-minute rounds.

OTHER RESULTS

Arnold Dorman, Snyder, 84, decisioned James Goodwin, Munday, 85, with his hard jabs in the second and third rounds.

Wayland Caldwell, Snyder, 118, decisioned George Clements, 119, Paducah with his windmill.

Tommy Hensley, Snyder, 106, ran Jimmy Hoover, Snyder, 102 around the ring and landed good punches in the breadbasket to win the decision.

Joe Reeves, Snyder, 97, and Bill Kirk, Paducah, 95, both slugged out a fast fight and fought to a draw.

Charlie Kemp, Snyder, 128, lost decision to George Bolling, Paducah, 126, in a close match.

Ralph Hartgrove, Munday, 114, lost decision to Ray Lang, Paducah, 114, after Lang had kept him on the ropes throughout the fight.

Kenneth Brotherton, Snyder, 132, decisioned George Spann, Munday, 135, with an effective left jab and good follow with his right.

Bobby Brown, Snyder, 96, used his windmill to decision Ned Bearden, Paducah, 95.

Johnnie Jetton, Snyder, 85, tired out in first two rounds after punching air when Barry Ainsworth, Snyder, 96, kept moving into him. Ainsworth won decision after a "blow-for-blow" third round.

Peoria Caterpillars Take Win Over Kansans By Two Points

—NEW YORK (AP) — The record books will show that Clyde Lovellette of Kansas racked up the highest three-year scoring total of any player in history—an astounding 1,888 points—but the ones the big guy will never forget are the two he didn't make.

The human scoring scourge from Kansas missed perhaps the most important shot of his life—"a dinky old one-footer"—last night as his team dropped a tingling 62-60 decision to the Peoria Caterpillars in the finals of the Olympic Basketball Tournament.

Peoria, the AAU champion, won the game when Howie Williams connected with a 20-foot one-handed with eight seconds to go.

But if you talk to anyone who saw the game—there were 6,234 in Madison Square Garden last night—they'll tell you Lovellette's muff of a simply layup was the big story.

With the score tied 60-60 and 15 seconds left, Lovellette electrified the small but noisy crowd by stealing the ball from Peoria's Marcus Freiberger.

The 240-pound giant lumbered down the court and, to his surprise, found nary a defender under the Caterpillar goal. There were two Kansas teammates on either side of the basket.

Lovellette strode in—all by himself—and went to dunk one of the easiest baskets he'd ever made.

The ball wouldn't behave, though, and rolled off to the left.

"I felt sick," said the record-breaking All-America later. "After making all those tougher baskets I had to go and blow that dinky old one-footer."

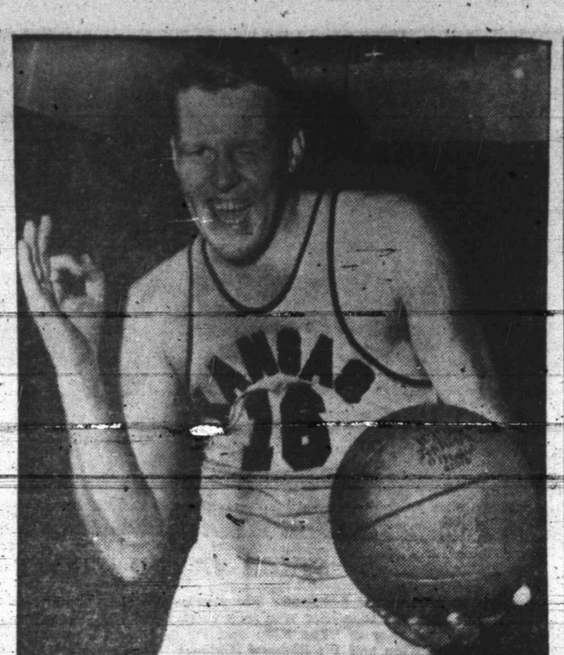
After the historic miss, Ronnie Bontemps of Peoria raced in and grabbed the rebound as the clock spun toward the zero mark.

Bontemps turned and fired the ball down the court to Williams, who took two steps and let fly with a high-arching one-hander.

This time the ball cut the cords, climaxing some of the most heated basketball seen here this season.

As a result of its hard-earned victory, Peoria is the supreme ruler of amateur basketball in this country. Five of the Caterpillar players have qualified for the U.S. Olympic team, and with seven members from Kansas and two from the Phillips Oilers, will journey to Finland this summer for the international competition.

Almost lost in the shuffle last night was Philips' 92-58 romp over tournament-tired LaSalle in the consolation game. The Oilers, led by Bob Kurland's 17 points, simply had too much for the outclassed Explorers.



BASKETBALL'S PRODIGY

Described as the baby-faced giant with the delicate touch of a Paderewski, Kansas' Clyde Lovellette gives out with a grin and a victory sign after helping defeat LaSalle in Olympics Tournament at New York's Madison Square Garden. Lovellette scored 40 of his team's 70 points. LaSalle scored 65. Lovellette's coach, Phog Allen, says he considers the six-foot-nine center from Terre Haute, Ind., "the greatest player the game has produced."

