Sunday Concert Here To Open Music Week

The Eastland Music Study Club joyously opens National Music Week, May 2 by presenting to the Community a brilliant piano recital by a singularly gifted and serious talent, Peggy DeArmond of Dallas.

Miss DeArmond, 15-year-old daughter of Mr. and Mrs. George W. DeArmond, Jr., of Dallas, has been a piano student of Dr. Paul van Katwijk since she was nine years old. She began her piano study with her mother at the age of four.

PEGGY DeARMOND

She presented a brief winner's program at the Music Teachers National Association Convention in Chicago in March. She is also the winner of the second place \$200 scholarship award in the Stillman-Kelley competition sponsored by the National Federation of Music Clubs.

A 5th grade student in 1967, Peggy was Special Award winner in the finals of the Dallas County Symphonic Festival and made her orchestral debut with the Dallas Symphony Orchestra under the baton of Donald Johanos. The following year, she appeared with the Symphony and conductor Charles Blackman in a total of ten school concerts in Dallas, Longview, Sherman and Richardson.

Last summer, Peggy was a scholarship student at the Brevard Music Center, N.C., where she studied with Lee Luvisi, artist-in-residence at the University of Louisville. She has received a scholarship grant to return to Brevard. She has received a scholarship grant to return to Brevard.

Peggy began playing hour-long solo programs when she was 11. She has presented programs at Kilgore College, in Richardson, and in Dallas. She appears this year for the third time as soloist on the Sunday Concert Series of the Dallas Museum of Fine Arts. Her repertoire includes four complete concerti and more than three hours of solo composition.

Peggy is a Ninth grade student at Edward H. Cary Junior High School, where she is the accompanist for the chorus and a member of the National Junior Honor Society.

JRB Hit for Meat, Smokes Safe Is Safe

The JRB Super Market at W. Olive and Lamar, was burglarized sometime after 4:15 a.m. Sunday, April 25, Police Chief John Morren reports.

Approximately \$100 worth of meat and some 100 cartons of cigarettes were taken, he said.

Entry was gained through a rear window. The firm's safe was damaged in an apparent attempt to open it but was not broken into, Store Manager Gerald Hammond reports. The knob was broken off and the intruders drilled on the safe door for some time, but were apparently unable to gain entry with the one-quarter inch drill they were using.

Several good fingerprints were picked up by investigating officers and the Eastland Police Dept. and the County Sheriff's Dept. are cooperating in the investigation.

Theft of edible meat is a felony. Meat included canned hams, fresh roast and other items, Morren said.

The break-in was discovered Sunday morning by a JRB employee who came in to check refrigeration, Hammond said.

FULLEN MOTOR Co. PRESENTS LAUGH-A-DAY

A Latin duck hunter named Avid took along a friend who had never before hunted birds. Suddenly a single duck flew past, and the hunter snapped his gun to his shoulder and released one load of buckshot as the bird went high over their heads. The shot was right on target, and the duck plummeted to the ground at their feet. "How's that for a shot!" exclaimed Avid.

"Oh, I don't know," said his friend. "The fall would have killed him anyway."

LAW DAY is Saturday May 1, and while it's not being recommended that we take a judge or lawyer to dinner, we might offer a cup of coffee for an attorney, a judge or an officer and tell him we appreciate the good law enforcement we have in this county.

We'd especially like to salute Judge Earl Conner Jr., for the efficient manner in which he conducts his 91st District Court. It's a court we can be proud of.

MRS. HATTIE BAKER, who has many friends in Eastland, has been visiting here recently. She's now living in Houston with a son.

FOR THE second consecutive year, Munsingwear, Inc., has received the Shareowners Management Award from the Shareowners E d u c a t i o n a l Foundation, Inc., of New York City, in recognition of the firm's efforts to maintain and promote good communications between the company and its stockholders.

The award is made on the basis of Munsingwear's quarterly and annual report to stockholders and for the information supplied to the investment community through its corporate data brochure that summarizes pertinent financial data from previous annual stockholder reports.

The award further acknowledges the efforts to promote and provide a broad and deeper base of stock ownership, thus fostering the free enterprise system.

Before linotype machines came into use in newspaper plants, all type was set by hand. Type setters of early days would show up quite often on the job in an unconscious state caused from too much celebration the night before and too many sips from the bottle.

One Monday morning an editor handed the printer a copy of a wedding announcement and an Auction Sale notice to be set in type.

In reading proof the editor found this version of the wedding story:

W. M. Smith and Miss Lucy Anderson were disposed of at public auction at my farm, one mile east of a beautiful cluster of roses on her breast and two white calves, before a background of farm implements too numerous to mention, in the presence of about 70 guests, including two milk cows, six brown mules and one bob sled, Rev. Tobe Jackson tied the nuptial knot with two hundred feet of hay wire. The bridal couple left one good John Deere gang plow for an extended trip with terms to suit purchasers.

"They will be at home at their friends with one good baby buggy, and a few kitchen utensils ten or twelve months from the date of the Sale to responsible parties and fifty chickens."

The story goes that after publication the editor said: "I don't know how good."

Jerry Doyle Medalist - Looks Toward State

The golf course at Denton is tough and overall scores in the regional UIL meet aren't drastically low, but a 150 for 36 holes put together by Eastland High School Senior Jerry Don Doyle was better than anyone else and earned him medalist honors and the right to advance to the state tournament in class AA.

At 150 pounds, young Doyle, is big with the clubs. On Thursday he shot a 72 and came back Friday with 78 for the medalist award and certificate. He was presented his youth golf letter and a jacket by head coach Shirley Frazier this week.

