ASSASSIN SLAYS PRESIDENT, WOUNDS GOVERNOR CONNALLY

SIXTY-FIVE YEARS of service to the Snyder Fire Department are represented here. Service pins were awarded at the Fireman's Banquet Thursday night to N. W. Autry, 35 years; L. T. Keller, 15 years; Bill Engler, 10 years; and Bennie Benitez, 5 years.

THE FIREMAN-OF-THE-YEAR certificate was presented Thursday night to Jim Caddell, right, by Roy Meador, representing KSNY Radio. Among other things, Caddell was selected for his perfect attendance at drills and for answering a high percentage of all fire calls.

Caddell Is Top Fireman

Jim Caddell is Snyder's Fireman-of-the-Year.

Caddell was chosen to receive the annual award by a secret vote of the members of the regular and the volunteer fire departments. The presentation of the award was started seven years ago by the late J. T. Hughes, and has been continued since his death by KSNY Radio.

Melvin Newton, a veteran of 43 years of service with the fire department, was to make a presentation to Mrs. Hughes in appreciation of her's and and the radio station's continuing interest in the department. Mrs. Hughes, however, was out of the city, and Roy Meador, employe of KSNY, accepted in her behalf. Meader also made the presentation to Caddell.

One hundred and sixty - two persons were served a traditional Thanksgiving menu at the banquet which was held at the Central Elementary School.

N. W. Autry, fire chief emeritus, gave the welcoming address. Autry noted that he had missed only one of the annual banquets since they were started 37 years ago. He singled out Melvin Newton as the only other person there who had attended that first occasion.

Joe Williamson, who acted as master of ceremonies, was introduced by Floyd Allmand, president of the Volunteer Firemen's organization.

A. B. Parker, Rotan fire chief, made a few brief remarks in appreciation to the Snyder Fire department.

Service pins, presented by Snyder fire chief Warren Boyd, went to N. W. Autry, 35 years service; L. T. Keller, 15 years; Bill Engler, 10 years, and Bennie Benitez, 5 years.

Guests at the banquet were introduced by L. O. (Doc) Bynum. These guests included the Air Force firemen stationed at Winston Field; city officials; city police officers, L. E. Haynes, representing the sheriff's department; highway patrolmen; T. E. McCollum, representing the schools; ministers, county commissioners; honorary members; wives of deceased fire department members; and the press.

Chief Boyd presented the yearly report of the department. The report showed that the department answered 434 calls during the year just ended, and that insured fire losses were $88,289.37.

Of these calls, 319 were within the city limits of Snyder and 125 outside of the city. Approximately 3,500 man - hours were spent during the year fighting fires, Boyd said.

Congolese Expell Red Diplomats

LEOPOLDVILLE, the Congo (AP) — The Congolese government is expelling the Soviet diplomatic mission from Leopoldville for the second time in three years but Premier Cyrille Adoula says he is not severing diplomatic relations with Moscow.

The premier charged the Russians Thursday with subversive dealings with antigovernment exiles across the Congo River in neighboring Brazzaville.

Adoula set no deadline for Soviet Ambassador Sergei Nemtchina and his 100-member mission to leave but that the Russians probably would be given 48 hours.

Adoula said his government will consider the credentials of any new diplomats the Soviets might want to send.

There was no immediate Moscow reaction to the expulsion order.

Adoula said he did not have sufficient proof to support charges by members of his government that other Communist bloc nations and the United Arab Republic also were trying to subvert his government.

Governor's Condition Is Serious

DALLAS, Tex. (AP) — Gov. Connally was undergoing an operation for a gunshot wound in the chest at 1:30 p.m. (CST).

Connally's condition was said to be serious. He said that while the governor "was not out of the woods, his doctors said his vital signs were good."

The doctors said Connally had a good pulse and that his respiration was satisfactory.

• • •

AUSTIN (AP) — Gov. John Connallys office received word from Dallas today that "all vital signs are good" for the governor to survive today's ambush shooting.

U. S. Senate Adjourns

WASHINGTON (AP) — A shocked Senate adjourned today until noon Monday after a prayer by its chaplain for President Kennedy, shot in Dallas.

The House was not in session.

The President's younger brother, Sen. Edward Kennedy, D-Mass., was presiding over the Senate when he received word of the shooting.

He went to his office but left there almost immediately. His staff said they do not know where he had gone.

Atty. Gen. Robert Kennedy, the President's other brother and closest adviser, was having lunch at home when word of his brother's shooting reached him.

Kennedy's personal secretary said the attorney general was remaining at the Kennedy Hickory Hill estate in McLean, Va.

All activity at the White House —as, apparently, in every office of the government—came swiftly to a stop when news of the ambush shooting in Dallas arrived.

Reds Reject US Protest

MOSCOW (AP) — The Soviet Union accused the United States today of trying to make the rules for Soviet policing of Western convoy traffic on the Berlin autobahn. The Russians warned they would not permit this.

A Russian note to the U. S. government rejected an American protest over the stalling of a U.S. Army convoy for 42 hours Nov. 4-5 because the Americans refused to dismount from their vehicles and be counted.

The Soviet reply renewed the threat of more interference with Allied troop convoys on the 110-mile lifeline highway between West Berlin and West Germany. The Allies insist they have the right to move on the autobahn as they like.

The Kremlin note said: "The claims of the American authorities to establish at their discretion the range of duties and manner of action of Soviet representatives at the checkpoint in checking American servicemen are in general absolutely untenable."

