

Krush Propaganda Dealt Blow

West Diplomats Fear New Crisis

By PRESTON GROVER MOSCOW (AP)—The rough tone of Soviet comment on President Kennedy's nuclear test speech stirred Western diplomats here Saturday to a feeling of approaching crisis. It appeared likely one Soviet reply to the President will be a new series of nuclear blasts.

The official Tass news agency used such words as "distortion," "aggressive action" and "resembling blackmail" to describe Kennedy's announcement that the United States will resume atmospheric nuclear tests in April upon the Russians agree to a satisfactory test ban.

"In this case Kennedy did not risk anything," Tass declared, "knowing very well that the Soviet Union rejects the system of inspection proposed by the United States and Britain as completely unacceptable."

"It is not difficult to understand that by the decision to start nuclear tests in the atmosphere, the United States opened wide the doors for a nuclear arms race."

"Hoping that a new series of tests will be the Soviet reply to Kennedy, the government newspaper Izvestia declared: 'It is self-evident that the Soviet Union will remain inactive in the face of the new aggressive steps in the field of atomic armament on the part of the United States and its partners in the North Atlantic Treaty Organization.'"

Izvestia said the Soviet Union "will take all measures that will be required by circumstances to insure its own security."

"Tass as government agency as are Moscow radio and the various newspapers. So the statements made by Tass and Izvestia carry in essence the same weight as pronouncements by Pierre Salinger in the White House and Liaison White in the State Department."

The hard tone has led some important diplomats here to suspect that the Soviet Union is at a point where it must determine whether it will continue to seek adjustment with the West or will swing hard over to the tough line demanded by Red China.

The pressure on Khrushchev to preserve solidarity in the Communist bloc is known to be great, not only on the part of Peiping but on the part of some of its associates both in the Soviet Union and in the European camp.

The field for more declarations opens Monday when Khrushchev will make an important opening speech before the Central Committee of the Communist party.

Primarily he is scheduled to talk about the agricultural crisis, a strong motivating force for the Soviet drive to cut its arms spending. The more money and material spent on arms, the less is available for undermechanized and underfinanced Soviet agriculture.

But the whole range of Soviet foreign relations seems inevitably due for an airing, including relations with China and its European satellite, Albania, the German dispute and the persisting bad blood between the Soviet Union and the United States.

Clearly the Soviet public is being prepared for some sort of a bad time with the United States. Not in a long time have observers here seen such a persistent mood of anti-American propaganda in the newspapers, radio and television.

A GOLDEN TRUMPET FOR GLENN—Astronaut John H. Glenn Jr., blows on a golden trumpet for benefit of photographers at the Waldorf Towers in New York after receiving the gift from composer Paul Toumanian.

Soviets Cry 'Blackmail'

By JOHN M. HIGHTOWER WASHINGTON (AP)—Cries of "blackmail" from Moscow suggested Saturday that President Kennedy had dealt a severe blow to Soviet disarmament propaganda by coupling his nuclear test decision with a new bid for a pact to end all testing.

This development, coming at the outset of an extremely critical period in the cold war, could have a sharp impact on the shaping of Soviet policies, Washington officials believe. But they aren't sure what direction those policies will take because of uncertainty about developments within the Communist camp.

It is agreed in high official quarters that events of the next four to six weeks may have a profound effect in determining the course of events toward improving East-West relations or deepening and extending the cold war struggle.

Attention focuses on three meetings which may bring vitally important decisions: a session of the Central Committee of the Soviet Communist party due to open in Moscow Monday; a meeting of the Chinese National Peoples Congress just postponed until late this month; and the 18-nation disarmament conference to open at Geneva March 14.

In advance of the disarmament negotiations the Western powers problem of reviving serious Soviet foreign ministers' meeting to come to grips at once with the issue of reviving serious negotiations on clear weapons tests under an international policing system. Soviet Premier Khrushchev, pushing for a summit meeting, so far hasn't agreed to the foreign minister proposal.

Kennedy is known to have taken all these political and diplomatic meetings and possible meetings into account in giving final form to the nuclear test and nuclear test announcement he made Friday night. He said that in the light of Soviet nuclear gains from their test series last fall, military necessity compelled the United States to resume atmospheric testing unless a foolproof international agreement would bar further tests.

On the ground that the tests he ordered would not be ready to start until late April, Kennedy offered to cancel the whole series if the Soviet government would sign an effective test ban treaty.

It took Moscow only a few hours to say through the official news agency, Tass, that Kennedy's offer was "strongly reminiscent of blackmail" because Kennedy knew that Russia would turn down any international inspection system as a Western device for espionage. Tass also charged Kennedy was opening the door for "a nuclear weapons race."

The Russians must have calculated, as Khrushchev once said, that their series of test ban treaties followed by U.S. experiments. Khrushchev had built up his campaign for a summit session. He was in a position to go to Geneva or send Foreign Minister Andrei A. Gromyko to denounce U.S. resumption of atmospheric tests.

Now, however, Khrushchev has a different set of problems. There is increasing belief that he probably will send Gromyko to meet with Western foreign ministers.

Home Town Welcome Warmest For Glenn

By ALFRED C. HALL NEW CONCORD, Ohio (AP)—Astronaut John H. Glenn Jr. spent little more time in his home town Saturday than he did in orbiting the earth three times.

But in 3 1/2 nostalgia-filled hours he got a welcome that surpassed anything he had experienced in his 18 years here, if not in numbers, all his other space-flight vacations.

The deeply tanned, smiling Glenn even had tears in his eyes at a couple of points during the homecoming celebration. So did his mother.

Glenn had little opportunity to meet and talk with old acquaintances except from the speaker's stand. A luncheon, a parade, a few speeches, a press conference—and he was gone.

The cheers of an estimated 45,000 to 50,000 people still seemed to echo against the hills of this little village of 2,127 long after he and his family had departed for Washington.

There was no doubt the astronaut was deeply moved by the brief visit-home. Once, during the invocation by the minister who married him and his childhood sweetheart, Anna, newsmen detected a tear in his eye.

Again, after he had completed a brief speech another drop was there.

Climax of the biggest day in New Concord's history was the public reception in the Muskingum College gymnasium. Perhaps because he was surrounded by old friends, Col. Glenn appeared relaxed. He even chuckled a bit and was always quick with a quip when the occasion demanded.

He seemed to enjoy talking with old high school classmates who sat a group in the gymnasium and cheered "Yes, John!" from time to time.

More honors were heaped on Glenn by his home town, schools and state. A portion of U.S. Highway 40, between Zanesville and Cambridge, his birthplace, has been named the "John H. Glenn Highway," Gov. Michael J. DiSalle told Glenn and the audience.

Once in the press conference that followed the reception, Glenn was asked whether he was a Democrat or Republican.

"That isn't even a very direct question," he said. "I'm not registered as either one. I vote for the best man."

Asked as to the "finest hour" he had experienced, he replied: "I wouldn't even begin to be able to answer that specifically. Maybe when I came through re-entry in real good shape."

As Glenn was introduced at the reception, he stood before the microphones for a moment, then took three quick steps to the right, took his wife by the hand, led her back to the microphones and kissed her enthusiastically.

Mrs. Glenn, with a girlish gesture, tucked a stray strand of hair back in place after the kiss.

Seated on the platform with the Glenn family was Dr. Homer Castor, Mrs. Glenn's father. Dr. Castor, a dentist, hasn't been in the best of health and frequently uses a wheelchair in recovering his strength. But when introduced, instead of remaining in his wheelchair, he trembled to his feet. That brought a roar of applause and shouts from the audience.

Declaring that he wanted to "give something back for all the things I've received," Glenn made another gesture. He called to the platform his 14-year-old nephew, Billy Pinkston, of Cambridge, and presented his own astronaut's lapel pin to him. He explained that the pin was for all the youth of America.

Glenn was asked whether he was a Democrat or Republican.

He was asked whether he was a Democrat or Republican.

He was asked whether he was a Democrat or Republican.

He was asked whether he was a Democrat or Republican.

He was asked whether he was a Democrat or Republican.

Heavy Snowstorm Lashes Far West

By THE ASSOCIATED PRESS A heavy snowstorm plastered the Far West with road-blocking drifts and fanned eastward Saturday to the Rockies and northern Great Plains.

A surge of Canadian air accompanying the storm center brought the prospect of cold weather and more light snow to sections of the winter-plagued Midwest.

The new influx of Canadian air came on the heels of a push of arctic air that brought unseasonal March cold to most sections of the nation.

Much of the northern two-thirds of the country shivered in freezing weather Saturday and readings were in the chilly 40s and 50s along the Gulf. New York City had a record-equaling low reading for the date of 11 above.

The Western storm hit parts of northern California, Oregon and Washington Friday. It moved eastward with diminished force Saturday spreading light snow eastward into the upper Great Plains.

Light snow was expected to spread Sunday from the mid-Mississippi Valley northeastward into Wisconsin and Michigan.

The Far West storm, packing fierce winds, left hundreds stranded temporarily in parts of the three Pacific coast states and was blamed for two weather-related deaths.

Roads were blocked and snowplows in the Sierras knocked a cattle truck over an embankment.

Farm Labor Day Slated Here By TEC

Results of a survey here have prompted the Texas Employment Commission to schedule a weekly "Farm Labor Day" here each Wednesday.

Representatives of the TEC will be on hand from 8:30 a.m. to 3:30 p.m. in the basement of the courthouse beginning next Wednesday.

Farmers need farmers are invited to attend the event where they will be given the opportunity to talk in person with experienced farm workers who are seeking jobs.

"The results of the recruitment drive for farm workers conducted by the Texas Employment Commission during the past several days indicated that there is considerable farm labor available in the Snyder area," said Truett L. Hawkins, manager of the TEC office in Sweetwater.

"We were actually surprised at the number of tractor operators, irrigators, general farm hands and even ranch hands uncovered."

There will be no charge to the farmer or worker for the service planned in the weekly "Farm Labor Day" events. Also, there is no obligation on the farmers to hire anyone. The matter of hiring is entirely up to the farmer.

"The purpose of a Farm Labor Day," said Hawkins, "is merely to bring together the farmers needing workers and the farm workers desiring jobs so that they may make deals that are mutually satisfactory."

Another mass of cooler air moved to the Texas Panhandle Saturday as the rest of the state warmed up gradually from the week's fruit-killing freeze.

Formosa Teacher Sentenced To Death

TAIPEI, Formosa (AP)—Tsuji Ying, convicted of killing the principal and six other members of Li Sheng School Jan. 26 after being dismissed as the school's physical education teacher, was sentenced Saturday to be executed. He admitted the slayings, but said they were not premeditated.

The project is four miles southeast of Post and 1,650 feet from south and 2,000 feet from west lines of section 3, block 2, H&G.N. survey. Contract depth is 8,450 feet.

The project pumped 62 barrels of 27-gravity oil from perforations at 3,156-9 feet daily, after acidizing with 20,000 gallons.

Total depth of the project, which has also been completed in the Clear Fork, is 3,377 feet, with 5 1/2 inch casing set one foot off bottom.

Location is five miles northwest of section 3, block 2, H&G.N. survey, contract depth is 8,450 feet.

India Seeks To Unify Territory

NEW DELHI, India (AP)—The Foreign Ministry announced Saturday the government will ask the March 12 session of Parliament for a constitutional amendment incorporating the former Portuguese colonies of Goa, Damao and Diu as a single union territory of India.

The three enclaves were seized by the Indian army last December. Under laws expected to be passed in the next few weeks they will be administered by the president of India.

Let's fall's series of Russian tests numbered more than 40 by U.S. count.

"The implications of a U.S. self-imposed moratorium on atmospheric testing, in the light of present and past Soviet actions, are quite clear," McNamara said.

Gen. Lyman L. Lemnitzer, chairman of the joint chiefs of staff, said the chiefs had "thoroughly and carefully studied the problem from a military point of view, weighing all the factors involved, and strongly recommended to the President that U.S. nuclear tests be resumed."

Wreckage Of U2 Found; Pilot Dead

EDWARDS AIR FORCE BASE, Calif. (AP)—The wreckage of a U-2 "spy" plane, containing the body of its pilot was discovered on the Mojave Desert a few miles east of this base Saturday.

Killed was Capt. John Campbell, 36, of Bladell, N.Y. He was a pilot with the 4000th Strategic Reconnaissance Squadron, Edwards Air Force Base, Del Rio, Tex., on temporary duty here.

The plane had been missing since Thursday night, when Campbell left Edwards on a two-hour night orientation flight.

There was no indication of the cause of the crash, the Air Force said, and an investigation was ordered.

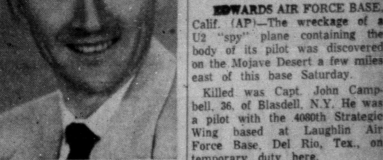

The wreckage was found near the Kramer Hills section of the Mojave Desert, a quarter mile south of Highway 466.

Two More File In School Race Here

The Snyder School Trustee race drew its seventh and eighth candidates Saturday and when petitions were filed in behalf of William J. Schiebel and Ray Houpt.

The petitions requesting a place on the ballot for them were filed independently.

Schiebel is one of three incumbents whose terms expire this year. His petition was signed by Mrs. Richard L. Staker, Dave Harlin, Forrest Beavers, L. B. McCray, Mrs. Jay Huckabee, Vern on Young and Joseph D. Hinton.

SUN LAMP FOR COLD CAR—Ralph Mullen, of Minneapolis, his breath steaming, uses a sunlamp to warm up the rear-mounted engine of his car as the mercury fell to a record 32 below zero. In the background is some of the 53 inches of snow that has fallen in Minneapolis this winter. (AP Wirephoto)

SNYDER AREA OIL

Two projects have been completed in the Fluvanna field, approximately 20 miles northwest of Snyder in Northwest Scurry County.

C. T. Robertson No. 3-A, R. H. Jordan pumped 122 barrels of 41-gravity oil, plus five per cent water, daily from perforations at 7,814-20 feet, which had been washed with 900 gallons of mud-acid. Gas-oil ratio was 600-1.

The 2 1/2-inch casing is set at the total depth, 7,862 feet.

Location is 860 feet from south and east lines of section 667, block 97, H&T.C. survey.

M. L. Mayfield No. 3-A, R. H. Jordan pumped 122 barrels of 38-gravity oil, plus five per cent water, from perforations between 7,879 and 7,887 feet. Gas-oil ratio was 125-1.

Total depth is 7,915 feet, with 4 1/2-inch casing set at 7,905 feet.

It spots 720 feet from west 630 feet from south lines of section 869, block 97, H&T.C. survey.

T. F. Hodge of Fort Worth has scheduled No. 1-A W. V. Roy in Garza County's Justiceburg (Clorita) field.

The 2,620-foot venture is four miles northeast of Justiceburg and 1,980 feet from north and west lines of section 133, block 5, H&G.N. survey.

Shell Oil Company will drill a 4 1/2-mile south and southwest offset. No. 3 W. M. Kirkpatrick, to the two-well Kirkpatrick (Pensylvanian) field of Garza County.

Two Crewmen Are Lost In Train Plunge

ATHOL, Idaho (AP)—Skin divers probed the waters of an ice-covered lake Saturday for the bodies of two crewmen carried to their deaths in the derailment of a crack Northern Pacific passenger train.

The North Coast Limited, bound from Chicago to Seattle and Portland Friday night was just seconds away from a 200-foot-high trestle when it ran off the tracks on a sweeping curve. Cars were tumbled about on the steep snow-covered hill leading to Granite Lake and at least 84 of the 100 passengers were hospitalized.

Amputation, with about 30 admitted for treatment. Only two were considered seriously hurt.

