MEXICO HUNTS DOWN MURDERERS OF AMERICAN CITIZENS

FIVE MEN HELD FOR DEATH OF JOE HALL AND REX MCILPONE

CONSUL BLOCKER TELLS EMBASSY OF ARRESTS

LOOK FOR OTHERS

NET TIGHTENS ON GANG WHO STONED RAIL WORKER

MEXICO CITY, March 25.—United States Consul Blocker at Mazatlan has notified the American embassy that five men have been arrested for the murder of Rex McIlpone and Joe Hall, both Americans.

Four of the men are charged with having murdered McIlpone at Tepic. The other man under arrest is charged with having been a member of the gang of Mexicans who stoned Hall to death near Ixtlan. The police have reported to the American consulate that others who had a part in the murder of Hall are being hunted.

Mexican Bandits Rob Americans

MEXICO CITY, March 25.—Six Mexican bandits captured and robbed three American mining men and their German companion while the group was traveling between the Asary mine at Durango, and San Lorenzo Tuesday night. The capture, details of which were learned Thursday took place near Coahuila. The Americans attacked were A. N. Weaver, Emil Kreglan and A. P. Morris. Adolpho Matz was the other member of the party.

Grazing Bill Is Offered in Congress

WASHINGTON, March 25.—A bill providing for an "adequate system" of stock grazing upon public land in the west, was introduced in the senate Thursday by Senator Norris, republican, Nebraska, and referred to the committee on agriculture.

I. S. Cobb Testifies On Wine Bath

NEW YORK, March 25.—Irving S. Cobb, humorist, was summoned before the federal grand jury Thursday in connection with investigation of Earl Carroll's wine bath party held several weeks ago on the stage of the Carroll theater. Cobb testified for 15 minutes and upon emerging from the jury room told newspaper men he had not been able to say whether liquor had been served at the orgy.

Marrs and Terrell Speak at Mission

MISSION, March 25.—State Superintendent of Public Instruction Marrs and Commissioner of Agriculture Terrell were the chief speakers at the Southwest Educational meet which opened here today for a three days session. Five hundred teachers from thirty counties are attending. Trips into Mexico and the valley are planned Friday.

SUSPEND SENTENCE SO OIL MAN CAN REPAY 'SUCKERS'

TEXARKANA, Ark., March 25.—Harvey B. Pratt pleaded guilty to using the mails to defraud in connection with Eldorado oil field frauds and was fined \$250 in federal court here today. Five other counts against Pratt were dismissed.

Ask A Boy Scout Who He Is

Dan Beard, founder and national commander of the Boy Scouts of America, with his flintlock rifle and buckskin costume at the flintlock rifle shoot of the Camp Fire Girls of America.

WILL TRY TO COLLECT Bizzell Opens FOR WAR-TIME SEIZURES S. M. U. Memorial

WASHINGTON, March 25.—Efforts will be made immediately to settle the claims of Americans rising out of seizures by Great Britain and France of American cargoes bound for Europe during the world war, Chairman Borah of the senate foreign relations committee announced Thursday after a conference with Secretary of State Kellogg.

Some of the claims will be paid, some arbitrated and some dropped, Borah said. Kellogg is collecting data on the claims now and until he concludes Borah will withhold action upon his resolution introduced several weeks ago in the senate demanding information concerning them.

Clubs Swing At Passiac Again

PASSIAC, N. J., March 25.—Clubs rained again in the New Jersey textile strike area when 35 Clifton policemen drove 1,600 strikers from the Ackerman street bridge between Clifton and Passiac. Five of the strikers were arrested before their comrades had been driven back over the Passiac trestle line. The police were awaiting the arrival of the strikers with clubs drawn and the latter crowded onto the bridge despite contrary orders with the evident intention of picking a fight. No one was seriously injured. The Dundee mills nearby.

Big Tim Murphy Free Again Today

LEAVENWORTH, Kan., March 25.—Convict 18,999 in the federal penitentiary here becomes "Tim" Murphy again Friday morning and, with his faithful wife who will greet him at the prison gates, will return to Chicago to resume his duties as president of the Gas House Workers Union. Picturesque and paradoxical "Tim" was "sent down" three years ago for participation in the \$385,000 Dearborn station mail robbery in Chicago. A prison term to the minds of the legion friends of the hardboiled labor leader means nothing, certainly not disgrace and they will greet him when he gets back with a great celebration.

The Weather

West Texas—Fair tonight; colder freezing north and frost south portions, Friday fair; not so cold north portions.

FASCIST AMBITIONS NOT INVOLVED IN ITALIAN DEBT SETTLEMENT, SAYS SMOOT, URGING RATIFICATION OF PLAN

Says Was Forced to Give Blood; Sues

DALLAS, March 25.—Damages of \$50,000 were asked of the Dallas Power & Light Co., by Clarence McAdams in a suit filed here today. McAdams stated in the petition that he sustained permanent injuries as the result of a blood transfusion to which he volunteered "under moral duress." McAdams declared he volunteered for the operation to save a fellow worker because he was afraid that he would be considered a "coward" and probably lose his job in event of non-compliance.

CITY WILL HAUL TRASH DURING CLEAN-UP

At a meeting of the city council yesterday afternoon it was agreed to cooperate with the civic bodies and health department of Lubbock in making the clean-up campaign April 4th to 10th a success, and tentative plans to have city wagons haul away the rubbish that will be accumulated during the campaign. These plans are to have all the light trash placed in boxes or sacks that can be handled by the wagon men and no cost to the property owners will be incurred in having this hauled away. Heavy rubbish, like bricks, rocks, parts of old automobiles and the like will probably not be included in that which will be handled by the city, and this will have to be moved at the expense of the property owners if plans that were discussed yesterday are finally adopted. The city council is aware of the fact that the campaign is being launched at an opportune time, and that the best efforts of the entire citizenship are deserved.

Human Sacrifice Probe Is Stalled

OAKLAND, Calif., March 25.—Little progress is being made toward solution of the "cult murder" of Marcio Timon and the mystery scenes destined for a place with other unexplained crimes. Timon, a man of small means was slain after he dabbled in the mystic rites of "the Satanic Order of Lucifer," a cult which is believed to have included the custom of human sacrifices among its medieval practices.

Jap Flyers Die as Naval Planes Crash

TOKIO, Mar. 25.—Two Japanese naval planes collided head-on Thursday during practice flights at the Kasumigaura aviation base. The two pilots were killed.

DENVER WRAPPINGS ON 22 QUARTS MAY LEAD OFFICERS TO ONE SOURCE LUBBOCK'S LIQUOR SUPPLY THEY SAY

Because 22 quart bottles of alleged whiskey found in a car in Lubbock last night were wrapped in Denver newspapers, officers believe they are on a hot trail to the source of much liquor which has been brought into Lubbock lately. They believe now that it has been coming overland through New Mexico.

BROWNSVILLE, March 25.—Eighteen Spanish aliens, the largest body ever to be arrested for crossing the Rio Grande are held here pending deportation proceedings. The party reported to authorities they had been robbed by a bandit gang on the American side, leaving them stranded.

GREY HAired TEACHER SOOTHES PANIC, SAVES 300 CHILDREN AT ORANGE

ORANGE, Texas, March 25.—While a cyclone shattered the windows and splintered timber of a little oil field school house here early today, P. N. Powell, grey haired superintendent, assembled his 300 pupils in the auditorium of the building and petted and caressed them until the danger had passed. Powell, who has but one arm, was the hero of this community tonight. He would not make himself heard above the roar of the storm, but moved about his students speaking to each and warning them not to leave the building or scream, lest they create a panic. Residents in this section declare that Powell undoubtedly saved the lives of a number of the children.

BRIAND TOTTERING TO ANOTHER FALL

PARIS, March 25.—The beginning of the fall of Premier Aristide Briand's ninth and possibly his last cabinet, is envisioned with the virtual decision of radical members of the chamber of deputies to oppose the cabinet's new financial projects. Re-organization of the cabinet is suggested on all sides "due to the departure from Paris of Louis Malvy, the bitterly assailed minister of the interior. Briand is firm in his determination that the chamber shall act favorably on the financial program, Paris can see nothing ahead but resignation of the premier. The point upon which the chamber will not yield is the proposed increase of business turnover taxes as called for in the program of Raoul Peret, minister of finance. Socialists of the chamber have voted to urge member of the finance commission to seek other solutions of the financial problem than those outlined by Peret.

'CANDY KID' OFFERS FULL CONFESSION IF N. Y. COPS WILL RELEASE HIS WIFE 'TIGER GIRL'; POLICE ARE SCEPTICAL

NEW YORK, March 25.—From his cell in the Tombs, Richard Reiss Whittemore, leader of a bandit gang, has proposed to bargain with his captors. "If they will free my wife, I'll give up the entire works and astonish New York," he promised. Whittemore's wife, daughter of a Baltimore charwoman is the "tiger girl" who is held incommunicado while the police try to draw from her further light on the activities of her husband's gang. The gang is behind bars, accused of no less than six murders and an extraordinary series of jewelry robberies and hold ups. They were the "night club" gang, dapper habitués of fashionable midnight rendezvous who studied their intended victims and flung away the profits of crime.

Students Want Dow Back at Denver U.

DENVER, Colo., March 25.—At a protest meeting attended by 350 students of the University of Denver Thursday a petition signed by the entire group, requested authorities of the school to reconsider their action in dismissing Professor Grove S. Dow, head of the sociology department and Prof. Carroll P. Hildebrand, professor of physiology. The meeting was filled with tangled and heated discussion which finally terminated in the appointment of a committee which call upon Chancellor Heber R. Harper, presop, the petition of the students and report to a called gathering of the entire student body tomorrow.

HARDING SR. EXPECTS TO LIVE TO BE 100

HOWEY, Fla., March 25.—Dr. George T. Harding, 82, father of the late President Warren G. Harding, expects to live to be 100 years old, he said when he visited this town in search of a place for a permanent home. Dr. and Mrs. Harding have been spending the winter at Orlando.

MOVIES BLAMED FOR DISRESPECT TO TEACHERS

MILWAUKEE, Wis., March 22.—Moving pictures portraying school teachers as "sour visaged and ugly" are responsible for much of the disrespect shown by modern school children for their instructors, the Rev. Joseph Barbian declared in a speech here.

RAIN GENERAL OVER WHOLE SOUTHWEST DURING 24 HOURS

TWISTER AT ORANGE IS FATAL, AND DEL RIO SUFFERS

HAIL AND SNOW

MORE MOISTURE FOR TODAY, IS WEATHER PREDICTION

EL PASO, March 25.—The southwest was visited with a general rain Wednesday and Wednesday night all the way from Tucson, Arizona, on the west to Del Rio and San Antonio on the southeast and as far as Abilene on the east. Nine hundred miles on two sides of El Paso were covered. Great benefit will be realized in spring grass for livestock and in getting crops off to a good start. The ranges will be the best in years and dry-land farming sections around San Antonio and from Odessa to Abilene are virtually assured of good crops.

El Paso's rain fall was .38 inch. Abilene got the heaviest fall with 1.05 inches. The rain was continued along the Texas & Pacific from El Paso to Abilene. Southern Pacific railroad offices reported rain all the way from El Paso to Del Rio, where the weather bureau registered .60 inch. San Antonio registered .62 inch. On the northeast rain extended to Duran, New Mexico, and the Southern Pacific reported rains at Oro-Grange, Alamogordo, and Taree Rivers, some snow reported at Dawson, New Mexico. The Southern Pacific reported the rain continuous to Tucson, Ariz., on the west. Roswell, New Mexico, received a slight rain-but enough to refresh the ranges.

DALLAS, March 25.—Generally cloudy weather with rain in some sections and dropping temperatures was scheduled for the state tonight with warming breezes Friday. A general fall of rain and temperature throughout the state in the last 24 hours was shown in advices received here today. Bonham, Midland, Brady, Ft. Worth and northeastern Texas points received falls ranging from half to an inch. Dropping temperatures followed in the wake of the showers. Freezing weather was experienced in some Panhandle points, while severe temperatures were forecast for the entire northern half of the state tonight.

Geologists Elect Officers Saturday

DALLAS, Texas, March 25.—John R. Suman of Houston and Alex M. McCoy of Denver were placed in nomination for the presidency of the American Association of Petroleum Geologists here today. Election of officers will take place Saturday closing the eleventh annual session of the organization. More than 1,000 delegates attended the opening session.

