97,555,102 Barrels In 58 Years

Oil Production Sees Increases

Since the first oil was discovered in Mitchell County in 1920 to Jan. 1, 1978, 97,555,102 barrels have been produced.

For the past five years, according to Mid-Continent Oil and Gas Association figures, production has steadily declined in Texas.

However, Mitchell County production has increased according to records with 4,729,397 barrels in 1975, 4,934,117 barrels in 1976 and 5,401,970 barrels in 1977. This indicates an increase in production of almost 561 barrels per day in 1976 and 1,281 barrels per day in 1977.

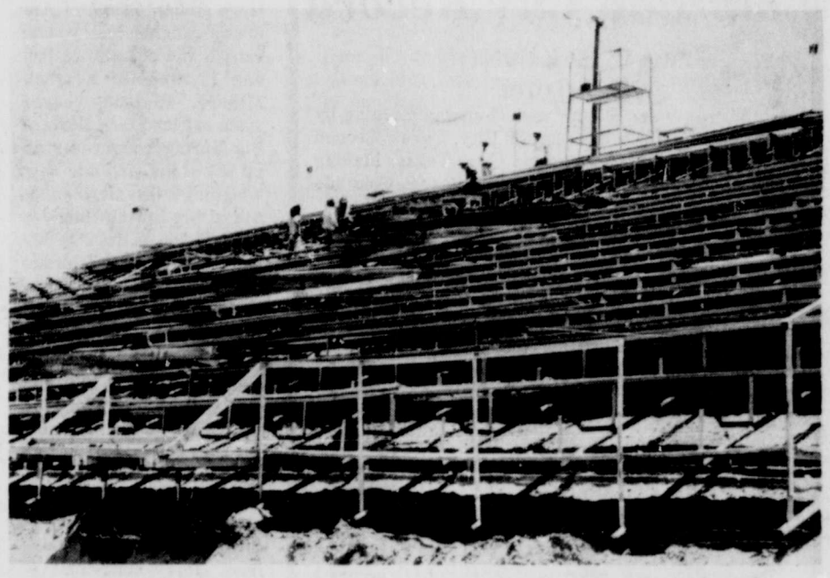

Dale Meynig, production foreman at Chevron's Butler Camp north of Westbrook, commented that his production figures showed a little down from last year. He explained that as the oil is depleted this is the normal expectation. He commented that the company may drill three of four new wells this year but no definite plans had been made.

In 1977, 26 counties produced more than 10-million barrels of crude oil with Scurry County leading in production with 83,071,294 barrels for 1976 and dropping to second place in 1977 with 70,745,781. The top five counties in their order of production for 1977 are Yoakum, (74,354,617), Scurry, Ector, (62,364,428), Gaines (58,859,385) and Hockley, (48,992,268).

Gregg County, which is listed as sixth in production, was the first Texas county to produce more than two-billion barrels in the history of recorded production and remains the all-time leader with a cumulative total through 1977 of 2,596,793,663 barrels.

Counites surrounding Mitchell produced the following:

--Nolan, 2,886,091.
--Taylor, 3,031,358.
--Sterling, 1,759,624.
--Fisher, 7,198,979.
--Howard, 14,834,553.
--Coke, 2,309,013.
--Borden, 10,338,254.

WOLF STADIUM is the site of much activity as old bleachers are ripped away, wooden moldings constructed, dirt pushed, shoved and pounded into new form and yards and yards of concrete spewed over the hillside. The bevy of activity is a result of decisions made May 15 by the Colorado Independent School District Board of Trustees to hire Felix Franco, a local concrete contractor, to reinforce and repair water erosion damage to the area under the bleachers. Retaining walls, walkways and curbs will also be constructed to protect the track from unnecessary water run-off which has caused deterioration of the track. The total dollars to be spent on the renovation work was estimated at $99,000 originally but was reduced to $38,000 when the board eliminated some areas of construction and hired a local contractor to work for the school rather than hire outside labor. With favorable weather conditions Franco estimates the concrete work will be complete in 30 to 45 days. After completion of concrete work a sprinkler system is to be installed and grass mulch blown on to the sodded area to help prevent further erosion.