Described as a "very good golfer" by Golf Coach Jerry Spiller, Doyle is a low handicapper at Lakeside in Eastland where young and old golfers alike describe him as a competitor and gentleman on the links.

His strongest suit is consistency: not up and down scores. The EHS golf team won the district title and came away from Denton with second in region, so Jerry Don will be representing the school and Eastland when he goes to Austin the weekend of May 6, 7 and 8 to compete on the new course there.

Across town in Austin, Senator Randall Treadwell will be

looking for a state tennis trophy for the Eastland High honors case. He won regional AA honors in Denton last weekend, hardly.

Rightfully proud are his parents, Mr. and Mrs. Don Doyle, and scouts report that the golfer has had any number of offers from girl friends to caddy for him at Austin.

Jerry Don excels in other areas too. He's president of the Eastland Future Farmers of America chapter and has

been very busy with stock shows and judging events and activities throughout this area.

His grandparents, Mr. and Mrs. J. E. Harkrider, Fort Worth golfing enthusiasts, joined in congratulating Jerry Don on his big win.

He is the nephew of Mr. and Mrs. James Mathews of Abilene.

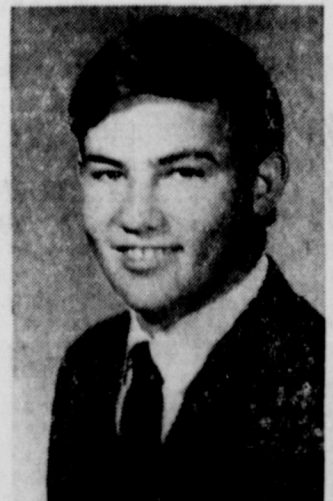

What's it like to be a winner?

The EHS golfer got the feeling the next day after he was declared medalist, when he teed off, it suddenly dawned on him that the gallery was actually there watching him, and "It was a goose, but kinda scary feeling."

And the real meaning behind the UIL program comes out with good sports. The youngster he beat by two strokes (the same one who had beaten him last year), and other leaders suggested that they play together in Austin this year.

Other members of the Regional Second Place Team from Eastland are Phillip Smith, Craig Lund, James Eidson and Bob Mace. The team won the fifth district title in a row two weeks ago in Coleman.

The second place win at Regional is the highest spot for the team. They were seventh last year.

JERRY DON DOYLE

... regional medalist.

"Finian's Rainbow" To Be Offered By CJC Thespians

The departments of art, music, and drama of Cisco Junior College are busily putting the finishing touches on this year's musical, "Finian's Rainbow," to be presented April 30 and May 1 at 8:00 p.m. in Harrell Fine Arts Auditorium. According to Fred Mullinax, head of the drama department, advance tickets are now available from members of the cast at a cost of \$1.50 for adults and 75 cents for students.

"Finian's Rainbow" is one of the few successful musical comedies in the new modern style (inaugurated with "Oklahoma" in 1943) that are original in their entirety, and not adapted from a previous play or novel. Fantasy, reality, Irish folklore, and romance are the ingredients which have made it one of the big musical successes of recent years.

Everyone in the world knows that all Americans are millionaires, but only Finian McLoneragan of Glocca Morra, Ireland, knows why. It is the roll of Fort Knox that makes this so. There's something magical about that roll.

This is the McLoneragan theory: Any man can bury a bit of gold in the ground near Fort Knox and become a millionaire. Finian knows his lovely and spirited daughter, Sharon, will never go with him to America to try out his theory if he tells her the truth, so he invents a mythical case of arthritis for himself, and fills her with pity for him with a story that the only climate to cure it is found in Rainbow Valley in the state of Mississippi, U. S. A. Near Fort Knox.

Finian "borrows" a leprechaun's pot of gold, buries it on his property, and waits. Things begin to happen: Og, the leprechaun, comes in search of his pot of gold; Sharon falls in love with a local tobacco farmer; wishes are made on the pot; gold is discovered; and history veers crazily from its path.

Hit tunes from the show include "How are Things in Glocca Morra," "Look to the Rainbow," "Old Devil Moon," "If This Isn't Love," "Something Sort of Grandish," "When I'm Not Near the Girl I Love," "When the Idle Poor Become the Idle Rich," and others.

The public is cordially invited to attend the production and enjoy an evening of music and romance.

Lions Hear Of 'Collecting'

Calling himself a "junkie," Bill Anus told members of how he'd always planned to their Tuesday luncheon meeting how he got "hooked on collecting."
Anus humorously told of how he'd always planned to specialize in specific areas, but found that once the bug gets ahold of one, you just

start "bringing home everything."
"We have an understanding at our house," he said, "my wife won't let me bring it into the house unless it's mounted on attractive boards. Otherwise it stays in boxes."
He displayed two attractive barbed wire displays and explained the finer points of collecting barbed wire and told of how extensive the collecting of this object is throughout the world.
He also collects date nails, bottles, Indian artifacts and insulators, it said.
"I settled on collecting 'Americana' and that can cover a multitude of fields."
Guests were Hiram McCann, Don Martin and Howard Honyon. James Wright was program chairman and introduced Angus. Tommy Wardford will have the program next week.

Allen Convicted Gets 5 Year Term

John Thomas Allen of Gorman was convicted of indecent exposure to a minor by a 10-man, two-woman jury Monday in 91st District Court.

Judge Earl Conner Jr. sentenced Allen to five years in prison after hearing testimony as to his character and past record.

Allen had 10 days in which to file notice of appeal before formal sentencing. The act for which Allen was convicted allegedly occurred on the Gorman grammar school grounds May 6, 1970. Prosecuting witnesses were five Gorman High School girls and a teacher.

The trawler was carrying large amounts of arms and ammunition which were later recovered by South Vietnamese and U. S. Navy divers.
