FOURTH VICTIM OF BANDITS FOUND

AGREEMENT ON TAX REDUCTION BILL REACHED

\$222,498,000 IS PROVIDED IN COMPROMISE WITH APPROVAL SEEN
(By Associated Press)
WASHINGTON, May 25.—The senate today agreed to eliminate from the tax reduction bill the provision opening income tax returns to public inspection. The amendment was rejected 57 to 23.
This opened the way for consideration by the house of the compromise \$222,498,000 tax reduction measure as agreed to late yesterday by conferees of the senate and house.

WASHINGTON, May 25.—A tax bill of \$222,498,000, with the biggest going to corporations, was being final action by congress in a compromise reached in conference.
Bringing up their differences two days steady conference over the \$222,498,000 bill and the \$228,000,000 measure, the conferees yesterday put the revenue-cutting legislation in shape for quick vote by the house. Then the senate will act and the bill ready for President Coolidge.
Speed is expected because the measure is to become law at the session, for attempts are now being made to adjourn congress Tuesday.
Although well below the \$200,000,000 limitation set by President Coolidge and Secretary Mellon, the measure is so far under the reduction voted by the house that executive approval is regarded as almost certain.
One provision which the conferees could not agree upon was the senate proposal opening income tax returns to public inspection. Senator Smoot, republican, Utah, manager of the conference, was requested to seek another vote on this provision.

TEN MINES TO BE SHUT DOWN

2,500 MEN AFFECTED IN CONSOLIDATION COMPANY ORDER
(By Associated Press)
NEW YORK, May 25.—The Consolidation Coal company in which John D. Rockefeller, jr., is a majority stockholder has taken the first step toward a solution of what is believed to be the major ill of the numerous industry—overproduction—by ordering ten of its mines closed.
Announcement of the action came from Robert C. Hill, chairman of the board of the company, who said that four of the company's mines, the Somerset coal fields of Pennsylvania and six in the Palmetto area of West Virginia, are being shut down.
This throws out of employment 2,500 men or 20 per cent of the employees in the two fields affected, but this means that for the remaining 80 per cent far better conditions will exist," Mr. Hill said.
It is hoped that they will be able to work full time because of the measure instead of the "part-time" on which they were subsisting," he said. "The company wishes to take care of all married men and their families by relieving them if necessary. At this time it should not be hard for the men who are not tied down, and employment.

Only One Permit Is Issued Here Today

Building permits continuing their slow today, although rather slow, only one permit being issued this morning. It, however, was the May permit total to \$240,103. It was the first permit of the month. Two hundred and sixty-seven permits have been issued this far in 1928 for a grand total of \$2,115,115.
The permit issued today was to R. R. Perry for the construction of a 64500 brick veneer residence for R. Rhine on lot 13, block 19, Wood addition.

CONGRESS PASSES SHOALS BILL

RADIO USE FOR DISEASE BATTLE HELD POSSIBLE

(By Associated Press)
PRINCETON, N. J., May 25.—The possibility of inducing fever by radio in order to combat disease was held forth today.
Experiments conducted by Professor William G. Richards of the department of chemistry of Princeton University and Alfred E. Loomis of the Loomis Laboratories, Tuxedo Park, N. J., have shown the heating effects of radio waves on salt solutions of similar concentration to that contained in the human blood.
The experiments were begun when it was noticed that men working with six-meter radio sets in the factories of the General Electric company sometimes fainted or became suddenly ill.
Radio waves from different powered sets were used on salt solutions and it was discovered that the temperature induced varied with the wave length and the concentration. The maximum temperature was induced by a six-meter wave length apparatus on a solution of salt water approaching the concentration of human blood.

BATTLE LINES OVER VETO ARE DRAWN TODAY

(By Associated Press)
WASHINGTON, May 25.—Lines were drawn today for a resumption of the executive-legislative battle over veto bills, while a senate measure, passed over executive disapproval by the senate yesterday, 67 to 23, five democrats being among those backing up the president. Only four votes above the two-thirds required were obtained.
The senate has its vetoed bill slate clean today, except for the McNary-Haugen farm relief measure. The senate agriculture committee had called another meeting to decide whether it would be brought out to face the test of mustering enough support to pass it again.
Besides the Oddie bill, the senate passed in rapid succession yesterday three other measures which the president had turned down and came within seven votes of defeating the executive on a fifth.

200 FAMILIES DESTITUTE AS RESULT OF TERRIFIC ALABAMA HAILSTORM AS LOSS, ESTIMATED \$500,000, MOUNTS

(By Associated Press)
BIRMINGHAM, Ala., May 25.—Approximately 200 families have been left destitute as a result of a terrific hail storm which swept parts of west central Alabama.
Loss to crops and property was estimated to day at more than \$500,000. Approximately 600 square miles of farm land was practically laid waste by the storm of Tuesday, the extent of which was revealed only today. It was estimated that 16,000 acres of cotton and 9,000 acres of corn were ruined.
Appeals have been made to the national Red Cross for aid.
Representatives of Gordon civic clubs and local committees in charge of relief work reported that food and money to finance rehabilitation work were the chief needs of the storm victims. A majority of

MEASURE GOES TO PRESIDENT FOR APPROVAL

(By Associated Press)
WASHINGTON, May 25.—Weathering the most stubbornly contested filibuster of the session, the Norris-Morin Muscle Shoals bill was given final congressional approval today when the house agreed to the conference report on the measure.
After the senate had agreed to the report after an all night session during which its opponents exhausted themselves physically, the house took it up today and under the clock-like machinery of that branch of congress, it went through in quick order to be sent to the White House. The vote was 211 to 116.
The measure would provide for government operation of the property for the production of nitrate and power.
Beating a filibuster which had lasted for more than 24 hours and exhausting those who had carried it on, the senate today adopted the conference report on the bill.
McKellar is exhausted.
Collapse of the filibuster came after Senator McKellar of Tennessee, fighting against a project in the bill for a dam at Owe creek, in his home state, had exhausted his physical endurance following hours of speaking.
He frankly told his colleagues that he could go no further when he was turned down on two points of order he had made against the bill, but he added that he was certain President Coolidge would veto it.
McKellar, Tydings of Maryland, Blease of South Carolina, and King of Utah, bore the brunt of the speaking which ran through the night and morning, but the proponents of the measure as it stands.
(Turn to Page 4, Column 2, Please)

Retail Merchants Close Memorial Day

Following out the regular closing agreement of the association, members of the Lubbock Retail Merchants' association will close their stores on the morning of Wednesday, May 30, Decoration Day. It was learned today in the office of the association.
Whether or not any program will be held in the city is not known, no announcement being made of any this far.
REALTY TRANSFERS
Seventeen real estate transfers were recorded with County Clerk Amos Howard yesterday, totalling \$48,510 to send the consideration total for May to a new high mark. The month's total stood at \$494,583 this morning while the total consideration of transfers for the year is \$3,494,820.18.
Transfers totalling \$87,900 have been filed this week.

YANKEES WIN

PHILADELPHIA, May 25 (P)—The Yankees defeated the Athletics 4 to 2, here today in the first game of their second successive double headers. Pennock outpitched Ehmke and Johnson, who followed him. Lou Gehrig hit his eighth home run of the season with two out and two on in the sixth. Ehmke was in the box. Score:
New York..... 100 003000—4:7:1
Philadelphia..... 001 000 010—3:7:1
Pennock and Grabowski; Ehmke, Johnson and Fox.

FATAL MINE BLAST HAS ITS HERO

When elevators and stairs were destroyed in the explosion at the Mather Collieries Co. mine at Mather, Pa., August Cornack (inset) slid down a water pipe to the bottom of the shaft, rescued three men and recovered three bodies. Cornelius Beatty, who was among the rescued, is pictured with his wife and son, Paul.

Seven Miners Killed In Pennsylvania Explosion

(By Associated Press)
WILKES-BARRE, Pa., May 25.—Seven miners were killed and several more are believed missing as a result of an explosion of gas today at the Conyngham colliery of the Hudson Coal company in north Wilkes-Barre.
Two bodies had been removed from the mine shortly after noon. A priest who returned to the surface after joining rescue squads in the colliery after the blast occurred, said that five more men were dead.
Five men were taken to general hospital for treatment for burns and bruises after rescuers had made their first invasion of the red ash vein where a pocket of gas was ignited from some unknown cause.
An unofficial Red Cross survey was reported to have shown that there are 1,000 fatherless children in the town as a result of the mine disaster.
MATHER, Pa., May 25 (P)—Mather mine has given up an additional five dead to bring the total of recovered bodies to 168. The bodies were found under a slate fall last night. They were badly mutilated.
One body was identified as that of David R. Jones, 61, who is said to have been a star pitcher for the old Louisville club when the Kentucky city was in the National League. A daughter, Louise Jones, lives in Cleveland.
An unofficial Red Cross survey was reported to have shown that there are 1,000 fatherless children in the town as a result of the mine disaster.

Horn In Ardmore After Tremor Talk

Dr. Paul W. Horn, of Texas Tech, is in Ardmore, Oklahoma, where he will deliver the commencement address to the graduates of the high school. Last night, he addressed the graduates of Tuttle high school in their commencement.
Dean James M. Gordon, of the college is to go to Big Spring this afternoon where he will deliver an address to the graduates there.
Both are expected to return to the college tomorrow to be ready for the commencement exercises here on Sunday and Monday.

SOUTHEAST WIND HAMPERS RETURN OF POLAR FLIERS

(Copyright, 1928, by the Associated Press)
KINGS BAY, Spitzbergen, May 25.—A strong southeast wind was blowing at Kings Bay this morning and watchers awaiting the return of the dirigible Italia from her successful flight to the north pole expected that there would be some difficulty in making a landing.
Latest advices from the Italia said that the airship has been making half speed against a strong southeast wind which has been making her return to Spitzbergen more difficult and slower than her 12-1/2 hour flight to the pole.
The dirigible was expected about noon today, but at 11:30 a. m. had not yet put in an appearance, 33 hours from the time that she started from the pole.
Yesterday the ship had to work three motors at full speed in order to force her way along through the wind.

