Clean-Up Week to begin

'Clean it up - Haul it out'

Spring has finally arrived, and it's time for Iowa Park's annual Clean-Up, Fix-Up Week.

The event is co-sponsored by the Chamber of Commerce and City of Iowa Park. It will begin Monday and continue through Sunday, April 4.

Clean-Up Week is climaxed with a city-wide garage sale promotion, coordinated by the Chamber. To be held Saturday, April 3, residents wishing to participate can contact the Chamber office to have their addresses included in a large advertisement that will be published Thursday, April 1, in the *Iowa Park Leader*.

The Chamber's portion of Clean-Up Week is to coordinate the efforts of volunteer organizations and citizens, to pick up trash along roadways, parks and school campuses.

As of early this week, 13 groups had accepted the challenge. Those groups and their areas of responsibility include:

Iowa Park Lions Club - both sides of West Highway from Fourth Street to the Access Road;
Evening Lions Club - both sides of West Highway from Fourth Street to Pacific;
Optimist Club - both sides of West Highway from Pacific to Wall;
Rotary Club - both sides of East Highway from Wall to Bell;
FFA - Johnson Road from West Highway to Magnolia;
FHA - high school grounds;
Amity Study Club - both sides of dPacific from West Highway to Magnolia;
Bradford Fifth Grade - Bradford school grounds;
Kidwell Second Grade - Kidwell school grounds;
Cub Scouts - Junior High School grounds;
Garden Club - Tom Burnett Memorial Library grounds;
Girl Scouts - Oscar Park;
Campfire - City Hall Park.

The Chamber supplies bags for the workers.

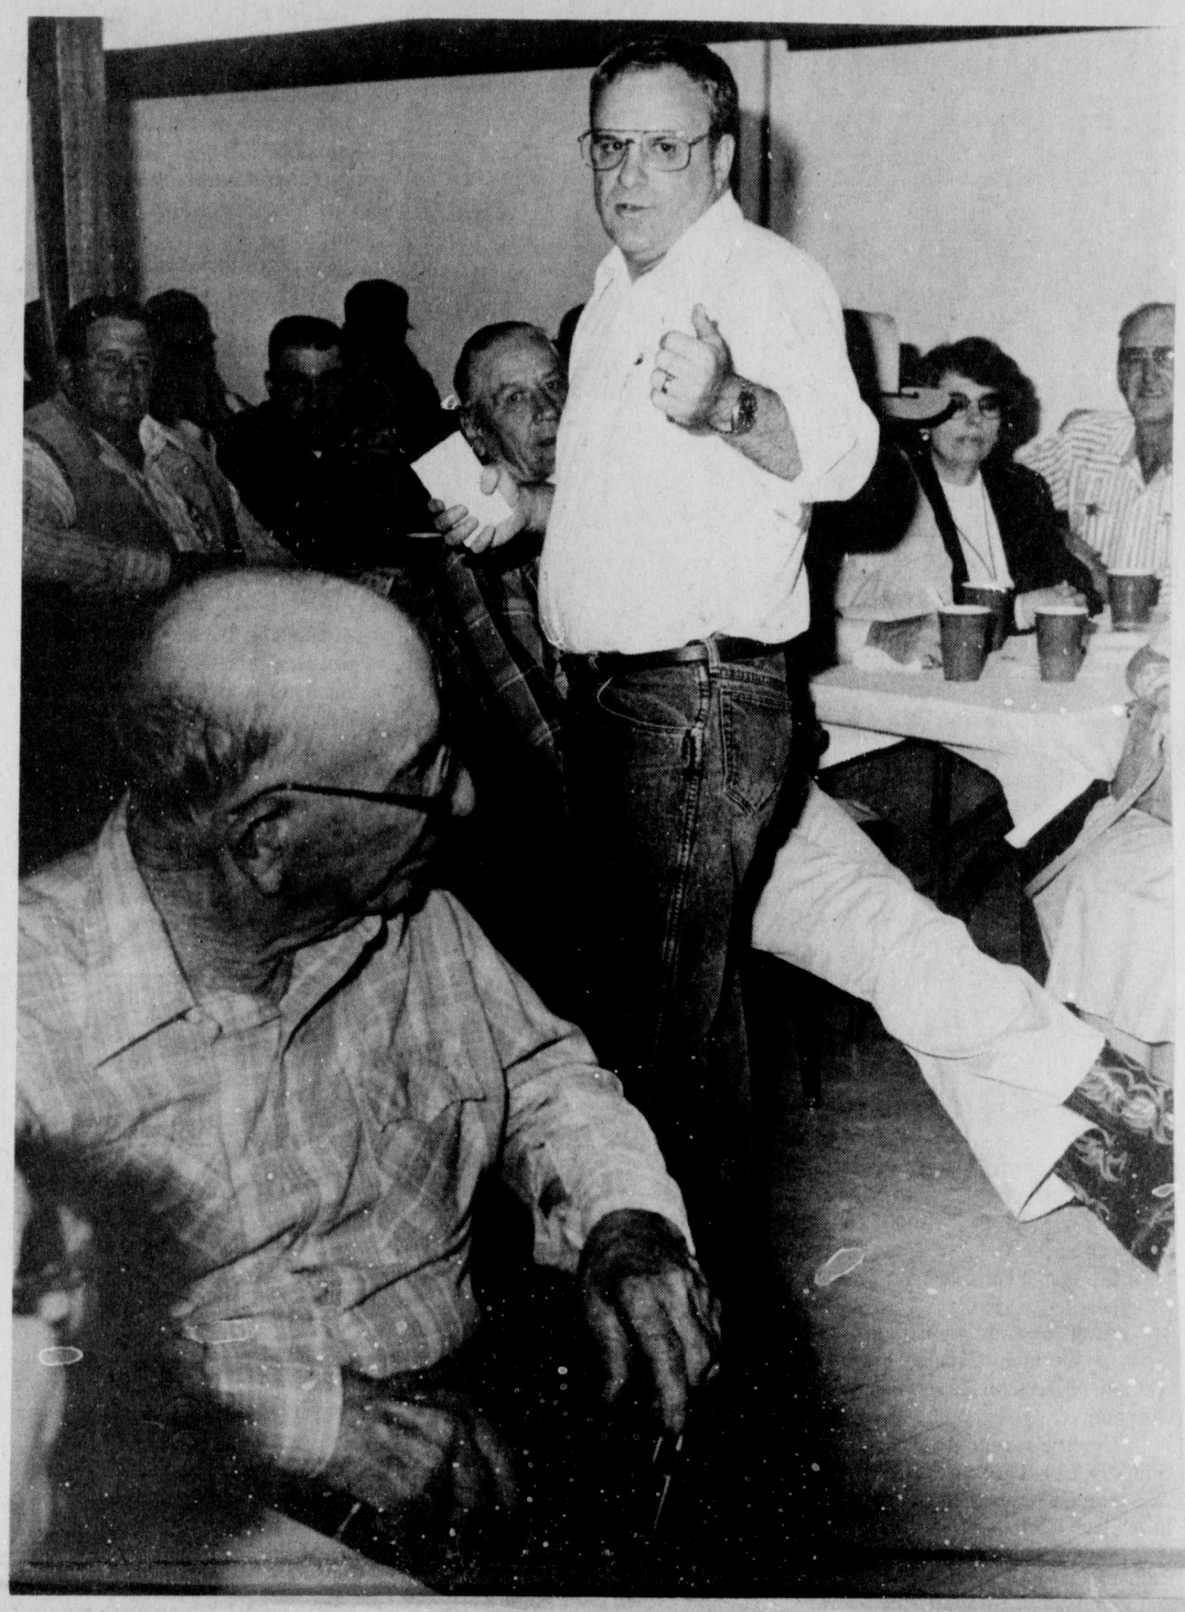

The City's portion is to not only open its landfill for free dumping to citizens, but also pick up large items to be hauled away from homes.

Beginning Monday, and through the following Sunday, the landfill will be open for public dumping. The facility normally is not open on Mondays and Tuesdays to the public.

