League Committee Reported to Have Decided Entrance of Former Hapsburg Nation to Pact.

Question of Amendments Definitely Postponed Until Later Meeting of Council Members.

By Associated Press

GENEVA, Nov. 24.—The committee, sub-committees and steering committees of the assembly and council of the League of Nations were all in session today, but beyond the announcement of the council's decision in the Armenian case and that regarding the Vilna expedition, little could be learned of what was accomplished.

The sub-committee heard the report of the typhus commission which recently returned from Poland. Over crowding of the population in the area recently evecuated by the bolsheviki after the destruction of a great many houses, has intensified the spread of this disease, according to the commission's report.

Cholera also broke out in the same region in September, while the prevalence of typhoid completes the picture of misery presented by the commission. The council was unable to get the powers to unite on a necessary program of relief and passed the problem on to the assembly.

It is understood the committees on armaments practically decided to report as follows:

No amendments this session and no general disarmament until conditions have become more settled in eastern Europe and execution of the peace treaties is assured.

The admission of Austria, Bulgaria, Luxembourg and Finland to membership and postponement of action on other applications.

It was pointed out today by some delegations that the speed shown by these committees in getting on with their work may mean prolonged discussions when their reports come before the assembly, as the committees may decide by a majority vote while that of the assembly must be unanimous.

The questions of amendments notably promises further debate, as the Scandinavians do not accept the report of the amendments committee and will fight it on the floor. Of the most important subjects of the most important subjects on the agenda there remain the economic blockade, the international court, mandates and the relations between the council of the league and the assembly. The last named subject is expected to give rise to the sharpest contention. It involves discussion of the proposition of, Honorio Pueyrredon of Argentina, that all members of the council from the powers who, under the treaty of Versailles, were given five out of the nine members of the council to be appointed by themselves.

Church to Offer Movies at Sunday Evening Services

A new departure for services for the Church of the Good Shepherd (Episcopal) is planned for the winter Sunday evenings, according to announcement of the rector, Rev. F. T. Datson.

Moving pictures, a song and service by the vested choir, with a fifteen minute address by the rector, will feature these services, which will be held in the Olympic theater, instead of the church. It is planned to make the Sunday night services community services, the rector states, and in this manner to broaden the influence of the church.

W. M. PRIDDY PUTS $100,000 IN FARM

The purchase of a 1410-acre farm, Wichita valley land, which will be in the new irrigation district, by W. M. Priddy of this city, from Brooks Thompson of Fort Worth is reported by J. L. Jackson and Son, the firm handling the transaction. The amount involved is said to be $100,000, making this one of the largest land deals consummated in the county for some time.

LORD GREY APPEALS FOR MODIFIED IRISH BILL TO PERMIT LIMITED FREEDOM

By Associated Press

LONDON, Nov. 24.—The debate in the House of Lords on Irish home rule tonight was made memorable by a notable appeal from Viscount Grey, former secretary for foreign affairs, to the government for an eleventh hour attempt by generosity to Ireland to fashion the bill into an acceptable measure.

In a speech displaying no resentment and taking full account of the government's extreme difficulties in Ireland he urged that unless the government was able to secure effective control in Ireland it would be better to withdraw all the armed forces and leave Ireland to find her own salvation.

Whether the appeal will be heeded time will show, but it is significant that Earl Midleton intends tomorrow to move adjournment of the debate for a fortnight to allow the government time to consider what amendments, financial and otherwise, it will propose.

Lord Grey in his address argued that it would have been better had the government, instead of preparing a detailed bill, started by laying down on broad lines the limits within which Ireland could have complete autonomy and minimum which England must reserve for the security and safety not only to herself, but of Ireland.

Would Withdraw Troops.

He outlined this minimum as, first, placing Ireland in precisely the same position with regard to foreign affairs as the great self-governing dominions, with the same right to be consulted about commercial treaties, and, second, only one army in these two islands. He would not however, contemplate the maintenance of any imperial troops in Ireland after home rule had passed, unless Ireland desired it.

"I am perfectly certain, and the history of war shows it, that unless there is only one navy and one naval authority, neither Ireland nor Great Britain could be defended," said Lord Grey. "That must be without qualifications. Whatever dominion home rule might mean, we must from the beginnig have no ambiguity on this question."

With England and Ireland so close together and under modern lack of discipline of crown forces, Viscount Grey declared that unless the government could assume direct, real and effective control in Ireland it would be better to withdraw the armed forces now. He wished that the government to have all powers for punishing crime, but these powers must be exercised with real direction and control, and if that were impossible, then withdrawal was the better course.

Bridgetown Gets Postoffice; Title Given J. C. Irwin

(By Staff Correspondent.)

Washington, D. C., Nov. 24.—The postoffice department today announced that a new office would be established at Bridgetown, in the northwest Burkburnett oil field. James C. Irwin of Wichita Falls was appointed postmaster.

The creation of the office comes after a period of oil rush activity in that area during which Bridgetown was one of the largest settlements in America without a postoffice. Mail was sent out addressed to Thrift Branch, Burkburnett, Texas.

Insistant appeals were made for the establishment of a regular office in the oil fields. The Bridgetown office is expected to serve a vast territory northwest of Burkburnett and thickly populated with the shacks of oil field workers.

All Objectors Are Now Free Baker Reports

WASHINGTON, Nov. 24.—All army conscientious objectors imprisoned during the war have now been released from custody, Secretary Baker announced tonight. A total of thirty three, the statement said, have been discharged by recent orders, including Benjamin J. Salmons, who started a "hunger strike" while confined in a government hospital here a month ago.

"The case of the thirty three conscientious objectors, who remained in custody some weeks have now been finally reviewed by the secretary of war", Mr. Baker's statement said, "on the recommendation of the adjutant general's office, and the remainder of sentences remitted and the men discharged."

COMMENT RIFE ON CHANCE OF DROP IN CRUDE

Posted Price of Coastal Cut by Humble Company Is Blamed Upon Rail Congestion.

Information here Wednesday morning to the effect that the Humble Oil and Refining company had dropped the posted price of crude from $3 to $2.50, with $1 reduction on crude in earthen storage revived the local discussion as to a probable reduction in the posted price in this section. With no statement given out as to the cause of the drop in the coastal fields, speculation was rife here as to the reason.

According to many, the drop in the posted price of the coastal product was due to the congested situation in regard to pipe lines in several fields of the Gulf section, which had a parallel in this section a year ago. Although no drop was made here at that time in the quoted price, bootlegging, with oil selling as low as $1, was common, due to the fact that the pipe lines of the field could not handle the production. With adequate pipe lines facilities the situation changed and in spite of the fact that crude increased a dollar in quotations within a short time producers received the posted price as a minimum, with large premiums the rule rather than the exception.

In the West Columbia district, according to reports, the pipe lines, practically all of which are owned by the larger companies, have been unable to handle the rapidly increasing production. The two Abram wells of the Texas company, which came in with an initial production around 27,000 barrels daily, have had important bearing on the congested pipe line facilities in that field. Numerous other wells in that section are nearing completion, which will not aid the situation.

Others of the local oil fraternity believe that the drop in the coastal crude is due to the competition with the Mexican product. The coastal oil and that of Mexico is similar in grade, both having an asphalt base. The production of the Mexican product and its importation into the United States to supplement supplies in the United States has largely increased, based on government reports.

It is the conclusion of these operators that the coastal price is purely local, due to competition of oil of the same grade, together with a congested pipe line situation. For this reason it is contended that the price of the oil in this section—which is of a different grade, and where the congested situation no longer exists—will not be affected.

Local refiners, however, who have watched the market go from bad to worse with no apparent end, are inclined to view the drop on the coast as a lead which will shortly be followed with a substantial drop in the quoted price of Midcontinent field. The opinion is shared by a large number of other local men who have felt that the period of readjustment in all industries, with a falling off in prices, will also affect the oil industry, not only in the price of the refined product, but also in the raw crude.

Crews Request Benson to Watch For Efficiency

WASHINGTON, Nov. 24.—Officers and crews of the government owned merchant marine were urged by Chairman Benson of the shipping board, in a general message today, to take personal interest in efficient operaton of their vessels. Foreign competition, the chairman said, "has become keen," and more American craft will have to be withdrawn from service unless their operation can be made fore profitable, he said.

"It will be necessary for every individual to exert himself to maintain his ship in seaworthy condition, to effect quick turn around and to reduce the cost of repairs," the message said.

FISK TIRE COMPANY REDUCES PRODUCTION

SPRINGFIELD, Mass., Nov. 24.—Beginning last night, the plant of the Fisk Rubber Company of Chicopee Falls reduced its working schedule from five to three days a week. The plant now employs about 1800 hands and the reduction is made, it is announced, to provide work for as many employes as possible.

The move follows the precedent established by large tire concerns elsewhere, an official said.

Farmer Kills Wife, Children And Then Self

PENDER, Neb., Nov. 24.—George H. Binklage, a farmer, living near here, reputed to be wealthy, today killed his wife and three children with a hatchet, badly wounding his baby, and then hanged himself to a rafter in the barn.

Neighbors of Binklage said they believed he was despondent because of the falling off of the value of his land and because of the reductions in the price of farm products.

WELFARE AGENT IS PEACEMAKER IN FAMILY ROW

Report of Secretary and of President Will Be Made Here Today at Union Church Service.

The report of Mrs. C. E. Oousley, executive secretary of the Welfare Council, in her report at the Union Thanksgiving meeting in the First Baptist church at 10 o'clock Thursday morning, will sandwich in the story of how the charitable agency has twice played the peacemaker in marital affairs. N. H. Martin, president of the council, will bring out that it maintained the Travelers' Aid Society work in the Union Station for months.

The report of Mrs. Ousley will show that 130 street beggars, 75 families, 61 of whom were headed by widows and totalling 406 individuals, have been cared for. More men than women were numbered in the beggar list. She will report in detail on the Day Nursery's work.

Therein comes out the story of the Welfare Council agent as a divorce preventer. Mrs. Ousley will say:

"I was called to investigate a report that a husband had deserted his wife and five children in April. The family lived in a shack as wide as a mattress and twice as long and the mattress was 'the furniture.' A dry goods box served as a chair.

"I heard the husband's and wife's side of their family trouble. He agreed to go back to her. All was well for two months. In the meanwhile, the Day Nursery opened and the children in the family were taken care of there. Then there was another break and the husband gone again. For the second time he came back. And he has remained ever since. Incidentally he has built them a home out of honest-to-goodness lumber.

One business man here gave us 12 children's beds the day the nursery opened. Mrs. J. A. Kemp came along just at that moment and saw the need of sheets and sent us 17 of them. The Christian church, Baptist church, Catholic church, Methodist church, Presbyterian church, Episcopal church and Council of Jewish Women have been very kind in helping to furnish things that we needed. The Federated Missionary Society and the Rotary club each gave us checks for $100. Numerous individuals, have given us cash from $1 to $15.

The Trades and Labor Council gave us a gas range and we have heating stoves in each room which have been donated by the churches and individuals. All laundries of the city have given valuable assistance in furnishing all our laundry free. The Peoples Ice Company and the Water Company have likewise been very kind in furnishing the respective commodities.

DO YOU KNOW THAT—

The government has collected more income and excess profits tax in Wichita Falls this year than in any other city in Texas?

'THE CITY THAT FAITH BUILT'

DRIVE TO MAKE CHICAGO DRYEST PLACE ON EARTH IS BEGUN BY AUTHORITIES

By Associated Press

CHICAGO, Nov. 24.—Chicago will be "the most unhealthy place for crooks, and the dryest city in the United States by Christmas," federal, state and city officials declared tonight after they had taken part in a drive against liquor dealers, which included suits to close 72 saloons and cabarets, injunctions shutting down eight such places and federal indictments against 31 persons on charges of conspiracy to violate the Volstead act.

Attorney General Edward J. Brundage, who instituted the 72 suits, tonight said that several hundred more were contemplated and that the state would continue the drive "until there was not a drop of intoxicating liquor in any of Chicago's 3,000 'dry saloons.'"

Federal Officers in Drive.

The federal officials joined in the drive shortly after the attorney general had filed his suits, when Charles Clyne, United States district attorney, procured temporary injunctions from Federal Judge K. M. Landis closing eight cafes. Shortly afterward the federal grand jury, which has been investigating alleged illegal liquor traffic for several weeks, returned indictments against 31 persons.

City officials welcomed the state and federal drive as an adjunct to the roundup of criminals started on Sunday, and said it would make it easier for them to keep crooks out of the city. At the same time they frustrated an attempt to steal $60,000 worth of liquor being transported through the city on trucks and arrested two persons in connection with a theft of $50,000 worth of wine.

The cases of the 72 saloons and cafe owners whose places Attorney General Brundage wanted closed will be heard Friday by Judge Landis. An assistant attorney general was assigned to direct a staff of attorneys in prosecuting the cases, and Mr. Clyne volunteered the assistance of his offices.

Policeman Is Dismissed.