School Board Is To Consider Teachers

Colorado City Independent School Board will meet in a regular session Monday night to consider the appointment of seven new teachers.

Superintendent of Schools Lloyd McKee will propose the following appointments be considered:

--**Sharryon Kay Vestal** to assume the remedial reading position in the school system. She has taught in the Dallas Independent School District and in Garland for five years. She has a B.A. degree from Southern Methodist University, where she majored in history and English.

--**Thresea Kay Vest** to work as a combination math and speech teacher at Middle School. She holds a B.S. degree from the University of Arkansas where she majored in math and speech.

--**Molly Bruce** to be a math teacher at Middle School. She holds a B.S. degree from Abilene Christian College and has a Masters degree from East Texas State University. She has nine years experience with the Colorado Independent School District.

--**Linda Sue Duvall** to be hired as speech and journalism teacher at the high school. She has a B.S. degree from Baylor where she majored in journalism and her teaching major was in speech. Active in the drama department in college, she has worked for a weekly newspaper.

--**Gary Davenport** to teach health and P.E. and coach at the high school. He majored in health and P.E. and minored in biology. With seven years teaching and coaching experience, he has worked at Comal School and Haskell.

--**Diane Davenport** to deal with early childhood, affiliated with West Texas Co-op Special Education. She holds a B.S. degree from Midwestern University with a major in elementary education and a minor in special education. She has four years teaching experience.

--**Al Cogburn** to work as educational diagnostician, a program affiliated with the West Texas Co-op Special Education. He has a Masters degree and six years teaching experience.

--**Jan[illegible]ogburn** to work as language learning disability teacher at Middle School. She holds a B.S. degree and lacks three hours of earning her Masters degree. She has four years teaching experience.

Besides considering the seven appointments, the board will also consider the resignation of Board Member Jimmie Bolin who has assumed the management position of the Dowell office in Monahans. A new board member will be appointed.

Resignations of Barry Hughey, a coach with the school system, and Margaret Bishop, third grade teacher at Hutchinson Elementary School, will also be considered. Mrs. Bishop is requesting a leave of absence.

In other business, the board will select a date to review the budget calendar.

McKee noted that Wallace Community Education Center has made a renovation request to remodel the kitchen area. The board will consider the request.

Also to be considered by the board at Monday night's 7 p.m. meeting will be the continuation of membership in the Education Service Center.

The meeting will be held in the administrative office.

Loraine Board To Review Contracts

Loraine Independent School Board will meet Monday night in a regular session to consider resignations and appointments of professional personnel.

According to L. R. Dunn, superintendent of schools, contract resignations will be reviewed and then applicants to fill the positions will be considered.

Also, personal leave for a member of the professional staff will be considered.

Salary increases for auxiliary personnel--cafeteria workers and custodians--will be reviewed by the board. Dunn noted that the proposed increase would be about 15c per hour.

Contracts for the school tax-assessor collector will also be considered by the board.

In other business, the board will discuss renewal of membership in the Education Service Center for the 1978-79 school year.

The possibility of purchasing new band uniforms will be investigated and discussion of maintenance activities for the summer are also slated on the agenda.

The board meeting will begin at 8 p.m. in the Loraine homemaking department.

SCS Reports 1977 Figures

Recent figures released by the Soil Conservation Service showed that farmers and ranchers in the United States applied tremendous amounts of conservation practices during the 1977 fiscal year.

Drouth, rising farm expenses--including energy costs and other factors in 1977--renewed farmer and rancher interest in soil and water conservation.

During the fiscal year 1977, 73,000 farmers and ranchers signed cooperative agreements with soil and water conservation districts on more than 28 million acres.

