Q. Why is RESCUE printed backwards EUCSER on the Fire Department's Rescue vehicle?

A. This is done on the front of emergency vehicles, including ambulances, so that the word(s) will read properly in a motorist's rear view mirror.

Almost \$2 million in contracts awarded on area highway jobs

Almost \$2 million in highway improvement projects for Mitchell County has been approved by the State Department

of Highways and Public Transportation.

Strickland & Knight Inc. of Big Spring received a contract to reconstruct a 5.9-mile section of Texas 163 at Colorado City on a low bid of \$1,214,555.

The work includes rebuilding the roadway, adding paved shoulders, and widening structures from Colorado City to Farm-To-Market Road 2836.

Using federal estimates, the work will create the equivalent of 28 jobs during the course of construction. Mike Chetty of Big Spring is the highway department's engineer in charge of the project.

Monroe and Sons, Inc. of Clarendon was the successful low bidder at \$615,165 to reconstruct and widen a 30-year-old bridge on Farm-To-Market Road 1801. The bridge crosses the Colorado River in the northern part of the county.

The federal rule-of-thumb indicates this project will generate the equivalent of 14 jobs in the construction period. Billy Ed Vernon of Snyder is the engineer in charge of the project for the highway department.

School Discipline Plan 'signing' is explained

After receiving a couple of Letters to the Editor, and overhearing other conversation on the subject, *The Record* asked Supt. Charlie Useton, "What's the problem with the Discipline Management Plan and is punitive action being taken against pupils whose parents don't sign?"

"There is no problem that I am aware of and certainly no punitive action has been or will be taken against pupils who parents do not sign," said Supt. Useton, "only a half dozen or less statements have not been returned at this time."

Supt. Useton went on to explain that in 1987, the 70th Legis-

lature passed several bills affecting current discipline management plans. Included were (1) addition of arson and criminal mischief to grounds for expulsion; (2) prohibiting students from smoking or using tobacco products at any school-related or school-sanctioned activity on or off school property; and (3) penalties for hazing at or in connection with an educational institution.

"Our Discipline Management Plan was updated to include these requirements, and our entire plan was reviewed by an attorney representing the State School Board of Trustees at the beginning of the school term, Supt. Useton said.

In the Discipline Management Plan, is a provision drawn up by the Texas Education Agency that states "Districts shall obtain annually a statement signed by the student's parent/guardian that the parent/guardian understands and consents to the responsibilities

Commissioners accept long over-due bill

In a brief meeting Tuesday morning, Mitchell County Commissioners' Court approved the regular payroll and payment of a legal bill, and authorized repair on a fire truck.

County Treasurer Ann Hallmark presented the regular 2-week payroll amounting to \$36,211.03, which was approved for payment.

County Auditor Georgie Griffith reported that she had received an opinion from the Attorney General's office stating that it was legal and proper for the County to pay any legal fees that result from suits, while in office, against any county official. The question arose several months

ago when a bill for \$1,309.47 was received from the law firm of Nunn, Greggs, Wetzel and Jones for a motion that had been filed in Federal Court in behalf of former Sheriff, Bill McGuire, for an incident that occurred over 5 years ago involving an escaped prisoner, Billy Wayne Williams. The Court approved placement of the bill with the regular vouchers to be paid at next Monday's regular meeting.

Commissioner Paul Hunter advised the Court that Billy Ray Williamson had reported the need for about \$1630 in repair to the fire truck that is furnished to the

Murder trial underway in District Court

A murder trial is underway this week before a Mitchell County jury in 32nd District Court, with Judge Weldon Kirk presiding.

On trial is 45-year-old Felix Molina, a former Colorado City resident, who was charged following the shooting death of Roberto Antonio Aguilar, 28, of Loraine.

The Loraine man died after being shot in the chest during an argument at Butler's Cafe on First Street in Colorado City on November 7, 1986.

Molina was arrested the following Sunday night and charged with murder and placed in Mitchell County Jail under \$25,000 bond; and later indicted by the Grand Jury.

For The Record ...

FROM THE SCRIPTURES—"Answer, you rulers: are your judgements just? Do you decide impartially between man and man? Psalms 58:1

Don Dulaney came by this week and said he wanted to take exception to the letter written by Connie Penland expressing her disappointment over the judging at the Mitchell County Fair.