All even days, the landfill will open at 10 a.m. and close at 6 p.m. Those who deliver debris to the landfill should be ready to provide proof of residency inside the City to the landfill operator.

Citizens without the ability to haul large items to the landfill can contact either the Chamber, 592-5441, or City Hall, 592-2131, and leave information about the items to be hauled away by the city, and whether it is left at curbside in front of the home or in the alley.

Mayor Wayne House read a proclamation during Monday's city council meeting, officially declaring "Clean-Up and Fix-Up Week."

EXPLAINING THE PROGRAM - David Robnett, with the ASCS, was followed by Mike Isbell, with the SCS, at a meeting Tuesday night to explain details of the government's Security Act Plan and how it could affect farmers. Attended by more than 115 farmers and ranchers from the area, the meeting was sponsored by State National Bank, which also provided a free fish fry. It was held in the MuleSkinners' MuleBarn.

Ballots sent to the printer

Names were drawn by lot Friday, to determine the order in which alderman candidates would appear on the city's May 1 election ballot.

In both cases, incumbent names for the two challenged positions will appear first on the ballots, according to Janice Newman, city secretary.

They will be: Place One, Virgil Woodfin and Mike Sellers; Place Three, Bob Hamilton and Chris Powell.

Place Five incumbent Mark Raby drew no opponent.

Neither did either incumbent on the school board, who will appear on that election ballot as: Place Six, Randy Catlin, and Place Seven, Keith Fisher.

Wednesday, Mar. 24, was the deadline for candidates to file for a place on either election ballot.

Early voting dates will be April 12-27.

Trustees want to save money

In a called meeting Tuesday night, the school board discussed the possibility of refinancing its $2.7-million bond issue in an effort to take advantage of lower interest rates.

Ken Smith, senior vice president of Southwestern Securities of Dallas, who handled the school's bond sales, discussed the possibilities of refinancing.

Another meeting on the subject is scheduled for Tuesday, April 13, and if the interest rates are as favorable as this week, Smith will propose the refinancing.

Supt. Glen Mitchell said the current interest rate could save the district as much as $126,000 over the life of the bonds that were issued for the school's major renovation and construction project three years ago.

The board's next regular meeting will be Monday, April 5. Mitchell said it had been decided to hold all future regular meetings on the first Monday of each month.

Telephone lines cut Tuesday

Telephone service was disrupted in a large portion of Iowa Park Tuesday afternoon, when a crew cut Southwestern Bell Telephone's line at Victoria and Washington.

A backhoe operated by a Bowles Construction crew reportedly dug into the underground line.

Telephone service disruption was immediately reported by the police department, which not only lost its normal communications but also its Emergency 9-1-1 line.

Numerous businesses and residents also were without communications, or had calls disrupted until splicing of the line was completed.

Lake Buffalo dam work in city's plan

The city council held a lengthy discussion concerning work needed on the Lake Buffalo dam during Monday's meeting, but took care of several other items on their agenda.

Among the other items were the official approval of two leases of city property, selling two tracts of land, and discussed establishing a policy concerning use of city equipment on private property.

Lake Buffalo, which has been overflowing the past month, is at a stage where the city is required to notify by letter about some 17 homeowners "downstream" of a potential flooding hazard.

It was pointed out, however, that an extremely high rainfall, 60 inches, in a very short period of time could cause the flooding potential government regulators say downstream homeowners might suffer.

Aldermen and Administrator Mike Price agreed that rip rap on the dam had not been placed high enough when it was constructed, in the mid 1960s.

"No one ever felt it would rise to the level it has," Price said.

Price suggested using city-owned equipment to lower the emergency spillway about three and one half feet. That would not only relieve the city of having to notify downstream residents in the future, but also allow workers to add more rip rap.

The council agreed to meet at the dam at 6 p.m. Monday, preceeding their called work session, to see the area Price was talking about and also look over the dam's condition.

That work session is a continuation of their Mar. 15 meeting, held to approve a section in the city code book concerning employee policies.

Aldermen accepted an offer of $5,000 from Mr. and Mrs. Jim Bob Merrick, for a lot next to Lake Gordon, 1101 N. Jackson, where a water tower was once located.

Two other lots on that site remain for sale.

Another deed of trust was approved for the sale of city property at Fourth Street and West Highway to A.E. Miser, for the price of $20,001. A part of the agreement permits Miser to make a downpayment of $5,000, with the balance due Oct. 1.

Floyd Stiles asked permission to lease an area on the northeast end of Lake Buffalo for grazing cattle. He explained he has adjoining property and could utilize an existing gate in the fence for entry.

Due to the lake's present size, that entry is about the only way the area can be reached, Stiles said.

He agreed to pay the city $800 for a one-year lease. The lease was approved by a 4-1 vote, with Alderman Virgil Woodfin voting against it.

Stiles had offered to lease the rest

Continued on page 4

News Briefs

City receives over half inch rain

Iowa Park received more than half an inch precipitation during the past week.

Virgil Woodfin said he measured .20 Friday morning and .36 Monday, for a total of .56 of an inch.

Garage sale items are requested

A garage sale benefitting Project Graduation will be held Saturday, April 3, at Wal-Mart.

Persons wishing to donate items for the sale are asked to contact Carole Venhaus at 592-2144.

Project Graduation is an activity held throughout the night following graduation for Iowa Park High School graduates.

Bank account to help Lakeys

A bank account, benefitting Mr. and Mrs. E.A. Lakey, has been established at State National Bank.

The couple lost their home and all possessions in a fire last week.

Faith Baptist Church immediately announced it was coordinating a drive to not only raise funds for the couple, but also collecting furniture, household items and clothing.

Their needs and clothing sizes can be obtained by calling the church, at 592-2716.

Government grant okayed

Iowa Park's application for a grant to improve part of the city's sewer system in the south part of town has received preliminary approval, Administrator Mike Price learned Wednesday.

Government Services Administration has tentatively approved a grant application to upgrade the sewer line on Texowa, rebuild a lift station and rehabilitate a manhole, Price said.

While the city's portion of the project would be $30,000, GSA's grant would cover approximately $117,000 worth of work and materials.

Price said the six-inch line from Pecan to Valley Drive would be replaced with a 10-inch line.

Despite all efforts of the city, Bradford Elementary and some other residents in that area experienced serious backing-up of sewage, especially during periods of heavy rainfall.

Price had no idea when the project would begin or be completed.

Police have light week

Two arrests, a theft and one case of criminal mischief were reported during the past week to police.

When called to a domestic disturbance in the 900 block of South Park at 8:06 p.m. Sunday, officers arrested David Newman, 45, into custody on a charge of assault to prevent family violence.

He was relased early the next morning.

Police stopped a vehicle at 2:25 a.m. in the 300 block of North Pacific, and when a computer check was run on one of two men in the car, it was determined he was wanted in another county.

Shawn Wyke, 17, was arrested on a warrant issued by the Winkler County sheriff's office, for theft over $200 and filing a false statement to obtain credit.

He was released at 4:45 a.m. to a sheriff's deputy to be transported to the county jail, according to the police blotter.

A resident told police Thursday morning that someone broke into a home in the 500 block of East Lafayette, and removed a wallet from the bedroom containing more than $750.

An investigation continues in that case.

Friday afternoon, a woman filed a criminal mischief report with police, alleging that while she was posting garage sale signs in the 200 block of West Park, a vehicle had passed and returned, and someone inside threw a bottle at her vehicle, breaking out the passenger window.

The vehicle's description was not recognized by police, and they were unable to locate it after the complaint was received.

Mrs. Brian Kirk Findley
(Stacey Patrick Pearson)

Pearson, Findley vows read in double-ring ceremony

Stacey Patrick Pearson of Temple became the bride of Brian Kirk Findley of Wichita Falls in a double ring ceremony performed March 13 at the Avenue T Church of Christ in Temple.

After a wedding trip to Walt Disney World in Orlando, Fla., the couple has established residence in Abilene.

The bride is the daughter of Mr. and Mrs. Lloyd E. Pearson of Temple. She is an elementary education major at Abilene Christian University.