Since Oct. 10 the Russians have held up three American convoys and one British convoy at Soviet checkpoints on the autobahn because the convoy commanders refused to allow their men to be counted.

The Western Allies said their long-established procedure was to permit their troops to dismount for a Soviet headcount only if more than 30 men were aboard, not counting drivers and co-drivers.

The Western Powers spelled out this procedure to the Soviet Union Oct. 29.

During the six-week period since Oct. 10, a number of other allied convoys with less than 30 passengers have made the autobahn trip with interference.

The Russian note warned that the entire responsibility for possible undesirable consequences of the violation by American servicemen of control procedure at Soviet checkpoints will rest entirely with the American side."

The U.S. protest note was delivered Nov. 6.

Ambushed In Dallas

DALLAS (AP) — President John F. Kennedy, thirty-sixth president of the United States, was shot to death today by a hidden assassin armed with a high-powered rifle.

Kennedy, 46, lived about 30 minutes after a sniper cut him down as his limousine left downtown Dallas. Newsmen said the shot that hit him was fired about 12:30 p.m. (CST). A hospital announcement said he died at approximately 1 p.m. of a bullet wound in the head.

Automatically, the mantle of the presidency fell to Vice President Lyndon B. Johnson, a native Texan who had been riding two cars behind the chief executive.

There was no immediate word on when Johnson would take the oath of office.

Asst. presidential press secretary Malcolm Kilduff said Johnson was not hit. The new President previously had been reported wounded.

Kennedy died at Parkland Hospital where his bullet - pierced body had been taken in a frantic but futile effort to save his life.

Lying wounded at the same hospital was Gov. John Connally of Texas, who was cut down by the same fusillade that ended the life of the youngest man ever elected to the presidency.

Connally and his wife had been riding with the President and Mrs. Kennedy.

The First Lady cradled her dying husband's bloodsmeared head in her arms as the presidential limousine raced to the hospital.

"Oh, no," she kept crying.

Connally slumped in his seat beside the President.

Dragnet Of City Is Ordered

Police ordered an unprecedented dragnet of the city, hunting for the assassin.

They believed the fatal shots were fired by a white man, about 30, slender of build, weighing about 165 pounds, and standing 5 feet 10 inches tall.

The murder weapon was reportedly a 30-30 rifle.

Shortly before Kennedy's death became known, he was administered the last rites of the Roman Catholic Church. He had been the first Roman Catholic president in American history.

Even as two clergymen hovered over the fallen President in the hospital emergency room, doctors and nurses administered blood transfusions.

Kennedy died of a gunshot wound in the brain at approximately 1 p.m. (CST) according to an announcement by acting White House press secretary Malcolm Kilduff.

The new President, Lyndon Johnson, and his wife left the hospital a half hour later. Newsmen had no opportunity to question them.

The horror of the assassination was mirrored in an eyewitness account by Sen. Ralph Yarborough, D-Tex., who had been riding three cars behind Kennedy.

"You could tell something awful and tragic had happened," the senator told newsmen before Kennedy's death became known. His voice breaking and his eyes red-rimmed, Yarborough said:

"I could see a Secret Service man in the President's car leaning on the car with his hands in anger, anguish and despair. I knew then something tragic had happened."

Counts Three Rifle Shots

Yarborough had counted three rifle shots as the presidential limousine left downtown Dallas through a triple underpass. The shots were fired from above—possibly from one of the bridges or from a nearby building.

One witness, television reporter Mal Couch, said he saw a gun emerge from an upper story of a warehouse commanding an unobstructed view of the presidential car.

Kennedy was the first president to be assassinated since William McKinley was shot in 1901.

It was the first death of a president in office since Franklin D. Roosevelt died of a cerebral hemorrhage at Warm Springs, Ga., in April 1945.

McKinley was enjoying a vacation when he died. McKinley had been shaking hands at a reception at an exposition in Buffalo, N.Y.

Kennedy and his wife had just passed the halfway point in a three-day speaking tour through Texas.

Mrs. Kennedy Cries In Horror

Though Mrs. Kennedy cried, "Oh, No," in horror and despair after her husband was shot, she did not collapse or give way to hysteria.

When she entered the hospital her clothing was covered with blood from her husband's wounds.

Lt. Erich Kaminski of the Secret Service said the assassin's weapon appeared to have been a "high-powered Army or Japanese rifle of about 25 caliber." The rifle had a scope on it, he said.

The entire building where the sniper was located was evacuated. People were working in the building at the time of the shooting.

Dallas inspector J. H. Sawyer said, "Police found the remains of fried chicken and paper on the fifth floor. Apparently the persons had been there quite awhile."

After the fatal shots were fired at Kennedy, the stricken President's Secret Service driver raced away from the scene at top speed—heading for the nearest hospital and trying to get the presidential party out of range of further gunfire.

Kennedy, Connally and their wives had been riding together in the President's familiar dark blue, bubbletop convertible. The transparent plastic roof of the vehicle had been removed for the motorcade.

Federal School Assistance Viewed As Growing Threat

By G.K. HODENFIELD
AP Education Writer

PORTLAND, Ore. (AP) — A prominent educator has charged that a vigorous campaign has been mounted, in and out of Congress, to provide federal funds for private and parochial schools from kindergarten through college.