"I have a ribbon displayed on my wall from the 1971 Fair," he said proudly, "I had the only Bread entry in the Men's Division at the Fair that year, and was awarded a third place ribbon!"

Speaking of a certain lawyer, Abe Lincoln once said: "He can compress the most words into the smallest ideas better than any man I every met."

THE LONE WOLF SAYS, "We do not judge people by what they are in themselves, but by what they are relatively to us."

I heard there were a couple cases of AIDS at the local hospital. Just a bad rumor, turn out to be just COOL-AIDS.

At the Farm Tour luncheon, Pat Porter told a story, in excellent Cajun dialect, about a poor Louisiana who became rich over night when a huge gas well was brought in on his property. He told his wife, "Honey, you can have anything you want, just name it." She thought for a minute and said, "Well, I've always wanted to take a milk bath like the movie stars."

"You got it," he said, and promptly called his dairyman friend down the road. "I need enough milk for my wife to take a bath in ... like the movie stars," he said, "are you sure you have enough."

"Sure 'nuff," said the dairyman, "do you want it pasteurized?"

"No, just up to the waist will be fine," he said, "she might drown if we get it past 'er eyes."

DID YOU KNOW? A horned frog named "Old Rip", lived 31 years entrapped in brick in the Eastland County Courthouse.

DISCIPLINE

From Page 1
 outline in the district's student code of conduct.

"Customarily, the word 'shall' means compulsory," the superintendent pointed out, "but we are not requiring any parent to sign any document they do not want to sign." For those whom signed documents have not been returned, "we have sent the Plan out to them again, in case, their child did not get home with it, or the parents did not otherwise get a copy to review. They need to be familiar with the Discipline Management Plan," he said.

If the statement is not signed and returned, that the parent "understands and consents" to the student code of conduct, then "each principal so notes it in writing and places it in the student's file, and that's the extent of it," the superintendent said.

"Last year," he said, "there was some expressed concern about the student discipline measures and the administration of corporal punishment when deemed necessary. Now these have been added to."

"As pointed out, we are required to obtain the signed statements from parents each year," he concluded.

ASU homecoming celebration to honor first graduating class

SAN ANGELO - Angelo State University will celebrate its 1987 Homecoming Oct. 23-24, honoring its first baccalaureate graduating class on its 20th anniversary with the theme of "67-87, Look How Far We've Come".

The first graduating class of Angelo State College walked across the stage to receive degrees in 1967. The Office of Alumni Affairs at Angelo State and the ASU Ex-Students Association will honor the 1967 class along with one of its members with the Distinguished Alumni Award at various activities throughout the weekend.

Among the first graduates is former Colorado City resident Jerry Mayo of Palestine who is now principal of Palestine Middle School.

The "Look How Far We've Come" theme is a salute to both the inaugural graduating class and the university itself, according to Shelley Martin, director of Alumni Affairs at ASU.

"The 1987 Homecoming

celebration is an excellent time to stop and reflect on the tremendous progress made at Angelo State through a relatively short period of time," said Ms. Martin.

"We have come a long way in establishing Angelo State as one of the top regional universities in the state when you consider our relative youth as a senior institution," said Ms. Martin. "Overall, we have just over 10,000 alumni or graduates in those 20 years.

Among the activities at the 1987 Homecoming at ASU will be a bonfire on Friday, Oct. 23, at the corner of Knickerbocker and Johnson streets at 9 p.m.; on Saturday, an on-campus parade beginning at 10 a.m. with the main viewing areas along Avenue N and Johnson Street; the Ex-Students Association Luncheon at the Houston Harte University Center Ballroom at noon; the Ex-Students Association Mixer at 4 p.m. at the Bank of the West; the Homecoming game at 7:30 p.m. at San Angelo Stadium; and an Ex-Students dance at 10:30 p.m. at the Cactus Hotel.

TEACHER HONORED - Mrs. Ethelyn Lancaster, left, gifted and talented teacher at Hutchinson Elementary School in Colorado City, is presented a plaque in recognition of her 15 years of teaching service to Ranger High School. Making the presentation is one of her former students, Rex Thackerston, also of Colorado City. Thackerston, a 1977 graduate of Ranger High School, said his class decided at its 10-year reunion in August to honor Mrs. Lancaster. "Others not recognized for service to RHS may be honored at future class reunions," said Thackerston.