Findley is a son of Mr. and Mrs. Richard L. Findley of Wichita Falls and grandson of Mr. and Mrs. Ernest Evans and Nell Kimberlain of Iowa Park.

He is a graduate of ACU with a bachelor's degree in interpersonal communication. He is manager of the video department at Hasting's in Abilene.

Robert Elliott directed the couple in the recitation of marriage vows. An ensemble presented several vocal selections preceding the ceremony. Soloists Allison Elliott of San Antonio sang "Heirlooms" immediately before the ceremony and Jon Paul Findley of Wichita Falls, brother of the bridegroom, sang "In This Life," at the close of the service. As the couple left the nuptial area the ensemble sang "The Lord Bless You and Keep You".

The bride was given in marriage by her father. She wore a gown of silk shantung designed with a V-neckline, basque waistline, and hand-pleated sleeves with lace trim. Alencon lace, embellished with hand-beaded pearls and sequins, covered the bodice of the gown.

Sunny Paul of Temple served the bride as maid of honor. Bridesmaids were Debbie Sodek of Temple, Sheri Pilkington of Belton and Michelle Porter of Garland.

Dennis Coleman of Oklahoma City was best man and groomsmen were Scott Findley and Jon Paul Findley, both of Wichita Falls, brothers of the bridegroom, and Jim Looney of Denton.

Guests were seated by Lee Pearson of Temple, brother of the bride, Joel Scott of Belton, Greg Staley of Fort Worth, and Doug Hall of Jackson, Miss.

A reception followed in fellowship hall of the church.

The bridegroom's parents were hosts for the rehearsal dinner at Sammons Park clubhouse in Temple.

"Texas in Bloom" theme of 23 Study Club program

"Texas In Bloom" was theme of the conservation program presented for 23 Study Club by Cheryl Cash Thursday afternoon for a meeting held in the home of Mr. and Mrs. Jack Reynolds.

Co-hostesses with Mrs. Reynolds were Mrs. Erwin Soell and Mrs. Joe Singer.

Frances Park led the program that had been planned to stress the importance of conserving the resources of this planet for the benefit of all.

Mrs. Singer directed group singing of "Beautiful, Beautiful Texas," with Mrs. Jim Medlinger providing the keyboard accompaniment, and also for Mrs. Singer's vocal solo, "Have You Ever Been To Texas In The Spring?"

For the Texas Trivia part of the program, Mrs. D. O. James tested the members' knowledge of the state's history.

She asked questions, such as What was the first city to be incorporated; where the first courthouse was burned down; the town where an oil well was drilled in the floor of a building; the first city to have dial telephones; the highest mountain in the state; date of the fall of the Alamo, etc.

The guest speaker is manager of the Texas Tourist Bureau. She gave an informative program on "Wild Flowers of Texas" through a talk accompanied by a video presentation.

Mrs. Cash said that more than 5,000 species of wild flowers offer unlimited viewing pleasure to Texas and visitors, and challenge botanists to name and classify them.

She explained that the reason for Texas' abundance of blossoming plants, boasting more varieties than any other state, can be credited to the great diversity of Texas geography, which offers the right kind of environment and physical settings.

Mrs. Cash reminded her listeners that almost all of the varieties can be seen along the highways where the Texas Highway Department, "the nation's greatest gardner," plants and preserves wild flowers, and mows and cares for 800,000 acres of highway.

Club members viewed many beautiful and colorful slides of shrubs and wild flowers that nature has so profusely scattered with her lavish hand along Texas highways.

Mrs. Singer distributed small packets of wild flower seeds that came from plants in Mrs. Lorene Sumrall's backyard.

Mrs. John Rentschler was in charge of a brief business meeting when members voted to honor Jess (Mrs. Sam) Hill with a life membership, and plans were discussed concerning attendance at the Santa Rosa District's 33rd Annual Spring Convention which was held in Burkburnett Saturday.

During the social hour refreshments were served from a table covered with a Quaker crocheted lace cloth and centered with a bouquet of yellow roses in a gray granite coffee pot.

Look Who's New

Lori and Kent Roberts of Nashville, Tenn., are parents of a daughter, Molly Elizabeth, born March 19. She weighed eight pounds, six and one-half ounces and is the couple's first child.

Grandparents are Mr. and Mrs. Ross Roberts of Iowa Park and Mr. and Mrs. Howard Cassada of Amarillo.

Great-grandparents are Mr. and Mrs. Jesse Roberts of Wichita Falls, Charles Cassada Sr., Amarillo, and Mrs. Lita Elizabeth Nowell of Valliant, Okla.

Dori and Ron Duerson, formerly of Iowa Park, are parents of a daughter, born March 19 in Puerto Rico. She has been named Lindsey Taylor. She has a brother, Blake.

Grandparents are Kathy and Jack Richardson and Pat and Don Duerson of Iowa Park and Val and Gary Burton of Arlington.

Chiropractic care program topic

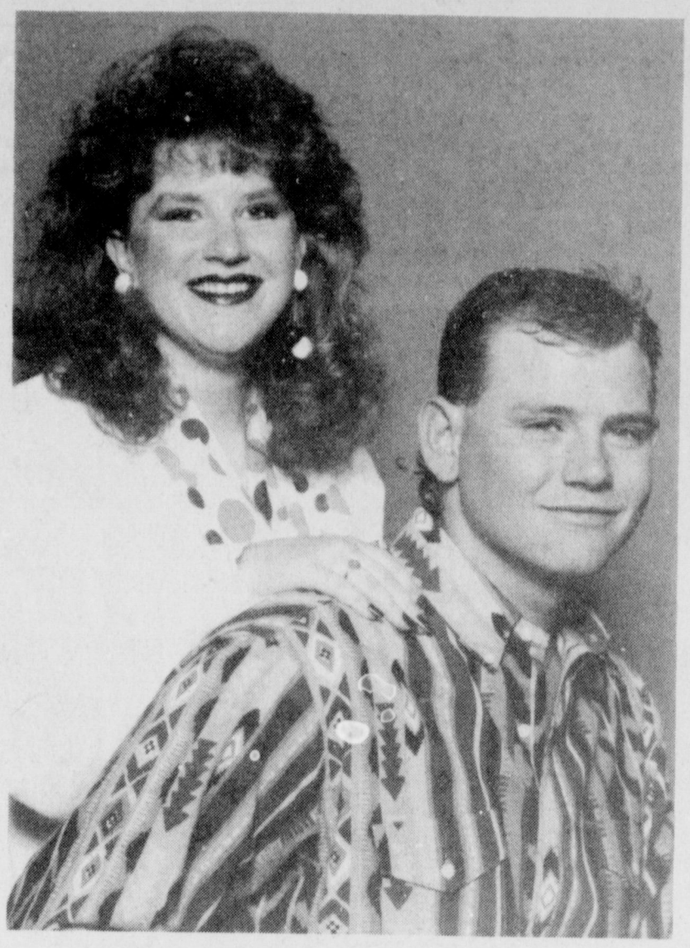

Dr. Daniel Broom, of Brown-Cavett Chiropractic in Iowa Park, gave the program using a chiropractic chart and lecture, Tuesday for the Evening Lions. He was introduced by Harvey Troutman.

Dr. Broom said that good health is one's greatest asset, and he stressed how the chiropractors, medical doctors and nutritionists were now working closely together to help people enjoy good health. He placed special interest on what chiropractic does to relieve headaches, lower back pain, neck pain, arthritis, leg pain and shoulder pain to contribute to good health.

He used a triangle chart to show how people have present bad health, regain good health and maintain good health. He read several articles from health magazines to show how chiropractic has been responsible for good health results in recent years.

Dr. Broom said that the cause and correction of most health problems were found in the spine as he explained what chiropractic treatment does and how it affects one's health. The club members were given an opportunity to ask questions following the talk.