CIVIL WAR DRUMMER MARRIES AT EIGHTY

IVAN, Wash., March 25.—Wm. H. Brook, 80, civil war veteran who beat a snare drum at Abraham Lincoln's funeral, has been married to Miss Mabel L. Pritchard, 45.

WE NEED NO PRO WE HAVE A CROW

LONDON, March 25.—A crow in the Dulwich woods near a golf course persistently takes the golf balls in his mouth after a drive and drops them on the next green near the hole. Recently it has dropped the ball within an inch of the hole.

SOCIETY, CHURCH and CLUB NEWS

EDITED BY
Mrs. Percy Spencer

1625 18TH STREET

Miss R. De Young

Miss Rona De Young, nineteen-year-old daughter of a Panama canal mechanic, has been proclaimed the most beautiful girl in the world by three internationally known artists.

Mrs. Barrier Hostess To Loyal Sisters Needle Club

The members of the Loyal Sisters Needle Club were charmingly entertained Wednesday afternoon by Mrs. J. R. Barrier at her beautiful home, 1614 Ave. K.

Mrs. D. H. Mansell favored the guests with two piano selections.

The club was glad to have several visitors present, Mesdames J. E. Hamilton, J. H. Whitesides, Con Caraway, M. L. Lewis and Miss Mary Elizabeth Barries.

After an hour delightfully spent the hostess served refreshments to the visitors and the following club members: Mesdames D. H. Mansell, Jack McGinnis, W. R. Dickas, E. M. Smith, J. M. Bishop, C. A. Paulger, Ed Allen, B. B. Ater, G. W. Scott, Will C. Barnett, W. A. Childers, Mary E. Parke, J. P. Murphy, F. E. Malone, J. T. Collie and Bob Good.

Idle-A-While Bridge Club Has Merry Party

Mrs. J. T. Hutchinson was hostess to the members of the Idle-A-While Bridge club at her home Thursday afternoon.

After a series of absorbing games delicious caramel nut pie with whipped cream and coffee were served, the trays being decorated with apple blossoms.

Those present were Mesdames J. B. Crisler, F. N. Payne, Paul Barrier, Ray Grisham, Earl Sproles, Add Clark and J. R. Lemmon.

Mrs. Slaughter Honors At Post Party Thursday

Mrs. J. N. Powers of Post delightfully entertained a number of her friends complimentary to her sister, Mrs. Grisham of Eastland, and Mrs. John B. Slaughter, formerly Miss Skeeter Cowan of Lubbock.

The hostess served a beautifully appointed luncheon followed by entertaining games of bridge.

Mrs. Dick Jarrott presented the honorees with lovely corsage bouquets of sweet peas, fuchsias and fern.

Besides the guests of honor the list included Mesdames Clyde Connell, John B. Slaughter, Russell Smith, Giles Connell, Doug Morrell, Howard, Surman, Edwin Warren Jr., John Hurd, Tillman Jones, all of Post; Wm. D. Green, Murray Jones, Dick Jarrott of Lubbock, and Miss Betty Reynolds of Slaton.

Clean-Up Campaign Interests K. Carter P. T. A.

The members of the K. Carter P. T. A. enjoyed a very profitable meeting Thursday when they had as their subject, "Health" and the clean-up campaign.

Dr. C. M. Ballenger spoke on the care of the teeth and its importance and led in a round table discussion in which the members of the club asked questions and received a great deal of information.

Mrs. E. M. Smith, president of the P. T. A. Council, made a talk on the part the associations are to take in the clean-up campaign to be held in Lubbock, April 4-10.

Dr. Rollo outlined the work for the campaign and spoke of the badly needed work along health lines in Lubbock.

Miss Selma Waddle's and Mrs. Tom Arnold's rooms were awarded the picture given for the next two weeks to the room having the greatest number of mothers present.

The eighteen pictures bought by the children of the school during the art exhibit were framed and hung for display in the lower hall. These are very beautiful and the children are very proud.

Mrs. Garland Woodward presided over the meeting.

Joint Pastorate Husband and Wife Doesn't Work Well

OMAHA, Neb., March 25.—A joint pastorate of husband and wife can never work out successfully, the board of trustees of the Plymouth Congregational church ruled here yesterday in asking the resignation of the Rev. Frank Anderson and his wife, the Rev. Ada Stone Anderson.

For five years the couple have held the pastorate, but under their leadership, attendance and receipts have suffered a drop. C. M. Thompson, treasurer said.

"We must have some one to bring in the dollars, Churches are having enough trouble in existing anyway."

The Rev. Anderson blamed the resignation request on himself, saying he was his wife's greatest handicap.

"I am going to some theological seminary to study and my wife

probably will accept a pulpit in some other town," the minister said.

"The preaching is not hard for women," the other Rev. Anderson explained, "I think it offers a wonderful field for we have the natural dexterity for we have the natural fundamental gift of gab."

Hedda Hoyt Talks

DRESSING CHEAPLY

By HEDDA HOYT
(Written for the United Press)

NEW YORK, Mar. 25.—Dorothy Gish, motion picture actress, has arrived in New York with a California purchased wardrobe costing only \$55. This included a camel's hair sports coat, 2 sweaters, a sports skirt and 2 hats, if the newspaper photographs are correct.

Although the male public may find this something to gloat about at the supper table the female element will realize that sport clothes alone do not constitute a wardrobe. One must have dinner frocks, afternoon frocks, and party frocks even though one lives a quiet life far away from Hollywood.

We rather resent the publicity given Miss Gish's wardrobe, since every woman knows that sport hats at \$5 and sweaters at \$3 and sport skirts at \$6 are not unusually cheap. One naturally thinks, at least the men folks do, that if a screen actress can dress on \$55, a housewife should be able to. No person can have a complete wardrobe for \$55, and that's certain.

There are dozens of smartly dressed girls in New York City and in other cities who could doubtless give Miss Gish a run for her money when it comes to dressing cheaply. Compared to Miss Gish's salary their combined salaries wouldn't amount to much. Fifty-five dollars would be more than any one of them would spend on a season's sports clothes. One can buy adorable little jumper frocks of jersey in New York stores for \$7 and \$8. Even in crepe de chine these cost as low as \$10 in many shops. Felt and straw sports hats average around \$5, sweaters sell as low as \$1.95 in slip-on types.

There are dozens and dozens of hat shops in the heart of the shopping district which sell only \$5 bonnets. Also dozens of shoe shops where one can buy \$2 shoes. Clothes have never been cheaper, but in spite of this, no one can obtain a complete wardrobe for \$55.

MARY HELM AUXILIARY CALLED MEETING TODAY

The members of the Mary Helm Auxiliary of the Methodist church o'clock this afternoon at the home are to meet in called session at 3 of Mrs. Dyke Cullum, 2320 Main street.

SCHOOL CHILDREN ENJOY PICNIC WEDNESDAY AFTERNOON

Fifty-six children of the junior high school, from the rooms of Mrs. H. T. Harvey and Miss Mary Lee Robertson, enjoyed a delightful picnic at the county park Wednesday afternoon.

Sandwiches, cakes, fruits and other good things were enjoyed after which the children explored the "caves" and played games.

On January 1 it is estimated that there were more than 25,000,000 motor vehicles in use in the world. One American farm home in 40 is now equipped with a radio receiving set.

LOCAL BRIEFS

Bill Burleson, who is in the grain business at Tahoka, spent yesterday looking after business here and visiting his father, J. W. Burleson.

A. E. Merivether and family and H. P. Coleman and family, of Crosbyton, are attending the Spring Music Festival here.

C. J. Meacham, president of the Anton School Board, was here yesterday looking after business for the school.

Mr. Teal and sons, of the Monroe community, transacted business in Lubbock Thursday.

Mrs. Anna Faulk, who has been visiting relatives and friends in East Texas, returned to her home here yesterday.

Mrs. M. G. Abernathy is recovering from a recent operation and her many friends will be delighted to know she is improving.

Miss Annie Douglas left Thursday for Plainview after visiting her brother, Neal Douglas, Jr., for several days.

Dick Arnett, formerly of Lubbock but who has been engaged in the cattle business at St. Joe, Missouri, arrived yesterday morning from Marfa, Texas, and reported cattlemen in that section elated over range conditions and general prospects for their business. Mr. Arnett attended the Fat Stock Show at Fort Worth prior to going to Marfa.

O. R. Copeland, of Ropesville, was in Lubbock yesterday.

W. E. Martin, Slaton business man, was in Lubbock visiting Thursday.

Arthur Nettles was here yesterday from his home at Ropesville.

District Judge Clark M. Mullan and Court Reporter Chas. Smith went to Crosbyton yesterday to attend District Court.

Senator W. H. Bledsoe went to Crosbyton yesterday to look after legal business.

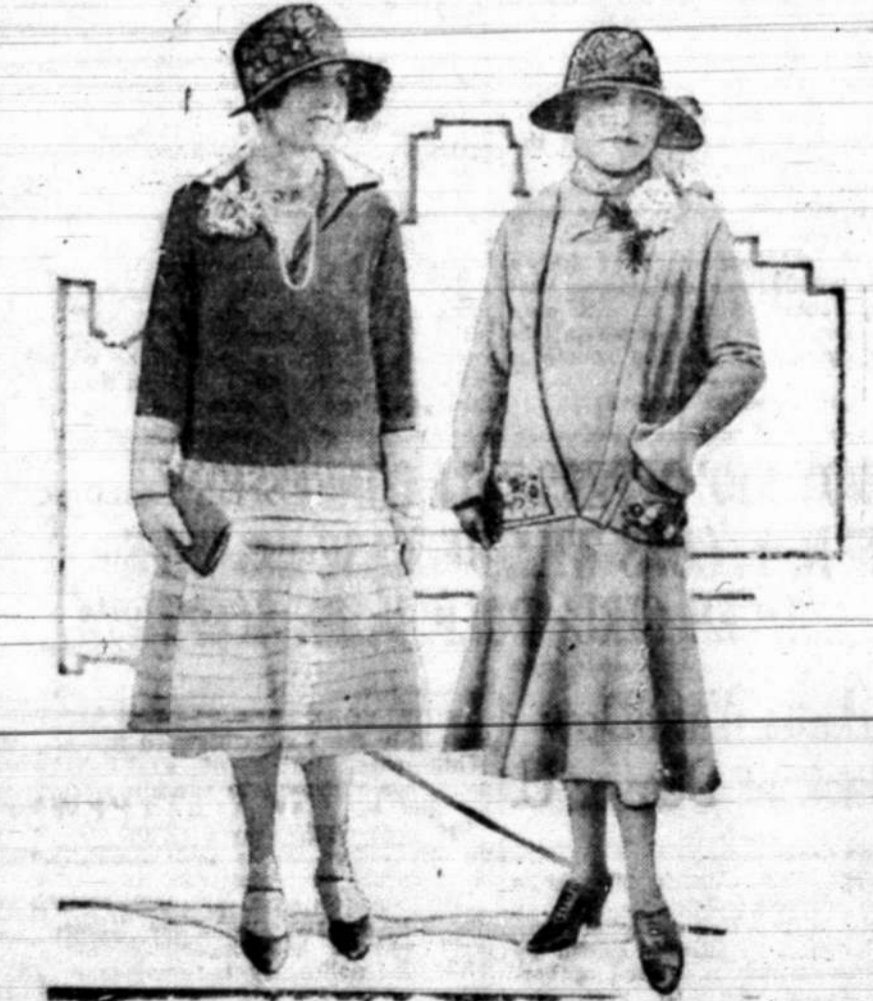

Sir O'Neal, prominent business man of Lamesa, was here Thursday.

T. W. Jackson, local contractor, who late Wednesday underwent a serious operation at the Ellwood hospital, was resting well at a late report last night.

A meeting of the advertising committee of the Little theater of Lubbock, was held at the office of Manager C. C. Lindsey at the Palace theater yesterday afternoon at 3 o'clock.

10th Street Dress Defines Fashion in Its Smartest Phase

By JULIA BOTTOMLEY

TO INTERPRET fashion in its smartest phase, one's spring street frocks should be handsome woolen fabric. It may be as colorful as one could wish or what is the very essence of good style, it may be in navy blue, for which a sudden and definite favor is evident.

Says the mode, in regard to the cloth-dress for spring "it is to flare" and so flare it must. In style it would be. Thus is fashion caught in the very act of being fickle. Whereas but a few months ago dressmaker and tailor were straining every nerve to keep the hemline at its narrowest, today these same interpreters of the mode are intent on devising godets, flouncings, platings and similar inventions to attain a flare that will flare to unstinted fullness.