CHINA CLAIMS JAP VIOLATION OF WORLD LAW

(By Associated Press)
PEKING, May 25.—The Peking government has replied to a Japanese memorandum of May 18, in which Japan warned the northern authorities that effective steps, if necessary, would be taken to rattle maintenance of peace and order in Manchuria.
Peking's reply is that "inasmuch as the Peking-Tientsin area is Chinese territory any violation thereof would involve China's sovereignty, to which the Chinese government can not be indifferent."
The Peking government expresses the hope that Japan, in the light of the Tsinan affair, will be dissuaded "from further acts of violation of international law."
It asserts that the action of Japan is contemplating contravenes the nine power treaty signed at Washington.
NEW YORK, May 25 (P)—The demand of the American consul general at Shanghai for the execution of the slayer of Dr. Walter F. Serrinour of the American Presbyterian hospital at Tsinan, China, was "made without consultation with the Presbyterian board of foreign missions" says a statement issued by Arthur J. Brown, secretary of the board.
Dr. Serrinour was killed and his body robbed by Chinese soldiers during the fighting south of Tsinan-Fu on April 16. He had attempted to bar the gates of the hospital yard against them.
"It is not for me as a missionary secretary to approve or disapprove the action of the consul general in Shanghai," says Mr. Brown's statement. "It is enough simply to say that he acted on his own responsibility as a government official whose duty it is to deal with the murder of one of its nationals."

Road Contracts In 25 Counties Planned

AUSTIN, May 25 (P)—Road contracts to cost about \$2,470,000 and benefiting some 25 counties were to be let today by the state highway commission.
Awards involving \$1,860,630, for fourteen counties, were made yesterday and delegations from 12 counties, seeking aid, were heard. Only one county, Anderson, got actual cash assistance.
Counties for which jobs were authorized yesterday: Austin, Bexar, Ellis, El Paso, Garza, Grayson, Grimes, Guadalupe, Hemphill, Jackson, Jones, Nolan, Randall, Uvalde.
Brave Bootlegger Sought In Dallas
DALLAS, May 25 (P)—A bootlegger who disposed of his cargo after an automobile collision on the viaduct over Trinity river between Dallas and Oak Cliff was still at large today.
After the two machines collided, one driver deliberately got out of the driver's seat, walked to the rear of the machine, took out several half gallon jars of moonshine and smashed them against the bridge's concrete railing. After smashing about a dozen he turned and walked away without saying a word to the dozens of persons who had stopped to inspect the damage from the collision. His car was towed to the police station where it remains unclaimed.

BODIES OF KANSAS DOCTOR AND KIDNAPED EMPLOYE OF BANK FOUND ALONG ROAD

(By the Associated Press)
DIGHTON, Kas., May 25.—The bodies of two additional victims of the band of four men who robbed the First National bank of Lamar, Colo., Wednesday, killing the president and the cashier of the institution, were found in western Kansas today by posse trailing the fugitives.
Dr. W. W. Wineinger of Dighton, who was abducted by the bandits last night, was shot to death today 25 miles south of Oakley, Kas.
The body of E. A. Kessinger, assistant cashier of the bank, who was forced to accompany the robbers after they had shot and killed A. N. Parrish, president of the bank, and his son, John Parrish, was found beside a road north of Scott City, Kas.
Dr. Wineinger's car had been driven off a cliff and the physician, shot through the head, apparently had been thrown after it. The body when found about 8:15 o'clock today was still warm, indicating he was killed today.
Dr. Wineinger, who was about 60 years of age, is survived by his widow and two small children. He had been living in Dighton for six years.
Sheriff Alderman reported the bandits apparently are heading for the northwest corner of the state, probably enroute to western Nebraska or Denver.
The bandits, who killed two bank officers at Lamar are being pursued by a posse of 200 men and two airplanes. The car in which the fugitives are heading the chase was first sighted from one of the planes.
Lamar, Colo., May 25.—South through the Arroyo country into the bad lands of Oklahoma, a posse pushed its way today on the trail of the four gunmen who killed the president and cashier of the First National bank, kidnaped a teller, and escaped with \$20,000 in money and securities Wednesday.
On horses, in airplanes, on motorcycles and in automobiles, the posse made up of sheriff's forces.

LATE BULLETINS

(By Associated Press)
Ruth's No. 15
PHILADELPHIA—Babe Ruth hit his fifteenth home run of the season in the first inning of the second Yankee-Athletic game here today. Two men were on base and Rube Walberg was pitching.
Vote Called For
WASHINGTON.—Senator McNary, republican of Oregon, late today called for a vote on the vetoed McNary-Haugen farm bill.

Tax Bill Okehed

WASHINGTON.—The conference report on the \$222,498,000 compromise tax reduction bill was adopted by the senate today without a record vote after a provision for public inspection of income tax returns had been eliminated. House approval of the compromise will now send the tax measure to President Coolidge.

Labor Session

SAN ANTONIO.—Beaumont was awarded the 1929 convention of the state federation of labor here today as the 1928 convention of that body adjourned. George A. Wilson of Houston was installed as president and George H. Slater of Dallas, as executive secretary. Resolutions favoring the five-day week and condemning Sunday barber, shops were passed as was a resolution backing the mailers' union in Dallas which asserts that two Dallas papers have locked out its members.

Byrnes Appeals

AUSTIN.—Floyd Newton Byrnes, 24, sentenced to death for the killing of Myrta Jurgens, whose mutilated body was found impaled on a bedpost in her San Angelo home appeared Friday to the court of criminal appeals.
The indictment charged him with slaying her with a knife, a hatchet and an ice pick.

Aviator Arrives

MEXICO CITY.—Captain Emilio Carranza, Mexican army aviator, arrived in his monoplane, the "Mexico Excelsior" from San Diego, Cal., at 12:06 o'clock this afternoon landing at Valbuena air field.
Included in the taxes received was \$151,597 from Blackmer; \$151,301 from O'Neal and \$246,033 in principal and \$57,108 in interest from the Sinclair Crude Oil Purchasing company. Other items collected totalled \$1,398,900.
The taxes assessed were the regular corporation taxes on income of the Continental Trading company, whose profits were divided among Harry F. Sinclair, Robert W. Stewart, O'Neal and Blackmer. Penalties were added for nonpayment. The individuals still have their personal income tax to pay on the amounts they received, Senator Walsh, Democrat, Montana, said.

Trail Of Bandits Leads Southward

Lamar, Colo., May 25.—South through the Arroyo country into the bad lands of Oklahoma, a posse pushed its way today on the trail of the four gunmen who killed the president and cashier of the First National bank, kidnaped a teller, and escaped with \$20,000 in money and securities Wednesday.
On horses, in airplanes, on motorcycles and in automobiles, the posse made up of sheriff's forces.

PROBE BRINGS BIG RETURNS

WASHINGTON, May 25.—A total of more than \$2,000,000 in income taxes has been recovered as the result of the senate investigation into the Liberty bond oil profits of the Continental Trading company.
Secretary Mellon today informed the senate in reply to a resolution asking the information that of this amount \$608,097.19 was recovered from H. M. Blackmer of Denver, James E. O'Neal, former president of the Continental Trading company and the Sinclair Crude Oil Purchasing company.
Included in the taxes received was \$151,597 from Blackmer; \$151,301 from O'Neal and \$246,033 in principal and \$57,108 in interest from the Sinclair Crude Oil Purchasing company. Other items collected totalled \$1,398,900.
The taxes assessed were the regular corporation taxes on income of the Continental Trading company, whose profits were divided among Harry F. Sinclair, Robert W. Stewart, O'Neal and Blackmer. Penalties were added for nonpayment. The individuals still have their personal income tax to pay on the amounts they received, Senator Walsh, Democrat, Montana, said.

Special Train To Annual C. of C. Session Up To Citizens, Officials Say, Preparing For Ft. Worth Trip

Whether Lubbock will have a special train to the West Texas Chamber of Commerce convention at Fort Worth in June is largely up to the citizens of the city, chamber of commerce officials said today as they started preparations for the city's representation at the convention.
Lubbock will take an active part in the enterprise of the South Plains towns in representing the section as a whole and will also have some form of representation solely for the city. Just what that representation will be has not been decided yet.
At least one special car will be run from here to the convention, it is understood. The Lubbock and

English Child To Be Buried Today

Funeral services for little Alice Ann English, 3-month-old daughter of Dr. and Mrs. O. W. English, who died in Dallas late Wednesday, will be held at the residence 2300 16th street this afternoon at 4:30. Rev. W. E. White pastor of the First Baptist church is to be in charge.
Burial will follow in the Lubbock cemetery with the Powell Undertaking company in charge of arrangements.
The child had been in Dallas for several days under the care of a specialist prior to her death.

Barbecue And Party Honor Mrs. M. Doak

Honoring Mrs. Mary W. Doak, dean of women at the Technological college, a chicken barbecue and bridge party were given last evening for members of the Town and Gown club. Mrs. Doak is to spend the summer abroad, leaving the first of June.

Misses Ruth Rix and Jennie McCarty were hostesses to the club. The barbecue was at the Country club early in the evening and bridge was played at the B. C. Rix home, 2102 Broadway, with Mr. and Mrs. J. A. Rix, scoring high.

Those attending were Messrs. and Mesdames E. L. Dohney, W. O. Stevens, William J. Miller, W. W. Rix, F. R. Friend, M. E. Parris, J. A. Rix, Misses Mabel Erwin, Frances Hoyt Ford, Margaret Weeks, Eugenie Marshall, Frances Whately, Mrs. Doak, R. W. Fowler and George Lee of Dallas.