Engineer Jess J. Pruitt, 63, and fireman Stephen F. Renner, 51, both of Spokane, Wash., rode the three-unit diesel engine into the lake about 25 miles north of Coeur d'Alene, Idaho.

MOVES TO MIDLAND—Billy Ray Watson, above, has been moved from Healdton, Okla., to Midland where he has been named district service supervisor for Lynes, Inc. for the West Texas District. He is the son of Mrs. Joe K. Lapour, Route 2, Snyder, and is a graduate of Ira High School and of Sul Ross State College. He has been with Lynes seven years and was salesman in charge of the Healdton office. He will be in charge of all field service and personnel training in the West Texas District for Lynes.

C-City Sets Informative Discussions

COLORADO CITY—A series of these informative discussion programs has been scheduled for consecutive weeks here beginning Wednesday.

Featured at the first session, which is set for 7:30 p.m. Wednesday in the Colorado City High School auditorium, will be Frank H. Littell, who has been described by communists as "America's most dangerous youth leader."

One week later, on March 13, the speaker will be Dr. John M. Claunch, a member of the governor's commission on city and county government.

The third speaker, on March 20, will be Arthur A. Smith, vice president and economist of the First National Bank in Dallas.

Littell's address will be titled "Christianity vs. Communism," while Dr. Claunch will speak on "Democracy vs. Totalitarianism," and Smith's subject will be "Free Enterprise vs. Communism."

The series is sponsored by the Colorado City Lions Club, the Mitchell County Ministerial Alliance and the City National Bank of Colorado City. There will be no admission charge.

Basin Rig Count Rises

The Permian Basin area had 234 rotary drilling rigs in operation Friday, according to the Reed Roller Bit Company's weekly survey.

The figure tops by six the 218 counted this time a year ago in the West Texas and Southeastern New Mexico area.

Scurry County's rig count, dropped from 4 to 3, while the Fisher County count remained unchanged at 5. Borden County dropped from 4 to 2 and Mitchell County dropped from 2 to 1.

Lea County, N. M., with 33 units in operation, topped the Permian Basin activity. In West Texas, Crane and Pecos counties each had 14 rotary rigs turning.

First Iron Ships Raced With Time

EDITOR'S NOTE—Neither the Monitor nor the Merrimack scuttled sink' each other yet they could the wooden fleets of the world. For all the fighting and portent on that day a century ago, the men of the leaky Monitor thought the toughest part of the battle was simply getting there.

By TOM HENSHAW
Associated Press Writer

It was a race against time. At Norfolk, Va., while Union spies watched with interest, the Confederates worked feverishly fitting iron armor over the old frigate USS Merrimack, scuttled when the federal fleet abandoned the Gosport Navy Yard in the spring of '61. Confederates called her Virginia, but everyone else misspelled her Merrimack.

From Thomas F. Rowland's shipyard at Greenpoint, Brooklyn, the Confederate grapevine carried word of a strange new ship. The ways she was radical in design—little more than a floating, self-propelled battery—and she was built entirely of iron. Her inventor, John Ericsson, called her Monitor.

Both were built in haste, each with one eye on the other's progress. Both were experimental with structural and mechanical faults that terrified their crews. Merrimack wallowed at a top speed of five knots. She took a full half hour to turn around. Monitor nearly foundered when she first ventured outside New York harbor.

On March 9, 1862, when the two primitive iron monsters met in a thunderous four-hour engagement they made obsolete all the great wooden navies of the earth.

Monitor was finished first. At least they said she was finished. Her decks and turret swarmed with men nearly foundered when she was taken in tow by the tug Seth Low for the 350-mile voyage to join the blockading fleet in Hampton Roads outside Norfolk.

She had a crew of 58 volunteers recruited from other ships in New York harbor. Her commander was Lt. John Lorimer Worden, 43, who had gained a small measure of fame by being the Confederacy's first prisoner of war. He was exchanged after seven months.

Second day out, off the Jersey shore, a moderate breeze sprang up and Monitor proved frightfully unseaworthy. Waves washed over her flush deck. Her crew spent a damp, sleepless night balling and plugging leaks. Later, most of them agreed that the voyage to the battlefield was more harrowing than the battle itself.

Battered by waves and her crew hot-eyed from lack of sleep, Monitor passed Cape Henry at 4 p.m. March 9. From Hampton Roads 20 miles away, Worden heard the sound of big guns. He stripped the sea rig and plunged ahead while the crew readied their brand new guns and turret for action.

They found the blockade fleet a wreck.

Sloop Cumberland sunk. Frigate Congress blazing furiously from stem to stern. Frigate Minnesota,

MILAM FOWLER

Fowler New Manager Of Station

The Shamrock Service Station located on the Big Spring Highway at Fortieth Street is now under the management of Milam C. Fowler.

Fowler has personally assumed the duties as manager of the station, while his daughter Claudia Fowler is the firm's bookkeeper.

Fowler has personally assumed the duties as manager of the station, while his daughter Claudia Fowler is the firm's bookkeeper.

Fowler is a long-time resident of Scurry County and also operates a stock farm 10 miles northwest of Snyder.

The service station provides all services for motor vehicles and is the local retail outlet for Shamrock petroleum products.

Other employees of the firm are Howard Smith and A. C. Thompson.

The station honors all credit cards.

Candidates Endorsed

LUFKIN, Tex. (AP)—The Texas Council of Voters—composed of Negro leaders from throughout the state—endorsed a slate of candidates in statewide political races Saturday but failed to agree on a candidate for governor.

The decision not to endorse any candidate for governor came when the group could not agree on a choice between Will Wilson and Don Yarborough. John B. Connally had also been discussed.

AF Plane Catches Parachuted Capsule

HONOLULU (AP)—An Air Force plane caught a parachuted capsule over the Pacific Saturday after it had orbited the earth's poles four days attached to a Discoverer 38 satellite rocket on a secret mission.

It was the eighth such catch by the Air Force over the so-called Pacific hall park of a capsule fired from a Discoverer rocket at Vandenberg Air Force Base, Calif.

The C130 Hercules plane which snatched the capsule's parachute with a trapeze-like device was commanded by Capt. Jack R. Wilson of Toledo, Ohio. It was Wilson's second recovery.

Sophia's Sister, Benito's Son Wed

PREDAPPIO, Italy (AP)—Benito Mussolini's youngest son and actress Sophia Loren's youngest sister were married Saturday with the help of the police.

As thousands of invited and uninvited guests surged in and around little St. Anthony's church, Romano Mussolini, 33, the groom, fainted.

To make matters worse, eight stoves blazed inside to dispel the chill of the cold, drizzly day. It was in this climate that the husky Romano fainted dead away. A doctor revived him with an injected stimulant.

Mussolini said he had become dizzy from fatigue and emotion.

Diversion Of Land Slowed By Storms

WASHINGTON (AP)—The Agriculture Department said Saturday its campaign to get farmers to retire a large part of their corn and sorghum grain land for the second year in a row has been slowed by storms and had weather in the major mid-western producing areas.

The retirement program proposed to reduce production of surplus grains.

Nevertheless, 262,332 farms had signed agreements by Feb. 21 to divert 5,632,200 acres from the 11,376,800 acres they planned to use these two feed grains in 1959 and 1960. At this time last year, 7,487,000 acres had been put under retirement contracts.

The department hopes to get about 20 million acres diverted by the close of the sign-up period March 31.

The agreements signed so far cover 4,667,300 acres of corn land and 955,100 acres of sorghum grain land.

Heart Fund Here Tops 'Fair Share'

The recent Heart Fund campaign held locally has exceeded the "fair share" for Scurry County. With contributions still coming in by mail, the month-long February campaign to support the Heart Association's fight against the community's Number One health enemy resulted in total contributions to date of \$3,531.50, Bill Newsom, Heart Fund chairman, announced today.

Newsom explained that the nationwide Heart Fund goal this year is \$29.5 million, with Texas "fair share" of this amount being \$1.4 million, and Scurry county's "fair share" being \$3,451. Newsom further explained that the "fair share" represents the Fair Share Minimal Potential Income which is based upon the Effective Buying Income

(Disposable Income available for Spending) as stated in the May 1961 issue of "Sales Management" Magazine.

A recap of the sources of the 1962 Heart Fund contributions is as follows: Special Gifts, \$555; Snyder High School Student Council "Heart-O-grams", \$17.85; Heart Fund Bowling Tournament, \$385.75; Memorial Gifts, July 1, 1961, to date, \$179.97; Heart "Coffee Days" \$38.81; Coin Collections, \$82.88; and Heart Sunday, \$2,371.65. (This amount includes contributions from county communities as follows: Ira, \$189.65; Lloyd Mountain \$75; Fluvanna, \$60; Lion Oil Camp, \$42; Dunn, \$102.66, and Union \$77.50.)

"The splendid response of the people of Snyder and Scurry County to the 1962 Heart Fund appeal," Newsom said, "is dramatic evidence that they understand the seriousness of the heart problem. It also demonstrates that the Heart Association's program of research, education, and community service is the most effective way to combat and to eventually control this leading health menace," Newsom added.

In addition to applauding the public's support of the drive, Newsom extended the Scurry County Heart Council's thanks to the Snyder Daily News and Radio Station KSNY for their cooperation, and to the various organizations and individuals and effort to help conduct the drive.

"Without such broad and wholehearted support, we would have no way of bringing the heart story to the people of the community," he added.

Newsom stated that he wanted to emphasize that the conducting of the annual Heart Fund drive is just one aspect of the work of the Scurry County Heart Council. The local heart group is dedicated to a year-round program of education and community service to the people of Snyder and Scurry County. In addition to himself, Newsom listed the following persons as members of the Scurry County Heart Council: Dr. Thomas F. Hartley, chairman; Clyde Godwin, vice chairman; Mrs. Badger Robertson, secretary - treasurer; Mrs. Ken Davis, Mrs. Hugh Boren, Jr., Mrs. J. Mark McLaughlin, Mrs. D. M. Oggett, Jr., Mrs. Richard Stoker, Miss Gwen Groves, Rev. G. M. Rogers, Rev. David Hamblin, Elmer Muhlbach, C. V. Thompson, Jr., Pat Falls, Frank Taylor, Dr. C. R. Cockrell, and Badger Robertson.

Additional Heart Sunday volunteers not previously named were Daniel Johnson, Area Chairman; Volunteers: Mrs. Rosetta Johnson, Mrs. Lois Powell, and Mrs. Elizabeth Grandison.

Middle East Is Topic For K&F Session

Bible Lands of the Middle East, where religion and oil have been teaming together to create one of the most confusing and lasting problems of the current cold and sometimes not so cold, war between Communist and democratic theories of living, will be the subject to be discussed at the meeting of the Knite and Fork Club on Monday night at the Snyder County Club.

Guest of honor who will address the club is Catherine McKinney Butler, who has just returned from her third summer-long investigation of the Near and Middle East. Historian and student she has concentrated on conditions and religions of the countries involved in the titanic struggle.

It is the contention of Mrs. Butler that religion poses a far greater and more difficult-of-solution problem than does oil. The latter is physical explains Mrs. Butler. "Both the Soviet and the Democracies seek control; the Russians because they don't want the West to have the oil, and the West, who wants it and must have it to keep its industrial life-long going. Being a physical problem, money quite likely can solve the problem.

With religion it is different. It insists Mrs. Butler. The Moslems, Jews and Christians, all deep-rooted in their beliefs, will not be swayed by money. Only understanding can solve the problem. Reconciliation is possible only when each religion builds a respect for the other. And, at the present, that doesn't seem possible. The Moslems are not about to give in to the Jews, and vice versa.

Meanwhile, atheistic Russia, who doesn't care for either religion, keeps on aggravating both. It is tremendously difficult situation that must be righted before peace ever can come to the Middle East."

Reservations for Mrs. Butler's talk may be made as late as noon tomorrow. For reservations members are asked to call HI 3-4198.

Deposed DA Gives Up Fight Friday

BEAUMONT (AP)—Dist. Atty. Ramie Griffin, suspended on charges of misconduct, gave up his fight to keep the office Friday.

He resigned, effective June 1, but asserted, "I have been wrongfully accused."

Judge Harold Clayton suspended Griffin, 48, a year ago pending trial of a suit to remove the district attorney. The main charge, made in the wake of a vice clean-up, was that Griffin was aware of gambling and prostitution in the county and did not use his powers to stop these violations.

Prairie Fire Sweeps Canadian River Break

AMARILLO (AP)—A prairie fire swept across 20 sections of rolling hills in the Canadian River break of the Texas Panhandle Saturday.

The fire was first spotted at 9:45 a.m., but was not brought under control until about 5 p.m. There were no reports of injuries. Only a few corals and sheds were burned as the flames, 10 to 12 feet high, swept around several ranches and the Kiwa Boy Scout Camp. Firemen said there were no known livestock losses.

ICE HAMPERS CRASH SALVAGE OPERATIONS—Ice formed during the night covers marsh land and waters of Jamaica Bay near Idlewild Airport, scene of the American Airlines' astrojet plane crash, as salvage operations and search for bodies of victims continues. Chunks of wreckage are in the foreground. The crash claimed the lives of all 95 persons aboard the Los Angeles-bound plane when it crashed after takeoff from Idlewild. (AP Wirephoto)

Shelves Of Cuban Grocers Nearly Bare

By JOE MCGOWAN JR.
MIAMI, Fla. (AP)—Cuban grocery shelves have practically nothing but insecticides and sugar, a British journalist said today, arriving here from a week's stay in Havana.

Richard Beeston, correspondent for the London Daily Telegraph, said, "Cuban government officials are not honoring ration cards. There is no meat and no eggs. An English chap, a friend of mine, told me the last egg he ate was on Jan. 24."

Beeston said food could be obtained in restaurants, "but the quality is bad and it is terribly expensive."

A shortage of automobile repair parts also is plaguing the Cuban government, Beeston reported. He said, "Cars are breaking down all over."

The Englishman said Cubans are still being told Americans are going to invade their island. "It is quite likely this is being used to keep the people in a state of crisis so they will forget food and other shortages," Beeston commented.

Beeston reported a Russian freighter, the Kolkhoznik, arrived in Havana Wednesday, carrying additional Russian military equipment.

He said militia personnel were in quantity throughout Havana, but that military defenses were not so evident.

"Another noticeable factor is the fact that there is little mention of (Prime Minister Fidel) Castro. You just see him around. But he and his brother Raul definitely appear to be in the background," Beeston said.

Lawyers In Hungary Eye Colleagues

BUDAPEST, Hungary (AP)—Communist Hungary's lawyers must keep a wary eye on fellow members of the profession or it may cost them money.

The situation has arisen because attorney Bela Farkas embezzled 40,000 forints—\$8,330 at the official rate—from a client.

The authorities decreed that if one member of a lawyers' co-operative embezzles money, all members will be held responsible for paying back the client.

Hungarian lawyers are not permitted to practice privately but must work in co-operatives. These are pools of lawyers, usually 15 strong, with an overseer who distributes the briefs and hands out salaries paid by the state.

Lawyers came under a heavy cloud after the Communist takeover in 1948. Nearly half of them had to seek other work. The remainder were subjected to rigid screening to establish their political reliability.

Many lawyers earn no more than a skilled worker around \$115 monthly.

Some who have an especially favorable background get the choicest briefs. They are permitted to collect special fees from the client.

All lawyers, however, are subject to disciplinary action if they accept money from a client over the fee fixed by the co-operative.

Night Club Burns

LONGVIEW (AP)—The Rex Palm Isle night club at the edge of town burned Saturday. The owners Jack Mosher of Tyler and Glynn Keeling of Longview said they had \$40,000 insurance on the club.

