Munday Juvenile Is Apprehended

A 15 year old male runaway from Munday was apprehended Sunday, June 15, at approximately 10:00 p.m. in Knox City. Officials of the Munday Police Department reported the juvenile missing at 8:00 p.m. and that he had been missing from Munday since approximately 5:00 p.m.

The youth was first spotted at Allsup's in Knox City by off duty Chief of Police John B. Turner and was taken into custody by Knox City and Munday police officials.

The youth was returned to his parents in Munday.

Youth-Led Revival Set At First Baptist

The First Baptist Church of Knox City is slating a Youth-Led Revival on Friday, Saturday, and Sunday, June 20, 21, and 22.

According to the Rev. John Gillispie, pastor, services will be held on Friday and Saturday nights at 8:00 o'clock and on Sunday at 11:00 a.m. and 7:00 p.m.

Evangelist will be Charles Dodd of Midland, a former resident of Benjamin, Crowell, and Rule. The son of Mr. and Mrs. Bill Dodd, former Benjamin residents,

Charles served as youth minister in First Baptist, Georgetown, First Baptist, Temple Northwest Baptist, Oklahoma City, and now First Baptist, Midland. He received the B.A. with a major in religion from Baylor in 1973 and his master's degree in religious education at Southwestern Baptist Theological Seminary in Fort Worth in 1975.

Charles is married to the former Jan Welch of Crowell, and they are the parents of one child, Ryan, 17 months old.

Paul Newberry, of Anson, a native of Dallas, will serve as singer for the youth revival. Paul, who has his B.A. in music from Wayland College in Plainview, is currently working on his master's degree in music at Hardin Simmons University in Abilene. He has been in church work for six years serving as music and youth director at First Baptist Church in Anson for the past year and a half.

All youths are especially encouraged to attend the revival, but adults are welcome also, according to the pastor.

Hacker Awarded ASU Scholarship

SAN ANGELO - Russel Lin Hacker of Knox City is the recipient of an Angelo State University Presidential Scholarship for the 1980-81 academic year.

Russel was chosen senior class favorite and has been active in football, track, and band activities.

His parents are Mr. and Mrs. Cris L. Hacker.

Selection for the scholarship is based on ACT testing scores, honor society memberships and recommendations by high school counselors.

Reception Sunday Has Good Turnout

Chamber officials were very pleased with the excellent turnout Sunday afternoon when they sponsored a reception at the Knox County Hospital to introduce Dr. Newton P. Neufeld and the hospital's new administrator, Tom Haden. Haden will begin his duties here officially July 2.

Hospital board members were on hand to conduct tours through the facility during open house, where approximately 120 persons registered from 2:30 to 4:00 p.m.

Following each tour, guests were taken to the hospital dining room where the new additions to the staff, along with Dr. Neufeld's wife Judy and daughter Missy, Dr. R.G. Howell, Mrs. Howell, Chamber president Dessie Egenbacher, and Chamber secretary-manager welcomed them.

Refreshments of punch, cookies and mixed nuts were served by Chamber directors' wives, Annette Evatt and Linda Bunton. A beautiful arrangement of spring flowers centered the serving table.

Storm Warnings To Have No All-Clear

Residents, who have inquired as to what the storm warning signals for Knox City will be in the future, are advised that the storm warning will continue to be two blasts of the fire siren. However, no all clear signal will be sounded, according to Police Chief John Turner.

Turner said as the custom of sounding an all-clear was dropped several years ago, the one blast would not be used.

Turner also reminds residents, especially newcomers to the community, that the warning is sounded in order that persons will be alert and watch the clouds. He said it does not mean that a tornado or bad storm is approaching the town, but is sounded only to warn residents.

June Rebates Are Down 'Slightly'

AUSTIN, Tex. -- State Comptroller Bob Bullock Wednesday said a small decrease in the June city sales tax rebates may indicate consumer caution about the economy and spending patterns.