Faulkenberry hosts Fairview club

The Fairview Extension Homemakers Club met Thursday, Sept. 24 at 2 p.m. in the City Sav-

ings meeting room with Peggy Faulkenberry as hostess.

The meeting opened with the club creed. Members made plans and assignments for the county fair. An upcoming health program also was discussed.

Velma Hester presented the program on communication. She said that the radio is the most efficient form of communication. She stressed to begin with a topic and stay with that main topic in order to have a successful and interest-

ing story. Refreshments included a relish tray, sandwiches and cookies. Members present were D'Dee Morris, Peggy Faulkenberry, Sonja Lawson, Genevieve Moore, Velma Hester, Versie McMillan, Edna Pace, Billie Smith, Muriel Thurman, Clara Shoemaker and Oma Cook, guest. Next meeting will be Oct. 22 at 2 p.m. at the home of Velma Hester. The health fair and a Christmas project will be discussed. Program will be on diet and its relationship to disease.

Leaders attend state meeting

Extension Homemakers Nelma Ritchey, Bertha Fay Snyder and Lucille Blassingame attended the 1987 State Texas Extension Homemakers Association meeting in Fort Worth.

Educational workshops, business meetings, a luncheon for area legislators, entertainment and fun were all a part of the activities Sept. 22-24.

Participants acquired knowledge about AIDS and parliamentary law. Club members also studied about water resources, communication skills, coping with stress, home and personal safety, immigration laws and how to work within the state and local government system.

Of special interest was the announcement of the new Family and Community Development project. In the next several years, Extension Homemaker leaders will receive in-depth training to

prepare them for involvement in public policy decision-making. The special project, funded jointly by the Cooperative Extension Service, Extension Homemakers, and the W.K. Kellogg Foundation, is open to anyone who will commit to working in the program 12-24 days in one year.

Participants in FCL will receive 30 hours of instruction in leadership communication, working with groups, issue analysis and resolution, community affairs and public policy, volunteerism and teaching methods.

Anyone interested in the FCL project or in becoming a member of the local Extension Homemaker Clubs should contact

the Mitchell County Extension Office at 728-3111. The Extension Homemaker Clubs are a part of the Texas Agricultural Extension Service of the Texas A&M University System.

Calaway wins drawing

Bonnie Calaway was the winner of the \$150 worth of meat from E-Z Way grocery in the drawing at the Mitchell County Fair conducted by the Colorado City Volunteer Firemen Women's Auxiliary.

At the Auxiliary's recent meeting they discuss the fund-raiser and elected new officers. The new slate of officers include Debbie Guelker, president;

Debbie Carlock, vice-president; Cindy Andrews, secretary; Shelia Redwine, treasurer; Janie Upshaw, public relations chairman; and Martha Martinez, racing team chairman.

Plans were also discussed for the upcoming District Fire Convention to be held here and distribution of the Tot Finder to be given out at Kelley and Hutchinson schools.

AARP hears update on Salvation Army

The Mitchell County American Association of Retired Persons No. 1461 met Monday, Sept. 21, in the C.C. Thompson Room for its regular luncheon and meeting.

Mrs. Dona Reed, president, presided. Invocation was given by Mrs. Margaret Oyler.

The song "America" was sung by the group and the pledge to flag given. Accompanist at the piano was Pearl Wood.

Velma Moseley and Faye Spivey presided over the drawing for Susan B. Anthony dollars, a gift from Raymond and Virginia Fuller.

The "AARP Highlights", a newspaper, was given to each person present.

The president reported that the assistant state supervisor, Rev. C.J. Smith of Snyder, has resigned due to the health of his wife.

Eleanor Jeffries, program chairman, introduced the guest speaker, Rev. Roy Byrd, minister of the First Presbyterian Church. His subject was "The Salvation Army".

General William Booth, a Methodist minister, brought the gospel to the poor people in London's slums in 1865 and organized the Christian Mission. In 1878, the Mission changed its name to the Salvation Army and designed uniforms for both men and women officers. The Salvation Army now operates in 84 countries. It was established in the United States in 1880 and it operates in more than 2,000 centers.

Bryd said the organization is a practical one in that it gives food, shelter and clothing to those who need it. In Mitchell County, it helps run-away children, battered wives and people who need help traveling through the area.

The president closed the meeting with the thought of the day:

"You can't control the tragic things that happen to you, but you can control the way you face up to them".