Lovellette Not Interested In Pro Basketball

NEW YORK (AP) — Coaches of professional basketball teams look at Kansas' titanic Clyde Lovellette these days and just drool.

They can keep on drooling, as far as the 6-foot-9 scoring wizard from Terre Haute, Ind., is concerned.

"I don't want any part of pro ball," Lovellette said today.

A senior who graduates in the spring, Kansas' great center said he has numerous feelers from professional teams and the figures he's heard have been tempting.

"But I'm thinking about my career," he said. "I'd rather get with one of the AU teams like the Phillips Oilers or Peoria Caterpillars. Go into business and play basketball on the side. Those are my plans."

Word floating around the Olympic trials here is that Bob Kurland, the Oilers' 7-foot veteran, will retire from active play after this season and a young man named Lovellette will step into his shoes.

"The Oilers haven't talked to me but I'd certainly be interested in going with them," Lovellette said.

If the giant Indianan, who now weighs 244 pounds, were to go pro his services would be subject to the National Basketball Association draft, with territorial rights and team standings a factor.

Unconfirmed reports are that the Ft. Wayne Pistons offered the basket-shoting robot a salary of $15,000 a year.

"Ft. Wayne has talked to me," Lovellette said. "So have Boston, Milwaukee and Philadelphia."

An oak-like hulk of a man with a sensitive touch, Lovellette scored a record 1,888 points during his three-year career and averaged more than 24 points a game.

SPORTS MIRROR

By The Associated Press

A YEAR AGO TODAY—Walt Dropo, Boston Red Sox slugger, broke his wrist and team officials said he would be out two months.

FIVE YEARS AGO — Charlie Backman, ex-Michigan State football coach, retired from the game after 29 years to enter business.

TEN YEARS AGO — Dorothy Kirby won the Titleholders Golf Tournament with a 239 for 54 holes.

Cleveland Spokesman Keeps On Having Dreams About Averages

By GAYLE TALBOT

LOS ANGELES (AP) — The unofficial spokesman of the Cleveland Indians said he kept having a bad dream.

In it he saw spread before him the lifetime batting averages of Luke Easter, Larry Doby, Al Rosen and Cleveland's other leading sluggers. And—in the dream—these lifetime averages were no greater than Easter and the rest compiled last season.

He said the dream was so vivid sometimes that he would wake up bathed in sweat.

"It doesn't mean anything, of course," said the man, who lives and dies with the American League runners-up, "but what I keep seeing is that the way these guys hit last year wasn't any slump at all, but just their normal gait. Crazy, isn't it?

"I know we are going to win the pennant, because Luke and Larry and Al and Ray Bone all are bound to hit higher than they did last year, and we've got the best pitching there is. But I wish I wouldn't keep getting that dream. I told our manager, Al Lopez, about it, and Al says it's probably due to this hot stuff I've been eating over in Tucson.

"Nobody knows better than I do that Easter isn't any .270 hitter and Rosen isn't any .265 man. That's only what they hit last year, and we know that both really can polish that apple. Hell, they'll both go over .300 this season and I wouldn't be surprised to see them hit 40 homers apiece. But I keep getting that damn dream.

"Do you, personally, think that Bone is a .233 hitter? That kid not only is a good shortstop, but he is all right with that wagon tongue, to. He'll blast that ball this year and we might finish 15 games ahead of the Yankees. I'm silly to pay any attention to a dream like that, right? That Doby, he'll probably hit around .350 and this time next year you'll be wondering why you didn't see it coming."

We assured the Cleveland man we did not believe in dreams as an exact science, and after he had wiped the sweat away he continued:

"Another thing, they keep saying that we havent got a take-charge guy on our club. Whoever invented that phrase, and how recently?

"Used to be if you had nine good men out there you had a fair chance of winning. We got that, but they say we haven't got this genius who gives with the signals, the man with the big brains. Hell, we've got as smart a little dude as there is in the game in that Bobby Avila out there on second base.

"First time Leo Durocher ever saw Avila handle a ball in Havana Leo says there's a big leaguer. It wasn't a hard chance, either, but Leo knew. Bobby's the man who could be our take-charge guy except that he can't speak English good enough."

NOT BY MY VOTE
Men will have strong drink, and men will sell strong liquor, but

NOT BY MY VOTE
Saloons may go on like the brook, forever, And men may die by the thousands in them, but

NOT BY MY VOTE
Truth may be wrecked and character dismantled,
Homes may be destroyed and women and children degraded, but

NOT BY MY VOTE
Children may be caught in the saloon's snare,
The victims of alcohol may fill our jails, almshouses and insane asylumns, but

NOT BY MY VOTE
The saloon may impoverish and degrade the people,
Producing idleness, disease, and pauperism.
It may breed anarchy and crime, but

NOT BY MY VOTE
The government may license the drink traffic, and
For a consideration, "take a reward against the innocent"
And bargain away the public health and the public morals, but

NOT BY MY VOTE
The liquor traffic may corrupt the social and political life of the nation; it may worm its way into all business
And even the sacred precincts of the home and the church, but

NOT BY MY VOTE

TRAINING CAMP BRIEFS

By The Associated Press

ST. PETERSBURG, April 2 (AP) — Preacher Roe, veteran lefthander of the Brooklyn Dodgers, has declined the honor of pitching Brooklyn's opening day game.