Bullock said 936 Texas cities would share \$65.3 million this month, compared to payments of \$67.7 million during the same period last year.

While sales in the last quarter of 1979 and the first quarter of 1980 were generally strong, sales tax returns now are picking up the period where national credit restraint was being urged, he said.

Knox City's net payment this period was \$5,784.13 as compared to \$7,070.20 for the same period last year. Payments to date in 1980 were \$27,315.66, a 33% increase over payments to date in 1979 of \$20,518.32.

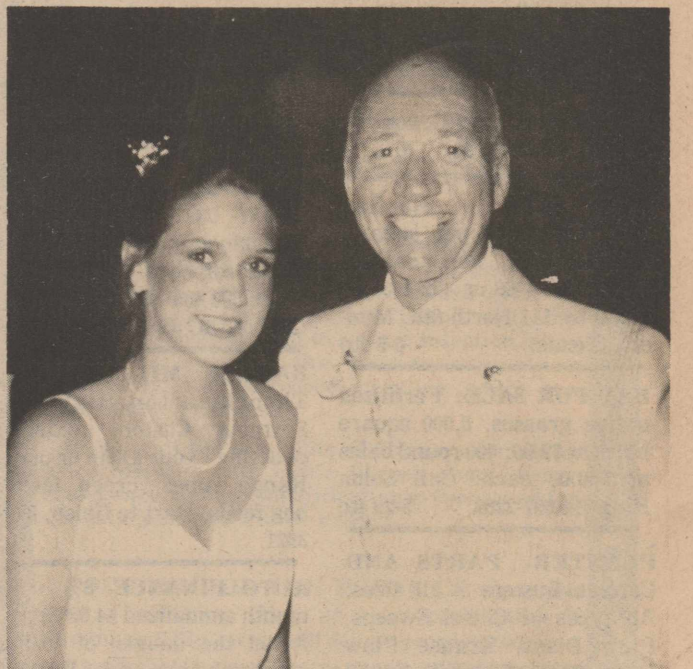

Other area towns and the amounts of their payments for this period include Aspermont, \$3,373.50; Benjamin, \$484.97; Crowell, \$2,707.36; Goree, \$892.08; Haskell, \$14,515.69; Munday, \$5,930.91; O'Brien, \$295.51; Rochester, \$714.65; Rule, \$2,405.41; Seymour, \$13,985.56; Stamford, \$20,019.86; and Weinert, \$382.34.

The optional city sales tax is collected by merchants and businesses along with the state's sales tax, and is rebated monthly to the cities in which it is collected by the Comptroller's office.

In Lions Queen Contest

Angella Reid Is State Runner-Up

Knox City Lions Club Sweetheart Angella Reid was named first runner-up at the 1980 Texas State Lions Queen contest held June 6 through 8 in Beaumont.

Contestants included fourteen girls representing each district in Texas with girls' hometowns ranging from Dallas to El Paso.

Mistress of ceremonies and coordinator of the contest was Kerry Walker of Nacogdoches. The panel of judges consisted of two past Miss Texas judges and advisors to Miss America. Contestants were judged on

beauty, poise, personality, and intelligence.

Angella, the daughter of Mr. and Mrs. Johnny D. Reid of O'Brien, was interviewed Saturday morning and she and the other contestants attended a pool side party in their honor that afternoon. Saturday night, the girls were presented to the judges in evening gowns and each contestant was also required to answer one question.

The 1980 Texas Lions Queen was crowned Sunday afternoon at the State awards luncheon. Rhonda Nan Glaze, representing the Tyler Noon Lions Club, was crowned as the new queen and winner of a \$500 scholarship. Angella was the recipient of a \$300 scholarship.