Members present were Pearl Wood, Nelda Garrett, Lonie

Pruitt, Velma Moseley, Arnel Smith, Eleanor Jeffries, Jewel Young, Velma Pond, Jeanette Lemons, Olson Sweat, Juanita Coker, Faye Spivey, Margaret Oyler, Ethel Hardegree, Sally Rogers, Eldon Smith, Addie Smith, Wilma Womack, Angie Harris, Bill Harris, Addie Richardson, Shorty Pace, Edna Pace, Dona Reed, Geneva Killian, Mario Feaster, Lewis Elliott, Elizabeth Elliott, Stanley Merket, Jessie Mae Merket, Garvice Craghead, Marguerite Miller, Linnie Williams, Louise Sweat, and the guest speaker, Rev. Roy Byrd.

Bake-Off was a success

TO THE EDITOR:

Admid a little confusion and a large number of appreciated comments, a Bake-Off was held at the fair. While some lessons were learned, some experience gained, a few mistakes made, it can be termed a success and this was due to so many who helped us in this last minute endeavor.

Thank you to the Colorado City RECORD, KVMC, Chamber of Commerce, the Plagens, TU Electric, Producers Gin, Colorado Lumber, Colorado Feed & Seed, Burne Brothers, Tumbleweed Furniture, Corky's True Value Hardware, Ramages, Eddie's Pharmacy, E-Z Way Superette, Clothes Barn, Merle Norman Cosmetics, Zig-Zag, Rockwell Lumber, Lone Star Gas, Fuller Foods, Perkin's, Nina Finley-Mary Kay Products, Better Cleaners, The Cut-Up, The Nut House, Free's, Col-Tex Service Station, Joy Culwell-Watkins Products, Mac-Michaels, Higginbotham-Bartlett, Hull's IGA, Gene Rowe and Ernestine Stubblefield-BeautiControl Products, and the Golden Touch.

Thanks to Mark and Ray who helped in so many ways. To Grady and Mollie Morris for their professional help and for their patience with us.

Each one that entered the Bake-Off, thank you. Without you it could not have been held. A special thank you to those who stayed and placed a bid on the

entries and to those who made the highest bid - D.M. Smith, Travis Turner, Robert L. Ramage, Ed Roach, Mike Mauldin, Dr. Don Bennett, Peggy Raliff, Mollie Morris, Eddie Strain, Bill Carter, City National Bank, First National Bank, Westbrook Gin, First Western Savings, Earl Plagens and Elmer Martin.

Stop acting like our children

TO THE EDITOR:

"Discipline Management" means what to parents and our school children? Does this mean that we (the parent) need to defend our children against our teachers and other authoritative figures? Or do we (the parent) need to stick together and protect against student codes of conduct and campus dress codes as described in the student handbook? Is a strike really the answer?

No. Parents, let's stop acting like our children and back our teachers and help them to teach our children responsibilities and prepare them to be responsible adults. Let's help our children to have a happy and memorable school year.

Sincerely,
Ginger Zamarripa

Workshop to address farm finances

The Texas Agricultural Extension Service is planning two regional workshops designed specifically for lawyers and accountants to help them better serve financially troubled farmers.

Called "Serving Farmers in Financial Trouble," the workshops will be Oct. 21 in Lubbock and Oct. 22 in Abilene. Workshop sites are the Memorial Civic Center in Lubbock and the Kiva Inn in Abilene. Each workshop will be from 9 a.m.-4 p.m.

Purpose of these workshops is to provide accountants and attorneys with information about recent changes in bankruptcy rules and tax changes that affect farming and ranching decisions, said Mitchell County Extension Agent Mike Mauldin. Many farmers and ranchers are having to make critical decisions concerning changing business size, refinancing and renegotiating

loans as a result of financial problems.

Mauldin said the workshops will provide lawyers and accountants with information so that they can give practical advice to their farmer-rancher clients. A key part of the workshops will deal with a checklist of potential trouble spots with various solutions to financial problems.

All workshop speakers are based at Lubbock and include John C. Akard, U.S. bankruptcy judge for the northern district of

Texas; John Burdette, CPA; Tommy Swann and Robert Wilson, attorneys; and Walter O'Chesky, Chapter 12 trustee for the northern district of Texas.

Registration information on the workshops is available at the county extension office.