First Bids Due On Space Laboratory

HOUSTON (AP)—Bids for the first construction of the laboratory where future space flights will be planned will be opened Thursday.

The National Aeronautics and Space Administration is building the \$90 million manned space research center 20 miles east of Houston. Astronauts will train there and spacecraft will be planned and developed.

Thursday's bids will be for installation of utility systems and for preparation of the 1,700-acre site for actual construction. The work is to be completed within 120 days.

Firm Will Match Employees' Gifts

HOUSTON (AP)—Brown and Root, a construction and engineering firm, plans to match dollar for dollar any gift any of its 12,000 employees make to American colleges and universities.

Mishap Is Fatal

DECATUR, Tex. (AP)—James Swann, 69, died Saturday when a truck loaded with horses overturned five miles west of here. He was a retired rancher from Gustine in Comanche County. William Reid Miller, 57, the driver from Gustine, wasn't hurt.

Kennedy Due To Seek Early Resumption Of Steel Talks

By NORMAN WALKER
WASHINGTON (AP)—President Kennedy is expected to get the broken off steel-labor negotiation going again far more promptly than the May 1 date suggested by the Steelworkers Union.

It was indicated Saturday the administration will insist the disputing industry and union resume talks in a week or two, perhaps in New York or Washington instead of Pittsburgh.

Negotiations collapsed suddenly Friday night in Pittsburgh in a stalemate over the size of the money costs of contracts to replace the agreements expiring June 30. It was evident, however, that considerable progress had been made. The odds are still against a strike.

Kennedy may decide to call union President David J. McDonald

and Chairman Roger Blough of U.S. Steel, top industry leader, to the White House for another pep talk and pointed reminder of their mutual responsibility, as he sees it, to reach an early agreement in the national interest.

The President and two chief protagonists held a White House meeting with Secretary of Labor Arthur J. Goldberg earlier this year. Out of that session came the unprecedented early start, on Feb. 15, of formal bargaining. Actually, informal talks have been under way since early January.

When the impasse developed Friday night, Goldberg issued a statement saying the President

had asked him to urge both sides to resume talks after a suitable recess so as to reach a "reasonable agreement in the national interest."

The administration's whole approach to the steel-labor problem has been that an early, moderate agreement on a new contract is necessary to maintain wage-price stability and avoid a strike threat which would lead to panic buying of steel.

Reports in Pittsburgh indicated—considering that present contract expirations are four months away—that a good deal was accomplished by the industry and union in trying to meet each other halfway.

Defection Cheers China Nationals

By SPENCER MOOSA

TAIPEI, Formosa (AP)—President Chiang Kai-shek broke into smiles and exclaimed "Good, good." Newspapers rushed out extra and a three-star general interrupted graduation exercises and rushed to Taoyuan Air Force base Saturday.

The excitement was caused by the defection from the Red Chinese air force of handsome, 2nd Lt. Liu Cheng-ze, 25, who safely landed his Soviet-made MIG15 fighter plane at Taoyuan.

Liu also could afford to smile for under a scale of awards fixed by the Nationalist air force for Communist air force crews who defect with their planes he was entitled to \$35,000.

To Chinese Nationalists, ever hopeful of returning to the mainland, the news was a powerful shot of encouragement.

"This is just the beginning of Communist air force defections to free China," said the independent Ta Hua (Great China) Evening News.

Min Tsau (National) Evening News said the defection reveals that the Chinese Communist regime is on the verge of collapse.

Officials refused reporters' permission to interview Liu. Spokesmen quoted him as saying, "I'm so happy to be in free China." When he landed and handed over his revolver to the base commander.

He said he decided in 1957 when he enlisted, to defect because life in Red China was impossible. He did not get his opportunity, however, until he was transferred from north China to Lukiao, 200 miles from Formosa. Lukiao is Red China's biggest and most modern air base.

Saturday he set out on a training flight with other Communist airmen.

Nationalist spokesmen said Communist planes started to pursue Liu but turned back. His plane was spotted on radar, the spokesmen added, and 12 Nationalist Sabrejets took off to intercept him. They escorted him to

Rain Ignores Snyder Area

Snyder and Scurry County residents still were looking for the first rain of 1962 at the end of February.

Nothing more than a trace of moisture fell here during the second month of the year, which put the year off to the driest start since local weather records have been kept.

Normally, based on records for the past 50 years, the area should have received an inch and a half of moisture during January and February combined. However, only .01 of an inch logged in January appears on the year's weather chart so far.

February Building Contracts Increase

DALLAS (AP)—Texas Contractors, a trade magazine, said Saturday that Texas contract awards in February totaled \$117,040,507, best for the month since 1956.

In February of last year, awards totaled \$90,960,507 and in 1955 the figure was \$122,555,920. The total for January was \$71,095,096.

The upsurge in contract awards during February reflects reports from all over the state that work progress is picking up.

The magazine said, "More work is coming off the boards, and optimism is permeating the industry."

Midland Oilman Named By PBPA

MIDLAND—Appointment of Wilbur Rocchio of Midland as executive vice president of the Permian Basin Petroleum Association, was announced Saturday by Joseph I. O'Neill, Jr., president.

He takes the place previously filled—on a temporary, part-time basis—by James C. Watson, oil editor of The Midland Reporter-Telegram and president of the Permian Basin Oil News Service, Inc.

Watson will continue to work with the association in an advisory capacity—particularly on its public information, research and statistical activities, said O'Neill.

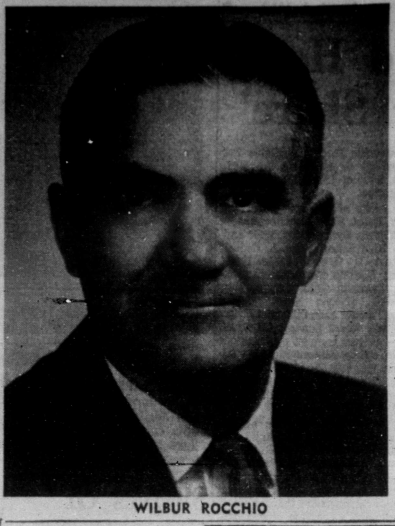

Rocchio first came to Midland in 1956 from Denver as the executive vice president of an independent petroleum producing corporation. In 1957 he was transferred back to Denver by that concern.

After about a year, he resigned and went to Midland as an independent oil operator.

He continued active in that work until he accepted the position with the PBPA.

Rocchio is a native of Colorado and a graduate of the University of Colorado with BA and LLB degrees. He played varsity football and participated in other sports while attending that institution.

He was a member of the Colorado football team which played against Rice university in the

WILBUR ROCCHIO

Cotton Bowl at Dallas on Jan. 1, 1958.

Another member of that football squad was Byron R. (Whizzer) White, currently deputy attorney general of the United States.

For a short time, following graduation, Rocchio served as a backfield coach at the University of Colorado.

He then became a practicing attorney in Denver and continued in that profession for 12 years.

During that period he served for 4 years as attorney for the Board of Regents for the University of Colorado and also as attorney for the Colorado Oil & Gas Conservation Commission.

While representing the conservation commission, Rocchio was a member of the legal committee of the Interstate Oil Compact Commission.

He was an active participant in state politics in Colorado for several years. His last major activity in that connection was in 1954 as campaign manager for Gordon Allott, now senior U. S. Senator from Colorado.

Mr. and Mrs. Rocchio and their daughters, Diane, 16, and Donna, 13, reside at 1205 Community Lane in Midland. He is a member of the Petroleum Club of Midland and the Midland Country Club and is a vestryman of the Episcopal Church of the Holy Trinity.

Watson is one of the founders of the Permian Basin Petroleum Association which, officially was organized in September 1961.

He had an active and leading role in the preliminary organizational work and at the request of the PBPA's executive committee, agreed to supervise its work on a temporary basis—until a capable, qualified, full-time executive vice president could be located and employed, said O'Neill.

Basin API Session Set

The Permian Basin Chapter of the American Petroleum Institute will hold the first spring meeting of the year Tuesday at the new Andrews Country Club in Andrews.

Featured speaker will be Bob Murphey of Nacogdoches, known as the home spun philosopher of the piney woods country of East Texas.

A lawyer for the past 15 years, Murphey served as sergeant-at-arms of the Texas House of Representatives from 1949-52 and then was county attorney of Nacogdoches County in 1953-54. He served as district attorney of the second judicial district of Texas from 1954-61 when he did not seek reelection so that he could devote his time to private law practice.

The meeting will begin at 6:30 p.m. with a social hour, followed by a buffet dinner. Tickets will be available at \$2.50 each at oil, supply and service company offices throughout the Permian Basin. Tickets also will be sold at the door.

BIRTHS

Mr. and Mrs. Wayne Morrison of Seminole are parents of a son weighing 8 lbs., 7 oz., born Thursday. Paternal grandmother is Mrs. Bert O'Neil of Snyder and maternal grandparents are Mr. and Mrs. Duke Grossman of Hermleigh.

Mr. and Mrs. Pablo Matos, 1420 Avenue E, are parents of a 6 lb. 15 1/2 oz. son born at 8:28 p.m. Friday in Snyder Hospital.

To The Voters Of Precinct 4!

Benny Gleastine, has found that a good many of the voters do not recognize me by my regular name which is Benard. Most of you will probably know me by Benny. I worked at the Snyder Glass & Mirror, where I have been putting glass in your car for the past several years. It is my intention to call on you personally as soon as possible. Your Vote and Support Will Be Appreciated.

Public School Week Observance Set Here

The 12th annual Public School Week will be observed in Texas this week. Invitations to visit the schools have been extended by the superintendent of schools and by the principals to all interested citizens, whether parents or not.

In order to avoid confusion in the lower grades a schedule has been set up. It is suggested that those wishing to visit classrooms of first and fourth grades come on Monday; second and fifth grade visitors should come on Tuesday; and third and sixth grade visits are set for Wednesday.

C. D. Henry, Director of Curriculum, stated that the purpose of Public School Week is for the citizens to see for themselves what the schools are doing. He also said, "The objectives of the public school of America is not to educate the children—but to perpetuate the ideals of free men and education is only the tool to accomplish this task."

The Snyder schools are trying to make use of the "tools" provided by the citizens to accomplish this objective. Many programs, courses, activities and experiences are made available to the children.

In the mid-eighteenth century, Benjamin Franklin referred to the dualism in the educational system, and the ever changing pattern in striving for balance between what he termed the "useful" and the "ornamental." He said, "It would be wonderful if they (the students) could be taught everything that is useful and everything that is ornamental; but art is so long and their time is so short. It is therefore proposed that they learn those things most useful and most ornamental."

Snyder schools too, are striving for this same balance. The basic courses in the curriculum are still the "three Rs" but with these basic courses many enrichment courses and activities are taught. Courses are offered that will benefit children in the local community whenever and wherever there is a need for these courses.

Snyder schools have tried many experiments in the past, and will continue with experimentation in the future. Some programs and courses have been retained, and some abandoned.

"However," said Henry, "I feel we have gained from each and every attempt to strengthen our curriculum. Often it is as important to know what ideas and theories will not develop into workable procedures as to know those that will."

In the past three years the elementary science program has been enriched by adopting a science program in grades one through six. Reading has been strengthened through supplementary materials, reading laboratories, and a summer program for slow readers. Oral Spanish, as an extra-curricular subject was offered last year, and is being continued this year. Summer preschool for non-English speaking first grade children was started last summer.

In the junior high schools, course offerings have been revised, and activities revised to better meet the needs of the students. The latest experiments in the

senior high school were adoption of the Physical Science Study Committee (PSSC) physics course and the language laboratory for foreign language.

These are just a few of the changes in the public school's program of instruction. It is sincerely hoped by the staff of the Snyder

Schools that parents and citizens of this community will be interested enough to visit one or several of the schools this week to see the schools in action.

Henry reminded those who will be visiting schools that "it is teachers, not teaching devices, that make instruction."

Parents cannot know how good their schools are unless they are well-read and keep posted on what good schools should be. They must also visit their schools and become acquainted with the teachers of their children. It is most fitting that our Governor each year proclaims Public School Week during the early part of March. This year the schools of Texas are observing Public School Week from March 5 through March 9.

I urge each citizen of our community to not only visit your schools during the week of March 5 through March 9, but also visit your schools from time to time throughout the year.

T. E. McCollum
Superintendent of Schools

INVITATION EXTENDED TO VISIT CLASSROOMS

From the earliest days of our country, our people have been deeply interested in public education. With the rapid increase in knowledge concerning outer space and the bringing of the peoples of the world closer together, it is most urgent that we have the best education possible.

President in delicate world of affairs. But he obviously could find no such praise for the GOP National Committee, which has not hesitated to blast at Kennedy on international as well as domestic matters.

Through its "Battle Line" publication, the committee recently said Kennedy was being "less than candid" with the country about the extent of American involvement in South Viet Nam.

Top Republicans in Congress, including Dirksen and Halleck, made no such public complaints after they were briefed by the President on the situation in South Viet Nam and Laos at a Feb. 21 bipartisan meeting at the White House.

Dirksen would not pinpoint any decision as one congressional Republican "abide by even when we don't like them." But there was some evidence that the South Viet Nam-Laos situation "may have fallen in this category."

WASHINGTON (AP)—Republican congressional leaders are ignoring much of their own administration's drumfire of criticism against the administration in supporting President Kennedy's foreign policy decisions.

Glenn Feat Is Compared To Columbus

By GARTH JONES
AUSTIN (AP)—Vice President Lyndon Johnson compared modern space explorations Saturday with Columbus' discovery of America.

"For the next few centuries, the exploration of outer space will preoccupy the minds and hearts of mankind just as the exploration of the Western Hemisphere preoccupied the minds and hearts of men after the 1492 discovery of America," he told a conference at the University of Texas.

"The discovery of the new world did far more than open up new places in which men and women could go," he said. "It opened up new patterns of thought, new customs, new habits, new desires for freedom."

"You can take great pride in the thought that what will be done in the years ahead lies to a large extent upon the wise guidance you can give now," he said. "You will see your John Glenns of today become the heroes of tomorrow."

In a speech Friday night to Central Texas bankers, Johnson made numerous references to the orbital flight of Lt. Col. John Glenn, Jr.

"Our space program has been neither provocative nor timid," he said. "We have stopped strolling and have started running toward the moon."

"We have much to be proud of and much to protect. We do not have second rate men or a second rate government. We are going to protect this country as long as we have these."

Johnson left Austin about noon for Washington.

181 New Oil Wells Completed In Week

AUSTIN (AP)—Drillers produced 181 oil and 81 gas wells during the week, the Railroad Commission said Saturday.

Totals for the year are 1,871 oil and 595 gas wells, compared to 1,490 oil and 470 gas wells last year.

Wildcatting brought in one gas and eight oil wells. A total of 131 wells were plugged, including 44 dry holes.

The average calendar daily allowable was 2,711,973 barrels, a decrease of 149,227.

Teachers Slate Convention

Public school students in Snyder will have a holiday March 9 while their teachers attend the annual District IV convention of Texas State Teachers Association in Odessa.

Approximately 3,500 teachers and school administrators from 18 West Texas counties are expected to attend the convention.

The convention program will include two general sessions to be held at 10 a.m. and at 4:30 p.m. in the Odessa High School fieldhouse, afternoon workshops and sectional meetings, and luncheon programs for many teacher groups.

Julian Street Jr., director of educational services for the United States Steel Corporation since 1952, will be the principal speaker in the morning general session.

After the war he was appointed information officer for the UNICEF Relations Staff of the Department of State. In 1948 he joined the Economic Cooperation Administration as information officer at its European headquarters in Paris.