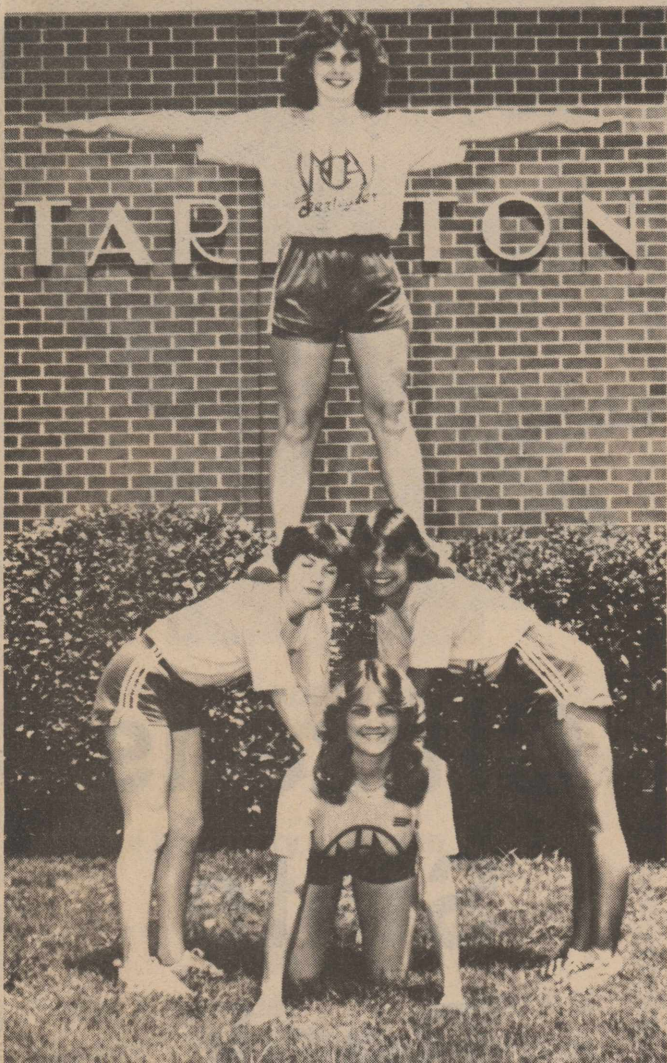

Angella, who has been Knox City Lions Sweetheart, for the past three years, commented that she felt that this was a nice way for her to end her term. She was also named District 2-E1 Lions Queen in Abilene in May advancing her to the state contest.

O'Brien Happenings

By CHARLENE BROTHERS

The Vacation Bible School at the Baptist Church had an average attendance of 46 students per day. This is good for three year olds through sixth grade. I know they are all glad it is over, I really miss not working with the school. You enjoy it, but then you are glad when it is over.

I do not know if I'm getting old, or if it is the hot weather, or if I was just lazy during the weekend, but I felt so bad all weekend that I didn't want to do anything. Didn't do much. I'm sure I am getting old, so will lay it on to the hot weather. We have really had some hot days here lately. You know we are going to need a good rain before you can turn around twice. The crops look pretty now, but this wind is going to start telling a different story soon. Maybe we will get a good rain within the next two weeks.

For you out of town readers, there will not be any O'Brien News next week, unless we can find someone else to write it. If nothing happens I'm going to be high up the mountains in Colorado come next Monday morning. So maybe you can survive one week without having to read my writings. If it is cool out there I may just stay, so they may need someone for the rest of the summer.

Everyone has been asking when O'Brien is going to start getting water from the Miller Creek Lake, well I was told the other day, that about all they lack is the electric work on the project. So maybe we will get it before too much longer. Of course it is going to be higher, so we may not want it as badly as we think right now. One thing about it is if they do not start reading our meter every month we may have a hard time paying our bill. We use a lot of water each month, and I know the meter has not been read the past three months.

SERVICES OF THE CHURCH OF GOD IN CHRIST

On last Tuesday night, a part of the members from the Knox City Church attended service in Goree. Elder Session, pastor of the Seymour Church, preached that night from Luke 15: 13, 15, a great message.