Cooperating with the Extension Service in the workshops are the Agricultural Tax Problems Committee and the Agricultural Committee of the State Bar of Texas and the Lubbock and Abilene CPA chapters.

4-H week is observed by area club members

Some 118 Mitchell County 4-H members are observing National 4-H Week this week, said Extension Agents Mike Mauldin and Libbi Garnett. These 4-Hers are among more than 4.3 million young people across the country who are participating in the week-long celebration using the theme, "4-H for Youth, for America".

"In celebrating National 4-H Week, we recognize that 4-H is truly a people development program," said Garnett. "4-H helps young people develop skills that will be useful in the real world. It helps them discover their strengths and weaknesses. It exposes them to activities in a variety of career fields.

"Most importantly, 4-Hers learn and have fun doing it," said Garnett. "Families can add to the fun by learning and growing together."

Learning in 4-H doesn't stop with the 4-H member and family. Volunteer leaders learn new skills while sharing their expertise with young people. Through a network of volunteer leaders, state land-grant universities, state and local governments and the United States Department of Agriculture, 4-H has been able to stimulate youth to develop life skills.

In Mitchell County, some 30 adult volunteer leaders work with 118 boys and girls 9-19 years old. 4-H programs are conducted in 3,150 counties nationwide. In addition, some 82 countries around the world reach approximately 5 million young people in youth development programs similar to 4-H.

For more information about how to become involved in 4-H, contact the extension office at 728-3111.

Wolves, Brady to scrap

The Colorado City Wolves jumped back on the winning track against Coahoma here Friday and their next stop in the 5AAA football war is against a team looking to do the same thing.

Wins over Slaton and Seminole gave the Wolves a 2-0 record but consecutive losses to Post and 5AAA favorite Ballinger evened the Wolves at 2-2 and gave them an 0-1 district mark.

The Wolves bounced back after the loss to the Bearcats by defeating Coahoma 25-10 to even their district record at 1-1 and now stand at 3-2 for the 1987 season. This Friday the Wolves make a long venture to Brady for an 8 PM kickoff.

The Brady Bulldogs were expected by some to finish near the top of the 5AAA race. However, going into this third week of district play the Bulldogs are still looking for their first district win while the Colorado City Wolves are looking to stay near the top.

"Brady is loaded," said Wolves coach Tom Ramsey. "They should be 5-0. They have practically everybody back from last year's ballclub. They were picked by some to win district."

The Bulldogs didn't show any reason to believe otherwise during their pre-district outings-taking a 3-0 record-but quickly found out life in 5AAA is a different story.

"They were 3-0 and had Sonora down 17-7 going into the fourth

quarter," said Ramsey. "They made some mistakes and Sonora scored twice on passes-once in the last minute of play-and beat them 20-17."

"Last week they turned the ball over seven times," said Ramsey, "and their punter averaged 18 yards a kick. They had a terrible night and got beat 28-15."

"They held Wylie to 23 yards rushing. They've been able to shut down everybody's running game. People have had to throw. They could be 5-0 as easily as they are 3-2. You can't lay it (ball) on the ground seven times and beat anybody."

An 8-man front has anchored the Bulldogs' defense. "They've been able to do a good job," said Ramsey. "They have speed to burn on offense. They run a Split-back veer. They're capable of breaking it at any time. They've been scoring a lot of points."

"They have 6'4" 220 pound tight end Warren Anderson," said Ramsey. "Some think he's as good as there is in the state in class AAA. They run the option and outside veer."

All-West Texas Anderson is just one of nine offensive regulars returning from last year's 6-4 team. The Bulldogs also return All-District defensive tackle Tate West (6'2", 170lb.) and All-District defensive backs Abel Ledezma and Ty Solsberry. On offense return All-District running back Michael Sillemon, quarterback

Michael Shields and running back Artie Sedillo. Ledezma has also been used as a receiver.

The Wolves have opted to be more ground oriented the past few weeks. "We going to run," said Ramsey. "No, we haven't (passed lately). Twelve times in the last two games. We're basically a running attack this year. We'll try to sit on the football and probably won't throw much."

Ismael Silva (quarterback) is doing a good job. He's completed 50 percent of his passes. We're just not that interested in throwing that much. We are getting good pass protection. One sack in 48 attempts is a pretty good percentage."

