

THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday July 24, 1930

Number 15

Armadillo Derby Gets Publicity All Over Country

Mr. Melton Boyd, manager of the Kimble County Chamber of Commerce is in receipt of pages of the Detroit Free Press in which the Armadillo Derby staged here during our June Jubilee is featured. He also received the Feature Service of the Associated Press giving a top column article on the same subject.

Through the efforts and energy of Mr. Boyd the Junction June Jubilee of 1930 received an unusual amount of publicity. He also received a personal letter from Theodore Delavigne, editor of Wild Life Page of the Detroit Free Press. The following paragraphs are taken from the letter:

"About ten years ago I was recruiting for the army in your O. Henry country, and although I have traveled the wild and wide world over, I don't think I ever saw a finer country than down where the road runners run and the Coyotes quaver to the silvery moon.

"There's a lot of people up here by the Great Lakes who think that the biggest sport town in Texas is barbecuing a nigger," but I tell them that is because the wrong kind of publicity gets out of the State, like it does out of Chicago now and then. I tell them that if they want to see the place that God went to rest up in after creating the world, they should travel down by the Llano, the Frio and the Pedernales.

Mr. Boyd is to be commended for the publicity that he gave Junction, Kimble County and the Hill Country during the time he has served as manager of the chamber of commerce here. He has severed his connection with the organization, but has made many friends while here who wish him well wherever he goes. He plans now to enter the law department of the University of Texas in September.

All Candidates Must File 3rd Report Ten Days After Election

All candidates, whether they win or lose in Saturday's election, must make a third report of their campaign expenses ten days after the primary election, giving a record of all expenses. In addition to the report filed with the county clerk, the candidates must file a report with the county judge when he makes this third report.

To many of us so many reports seems unnecessary, but since it is the law, it will be better to make the reports—two before the primary and one ten days after which is made to both the county clerk and county judge. The same rule applies to the second primary which meets this year on August 23.

San Antonio Is Host To Rotary Conference

Roy Borden and John Hankins, president and secretary respectively, of the Junction Rotary Club, attended the district conference of the 47th District of Rotary International in San Antonio Monday and Tuesday. So well were the delegates from the fifty-one clubs entertained in San Antonio that they voted to return to San Antonio for their next meeting.

Roy and John state that many worthwhile addresses were brought by distinguished Rotarians from this district and also other districts. They brought enthusiastic reports of the meeting at the luncheon at the Fritz Hotel today.

Mrs. Alton Childers is visiting her mother in Mason County this week.

Executive Committee Meets Sat., August 2

County Chairman H. O. Wright issues a call to the county executive committee to meet at the court house in Junction at two o'clock Saturday afternoon, August 2, for the purpose of canvassing the returns of the July 26 primary. If the presiding judges of the primary election will follow instructions carefully that they find in the election supplies and fill all blanks, canvassing the returns will be an easy task. The committee is urged to meet promptly so that the work of the committee can be completed in time to attend the county convention, as some members of the committee will likely be delegates to the convention.

W.H. Stephenson Has Close Call In Llano River

Mr. W. H. Stephenson came very near losing his life Monday afternoon while trying to save his little daughter from drowning. He had accompanied his children, Melva, 13; Oscar, 12, and Mavellen, 7, to the North Llano for a swim. He found some people in the place where they usually go and went on up the river to where the old ice factory used to stand. He was sitting on the bank talking to other children when he looked up and noticed his little daughter in water over her head. She had drifted out into the deep water while swimming and when she tried to reach the bottom went under.

Mr. Stephenson jumped into the water with his clothes on. With the help of his other daughter he pushed Mayellen near enough the edge so that Oscar rescued her. By this time he was fatigued and was not able to swim against the current and it was too far to the lower end of the swimming hole. Melva, who is a good swimmer, managed to get her father by the sleeve and held him until Jim Harris, Fritz Meador, John D. Smith and Milled Pett, who had been attracted by the cries for help reached the scene and by the aid of a pole rescued Mr. Stephenson and his daughter. The banks on either side were steep and they could not get out on the sides.

The trouble came about by going into the water at the head of the swimming hole and current carried them down stream into deep water before they were aware of it. That was the cause of Mayellen getting into the deep water. Neither Mr. Stephenson nor Melva could swim against the current to shallow water.

Mr. Stephenson was weak for a few days, but is now regaining his strength, but says after this that he will take his children swimming at the lower end of a swimming hole instead of at the upper end to be drifted into deep water where there is no way to escape on the sides. Melva proved to be a real heroine by holding her father by the sleeve until help came.

BANDS PRACTICE HERE 8:30 TOMORROW EVENING

On account of the attendance of the Junction and Menard bands not being sufficient for a proper rehearsal last Friday evening the concert will not be given here tomorrow (Friday) evening. The Menard band will come here for a rehearsal and on the following Friday evening the first concert will be given at Menard. The bands are under the direction of Mr. Myers during the summer months, and concerts will be given at regular intervals. Friday evening, August 8, is the first scheduled concert for Junction.

COUNTY AGENT CLOSING FIRST YEAR'S WORK AND SUBMITS ANNUAL REPORT

Service and Activity of R. E. Homann Reaches Many Phases of Ranch and Farm Life in Kimble County

R. E. Homann closes his first year's work as County Agent of Kimble County this month and has prepared the following report of the year's work.

On August 1st, I, R. E. Homann, your county agent, became officially connected with the Extension Service of Texas and Kimble County. As your agent it has been my earnest desire to serve you in a manner advocated by the Extension Service, that is, purpose, method and result demonstrations which are agriculturally sound and economic.

In the pursuit of my work in this county I gather from monthly reports rendered and submitted to headquarters at College Station, Texas, the following data which I respectfully submit to you and the tax payers of the county for approval.

In submitting this report at this time I have taken for the July figure the average of the past eleven months. Taking into consideration on holidays, officially granted, and other leaves of absence, authentically granted, I have spent 247 days in the field and 46 days in the office. I have had 673 office callers seeking agricultural advice and have answered 436 telephone calls pertaining to agricultural problems. I have also written 785 letters dealing with agricultural questions and have visited 475 homes in the county. I have conducted and attended 287 meetings with a total of 21,397 people present. Officially I have travelled 13,043 miles in this county and approximately 7,000 miles attending livestock and agricultural programs where I served on the program. My expenditure for cars used in this service officially kept in this county amounted to \$796.75.

Co-operation
It has been the practice of your agent to co-operate with all other agencies, to lend assistance when needed and could be given and considered sound for the progress of the county. These agencies include the Chamber of Commerce, the Vocational Agriculture department of the high schools, the Parent-Teachers' Association, Lions and Rotary Clubs and schools with other civic and social organizations.

It has been the policy of your agent to assist neighboring county and home demonstration agents; to attend District Extension meetings; the various agricultural and livestock Short Courses, such as those held an-

Formal Opening of Courthouse Aug. 1st

The commissioners and county officials will hold open house at the court house Friday evening, August 1. A program will be rendered in the district court room and the people will have an opportunity to inspect the new court house.