The Lord is yet blessing us to come together in the home prayer meeting on Monday, Wednesday, and Saturday at 9:00 a.m. and each evening at the church at 5:00 o'clock. Everyone is welcome.

Missionary Nettie Mae Ward is our prayer band leader for the home prayer meetings.

Sunday school had a good attendance with Supt. Smith in charge.

In the morning service, Missionary Ware brought the message from St. John 4.

On Sunday evening, the closing service of Elder and Mrs. Menion Cox's anniversary was held in Goree at the Baptist Church. Elder and Sis. Cox have laboured faithfully in Goree the past eight years.

Assistant Overseer Ward preached greatly from a portion of Genesis 12 and other scriptures on Sunday evening.

Mr. and Mrs. Darrell Price and family of Cisco visited Father's Day in the home of her parents, Mr. and Mrs. Doug Meinzer and Tyke.

Kristi remained for a longer visit.

HERE AND THERE

Visiting in the home of Mr. and Mrs. Sam Johnston during the weekend were Mr. and Mrs. Kenneth Roberts of Plainview.

Gail Rowan of Lubbock visited in the home of her parents, Mr. and Mrs. Ivan Rowan, Wayne and Keith during the weekend. (Ivan has been very sick the past week. The last report I had he was doing a little better.)

Mary Hollis and John Holland of Hamlin visited in the home of Mr. and Mrs. James Manning, Cody and Christie Saturday. Cody and Christie went home with them and visited Saturday night and Sunday.

Mr. and Mrs. Jerry Brothers, Jeremy and Tommy of Azle visited in the home of Mr. and Mrs. J.O. Brothers and Craig during the weekend. Also visiting with them Sunday were Mr. and

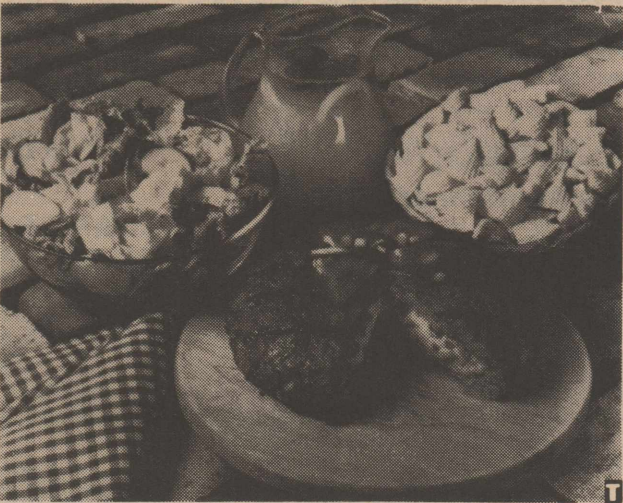

Mrs. Don Brothers and Tammy of Knox City.

Visiting in the home of Mr. and Mrs. Humberto Gutierrez during the weekend were Mr. and Mrs. Jerry Brothers, Jeremy and Tommy and Mr. and Mrs. Humberto Gutierrez Jr. all of Azle.

Buster Hodges, who was thrown by a horse last week, is in the Knox County Hospital. At the last report I received, he was doing pretty good, but would have a long time getting over the bruises he received. There were no broken bones, but he has been very sore and bruised up quite a bit.

Mr. and Mrs. Ken Pierson of Abilene visited his parents, Mr. and Mrs. Audrey Pierson, Sunday and celebrated Father's Day and Audrey's birthday at the same time.

big Big BIG BURGER

Summertime is barbecue time. And Big Burger—ten inches wide and large enough to serve six hungry appetites—is an exciting change of pace from the usual hamburger.

Instead of bread crumbs, ground beef is mixed with flavorful Potato Chipsters or Corn Diggers Snacks. The surprise filling is tangy Swiss cheese and fresh salad vegetables—diced scallions, tomatoes and green pepper.

Get into the spirit of casual outdoor eating. Serve a sumptuous Big Burger!