Roe is touting Chris Van Cuyk, a towering lefthander for the honor.

"You know who it will be," Roe said today. "Chris has earned it. He's ready to open right now. I guess I can pitch the third one, but not the first one. I haven't been able to get them out for four innings, yet."

TALLAHASSEE, April 2 (AP) — Warren Spahn, the Boston Braves' stylist southpaw, will attempt to go nine innings against major league opposition today when the Tribesmen conclude their spring exhibition competition with the Phillies.

LAKELAND, April 2 (AP) — The Detroit Tigers stayed in camp today for some heavy concentration on hitting.

Detroit's weakness at the plate was underlined again yesterday when the team collected only five singles in losing 5-0 to the St. Louis Cardinals. It was the Tigers' 12th defeat in 21 exhibition games.

DENVER, April 2 (AP) — With Bob Lemon on the mound, the Cleveland Indians try to make it seven straight today over the National League Champion New York Giants.

ORLANDO, April 2 (AP) — The Cincinnati Reds are heading for home.

They broke camp at Tampa last night and moved here as the first stop on a barnstorming trip that eventually will get them into Cincinnati to stay on April 13.

Today they open a traveling series with the Washington Senators.

BEAUMONT, April 2 (AP) — The St. Louis Browns bid goodbye to their spring training "cousins", the Pittsburgh Pirates, here today.

The Browns have won six of nine games with the Pirates, with one ending in a 7-all tie.

SAVANNAH, April 2 (AP) — The Philadelphia Athletics will go for their fourth exhibition win in a row tonight when they play their Savannah farm team in another stop in the trek north.

The A's beat Macon 4-0 yesterday, as Ed Wright and Tex Hoyle hurled two-hit ball.

TALLAHASSE, April 2 (AP) —Jack Mayo not only has stopped up the left field hole in the Philadelphia Phillies lineup but also is leading the club at the plate.

Mayo went into yesterday's game against the Boston Braves with a .375 mark and knocked out a homer and single in three official times at bat.

AUSTIN, April 2 (AP) — The Chicago White Sox' rookie third baseman, Hector Rodriguez, will have X-ray examinations of a twisted ankle in Dallas today.

The little Cuban was injured at San Antonio last night running to second base during a game with the Chicago Cubs.

The Cubs posted their fifth straight win over the Sox last night, 4-2.

ST. PETERSBURG, April 2 (AP) — Mickey Mantle has just about clinched the regular rightfield berth on the New York Yankees.

The youthful star is hitting, running and fielding in fine style. He has banged out 18 hits in 48 trips to the plate for a .375 mark. Mantle has made some sensational plays in the outfield and his running is as good as ever.

32 Entered In Colonial Meet

FORT WORTH, April 2 (AP) — Charles Coe, the former National Amateur Champion from Oklahoma City, today was added to the field for the $15,000 Colonial National Invitation Golf Tournament. It brought the entry list to 32, with 30 professionals and two amateurs.

Billy Maxwell, current National Amateur king, already had accepted an invitation to play.

The professionals who already have been invited to play and have accepted are: Skip Alexander, Jerry Barber, Al Besselink, Tommy Bolt, Julius Boros, Jack Burke, Jimmy Clark, Jimmy Demaret, Max Faulkner, Jim Ferrier, Dug Ford, Marty Futgol, Ray Gafford, Fred Haas, Fred Hawkins, Clayton Heafner, Ben Hogan, Joe Kirkwood Jr., Bobby Locke, Lloyd Mangrum, Cary Middlecoff, Bill Nary, Byron Nelson, Ed Oliver, Johnny Palmer, Sam Snead, Earl Stewart, Harry Todd, Bob Toski and Buck White.

Favorites Lead In Golf Meet

PHOENIX, April 2 (AP) — Favorites, headed by defending champion Mary Ann Downey, Baltimore and medalist Edean Anderson of Helena, Mont., dominated the field of 32 amateurs in the annual Women's Trans-Mississippi Golf Tournament.

Match play was the order of the day when nearly 200 golfers toured the Arizona Country Club under bright, hot skies.

Par for the 6,573-yard course is 38-37-75, and no one was able to shot under the figure. Only six could hit 80 or better.

Best score, at even par, was the 75 turned in yesterday by Miss Anderson.

Miss Downey finished with an 81. The figure was duplicated by Marjorie Lindsay of Decatur, Ill.

Grace De Moss, Corvalis, Ore., played well for a 79, and Barbara Romack, Sacramento, Calif., came in with a 78.

Runners-up for the medal honors went to Mrs. Lyle Bowman, Richmond, Calif., who shot a 76.

Pat Garner, Midland, Tex., had an 80.