The county officers are moving in this week and all of them are delighted with their new quarters which are very beautiful and elegantly furnished. It is not as large as some of the larger court houses but it is well arranged and the comfort and convenience of everyone who has any occasion to visit the court house has been provided for.

Dr. and Mrs. W. O. Padgett and children, Harold and Mary Ruth, and mother, Mrs. Emily Padgett, of Graham, Texas, arrived Monday for a visit with Mr. and Mrs. Edgar McLendon.

nually at the Experiment Station at Sonora, the Medina Hereford Short Course and the Annual Short Course held at College Station.

As a member of the West Texas Advisory Board, I have endeavored to make West Texas agricultural and livestock products better through demonstration methods.

Agronomy
By encouragement of better seed and through the assistance of the Chamber of Commerce, 9,760 pounds of pureline planting seed was secured and distributed to 47 Kimble County farmers and ranchers. This seed valued at \$487.75 alone represents a saving of one hundred or more dollars on purchase and is producing crops valued conservatively at \$30,000. One thousand pounds of alfalfa seed were purchased and a saving of two dollars per hundred made. The alfalfa seed was properly inoculated with nitrogen which proved to be a new practice in the county and means a saving of from one to two years cuttings from prolonged life of crop and invaluable plant food stored in the soil. Thrifty crop demonstrations are now nearing completion and production costs versus purchase or sale of product receipts will be checked.

Beef Cattle
A number of purebred sires were selected for use on the range and many beef cattle feed recommendations made during the last winter feeding period. Approximately 70 head of cattle were saved by veterinary treatment administered by the agent. Bloodless castration was practiced on more than five hundred calves which result not in desirable summer steer calves, reduction in worm cases and increased weight of calves at delivery this fall. Four hundred cattle were vaccinated for charbon; five hundred or more calves were vaccinated for blackleg. Five demonstrations in dehorning were given. The difference made on horned and dehorned feeder cattle amounting to five dollars per head.

Dairying
Approximately fifty dairy or milk cows were treated for fever, compaction and mastitis. Milking rations were recommended and successfully fed on a number of farms. The value of economic production is

(Continued on page 2)

Precinct Convention Meets Sat., July 26th

Each voting box is expected to hold a precinct convention at three o'clock Saturday afternoon, July 26. The presiding officer of the various boxes in the county should see that the voters hold this convention and pass such resolutions as they see proper and elect delegates to the county convention which meets in Junction at three o'clock on August 2.

It is important that the precinct conventions meet to elect delegates to the county convention which convenes at Junction August 2.

Mr. and Mrs. J. H. Young and children have returned to their home in Houston after a pleasant visit with Mr. and Mrs. N. H. Skaggs and other relatives.

Judge J. B. Randolph was a business visitor in Austin Tuesday.

Dallas Man Catches 8-Pound Black Bass

Louis A. Zeleskey, accounting manager for the Universal Credit Co., Dallas, who has been visiting at the S. T. Guthrie ranch, caught an 8-pound black bass on a Shannon twin spinner July 20th. Several minutes later he hung another which broke the line, his only regret being the loss of his pet dog. During the week he caught over 90 bass ranging from one to 2 1/2 pounds on fly-rod. He assures us that he will return for the "big one that got away." Mr. Zeleskey is a well known sportsman, belonging to the Dallas Hunting and Fishing Club of that city, having the distinction of being among their best anglers.

Election Polls Show Sterling Leading, 'Ma' 2

The Junction Eagle takes no part in politics and makes no effort to tell voters how to cast their ballot. The editor of the Eagle does not feel inclined to even suggest how its readers should cast their votes. This is a free country and we are privileged to vote as our "conscience" dictates. With eleven candidates in the race for Governor it would be hard to forecast the results.

Three independent polls of the state have been taken and all give the same result. The Dallas Dispatch has probably made the most extensive poll. This poll was an ambitious effort. Correspondents in every county of the State, trained to such estimates in no less than ten similar experiences, organized and in close touch with conditions, gave the probable vote for each candidate. Errors on one side were supposed to counteract errors on the other.

The final result was:
Sterling 95,090
Ferguson 93,523
Miller 73,940
Love 69,260
Small 68,600
Young 57,164
Mayfield 52,428
Scattering 10,000

Somewhat similar polls were made by two other reliable agencies. One was the Dallas Times-Herald, which has remained neutral in the struggle and the other by an organization in close touch with Texas publishers.

The showing, as indicated by replies, is as follows:
Sterling first place 147
Mrs. Ferguson first place 141
Small first place 119
Young first place 114
Love first place 106
Mayfield first place 96
Miller first place 81
Out of the total of 548 replies Sterling has either first, second or third place in 317 answers. On the same basis Mrs. Ferguson has first, second or third place in 331 answers.

FLYING EAGLE PATROL IS ON 3-DAY CAMP

The Boy Scouts are camping this week on Mr. T. M. Hodges, Sr., ranch. Those enjoying the outing are Virgil McCoy, Leon Turner, Fred Ramsey, Kied Sheppard, Warren Roberts, Jarvis Jordan, Clifton Schraub, Melton House and Bill Barnes. They were accompanied by Mr. Guy Moses, Scout Master, and Messrs. Frank Hall and Mitchell Bethel, assistant scout masters. The parents of these boys will enjoy a barbecued chicken dinner with the scouts Thursday evening.

Messrs. Roy Skaggs and Carl Tibbett are slowly improving from their serious auto wreck two weeks ago. Roy has been removed to the home of his brother, Dr. L. L. Skaggs, but Carl is in the hospital. Their friends are glad to learn that they are improving and are hoping that their recovery may be rapid.

Officials Move Into New Court House This Week

Beautiful in its design, convenient in its arrangement and elegant in its furnishings is a mild expression of approval of the new Kimble County Court House into which the county officials are moving this week. Built of beautiful white brick, it is fire proof throughout and is equipped with modern, sanitary furnishings. The halls and wainscoting is of pyro-flash tile and the courtrooms and judge's office has cork tile floor. Four large clocks on the four sides of the building furnish time by day and by night. An automatic cooling system furnishes ice water for drinking during the summer months and the building is steam heated in the winter. Nothing has been left undone to make it a thoroughly modern courthouse, and complete with all equipment and furnishings will cost approximately one hundred thousand dollars.

The most completely and elegantly furnished room in the building is the ladies rest room on the left as you enter the main entrance on the west. Comfortable and appropriate furniture has been installed and when the women of the county come in to do their trading they will find a real rest room. Everything for the comfort and convenience of the women has been provided.

The building is two stories and a basement. The abstract room of the clerk's office is in the basement; also several office rooms and the boiler room. On the first floor are the offices of the county superintendent, county judge, county and district clerk, county attorney, tax assessor, county treasurer, sheriff and collector and county court room. All the officers' needling vaults are provided with the very best. According to Judge Randolph, the building was erected to take care of the needs of the county for many years. Future needs as well as present were considered.