Tech Social Society Honors Mrs. Doak

Mrs. Mary Doak, dean of women at the Technological college who is leaving tomorrow to spend the summer abroad, was honored Thursday afternoon when the Tech Social Society club was entertained by Miss Virgie Johnson and Miss Lynn Dougherty at the home of Mr. and Mrs. Harold Griffith, 1620 Avenue X.

Bridge was played with Miss Clarice Scott winning high score prize, a pair of hose. Miss Ruth Starves received the cut favor. These two favors were presented Mrs. Doak, who received a writing portfolio from the club.

Those playing bridge were Mrs. Doak, Miss Scott, Miss Starves, Miss Cecil Dawson, Miss Edna Yonke, Miss Ruth Starves, Miss Juanita Strong, Miss Cymbol Patterson, Miss Pearl Bensley, Miss Afton Gilkerson, Miss Sylvia Wilson. Tea guests were Miss Johnny Gilkerson and Miss Floy Fryer. A fruit jar and macaroons were served. Fancies were favors.

Jimmie Whiteside Is Host To Club

Jimmie Whiteside was host to the Stag club Thursday evening with a chicken barbecue in the canyon below Slaton. Fruit salad, sandwiches, eskimo pies, pickles and other foods were served with the chicken.

Those attending were Leroy Vaughan, Harmon Jenkins, J. D. Jenkins, Joe Partain, Cap Partinson, W. B. Rushing, Homer and Robert Maxey, Murray Balenger, Trent Campbell, Brooks, Penny, Dorothy Rushing, Frances Ford, Melba Mae Talom, Mary Lois Gamel, Virginia Murray, Virginia Bacon, Sarah Michie, Haven Sawyer, Margorie Almsworth, Opal Hawes, Mrs. J. H. Whiteside, Mrs. Pat Magee, Mrs. W. B. Rushing and Clarence Whiteside.

One-Minute Interviews

Dancer Warns Of Children's Over-Exertion

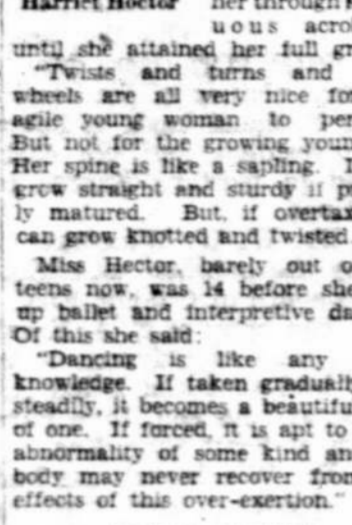

Give little children the proper kind of exercise or give them none at all is the advice of Harriet Hector, prima-ballerine of a Ziegfeld production.

"Let your daughter have dancing lessons, if you can afford it," Miss Hector suggested. "It's a very nice thing to do. It will make her graceful, give her poise and help her physically."

"But, if you want to give her the proper chance to develop as nature intended, do not, I beg you, put her through strenuous acrobatics until she attained her full growth. Twists and turns and cartwheels are all very nice for the agile young woman to perform. But not for the growing youngster. Her spine is like a sapling. It can grow straight and sturdy if properly nurtured. But, if overtaxed, it can grow knotted and twisted."

Miss Hector, barely out of her teens now, was 14 before she took up ballet and interpretive dancing. Of this she said:

"Dancing is like any other knowledge. If taken gradually and steadily, it becomes a beautiful part of one. If forced, it is apt to cause abnormality of some kind and the body may never recover from the effects of this over-exertion."

Harriet Hector

Miss Wilkinson, Mrs. Pierce Entertain

Mrs. R. Q. Pierce and Miss Della Wilkinson were charming hostesses yesterday to members of the 1911 Needle club at the home of the latter hostess, 1201 17th street.

Guests and club members attending were Mesdames F. A. Norman, A. B. Conley, H. D. Woods, W. F. Schenck, T. E. Pridoux, R. A. Barclay, F. R. Friend, Reeves, Carl, M. C. Overton, J. F. Hankins, J. H. Hankins, T. W. Sawyer, Fred Snyder, C. E. Maedgen, Glen Hess, Floyd Beall, W. G. Murray and Miss Adeline Bellah.

Children at the meeting were Tom Pridoux, Opheila Mae Beall, Peggy and Jane Hess and Johanne Pierce.

Methodist Women To Have Food Sale

Women in the First Methodist church are to have food sale at the Hunt Grocery tomorrow.

Picnics Are Given For Children

Second grade children in the Dupre ward school who are taught by Miss Ruth Cooper attended a picnic at the County Park yesterday afternoon. Mothers who accompanied Miss Cooper and the thirty children on this outing were Mesdames Cecil Horne, Marvin Collier, N. L. Peters, Sidney Taylor and J. Proctor.

Children in the school who have been in the room of Mrs. T. A. Rhoades, enjoyed a lawn party Wednesday evening at the J. H. Longley home, 2408 19th street, and were served confections while out-door games were played.

Church Women To Entertain Groups

Women in the Cumberland Presbyterian church are to be picnic hostesses this evening from 8 until 9 o'clock, having as their guests the Young People's Christian Endeavor, Tech students and high school graduates who attend the church are especially invited. The group is to meet at the church.

Bits Of News And Personal Mention

W. C. Simpson and daughter, Mrs. J. R. Lettich of Roswell, are spending a few days at the home of Mrs. Mary Hinson, Mr. Simpson's son has been attending school here.

Mrs. L. L. Jones and Mrs. W. E. Bourland and children left this morning for a visit in Commerce.

Miss Ethie Eagleton of Arlington is visiting Mr. and Mrs. J. A. Reed.

B. J. Watkins of Meadow is visiting his sister, Mrs. Dex Vessels.

L. N. Watson of Sweetwater is returning to his home today after visiting Dr. and Mrs. G. H. Watkins.

Mr. and Mrs. O. W. Dollahite, of San Antonio, returned to their home today, accompanied by their son and daughter, LaRue and LaVelle, who have been attending

Musical Program To Be At Palace

Small children who study music with Miss Margaret Huff, are to present a program at the Palace Theatre tomorrow morning in connection with the matinee that will be shown there. There is to be a group of piano selections and numbers by a rhythm orchestra. About twenty-five children are to play and Miss Margaret Halsell, violinist, is to assist.

MOM and Their Letters

Dear Mom: I suppose you wondered why I was writing to Michelle. Well, I'll tell you. I wanted to stage a bout in his studio. He helped me arrange the details and wrote the invitations to the two leading participants.

When Pedro spoke of meeting Norman on the field of honor, I thought why not? So Michelle consented to lend his studio and we asked a good audience.

The invitation to Pedro read as a note from Norman asking for a chance to wipe out the insult of that bat in the eye and naming the time and place. A like note went to Norman ostensibly from Pedro stating that a South American could lick a North American and also naming the time and place. Each named Michelle as his second and asked that all communications be sent to him. Both accepted by wire.

You should have seen those two were in for a regular boxing exhibition. The guests wouldn't let them back out, Michelle read off a speech he'd prepared about two knights in pursuit of a lady. They'd made a little talk just outside the roped-off space for me. I was the lady but from the way Pedro and Norman looked at me, I don't think the pursuit will be very hot from now on.

It was the funniest fight you ever saw. Of course they had gloves on and didn't hurt each other much, and neither knew how to box.

The party was a great success, but I had a hard time laughing it off with Pedro and Norman. I didn't know until I got home that it was my night for a fight, too. It was Alan's lodge night so he wasn't asked to the party but he came anyhow. He missed the contest but someone told him about it and he got mad. Sad if I thought that bat in the eye and naming the time and place. A like note went to Norman ostensibly from Pedro stating that a South American could lick a North American and also naming the time and place. Each named Michelle as his second and asked that all communications be sent to him. Both accepted by wire.

Alan certainly can be insinuating when he wants to. I wonder sometimes if the happiness you get out of marriage is worth all you have to endure when you don't agree with your husband.

Lovingly,
MARYE

Delphian Chapter In Final Study Meet

The last study meeting of the Delphian chapter for the spring was conducted yesterday afternoon in parlors of the First Baptist church with Mrs. Walter P. Jennings leading a lesson on "Through the Ages with the Archaeologist." A feature of the program was a talk by each of the 19 members attending, telling which ancient country she is most interested in. Mrs. R. A. Mills gave a resume of past lesson and Mrs. Roscoe Cowart gave a preparatory discussion on "The Meaning of History." Other talks were made by Mrs. R. S. Rodgers, Miss Johnny Gilkerson, Mrs. Cowart and Mrs. Calvin Henson.

There is to be a social meeting of this chapter next Thursday afternoon at 3 o'clock in the Berean class room at the First Christian church with Mesdames Jessing, George Smallwood and L. H. Huntegate as hostesses.

SPECIAL AIDE IN SALT CREEK CASE IS ASKED

COMMITTEE MEETS TO DISCUSS BILL FOR A GOVERNMENT POST

(By Associated Press)
WASHINGTON, May 25.—Employment of Robert C. Bell, of Denver, former department of justice investigator in the Salt Creek, Wyoming, oil field, as special counsel in conducting the investigation of the leases granted the Midwest Oil company in that field was discussed today by the senate public lands committee.

Bell submitted some of the reports charging dummy locations and interlocking stock ownership relations in connection with the Midwest leases which prompted the Norris resolution calling for the investigation.

Expect Early Decision
Chairman Nye said the committee would meet again soon to reach a decision. If Bell is not engaged as committee counsel he added, another public hearing would be held Saturday and Bell would be called as a witness to bring out the facts on which he and A. B. Routon, also a former justice department representative, based their opposition before the interior department in 1920-21 to the granting of the Midwest lease application.

Before the executive session the committee concluded its preliminary questioning of John Barton Payne, former secretary of the interior who made or authorized about half of the Midwest leases in Salt Creek and E. C. Finney, present assistant secretary, who executed the remainder after he was appointed to his present post during the administration of Secretary Albert B. Fall.

