SUIT FOR \$793 DEBT FILED AGAINST VESSEL

The Rockport Yacht and Supply Co., Inc., filed suit in federal court at Corpus Christi Monday, asking recovery of \$793 from the M-V Contessa and her owner.

The amount owed, the petition states, originally was \$1,093 for labor, supplies and materials, but has since been reduced to \$793 by payment of \$300. It alleges that since the indebtedness was incurred the vessel has been conveyed by Murray Mobley to Ralph Segura but the debt has never been satisfied.

COUNTY COURT

State of Texas vs. George Robins DWI. Bond set at \$250 on plea of not guilty. Trial set for August 1.

State of Texas vs. Juan Tristau, aggravated assault, pled guilty and given 30 days in jail, 25 to be suspended upon good behavior for a year.

City Council Asks Bids and Adopts Budget

Bids will be opened by the City of Rockport at 2 p.m., June 24, on two extensions to Rockport's sewer system, covering a distance of approximately 3500 feet, and the construction of another lift station.

These extensions will serve both the north and south of the city.

The one in the north end will begin on Patton Street and continue along the newly-dedicated Linden Street.

In the south end, the extension runs down Live Oak Street to Corpus Christi Street, with a number of laterals branching off to serve parts of town that have been without sewage service until now.

McClendon and Associates of Corpus Christi, are consulting engineers on the job.

In other action Monday night, the council adopted the budget for the coming year.

In presenting the budget, Mrs. Jeanne Tuer, City secretary estimated that tax collections for the upcoming year would amount to \$54,000. Of this, 90% collections of current taxes would account for \$46,350; delinquent tax collections will bring in \$1500; gross receipts from other sources will account for \$5150; permits, \$500; and occupation taxes, \$500.

Thirty-five cents of the tax rate will be allocated to the street improvement bond sinking fund; 42 cents to street maintenance and drainage; and 73 cents to the general fund.

The general fund will receive \$26,400, to be allotted as follows:

Park fund, \$500; fire department, \$2500; building maintenance, \$500; social security, \$2000; insurance, \$500; street lights, \$5000; office salaries, \$4000; office expenses, \$3000; and operations, \$8400.

Mrs. Tuer said that estimated collections in the water and sewer departments would amount to \$75,000, and expenditures from this will be as follows:

Maintenance and repair, \$10,000; permanent improvements, \$20,000; salaries, \$21,000; gas, oil and truck maintenance, \$2000; electricity, \$34000; office expense, \$700; insurance, \$15000; refund on Little Bay Shores water and sewer lines, \$2000; engineering, \$500; miscellaneous, \$60; and sinking fund, \$13,740.

In the garbage department, where citizens will be charged for service for the first time, starting July 1, the estimated income is \$20,000.

Of this amount, \$13,000 will go to salaries which formerly came from other funds; \$3,000 to truck maintenance and repair; and \$4,000 into a sinking fund for replacement of equipment.

Mayor Herman Johnson told councilmen that the city was in the process of purchasing a badly needed truck and body to replace present equipment.

Rockport Next Week

Friday, June 17: Josephine Arispe and Patricia Webb have birthdays, and the commissioners court meets. Election contests for county and precinct offices must be filed in the District Court within ten days from the date of the declaring the result by the democratic Executive Committee.

Saturday, June 18: The State Executive Committee meets to tabulate and canvass returns from the second primary election, and to compile the roster of delegates to the state convention.

Sunday, June 19: Father's Day. Church.

Monday, June 20: Eastern Star; Fulton Lions; Rockport B & PW Club.

Tuesday, June 21: Rockport IOOF; Prentice Owen, Jr., has birthday.

Wednesday, June 22: Rev. and Mrs. Calvin Peterson have anniversary, wherever they are.

Thursday, June 23: Rebekahs; Alicia Martinez has birthday.

PUTTING CONTEST OPENS JUNE 20

A putting contest will open June 20 at Lib's Miniature Golf and run until July 20. Low score will receive a \$10 prize, and second low, \$5.

SKI CLUB TO MEET

The Rockport Ski Club will hold its regular monthly meeting on June 20, at 7:30 p.m., in the Chamber of Commerce building.

Dramatic proof of the need for aid for Chilean earthquake victims is evidenced by this Puerto Montt orphan—his only belongings heaped in a string bag—shown waiting a mercy plane trip to a refugee reception center in Santiago.

Nations throughout the world are responding to appeals for help. President Eisenhower appointed American Red Cross President, General Alfred M. Gruenther, as coordinator of U. S. voluntary relief efforts. Numerous religious and welfare organizations are engaged in the massive relief project. The Red Cross, which is conducting a nationwide fund appeal, made an initial allocation of \$175,000 and provided \$250,000 worth of donated medical and other supplies.

WATER SKI SHOW SUNDAY, JULY 3 AT ROCKPORT

The Lake Mathis Ski and Boat Club has already held rehearsals at the Rockport Boat Basin for their big special Water Ski Show at Rockport, Sunday, July 3. The show is being sponsored by the Rockport Chamber of Commerce.