Another important item is the raised-at-the-front waistline. The model to the right in the picture demonstrates the new movement. The circular skirt, the flare-at-the-wrist sleeve and vestee confirm this dress as being of latest inspiration.

White braid on a black tulle cloth, accents the circular lines of the dress to the left. There is

promise, for an extensive wearing of black-and-white combinations this spring and summer.

Many of the leading French couturiers are according favor to princess lines for the cloth frock, a pronounced flare developing just below the waistline. This may be accomplished by a circular cut or by means of inset gores. Long sleeves and a high neck with not a vestige of trimming save perhaps a prim row of buttons at either the center, back or front of the gown lend an austere aspect which, if not becoming to every type of figure, is at least tremendously stylish. Very handsome toils and wool reps are liked for these smart frocks.

Quite a few circular flares are expressed through means of set-on apron effects. These are frequently of contrasting shades or may be self-colored as fancy dictates. Another interesting idea for cloth as well as silk frocks is the scalloping of the circular hemline. The scallops are perhaps lined, bound with braid or piped with self-colored or contrasting fabric.

Circular flouncings arranged in tiers also express a new trend in dress design.

TECH-NICAL TOPICS

MYRICK BARGAIN DAY

Intense interest is being manifested by the people of Lubbock over the announcement of the great bargain day of electrical appliances, aluminum and enamelware, cutlery and other merchandise by the Myrick Hardware Company. Both the large display windows of the Myrick Hardware Company show to the public all of these useful articles and values that are to be offered. It is the desire of the management of the Myrick Hardware Company that the people of Lubbock see these windows that show them the bargains as they are to be offered.

This great bargain day of the Myrick Hardware Company is to be staged on Saturday morning beginning at ten o'clock and it is thought that it will be one of the greatest bargain days ever recorded in Lubbock.

GRADES TO BE SENT OUT NEXT WEEK

All grades will be sent out to the students the first of next week from the College Post Office. Each student is requested to call at the office for his or her grades. A copy will also be sent to the parents of each student.

MATADORS ADORN NEW UNIFORMS

The candidates for the Matador baseball team trotted to the practice field yesterday afternoon in new uniforms. They are very neat and make a good appearance on the diamond. The uniforms are made of grey material with the outlined word TECH down the front. The caps are black with a scarlet bill. Freehand issued a number of the uniforms yesterday and will issue more as the season progresses.

He has started the infield in real workouts now and is sending them through a stiff practice every afternoon. He plans to present a well oiled and efficient nine for the first battle of the season which will be played with West Texas Buffaloes, April 10. He has several good combinations to work in the infield and outfield both. Pitchers will be his one weak spot, but he plans to try a few of the boys for the box giving them a few points here and there. A good infield showing up is Nicholas at third, Hamilton at short, Rigney at second and Hayden at first. He has an equal in Spigg at third, Watkins at short and Jayburt at second and Brides at first. Peterson, Wolford and Whitehead have been working the twirlers. For the mound position he has a weakness in material with some good men. Hill, Wright, Edlemson, Walker and others will likely see work in some of the games. For the outfield there is a wealth of material in Hayhurst, B. Hayhurst, O. Lockhart, Day, Finley, Gilkerson, Aldridge, and others. The fine points of the game are now being given the men and Coach Freehand will have a well-working squad for the opening games.

SPANISH CLUB HEARS OF SEVILLE

At the regular meeting of the Spanish Club last night, two interesting talks were heard of Seville and Southern Spain. Miss Ruth first told of the buildings and places of Seville. Her talk was accompanied by lantern slides of views of the buildings and gardens of the famous old city.

Following her talk, Miss Lala Boone told of Seville and her relation with the history of the United States. Seville was the center of all the Spanish government at the time of the voyages to the new found land. Every document and map that was made at this time was carried to Seville and placed in the old archives there. Students have gone there and found many interesting things of the history of this country. In her talk Miss Boone gave a very interesting treatment of this phase of the history of the United States.

Both talks were very interesting as well as instructive and were enjoyed very much by the members of the club. The club will be very active during the Spring term and the officers plan to stage several social events during the term.

DR. GRANBERY TO DEDICATE LITTLEFIELD CHURCH SUNDAY

Dr. J. C. Granbery will go to Littlefield Sunday where he will preach the dedication sermon for the First Methodist church of that city. The church stands as a monument to the settlers of that Methodist faith in that city. It was bought from the Mennonites in 1923. The congregation paid off the last note on the church last week.

Harold G. Scoggins, pastor of the church was a student under Dr. Granbery at Georgetown. He has done splendid work since he has been at Littlefield.

MISS PIRTLE GOES TO JUDGE MOTLEY COUNTY DEBATES

Miss Ruth Pirtle, head of the department of Public Speaking leaves this morning for Roaring Springs where she will aid in the judging of the interscholastic literary contests of Motley county. She was accompanied by John Young, president of the Student Association and C. W. Ratliff who will also aid in the judging. They will also aid in the athletic contests.

Many calls have come into the Tech for judges of contests of this nature. Advanced students in Public Speaking are being sent to judge these contests.

capitals have received orders to trim their beards and dress in more becoming fashion.

BLOOD AND SAND FROM EL TORO

We went to Sunday school one time no long ago and someone told us that at the beginning of time there was only a system of chaos and general confusion, and out of that chaos came the world, well ordered and ready to go one for the indefinite period of time it has progressed. Well, we might have had our doubts at that time, but if a well-ordered system of classes and etcetera comes out of the general melee and endless confusion (as it appeared to an outsider) that held sway in the registration room yesterday—well, we're converted.

And then down in the lobby "there was a long, long line awaiting to pay their ten bucks, six bits." And along just before noontime the line was at its height or length, we might have said.

It was lots of fun, though, with all of the feeling of atomic insignificance which one of the newly registering fish expressed, the content of reaching the course checker, the black despair that confronted one upon having to "go foot" in a big, long queue of lads and lassies—and the ecstasy of finally having got through it all and being a newly fledged third term.

Some interesting events were noticed during the examination marathon the past few days. One of them was either the initiation of a new truth society member or an example of what college will do for a normally slow thinking young man.

Prof: "Jim, what are those markings upon the cuff of your shirt?" Stude: "Oh, them? Why they're only the marks of my Chinese laundry man." We wonder.

The boys at the concert the other night who gave such a striking example of the modern college athletics in the form of the Charles-ton, evoked from one of our lasses about as good a definition of the word hopping as could be wanted; she said that she was at home a few days ago, (back on the farm, you know) and her younger sister came running excitedly and otherwise not in a hurry with the exclamation that the churn was missing. "Oh, that's all right," replied the madre, "just Charleston with the milk a while and it will soon be butter."

But seriously though, now that we have a basis for retrospection, don't you think it might be a good idea to combine that with a little looking ahead, and get in line for some honest-to-goodness work this last term? We think so—but don't ask us what we're going to do!

School Board Buys Equipment Today

With representatives of twelve school equipment companies present, each supplied with samples of practically all lines of equipment manufactured, members of the Lubbock School Board last night were unable to complete the purchase of equipment for the schools that are under construction here and will meet again this afternoon at three o'clock to complete the job.

Con Singleton, representing the Southwestern Seating Company, of San Antonio, sold the board approximately 4500 feet of black board, this being the only item on which all bids were checked and purchase made.

Six other bids are about ready for final consideration and this will be completed at this afternoon's meeting.

Asks Referendum On Tail Light Color

WASHINGTON, March 25.—The recommendation of the conference on street and highway safety that automobile tail lights be changed from red to yellow has been attacked by the American Automobile Association in convention here.

Taking issue with the decision of the conference held under the guidance of Secretary of Commerce Hoover, Thomas P. Henry, president of the A. A. A., declared: "This is a very radical departure, and one which we feel should not be put into effect without further consideration being given it. I and my colleagues in motor club work feel that it would lead to endless confusion. We have no objections to yellow being used as a stop flash, but in view of the closeness of the vote Wednesday we believe that this matter should be referred to the automobile owners."

PERU ACCEPTS U. S. OFFER IN TACNA-ARICA

WASHINGTON, March 25.—Peru has accepted the tender of the good offices of the United States for a non-plebiscitary settlement of the Tacna-Arica question. The United News was informed by reliable sources here Thursday night.

While no details as to the nature was said that definite announcement of Peru's action could be expected momentarily.

Action Features As Kiwanis Time Rule is Invoked

The rule of limiting club speakers to the time allotted them for the delivery of their message was rigidly enforced by Chairman Lewis at the weekly luncheon meeting of the Kiwanis club yesterday, with the result that though seven speakers were heard the meeting adjourned five minutes ahead of schedule.

The snafu with which Chairman Lewis introduced the speakers characterized their methods of handling the subjects assigned, and the fact that the program was a hurried one detracted in no manner from its value.

Dr. Fred W. Standefer explained the significance of the name and motto of the club, declaring that unless one meets all the requirements of a builder in the biggest sense of the word he is not capable of making a good Kiwanian.

A brief history of the Kiwanis International was given by S. C. Wilson, former president of the local club.

Just before R. L. Wilson made a lengthy explanation of plans for discussing "The Value of Music and Singing at Club Meetings," a vocal solo was rendered by Kiwanian Shelton who was compelled by deafening cheers from the clubmen to give a second selection. Kiwanian Wagborne played piano-accompaniment.

Past President W. C. Rylander urged the Kiwanians to adopt a rule of paying luncheon fees in advance along with the regular quarterly dues. This, he declared, would eliminate the necessity of drawing on the treasury for payment of plates for absent members.

Dr. Allen Stewart, in speaking on "Should a Moral Bankrupt be Admitted as a Member," declared that too much care can not be exercised in the selection of members.

The necessity of holding inter-club meetings was stressed by Kiwanian E. L. Kleet, who stated that these meetings are profitable in numerous ways, especially in that they tend to create a friendlier feeling between members of the various clubs involved.

Rev. E. E. White, pastor of the First Methodist church, told of the things the club should expect of its individual members, looking to the need for humble service as well as great leadership in the making of a well-established program.

Following the luncheon the board of directors met to discuss business of the club.

Attendance Keeps Up At Revivals

The simultaneous pre-Easter revival that is in progress at the First Methodist, First Christian and Cumberland Presbyterian churches of Lubbock received its quota of attention from the people of Lubbock at both morning and evening services yesterday with the result that good progress is being made.

The crowds were dismissed from the three churches in ample time for those desiring to attend the Spring Music Festival, and the fact that Lubbock is in the busiest week of the year has not in any way interrupted the plans of those who are responsible for the simultaneous revival.

Westerner Mentor Resigns Position

Coach "Mule" Davis who for the past three years has had charge of the athletic department of the Lubbock high school has tendered his resignation to Dr. M. H. Duncan which will be effective on April 10th.

Davis' successor has not been named as yet; however Coach Noles who had charge of the Westerners basketball training of the Westerners basket ball team, will carry out the work with the cooperation of Sled Allen who has been devoting much of his time this season to the training of the Westerners.

It is thought that Davis will be connected with the Leaverton Construction Company of this city and will be situated in Oklahoma for the next few months.

Style Pageant Draws Big Crowd

With an audience that equaled in size that which witnessed the presentation of Barrier Brothers department store's style pageant Wednesday evening, the Palace theater again last night was the scene of the plains' usually welcomed party.

Those who modeled the splendid array of fine apparel Wednesday evening were employed again last night, with an increased number of showing made.

The pageant, which was directed by manager Cliff Lindsey of the Palace, and which is a semi-annual affair which has attracted attention throughout the South Plains, enhanced the already well established prestige of Barrier Brothers' store.

SAYS FASCISTS HAVE SOLD ITALY TO BANKERS

By RALPH HEINZEN
United News Staff Correspondent
PARIS, March 25.—Storming against the rule of Premier Benito Mussolini in Rome, the Italian anti-fascist colony here, and its newspaper, the Corriere Italiani, are suggested not only the political end of Mussolini but the abdication of King Victor Emmanuel as well.

The immediate cause of the outbreak of anti-fascist sentiment here is the verdict rendered at Chieti Wednesday by which the alleged murderers of Giacomo Matteotti were given light sentences. Back of it is Mussolini's threatening international policy and particularly his handling of the Italian debt and international financial problems.

"Mussolini, with his ministers, has sold Italy to foreign bankers who now hold Italy's credit," says the Corriere Italiani.