Changes Are Ignored
Judge Payne was on the stand only a short time. He declared that he had ignored the Bell and Bouton charges and authorized the Midwest leases because no showing had been made that the Midwest had knowledge of dummy locations in connection with the Fitzhugh-Henshaw original claims it acquired, or that there was reasonable ground for the applicant to have had such knowledge. Under the leasing act of 1920, he added, it was mandatory on the secretary of the interior to grant leases unless a showing of bad faith was made.

SHOALS BILL
(Continued from page 1)
led by Norris of Nebraska, stood their ground firmly. Never throughout the long hours was there the slightest sign of surrender or compromise on their part.

Compromise Report
The conference report, which was adopted by a vote of 43 to 34, is a compromise between the senate and house bills and would provide for government operation of the Muscle Shoals project and for the manufacture of nitrogen.

At the insistence of the senate, a provision for manufacture of fertilizer was eliminated from the report early this week. The compromise

provided, however, for the construction of the Cove creek dam. Party lines were wiped out on the vote, which came suddenly shortly before noon. Twenty-six democrats, including Sheppard, Texas, 16 republicans and one farm-labor senator voted for the report and 12 democrats and 22 republicans against it.

Wardlaw To Speak In Lubbock June 6

D. R. Boaz, campaign manager for Louis J. Wardlaw of Fort Worth, candidate for governor of Texas, is in Lubbock today making arrangements for the appearance of Mr. Wardlaw here on June 6 in behalf of his candidacy.

Post Junior Band Will Appear Here
In one of the concerts prior to their appearance at the West Texas Chamber of Commerce convention in Fort Worth, the Post Junior Cowboy Band will be heard in concert here on May 29 at the high school auditorium, an announcement from that place stated today.

The band, composed of small boys and girls between the ages of 9 and 12 years, has been one of the most popular musical organizations in West Texas during the past three years.

Elba and St. Helena are the names of the two islands on which Napoleon was imprisoned.

Norris Files Suit For \$100,000 Libel

JACKSON, Miss., May 25 (AP).—Damages of \$100,000 for alleged libel is sought in a suit filed here late yesterday against Frederick Sullens, editor of the Jackson Daily News, and the News Publishing company by Rev. J. Frank Norris, Fort Worth, Texas, Baptist minister. The suit was filed in the hands of circuit court by J. W. Cassidy, Brookhaven, and Paul Johnson, Hattiesburg, attorneys for the Texas minister. It is returnable before the September term of court. The suit grew out of editorials

appearing in the Jackson Daily News, which Rev. Norris alleges "greatly injured his good name, reputation, credit standing and influence for good as a minister of God and pastor of church and as a worker in his ministerial capacity for advancement of Christ's kingdom."

PRISON POPULATION
AUSTIN, May 25 (AP).—For the first time the state prison population has passed the 4,500 mark. Governor Moody was informed Friday. An official report to the executive fixed the total registration Thursday at 4,565.

Congratulations to Montgomery Ward & Co. Baker Furniture Co.

The entry of the great MONTGOMERY, WARD & COMPANY into the business life of this section—with its beautiful, modern merchandising store, adds to the ability of this city to serve an increasing number of people in an ever widening territory.

We congratulate them on selecting Lubbock for a source from which to serve this section and bespeak for them a most successful career.

THE fine new furniture home of the BAKER FURNITURE COMPANY is an asset to Lubbock and evidence of sound management and constant growth.

We congratulate Mr. Baker on his new building and in his behalf invite you to the Formal Opening Saturday.

EACH of these concerns with their modern facilities for service add materially to the ability of Lubbock to serve the South Plains.

LAINVIEW PROUD VICTORY MADE BY HALE HOG RAISER

PLAINVIEW, May 25.—The swine feeders of the parish look with pride upon J. E. Rigler, Plainview, who recently won first prize in first all ton litter contest to be held in the United States in the 8-pig class, also having the distinction of having the highest average weight per pig, regardless of number in litter. Rigler has won fame throughout the state during the past four years as a hog feeder and breeder, having entered a litter in the state litter contest each year. His fall ton litter was weighed and sold at the end of 150 days, other than 180 so that the litters could be marketed at a weight that brought top prices. The eight pigs weighed 1,802 pounds, or an average of 225-1/2 pounds each. The 8-pig average premium was \$40 and highest average weight, regardless of number of pigs in litter, was a prize of \$75, and also engraved medal cards in each class. Rigler states that variety in feed recently had something to do with the fast gains and production of the pigs. He started his litter on the sow before farrowing by giving her good alfalfa pasture and light grain ration. After farrowing the sow and pigs were fed on shorts, ground oats, milo chops and chow. They were also given about one-half gallon of milk per pig per day. After the pigs were

Trainmen Die When Engine Hits Truck

DYER, Ind., May 25 (AP).—The engineer and fireman of Monon train number 38, enroute from Indianapolis to Chicago, were killed today when the train struck the trailer of a milk truck at St. Johns, five miles from here, overturning the engine and derailing five coaches.

William Ballenger, Indianapolis, was pinned under his engine and Floyd E. Crowder, fireman, also of Indianapolis, was scalded to death. Passengers were shaken up but unhurt, the Monon station agent here reported. The milk truck was driven by a negro who jump from his truck and fled as the engine smashed into the trailer.

Juror Is Ill And Story Case Halted

SHERMAN, May 25 (AP).—Taking of testimony in the trial of Nancy Story was allowed participation in the robbery of the Krum Denton county, Texas, bank was halted temporarily here today because of the illness of S. W. Yeury, of Howe, a juror. Dr. A. H. Knox, cashier of the bank, was on the stand when a recess was ordered until the afternoon. Only a few questions had been asked him.

Flashes Of Life (By The Associated Press)

She Deserves It
NEW YORK—Miss Carmen Regio, 38, 5 feet 11-3/4, 104 pounds, singer, is \$3,000 richer for having climbed Mount Woodworth. She ascended the 1,358 steps in the 792 foot structure in 13 minutes 4 seconds, thereby winning a wager that it could not be done in less than half an hour.

Lots Of Trouble
CONAKRY, French Guinea.—In order to run half a mile or so a Frenchman is making a trip of 1,000 miles on a camel's back and 2,000 miles more by boat and train. Rene Wierath, who is attached to the colonial administration, will compete at the Olympic games. He is a middle distance man.

Travel Comfort

OXFORD, Eng.—Sneaker Law is and bride are honeymooning in a roadster which has a luxurious trailing bunkhouse, equipped among other things with a library, a typewriter and a bath. The first meal after their start was on strin steak.

Page Mr. Barnum

NEW YORK.—Unless some society for the prevention of cruelty or something takes action an international dance marathon will start in Madison

Surplus From C. C. Meet \$2,600 Report

GREENVILLE, Tex., May 25 (AP).—All debts having been paid, a check for \$2,600 today was given to the East Texas Chamber of Commerce by John D. Middleton, general chairman of the second annual convention of the organization held here recently. Last year a surplus above the debts incurred by the convention amounted to \$1,000.

Montgomery, Mo.—More than forty years ago Mrs. Mary Meist covered, because of a quarrel with her husband, that she would go to bed and stay there until she died. Although her husband died many years ago she remained in bed until death fulfilled her threat at the age of 92.

Square Garden June 19 and continue until the last exhaustor couple sinks to the floor. Prizes of \$30,000 are promised.

Hopes Held High

NEW YORK.—Now the five and ten cent grocery. It has made its bow in the theatrical district. Anything from caviar to bacon for a nickel or a dime. Self service.

Poor Old User

WASHINGTON.—Most taxi meters are honest. Uncle Sam's O. K. is on them. The bureau of standards sent Ralph W. Smith to make a series of tests with taxis, his own car and a measured street.

Special Delivery Letters And Kiss

CHICAGO, May 25 (AP).—A kiss with every special delivery letter was a formula Willie Carago, 18, followed yesterday until police put a stop to it. Entering the Bell Telephone company offices, he swept toward Miss Edith Tyrone, a clerk. "Special delivery, lady," he announced, plunking a kiss on the cheek before she could defend herself. Recovering quickly, she slammed him with a phone directory and he left.

The next stop was the office of the U. S. Hoffman company where he offered osculations in rapid succession to the Misses Leah Dakle, Hedwig Shardley, Josephine Zucalin and Genevieve Hitchcock, each time meeting rebuff. By this time police arrived.

Young Carago told officers he guessed the good old game of "post office" was not as popular with the girls as it used to be.

Man Hangs Self In Jail At Des Moines

DES MOINES, Iowa, May 25 (AP).—Within thirty minutes after he had been lodged in the Des Moines city jail for investigation, a man giving the name of John W. Price, 26, of Long Beach, Calif., took his life by hanging early today. Price told police his parents live at Ranger, Texas. Before the arrest, Patrolman Fred Thiel stopped Price's car in the downtown district and wrested a gun from him.

Break With Moody Is Denied By Boyle

SAN ANTONIO, May 25 (AP).—John Boyle of San Antonio who led the forces favoring the nomination of Governor Alfred E. Smith of New York for the presidency at the Beaumont state democratic convention denied today that he had "broken" with Gov. Dan Moody, as reported in press dispatches. "I have no substantial grievance against Governor Moody and am more concerned about the welfare of the party than the political fortunes of any one man," Boyle said.

Princess Victoria Is Fined Over Visa

BONN, Germany, May 25 (AP).—Princess Victoria of Schumburg-Ilippe, sister of the former Kaiser and wife of Alexander Subkoff, young Russian refugee, now has a conviction against her name in police records, having been fined twenty marks (\$5) for violating police regulations in failing to obtain a German visa for a recent visit to Belgium where her husband is in exile. The princess accompanied Subkoff's mother and another Russian on a visit to her husband who has been staying in Belgium ever since he was exiled from Germany after a series of escapades.