Shortly after the liquor drive became known, the city council adopted a resolution authorizing the mayor to call a meeting of all state's attorneys and mayors of Illinois to plan a state-wide campaign against lawbreaking, and Chief of Police Charles Fitzmorris dismissed William Tobin, patrolman, from the police force for alleged "whisky running." Further dismissals will follow, the chief said.

The theft of $175,000 worth of whisky, from local railroad yards started the investigation which found its climax in today's drives. It was charged that this liquor, brought here illictly from Louisville, was guarded by policemen and then stolen from them by another band, which also included members of the police force.

The injunctions issued and the suits filed today cover many of Chicago's most notorious cafes, while the indictments include men well known here and in other cities and several members of the police force.

OKLAHOMA OIL LEASE CHANGES ARE ANNOUNCED

Not More Than 20,000 Acres Allowed on Western Side, Idian Commissioner Rules.

BY B. N. TIMMONS
Washington Staff Correspondent

WASHINGTON, Nov. 24.—Commissioner of Indian affairs Cato Sells today made public the new regulation governing the leasing of Indian oil lands in the Osage. The announcement was in the form of a letter sent to J. George Wright, superintendent of the Osage agency. After detailing the recent hearing here at which Oklahoma oil men appeared Commissioner Sells said, "It was decided to abolish the limitations as to the holdings on the west side and to modify as to the side. From and after November 18, 1920, there will therefore be no limitation to the number of acres of oil leases any lessee may acquire either by lease or assignment on the west side. On the east side, lessees will not be permitted to be acquired in excess of 20,000 acres."

After November 18, 1920, any lessee may acquire 2400 acres by assignment, without regard to the state of development of the acreage assigned. He may also acquire by assignment still further acreage in cases where the wells on my quarter section assigned are capable of averaging not more than three barrels per day.

"Section 11 of the regulations is therefore modified as follows.

"There is no limitation to the number of acres any lessee may acquire, by lease or assignment, for oil mining purposes on the west side, or the Osage Indian reservation. On the east side, no person, firm, partnership, joint stock association, or corporation will be permitted to acquire or hold any interest in Osage lands for oil mining purposes by lease, assignment, drilling contract, or otherwise in excess of 20,000 acres. Any lessee after November 18, 1920, may acquire, in addition to any acreage theretofore so obtained, 2400 acres by assignment, without regard to the state or development of the property assigned, the same to be counted as part of the 20,000 acre limit.

"Such lessee may also acquire by assignment in cases where wells on any quarter section are capable of averaging not more than 3 barrels per day without other limit than the 20,000 acres."

THREE MORE BANKS IN DAKOTA CLOSED

BISMARCK, N. D., Nov. 24.—Three more North Dakota banks closed their doors late today due to depleted resources bringing the total of such closures reported here for the past ten days to thirteen. Those shutting down today were the State Bank of Adrian; the State Bank of Donnybrook and the State Bank of Glenburn.

Earlier in the day it was announced that the State Bank of Mohall did not open for business today. It was the tenth bank closed.

Turkey Dinner Today to Cost $15 for Eight

Turkey dinner in Wichita Falls today will be expensive, but yet considerably cheaper than it was several months ago.

Turkey on foot was selling Wednesday at 35 cents per pound. The average family will use a 10-pound turkey, costng $3.50.

Without going into details of cost, a veteran housekeeper here estimated for The Record News that a turkey dinner today for from six to eight persons will cost about $15, in addition to what "you might already have in the house," as the informant styled it.

VOICE PROTEST ON SPEECH BY MEXICAN AGENT

American Oil Men and Land Owners Declare Pesqueira's Talk Before Meeting Misleading.

Kellogg Characterizes Utterances of Diplomatic Representative as Forerunner of Nationalization.

By Associated Press.

WASHINGTON, Nov. 24.—Representatives of American land holders and oil interests in Mexico have protested to the state department against what they characterize as misleading statement made by R. V. Pesqueira, confidential agent of the Mexican government, in an address delivered here last Friday before the Petroleum Institute.

Pesqueira's statement which has drawn a protest from land holders referred to methods which he said had been used by some Americans in acquiring land in Mexico, but did not refer specifically to any oil interests. The Mexican agent was discussing article 27 of the new Mexican constitution, which, he said, did not deal solely with oil, which probably was the smallest issue in it.

"Article 27," said Pesqueira, "is a tremendous aspiration of the Mexican people. There are embodied in article 27 all their hopes for betterment, for happiness and for progress.

"A few facts will tell you the story. There was a time in Mexico when concessions were very popular. It was not a flattery to my government; it was a shame; but some of you wealthy gentlemen go to Mexico very easy and very nice, and found unscrupulous employes armed by some grafter under the ministers or somebody else with authority to grant concessions of land, involving thousands and hundreds of millions of acres of land; and the method and the process of acquiring that land will stand as a shame for both parties for Mexico and for the men who took those concessions."

H. A. Sibbet, vice president of the Yaqui Delta land and water company in a telegram to Secretary Colby, protests such a statement, declaring that "our lands were all acquired by purchase." Sibbett also said that article 27 provided "for the divesting of American companies of their illegally acquired lands without appreciable compensation and laws already on the statute books of certain Mexican states provide for such spoliatory divestment."

Frank R. Kellogg, speaking, he said, on behalf of the American petroleum companies engaged in the production of petroleum in Mexico, told the secretary of state in his letter that statements made by Pesqueira before the petroleum institute' 'constitute in substance a justification of the so-called policy of 'nationalization' of petroleum properties in Mexico and were inconsistent with any idea of the recognition of the rights of American petroleum companies in that country as to which many protests have already been filed by your departments."

SURGEON GENERAL OF NAVY RETIRES

WASHINGTON, Nov. 24.—Rear Admiral W. C. Braisted, surgeon-general of the navy since 1914, will go on the retired list Friday, Secretary Daniels announced today, to be succeeded by rear Admiral Edward R. Stitt.

Dr. Stitt is considered, Mr. Daniels said, an authority on tropical disease, and one of the ablest members of the navy medical corps. He is now head of the naval medical school here and was called into consultation early in the illness of President Wilson.

COUNTY OFFICES CLOSED

Offices in the county court house will be closed today in observance of Thanksgiving

Condition of Hamon Better; Visits Wife

By Associated Press.

ARDMORE, Okla., Nov. 24.—The condition of Jake L. Hamon, republican national committeeman, who is in a local hospital suffering from a wound alleged by his manager, Frank L. Ketch to have been inflicted by the "accidental discharge" of a pistol which Hamon was cleaning was so far improved early tonight that a short visit with him was granted Mrs. Hamon and his little daughter, who arrived here late today from Chicago.

Red River Runs Stream of Oil As Line Breaks

Red river flowed a stream of crude oil a few days ago, and many of the oil field residents on the banks of Red river profited by a pipe line accident and gathered in for themselves some $4 crude free of charge. One of the Constantin lines to the refinery at Devol broke and allowed 5,000 barrels of crude to flow into Red river before the damage was discovered, according to reports from the field. The company made no effort to recover the lost oil, but not all of it was permitted to go to waste.

The Constantin has been paying premiums on its purchases, it is stated, some of the oil costing more than $4 a barrel. At this rate, the accident cost about $20,000.

ROCKEFELLER GIFTS TOTAL HALF BILLION

Son Declares That Oil King Has Given Away $475,000,000 to Charity During His Lifetime.

Donations to Philanthropic Work During Past Five Years Have Totaled $225,000,000.

By Associated Press.

NEW YORK, Nov. 24.—John D. Rockefeller has given away nearly half a million dollars, his son, John D. Rockefeller Jr., declared here tonight in what is believed to be the first authentic detailed statement that has ever been made concerning his father's philanthropic gifts. The approximate total of the gifts is $475,000,000 nearly half of which was distributed in the last five years.

The statement refers to testimony given by the younger Rockefeller before the industrial relations committee, here January 25, 1915. At that time he said, he believed his father's gift would total a quarter of a billion dollars, although so far as he knew there was no accurate record of the oil king's philanthropic gifts up to that time.

Since that date, the statement adds, John D. Rockefeller's gifts totaled $225,000,000, divided as follows:

To the Rockefeller Foundation, $82,000,000.

To the general education foundation, $82,000,000.

To the general education board, $70,000,000.

To the Rockefeller Institute, $10,000,000.

To the Laura Spellman Rockefeller Memorial, $62,000,000.

The last named institution was established, it continued, in order that religious and charitable enterprises in which Mrs. John D. Rockefeller was interested, should continue to receive support. Mrs. Rockefeller died in 1915.

"The memorial," Rockefeller said, "has no connection with the Rockefeller foundation or any other of the benevolent boards or institutions established by my father."

"The trustees have full and unrestricted discretion in the use of the funds. While as yet, no definite policies have been worked out, it is in the mind of the former as well as of the board, in keeping with the general spirit of my mother's interests in charitable work, that special consideration should be given activities looking toward improvement of the condition of the women and children."

Alabama Wants All Profiteers Sent to Prison

MONTGOMERY, Ala., Nov. 24.—Declaring it an obvious fact from published market reports that there have been material reductions in the price of all foodstuffs and necessities of life, and further, that it is apparent the consumer is not getting the benefit of those reductions, Attorney General J. Q. Smith today addressed letters to every prosecutor in Alabama urging, in the strongest terms, the enforcement of the law relative to persons guilty of profiteering.

"The war in Europe is over," the attorney general declared in his message to the prosecutors. "It is now an opportune time for the officers charged with the duty of enforcing the law to declare war on this class of persons (profiteers) who are growing fat on the public.

"The citizens who have to buy these commodities and pay these large prices are the privates in this war and should give their loyal aid and assistance to the offices charged with the enforcement of the law, as did the privates in France, to the end that we may in a legal and constitutional way go over the top in putting these undesirable citizens in the penitentiary."

Two Are Detained For Pierce Death

WHEELING, W. Va., Nov. 26.—Peter D. Treadway and Marie Williams, giving their home addresses as Philadelphia, arrested here today in connection with the murder late last Saturday or early Sunday morning of Henry T. Peirce at Philadelphia, told the police, according to a statement given out at headquarters, that Peirce was killed by two unknown strangers who escaped in the victim's strangers bile, after forcing Treadway and Marie Williams to accompany them at the point of a revolver.

The two were examined by the police separately, Treadway, the police said, admitted witnessing Peirce's murder, adding his woman companion also was present when Peirce was slain.

The prisoners are said to have expressed a willingness to waive extradition to Philadelphia and will be taken there tomorrow.

COUNTY CLAIMS $1834 LOSS ON BURNED BRIDGE

A suit seeking damages of $1,834.99 against the Texhoma Oil and Refining company, the Panhandle Refining company and the Wichita Falls & Northwestern railroad was filed Wednesday in district court by County Attorney John Davenport for Wichita county in conformance with an order issued Monday by the county commissioners court.

It is alleged that a bridge over Bluff creek, which was the property of the county and was being used for traffice, was destroyed by fire on April 17, due to the "negligence and carelessness" of the defendant companies in allowing waste material and crude oil to flow into the creek from the companies' plants and collect under the bridge.

It is charged that the defendants were aware of the situation and "continually declined from bettering it in any degree."

It is further alleged that the county has made several requests that damages to the bridge be paid, and has been refused. The complaint avers that damages to the amount of $1,834.99 was incurred by the county in the destruction of the bridge.

CHARGE WOMAN WITH ASSAULT ON DETECTIVE

City Detective Bullard Wednesday filed a complaint before Justice R. V. Gwinn, charging assault with intent to murder against May Brown, young white woman of Lake street. No definite date has been set for an examining trial, although it is thought that it will be held some time this week.

Detective Bullard charges in the complaint that the woman fired two shots at him from a .38-caliber revolver as he was about to enter her house, in which, it was alleged, a "party" was being staged.

Both shots came within two inches of piercing the right shoulder of the detective as he was stepping upon the porch to enter the house. The shots entered a post, showering splinters upon him.

Bullard was accompanied to the house by Detectives Johnson, Shook and Parrick.

Thefts Totaling $25,000 Admitted By Mute Packer

By Associated Press.

NEW YORK, Nov. 24.—Thefts totaling $25,000 have been confessed by a deaf and dumb department store packer, the police announced today.

Max Neufield, now held in $10,000 bail for the grand jury, was said to have made the confession after he was alleged to have been caught with a $180 fur coat on which he had checked out of the store as carrying on his "rubber plant," purchased late yesterday.

His "system," said to be an innovation in department store robberies, was alleged to have included the buying of a cheap but bulky object and packing it for shipment to someone who had purchased valuable goods. Then he would walk out of the store with the stolen bundle, the police say.

POLES DEMOBILIZE MILITARY CLASSES

WARSAW, Nov. 24.—The government in a decree issued today ordered the demobilization of seven classes.

The demobilization measure announced in the foregoing apparently marks an important step by Poland toward the reduction of her military forces. Virtually all of the fighting men in the nation had been mobilized and even women were enlisted in the army when Warsaw was threatened by the Russian soviet offensive of last summer.