Edgar Fuller, executive secretary of the Council of Chief State School Officers, made the charge in his annual report to the council. The council adopted it in announcing in a closed convention session Thursday.

Fuller said "the campaign is active and gaining strength. . . Unless it is blunted the public schools will be financially undermined in thousands of American communities."

The council is an organization of state superintendents and commissioners of education from the 50 states and from U.S. possessions overseas.

The council, Fuller said, is committed by long-standing policy "to oppose any legislation which would splinter the public tax dollar for distribution to private institutions of education at any level for the institutional use of the schools or colleges."

The council does not object, Fuller said, to the use of federal funds by private colleges and universities "for such noninstitutional uses as research contracts, scholarships, fellowships and the like."

He singled out for particular criticism the powerful American Council on Education, the nation's leading spokesman for higher education, the leadership of the 860,000-member National Education Association, and a bill introduced in Congress by Rep. James Delaney, D-NY.

He made no mention of the efforts of the Catholic Church hierarchy to secure federal funds for private and parochial schools.

Delaney's proposed legislation would authorize general federal payments to parents of private school children, and equal payments to public school district for public school children.

"The temptation," Fuller said, "would be for a predominantly Methodist community to establish Methodist schools, and for communities with concentrations of Lutherans, Jews, Mormons, Baptists and Black Muslims or other denominations to do the same."

DUSTY RANDELL of Amarillo will call for a square dance at the Snyder National Guard Armory Saturday night. The dance, given by the Country Cousins Square Dance Club, will start at 8 p.m. and all square dancers as well as spectators are invited.

Physicians Make Few Night Calls

By WLLIAM J. Conway
Associated Press Staff Writer

CHICAGO (AP) — What has happened to doctors' old-fashioned night calls at homes?

This inquiring reporter made a quick sampling at this week's meeting of the Illinois Academy of General Practice.

Talks with seven family doctors from all parts of the state — all of whom make evening visits — left these impressions:

By and large, family doctors still make night calls. But they get fewer calls because of the patient's consideration for the physicians's health and his own money. One medical man estimated fees are 30 to 50 per cent higher after dark.

"The truth is we don't get as many night calls as we used to," said Dr. John D. McCarthy of Riverside, "largely because the patients have increased concern for the doctor's welfare and have become accustomed to going directly to the emergency room in a hospital, especially in cases of trauma. It gets the patient under treatment quicker, with better results and less expense to everybody concerned."

Some of the doctors asked anonymity.

"When the price goes up, people don't call you as often," commented a physician from a small town in Northern Illinois. "I'm glad to make them (calls) now at the price I charge for them."

"I wish I had a dime for every time I had to dress and go out on a call," said a medic from a community of 15,000 in Southern Illinois.

95th Birthday Excites John Garner

UVALDE (AP) — Birthdays can still be exciting even to a man of 95, says former Vice President John Nance Garner.

"All these packages and cards make my old heart go pittypat," confessed the white-haired Texan who spent 30 years in Congress and eight more as vice president before quitting politics 23 years ago.

Now, still fairly active but with eyesight dimming, he lives quietly in a little house beside the home Garner donated for a museum some years back.

"It's good to have friends remember you," he observed yesterday while preparing to mark another birthday.

In advance of today's observance, word came that President Kennedy, a fellow Democrat visiting in the state, would telephone Garner congratulations.

One of his birthday gifts was a new hat from Vice President Lyndon Johnson, back in Texas with Kennedy. It was being brought here from Austin by lawyer Ed Clark, a Democratic party figure.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have a 15-year-old son who sneaks out to smoke. He has admitted it. But he says he doesn't smoke cigarettes; he smokes a pipe because it isn't the TOBACCO that causes lung cancer, it's the PAPER. He said his biology teacher proved to the class that this was true by burning the tobacco through a filter and then burning the paper through a filter. The tobacco filter came out clear, while the paper stained the filter. Is this ture? Thank you.

SMOKER'S MOM

DEAR MOM: No! I think your son's biology teacher has been watching too many commercials. Or your son is having "pipe" dreams.

DEAR ABBY: Has a marriage ever worked out when the man was once married to his second wife's sister? That's my problem now. My sister and "L" were married for five years. She was 22 and "L" caught my sister running around on him and, after giving her several chances, he got fed up and divorced her. His mother is raising the children. "L" and I have been seeing each other for three months and, Abby, we are terribly in love and want to get married. When I told my parents, they hit the ceiling and said it would never work. My sister keeps running him down. Abby, he is a fine man and I love him. I am 21 and he is 29. Can this marriage work?

IN LOVE

DEAR IN LOVE: Certainly. But prepare to choose between "L" and your family.

DEAR ABBY: My wife and I were in a downtown office building yesterday. We got into a very crowded elevator. I couldn't get my arm up to reach my hat, so I just left it on. When it came time to get off I was near the elevator door, so I just stepped out ahead of the others, not noticing if I got out ahead of any ladies or not. My wife chewed me out all the way on both counts, saying it was time I learned some manners. Well, Abby? If you're going to stick up for the women again, please toss this in the waste basket.

STAN

DEAR STAN: Your letter is going into the newspaper — not into the waste basket! You were RIGHT on both counts! Common sense always precedes rule-of-thumb etiquette.