On the second floor is the district court room, grand jury room, petit jury room, consultation rooms, witness rooms, etc. The petit jury room is equipped with comfortable beds, shower baths and everything the jurors will need except their meals. All the accommodations for district judge, district attorney, and others connected, in any way, with the court has been provided. The commissioners' court has been very vigilant to see that the people's money was wisely expended in the erection of the building. An open house will be held on Friday night, August 1, to which everybody is invited. At this time a program will be rendered in the district court room and the building will be thrown open for inspection.

Cat Mothers Baby Coon and Kittens

A cat "mothering" a baby coon and a kitten is becoming a familiar scene at the Hankins Drug Store. Jack King became the owner of a little coon when it was very young, and at that time a cat had a litter of young kittens. The baby coon was placed with the mother cat and she adopted it. She seems as proud of the coon as the kittens. All of the kittens died except one and she now has the coon and the kitten and they have no domestic trouble. The baby coon is also very fond of a bottle which it uses freely.

Many people call at the drug store to see the coon, and when called usually comes out to be inspected.

Miss Temple Boone returned last week from an extended visit in San Angelo and Menard. Her friend, Miss Beatrice Neal of San Angelo, returned home for a visit with her.

In Our Churches

CHURCH SERVICE AT SEGOVIA, SUNDAY, 8:15

There will be church service in the Segovia school house Sunday night, July 27, at eight-fifteen. G. W. Crofoot, pastor of the Junction Presbyterian Church, will preach. Everyone is cordially invited.

CHURCH OF CHRIST

All the regular services Sunday. Bible classes will meet at 10 a. m. Preaching at 11 a. m. and at 8:30 p. m. Young people's training class will meet at 8 p. m. Subject, "The Parables of Christ." Reading lesson, the 13th chapter of Matthew.

J. S. Newman, Minister.

PRESBYTERIAN CHURCH

(Meeting at present in the Episcopal Church) OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.

Sunday School meets at ten o'clock.

Morning worship at eleven o'clock.

Sunday night at eight-fifteen there will be worship in the

County Agent Closes First Year's Work and Submits Annual Report

(Continued from page 1)

now being demonstrated in one herd of cows.

Entomology

Approximately seventy-eight calls were answered in regard to garden pests, fruit and cotton pests and rodents. Poisons were mixed or recommended.

Poultry

Twenty-four flocks of poultry were culled in demonstrations with rather large crowds in attendance at these demonstrations.

Poultry diseases such as roup, diphtheria, bronchitis, sorehead, coccidiosis, bacillary white diarrhea, scaly leg, nites, bluebugs, lice and others were practically controlled and were a source of constant trouble throughout the year.

Four hundred eight head of turkeys were wormed in demonstration, only a few people taking interest in this work. Nine demonstrations were given during the fall and winter months. These demonstrations served only a few people and fewer still did not continue worming.

Feeds and Feeding

During the winter feeding period passed through, winter feeding recommendations were given daily. Much feed was wasted by over-feeding. Approximately \$400,000 dollars worth of feed was fed in the county during the past winter. The agent found many ranchers feeding two pounds of cake to sheep and goats which practice is both costly and dangerous. Such practices were corrected by instruction and in several cases check tests were made to show that an animal can only consume and digest a certain amount of feed.

Fertilizer

Fertilizer for various types of soil were recommended to more than fifty people. A soil analysis was made on five farms.

Horticulture

Pruning of trees was demonstrated at three farms. A pecan tree dehorning demonstration given and a pecan improvement demonstration started. Three dozen fruit trees of various kinds and varieties were secured through donation and these were planted at the Teacup, Ivy and London schools by club members. Tree sprays were recommended to a number of inquirers.

Irrigation

Thirty thousand yards of irrigation lines were run on four different farms. Watering of row and broadcast crops in cropping system demonstrations made. The value of such work depending on its permanency.

Segovia school house. The Woman's Auxiliary meets every Wednesday afternoon at four o'clock.

FIDELIS CLASS

The Fidelis Class of the First Baptist Church met with Mrs. Jim Carpenter Wednesday afternoon on a called business meeting.

The women decided to hold a sandwich and cake sale Saturday afternoon.

After the business meeting a social hour was enjoyed.

Tuna fish salad, tomatoes, pickles, saltines, cantaloupe, surprise and iced tea were served to the following: Mesdames L. R. Hodges, Chas. St. Clair, D. S. Stone, Roy Reynolds, Cleve Stephen, C. W. McCarroll, Leon Powell, Carl Taff, Mrs. Flora Hardin, U. D. Kindrick and the hostess.

Mr. W. H. Stephenson returned last week from an extended trip in various parts of Texas. He has a special car built in which he lives while on these long trips.

After the funeral of Dave Turner recently a Krag rifle was placed in the wrong car and Sheriff Patterson would be glad to have the rifle returned to him.

Mr. and Mrs. S. T. Guthrie had as their guests last week Mr. and Mrs. Louis A. Zelesky, of Dallas.

Swine

Seven demonstrations in vaccination of hogs for cholera were given. A serious outbreak of cholera was curbed after the loss of twenty-five head of hogs by one man and one each of two other men. Such practices on the farm are invaluable and must be followed if economic production is to continue. Two litters of hogs were enrolled in a short fattening period demonstration and good cheap results obtained.

Sheep and Goats

Stomach worm, tape worm, nodular worm, and whip worm, grub in the head, poisonous weeds and shrubs and hemorrhagic are all common troubles of the sheep and goats in this county with which the agent is continually confronted. Overstocking must be practiced before such troubles can be successfully overcome. Seventy thousand head of sheep and goats were treated with home mixed drenches. The doping of this number of sheep and goats at a cost amounting to less than a cent a head has saved the ranchers in actual money \$2,100 to say nothing of death losses resulting from improper doping and a failure to dope periodically and systematically. Poisonous weeds on the range causing losses were brought under control by feeding and a change of range for a certain period at

which time plants are harmful to livestock. Pinkeye was more or less common and approximately 7,000 head of sheep were treated for this disease.

A special study of the fringed tape worm infesting the liver and bile duct of sheep was made in connection with Dr. H. O. Von Rosenberg of the Park Davis Laboratories who spent two weeks in this section. One hundred twenty head of sheep and goats were posted for various diseases and parasites during the year. Sheep feeding demonstrations were not successful because of high priced feeder lambs, high priced feed and poor market prices.

Terracing

Three hundred acres were actually terraced this past fall and more could have been terraced had weather conditions not interfered. Terracing was done through the use of county graders and machinery not in use in which case the cost of terracing amounted to less than fifty cents per acre. The value of such work is reached by the Federal Farm Loan basis of increased valuation of ten dollars per acre. The conservation of soil, water and plant food is very essential and is being demonstrated on four farms.

4-H Clubs

Forty-six junior demonstrators completed their first year's work in various lines of agriculture and livestock. Feeding and breeding demonstrations were carried on by members in connection with the agent. An average of two meetings were held at all active clubs and systematic instruction was given along the lines being followed in demonstration on the farm or ranch.

Club activities began with the November 11th Rally and C. of C. Membership Drive. During this contest eight club members raised \$1,362 and were awarded livestock and poultry prizes for their efforts.