During the business conducted by Pete Elliston, officers were elected for 1993-94. They include: Harvey Troutman, president; Joe Strickland, first vice president; Gordon Callahan, second vice president; Gordon Griffith, third vice president; Milton McWhorter, secretary; Virgil Woodfin, treasurer; Claude Johnson, Lion tamer; Sam Hunter, tail twister; Riley Thompson, Lem Tate, Jerry Pruett, Pete Elliston, directors; C. L. Thompson, Lioness liason.

Cynthia Sargent and Wesley D. Idell

Announce engagement

Mrs. Agnes McDonald of Iowa Park would like to announce the engagement and forthcoming marriage of her daughter, Cynthia D. Sargent, to Wesley D. Idell, son of Mr. and Mrs. Milton Idell of Oklaunion.

The couple plans to exchange vows May 15, 1993 at Sacred Heart Catholic Church in Wichita Falls.

Miss Sargent is a graduate of Iowa Park High School and is employed by Pioneer Restaurants in Wichita Falls.

Idell is a graduate of Harrold High School and is employed by Reliable Well Service.

The couple will live in Iowa Park after their marriage.

Hunter gives bird watching program

"Bird Watching" was title of the program given by Wanda Hunter at the recent meeting of Iowa Park Garden Club at the Iowa Park RAC.

Fourteen members of the club answered roll call by stating how many bird feeders they have in their yard.

Louise Clapp, president, presided over the business session and Bernice Williams gave the thought for the day entitled, "Barter" by Sarah Teasdale.

Bonnie Illingworth, horticulture chairman, displayed a Carolina Jessamine. This is a moderately fast growing evergreen vine with fragrant yellow flower clusters.

Mrs. Illingworth stated the plant is good for trellises, arbors, or banks and that it should be planted in full sun.

Mrs. Hunter said that Iowa Park was established as a Bird Sanctuary in 1968. She said the main purpose of the Bird Watching Club, to which she belongs, is to educate the public about birds and to preserve and identify them.

She stated that her group gives talks to school and 4-H Club groups, has information booths at mall shows, and helps with a continuing education class at Midwestern State University.

They also help each year with a Christmas and May count. These counts help establish the number of species of birds sighted in this area. The local group also maintains Blue Bird houses and trails at the State Hospital, on a Valley View farm, and at Chaparral Baptist Camp.

According to Mrs. Hunter, the Waurika Lake is a hot spot for this area. Many birds winter at the lake, including the eagle.

In the past the Bird Watching Club has planted plants that will attract different species of birds in the Wichita Mountain Wildlife Refuge and plans are underway now to set up a nature trail at Lake Arrowhead.

Hostesses were Charlette Kennedy and Vickie Gilmore. They served refreshments from a table decorated with fresh Carolina Jessamine, a cedar Blue Bird house and ceramic birds.

Helpful Facts

Regular meetings of the Iowa Park city council is at 7 p.m. on second and fourth Mondays, in council chambers at 103 N. Wall. All meetings are open to the public.

How To Choose The Right Real Estate Agent

(It's Easy. Just ask the Right Questions.)

Your questions to ask, compare, then decide.

- ★ How many homes did you sell last year?
- ★ What percentage of homes have you sold in your immediate territory?
- ★ Are you full time?
- ★ What can I do to make my home more saleable?
- ★ What would your marketing plan be for my home?
- ★ How can your company benefit me?

If your property is listed with another agent, please disregard this ad.

As I See It...

By Bob Hamilton

A friend of mine handed me a copy of a quote made by Thomas Jefferson, apparently feeling our nation's situation was what the one-time president was talking about.

"I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must not let our rulers load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities and in our comforts, in our labor and in our amusements. If we can prevent the government from wasting the labor of the people, under pretense of caring for them, they will be happy."

Well, we apparently are a little late in preventing the "perpetual debt" from occuring. So now we are facing the taxing Jefferson spoke of.

But curing the debt seems to be a ploy with our current and new administration. On one hand, we are told we need to be taxed to pay the debt. Then, we're told almost as much money as we're to generate in new taxes will be spent for other things.

Do you remember the warnings, given repeatedly during the past presidential campaign by Republican candidates and leaders, who said the Democrats "were just up to their old tax and spend policies?"

We were warned. But a large number of people fell for the "change" line, apparently feeling life would be better under President Bill Clinton's administration.

From what we've seen in the form of proposals coming out of the White House, we're certainly going to be taxed aplenty.

No, you remark, not unless we are in the big bucks income bracket. Us mid and lower income people won't be taxed, you remind me.

Better look at the increased taxes on everything mid and lower income people use every day, before you make such a bold statement.

If they pass congress, as they likely will for the most part, we're going to be taxed up to our rears and ears.

And these new taxes will be in addition to the higher costs of living, brought about by our beloved Environmental Protection Agencies.

You'll see what I'm talking about pretty soon, when we begin paying 200 to 300 times what we've been charged just to have our trash taken away.

And that's just one of many, too.

We're going to see the price of just about everything we buy go up, because the businesses are having to raise the money required to pay for government mandates, such as health care for employees, etc., etc., etc.

Some life-long Democrats -- and some of them admit their families before them have always been in the same political party -- are telling me recently that they may have made a mistake in hiring Clinton for president.

That all reminds me of the months that followed Lyndon B. Johnson's successful campaign to be elected president, after fullfilling the term of John F. Kennedy.

The common saying was, after hearing Johnson's "Great Society" plan, "Yeah, I'm a Texan, but I didn't vote for the S.O.B."

Worth Quoting

If the proposed energy taxes of President Bill Clinton are enacted, the bill should be called the Rural Depopulation Act of 1993. It is strange that an administration that talks of "fairness" would saddle the rural areas of this nation with a new, disproportionate tax.

Urban residents can use public transportation to get to work, shop and obtain medical services. That is not true in rural areas.

Over 65 million rural Americans depend on their vehicles as the only form of transportation. Any increase in the price of gasoline and diesel fuel would substantially increase the cost of living for rural U.S. residents.

The key industry in any rural area is agriculture. Again, agricultural producers will bear the brunt of any new energy tax. President Clinton has recommended that the federal tax on gasoline be 7.5 cents per gallon, on diesel 8.3 cents per gallon and propane at 2.3 cents per gallon.

Farmers and ranchers use millions of gallons of those fuels on an annual basis. Currently, the proposed British Thermal Unit (BTU) tax contains no exemption for agriculture use as is the case with federal fuel taxes. The average producer can expect costs to climb by about $1,000 per year in direct fuel increases.

Fuel is not the only input that will be taxes under the BTU proposal. Fertilizers and pesticides also use energy in their production. The Fertilizer Institute has applied the proposed tax rates to the 667 million BTUs used to make fertilizers and 115 BTUs used to produce pesticides each year and compared to average farm usage.

The result is that the average wheat farmer will pay $4,515 more each year and a corn producer $5,159 in input costs.

The National Cattlemen's Association has also put pencil to paper to find the effects of the BTU tax on beef production. The result is staggering.

There are currently 34 million cattle in this nation. The BTU tax would cost the cattle industry about $190 million in increased fuel costs. That works out to just over $5.50 per head.

Clearly, the proposed BTU tax strikes rural residents and particularly agriculture disproportionately harder than the rest of the nation.

So much for "fairness."

JIM HUDSON
Perryton Herald

A tourist stopped at a local service station and asked if there was anything worth going to see around Amarillo.

The attendant explained that Amarillo has the only helium plant in existence in the entire world.

The tourist was impressed. "And is it in bloom now?" he asked.

SPEEDY NEIMAN
Hereford Brand

Apparently there are those who are against good morals and decency.

That's their business. My thinking is the opposite.

However, the federal government must feel as they do or we would not be required to pay taxes to support those who seem bent on tearing down the American family.

I wish all would read history, especially Roman history.

MORRIS HIGLEY

Craft fair Saturday

Holliday Arts and Crafts Fair will be held Saturday from 10 a.m. to 4 p.m. at First United Methodist Church, located at the corner of Myrtle and Elm in Holliday.

A lunch and snack bar will be available. There will be a bake sale and a sand volleyball tournament. A nursery will provided.

Every 30 minutes, there will be a drawing for a craft item.