The principal speaker in the 4:30 p.m. general session will be Dr. Earl Hanson, who is now completing his twenty-four year as

superintendent of Rock Island Public Schools, Rock Island, Ill.

A popular speaker and lecturer, Dr. Hanson has travelled widely throughout the world and is author of numerous articles in professional journals and magazines, and holds offices in numerous local civic organizations as well as in state and national education associations.

The convention in Odessa will be given with a House of Delegates banquet in the Permian High School cafeteria at 7:30 p.m. March 8. The official delegates will elect new officers for the coming year and will hear reports from chairmen of various association committees. From each school district there will be one delegate for every 25 teachers.

Countries included in the District IV of Texas State Teachers Association are Midland, Ector, Scurry, Borden, Gaines, Dawson, Andrews, Martin, Howard, Mitchell, Winkler, Glasscock, Upton, Crane, and Reagan.

Officers of District IV TSTA are Mrs. Gerald Gordon, Colorado City, president; Sebron Williams, Big Spring, vice president; S. M. Anderson, Big Spring, past president and state executive committee officer; Mrs. Clarice Douthett, Odessa, state executive committee officer; Joe Young, Seminole, state executive committee officer; Jo Gentry, Crane, secretary; Jerome Snyder, Midland, treasurer; Frank Wilson, Colorado City, membership chairman; Jack Longbottom, Snyder, NEA membership committee; T. A. Roach, Andrews, and Frank Barton, Wink, district executive committee chairman.

EMPLOYMENT PREPARATION
Jobs With Railroads—Airlines—Industrial Firms—Motor Freight Lines
Men are wanted from this area, to train for positions upon due retirement and promotions with sound companies, as Freight Agents, Rate Men, Office Managers, Freight Service Salesmen, Teletype with Airlines, Railroads, Motor Freight Lines and Industrial firms.

NO PREVIOUS EXPERIENCE NEEDED, BUT MUST BE HIGH SCHOOL GRADUATE. WE WILL TRAIN MEN ACCEPTED. Excellent starting salaries, advancement assured, ambitious men, many fringe benefits. JOBS WAITING on completion of training, arranged so you can maintain income. For interview with company agent, write now: Name, Age, Address, Education, any work experience to NATIONAL TRANSPORTATION SERVICE, Box B-2, Snyder Daily News.

Tests Slated By Air Force

Air Force aptitude tests will be administered at the courthouse here at 7 p.m. Monday, according to Sgt. Sidney R. Harp, local Air Force recruiter.

Sgt. Harp said the tests will take approximately two hours. They are given to determine what field a person would be best suited for in the Air Force. The test also may be used by persons going on to college to determine which field they should pursue in their advanced education.

Sgt. Harp said there is no charge involved in taking the tests, and they are open to both male and female. However, a person should be at least 17 years old in order to get a true picture of their aptitudes.

Persons interested in taking the aptitude tests are asked to be at the courthouse at 7 p.m. Monday. There is no obligation in connection with the tests. Those wishing more information may call OR 2-8949 in Abilene collect.

Free World Oil Output At New Peak

TULSA (AP)—Production records in Canada, Saudi Arabia and Algeria helped push oil output in the non-communist world to a new high in December, averaging 18,322,900 barrels daily, the Oil and Gas Journal says.

This tops the total for November by more than 300,000 barrels daily, and is more than a million barrels per day greater than production for December, 1960.

Production in Canada was up 72,800 barrels to a daily average of 718,000. Algeria, one of the newest oil producers, produced a record 428,000 barrels daily, an increase of 22,500 from the month before.

Saudi Arabia produced 1,555,600 barrels daily, a gain of 255,300 over November, to help push total production in the Middle East to 5,732,900 barrels per day, an increase of 147,600 barrels daily.

Production in the United States averaged 7,310,800 barrels daily, up 158,600 over November, the Journal said.

The Journal estimated production in Russia and its satellites at 3,834,000 barrels daily, making total estimated world production 23,256,900 barrels per day.

Permanian New Canyon Reef Relays King

Three Marks Are Topped

Odessa Permian's Panthers wrestled the Canyon Reef Relays title from Midland here Saturday in convincing fashion, taking the championship of the tenth annual carnival with a total of 44 points.

The decision hung in the balance until the final event of the afternoon — the mile relay. Permian, with Mickey Bruce, Mike Webster, Glen Bigelow and Tommy Baxter carrying the baton, rushed home ahead of the field in that event to give the team a comfortable margin of victory. It was the only out-and-out victory the well-balanced Panthers managed to cop.

Another Odessa school — Odessa High finished second to them with 34 1/3 points, while pre-meet favorite San Angelo was third, with 28 1/3. Midland, which had won the meet the past three years, faltered badly. The Bulldogs were able to manage only a tie for thirteenth with 7 points.

Host Snyder also finished down the line with only 4 1/2 points for their day's work. Bax Callaway led the Tiger pointmakers by notching fourth in the broad jump with a leap of 19'10 1/2, and being fifth in the high jump with a spring of 5'6". Pooch Hatter was another Tiger in that multiple six-yard deadlock for the spot.

Craig Stokes tied for fifth in the broad jump with 19'6" to be the other Tiger getting into the scoring column.

John Best ran a fine mile for the Bengals, winning his heat in the process, but failed to place among the top five finishers in the event.

Three meet records tumbled by the wayside during the day, which — although overcast, had a 91°F. sleeve and sixty-six temperatures throughout the afternoon during the running of the finals.

CLASS A RESULTS

1. Randy Matson, Pampa, 15:32. 2. Tommy Shaffer, Permian, 15:42. 3. Edie Martinez, San Angelo, 15:57. 4. Joe Williams, Odessa, 16:09. 5. Travis Johnson, San Angelo, 16:20.

800-Yard Relay
1. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 2:30. 2. Midland, 2:31. 3. Permian, 2:32. 4. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 2:33. 5. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 2:34.

400-Yard Relay
1. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 1:13. 2. Permian, 1:14. 3. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 1:15. 4. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 1:16. 5. Odessa (Hantz, Parks, Bill Parks, E. V. Rogers, Mike Ardis), 1:17.

Big Randy Matson of Pampa, a 6-5 250-pounder, hurled the shot put 38'8" for a record performance, smashing the old reading of 36'11 1/2". He was also a winner in the shot put event with a heave of 157'2".

Odessa's 880 yard relay team of Randy Chenualt, Bill Parks, E. V. Rogers and Mickey Bruce, frezzed to a record of 1:30.7 in another high-light of the afternoon. And in the big endurance test — the mile run — Dale McDonald of Abilene Cooper straddled to a record 4:35.1 to complete the run on the Reef records.

Roby's Lions, with a superhuman effort from willowy speedster Jerry Burk, took home the inaugural Class B Division laurels by tallying 72 1/2 points to second-place Divis' 48 1/2.

Burk was a three-time winner, with his most notable performance being in the high jump. His 6-2 soaring there was exactly a foot over his nearest challenger. He also raced to victory in both hurdle events, winning the lows in 21.9 and the highs in 16.1.

In that this is the first year that there has been a Class B Division, all of the marks will go into the books as records.

TERRY ALEXANDER, the pretty young lady at center, reigned over the Canyon Reef Relays as queen, and was attended by Jane Williamson (left) and Julia Kay Richardson. They are shown with the trophies that were awarded the winning teams. Assisting them in surveying the situation are Tiger tracksters Darrell Rains (left), Tim Hardin and Bax Callaway. (Ken Brotherton Photo)

BRINGING HOME THE BACON—Odessa's Mike Ardis (right), anchor man for the Odessa 440-yard relay team, is pictured just as he is about to break the tape in Saturday's Canyon Reef Relays. He almost obscures Snyder's Jimmy Taylor, while other runners in the photo (from left) represent Pampa, Permian, Brownwood and Kerrmit. Permian won the meet, followed by Odessa. (Ken Brotherton Photo)

Between You And Me

BY JERRY JACKSON

Granted, this is no way pertains to sports, except that the first of the least male characters are still Tiger football players, however, this feeling being welling up within my bony chest, and must be expressed.

Otherwise, I might surely burst.

The reference, of course, reverts to the Snyder High production of "Carousel" which ended a three-night stand just last night.

To these tired eyes it was not only good, but rather the very best that I have had the pleasure of witnessing.

The casting, talent, and everything about the show I would not hesitate to rate as superb.

It is by far the finest show production I have seen, though I would in no way belittle "Annie, Get Your Gun" or "The King and I," both of which I regard as my personal applause.

You simply outdo yourselves on this one, Mr. and Miss Snyder High.

I know I'm right. After all, my wife agrees with me on the subject!

Mr. Roby: 3. Tony Burdette, Lorraine; 4. Larry Bell, Lorraine; 5. Mike Stephens, Gail. Time: 2:11.

150-Yard High Hurdles
1. Jerry Burk, Roby; 2. Ken Wilcox, Permian; 3. Joe Alderete, Gail; 4. Wayne Washington, Lorraine; 5. J. B. Roberts, Hermleigh. Time: 2:11.

MARCH 14 IS KICKOFF DATE

BPAA Elimination Play Scheduled At Tiger Bowl

Tiger Bowl will hold an elimination tournament for the BPAA National Team Handicap Championship from March 14 to April 4 with an entry deadline of March 20.

Twenty teams are expected to participate in this event. The eliminations consist of three games with a 75 per cent handicap, figuring a scratch of 200 per bowler. The entry fee is \$25 plus bowling fees and expenses. Any group of five ABC-sanctioned bowlers who bowl in an ABC-sanctioned league at Tiger Bowl and who confine their league and tournament bowling exclusively to BPAA member establishments are eligible to compete.

The top teams will qualify for the regional championship and a chance to become the BPAA National Team Handicap Champions. The Eighth Annual BPAA National Handicap Championship has been divided into nine regions — with regional competition in New York; Parkersburg, West Virginia; Tulsa, Oklahoma; Southern Virginia; Azusa, California; Moscow, Idaho; Pullman, Washington; Alaska; and Hawaii. The Tiger Bowl winner(s) will compete in the Oklahoma regional which will be held from June 9 to July 15, 1962.

The National Finals, pitting the top regional teams, will be held in Owensboro, Kentucky, on August 11-12, 1962. Top prize in the National Finals will be \$7,500, with a total prize fund estimated at nearly \$175,000, distributed in regional and finals competition.

Both the local elimination tournament and the BPAA National Team Handicap Championship are sanctioned by the American Bowling Congress. The tournament is sponsored and conducted by the Bowling Proprietors' Association of America and its member establishments.

WASHINGTON (AP) — President Kennedy appointed Saturday a three-man emergency board to investigate a dispute between 11 rail unions and more than 100 railroad lines.

Kennedy said the National Mediation Board says the dispute threatens to deprive the country of essential transportation services.

Named to the board were Saul Wallen, a Boston labor arbitrator; Edward Lynch of Washington and Laurence Seibel of Washington, a labor arbitrator.

Kennedy ordered the board to report its findings back to him within 30 days, and the law requires another 30-day waiting period before a strike can be called.

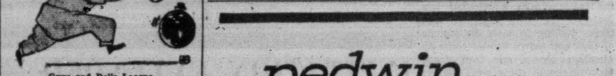

The dispute involves wages and other provisions of labor union contracts under negotiation between the railroads and unions representing non-operating employees.

All of the unions involved had taken strike votes, but had not fixed any date for a strike.

The dispute involves all of the nation's Class I railroads and 600,000 employees represented by these unions; Machinists, boiler-makers, sheet metal workers, electrical workers, carmen, firemen, clerks, telegraphers, signalmen, hotel and restaurant employees and bartenders union.

Dallas Jeff Surges To 4-A Cage Crown

By HAROLD V. RATLIFF
AUSTIN (AP)—Thomas Jefferson of Dallas swamped Houston Jeff Davis 69-46 Saturday for the Class AAAA Schoolboy Basketball Championship, the second overwhelming victory in a row for the two-platooners.

Thomas Jefferson, in its second trip to the state tournament, through the field like the wind, smashing Bryan 75-34 in the first round and then beating Jeff Davis by 23 points. The Rebels once led the Houston team by 26.

Thomas Jefferson's 69 points was a new record winning score in the AAAA division championship game. The previous record was set by Houston Austin at 69 in 1961. It also was the most decisive margin in the AAAA title game since the conference was created in 1952.

Bob Glover, who put on an amazing exhibition of scoring and rebounding, led the Rebels in their final onslaught, but the two platooners for which Jefferson is noted were used as frequently as Friday night in the smashing triumph over Bryan.

A crowd of 7,500 shook Gregory Gym with their yells for one of the finest teams ever to reach the state tournament. Some veteran observers figured Thomas Jefferson was the best of them all.

A mass of Dallas people flooded the gym floor and carried the Thomas Jefferson team off to their shoulders. The Rebels carried the giant silver trophy that proclaimed them champions of Texas.

Jeff Davis could score only one field goal in the first period against the bristling man-for-man defense of the Rebels, who fouled frequently but found the Houston boys unable to cash in on the free shots. Jefferson led 13-5 in the first period and 33-13 at the half as the Panthers managed two field goals in the second quarter. At the three quarter mark Jefferson led 49-28.

Glover topped the scoring with 16 points and had nine rebounds. Dexter Marble was second high man for Jefferson with 12.

Big Darrell Hardy paced Jeff Davis in scoring with 12 points and had 13 rebounds. He was about the only threat the Houston team had under the boards.

Hardy once was stuck a technical foul for talking to the referee.

Dumas became the first to win both the football and basketball state championships in one school year when he whipped Waxahachie 58-38 for the class AAA title. Dumas last fall won the AAA football crown with a 6-0 victory over Nederland.

There never was much doubt about Dumas taking Waxahachie in tow. The Demons had four points before Waxahachie could count although the Indians tied it up on two-pointers by David Smith and John Reglin, but Mike Wendle, who was high point man of the game with 19, sank a jump shot to put Dumas back ahead and Richard Thompson tied it for Waxahachie. Kelly Baker ran

Abilene Winner Of Southwestern Rec

By MIKE COCHRAN
FORT WORTH (AP)—Abilene Christian College and Northeastern Louisiana raced to lopsided championships and six more records Saturday in the windup of the Southwestern Recreation Track and Field Meet.

Jerry Dyes, a sophomore at ACC, joined Olympian Earl Young in leading the Wildcats to a smashing 31-point victory over runnerup Baylor University.

Dyess won the javelin with a mighty 241-foot-1 1/2 inch toss, tossed 22 feet 7 1/2 inches to take a ground jump and capped a spectacular afternoon by taking second in the shot put at 47 feet 5 1/2 inches.

The former Shreveport High School star was named the outstanding athlete of the 39th annual meet.

Young won the 220-yard dash in 21.8, took second in the 100 and anchored ACC to victories in both the 440 and mile relays.

The Styron Twins, Don and Dave, had another field day in leading Northeast Louisiana to an easy triumph over second-place McMurry, the defending college division champion.

Don took the high hurdles in 14.3 and the low hurdles in 22.7. Dave streaked to a record-equaling 9.6 in the 100 and captured the 220 in 22 seconds.

The Styrons also paced their team to victories in both relays.

Abilene Christian's freshmen easily dethroned Southern Methodist as the freshman-junior college champion and Abilene won the high school division to virtually give the West Texans a sweep of the mammoth track and field carnival.

Abilene representatives also won three of the four divisions last year.

Eight records fell during the two-day meet at Farrington Field and three were equaled.