The first Annual Club Show was staged on May 9th and 10th which was the culmination of the first year's demonstration work. All junior demonstrators were successful in the venture in the club work.

The 1st Annual Goat Show was staged in connection with the June Jubilee, June 17 and 18. These boys and girls made a good showing in both feeding methods practiced and management problems concurred.

Conclusion and Outlook

Hard Soft CORNS

Gone In 4 Days
Roots and All
Callouses Too

Out to stay out—selling like hot cakes in Great Britain and now in America—the pleasant, easy way to get rid of corns—a joyous, refreshing, invigorating foot bath for 3 or 4 nights and then lift out the corn—roots and all.

They call this miracle worker Radox and since it has been working wonders with the bad feet of the tight little Isles—plasters and acids, cutting and skin destroying liquid belong to the dark ages.

It's the modern way—the sensible way to take out corns—to abolish callouses—to dissolve the hard skin from heels and toes and to put your feet in good vigorous condition so that you can walk and run and jump and dance with ease and pleasure.

Just ask for a box of Radox at Heyman Drug Store or any modern drug store—you'll be delighted.

It is the opinion of the agent that since people have gained confidence in the work and their knowledge of the value of such work has been extended, greater results with more valuable and varied demonstrations will be conducted next year.

It has been a pleasure for me to serve you when service of value could be rendered.

"Personal service" that is individual jobs are not conducive to an outstanding program and hinder the work of the agent more in a county than any one other thing with which he comes in contact. We need more demonstrators and less co-operators; more people that are willing to attempt and carry out new farm and ranch methods and practices essential to economic crop and livestock production. Such people are community builders and leaders and the onlooker fades into the background.

For the advancement of agriculture and livestock in Kimble County, for the advancement of community leadership and systematic and practical education I have prepared this report.

Country Correspondence

LONDON LOCALS

Master Pat Amaon spent a night recently with the Downs Brothers at the Claude Weaver home. These fine little boys are the sons of Dr. Downs of Dallas. Pat says they are real sports and he intends to spend another night with them soon and they will camp out in the hills.

Mr. and Mrs. W. W. Williamson and family took a pleasure trip recently, returning the 14th. They visited San Antonio, San Marcos, Houston, Galveston and other towns along the line, returning by Austin, Dallas and Fort Worth. They were gone 8 or 10 days and Mrs. Williamson and Chick say they had a real pleasure trip.

Mr. and Mrs. E. A. McCollum of Hereford, son of Mr. and Mrs. J. A. McCollum of this place, is here on about a 20-day vacation. Mr. McCollum has a position with the International Harvester Co. at Hereford, and is another London boy who is making good. He informs us the wheat crop is short in his section, averaging about 6 bushels per acre and is selling around 60 cents per bushel. This means hard times for his section. Last year the crop averaged around 10 bushels per acre and the price around \$1.25 per bushel.

Mr. Joe Hardesty was in from the farm Thursday of last week. J. B. Reese of Leakey is here for a few weeks. He will do some work for W. J. Mogford while here.

Mr. K. G. Durst was among our visitors last Thursday. Mr. Durst is interested in the election of a county tax assessor and believes he knows who ought to have it and is trying by honorable persuasion to get the people to believe like he does in this matter. It is fine to see two such worthy men as Kittrell and Joe go out and run a race each on his own merits.

Mr. E. V. Stewart, candidate for county judge, has been here for several days telling the boys who he favors for county judge.

Mr. and Mrs. Tom Horn, Mr. and Mrs. Howard Horn, J. P. Jones and family are among those attending the Fredonia barbecue.

Mr. and Mrs. E. I. Cummins, Miss Bertie Lee, and Mrs. G. R. Kothmann attended as they thought an old settlers reunion at Fife, but to their surprise they ran into an old time Methodist conference. There is where E. I. put on a shine. Just fitted himself into his place and had a real good time. I am not informed as to who loaned him the long tailed coat he was supposed to wear on such occasions.

Mr. Sam A. Brewer and family of Breckenridge came in Saturday to visit relatives and friends here. Sam is a son of Mr. and Mrs. E. W. Brewer. He made a short stay, returning to his home Sunday. His father and mother and his daughter, Miss Mary Frances, who have been spending several weeks with her grand parents, accompanied him home. It always seems good to see Sam come to London and meet old time friends.

Mr. L. M. Andrews, another old timer, was on our streets Saturday.

Mr. Dee Gibbs was among our visitors Saturday.

E. V. Stewart entertained our people with public speech Saturday evening. He spoke to a good crowd on the side walk. Joe Bissett was in town Saturday. He incidentally was telling the boys who he favored for assessor, but more directly he was trying to get O. D. Price to take him out home for supper. Joe ought to be a good campaigner to have the nerve to ask a fellow to give him his supper as hard as times are now.

Messrs. Rufe McKay, Sheriff Frank Patterson and W. W. Taylor were all here Saturday electioneering for their favorite candidate for sheriff.

Mr. S. P. Coleman and Lon LeMay of Greenville, Texas, and J. T. Coleman and family of Dallas were guests of Dr. France for a few days, leaving Monday morning. Mr. S. P. Coleman is a brother-in-law to the doctor and Mr. LeMay a

nephew by marriage.

Mr. Bill Amaon and family, Mrs. G. T. May and Mrs. O. B. Stuber went to the Brit Taberville ranch near Barksdale Saturday to attend a family reunion. All report a nice time.

Mrs. O. D. Price was behind the counter of Mrs. G. T. May Saturday.

Mr. DeWitt, Walton left Sunday to report to his commander at New London, Conn., where he will enter the submarine division of the navy.

London needs rain badly. From a personal survey of the country we find conditions better than we expected. Splendid feed crop already saved, considerable corn made, cotton plants are small but well fruited. With a good rain at this time to revive the feed crop, insuring another good harvest and put new life in the cotton plant and give us a fall grass crop for our live stock, we would be O. K. Considering all things, we would have plenty to eat and that is what sustains life.

JOHN E. DAVIS IS IN RACE FOR TREASURER

John E. Davis of Mesquite, widely known Texas editor and legislator, now a candidate for State Treasurer, who has published the newspaper in his home town for the past thirty-one years, enjoys the distinction of having been elected to the Legislature more times than any other person in Texas history. He has represented Dallas County for the past eighteen years, being nominated for his ninth term by a majority of 14,186 over two opponents, which attests his character and standing among those who know him best. He has been chairman of the contingent expense fund of the House for ten years and is often referred to as the "watchdog" of the contingent expense fund because of his careful handling of the expense bills of the House. Born fifty-five years ago, Mr. Davis has spent the greater part of his life in Dallas County, where he has been an active and useful citizen, serving in many capacities without pay, including that of mayor of his town for four terms.

The opinion recently expressed by Speaker W. S. Baron that "John E. Davis has the honesty, ability, and industry needed in that office" is one that is shared by his friends in practically every community in Texas.