Scores of 89 or better qualified.

Last Game For Girls

The girls' volleyball team plays its last game before the district tourney this afternoon when it meets Hermleigh at 4 o'clock.

REFUELING ON POLAR CAP

Two navy planes, part of Operation Ski Jump, are shown refueling on a ice floe near the North Pole. The plane at left, an R4D, was abandoned after its landing gear collapsed stranding its nine passengers March 27. The men and equipment were rescued Monday. Blocks of ice in the foreground are pressure ridges caused by buckling of ice field with wind and current. Operation Ski Jump is a scientific expedition studying oceanographic, meteorological and geophysical conditions near the North Pole.

Stalin's Plea Yesterday Not Considered Move Toward Peace

HELSINKI, Finland (AP) — Prime Minister Stalin's latest statement may signal an all-out drive by the Communists to picture the Soviet Union as the only champion of a unified Germany.

Stalin said he considers the present moment opportune for unification of Germany. He said it a time when the Western Powers are planning to sign a peace contract with West Germany, in token that no final decision is possible in making peace with Germany as a whole.

The United States, Britain and France have found it impossible to reach any approach toward such unification that is acceptable both to East and West. The Soviet Union, for one thing, has refused to do business with a United Nations commission designated to find out if all-German elections can be held fairly and honestly.

But the unity theme has a great appeal to Germans, including many in the areas occupied by the three Western Powers. Thus the Stalin statement, coming on top of Soviet approval of the idea of rearming a unified Germany, may serve as the starting point for a concerted attack on the government of Chancellor Konrad Adenauer.

A Germany unified on Moscow terms would create a vacuum in Central Europe despite Soviet claims to the contrary. The Soviet Union, of course, would like to neutralize Western Europe and bog down its building of defense works.

Stalin made his statement on Germany in response to questions sent by a group of U.S. newspaper and radio men on March 24. Four days later Adenauer announced that the U.S., British and French foreign ministers would meet with him in May to sign a peace contract—a way of life with Western Germany.

Signing of such a peace contract would formalize the East-West split in Germany, and perhaps prove a permanent block to Soviet plans for Europe. Thus there is a feeling of urgency in Moscow about Germany, and that is probably one reason Stalin decided to answer the American newsmen's questionnaire.

Stalin also said he considers a third world war no nearer than it was two or three years ago. That is a "welcome mat" for the International Economic Conference opening in Moscow tomorrow.

This conference is intended to build a fire under Western governments to turn them away from U.S. leadership and toward the East, for business. It offers the bait of money to be made by turning to a vast market in the East. To increase this lure, the USSR must try to convince Western businessmen that war is not inevitable nor even likely—and that capitalism and communism can exist peacefully side by side.

Stalin may have had still another reason for giving one of his infrequent pronouncements to Westerners just at this time. It was published less than 24 hours before Gen. Dwight Eisenhower's first annual report on what the North Atlantic Treaty Organization has accomplished during his first year as its military commander and what the general believes it still needs to do. The Kremlinites may have hoped to take some of the headline space away from the NATO record.

In short, there is no reason to assume that Stalin's statement is a real move toward peace.

WCTU Meeting Set

The Women's Christian Temperance Union will hold a prayer meeting at 10 o'clock Thursday morning in the fellowship hall of the First Methodist Church. The Rev. Woodrow Adcock, pastor of the church, is to direct the devotional.

No Rain In State As Temperatures Ride Higher Into Nineties

By The Associated Press

Clear skies and warm daytime temperatures are the outlook for Texas through Thursday. There is no sign of rain needed to break the long drouth.

Temperatures rode into the 90's in much of South Texas Tuesday and were expected to be even higher Thursday.

There was no measurable rain in the state in the 24 hours ending at 6:30 a.m. Wednesday, the weather bureau said.

Cool nighttime readings were expected to continue. Dalhart had a chill at before dawn Wednesday but by 8:30 a.m. the reading there was 43.

Tuesday's high maximum was 97 at Alice. Dalhart's 65 was the low maximum.

Matador Puts Mayor Back In

MATADOR, Tex. April 2 (AP)—Mayor-Publisher Douglas Meador received 370 of 380 votes cast here yesterday to gain another term as mayor.

Meador, who gives back to this West Texas town his $600 annual salary, was unopposed. He said the write-in votes against him were cast by friends "who didn't want me to have it too easy."

Before the election, Meador said, "I have not been asked to run, but on the other hand, no one has asked me not to run, which I feel is a nice compliment."

Meador said he likes being mayor because "it's fun," and adds:

"Seriously, I am grateful to the people of Matador for the fine cooperation I have received since I have been mayor. It is a distinct honor. I love Matador and its people."

Although Meador, in his four years as mayor has refunded $2,400 in salary, the town of 1,325 may not get off so light this year.

The mayor says he is going to ask the council to pay his travel expenses to a mayors convention so he can observe big town mayors.

The big boys may want to see Meador, too. Matador has a tax rate of $1.35 per $100 valuation. When a company raised water rates, the town bought the plant and reduced the rates to the former level. Now it has a new reservoir.