VICTORIOUS TEAM—The Tiger Bowl team took top honors in the Women's City Tournament. Pictured with sponsor Joe Bohannon are team members Neitra Vaughn, Nedra Guelker, Edna McCray, Iva Martin and Ila Ruth Newton.

INDIVIDUAL STANDOUTS—Copping individual championships in the Women's City Tournament were, from left front: Poppy Atyia, Doris Rollins and Ruth Bookout. Standing are Edna McCray, Betty Tatum and Aileen Henderson. Mrs. Rollins turned the biggest trick of the tournament in rolling a 258 line.

ACC compiled 81 points overall as compared to Baylor's 50, SMU's 22 and Houston's 23. Texas Christian took fifth with 24, Texas Tech sixth with 19, North Texas seventh with 14 and the University of Tulsa last with 4.

Northeast Louisiana rolled up 67 1/2 points, McMurry 47 1/2, Howard Payne 34 1/2 and East Texas State 22.

ACC's freshmen amassed 59 1/2 while Houston's freshmen had 29, Howard County Junior College 34 and North Texas 23.

Abilene picked up 28 points in winning its second straight schoolboy crown. Fort Worth Arlington Heights had 23 1/2, Denison 22 and Dallas Sunset 17 1/2.

Rattlers Land Two On All-Star Team

By The Associated Press
The St. Mary's Rattlers, who finished in a tie with Pan American for the Big State Conference title but lost in a play-off to Denver, landed two players on the all-conference team.

Both Ken Sampson and Buddy Meyer of the Rattlers gained the mythical team as well as Bill Williams of Texas Wesleyan, Howard Montgomery of Pan American and Dave Eckstein of St. Edwards.

Meyer barely edged out Ken Jongs of Texas Lutheran who made the second team along with Winston Miles of St. Mary's, Jim O'Keefe of St. Edwards, and Jim McGurk and Ellis Appling of Pan American.

Montgomery and White were unanimous choices.

Grubbs said no one would be assigned to the final games of the season who is under investigation. The conference has a list of 23 qualified basketball officials from which officials for each game are assigned.

The furor started when New York Post columnist Gene Roswell wrote that gamblers "are having headaches with the hoop shenanigans reportedly coming out of the Southwest Conference. One rumor has it that the refs, not the players, are involved."

Kansas Is Named To H-SU Staff

ABILENE—Floyd Huggins, a veteran coach with an outstanding nine-year record, has been named an assistant football coach at Hardin-Simmons University, athletic director Jack Thomas has announced.

Huggins, 34 and a native of Kansas, is the second football assistant selected to help Coach Thomas. Coach Jimmy Jobe of Northwest Mississippi Junior College was added to the Cowboy staff earlier. The H-SU varsity football staff is now complete.

Huggins comes to Hardin-Simmons after two successful seasons as head football coach at Pratt (Kansas) Junior College. Prior to that he was head coach for three seasons at McArthur High School in Hollywood, Fla., served during the 1955 and 1956 seasons as head coach at Clay County High School in Florida and coached in the Navy for two years prior to that.

During his nine-year coaching career, Huggins compiled an overall record of 81 victories, eight losses and three ties. He also led his Pratt team to victories in two Shrine post-season games and a conference championship in 1960.

Huggins graduated from Olathe, Kans., High School in 1947 and attended Ft. Scott, Kans., Junior College two years before enrolling at the University of Florida where he graduated in 1952 with a B.S. degree in physical education and biological science. He received his Master of Science degree from Kansas State Teachers College in Pittsburg, Kans., in 1957.

All-Star Team Is Picked By Coaches

BROWNWOOD (AP)—Lamar Tech and Howard Payne, co-champions of the Lone Star Conference, placed three men on the coaches' all-star team, the conference disclosed Saturday.

Tech placed two guards, James Barrum and Richard Smith, Howard Payne placed Carlyle Strickland.

Phil Shirk of Texas A&I and Bobby Hernon of Southwest Texas complete the first team.

A tie vote on the second team caused six players to be included — Bill Brown and Dobbie Craig, Howard Payne; Chuck Treka and Frank Miller, Southwest Texas; and Lee Miras and Bill Mayes of East Texas.

Johnson Wins Canyon Gun Club Shoot

Delbert Johnson, by the barest of margins, emerged as the victor in the most recent Canyon Gun Club shoot. His tally of 94xxx was enough to edge out Barber Martin, who had 94x, and Dr. Harry Ward with his 93xx.

A total of 29 persons participated in the shoot, which was at a range of 200 yards. Firearms of .25 caliber and up (big bore) were used by contestants.

A recent meeting of the Canyon Club saw them organizing five seven-man teams, with the provision being that more may be formed in the future if needed. The Club is currently in the process of constructing more shooting benches for the convenience of its members.

Anyone interested in shooting either a rifle, pistol or shotgun either any or all of those specified firearms is urged to join the Club and participate in its activities.

Time and site of the next Club meeting will be announced later.

Johnson Wins Canyon Gun Club Shoot

White Deer beat Woodsboro 58-39 for the class A championship in the second trip of the Panhandle team to the state tournament.

Woodsboro never, 2nd graf 2nd NL

Woodsboro never could get closer than six points to the tall boys in the first period and increased it to 27-17 at the half when Woodsboro got only six points in the entire second quarter.

The Bucks rolled to a 41-33 advantage in the third period as all-state Carl McDadds unlimbered his scoring arm.

Bischoff got 10 points in the final period as Woodsboro never could get closer than six points and that just once.

Woodsboro was the team that knocked defending champion James Bowie out of the tournament in the first round, 55-38.

Huntington's Red Devils won the class B championship for the third time in edging Roxton 60-56. The Red Devils 2nd graf 1st nl

Lady Bowlers Complete City Tournament

Results of the Women's Annual City Tournament have been released following completion of play at Snyder Lanes and Tiger Bowl.

Winners in the various categories are as follows:

All-events scratch — Edna McCray 1624, Doris Rollins 1563, Aileen Henderson 1556.

Handicap — Aileen Henderson 1914, Ruth Bookout 1891, Doris Rollins 1867.

High series scratch — Betty Tatum 700.

High series handicap — Aileen Henderson 713.

High game scratch — Doris Rollins 258 (254).

High game handicap — Aileen Henderson 285 (243).

Team — Tiger Bowl 3060, E. L. Farmer 3019, Snyder Lanes 2978.

Doubles — Ruth Bookout and Poppy Atyia 1323, Nedra Guelker and Aileen Henderson 1271; Doris Rollins and Ila Ruth Newton 1224.

Singles — Betty Tatum 700, Norma Horn 684, Jo Nell Keener 694.

Unusual splits picked up included Jo Ann Hoffman's 6-7-10 and 6-7.

"200 pins" from Snyder Lanes went to Doris Rollins, Betty Tatum, Aileen Henderson and Evelyn Dorman.

Say SWC Tipped On Rig Attempt

DALLAS (AP)—The Southwest Conference was tipped in 1957 or 1958 that there might be an attempt to rig the scores of conference basketball games, the Dallas Times Herald said Saturday.

The newspaper said SMU authorities received an apparent anonymous tip on the afternoon of a night game in a telephone call from a southern city.

The tipster said the referee might fix the game. The game was watched closely by conference officials, who could find nothing wrong.

The story was reported as FBI and state police confirmed they are probing Southwest Conference basketball.

Various reports indicate the players are clean and that only referees are being investigated.

Dr. Henry Hardt of TCU, the president of the NCAA, told the Dallas News he had no information of an investigation until he read it in the press.

"It is a very serious accusation," said Hardt. "I surely hope that it can be investigated thoroughly, vigorously and immediately."

"If anyone is proven guilty he should be punished severely. On the other hand if these charges prove false, those making the accusations are guilty of defamation of character and likewise should be punished."

Howard Grubbs, executive secretary of the Southwest Conference, said his office has turned over all its information to authorities. Presumably this meant a list of officials and the games to which they were assigned.

The News said Grubbs "knew the identity of the referees under investigation."

Grubbs said "We would like to do everything possible to ease the tasks of the officials working these final games. Until this thing is proved or disproved, everyone is under suspicion. It's a tremendous burden for a man to call a game under these circumstances."

Five In Tie For Lead At Baton Rouge

BATON ROUGE, La. (AP)—Five young play-for-pay swingers — headed by short-swinging Doug Sanders — were knotted for the lead at the midway point of the \$20,000 Baton Rouge Open Golf Tournament Saturday.

The same number had been tied after Friday's 18-hole first round, but two of the first day's co-leaders slipped only to be replaced by the 29-year-old Sanders and Mason Rudolph of Clarksville, Tenn.

Sanders and Rudolph fired 68 Saturday — same as their first-round scores — for 36-hole totals of 138 — six-under par on the 6,700-yard Baton Rouge Country Club course.

A marathon 36-hole windup is scheduled Sunday since the first day of play was rained out Thursday.

Knotted with Sanders and Rudolph at 138 were chunky Joe Campbell, the former Purdue ace, Denver's Dave Hill, and young Don Massegnale of Jacksonville, Tex. Those three shot 78 Saturday after carding 68 in the opening round to share the lead.

Stein Says Anyone Can Learn To Lie

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Any intelligent person can be a convincing liar—and it only takes about 90 minutes of briefing to turn the trick.

That is the belief of Willie Stein, whose business is producing good liars, and who has trained 1,500 of them over the past two and one-half years. Willie is the associate producer of the CBS panel game show, "To Tell the Truth."

The format is simple: Three persons—two sworn to speak the truth and the other two trained by Stein to lie—appear before a panel of four which questions them and tries to pick the truthful contestant. In the program's special lexicon, the truthful one is called "the central character," and the other two are called "impsters."

Central characters—invariably persons with some claim to fame or with unusual occupations—are located by reading newspapers, magazines, suggested by press agents and often turned up by the show staff. Some impsters have volunteered. Others are located by staff members. Willie says he is always looking for likely liars—in elevators, on the street.

One time, Willie was looking for impsters to match up with a lady wrestler. He saw a woman walking toward him on Madison Avenue who was a perfect choice, stopped her and started to explain his interest.

"She reared back and started to run to the corner for help," said Stein, a slight, mild-mannered man. "I ducked into an office building and beat it."

Stein and the staff spend a couple of days each week setting up the three guessing spots on the show. Then Stein meets with the central character and two impsters for each spot for a briefing session that lasts about 90 minutes.

"I start with the day the central character was born," Stein said. "Sometimes we mix up their cities. If an imposter is well

Success In Hollywood Is Often Slow

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP)—Strange place, Hollywood. A guy like Vincent Edwards can hang around for 10 years with scant success, then suddenly become the hottest thing in town.

Edwards always seemed like one of those actors who would never quite make it. "Ben Casey" has chased all that. He's now sitting on top of the world, turning down contracts and publicity he would have jumped at six months ago. The rigors of doing an hour television series precludes almost everything else.

Brooklyn-born, educated at Ohio State and the University of Hawaii, Edwards was brought to Hollywood to play the athlete in "Come Back, Little Sheba." That's when he met head-on the figure that may have held back his career: Burt Lancaster.

"I was supposed to do the picture when Humphrey Bogart was going to play the male lead," said Edwards, whose acting idol was and is the late Bogart.

"When Burt Lancaster got the role instead, he decided that I was too similar to be in the same picture. So I sat around for two years doing nothing."

After he was dropped by Hal Wallis, Edwards was signed by Columbia. Again he walked up a blind alley.

"I was supposed to do 'Picnic,' but they cast William Holden instead," Edwards recalled. "I did manage to make one sleeper, 'The Night Holds Terror,' but it did nothing for me."

He got to be the king of the sleepers, appearing in such critical successes as "The Killing," "City of Fear," and "Murder by Contract." Edwards' career wasn't helped. He seemed to be typed as the Burt Lancaster of the B's.

He played secondary roles in bigger films like "Serenade," "Three Faces of Eve" and "Too Late Blues" as well as appearing on most of the television series.

LANA TURNER and John Gavin are shown in a scene from "Imitation of Life," which is coming to the Canyon Drive-In Theater here Sunday, March 11.

TOP TV TONIGHT

By BUDEVANS
9:00 NBC "Show of the Week" presents "Regards to George M. Cohan," the story of the life, times and tunes of America's great singer and dancer man. The program includes newly staged production numbers from some of Cohan's best-known musical comedies and black-and-white sequences devoted to rare photographs and historic film footage documenting Cohan's career. Prominent in the cast are vocalist Paula Hayden, Lester James, Danny Meehan and Dorothy London. Peter Linda Hayes is narrator.

OTHER HIGHLIGHTS
1:30 CBS "Sports Spectacular" explores life at the U. S. A. I. F. Force Academy in Colorado Springs with emphasis on the physical fitness program.

2:30 CBS "World of Golf" Jay Hebert, top rated pro for the past decade, and Flory Van Donck, Belgium's all-time great, meet in a filmed match played in Paris.

4:00 ABC "World of Sports" covers the finals of the World Games of the International Ski Federation with downhill and slalom competitions for men and women.

5:00 CBS "Twentieth Century" presents part two of the development of the major roles played in the history of the Menninger Foundation.

6:30 NBC "Walt Disney" Professor Ludwig von Drake assumes the role of anchor man for a Von Drake report on the New Orleans Mardi Gras and the Rio de Janeiro carnival.

7:00 CBS "Ed Sullivan" has not yet rounded out his guest list but it will be headed by singer-pianist Fats Domino and comedienne Phyllis Diller.

8:00 NBC "Bus Stop" Howard Duff and Pippa Scott are guest stars as Steve Keyes and Betty Sloane in a boy-meets-girl drama in which the boy and girl are not the innocent lovers they pretend to be.

8:30 CBS "Electric Theatre" Veteran comic Ed Wynn takes on a poignant dramatic role when he stars as an elderly Chicago tailor whose zest for life is shaken by the reception he gets when he unexpectedly visits his son in California.

9:00 CBS "Jack Benny" loses in two skirmishes, one with a 12-year-old girl violinist and the other when glamorous singing star Julie London makes music and takes her host's measure at comedy too.

Spencer Tracy Most Nominated Male Star

HOLLYWOOD (AP)—Spencer Tracy's Academy Award nomination this week was his eighth, making him the movies' most-nominated male star.

Tracy, who was named for his role as war-crimes trial judge in "Judgment at Nuremberg," must bow to Bette Davis for total nominations. She has had nine. Both are double winners.

Tenant Is Left For New Waco Zoo
WACO (AP)—Starred keepers of Waco's Centex Zoo found a large, jagged African antelope, tied to a fence.

Attached to a chain tethering it was this note: "To whom it may concern: Am on my way to New York from Los Angeles and got stranded. In need of a home. Please take me in your yard and feed me. The animal stands 6 feet tall at the shoulders and is spiraling round 2 feet long. Buddy Porterfield, a Zoo worker, said he hoped this was somebody's method of making an anonymous contribution to the new zoo—and that some other zoo isn't any one eland."

Ritchard Thrives On Complication

NEW YORK (AP)—Cyril Ritchard thrives on complications. If necessary, he provides them himself.

"I love intrigue," says the debonair star. "Even better than acting or directing."

There's no danger of his giving up that multiple international career. But his cloak-and-dagger nature gets an invigorating workout each time a fresh bid for his theatrical talent comes along.

"There is nothing like going trout fishing," says Ritchard, changing the metaphor for his delight in devious negotiations.

Such deliberate digression preceded the amiable Australian's current participation in the comedy "Romulus" at Broadway's Music Box.

"It all started when Roger Stevens (he's the producer) sent me a flock of wires, all of which I ignored. Then when neither Stevens nor Gore Vidal (he's the author) could be reached, I went looking and located Stevens in London.