The Lake Mathis Ski and Boat Club Show rivals that of the Cypress Gardens, Florida performance. Expert demonstrations of slalom cross skiing, 180 degree and 360 degree turns on water skis, single and double jumps over water ski ramp, a 5 year old boy and an 8 year old girl demonstrate skiing hand signals, 3 man and girl pyramids on skis, a girls costume water ski ballet, a head stand and turn around on a flying disc, a humorous clown act on skis, and topped off by a demonstration of barefoot skiing by club president Walter Baxter!

Anyone in the coastal bend area interested in water skiing is invited to get more information about the club from special events chairman, Dr. Leonard MacAluso at Mac Optical, Corpus Christi, or President Baxter at Agua Dulce.

Sign To Be Placed On Sinton Cut-off

The Tourist Promotion Committee of the Chamber of Commerce, at their meeting Wednesday afternoon, approved a sign for the Sinton cut-off, to be placed near Sinton, and made plans to have the sign on the Tivoli cut-off repainted.

Tentative wording for the Sinton sign reads "Short Cut to Rockport-Fulton, 31 miles—Sun, Sand, Sea and Fish—Fun for all the folks — Texas' Finest Playground."

At one corner of the sign there will be the figure of a fisherman, at the other there will be a picture of a girl on water skis.

DOG LICENSES NUMBER 119 NOW

Since the dog license law began to be enforced on June 1, the total of dog tags sold has climbed to 119 as of last Monday night.

Eleven dollars in pound fees have been collected, according to a report from City Poundmaster, Joe Earl Hunt; eighteen dogs have been impounded, and seven of them have been destroyed.

In addition to this, councilmen were told, many people are keeping their dogs tied and off the streets, rather than buy a license.

REV. LANG AND FAMILY ON VACATION

Rev. Cecil Lang and family will be out of town on vacation until the first of July. Rev. Wm. Smith of Brownwood will fill the pulpit for the 19th and 26th. Let us have a good attendance for our visiting minister.

DR. H. F. ELLIOT CITY HEALTH OFFICER

At the regular meeting of the City Council Monday night, Dr. H. F. Elliot was re-appointed City Health Officer.

International Politics Can Put Shrimpers on Shelf

(This is the second article of a short series dealing with International politics and the shrimp industry. It points out that shrimpers in this country can readily be put out of business by meddling with the International Law of the Sea, as advocated by Mexico. It continues the report of W. R. Neblett of the National Shrimp Congress.)

If the conference held in April at Geneva, Switzerland has achieved success with the formula presented by U.S. and Canadian advocates, the shrimp business would have been out of business on offshore shrimp fishing in the Gulf in ten years, if not sooner, because of possible application of the "beyond twelve" formula. We appear to have gained a respite, and on the surface should be able, under the new U.S. official position, to fish up to three miles of any foreign nation, and go on forever, or at least until another conference on Law of the Sea which might deal sudden death to fisheries. We may also find some consolation in the fact that all twelve mile proposals were defeated, and that the proposal which gained the most votes (and we can hope-fully say, represents a majority of world opinion), consisted of a 6-mile territorial sea with limited fishing rights in the 6-12 mile zone. But the very failure to achieve a 2/3 vote on any proposal leaves the field wide open for unilateral action on the part of many States who will go to twelve miles. Will our own country then protect our fishermen, under its stated policy, to fish up to 3 miles of other countries? We must insist that it will. We must be prepared to be faced with seizures, cries of "pirates" and the usual harassments which can be so skillfully applied to vex our fishing fleet and make offshore fishing more economically hazardous.

It may be truly said that the hot war was the conference, and since a truce was not negotiated (which would have left us little skin at any rate) little cold wars will spring up periodically all over the place from here on. Since the struggle is for our very existence, we cannot be blamed for using every means at our disposal for combating the situation.

The first measure I recommend to the Board of Directors of the National Shrimp Congress is to get realistic, to recognize an enemy as an enemy, and a very able one, and from there to meet aggression with aggression, instead of softness; and to use every means, including economic reprisal, to achieve our objectives. A favorite trick in a cold war is to lull the other side into a feeling of false security by making no overt moves for periods of time. If your "defense organization" is allowed to deteriorate during such periods, you won't be ready for the next move.

We fishermen feel keenly the disadvantage to the security interest of the U. S. suffered from Conference failure, and regret that

Shrimp Landings Higher In May

Shrimp landings along the Texas coast in May were approximately 41% greater than during the same month in 1959, but only slightly greater than the landings in April, 1960, according to C. E. Nickerson, U. S. Fish and Wildlife Service statistician.

The following figures give the comparisons, with May, 1960, April, 1960, and May, 1959, landings listed in that order:

Brownsville: 430,600 pounds; 474,000; 361,600 pounds.

Port Isabel: 367,600; 284,500; 202,900 pounds.

Coastal Bend and Port Lavaca: 301,400 pounds; 179,000 pounds; 193,300 pounds.

Freeport and Matagorda area: 248,800 pounds; 275,800 pounds; 157,600 pounds.

Galveston and Sabine area: 65,200 pounds; 115,000 pounds; 85,600 pounds.

Ex-vessel prices ranged from 66c to 72c per pound for headless 15/20 count during May 1960, compared to 67c to 78c a year ago, and 79c to 85c in 1958. There was a straight five cents a pound break on each count-size bracket this May, while in May, 1959, some areas went to a 10c break of the 21/25 count.