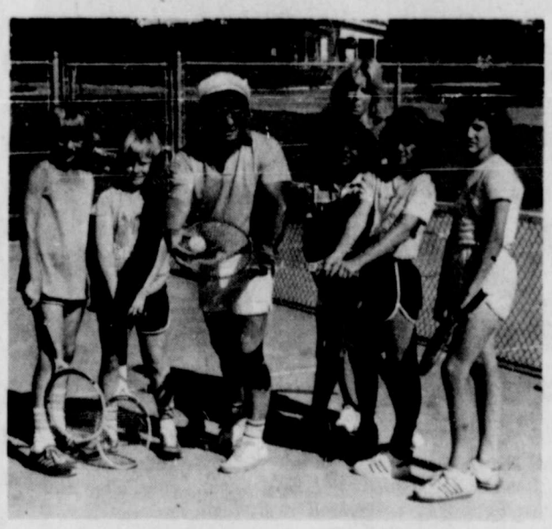

The SCS, working through soil and water conservation districts, assisted farmers to establish minimum tillage on 3.9 million more acres of cropland, assisted district cooperators to stripcrop more than 455,000 acres and to plant more than 2,900 miles of field windbreaks.

With the increasing awareness of forestry values, land users sought district and SCS assistance in planting nearly 380,000 acres of trees.

SCS employees furnished more than 106,000 technical services to 25,586 local and state governments during the year. These technical services included basic soil and water data to be used in preparing plans for controlling sediment and erosion, and for other purposes.

Other conservation practices carried out in 1977 included 2,581,714 acres of brush control, 75,833 acres established to grass waterways, 7,762,655 acres of planned grazing systems, 45,147 farm ponds and 344,484 acres of range seeding. Also 1,886,806 acres were established to pasture and hayland.

In addition to the above, 28,774 miles of subsurface drainage were installed and 20,927 miles of terraces were constructed. Some 547,982 acres of cropland were established to grassland while 590,786 acres of grassland were put in cropland.

TENNIS ANYONE? Tomorrow (Monday) marks the beginning of the second session of the Lone Wolf Tennis School. Classes will be held from Monday until Friday. The third session will be June 19-23. Cost of the school is $25 per session if between 11 and 16 students register. If less than 10 students enroll, cost is $30 per week. Enrollment of eight or less requires special group rates. Pictured are students from the first session which concluded Friday. Left to right are Douglas Chitsey, Wiley Dakan, David Redwine (coach), Kitten Arthur (coach), Barbara Heredia, Sheri Morris and Shannon Perkin. Persons interested in enrolling in a session should call 728-3978 or 728-5013 for more information.

Hardee To Meet With Council

B. B. Hardee, manager of Texas Electric Service Company, will meet with the City Council of Colorado City Tuesday night to propose a rate increase.

TESCO is requesting a 24.43 rate increase for customers.

According to a report by Hardee, the rate hike is necessary "so TESCO can continue changing from expensive natural gas to cheaper, more plentiful coal and nuclear fuel to generate electricity."

Should the council approve the proposed rate hike, an ordinance will be granted.

Also slated on the agenda for Tuesday night's session is a proposal that an ordinance be drawn up changing the speed limits on certain portions of E. 10th and 17th Streets.

Becky Harkins will request to the council that an exception to the mobile home ordinance be considered. She is requesting permission to place a mobile home at E. 6th and Cedar, behind Mary's Flowers and Gifts.

A resolution declaring a public policy of fair housing in Colorado City will be considered by the council. Approved by the West Texas Council of Governments, the resolution is necessary for a block grant for community development.

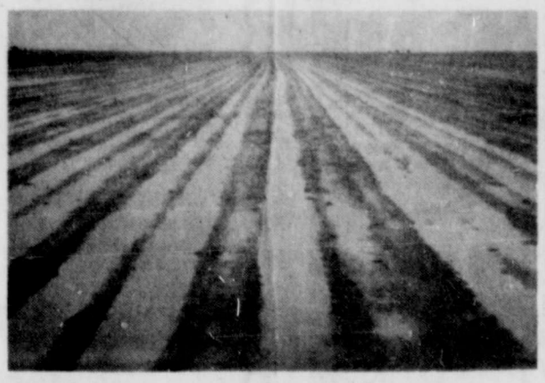

The council meeting will begin at 7 p.m. at City Hall.