Manx, the native language of the Isle of Man, is dying out; fewer than 1,000 of the island's 50,000 inhabitants have now any working knowledge of it.

Civilian Aviator Is Killed In Crash

CURTIS FIELD, N. Y., May 25 (AP).—A civilian aviator narrowly escaped in two plane crashes which occurred within sight of this field within one hour today. Herbert C. Doyle, president of the Sleeper Radio company of Long Island City was the man killed.

First Lieutenant Stanley W. Unstead, U. S. A., air corps, escaped with minor burns when he leaped from his blazing plane in a parachute. Doyle, who lived in Queens, served as a lieutenant in the army air

Registrations Of Autos Continuing

Registration of new cars in Lubbock continued its average pace this morning, three being registered before 11 o'clock to send the total for the month to 124. Six hundred and twenty new machines have been registered since the first of the year. New cars were registered this morning by L. M. Brunson, of Idalou, J. F. Bumpass, of Lubbock and Paul Wilson, of Slaton.

BOOM STARTED FOR JONES AS DEMO NOMINEE

IMPETUS IS ADDED BY DEAN STATEMENT ON TEXAS SITUATION

(By Associated Press)
DALLAS, May 25.—A boom for Jesse Jones, national treasurer of the democratic party and millionaire publisher and business man, for the democratic nomination for president has appeared in the wake of the state convention at Beaumont.

The convention in resolutions overwhelmingly adopted declared that while it was not presenting Jones as a candidate, it commended him to the "democracy of the nation as suitable in every way for the highest office in the gift of the people" and indorsed him as "the choice of the Texas democracy for the presidency."

Dean Adds Impetus
Impetus to the movement was added later by a statement of W. L. Dean, of Huntsville chairman of the convention, author of the state prohibition enforcement statute veteran politician, who declared the publisher's name would be presented by the Texas delegation to the Houston convention as a candidate for president.

Mr. Dean described Mr. Jones as a prohibition supporter, a successful business man who "can put bus-

ness principles into the government without putting the government into business" and a man who has served the party nationally for years and is known throughout the nation.

Governor Dan Moody, who emerged from the convention the acknowledged leader of the Texas democratic party, held a conference with Mr. Jones at Houston last night, and afterward said that the movement was a "very nice and very deserved compliment," and that Mr. Jones undoubtedly would be placed in nomination at Houston. Previously he had said he would support the nomination of Mr. Jones and would place his name before the national convention if asked by Mr. Jones to do so.

While the publisher has been mentioned repeatedly by leaders of the state party, as a man suitable for the nomination, he has been very unresponsive to suggestions that he get into the race.

Chicago Order On Beer Raids Given

CHICAGO, May 25 (AP)—Raids of beer flats and soft drink parlors except in cases where previous evidence has been obtained, was ordered discontinued by Police Commissioner Hughes today.

The commissioner said that failure of courts to convict those arrested was the reason for cancellation of his previous instructions, which were for a vigorous drive against the 5,000 or more beer flats he believes are operating in Chicago.

Police, however, will continue to enforce the 1 a. m. closing order, even to the obtaining of license numbers of automobiles found parked in front of saloons after the closing hour.

WOLFFARTH BURIED HERE THIS AFTERNOON

Funeral of Pat Wolffarth, 70, ex-cowman of this section who died with a bullet hole in his head on a vacant lot here yesterday, were held from the Brothers Funeral Home at 3 this afternoon, with Rev. W. White, pastor of the First Baptist church in charge. Interment in the Lubbock Cemetery. Wolffarth's inquest held yesterday, the verdict as death by suicide. An old-fashioned 45 Colt's

with one empty shell, was in Mr. Wolffarth's hand when he was found by a negro yesterday. He was thought to have been dead for several hours when he was found. A number of conflicting statements regarding that last time Mr. Wolffarth was seen were made by various persons yesterday but three persons contended that he was seen around the Merrill hotel sometime before 6 o'clock yesterday morning. Besides his widow, he is survived by four brothers, Q. C. and Easton of this city, Joe and Scott, of Jacksboro and two sisters, Mrs. Dick Owens, of Jacksboro and Mrs. Katie Ames, of Crosbyton. Mr. Wolffarth had been in this section for approximately 50 years, it was said.

Five Negroes Get Diplomas Tonight

Observing the commencement exercises of the Dunbar school, Lubbock's negro high school, 17th and Avenue C, five negro students will receive diplomas tonight from the hands of Dr. J. T. Hutchinson, president of the Lubbock school board. Dr. E. R. Gravelle will deliver the address to the students which will be preceded by a short program. The students to finish are: Alma Zora Williams, Lena Marie Robinson, James Ray Lewis, Elmo Robinson and Burton Garfield McCutcheon.

TAX REDUCTION

(Continued From Page One) position in the senate, which adopted it 27 to 19. Winning their first cut in taxes in the last three revenue bills, corporations, under the present compromise agreement, would benefit to the extent of \$135,450,000 by virtue of the reduction in the corporation levy from 12 1/2 per cent to 12 per cent and an increase from \$2,000 to \$3,000 in their exemptions. Little Individual Aid The only relief afforded individual taxpayers is an increase from \$20,000 to \$30,000 in the amount of income which the 25 per cent credit for "earned income" may be taken. The senate provisions for downward revision of the surtax rates applying on individual incomes over \$20,000 was lost in the conference. Representative Garner, Democrat, Texas, also lost in the house a provision for a graduated scale of lower rates on corporations with incomes of \$15,000 and less. The senate threw this clause out on a tie vote. Another provision calls for repeal of the three per cent automobile tax. This alone accounts for \$66,000,000 of the total reduction. Although vigorously opposed by the administration, this proposal was not in dispute in conference because both houses had voted for repeal.

BANK BANDITS

(Continued from page 1) state police, national guardsmen and the citizens of a half dozen Colorado towns, formed a huge dragnet across southern Colorado, a

strip of Kansas, and northern Oklahoma. Expect to Find Quarry In country made famous as the hide-out of rustler bands and gunmen in the old days of the west—a bleak, sparsely settled, sand-blown waste—the possemen expected to find their quarry. Belief that the bandits headed into this section was heightened by a report from Dighton, Kansas, of the disappearance of a Dr. William Winegar, after he had been called to attend an injured man. The report said a roughly dressed man appeared at the doctor's home late Wednesday night and asked him to treat a man injured "in a tractor accident." The doctor left with the man and last night had not returned. Believe Doctor Abducted It is known that one of the bandits was wounded by the fusillade of shots fired by A. N. Parrish, president of the bank, and John Parrish, his son, cashier, who were killed by the robbers, and the authorities believe the men might have abducted the doctor to care for their companion. The fate of the kidnaped teller, E. A. Kessinger, remained undetermined. Searching parties were scanning tide roads and wooded lands in the belief that he might have been left bound and gagged some where along the course of the quiet's flight. One of the outstanding figures of nineteenth century music, William Vincent Wallace, composer of "Maritana" is to be honored by the erection of a memorial in his native town of Waterford.

GIRL VICTIM OF AUTO ACCIDENT RESTING BETTER

Ann Shelton, 2-year-old daughter of Mr. and Mrs. M. D. Shelton, 1916 Avenue N, who was seriously injured about 6 o'clock last evening when an automobile ran into her near her home, was reported to be resting better at the sanitarium today. She is suffering with a fractured skull, a broken right leg and numerous other injuries and bruises. Her condition is still considered somewhat serious, it was said. Two women said a child were said to be in the car which struck the little girl. Conflicting reports were made concerning whether or not the occupants of the car came back to see if the child was injured. The mother was of the opinion that they came back but she was too frustrated and excited to be sure, she said. The little girl was attempting to cross the street to her mother when struck by the car.

Youth Freed After Memphis Raid Quiz

FORT WORTH, May 25 (AP).—A Fort Worth youth was free today after a night of grilling by police when they found him in possession of \$600 in liberty bonds, part of the \$2,000 loot taken from a Memphis, Texas, hardware store Sunday night. The youth said he received the bonds in the mails in nine separate packages and did not know from whom they came. A 19 year old Memphis boy has confessed to the robbery and was being held after failing to make \$1,500 bond. All but \$400 of the loot has been recovered.

FIVE ANNOUNCE FOR VACANCY IN BUILDING ASS'N

(By Associated Press) DALLAS, May 25.—Five candidates were announced today for the office of fourth vice-president of the United States League of Building and Loan associations, which raises its officers progressively. The election will close the convention here today. Candidates for a place on the official ladder were announced as W. B. Whitlock of Springfield, Ill.; Charles W. Thompson of Topeka, I. Friedlander of Houston, T. C. Wooten of Hickory, N. C., and Alfred Danziger of New Orleans. Walter F. McDowell of Tacoma, Wash., will succeed to the presidency. Ernest A. Hale of Boston will be first vice-president. R. Holby Myers of Los Angeles second vice-president and William E. Best of Pittsburgh third vice-president. H. F. Cellarius of Cincinnati is expected to be re-elected secretary. The Oklahoma League of Building and Loan associations came into the limelight today when its delegation was increased to 200, to break a record for the 1928 meeting in point of state attendance. The annual census of the inmates of the London zoo shows that there are 827 mammals and 2,027 birds as well as 2,000 to 3,000 snakes and fishes.

Camp Fire Group Has Council Fire

Miss Lera Albin resigned as guardian, new members were received and advanced ranks were conferred last evening when the Katima Camp Fire group staged a council fire at Tumble N pool. Miss Albin is returning to her home in Spur for the summer after having taught in the public schools during the winter. New members received were Coleta Baker, Berle Pysatt, Allie Vista McCoy, Geraldine Turner, Mattie Cameron Williams and Erma Bennett. The fire makers rank was conferred on Flossie Adkinson and wood gatherers rank was conferred on Doris Mullins and Mosele Cobb. Miss Albin awarded the ranks.

