

Bull Town Bulletins

By
Bill Ellis

THE INTERNATIONAL situation has dominated the news of the past week, with the United States suddenly finding itself involved in two separate trouble spots half a world apart.

It becomes increasingly evident that Communist-backed terrorist forces in the world have as their main objective to attempt to keep our nation busy in various locations around the globe. However, this is the first time in quite a while that two such disturbances are going on at the same time.

Some people, commenting on our invasion of Grenada, to oust the terrorist forces which had taken over the country, were an error.

However, there are equally as many, perhaps more, who would argue that had appropriate action been taken in Cuba in the late 1950s, that perhaps this bastion of communist stronghold would not be a threat to our very hemisphere.

The facts remain that the peace-loving neighbors of Grenada asked the United States for help. In this day and time when many countries, particularly in Central America, look upon the United States with disdain, it is refreshing to note that there are those who appreciate what our country stands for, and will ask for assistance in their efforts to remain free.

Another vital factor is that the island nation is located here in our hemisphere, and evidence given by President Reagan in his television address Thursday indicated that the communist forces were in the process of establishing quite a stronghold, from which they could launch virtually any kind of attack on neighboring countries.

If we're going to fight communism half way around the world, as we have been doing for the better part of 30 years, then it only makes sense that we would need to draw the line here in this hemisphere.

Thursday, the president quoted a great Texan, Sam Rayburn, who once said: "Freedom is not something you fight for and win for all time; you have to continue to pay insurance premiums in order to remain free..."

Apparently, our presence in Grenada is just another of these regular premium payments, to assure that our country can continue to be free. Hopefully, the premium price will not be exorbitant.

Pre-Construction Meeting Is Conducted

A pre-construction meeting concerning construction work on FM 3333 from U.S. Highway 60, five miles Northeast of Farwell to FM Highway 1731, was held this morning in the Courthouse in Farwell.

Rhea Bradley, Supervising Resident Engineer, State Department of Highways and Public Transportation, Littlefield, conducted the meeting.

The contractor, Lipham Construction Company of Aspermont, is scheduled to start work on Monday, October 31.

The project consists of constructing grading, structures, flexible base and a two course surface treatment. The finished travel surface will be 28 feet wide.

Work will start with clearing of right-of-way, removing old structures and installing new pipe.

The contract will be completed in 150 working days. The contractor anticipates having a one course surface on by March 1984. The final surface will be placed in the summer of 1984.

The completed roadway will consist of two ten foot driving lanes, with two four-foot paved shoulders, at a cost of \$505,924.45.

The public is urged to obey laws,

BHS Remains In Conference AA

The bi-annual re-alignment of districts was announced this past weekend by the University Interscholastic League (UIL), and a considerable change will be in store for Bovina's district.

Two schools who have been district-mates for literary and athletic events for a number of years, were moved back into class A. They were county rival Farwell, along with Kress.

A former conference AAA school, Abernathy, has dropped into class AA due to its enrollment, and will compete in Bovina's district, as will Hale Center, which was shifted from one AA district to another.

Bovina's district will be known as 2-AA and for the next two years the district alignment will look like this: Abernathy, Bovina, Hart, Hale Center, Olton and Springlake-Earth.

Local school officials were somewhat surprised that Farwell was dropped a classification and Bovina was not, since the sizes of the two schools are very similar. However, the classifications are based on enrollment figures for the past two complete school years, which would be 1981-82 and 1982-83.

With the district realignment, Coach Larry Helton has completed the football schedule for BHS for

1984. In addition to gaining the two new district foes, Abernathy and Hale Center, the Mustangs will also face three new opponents in non-district action.

Friona, a class AAA county rival which has not been on Bovina's schedule for the past ten years, has been added for 1984 and will be met in the third game of the season. Nazareth and Valley, both excellent class A teams, have also been added to the schedule.

Farwell will be met in a non-conference game for the first time in years, and Happy will again lead off the schedule.