The Corriere further declares that the feeling against the Italian debt settlement in the United States senate is due to lack of confidence by the American senators in the rule of Mussolini.

"The American senators would impose harder conditions for settlement on Italy, in the hope that they might thereby overthrow Mussolini," the Corriere continues.

"Italy sometime ago obtained one hundred million dollars. Today we possess twenty millions, the remainder having been paid out to settle previous debts. The fascists are employing the twenty millions to employ to bolster up the fascist regime and stabilize the lire."

The Corriere believes that Count Giuseppe Volpi, minister of finance, will resign because of his inability to solve the Italian monetary crisis. "Italy seems prosperous," says the Corriere, "but there are more bankruptcies in a month than previously occurred in a year."

Leading articles in the press call the "white washing of the enemies of the slain socialist, anti-fascist deputy Matteotti" the beginning of the end of the fascist regime.

Speaking of Mussolini's foreign policy, Major Sante Garibaldi descendant of the famous Italian Liberator, says that the dictator has inflamed the masses of the Italian people until many are unreasonable.

"One day in the near future Mussolini may be forced to slap some foreign power in the face, just to demonstrate to his followers the strength of Italy," Major Garibaldi is quoted as saying. "Then we will see the end of Italy as well."

MORRIS FUNERAL TO BE HELD TODAY

Funeral services for George W. Morris, local business man who died suddenly at the family home at 1210 Fourteenth street yesterday afternoon at 2 o'clock, will be conducted at the First Baptist church this afternoon at 3 o'clock by Rev. E. E. White, pastor of the First Methodist church.

Rev. Bowen, pastor of the Baptist church, of which the deceased is a member, is out of the city.

Interment will be made in the Lubbock cemetery, where final services will be conducted under direction of the Masonic bodies.

Mr. Morris, who for several years has been a sufferer of heart trouble, but had stoically refused to permit Mrs. Morris and their only child, Maxie, to know of his fear of the malady, lived but a few minutes after the first signs of illness were shown yesterday when he and Mrs. Morris were at their home alone. She telephoned Dr. M. C. Overton, who made a hurried call but arrived just as the last gasps that marked the end of his resistance came.

Was Writing Letter
Mr. Morris was writing a letter to his brother-in-law, J. W. McAnulty of New Boston, Texas, in which he expressed uneasiness about his condition and related his experiences in keeping his wife and son from knowing of the threatening disease.

Has Few Relatives
The deceased, who only a few weeks ago went to New Boston to attend funeral services for his father, survived by two sisters, Mrs. Alf Wise of Corsicana, and Mrs. McAnulty of New Boston, together with his wife and son, according to the best information available here. They will all attend the funeral today.

Mrs. Morris has a sister at Abilene who is now enroute to Lubbock and will attend the funeral services.

CORPUS CHRISTI IS BOOSTING PORT

CORPUS CHRISTI, Texas, March 25.—Real estate deals which are daily being transacted here have made this hitherto modest seaport a rival for its neighboring cities across the gulf in Florida. The carpenter's hammer has been increasing its throbs daily for the past year and real estate which sold for a few hundred dollars two years ago are today selling at Florida prices.

The deep water port to be completed at a cost of \$4,320,000 is the result of the town's prosperity.

Metal clamps have been devised for holding forms in pouring concrete columns.

EGG 7X8, LAID IN DEAF SMITH COUNTY

Special to The Avalanche.
HEREFORD, March 25.—"Whose hen lays the largest egg?" This is the question that people of Deaf Smith county are debating. A Lawther holds the record so far, as he has just brought an egg to the Brand office, which was laid by one of his prize buff orpington hens, that measures seven by eight inches. Others have reported large eggs but so far none have brought in an egg that will measure with this one.

TESTIMONY—"And Moses told his father-in-law all that the Lord had done... for Israel's sake... and how the lord delivered them." Ex. 18: 8.

SAYING IT IN PLAIN ENGLISH

Total indebtedness of state and local governments at beginning of 1926, amounted to \$11,630,000,000, an increase of 34 per cent in the past three years. After allowing for decrease in the purchasing power of the dollar and increase in population since 1913, the National Industrial Conference Board finds that the indebtedness incurred per capita in the last five years, is 40 per cent higher than in 1913.

KNICKERBOCKERS

Up to the present time none of the sheiks or tea hounds of this locality have adopted the knickerbocker, silk stockings and low cut shirts of early colonial days.

PLATOON PLAN SCHOOLS

Among the plans devised for relieving congestion in school buildings of the country, the platoon system gives promise of solving this important problem, at least to a great extent. Briefly, the plan is to divide the pupils into groups, or platoons, whereby one section pursues purely book studies and recitations while the other section is engaged in special activities and play.

WAR PROFITS.

In the memoirs of Colonel House the part of munition makers and others who profit out of war was referred to in producing and emphasizing war scares. Taking the profit out of war, would do much to stop conflicts.

social and economic evils that come as the aftermath of war. If a nation at war drafts men and asks them to hazard their lives in the military service, why not draft other men's dollars for the public necessity?

EXPLORING; 39,000 FEET UP.

It is easy to assume the existence of certain conditions without definite knowledge of the facts. It is done by all of us when the assumptions coincide with the theories that have been tested and proved.

VIRTUOUS UNCLE SAM

The hounding of Vera, Countess of Cathart, by officials of the United States government, after a federal judge has ruled that she might be admitted to this country, reflects no credit upon our supposedly Christian nation.

Thousands of men and women, whose private lives have been worse than hers, go back and forth freely between the United States and Europe. The only difference between their cases and hers is that she has been frank and honest in admitting her lapse from supposed standards of conduct, while the rest are consummate hypocrites.

FOOD FOR THE COMING YEARS

Human beings are prone to solve the problems of the coming generations and it is a known fact that most of the solutions involve contingencies which probably will never occur. Dr. Samuel C. Prescott, of Massachusetts, biologist, looks ahead and sees the world turning to science in search of its food.

ONE CAUSE OF CRIME.

America today is in less danger of being attacked by a foreign foe than she has been since the Declaration of Independence. Just now the few fighting statesmen of the world are very much occupied with the problem of how to feed their people and pay debts.

KEEPING RATES DOWN.

The rates on hold-up, burglary and theft insurance was recently raised by the casualty insurance companies of the country. The only exceptions as far as we know, were Delaware and Connecticut, where there were large reductions.

Little Avalanches

Italy has turned over to Great Britain \$10,000,000 in cash as her first war debt payment. Uncle Sam has not yet received a single dollar from Italy. In view of the leniency given Italy by the American financiers there is some background to the suspicion that the United States settlement was arranged to give Great Britain an inside advantage on Italian money.

The native illiterate population in the United States, according to the 1920 Federal census, was: Native white illiterates, 1,842,161. The native illiterate group represents 64 per cent of our total national illiteracy problem.

Meeting An Unprecedented Demand

SO THINK WE

We think that Lubbock people should begin now to clean up the yards and the alleys and the premises in general.

We think all the trees should be uniformly whitewashed in Lubbock and every place cleaned up in good shape. The town should be made absolutely sanitary.

We think that Lubbock should head off every possible cause for an epidemic of any kind that would impair the general health of the community.

We think it is not too late yet to plant some trees.

We think Lubbock should see to it that the roads are kept in good condition at all times. They are trade pullers.

We think some towns are so dead there are not enough of life there to know that the balance of the town needs burying. We think more people might attend the revival services at the three churches where services are being conducted.

We think Lubbock will get a new railroad system sometime in the near future, though we cannot just at this time tell what system it will be.

We think the people of Lubbock should attend the South Plains Music Festival. It is under the Auspices of the South Plains Music Association and it shows the interest these members have in bringing high class entertainment to the city, and we should appreciate their efforts enough to attend the entertainments.

We think the clean up campaign will be a success if everyone in the city will line up and do their part. Otherwise it will fail.

We think a little work at the right time in cleaning up the streets, the back alleys and the back yards might forestall a bad case of sickness in the home of some Lubbock family.

We think it will not only help Lubbock's looks to be cleaned up a bit it will help it to be more healthy.

We think it will soon be fly time in Lubbock. Kill millions of them now and the swatting will not be so necessary after Mr. Fly has become full grown.

We think a sure sign of a fellow becoming old and run down is when a fellow begins to wonder what it was he eat the day before that is making him sick.

We think the hoe and the rake should be used at many of the homes more vigorously than the golf club, especially for a few weeks. It is just about as good exercises too as the golf club.

We think that where two or three people build a house close together at least one of them is a filing station.

IT IS REPORTED

That a new slant has been given "Out where the west begins". The coal dealers say that out where the people are not cussing the hard coal dealers is "Out where the West begins".

That the people of Roswell are now hopeful of getting connections with "Lubbock" by an extension of the Santa Fe from Bledsoe West into that city. Most cities are pretty well lined up they think when they get a connection direct with Lubbock and we really think so too.

That in New York poor folks can obtain a divorce for twenty-five cents while rich folks have to pay more.

That milk is a well balanced ration within itself, and no body has to bother with the mixing.

That some folks are now talking about legislating static. We think it can't be "did".

That wrecks continue to occur on the streets of Lubbock. Some of them are almost unpreventable, while a large percent of them are due mostly to pure unadulterated wrecklessness and carelessness.

That the directors of the Chamber of Commerce have not only decided to keep the City Auditorium under their control but they expect to repair it, give it a new coat of paint, and put it in condition for use by the public. It will also be placed in care of some one who will see that it is not abused or talked about in the future as it has been in the past.

That no man's land—the entrance to the post office has been kept pretty well cleaned up this week so far and we congratulate the people of that side of town in having given this important matter their attention.

Basement Offers Chance For More Room at Low Cost

(Article 7 in a series of Spring remodeling suggestions)

There are only three ways that you can get more room without moving. You can expand outward, or upward, or downward. New wings and additions are fine if you can afford them and if your home is laid out so that an addition will look attractive and be a real convenience.

Many times, all that is needed to relieve congestion is to fit up the basement so that some of the work done on the ground floor can be performed below. If the furnace room is partitioned off so that the rest of the basement is clean, the laundry can be moved down. Closet space also can be amplified by partitioning off store-rooms below-ground.

JUST FOLKS

GRATEFUL FOR LIFE

Let this of me be said When I am dead: Not that I rose to such a height, or stood More resolute than others for the good, But what while life was mine I sang and smiled, Grew old, but kept the laughter of a child.

WORDS OFTEN MISUSED: Don't say "he purposed a bill to congress." Say "proposed."

WORDS OFTEN MISUSED: Don't say "he purposed a bill to congress." Say "proposed."

HERE AND THERE

The eucalyptus sheds its bark instead of its leaves.

Canada's sea coast equals half the earth's circumference.

Spain has over 600,000 titled persons, or about one to every 38 inhabitants.

Easter Sunday came on April 4 in 1915, 1920, and will this year, but not again until 1999.

A deaf and dumb person who is fairly expert at finger language can speak about 43 words a minute.

A policeman in London arrested a man 76 years old for singing in the street, "Darling I Am Growing Old."

The Victoria Tower, Westminster, London, is the biggest and highest square tower in the world, being 75 feet square and 336 feet high.

Among the ancient Mexicans intemperance was accounted a grievous crime, and was punished with imprisonment and other severe penalties.

The country in which the large towns are most nearly equidistant is Holland. They are at an average distance of 20 miles from one another.

The moon is the sluggard of the solar system. Its 2373 miles an hour in its journeying around the earth compares badly with earth's 66,579 miles an hour around the sun.

In Petersham church yard, Surrey, fir-trees grown from seeds sent from British Columbia have just been planted over the grave of the explorer, Captain Vancouver, who gave the city of Vancouver its name.

An emblem of good luck, a stuffed crocodile, is seen over many doors and gateways in Cairo, Egypt. The custom of putting these animals in exalted positions corresponds to our custom of nailing a horseshoe over the door.

"shimmed" after the studs are put up, to hold the partition in place. Other two-by-fours should be nailed to the joists of the ceiling. Then studs should be erected between the two rows of two-by-fours and the surface material should be attached to these studs.

Few householders would care to undertake the work of the expense of lathing and plastering basement partitions and ceilings. If this is the case, wallboard may be used, but it should be a fireproof rock wall-board because the danger of ignition from furnace and fuel is too great to permit of the use of highly inflammable materials.