G A Gunns Are Hosts To Social Club

Mr. and Mrs. G. A. Gunn entertained last night forty-two club members in their home, 1501 College Avenue. Thursday evening with a delightful party. Ice cream and cake were refreshments. Those attending were Messrs. and Mesdames J. A. Reed, J. A. Denham, G. L. Catlett, L. M. Brooks, Misses Jewel Gregory, Frances Gunn, Fern Gunn, Patti Hopping, Cecile and Elaine Easton of Arlington, Messrs. J. H. Barton, G. M. McRea, Marion Worth, Tom Newman, Clyde Williams and R. L. Tubbs.

RAILS NEWS

BY MRS. ROY MOSES

Slain Man Claimed Ex-Football Star

COLUMBUS, Ohio, May 25 (AP)—The body of a man found shot to death last night was identified today as that of John A. Weldon, 33, of Watertown, N. Y., former football star and captain of the Lafayette College team in 1918. Weldon had been shot through the head by a pistol fired nearby. The body was covered by newspapers.

Complaint Made On Radio Corporation

WASHINGTON, May 25 (AP)—The federal trade commission in a complaint issued today charged the Radio Corporation of America with violations of the Clayton act and the federal trade commission act embodying unlawful restraint of trade and monopolies.

Finals In Golf

BIRMINGHAM, Ala. — Mrs. Melvin Jones of Chicago and Valparaiso, Fla., and Miss Marion Turpie of New Orleans will meet in the final round of the seventeenth annual southern women's golf championship here tomorrow. Mrs. Jones eliminated the defending champion, Mrs. Dalton Raymond of Baton Rouge, La., 1 up in their semi-final match today and Miss Turpie defeated Mrs. W. D. Doak of Atlanta, 3 and 2.

The name of God is omitted from the Book of Esther in the Bible. Specially convenient for those who have failed in some particular course or having irregular classification. School will start Monday. Work in summer school receives the same credit as the same amount of work done in the regular sessions.

Tax Collectors Of State Start Meet

AUSTIN, May 24 (AP)—State and local officials occupy main positions on the convention program of the Tax Collectors Association of Texas which began a three day annual session here today. Legislation to expedite collection of taxes and smooth the work of the collector's office is one of the problems to be discussed.

Oil Worker Killed In Auto Accident

NOCOMA, May 24 (AP)—E. H. Barger, 28, oil field worker here, was killed in an automobile accident last night between Fort Worth and Decatur. He is survived by his widow and one child.

Highway Commission Opens Meet Today

AUSTIN, May 24 (AP)—The highway commission prepared Thursday to put in motion a vast road construction and improvement program over a sixth of Texas. In the first day of its regular session, the commission began the opening bids for projects to cost about \$4,330,390 and to benefit around 46 counties. Eighty two miles of concrete pavement, 31 miles of bituminous macadam surfacing, 100 miles of grading and drainage structures, nine bridges and 177 miles of hard surfacing maintenance will be authorized. Delegations from 12 or 13 other counties, seeking various forms of state aid, also will be heard. "The Isle of Dogs" is so called because the king's kennels were kept there when Greenwich was a royal residence.

Sour Stomach Sweetened instantly

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize as once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. Don't depend on crude methods.

New Myrick Hardware Store Ignores Tradition Baker Will Open New Furniture Store On Saturday

Cleanliness, Once A Part Of Every Hardware Store, Is Banished And Cleanliness Makes It Attractive

Decision Of Management To Make Store Best In West Texas Bears Fruit; Every Accommodation Offered

The ancient adage, "cleanliness is next to godliness," is being proved in the new Myrick hardware store, which is being opened on Saturday. The store is a model of cleanliness and is well lighted and excellently ventilated. The store is a model of cleanliness and is well lighted and excellently ventilated. The store is a model of cleanliness and is well lighted and excellently ventilated.

ample sunlight which pours through the wide front display windows. In the words of Walter Myrick, Jr., manager of the Myrick Hardware company, the firm decided to make its new home second to none in West Texas. All of the improvements which their years of experience had taught them have been incorporated in the present quarters.

In New Building

The company occupies the basement and first floor of the Myrick building. The basement is utilized as a warehouse and store room and also for displaying off-season articles. This last provision allows display on the first floor, of seasonal goods at all times and also makes possible the arrangement in attractive form, of off-season goods. A customer by stepping to the basement may find heavy sheepskin coats, arranged on a rack with possibly some artificial snow sprinkled about, just for "atmosphere."

A complete stock of every kind of general hardware is carried. Few persons, perhaps, realize just what a variety of articles are stocked by the modern hardware concern. There are rows upon rows of golf clubs, a big stack of baseball bats, yard after yard of fishing tackle, and brightly burnished fly rods, and brightly burnished fly rods, and brightly burnished fly rods.

See MYRICK, Page 2

Comparison Will Aid Local Store

Myrick Hardware Company Store Here Will Compare Favorable With Any One In West Texas

The Myrick Hardware company, which has moved into its new home that will compare favorably with any similar store in West Texas, was organized in 1923, although the present manager, Walter Myrick, Jr., has been in the hardware business in Lubbock since 1917.

Partners in the firm are Walter Myrick, Jr., W. A. Myrick, Sr., and Russell Myrick. Many of the present department officials have been with the company for several years. George Buckingham is manager of the paper and paint department; E. Renfro has charge of shelf hardware and builder's hardware; Joe Harris, one of the best window card painters and window dressers in the city, sells golf sticks, baseball bats, and other sporting equipment when not engaged in painting a window card. Mrs. Fred Sims has charge of the Queensware and glassware department. Frank Bryant knows all about stoves, and his job is to sell them. Mrs. Margaret Byrd is the bookkeeper.

AN EXPENSIVE KISS
CINCINNATI—A barber of this city has found that some stolen kisses are very expensive. Miss Beulah Bender, manicurist in the shop of Charles E. Leggett, has filed

President Coolidge Receives First 'Buddy' Poppy For 1928

President Coolidge received the first "Buddy" Poppy at the White House today from Mrs. William Hamilton Bayly, Acting National Chairman of the Ladies Auxiliary of the Veterans of Foreign Wars. The "Buddy" Poppy is one of those made by disabled Veterans in hospitals. Mrs. Bayly lost a son, Lieutenant L. H. Bayly, in France during the World War. The President was also presented with a living poppy which was brought specially from Belleau Wood, France.

out for \$5,000 charging her employer with having raised her without consent. He pulled her head back she says, as he would a customer who wanted a shave, and planted a kiss smack on her lips.

Downtown Section Is Widened Again

New Baker Building Boosts Thirteenth Street And Is Responsible For Spread In Retail Area

Acting against the advice of his friends a little more than a year ago, Norton Baker, owner and manager of the Baker Furniture company, built and opened a business on 13th street.

He was told that 13th street would never make a retail business street; that it was foolish to pioneer so far away from the main section of the business district. But he pioneered and built up one of the most successful business firms in the city. The building on 13th was recently leased to the Montgomery Ward and company for a retail store. Mr. Baker moved to a new Spanish structure farther down on 13th street, now one of the best in the city.

Further evidence of Mr. Baker's faith in the future is shown by his plans to construct a new two-story warehouse on the railroad track. Contract has already been awarded for the structure and construction is to begin in the near future. The new furniture home of the Baker Furniture company has no basement, necessitating the warehouse.

Fifty eight countries now maintain regular broadcast service with the United States.

Program Arranged To Ushur In New Quarters; Ten Carloads Of Newest In Furniture Is Ordered By Baker

Norton Baker, Manager And Owner, Is Proud Of Fine New Home And Invites All To View It

Marking a new criterion in the history of Lubbock's business achievement and establishing another milestone in the rapid march toward greater development, the formal opening of the Baker Furniture Company's new \$40,000 furniture home, 1211-12 13th street, said to be one of the finest in the South Plains, will be held Saturday. Program for the opening will include free prizes, music, public speaking, and display of some of the finest furniture ever shown here. The feature of the opening will be a free drawing at 8:30 o'clock in the evening. Every visitor will be allowed to register and pick out the piece or suit of furniture of their choice. A lucky number will be drawn from the registration, the holder of the lucky number being given the choice of the furniture in the store.

Norton Baker Owner-Manager
Norton Baker is owner and manager of the company. His history in the furniture business in Lubbock for the past five years has been one of continual advancement and success. Starting out on a relatively small scale, Mr. Baker has

built his business into one of the finest in the city. The enormous expansion program of the company calling for this commendable new building was prompted by Mr. Baker's unwavering faith in the future of Lubbock and the entire South Plains. "The future possibilities of Lubbock are enormous," Mr. Baker said recently. "I feel that our great expansion will be justified in a few years by the inevitable growth of the city." J. B. Maxey was the contractor for the new building to be occupied by the furniture company. It is of Spanish architecture throughout, and has been said to be one of the finest and prettiest in the city. It made of cream-grey brick wrought iron twisted banisters both inside and outside to add to the Spanish effect. Light fixtures will carry out the Spanish idea. **Most Attractive Interior**
Although high enough for two stories the building contains only one main story with a Mezzanine floor all the way around. Spanish twisted banisters surround the mezzanine floor. The building contains the same amount of space as did the previous Baker Furniture building at 1107 13th street, but offers a much better display arrangement with the Mezzanine effect. The old

It is not ethical for us to advertise the personal qualifications of our staff.

But due to the fact that we were the first Clinic to organize on the South Plains we point with pride to our organization, its growth, modern equipment and staff of well trained physicians. We are also glad that other clinics have been organized on the South Plains, and are glad that we have been able to take part in making Lubbock and the great South Plains one of the leading medical centers of West Texas. We feel that the organization of clinics benefits the science of medicine.

We will be pleased to have you visit our Clinic at any time. It occupies almost the entire sixth floor of the Myrick Bldg.