"He was so startled by my transatlantic phone call that he rattled simply that someone else had been suggested for the part. If it's Sir John (Gielgud) I don't mind," I answered. "But if it's anyone else I do."

"Later I found out from Vidal that it was Robert Morley they had in mind. But he was getting ready to play Nero in another drama, and that one could only do the Roman toga a limited number of times in a career. So then I was in demand again—and went trout fishing again."

4-H CLUB WEEK PROCLAIMED—County Judge J. Ray Martin proclaims March 3-10 as 4-H Club Week in Scurry County as Rickey Sterling, delegate to the district 4-H council, and Joy Sterling, chairman of the county-wide 4-H committee, look on.

4-H Week Launched

Scores of Scurry County Youth along with others throughout the country are observing "4-H Club Week."

County Judge J. Ray Martin signed a proclamation setting aside the period from March 3-10 as "Scurry County 4-H Club Week," calling attention to multiple benefits derived from the 4-H program. The week coincides with the dates of National 4-H Club Week.

The proclamation follows:

Name Change For Street Is Criticized

KEY WEST, Fla. (AP)—Residents of Key West's South Street are unhappy because its name was changed to Gen. John Glenn St. by the City Commission.

The name changing came last Saturday when astronaut John H. Glenn Jr., was in town for a weekend of relaxation at the Key West naval base after his three orbits around the earth.

The people who live or have businesses on the street say its time-honored and significant name should not have been altered. Among the houses on the street is the southernmost dwelling in the continental United States.

The City Commission now says its action was unofficial and protests will be heard at its next meeting.

So far, only one sign has been posted with the new name. Other street markers remain unaltered.

Actually, the commission took two unofficial steps in renaming the street. The other was promoting Glenn, a lieutenant colonel in the U.S. Marines, to general. Commissioners said at the time they had a hunch he would be moved up in rank and they wanted their sign to be up to date.

Dies In Collision

DALLAS (AP)—John Adkins of Arlington was killed Saturday when his dairy truck and a tractor-trailer collided in Dallas.

The driver of the tractor-trailer was identified as Morris Bildeback, 47, of Henrietta. His truck was loaded with 47,000 pounds of wheat.

Officers said the dairy truck rammed into the left rear wheels of the grain truck.

Clay Awarded Scholarship Aid By P-TA

The Lincoln High School P-TA recently voted to send the sum of \$30 to Will Clay, Jr., valedictorian of the class of 1961, who is presently enrolled at Bishop College in Dallas.

Johnny Ray Garcia was the salutatorian of that graduating class. Terry McClain, another Lincoln alumnus who is currently in his fourth year at Tillson College in Austin, received a similar \$30 grant from the Lincoln P-TA during his freshman year.

In other business of the recent P-TA meeting of the school, L. L. Davis was elected chairman of the program committee. The organization meets the first Thursday night in every month.

Gas Pipeline Is Opposed

MIDLAND (AP)—Joseph O'Neill Jr., president of the Permian Basin Petroleum Association, said the organization will vigorously oppose a proposed natural gas pipeline from South Texas and Northern Mexico to the Los Angeles area.

O'Neill said all persons in the Permian Basin of West Texas and southeastern New Mexico should join forces at once with the association in this effort.

"This proposal goes to the heart of our economy and future growth," he said.

The Federal Power Commission has set a hearing April 10 on a proposal to move additional gas to Southern California.

Two subsidiaries of Tennessee Gas Transmission Co. and the Mexican government want to move 455 million cubic feet of gas a day into the Los Angeles area—300 million from South Texas—75 million from Mexico.

O'Neill said:

"The economy and future growth of the people living in the Permian Basin is seriously threatened by a proposal to move South Texas and Mexico gas to Southern California."

"The Permian Basin is overloaded with 'shut-in' gas wells and has tremendous reserves. We have supplied southern California with its gas needs for many years. When it needs additional gas, we have it ready and waiting to be delivered."

HOSPITAL NOTES

SNYDER HOSPITAL
ADMISSIONS: Ethel Marie Sewell, 310 Twenty-ninth Street; Lupe Malos, 1420 Avenue E.

Snyder Hospital Okayed For Treatment, Care Of Aged

Snyder Hospital at Twenty-sixth and Avenue F received word last week from the State Welfare Department that it had been classified and approved for the care and treatment of Old Age Assistance Recipients. The hospital was given a Class III rating which is the highest of three grade approvals under the new medical aid plan.

The medical program for persons receiving Old Age Assistance was approved by the people of Texas through a Constitutional Amendment on Nov. 4, 1953. The Regular Session of the 57th Legislature, 1961, implemented it with Senate Bill No. 79, which is now known as the Medical Assistance Act.

The law became effective Jan. 1. Prior to that time when an Old Age Assistance recipient was in a nursing home, the most he could receive from the State Department of Public Welfare was the maximum Old Age Assistance grant. Through the years that ranged from \$30 to \$71.

Under the Medical Assistance Act, state money was appropriated. This, together with Federal funds, provides payment to the nursing home or hospital in addition to the OAA grant to the individual. This is known as "Vendor Payment."

Snyder Hospital is the only facility in Scurry County to be approved for Vendor Payments since it is the only institution offering services to Old Age persons on a nursing care basis. Approximately 60 per cent of the patients receiving this nursing care at Snyder Hospital will participate in the new program.

Bert and Virginia Dickenson are the owners and operators of Snyder Hospital. They acquired ownership from John W. Raines, M. D., last October. The couple has a combined total of over 20 years experience in the operation of hospitals. Dickenson has 10 of his 13 years hospital experience as an administrator of municipal and county hospitals, and Mrs. Dickenson is a graduate Registered Nurse with over 10 years experience of which 5 years was a Director of Nursing.

Dickenson pointed out that there were three things that determine whether a person can qualify for Medical Care under the new program. First, they must be a recipient of Old Age Assistance. Second, they must need some type of nursing care and medical attention. Third, they must receive this care in a hospital or nursing home which has been licensed by the State Welfare Department as meeting the necessary requirements under the program.

Mrs. Kay Robinson, Field Worker for the Department of Public Welfare, stated that in order to

qualify for the medical aid a person must first be eligible to receive the Old Age Assistance. Information of the OAA, the insurance program, and on the medical aid is available at her office in the Snyder-Scurry County Health Unit on east Twenty-sixth.

Regarding the second requirement mentioned above, Mrs. Robinson pointed out that there were strict requirements also as to what was "medical care" as opposed to custodial care. The custodial care does not qualify under the new law. At present about 344 people are on the Scurry County assistance rolls.

Some Factors Push State Business Up

AUSTIN (AP)—The University of Texas Bureau of Business Research said Saturday that various factors are "pushing the state's economy forward." However, a not so optimistic view was given on the oil production business.

The bureau said strong underlying forces such as upturns in power consumption, especially industrial power, plus improvements in building permits are indicative of the growing economy.

However, it was pointed out that 25 oil producing days have been allowed for the first three months of this year, compared to 27 in 1961.

"It is hoped that the loss in producing days for the first quarter can be made up later in the year," the report said. "Otherwise, the number of producing days may fall below 100."

The seasonally adjusted index of crude petroleum produced dropped four per cent in January from December, the bureau reported, even though the number of producing days for December and January (9) was identical.

"Extremely cold weather in January prevented some leases from being pumped and added to the normal volume of malfunctions of oil producing equipment." Crude runs to stills rose eight per cent in January.

From December to January, total business activity increased 13 per cent. This left January 18 per cent above January, 1961.

Posada parties are the heart of pre-Christmas celebrations in Mexico. Posada means "lodging."

As to the nursing home or hospital itself, there are three classes of institutions. Class I is approved for minimal care. Class II is approved for moderate care. Class III, the class in which Snyder Hospital was placed, is approved for intensive care.

There are also three classes of patients which correspond to the minimal, moderate, or intensive classifications. A Class III institution can, of course, serve any class patient.

Snyder Hospital is a licensed general hospital and as such is also approved for the Hospitalization Medical and Surgical program under the state's Blue Cross Hospitalization plan for recipients of Old Age Assistance.

They have facilities to care for 42 nursing home type patients now, and will eventually have a total capacity of 75 beds for this purpose when they open two existing wings which are now being used as clinic and doctors offices. This, Dickenson believes, will adequately care for the percentage of Scurry County's aged persons who will require this type of service.

Mr. and Mrs. Dickenson stated that they were very optimistic about the future of Snyder Hospital and are pleased with the acceptance they are receiving in their area and are pleased with the acceptance they are receiving in their efforts to fill this critical need for the older citizens.

WOW—WHAT A CAR!

It's obvious that Junior is pleased about the family's purchase. Dad is even more pleased. He did the buying, with the help of a bank Auto Loan from us; derives extra enjoyment from the new car because he knows the family is benefiting from the extra economy and convenience of our financing plan. UNION 4-H CLUB—This active group of young ladies comprise the Union 4-H Club which has made outstanding progress. The girls are learning to prepare well balanced meals, sewing and various household duties. They are, front row from left: Becky Mebane,

Debra Murphy, Elaine McAuthor, Lou Alice Mathis and Jean Craig. Back row, Martha Stephens, Brenda Murphy, Regina Butler, Melaine McConnell and Judy Tate. Mrs. Wayland Mathis is the adult leader.

PLAINVIEW 4-H CLUB—Although the Plainview 4-H Club is not a very large club they are quite an active group. Pictured above at one of their recent meetings are from left, Eddie Eicke, Donnie Lee, Claudia Lee, Gail Thornburg, Sahala Eicke and Robin Mirick. Eddie

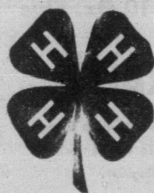

and Danny have livestock projects. The girls have food and clothing projects. Here Gail, the junior leader is giving a demonstration on making banana milk shake, while the boys are sampling some homemade cookies. Gail also has a bedroom improvement project.

THE SNYDER DAILY NEWS

VOL. 12, NO. 263

SNYDER, TEXAS, SUNDAY, MARCH 4, 1962

SECTION B

LEARN, LIVE, SERVE THROUGH 4-H

We welcome the opportunity during this 4-H Club Week, March 3-10, to add our congratulations to our community 4-H boys and girls and their devoted leaders for the fine work being done.

We're proud of the many young people in Scurry County who are diligently preparing themselves for all phases of rural life through 4-H Club projects. The youngsters are acquiring skills and knowledge that will help them lead better lives and eventually benefit this community.

Let's all back this fine youth organization right here at home!

HERMLEIGH 4-H—These two girls are members of the Hermleigh 4-H Club and are junior food leaders. They emphasize the importance of a balanced diet to younger members of the club and help them in their demonstrations. At left is Nancy Campbell, and right, Geenita Robbins.

GROUP FROM HERMLEIGH 4-H—These four young ladies are also members of the Hermleigh 4-H Club and are interested in the preparation of food for freezers. From left they are Peggy Rannefeld, Barbara Freytag, Kathryn Helm and Linda Colvin.

FLUVANNA 4-H—This group of boys and girls are members of the Fluvanna 4-H Club. Pictured here with a prize looking calf being fed and owned by

Judy Martin are: Delores Lambert, Sue Herring, Janet Martin, Sandra Stansell, Johnny Stansell, Clarissa Noel, Junie Stansell, Joe Weldon Stansell and Judy.

4-H LIVESTOCK—This group of 4-H Club members are all interested in livestock projects. They represent two active 4-H Clubs in Scurry County. The Sterling children are members of the Ira 4-H Club, while the Robinson children are members of the Snyder 4-H

Club. From left Carole Sterling, who also has clothing and food projects, Karan Robinson, Connie Robinson, Bimbo Robinson, in his first year of 4-H work and owner of the 7-month old spotted Poland China pig, Terry Sterling and Richie Sterling.

OFFICERS—The above women are current officers of the Musical Coterie. From left, Mrs. F. G. Sears, parliamentarian, Mrs. Sonne Umberson, president, Mrs. Frank LeFeuvre, treasurer, Mrs. Bob Womack, vice president and Mrs. E. Schulz, historian.

PROGRAM—Mrs. W. A. Vestal (left) presented a most interesting program at the Musical Coterie Tuesday evening. Seated at the organ is Mrs. Bob Womack.

Musical Coterie Meeting

The Musical Coterie met in the home of Mrs. F. G. Sears, Tuesday evening, February 27, at 7:30. Mrs. Sonne Umberson, president, presiding. Twelve members were present and one guest.

Mrs. Bob Womack, vice president and program chairman, presented the program. Mrs. W. A. Vestal narrated the story based on the hit musical "Sound of Music", while Mrs. Womack sang the scores accompanying herself on the organ. This musical was the last written by Rodgers and Hammerstein, Mr. Hammerstein having died after this score was written. The program was beautifully presented and was received enthusiastically by the members.

Plans were made for future programs to be given in Snyder. One of special interest will be given during National Music Week in conjunction with the Altrurian Club. Mrs. John C. Oldham of Lubbock will present an organ concert at that time.

JOY STIRLING, of the Ira 4-H Club received awards in clothing, frozen foods, electric, achievements and was presented the Gold Star locket. Ribbons include 25 blue, 15 red and 5 white. She won first on her calf in 1961.

WHAT'S GOING ON

Mr. and Mrs. Glendon Eynum and Harley, 1909 Fifteenth, visited recently in the home of Mr. and Mrs. G. I. Jones in Lubbock. The Jones formerly lived in Snyder. Recent house guests of Mr. and Mrs. Glendon Eynum, 1909 Fifteenth were Berenda and Derenda Smith. The six year old twin girls live at the Lubbock Children's Home.

MR. AND MRS. TRUMAN SANFORD
(Photo by Wolfe Studio)

Patsy Wells Becomes Bride Of Truman L. Sanford

Patsy Carol Wells became the bride of Truman Linard Sanford in double ring services held at the Eastside Church of Christ on Feb. 28 at 9 p.m.

Mr. Bill McLaughlin sang "One Alone" and "Lord's Prayer". Given in marriage by her father, the bride wore a street length dress of white embossed lace over white satin, fashioned with rounded neckline, cap sleeves and bouffant skirt. Her finger-tip veil fell from a white bandeau. Accessories included white satin shoes and a single stand of pearls.

After-School Snack

Give your youngsters a loving treat! Have these cupcakes warm from the oven for enjoyment.

BANANA CUPCAKES
2 cups sifted flour
1 1/2 teaspoons baking powder
1/4 teaspoon baking soda
1/4 teaspoon salt
1-3 cup shortening
1 cup sugar
2 eggs
1 cup mashed banana
2 teaspoons grated orange rind
Sift together the flour, baking powder, soda and salt. Beat the shortening, sugar, eggs, banana and orange rind at high speed of electric mixer for 2 minutes or until blended. Add sifted dry ingredients; beat about 1 minute more. Turn into paper cups inserted in muffin-pan wells, filling them two-thirds full. Bake in moderate (375 degrees) oven until cake tester inserted in center comes out clean—about 20 minutes. Makes 18 cupcakes if muffin-pan wells are 1-3 cup capacity.

Applesauce takes on a new interest when drained pineapple tidbits are added to it. Serve the combination with pork or as a dessert.

Parents of the couple are Mr. and Mrs. Wm. M. Wells, 2901 Avenue G, and Mr. and Mrs. Frank Sanford, Route 1, Loraine.

Mr. Bill McLaughlin sang "One Alone" and "Lord's Prayer". Given in marriage by her father, the bride wore a street length dress of white embossed lace over white satin, fashioned with rounded neckline, cap sleeves and bouffant skirt. Her finger-tip veil fell from a white bandeau. Accessories included white satin shoes and a single stand of pearls.