This "mineral lumber" can be bought in lengths sufficient to reach from floor to ceiling, thereby eliminating waste. Since it can be saved and nailed just like wood, it may be put up by the householder himself, and the ceiling may be finished in the same way. This material can be decorated with paper, calcimine, flat wall-paint or the heavy-bodied paints that give rough-surface effects, so that the new basement rooms may be as attractive as those above-stairs.

JAP DEPUTY CLEARED OF RUSS SPY CHARGE

TOKIO, MARCH 25.—Investigation of charges brought in the diet against deputy Nagana has resulted in clearing him of any connection with the soviet government. Nagana had been accused in open debate, of being in Russian employ as a spy.

SLIGHT RAIN HELPS IN HONOLULU DROUGHT

HONOLULU, March 25.—A slight rain fall has brought temporary relief to the upper residential section, suffering from a serious water shortage. A pump capable of lifting water from the lower artesian wells to the higher districts has been ordered from Los Angeles as an emergency measure. Honolulu is experiencing the most severe drought in 20 years.

JUST FOLKS

By EDGAR A. GUEST

GRATEFUL FOR LIFE

And mirth, Saw God's own image stamped on every face; Made friends of men, and not of pomp or place. This I would have you say: He loved the day, in open spring, The sunrise and the song of birds in spring, The skies, the trees and every living thing, And though he met what cares this life must give He still rejoiced that God had let him live.

Tech Track Team Enters Texas Relay Games

A representation of the Texas Tech cinder path performers left Wednesday evening for Austin to take part in the second annual Relay games which is promoted by the University of Texas. Something over 600 athletes have entered the Relay games with many of the largest colleges and universities of the Southwest represented.

The club was accompanied by Coach Higginbotham on the Austin trip. Those that make the trip are: Walker, Woodward, Neil, Brown, and Corley.

Entrance made in the meet are: the mile run, Medley race, 440 yard dash, half mile and the mile relay. Other colleges of West Texas have entered the games among which are West Texas State Teachers College of Canyon, Howard Payne, and others.

SPORT FLASHES

BASKETBALL

By BERT M. DEMBY
(United Press Staff Correspondent)
CHICAGO, Mar. 25.—When the last conference game of the Purdue University basketball team ended this year it brought to a close the career of one of the greatest midwestern basketball players of all time. George Spradling had played forty-three games in three seasons, had scored 440 points—a average of 10.23 points per game—had twice led the Big Ten in scoring and never had been held scoreless in any game throughout his career.

During his other year Big Ten competition the only thing that kept him from leading the conference scoring was an illness which kept him out of three games. Spradling's greatest year was his first when he led the Big Ten men with 138 points and scored a total during the entire season of 189. His second year he was handicapped by the illness, but despite that he pushed the other leaders with 90 points in conference games. This year he had a grand conference total of 107 points enough to lead the league.

The great forward's grand field goal total is 172 or an average of four field goals for every game he has played. His greatest scoring feat came on the night of December 14, 1925, when he counted eleven field goals and two free throws for a total of 34 points against Earlham college.

Minnesota is the only team that can lay claim to ever having held the Purdue star basketless during a game. This was during last season in the first game that Spradling played after recovering from his illness. He scored several free throws in this game which kept his scoring record intact.

Spradling lives in Frankfort, Ind., and before joining the Purdue squad was known over the middle-west as a great high school player.

SWIMMING

KANSAS CITY, Mo., Mar. 25.—The national junior 220-yard freestyle swimming title is at stake here tonight when swimmers from many states splash their way in the Kansas City Athletic Club pool for the honor.

The national contest is open to any competitor who has never won a free style even in a National A. U. meet. Besides the national events there are Western A. U. U. events, the men's 50-yard free style; 100-yard free style; 200 yard relay, fancy diving and high board. The 50 yard free style and 50 yard back stroke are open for women only. Gold, silver and bronze cups will be awarded tonight to the successful competitors.

FRANK CATON

CLEVELAND, Ohio, March 25.—Frank Caton, who was a personal friend of Nicholas, the czar of the Russians, and who won millions of dollars for the royal family, while it was in its heyday of monarchical supremacy, has passed away at the age of 74.

Caton was one of the most colorful figures in the racing world. Born in Northville, Mich., September 3, 1852, Caton was the son of John D. Caton. The elder Caton, together with the famous General Custer of "Last Stand" renown, owned running horses together.

Before he was 16, young Frank was running horses in the famous "Quarter" races, the old Indian fighter staged with John Caton. It was there, under Custer's expert knowledge and tutelage, that Frank Caton learned all he knew of horses.

When he became too heavy to ride in the saddle he turned to training harness horses. Incidentally, the Frank was in England in 1873 he rode No. 4 on the winning American horse in the noted race between Eglad and America of that year.

From 1873 to 1881, he raced and trained harness horses for his brother Sam, in the United States, and helped in no small degree, to put harness racing on the American turf. In 1881, he came to Cleveland and was employed to race and train horses for the Forest City farm, owned by C. F. Emery. On the site of the Emery farm, now stands the famous beautiful North Randall race track of the Grand Circuit.

King Solomon has been booked to take on Jack Renault, the Canadian heavyweight, in a 10-round bout to be staged at one of the St. Louis clubs the night of March 22.

TEXAS RELAY GAMES WILL BEGIN TODAY WITH NEARLY 1000 ATHLETES ENTERED; TEXAS TECH JOINS RANKS

AUSTIN, March 25.—With 612 athletes entered the second annual University of Texas Relay Games will swing into action Friday at 1 o'clock at the Texas Memorial Stadium. An array of track and field talent of even greater impressiveness than was gathered last March for the first Texas Relays will perform in the first important outdoor meet of the American track season.

The visiting athlete attracting most attention here is Adrian Paulsen, fleet middle distance runner of Holland, who was persuaded to include the Texas Relay games on his itinerary. Paulsen is listed for a special half mile race with Jim Reese, 1925 Longhorn track captain and holder of Southwest Conference records, who is now teaching at Electra high school.

Other former athletes are entered unattracted. These are Dick McNatt, former Longhorn track captain, Almin H. Coole, former Longhorn cross country captain, and W. Hooper of the Dallas Athletic Club.

Entered in the various divisions are 19 universities, 11 colleges, three junior colleges, three academies, and 22 high schools. Of these Georgetown University (Washington, D. C.) the University of Mexico, Nebraska, Missouri and Iowa are among these being watched with particular interest.

The complete list of entries in university class is: Georgetown University, University of Illinois, University of Missouri, University of Oklahoma, Northwestern University, Kansas Aggies, University of Iowa, Texas Aggies, S. M. U., University of Kansas, Notre Dame, Iowa State College, Baylor, Drake, Oklahoma Aggies, Ohio State, Rice, University of Texas, and University of Nebraska.

In the college division the following schools will compete: Texas Tech, University of Mexico, Ohio Wesleyan, West Texas State Teachers College, Augustana College (North Dakota) Southwest Texas State Teachers College, Howard Payne, Southwestern, Haskell Institute, North Texas State Teachers College, and Oklahoma Southwest Teachers College.

Burleson College, Schreiner Institute and Wesley College make up the junior college division, while Allen Academy, San Marcos Baptist Academy and San Antonio Acad-

Early Training of Hubbers Will Begin Sunday

The spring training for the Lubbock Hubbers will begin at an early date according to the manager of the nine, Sled Allen. "The boys that are at home including, Alex Hensley, Gib Jackson, Chester Sheppard, Woman Sanders, "Red" Gaither, "Emmer" Gohar, "Snipe" Conley, "Skeet" Ratliff, "Barney" Blackmon, and Skipper Allen. Others that are here and have been talking of coming out for the tryouts with the Hubbers will also be represented at the first workouts which will probably start on this coming Sunday.

The grounds will be plowed up and overhauled very soon and it will not be long until actual play will be started by the Skipper. Hopes are very high that a much better aggregation be formulated for the grand old American game this year than ever before.

A meeting of interested ball fans will be called for Friday, April 2, at which gathering the problem of getting behind the Hubbers through out the season will be discussed. Already the Board of City Development has endorsed the Hubbers and are lending their support towards the maintenance of the club this season.

Lubbock Coursing Park Contests To Bring Good Dogs

Intense interest is being shown through the Panhandle and South Plains over the contests that are to be held in the Lubbock Coursing Park which was erected some few weeks ago and located one and one-half miles south of Lubbock. The first races held on the park were witnessed by some 500 people and due to the rains it is thought that the crowd was cut to about half.

April 4th the second races will be conducted with many more dogs to participate in the event that the first race. Dogs owned by Ralph Alford, of Amarillo, Texas, won the first money in the first contests. It is thought that he will be back with his dogs for the meet here on the fourth of April.

The park association is guaranteeing \$50 to first prize of the registered dogs; \$35 to the second prize, and \$15 to the third with an entrance fee charge of \$7.50 on each dog. This entrance fee will be used to meet the prize money that will be given for the winners of the races.

Work has been resumed on the park and the grounds will be rolled so that it will be in perfect condition for the running of the dogs. Rabbits will be worked in the park prior to the contests of April 4th. Dogs of wide reputation are being sought here for these contests.

Owners of fleetly hounds from Floydada, Lockney, Plainview, Amarillo, Abernathy, Slaton, Ropes, Lovell, Brownfield, Lamesa, Tahoka, Littlefield and other neighboring towns are entering for the races. It is probable that dogs from Temple, Waco, Wichita Falls, and Fort Worth will be here.

COMMENT ON SPORTS

Jack Delaney, who recently knocked out Mike McTigue in the fourth round of their scheduled twelve-round engagement, is in no hurry to mix up with Punch "Em Paul Berlenbach, although a meeting before next winter is inevitable. Delaney's manager says he is ready to consider bouts with other light-heavyweights before taking on Berlenbach.

In the fight between McTigue and Delaney some spectators criticized referee Patsy Haley for stopping the bout when the fourth round had only another second to go. McTigue's manager claimed that he would have weathered the round, and after a minute's rest, been able to keep up the fight. Well, the truth is that McTigue was out on his feet, and referee acted wisely in stopping the bout before Delaney could send another terrific blow to the dazed boxer.

HERE AND THERE IN LOCAL SPORTS

Boxers climb the ladders of success round by round!

The oldest American aviation club is the Aero Club of Pennsylvania, founded in Philadelphia in 1908.

For women and girls lacrosse is declared to be an admirable sport, and many girls' schools have adopted the game.

The longest walk ever performed

in a single day of twenty-four hours is 127 miles, 1210 yards. The feat was accomplished a god many years ago by an English walker named Howes.

There is not a player on the roster of the Boston Red Sox today who was with the club in 1922, the club being the only on em the major leagues to change its entire personnel since that year.