Well Decorated Model Homes Sell Houses

By VIVIAN BROWN
AP Newsfeatures Writer

Builders who complain they can't sell their houses should fire their wives who decorate them. Garish decorating of amateurs keeps many good houses from moving, says "project doctor" James Mills of New Canaan, Conn. Mills advises builders who are having trouble moving their houses.

"Many builders leave the selection of important items in the home to their wives or just anybody. You'll find all - black baths with gold - type fixtures, dramatic colors in some rooms that would nauseate you, horrible lighting fixtures and other gagged - up doo - dads. Many ideas are picked up from cheap hotels visited in resort areas or from cheap magazines," he explains.

Often the builder's wife goes to a local store and makes a deal to snap up some surplus stock at a big bargain.

Mills travels over the country in his job as president of Home Facts, a service organization sizing up areas at builder's request where homes are not moving. He finds fixtures and model home furnishings often keep an otherwise good house from being sold. But fortunately bad decorators are in the minority.

"Many model homes are pretty terrible and the furnishings are deterrents. The poor use of color or wall coverings often gives a nightmarish look to an otherwise good house," he says.

There are other reasons why homes do not move, of course, he says, such as ridiculous standards for home fashions set even by some good magazines.

"A recent list of musts for a new home put out by a magazine included a cathedral ceiling, garbage disposal, dishwasher, barbecue rotisserie. And you aren't considered with it unless you have luminous ceilings, double lavatories and a single-control mixing faucet," he says.

This makes the average woman unhappy about what she can find for what she can afford to pay. If she insists on having extras, it may mean several feet lopped off the house to cut costs.

Mills feels it should be more desirable to give a woman a large pantry to solve her storage problems of those large boxes of cleaning powders and foodstuffs and all sorts of small appliances.

"The No. 1 disease in this business is where builders have been adding little bits and pieces of added features to a house. One builder in Texas sold 107 houses in 1961 and 1962, but only eight houses in 1963. His competitor was giving more square footage for $3,000 less. The result was the builder who was failing had to revamp his thinking and strip his new houses to basics."

When home seekers actually have a choice, Mills says, they will invariably choose the house with more space to the one with added attractions that they can always add later themselves if they like.

Women often mislead builders, he says. Many surveys have been taken by groups determined to find out what women really do want in a house but "women are unreliable in saying what they want or don't want," Mills says. Often they buy the very thing they said they didn't want. Everything sounds great until they find out how much it costs.

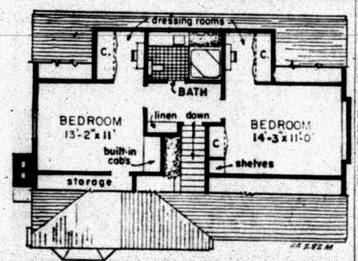

There are some very good house planners and decorators of model homes in the country who know enough about what they are doing to make a home more salable, says Mills. About 70 per cent of homes are sold as a result of furnishing a model home, his research has shown. One Washington husband and wife team furnish a home by computer.

"Women who have owned homes previously are more knowledgable, and seek practical features," he points out. They want to be sure they have an entranceway to the garbage spot, even if they have a disposal. They have favorite types of heating. They don't usually like doors opening into living rooms. They are once again looking for spacious bedrooms that give them a little niche for sewing or reading," he says.

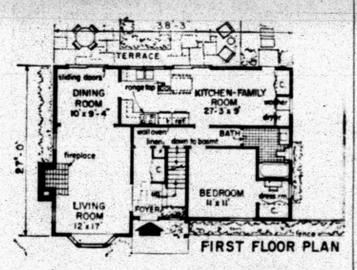

The world's wind system reaches up some 22 miles. It is so intricate that a gentle breeze may blow westward at ground level while, high above, a jet stream races eastward at 300 miles an hour.

Republicans Jumping Gun On '64 Election Campaign

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Republicans are making a great leap forward.

It's only the fall of 1963 but they're making it sound like their 1964 election campaign against the Kennedy administration.

"Things have gone from bad to worse," said New York's Sen. Jacob K. Javits.

"Our international standing has clipped low, indeed," said Texas' Sen. John Tower.

Said Illinois' Sen. Everett M. Dirksen, leader of Senate Republicans: President Kennedy is "engaging in dangerous economic brinkmanship."

Said Indiana's Rep. Charles Halleck, Republican House leader: The Kennedy administration "adds up to almost total failure for . . . three empty years."

And Dirksen and Halleck together said: Kennedy is offering the country "apologetic and bankrupt" leadership.

Kennedy himself, meanwhile, has been out building his fences for re-election although he hasn't opened up on the Republicans yet.

He can afford to wait since the Republicans at this point aren't sure what kind of leader they want themselves.

In replying to GOP criticism of Kennedy, Senate Democratic Leader Mike Mansfield suggested:

Critics of Kennedy should ask themselves: "What would I do if I were in the President's shoes?"

This was a real toughie, as can be seen from what the Republicans' two front-runners for the presidential nomination have been saying.

These two — New York's Gov. Nelson A. Rockefeller and Arizona's Sen. Barry Goldwater — have done no end of talking without any agreement on how they'd handle the White House.

Kennedy, while trying to ignore the Republicans' complaints except for an occasional jibe or two, is prepared to campaign for re-election with the claim he got the country moving again.

It has been forecast that his main campaign themes will be peace and prosperity. He had already laid the groundwork for part of this by pointing to "significant progress on the economic front."

Whether he can point to peace, too, depends on whether there is any by election time next year.