She carried out the tradition with her new dress, borrowed and blue, a garter worn by her cousin, Mrs. Kenneth Wells of Abilene in her wedding on the same date five years ago.

Mrs. Sharon Armstrong, matron of honor was attired in a pink sheath dress with pink net lace tunic and cummerbund with white accessories. She carried one long stem pink rose.

Barbara West of Midland was bridesmaid. Her costume was fashioned same as the matron of honor's.

Bobby Don Sanford of Abilene served his brother as best man and Jim Childress of Snyder, a brother-in-law was groomsman.

A reception was held in the home of the bride's parents. The lace covered table was centered with the bridal bouquet.

Patricia and Judy Sanford of Loraine, sisters of the groom, presided at the three-tiered wedding cake and punch bowl. Mrs. Jim Childress, sister of the groom

(Photo by Craft Studio)

Elyita Meadows Becomes Bride Of F. J. Younger

In a candlelight ceremony at 8 p.m. on Friday, Feb. 9, at Northside Baptist Church, Miss Elyita Meadows of Euless, became the bride of Frank J. Younger, also of Euless.

Parents of the couple are Mr. and Mrs. Fred Meadows of Euless, and Mr. and Mrs. R. J. Younger, Route 2, Snyder.

The altar was decorated with white candles and greenery. The Rev. Jack Dean, pastor, officiated at the double ring ceremony.

The bride's dress, made by her mother, was fashioned with a full-length, European style skirt and long sleeves which ended in a point over the hands. It was made of Chantilly lace over satin and

was banded at the waist by a set-in cummerbund. Her waist-length veil of white net was fastened with a rhinestone tiara. She carried a bouquet of red rosebuds surrounded with white feathered mums atop a white Bible.

The bride was given in marriage by Mr. R. J. Younger, father of the groom, who gave her for her

Mrs. Coffee Hostess To H-D Club

Tri Community Home Demonstration Club met Wednesday at the Union Community Center with Mrs. J. W. Coffee, hostess. Ten members were present.

A thank you letter from the Abilene State School was read, thanking the club for gifts sent to them.

Council committees recommendations of the Health, Safety, EEE, 4-H, Finance, and Civil Defense. Citizenship committees were read and approved.

The club donated \$2.00 to apply on the District 2 college scholarship. District 2 composed of 18 counties, is the only Home Demonstration District in the state with such a scholarship. It is presented to an outstanding 4-H girl in the District each year.

Mrs. George Watts was elected secretary-treasurer to fill the vacancy left by Mrs. Denzil Knight who is moving.

Mrs. Billy Huddleston presented a program on Communism.

"In 1903, Leninist abolished Bolshevism with 17 supporters; in 1917 Lenin conquered Russia with 40,000 supporters; in 1968 the party of Lenin is in iron control of one billion people with 1973 already set as a tentative date for world conquest. Russia has in 60 years risen from an illiterate nation to a position of one of the two greatest powers on earth.

"Most of us believe that Communism originates with the poor and underprivileged; however, most outstanding communist leaders come from intellectual well to do families. Communism is an ideological philosophy, although a Goddess one, and it appeals to the intellectual. While we try to defeat Communism with material aid, the communists concentrate on early age. We may be expecting too little instead of too much from our young people. They want and need an ideal to work and live for. We must see that they are taught the Christian ideal and the American way of life, as thoroughly as Communism is taught to the children of Russia and other communist countries."

BARREN SPOT—Mrs. L. H. Bond, project chairman of the Town and Country Garden Club and Mr. W. C. Null of Fort Worth, building contractor of the new post office, view the spot which the local club will beautify. This picture was taken on Feb. 9.

ALL PLANTED—This picture was taken the day of the dedication of the new post office. Pictured above are Mrs. C. A. Likes and Mrs. Hugh Elledge as they admire the beautiful plants and shrubs their Garden Club provided as a civic project. The shrub in the foreground is a graceful wisteria, Mrs. Elledge is a past-president of the Town and Country Garden Club.

Local Club Completes Civic Project

The Town and Country Garden Club has just completed a civic project that will enable them to apply for the Sears, Roebuck & Co. grant for landscape improvement project award.

Entries are open to Texas Garden Clubs and promotes the beautification of Texas cities.

The attractive solar screen contains such plants as a wisteria tree, three pitosporum, three holly's, three azaleas, pansy and creeping moss. The bed was laid with river gravel and rough rocks for the ground cover, to keep out grass and weeds.

Hermleigh News

By MRS. BUELL LEWIS

Mr. and Mrs. Wylie C. McMillan and family, accompanied by her mother, all of Lubbock, spent Sunday with his brother, Loren and two sisters. Mrs. McMillan's mother, Mrs. J. C. Duff spent the day with her sister, Mr. and Mrs. W. G. Lee.

Mrs. Clara Mae Myers and Ray visited Miss Oreta Myers of Snyder Sunday.

Mr. and Mrs. D. Z. Hess went to Sweetwater Monday to take Mrs. S. A. Pifford to catch the bus for Abilene. She has been visiting friends here.

Mr. and Mrs. Billie Don Haynes of Lubbock visited over the weekend with his parents, Mr. and Mrs. M. J. Haynes. Mrs. Haynes returned home with them for a visit.

Mr. and Mrs. W. B. Withers went to Andrews Sunday to visit their son and family, Mr. and Mrs. Calvin Withers. Their daughter,

Mrs. Doyle Newman and children accompanied them to the birthday dinner honoring Calvin's daughter and Mrs. W. B. Withers.

Miss Brenda Hobbs, Miss Patricia Kubena and Mr. Mickey Winters were home with their folks over the weekend from Texas Tech.

Mr. and Mrs. Melvin Vernon went to Wink Saturday to visit their daughter, Mr. and Mrs. Odie Jenkins, their granddaughter and husband, and great grand children.

Mrs. Durwood Watson was a dinner guest of Mr. Mattie Bowl-

ing Monday.

Mrs. Enie Booth, James and Alvin of Winters, visited her aunt and uncle, Mr. and Mrs. T. E. Shelburne, Sunday.

Mr. and Mrs. J. E. Chapman of Snyder visited their daughter, Mr. and Mrs. Ulmer (John) Vernon and family Sunday.

Doug Foster and a friend were

home from Texas Tech to visit his parents over the weekend.

Sweetwater, and Mr. Jimmy Smith of Odessa visited Sunday in the home of their father, Mr. Roy Smith. Mrs. Jimmy Smith and children have been staying in the Roy Smith home for the past three weeks, since the death of Mrs. Smith. Mr. and Mrs. Harold Brackeen and daughter of Snyder and Mrs. Eva Mae Brackeen were also visitors in the home Sunday.

Mr. and Mrs. Leo Nachlinger visited her son, Mr. and Mrs. Jacky Nachlinger visited their other son, Mr. and Mrs. Bobby Smith and Mr. and Mrs. Bobby Nachlinger in Lubbock Monday.

Want more time for after-work activities? Here are 5 telephone ideas that help

- 1) Want to buy special wdgts or gadgets to make repairs or complete other "do-it-yourself" jobs? A few phone calls will track them down in practically no time.
- 2) Involved in scout, church or civic activities? It's amazing how many meetings you can eliminate, if you use your phone to handle as many details as possible.
- 3) Need estimates for house repairs? Get them fast—by phone.
- 4) Want to go bowling? Call your friends and get a group together.
- 5) Looking for special tools to rent? Shop the easy way. Use the Yellow Pages and your phone.

If you're like most men, umpteen chores greet you when you get home from work. How would you like some help? Just reach for a handy telephone. Why not use your phones for as many reasons as you can think of? You know whose feet and tires you'll save.

YOUR TELEPHONES... the more you use them, the greater their value.

Call by number... It's twice as fast

and sons of Mr. Jimmy Sunday in their, Mr. Roy Smith and staying in the past three months of Mrs. Harold Bracken were home Sunday. So Nachlinger and Mrs. listed their Mrs. Bobby Monday.

PRESIDING AT TABLE—These young ladies presided at the beautifully laid table during the 10 to 11 a.m. period Wednesday. From left, Janie Morrison, Karen Butler, Jane Williamson, Pat Deck, Mary Beth Capps, Sandra Cox and Isabel Saravia.

RECEIVING LINE—Welcoming guests as they entered the dining room and gracing them with a hibiscus for the ladies' hair or the men's lapels were these three students. From left, Sammie Hagins, Connie Stanley and Anita Thompson.

Luau Theme Social Honors SHS Staff

The dining room of the home economics department of Snyder High School was a colorful sight to see Wednesday, as the thirty-year H. E. girls held their annual open house for the faculty and administration staff. The day-long affair enabled all staff members to take a short break from their duties and enjoy

some delicious food and a relaxation period with soft Hawaiian background music. A luau theme was carried out in the table decor, even to the point of a special fruit plate with authentic ti leaves, same as those used in Hawaii. The many colorful foods, gleaming crystal and silver were graced with various colors of pansys, making an impressive setting on the white damask table cloth. Several articles of clothing, souvenirs, colored post cards and pictures of various special gathering, socials and scenery were on display. These were brought back last year by Miss Vera Periman,

H. E. teacher, and Miss Thelma Leslie, local teacher.

Hale, Glass Marriage

Mrs. Thelma Hale of Snyder and John Glass of Overton, were married on Feb. 21 in Brownwood, by the minister of the Church of Christ of that city. After a wedding trip to Hot Springs, Ark. they are at home at 602 Richard Street, Overton, Tex.

Want More Room For Bathing? Try Custom-Made Tub

Selecting a bathtub isn't exactly like measuring drapes—but the tape measure can play a key part. No longer must you settle for a standard-size bathtub. More splashing room can be yours in a tub that's custom-built to the size and shape that suits you best. A tub made of tile is the answer. It can be built to any length, width and depth that you specify. A tile tub will add lifetime beauty to your bathroom—and increase your home's resale value.

Because it need not follow traditional lines, a tile tub offers interesting and unusual design possibilities. For example, you can build ledges and handy counters wherever you want them, choosing from the wide variety of colors, sizes and patterns now available in real tile. Or you can have a sunken tub, thus making your bathroom appear more spacious. A tile tub is practical too, since it is waterproof, will not scratch and is easy to clean. Soap or cosmetic stains, dust or dirt—if it's real tile, they all yield quickly to a damp cloth clean-up.

MARY AINSWORTH is a member of the Snyder Senior 4-H Club and attends Snyder High School. She has received her gold locker, dress revue pin, awards in public speaking and achievement; has 13 blue, eight red and two white ribbons; won special awards in District 4-H camp and District team deputation contest. At the recent stock show she received two fifth place awards on calves.

ABWA To Present Style Show

"Heralding Spring Fashions" will be the theme of the style show to be presented Friday evening at 7:30 p.m. at the Martha Ann Woman's Club. The show is being sponsored by the American Business Women's Association. Background music will be furnished by Ralph Weason at the organ and vocal selections will be rendered by Sally Glover Hale.

Models will be wearing the latest spring fashions in sportswear, ensemble costumes, suits and frilly cottons. Door prizes will be given and include such items as a double-knit suit, jewelry, sportswear, hat, bag and lingerie. The public is cordially invited to attend.

An old trick that's still delicious. As soon as a batch of plain muffins come out of the oven, dip their tops in melted butter or margarine and then into a mixture of sugar and cinnamon. Serve at once!

Faubus Regrets 'Incident' But Stands By His Actions

By JOHN R. STARR
LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus looks back today with a single but basic regret about the 1957-59 Little Rock integration controversy and the role it played for him.

"I just regret that it all happened," Faubus says. "But I wouldn't change anything I did, just did what I had to do. What I felt the people of Arkansas elected me to do."

Faubus faces today a decision as critically important to his political future as his order that block integration of Central High School Sept. 2, 1957.

That order transformed Faubus from an obscure Southern governor into a national symbol of resistance to the U.S. Supreme Court's 1954 desegregation order. It was a key factor in his re-election to a third and then unprecedented fourth term.

Now Faubus must decide whether in the next two months whether he will seek a fifth two-year term as governor, run for the U.S. Senate or House, or retire.

Suspense has always been part of his political strategy. In 1954 he filed at the last moment to oppose Gov. Francis Cherry, after political experts had conceded the Democratic primary to the incumbent.

In 1957 Faubus waited until just before the start of school to dispatch troops to Central, and he did not disclose until two days later—when Negro students tried to enter—that they had been ordered to prevent integration.

Sen. J. W. Fulbright, D-Ark., and Rep. Dale Alford hang most openly on the Faubus hook at this moment. Faubus may go after Fulbright's job. Alford already has announced for governor, but doesn't know whom he will face.

There's also a possibility Faubus will run for the 3rd District House seat of Rep. J. W. Trimble, if Trimble decides to retire.

Faubus does not feel the integration crisis is settled, although Little Rock schools now are operating peacefully with token desegregation.

"The people are as opposed to integration as they ever were," he says, "but they now have a feeling of hopelessness."

Faubus remains bitterly critical of the federal government's role in the crisis and argues the Little Rock affair will eventually slow down desegregation, rather than speed it up.

He said he was not speaking of equal job opportunities, equal justice or other civil rights factors but of social integration.

and intermarriage. Since he comes from a rural area where schools often are the center of a community's social activity, school integration to Faubus is social integration.

The governor also claims that during the last four years he has had more success in getting segregationists to yield on extreme positions than in convincing integrationists to accept anything short of total race mixing.

"The extreme segregationist took the position at the start that he would accept no integration," Faubus says. "He has come away from that. But the integrationists haven't yielded an inch."

Faubus' personal popularity has shown a decline at the polls. In the 1958 Democratic primary, he got 59 per cent of the vote. It was down to 52 per cent two years later. In November 1960, voters rejected 2 to 1 Faubus' proposal to close schools through a constitutional amendment.

He feels he has done a good job as chief executive and often likes to point out that his administration has been free of scandal.

During Faubus' administration, Arkansas stepped ahead in industrial development and state services.

General revenues increased from \$66 million to \$103 million. Most of the new money went for public education and welfare. Allotments for schools jumped from \$29.7 to \$44.5 million and for welfare from \$9 million to \$14.3 million since the governor took office in 1955.

Manufacturing income rose from \$250 million to \$363 million. Many of the governor's critics admit he has done a good job. They have concentrated their fire on his role in the integration crisis and on what they contend are

U. N. Seen As New Force In Oil Affairs

By MAX B. SKELTON
HOUSTON (AP)—An oil trade publication described the United Nations this week as a new force in world oil and gas affairs.

World Oil is not convinced the UN is on safe grounds.

The magazine reported on the Jan. 23-Feb. 21 oil seminar sponsored by the resources and transport branch of the UN Department of Economic and Social Affairs.

Some 28 government officials responsible for formulation of energy policy in 22 countries participated and heard 28 lectures on every aspect of oil industry operations.

Philippe de Seynes, an undersecretary for economic and social affairs, opened the sessions by saying the purpose of the seminar was to provide training for high level government administrators from less developed countries which are not major petroleum producers.

"The seminar is part of the UN's program of aid to the development of energy resources as a key factor in economic advancement," he said.

World Oil traced the background of the seminar to a 1949 speech in which former President Harry Truman announced the "Point Four" program and outlined a plan for the "have" nations to share scientific and industrial achievements with the "have not" nations.

World Oil said: "The United Nations is producing a deadly serious play that should never be staged."

"Oil and gas are the main characters. The plot is to use these politically and economically explosive resources as a means to lift the economic and social standards of underdeveloped nations that are deficient in energy supplies."

"The moral is fine—but the characters could close the curtains after a short run."

The magazine expressed concern over the UN objectives on two points—Russia and an already excessive world supply of oil.