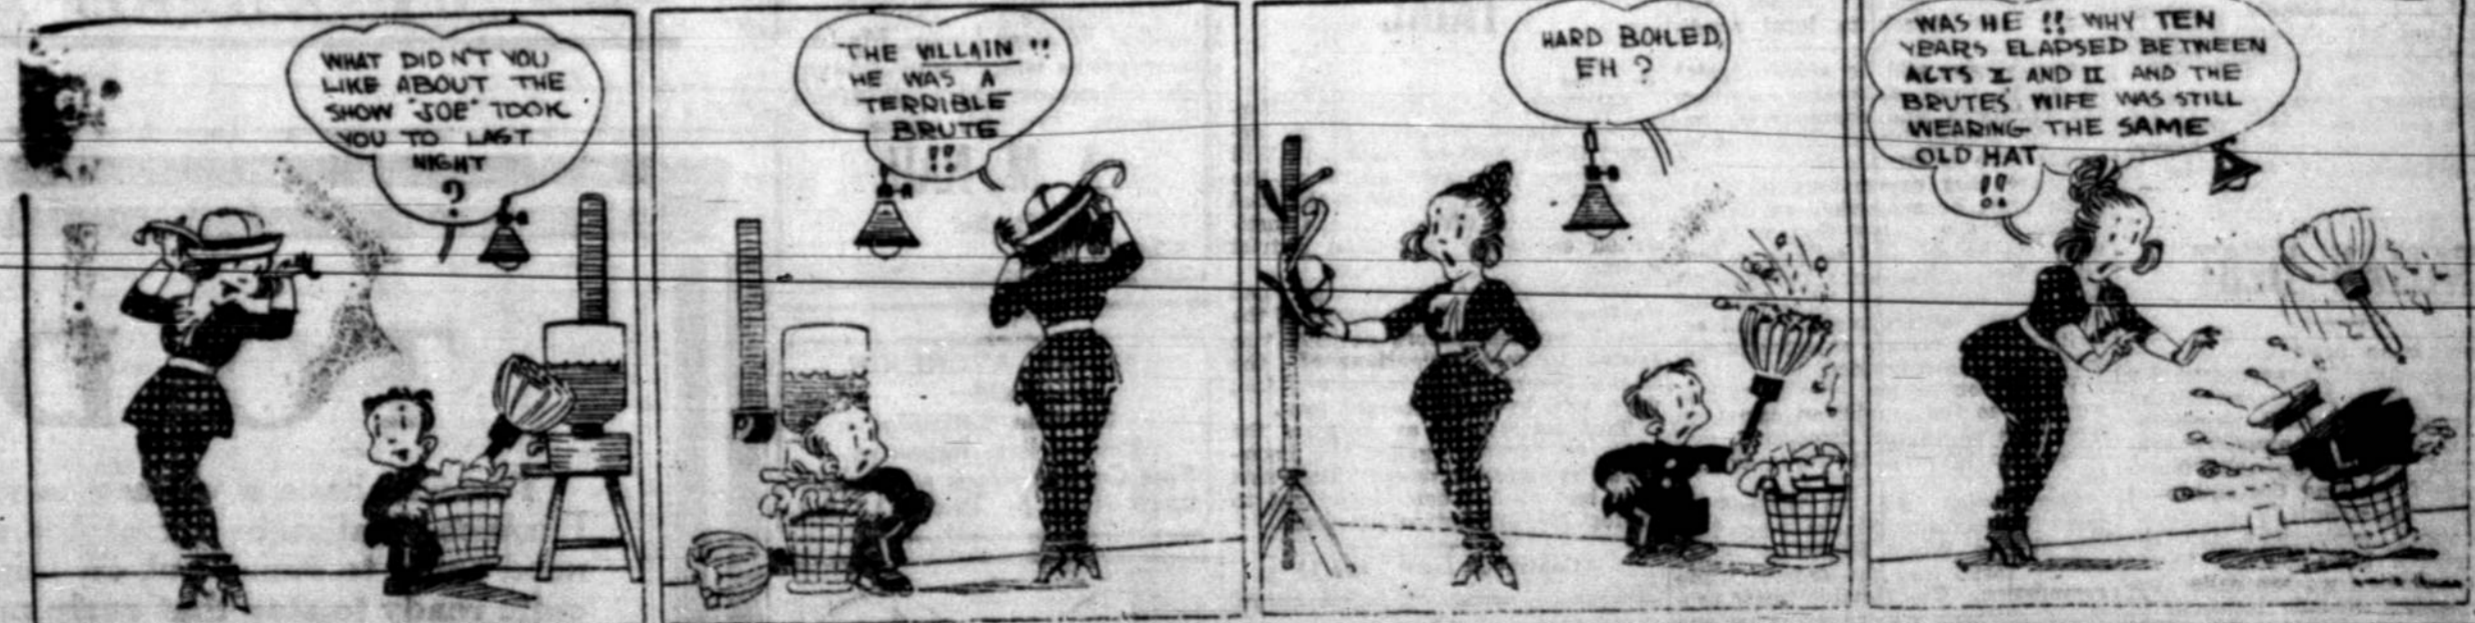

The new baseball park in Richmond, home of the local team of the Virginia League, has been named "Tate Field," in honor of "Pop" Tate, a noted major league catcher of several decades ago and the man who introduced organized baseball in Richmond.

He Was Late To Supper But The Food Wasn't Burnt or Cold or Anything.

BILLY'S UNCLE

MACKMEN READY FOR PENNANT BATTLE

BY LARRY DAILEY
United News Staff Correspondent
PORT MYERS, Fla., March 25.—Connie Mack stopped in the dug-out, the inevitable score card in his hand, Kid Gleason barked sharp instructions to a short stop, Ira Thomas talked earnestly with a rookie pitcher. The scene was one of animated purposeful action. The Philadelphia Athletics are going after the pennant.

The failure of the youthful athletes to maintain the pace against the veteran Washington tossers cost them the flag last year. Seasoned now and with the probability that Joe Hauser will be in service at first base, the pennant prospects of the Mackmen are bright.

Much depends upon Hauser. Joe injured a knee cap last spring and was out for the season. He is favoring his weak knees, saving himself for the championship season. If Hauser is unable to stand the grind of a strenuous campaign, Jim Poole who played the initial bag very well and hit hard in 1925, is available.

Chick Galloway, a fine shortstop, seems the only infielder sure of his job. Bill Wambansans, the former Indian and member of the Red Sox and Max Bishop are fighting for the second base assignment and Jimmy Dykes and Sammy Hale are battling for third base.

Mack has no pitching worries. Rommel, Groves, Harris and Gray probably will do the bulk of the slab work. Walkberg, Heimach and Baumgartner complete as efficient a staff of hurlers as could be desired.

Mickey Cochrane is the star of the team. He rates as the best catcher in baseball today. Cy Perkins would be a regular receiver on most any other club.

The Athletic outfielders can hit and field. Simmons, Lamar, Miller and French are a quartet gardeners.

Mack, the leader; Gleason, the driver, Attack and defense, youth and experience. The Athletics have all pennant requisites.

They are the best choice to cop the 1926 American league gon-falon.

YOUNG STRIBLING WINS OVER SLATTERY

By United News
MADISON SQUARE GARDEN, NEW YORK, March 25.—Young Stribling of Georgia won the judges' decision from Jimmy Slattery of Buffalo in a 10 round bout at Madison Square Garden Thursday night, but the southerner gained little credit from his victory.

Employing his eight pound advantages in the weights, Stribling roughed "Slats" threw him around the ring and occasionally to the floor and generally employed every foul means possible without courting dis-honor.

The Georgia boy was too rugged and strong for Slattery, who was merely in there to stay the limit after he found that Stribling was his equal as a boxer.

A fast left hook to the jaw, followed by superior in-fighting as he rushed Jimmy to the ropes and an occasional well-timed overhand right were employed by the southerner in winning.

"Slats" had absolutely nothing except a light left jab, and Stribling left the ring without a mark except a swollen left eye.

On Stribling's showing Thursday night it is doubtful if he is ready to make much impression in the heavy-weight ranks toward which he is aiming.

ITALIAN DEBT

long fight is in prospect.

Smoot, opening the argument for ratification, immediately struck at the irreconcilable chief objections. He dismissed the contention that the United States, through liberal terms, was furthering the ambitions of Premier Mussolini.

"Mussolini's aspirations for the Italian people have nothing to do with the question we are called upon to decide," Smoot declared. "I beg of you, do not be led astray by fervent criticisms attacking Mussolini, the fascisti and their policies."

Smoot devoted most of his time to a detailed description of the economic and financial condition of Italy.

"No matter what the cost is to the American taxpayers," he said, "we are dealing with facts. Italy says she can not pay any more and there is no way by which we can make her change that opinion."

"It was apparent to the American funding commission that Italy was a country practically without national resources, that she had produced colonies; that the balance of trade always had been adverse and would continue to be adverse that a large part of her territory was mountainous and that she did not possess soil enough to raise food sufficient to feed her fast growing population; that coal, iron, copper, cotton and oil had to be imported and that the standard of living of the Italian people and their taxable capacity to pay were extremely low."

Position is not everything; a pat on the back often makes a head ache.

Some girls keep young men in continual suspense; others in non-stop suspense.

GORGEOUS GEORGES IS DOPED AS 'NEXT' FOR PEGGY, AS MUCH MARRIED HEAD RESTS ON HIS MANLY SHOULDER

BY FRANK GETTY
United News Staff Correspondent
NEW YORK, March 25.—In a certain rowdy little night club which can be distinguished by the fact that it was not raided by prohibition officers nor by bandits on the morning in question, Peggy Joyce rested her golden head on a broad masculine shoulder and Broadway began to buzz with rumors that the owner of the shoulder might some day be a candidate for the job as Peggy's fifth husband.

The man's features were familiar, for many present had seen them pulverized by Jack Dempsey one broiling July afternoon in Boyle's thirty acres. Restored to their natural comeliness, they were a smile of beatific contentment.

A romance between Georges Carpentier and Peggy Upton, Archer Hopkins, Joyce Morner, would appeal to Broadway because of the picturesque careers of the pair.

The former boxer, who has been dallying under the bright lights and making overtures to the Kleig lights, is married, but, as they say on Broadway, "not working at it." Recent Paris reports indicate a possible rift in the Carpentier ménage.

Peggy Joyce has been without a husband for some time now, since she divorced Count Morner, the Swedish tooth paste manufacturer, in Paris last winter.

They make an attractive couple, Georges and Peggy, the 'orchid man' and the Virginia barber's daughter. With them was Peggy's "kid" sister, Lucille Upton. Trying to be with them but getting himself rather badly snubbed was Harry Kendall Thaw. At an adjoining table sat Wilda Bennett, who recently trifled with \$34,500 worth of Louisville affections, and Flo Leeds, who says it isn't the woman, but the other woman, who pays.

A little cross section of New York comes to see nothing of Paris, Pittsburgh and Palm Beach. The low ceiling, smoke-filled room, vibrant with jazz and gossip, a continuous crackling sound, which was the breaking of the Volstead act.

G. O. P. PINS HOPES ON COOLIDGE POPULARITY

BY RAYMOND CLAPPER
United News Staff Correspondent
WASHINGTON, March 25.—Republicans find that their greatest asset in the congressional campaign is the popularity of President Coolidge. They plan to capitalize his prestige and seek for return of a republican congress that will stand by the president.

Even such an independent republican as Governor Pinchot of Pennsylvania, finds it advisable to declare himself a Coolidge man in the senatorial campaign of his state.

Coolidge is regarded with some disappointment among republicans in certain agricultural districts notably the Iowa corn region, but on the whole republicans find their best selling point is the quiet little man in the White House.

This tends to produce a more unified line of strategy over that of the democrats, who have no dominating personality of their own and having supported several of the major Coolidge policies, are compelled to emphasize specific issues and adapt their attack to local conditions.

Republicans will be able to point to world court adherence, further tax reduction and economy as important accomplishments, but democrats have so large a share in each of these that expressions of party pride must be somewhat curtailed.

One of the claims that will be made on behalf of Coolidge is that his leadership has had a sedative effect on congress, that he is laboring to contract the scope of federal activity so that private enterprises will suffer less interference.

Prohibition as an issue is as unwelcome to the republican campaign managers as to the democrats, and it will be ignored as much as can be.

Republicans will be obliged to meet democratic attacks regarding the alleged White House influence on the tariff and the federal trade commission. The flexible tariff provision probably will be defended and the protective duties of the Fordney-McCumber act. If the democrats raise the aluminum case, the republicans will merely reply that the senate did not find the charges worth its attention after preliminary explanation.

The bill to establish a bureau of co-operative marketing in the department of agriculture, passes, it will be used as the answer to criticism from the left wing of the agrarians, who are disappointed at the president's refusal to accept some drastic export surplus explanation.

But the big talk will be about President Coolidge and his popularity which has surprised all politicians of this generation. Democrats sometimes say he is slipping but he has lost far less popularity than they expect he would. If simplifies the republican task and makes the democratic fight more difficult.

Despite the heavy burden of candidates who will lean on his shoulder, President Coolidge expects to participate only mildly in the campaign. He will make several general speeches but he does not intend to take off his coat and go to any body's rescue.

If he did, his first call for help would come from his campaign manager, Senator William M. Butler, who is facing a hard fight for re-election in Massachusetts. Because of the general fear that ex-Senator David L. Walsh may defeat Butler, Coolidge's friends have advised him to stay out of Massachusetts this summer and run no risk of suffering personal defeat in the Butler-Walsh fight.

ACCUSED TESTIFY IN DENVER BANK TRIAL

By United News
DENVER, Colo., March 25.—Her-man E. Gates, president of the defunct Globe National Bank and Will F. Bishop, vice president, were the chief witnesses Thursday as the trial of the accused officers of the institution continued in federal district court.

Details of the negotiations and conferences behind the scenes of the bank's business before a decision was reached to meet obligations of the Home Insurance & Investment Co., were told by both accused men.

Two notes listed as assets of the bank and drawn against the insurance firm, were unsigned. They said they had always done their best to protect the interests of the bank.