The demobilization decree providing for the release of men from the military classes of seven different years would appear to indicate that Poland is not unduly apprehensive, as some reports have hinted, of a break down in the negotiations with Moscow for a permanent peace with soviet Russia following the armistice and preliminary peace recently signed between them.

PARRISH INVITED TO ATTEND LUNCH

Congressman Lucian W. Parrish has been invited to attend Fridays luncheon of the business council, Chamber of Commerce, at which Frank Kell will speak on proposed changes in Federal Taxation, and the subject will be discussed by the members.

Mr. Parrish has also been invited to attend to the Trade Development dinner to be given on Dec. 7th.

Other invitations to the latter event, in addition to the 25 Chamber of Commerce heads of nearby points, and the local people, include those to Clem Saville, secretary of the Dallas Chamber of Commerce and Merchants and Manufacturers association, and to Eugene Shannon, secretary of the Fort Worth Chamber of Commerce.

EXPECT TO LAND $300,000 CONCERN TO MAKE COFFINS AND SUPPLY JOBS FOR 250

Excellent prospects for this city's securing a $300,000 concern for the manufacture of casket and undertakers supplies—an institution which will eventually employ about 250 men, and will add many thousand dollars per year to the local industrial output, developed at Wednesday morning's conference of the industrial committee of the Chamber of Commerce.

The new institution, for the location of which several of the larger cities of Texas are contesting, will be a cooperative manufacturing association, stock in which will principally be owned by Texas Undertaking establishments.

While officials of the local Chamber of Commerce had little to say regarding the details of the transaction, it is known that they believe that the advantages of Wichita Falls, as presented to representatives of the new establishment have made a very favorable impression, one at least as favorable than that of any other cities considered.

Among the factors which have seemingly impressed those backing the new undertaking, are Wichita Falls' advantages as a railroad and distributing center, particularly with reference to Western Oklahoma and the Panhandle. This position will enable an institution of this character to make deliveries in that territory hours ahead of any existing plant of this character.

The presence of an almost unlimited natural gas supply in the Texhoma field, providing cheap power, and Wichita Falls' generally accepted position as one of the coming manufacturing and jobbing centers of the southwest, were other factors mentioned during the meeting. A total of 800 undertaking and embalming establishments and 200 other firms handling supplies of this nature as a sideline, giving a thousand retail distributors, assures an ample field for the distribution of the products of the new establishment. Three hundred of these dealers have already signified intention of taking stock in the new concern.

Definite action on the location of the plant are expected to be reached in the near future at a meeting of a committee of the Texas Undertakers and Embalmers Association, which is backing the project. At this meeting, Hubert Harrison, secretary of the Chamber of Commerce and O. W. Hines, local undertaker who has been active in the organization of the project, will present the interests of Wichita Falls. Charles F. Weyland, of Dallas, who attended Wednesday's meeting, is the head of the organization of the factory.

The committee also went further into the details of the proposition for the manufacture of the new tractor here, and has asked the engineers of the Wichita Motors Company, who were present at Tuesday's demonstration, for additional technical information on the machine.

City Chuches Will Join in Union Thanksgiving Service At First Baptist Building

A musical program of unusual interest will be one of the features of the Annual Union Thanksgiving service, which will be held at 10 o'clock this morning in the basement of the new First Baptist church. Members from the church choirs of the city will take part in the program.

The sermon is to be delivered by Rev. J. Lem Keevil, pastor of the First Christian church, who will have for his subject: "The Spirit of the Day."

R. Vaughn Ray will direct the combined choir, with Mrs. F. R. Collard as the accompanist.

The musical program follows:

Doxology.

Invocation.

Mens' Chorus: Kipling's "Recessional" (God of Our Fathers.")—E. C. Huckabee, directing.

Scripture reading.

Violin solo: "Berceuse" of Jarnfert, Miss Bernice Jackson, with Mrs. B. M. Bell as accompanist.

Anthem: "Unfold Ye Portals," (From Gounod's "The Redemption.")

Offertory: Mrs. F. R. Collard.

Quartette: "Lead Us Oh Father" by J. A. Parks, Messrs Ray, Murchison, Von Allman and Bullington.

Sermon: "The Spirit of the Day" by Rev. J. Dem Keevil.

Hymn: "All Hail Immanuel" by Charles Gabriel.

Benediction.

Members of the choir are requested to be at the church a few minutes before 10 o'clock.

ONLY ONE ACT OF BILL GIVEN BIG APPLAUSE

The vaudeville at the Wichita theater Wednesday night was a distinct disappointment after the splendid and brilliant acts of last week. To say the most, the audience was only mildly amused and left the theater earnestly longing for another "real show."

The leading act was that of Lew and Paul Murdock, soft shoe dancers in a clever and sparkling impersonation of "Bootleggers." This was the one deserving and meritorious act worthy of the good applause it received. Both young men were hard workers, which fact explains the success of their dancing.

"Before and After Marriage" a burlesque famous in point of age only was put on by John Gardner and Marie Hartman, who were more clever with their wit and humor in "Vaudeville Vagaries." However, their expressions were not entirely new and won applause merely because of the method of presentation.

A monkey act concluded the evening's entertainment. The children were wildly enthusiastic but the mechanical appliances, rather obvious to the grown-up, detracted from the number. In short the monkeys could have been more entertaining in a zoo or swinging from limb to limb by their tails.

Raymond Wylie and Company who were to present "The Futuristic Jail-Bird," an original offering conceived by Raymond Wylie and Tom Kennedy, did not arrive in time for the performance Wednesday.

GOULD IS AWARDED PRIZES FOR AD-LET

John Gould has been identified as the author of the prize winning "ad-let" run daily by the Record-News in the "Do You Know" Box on the front page, and awarded the $25 prize offered by the Chamber of Commerce. The prize winning entry was published in the Record-News Wednesday, following which Gould pinned a blue ribbon on himself and described the appearance and makeup of the original communication carrying his entry.

Rubbed into the skin for rheumatism, neuralgia, contracted muscles, sprains or lameness, Ballard's Snow Liniment goes right through the flesh to the bone, easing pain and removing the cause. It is a powerful pain relief. Three sizes, 30c, 60c and $1.20 per bottle. Sold by your druggist.—Adv.

EIGHTH GASSER SHOWS TEXHOMA FIELD TO SOUTH

Another gasser, the eighth in the Texhoma field was brought in Wednesday afternoon the No. 6 Beach of the Odell Oil company, coming in with an initial production of 3,000,000. The completion is the most important since the Camp or Jupiter 35,000,000 foot gasser was completed due to the fact that it extends the proven gas field about a half mile to the south. It is that distance south of the Camp gasser.

Every precaution has been taken in the completing of the well and as a result the gas is dry with no water trouble. The casing had been previously cemented and anchored and no difficulty was experienced in shutting it off.

The hole was not completely cleaned out when it was shut off. It is believed that when drilled deeper it will show a larger production. The gas sand was obtained at a slightly deeper depth than the other gassers, yet was found according to field reports at a depth of 1515 feet.

CAMP OIL COMPANY COMPLETED NO. 2

Due to confusion in regard to names, the completion of the No. 2 on the Camp Oil and Gas company lease was carried Tuesday as Jupiter No. 2. The wells are known as the Jupiter, Camp and also the Johnson syndicate tests, the latter syndicate having drilled the first gasser.

Rusty nail wounds, festering sores, burns and scalds heal rapidly when Liquid Borozone is applied. It is both antiseptic and healing. Price, 30c, 60c and $1.20. Sold by your druggist.—Adv.

Passes Through 2-Foot Sand at Only 180 Feet

The Muehlberger, Jaques test on the Hope ranch six miles northwest of this city, which spudded in Monday, passed through a two-foot oil sand at 180 feet, according to information from the drillers of the test. The test has continued drilling. The test is one and half mile west of the Donehoo-Rayzor test and it is believed by the owners of the lease on which the test is being drilled that the sand struck at the Donehoo-Rayzor tests will be picked up at approximately the same depth and will show oil in commercial quantities. The Donehoo-Rayzor test has not been successfully completed.

The test practically located on a line between the Texhoma field and the Mattie Parker ranch lands where activity. The lease on which the test is being drilled is owned by the List Oil and Gas company, M. Muehlberger, R. L. Jaques et al drilling the test on a 50-50 contract.

TO BEGIN SHOOTING MOVIE HERE MONDAY

The Community Photoplay Co., which will "shoot" a movie of Wichita Falls primarily in order to pick out talent for future screen stars, will begin taking the picture Monday. It will be "shot" in the open at the Majestic theater as a feature of the program.

Charles Le Witt, director, has received a horde of applications for positions. Many are satisfactory for supernumeraries and minor parts, but few are suitable for "leads."

M. Le Witt expects to complete the selection of principals on the basis of applications received up to Thursday night in his office of the Olympic Theater.

HI SPANISH CLUB STAGES RECITAL

A unique and thoroughly enjoyed program, given principally in the Spanish language, marked the regular bi-weekly meeting of the High School Spanish Club, a student's association for the promotion of that language, which was held at the local High school Wednesday night.

The members of the club were garbed in Spanish costumes, this adding a Spanish air to the meeting. Several students, who have recently joined the club, told their autobiography and highest ambition in Spanish, which was highly enjoyed by the audience.

Several musical numbers were on the program. The Spanish orchestra, consisting of piano, violin and guitar rendered several pleasing selections. Vocal numbers by Donald Cook, Marshall Evans, Donovan Weldon and Gage McDermott were well received by the audience.

A talk on "Superstititns in Mexico" was made by a local High student, who is of Spanish blood.

The program follows:

Orqueste Espanola—Manzancillo.

Roll Call—Answered by giving Spanish name of a town, river or county in Texas or New Mexico.

Odquesta—La Galindrina. Monterey Llus (violin) Elias Hornandez (guitar) Thelma Wilhite (piano).

Iniciative—Ambicion mas elevada son la autobiografia de cada. (En espanol).

Orquesta—La Habana.

Travel in South America—(Donald Cook).

If the bowels do not act regularly, assist them with an occasional dose of Herbine. It is a fine bowel tonic and laxative. Price, 60c. Sold by your druggist.—Adv.

Suspects Jailed; Stolen Car Sale Scheme Is Bared

A bill of sale for a Ford automobile with a tax collector's receipt indicating that a number had been issued for the machine were found on the person of one of two men who were arrested Wednesday in a local hotel and are being held pending further investigation. It is believed by the police that the papers were obtained preparatory to the theft of a Ford automobile the documents to be used in the sale of the machine.

The bill of sale is complete and was stamped during the last ten days by a local notary public. The latter, when called to the police station Monday, failed to remember having stamped the document. The tax receipts from this county was also recently issued.

In addition to the papers several saws were found on the two suspects. According to the police, the men probably intended to file the numbers off a stolen machine and carve the numbers indicated by the bill of sale and the tax collector receipt. With these papers corresponding to the numbers of those of the machine, the sellers would have no difficulty in quieting the suspicion of a prospective purchasers. The method of sale is being used in numerous cases, according to the police and accounts for the ease with which stolen machines can be sold.

"SINS OF ROSANNE" EXCITING PICTURE

One of the most extraordinary photoplay plots ever conceived is unfolded in "Sins of Rosanne," starring with Ethel Clayton and to be shown at the Majestic Theatre for 2 days, commencing today. The picture was adapted from a story by Cynthia Stockley, well known for her romantic tales of South Africa such as "April Folly," "Blue Aloes" and "The Claw."

The action takes place among the European and native colonies at Kimberley, near the famous diamond mines. Rosanne, the heroine, when an infant and dangerously near death is taken in charge by a native Malayan woman and not only saved, but imbued with an uncanny craving for bright stores and the gift of bringing misfortune up not wholesometaoinnn misfortune upon those whom she dislikes. She becomes involved in a diamond smuggling scheme, but is finally rescued by the love that enters her life from the Malay's charm.

Jack Holt is Miss Clayton's leading man in "Sins of Rosanne," and Fred Malatesta plays the "heavy". Tom Forman directed the picture and it was adapted for the screen by Mary H. O'Connor.

Household Hints

MENU HINT

Breakfast
Sliced peaches
Poached Eggs in Cream
Buttered Toast
Coffee.

Luchcon
Rice and Tomatoes
Graham Gems
Lettuce with Russian Dressing
Baked Apples

Dinner
Baked Flank Steak with Onions
Potatoes (baked with meat)
Buttered Carrots Celery
Pumpkin Pie Coffee

RECIPES FOR A DAY

Rice and Tomatoes—Boil rice, add one-half cup undiluted tomato soup, o rfresh tomatoes, cooked, rubbed through sieve and thickened.

Lettuce with Russian Dressing—Cut head lettuce into quarters, cover with mayonnaise dressing, to which has been added two tablespoons chili sauce and two chopped olives.

Flank Steak—Score one flank steak put in frying pan. Cover with five sliced onions, juice of one lemon, half bottle catsup or chili sauce. Fold over other half steak. Bake, covered, for one hour. Last twenty minutes add potatoes. Uncover for ten minutes, or until brown. The water should be absorbed. Add sufficient water to make gravy.