"The Communist reasoning is simple," the article said. "Use UN's humanitarian effort to raise the economic level of underdeveloped nations as a powerful collective force for action. Work in conjunction with the free world to help those nations find and develop their own oil and gas resources. At the same time, work against the west through independent activities intended to accomplish the same purpose."

The Stone Age lingers in Netherlands New Guinea. One tribe only recently learned how to make fire.

Junior Editors Quiz on HISTORY

QUESTION: Was there really a Johnny Applesseed?

ANSWER: Yes. His real name was John Chapman, and he was one of the strangest people ever to follow the frontier. John Chapman grew up in Massachusetts in the late 1700s. He went to Pennsylvania, collected seeds from the apple mills there, and appeared in Ohio around 1800 carrying the apple seeds and a Bible, and wearing a coffee sack for a shirt and a sash over his head. He wandered through Ohio, which was frontier country then, scattering apple seeds hither and yon, planting apple trees, and picking up the nickname, Johnny Applesseed. Later he wandered into Indiana and planted more apple trees. He loved nature and both the settlers and the Indians considered him their friend. The Indians, in addition, believed him to be a medicine man and treated him with great respect. His position as friend to both settler and Indian and his great love for all of God's creatures made it natural for him to be able to help the settlers.

FOR YOU TO DO: There are 10,000 different kinds of apples, both wild and cultivated, grown in the world. How many different kinds of apples have you eaten? Try a Baldwin apple, and a Golden Delicious, and a McIntosh. See if you can tell the difference between them.

(Christine Sites of St. Thomas, Pa. wins \$10 for this question. Send your questions on a postcard to Junior Editors, in care of this newspaper.)

Ounce Of Prevention, Wrinkle Care

The family wash is like milady's skin. When it gets overdy, it wrinkles, and the principle of prevention is the same.

Of course, we don't suggest smearing clothes with beauty creams to cut down on wrinkling. But the natural moisture which a woman hopes those creams will put back in her skin and thus keep lines away is also necessary in keeping clothes from wrinkling.

The way for clothes to retain their "natural moisture content" is to remove them from the dryer before they get too dry. Clothes that are a trifle moist will fold easier, will not curl or wrinkle at the edges, and will require less ironing time.

Many dryers on the market today take the guess work out of drying time. Some are equipped with special controls that automatically shut off the dryer when the correct natural moisture percentage in the clothes has been reached. To further reduce ironing time, many of the new models have automatic dampening devices or damp-dry settings that make it possible to have the clothes ready for immediate ironing if desired.

Cotton knits will retain their shape much better if they are not over-dried. And garments with elasticized belts or elastic garments, such as bras, girdles, or men's knit shorts may be automatically removed damp dry to prevent loss of elasticity. Babies' diapers need never again be rough and scratchy because they have been dried too long.

What's more, by using a dryer, a mother with a family of four can save herself some 20 eight-hour work days (oil each year and avoid lifting and carting one-and-a-half tons of laundry to and from the clothesline, according to AILMA statistics.

BEef STEW—A man's recipe, and so popular that its originator has frequent requests for the recipe.

Beef Stew Pleases Men

By CECILY BROWNSTONE
Associated Press Food Editor

A man conceals a stew and friends beg for the recipe. So in businesslike style, this amateur cook hands out mimeographed copies of his rule.

The originator of this stew enjoys entertaining. This recipe serves about a dozen, and he often doubles the quantities to serve 24. But he does use one shortcut—frozen vegetables, all ready to add to the bubbling kettle.

Should a woman try this rule, she may wonder why the packages of mixed frozen vegetables called for are cooked longer than usual. Our chef answers briefly, and to the point: "Most men like their vegetables soaked up with gravy."

Should any woman have the urge to change this rule, we strongly advise her to resist temptation and hand the directions to a man—who might just follow them. We tried the original recipe and a tampered-with version. Take it from us, a la Chasin is most savory.

BEef STEW A LA CHASIN
"Purchase a single piece of meat; ask the butcher for a good cut of beef to make a stew—from 4 to 5 pounds.

"Cut meat into 1 1/2 inch cubes; roll in seasoned bread crumbs—these come packaged and are effective.

"Brown meat on all sides in a frying pan. Any kind of oil may be used, although I tend to use corn oil. This not deep fat frying, so use just enough oil to prevent sticking. When you have browned the meat, put it in a heavy kettle, and leave the drippings.

"Dice 3 to 4 medium-sized onions as fine as you can.

"Dice 3 or 4 celery stalks with their tops as small as you can.

"Dice 1 large carrot and 4 or 5 cloves of garlic.

"Mix all these vegetables together; brown them slowly in the same frying pan in which you browned the meat. Don't burn, just brown lightly, and add seasoning to taste.

"Use salt, pepper, monosodium glutamate, paprika, oregano or

vegetables into a large heavy kettle. Add a small can of tomato paste and 2 cups beef bouillon. Cover and simmer about 1 1/2 hours. Cool and refrigerate overnight or longer so the flavors will get together. Remove any fat that solidifies on the top.

"When you're ready to serve the stew, heat it slowly and then add two 10-ounce packages of frozen mixed vegetables, about 1 dozen small white onions, some small whole cooked carrots and a 2-pound package of frozen small whole potatoes. Simmer for 1/2 to 1 hour, testing as you go along to make sure the potatoes are soft.

"If you are lucky, the stew comes out tasting good, the meat tender and the vegetables well cooked.

"Along with the stew, we usually serve buckwheat groats cooked in beef bouillon with mushrooms added.

"For dessert we like bought frozen baked pound cake and balls of fruit sherbet—we make these with an ice-cream scoop and have them ready in our freezer."

"Washing your hands in salted water will help remove the odor after handling fish.

LINDA ENGLAND, a member of the Snyder Senior 4-H Club, attends Lamar Junior High School. She has received awards in dairy foods and electric program; has 10 blue and eight red ribbons, and a special award in District 4-H electric camp.

Ever add a dried red pepper pod to a liquid in which you are cooking shrimp? A chef's trick!

Evans, Whatley Vows Held In Greenhill Baptist Church

The Greenhill Baptist Church was the setting for the marriage of Alma Nell Evans and Ray Lee Whatley, pastor officiated at the double ring service on Feb. 16 at 7:30 p. m.

Parents of the couple are Mr. and Mrs. Elmer Evans, 2006 Avenue L, and Mr. and Mrs. D. B. Whatley, 2011 Marial Drive.
Given in marriage by her father, the bride wore a floor-length gown of white lace over taffeta. The dress was fashioned with an organza panel in front, sweetheart neckline, long pointed sleeves and seed pearls graced the bodice.

Her shoulder length veil of tulle was attached to a white sequin head piece. She carried white feathered carnations centered with red rosebuds atop a white Bible. Miss Sammie Hagins was maid of honor and wore a red brocade sash sheath and red veil. She carried white carnations.
Danita Lyne, niece of the bride

was flower girl. She wore a dress fashioned with a red velvet bodice and white chiffon over taffeta full skirt. Karen Sue and Patsey Rainwater, cousins of the groom were candle lighters. They were attired in red taffeta.

Mrs. Shirley Hagins presented organ music and accompanied Mrs. James Jones who sang "Because" and "Wedding Prayer."
Ricky Newton of Big Spring served his cousin as ring bearer and Richard Walker of Cotulla was best man. Male attendants were Duwayne Prince, and Jimmy Layne, brothers-in-law of the bride.

The church fellowship hall was the setting for the reception. The refreshment table was laid with a lace cloth over red, featuring red rosebuds, silver and crystal. Mary Ann Savage presided at the three-tiered wedding cake and Linda Station laded punch. Anita Thompson registered guests.
Pete traveling to San Antonio the bride chose a white silk sheath with matching jacket and white accessories.

They are at home at 118 West Mill Street, Uvalde.
Mrs. Whatley is a 1961 graduate of Snyder High School and was employed at Snyder Athletic Supply and Toyland. Her husband is also a graduate of Snyder High School, and is attending Southwest Texas State Junior College, Uvalde.

Out-of-town guests were from Midland, Big Spring, Cuthbert and Abernathy.

BARBARA FREYTAG is a member of the Pylon-Lorraine Highway 4-H Club. Her awards include nine red ribbons, 10 blue, four certificates of completion, a locket for outstanding girl, a frozen food pin and a dress revue pin.

CONNIE STERLING is a member of the Ira Junior 4-H Club and has received her gold locket, awards in recreation, dress revue, and a special award in blue ribbons in team demonstration at county and District contests. Her ribbons include 11 blue and four red.

A pork tenderloin weighing about half a pound may be split in half lengthwise and pan-broiled.

GINA BEAVER is a member of the Fluvanna 4-H Club and has won an award in dress revue, and three blue ribbons.

The healing profession is one of the oldest of which man has any record. The Bible speaks of often of the apothecary. But new products constantly are coming from the laboratories, many of them with really astonishing properties to relieve human suffering. If you have not consulted your Doctor in recent years concerning some chronic condition, we suggest that you do so without delay. And, of course, when you have your Doctor's prescriptions, we hope you will bring them to this fine pharmacy.

PROCLAMATION—Mrs. Bill Jones, left, chairman of the World Day of Prayer, and Mrs. C. J. Killgo, president of the United Council of Church Women, stand by as Mayor John Hamblen signs a proclamation for the UCW of Snyder.

World Day Of Prayer Plans Set

I hereby, proclaim a World Day of Prayer in Snyder, Texas March 9, 1962, sponsored by The General Department of United Church Women in connection with The National Council of Churches.

People of all faiths and creed from different parts of the world will be bound together in prayer on this day.

Special services will be at the Grace Lutheran Church in Snyder at 9:30 a.m. March 9, 1962. The program theme being "God So Loved the World", written by a group of women in Druggery, South America.

(1) John H. Hamblen Mayor of Snyder

The United Church Women of Snyder announce plans today for the local observance of the World Day of Prayer, to be held at the Grace Lutheran Church Friday morning, March 9, starting at 9:30.

"It will be one of thousands of communities in the United States which will be holding a World Day of Prayer service on the first Friday in Lent", said Mrs. C. J. Killgo, president of the local unit.

"Our oneness in Christ will be expressed around the world all year where there is great need for Christians to understand world problems and to work and pray for their solution".

Offerings received on this special day in this country are divided between the Divisions of Home and Foreign Missions of the National Council of Churches, which carry on the interdenominational work for which the offerings are designated.

From me to you A DAILY VIEW

Rev. R. Charles Spivey
"And as you wish that men would do to you, do so to them. If you love those who love you, what credit is that to you? For even sinners love those who love them. And if you do good to those who do good to you, what credit is that to you? For even sinners do the same." Luke 6:31-33 (read verses 27-36)

There is a modern version of the "Golden Rule" that seems to be the Gospel for many well meaning Christians. It goes like this, "Do unto others as they do unto you. Of course, if one were to follow this piece of poor advice, one would have all kinds of reasons to hate, cheat, lie, steal, bear false witness, gossip, etc. This is not the Gospel of Jesus Christ. In fact the verses of scripture quoted today are completely opposed to any such kind of rule for life. If you really love God, and thus love your fellow men as well, you love all men equally — not just those who love you, or treat you well. It is heart breaking to see some people in the church who are supposed to be Christian in thought and in deed, lash out at those with whom they disagree, sometimes even defaming character and distorting the truth in order to "get even".

But Jesus says, "If you love only those who love you, you are not any better than anyone else, for every one loves those who love in return. If you are going to show your real Christian love and character, then you must love those who hate you, who spitefully use you, who persecute you for what you are and believe. Herein is true love."

Ira P-TA Presents Pageant At Regular Meet Recently

The Ira Parent Teachers Association met recently in the school study hall with Mrs. O. W. Holladay presiding.

Mrs. Holladay announced that Spring Conference would be held in Stamford April 17, also, that Ira's next P-TA meeting would be held March 15 at 7:30 p.m. in combination with observance of public school week. Open house of the school will be held on this date also.

Mrs. Jessie Grizzle gave the history of Ira's P-TA and introduced past presidents. Those in attendance were Mrs. Leon Sterling, Mrs. Jim Brown, Mrs. F. L. Gullett, Mrs. Perry Echols and Mrs. O. W. Holladay. A past president pin was presented to Mrs. Leon Sterling in behalf of the unit.

A new Texas P-TA Life Membership was presented as a surprise to Mrs. Doris (F. L. Gullett). Her many accomplishments in her home, church and P-TA work were reviewed by Mrs. Howard Sterling, using the symbolic oak tree. Mrs. Gullett pinned her own deeds, depicted by blue and gold leaves, the P-TA colors, on the small gold oak tree. She received a certificate proclaiming her a Texas P-TA life member, and Mrs. Holladay, unit president, presented her with a life membership pin.

A pageant, narrated by Mrs. Inez Wilson, and titled "Our Objects, Then and Now", was presented by both parents and teachers of the association.

The following participated, Mrs. Jean Sterling, mother, Mr. W. R. Fields, father, Rev. Roy Haynes, church, Mrs. Robert Ryan, teacher, Mrs. Mack Kruse, community, Mrs. Corky Kruse, state congress, Mrs. Weldon Wiggins, district, and Mrs. Buck Layne, council.

The following songs were sung throughout the pageant by Mr. Bob Bullard: "Battle Hymn of the Republic", in which the audience joined, "God Bless America", and "I Would Be True".

Mrs. Robert Erwin portrayed Mrs. Proebe Apperson Hearst, and

Black Strikes Spring Style Note For Men

Deep black will strike the smartest note in men's clothing this spring.

Women have long known the hot weather magic of black, executives point out. But men have been more traditional in their approach to seasonal colors. In the past, they leaned heavily towards dark colors for cold weather and to lighter, or even light colors, for the warm days.

But this season they are going to sample the fashion magic of elegant black for business and social wear all through summer. The prediction is that firms will feature this black in a wide variety of pattern effects, new blends and weights of fabrics and in every style from traditional Ivy League to the new fashion favorite — the two-button suit.

New fabrics make their bow along with the new color story. It is mohair blended with dacron and worsted to create a summer-weight fabric with an elegant silky sheen, wrinkle resistance and soft, elegant flexibility in tailoring. It gives a man a suit that will spell new comfort from April through August.

Friday Fare

Adapted from a Dutch recipe, this dish made a big hit with some visiting toddlers!

Dutch Fondou, Green Peas, Scalloped Tomatoes, Fruit and Cookies, Beverage.

DUTCH FONDU
6 slices bread
1/2 pound Edam cheese (grated medium fine)
4 eggs
1/2 teaspoon salt
1/4 teaspoon paprika
2 1/2 cups milk

Toast bread; remove crusts; cut into 1-inch squares; arrange in one layer in a buttered shallow 6-cup baking dish. Sprinkle with cheese (there should be 2 cups), reserving 3 tablespoons. Beat eggs slightly with salt and paprika; add milk and beat to combine. Pour over cheese, sprinkle reserved cheese over top. Bake in a pan of hot water in a slow (325 degrees) oven until knife inserted near center comes out clean — about 45 minutes. Makes 6 servings.

How to make a Sunny Face:

1 Paint warm, bright lips and fingertips with Sunny Red. 2 Stroke cool eyelids with Sunny Aqua Shadow. 3 Brush on spicy lines above your eyelashes with Sunny Copper Eye Lid Make-up. 4 Bask in face powder made to order just for you, and suddenly... 5 a Sunny Face, your spring-seasoned fashion look. Let our trained Consultant show you the fun of Sunny Face. Lipstick 2.00 / Eye Shadow Stick 2.00 Eye Lid Make-up 2.50 / Fresh Paint 1.00