BIG BURGER

- 2 pounds ground beef
- 4 cups whole Potato Chipsters or Corn Diggers Snacks, finely rolled (about 1 1/2 cups crumbs)
- 2 eggs
- 2 tablespoons Dijon-style mustard
- 2 teaspoons Worcestershire sauce
- 1/4 cup sliced scallions
- 2 medium tomatoes
- 1 medium green pepper
- 1 1/2 cups grated Swiss cheese (6 ounces)

1. In a large bowl, blend together beef, crumbs, eggs, mustard and Worcestershire sauce. On a cookie sheet, press half of beef mixture into a 10-inch circle. On a piece of waxed paper, press remaining beef into a 10-inch circle.

2. Reserve 1 tablespoon scallions and half of a tomato, cut in wedges, for garnish; dice remaining tomatoes. Cut and reserve a few slices of green pepper; dice remaining pepper.

3. Combine diced tomatoes and green pepper, scallions and Swiss cheese. Leaving a 1-inch border, spoon cheese mixture onto patty on the cookie sheet; press lightly. Place second meat patty onto cheese mixture; remove waxed paper. Press edges together.

4. Slide burger onto grill. Cook over medium coals 10 minutes. Turn burger.* Cook an additional 5 minutes, or until cheese has melted and meat is cooked to desired doneness.

5. Garnish with reserved scallions, tomato wedges and green pepper strips. Serves 6.

6. To prepare in oven, place burger on a lightly greased broiler pan. Bake in a preheated 350° F. oven 25 to 30 minutes. Turning is not necessary.

*Turn burger by sliding cookie sheet between meat and grill. Cover with second cookie sheet; turn so cooked side is uppermost. Gently slide burger back on to grill.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"The Kingdom of Heaven is like a treasure a man discovered in a field. In his excitement, he sold everything he owned to get enough money to buy the field -- and get the treasure too.

"Again, the Kingdom of Heaven is like a pearl merchant on the lookout for choice pearls. He discovered a real bargain -- a pearl of great value -- and sold everything he had to purchase it." (Matthew 13: 44-45).

Matthew pictured the Kingdom of Heaven as a treasure of great price in these two parables. The first parable tells us that some stumble onto the great treasure by chance. The second says some are prepared by training to find it and will actively seek it. Both stories agree that, when His Kingdom is found, there is but one entrance, one key: sacrifice. Finders Keepers only if the finders abandon all else. This means recognizing that the vital, transforming experience of Christ is worth more than anything else in the world. Father, it means relinquishing to Him ownership and control of our lives.

Reading these scriptures in silence before the Lord, the Holy Spirit will reveal to you, your true condition in Christ and give you the strength and power to obey God's WORD, which will bring you great joy, and happiness.

Three Utility Systems Reach Agreement

Three major electric utility systems in the southwest have reached agreement on terms which will connect the intrastate Electric Reliability Council of Texas (ERCOT) into the nation's Eastern Interconnected Grid. The agreement was announced jointly by officials of Central and South West Corporation, Houston Lighting and Power Company, and Texas Utilities Company.

Under terms of the settlement the single-state ER-

COT system will be linked with the multi-state Southwest Power Pool (SWPP) through high voltage direct current (DC) interconnections in southeast and north central Texas.

Utility companies of the Dallas-based Central and South West Corporation include Central Power and Light Company, Corpus Christi, and West Texas Utilities Company, Abilene, both members of the intrastate ERCOT; and Public Service Company of Oklahoma, Tulsa, and Southwestern Electric Power Company, Shreveport, both members of the interstate SWPP.

Texas Utilities Company includes Dallas Power and Light Company, Dallas.

Durwood Chalker, Chairman and Chief Executive Officer of Central and South West Corporation, said, "The settlement will be beneficial to all parties involved with substantial dollar savings to our customers."