BAYLOR SCHOOL TABLET IS UNVEILED IN ITALY

Lucca, Italy, July 17.—A tablet donated by Baylor University, Waco, Texas, was dedicated today in the house where Robert and Elizabeth Browning lived from 1853 to 1857. Baylor University has been particularly interested in the Brownings because it possesses many of their first editions and manuscripts. A delegation from Waco was present for the ceremony together with the local authorities. The speakers were the podesta or mayor, Prof. Italfani and Prof. Armstrong who headed the American group.

Superintendent Guy Moses returned Tuesday evening from a business trip to Austin.

Federal Officers Surprise 23 In Booze Round-up

A squad of eleven Prohibition Enforcement officers in charge of Capt. Verne Miller, Deputy Prohibition Administrator of San Antonio, raided a number of residences and others places in and around Kerrville Saturday evening and night, arrested twenty-three persons, seized a large quantity of beer and whiskey, one still and an automobile. The prohibition officers arrived so suddenly and worked so fast that a number of offenders were caught unaware, before news spread.

Eleven of the persons captured were arraigned Monday morning in San Antonio before United States Commissioner Lockhart on charges of violation of the National Prohibition Act. They were Antonio Sanchez, Juan Espinosa, Percy C. Bowles, L. A. Bond, Wes Freeman, Jim D. Johannessen, Nora Johannessen, Joe C. Dilworth, Clarence E. Patton, Jeff Cooksey, Jr. and Richard Vargas. Some of the number arrested were taken to San Antonio Saturday night and some of them were released on their own recognizance bonds, some of them appearing before Federal authorities Monday in San Antonio.

Bonds were set at \$500 each for the eleven persons.—Kerrville Times.

Carolina Woman Lost 47 Lbs.

In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930.

"P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Heyman Drug Store and druggists the world over. Take one-half teaspoon in a glass of hot water every morning before breakfast—walk a little each day. Do not overeat.

WM. STRICKLAND WILL LEAD BAPTIST CHOIR

Rev. G. W. Crabb announces that Mr. Wm. Strickland of Fort Worth will be in charge of the singing at the revival services which begin at the Junction Baptist Church on Sunday, August 3. Mrs. C. W. McCarrill, the local director, has been meeting with the children in order to have the preliminary work of the children's choir finished when Mr. Strickland arrives.

Members of all the choirs of the city are invited to join in the singing at the revival meeting. The stage for the choir has been enlarged and there is room for many singers. If the present stage is filled there is room to make it still larger.

Mrs. Otis Williams and daughters, Misses Vera Maude and Beatrice, of Abilene are the guests of Mr. and Mrs. Chris Schraub and family.

Hon. Will A. Morris Speaks for Sen. Small

Hon. Will A. Morris of San Antonio addressed a crowd of voters at Schreiner Park last Friday evening in the interest of the candidacy of Clint C. Small for Governor. He gave a record of Mr. Small's achievements and paid his respects to several of the candidates, especially condemning the Sterling plan.

Mr. Morris thinks that Small will make Texas a good governor as he is not a seasoned politician like Mayfield, Love, Ferguson and Miller. He has served his State well locally and Mr. Morris believes that he will make equally as brilliant governor as he has local officer.

TO THE VOTERS OF JUSTICE PRECINCT NO. 1, KIMBLE COUNTY

It has not been possible for me to see every voter personally in my race for Justice of the Peace, so I am taking this method of asking those, who I have not seen, to give me their vote and influence in the coming election.

I am asking for this office for a second term believing that through the experience that I have gained during the first term I am now better qualified than before, to administer the affairs of the office.

Walter Buck.
 Patronize Kimble Co. Merchants

Standifer Hospital News

Among the patients in the Standifer Hospital this week are Mrs. Lula McDonald of San Antonio, who was injured in an automobile accident.

Mr. Joe Goodman of London had his tonsils removed.

Mrs. Eli Baker was in the hospital for medical treatment.

Miss Davis of Houston was brought to the hospital suffering from a fractured arm.

The little son of John Taylor was given attention for a broken elbow.

Miss Margueriet Byrnes of Houston is one of the unfortunate vacation visitors who is suffering from a broken arm.

PURE WATER

City Secretary John S. Munn received a notice Tuesday from the State Department stating the water of Junction was safe and free from any contamination. The city is constantly on the alert to see that Junction has safe water. Water is sent to Austin at stated intervals for examination. The report received this week states that Junction has a safe water supply.

NEVADA BLACKBURN IS SLUMBER PARTY HOSTESS

Miss Nevada Blackburn was hostess to a group of her friends to a slumber party at her home Wednesday night, July 16.

Those present were: Benita Barnes, Lucille Motley, Elsie Bessent, Lenora Ligon of Fort Stockton, Pairalee Linn and the hostess.

I. W. W. CLUB

The I. W. W. Club arose early Thursday morning and went to Price's Camp for a sunrise breakfast. Some went swimming before breakfast while the rest prepared the eats. Those present were:

Lucille Motley, Elsie Bessent, Nevada Blackburn, Sarah Alice Witt, Louise King, Eunice Northcutt, Vivienne Livingston, Eleanor Highsmith, Stella Bissett, Benita Barnes, Vernelle Tinsley, Josephine Stockard, Annie Bell and Ruth Sparks, of San Benito, Mildred DeFriest, Lenora Ligon of Fort Stockton, Pairalee Linn and Mrs. B. B. Ragland.

SCHOOL TRANSFERS

Judge J. B. Randolph announces that school transfers must be made before August 1. Those desiring to transfer their children from one district to another in Kimble County should make their application before the month closes.

Mrs. John Molesworth, Sr. and Miss Charlotte Molesworth of San Antonio were guests of Mr. and Mrs. A. L. Mudge at Red Hollow Ranch last week. They left Saturday for their ranch at Sierra Blanca where they will spend the remainder of the summer.

TO THE PUBLIC

We wish to state that the Glossbrenner Truck Line is still in full operation, running daily from Junction to Menard. Leave Junction 6:30 a. m., arrive at Menard at 8:30 a. m. Leave Menard 10:30 a. m., arrive at Junction 12:30 p. m.

Your hauling will be very much appreciated.
 Phone 207 or 1602F5.

NITE CLUB ENJOYS SWIM AND DANCE

Monday evening the members of the Nite Club enjoyed a swim in the South Llano at Kimble Courts after which they indulged in a picnic feast. Later in the evening they repaired to the recreation hall and danced until a late hour.

Those present were Mr. and Mrs. U. D. Kindrick, Mr. and Mrs. Clay Secrest, Mr. and Mrs. Carl Wolf, Mr. and Mrs. S. A. McDonald, Mr. and Mrs. Guy Wynne, Mr. and Mrs. C. T. Holekamp, Mr. and Mrs. Clay Maddux. The guests on this occasion were Mr. and Mrs. A. S. Rieck, Mr. and Mrs. Hugh Rieck and Miss Eloise Harde-man.

I. W. W. CLUB

The I. W. W. Club was entertained on Wednesday afternoon, July 23, at the home of Mrs. B. B. Ragland. Ruby Davis acted as hostess.