MORE APPLE RECIPES

Apple Fritters—Cut the apples in slices about one-half inch thick and then dip in batter and fry until a golden brown in hot fat. Serve with vanilla sauce.

To prepare the batter place in a bowl one egg, three-quarters cup water, one level tablespoon baking powder, one and one-quarter cups flour, two level tablespoons shortening, pinch of salt, one tablespoon syrup. Beat to mix before dipping in the prepared apples.

Compote of Apples—One dozen apples, two cups sugar, one cup of water, peel of one lemon cut fine, grated nutmeg, powdered sugar.

Mix sugar and water and stir over the fire until the sugar dissolves. Boil five minutes and add lemon peel.

Peel six apples, core and drop at once into the hot syrup. Cook slowly, without breaking, until the apples are tender. Remove carefully to a serving dish.

Peel six apples, cut in quarters and remove core. Drop into the syrup and cook until apples are soft and well mashed. Pour this jelly mixture over the whole apples and sprinkle with a little nutmeg and powdered sugar. Serve cold.

Fritters are a French delicacy that can be introduced into almost any course. The basis is a batter into which various foods are dipped and then fried in deep fat. If fruits are used, the fritter is generally served with sugar or a sweet sauce, and thus becomes a dessert. If vegetables or meat are used, the fritter can be appropriately served as an entree at luncheon or dinner.

French Fritter Batter—One cup sifted flour, one-half cup cold water, two eggs, one-half cup sugar, one tablespoon olive oil, two tablespoons orange-flower water or orange juice (use the juice for an entree fritter batter), one teaspoon salt.

Beat egg yolks and add flour, sugar and salt, sifted together. Add orange flower water, beating until very light. Thin with oil and cold water until of the consistency of a stiff batter. Stir in stiffly beaten egg whites.

Wagner Awarded $19,166 in Suit Against Steiner

On an instructed verdict from the court late Tuesday afternoon in seventy-Eighth district court, the jury found for the plaintiff in the suit of R. B. Waggoner against the Steiner Oil Corporation, and awarded judgment of $19,166.83.

It was charged in the suit that the defendant had purchased oil from the plaintiff and disposed of it at a cost below the market price without his signature on the division order.

Attorney Fred Weeks represented the plaintiff in the case and Attorney Porter, of Dallas, acted as counsel for the defendant.

SUIT ON NOTE IS CONTINUED

Judge P. A. Martin Wednesday in Eighty-Ninth district court ordered a continuance until Friday morning in trial of the suit of L. P. Kean against C. R. Thomas and the Carnation Petroleum Company, which was begun Tuesday.

Collection of a note for $17,000 is sought in the suit. It is charged that Thomas, as trustee for the Carnation Petroleum Company, gave a note for the amount to the plaintiff. The company holds that the note cannot be collected as the articles of incorporation provide that the signatures of seven members of the board of directors are necessary.

PUBLIC LIBRARY TO CLOSE TODAY

The Kemp public library will be closed all day Thursday in observance of the Thanksgiving holiday, according to an announcement made Wednesday. The library will be open to the public at 9 o'clock Friday.

OLYMPIC OFFERS GREAT REDEEMER

Capacity audiences at the Olympic Theatre yesterday derived great enjoyment from the first showing of the Maurice Tourneur super production of "The Great Redeemer", interpreted by an all-star cast, including House Peters and Marjorie Daw. It is not stretching the truth to say that the picture registered a profound impression and it was declared by many to be the best photoplay they have witnessed this year.

Certainly Maurice Tourneur has outdone himself in the putting on of this super special. With all the sweep and power of the rugged West, it has also a tender story, plenty of "punch" and points a moral lesson that none can disregard.

"The Great Redeemer" narrates the high lights in the career of Dan Malloy, a train bandit. Pursued by a sheriff's posse, he takes refuge in the mountain cabin of a beautiful young girl. She comes to love him and he her, when a pal induces him to have another try at holding up the mail train. This he does, but is captured and sent to prison. There the work of reform begun by the girl is completed when a miracle happens in the grim cell and Dan Malloy finds his soul.

VILLIAN ASPIRED TO BE A LAWYER

Henry J. Hebert, who appears as Tex Williard ,the villain, in William Farnum's newest William Fox production. "The Orphan," which shows at the Gem Theatre today, was born and reared in the city of Providence, R. I.

Although Mr. Hebert aspired at one time to be a lawyer—after having served an apprenticeship as a cub reporter—he was literally swept before the footlights because he made a reputation as an actor in amateur theatricals in Providence.

Following a long career before the footlights Mr. Hebert went into motion pictures. He has appeared with William Farnum almost continuously since he joined William Fox.

MRS. EMMA HUNT BURIED

The funeral services for Mrs. Emma Hunt aged thirty-four years, was held Tuesday afternoon at chapel of the Merkle and Lunn Undertaking Company. Rev. J. D. Pinkston, assistant pastor of the First M. Church south had charge of the services. Burial was made in Riverside cemetery.

Mrs. Hunt died Monday at a local hospital following a brief illness. Her parents Mr. and Mrs. J. S. Alexander of Fort Worth were here at the time of her death.

CATTLE SHIPMENTS HEAVY DURING WEEK

FORT WORTH, Nov. 24.—Heavy livestock shipments from many points in the southwest are reported in the weekly statements from range inspectors to headquarters of the Texas Cattle Raisers' Association here.

The reports are for the week ending today and show a generally favorable situation everywhere for the industry though prices are still complained about.

FIND WACOAN GUILTY ON ASSAULT CHARGE

WACO, Texas, Nov. 24.—The jury in the case of the State vs J. S. Crosslin, a real estate man here, charged with a statutory offense, returned a verdict of guilty and assessed his punishment at nine years in the penitentiary.

The complaining witness was a girl under fifteen.

STUB SETS FIRE TO TRASH PILE

A lighted cigarette thrown from an office in the Commerce building, above, ignited trash in the gutter of the roof of the Empress theater at 1:30 p. m. yesterday and caused a run of the Central station to that place. The blaze was extinguished with chemicals and only a small amount of damage resulted.

WAIVE HEARING ON ROBBERY CHARGES

J. C. King and J. C. Landers, who were arrested by Texas Rangers Tuesday at Bridgetown, waived examining trial before Justice R. V. Gwinn Wednesday and were held to await action of the grand jury on charges of robbery with firearms in $750 bail each.

LATEST DRIVE SUCCEEDS HERE

"I'm tired of drives—my war hopper is full of memories and now that it's not necessary any more I want a rest."

You've heard it said in most any business man's office recently not only in Wichita Falls but throughout the country.

But the last drive here was successful. It was put on for the benefit of the Red Cross. Wichita Falls was asked for the lion's share of a quota of $12,000 for the entire county. The work of the trained nurses whom the Red Cross has maintained here is to be extended. By a short appeal the Red Cross spokesmen obtained from the city far more than was sought locally.

The final official reports from the entire county have not yet been announced. It is believed that they will show approximately the total asked.

It is assured that the work in Wichita Falls will be continued and by far the major portion, if not all of the advance planned in the territory outside of the city will be possible.

The Red Cross' career of Mercy, while it stood out in the calcium light of the war with more e print upon the public eye, neither began nor ended them. Its charity has been meted out for years. Its peace time work ranks with the greatest of philanthropic organizations.

One instance of its work here is the ministering to almost daily calls from former soldiers; another the service that the nurses perform among the sick in homes where poverty stalks. The assistance of the nurses in the preventitive watch against disease in the public schools is not to be forgotten.

CROWDING NEW YORK OFF SEAS?

Last July Admiral Benson announced that he "proposed to break up the monopoly heretofore held by New York" in foreign trade. Four months later the Merchants' association concedes his undertaking a certain success. "The policy of discrimination which has been persistently carried on during the past few years," says its Greater New York, "is bearing fruit."

In June, 48.1 per cent of the nation's importing and exporting was done through the port of New York. In July the proportion had dropped to 44 per cent. In August it fell to 39 per cent. During the same period the commerce of the other Atlantic and the Gulf ports gained sharply, while that of Pacific ports slightly declined. A marine journal here points to a special consideration which supports the belief of the Merchants' association that the shipping board has caused New York's loss. Of the American bottoms employed in foreign trade, shipping board vessels have been carrying about 63 per cent of the exports, but only about 38 per cent of the imports. And it is in exports that New York's trade has chiefly slackened. In the months named the port's share of the national export business fell 12.5 per cent, while its share in the import business fell only 5.4 per cent.

But for two or three considerations we might share the fear of Greater New York that the port is being shouldered out of its old place in foreign trade. One is that in the fiscal year ended June, 1920, New York's share of such trade was 47.1 per cent, while in the fiscal year 1914 it was 44.7 per cent. During what the Merchants' association calls the "past few years" of a persistent "policy of discrimination," the port has gained 2.4 per cent of America's import and export business! Another consideration is that such drops as July and August show might be ascribed to temporary fluctuation. Shipments of coal have been a heavy part of recent exports. They go in large part from Newport News, Baltimore and Philadelphia. While exports to Europe for the first nine months of this year are much below those for the same period last year, exports to South America have shown a marked gain; and in this Southern Atlantic and Gulf ports ought to profit.

The shipping board will not be able to take from this port such trade as it ought to get. It is for New York to see that it deserves as much as possible.—New York Post. (Ind.)

Split Second Editorials

By ROBERT QUILLEN

Now for a solemn rend 'em of treaty clauses.

The South wasn't too solid to shrink a little.

Pity the Cox supporter who lives with a crowing hen.

"Uncle Sam, Private Business Only. Altruistic Department Closed."

Some Democrats call Bryan a Dr. Jekell, and some call him a Mr. Hide.

Well, Europe's heart didn't break, but her gall suffered a severe shock.

Jack Spraa could eat no fat, his wife could eat no lean. The price of meat necessitated porkless pork and beans.

And now the little peoples are all nicely divided according to pelfological lines.

It would be just like some ribald paragrapher to exclaim "Wail with Wilson."

Now we shall have a double-track mind, with switching facilities and a round house.

George Bernard Shaw says this play is his last one. Tut, man. Remorse is transient.

It may be that we could lick the world, but discretion is the better part of vanity.

Mr. Bryan's heart probably doesn't mind being in the grave now. It's has plenty of company.

Apparently the country has decided that jumping on Big Business is rather small business.

A political platform is largely a matter of form. The "plat" is an abbreviation of platitude.

Some men are born kings. But Harding is the only man who was ever elected President the day he was born.

The increase of express rates does not fall as heavily on the general public as on the mail carrier.

"Succor! Succor!" begs Europe. But Uncle Sam doesn't hear. He is off that sucker business for the present.

When a successful office seeker remarks that a great principle has triumphed, politeness covers a multitude of grins.

The thirsty brother who complains that one can't get soaked in these Volstead days hasn't priced the new winter suits.

Speaking of matrimony, would it be all right to mention that the Mother of Presidents has gone to Marion in her old days.

WICHITANS TRUST TO OBREGON

"We will send no more men to Mexico."

This is placarded on the walls of the local offices of one of the greatest national oil companies. United States Commissioner Lantz was officially unable to bar the way to similar conversations with men who recently have been seeking passports of limited duration in order to visit the "liquid gold" territories of that great oil country now that Villa seems to have subsided.

A number of Wichita Falls oil operators own leases in Mexican oil fields. There are others who would invest there if they were certain that the present calm will not burst as quickly as former periods of peace in the neghboring republic have ended.

The instances are given to indicate the interest with which Wichitans will await a personal report from J. A. Kemp on his expected trip to Mexico with Governor Hobby to be present at the inauguration of President-Elect Obregon.

Texas has every reason and hope that order shall hold lasting sway in the neighboring republic. Wichita Falls oil men who may develop and add to their holdings in Mexico wish Obregon success in building up again a reputation for security which must walk before commercial progress.

It is now claimed that a damp cellar is an asset to the premises.—Chattanooga News.

Cuero Indignant Because Kentucky Turk Whips Texan

CUERO, Texas, Nov. 24.—Indignation was expressed here today over the reported defeat of the Cuero white house turkey by that sent from Kentucky, in a battle on the white house lawn yesterday.

"Cuero's turkey was selected for its tenderness, not fighting abilities," said Ernest Harrold, one of the committee which sent President Wilson the Cuero turkey. "If a fighting bird is wanted, Cuero can send the white house a gobbler which will vanquish any two birds Kentucky can produce."

OFFICE IN BRECKENRIDGE

James Crane Jr. formerly associated with Floyd Ard, local oil operator, and G. M. Acton of the Seay Cranfill Company have opened up offices in Breckenridge. The firm known as the Crane-Acton Company are handling a general brokerage and insurance business.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nauseless calomel tablet called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the very important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—Adv.

SOCIAL EVENT GIVEN TO BOOST DAY NURSERY PROVES SUCCESS

Wichita Falls' first big social event for "sweet charity's sake," the Thanksgiving tea for the benefit of the Day nursery, held Wednesday afternoon at the home of Mr. and Mrs. J. W. Culbertson, was delightfully successful in every way. The hostesses, the Civic league, which originally sponsored the tea, and the representatives of the various clubs of the city, greeted about 400 of their friends during the afternoon, and the Day nursery fund will be richer by more than $300 as the result of the pleasant event.