Loyalty Of Employes One Of Best Boosts His Business Has, Norton Baker, Furniture Dealer, Thinks

Experts In Departments Of Store Here Are All Well Fitted For Their Work, Owner-Manager States

Loyalty of employes is labeled by Norton Baker as one of the predominant requisites for success in business.

Much of the credit to the rapid growth of his business is given to the personnel of the employes. They are picked carefully and taught to take an interest in the activity of the business.

Mr. Baker commended his present staff of employes as one of the best he has ever known. He believes that he has an expert in each line of work.

D. E. Sellers, formerly of Shreveport, is assistant manager of the Baker Furniture company in addition to keeping the books. He is the right hand man of Mr. Baker, and said by him to be one of the best executives of the organization. Mr. Sellers has been with the company for about fourteen months, having had considerable experience in the furniture business before coming here.

Roberts in Drapery Department. Paul Roberts is head of the drapery department. He is considered one of the best interior decorators in this section of the country. Mr. Roberts has been in the employ of the Baker company since the first of the year, coming here from the Palo Duro Furniture company of Amarillo.

F. F. Chandler, salesman, has been with the company for several months. Mr. Baker considers him a very efficient salesman.

One of the oldest employes in the service under Mr. Baker is Norman Morgan. He has been with the company for more than four years, starting shortly after Mr. Baker came to Lubbock. Mr. Morgan is an expert linoleum layer and shade man.

W. G. Curry, also, has been with the firm for several years. He is at the head of the new furniture and the delivery departments.

Mrs. Baker Assists. Mrs. Martha Webber is an employe in the drapery department. She has been with the company

since the first of the year. Mrs. Norton Baker, wife of the owner, also assists in the drapery department. A. B. Penny completes the personnel of the employes. He drives the delivery truck.

Mr. Baker's rapid progress from a half-interest in a comparatively small furniture firm to his present ownership of one of the leading firms of the city is one of vivid interest. Mr. Baker was born in Lockney in 1883. He attended Lockney Christian College and Oklahoma A. and M.

In 1923 Mr. Baker came to Lubbock and bought half interest in the Simmons Furniture and Undertaking company. A few years later he bought out the other half interest, changing the name to the Baker Furniture and Undertaking company. His brother, France Baker, was connected with him for a few years, but resigned to become vice-president of a local bank.

The undertaking department was sold to Mr. O. F. Powell a few years later. A little more than a year ago, Mr. Baker built the \$30,000 furniture home at 1107 13th. Saturday opening of the new furniture salon marks the apex of his business achievement.

Myrick

(Continued from page 1)

reels, and other traps to snare the finny tribes; as well as any other kind of equipment that the sportsman might desire.

Glassware Is Featured. Then there are tables covered with beautiful glassware—some of it "classy" enough to deserve the front display window of the best jewelry store. However, all kinds of glassware, from the most modestly priced to the most dainty, are stocked.

There are also complete lines of queensware and enamel ware. Builders' hardware, general hardware, wallpaper and paints and almost any article that could even remotely be classified under this general heading can be found in the heavy shelves of Myrick's new store. Psychology plays a part in the

new layout for the company and the new plan for brightly-enamelled shelves and tables. "The neat arrangement furnishes a more attractive background for the articles to be sold. Anything almost looks better when it is kept clean and set off in attractive surroundings. Also, a clean table or clean shelf makes the clerk more apt to see that it is kept that way."

This was the explanation from Mr. Myrick, the manager. Every shelf and every drawer is accessible without the use of step-ladders or chairs or other means so often resorted to under the old scheme, where goods were arrayed in shelves, often mounting almost to the ceiling.

Price Tags Displayed. Customers need no longer ask the price of each article. Because, in the new store, every piece displayed, will have the price tag in plain view.

Economy of arrangement is attested in the wide lobby and display room at the front of the store. A forty-foot glass window divides the hardware store from the lobby of the Myrick building. The thousands of people who enter this building each week, face a neatly and attractively arranged display of seasonal merchandise, as they wait for the elevator.

Merchandise in this window is always of the type that appeals at the minute. For instance, golf clubs, baseball goods and fishing tackle, are prominent in the window at the present time.

Baker

(Continued from page 1)

building was leased to the Montgomery Ward and company, that recently opened a retail store here.

Ten carloads of new furniture were ordered by the company for the opening, and although lack of floor space for such a tremendous

stock will not permit the display of the entire amount, the furniture of the highest class will be shown. One corner set of Berkey and Gay bedroom and dining room suite will be featured in the display. Two cars of Kroeber living room furniture will be another added attraction on display at the opening. The present stock of the company is greater than at any time in the history of the firm.

Business of the Baker Furniture company embraces the entire South Plains reaching from 100 to 150 miles in each direction. Mr. Baker said. A large mail order business extending as far as Amarillo, Tulsa, Snyder, Texico, Paducah, and Haskell is maintained. The reach of the trade extends each year, according to Mr. Baker.

"Business during the past several months has been better than at any time in the history of our firm," he said. "And it continues to improve every day. We expect the biggest year of all next year."

The Baker Furniture company is entering the jewelry business in a number of lines, handling both wholesale and retail trade.

Mr. Baker bases his business advancement upon the fact that he handles nationally advertised lines, carries an extremely large stock, and strives always to give the utmost in service.

The company has always featur-

ed a cash business, although a credit department is maintained.

"These customers are always right in our store," Mr. Baker declared. "We feel that we will not ask us to do anything unjust as we always consider him in the right. Our selling on a close margin necessitates our advocacy of a cash basis."

"Lubbock's Finest Furniture Store" is the claim of the company for the luxurious new furniture salon.

Large well-lighted 16x20 show windows offer a splendid arrangement for display. On the Merzantine floor completely furnished rooms will be on display, showing the most refined taste in the selection of household furniture.

Each portion of the building is assigned to a certain kind of furniture trading to the convenience of the customers.

MAYOR HAS TOUGH JOB NOTTINGHAM, Eng.—The mayor of this commonwealth has issued a general appeal for help. Two letters asking aid in finding suitable wives for the cause. One from Western Australia stipulates only that she must be born and bred in Nottingham. The other from Lancashire written by a widower, specifies the prospective bride must be less than 35, and promises that he is not a man "who rambles from home nor one who would keep a woman tied up like a dog in a kennel."

REPORTER TO MANAGER IN FIVE YEARS

CLEVELAND, O.—He was a cub reporter on The Press here five years ago. Today, at the age of 34, he is general manager of the Ohio Terminal Co., president of the Cuyahoga Cold Storage Co. and secretary of the Mercantile Terminal Co.

He is Albert L. Cornsvent, who wound up his newspaper work as political editor of the newspaper which gave him his start in 1923. Soon after he got his chance as a news gatherer his ability was recognized and he was promoted to take charge of news spinning from city hall. Then he was appointed assistant city editor, followed some months ago by the political editorship.

The company of which Cornsvent is now the directing head has six buildings abutting on the New York Central railroad. Appraisal for a recent bond issue placed a value of \$2,148,748 on the property.

"I'm tackling another big assignment," said the youthful business chief as he closed his desk and with it a promising newspaper career.

Roche Newton & Co.

IN CITIES the size of Lubbock, it is often necessary to go outside its bounds in order to secure adequate plumbing service to meet requirements in the construction of a building reaching the proportions of the Myrick Building.

IT IS a peculiar demand on the service in a building of this nature, for with the number of professional men located in it, doctors and dentists in particular, plumbing pays no small part in the general satisfaction given to those occupying offices and suites.

THE SELECTION of Roche Newton & Company to install the plumbing and plumbing fixtures, demonstrates conclusively the ability of this organization to render service of a high type of efficiency offering our clientele the benefit of workmanship that comes only through years of experience and the desire to serve well.

WE POINT with pride to our part in the erection of the Myrick Building, and take this opportunity to congratulate the owners and the City of Lubbock on the acquisition of this newest contribution to the city's "sky-line."

The installation of a satisfactory heating plant for a building the size of the Myrick structure is no little job. That Mr. Myrick is highly satisfied with his heating plant — indicates to you our ability to handle any kind or size job.

1316 Texas Avenue Lubbock, Texas

ARE YOU READY TO

BUILD

Remember

The lumber that went into the building of such structures as

- The New Myrick Building
- Baker's New Building
- The Montgomery, Ward & Co., Building

came from this yard as did that which went into thousands and thousands of the finest residences; the hundreds of public buildings and other institutions.

The facilities of this great organization are such to be of immeasurable assistance to contractors and builders.

We Invite Your Investigation!

ANNOUNCING

The Formal Opening

Saturday, May 26th.

The Greater Myrick Hardware Company Store

Progress!

In this modern age new conditions must be met—progress and improvement is changing situations.

Old methods give way to quicker, better and modern ways in which the public is benefactor.

THE GREATER MYRICK HARDWARE STORE—

- is, indeed, a modern store!
- Merchandise prominently displayed and plainly marked.
- Cash selling places fine, high quality hardware in the reach of everyone at material savings.

So the new and greater Myrick Hardware Co. store with its modern facilities and new selling policy invites your attention and investigation.

A new and modern hardware store dedicating its services to the people of the South Plains.

You Are Cordially Invited

The Greater Store Of

MYRICK HARDWARE CO.

"If Its Hardware We Have It" Myrick Bldg., Lubbock, Texas

Wholesale Field Entered By Baker

Especially Built Warehouse Will House New Business, Owner Announces As His Plan Is Made Public

Simultaneously with the opening of the new home of the Baker Furniture company here, comes the announcement that the firm has branched out into the wholesale business, adding another distributing house to the city.

The wholesale department of the company will be housed in a specially constructed warehouse north of the court house on Avenue H, along railroad tracks, and dealings in this new department will be carried on the same high principle as the retail store, Mr. Baker said.

The wholesale department will be at the disposal of buyers in West Texas and eastern New Mexico, with a wide variety of stock carried.