Items include Briar Patch bears, pigs, cows, quilts, Easter yard decorations, crocheted rag hearts and crocheted rag purses, hollyhock antique banks and more.

Also reasonably priced gifts for Easter and Mother's Day will be for sale.

Those interested in signing up for the youth volleyball tournament should call Pat Ortega, 691-2830.

9-1-1 FIRE-POLICE-AMBULANCE

City

Continued from page 1

of the lake area for grazing earlier, but it was rejected because the council felt it had been overgrazed and needed to be left alone one or two years.

Billy James was given a one-year lease on right of way at East Smith and South Park, already under his fence, for $100. The agreement allows for four additional one-year options, at $50 per year.

Also concerning rip rap work to be done at Lake Buffalo, Alderman Bud Mercer said the owner of near-by property has agreed to allow the city to take up concrete from the old highway that crosses that land.

"They don't want anything for the concrete, but only ask that we send our maintainer after we're through to smooth out what's damaged," Mercer said.

Aldermen asked Price to draft a plan for using city equipment on public property. Most aldermen said they have no problem with that type of use for churches, schools and similar organizations, when cost of materials is reimbursed.

Obituaries

Kathryn LaVerne Knecht

Services for Kathryn LaVerne Knecht, 67, were Wednesday at 2 p.m. in Dutton Funeral Home Chapel.

Rev. Troy Haggard, pastor of First Church of God of Wichita Falls, officiated. Burial was in New Electra Cemetery under direction of Dutton Funeral Home.

Mrs. Knecht died Sunday in a Wichita Falls hospital.

Born Sept. 21, 1925 in Electra, she had resided in this area most of her life. She was a homemaker and a former member of the Home Demonstration Club. She was a member of First Church of God of Wichita Falls.

Survivors include a son, Bobby Knecht of Iowa Park; one daughter, Karla Panter of Iowa Park; her mother, Mabel Karstetter of Iowa Park; six grandchildren and four great-grandchildren.

Lewis S. Emanuel

Services for Lewis Stone Emanuel, 88, were at 2 p.m. Monday at the Pavilion in Highland Cemetery.

Rev. Robert Prothro, pastor of Trinity Bapitst Church of Wichita Falls, officiated. Burial was in Highland Cemetery, with Masonic graveside rites under direction of Dutton Funeral Home.

Emanuel died Friday in Wichita Falls.

Born in Iowa Park June 22, 1904 to Frank and Kate Stone Emanuel, early day residents and active supporters of Iowa Park. His mother arrived here in 1889 with her parents. His maternal grandfather, James Armstrong Stone opened the first drug store in the newly settled town and he also purchased the first lot in Highland Cemetery in 1889 from the town's founder, D.C. Kolp.

Emanuel had been a resident of Electra 50 years. He was a Christian and a retired self-employed carpenter. He was a member of Faith Masonic Lodge No. 1158 AF & AM, Eastern Star, Demolay and was a life member of the Carpenter's Union.

Survivors include a sister, Margaret Carter of Nacogdoches; three brothers, Robert F. of Daytona Beach, Fla., Alfred E. of Little Rock, Ark., and James David of Geraldine, Ala.; three grandchildren and two great-grandchildren.

Memorials may be made to the Highland Cemetery Association.

Faye Rust

Graveside rites for Faye Rust, 67, were at 2 p.m. Saturday in Highland Cemetery. She was the mother of Steven Manuel Rust of Iowa Park.

Rev. Greg Ammons, pastor of Faith Baptist Church of Iowa Park, officiated.

Mrs. Rust died Tuesday in an Ardmore, Okla., hospital.

Born April 15, 1925 in Wichita Falls, she had lived in Ardmore 28 years. She and Manuel Rust were married May 3, 1946 in Wichita Falls. She was a homemaker and a Baptist. She was one of the founders of the Ardmore TOPS Club.

Others surviving are three sons, Jimmie Robert Thompson of Bowie, Charles Franklin of Albuquerque, N.M. and Randall Scott of Tecumseh, Okla.; three brothers, Bill Gee of Electra, Floyd Gee of Smithville and Harrold Gee of Electra; two sisters, Bertie Rodgers of Electra and Louise Jeskey of Aurora, Ore.; nine grandchildren and seven great-grandchildren.

Bobby Joe Monroe

Graveside services for Bobby Joe Monroe, 51, of Holliday were Wednesday at 2 p.m. in Ridge Park Cemetery in Hillsboro. Arrangements were under direction of Dutton Funeral Home.

Monroe died Sunday at his residence.

Born Aug. 29, 1941 in Marshall, he had lived in this area since 1970. He formerly lived and worked in Iowa Park. He was a retired self-employed mechanic and was a Prostestant.

Survivors include two daughters, Tammy and Connie, both of Alvarado, Colo.; two sisters, Helen Bailey of Texas City and Carolyn Votaw of Whitney; and three brothers, Clifford Monroe of Plainview, Jack Monroe and Allen Monroe, both of Holliday.

The family suggests memorials to the Holliday Fire Department or Hospice of Wichita Falls, 4909 Johnson Road, Wichita Falls.

Mona McKinney Estes

Last rites for Mona McKinney Estes 78, of Wichita Falls, and former longtime resident of Iowa Park, were at 2 p.m. Tuesday at Dutton Funeral Home Chapel.

Rev. James A. Williams, pastor of St. Michaels Episcopal Church of Austin, officiated. Burial was in Highland Cemetery.

Mrs. Estes died Sunday in Wichita Falls.

Born Feb. 21, 1915 in Panhandle, she had lived all of her life in this area. She was married to Arthur H. Estes Jan. 11, 1941 in San Antonio. He preceded her in death in 1954.

Mrs. Estes was a graduate of Texas State College for Women in Denton. She retired as an instructor and clerk at Sheppard Air Force Base.

She is survived by one daughter, Barbara Gibbs of Mansfield, Mass.; one brother, Sidney E. McKinney of Salado, and one sister, Betty Sue Harmon of Lubbock.

Edward "Edd" Gellner

Services for Edward "Edd" Gellner, 83, of Burkburnett were at 2 p.m. Monday at Owens & Brumley Funeral Home of Burkburnett.

Rev. David Nyberg, pastor of Burkburnett Episcopal Church, officiated. Burial was in Burkburnett Cemetery.

Gellner died Friday in a Wichita Falls hospital. He was the father of Judy Patterson of Iowa Park.

Born Jan. 7, 1910 in Grandfield, Okla., he was married to Elizabeth Norton July 15, 1930 in Grandfield.

Gellner was a mechanic and owned Texas Engine Service many years. He was a member of the Fraternal Order of the Eagles No. 3580 of Wichita Falls. He also was a member of the Czech Club of Ennis, and of the Red Door Senior Citizens Center.

Others surviving are his wife; one son, Eddie of Corpus Christi; two other daughters, Jean Roy of Wichita Falls and Sharon Lingnau of Vernon; two brothers, James of Sagerton and Pershing of Randlett, Okla.; four sisters, Edna Michma, Ella Bryant and Evelyn Pannell, all of Burkburnett and Emily Yerby of Lawton, Okla.; seven grandchildren, two step-grandchildren and four great-grandchildren.

Card of Thanks

The family of Rexie Gordon wishes to thank everyone for the memorials, cards, food, flowers, calls and prayers. the kindness and concern shown to Rexie during her illness and to our families will always be remembered.

A special Thank You to the personnel of Texhoma Christian Care Center, Minister Dale Scott, Dr. Watson and the staff of Dutton Funeral Home.

First Baptist slates seminar

Walk Thru the New Testament Seminar will be conducted at First Baptist Church Sunday.

Like the Old Testament Seminar, conducted at the church a few months ago, the New Testament Seminar utilizes interactive learning techniques to help people absorb, and remember, the key characters, geogaphy, and major themes of the entire New Testament.

The Seminar will be introduced during the morning worship service, with the bulk of the conference beginning with registration at 1 p.m.

Registration costs are $10 for adults; $7 students; $30 for family, (if cheaper than individual rate), and alumni , free.