A few Florida vessels have commenced arriving for the summer season and the weather has improved considerably, but there were approximately 10 to 12 poor fishing days in the northern part of the fish grounds. Conditions were better around Port Isabel.

Quantities of pink shrimp captured in Texas waters were landed in Galveston, Freeport, and Aransas Pass. Most of them were caught in less than 12 fathoms of water.

Nickerson said that since this species is not ordinarily separated in handling from either white or brown shrimp, and the ratio of white and brown varied considerably with type and are of bottom fished, it was not possible to get an accurate report of the poundage caught of the various species.

Also reported were large yields of seabobs, discarded as being too small for the market. These were largely caught in depths of from 20-30 fathoms. At times, drags had to be shortened to keep from overloading the nets with these small shrimp.

The blue crab fishery is expanding rapidly, he said.

During May, another crab-picking plant neared completion and started operation in June. Aransas Pass produced 120,900 pounds of live weight crabs during the month, compared to 100,000 pounds in the Matagorda area, 3,400 pounds at Galveston. This was a decrease from April, but the statistician thinks that June production should be higher. Fishermen were paid from 4 to 7 cents a pound for live crabs.

There is a demand for additional pickers and considerable speculation as to their availability when the shrimp season starts and headers are needed badly.

Redsnapper was the only fish landed in any considerable volume in May, Nickerson said, with prices ranging from 20 to 27 cents a pound to the fishermen. Leasing of oyster grounds has increased this year.

Employment in the fisheries was down in May, he stated, except for crab picking and fishing. Oyster shuckers had to find employment elsewhere and many of them drew unemployment compensation. It was also too early for the shrimp processing houses to start operation and many of the vessels in the fleet had not picked all of their crews. Some vessels still remained tied to the dock, waiting for an increase in production.

MRS. ADAH B. BAILEY PASSES AWAY IN COLORADO

Mrs. Adah B. Bailey passed away on Tuesday, June 7, at her home in Walden, Colo., following a heart attack.

Funeral services were held Thursday, June 9 from the North Park Community Church.

For the past 14 winters, Mrs. Bailey had been a guest at Oak Shore Apartments.

LIONS TO HOLD BARBECUE JULY 3

The Lions Club will hold their annual barbecue at the Lions Pit in front of the Woman's Club on Sunday, July 3, to supplement their charity fund. It will start at 11:30 a.m. and go until the barbecue runs out.

United Fund Will Be Discontinued

Lack of Interest and Heavy Load Carried By Few Cited As Reasons

Operations of the Aransas County United Fund will be suspended in 1960, and will not be resumed in 1961 unless citizens of the area show more interest than they have in the past.

At a meeting of the Board of Directors, it was unanimously agreed to suspend operations this year and to notify all participating agencies of this decision.

Directors agreed to meet in January, 1961, to determine whether to hold a drive next year, and a survey will be held to see if the majority of the people in the county desire to re-activate the fund.

According to the statement released by President Charles LaBounty, the apparent lack of interest and support of the fund by a large percentage of the people here was the main factor taken into consideration in making this decision.

He pointed out that the last three campaigns had consistently fallen short of their goal. Some of the participating agencies have said they will have to make separate drives to make up their budget from Aransas County.

It was also felt that the drive had been affected adversely by agencies that have refused to participate in the United Fund and that have conducted separate drives in past years.

It was brought out during the meeting that to make a United Fund successful it must be supported 100%. Many people have unselfishly given of their time, and a great many people have contributed unselfishly.

However, as pointed out above, a large percentage contributed neither time nor money. The directors feel that it is unfair, LaBounty said, for the whole load to fall on those faithful people who have unselfishly given of themselves.

The directors hope that all of the people of Aransas County will give this action their serious consideration, and to let it be known whether they desire to have the fund re-activated or to go back to the days of unlimited drives by assorted organizations.

CAMP COPANO OPENED LAST SUNDAY

Summer sessions at the Girl Scout Camp Copano opened at 2 p.m. Sunday, with Miss Val Waters, Yorktown physical education teacher, in charge.

Miss Waters served as camp director last year.

The camp serves a five-county area of the Whooping Crane Girl Scout Council.

Mrs. Vera Bielenberg, executive director of the council, said that there will be three camping sessions this year.

The first will be a one-week period. The second will run from June 20 for 10 days and the third will start the first of July and run for one week.

A part of the opening day ceremonies was a flag-raising ceremony sponsored by Stewart-Wendell Post 3904, Veterans of Foreign Wars. Chester Johnson, as post commander, presented an American flag to the camp for the ceremony.

VFW Hears Report On Flag Displays And Presentation

Stewart-Wendell Post 3904, Veterans of Foreign Wars, at their regular meeting, heard a report on the flag presentation made last Sunday when Girl Scout Camp Copano was opened. A report was also given on the Girl Scout Little House.

Members were told that 48 business houses in Rockport and Fulton will display the new fifty-starred flag, and that the number would probably increase as the program got under way.

A joint meeting of the post and the ladies' auxiliary will be held on Tuesday night, June 21, 7:30 p.m., in the VFW Hall.