One feature of the retail department of the store that is to be pushed to the front is the drapery and floor covering service, it was said. This department will be in charge of experts in their line, and a stock in keeping with the balance of the expansion movement is to be maintained.

Entering the furniture business here four years ago, Mr. Baker has been a close observer of the trend of the business, and through his policies of operation has built up a large clientele through which he has constantly expanded. Through his foresight in having erected especially for his purpose the building one block east of his present location, from where he has just recently moved his stock, that portion of the retail section of the city is now witnessing a rapidly expanding area.

In the new home on which all the finishing touches have not yet been made, is one of the most spacious in the city, and with one of the largest stocks of the South Plains in the retail department, in addition to the new wholesale division bringing convenience to the dealer throughout this part of the state, Mr. Baker is looking forward to an ever expanding trade from city and territory.

Myrick Hardware Is Cash Concern

Old Credit System Dropped And Better Offerings To Customers Are Made, Says Manager Walter Myrick

The "cash" plan of business has been adopted by the Myrick Hardware company, coincident with its removal to the new home in the Myrick building.

Walter A. Myrick, Jr., manager of the firm, declares that this plan enables a large saving yearly over the former system of credit business. This saving is marked from the prices charged for articles in the store and is thus passed on to the customers.

"And we have had hardly a complaint since inaugurating the plan," he said. "As a matter of fact our business is growing daily, even though we are not yet settled here."

MASH CHOKES SEWER

WORCESTER, Mass. — Pickaxes were required to open up a 21 inch sewer in the Island District here recently, when mash dammed the line and caused the sewage to back into neighboring homes. Several hundred pounds of solidly packed mash was removed before the sewer could be flushed out and made to operate properly. Authorities blame homebrew and stills, reputed to be operating there, for the blockage.

Furniture To Go To Some Citizen

Choice Of Baker Stock To Go To Somebody, Norton Baker Says In Announcing Opening Plans

The choice of any individual piece or of any suit of furniture in the entire stock of the Baker Furniture company will be given free to the holder of the lucky number in a drawing contest to be held Saturday in connection with the formal opening of the company's new store at 1211-13 13th street.

Registration of all visitors will begin at 7 o'clock in the morning, continuing until 8 o'clock in the evening. Visitors will make their choice and register at any time during the day. The drawing of numbers will be at 8:30 o'clock in the evening.

Little Miss Ruth Genelle Spikes, daughter of Mr. and Mrs. John Spikes, will draw ten numbers, the tenth being the lucky one. The winner will not be allowed to change his choice of furniture after the drawing has taken place.

W. C. Rylander will speak before the drawing.

FROM FORCE OF HABIT?

LYTHAM, England.—Mrs. Elizabeth Whiteside, mother of 16 children, was married here recently to Richard Watson of Accrington. The bride is 74 and her husband is 68. It is the second venture on the sea of matrimony for both the principals.

Connally Says He Wasn't Denied Talk

SAN ANTONIO, May 25 (AP).—Congressman Tom Connally of Marine, candidate for the United States senate, in a telegram to the San Antonio Express last night denied published reports that he had asked an opportunity to address the state federation of labor convention here and had been refused.

Newspaper stories of Monday's convention session related that Mr. Connally and other candidates were refused an opportunity to speak, but later it was learned Mr. Connally was not on the convention floor and his name was not mentioned. "I made no request to speak and was not present when the incident occurred," Mr. Connally's telegram said. "An injustice has been done me and I am due a correction."

The Mt. Ranier national park is located in the state of Washington.

PLEASE GO 'WAY AND LET ME SLEEP

BROOKLYN.—Six-year-old John Colten slept through a ride on the elevated train, homeward bound with his parents. Tumbling sleepily through the turnstile at the Adams street station he caught his foot between the turnstile and the iron floor.

Three policemen gave up trying to release him and John went back to sleep. Then came fire and police rescue squads who disturbed his slumber for 20 minutes while tearing up the floor to release the wedge.

He was awakened while a doctor examined his foot, after which he was permitted to resume his slumbers undisturbed in his own private bed.

Nicholas Tatgersall was captain of the ship in which Charles II escaped to France in 1680.

FILIBUSTER IN SENATE HALTS HOALS VOTE

ALL-NIGHT SESSION IS HELD AS SLEEPY SOLONS ARGUE

(By Associated Press) ASHINGTON, May 25.—The Senate today found the filibuster still engaged in protracted session over the Muscle Shoals agreement and about 300-eyed members tapping with a torrent of words from the floor.

The senate had been in continuous session since 11 o'clock yesterday morning.

The Muscle Shoals controversy, which has occupied the attention of the senate for the last seven years, renewed early yesterday afternoon after passage of the second day bill, and developed a real filibuster as the senate went into its first all-night meeting of this session.

McKellar Starts Drive

McKellar, Democrat, started the drive against the conference report by arguing that he would oppose it so long as he was physically able, unless the authorization for a power at Cove Creek, in his state, was withdrawn.

On completion of his impassioned speech, he was followed in turn by Messrs. Democrat, South Carolina; Democrat, Tennessee; Democrat, Maryland; Sack, Republican, Kentucky; and Democrat, Mississippi.

He regained the floor at 2 a. m. and spoke until a call necessitated the sending of the sergeant-at-arms to get up sleeping senators from their homes at daybreak.

In several hours previous to this had been occupied by Messrs. Democrat, discussing the civil war reconstruction period. He read an article defending the Communist movement, which said it was Lincoln who committed treason and not the states.

He refers to States Rights, and in the pamphlet as "the argument I've ever read."

A South Carolinian said it applied to what we are discussing this morning." He explained the reference was to state's rights, characterized the Cove Creek provision of the resolution as plain stealing of Tennessee land by the government.

He criticized Senator Heflin of Alabama, for supporting the resolution as reported by the conference. The Alabamian, who was covered by an army blanket on a cot in the rear of the chamber, hid his eyes and smiled.

Senator Sheppard, Democrat, was stretched out and like-blanked on a nearby divan, which had been surrendered not before by McKellar. With his left hand he shielded the light from his eyes.

McKellar had taken a seat nearby for Ashurst, Democrat, Arizona, who was waiting to deliver a speech against the Boulder dam bill. Three other senators were on the floor at that time, LaFollette, Republican, Wisconsin; Norris, Republican, Nebraska; and Shipstead, Democrat, Minnesota. They stood by side directly in front of the vice president's rostrum, which was occupied by Senator Republican, Vermont, Norris leading the fight for a vote on conference report.

Before concluding, Messrs. Democrat, could prove "that we killed Yankees than we had Confederate soldiers," and then lashed the senate verbally.

The corporations have got control of this senate, and have got together," he shouted.

Messrs. second speech during the all-night session combined to his total speaking time on the floor for six hours. He followed by who had paced up and down the chamber for three hours clad in tuxedo while denouncing the agreement as "Communist."

A freshman member of the senate, Mr. Tydings had confined his attention to the conference report and had repeatedly to yield except for specific questions. He expressed his opinion that President Coolidge would veto the bill if given the opportunity, which brought Senator Republican, Pennsylvania, to his feet with a suggestion to "stop talking" so that a vote might be taken.

Marylander said he would

yield for consideration of other business. "If I were sure at this moment that the president would live until he got the joint resolution and would veto it," adding:

"But he may die" even between this date and the time the joint resolution reached the White House."

Discussion Resumed

The senate finally was able to resume discussion of the Shoals conference report when a quorum was obtained at 7:20 a. m.

While thirty senators answered the quorum call around 2 a. m., the attendance fell off quickly when, one by one, the more tired of the membership began straggling out to the couches and other lounging devices of the cloakrooms.

At 6:30 a. m., only nine senators were on the floor, counting Dale in the vice president's chair.

With enough senators present to do business, McKellar, Democrat, Tennessee, jumped into the verbal fray again to resume the filibuster he is directing against the report.

Seven Senators on Floor

Although enough members had answered to their names, only seven senators were on the floor. They were Norris of Nebraska, who was trying to get the Muscle Shoals conference report through; Johnson of California, who was waiting impatiently for the filibuster to end so that the senate could resume debate on the Boulder Canyon dam bill; McKellar and Tyson of Tennessee, ring leaders in the filibuster; Curtis of Kansas; Copeland of New York; and Ashurst of Arizona.

Promptly after the quorum had

been announced, McKellar gave notice of his intention to file two amendments to the report and Norris challenged that he would move to throw them out because they would be out of order.

After McKellar had declared his intention there was a lull while senators tried to map out a procedure.

4-H Club Council Meets On Saturday

Members of the 4-H club council of Lubbock county will meet in regular session tomorrow afternoon at 2:30 in the court house. It was announced today from the office of D. F. Eaton, county agent. The Acuff club will have charge of the program for the afternoon.

Discussion of the summer camp and the spring training course for the club boys to be held at the college will be included in the program, it was said today.

Lamesa School Head Leaves For College

LAMESA, May 25.—F. T. McCollum, principal of the Lamesa high school for the past four years left this week for a short visit in Louisiana. Mr. McCollum will attend the George Washington university this summer studying world politics, which he is specializing in. He will return to Lamesa in September to take charge of his duties here again.

Chronic Jailbird Is In Dutch Again

MILWAUKEE, May 25 (AP)—George Fox, who says that he has spent all but 23 of his 76 years in jails throughout the country, faces another stretch as the result of attempting to rob the poor box at St. Augustine's church here.

An ingenious alarm arranged by

the pastor led to his apprehension yesterday.

Fox said he never took a drink in his life, but that horse races have taken several fortunes from him.

Farmer Uses Plane To Haul His Wares

YANKTON, S. D., May 25 (AP)—An airplane is being used by Albert Schram, farmer near here to take his farm products to market.

Schram, who took a course in aviation and obtained a pilot's license, recently purchased a plane for use in hauling farm products and for business trips.

Bronze is alloy of copper and tin; sometimes with other elements such as zinc and phosphorus, included.