This savings will result from economics in providing electricity to over 1.3 million customers in the four-state service area of the Central and South West Corporation, Chalker said. Construction is expected to require about four years following approval of the settlement agreement

by various Federal and state regulatory agencies.

Plans call for interconnecting lines to be constructed near Vernon in north central Texas between Public Service Company of Oklahoma and West Texas Utilities

Company, and between Southwestern Electric Power Company and Central Power and Light Company as well as Houston Lighting and Power Company at the South Texas Project located east of Victoria in southeast Texas.

Television Is A Very Important Part Of Our Lives Isn't It?

And now CABLEVISION OF KNOX CITY is going to bring you the best television viewing that we can.

We have had many questions concerning the new services we are planning to offer our customers. So we will try to explain.

H.B.O. is short for Home Box Office. This is a channel which provides first run movies, regardless of classification, and without commercials. It is operative approximately 12 hours daily...from 2 or 3 in the afternoon. Each month a schedule of the movies that will be shown is announced and you can watch them at your leisure. Each movie is run several times during the month. There will be four or five first run movies monthly. The classification of each movie will be announced before its screening.

Atlanta is the super station of television. It is the biggest television station in the world, operating 22 hours per day. Atlanta offers news, sports, movies and excellent television shows. It is a great station to watch when re-runs on the rest of the channels bring boredom into your living room.

We will receive these channels at some expense from SatCom I Satellite which is parked 23,000 miles above the earth in the southwest sky. We are in the process of installing new equipment to give you these services. Your receiving this new service depends on the time we get delivery on our new equipment. It also depends on your signing up at our office for this new service.

For further information you wish, please call our office 658-3613.

A SUPER SUPPER

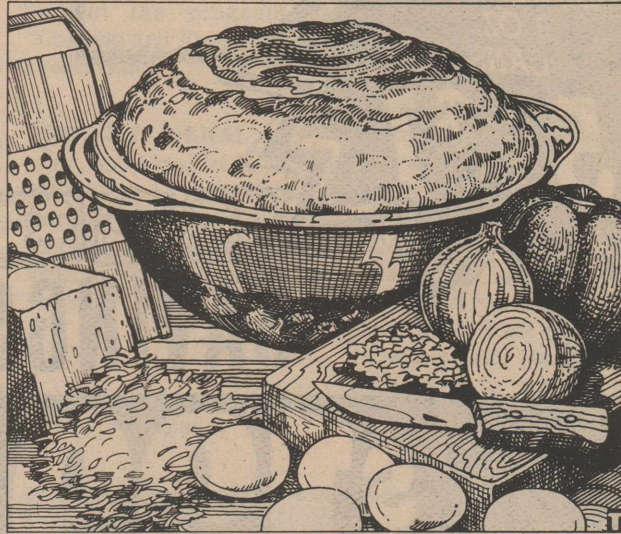

Easy Cheese Puff New Orleans is a mouth-watering yet economical casserole dish which can be quickly prepared from ingredients which you usually keep on hand in the pantry and refrigerator. The recipe is one you'll probably like to keep.

Your family is sure to find Easy Cheese Puff New Orleans impressive, and you can take satisfaction that you're providing them with a meal which is as nutritious as it is delicious.

What you can do about TORNADOS

BEFORE

■ Know how to get emergency weather information in your community and know what it means.

—A National Weather Service "tornado watch" means conditions are right for tornados to form.

—A "tornado warning" means a tornado has been sighted; take cover.

—Most communities use sirens or horns to warn of a tornado sighting; know what your system is and what it means.

■ Plan and practice what your family will do in case of a tornado.

—Have a prearranged place in your home (basement if you have one or in interior room or under stairway if you don't) to go for shelter.

—If you're in a mobile home, get out. If a shelter is avail- able, go to it. If not, lie in a ditch or other depression.

—If you're in a car, get out. Lie in a ditch or other low area.

■ Be sure you have the right kind of insurance and enough of it to cover all damage a tornado could do.