Contests were played. Vernelle Tinsley read "A Similar Case," Pairalee Linn read "Betty at the Base Ball Game," Inez Curtis read a negro dialect number.

A business session was held. The previously called I. W. W. Club was re-named "The Joy Girls."

Refreshments of lemonade and cookies were served to the following club members:

Elsie Bessent Eleanor Highsmith, Dorothy Salter, Sarah Alice Witt, Benita Barnes, Ruth Sandherr, Lucille Taylor, Virginia Strong, Inez Curtis, Stella Bissett, Lois Goodwin, Mrs. B. B. Ragland, Pairalee Linn and the hostess. Inez Curtis and Lois Goodwin became members.

The next meeting will be held at Eleanor Highsmith's on July 30. The initiation will be held Friday night at the home of Pairalee Linn.

MISCELLANEOUS SHOWER

Mrs. J. B. Fisher gave a miscellaneous shower at her home Saturday night honoring Mr. and Mrs. Roy Fisher, who were recently married. The room was beautifully decorated with blue crepe paper.

Many useful gifts were brought in by Mrs. Ben F. Simon and Mrs. Ross Goodall dressed as a negro boy and a negro girl. Amusing games were enjoyed after which cake and punch were served to the large crowd present.

LITTLE CLUB

Mrs. Irvin Jarvis was hostess to the members of the Little Club Wednesday morning. Bridge provided entertainment for the guests. Mrs. Pierce Hoggett won the prize, a pretty vase.

Potato salad on lettuce, tomatoes, baked beans, salmon croquettes, hot rolls, banana pudding and iced tea were served to Mesdames Norman Ray, Rudolph Tatum, Pierce Hoggett, L. D. Borden, L. E. Standifer, Clifford Hamer and Guy Moses.

NITE CLUB

The members of the Nite Club were entertained by Mr. and Mrs. Carl Wolf Saturday evening at their residence.

After several games of bridge a card table was awarded Mr. and Mrs. S. A. McDonald who made high score. Mr. Clay Secrest received a deck of cards for progressing most during the evening.

The guest prize, a gaily decorated kitchen set, went to Mrs. Fletcher Sullivan of Flatonia.

A delicious Dutch lunch was served at the close of the evening.

The club guests were Mr. and Mrs. Fletcher Sullivan of Flatonia and Miss Eloise Harde-man.

"WE" Join With Firestone

To Bring You GREATER VALUES at LOWER PRICES

PRICES are low on many good tires, but there is only one "Best." The Firestone Company, Firestone Dealers and Service Stores join in reducing distribution costs.

It was not enough for Firestone to originate and apply economies in the building. Firestone now originates and further applies economies to distribution which reduce our cost and enable us to increase our volume

at small profits. . . We invite you to come in and see the new Firestone Line at these low prices. We not only have tires in all popular sizes, but we have the cross sections so that you may examine the inside construction of the tire, and actually see the advantages of Firestone over other makes. You will be convinced that no such values have ever been offered you before.

LEADERSHIP

- Firestone brought out for automobile use:
 - The first straight-side tire.
 - The first rubber non-skid tread.
- The first commercial demountable rim.
- The first patented Gum-Dipping process.
- The first balloon tire.

PERFORMANCE

- Firestone Gum-Dipped Tires:
 - hold all world's records on road and track for safety, mileage, speed and endurance.
 - for eleven consecutive years have won the 500 mile Indianapolis Endurance Race.
 - were on winning cars in Pike's Peak Race, where a slip meant death.
 - were on the Studebaker car which on a board track at Atlantic City in 1928 went 30,000 miles in 26,326 minutes.
- ran 71,351 miles on a Detroit taxicab, before the first tire was replaced.
- were on the G. M. C. truck carrying a two-ton load that hung up the Coast-to-Coast endurance record.
- for 10 years have been sold on a mileage cost basis to taxicab and bus lines in greater volume than any other tires, and now equip the world's largest taxicab fleet and the world's longest bus line.

RHEUMATISM Pain in neck, shoulders, arms, hips, limbs or it may shift about sometimes causing swelling. Young's stomach powder room needed for rheumatism by physicians. Through returns money if it fails. McInnis Drug Store

RACING TIPS Commissioner's Derby

In the line-up at the starting post on one side was the old familiar entrants, track wise and track worn but prancing under promising colors. One new contestant was noticeable, wearing blue for truth and fairness. From all available records he was sound, inside and out.

At the starting post, due to hot air, kicked up dust and confusion, the new entrant was left four lengths behind. But at the half post Old True Blue settled himself to the task and forged straight ahead, gaining two lengths. At the three-quarter post he had gained another length and now in the last lap, as the field comes flashing down the home stretch, he is running an easy neck and neck with the leader with nothing to pass but the judges' stand and the wire!

You have seen the race. Old True Blue ran it fair and square, with never a backward kick nor a side swiping to injure a fellow contender. Now you can pick the winner, while you still have time, and say it With A Vote For Conde Hardeman.

Dr. Helen Gray Browning returned Wednesday from San Antonio where she has been ill in the Santa Rosa Hospital.

HIGHLAND CHEVROLET STAGES BIG CAR SALE

The Highland Chevrolet Company starts the biggest used car sale in the history of the company Saturday, July 26, offering their varied stock of high grade used cars with "THE O. K. THAT COUNTS" at prices and terms never before attempted in Kimble County.

Many unusual values can be found on their used car lot and terms will be arranged that will enable you to own the car that you desire. Read their Vacation Sale ad in this issue of the Eagle. The sale begins Saturday, July 26, and ends Saturday, August 9.

CITY MARKET

Sells only first quality fresh and cured meats, barbecued beef, mutton and sausage daily. We deliver any time but we expect you to pay when purchase is made or goods delivered, so don't ask us to charge it. We have coupon books for your convenience. Thanks. F. S. Bissett.

Mr. and Mrs. Alex Wahl and daughter, Faye, have returned from a week's vacation trip to Corpus Christi. Alex reports fishing fine in the bay.

COUNTY AGENT R. E. HOMANN WILL LEAVE SATURDAY FOR FIVE-DAY GENERAL SESSION

County Agent R. E. Homann and Mrs. Homann will leave Saturday for College Station where they will attend the 21st annual Framers' Short Course, July 28 to August 1.

Numerous recognized experts, including W. F. Schilling of the Federal Farm Board, Dr. O. E. Baker, bureau of agricultural economics of the United States Department of Agriculture, and others will contribute to the general programs, while the group programs will be conducted by specialists of much experience in their respective fields.

All told, the five day gathering promises a series of addresses and talks covering the general field of agricultural and ranch endeavors with emphasis on modern methods and particular attention to timely phases. Attendance is expected to be around 5,000 with the representation of 4-H Club boys and girls equalling last year's record of 1,700.

President T. O. Walton of the college will formally open the short course with an address Monday morning, July 28, Director O. B. Martin of the Extension Service will preside at the opening session.