All members were urged to attend.

Michael's School Opens This Week

Students from seven Coastal Bend cities and one from Arkansas are here for the first summer session of the Rockport School of Fine Arts.

From Corpus Christi are Misses Nancy Holbert, Patricia Anderson and Elma Mendieta, all studying landscape and marine painting, with which the first session is concerned.

From Victoria are Mrs. Audrey Linebaugh, a teacher in Victoria Public Schools and J. T. and James Nichols, of Victoria College, all members of the Victoria Art Guild studying here for the summer.

Mrs. Nancy Culp Shaw is from Rockport; from Kenedy comes Kenneth Chandler. Miss Lynn Whitaker is here from Port Lavaca, and there are two students from Bay City, Mrs. Ella Mielsch, famous for her paintings of the sand dunes of the Texas coast, and Miss Ethel Manning.

Mrs. Helen Y. Ezell, wife of the director of the Beeville Bee-Picapeque, is another student, from Beeville, as is Miss Angeline Wood.

The single student from Salem, Arkansas, is Miss Margaret Wood. Other students are registering daily for the session.

Two more sessions will be held this summer, according to Director Simon G. Michael.

Principals Leave For Summer Conference

Principals A. B. LeFevre and Chester Barre, of the Aransas County Senior and Junior High Schools, left Wednesday morning for Austin to attend the summer Principals' Conference to be held at the University of Texas.

Wednesday afternoon they visited the Texas Education Agency. At the dinner that evening at 6 o'clock, Mrs. L. P. Sturgeon spoke on the "Preparation Programs for School Administrators." Thursday morning was devoted to group discussions on this topic.

Textbook Adoption and Distribution and Pupil Accounting was the topic for two other groups Thursday morning. Thursday afternoon Dr. V. J. Kennedy discussed "The Curriculum Studies—Where We Are." Group discussions continued on this topic.

At the dinner Thursday evening Dr. McIntyre, University of Texas, will deliver the address. Friday morning will be devoted to topics. Dr. J. G. Flowers, President of Southwest Texas State College, will discuss "Preparation of Pupils for College Entrance, Including State-wide Uniform Testing Program."

Dr. Lee Wilborn, TEA, will discuss the National Science Foundation program. The theme for the conference is "The Increasing Role of the Secondary Principal."

CIRCLE 4 MET
MET JUNE 9

Circle Four, of the Presbyterian Church, held its monthly meeting June 9, at the home of Mrs. Floyd Smith.

The lessons, "Christ, the Unifying Center of the Church's Gospel" and "Christ, the Unifying Center of the Church's Worship" were narrated by Mrs. P. R. Holley.

The Emphasis on General Fund Agencies was narrated by Mrs. Floyd Smith.

Several regular members were absent due to their participation in Vacation Bible School.

Hostess, Mrs. Smith, served refreshments to one visitor, Mrs. J. F. Cloberdants, and to members Mrs. M. F. McClanahan, Mrs. A. L. Bachman and Mrs. P. R. Holley.

The meeting closed with a prayer.

METHODIST MEN
TO HAVE MEETING
AT CHURCH TONIGHT

The Methodist Men's Club will meet Thursday, at 7:30 p.m. All members are urged to attend as matters of importance are up for discussion.

REBEKHAS HAVE
MEMORIAL SERVICE

The Rockport Rebekah Lodge observed their annual memorial service for the deceased members of the order at their regular meeting Thursday, June 9, at 8 p.m.

Mrs. Floyd Rooke, Mrs. Ara May and Mrs. Gladys Reed put on the ceremony in a beautiful and impressive manner.

Mrs. Velma Elder, vice grand, presided at the lodge meeting and read as her thought for the week, a poem discussing the duties of Rebekahs.

A social hour with light refreshments followed the business session.

GNC TO HOLD
PICNIC SUPPER

The Good Neighbor Club and their families will meet at the home of Mr. and Mrs. Coy Casey in Hills Village, for a picnic supper at 6:30 p.m. Wednesday, June 22.

The meat will be furnished by the club. Members bring covered dish and your own dishes.

As little as one-half of one percent of carbon monoxide in the air can be fatal.

NOTICE TO BIDDERS

Sealed bids addressed to the Honorable Herman Johnson, Mayor of the City of Rockport, Texas, will be received at the City Hall in the City of Rockport, Texas, until 2 P.M., on 24th day of June, 1960, for the construction of extensions to the Sanitary Sewer System of the City of Rockport, Texas.

The proposal shall be based on furnishing all plant, labor, materials, equipment and incidentals and performing all work for the construction of certain sanitary improvements for the City of Rockport, Texas in accordance with the plans and specifications for such work prepared by McClendon & Associates, Consulting Engineers, Corpus Christi, Texas.

Bids will be submitted in sealed envelopes upon the blank forms of proposals and bidding sets furnished and marked in the upper left hand corner "Bids on Extensions to the Sanitary Sewer System to the City of Rockport, Texas."

All unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the OWNER to reject any bid.