Halleck has stuck his finger into one of the weakest spots on the Democratic front: The astonishing record of sloth piled up by this Congress in which Democrats run the show by far outnumbering Republicans.

Halleck puts the blame for this dilapidated Democratic showing on Kennedy's "mismanagement." Because of the big Democratic majorities in both Houses, Halleck says, Kennedy "can have no alibi."

It's true Kennedy has shown mighty little fire in trying to get his own Democratic-run Congress to approve his programs. He never criticizes Congress.

Least of all does he criticize the individual Democrats in Congress who torpedo him. But then the Democratic party at times looks more like a group of factions than a party.

It's split into conservatives, liberals and some rare reactionaries.

But so are the Republicans, one of the realities which Halleck, Dirksen and the rest find nicer not to mention although any Republican president, like any Democratic president, would have to deal with these factions.

It's the power of these factions, especially when they cross party lines to combine, that often makes the election-year campaign promises of the parties look like a joke.

Junior Editors Quiz on BIRDS

QUESTION: Do any birds have teeth?

• • •

ANSWER: At first glance, the Merganser, a kind of duck, seems to have teeth; but these are saw-toothed edges to his bill rather than real teeth. The Merganser uses them to strain his food when feeding underwater.

Birds do not have teeth because they do not chew their food as we do but swallow it whole. Various birds do have most ingenious bills which help them to feed. The heron's bill acts as a long sharp spear by which he can catch fish; the finch has a wide powerful bill useful in cracking seeds and nuts; the hawk's bill serves as a knife and fork with which he can cut his food into pieces.

Scientists tell us that the strange creatures from which birds descended actually did have real teeth. We illustrate one of these, called "Archeornis." Notice the lizard-like head, the long tail and claws on the bend of the wing. The scientists base their knowledge of these on fossil prints found in rocks.

• • •

FOR YOU TO DO: Watch some birds around your house or in a park and study them to find out how they use their bills as tools. You will realize that next to his wings, a bird's bill is his most valuable possession.

Columnist Reflects On His Career

By HAL BOYLE

NEW YORK (AP)—Now and then a fellow ought to rear back and take a long steady look at how he earns his living—and what his work means to him.

It came as something of a shock to me the other day to realize I had been writing a daily newspaper column for 20 years, which made me feel something like a dinosaur at the typewriter.

I had to admit also to a feeling of humility. During those two decades I had composed more than 5,000 immortal messages to mankind, and what had they achieved? Very little, I must confess.

The world still seems embroiled in a great big mess, but I can't see that this is altogether my fault. No man can make a better world single - handed, and I don't feel I've had enough help on the job.

And besides, I'm not through. Give me another 20 years, and I may be able to save civilization yet — the modest goal of every columnist, in one way or another.

The life of a columnist is hardly what some romantic members of the public think it to be. In this beatific vision, the columnist dwells in a penthouse, rides to work in a chauffeur - driven limousine, spends his afternoons giving advice by long distance to President Kennedy and Premier Khrushchev, and his evenings in the glamorous company of movie and society queens.

It hasn't quite worked out that way with me. My chauffeur is a bus driver, I live in a four-room, well-appointed tenement apartment, film dolls rarely invite me out to supper, and sometimes days and days go by without either Kennedy or Khrushchev asking me for help.

No wonder the world's in such a pickle. I haven't been given the tools to do the job.

Some more personal notes on the columnist's trade:

It enlarges the soul, but wrinkles the brain.

There are those who believe that writing a column is an easy racket, but Don Marquis said it best long ago when he described this peculiar form of industry as "digging a daily grave."

Nine out of 10 column readers firmly believe that, given the same opportunity, they could do a better job. And any columnist, if he is honest, must wonder if perhaps six of them aren't right.

What is the real reward of columning? It is that old cliche of the newspaper world—"You meet such interesting people."

People make up a columnist's universe, and they are endlessly exciting—the schemers and dreamers, the oddballs and the geniuses, the rut-contented and both plowers. And there is no danger of running out of fresh material, as more people are born every day.

There is one other reward. A columnist is free, in Horace Greeley's phrase, to seek "the bright sunbeam of truth."

What more could a fellow want?

Albie Pearson and Jim Fregosi both played in 154 games for the Los Angeles last season.

Tigers, Chiefs Meet In District's Finale

The Snyder Tigers will be shooting for a perfect district record tonight when they meet the Lake View Chiefs at 7:30 in Tiger Stadium. It will be the last regular season game for both teams.

Snyder, who has already cinched a bi-district playoff spot, will be trying to win the district championship outright. The Tigers would only be co-champions of District 3-AAA if they were to lose to the Chiefs and the Sweetwater Mustangs were to beat Brownfield tonight.

In meeting Lake View, the Tigers will be up against a team that is hungry for a victory. The Chiefs have not won in nine outings this year, although they have two ties on their record.

In spite of their winless record, the Chiefs have looked good while losing some of their recent games. Brownfield, whom the Tigers edged out 16-15, was hard-pressed by the Chiefs, although the Cubs finally won 21-12. The Chiefs were tied by Colorado City, the team that threw a scare into Snyder last week. In the Lake View - Colorado City game the Chiefs were ahead of the Wolves in practically all of the statistics.

The contest tonight will pit the top two scorers in District 3-AAA against each other. Leslie Brown of Snyder leads all scorers in the district with 78 points for the year, and C. L. Avants of Lake View is in the second spot with 62 points. In district competition Brown has 38 points and Avants is second with 30.