The conference will continue from 1:30 until 5:30 p.m. with refreshment breaks incorporated. A nursery will be provided for all children five and under.

For the Seminar auditorium floors become "maps" with "Bible lands and waters". The vibrant teaching is frequently punctuated by hand movements and group recitations.

The learning techniques enable almost everyone to master a survey of the New Testament, even with little prior Bible knowledge.

The Walk Thru the New Testament Seminar is designed so those attending will have key concepts locked in their memory and will have a more intimate understanding of the Bible.

Seminar attendees will receive a survey of the "400 Silent Years," the period of history occurring between the Old and New Testaments.

An invitation is extended to everyone to attend.

Where Jesus is Lord

"WHAT DOES GOD LOOK LIKE?"
Recently I have been asked this question by my two children. I am certain most parents have been asked this same question. While I do not pretend to know what God looks like, these are some thoughts I shared with Geoff and Jenny.
I began by telling them God is a Spirit. (John 4:24). Of course the next question I was asked: "if we can't see God, how do we know what He is like?"
My reply: "We know what God is like, by the things He says in His Word, the Bible. We know God loves us and is concerned about us. God sent His Son Jesus to pay the price for our sins. This is why even though we cannot see God, we can be very sure of what He is like."
Two Scriptures Geoff, Jenny, and I read and discussed were: "God demonstrates His own love toward us, in that while we were yet sinners, Christ died for us." (Romans 5:8). "For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life." One of the most important things for us to remember is God loves us!
This is important for us to remember God loves us at any age! An one grows older, one studies in detail the characteristics of God. As we face the future with all of its uncertainties, there are some truths we know! As the unknown author wrote, "There Always Will Be God" - let your mind dwell upon this:
"They cannot shell His temple nor dynamite His throne; They cannot bomb His city nor rob Him of His own; They cannot cause Him panic nor cut off His supplies; They cannot take His kingdom nor hurt Him with their lies; Though we face war and struggle and feel their goad and rod,
We know above confusions there always will be God."

Fourth Grade Adventures
Camp Fire Group

Recipes from the Fourth Grade Adventures Camp Fire Group are being featured this week.

Members of this group are Stephanie DeWitt, Stephanie Bottles, Stephanie Daulton, Daisy Thompson, Heather Williamson, and Nikki Guy (not pictured).

In order to earn a bead, the girls were instructed to pick a favorite recipe and try it out at home. The recipes this week are the ones chosen for that project.

Cooking is just one of many activities in which the group is involved. They have had a Mother-Daughter Banquet, written letters to veterans, made gingerbread houses at Christmas and participated in the Parade of Toys, and just completed their candy sale.

They have toured the Wichita Falls Museum and Art Center and Wichita General Hospital, and took part in at a lock-in at First Baptist Church in Wichita Falls.

Currently the girls are getting ready for the Father-Daughter Banquet to be held April 3. They are making place mats, the centerpiece and other decorations, and gifts for their fathers.

Debbie Williamson is the group's leader, and Wanda Phillips serves as assistant leader.

Waldorf Salad
Daisy Thompson

2 red or green apples, chopped
1 stalk of celery, chopped
1/2 cup of raisins
1/2 cup pecans
Stir to mix.

Dressing

1 cup mayonnaise or salad dressing or 1/2 cup sour cream and 1/2 cup mayonnaise or salad dressing. (Can substitute yogurt for sour cream).

Thin with milk to pourable consistancy. Add sugar to taste and pour over apple mixture. Stir and serve. Yum, Yum!

Cook of the Week

Hamburger Soup
Nikki Guy

1 lb. ground beef
1/4 cup diced onion
5-6 carrots, sliced or diced
5-6 potatoes, cut
6 oz. can tomato paste
1 can beef broth
1 can green beans (cut)
4 cups water

Brown ground beef and onions; drain grease. Add tomato paste, beef broth and water; mix well. Bring to a boil then add carrots and potatoes. Cook until potatoes and carrots are tender. Add green beans and cook 10 minutes longer.

Breakfast Burritos
Stephanie Daulton

1 lb. pork sausage
1/4 cup diced onion
1/4 cup diced green or red pepper
1 1/2 cup frozen souther-style hash brown potatoes
4 eggs, beaten
1/2 cup Cheddar cheese, grated
Picante sauce
Sour cream
12 flour tortillas (8-inch size)

Brown sausage in a large skillet. Add the onion and pepper; cook until tender. Drain off grease. Add potatoes; cook 6-8 minutes or until tender. Add eggs; stir. Cook until eggs are set. Prepare tortillas by browning in hot oil in large skillet for 5 seconds on each side or heating in microwave 45 to 60 seconds. Divide filling mixture between 12 tortillas, placing filling down the center. Sprinkle with cheese. Fold bottom of tortilla up, then fold each side over leaving top open. Serve with picante sauce and sour cream on side. (Burritos can be made in advance and refrigerated or frozen. Reheat in microwave.) Yield: 12 burritos.

Cinnamon Biscuits
Heather Williamson

1 can biscuits
1 Tbsp. cinnamon
2 cups sugar
1/2 cup margarine

Melt butter. Cut biscuits in quarters and dip in melted butter. Roll in sugar mixture. Put in pan and bake 10 minutes.

Rainbow Soup
Stephanie Bottles

2 1/2 cup rain (water)
1 1/2 cups mixed rainbow pieces

If you would rather not chase after rainbows, you can use:
1/2 cup celery, diced
1 carrot, thinly sliced
1/4 cup green onion tops, chopped
1 tomato, chopped
2 rays of sunshine

If you are fresh out of sunshine, you can use:
2 chicken bouillon cubes
1 - 5 oz. can chicken chunks
1/4 cup uncooked rice

Put rain and mixed rainbow pieces into your best one-quart soup pot and bring them to a boil. Add the sunshine, cover your pot, and simmer twenty minutes, or until the rainbow pieces are tender. Makes enough for two hungry people.

Recipe is from *Highlights for Children.*

Yearly permits to keep animals (except dogs and cats) on your property are available for $5 at Iowa Park City Hall.

Iowa Park resident to attend conference

Cyndi Swedberg of Iowa Park, as well a several other members of the Wichita Area Chapter of Mother of Twins, will attend the Texas Mothers of Multiples 20th annual convention held April 22 in Houston.

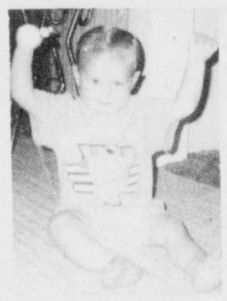

The purpose of the organization is to promote awareness of multiple births, participate in research and exchange ideas and information.

The chapter's annual fundraiser, a spring clothing and equipment sale, will be held Saturday at 4414 Ridgemont in Wichita Falls.

Look Who's New

Mr. and Mrs. Tracy Washburn are parents of a son Taylor Don, born Feb. 28. He weighed six pounds, 11 ounces.

Grandparents are Mr. and Mrs. Lee Watkins of Wichita Falls and Mr. and Mrs. Larry Washburn of Iowa Park.

No home games for Hawks 'til April 9

The baseball Hawks are scheduled to play their next four games on the road, before returning to their home field Apr. 9.

In fact, they've not played at home in three weeks, making their appearances locally one month apart.

Three of those games away from home will wind up their non-conference schedule, while the fourth is their Dist. 4-AAA opener Apr. 6 at Vernon.

Iowa Park will travel Friday to Wichita Falls to play Hirschi, Tuesday to Olney, and Friday of next week to Holliday.

Weather played havoc with the scheduling of last week's tournament at Burkburnett.

Callisburg, the team the Hawks were to meet Thursday in the opening round of the Boomtown Classic, withdrew, giving Iowa Park's varsity a first-round bye.

No games were played Friday, due to weather, so the semifinals and finals were all played Saturday.

The Hawks knocked off Holliday, the state's top-ranked Class AA team, 9-2, as Ralph Dillard limited the Eagles to five hits.