Here's how the 1984 football schedule will look for the Maroon:

September 7 Happy, here
September 14 Nazareth, here
September 21 Friona, here
September 28 Farwell, here
October 5 Valley, here
October 12 *Springlake-Earth, there
October 19 *Abernathy, there
October 26 *Hart, there
November 3 *Olton, here
November 10 *Hale Center, here
*District 2-AA

Two Men Arrested Near Here

Two men are in custody following the burglary of a farmhouse south of Bovina last Tuesday. The two were arrested after a farmer in the Oklahoma Lane community, Steve Pierson, surprised them in the midst of the break-in.

Pierson told officers that when he came home from work on Tuesday, October 25 at about 7 p.m., there was a car parked in front of the Pierson home with a man sitting inside. He said he spoke to the man, then proceeded to enter the house.

Upon entering the living room, Pierson found a number of his belongings, including guns and radio, piled onto a couch. He knew that his wife Bobbie and son Wayne were in Plainview.

Hearing a noise at the back of the house, Pierson checked to be sure his family had not returned. He then went to his bedroom and got a gun and went outside.

He stopped a motorist who works on a nearby farm, and asked him to call the police, which he did.

Pierson watched as the 17-year-old ran into a nearby corn field, and kept him in sight until police arrived. The young thief had buried a bolt-action .22 in the field, which was recovered the following day by using a metal detector.

The 17-year-old was arrested that evening, and the other man, described as a 23-year-old ex-convict, was arrested the following day.

Mustang Win Friday Will Clinch Playoffs

For a team that went into its district schedule with a 1-4 season record, the Bovina Mustangs have really turned things around.

Of course, the Mustangs were plagued by early-season injuries which decimated their lineup and played havoc with the team depth.

None-the-less, Coach Larry Helton's charges will visit Olton Friday with a chance of exactly reversing their non-district record, and making the playoffs in the process.

If the Mustangs can beat Olton Friday, they will post a 4-1 district mark, and clinch a bi-district playoff spot.

Should the team lose, they might be forced into a coin-tossing situation, since both Kress and Olton have a chance to finish 3-2. But if Olton wins and Kress loses, Olton would get the playoff nod.

But Coach Helton isn't talking in terms of losing, especially since the Mustangs have come off consecutive wins of 47-0 over Springlake-Earth and 33-0 over Kress.

"We have our destiny in our own hands. We have our work cut out for us, that's for sure, but if we can execute our offense, we'll be all right," Helton says.

Helton said the team had a great workout on Monday, and he expected another just as good on Tuesday.

At the same time, the Mustang coach points out that Olton will not be a pushover. The Mustang quarterback is Troy Don Alicorn, who is termed an "excellent athlete." A runningback, Gary Johnson, also is termed outstanding. "We have to stop these two boys," Helton says.

Olton alternates between a five and six-man defensive front, and will stunt on virtually every play, Helton says.

Since Olton still has a shot at the playoffs, they are expected to be fired up for the game. Olton beat Springlake-Earth and Hart, but lost to Kress and Farwell.

Bovina, meanwhile, is on quite a defensive "roll," with two consecutive shutouts, plus blanking Farwell in the second half. That's ten consecutive shutout quarters for the Ponies.

The Mustangs sustained no serious injuries against the big Kress team, just some bumps and bruises, and should be in good physical condition for the game Friday.

Tax Receipts Are Given

Farmer County received a total of \$7,287.32 from the Comptroller of Public Accounts in sales tax payments for the month of October.

The City of Bovina received \$2,516.16 for the period. This brought the city's total receipts to \$14,628.06 for the year, less than \$1,000 off the amount for the same period a year ago.