STARS MAY FORCE TAYLOR MURDER PROBE

By United News
LOS ANGELES, March 25.—The threat of forcing a grand jury probe of renewed rumors concerning the Wm. Desmond Taylor murder mystery was made Thursday by attorneys representing principals mentioned in the rumors.

District attorney Asa Keyes, now in the east, was first quoted in later dispatches as saying that he had a solution of the murder mystery. He was later quoted as denying any such statement.

It is understood that those behind the projected move for a grand jury investigation include Mrs. Charlotte Shelby, mother of Mary Miles Minter and Mabel Normand, motion picture actresses, whose names have been mentioned in connection with the case.

CHICAGO, March 25.—Well pleased by word from his investigators that new evidence had been found in Los Angeles, on the William Desmond Taylor case, District Attorney Asa Keyes, left for Kansas City Thursday night enroute to California.

There he expects to plunge again into the four year old mystery of the murder of the prominent director. Telegrams from his assistants in California are said to have borne the news that "valuable information" had been supplied them by a prominent realtor and a well known film actor.

Keyes, who has been in Chicago two days ostensibly on private business, said that Kansas City would play no part in the investigation which has carried him through the east.

CANDY KID

looked over by witnesses from Perth Amboy, N. J., to see if they resembled the slayer of 65 year-old James Gallagher last August. On that occasion, bandits escaped with \$14,000 payroll. Willie Unklebach, a member of the gang, implicated his comrades in the murder of Thomas Landrello of Baltimore, killed in a dispute over spoils.

Anthony Paladino, who aided as a "lookout" for the Whittemore gang, confessed to his part in num-

LITTLE BLONDE WINS TAMPA CHARITY RACE

By United News
TAMPA DOWNS, Fla., March 25.—A striking little 23 year-old blonde who rode sitting straight up in the saddle won a "long shot" in the feature charity race Thursday in which prominent young society women and girls of Tampa were jockeys.

Miss Virginia Burford was the winner, riding Billy, a brown mare and paying her backers at the par mutuels \$11.40 for a \$2 ticket to win \$4.40 to place and \$5.20 to show.

It was a race of blondes, principally, with only one brunette among the seven fair riders.

Sorghum Mill To Be Built At Littlefield

By CLABORNE HARVEY
LITTLEFIELD, March 25—Arrangements have recently been completed for the erection of a sorghum molasses mill near Littlefield. The project is being engineered by W. T. Jones, Jr., who was formerly connected with the Blalock Land Company of this city.

This plant will have a daily output of from 1,000 to 1,200 gallons of molasses per day. It will be equipped with modern machinery in every part and sanitary in every respect. Mr. Jones states that he is counting upon putting out approximately 100,000 gallons of syrup from the middle of August until the latter part of October.

Hundreds of acres of seeded ribbon cane are being planted near Littlefield all of which will be made up into syrup at the Littlefield mill. There is no question but what this industry will prove to be a great benefit to this section of the South Plains.

FLOYDADA PLEASD WITH BOLE'S REPORT

FLOYDADA, March 24—Examiner Bole's recommendation that the T. P. & G. Railway System be granted the right to extend their line from Seymour to Tucuman, N. M., giving to the South Plains a direct outlet to eastern markets, is looked upon favorably by Floydada.

The arrangements that would be necessary for the T. P. & G. to secure from the Frisco the use of the track from McBain to Floydada, a distance of twenty-seven miles and the proposed extension of the Q. A. & F. will be quickly arranged says several well informed Floydada citizens.

Should the recommendation be granted and the necessary arrangements be made, the South Plains would receive exactly what they asked for, a direct outlet to eastern markets, Plainview, Lubbock, Lockney, Silverton, Tolia, Turkey, Pecos, and Dimmitt would receive a direct line into Fort Worth and Dallas, their natural markets. It is practically impossible to make a railroad center out of every West Texas town and Floydada feels that not only would the recommendation take care of the South Plains but is the logical solution to the fight for permission to build into the South Plains.

When the proper time comes Floydada will celebrate in a fitting manner.

Wichita Falls Permits Over Half Million

WICHITA FALLS, Texas, March 25—Building permits last week in Wichita Falls set a new mark for a week when the total amounted to \$582,797, bringing the grand total for the year to \$2,101,431, almost one half of the total amount issued in 1925, which set a new mark for a year's building record. Of the permits issued one was for a \$125,000 addition to a church and another was for the five story Marchman Hotel building to cost \$250,000. Several apartment houses, costing upwards of \$10,000 were contracted for, while the bulk of the permits were for ordinary cottages and dwellings in the residential sections of the city.

PORTABLE LAWNS

CULVER CITY, Calif., March 25—"Portable lawns" are the latest invention of the botanical department of the Metro-Goldwyn-Mayer studios here.

The "portable lawn" consists of a series of shallow wooden trays into which soil is laid and lawn seeds planted. They are kept in racks and tended and watered daily. The device does away with artificial grass, which has fallen into disuse as unrealistic and highly inflammable.

EGG LAYING BOOMS WASHINGTON REPORTS

WASHINGTON, March 25—Hens worked overtime for farmers last year and produced 15,500,000 cases of eggs, an increase of 1 per cent over the number laid in 1924, the official records of the Agriculture Department show.

The total value of chickens hatched on farms last year was about 12 per cent greater than in 1924 and the average chick produced was worth 7 per cent more in price.

Wheat Crop of Wichita Falls Territory Good

WICHITA FALLS, Texas, March 25—Prospects for a great wheat and other grain crops throughout this section were never brighter, according to the growers. Winter snows put an excellent season in the ground. On Sunday a two-inch rain-fall added to the season. It was the heaviest rain of recent months and extended over a wide area throughout this part of the state.

ENTERTAINMENT PLANNED FOR THEATRE OWNERS

LOS ANGELES, March 25—A "million-dollar blowout" in the form of pretentious and diversified programs of entertainment has been devised for the 2,000 visitors expected here for the national convention of the Motion Picture Theatre Owners of America, June 1-5.

The film plants, including the stars and executive heads, are co-operating to show guests and delegates of the convention a memorable time at the cinema capital.

Bathing parties, dances, private studio banquets, and many sea and island sightseeing excursions are part of the colorful program arranged for the visitors.

FAMOUS PARIS TAILOR REBUKED BY THE POPE

By THOMAS MORGAN
(United Press Staff Correspondent)
ROME (United Press)—Pope Pius XI has had the rare opportunity of giving personally to a famous Parisian fashion creator a rebuke, advice and an exhortation on woman's fashions.

The fashionier and his wife were being received in audience by His Holiness, and had just knelt and kissed his ring when the Pope addressed the couple and not knowing their business in life, asked them who they were.

"We are fashion creators, holy father," said the arbiter of women's modes.

"Fashion creators?" interjected the Pope, whose disapproval of prevailing feminine fashions is well known. His eyebrows contracted into a frown. Here was an arch-enemy under his own roof.

"Remember," he said to the kneeling couple "that God gave beauty to woman in order that she should preserve it as the most precious of flowers. Her dress should cover this beauty, not take away its veil of mystery and poetry."

The costumer who had made thousands of feminine hearts palpitate with excitement and pleasure quaked under the Pope's august words, but he tried to stand to his guns.

"Holiness," he said "it is custom which makes fashions, and we tailors follow custom."

A new type of electric fan carries its own battery for driving the motor.

MONITOR VS. MERRIMAC WASN'T A REAL FIGHT SAYS NAVAL VETERAN

SAN FRANCISCO, March 25—The battle between the Monitor and the Merrimac in historic Civil War days really didn't amount to a row of pins.

They just fired a few shots at each other that bounced right off," declared an eye-witness here, recalling events of the past from the vantage of 82 years' experience with Robert W. Burton, oldest engineer and living.

See at the local Relief Home refused to get excited over historical reports of the battle.

"The fellow up in the conning tower of the Monitor was struck blind," exclaimed Burton. "So the ship went wherever it had a mind to. Nobody knew that. I was there in the harbor on the Wabash and saw the whole thing. It wasn't any fight!"

For 10 years Burton was a seaman in the United States Navy.

"Enlisted before the war," he explained laconically. "That was the second day of February in '59. I was hit just once. That was when we took Fort Fisher. We'd been bombarding the fort four hours. Then the Captain decided it was time to attack."

"So he sent a landing party over the side. Four boats of us there was, and we sneaked up just before daylight. They got me while we were landing the gun. He me in the knee with one of the cans they used to shoot with nails and scrap iron in them. My knee never has quite got well."

"Some of those fights were real

fight, but the Monitor and Merrimac—well, they had no fight at all."

BANKERS' CONVENTION TO MEET IN LOS ANGELES

LOS ANGELES, Calif., March 25—Los Angeles will be host to thousands of American bankers at a nationwide convention here next October.

Thomas F. Wallace, of Minneapolis.

Secretary of the American Bankers' Association, was here recently to make preliminary arrangements for the gathering.

"It will be the biggest convention of bankers in history," declared Wallace.

What The Salvation Army is Doing

To have carried the "Glad Tidings of Great Joy" to an average of more than one country per year, over a period of forty years is the remarkable achievement of The Salvation Army, according to its published record. To have done this on the Self Denial of its members and their friends only enhance what the organization has done since it began its missionary operations in earnest in 1886. Today the Army flag waves over eighty-one countries and colonies and it preaches the Gospel in fifty-eight languages.

The Officer's Roll Call for the last year shows that forty-five of its devoted men and women paid the supreme price in death for the religion of Jesus Christ during the last fiscal year, while laboring on the world's mission fields.

Captain H. Uptegrove, of the local Salvation Army Corps is authority for the above statistical matter, which he made public today.

The Foreign Mission work of the Salvation Army is supported almost entirely by the annual Self Denial Effort, during which its people deny themselves such luxuries as tea, coffee, sugar, and other sweets, turning the money thus saved into a general fund for the maintenance and extension of our Home and Foreign missionary operations. In addition to this they ask their friends to do the same and by this means a considerable sum is raised in each country, even in the mission fields that benefit from the effort. This year the Self Denial Effort dates are from March 27th to April 4th.

A. & M. Professor Comments On The Farm Conditions

DALLAS, Texas, March 25—"In my nineteen years of traveling over Texas I have never seen the time when farmers were as well-prepared for planting and the soil in as good a state to till as it is now," said George W. Orms, supervisor of extension work for A. & M. College.

"Farmers are expecting to raise more feed but I do not believe that the cotton acreage will be reduced very much because new land and land that has lain idle since the war period is being planted to feed and cotton."

Orms said that farmers are planting better seed, using more fertilizer and are expecting to cultivate more thoroughly than ever.

"If the season progresses as it promises we will have the largest production of cotton ever known in Texas."

According to Orms business men everywhere, seeing the possible results ahead are lending every aid to the farmers.

Two Hours Cut From Schedule El Paso to Dallas

DALLAS, Texas, March 25—Two hours will be cut from the running time on the Sunshine Special between Dallas and El Paso, according to George D. Hunter, general passenger agent of the Texas and Pacific railway.

The new schedule will be put into effect on or about April 1, he said.

This schedule will be put into effect in co-operation with the Southern Pacific railway and the running time between Dallas and California will be cut down by 7 hours.

This new time will necessitate the Sunshine Special attaining a speed of 70 miles on a part of the lap between Dallas and El Paso making it one of the fastest trains in the United States, said Hunter.

In connection with this same announcement Hunter says that a through sleeper will operate through Dallas from St. Louis to El Paso.

Names of Famous Texans To Be In Garrison Hall

AUSTIN, Tex., Mar. 25.—Names of Texas heroes, famous as the founders of the Republic of Texas, will be placed on Garrison Hall, classroom building under construction at the University of Texas, in addition to the cattle brands being used for decoration, according to members of the building committee.

On the west side of the building will be placed the names of Stephen F. Austin, "the father of Texas," and William B. Travis. The names of David G. Burnett and Anson Jones will be on the south side, General Sam Houston's name will be placed on the east side, and Luchus Mirabeau Lamar's name on the north side of the structure.

The boy who made a clean breast of it was he who went into the pantry and finished the cold turkey.

Useful information: an inch of rain, on one acre of land, weighs 113 short tons.

SANTA FE OFFICIALS PLEASUED WITH SLATON

SLATON, Tex., Mar. 25.—Mr. W. B. Story, president of the Santa Fe system lines, began his annual inspection of the Slaton division when his special train turned at the Lamessa Y, just out of Slaton, and a round trip was made over the Lamessa branch. Late in the afternoon Mr. Story's train pulled into Slaton, and the president along with a number of other Santa Fe officials of national prominence, alighted and looked over the city.