A few "nagging" injuries have cropped up said Ramsey "but we'll be rested. They're starting to hurt us because we've been having to get away from our two-platoon system but we'll go with what we've got."

Ramsey said Steve Smith, Cary Ritchey, Eduardo Melendez and Jerry Bob Hulme had good defensive games against Coahoma and cited Beau Rees, Derek Ramsey, Cary Redwine and Joe David Rodriguez for their offensive work.

"We're showing signs of being there offensively," said Ramsey. "We made a few mistakes last week. It's about midseason and it's about time we ought to start performing, controlling the ball and the line of scrimmage."

MENDY CONNER(10) sets a spike for Melissa Rivera during district 5AAA volleyball action between Colorado City and Clyde Monday.

Clyde downs Lady Wolves

Colorado City and Clyde began district 5AAA volleyball play here at "The Pit" Monday with the visiting Lady Bulldogs taking home a 15-12,13-15,15-11 victory.

The win gave the Bulldogs a 1-0 district standing while the Lady Wolves stand at 0-1. Only Colorado City and Clyde field volleyball teams in 5AAA. The Lady Wolves travel to Clyde Tuesday, October 27 for the second match of a best-of-three series that will decide the district champion. A Clyde win Oct. 27 will give the title to the Bulldogs. A win by the Lady Wolves will force a third and deciding match.

Clyde and Colorado City played even ball through the first two games Monday but the third game was one of streaks with the final streak belonging to Clyde.

The Bulldogs jumped out to a 7-1 lead in the third game, interrupted only by a scoring dink by the Wolves' Denise Lowrance. Monica Hamilton set up Lowrance's hit and also served for the point.

The Lady Wolves scored 10 straight points to erase the 7-1 Clyde lead and take an 11-7 lead. Laura Alvarez began the comeback with 5 service points that pulled the Lady Wolves within one at 6-7.

Lowrance scored four of the five points on three dinks and a spike-all set up by Amber Stephens.

Four service points by Hamilton-including an ace-gave Colorado City a 10-7 lead and Lisa Ornelas' serve increased it to 11-7. Serving, setting and hitting

were not problems for the Lady Wolves but returning serves and hits did present a challenge.

Clyde answered Colorado City's 10 point streak with an 8 point streak of its own that gave the Bulldogs the game and match. Colorado City failed to return 7 Clyde hits and/or serves in the streak.

"The back row lost it for us," said coach Felicia Sanders after the match. "Denise Lowrance had the best game I've ever seen here play. Monica Hamilton had a good game. So did my setters. My back row lost it for us. We were leading 11-7 then had 7 of 8 bad passes right in a row."

Neither team was able to mount a streak in the first two games. Clyde's final 15-12 edge in the first game matched the biggest lead during the game.

The Lady Wolves trailed early in the first game until taking a 6-5 lead on two service points by Lowrance. Spikes by Hamilton and Kendra Ritchey and a block by L. Ornelas had given the Lady Wolves points earlier in the game.

Colorado City built on its 6-5 lead with two serves by Alvarez that made it 8-5. A dink by Lowrance set up by Jo Ann Ornelas scored the second point.

The Lady Wolves' last lead in the first game came at 9-8. L. Ornelas served for the point and Stephens hit to score the point after a save by Alvarez.

A serve by Amy Chitsey made it 12-12 but Clyde got the next three points for the game.

Clyde took a 4-0 lead in the second game. The Wolves made

it 4-4 on a serve by Alvarez and three serves by Hamilton. A hit by Lowrance made for the 4-4 score.

The Wolves took a 6-5 lead on a serve by L. Ornelas and an ace by Lowrance before Clyde scored four straight for a 9-6 lead. Two service points by Ritchey that included a block by Hamilton pulled the Wolves within 9-8.

Serving gave Clyde a 12-8 lead before the Wolves scored 7 of the next 8 points to take the game. An ace by Alvarez began the comeback and made it 12-9. Alvarez went on to serve for three more points and finished with another ace. Lowrance dinked a Stephens set during Alvarez' serving.

The teams stood tied at 12-12 after Alvarez' serving. L. Ornelas served to make it 13-12 for the Wolves and Lowrance scored the point on a dink of a Stephens set.

Clyde made it 13-13 before serves by Ritchey and Chitsey gave the Wolves the game. Lowrance dinked a J. Ornelas to make it 14-13 with Ritchey serving and Chitsey served the game point.