Iowa Park, led by hitters Dillard, Patric Kennedy, Scott McNeely and Tony Lozipone, all of whom had doubles, started off with a 3-1 lead in the first inning.

Holliday narrowed the gap to 3-2 in the fifth, but six runs by the Hawks in the final frame put the game out of reach for the Archer County club.

The host Bulldogs kept their own meet's championship trophy at home, by romping over the Hawks 11-1 in the final contest.

Iowa Park didn't get on the board until the fifth inning, when both runs were scored. That was when Chad Thompson blasted a double in his only official at-bat.

It was Burk's second win to one loss in meetings between the two clubs.

The Hawk JV lost 7-3 to Seymour's varsity in their game Saturday.

The Junior Varsity has two more games on this season's schedule: Today at Vernon, starting at 5 p.m., and Apr. 5 in Wichita Falls against the Coyote JV.

Regional meet here next year

Iowa Park athletes who qualify for the Region Six powerlifting meet next year won't have to travel a long distance, such as to Cedar Hill.

It will be held in Iowa Park, according to Coach Steve Stewart.

Two Hawks, Jason Miller and Chris Williams, qualified at the Cedar Hill meet, and will compete in the state meet Saturday of next week at Texas A&M.

Only one state qualifier in Miller's 132-pound division has a heavier qualifying total, Stewart said. He is from Seely, and his 1,075 total is only 25 pound more than Miller's.

Williams, competing in the 165-pound class, is the seventh-best qualifier going to the meet in that class.

Junior high meet re-set for Monday

Iowa Park will host a track meet for junior high school athletes Monday, rescheduled from Mar. 12 because of bad weather.

Six other schools will be represented, including Burkburnett, Graham, Vernon, Electra, Midway and Notre Dame.

Competition will be held for both girls' and boys' Seventh and Eighth Grade teams.

The Dist. 4-AAA junior high meet also will be held at Hawk Stadium, on Saturday, April 3, according to the schedule.

Helpful Facts

Any dog or cat in the city is required to have a current rabies shot.

SPORTS Shorts

The varsity Hawks and Lady Hawks are to run Saturday at Springtown, and the following week at Seymour.

ss ss ss ss ss

Iowa Park lost its turn to host the Dist. 4-AAA track and field championships meet on Apr. 16.. Conference coaches reportedly said they didn't want to run on the local track, because the outside lane is not as wide as the other seven lanes which prohibits a full eight lanes for hurdles.

ss ss ss ss ss

Mineral Wells Bass Club will sponsor the anual Bass Klassic Open Tournament Saturday, April 3, at Possum Kingdom Lake. Entry fee paid before Mar. 27 is $35. The club guarantees $4,500 in cash plus prizes through 25th place, according to P.E. Hunter, club president,

Girls' softball meeting slated

In preparation for the upcoming season, a Girls' Softball meeting will be held at 1 p.m. at the Recreational Activities Center.

All coaches are asked to attend, as well as anyone interested in coaching T-ball and minor league teams.

drive friendly

"Don't Bag It" system explained

By Mark Terning

New regulations this year could put a high price on landfill operating costs. Reducing solid waste disposal and effective recycling programs are more important now than ever before.

We can reduce the amount of solid waste entering our local landfills with an "easy to follow" plan called the "Don't Bag It" Lawn Care System.

This tested and proven lawn care system will be outlined in a special seminar at the Texoma Farm and Ranch Expo at 10 a.m. Saturday in the Wichita Falls Activities Center.

You will have the opportunity to win a free, brand new mulching lawn mower if you attend the Expo. You must register for the mower at the Expo and you must be present at the "Don't Bag It" seminar in order to win the special prize. Register at the Berend Brothers exhibit booth or at the seminar at the Expo.

The whole concept of recycling yard waste makes good sense. Current statistics have shown that 18% of our urban solid waste entering local landfills is actually yard waste. Between March and September (mowing season), the volume of residential solid waste increases 20 to 50% because of grass clippings.

We can extend landfill life and potentially decrease 18% of our solid waste stream by adopting the "Don't Bag It" Lawn Care Plan.

The plan has three basic steps to create a beautiful lawn while saving time, tax dollars, and expensive landfill space.

Step two is using the correct lawn fertilizer at the correct times of the year.

Step three is following a good lawn irrigation program which results in healthy turf. It's easy and over 75 Wichita County residents have already proven that it works!

A two-year survey of 75 total "Don't Bag It" participants revealed that 441,000 pounds of grass clippings were prevented from entering your local landfills.

Participants reported a 33% reduction in mowing time and rated their lawns as good to excellent in terms of lawn quality and health.

Learn more about this unique lawn care system and get a chance to win a super Snapper mulching lawn mower at the Texoma Farm and Ranch Expo. Remember you have to register and be present at the seminar to win.

Commercial pecan growers and homeowners can learn about pecan tree management including pest control, fertility programs, irrigation and research proven varieties at a seminar at 7 p.m. Monday in the County Extension Office at 1626 Midwestern Parkway in Wichita Falls.

Dr. George Ray McEachern, Texas A&M Univ. pecan specialist, will be providing valuable pecan care information.

Do-It-Yourself Tips
Soldering Copper Water Pipes Without Water Interference
Master Mechanic Propane Torch
If you need to solder a broken copper water pipe, try this tip from **Parkway TrueValue**. Stuff balls of white bread in the line before you solder. The bread will help prevent trickles of water from interfering with your work. After you're done, the bread will dissolve when the water is turned back on. And, when you solder, rely on a quality Master Mechanic propane torch from **Parkway True-Value** at 200 W. Bank.

Railsback home equally interesting outside, inside

By MYRNA SMITH

When you pull in the driveway at the Jack and Billie Railsback home, the setting is indicative of their interests and what you will find inside.

The couple's shared talents combine both inside and outside their home in Pleasant Valley Estates.

Large circular beds of iris and tulips which soon will be in bloom, a cute wooden bunny sitting in the corner of a flower bed with letters spelling out "Happy Easter" painted on his shirt, and in the center of the front yard another painted wooden bunny rabbit is pulling a wooden cart. All of these represent some of the Railsbacks main hobbies.

Inside, Easter symbols are everywhere you look---in the form of bunnies, both boys and girls, and mother and daddy bunnies dressed in proper clothing, and you think, "I've always heard rabbits are prolific animals".

In addition to the bunnies are ceramic, colorfully painted Easter eggs, some are open containers holding permanent flowers or other objects. Such symbols may be found throughout the house. The ceramic pieces and stuffed bunnies were all made by Billie, the wooden pieces are a joint effort of both of them.

Billie loves to decorate for special occasions. "You should come out at Christmas, that is when I really decorate," Billie said.

Jack bantered, "Yes or Valentine, Halloween, Thanksgiving, fall, spring, summer or whenever." He added, "I built that building out there," motioning to the yellow building south of the house, "for my shop, but her seasonal decorative pieces are about to move me out."

Since Jack started practicing law at age of 21, maybe he should plead his own case.

You almost get the feeling of being in an art gallery, with all of the paintings on the walls throughout the home. In other rooms there are some not quite finished, some are finished and not yet framed, or just haven't been hung yet. Jack has also made the frames for many of the paintings.

In one room one entire wall is hung with paintings, most of them depicting an earlier era. They both paint, although Jack was more or less "pushed" into art in the beginning.

They both like rustic scenes and many times they collaborate on a painting. He paints the sky, clouds and trees, and Billie puts in the details.

"One time I thought I wanted to paint horses," Jack said, "but I didn't like it as well as I thought I would, I would rather paint landscapes or rustic scenes".

Railsback's two favorite paintings he has executed are of the house and the barn which is on the ancestoral home place in Bosque County.

He was born in the frame two-story house that still stands, although it is now somewhat delapidated. He represents the third generation of the family to be born on the family farm.

Immediately following the Civil War, Jack's great-grandfather settled the place in the hilly, wooded country of Bosque County between Cransfill Gap and Meridian. Later his grandfather, Jack Moore (for whom he was named) was born on the place, and then Jack's mother was born there, but not in the same house.