Kindercare Tour Set For Today

The public is invited to attend a special open house at Kindercare Center, located on East 10th in the old City Community Center Building due west of the Quail Run Apartments, today (Sunday) from 2-4 p.m.

Board members and staff will conduct tours of the facilities.

Refreshments will be served and guests registered at the door.

PARALLEL TERRACES on the Hank Brown farm north of Loraine show good distribution of water following a two inch rain and hail on June 5. About 81,000 feet of parallel terraces were constructed on this farm last fall following cotton harvest. About eight inches of rain has been trapped by these terraces in the last four weeks. This will insure good moisture to a depth of about four feet. Terraces were constructed under the Great Plains Conservation Program.

Report To ASCS

Prevented Planting Deadline Thursday

Agriculture Stabilization and Conservation Service has good news for cotton producers who plan to declare prevented planting.

The highly controversial requirement to plant a non-tolerant crop, such as grain sorghum, on acreage treated with herbicide has been rescinded.

According to Don Stewart, ASCS Executive Director,, the government has amended the regulation and farmers have until Thursday to report a prevented planting to his office.

If a producer is prevented from planting grain sorghum by June 20, he may declare the prevented planting until July 5 under current regulations.

Producers who were washed out or hailed out and wish to apply for a disaster must have the crop appraised by ASCS office. After the inspection the producer is free to plant any other crop according to Stewart. He did caution producers that normal crop acres and set aside regulations apply to grain sorghum when replanting.

Stewart commented that there are probably 45,000 acres planted to date and an anticipated 70,000 will be under cultivation by the end of the month.

Recent rains have brought an end to the emergency feed program for Mitchell County. Thursday has been set as the deadline for turning in vouchers and receipts on feed purchased for use during the period May 1-30. Producers who have applied for the 30 day extension are reminded to submit all feed bills by Thursday. These must be signed by seller and purchaser, dated and state the type of feed and number of pounds.

Commissioners To Consider Management

Designation of the Mitchell County Commissioners Court as the management agency for the Texas Water Quality Board will be considered at the regular session of the Court Monday.

According to Judge Bill Carter, the Water Quality Board is proposing a federally implemented plan and has requested that the county be the entity to handle management responsibility.

Approval of delinquent tax certificates is also slated as an item of business at the Commissioners' meeting.

Annually the county must approve the delinquent tax list prepared by C. R. Law and Associates.

Chamber of Commerce Manager Larry Winders and Chamber President Jerry Putman will meet with the Court to make a special presentation and proposal.

The meeting is set to begin at 1 p.m. at the Mitchell County Court House.

Police Impound Plants

An early harvest was the fate of about 121 plants ranging in height from two inches to one foot when Colorado City Police received a report of the suspicious looking plants in a vacant lot, Thursday.

Police Chief Fred McWhorter, who investigated the report, discovered what he believes to be marijuana plants. Assisted by other members of the force he impounded the young plants for further investigation.

Run-Off Results Official

Votes from the June 3 election run-off were officially canvassed and reviewed Tuesday evening by the Democratic County Chairman and committee.

Official results were tabulated as:

--17th Congressional District, A. L. (Dusty) Rhodes, 349; Charles Stenholm, 1,099.

--Railroad Commissioner, John Poerner, 1,145; Jerry Sadler, 277.

--11th Court of Civil Appeals, Bob Dickenson, 776; J. Neil Daniel, 601.

--Mitchell County Commissioners, Robert Bruce, 226; Billy Preston 254.

The total number of votes cast were 1,460 with 480 of those being cast in Loraine.

An apparent discrepancy occurred when total votes in the commissioners' race exceeded the apparent registered voters list. However, when the votes were canvassed, 480 voters officially registered and voted. The apparent mistake occurred when a separate list of registrations was being made at the poll for convenience sake and not as an official document.