In conversation with vice-president W. H. McKirahan of the Slaton Chamber of Commerce, Mr. Story said, "Since I personally picked out the spot upon which Slaton should be located, I have always watched its growth with considerable interest. I can truly say that I have never been disappointed in it, when the location we chose for our shops and division point was decided upon, I felt that some day a thriving city would be built up around them."

Superintendent J. E. Anton, was complimented upon the excellent condition that the Slaton division was in as the special train carrying the president and his guests made a complete tour of the division, and apparently found everything to their liking.

Uniformed Scouts To Attend Court Session Today

A novel plan of conducting a Boy Scout Court of Honor Session will be used this evening in order to have their program fit in with the program of other activities already set.

The Court will be held at six-thirty o'clock this evening, at the First Presbyterian Church. All Scouts of the city will assemble in uniform, and be present by troops. The program will last only forty-five minutes instead of the usual hour and a half. This will give ample time for the boys to have their ceremony without being rushed, and then attend Church services at either of the four revival meetings, and then attend the Music Festival, if they desire.

Several announcements of importance will be made to the Scouts at this meeting, and it is imperative that each Scout of the city be present.

By holding the session on Friday evening, the regular program of the city is being held rigidly. In order to do away with all mis- understandings, Courts of Honor sessions will be held on the fourth Friday evening of each month, instead of on Saturday night.

GREAT HERD OF DEER STOP TRAIN IN COLO.

DENVER, Mar. 25. (U.P.)—The "old days" when herds of Buffalo often impeded railroad transportation on the Western Plains were recalled here when State Game Commissioner Roland Parvin received a letter from one of his deputies telling of a herd of 500 deer stopping a train on the Moffat road.

According to the deputy, the deer are coming down from the high altitudes, snow having covered up their feed.

Commissioner Parvin said he was receiving complaints daily from farmers about deer appropriating their hay stacks.

BUTLER SAYS HOLLYWOOD JUST LIKE PHILADELPHIA

HOLLYWOOD, March 25 (U.P.)—"I've been fooled by Hollywood admitted General Smedley D. Butler, former vice crusader for Philadelphia.

"I thought I'd find all the buildings like picture sets and the streets full of bathing beauties. Instead, it's just like Philadelphia, or Boston, or any other city."

General Butler inspected the film plants and elegant home-sites of the stars while on route to San Diego where he has assumed charge of the marine post.

WORLD'S TIN SUPPLY RAPIDLY DWINDLING

LONDON, (United Press)—Lord Asquith, presiding at the annual meeting of a tin company, called attention to the gradual disappearance of the world's supply of that humble metal and the imperative necessity for the discovery of a satisfactory substitute.

Thus far no substitute had been found which could do so admirably the things which tin had always done for mankind.

"Less than three years ago," said Lord Asquith, "the world boasted a surplus stock of 40,000 tons; today it is less than 18,000 tons and this country, which is the tin market of the world, actually has less than 2,000 tons on hand for sale."

"The day is coming when old abandoned tin mines will have to be started up for the working out of the low grade alluvium and vein deposits which we have hitherto scorned."

World production of tin ore in 1913 was 133,364 long tons and it fetched then—roughly \$1,007. Now the price, despite a speeding up of production owing to increased demand—has soared to \$1,300 a ton.

CAVE FULL OF SNAKES FOUND IN NEW MEXICO

SANTA FE, N. M., March 25—Anyone wanting to start a zoo can get a lot of fine pots from a cave on the Marlar ranch, near here.

Thousands of rattlers were discovered hibernating in the cave. They can be had for the asking.

The owner of the ranch is anxious to get rid of the reptiles and unless some other disposition is made of them he expects to inject poison gas.

What Our Neighbors Are Doing

There are two neighbors near, they're building fences this year; one is Thomas Bower, the other Robert Grear. When these two farmers meet they always stop and greet; and what they say, across the way, is something of a treat.

"Good morning, Bobbie Grear, I surely wish you cheer; but why, oh why, will you plant posts that rot out in eight years? You're old enough to know that posts untreated go to feed the bugs and ugly slugs—those posts will cost you dear."

Good morning, Neighbor Bower, your posts smell kinda sour, but, by the by, I think that's why they'll last for many years. I'm always glad to know how I can save some dough. I'll be the posts of which you boast because you seem sincere." Now Neighbor Bobby Grear when he sets posts next year will get the kind with smelly rind at the Long-Bell yard that's near. Such posts are strong and neat, they're creosoted deep; that is to say, they don't decay which makes them very cheap.

NEW YORK FINANCE

BY E. WALTER MOCKLER, Financial Editor United News. NEW YORK, March 25.—Stocks rallied moderately through this morning but were expected in the light of the drastic re-actions of the previous day. Short covering was in order all along the line. Bears had shown no inclination to cover their commitments at the close of Wednesday to re-act but was more willing Thursday. Most of this willingness was evidenced near the close after the market had run through another spell of liquidation much on the previous day's order. Trading was on the same heavy scale, crossing 2,700,000 shares. Much of the day's weakness occurred in the specialties as old line industrials proved more immune to the heavy pressure which netted a score of new low levels on Wednesday. Call money again held at five per cent both ways all day. Rumors were afloat that pressure had been brought to bear on banking authorities with a view to cutting down commitments in the call loan market but these proved unfounded. It is not believed that more than \$10,000,000 in loans were called during the course of the day. This calling of loans is entirely to be expected at this season of the year and proves the existence of normal conditions rather than otherwise. The heavy government operations on March 15 have left their effects in their wake is usual. The government has a vast sum to pay out for maturing obligations of one kind or another. These payments are made on the day due whereas income taxes and payments for new certificates are not made at once. Despite the evidence of re-act in the early hours and stock market looked much better in the closing hour. It is still an open question as to whether or not the reaction has run its allotted course but as the main spring of the last selling drive was furnished by the money market, this factor should be minimized in importance from day to day. There is nothing on the surface to indicate that business has suffered from the drastic losses in the stock market or that any signs of failing business can be quoted to explain the original stock weakness. Secretary Mellon who is one of the country's leading bankers in addition to being its secretary of the treasury declared yesterday that there were no dark clouds on the financial horizon. Cables are not all encouraging and this will in time have more important influence upon sentiment. Politically we can remain as isolated as we want but in the commercial world, the United States has an important stake in the progress of Europe and the rest of the world we have to sell more than half of our cotton crop abroad and also look there for other leading markets. Therefore the purchasing power of these markets is a factor in our prosperity which can not be ignored.

LAMESA THANKS LUBBOCK FOR C-C AID

LAMESA, March 25.—At a meeting of the Board of Directors of the Lamesa Chamber of Commerce Monday, March 22, a motion was made that a letter of appreciation be sent to the Lubbock Chamber of Commerce for their generosity in letting their Secretary, Mr. A. B. Davis, assist Lamesa in her re-organization expansion campaign of the Chamber of Commerce; further that a personal letter be directed to Mr. Davis thanking him for his beneficial and appreciated efforts in supervising the campaign.

HEREFORD NURSERY OPENS IN AMARILLO

HEREFORD, March 25.—Joe Landrum of the Hereford Nursery, has just received his commission as Captain of Company E, Texas National Guard of Hereford, and is to take immediate charge of the work here.

HEREFORD MAN GETS CAPTAIN'S COMMISSION

HEREFORD, Mar. 25.—A branch of the Hereford Nursery has just been opened in Amarillo, according to Manager Joe Landrum, and that office will be used as a distributing point for Amarillo and vicinity.

MORE LAND WANTED

Good South Plains soil is hard to beat, but it doesn't make us any money, carrying it around on our automobiles. It spoils the appearance of a nice car, and it also ruins the paint.

SEVEN-NINE-NINE

This headline may not mean much to you while reading this paper, but it means a great deal if you run out of gas several blocks from a service station.

PRAISE FOR HOME ECONOMICS AT FLOYDADA

FLOYDADA, March 25.—Floydada has a splendid home economics department according to Miss Peak of Austin, state inspector of the home economics department.

COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creosolium, an emulsified creosote that is pleasant to take. Creosolium is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

HELD FOR THEFT OF COTTON AT PLAINVIEW

PLAINVIEW, March 25.—Approximately \$300 worth of cotton seed was stolen from the Plainview Cotton Oil Mill and then sold back to them by John McCook and J. H. Rogers, employees of the mill, before they were arrested by H. A. Murray, Chief of Police, Monday night according to reports from police headquarters.

RAILROAD REFORM WORKED IN ITALY UNDER MUSSOLINI

ROME (U.P.)—A deficit of 60 million dollars on the operation of the Italian State railroads has been turned into a profit of 10 million under the Mussolini regime.

Roswell Wants Road Connection With Lubbock

ROSSELL, N. M., March 25.—Rumors of proposed extension of the Santa Fe system from the new line point on the New Mexico-Texas border east of here to El Paso by way of Artesia were augmented today by the visit of a large delegation of the Pecos valley, headed by W. B. Storey.

Mr. Storey is president of the Santa Fe system. C. F. W. Felt, chief engineer of the system is another member, as is F. A. Antone, Amarillo, engineer of the western lines.

While they refused to divulge the purpose of their trip, it is known that an extension of the line from the Texas border to the Pecos valley line is contemplated. The level-land branch from Lubbock comes just inside the New Mexico line.

The little daughter of Mr. and Mrs. Paul Williams, 1913 13th street mistook a tablet of bichloride of mercury for aspirin at 3 o'clock Thursday afternoon and for a time it was thought the mistake would be fatal.

\$300,000 BRIDGE TO BE BUILT OVER RED RIVER

WICHITA FALLS, Texas, March 25.—Plans are being completed for the erection of a free river bridge to span Red River at Burkburnett. The structure will cost practically \$300,000. The contract is expected to be awarded within the next few days.

BUCK JONES FOOLS COWBOY CREW AND DOESN'T GET SICK

True to his part in the story, Buck Jones was the one and only member of the troupe of cowboys who didn't get a touch of mal-de-mer on a location trip during the filming of the Fox Films production, "The Cowboy and the Countess," now at the Lindsey Theatre.

This unique Western photoplay deals with the adventures of a band of cowboys while touring Europe—and not the least important of their experiences happen in the voyage across. So the entire troupe was sent to San Francisco on one of the big ships that ply between California and the Orient.

Usually the trip between Los Angeles and the northern city is a most enjoyable one, for the Pacific virtually always lives up to its name and is smooth as glass. But this particular trip old Father Neptune decided to make the cowboys ride the waves with the result that all except Buck Jones were most decidedly under the weather.

"MAN ON THE BOX" A CHAPLIN SMASH

Whatever else you may neglect to do, don't miss seeing Syd Chaplin, who is starring in "The Man on the Box," the Warner Bros. Classic of the Screen which will open Monday.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose of two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used.

HALSEY HALL DRUG CO.

at the Palace Theatre; that is, if you want to see one of the most distinctive combinations of comedy and melodrama ever devised for the screen.

Charles "Chuck" Reisner directed the production and if anybody can get every bit of comedy out of a story, "Chuck" is the man. In addition, he plays a Russian spy in this perfect picturization of Harold MacGrath's celebrated novel and play.

The remainder of an excellent cast includes David Butler, Alice and Kathleen Calhoun, Theodore Lorch, Helen Costello, E. J. Ratcliffe, Charles Gerrard and Henry Barrowes. The adaptation is by Charles A. Logue and Julien Josephson wrote the scenario.

"The Man on the Box" is one of the few pictures you can't afford to miss if you want riotously funny entertainment.

"Service at your Command"

SERVICE IS LIKE THE WORD LOVE IT WILL NEVER DIE

"SERVICE" is what we want to talk to you about—the right kind of "service" at the right price—if you are the owner of a Willys-Knight or Overland automobile and are in need of any service on your car, bring it around to us, let our Mechanics of long experience diagnose your car trouble. We employ only the best Willys-Knight and Overland Mechanics, men who are educated especially for the servicing of Willys-Knight and Overland cars, therefore you are taking no chance when you leave your car in our garage.

We have installed all the newest and latest Shop equipment for the servicing of the above cars mentioned; we are using the National Flat rate system, which is fair and square to all automobile owners, we have a complete parts stock for both Overlands and Willys-Knights, thereby enabling us to give you prompt and correct service.

We invite you to call and see us, inspect our new place of business and give us the opportunity to serve you rightfully.