The "beautiful baby," a big, bisque baby doll, with dimples and two teeth, was won by No. 156. Mrs. Culbertson is giving "the baby" a home until its permanent home is located.

The holiday spirit was apparent in every detail of the perfectly arranged and executed function, a profusion of chrysanthemums in yellow, white and lavender being used throughout the spacious reception rooms, with ferns and other greenery forming a background. The dining table, with the silver tea services on either end, was centered with yellow chrysanthemums in a crystal holder, surmounting a crystal bowl, in which a half-dozen goldfish were swimming. The autumnal browns and golds were noted in the refreshment place.

The bowl which was used as a container of the benefit fund donations was presided over by Mrs. Bentley Bacon, petite member of the Civic league, who was costumed most effectively in baby clothes. "Babies," hand made by school children students of Misses Compere and Davis of the Wichita Falls public school art department, formed the favors, pinned on each guest. The "baby" to be given away formed the chief attraction of the afternoon, it being on display in the den.

The Musicians club gave the program for the afternoon, supplying a musical undertone to the gay hum of conversation throughout the three hours. Miss Annette Walsh was accompanist for the violinists, Mrs. T. B. Greenwood, Miss Marian Maer, Miss Berenice Jackson and Miss Vivian Railey, and Mrs. Fred Barron sang.

In the receiving line were: Mrs. T. B. Smock, president of the Civic league; Mrs. J. E. Sharp, the secretary of the league. Mrs. C. E. Ousley of the Welfare council; Mrs E. B. Gorsline, Unity club; Mrs. E. B. Carver, Delphian society; Mrs. Fred C. Barron, Beta Delphian; Mrs. F. T. Datson, Travel cluub; Mrs. C. E. Bailey, Standard club; Mrs. C.J. Barnard, New Century; Mrs. H. A. Waller, Musicians club; Mrs. W. W. Silk, Y. W. C. A., and the following members of the Civic league executive committee: Mesdames J. W. Stone, Charles Pogenphol, W. H. Doak, J. V. C. T. Christensen, R. E. Shepherd, M H. Glover, J. Cohen, W. S. Curlee, Flora M. Perham, W. A. Patterson, J. A. Richolt

In the dining room were Mesdames Don O Long, C. J. Bernard, C. W. Beavers, John W. Naylor, Fred T. Couper, C. C. McDonald, E. W. Nicholson, R. J. Goodale, W. P. Parker, Ed Sheegog, M. Gaffney, Francis Jackson, H. S. Crawford, C. C. Randle, Charles F. Spencer C. V. Milholland C. E. Bailey, Emma Stoecker, Roy Clark and J. R. Clymer.

From Apple Blossoms, Fritz Kreisler.

Symphony orchestra number composed of the following members of the Musicians' Club, with Ernest Katz as director; Misses Bernice Jackson, Marion Maer, Vivian Raley, Annette Walsh, Mesdames O. E. Nichols, Bruce Greenwood, A. H. Britain, Messrs. Ellis, Ellis, C. J. Templeton, Taylor, Boyer, Stonecipher, Coucier, Lawler, Bauch, Dunning, Colonna, Edler, Lambert, Sidwell, Gilgee and Bolt.

No. 2—(a) Supplication—Frysmges (b) Festal March—Schminke, Mrs. F. R. Collard.

No. 3—Anthem, "Te Deum in E Flat," Dudley Buck; Mesdames Albright, Mary B. Ames, sopranos; Mesdames R. E. Shepherd and R. K. Lyle; Messrs. R. E. Shepherd and Percy Evans, tenors; Messrs. John Bradley and John Martin, basses.

No. 4—Piano Solo, "Scherze in M Minor—Chopin; Miss Joe Betsy Miller.

No. 5—Duet, "Love Devine, A Love Excelling," Sir John Stainer; Mrs. Mary B. Adams and Percy Evans.

No. 6—"Ave Maria", March—Gounod, soloist, Mrs. Walter S. Robertson, Mrs. F. R. Collard, piano; Miss Bernice Jackson, violin and Mr. Ellis Celle.

No. 6—Piano Duet "The Ride of the Valkyrie's—Wagner, Mrs. F. R. Collard and Miss Virginia Parks.

No. 8—"Nusespiro"—Liszt; Florence Sammons.

No. 10—Solo, "Nature's Adoration" —Beethoven, John Martin.

No. 11—(a) "I Waited For the Lord," (from the Hymn of Praise)—Creig; Soloists Mesdames George Thorburn, C. Y. Tully, John W. King, Robert Lyle; chorus, Mesdames Mary B. Adams, J. C. Mytinger, Fred Weeks, Marie Waggoner, Albritton, Pirtle, C. F. Spencer, Ola Hamlin, F. C. Barren, R. E. Shepherd, C. W. Beavers, W. M. Priddy, H. M. Young, Misses Bessie Lee Bartlett, Edna Jones and Florence Webb; accompanists, Mesdames Ben M. Bell, F. R. Collard and McNeese.

WOODMAN CIRCLE NO. 1087 GIVES DELIFHTFUL AFFAIR

Woodman circle No. 1087 was entertained Wednesday afternoon with a delightful social affair at the Swartz-Wood building by Mrs. Stanfield and her team, who were losers in an attendance contest, which has been in progress for the past month among the members. The circle was divided into two divisions, with Mrs. Sarah Roark captain of one of the divisions and Mrs. Stanfield captain of the other, with the understanding that the losing division would entertain the winners.

After a pleasant social afternoon was enjoyed, delicious refreshments, consisting of sandwiches, cake, fruit, coffee and hot chocolate were served.

PERSONAL SIDE

W. L. Robertson, vice president of the City National bank, left Tuesday night for Fort Worth, to bring Mrs. Robertson, his wife, home, who has just undergone a successful operation at that place.

Mr. Dan Sumner and wife of Vernon, Olive Shive and Mrs. Fred Henna of Oklahoma City are visiting friends in Wichita Falls.

CIRCLES TO DRILL.

A drill contest will be held Friday evening by the members of Woodman circles Nos. 3001, 1447 and 1087 at the Swartz-Wood building. A cash prize will be given the winning circle.

VISITS MISS RICHOLT.

Miss Frances Urban of Abilene arrived Wednesday afternoon and will be the Thanksgiving guest of Pauline Richolt at 1208 Burnett street. Miss Urban is a former Wichita Falls girl, and her visit will extend through the week-end.

MRS. S. H. BURNSIDE HERE.

Mrs. S. H. Burnside, a former resident of this city, now living in California, is here for a visit with old friends.

MISS VIRGINIA HELIS CELEBRATES BIRTHDAY

Little Miss Virginia Helis celebrated her tenth birthday Saturday afternoon at the home of her parents, Mr. and Mrs. William G. Helis at 1401 Monroe street.

The pink and white color scheme was carried out in both the house decorations and the refreshment course. The table was beautiful with the birthday cake trimmed in the pink and green candles and a Kewpie forming the center. Ribbons of the same colors reached to the electric chandelier.

Music and games furnished diversion for the afternoon and at a late hour cake, fruit salad with whipped cream and candy was served to Zona Marie Elerk, Crysta Feal, Adelyn McGeorge, Virgie Mae Adams, Mildred Boardman, Alma Edith and Maud Naylor, Zbyl Wiley, Calista Morrison, Phyllis Lea Dawson, Esther Mary E. Hill, Crateen Mickolus, Nicholas and Charles Melidonas and George Marie.

EPWORTH LEAGUE WILL HAVE THANKSGIVING SPREAD

The Epworth League of the First Methodist church, south, will enjoy an elaborate Thanksgiving party and program at the church Thursday evening to which all young people of the church are invited to attend. Following the games and social hour a playette will be given, which centers around the courtship of Miles Standish. The scenes will be as follows:

Act 1—Indian War Dance.
Act 2—Priscilla and John Alden.
Act 3—John gives Miles Standish an answer.
Act 4—Affray between Miles Standish and the Indians.
Act 5—Marriage of Priscilla and John.
Act 6—Return of Miles Standish.

Characters in the Playette are:

Priscilla ..... Dolly Gage
John Alden ..... J. W. Thorne
Miles Standish ..... Mr. Barnes
"Big Indian Chief" ..... Merrill Hooper

BUSINESS GIRLS CLUB ENTERTAINS HONOREES

Entertaining the "younger business women" as honor guests, the Business Girls Club gave a birthday party at the Y. W. C. A. quarters Tuesday evening. The party was given by those whose birthdays come during the month of November, it being the custom of the club for those whose birthdays come in the month of the regular social meeting to entertain for that month then.

Luncheon was served at 6:30 to 38 members of the Business Girls Club and their guests.

Following the refreshments, a short program was rendered as follows:

Trio—"Shoogy Shoe," Mesdames Fred Barron, N. M. Clifford and Robert A. Lyle, accompanied by Mrs. A. H. Brittain on the piano.

Reading—Gwendolyn Walters.

Fancy Dance—James Walters.

Piano number—"Briton Argue"—Mrs. A. H. Brittain.

Short talk by Dr. H. D. Knickerbocker.

MUSICIANS CLUB CHANGES PROGRAM FOR RECITAL

Announcement was made Wednesday by the Musicians' club that a slight revision of the program which will be rendered Friday evening at the First Methodist church, south, at 8:30 o'clock has been made. This will be an elaborate open program and will be under the direction of Mrs. Walter S. Robertson.

The program to be given follows:

No. 1—(a) Pomp and Circumstances, Sir Edward Elgar; (b) Farewell

MISS BLANCHE GEARY IS GUEST OF Y. W. C. A. BOARD

Miss Blance Geary, national Economics Executive from Y. W. C. A. headquarters at New York, was the guest of honor at a luncheon given by the members of the executive Board of the local Y. W. C. A. Wednesday, Miss Allen the state economics secretary, from Dallas, was also a guest. The luncheon wa s served in the cafeteria, and was attended by the members of the board, and the Y. staff.

SANTA FE RAILROAD IS MADE DEFENDANT

GAINESVILLE, Texas, Nov. 24.—Suit for $60,000 damages was filed in district court here today against the Gulf, Colorado and Santa Fe railway by Mrs. Nancy White for herself and two minor children.

The plaintiff charges negligence in the death of Homer White, husband and father, near Davis, Okla., last March while he was employed as fireman on a defendant's locomotive.

Judge Henderson claims that the oldest joke is the one about the Irishman who was in a brown study on the street. Another Irishman met him and said:

"Why so downhearted, Mike?"

"Well, Pat," said Mike, "my wife told me to get her something for dinner and for the life of me I can't remember what it was I was to get."

The day when we are indeed thankful for our many privileges, among those being able to serve the people of Wichita Falls.

We are thankful for our many friends and appreciate their patronage of the past year.

TO RUSH WORK ON Y. W. HOME FOR BOARDERS

Stamped with the official approval of the National Economics Executive, Miss Blanche Geary, recognized nationally as a housing expert, the Wichita Falls Young Women's Christian Association's boarding home is to be constructed with all possible haste, it was announced on Wednesday by Mrs. Charles W. Snider, chairman of the building committee.

Miss Geary, who with Miss Allen, state economic secretary, was in Wichita Falls for a day's conference Wednesday, spent practically the entire day with the members of the building committee going over plans for the building scheme, and discussing conditions, with the result that Miss Geary's recommendation was to go forward to building without further delay.

The assistance of J. A. Richolt in an advisory capacity for the building of the home has been secured, Mrs. C. W. Snider states, the committee feeling that Mr. Richolt's experience as a builder, and his familiarity with all phases of construction, will be of great benefit. The other men on the committee: T. T. T. Reese, H. L. Hunter and Mack Thomas have put themselves at the disposal of the chairman at all times, and their interest in the project, together with the activity of the women members of the committee, Mrs. J. A. Richolt, Mrs. M. M. Adickes and Mrs. Martin Rowe, is expected to assure careful execution of the building plans of the association.

Building has been delayed for almost a year since the site for the boarding home, at Eighth and Burnett, was purchased owing to the unsettled conditions prevailing in the building market, both because of material and labor prices. The committee has been kept actively together, and within the last two weeks has been at work so that tangible reports could be made to Miss Geary, these reports meeting with her approval, as indicated in the following interview:

Texas Spends $2,500,000

"It is an interesting and significant fact that the men and women friends of the Y. W. C. A. in the state of Texas alone are enabling the association to spend at this moment nearly two and a half million dollars in the construction of recreation and boarding homes buildings for girls and young women.

"Architects and building committees are at work in Dallas, where $300,000 is to be spent on two projects. In Fort Worth, where over $400,000 will be spent on one project; in Houston where $750,000 will be spent on two projects; and in Wichita Falls, which, as all the world knows, put through a campaign resulting in $222,000 plus, a few months ago.

"The local association has purchased a very suitable piece of ground, one hundred and fifty feet by one hundred and fifty feet, for which it has in preparation a plan for housing seventy-five girls under one roof, in a very uninstitutional and homelike place of their own. This plan is to better the best in the country so far.