Luke 13:22-30

There is a lot of easy talk going around today. It goes something like this: "I know Jesus as my Lord and Savior." "I am no longer under the threat of condemnation. I know my sins have been removed." I have no argument with people saying this if they really feel this way. There is one element found in the scripture lesson that should bring us to a screeching halt.

Those who receive the invitation to enter into the Kingdom of Heaven were not the ones who claimed to know Jesus as their personal savior. Those who are condemned are condemned because the Master never knew them. This is the catch, and it is a big one. It is not we who claim to know Jesus that is important, but the important thing is that Jesus knows us.

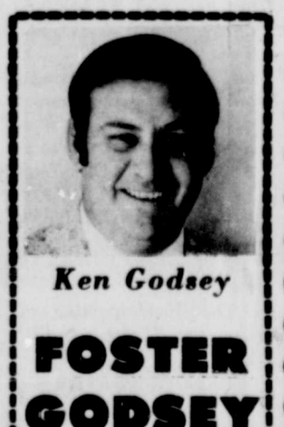

We are known as we follow the path of service and obedience to the will of God, that narrow path which we see Jesus walk as he goes to Jerusalem and to the cross. Those who eat of the feast table are those who knew that they were the last and the least, but who, because they were, served as did Jesus. These Jesus claims. These Jesus knows.

Jesus saved his life by losing it. People today who claim to know Jesus and yet build great buildings and institutions with the money they bring in over radio and TV just might be the ones who get left out. For many are saving their lives by gaining great wealth and financial power that Jesus never claimed to have and did not have to have to serve.

"Try your best to enter by the narrow door, because, I tell you, many will try to enter and will not succeed...but he will reply, 'I do not know where you come from Away from me, all you wicked men'!"

Nursing Services Offered

Clients using home health care services often need skilled nursing service by an LVN or an RN, but they are ineligible for home health visits because their skilled nursing needs do not meet the Medicare guidelines for "skilled care."

Seeing this special need, the MBFA Foundation, which has delivered home health care in Texas since 1969, now announces a new service to these special clients.

Now those persons who require less than skilled care under the Medicare guidelines, or those who require the skills of a licensed professional (vocational) or registered nurse, but cannot afford to pay the regular charge and have no insurance covering these services, are eligible through the Texas Homemaker Service, a division of MBFA Foundation.

An example of this type of service would be the client who needs a B-12 or other type of vitamin injection, as has been ordered by an attending physician, and has no Medicare, Medicaid, Veterans or private insurance of any kind and cannot afford to pay the normal charge. Now this patient can have the visits of an LVN or RN in the home at a beneficial rate based on one's individual financial status.

This service also will benefit the patient who has been on the home health service under Medicare, or some other type of insurance coverage, and has depleted this coverage, but is still in need of skilled nursing service. Now the client can pay a beneficial rate and remain on the service under this new system through MBFA's Texas Homemaker Service.

The service should not be confused with regular homemaker services. This is still skilled nursing care given by an LVN or RN, but just does not meet the Medicare guidelines. The client must be under the care of a physician who will order this service for the patient.

You may discuss this with your physician or you may call the West Central Texas Home Health Agency for more information. The phone number to call is 915-573-3541 in Snyder or in the Mitchell County area, Melba Hackfeld LVN, at 915-737-2303 will be able to answer any questions you or your physician may have regarding this new service.

Helen Campbell, R.N. Supervisor indicates that this new service will provide another alternative to their clients toward better and more complete medical care available in the clients' homes. She adds, "MBFA Foundation's motto is a 'Vision With A Task,' and this task is continually being accomplished and the vision is becoming a reality to those the Foundation is privileged to serve."

Westbrook Resident Succumbs

Sandra Ross, Larry Don Watlington Exchange Double Ring Vows

Sandra Gail Ross became the bride of Larry Don Watlington Saturday evening at the First Baptist Church of Gruver. Don Ross, brother of the bride, assisted by John Denton, officiated at the double ring vows.