The average size of American farms has grown from about 155 acres in 1935 to about 200 acres.

Judge Lumkin Will Not Seek Re-election

AMARILLO, April 2 (AP) — The race for one of the Panhandle's top judicial positions was thrown wide open here last night when Judge James G. Lumpkin, Associate Justice on the Seventh Court of Civil Appeals, announced he will not seek re-election.

The seventh court serves a sprawling area of 46 Panhandle-South Plains and West Texas counties.

Reds Succeeding In Holding Up Trials

NEW YORK (AP)—Witnesses were called today in the defense attack on the federal jury system at the conspiracy trial of 16 second-string Communist leaders.

After lengthy debate, U.S. Judge Edward J. Dimock ruled yesterday that he would hear witnesses on the defense contention that the method of selecting federal jury lists here is unfair and illegal.

There was no indication of how much time this pre-trial proceeding would consume. A similar challenge dragged on for months at the trial of the 11 top U.S. Communist leaders three years ago.

Biter Is Sentenced

DARMSTADT, Germany (AP)—A 22-year-old German worker was sentenced last night to 27 months in jail for biting off the tip of his fiancee's nose.

The biter, Tassilo Horn, pleaded self defense.

HEARING AUTHORITY HERE FOR CLINIC

Mr. F. A. Fischer, a recognized authority on hearing, will show the amazing BELTONE at the Pal-O-Mar Cortel on Thursday, April 3 from 1 to 3 PM.

Mr. Fischer is a representative of Fischer's Beltone Hearing Service of San Angelo and Abilene and will have a complete stock of batteries for most makes of hearing aids.

Come in and have your hearing tested without any obligation and tell him about your hearing troubles.—Adv.

Lightweight Keeps Crown

LOS ANGELES (AP) — Jimmy Carter retained his world's lightweight title today after boxing his way to a unanimous decision over challenger Lauro Salas in a rousing 15-rounder.

Although piling up a good margin of victory with his sharp punching last night, the champion from New York never did solve the flailing style of the willing Lauro.

"He never did hurt me, but I couldn't figure him out," the champion said after the fight. He carried a little cut above his left eye, but otherwise wasn't noticeably marked.

In the final two rounds, the challenger — California's featherweight champion who hails from Monterrey, Mex., but now lives in Los Angeles—took the play away from Carter. The champion was on the canvas in the 15th.

Scored as a three-count knockdown by the referee, Abe Roth, despite a count of four by the timekeeper, there was some dispute about how the champion went down. Salas' supporters, and he had plenty among the crowd of 7,678, said the champ was knocked there. Jimmy, in his dressing room later, said he was off balance and fell as Lauro swung.

The crowd paid $31,462.38 to see the battle at the Olympic Auditorium as Carter defended his 135-pound title for the second time since winning it from Ike Williams last year.

Carter at 134 had a three-pound weight bulge. He was more than a 4-1 favorite but had to fight all the way. Referee Abe Roth saw 10 rounds for the champion and five for Salas. Judge Frankie Van scored it 11 for Carter, one for Salas and three even. Judge Joe Stone had nine for the champion, three for Salas and three even.

Bears, Aggies Play To Tie

COLLEGE STATION, April 2 (AP)—Baylor's Bears and the Texas A&M Aggies played to a 14-inning 2-2 tie here yesterday in the longest game played on Kyle Field in many years.

The game was called in the 14th because of darkness.

Baylor had taken a 1-0 lead in the third when Jerry Coody singled, went to second on an Aggie miscue, and scored on Keith O'Brien's single.

In the sixth, the Bears made it 2-0 when Bobby Benge got a homer off Aggie starter Melvin Work.

A&M scored on an unearned run in the seventh when Bear Shortstop Harry Davis failed to field a trickler off Bobby Farmer's bat. Hank Candelari who had previously doubled scored from second base on the play.

In the eighth, the Aggies tied it up for the day at 2-2 as Baylor errors helped. Martin Hamilton got on second when his grounder was bobbled and scored on another error.

Rice paper, so named because it is mistakenly supposed to be made from rice, is actually made from the pith of a small tree.

SMU Downed By Dallas Professional Players

DALLAS, April 2 (AP)—The Dallas Eagles of the Texas League beat Southern Methodist's baseball Ponies yesterday, 4-0, with seven hits off four SMU hurlers.

Ray Peters and Pete Mazar combined on the mound for the Eagles to let the Methodist batters down with four hits.

SMU	.....000 000 000	0	4 3
Dallas	.....010 120 00x	4	7 0

Beedle, Flinders, Morton, Davidson and Moore, Edwards; Peters, Mazar and Sullivan.

Dallas Starts Negroes

DALLAS, April 2 (AP)—The Dallas Eagles of the Texas League have a 26-year-old Negro outfielder and pitcher.

Dave Hoskins joined the Dallas team yesterday and club officials said he would get an early opportunity to prove himself.

Manager Dutch Meyer said he would start Hoskins on the mound tomorrow afternoon against the Boston Red Sox.