The program has been so planned as to offer sessions of particular appeal to members of every group. Special group sessions for men, boys, women and girls have been worked out and general entertainment features, including historical and agricultural pageant entitled "Texas, the Magnificent," to be presented Thursday night on the lawn at Guion Hall, will augment the more serious group discussions and talks.

Addresses of general interest, for adults, will be given every night except Thursday night when the out-door pageant with an all-form cast will be staged. Speakers for these night programs will include Dr. Gus W. Dyer, Nashville, Tenn.; W. F. Schilling, member Federal Farm

Board; Mrs. E. E. Davis, Arlington; Hon. Tom Connally, United States Senator for Texas.

Group sessions for subject matter consideration will be held in the afternoons for men, and in the mornings and afternoons for women and girls and for boys. Joint meeting will be held every morning by the boys and girls.

The subject matter programs for men will be given over to discussion of poultry, livestock, field crops and farm engineering and horticulture.

Homemakers programs for women and girls will feature subjects of especial interest to farm women and girls. Recognition of Texas Master Farm Homemakers will be accorded at the opening of these group sessions Monday morning, July 28.

For the sake of convenience the groups of boys and girls will be divided into sections, the boys into four sections and the girls into five sections. Each section of the boys group will receive the same program in turn as will be the case with the girls group.

Special meetings to be held during the period of the short course and in conjunction with it include: County Superintendents Conference, direction Prof. W. L. Hughes, department of rural education, A. & M. College; Texas Beekeepers' Association, July 28-29, Dr. S. W. Bilising, department of entomology, A. & M. College, in charge; Agricultural Writers Conference, sessions every afternoon, A. D. Jackson, chief, division of publications, Experiment Station, in charge; Experiment Station Workers, daily in Experiment Station administration building; Extension Workers Conference, daily; co-operative marketing session, Monday afternoon, July 28, with W. F. Schilling, member Federal Farm Board, and directors of Texas co-operative associations taking the leading roles.

Game Department Budget is \$196,000

Austin.—The man who obeys the game laws and the man who violates them will be made partners in bearing part of the \$196,000 cost of operating the State Game Department during the two years beginning September 1, 1931.

Budget request for this amount was submitted by the Game, Fish and Oyster Commission to the Board of Control. All items of the operation are to be borne out of fines for violating the laws, license fees to sportsmen, and various administration fees in supervision of commercial fishing and of the sale of gravel and shell from streams and bays. The department collects more than its operating costs.

Numerous salary raises were asked in the budget. The new nine-member non-salaried commission asked that the pay of Will J. Tucker, executive secretary, be raised from \$4,000 to \$5,000 per year; and that the salary of the assistant secretary be raised from \$3,600 to \$500 per year more than the \$1,000 salary of the Governor. It asked the salary of the secretary to the commission and to the assistant executive secretary be raised from \$1,800 to \$1,950 the first year and to \$2,100 the second year.

Salary of the director of education and research, otherwise the publicity man of the department, would be raised from \$2,400 to \$3,000 a year under the budget requests. Total for the game division of \$41,480 the first and \$41,600 the second year; for the fish division of \$25,350 each year, and for the hatchery division, \$30,960 the first and \$31,260 the second year were asked.

Mrs. Lilla Durst is enjoying a visit from her daughter, Mrs. Fannie Putegnat of Brownsville, and grand daughter and great grand daughters, Mrs. Gregg Sawyer and children. This makes four generations of the Durst family together this week and the happiest one of the group is Mrs. Durst.

Morris Sheppard Misses Thirteen Days in 17 Years

Senator Morris Sheppard, during his seventeen years in the U. S. Senate has been present 5,817 days and absent only 13 days. His less than two weeks' absence was accounted for once by illness and once when he left for Texas to attend the funeral of the late R. Q. Lee. His record for consecutive attendance is believed to be unsurpassed by any one who ever sat in the Senate.

He is very busy in Washington and it is doubtful if he will be able to come home for the primary.

Junction streets need paving.

S. J. R. No. 7 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

It is resolved by the Legislature of the State of Texas: That Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows: Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all proceeds of sales of the same, heretofore made, or hereafter to be made, and all lands, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury) shall be invested in bonds of the United States, the State of Texas, or counties of said State, or in school bonds of municipal, city, or in bonds of any city of this State, in obligations and pledges issued by the Board of Regents of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto, the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing section, provided that one-tenth of the alternate sections of the lands granted to railroads, covered by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1855, entitled "An Act to establish the University of Texas," shall not be included in, or constitute a part of, the permanent university fund."

Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

(A correct copy.) JANE Y. McCALLUM, Secretary of State.

S. J. R. No. 19 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

It is resolved by the Legislature of the State of Texas: That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows: The Legislature shall meet every two years at such time as may be determined by the Governor when convened in regular session at first thirty days thereof shall be devoted to the introduction of bills and resolutions, and the passage upon the confirmation of the recess appointments of the Governor and the ratification of treaties as may be submitted by the Governor in special message during the following sixty days the Legislature shall act upon such bills and resolutions, and the Governor shall have the right to consider all bills and resolutions and other matters as may be submitted to him by the Governor, provided further that during the following sixty days the Legislature shall act upon such bills and resolutions, and the Governor shall have the right to consider all bills and resolutions and other matters as may be submitted to him by the Governor, provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 21 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows: Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from the place of residence of each member to each county seat, and in addition to such mileage each member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.) JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 11 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

It is resolved by the Legislature of the State of Texas: That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 18, which shall read as follows: Section 18. All land mentioned in sections 13, 14 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas, shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.

(A correct copy.) JANE Y. McCALLUM, Secretary of State.

Census Enumerators Report 9 Unemployed

A report from W. L. Turner, census supervisor of this district, to the Junction Eagle states that eight people living in Junction informed the enumerator that they were without employment. This report was for precinct 1, Precinct 2 did not report any unemployed while precincts 4 and 5 reported one. These reports indicate that there are only nine people in Kimble County who reported that they were not employed when the enumerator called to see them.

A survey of the streets will indicate that there are more than nine people not employed. There is more unemployment now than when the census was taken. This report represents those "without a job, able to work and looking for a job."

Miss Louise Farmer returned home from Austin Saturday for a visit with her parents, Mr. and Mrs. A. G. Farmer. She has contracted to teach at the Lady of the Lake next session. She received her degree from the Texas University this summer.

Paved streets are better.

S. J. R. No. 36 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

It is resolved by the Legislature of the State of Texas: That Article V of the Constitution of Texas shall be amended by adding a new section to be known as section 3a, to read as follows: "Section 3a. The Supreme Court may at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Sec. 2. That Section 2 of Art. V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of October in each year until the 3rd Saturday in June of the next year, inclusive at the Capital of the State."

Sec. 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.) JANE Y. McCALLUM, Secretary of State.

Junction, Texas

Junction Trade Notes

(By G. G. Co.)

Texas plains wheat, testing up to 64, has sold at 65c to 68c, says Mr. Bell of Hereford, Texas, who with his family is enjoying a summer vacation on the classic Llanos. . . . Carter Dribrell of Coleman, of the firm of J. C. Dribrell & Sons, breeders of finest registered Hereford cattle in Texas, stopped in Junction to see old friends, after attending the Rocksprings show.