Avants has continually been the big gun for Lake View. He usually carries the ball more times than the other backs put together. He was the leading ball carrier against Brownfield, going for 165 yards in 25 carries. He rushed for over 200 yards against Lamesa, making more yardage against the Tornadoes than the entire Snyder team did.

Avants has had some help from a number of good boys. Jerry Mabry, who weighs 167 pounds, plays quarterback and has proven to be a good field general. The other two starting backs will be David Blythe, 150 pounds, and Sidney Patton, 122 pounds.

The Chiefs have several real hefty linemen. Right end Sam Keel, 175 pounds, and right guard Ronnie Upton, 191, are two of the mainstays of the line. Those two boys, along with left guard George Duran, 166, serve as captains for Lake View.

The Tigers will be starting with some new faces in the lineup, due to some ailments which have hampered some of the regulars. Coach Bostick is planning on opening with Jay Williamson at the fullback spot, Rob Hall and Leslie Brown at the halfback positions, and Jim Marcum at quarter. One new face in the line will be Jeff Graham at the center post.

The Snyder - Lake View series is a relatively new one, as the first contest between these two teams was played in 1950. Then there was a lapse of five years before they met again. Since that time they have played every year.

In the eight games that the two teams have played Lake View has only won one time. That was in 1961 when the Chiefs defeated the Tigers 34-29, and then went ahead to win district.

Serving as captains for the Tigers tonight will be all of the seniors on the team. Those seniors are Jim Marcum, Jimmy Wilson, Rob Hall, Danny Aycock, John Finke, Jackie Stewart, Larry Lee, Phil Moore, and Billy Stewart. Three more seniors started the year with the Tigers but were sidelined by injuries. They are Terry Williamson, Kirby McCravey and Edward Schulz.

The Snyder - Lake View series down through the years is as follows.

1950 Snyder 34 Lake View 7
1956 Snyder 46 Lake View 0
1957 Snyder 40 Lake View 0
1958 Snyder 20 Lake View 0
1959 Snyder 54 Lake View 0
1960 Snyder 14 Lake View 6
1961 Lake View 34 Snyder 29
1962 Snyder 14 Lake View 12

Many Titles Going On Line Tonight

By The Associated Press

District and bi-district championships go on the line all over the place Friday as the Texas schoolboy football campaign hits its most important point yet.

Classes AAAA and AAA, with 11 district championships to be determined, will be closing out the regular campaign. Top-rated San Angelo and defending champion San Antonio Brackenridge already are safely in the playoff fold of Class AAAA.

Defending champion Dumas AAA also is ready to begin a drive toward a third straight title.

Classes AA and A are starting the playoffs. One game already has been run off. Van Alstyne edged Frisco at McKinney 8-6 in a Class A bi-district contest.

Tonight in Class AA, Denver City plays Muleshoe, Jacksboro meets Weatherford, Van takes on Pine Tree, West tackles San Saba, Rockdale plays Taylor, Katy meets Livingston, Liberty takes on Beaumont Forest Park, Missouri City Dulles plays Palacios, Sinton rolls against Bishop and Hebbronville engages Donna.

Saturday it's Dalhart vs. Tulia, Wichita Falls Hirschi vs. Winters, Crane vs. Dublin, Rockwall vs. Lake Highlands, Paul Pewitt vs. Linden-Kildare and San Antonio East Central vs. Hondo.

In Class A tonight, it's Stratford vs. Wellington, Farwell vs. Petersburg, Albany vs. Goldthwaite, Henrietta vs. Keller, Clifton vs. Midlothian, Jefferson vs. Rains, Elkhart vs. Rosebud, Round Rock vs. Bastrop Hull-Daisetta vs. Houston King, Louis vs. George West, Boerne vs. Somerset and Woodsboro vs. Rio Hondo.

Saturday Seagraves plays Merkel, Camutillo meets Big Lake and Hallsville opposes San Augustine.

Pee Wee Stars In Action Saturday

The Scurry County Boys Club Pee Wee All-Stars will entertain teams from Amarillo in a doubleheader Saturday night in Tiger Stadium.

The local "lightweight" stars will tangle with the lightweight Amarillo Kids Incoporated team at 6:30 p.m. while the "heavyweight" stars of the same organizations will face each other at 8 p.m.

Tickets to the games, which are now on sale at the Boys Club, are priced at $1 each for adults and 50 cents for students. The proceeds from the ticket sales will go to support the Boys Club Pee Wee Football program here.

Last week, the two local teams went to Amarillo for games with teams of the Maverick Boys Club. The local heavyweight contingent battled to a 0-0 tie, while the local lightweights dropped a 28-14 decision.

The Snyder teams are made up of boys who performed in the Boys Club Pee Wee League during the regular season, and youngsters from all four teams in the league are represented on the two clubs.

Norman Fulks and Lonnie Crosby are coaches of the local heavyweight stars, while Walter Hales and Avon Rushing pilot the lightweight group. During the regular season Rushing coached the Colts, Fulks the Frogs, Crosby the Hotshots and Hales the Bears.

Saturday night's games will conclude football activity of the Pee Wee League for this season.

Two Latecomers Take Cajun Lead

LAFAYETTE, La. (AP) — Two latecomers to the pro golf circuit led the field in the $20,000 Cajun Classic today with six-under-par 66s.