All proposals shall be accompanied by a Cashier's or Certified check, upon a national or state bank, in the amount of five percent (5%) of the total maximum bid price, the check to be made payable to the City of Rockport, Texas, and marked "To Accompany Bid on Sanitary Sewer Extensions," or, the bid may be accompanied by Bid Bond in the same amount from a reliable Surety Company, either one to be a guarantee that the bidder will enter into a contract and execute bond within 15 days after notice of award of contract to him (or them).

All bid securities will be returned to the respective bidders within ten days after bids are opened, except those which the Owner elects to hold until a bond has been made, and the successful bidder has executed the contract. Thereafter, all remaining securities, including security of the successful bidder will be returned within five days.

The successful bidder must

furnish performance bond upon the form set out in specifications in the amount of 100% of the contract price, an approved Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

Plans, specifications and bidding documents may be secured from the office of the Consulting Engineers, McClendon & Associates, 127 N. Staples, Corpus Christi, Texas, on deposit of \$15.00 per set, which sum will not be refunded unless the contractor returns the plans within five (5) days from the date on which bids are to be opened, with a letter to the effect that he does not propose to bid. All checks are to be made payable to the Engineers.

The approximate quantity of work to be done is set out below: APPROXIMATE QUANTITIES: MANHOLES 10, SANITARY SEWER PIPE, 8, 10, 12 & 15, 3,500 ft. 1 - LIFT STATION - PUMP (no equipment), and other miscellaneous items in connection therewith.

Plans and specifications may be examined at the office of the City Secretary, City of Rockport, Texas, at the Office of the Engineers, and also the Associated General Contractors' Plan Room in Corpus Christi.

Bidders should carefully examine the plans, specifications and other documents, visit the site of the work, and fully inform themselves as to all conditions and matters which can in any way affect the work or the costs thereof. Should a bidder find discrepancies in, or omissions from, the plans, specifications or other documents, or should he be in doubt as to their meaning, he should at once notify the Engineer in writing and obtain clarification prior to submitting any bid.

No prequalification requirement will be required at the time of submission of bids if a prequalification requirement has been filed with the Engineers within the last six months but an experience questionnaire, financial statement, and equipment schedule may be required before a contract is awarded, and if no prequalification requirement has been filed with the Engineers within the past six months, then same must be filed at the time proposals are submitted.

The Owner reserves the right to reject any and all bids or to award either proposals A, B, or C as they deem to be the best interest of the City of Rockport, Texas. Special provisions as to labor rates of pay for man hours as exist in the Rockport area for municipal work are hereby adopted and made a part of these specifications.

Bidders are invited to be present at the opening and reading of proposals, but the contract may or may not be awarded on the date bids are opened.

HERMAN JOHNSON
Mayor

Attest:
JEANE M. TUER
City Clerk.

NOTICE OF SALE OF REAL
ESTATE UNDER
EXECUTION

THE STATE OF TEXAS
COUNTY OF ARANSAS

By virtue of an execution issued out of the 36th Judicial District Court of San Patricio County, Texas, on a judgment rendered in said court on the 23rd day of April, 1960 in favor of The Fisherman's Supply Co., Inc. and against Eddie S. Gilden, No. 10,722 in such court, I did on the 28th day of May 1960 at 1:00 o'clock p.m. levy upon the following described tract and parcel of land situated in the County of Aransas, State of Texas, as the property of Eddie S. Gilden, to-wit:

Being Farm Lot numbered Nineteen (19) in Land Block No. Two Hundred Thirteen (213) of the Burton & Danforth Subdivision as per map or plat of said subdivision prepared by P. L. Telford for Burton & Danforth, a certified copy of which is duly recorded in Volume 1 at pages 62-63 of the Map Records of Aransas County, Texas. The said farm lot contains five acres of land, more or less, and is in the James Orick Survey, and the land is now within the city boundaries of the city of Aransas Pass, Texas and is adjacent what is commonly known as Avenue A, and the property is most generally known as the B. F. Hyde or Eddie S. Gilden land as B. F. Hyde purchased it on June 2, 1936 and sold it to Eddie S. Gilden and wife by deed dated February 24, 1958.

The property is subject to the unpaid balance on a promissory note dated February 24, 1958 in the original amount of \$1,300.00; said note being executed by Eddie S. Gilden and wife Inez Gilden and payable to B. F. Hyde and wife Alma Hyde, the payment of the note being secured by a vendor's lien retained in deed from B. F. Hyde and wife Alma Hyde to Eddie S. Gilden and wife Inez Gilden dated February 24, 1958, and further secured by a deed of trust from Eddie S. Gilden and wife Inez Gilden to Arlin Yeager, Trustee, dated February 24, 1958, said deed and deed of trust covering the above described property and the above described property will be sold subject to the balance of the above described \$1,300.00 note and the liens securing same.