New crop Mason County honey will be in stock this week, in tins and in glass. **Gann Grocery Company**, in stock, the new dessert package, Royal Gelatin in lime flavor and color.

The finest home-grown tomatoes of the season, many of them weighing up to 1 1/2 lbs., are marketed by Mrs. B. B. Reese. . . . Slaton Fleming, in town Wednesday reported fine range conditions out his way following the splendid early July rains. . . . Dillard Stapp of Noxville community has recently lost two sections of his leased range and as a result will have to sell something. Anyone wanting to buy a thousand or more fine yearling sheep could probably get a bargain at the Stapp ranch before the owner starts moving them to other range. . . . Earl Huffman has sold for immediate delivery 1200 yearling muttons and wether goats. Robert Real, the buyer, has made other local purchases of cattle, sheep and goats.

In stock: Martin's and Peerless worm medicine, and fly-smear for repelling flies. Limited amount of improved Mexican June corn seed, for late planting. **Gann Grocery Company**. And for those who prefer it, the improved Arbuckle coffee in the original package.

The Hill Country Bankers' Ass'n has voted unanimously to hold its next meeting at Junction, in October. . . . And travelling salesmen are finding Junction, with its beautiful golf courses, swimming facilities, splendid cafe service—and what else—an attractive place for their week-ends. Also, the taking of 6 and 7 lb. bass from the Llanos, which is a frequent occurrence now, holds allurements.

One salesman was in a serious auto accident last week, trying to get to Junction for the week-end. . . . Washington weather bureau reports that unusual drought conditions have ravaged much of the country from the Rockies on the west, to the Appalachians in the east, no rain having fallen for nine weeks. . . . Something else to worry over: U. S. deaths in action in World War, 35,812; Auto traffic fatalities last year, 33,060.

There is a scarcity of peaches and other fruits for home canning, which creates a demand for gallon canned fruits. These "Cash Specials" may be attractive to the home-canner: Gallon peaches 55c, Gallon Apples 60c, Gallon Tomatoes 65c. In stock: "Certo" for use in making jams and jellies; fruit jars, sealing wax, cheap sugar, everything for the home-canner.

Gann Grocery Company
"Everybody's Store."

Mrs. E. A. Benbow and daughter, Miss Dale, of Yoakum are spending the summer in Junction.

Dr. Wright will attend a two-day review class this week-end in San Antonio. This class is being given by Dr. R. S. Marlow and covers things new in Chiropractic.

Miss Maysie Gasque, heiress to part of the Woolworth millions, was married this week in London. The people of Junction and other places who helped Woolworth amass his millions so that this heiress could have in her trousseau of 100 frocks with shoes, stockings and hats to match. It will be a great day when our people learn to quit making millionaires of the big chain store owners and buy from our home merchants so that we can pave our streets and make other local improvements.

JOHN FRITZ DIES

John Fritz died in Junction Saturday morning at the home of Joe St. Clair after an extended illness. The body was buried in the London Cemetery Monday morning, Elder J. S. Newman officiating.

John Fritz was born near Fredericksburg June 29, 1859, and spent all his life in this community. He lived with his brother-in-law, John Fritz, near London many years. He was never married. He is survived by three brothers, George Fritz of Fredericksburg, Joe Fritz of Junction and Alfred of London, and three sisters, Mesdames John Fritz, Theodore Herbst and E. T. Brown, all of London.

WEATHER REPORT

July is nearly gone and no rain has visited Junction. The drought is becoming serious, but some of the old timers say that it is not the first drought that this section has ever witnessed. The unusually cold winter preceding the drought is making conditions more serious. Everybody is hoping that it will rain soon so that grass and weeds will grow before winter.

Mr. and Mrs. Carl Taff went to Boerne last Saturday after their daughters, Letha Faye and Maudine, who had been visiting relatives for ten days.

For Sale or Trade—Ranch containing 5,230 acres; land faces river. Will trade for smaller place or sell. Fred Woolf, Woolf Garage, Del Rio. 14-4c

Miss Marile Lowe and Mr. John Hickerson returned Monday to their home in Tahoka, Texas, after a visit with Mrs. Lilly Hickerson and Miss Bernice Sutton.

Mrs. T. B. Phillips and daughters, Mrs. Walker Ragsdale of Rocksprings, and Miss Mary of Junction are on a vacation trip to Carlsbad Cavern and other points in that section of the country.

NEED GLASSES?

Dr. Jones, the eye man, in Dr. Stone's office Thursday, August 7. See him about your eyes, headaches and glasses. 15-2c

FORD GAIN CONTINUES TO CLIMB AS REPORTS REACH HOME OFFICE

The final May registration figures show a total of 143,535 Ford against 79,765 for the next nearest. This gives Ford a lead of 63,770 over his nearest competitor for the month.

Approximate registration figures for June shows 41.6% for Ford against 21.5% for his nearest competitor, which means that close to 50% of ALL cars registered are Ford.

Registrations for January, February, March and April, this year show Ford 428,242. The next nearest for these months show 253,399, giving Ford a lead of 174,843.

There is a REASON. The new Ford has demonstrated that it will stand up under the most severe usage which proves that it is built of QUALITY throughout and that the purchaser receives VALUE far above the PRICE he pays.

Moral: Buy a FORD and SAVE the DIFFERENCE. A demonstration costs you NOTHING.

Loeffler Motor Co.

For Sale—Good fresh milk cow. W. H. Dunk, Segovia, Texas. 13-3p

Mr. Pierce Stevenson of Austin is here visiting his mother and other relatives. He recently received his degree from the University of Texas.

The monthly banquet will be served the firemen at Schreiner Park by the wives, mothers, sisters and sweethearts. Every fireman is expected to be present at the park at 8:30 o'clock.

ELECTION JUDGES AND CLERKS SHOULD MEET AT 7:30 SAT. MORNING

All election judges and clerks are requested to be at their respective polling places not later than 7:30 Saturday morning to get all signs up, blanks filled out and other things necessary to opening the polls at 8 o'clock. County Chairman Howell Wright has had the names typewritten on the tally lists, but there are many blanks to be filled out. Presiding judges are urged to see that all clerks fill all the blanks on the several forms that are to be used in the election.

Voters can make the counting of the ballots much easier by marking their ballots plainly with a black pencil. A line should be drawn through such names as the voter does not care to support.

Mrs. Hutchison of Gillette, Texas, is back with us again under the care of Dr. Wright.

Mrs. Hutchison spent two months here last fall taking Chiropractic adjustments and reports almost miraculous results.

Mr. Ray D. Watson of Young County is here this week visiting friends.

Your job should be the thing you glory in, or life loses its charm.

Miss Nataleen Rieck, daughter of Mr. and Mrs. A. S. Rieck, left Saturday for Cape Girardeau, Mo., where she will spend the winter with her grandmother, Mrs. F. W. Rieck, and will attend school there.

Good times are here—business is good—read our ad. 15c Highland Chevrolet Co.