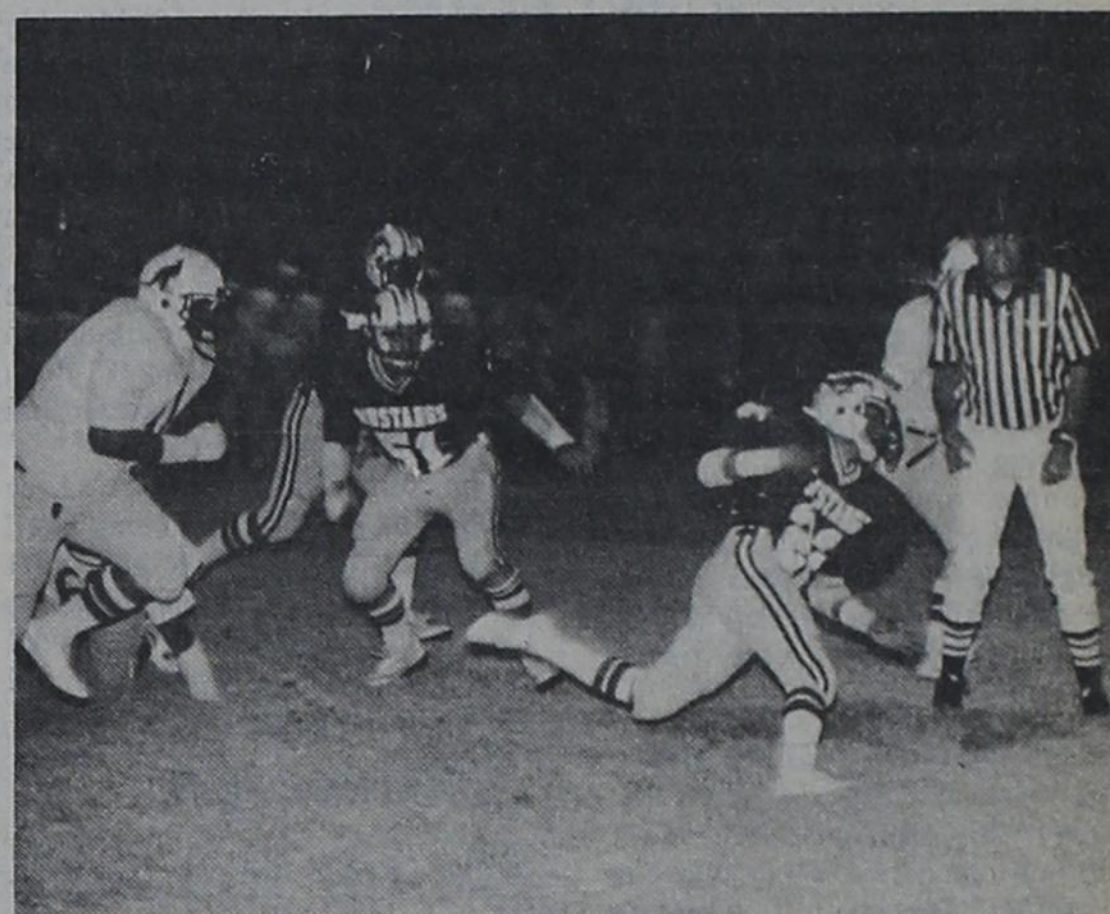

Students Get Holiday On Friday

Bovina school students will get a school holiday on Friday, November 4. Teachers will be attending district meetings in Amarillo that day.

EMC Course Is Set Here

An Emergency Care Attendant course will be offered for those interested beginning November 7 and will be taught five weeks from 7 p.m. until 11 p.m. each evening.

Martha Schilling Wins Football Contest

Martha Schilling was the weekly winner in the Bovina Businesses Football Contest. Mrs. Schilling correctly picked 12 of the 14 contest games to claim the weekly cash prize of \$7.50. She was the only contestant

to pick as many as 12 games correctly.

Second place was won by Patsy Lance, who was one of three contestants to pick 11 games in the contest. Mrs. Lance took second place on the basis of the Dallas-Giants tie-breaker score. She missed the score by only five points, picking the Cowboys to win, 30-17.