Aggie Frosh Winners

WACO, April 2 (AP)—Righthander Jerry Nelson allowed only one hit here yesterday as his Aggie freshmen team mates turned back the Baylor Cubs, 1-0.

Jack Haney's first inning single was the only hit the little Bruins garndered all day.

Houston Golfers Win

HOUSTON, April 2 (AP)—The University of Houston golf team blanked the Texas A&M golfers, 6-0, here yesterday. Previously, the two links teams had broken even in a match at College Station.

It is believed that the Wars of the Roses in England started the deep dislike of the professional soldier which was a feature of English life for hundreds of years.

Boren Winding Up Plans For Legion Parade Here Saturday

One of the largest parades ever held in Snyder will begin at 4 o'clock Saturday afternoon as a part of the American Legion's District 19 convention, Legion members here said.

The parade will form at 3:30 o'clock Saturday afternoon near the city hall and will begin at 4:00 o'clock, John Boren, a parade chairman said.

Leading will be the color guard from the Snyder Legion post, made up of Wilbur Ellis, Harry Chapman, Dude McClure, and J. Elmo Crowder. Following the colors will be the Snyder High School band and the local National Guard unit. Others in the parade will be additional color guards from a part of the 45 posts in the district, about five bands from other cities, about six floats from Snyder business firms and organizations, and members of the district posts marching as units.

The top two bands, which will be chosen by a judging committee of Herman Trigg, Jimmie Verner, and Lyn Upshaw, will be awarded loving cups as prizes. The Snyder band will not enter competition for the prizes.

John Ben Shepperd, candidate for state attorney general and former Texas secretary of state; Charles Gibson, state Legion commander; and Burton Hackney, commander of the fifth Legion division, will judge color guards, and the winning team will receive a trophy.

First and second prizes of $25 and $15 will go to winning floats, which will be judged by Lee Stinson, County Judge Edgar Taylor and Keith Merrick.

The judges will be seated on a reviewing stand, which will be placed on the north side of the square.

As the parade ends, the group will march to the grounds near the new Legion hut for a barbecue, where all band members will be fed and the winning band will play a short concert, Boren said.

New home — 3 bedrooms, 2 baths. Baths and kitchen tiled. Central heating. Insulation in walls and ceiling. Corner lot and double garage. This home will finance either on a GI or FHA loan. Scott & Scott, Towle Building. Phones 3-3262 & 3-3804.

Fine beautiful home. 6 rooms, two tile baths. All extras. See at 3101 Hill Avenue or Dial 3-3158.

College Grads Do Go Higher

NEW YORK (AP)—The "greasy grind"—the A-maker in college—is the gravy-maker when he gets out.

That's what a study of college graduates, just published, turned up.

As Ernest Havemann and Dr. Patricia S. West point out in their book "They Went to College."

"If you study hard you are sure to go to heaven and incidentally, have the happiest and most profitable life en route."

The "greasy grind," they say, makes even more money than the all-around student who may be picked as the most likely to succeed, or the big man on campus.

But, and here's a cheerful fact, according to the authors, regardless of where they stood in the graduating class, a great many of the more than six million living college graduates "hold the key jobs in our society. The non-college man who rises to the top is a relative rarity."

Of course, not all college graduates hold top positions. About one-quarter of them hold clerical, sales and manual jobs, the authors say. But even here, "college graduates earn considerably more than their non-college colleagues."

And, believe it or not, the wealth and prestige of the college he attended is the best guide to predicting a graduate's financial success. Also, the boy who works his way makes relatively less money than the boy from the richer family.

Contrary to the popular myth, it is the rule rather than the exception to earn your way through college. More than 70 per cent worked their way in whole or in part.

THE STARS

By BOB THOMAS

HOLLYWOOD (AP)—What television needs, says boogey-man Lon Chaney, is more old-fashioned horror and less blood and guts for the children viewers.

That sounds like an odd statement, coming from a father and grandfather. But Chaney backs it up with this reasoning:

"I don't mean that you should scare the kids on TV. I mean TV could put on the kind of horror things that my father did and that I have tried to do on the screen, although the studios seldom let me. My fathers may have looked like a monster, on the screen, but he was never a menace. He played a simple fellow who was victimized by others; the only violence came with the retribution at the end of the picture.

"I think such stories would be much better for kids than the stuff they are getting from TV now. The Westerns and other pictures are full of shootings, and beatings.

"I have no experience what an effect it has on kids. Three times I have broken up really rugged fights among the children in my neighborhood. Once a boy had another kid down and was hitting him over the head with his toy pistol. They had learned about such things on TV."

Chaney is against pure horror, and he said he has turned down numerous TV offers because of his beliefs. But he's not knocking the business of being a bogey-man.

"I've made more money from it than any other man," he remarked.

More than his father, the horror king of silent films?

"Sure," he replied. "This present picture ('The Black Castle') is my 187th. My dad only made 50 or 60.

"And I'm still going strong. I've been in show business for 47 years. I've got two grandchildren and another on the way. But I'm still able to do all the physical stuff in pictures. I'm the only horror man left who can."