Jack and Billie Railsback

Jack and Billie bought their Pleasant Valley Estate place 21 years ago and have planted every blade of grass, every tree and flower. There was nothing there when they moved.

And, in the roots of these plantings he is incorporating his own roots. He is trying to bring some of the Bosque County physical features to his place here. He is planting cedars and oak which grow there in profusion along with mesquite.

Jack grew up in Stonewall County in the county seat of Aspermont where his father was superintendent of schools. Billie also attended schools in Aspermont, but not at the same time.

Following graduation, Jack entered John Tarleton Agricultural College in 1943. Since that was during World War II, he wanted to go where ROTC training was offered. He then entered Baylor University to study pre-law and received his degree from Baylor Law School at the age of 19. When he graduated he was told that he was the youngest to ever graduate law school in Texas.

Since he couldn't practice law until he was 21 he waited two years and then was elected Stonewall County Attorney. He had met Billie six years earlier and they got reacquainted after he took office. So it was that she became the bride of the "dashing young attorney", over the admonitions of some friends and relatives.

They were married in 1950 about six months before Jack was commissioned in the Air Force. He was commissioned in June 1951 and served as Judge Advocate at Lackland AFB in San Antonio during the Korean War.

He later was an attorney for Shell Oil Co., and they lived in Midland. He then returned to Meridian and joined his father in the practice of law. His father had returned there from Aspermont and was serving as a Veteran's Administration lawyer.

Before they moved here Jack was County Judge four years in Bosque County.

Jack came to Sheppard AFB as Judge Advocate in 1967 and retired in 1987 as a Lt. Colonel after 28 years in service.

It was his plan to return to Meridian when he retired and go back into practice with his father. But there was an abrupt change in plans. In 1986 he suffered his first heart attack and was not able to work.

In 1988 Jack had open heart surgery in Baylor Hospital and was in intensive care 59 days. He kept developing infections and complications and was allergic to all of the medications.

"They finally sent me home," Jack said, "we think it was to die, but they didn't tell us that."

After that traumatic experience he did not feel like doing anything that he had planned to do.

But he had begun painting again and is able to do some yard work which he loves. "I have to be real careful of the things I do, but I can still work hard doing some things. There are some things I can do on my knees, but I can't lift anything heavy," he remarked.

Jack's newest craft interest is making leather belts, buckles and bolo ties with interchanable painted leather clasps.

He and Billie made a trip to South Dakota and the leather pieces were very popular there. Now he is making leather "pictures". He draws his pattern, tools it and then paints it. He also makes a rustic frame for them.

He paints them with mountainous or wooded scenes with elk, buffalo, bear families, and one grandson knew exactly what he wanted. He told his "pawpaw" he wanted him to make him one with a mama and a daddy deer and a baby deer drinking from a stream.

Jack also has begun painting again. He says he can paint a picture in about two hours. They both believe they paint a better picture together. They also believe they do better work in the yard if they do it together.

They are in the process now of building a rustic walkway. Each time they make a trip to Meridian to see Jack's mother, they pick up rocks on the old home place and bring them back for the walk. Billie does all of the concrete mixing.

Whenever she does ceramics or if they paint a picture they make three of them, one for themselves, one for their daughter and one for their daughter-in-law.

"I could never draw in school. I had a terrible time with art. Billie pressured me to go with her to her art lesson," Jack related. The instructor asked him why he didn't pick up a brush and see what he could do with it. He finally was talked into it and to his surprise he could do pretty good skies, clouds and trees, which he still does.

"They called me the world's greatest art critic," Jack joked, "I would go around and ask everyone why they painted the way they did and what did they have to do 'that' for, and finally they told me to sit down and I think they said 'and shut up'".

Billie has done some kind of art since she was in elementary school. She loves to draw, sketch, make posters, paint T-shirts, wooden objects and do ceramics.

She has been painting on canvas 15 years and prefers oils. She is a charter member of the Iowa Park Arts and Crafts Association.

After moving to Iowa Park she was a dental assistant for a Wichita Falls dentist 18 years.

They belong to a travel club and make a number of trips each year. They are members of First Baptist Church and really got started with their traveling by going on several of the mission building trips with the church.

Jack says "We are very church oriented." He has served the Baptist Church as a deacon 40 years.

The Railsbacks have two children, a daughter, Rita Worthy, who lives in Sioux Falls, S. D. and a son, Kern, who is minister of music at First Baptist Church in Athens, and four grandchildren.

LIBRARY NEWS

By Ardis Jensen

Adult Education Classes

Region IX Service Center and the Library will co-sponsor Adult Ed. Classes each Saturday, March 27 through May 29, from 10:30 a.m. - 12:30 p.m.

We have a signup sheet available to pre-register, or you can just drop by the library on Saturday morning.

Subject materials to be covered are as follows: Reading, Writing, Math, G.E.D. Preparation and Computer Application.

Mrs. Kris Hines will be the instructor for these classes. The areas of study will depend on the needs of those who join the class.

This program is free and open to anyone interested.

Genealogy Workshop

Thank You

Thank you to Mrs. Peggy Maier for presenting our program Monday evening. This workshop was attended by 21 researchers.

Our Genealogy Workshop for April 19 will be on Mason Records and will be given by John Yates. Mr. Yates is currently serving as President of the North Texas Genealogy Society.

Yates extends an invitation to attend the Spring Seminar, April 17, at the 10th & Broad Church of Christ in Wichita Falls. Dr. George K. Schweitzer of Knoxville, Tn. will be the guest lecturer for this program. His topics will cover Major Genealogical Indexes, Tennessee Genealogical Research, Tracing Your Ancestor Back Across the Atlantic. There are flyers available in the Genealogy area of our library for additional information. Please help yourself to one if you are interested in the workshop.

Spring Break Magic Show

Thank you to Mr. Ray Gage for sharing with us some of his magic tricks. There were 43 children and nine adults present for this enjoyable morning.

Circulation Desk Information

Check out the new Adult Fiction and Non-Fiction selections available. Coming soon - Annual Book Sale. Watch for additional information in next week's column.

Motivational speaker here April 2

Kathy Lewis of Atlanta, Ga., celebrated lecturer, trainer, and motivational speaker, will appear here Friday, April 2, at First United Methodist Church at 6:30 p.m.

She will present her "Write Your Own Script" program in Fellowship Hall. Everyone is invited. There is no charge and a nursery will be provided. Dress will be casual.

"Write Your Own Script" tells how to take control of your life. The seminar covers goal setting principles in a clear and concise manner as well as to point up valuable life skills techniques.

Donna Schoenecker, local resident, says, "It's a life changing experience."

Ms. Lewis is founder and president of Capstone Institute of Mortgage Finance, in Atlanta and has more than 18 years experience in mortgage lending, on-site sales and home building.

She is a popular guest speaker at Mortgage Bankers Associations, boards of realtors and Home Builders Sales and Marketing Councils. She also has taught designation courses for Georgia Realtors Institute, various bankers, and mortgage lenders, as well as teaching Federal Regulation and Compliance laws.

Kathy Lewis

CAMP FIRE NEWS

Do-It-Yourself Tips
Making Under-The-Bed Drawers Master Mechanic Power Tools
That old, outdated dresser that you may want to get rid of, can turn into a great storage solution for your home. Just read this creative tip from **Parkway TrueValue**. Take the drawers out of the dresser and turn them into under-the-bed bins. Fasten small casters to the bottoms and slide the drawers under the bed to store seasonal clothes, extra blankets and other items. And to help you attach the casters, pick up some Master Mechanic hand tools from **Parkway TrueValue** at 200 W. Bank.

Treatment you can trust.

When you're in pain, we're here to help!

In one of the most extensive studies ever, The British Medical Journal recently showed chiropractic care to be the best and most appropriate treatment for the leading cause of back pain. Don't settle for second best if you're suffering from the following:

- Low Back Pain
- Neck Pain
- Headaches
- Arthritis
- Leg Pain
- Arm Pain
- Shoulder Pain
- Carpal Tunnel
- Sciatica