LEADS IN Y. W. C. A. AVTIVITY IN TEXAS

MISS BLANCHE GEABY

On the ground floor it will have plenty of social rooms, in which the girls can meet their young men friends. There will be a breezy dining room and all the indispensable kitchen dependencies and equipment for good housekeeping.

Single Bedrooms Planned

The large majority of the girls will have a single bedroom, with plastered hanging closets and a complete set of furniture for their individual use. The remainder of the rooms will be fitted with twin beds those who want to 'double up' or who cannot afford the price of single rooms. There will be a laundry for the use of the residents, a sewing room, and many other small conveniences, which do not cost very much to install, but which make life more worth while, and help to reduce the cost of living.

"The Y. W. C. A. is also preparing plans for the construction of a recreation unit, which will ultimately be incorporated in a full sized activities building. This unit, if all goes well, will contain a full sized swimming pool, showers and dressing rooms, and over this a good assembly room with a flat floor, and a stage, or platform.

"I feel justified in the light of my knowledge of conditions throughout the country, and in particular as a result of my discussions with architects and the most prominent business men in Dallas, Fort Worth and Houston, in urging the Wichita Falls board not to delay any longer in 'beginning to begin.' The indications are that by the time the building committee is ready to take bids, prices will have reached a level, making contracts desirable. In any case the association is under an obligation to those who have paid up their pledges and I am advising it to push its plans to completion with the utmost possible speed.

66 Homes Under Way

"It will interest the citizens to know that some sixty-six asociations all over the country are in various stages of planning boarding home accommodations, and a number of others are busy with plans or are actually building activity buildings. The subject of housing is before the entire country, and chamber of commerce and groups of business men are coming to realize that the housing problem they are studying is not confined by any means to the working man and his family.

"They are realizing that with more than twelve million girls and women in industry today, seventy-five per cent of whom live of necessity away from home, a large part of their problem is considered with housing wage earning girls and women.

"I wonder how many business men whose pay roll includes the names of many girls and women realize in dollars and cents the relation between the production of today with the sleeping accommodations of yesterday, last week and the months before?

Demands 'Decent Living'

"Now that a thorough study of floor plans and method of construction proves that girls can be housed large numbers on a four to six percent basis, there is some hope that enough capital may be forthcoming from those who realize the nature of the demand for decent accommodations, and the implications to the community for any lack in this regard. Women are in the wage earning world for good and for the benefit of business and for the good of the community it must not only be possible for them to feed and clothe themselves decently, but to provide themselves with decent living quarters.

"We must ever remember that the worst accommodation available is always the cheapest, and that the cheapest is obviously the best that a girl with a small minimum wage pocketbook can possibly give herself. The query for us nowadays is 'What is the cheapest? how bad it is, or how good, how much of it is available, how many girls can not find any accommodations, cheap or otherwise'

"I congrautlate Wichita Falls on being within a very short measureable distance of possessing at least one good boarding home for no less than seventy-five girls."

Don't use cosmetics to hide skin trouble

Resinol aids poor complexions

If your complexion is rough, red, or pimply, don't try to cover up the defects with cosmetics which do not conceal, but usually attract attention to the reason for their use. Begin today to clear your skin with Resinol Ointment and Resinol Soap.

This treatment not only cleanses the skin and enables it to breathe, but usually removes blotches, redness and roughness.

Ask your dealer for Resinol Soap and Ointment

ACUTE INDIGESTION SOON RELIEVED

Arkansas Lady Says She Was in a Serious Condition, but Promptly Recovered After Taking Thedford's Black-Draught.

Peach Orchard, Ark.—Mrs. Etta Cox, of this place says: "Some time ago I had a spell of acute indigestion and was in a bad fix. I knew I must have a laxative, and tried Black-Draught. It relieved me and I soon was all right.

"I can't say enought or Thedford's Black-Draught and the great good it did for me.

"It is fine for stomach and liver trouble, and I keep it for this. A few doses soon make me feel as good as new. I am glad to tell others the good it did."

Acute indigestion is a serious matter and needs prompt treatment or dangerous results may ensue. A physician's help may be needed, but a good dose of Thedford's Black-Draught will be of benefit by relieving the system from the undigested food which is the cause of the trouble.

Thedford's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way.

So many thousands of persons have been benefited by the use of Thedford's Black-Draught, you should have no hesitancy in trying this valuable, old well-established remedy, for most liver and stomach disorders.

Sold by all reliable druggists.—Adv.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—(Adv.)

It has been a time-honored custom in these United States of ours to close our business affairs on this day and offer thanks to Almighty God for the bountiful blessings that He has bestowed upon us, and we reverently join hands with the people of this great community in giving thanks to Him who has particularly blessed this community.

"The Store the People Built"

Has Much For Which To Be Thankful

The officers and directors of this institution feel that they have very much, indeed, for which to be thankful at this season of general thanks giving and they are anxious that the public should know the gratitude they feel toward those who made the building of this store possible—our sharehloders.

This store can truthfully be called "THE STORE THE PEOPLE BUILT," for it was actually built by the people of this community. It was the actual outgrowth of a great need and its success is attested by the thousands who pass through its doors each day and depend upon it exclusively for their grocery needs.

Twice in the past have the people of Wichita Falls built successful institutions in answer to a recognized need. The Wichita Great Western Underwriters, an institution which is now known throughout the entire country and counts its policy-holders by the thousands, was built by the people of this community as well as the Wichita Falls & Northwestern Railroad, which is now a part of the M., K. & T. system. It is the ambtion of the directors of The Wichita Co-Operative Supply Company to place the name of this institution alongside of the names of these two other local institutions which were built by the people of this section.

In this connection we want our shareholders to feel that they are an integral part of this organization and that their suggestions as to the improvement of our service will be gratefully received at all times. We are thankful that our list of shareholders includes many who have taken a very active interest in this business and have done everything possible to overcome the unjust criticism which has been directed against us.

We wish to take this opportunity of wishing for each and every one of our shareholders a very pleasant Thanksgiving Day.

THE STORE WILL BE CLOSED ALL DAY TODAY

LONGHORNS AND AGGIES READY FOR BIG GAME

AUSTIN, Nov. 24.—The Texas University football squad, with the exception of Hulsey, left guard, was reported tonight to be in top condition for the clash with Texas A and M here tomorrow. Hulsey sustained a sprained ankle in recent practice and is not expected to play. Either Vowell, 165 pounder, or Jones, 190 pounder, will probably replace him.

The A and M squad had not arrived in Austin today, but there was a current rumor that because of injuries to Morris, Anglin will go in at center for Pierce, while Pierce will go to quarter to replace morris. Morris weighs 138; Pierce, 145; Anglin, 168. Thus the Aggies would gain weight by the shift.

The probable line-up:

A & M		TEXAS
Wilson, l. e.		McCullough
Drake, l. t.		Green
Durrah, l. g.		Jones
Pierce, c.		Swenson
Dieterich, r. g.		Hill
Carruthers, r. t.		Dennis
Bouger, r. e.		Hart (C)
Higginbotham l. h. b.		Tynes
Weir, r. h. b.		Ellis
Mahan, f. b.		McCallum
Morris, q. b.		Elam

Less than 100 tickets remained unsold tonight when approximately 10,000 sold and the vanguard of the crowd expected tomorrow was arriving.

GUN CLUB WILL CONTEST TODAY FOR 4 TROPHIES

The Thanksgiving shoot of the Wichita Falls Gun club will be held this morning, starting promptly at 9 o'clock. A good attendance is expected by both old and new members, especially in view of the trophies for the winners of the four events. It will be a handicap shoot, giving each shooter an equal chance for any and all trophies. C. J. Pate, vice president, has donated a handsome set of silverware. H. R. Paskett and L. H. Little have each donated the club a Thanksgiving turkey. Charles Greenberg announces that he will offer a trophy for one of the boys who shows a little speed in "knocking them dead."

This program will be a feature. In addition to the regular shoot, some of the members will stage individual contests. Team shooting will be in full sway.

Vice President Pate says that he feels sure that he is "right," but this statement is challenged by Field Captain Gallagher and Secretary Nabb, who proclaim that there will be none superior to them today. Charles Greenberg and A. G. Deatherage were the winners of the two turkeys at the regular shoot held Friday. Both declare that they are in good form and promise interesting scores.

Wealth had carried Mrs. Nurich into exalted circles, of which she had hardly dared even to dream. At a big dinner party she was being shown the glories of an ancestral mansion by her hostess, and when passing along a corridor the latter lady paused before a marble bust. "Oo's that of?" asked Mrs. Nurich, with an air of great interest. "That is Marcus Aurelius," replied her hostess. "Oh! Is it?" exclaimed Mrs. Nurich. "But I wish you'd tell me," she went on confidently, "whether it's the old marquis or the new one? I do get 'em mixed up so."

BROUGH PARDON

LITTLE ROCK, Ark., Nov. 24.—Governor Brough today added four names to his Thanksgiving day pardon list bringing the total to 18. All of the men were released this afternoon in time to reach their homes for Thanksgiving dinner tomorrow.

FORMER BEAR SECOND SACKER CAVORTS IN PRESIDENT'S OFFICE NEW YORK ELECTRIC CONCERN

NEW YORK, Nov. 24.—A few years ago Ralph Elsman was playing second base for the San Antonio club in the Texas league. The other days Elsman paid $1,750,000 for the privilege of sitting in an office labeled "President." That was the price he paid for the controlling interest in the Kings County Lighting company.

Elsman, who is just now 36 years old, took time off to tell how he worked up from office boy to director and chief owner of the third largest public utility in New York state. He listed the jobs. They were: Baseball player, office boy, then oiler, fireman, lamp trimmer, meter reader, designing engineer, superintendent and then president of the big utility company.

"The baseball playing came first," he said. "I quit a Brooklyn school with the absolute intention of being a professional baseball player. I went to Texas before I could even get a tryout with a professional club. The San Antonio club took me, and I played second base for a season."

Girl Is Responsible.

What brought Elsman back to New York and finally into the gas business was a girl. She is now Mrs. Elsman and the girl he left behind him when he went to Texas.

Elsman commented on the tales of American success which are so eagerly devoured by the magazine-reading public. To his mind, they always have a large gap between the paragraph recounting the early efforts of the subject and the next paragraph telling of his success.

"That's because there is a gap," he remarked. "You slug along, working like a slave for years, until the big chance comes. Then you take a ditch like a horse in a steeplechase, and it can't be told exactly how it was done."

Borrowed $1,000,000.

According to Elsman the "gap" in his case was when he was speaking in churches, school houses and anywhere he could get an audience, telling people an 80-cent gas rate was confiscatory, and the company would have to have 95 cents. He even talked the consumers into championing his cause. Then there came a chance to buy the company, and he bought it. He had to borrow $1,000,000 to do it.

"Believe me," he said, "it is not easy to borrow a million dollars. When you can, you know you have arrived."

Here are some of his business maxims:

"Keep your pace up, so you can jump the gaps."

"Don't go after money; go after ideas."

"You don't love work; you love the thing you are working for."

"Play the game of success with all your cards face up; it doesn't pay to keep money secret."

Elevens in Middle West Close Season

CHICAGO, Nov. 24.—Football elevens of the Middle West will wind up their 1920 seasons tomorrow with only three games of more than local interest scheduled. The Nebraska-Washington State game at Lincoln, Neb., will furnish a comparison between the elevens of the Middle West and of the Far West, while the Drake-Oklahoma and the Missouri-Kansas games will decide the championship in the Missouri Valley conference, where Oklahoma leads, with no defeats, but with a tie with the Kansas Aggies, on its record.

Nebraska this year did not produce the supreme eleven which has characterized Cornhusked teams of the past seasons, but Coach Schulte has, nevertheless, an agregation which is considered at least on a par with the average Middle Western team. It lost to Notre Dame and Penn State and was tied by Kansas.

Notre Dame will meet the Michigan Aggies at Lansing, Mich., in a contest which, on the basis of competitive scores, should prove easy for the Indiana eleven.

EX-GRID STARS IN CITY LINE-UP WITH HI TODAY

Local football fans will have a chance to see plenty of action this afternoon when Coach Cantwell's local high gridders tackle the City team, composed of university and prep school stars. The high school warriors are confident that they will have no trouble adding the City team to their list of defeated, but one ex-college stars assert that they will have to display a better brand of football than they have at any time this year.

Though the City team has had very little chance for practice since Coach Cantwell's challenge, the men are in the pink of condition and have promised to display soemthing entirely new to Wichita Falls fans.

Among the stars in the City team line-up are: Malcolm E. McClure (Sewanee), end; Jack Gruble (Minnesota university), tackle; Stanley Richardson (University of North Carolina), halfback; Lobitz (Minnesota), tackle; Juster (Minnesota), guard; J. H. Salm (Valparaiso), quarter; Hughes (Illinois), halfback); Matthews (Notre Dame), end.

The game will be played on the junior high grounds, Thirteenth and Broad streets, and will start promptly at 3 o'clock.