Parents of the newlyweds are Mr. and Mrs. Melvin Ross of Gruver and Mr. and Mrs. Raymond Watlington of Colorado City.

Wedding music was performed by Stan Te Beest and Cindy Goodson, who sang "You Light Up My Life" and "Dear Father" together and two solos, "Colour My World", sung by Te Beest and "The Lord's Prayer" by Miss Goodson.

Presented in marriage by her father, the bride was attired in a traditional style gown of white organza and re-embroidered chantilly lace. The moulded bodice featured a high neckline with a delicate lace collar. The bodice was covered in an intricate design of lace roses.

Long, straight candlestick sleeves were sprinkled in the matching lace and came to lace petal points over her hands. The empire waistline was defined in the lace and swept to back fullness, forming a chapel length train.

Beautiful lace motifs were sprinkled throughout the body of the gown. The entire hemline and train was completely encircled in a wide baroque pattern of the lace.

Her matching 2-layer silk illusion veil was caught to an elegant fingertip length. Her bouquet was called Dreamboat and had blue daisies and yellow roses.

The bride carried her mother's handkerchief for something old. Her wedding attire served as something new and her garter was something blue.

The couple exchanged nuptials beneath an arch flanked on either side by two spiral candelabra. Four aisle candelabra were used and family pews were marked with bows. A spring bouquet above the baptistry and another on the registry table completed the decor.

Members of the wedding party included Lee Westerfield of Weatherford, Okla., matron of honor; Linda Farr of Brownfield, Sherry Morris Crowley of Gruver, bridesmaids. The bridal attendants were attired in blue polyester organza dresses with a bustle in back of the floor-length skirt. Each carried a nosegay of white daisies and yellow roses.

Serving as best man was Charles Ray Watlington, brother of the groom. Groomsmen were Terry Haggerton and Ricky Spann, both of Colorado City.

Suzanne Ross of Perryton, niece of the bride was flower girl. Heath Watlington of Colorado City, nephew of the groom, was ringbearer. Candlelighters were Ty Watlington of Colorado City, nephew of the groom and Angela Ross of Perryton, niece of the bride.

Seating the wedding guests were Jim Petty, Allan Marcom, both of Colorado City; Ron Ross of Perryton and David Waldrep of Midland.

A reception was held in the fellowship hall of the church following the ceremony. The bride's table was covered with a white tablecloth with blue overlay of lace. The centerpiece was a silver candelabrum with white candles. There was a floral arrangement of blue and white daisies with gypsophalia greenery.

The three-tiered wedding cake was decorated with yellow daisies. Punch was served from a silver punch bowl. The cake, bridal white mints and nuts were served on crystal plates. Serving at the bride's table were Janace Ross, Dixie Watlington and Lorna Haggerton.

The groom's table was covered with a white tablecloth with an overlay of blue lace. The table held the silver coffee service and chocolate cake. Those presiding at the groom's table were Brenda Lunsford and Charlsa Ann Gregory, who also officiated at the registry and is cousin of the groom.

For the couple's honeymoon trip to Ruidoso, N.M., the bride chose a 2-piece blue dress complimented by a blue daisy and yellow rose corsage lifted from the bridal bouquet for her going away outfit.

Upon return the couple will live near Colorado City where the groom is engaged in farming.

Out of town guests included Mrs. R. C. Ross, grandmother of the bride, Floydada; Mrs. Charles Mann and Mrs. O. W. Watlington of Colorado City, grandmothers of the groom. Other out-of-town guests attending were from Snyder, Midland, Plainview, Colorado City, Lubbock, Perryton, Brownfield, Weatherford, Okla., Fort Worth, Goodwell, Okla. and Amarillo.

The rehearsal dinner was held at the El Vaquero Restaurant at 7:30 p.m. June 9. Forty-five guests were honored by the groom's parents, Mr. and Mrs. Raymond Watlington.