Doug Johnson won third place, missing the tie-breaker by ten total points. Johnson picked Dallas, 37-17.

Kevin Hughes was the other contestant to correctly pick 11 games, but missed out on a prize by being off 14 points on the score. He thought the game would be close, 28-24.

Ten contestants correctly picked ten games, worthy of honorable mention. They were Laura Bartlett, Jo Blackwell, Ricky Castaneda, Wes Cockerham, Joe Harris, Darlene Miller, Joe Olvera, Robbie Stowers, Sandra Ware and Todd Ware.

Mrs. Schilling's only misses were Morton-Seagraves and Amarillo-Hereford. Mrs. Lance missed Hart-Springlake-Earth, Hereford-Amarillo and Rams-Miami.

Johnson's misses were Hereford-Amarillo, Saints-Buffalo and Rams-Miami.

After nine weeks, three contestants are in a deadlock for first place in the standings. They are Hattie Burnett, Richard Shepherd and Don Spring, all with scores of 78. Frances Johnson and Jean Morgan are next at 77.

The contestant with the top score at the close of the 14-week event receives \$100 cash. In case of a tie for the top spot, tie-breaker scores will be consulted for each week of the season to break the tie.

Mustangs Blank Kress In 33-0 Runaway Here

Bovina High School's Mustangs stayed in the thick of the chase for a playoff spot in District 5-AAA last Friday, with an impressive 33-0 win over the Kress Kangaroos.

The win put the Mustangs in sole possession of second place in district standings with a 3-1 record, and improved their season record to 4-5.

Richard Shepherd sparked the win, with a pair of touchdowns, plus two big defensive plays.

The Mustangs took the lead in the first quarter when Jesse Gonzales plunged a yard to cap a Bovina drive. Jose Gomez kicked the point after, for a 7-0 Bovina lead. That turned out to be the score at the end of the first quarter.

A little later, Shepherd gave Bovina possession with a pass interception, which also stalled a Kress drive. The Mustangs drove the ball downfield, with Shepherd going in for the score by diving across the goal-line from a yard out. The kick attempt failed, but Bovina had increased its lead to 13-0.

Again in the second quarter, the Mustangs put together an impressive drive. Halfback Danny Silva

climaxed the drive by running nine yards to paydirt. A try for two points was no good, but the Mustangs went to the dressing room at halftime nursing a tidy, 19-0 lead.

Bovina kept up its intensive play during the second half. In the third quarter, Gonzales brought the Mustang fans to their feet. Kress was backed up deep in their own end of the field, when Gonzales stole the ball from the Kangaroo quarterback and ran five yards for a fourth Bovina touchdown.

Quarterback Blake Scaff passed to flanker Henderson Griggs for two points, and Bovina had hiked its lead to 27-0.

Shepherd capped off the home team's scoring for the evening in the fourth quarter when he raced 25 yards after taking a quick-pitch from Scaff. That brought about the final margin of 33-0.

"The kids played their best game of the season. Kress was big, but the kids didn't let Kress' size bother them," said jubilant coach Larry Helton.

Defensive standouts for the

Mustangs included Danny Silva, Martin Contreras, Jose Gomez, Mark Clayton, Richard Shepherd and Terry Glasscock. Shepherd had two pass interceptions during the game and Glasscock picked off one Kress pass.

The Mustangs rolled up one of their biggest yardage totals of the season, gaining 276 yards rushing and 117 passing, for a total of 393 yards for the game.

Shepherd gained 117 yards on 12 carries, a nifty 9.7 yards per carry average. Silva added 75 yards on 11 tries, for 6.8 yards per try; and Gonzales was right behind with 73 yards on 18 tries, 4.0 yards per try.

Kress went into the game tied with Bovina in league standings with a 2-1 district mark, and 2-6 for the season. The loss dropped the Kangaroos to 2-2 and 2-7.