The loss dropped the Lady Wolves to 5-7. Colorado City's junior varsity stands at 3-4 after defeating Clyde 15-8,15-9. In the last issue of the Record it was reported that the Lady Wolves varsity played Lone Wolf Tournament champion Miles last Tuesday. Water Valley won the tournament. In the same story Miles was reported to have won the junior varsity match. Colorado City won the match 15-10,15-10.

FRESHMEN WOLVES for 1987 are, back row, left to right, Felipe Heredia, Paul Molina, Bryan McGowen, James Cook, Jason Lawson, Brandon Raschke and Wendell Iglehart. Front row, left to right, are Avan Ceballos, Scott Galey, Johnny Pineda, Jeremy Strain, George Ramsey, Steve Williamson, Johnny Martinez, Elias Gutierrez and Jesse Aguilar.

Q. What causes bar cookies to be doughy in the center of the pan?
A. Underbaking is the problem. If you've used a pan that's smaller than recommended, the batter will be thick and will take longer to bake. Test bars by the doneness test suggested in the recipe before removing them from oven.

Q. If hollandaise sauce curdles as it cooks, can it be saved?
A. Yes! Add about one tablespoon boiling water per 1/4 cup hollandaise and beat vigorously with a hand beater until sauce is smooth.

Q. How can fresh herbs be substituted for dried?
A. Add three times more finely

chopped fresh herbs than amount of dried herbs specified.

Q. What does a recipe mean that says, "Cook until fish flakes easily"?

A. Start by brushing the fish fillet or steak with melted butter or margarine and season it with herbs, salt, pepper or lemon juice. Then, either bake fish at 350 degrees F or broil one-inch fillets two to three inches from heat source. Fish is done when the translucent flesh become opaque, separates easily when tested with a fork and is still moist. Longer cooking time will toughen and dry fish.

A. If you refrigerate them in an airtight container, nuts will keep for about three months. Place them in the freezer for longer storage. Unshelled nuts may be stored in a cool, dry place.

Q. What is a batter bread?
A. It's a shortcut yeast bread that doesn't require kneading. Once ingredients are mixed, the batter is simply spread in pan to rise and bake.

Q. What is double-acting baking powder?

A. It really acts twice. First, when the liquid is added and again when heat is applied in the oven.

Rural acreage available to bidders in state sale

AUSTIN - Information on 191 tracts of rural acreage included in a November high-bid sale of forfeited land is now available from the Texas Veterans Land Board.

"I want to urge all Texans that have been looking for quality land to take advantage of this unusual high-bid sale. Everybody has an equal shot at winning under this arrangement," said Texas Land Commissioner Gary Mauro, who serves as chairman of the Texas Veterans Land Board.

Located in 79 Texas counties throughout the state, the tracts range in size from 10 acres in several counties to a 52-acre tract in Jones County.

All tracts are open to bids from the general public as well as Texas Veterans. Bids are not restricted to Texas veterans or Texas residents.

Winning bids from Texas veterans will receive a special interest rate of 8.75 percent on these tracts. The interest rate for the general public will be 10.25 percent. Both will carry a 30-year assumable fixed-rate loan. A \$25 non-refundable bid fee for each bid submitted has been set by the board.

The Texas Veterans Land Board will finance the entire loan amount of all winning bids less a 5 percent downpayment. There is no limit on the amount loaned or on the number of tracts that may receive bids.

A public reading of the bids submitted to the Texas Veterans Land Board will be held on Nov. 16 at 10:30 a.m. in Room 831 of the Stephen F. Austin Bldg. at 1700 No. Congress in Austin.

"Since these sales offer complete financing at low interest rates, there's always an enormous amount of interest in these tracts," Mauro said, "so I urge you to get out as soon as possible, take a look at the tracts that interest you, and get your bids in."

The sale will be sealed bid only, with a minimum bid set by the Texas Veterans Land Board. All

bids must be received by the board no later than Nov. 16 at 10:30 a.m. Any and all bids received after that time and ate will be rejected. Bidders need not be present at the bid opening.

Details of the sale and a brochure describing each tract and its location can be obtained by calling toll-free 1-800-252-VETS at the Texas Veterans Land Board Monday-Friday, 7:30 a.m.-6 p.m.