Q. How do we quiet a loud overcoat?
A. Wear a muffler.

One explanation of the origin of kissing: The caveman found that salt helped him survive the fierce summer heat, also that he could get salt by licking a companion's cheek. Then he discovered that the process became more interesting if the companion belonged to the opposite sex. Next thing you know, everybody forgot all about the salt.

A driving instructor to a confused student: "Lady, those steel objects you complain are keeping you from concentrating are the accelerator, and the brake."

Karen Herm, Jimmy Law Wed In Candlelight Ceremony Saturday Evening

Miss Karen Renee Herm became the bride of Jimmy Lynn Law Saturday evening at Calvary Baptist Church. Dr. Jimmy D. Law officiated at the 7:30 p.m. ceremony.

Mrs. A. R. Miles of Loraine, organist, and Mrs. Jaynee Grayson, pianist and vocalist, performed "If" and "You Light Up My Life" and traditional wedding selections.

Parents of the couple are Mr. and Mrs. James A. Herm of Colorado City and Dr. and Mrs. Jimmy D. Law of Big Spring. The father of the bride escorted her to the altar. Before entering the altar area, she took a white rose from her bridal bouquet, presenting it to her mother.

The bride was attired in a formal length gown of white organza, featuring a Queen Anne neckline trimmed in silk venise lace appliques and seed pearls. The princess A-line skirt was edged in lace and fell to a chapel length train which was also trimmed in venise lace appliques. Her fingertip veil of illusion with scalloped edges was caught up in a Juliet headpiece encrusted with matching lace and pearls.

Upon a white Bible, which was a gift from her parents, the bride carried her bouquet of white roses, blue frenched carnations, poms and baby's breath.

Serving as maid of honor was Karla Herm, sister of the bride. Bridesmaids were Mrs. Kevin Herm, of Roscoe sister-in-law of the bride; Beverly Fuller of Colorado City and Belinda Schauwecker of Henderson.

The bride's attendants were attired in identical dresses of powder blue qiana cloth featuring an empire waistline, lace edged bodice, and spaghetti straps. Each carried a single white rose with baby's breath and matching ribbon.

Mark Law, brother of the groom served as best man. Groomsmen were Kevin Herm of Roscoe, brother of the bride; Noel Wayne Hull of Big Spring, and Henry Owen of Big Spring.

Candlelighters for the ceremony were Kerry Herm, brother of the bride and Gary White, cousin of the bride. Seating the wedding guests were Tim Cain of Big Spring and Hobie Bolin of Colorado City. Randy and Bradley White, cousins of the bride, handed out rice bags.

Double ring wedding vows were exchanged beneath an arch covered with greenery and blue and white carnations accented with poms. Other decorations in the sanctuary included pew candelabra entwined with English ivy and small nosegay arrangements. Spiral and 7-branch candelabra were also used with hurricane trees and a memory candle.

As the couple left the altar, the bride took another white rose from her bouquet, presenting it to the mother of the groom.

A reception followed in the fellowship hall of the church. The bride's table was draped with white satin, overlaid with white nylon organza. The table featured a white globe candelabrum and arrangement of white roses and blue carnations. A three-tiered fountain cake, topped with fresh flowers, also reposed on the bride's table.

The groom's table was draped in white satin overlaid with white lace. German chocolate cake and coffee were served from a silver coffee service by Jamie Howell, cousin of the groom and Janet Hull of Big Spring. A china painting with the couple's wedding date, painted by Mrs. Mary Raley of Big Spring, was also used.

Members of the houseparty were Mrs. Dickie White, Mrs. A. C. Dillard, Mrs. Lane Beights and Mrs. Mildred Little.

For the couple's honeymoon trip to San Antonio, the bride chose a blue and white pantsuit for her going away outfit. Upon return they will live in Colorado City.

The bride is a 1978 graduate of Colorado High School. She is employed by Joe Morren CPA. The groom is a 1976 graduate of Big Spring High School and is presently attending Western Texas College in Snyder. He is employed by Agri-Supply in Colorado City.