And on the 5th day of July, 1960, being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m. on said day, at the courthouse door

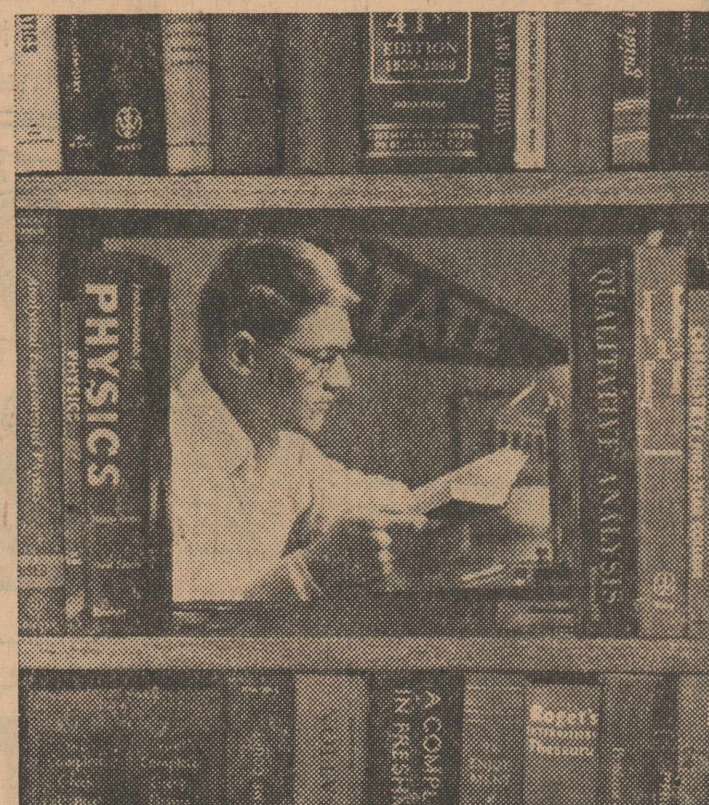

of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Eddie S. Gilden in and to said property.

DATED at Rockport, Texas this the 28 day of May, 1960.

WHEN YOU PAY FOR
THE BEST... BE SURE
YOU GET IT! (Buy Borden's)

You can look at lettuce and tell which is the fresher, crisper head. The price is the same so naturally you choose the best. The very same difference exists in milk. You can't see this difference but it's there... in the taste, in the freshness, in all the extra steps taken to assure quality. The price is the same so choose the milk you know is best just as you choose the best head of lettuce. Your choice will be Borden's. The name Borden's is synonymous with quality. It has been for over 100 years. So, when you pay for the best be sure you get it. Buy Borden's.

JULY DRAFT QUOTA CALL FOR 290 TEXANS

Austin.—The state quota for Texas draft boards in July calls for 290 men, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

The July is the state's share of a national quota of 6,000 men, all for the Army.

Colonel Schwartz also announced pre-induction physical and mental examinations for approximately 1,000 men in July.

Local board quotas for the July call already have been completed and sent to the state's 137 local boards.

The July quota will be filled with men who are at least 22 years old on July 1, 1960, with the exception of volunteers or delinquents, who may be younger.

KEEP the CAR COMFORT and SAFETY YOU PAID FOR!

...don't neglect FRONT-END ALINEMENT

...because worn out alignment settings can take many miles off the life of your car! Vital steering and front-end parts wear twice as fast with out-of-line wheels. Tire life is shortened as much as 50%. Your car becomes unsafe, uncomfortable. Your car actually "uses up" alignment just as it consumes gas, oil and lubrication. In fact, front-end settings "wear out" —

Orchid Fanciers Entertained At Means' Luncheon

Mr. and Mrs. E. W. Means, with Mr. and Mrs. Martin Tverdal as co-hosts, entertained the Corpus Christi Orchid Society at the Means home with a picnic luncheon on Sunday afternoon. Attending

were 36 flower fanciers from Corpus Christi, Alice, Portland and various other towns in the area. Mrs. Jack Hagar was a special guest from Rockport.

After the luncheon the guests made a tour of the greenhouses in which Mrs. Means, one of the increasing army of orchid growers, raises the exotic blooms.

"Don't quote me as being an orchid expert," she said, "because I'm not. I just simply happen to like them and try to raise them, and there are plenty of people in Corpus Christi and elsewhere in the Coastal Bend that make my efforts look pale."

She explained that the flowers take long to grow but thinks that they are one of the most exciting horticultural adventures available this side of Paradise.

And other fanciers agree that along with sailboats, Texas sunsets, women and the studies of little children, orchids should be

rated as among the most fascinatingly beautiful of all earthly things.

In various forms and species the brilliant blooms are found throughout the warm and temperate regions of the world. Mrs. Means said, and went on to point out that not all of them are as big or colorful as those found in florists shops.

Practically all of the finer kinds are found in the tropics, and those that live along the Gulf Coast have rather small flowers that are interesting only to botanists and nature lovers.

Orchids first began to be cultivated in Europe in the 1600's, and as early as 1855 individual plants were sold at auction for as much as \$400 to \$500. Plants are still sold for this much and more, but flowering size plants are available for as little as the price of a new hat or a good pair of shoes.

In the Means' greenhouses are many species, from all over the earth, but she, like most others orchid growers isn't satisfied, and keeps trying to raise others that are even more beautiful.

And, like other people that grow the gorgeous blooms, she is fascinated by the difficulty of producing the type of flowers that she wants.

In general they are of two sorts—epiphytes and terrestrial. Most of them are epiphytic and demand the moist air of green-

houses because they take most of their food and moisture through their leaves and aerial roots rather than through regular roots in the soil. In nature they grow in warm, humid areas on branches of trees, dead tree trunks, and even on bare rocks in the shade.