I questioned the 47-year angle. Ah Chaney explained: "My dad brought me on the stage when I was 6 months old. I don't mean I just was shown to the audience. I used to stand up on my father's hand and do other tricks. I was the same then as I am now—strong and dumb."

I have my doubts about the latter statement. If Chaney is dumb, other actors would like the same brand of ignorance. He is a steady worker in the movie mills and has returned from a TV spree in New York.

Application Filed To Drill Two Sand Wells

Standard Oil Co. of Texas has filed applications to drill two sand wells to the Bronco-Clearfield field of Scurry County.

One will be the N 1-3 Mrs. Jessie W. Boone, located 330 feet from south and 330 feet from west lines of the south half of section 445-97-H&TC. The other is the No. 4-A-A Brown, 467 feet from south and 330 feet from west lines of section 445-97-H&TC.

Contract depth on both is 6,400 feet with operations to start immediately.

Truman Probably Has Nest Egg Now; Cronies Will Need Jobs

WASHINGTON (AP) — Harry S. Truman seems likely to be more comfortably fixed financially when he leaves the White House than he was when he entered it seven years ago.

There is no information available on how much of his pay the President has been able to salt away, but some of his associates believe its enough to keep the wolf from coming anywhere near the Truman doorstep.

The President, who announced Saturday night he wouldn't accept nomination for another term, has been drawing a $100,000-a-year salary since January, 1949—plus an annual $50,000 tax-free allowance.

When he took office April 12, 1945, the presidential pay was $75,000 a year—all of it taxable.

In 1947, when he had been President two years, it was estimated that he would have only about $4,200 left of his $75,000 salary after payment of taxes and expenses for 12 months.

At that time there were predictions that instead of having any savings when he stepped out of the White House he probably would be faced with a rather heavy personal debt.

The big pay increase in 1949 seems to have reversed that situation. Helping, too, were the more than three years the Trumans lived at Blair House—from November, 1948, until last week—while the White House was being remodeled.

Expenses were much less at the temporary living quarters across Pennsylvania Avenue. Less domestic help was required, and there was a big saving on entertainment.

With more pay and a reduction in expenses, the President had a chance to save for that rainy day. And those around him figure he probably did a pretty good job of it.

Truman is a frugal man with simple tastes and can be expected to live modestly when he returns to private life.

There is no federal pension for ex-Presidents, and congressional officials say he isn't eligible for a pension based on the 10 years he was a senator. The pension plan for former members of Congress went into effect after he was in the White House, and it had no retroactive feature.

Truman's decision to bow out means some of his cronies in the government will be looking for new jobs next January. For example, the President's Army aide, undoubtedly will go out with his chief.

Vaughan, often on the hot spot [illegible] seven years with the White House, is a reserve officer who probably won't remain on active duty.

A new President will want to select his own Cabinet, so there probably will be new men running the top departments.

As for the White House staff, most of the members, reportedly are expecting to step out with Truman.

CHANGING LENSES —Pat Allen shows glasses designed with interchangeable green lenses for day driving and gold ones for night use at the Chicago Automobile Show.

Manville Wants To Do It Again

NEW YORK (AP)—Night club singer Ruth Webb said yesterday she would never marry playboy Tommy Manville, regardless of what he says.

The asbestos heir said last week he intended to marry Miss Webb if he gets a divorce from his eighth wife, Georgina Campbell.

"I very definitely would not—under any circumstances—marry Mr. Manville, nor will I ever speak to him again," said Miss Webb.

She added, "It would take a great deal more than money to make me join the chorus."

Publicity regarding Manville's intentions regarding her have "upset me dreadfully, cost me quite a bit of work, and gotten me into serious trouble with my family," Miss Webb said.

When told of Miss Webb's remarks, Manville said:

"If her publicity has annoyed her, it has done more than annoy Tommy Manville. It has raised the price of a divorce from Georgina Campbell from $100,000 to $500,000—she's asking that now."

Tommy and Georgina are legally separated.

Japanese Have Big Time Of 'Pre-Death' Funeral This Week.

TOKYO (AP)—T. Okabayashi, 54, a political big-wig in Kochi, staged his "pre-death funeral" this week. A good time was had by all, says the Kochi Shimbun.

The "pre-death funeral" is supposed to be good luck for the principal character. About 200 Kochi celebrities turned up for the funeral procession, led by a brass band playing "Auld Lane Syne."

But leave it to Okabayashi to give his "funeral" a little different touch. At the height of the rites the coffin opened, out he popped and yelled: "Give me a cigarette."

Fat Persons Have More Trouble With Health

CHICAGO (AP)—Eating to keep slim apparently is a little insurance against getting cancer.

Overweight people are more prone to cancer and other diseases than normal weights, life insurance figures show. And fatness comes from eating more calories than you need.

The picture was described today to newsmen on an American Cancer Society tour by Dr. Albert Tannenbaum, of the Department of Cancer Research, Medical Research Institute, Michael Reese Hospital.