Dixie Elevens To Have Hard Battles Today

ATLANTA, Ga., Nov. 24.—Of the fourth southern football teams that have come through the 1920 season without defeat by another Dixie eleven, Georgia Tech has the hardest contest tomorrow in an effort to keep its record clean.

The Auburn eleven, which meets Tech here, has gone down to defeat but once this year, a 7 to 0 game with Georgia University.

Georgia University, Georgia Tech, Tulane and Virginia Military Institute compose the elevens that have not been beaten in the southern conference.

Georgia takes on Clemons at Athens, and the Georgians defeat of Auburn and Alabama makes them easy favorites. Tulane has a harder fight in prospect against Louisiana State at Baton Rouge. V. M. I. is expected to win handily from V. M. I. at Roanoke.

The Thanksgiving day games, bringing to a close, except for a few later contests, the most successful southern football season in years, find many annual contests in which there is more than statewide interest.

Mexican Revenue From Oil Reported 48,000,000 Pesos

SAN ANTONIO, Texas, Nov. 24.—Mexican treasury revenues from oil taxes for the coming year are estimated at 48,000,000 pesos, according to information received in Mexican circles in San Antonio today.

NO MERE SUBS, POLOISTS VOW AND HURL DEFI

H. D. Hemphill and Dr. John H. Fletcher, who were called "subs" on the Wichita Falls polo team, which recently defeated Dallas, wish it made known that this is not correct.

Hemphill says that he and Fletcher were called "subs" because two of the other four players who made the trip used their horses in the match, and Hemphill and Fletcher used what horses were left. They also assert that they did as much actual playing as did the rest, and think that the writer who first termed the Wichitans "the Millionaire Four" was a trifle bad at figures, as there were six in the team, and all six played brilliantly.

To back their statements, Hemphill and Fletcher have challenged the four who claim to have won the Dallas contest to a match to be played at Call Field at 3 p. m. today. They have promised plenty of action for all those who attend.

SOUTH RUSSIAN JEWS ARE LEAVING

ZURICH, Switzerland, Nov. 24.—The Jewish press bureau here today received advices of a great exodus of Jews from southern Russia. The advices reported that 200,000 Jewish refugees are wandring in groups, slowly working thir way towards Galicia and Bukowina.

The advices added that pogroms had occurred at different places and that the refugees are in great distress and in danger of starvation.

Lil' Arthur to Try Come Back In Prison Bout

LEAVENWORTH, Kans., Nov. 24.—Al least five thousand fight fans have made application to Warden A. V. Anderson to witness the two boxing bouts at the federal prison here tomorrow in which Jack Johnson, former heavyweight champion, will make a test of his present condition in an attempt to "come back." Few outsiders, however, will be admitted to the prison for the boxing tournament, Warden Anderson announced, as it was arranged strictly as a Thanksgiving day entertainment for the prisoners.

George Owen, formerly a sparring partner of Johnson's arrived here last night and "Topeka" Jack Johnson, another negro boxer, arrived tonight. Each will go five rounds with the former champion.

Prisoners will stage four preliminary bouts.

BOLSHEVIKI TO ORGANIZE IDLE IN THIS NATION

WASHINGTON, Nov. 24.—Russian soviet authorities estimated that the unemployed in this country will number 5,000,000 by the end of the year and two representatives of the third international have been sent to organize soviets here, according to official advice from Moscow.

The representatives of the internationale plan to arrive in the United States in December, it was said, and propose to form committees of the unemployed in competition with the communist party establishing soviets in each trade. Their mission, the advices state, is to unite the revolutionary movement in America into one fighting body to bring about an armed revolution.

Coming of the soviet representatives, the advices declared, is in accord with resolutions adopted at the last convention of the third internationale in Moscow which provided for internationale representatives in every country in Europe and America.

While government officials discounted the internationale's estimate of the unemployment in this country, every precaution is being taken to keep the soviet organizers from entering the United States.

HEARING WAIVED ON PISTOL CHARGE

J. F. Dollson, who was arrested Tuesday night by city detectives, alleged to have been in possession of a regulation army 45 caliber revolver, waived examining trial before United States Commissioner, J. A. Lantz Tuesday and was placed under $500 bond to await action of the federal grand jury, charged with theft of United States property.

The man declared to arresting officers that he bought the pistol without knowing that it bore the stamp of government property.

LELAND TRICE GETS ROCK ISLAND POST

Local offices for the Rock Island have been established on the second floor of the Morgan building. Leland D. Trice, formerly with the Chamber of Commerce, will act as traveling freight and passenger agent and will have charge of the local office.

The official announcement of the opening of the local office calls attention to the service furnished by the Rock Island lines since the roads were returned to private owners. The Rock Island lines now have 8,225 miles of modern rails and traverses fourteen states in the Union.

HUNT FOR ROBBERS OF BANK CONTINUES

By Associated Press

FORT WORTH, Nov. 24.—The hunt for the two robbers who at noon yesterday held up the First State bank in Polytechnic, suburb of Fort Worth, and escaped with $4,980 in currency and silver, broadened today into adjoining counties.

One or two suspicious automobiles were seen during the night, and the constable at Burleson reports firing at one passing machine.

FIXES BOND AT $300 ON WHISKEY CHARGE

H. C. Nelson perfected bond of $300 before United States Commissioner J. A. Lantz Wednesday for his appearance Friday at an examining trial to answer to a charge of selling whiskey. He was arrested Tuesday night at Burkburnett by Deputy United States Marshall Jim Allen.

Girl Seeks Dire End of Sorrows

Utterly miserable on her wedding day, poor little Eve de Merincourt, a victim of her father's queer sense of honor, planned to throw herself from an airplane to escape life as the wife of Henry Caron. The airship runs into an electric storm and is wrecked Whirled along by the tempest, the shattered machine crashes into a tree on a lonely island where Richmond Bedell has fled for refuge from a ruinous manner of living.

The story is told in "Trumpet Island," a spectacular special production by Vitagraph, which will be shown at the Empress theatre on Friday.

"Trumpet Island" was written by that master of plot, action and forceful expression, Gouveneur Morris. To make sure that Morris had not overlooked anything to make the manuscript the best possible material for a great special production. Vitagraph had the adaption edited and revised by Mr. and Mrs. George Randolph Chester. An all star cast, headed by Marguerite de La Motte and Wallace MacDonald, was engaged to enact the roles, and the production was directed by Tom Terriss.

ALL-STAR CAST IN ALASKAN PHOTOPLAY

"Camille of the Yukon," a powerful drama of the frozen North, adapted from Larry Evans' great story, "The Silent Lie," is to be presented by William Fox at the Plaza Theatre today.

The story centers around Lady Lou stepdaughter of one Hatfield. She is the subject of the father's hatred because of her mother's unfaithfulness. She loves Jean Moreau, a trapper. When Moreau is being cheated out of his fortune by Hatfield, Lady Lou exposes her father, and he is forced out of Salmon Creek, taking his daughter with him. Hatfield abandons her in the snow during a blizzard, and Lady Lou is resucued from death by Steve Conahan, a fur trader who later marries her.

In her new life Lady Lou is happy until the appearance of Hatfield, who tells her husband she has been a dance hall girl and is no better than her mother who had run away with a half-breed. Conahan leaves Lady Lou, but is induced to return by the parish priest. The cast includes Miriam Cooper, Charles Clary, Monroe Salisbury, Ralph Lewis, Henry C. Barrow, Howard Davies and William Eagle Shirt, an Indian.

AFFIRMS DEATH SENTENCE.

By Associated Press.

AUSTIN, Texas, Nov. 24.—The judgment assessing the death penalty against Candelario Sabzar of Victoria county for the murder of Arthur Lopez, with testimony to indicate the motive to have been robbery, was affirmed by the court of criminal appeals today.

GRAIN COTTON

STOCK MARKET UNEASY WITH SMALL DEALS

NEW YORK, Nov. 24.—The reactionary trend of prices on the stock exchange today in which many leaders cancelled a substantial part of their recent recoveries suggested that financial conditions imposed further revision of quoted values.

Dealings were much smaller than on any previous day of the week, for which tomorrow's holiday was probably responsible.

Money conditions remained easy with an abundance of call loans at 6 percent and more liberal offerings of time funds and purchases of merchants paper, but industrial and commercial advances merely confirmed the growing conviction of inevitable slackening of trade.

Sales, 700,000 shares.

Bonds were dull and featureless, most leading issues including liberties showing nominal gains or loss.

Sales, par value, $14,875,000

Boy Scouts to Kill Rats in State Contest

A rat-killing contest, in which the Boy Scouts of the city will take part, is now being considered by H. E. Taylor, local scout executive. The contest, if held, will be with the Boy Scout organization at Corpus Christi. The contest is being sponsored by the extension department of A. & M. college.

The letter received from the extension department suggests that the contest start on December 15 and last ten days. The number of rats killed would be counted daily. The challenge of the Boy Scouts of Corpus Chrsti is statewide, and other scout organizations are considering entering the contest.

Reports from various sources indicate that this city is infested in certain sections with a large number of rats. In addition to the destruction of property the presence of the rodents in large numbers is a health menace. It is believed by Mr. Taylor that an active campaign on the part of the local Boy Scouts for a few days would succeed in ridding the city of the rats.

Tonight at 7 o'clock at the First M. E. church, South, the examinations for merit badges, first class and second class scouts will be held. About 25 scouts are ready to take the examinations. Friday night the regular scout meeting will be held at 7 o'clock. Following the regular sessions a mass meeting of all troops will be held at the First Presbyterian church. The court of honor will award badges at the meeting. A speaker will address the members regarding Boy Scout work.

With new troops being added daily Scout Executive Taylor now believes that the aim of 15 troops for the first of the year will be accomplished, with a possibility that 20 troops will be organized by that time. Father Boniface of the Church of the Sacred Heart has a troop formed which will be ready to register within the next 10 days. A second troop is being organized at the First Christian church. Earl Wyatt, formerly scoutmaster of Troop 7, is organizing a troop at the First Methodist church. E. E. DeMontel will take Mr. Wyatt's place with Troop 7.

TEXAS POOL HALL LAW IS AFFIRMED

By Associated Press.

AUSTIN, Nov. 24.—The Texas anti-pool hall law which prohibits the operation of pool or billiard halls in the state for profit was upheld today when the court of criminal appeals affirmed the lower court verdict under which J. A. Davis of Bell county was fined $25 for violating the law.

Contentions of the defendant that the passage of the law was irregular and that it was unconstitutional were not allowed by the court which said in regard to the latter, "We do not think the legislature has exceeded its power."

DANCING EXCLUDED FROM INAUGURATION

By Associated Press.

AUSTIN, Texas, Nov. 24.—There will be no dancing and no inaugural ball in connection with the inauguration of Pat M. Neff, governor-elect of Texas, according to a decision of the committee here which was appointed to arrange ceremonies welcoming the new governor.

THREE K. M. A. COMPLETIONS FEATURE WICHITA DISTRICT; PANHANDLE RUNS 900 BARRELS

Features of operations in the Wichita Falls district for the past week as far as completions are concerned are supplied by three Kemp, Munger, Allen district wells which mark as many new sands for the district and the Panhandle Refining Company's No. 3, McCluskey in Young county, reported earlier in the week as a completion, but according to later reports showing up much better than the first estimates.

The Panhandle well is now flowing better than 900 barrels a day, wire reports from Young county state.

The Universal well, in the north part of block 30, for several weeks the topic of more than usual interest because of its discovery of a 1500-foot sand as the casing was being pulled to abandon, is now making better than 175 barrels of oil, with some water, according to latest reports. The condition of this hole is rather unsatisfactory, it is understood, as the casing was shot in what appears to be the sand, and there is some difficulty in shutting off the water. This is the first 1500-foot producer in the field.

Wallace Well Features

The second Kemp, Munger, Allen well of feature importance is the Wallace well in block 21, the quarter section joining block 20 in the east. This well like that of the Universal has had the sand for several weeks, and there has been a large amount of work put in on the hole before it has been considered as a satisfactory producer. It is reported a hundred barrel completion, and this sand is also new for a producer in this district, 1630 feet, though several other tests in this block have drilled this sand, and some are now engaged in testing.

There is some speculation as to whether the Universal and Wallace wells may not have the same sand, the difference of more than one hundred feet being accounted for by a sharp dip to the east. There is substantiation of this theory in the various other pools of the county, for instance in the Burkburnett northwest, where the Waggoner pool has producers from slightly below 1500 down to 1850 feet the sand dipping greatly on the edges, and particularly the east and south edges.

However, until further drilling is carried on, past experience in the K. M. A. will favor the belief advanced by many that the wells in question have new sands, since what is called the Kemp, Munger, Allen pool really seem to be a succession of pools, some large, some small.

Munger Flows 100

Of interest equal to the first two wells mentioned is the third, the Panhandle Refining Company's No. 4 Munger, in the north part of block 25, swabbing and flowing 100 barrels from the 1200-foot sand, the third new sand to make a producer within the week, and the fourth producing sand in the Kemp, Munger, Allen district. As has been previously reported this well got the best showing that has been encountered of this sand, and the test the first of the week was very satisfactory.