Most popular of the epiphytes are Cattleyas and Loelias, often seen in the flower shops, along with Brassavolas and Phalaenopsis.

Among the terrestrial orchids are Cymbidiums which, when not flowering, will even stand light freezes. The handsome iris-like evergreen foliage and the lengthy sprays of long-lasting, brilliant and exquisitely formed flowers make Cymbidiums queens of the orchid world. And the blossoms last from eight to ten weeks.

But no matter what the species, Mrs. Means says, they're all beautiful and interesting and a challenge to the flower-grower.

BETTY ROE NEAL HONORED BY TEA SUNDAY AFTERNOON

with the purchase of a new reverse-cycle window air-conditioner.

Separate units for heating and cooling have been out-dated by the electric heat pump. With the advent of this new method, it takes only one unit to condition the air in your home all year long. This is called reverse-cycle air conditioning, because the system reverses itself to cool or heat automatically — as it filters the air and controls the moisture.

WANTED BY THE FBI

JOSEPH CORBETT, JR.

Corbett, one of the FBI's "Ten Most Wanted Fugitives," is wanted for escape from the California Institution for Men, Chino, Calif., where he was serving a 5 years' to life sentence for murdering an Air Force sergeant. A Federal warrant was issued at Los Angeles, Calif., on March 21, 1960, charging him with unlawful interstate flight to avoid confinement for murder.

A white American, born on October 25, 1928, at Seattle, Wash., Corbett is 6 feet 1 inch to 6 feet 2 inches tall and weighs 160 to 170 pounds. He has light brown hair, hazel eyes, a fair complexion, a medium build, and has worked as a clerk-typist, laborer, warehouseman, laboratory technician, and allyd-resin cooker for a paint manufacturer. His two upper front teeth slant inward and he wears glasses, reportedly being extremely nearsighted and capable of seeing only close objects without them. He has a mole under his chin and a C-shaped scar on his right thumb.

Corbett, once a premedical student, is interested in scientific matters, avidly reads technical and travel books, and is intensely interested in firearms and target practice. He reportedly has a superior general intelligence and generally lives quietly and neatly but becomes erratic when drinking alcoholic beverages.

Convicted of second-degree murder, he is considered armed and dangerous.

Anyone having information concerning him should immediately notify the nearest office of the FBI, the telephone number of which can be found on the first page of local telephone directories. APR 551206-M

Mrs. Daniel Garcia of Albuquerque, New Mexico, is visiting Mrs. Josie Solis and Mr. and Mrs. Rudy Nava here. Before returning home Monday she will visit her parents and other relatives in Alice. Mrs. Garcia is the former Gloria Munoz and the sister of Mrs. Nava.

Graduation Open House Held For Miss Georgia Kresta

Miss Georgia Kresta and her mother, Mrs. Frank Kresta, were hostesses Saturday afternoon to a graduation open house, to which those people receiving graduation invitations from Georgia were invited.

A display of the gifts she received for graduation was made for the guests' pleasure.

Cake and coffee were served. The cake was decorated in green and white, representing the school colors and written across the icing was the word "Congratulations."

The guests wished Georgia luck in her college career as they departed.

Miss Kresta is now attending South Texas Commercial College, where she is taking a secretarial science course. She is also giving accordion lessons at Conway Conservatory in Corpus Christi.

She plans, later on, to open a studio in Rockport, where she will teach accordion, piano and the organ.

Mr. and Mrs. C. C. Hayden had as guests last week, Mr. Hayden's sister Mrs. Hazel Lambeth, niece Mrs. Bill Branscum and Mr. Branscum and nephew, Mr. Chas. Lambeth, all of Oklahoma City, Okla.

even the sacrifice of great fishing rights and interests did not suffice to bring success. Security and fishing are in the same boat, have the same interests in the freedom of the seas, which entails a narrow territorial sea. We deal with the same countries in the "Community of Nations", are being stung along with the same barbs and accusations of being a "powerful nation with large navies and modern fishing fleets" taking advantage of the smaller nations.

This just isn't so. The taking advantage is altogether on the other side. We develop the gear and the knowhow, give it to them, and then open our markets wide, without restrictions by ways of tariffs or quotas, and let them keep on paying starvation wages to their own people so they can put an underpriced product into our own country and run us out of business. On the defense side we either furnish them arms or save them the cost of armament by agreeing to rush to their defense if they are invaded.

Mrs. James Palmer won the prize for high score; Mrs. Dick Behrens, won low prize. Others attending were Mrs. Jimmy Simmons, Mrs. William Schuster, Jr., Mrs. Lynn Wendell, Mrs. Harold Beasley, Mrs. Robert Radke, Mrs. James Little, Mrs. Robert Little, Mrs. Jimmy Adams, and Mrs. Russell Thomas, Jr., of Kerrville.

CHURCH OF CHRIST HAS MANY VISITORS

The local Church of Christ has had many visitors this past week. Among them were:

Mr. and Mrs. Alex McDonald, Lubbock; Mr. and Mrs. Rhu Carter, Oklahoma City; Kenneth Wooden, Elk City, Okla.; Mr. and Mrs. M. F. Davis and family, Alvin; Mr. and Mrs. Arthur Clinton and family, Corpus Christi; and Mrs. W. F. Bisbee and children, Betsy and Bill.