Joe Moresco of Woodmere, N.Y., and Duke Matthews of Eugene, Ore., both had 35-31 cards for the opening round over the 6,555-yard 36-36—72 Oakbourne Country Club course Thursday.

Of the 150 golfers entered, 78 were par or better for the day. Lurking three strokes back of the leader was Jack Nicklaus, ace of the field.

Former Stanford pitcher Darrell Sutherland has been added to the Philadelphia Phils roster to protect him from the first-year player draft.

Rebs, 'Bama Could Meet

NEW ORLEANS (AP) — The unofficial word today was that third-ranked Mississippi and seventh-ranked Alabama will tangle in the Sugar Bowl football game Jan. 1.

The New Orleans Mid-Winter Sports Association declined to confirm the report.

Marshall David, Sugar Bowl president, said the final selection cannot be announced until season's end and that Alabama, Auburn, Ole Miss and other teams are still under consideration.

The Times-Picayune said the Sugar Bowl had the choice of inviting Alabama now or losing the Tide to the Bluebonnet Bowl in Houston.

Alabama has two precarious engagements left on its card—a clash with Auburn Nov. 30 and Miami Dec. 7. The Tide record is 7-1, the loss being a 10-6 beating by Florida.

Ole Miss was tied 0-0 by Memphis State but remains undefeated. The Rebels collide with surprising tough Mississippi State Nov. 30.

Cardinals Hope To Control Ball Against Giants Sunday

By TED MEIER
Associated Press Sports Writer

You can't score if you don't have the ball. The coaches call it ball control.

And that's the way the St. Louis Cardinals plan to play against the New York Giants Sunday in what shapes up as the top pro football game of the day. A full slate of 11 games is on tap with every team in both the National and American Leagues in action.

Just as a week ago when they upset the Cleveland Browns, a victory over the Giants is a MUST for the Cardinals to stay in contention for the Eastern Conference NFL title. In fact, a St. Louis victory could very well create a three-way tie between the Giants, the Cardinals and the Browns.

The Chicago Bears, who gained undisputed possession of first place in the Western Conference by beating Green Bay last Sunday, tangle with the dangerous Steelers at Pittsburgh in another potent NFL struggle. In the others Dallas is at Cleveland, Baltimore at Los Angeles, Detroit at Minnesota, Washington at Philadelphia and Green Bay takes on San Francisco at Milwaukee.

In the American League Houston is at San Diego in a battle of divisional leaders, Oakland is at Denver, Buffalo is at Boston and Kansas City at New York in a Polo Grounds setto in direct conflict with the NFL clash between the Cardinals and Giants just a hop, skip and jump away at Yankee Stadium.

The Giants whipped the Cardinals 38-21 earlier this month in St. Louis as part of their five-game winning streak.

A St. Louis victory, coupled with a Cleveland triumph, would create the triple tie between the Cards, Giants and Browns. Each would have an 8-3 record.

Pittsburgh, 6-3-1, still has title hopes and if the Steelers upset the Bears, a St. Louis victory would really snarl the Eastern Conference standings. Not only that, but a Pittsburgh victory, coupled with a Green Bay triumph, again would tie the Bears and Packers for first in the West.

Fullback Rick Casares is lost to the Bears, but the current edition of the old Monsters of the Midway still are expected to beat the Steelers now that their first conference title in seven years is within their grasp. Injured quarterback Bart Starr may play for Green Bay for the first time in five games while Jimmy Brown of Cleveland can set and NFL season rushing mark by getting 81 yards against Dallas. He now has 1,447 yards and he set the record of 1,527 five years ago.

The Houston at San Diego fray is the top game in the AFL and it is being billed as a preview of the championship battle in December between the divisional title winners. The Oilers lead the Eastern Division with a 6-4 mark while the Chargers, 8-2, head the Western Division.

With the loser facing elimination, the Buffalo at Boston game is of No. 2 importance in the AFL. The teams now are tied at 5-5-1 for the runner-up spot behind Houston in the East. The Bills pulled out a 28-21 over the Patriots in their first meeting this season.

The New York Jets, still with a faint hope at 4-5-1, expect to stay in the running by beating Kansas City. The Chiefs, last year's AFL champions, have only a tie to show in their last six games.

Trojans Win 1, Lose 2

FLOYDADA — Lincoln of Snyder won one and lost two basketball games to Floydada teams here Thursday night.

The Lincoln girls triumphed, 43-25, while the Lincoln boys A team lost 62-52 and the Lincoln boys B team was nosed out 24-23.

For Lincoln girls, Mary Goosby had 19 points, Pearlie Scott 14, Johnnie Goosby 8, Emma Garrett 2. Cleo Ivory and Ruby Storey had 10 each for Floydada. Louline Brooks had 8 rebounds.

For Lincoln boys, Linwood Durst had 15, Lonzell Brown 16, Vernon Clay 10. Brown had 12 rebounds.

Curtis Clay had 7 points for Lincoln B, while Brady Cobbs had 6, Paul Barnes, 3, M. C. Powell 2, Langston Powell 2, Mathel McLaughlin 2 and Billy McLain 1. T. Jackson was high for Floydada with 10 points. Vernon James grabbed 10 rebounds for Lincoln.