—Make an inventory of every- thing in your house and keep it in a safe place away from home (like a safe deposit box). It will be a great help in speeding payment for your losses.

Tornados can strike almost anywhere in the United States. They can occur any time of year but March through August are the "danger" months. Between 1974 and 1978 there were 4,338 tornados reported in 48 different states. State Farm Fire and Casualty Company, a major home insurer, offers these tips on what you should do in case a tornado hits your community.

AFTER

■ Cooperate fully with law en- forcement and disaster service officials. Check your local news media for instructions and infor- mation on emergency services available.

■ Notify your insurance agent of your loss as soon as possible. He can advise you what to do next.

■ Stay with your property to guard against vandalism or looting until law enforcement agencies organize protection.

—Protect against additional damage; board up broken windows or holes in the walls or roof; cover or otherwise protect furnishings from fur- ther damage by rain or wind. If necessary, have utilities turned off to prevent damage from explosion or fire.

■ Don't be rushed into signing repair contracts. Fly-by-night re- pairmen often prey on tornado victims. Be sure you know with whom you're dealing. Your insurance agent or adjuster should be able to help; or ask your Better Business Bureau or friends or relatives to recommend someone.

■ Keep receipts for all repairs and additional living expenses. Most homeowners insurance con- tracts will reimburse these costs; casualty losses exceeding \$100 that aren't reimbursed are gen- erally tax deductible.

MEDICARE PREMIUMS

Effective July, 1980, the basic monthly premium for Medical Insurance (Part B of Medicare) will increase from \$8.70 per month to \$9.60 per month. The increase in premium is due to an in- crease in physician fees, an increase in services provided, and an increase in the use and cost of outpatient hospital services. The

premium paid by medicare beneficiaries is less than one third of the cost. The federal government pays over two-thirds of the total premium cost for medical insurance.

Medical insurance helps pay for doctor's services, outpatient hospital services, and other medical services not covered by Medicare Hospital Insurance (Part A).

about the average cost of one day in the hospital.

Anyone who has a question about either part of Medicare, Hospital Insur- ance or Medical Insurance, should contact the Vernon Social Security Office located at 1701 Cumberland and the telephone number is 817-552- 9346.

Take stock in America.

There was also an in- crease effective January 1, 1980 in the Medicare Hospital Insurance deductible from \$160.00 to \$180.00 for the first 60 days of a hospital stay. This increase was also due to an increase in hospital costs. The deductible of \$180.00 is

JUST WHAT IS CYSTIC FIBROSIS?

Cystic fibrosis is an inherited disease mainly of infants and young children affecting breathing, sweat glands, and the pancreas which gives off juices that aid food digestion. People with this disease are most subject to serious infection in the breathing system, the pancreas working incorrectly, and increased sweating which can cause sudden collapse.

Because of the possibility of these events taking place, persons with cystic fibrosis should wear emergency medical identification so their need for special treatment will be known.

Locals Are Named To Tech List

(Editor's Note: This list of Texas Tech honor students may not be complete as many students now list Lubbock as their official mailing address and consequently the computer printout will not list them as being a resident of your area. This note is to help answer parents question if their son or daughter made the honor roll but is not listed.)

LUBBOCK -- Three local students were among more than 5,000 students at Texas Tech University who qualified for the dean's honor

rolls during the spring semester.

Among them were Brett Boone, son of Mr. and Mrs. Joe T. Boone; Mike Howell, son of Dr. and Mrs. R.G. Howell; and Sarah McGaughey, daughter of Mr. and Mrs. Allen McGaughey.

To qualify for the dean's honor list, a student must make at least a 3.0 grade point average on a 4.0 scale.

One of four major univer- sities in Texas, Texas Tech has an enrollment of more than 23,000 students in its six

colleges and two schools. They are the colleges of Agricultural Sciences, Arts and Sciences, Business Ad- ministration, Education, Engineering and Home Economics and the Graduate School, the School of Law and the School of Medicine.