Counties in which the tracts are located include Anderson, Bee, Bell, Bosque, Bowie, Brown, Brazoria, Burleson, Burnet, Caldwell, Callahan, Carson, Cass, Chambers, Cherokee, Clay, Colorado, Cooke, Duval, Deaf Smith, Ellis, Edwards, Floyd, Freestone, Goliad, Gonzales, Grimes, Guadalupe, Hardin, Hockley, Houston, Hunt, Jackson, Jefferson, Jones, Kaufman, Lamb, Lavaca, Lee, Leon, Liberty, Limestone, Llano, Lubbock, Lynn, Madison, Morris, Wilbarger, Medina, Mills, Montgomery, Nacogdoches, Navarro, Newton, Orange, Palo Pinto, Polk, Panola, Potter, Robertson, Randall, Red River, San Augustine, San Jacinto, San Saba, Smith, Taylor, Titus, Terry, Swisher, Tyler, Upshur, Uvalde, Val Verde, Victoria, Walker, Webb, Williamson, Wise and Wood.

Options for Health

by

Dr. Scott White

Q. My six-year-old daughter always seems to get upset about going to the doctor—even for a checkup. Do you have any suggestions for making the experience less stressful for her?

A. Visiting the doctor does not have to be a frightful experience for children, or adults for that matter. It's important for parents to "set the mood" for the visits.

"Children take clues about behavior from parents. If you are calm and "matter of fact" about the visit to the doctor, the child is likely to be that way as well.

"Preparation for the visit should be tailored to the individual child. Older children may benefit from a discussion of what will happen during the visit, i.e., the doctor will shine a light down the throat, examine the ears, etc. It might be a good idea to role play before going to the doctor.

"Don't scare your child by telling him or her that if "you are not good, the doctor will give you a shot." Doing so makes it difficult for a doctor to establish a good relationship with the child. A child that is so fearful that he or she can't cooperate interferes with the examination.

"Do not expect your child to behave in the same way at each visit. Your child may be brave one visit but cry about just getting on the scales at the next visit. Behavior should be controlled firmly but gently and unemotionally on the part of the parent.

"All children should be praised for appropriate behavior after a visit. If you say, "I was so proud of you for being brave today," the child

will be more likely to act that way the next time.

"Going to the doctor is part of life. If you establish that going to the doctor is punishment, that expectation may be carried through-out life. On the other hand, if you establish that going to the doctor is the right thing to do to take care of one's self, you have established a healthy habit.

Q. With the continued threat of AIDS, I am worried about using donated blood for my upcoming surgery. I've heard about donating some of my own blood to use during the surgery. Is this possible?

A. A person's own blood, called autologous blood, is the safest blood available for transfusion. Receiving autologous blood minimizes the risk of disease that may be transmitted by blood transfusion. In addition, using your own blood leaves more of the community blood supply available for patients who cannot participate in an autologous blood program.

When participating in such a program, you will donate several units of blood, depending on your physician's determination. This blood is reserved for your use only. If blood is needed for surgery, this blood will be the first blood that is used for your transfusion. In most cases, your own blood will be all that's needed, but additional blood will be available if needed.

Autologous blood donation is indeed an important option for you to consider. Please discuss this further with your own personal physician to find out if such a program is available in your area.

Consumers warned against practice

The State Board of Insurance has received reports that some insurance agents are falsely portraying themselves as Medicare representatives to gain entry into the homes of older Texans.

According to members of the board's newly appointed Citizens Working Group on Medicare Supplement Insurance, the practice may be on the increase in the sale of such coverage.

It is a violation of federal law for an agent to say that he or she is from Medicare or another Federal governmental program. The practice is a felony, with penalties of up to five years in prison and a \$25,000 fine for such misrepresentation.

In addition, such conduct, if proven, could lead to revocation of an agent's license to sell insurance in Texas.

Consumers are urged to report agents who try to sell them Medicare Supplement policies after saying they are from the government.

Reports of these violations should be sent to the Complaints Division, State Board of Insurance, 1110 San Jacinto, Austin, Tex. 78701-1998.

It also is a violation of the board's advertising rules for insurers to disguise Medicare Supplement advertisements and supplemental material as mailings from the federal government.

Older Texans who receive such mailouts are encouraged to send them to the State Board of Insurance for investigation.

The board also has a toll-free telephone hotline, 1-800-252-3439, for answering consumer questions. A complaint, however, cannot be investigated formally until it has been reduced to writ-