Lincoln will hold its invitational tournament in Snyder tomorrow. Teams entered are Munday, Olton, Breckenridge, Floydada and Crane. Lincoln girls and Munday girls will open the tournament at 9 a.m., while Lincoln boys and Munday boys will meet in the tournament's second game.

Recommends Nat'l Park

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., said Thursday he had received formal notice that the National Park Service is recommending creation of a national park in West Texas.

The proposed park would embrace about 77,000 acres in the Guadalupe Mountains, including El Capitan and Guadalupe Peak, highest point in Texas.

Park service approval followed favorable action by the National Parks Advisory Board at its November meeting.

Yarborough has introduced a bill to authorize the park.

Army Physical For Clay In December

NEW YORK (AP) — Cassius Clay probably won't have to take his Army physical examination until the end of December, according to Selective Service headquarters.

The one-time laughing boy of boxing, who now appears glum at times, has obtained a draft transfer from Louisville to New York. Selective Service officials said Thursday his transfer papers have not yet arrived so no date for his exam can be set.

There seems little doubt that Clay will be able to go through his heavyweight title fight with champion Sonny Liston in February. No date or site has been announced yet.

Judo Meet Set

NEW YORK (AP) — The fourth annual invitational intersectional judo championships will be held Sunday, Nov. 24, at the New York Athletic Club, the NYAC announced today.

New Met outfielder George Altman played in three All-Star games when he was with the Chicago Cubs.

Ponies, Bears In Important Clash

By HAROLD V. RATLIFF
Associated Press Sports Writer

Baylor and Southern Methodist get together in the annual Baptist vs. Methodist football melee Saturday and the game has double-significance — for Texas and Baylor.

Texas is interested because a Baylor defeat would give the Longhorns the Southwest Conference championship. Baylor is interested because it would not only knock the Bears out of contention for a championship tie but would ruin their hopes of a bowl game.

Southern Methodist has a few things at stake itself, but they wouldn't be of any interest to outsiders. For one, if SMU should humble Baylor it would insure a 50-50 season — something Southern Methodist hasn't come close to in three years.

Texas, winner of nine straight games and with the Cotton Bowl host spot clinched, doesn't need the Baylor triumph over Southern Methodist. But it would have the Longhorns a lot of worry because if SMU doesn't turn the trick then Texas will need to beat Texas A&M on Thanksgiving to bring it about.

There are two more conference games on the Saturday schedule.

Rice, which faded from the title picture last week when it was upset by lowly Texas A&M, and Texas Christian play at Fort Worth.

Texas Tech and Arkansas meet at Fayetteville. A victory for Texas Tech would bring it a winning season for the first time in eight years. A defeat for Arkansas would give the Razorbacks their worst record since 1958 when it was 4-6.

Tech is 5-4 for the season while Arkansas is 4-5.

Texas and Texas A&M rest this week. They close out the season against each other next Thursday.

Three out of five last week. Timidly:

Baylor-Southern Methodist — Logic says Baylor but a team that's down in the dumps and has its biggest scoring threat out with an injury isn't likely to beat anybody. Southern Methodist in a close one.

Rice-Texas Christian — Rice does a better job or rebounding than TCU. Rice by a touchdown.

Arkansas — Texas Tech — Picking Tech to make it a 6-4 season by beating a slumping Arkansas.

Minister Sees No Prejudice In US

JOHANNESBURG, South Africa (AP)—A South African minister, back home from a study tour of the United States, says he never met the bitter prejudice toward the Negro he had expected to find.

The Rev. C. W. Parnell, pastor of the Johannesburg Baptist Church, said he deliberately looked for prejudice against Negroes.

"I hoped I would meet some rabid segregationists," he said. "but, although I met hosts of people, not one revealed himself to me as sympathetic to the Ku Klux Klan or anything of that type."

He said that may have been due to the fact he moved in circles related to churches. He added that the thought of many Americans seemed to be: "We are working toward integration. It has to come. We are not satisfied with our present race relations."

People told him of tremendous strides, led and inspired by Southern whites, since the war. They argued: "You cannot hurry changes in human relations. The real trouble is that the Kennedy brothers and others want us to move too fast. It is that compulsion which causes trouble."

The Rev. Mr. Parnell said segregation of restaurants in Nashville, Tenn., ended while he was in that city. "Although I lunched or dined in one of these restaurants every day during my 5-week stay there, I did not see a single Negro demonstration. The transition passed unnoticed by most people and very few Negroes bothered to take advantage of their new liberty. The protest appeared to be a matter of principle rather than a desire to eat at the restricted restaurants," he said.

"The Negroes simply did not want to be treated as different from the whites. This, of course, is the basic motivation in all color protests."

Parnell's views were published in the Johannesburg Star.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial arts molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

© WILLIAMS NEWSPAPER FEATURES
Fort Worth, Texas

...That is the simplest form of prayer, the most elemental act of Christian devotion..."*We thank Thee, Lord, for our daily food.*"

How is it at your house??? Is grace at meals a fixed habit where you live? Do you pause to offer homage to God for the edibles... the very things He alone can give? Or is your gratitude shown only once-in-a-while when the pastor is company, or when the children are all home for Thanksgiving dinner? How long is it, Dad, since the family heard your voice saying grace at the table...? or a word of simple prayer for their welfare...? or even bothered to urge another to say, "Thank you, Lord, for all these bounties???"

Dad, — Mother, — you owe your household this much of a godly heritage. Attend church regularly and say grace at mealtime. God will hear your supplication.