Texhoma Completions

Completions in the Texhoma field have been limited this past week, though the new wells reported have been unsually good, and other important developments are expected to materialize shortly, from operations now under way.

Wirt Franklin's No. 1 Dodson is reported a 150-barrel well, this well being close to the Texanna's new gasser on the No. 5 Dodson, making around 15,000,000 cubic feet of gas. The Dodson tract also contributes another gasser, the No. 2 of the Jupiter Oil Company, reported completed on Tuesday for better than ten million cubic feet.

Mr. Back picked up his baby boy and exclaimed with fatherly pride, "There now, isn't he just the picture of his father?"

Mr. Brown thought a minute and replied, "Yes, you're right, but you don't want to let that worry you so long as he's healthy."

SUPPLIES FOR TEXAS FIELDS NOW SHIPPING

International News Staff Correspondent.

WASHINGTON, Nov. 24.—Long delayed shipments of oil well supplies to the Texas and Oklahoma fields are now beginning to move as a result of the recent order of the Interstate Commerce Commission allowing the ordinary flat bottomed coal car, regardless of the height of sides, to be loaded with oil well supplies by the mills and supply companies without requiring permits as heretofore.

For the last two and a half months permits have been required. This was due to the fact that the coal situation in a number of sections was acute. During that period only 60 gondolas could be loaded daily with pipe, casing and other oil well supplies in the Pittsburgh-Youngstown district. It is in this district that practically all oil well supplies originate.

Coal still has the preference but the removal of the permit feature means that many more cars will be available and the development of the oil fields which have been held up for lack of supplies can shortly go forward once more.

STANDARD OIL INCREASES STOCK

BATON ROUGE, La., Nov. 24.—At a meeting today of the stockholders of the Standard Oil company of Louisiana announcement was made that the capital stock of the company had been increased from $10,000,000 to $30,000,000.

FOUND GUILTY FOR KILLING FARMER

FORT WORTH, Nov. 24.—A twenty-five year verdict was returned by a Clebune jury late last night against W. T. Willingham, farmer near Alvarado, who was accused of killing A. C. Wells last September.

WHEAT MARKET BREAKS UNDER BEAR ACTION

CHICAGO, Nov. 24.—Heavy selling pressure, a good deal of it ascribed to a leading New York trader, led to a severe break today in wheat prices. Reports that 300,000 barrels of flour without financial backing had been vainly seeking a buyer at Philadelphia were made much off on the part of the bears. The market closed unsettled 7 3-4 to 9 1-4c net lower with December 1.59½ to 1.60 1-4 and March 1.54 3-4 to 1.55. Corn lost 2 1-8 to 2 1-4c and oats 7-8 to 1 1-4c. In provosions the outcome ranged from 15c decline to 82c advance.

Corn and oats sympathized with the weakness of wheat, elevator interests, however, helped steady the market through extensive buying of December and May corn.

COFFEE MARKET CLOSES HIGHER

NEW YORK, Nov. 24.—Coffee futures were higher today on covering by recent sellers and scattered trade buying promoted by reports of a better tone in Santos. The close was 20 to 30 points higher. Closing bids: December 6.55; January, 6.77.

Spot coffee steady; Rio 7s 6 7-8c; Santos 4s 4 3-4@10½.

DEMOCRATIC ELECTORS RECEIVED 132,188 VOTES

AUSTIN, Nov. 24.—Democratic presidential electors received a majority of 132,188 votes in Texas at the last general election, according to a tabulation of the vote, with 12 counties mission, made public by the state canvassing board today.

Tre democratic total was 217,231; republican 85,043.

Four years ago the vote was democratic 285,930; republican 64,990. Votes of other parties in the last election have not been tabulated.

HEARING ENDS DEC. 1

AUSTIN, Nov. 24.—Sessions of the state committee investigating the advisability of removing the state medical college from Galveston are expected to end December 2, according to Chairman Leonard Tillotson of the committee, who said that the committee will meet in Austin on December 1, and try to conclude its business and adjourn the following day.

COTTON SHOWS ACTIVITY, BUT CLOSES WEAK

NEW ORLEANS, Nov. 24.—Unsettled and without any definite trend, the cotton market was active today, with prices well above the level of yesterday's close at one time and well below at another, but the net changes for the day were insignificant.

January traded as high as 16.10 and as low as 15.44.

The weakness of Liverpool early in the day caused a selling movement around the opening, but the entire absence of tenders on this, the first notice day for December, brought in support on which the initial declines were recovered.

After mid-session the tone firmed up quickly on a better spot demand in Texas, Oklahoma and some sections of the eastern belt and on reports of a better demand for finished goods at some Carolina mill points. Texas claimed that England, Germany and Italy were in the market for large lots of spots.

After the highest levels of the day were reached there was a sag under what looked like releasing by early buyers.

N. Y. UNSETTLED

NEW YORK, Nov. 24.—There was a further recovery in the cotton market here today with January deliveries selling up from 16.10 to 16.80 This improvement was not fully maintained as there was releasing and a renewal of southern selling in the late trading.

The market was unsettled during the early trading owing to weakness in Liverpool, scattered southern selling and reports that so far there had been no improvement in the demand for cotton goods. A sharp rally occurred during the middle of the day on covering for over tomorrow's adjournment, a little trade buying, and scattering support from Wall street sources. The fact that both the American futures markets will be closed tomorrow had a restraining effect on fresh business, but probably stimulated fresh trade.

"Oh, cheer up," said Pat; "here, have a cigar, maybe you can recover your memory while you smoke."

Mike lit the cigar and puffed it. After a few whiffs Mike brightened up and said: "You are right. Pat That cigar made me think what the wife wanted. The wife wanted cabbage."

"MAXWELL HOUSE COFFEE"

The result of years of painstaking experiments to obtain just that happy medium in a perfectly blended coffee that will satisfy the most fastidious coffee lover. "It is good to the last drop."..

By virtue of an order of the District Court of the United States for the Western District of Texas, I will, on the 3rd day of December, 1920, at 12:00 Noon, at Waco, Texas, sell at auction, for cash, stock of automobile tires and tubes at $15,000, stock of fixtures and automobiles $7000.00 and accounts $20819.94; Also, on the 4th day of December, 1920, at 11:00 a. m., at Wichita Falls, Texas, I will sell, at auction, for cash, stock of automobile tires and tubes about $8,000.00 fixtures and automobiles about $3,000.00 and accounts about $9000.00; belonging to the Estate of Central Sales Company, Bankrupt; said sale being subject to the approval of the Court.
Inventories may be seen at my office in Waco, Texas.
JOHN MAXWELL, Receiver.

Will Photograph City From Above

Aerial photos of a number of Wichita Falls' principal buildings and industrial enterprises which will be used extensively, both as private advertising and in outside Wichita Falls publicity work, are to be made here within the next few days by the Aerial Photo Company of Houston, whose representatives, L. H. Young and C. L. Porter, are now here in conference with officials of the Chamber of Commerce and of local industrial plants.

Among those who have made arrangements for these aerial photos are two of the leading local industrial plants, one of the new office buildings, a local refinery, and a number of owners of new residences.

EMPRESS IMPROVING.
By Associated Press
DOORN, Holland, Nov. 24.—The condition of former Empress Augusta Victoria of Germany was much improved today. Her temperature was 100.4.

Culbertson Sees Sharp Reaction After Price Cut

A sharp reaction along industrial lines is predicted by J. G. Culbertson, president of the Wichita Motors Company, following his return from a combined business and pleasure trip of two weeks, which included a hunt on the Penthe & Yeats ranch in Guadeloupe county.

"There can be no real readjustment until labor costs readjust themselves" said Mr. Culbertson. "There has been no readjustment there, as yet, and for that reason I believe that there will be a return of materials to a level of comparative equality with labor costs.

"Much material is being marketed now at prices below the cost of production. This can not last, and without doubt will be corrected.

Just prior to his return, Mr. Culbertson delivered the principal address at the annual meeting of the Houston Chamber of Commerce, which had as guests of honor officials representing the Mexican republic. Mr. Culbertson's subject was "Foreign Trade" with especial reference to Mexico and Latin America.

A pleasant and successful stay at the Guadeloupe county ranch was reported—the party securing four deer. Included in the party was Judge W. L. Pierson of Greenville, newly elected associate justice of the supreme court, and a number of other well known Texans, together with a crowd of notables from out of the state.

KERNEL COOTIE—THE WOMEN SHOULD CELEBRATE THANKSGIVING THE DAY AFTER

PLAN TO BUILD NEW RESIDENCE DISTRICT AREA

Plans for aiding the development of the territory lying south of the city, and included between extentions of Holliday and Grant streets, as the coming residential district of the city, were incorporated in the portions of Kessler city plan discussed with George A. Kessler and assistants by a committee representing the city council and Chamber of Commerce Wednesday morning.

Practically the entire plan was gone over in detail, and agreed to by the committee in principle—some of the details, such as the fixing of the various zones and the like being yet to be definitely set. Several changes were suggested and approved by Mr. Kessler, and will later be included in the plan.

The principal of the fixing of definite zones, the limitation of the size and height both maximum and minimum and fixing the distances between buildings, was definitely agreed upon.

Plans for aiding development of the new residential area will include the elimination of objectionable industrial and switch tracks on the Wichita Valley between Harrison and the road to the Downing pool, in order that no barrier to the development of the section can be erected, and the building as soon as possible, of a paved drive from Harrison to Grant on one or both sides of the Valley track. The Brook street paving, it is contemplated, will be extended to tie in to the new drive.

Following his conference with the committee Mr. Kessler and his assistants drove over the city looking searching out possible sites for the new civic center where it is expected, will be grouped the various public buildings to be erected in the future. Although it has been thought that plans for the civic center all contemplated the grouping of new buildings around the Wichita County court house, it is stated that alternative sites are now under consideration due to the fact that property values around the court house may rise to prohibitive figures.

The committee going over the plans with Mr. Kessler and his assisttant, John Noyes, included: Acting Mayor Walter Curlee, Hubert Harrison, secretary of the Chamber of Commerce and Julian Montgomery, city engineer.

Paragon Carries Over 1,000,000 Barrels of Oil

More than a million barrels of oil transported by pipe line from the Northwest field to Toledo, Ohio, a distance of 1300 miles, is the record established by the Paragon Oil Company during the last seven months, according to information from the local office. The company completed the shipment of 1,000,000 arrels on November 15 and will have an additional 100,000 barrels delivered to the refinery of the Paragon Refining Company at Toledo within a few days.

The Paragon Oil Company of this city is a subsidiary of the Paragon Refining Company, one of the oldest independent companies operating in the state of Ohio.

The local company has approximately 600,000 barrels storage in block 74 of the Northwest field and transports in their own pipe line from that point to Waurika, Okla. From that point the oil is carried by a trunk line to Cygnet, Ohio, where the oil is again picked up by the company's lines and transported to Toledo. The Paragon Refining Company has a 10,000-barrel refinery in that city.

The Paragon Company entered this field a year ago last August. Since that time lines throughout the Northwest field have been laid and pending completion of the six-inch pipe line to Waurika the company had gathered and stored 500,000 barrels of oil. Some oil was shipped in tank cars by the company. The company has no production in this field.

Employes of Standard Oil To Get Stock

By Associated Press

NEW YORK, Nov. 24.—Directors of the Standard Oil company of New Jersey today announced they had voted to submit to stockholders on December 20 a plan made public some months ago by which about 37,000 of the concern's employes in America would be assisted in acquiring stock. Increase in the common shares by $10,000,000, accompanied by reductions of the present $100 par value to $25, is included in the proposition, it was stated.

Employes who have been active in the company's service for a year or more would be eligible to acquire stock under the new plan, it was announced.

If your bowels do not act regularly, you feel uncomfortable, and the longer this condition exists the worse you feel. To put an end to the misery, take Herbine. It purifies the bowels, restores energy and cheerful spirits. Price, 60c. Sold by your druggist.—Adv.

Navy Prevents Western Union Laying Cable

MIAMI, Fla., Nov. 24.—Naval forces in Biscayne bay today prevented what was said to have been an attempt by employes of the Western Union to connect the shore ends of a cable across the bay. The Western Union employes, fifteen in number, were placed under guard and still were being held tonight.

The Western Union men under orders from New York, it is said, went early today to a barge where the cable had been stored since the navy department interfered several months ago, with the intention of laying it immediately.

Submarine chaser 154 immediately left the municipal dock and drew up alongside the barge on which the workmen had landed, took possession and prevented the men from leaving. Armed seamen remained on the barge to guard the cable and prevent its being laid. When they arrived the workmen had the end of the cable in their hands, it was said, but had not begun splicing it to the cable laid under the causeway connecting Miami with Miami Beach when the causeway was built last year.

Western Union employes say the men on the barge are not under guard but were merely "requested not to leave."

If your child eats ravenously at times and at other times has no appetite at all, look out for worms. White's Cream Vermifuge is the remedy to use. It clears them out. Price, 35c. Sold by your druggist.—Adv.