Out of town wedding guests were registered from Whitney, Abilene, Sweetwater, Big Spring and Austin. A gift from Mrs. Ken Burnam of Colorado City, a decoupaged plaque of the couple's wedding invitation, was displayed on the white knit cloth which draped the register table.

The rehearsal dinner was given by the groom's parents on Friday evening at the Villa Restaurant, Colorado City.

Births

Jeffrey Dean Schmulen, son of Mr. and Mrs. Jim Schmulen of Colorado City, was born June 2 at 9:09 a.m. at Malone Hogan Hospital in Big Spring weighing 7 lbs. 15½ ozs.

The infant is the grandson of Mr. and Mrs. W. D. Zwiakher of Fort Worth and Mr. and Mrs. J. A. Schmulen of San Antonio.

100% Chance Of Rain Predicted This Week

Excitement is running high at the First United Methodist Church this week as the final preparations are being made for a new and completely different concept in Vacation Church School.

Beginning Monday morning at 9 a.m. the children and adult workers will begin working on a children's musical, "100% Chance of Rain." The jazz musical, written by Walter S. Horsley, is the story of Noah and his ark. The musical relates why God chose Noah and why God had to flood the earth.

The Vacation Church School will include traditional materials for Nursery 3-4 and their hours will be from 9-11:30 a.m. Monday through Friday.

Kindergarten through fifth grade will be working on the musical. Their day will begin at 9 a.m. and will end at 2:30 p.m. Monday through Friday. Each day will include mid-morning refreshments and lunch. In addition there will be swimming at the city pool Tuesday, Thursday and Friday as part of the regular activities.

The musical will be performed for parents and interested friends at 6 p.m. June 18 in the sanctuary of the First United Methodist Church.

In addition to rehearsing the musical, those attending the Vacation Church School will be working in special interest groups. The interest groups include sewing costumes, painting and making scenery, making props to use in the musical, poster making and other art work and choreography.

Mac Perkin and Connie Easterwood are co-directors of the Vacation Church School. Marsha Moore is stage director of the musical with Libby Ford serving as music director. Marie Helm will be playing the piano, Holly Neff the flute and Craig Helm the drums. Peggy Maddox is in charge of the choreography. Those helping in designing and making the scenery are Porter Richardson, Tandy Curlee and Carl Moore.

Other adult workers and their area of service include:

Sewing: Kitten Richardson, Bonnie Hunter, Joy Morris, Mildred Morgan, Marie Jackson and Louise Paul.

Props: D'Dee Morris and Ann Beaty.

Posters: Linda Morrow.

Lunch: Sue Van Hoozer, Connie Hargrove, Linda Morrow, Janie Farda, Margaret Rees, Grace Welter, Jill Palmer, Tommie Putnam, Juanita Cokker, Gayla Proctor, Sheila Redwine, Margaret Hudson, Connie Stone, Debby Hull and Jennifer Hill.

Crib Nursery: Betty LaSeur and Debby Carlock.

Nursery 3-4: Jo Carter, Kathi Foster, Sandy Schaffer and Kelley Brown.

Refreshments: the Philathea, Friendship, Wesley, Lydia and the Seekers Sunday School Classes of the First United Methodist Church.

Public Notice

NO-SAMPLE CUSTOMER
Notification Coliform
Dear Customer:
The City of Westbrook, failed to collect at least four [4] bacteriological samples during the month of April in compliance with the Texas Department of Health's "Drinking Water Standard," which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523, the Texas Department of Health requires all systems to sample the water in the distribution system monthly to insure that the water is of acceptable bacteriological quality.

We have now made arrangements to insure that enough bacteriological samples will be collected. This was overlooked until April 24th. The Health Department at Sweetwater had said not to send them water samples later than the 20th of the month so I let it go.

We do not feel that any special precautions are necessary.

This notification of the public is in compliance with the Texas "Drinking Water Standards" and the "Safe Drinking Water Act" as a means of keeping the public informed.
Mrs. Ruby C. Sweatt
City Sec. and Water Supt.