The abundant diet, especially in calories, seems to make it easier for cancers to start, he said. Food doesn't cause cancer, but it may modify or influence the cancer process.

Farewell To Flagstad

NEW YORK (AP)—Kirsten Flagstad was given a farewell ovation at the Metropolitan Opera last night.

There were 13 curtain calls for the soprano, soon to retire to her villa in Norway. She sang the title role of Gluck's opera "Alcestis."

France Ratifies Schuman Plan

PARIS (AP)—France gave its final "yes" today to the Schuman plan for a 50-year pact pooling the coal and steel resources of six Western European nations.

Key nations in the plan are France and West Germany. The West German Parliament previously had ratified it.

The Netherlands and Italy have started ratification procedures. Belgium and Luxembourg are expected to do soon.

The Council of the Republic, advisory upper house of the French Parliament, completed ratification of the plan by a 182-32 vote after an all-night debate. The National Assembly previously had approved the proposal.

The plan calls for wiping out quota and tariff restrictions on production and marketing of coal and steel in the six nations.

U.S. economists and government officials have backed it as a way of making Western European industry more efficient and as a step toward closer political as well as economic integration.

Wilson Believes High Production Has Given New Hope For Peace

WASHINGTON (AP)—Charles E. Wilson, who stepped down this week as mobilization director, believes American production gains have strengthened "the possibility of peace."

But industry now must press ahead to provide a standby arsenal—for instant use if needed—"as long as Soviet communism continues as a powerful threat to freedom in the world," he said.

This country, Wilson said, must be prepared "to spend an unknown number of years" in a constant state of military readiness "to move quickly into full mobilization."

Government To Rest Case Against Costello

NEW YORK (AP)—The second contempt trial of gambler Frank Costello moved towards a rapid conclusion today with the government planning to rest its case.

U.S. Atty. Myles J. Lane says he expects to wind up his presentation of evidence soon after court opens this morning.

Kenneth M. Spence, attorney for Costello, says he does not plan to put the gravel-voiced gambler on the witness stand, and adds: "I don't think I'll put any evidence in."

Kiwanians To Attend Meeting In Abilene

A large number of Kiwanis Club members and their wives from Snyder are expected to attend the division ladies night meeting in Abilene Thursday night, Harold Grant, president, said. More than 400 Kiwanians and their wives from all over the district are expected to be present.

Truman May Have Changed His Mind About Race For President

By JAMES MARLOW

WASHINGTON (AP) — President Truman, whether you like him or not, is an extremely human man, quick tempered, as humble as any man who ever occupied the White House, almost painfully loyal to his friends in most cases, and with an astonishing ability to appear cheerful in the face of adversity.

When he said he wouldn't run again it, was probably the most important statement he'll ever make, from a political standpoint. But from the strictly human side he left the most important question unanswered: Why did he decide not to run? He or his friends may explain it some day. Maybe it was as simple as this: He was getting old and his wife wanted him to take it easy.

But it was probably a lot more complicated than that because in the past year unpleasant events piled up on him, enough of them to tax the cheerfulness of any man.

One year ago, on March 29,, 1951, he told a news conference he had reached a decision about seeking another term but would not disclose it until he was ready.

In March, 1951, things were perking up a bit for Mr. Truman. The Americans in Korea were beginning to do well again, after their shattering reverses in the 1950-51 winter; Gen. Eisenhower had gone to Europe to build up the North Atlantic Treaty army; inflation was still with us, but moving slowly; employment was high; and defense production was making progress.

If we won the war in Korea, inflation was checked, NATO did all right, and defense production was rolling, Truman might have been able to feel just about this time in 1951 that he could ask the voters for another term in the White House with some feeling of confidence he might get it.

But by last Saturday night, March 29, which was one year to the day since he had said he had reached a decision, rebuffs and reverses had piled up for Truman so the decision he announced Saturday night, not to run, might have been just the opposite of the decision he had reached a year ago.

The war in Korea has bogged down; Truman had suffered a humiliating defeat in the New Hampshire primary and even in Minnesota Sen. Kefauver beat him on the write-in vote; the smell of corruption in government had spread across the countryside; and he knew he had reached a low in popularity.

The Wars of the Roses in England during the 15th century were conducted with a ferocity and brutality practically unknown in English life for hundreds of years.

What About BIG SPRING?

It's an interesting story because folks there tried Prohibition for a year, AND THEN . . .

Last December 8, sick, tired and disgusted with so-called Prohibition they voted to resume LEGAL CONTROL.

Big Spring discovered first-hand that Prohibition isn't what it's cracked up to be . . . that business in some stores was off as much as 30 per cent during the "bootlegging year" . . . that Prohibition is a mess, a false front, a disguise and that it breeds crime, disrespect for law and public morals by 'teen-agers and adults alike!

LEGAL SALES operate sensibly in Big Spring today under a zoning plan just like one that could be successfully adopted by our local officials. Half a century is long enough for bootleg control . . . let's have LEGAL CONTROL.

Sure, Be Wise
Vote to Legalize