Kress has been a district opponent for a number of years, but won't be next season, as the school, along with Farwell, is dropping back into conference A classification, and won't be met in football.

Scooter's Scoops

By Scooter Russell

Halloween seemed to be a fun night for everyone and it seemed that more trick-or-treaters knocked on doors this year than in recent years and that's good. If you didn't go to First State Bank during the day, you missed a real treat! Did you notice what the school cafeteria had for lunch and was on their menu in last week's issue...in case you missed it, it was: coffin, barn yard mix, ground bones with pupils, tombstones, fresh dirt with pumpkin spread and witch's brew...Can you tell what they had?

We want to express our sympathies to the friends and family of Pearl Moore, who passed away this week.

We want to also express sympathies to Doris Lawlis in the loss of her sister, Marjorie Steed of Dallas. Survivors included one sister and two brothers. Miss Steed died October 25 and services were held October 28.

A.M. and Mary Jane Wilson made a trip to Corpus Christi and on the way they visited with their daughter Suzanne and her family in Abilene, then went on to Corpus and visited with A.M.'s brothers and sister.

A.M.'s sister accompanied them. She is Lucille Ford of Tulsa. While there they had a get-together with all the brothers and sisters in his family.

Originally there were eight and now there are five remaining. They met at the home of Jim Wilson in Corpus.

Dixie Carson has recently returned from Austin where she spent ten days with her daughter Joan. Joan underwent surgery on both feet to correct problems and is getting along fine. Joan is employed at the State Banking Department in Austin. Dixie came home from Austin Thursday of last week.

Mr. and Mrs. Lawrence Widner enjoyed a good visit with their daughter and family, Laura and Kirk Christy and son Clay of San Angelo. The Christys came to Bovina last Friday night and spent the night. We understand they will soon be moving to Lubbock.

Thank you for helping with the Scoops...Have a great week.... Scooter.

Once upon a time gasoline was cheap.

So was natural gas.

Some folks remember cheap gasoline prices. Natural gas prices used to be cheap for power plants at Southwestern Public Service Company, too.

Today, it's different. Natural gas costs continue to increase, and since we don't own any gas wells, we don't have much to say about natural gas prices... just as you don't about gasoline.

We've brought coal into the picture to help keep costs down. Electricity made from coal costs much less.

Another way we're...

When you make the land your life, you need good records for sound planning. KEEP THAT GREAT GM FEELING WITH GENUINE GM PARTS

School Corner

Each year, an estimated one and a half million students voluntarily participate in one or more of the 24 literary and academic, five major music, and 12 athletic contest areas.

The purpose of UIL contests is to provide healthful, character-building experiences, which teach lessons in sportsmanship, teamwork, and individual responsibility. Participation is its own reward. Students learn humility in victory, grace in defeat.

When the above principles are overlooked and winning becomes the only criteria on which success is determined, then extra-curricular activities cannot be defended as a part of the overall educational process. This is not to say that when we compete we do not try to win because this is the ultimate goal of all competition. However, we must also be able to deal with those times when our best effort is just not good enough to put us in the number one position.

In Texas, the ages of the young people competing in contests range from 14 to 19 years of age. We cannot

expect perfection from these people. The following verses sum up what I am trying to say here much better than I can. The title is *He Is Only A Boy* and the author is unknown. Please don't curse the boy down there.

He is my son you see.

He means a lot to me.

I did not raise my son, dear fan,

For you to call him names.

He may not be a super-star,

It's just a high school game.

So please don't curse those boys down there.

They do the best they can.

They never tried to lose a game.

They're boys and you're a man.

The game belongs to them you see,

You are just a guest.

They do not need a fan like you,

They need the very best.

If you have nothing nice to say,

Why don't you stay at home.

So please don't curse those boys down there,

Each one's his parent's son.

Win or lose or tie, you see,

To us they're "NUMBER ONE."