Mr. and Mrs. Ted Boucet and family are vacationing in Sulphur, La., and Conroe, Texas.

Notes from Sea Gull Cottages

Fishing has been slow but sure around here. Catching trout, croakers and some flounder ranging from strings of three and four to eighteen and twenty at a time were: Jon Paul, Mrs. E. Mahavier Mr. and Mrs. Earl Gossett, Lucy Gossett, G. E. and Sam Burgess, all of San Antonio. G. Crowell and C. Tiemann of Taylor and W. D. Smith and Dale Ussel of Waco.

Guests of the O. W. Brymers recently were Mr. and Mrs. A. A. Rosenthal of San Angelo, Mrs. Brymer's brother and wife. A cousin to Mr. Brymer, John Brymer and wife accompanied by Mr. and Mrs. Lawrence Henerichson of Big Wells came down for a few days of fishing and had average luck. Arriving Monday afternoon for the express purpose of attending the installation ceremony of the Order of the Eastern Star that evening, were Mrs. K. L. Paul, her son Jon and Mrs. Earl Hahavir of San Antonio. They remained for a day of boating and fishing.

Here to spend the summer with the Brymers is their granddaughter, Beth Backus of Waco. She is presently attending vacation Bible School at the First Presbyterian Church.

MRS. NELL ROSE CLARK ON DEAN'S LIST

Mrs. Nell Rose Clark of Rockport, has been named to the Dean's List for academic achievement during the spring semester at the University of Corpus Christi.

Mrs. Clark is an Elementary Education major, with a minor in music.

Miss Rose Marie Nava Weds Kenred Manceaux

In a morning wedding at Sacred Heart Catholic Church on Monday, June 13, Miss Rose Marie Nava became the bride of A/2c Kendred P. Manceaux, with the Very Reverend Monsignor G. J. O'Doherty performing the single-ring ceremony. Twin arrangements of white gladioli with greenery flanked the altar. The bride was given in marriage by her father. She is the daughter of Mr. and Mrs. George Nava of this city. Parents of the groom are Mr. and Mrs. Ophe Manceaux of Gueydan, La.

For her wedding gown, the bride chose a street-length model of white silk organza, trimmed with a ruffle of imported lace at the hem of its bouffant skirt and around the puffed elbow-length sleeves. Its molded bodice was designed with a bateau neckline which extended to a point in the back. Her veil of silk net, bordered in lace and fastened to a pearl and sequin-trimmed tiara, fell to shoulder length in front and to the waistline in back. She carried a bouquet of white carnations centered with a white orchid corsage.

Miss Julie Nava server her sister as maid of honor. She wore a street-length dress of white silk organza, with bouffant skirt and fitted bodice. Of similar design, in

blue silk organza, was the dress of Mrs. Lupe Martinex, matron of honor. They carried nosegays of lillies of the valley.

Little Miss Sandra Farmer, in a frock of blue silk organza, was flower girl, and Master Ricky Valdez was ringbearer.

Best man was Tony Dominguez and Lupe Martinez was groomsman.

Immediately following the ceremony a reception was held at Thompson's Spa. The table was laid with white lace over ivory linen and held as its centerpiece a large arrangement of pink and white carnations. The four-tiered wedding cake was decorated in flower designs of pastel colors and topped with wedding bells.

Mrs. J. C. Thompson served the cake, Mrs. Bill Farmer the punch, and Miss Valentine Flores presided at the coffee service. In charge of the guest register was Mrs. Joe Valdez.

The bride is a 1960 graduate of Aransas County High School. The groom was graduated from Gueydan High School in Louisiana.

After a wedding trip to Houston, the couple will make their home in Rockport where the groom is attached to the AC & W Squadron.

Out-of-town guests attending the wedding were: Mrs. Whitney Rinchard of Orange; and the following from Louisiana: Mr. and Mrs. Ophe Manceaux, Miss Sylvia

Manceaux, Mrs. John Laseter, Mr. and Mrs. R. J. Wood, all of Gueydan; Miss Lois Manceaux of Lafayette; Mrs. A. B. Domingue and two daughters of Jefferson Island; Miss Freda Lary LeBaske of Marksville.

Mr. and Mrs. Stanley Bissett and Mr. and Mrs. Roy Lee Hart attended the Bissett annual family reunion at Fannin State Park Sunday, June 5.

Albert Bissett, grandson of Mr. and Mrs. Stanley Bissett, is spending two weeks here.

IT ONLY FEELS LIKE POWER STEERING
(Corvair doesn't need it)

Corvair's ingenious design simply places the engine in the rear. That means less weight on the front wheels and a lighter, happier feel in the curve of your hands. No power assist is needed in a car that's naturally nimble.

See what a fresh engineering approach can do? From handling and parking ease right on, there just isn't anything ordinary or

conventional about Corvair. Look at its practically flat floor, four-wheel independent suspension, fold-down rear seat. Its air-cooled rear engine that never needs water or anti-freeze or radiator repairs... and leaves engine heat and noise back where you've been. All these special advantages are standard in every Corvair. Just wait till you see how much

they add to your driving pleasure. But why wait!
